ITEM 4.02 NON-RELIANCE ON PREVIOUSLY ISSUED FINANCIAL STATEMENTS OR A RELATED AUDIT REPORT OF COMPLETED INTERIM REVIEW.

Edgar Filing: Global Resource CORP - Form 8-K

(a) On July 3, 2006, the Company concluded that it was necessary to restate its financial results for the fiscal year ended March 31, 2005 and for the interim periods ended September 30 and December 31, 2004 and 2005 and for the interim period ended June 30, 2005 to reflect additional non-operating gains and losses related to the classification of and accounting for convertible debentures issued in fiscal 2005. The restated financial statements for the fiscal year ended March 31, 2005, recently filed in Form 10-KSB for the fiscal year ended March 31, 2006, reflect the restatement for fiscal 2005. As quickly as the restatements for the affected fiscal quarters are available, amendments to Forms 10-QSB for such periods will be filed.

(b) The Company had previously determined a beneficial conversion feature, valued the conversion features at the intrinsic value and classified the convertible instruments as equity. After further review, the Company has determined that these instruments should have been classified as derivative liabilities and, therefore, the fair value of each instrument must be recorded as a derivative liability on the Company's balance sheet. Changes in the fair values of these instruments will result in adjustments to the amount of the recorded derivative liabilities and the corresponding gain or loss will be recorded in the Company's statement of operations. At the date of the conversion of each respective instrument or portion thereof, the corresponding derivative liability will be classified as equity.

(c) Upon direction of the Company's post-June 7, 2006 director and officer, Mary Radomsky, the Company retained an independent accounting firm to advise it, and such firm discussed the matter with the Company's independent accountant.
