period ended September 30, 2004. Comparisons to relevant indices are listed below:

2004 TOTAL RETURNS	SIX MONTHS ENDED 9/30/04	FISCAL YEAR (12 MONTHS)
Investment Return at market	-4.81%	+12.99%
Net Asset Value	-8.92%	+1.70%
NASDAQ Biotech Index	-8.17%	-0.82%
AMEX Biotech Index	-0.40%	+15.62%
Dow Jones Industrial Average	-2.68%	+8.68%
S&P 500	-0.25%	+13.87%
NASDAQ Industrials	-4.00%	+14.53%
Russell 2000	-2.94%	+17.48%

The third calendar quarter exhibited mixed results for the healthcare/biotech sectors. As the quarter began, both the American Stock Exchange Biotechnology Index (BTK) and the NASDAQ Biotechnology Index (NBI) were declining, continuing a trend that had been in place since March. Both indices reached a nadir in early/mid August and then advanced noticeably as the quarter progressed. This upward trend continued through the early part of the fourth calendar quarter. Overall the biotech sector, as measured by these indices continues to be somewhat volatile. It is our opinion that recent price trends have not been driven by events within the healthcare or biotechnology sector. Rather we think that external events, including presidential election dynamics, movement in energy costs and geopolitical developments have drowned out sector news. It may also be that rotation of funds into and out of the biotech sector may have also had an effect. Within the biotech sector, there has been both positive encouraging and negative discouraging news (in terms of clinical results, FDA panel meetings and and/or product approvals). In our view, neither the good nor the bad news has been dominating. And as indicated, we think the sector view has been overwhelmed by general market factors. We are encouraged that the first few weeks of the fourth calendar quarter have produced encouraging results. We are particularly encouraged now that there is a definitive result in the presidential election.

1

We think that there are pending positive events within the biotech sector that could buoy the biotech market. We are less sanguine about the big pharmaceutical company space given the negative background impact of pricing uncertainties as well as Merck's recent difficulties surrounding the withdrawal of Vioxx from the market. Given recent weakness in the generic group we are cautious about the prospects of that group. At this point we are more impressed with the prospects of the biotechnology sector and have established new positions in companies which we think have interesting products and/or pipelines. We also have a generally favorable view of the prospects for the medtech sector.

During the quarter, the Fund established positions in Ariad Pharmaceuticals, Barr Pharmaceuticals, Boston Scientific Corporation, Endo Pharmaceuticals, Guilford Pharmaceuticals, Myogen, Seattle Genetics, and Vicuron Pharmaceuticals. The Fund increased its holdings of Adolor Corporation, Cubist Pharmaceuticals, deCode Genetics, Impax Laboratories, Neurocrine Biosciences, Par Pharmaceuticals, and Teva Pharmaceuticals. The Fund's position in Amgen increased as a result of Amgen's acquisition of Tularik which was also held by the Fund. The Fund decreased its holdings in Celgene, IVAX, and Pozen. The Fund exited its positions in Durect, Encysive Pharmaceuticals, and United

Edgar Filing: H&Q HEALTHCARE INVESTORS - Form N-CSR/A

Therapeutics.

Within the venture portfolio, the Fund made follow on investments in Conor Medsystems, and made an initial investment in Provident Senior Living Trust.

Please note that we have elected to change the principal indices against which we benchmark performance. During the last several years, we have used a comparison to the American Stock Exchange's Biotech Index (commonly known as the BTK) as our principal comparator. This index comprises 17 relatively large biotechnology companies. As of September 30, 2004 seven of the Fund's 44 publicly traded investments were components of the BTK. One transaction completed in the quarter ended September 30, 2004 involved a BTK component. In contrast to the BTK, the NASDAQ Biotech index (commonly known as the NBI) is comprised of approximately 150 small and large biotech companies including several companies that are also part of the BTK. As of September 30, 2004, 31 of the Fund's 44 publicly traded investments were components of the NBI. During the quarter ended September 30, 2004, 16 of the 23 position changes made by the Fund involved NBI components. We believe that the NBI is the more appropriate primary index with which to compare performance. In addition to the primary index, the Fund has traditionally reported performance of the Dow Jones Industrial Average, the Russell 2000 index and the NASDAQ Industrials.

2

Going forward, we will not use these indices as comparators but will compare the Fund's performance (both NAV and total stock return) to the S&P 500.

As always, please feel free to call me with any questions or comments you might have. As you may have noticed, the focus of this shareholder letter has been changed to emphasize specific developments in the biotech and healthcare sector and in the portfolio. This change is the result of shareholder input. Several shareholders have suggested that the macroeconomic views we have presented in the past are available elsewhere. It was suggested that shareholders would rather hear more about the sector in which the Fund invests and about specific events within the Fund's portfolio. We thought that was a good idea. Please let us know if you agree (or disagree). Also note that the organization and presentation of information in this portion of the annual report has been changed to comply with recent regulatory requirement changes. And finally, we have changed the paper stock on which the report is printed to reduce costs.

H&Q HEALTHCARE INVESTORS

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2004

(1) ORGANIZATION

H&Q Healthcare Investors (the Fund) is a Massachusetts business trust registered under the Investment Company Act of 1940 as a diversified closed-end management investment company. The Fund's investment objective is long-term capital appreciation through investment in securities of companies in the healthcare industries. The Fund invests primarily in securities of public and private companies that are believed to have significant potential for above-average growth. The Fund was organized on October 31, 1986 and commenced operations on April 22, 1987.

Edgar Filing: H&Q HEALTHCARE INVESTORS - Form N-CSR/A

The Fund has adopted investment policies (non-fundamental investment policies) which may be changed by action of the Board of Trustees without shareholder approval. In June 2004, the Board of Trustees took action to make the following change (as indicated by the strikethrough) to one of the Fund's non fundamental investment policies:

"investments will not be made in any company with the objective of exercising control over that company's management [STRIKETHROUGH], AND THE FUND GENERALLY WILL NOT PROVIDE MANAGERIAL ASSISTANCE TO ANY SUCH COMPANY AS IS NORMALLY THE CASE WITH VENTURE CAPITAL FUNDS.[/STRIKETHROUGH] The Fund, however, may make investments as a co-investor with other venture capital groups that may provide issuers with significant managerial assistance."

In June and September, 2004, the Board of Trustees amended the Fund's by-laws to provide for the office of Chief Compliance Officer and to require that all matters put to a vote of shareholders shall be decided by a vote of the majority of all votes validly cast at a meeting at which a quorum is present, unless otherwise specifically required by the Fund's Declaration of Trust or By-Laws.

The preparation of these financial statements requires the use of certain estimates by management in determining the entity's assets, liabilities, revenues and expenses. Actual results could differ from these estimates. The following is a summary of significant accounting policies consistently followed by the Fund, which are in conformity with accounting principles generally accepted in the United States of America.

INVESTMENT SECURITIES

Investments traded on national securities exchanges or in the over-the-counter market that are National Market System securities are valued at the last sale price or, lacking any sales, at the mean between the last bid and asked prices. Other over-the-counter securities are valued at the most recent bid prices as obtained from one or more dealers that make markets in the securities. Exchange traded investments for which market quotations are not readily available are valued at fair value as determined in good faith by the Trustees of the Fund. The value of venture capital and other restricted securities is determined in good faith by the Trustees. However, because of the uncertainty of venture capital and other restricted security valuations, these estimated values may differ significantly from the values that would have been used had a ready market for the securities existed, and the differences could be material. See note 4 below. Temporary investments with maturity of 60 days or less are valued at amortized cost.

Investment transactions are recorded on a trade date basis. Gains and losses from sales of investments are recorded using the "identified cost" method. Interest income is recorded on the accrual basis, adjusted for amortization of premiums and accretion of discounts. Dividend income is recorded on the ex-dividend date.

15

REPURCHASE AGREEMENTS

In connection with transactions in repurchase agreements, the Fund's custodian takes possession of the underlying collateral securities, the market value of which is at least equal to the principal, including accrued interest, of the repurchase transaction at all times. In the event of default or bankruptcy by the other party to the agreement, realization

Edgar Filing: H&Q HEALTHCARE INVESTORS - Form N-CSR/A

and/or retention of the collateral by the Fund may be delayed or limited.

FEDERAL INCOME TAXES

It is the Fund's policy to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies and to distribute to its shareholders substantially all of its taxable income and its net realized capital gains, if any. Therefore, no Federal income or excise tax provision is required.

DISTRIBUTIONS

The Fund records all distributions to shareholders from net investment income, if any, and realized gains on the ex-dividend date. Such distributions are determined in conformity with income tax regulations. Due to permanent book/tax differences in accounting for certain transactions, certain distributions may be treated as distributions from capital as opposed to distributions of net investment income or realized capital gains.

DISTRIBUTION POLICY

Distributions will automatically be paid in newly issued shares of the Fund unless otherwise instructed by the shareholder. Pursuant to an SEC exemptive order, the Fund has implemented a fixed distribution policy that permits the Fund to make quarterly distributions at a rate of 2% of the Fund's net assets to shareholders of record. The Fund intends to use net realized capital gains when making quarterly distributions. This could result in a return of capital to shareholders if the amount of the distribution exceeds the Fund's net investment income and realized capital gains. It is anticipated that net realized capital gains in excess of the total distributed under this policy would be included in the December distribution.

Pursuant to Section 852 of the Internal Revenue Code, the Fund has designated \$25,850,670 as a long-term capital gain distribution for its taxable year ended September 30, 2004.

STATEMENT OF CASH FLOWS

The cash amount shown in the Statement of Cash Flows is the amount included in the Fund's Statement of Assets and Liabilities and represents cash on hand at its custodian and does not include temporary cash investments at September 30, 2004.

INDEMNIFICATIONS

Under the Fund's organizational documents, its officers and Trustees may be indemnified against certain liabilities and expenses arising out of the performance of their duties to the Fund. Additionally, in the normal course of business, the Fund enters into agreements with service providers that may contain indemnification clauses. The Fund's maximum exposure under these agreements is unknown as this would involve future claims that may be made against the Fund that have not yet occurred. However, based on experience, the Fund expects the risk of loss to be remote.

(2) SECURITIES TRANSACTIONS

The aggregate cost of purchases and proceeds from sales of investment securities (other than temporary cash investments) for the year ended September 30, 2004 totaled \$138,681,499

and \$94,089,978 respectively.

At September 30, 2004, the total cost of securities for Federal income tax purposes was \$343,685,128. The net unrealized gain on securities held by the Fund was \$26,830,750, including gross unrealized gain of \$76,269,998 and gross unrealized loss of \$49,439,248.

At September 30, 2004, the Fund was committed to participate in a round of financing to purchase additional shares of restricted preferred stock for approximately \$1,059,260.

(3) INVESTMENT ADVISORY FEES AND OTHER TRANSACTIONS WITH AFFILIATES

The Fund has entered into an Investment Advisory Agreement (the Advisory Agreement) with Hambrecht & Quist Capital Management LLC (the Adviser). Pursuant to the terms of the Advisory Agreement, the Fund pays the Adviser a monthly fee at the rate when annualized of (i) 2.5% of the average net assets for the month of its venture capital and other restricted securities up to 25% of net assets and (ii) for the month, for all other assets, 1.0% of the average net assets up to \$250 million, 0.9% of the average net assets for the next \$250 million, 0.8% of the average net assets for the next \$500 million and 0.7% of the average net assets thereafter. The aggregate fee may not exceed a rate when annualized of 1.375%. Certain officers and Trustees of the Fund are also officers of the Adviser.

Trustees who are not affiliates of the Adviser receive an annual fee of \$20,000 plus \$500 for each Committee on which they serve and \$1,000 for each meeting attended.

(4) VENTURE CAPITAL AND OTHER RESTRICTED SECURITIES

The Fund may invest in venture capital and other restricted securities if these securities would currently comprise 40% or less of net assets. The value of these securities represents 21.6% of the Fund's net assets at September 30, 2004.

The Fund maintains an investment restriction that prohibits the Fund from purchasing more than 10% of the outstanding voting securities of any issuer. In order to clarify that restriction, the Board of Trustees, (effective September 30, 2004) has determined that, for purposes of that restriction, the Fund will consider outstanding voting securities of an issuer to include any security of the issuer that entitles the owner or holder to vote for the election of directors of the issuer (a "voting security") and any other outstanding security of the issuer that is exercisable for or convertible into a voting security within 60 days from the date of the calculation.

During the year ended September 30, 2004, certain restricted securities were exchanged for cash in connection with a corporate action, a portion of which has been retained by the issuer in an escrow account pending resolution of certain contingencies and whose estimated value of \$582,000 at September 30, 2004 has also been determined by the Trustees. On September 30, 2004, the Fund has a 5% interest bearing promissory note due October 31, 2004 from the sale of restricted securities, with a par value of \$121,200 and an estimated value of \$120,000 as determined by the Trustees. The value of the escrow account and note are included in the Receivable for Investments Sold in the Statement of Assets and Liabilities.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

TO THE TRUSTEES AND SHAREHOLDERS OF H&Q HEALTHCARE INVESTORS:

We have audited the accompanying statement of assets and liabilities of H&Q Healthcare Investors (the "Fund"), including the schedule of investments, as of September 30, 2004, and the related statements of operations, changes in net assets, and cash flows and the financial highlights for the year then ended. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audit. The financial highlights of the Fund for the year ended September 30, 2000 were audited by other auditors who have ceased operations. Those auditors expressed an unqualified opinion on those financial highlights in their report dated November 3, 2000. The statement of changes in net assets of the Fund for the year ended September 30, 2003 and the financial highlights for the years ended September 30, 2003, 2002, and 2001 were audited by other auditors whose report, dated November 25, 2003, expressed an unqualified opinion on that statement and financial highlights.

We conducted our audit in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of September 30, 2004, by correspondence with the custodian and brokers. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of H&Q Healthcare Investors as of September 30, 2004, and the results of its operations, its cash flows, the changes in its net assets, and the financial highlights for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

ITEM 6. SCHEDULE OF INVESTMENTS.

The Registrant's Schedule of Investments is included as part of the Report to Shareholders filed under Item 1 of this form.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

The Registrant has adopted the following proxy voting policies and procedures:

PROXY VOTING POLICIES AND PROCEDURES

POLICY

The following are the policies and procedures adopted and implemented by Hambrecht & Quist Capital Management LLC (the "Adviser") for voting proxies with respect to portfolio securities held by H&Q Healthcare Investors and H&Q Life Sciences Investors (each a "Fund" and collectively the "Funds"). The policies and procedures are reasonably designed to ensure that proxies are voted in the best interest of the Funds and the Funds' shareholders, in accordance with the Adviser's fiduciary duties and Rule 206(4)-6 under the Investment Advisers Act of 1940 (the "Investment Advisers Act"). The Adviser considers the "best interests" of the Funds and their shareholders to mean their best long-term economic interests.

The Adviser shall vote proxies for the exclusive benefit, and in the best economic interest, of the Funds and their shareholders. Such exercise of voting rights shall be subject to the same standard of care as is generally applicable to the Adviser's performance of its duties, as set forth in the advisory agreements with the Funds. The policies and procedures contained herein are designed to be guidelines, however each vote is ultimately cast on a case-by-case basis, taking into consideration the relevant facts and circumstances at the time of the vote. Any material conflicts that may arise will be resolved in the best interests of the Funds and their shareholders.

A proxy committee has been designated and is responsible for administering and overseeing the proxy voting process. The committee consists of the President of the Adviser, the Treasurer of the Adviser, and the analyst responsible for oversight of the company that is the subject of the proxy. The committee considers proxy questions and determines the vote on behalf of the Funds.

PROCEDURES

LOGISTICS

The Treasurer shall be responsible for maintaining the proxy log, monitoring corporate actions and confirming the timely voting of proxies. The proxy log shall contain the following information, in accordance with Form N-PX:

- the name of the issuer;
- the exchange ticker symbol, if available;
- the CUSIP number, if available;

Edgar Filing: H&Q HEALTHCARE INVESTORS - Form N-CSR/A

- the shareholder meeting date;
- a brief identification of the matter voted on;
- whether the matter was proposed by the issuer or a security holder;
- whether the Adviser cast its vote on the matter;
- how the Adviser cast its vote on the matter (for, against, abstain; for or withhold regarding the election of directors); and
- whether the Adviser cast its vote for or against management;

The Treasurer shall also record whether any conflicts of interest have been identified and, if so, what action was taken to resolve the conflict with respect to each vote cast and each abstention.

SUBSTANTIVE VOTING DECISIONS

The Adviser's substantive voting decisions turn on the particular facts and circumstances of each proxy vote. The following is a list of common proxy vote issues and the Adviser's standard considerations when determining how to vote such proxies.

Routine Matters/Corporate Administrative Items. After an initial review, the Adviser generally votes with management on routine matters related to the operation of the issuer that are not expected to have a significant economic impact on the issuer and/or its shareholders.

Potential for Major Economic Impact. The Adviser reviews and analyzes on a case-by-case basis, non-routine proposals that are more likely to affect the structure and operation of the issuer and to have a greater impact on the value of the investment.

Corporate Governance. The Adviser reviews and considers corporate governance issues related to proxy matters and generally supports proposals that foster good corporate governance practices.

Special Interest Issues. The Adviser considers: (i) the long-term benefit to shareholders of promoting corporate accountability and responsibility on social issues; (ii) management's responsibility with respect to special interest issues; (iii) any economic costs and restrictions on management; and (iv) the responsibility of the Adviser to vote proxies for the greatest long-term shareholder value.

Limitations on Director Tenure and Retirement. The Adviser considers: (i) a reasonable retirement age for directors, E.G. 70 or 72; (ii) the introduction of new perspectives on the board; and (iii) the arbitrary nature of such limitations and the possibility of detracting from the board's stability and continuity.

Directors' Minimum Stock Ownership. The Adviser considers: (i) the benefits of additional vested interest; (ii) the ability of a director to serve a company well regardless of the extent of his or her share ownership; and (iii) the impact of limiting the number of persons qualified to be directors.

D&O Indemnification and Liability Protection. The Adviser considers: (i) indemnifying directors for acts conducted in the normal course of business; (ii) limiting liability for monetary damages for violating the duty of care; (iii) expanding coverage beyond legal expenses to acts that represent more serious

Edgar Filing: H&Q HEALTHCARE INVESTORS - Form N-CSR/A

violations of fiduciary obligation than carelessness (E.G. negligence); and (iv) providing expanded coverage in cases when a director's legal defense was unsuccessful if the director was found to have acted in good faith and in a manner that he or she reasonably believed was in the best interests of the issuer.

Director Nominations in Contested Elections. The Adviser considers: (i) long-term financial performance of the issuer relative to its industry; (ii) management's track record; (iii) background to proxy contest; (iv) qualifications of both slates of nominees; (v) evaluations of what each side is offering shareholders as well as the likelihood that the proposed objectives and goals can be met; and (vi) stock ownership positions.

Cumulative Voting. The Adviser considers: (i) the ability of significant stockholders to elect a director of their choosing; (ii) the ability of minority shareholders to concentrate their support in favor of a director or directors of their choosing; and (iii) the potential to limit the ability of directors to work for all shareholders.

Classified Boards. The Adviser considers: (i) providing continuity; (ii) promoting long-term planning; and (iii) guarding against unwanted takeovers.

Poison Pills. The Adviser considers: (i) the Adviser's position on supporting proposals to require a shareholder vote on other shareholder rights plans; (ii) ratifying or redeeming a poison pill in the interest of protecting the value of the issuer; and (iii) other alternatives to prevent a takeover at a price demonstrably below the true value of the issuer.

Fair Price Provisions. The Adviser considers: (i) the vote required to approve the proposed acquisition; (ii) the vote required to repeal the fair price provision; (iii) the mechanism for determining fair price; and (iv) whether these provisions are bundled with other anti-takeover measures (E.G., supermajority voting requirements) that may entrench management and discourage attractive tender offers.

Equal Access. The Adviser considers: (i) the opportunity for significant shareholders of the issuer to evaluate and propose voting recommendations on proxy proposals and director nominees, and to nominate candidates to the board; and (ii) the added complexity and burden.

Charitable Contributions. The Adviser considers: (i) the potential benefits to shareholders; (ii) the potential to detract the issuer's resources from more direct uses of increasing shareholder value; and (iii) the responsibility of shareholders to make individual contributions.

Stock Authorizations: The Adviser considers: (i) the need for the increase; (ii) the percentage increase with respect to the existing authorization; (iii) voting rights of the stock; and (iv) overall capitalization structures.

Preferred Stock. The Adviser considers: (i) whether the new class of preferred stock has unspecified voting, conversion, dividend distribution, and other rights; (ii) whether the issuer expressly states that the stock will not be used as a takeover defense or carry superior voting rights; (iii) whether the issuer specifies the voting, dividend, conversion, and other rights of such stock and the terms of the preferred stock appear reasonable; and (iv) whether the stated purpose is to raise capital or make acquisitions in the normal course of business.

Director Compensation. The Adviser considers: (i) whether director

Edgar Filing: H&Q HEALTHCARE INVESTORS - Form N-CSR/A

shares are at the same market risk as those of the shareholders; and (ii) how option programs for outside directors compare with the standards of internal programs.

Golden and Tin Parachutes. The Adviser considers: (i) whether they will be submitted for shareholder approval; and (ii) the employees covered by the plan and the quality of management.

LIMITATIONS

The Adviser may abstain from voting a proxy if it concludes that the effect on shareholders' economic interests or the value of the portfolio holding is indeterminable or insignificant. The Adviser may abstain from voting a proxy if it concludes that the cost of voting is disproportionate to the economic impact the vote would have on the portfolio holdings.

CONFLICTS OF INTEREST

The Proxy Committee identifies any potential conflicts of interest. Each potential conflict must be addressed in a manner which will be in the best interest of the Funds and their shareholders. If any potential conflict is identified the Proxy Committee consults with the Adviser's CCO. Where conflicts of interest arise between clients and the Adviser, the Adviser may convene an ad-hoc committee to debate the conflict and to give a ruling on a preferred course of action. If the ad-hoc committee determines that the Adviser has a conflict of interest in any instance, the Adviser's CCO shall disclose the conflict to the Board and seek voting instructions.

The Adviser may cause the proxies to be voted in accordance with the recommendations of an independent third party service provider that the Adviser may use to assist in voting proxies.

DISCLOSURE

The following disclosure shall be provided in connection with these policies and procedures:

- The Adviser shall provide a description or a copy of these policies and procedures to the Boards of Trustees of the Funds annually and upon request.
