This Form 8-K may contain statements that are forward looking as defined by the Securities and Exchange Commission in its rules, regulations and releases. Twin Disc intends that such forward-looking statements be subject to the safe harbors created thereby. All forward-looking statements are based on current expectations regarding important risk factors including those identified in Twin Disc's most recent periodic report and other filings with the Securities and Exchange Commission. Accordingly, actual results may differ materially from those expressed in the forward-looking statements, and the making of such statements should not be regarded as a representation by Twin Disc or any other person that the results expressed therein will be achieved.

Item 1.01 Entry into a Material Definitive Agreement

The discussion under Item 2.01 of this Form 8-K is incorporated by reference in this Item 1.01 as if set forth herein.

Item 2.01 Completion of Acquisition or Disposition of Assets

On May 12, 2006, Twin Disc, Incorporated (the "Twin Disc") entered into a Stock Purchase Agreement (the "Agreement") with the shareholders of the following four related foreign entities: B.C.S. S.r.l., an Italian limited liability company; B.C.S. Service S.r.l., an Italian limited liability company; Boat Equipment Limited, a Maltese limited liability company; and Vetus Italia S.r.l., an Italian limited liability company (collectively, the "Acquired Companies"). Pursuant to the Agreement, on May 12, 2006, Twin Disc acquired all of the outstanding shares of the Acquired Companies.

The total purchase price for the acquisition of the Acquired Companies was €17,715,000 (\$22,707,000), allocated among the Acquired Companies as set forth in the Agreement. The entire purchase price was paid in cash by wire transfer at closing.

The following tables contain key selected financial information regarding the Acquired Companies on a consolidated basis. The results of operations table reflects information for the fiscal year ended December 31, 2005, and the balance sheet table reflects information as of December 31, 2005.

The above figures are based on the unaudited financial statements of the Acquired Companies, which were prepared in accordance with the generally accepted accounting principles of Italy. Prior to the acquisition of the Acquired Companies, Twin Disc conducted extensive due diligence regarding the business and financial condition of the Acquired Companies. As a result of such due diligence, Twin Disc believes that the foregoing financial information is materially correct. Although the above financial information has not been reconciled to United States GAAP, Twin Disc does not believe that such reconciliation will result in any material changes to the information presented above.

The above figures use a non-GAAP measure, EBITDA (defined as net income excluding the effects of interest, income taxes, depreciation and amortization). EBITDA is not a measure of financial performance under generally accepted accounting principles ("GAAP"), and should not be considered in isolation or as an alternative to net income or other measures of financial performance prepared in accordance with GAAP as an indicator of financial performance or liquidity. Because EBITDA is not a measurement determined in accordance with GAAP and is thus susceptible to varying calculations, EBITDA as presented may not be comparable to other similarly titled measures of other companies. Twin Disc believes that EBITDA is a supplemental measure of the Acquired Companies' operating performance, and it is generally used by investors to evaluate companies in the manufacturing field.

The information set forth in this Item 2.01 does not purport to be complete and is qualified in its entirety by reference to the full text of the Agreement. A copy of the Agreement is filed herewith as Exhibit 2.1 and is incorporated herein by reference.
