**Report of Independent Registered Public Accounting Firm**

The 401K Committee  
PacWest Bancorp 401K Plan

We have audited the accompanying statement of net assets available for benefits of PacWest Bancorp 401(k) Plan (the Plan) (formerly known as First Community Bancorp 401(k) Plan) as of December 31, 2007, and the related statement of changes in net assets available for benefits for the year ended December 31, 2007. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statement of the Plan as of December 31, 2006 was audited by other auditors, whose report dated July 10, 2007, expressed an unqualified opinion on that financial statement.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2007, and the changes in net assets available for benefits for the year ended December 31, 2007 in conformity with U.S. generally accepted accounting principles.

Our audit was performed for the purpose of forming an opinion on the 2007 financial statements taken as a whole. The supplemental schedule, Schedule H, Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2007, is presented for purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic 2007 financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic 2007 financial statements taken as a whole.

**PacWest Bancorp 401(k) Plan**

**Notes to Financial Statements**

**December 31, 2007 and 2006**

**(1) Description of the Plan**

The following description of the PacWest Bancorp 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

*(a)*

***General***

The Plan is a defined contribution plan which provides retirement benefits for eligible employees of PacWest Bancorp and its subsidiaries (the Company) that have agreed to participate in the Plan. The Plan is administered by PacWest Bancorp (the Sponsoring Employer) who acts by and through its administrative committee, the 401(k) Committee. The 401(k) Committee is presently comprised of seven officers of the Sponsoring Employer and Pacific Western Bank, a subsidiary of the Sponsoring Employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective October 15, 2007, the Plan was amended to limit contributions into PacWest Bancorp common stock. The amendment limits contributions into PacWest Bancorp common stock to no more than 25% of either the future contributions made or total participant account balance. No changes were made to any participant account if, on the date of the amendment, the participant had balances in PacWest Bancorp common stock in excess of the 25% limit, though future contributions were limited to no more than 25% of the total contribution. The amendment also imposes an exchange restriction that prohibits exchanges into PacWest Bancorp common stock if a participant's balance in PacWest Bancorp common stock exceeds 25% of the participant's total account balance. PacWest Bancorp is aware that certain transactions involving real time traded PacWest Bancorp common stock can bypass the 25% restriction.

During 2007, the Pacific Liberty Bank 401(k) Plan merged into the Plan, pursuant to a business acquisition in 2006. As a result of the merger, former employees of the acquired company were allowed to transfer their plan account balances totaling \$136,293 to the Plan.

In 2008, the Plan was renamed the PacWest Bancorp 401(k) Plan.

*(c)*

***Contributions***

Employees of the Company who complete three months of service and are at least 21 years of age are eligible to participate in the Plan on January 1, April 1, July 1, or October 1. Participants can contribute, under a salary reduction agreement, up to 60% of their eligible compensation, as defined, but not to exceed the dollar amount allowed by law, which was \$15,500 for 2007 and \$15,000 for 2006. The Company's Board of Directors determines the discretionary matching contribution on an annual basis. For the year 2007 plan year, the matching contribution was determined to be a maximum amount of 50% of the first 6% of covered compensation. Participants may also contribute amounts representing distributions (rollovers) from other tax favored plans, and participants age 50 and over may make unmatched "catch-up" contributions in accordance with Internal Revenue Code (IRC) regulations and limitations.

Participants direct the investment of their contributions into various investment options offered by the Plan. Company contributions are invested at the participant's discretion in the same manner as the salary reduction contributions.

**Notes to Financial Statements (Continued)**

**December 31, 2007 and 2006**

**(1) Description of the Plan (Continued)**

In December 31, 2007, approximately \$309,713 was rolled over from Foothill Independent Bank Partners In Your Future 401(k) Plan, and is included in Participants Contributions in accompanying of Statement of Changes in Net Assets of Benefits for the Plan year ended.

(d)

***Participant Accounts***

Each participant account is credited with the participant's contributions, allocations of the Company's matching contribution and profit sharing contribution (if any), and earnings or losses. Earnings of the various funds are allocated to the participant balances according to the ratio that a participant's account balance or shares held in a given fund bears to the total of all account balances or shares held in the fund.

(e)

***Vesting***

Participant contributions are immediately fully vested. For the Company's matching contributions, participants who were hired before July 1, 2004 are immediately fully vested in employer contributions as well. Participants who were hired after July 1, 2004 shall vest in matching contributions in accordance with the following schedule:

Years of service	Vested percentage
Less than 1 year	%
1	20
2	40
3	60
4	80
5	100

Any nonvested amounts in a terminated participant's account will be forfeited in accordance with plan provisions. At December 31, 2007 and 2006, forfeited nonvested accounts totaled \$23,414 and \$121,667, respectively.

(f)

***Benefit Payments***

A participant may receive a distribution of his or her entire vested accrued benefit only upon the participant's termination of employment. While employed, a participant may receive a distribution of his or her rollover account and employee contribution deferrals for reason of financial hardship, in accordance with Plan provisions. Withdrawal of previously contributed employee after-tax contributions is also permitted in accordance with Plan provisions.

For distributions other than for financial hardship or on account of withdrawal of employee after-tax contributions, the method of payment shall be based on the participant's election and may be made in one or a combination of the following methods: a single lump sum; installments (if eligible as defined by the Plan); or direct transfer to an Individual Retirement Account (IRA) or tax favored plan that accepts the transfer. Distribution shall be made in cash or in-kind, in accordance with the participant's election and Plan provisions.

**December 31, 2007 and 2006**

**(1) Description of the Plan (Continued)**

*(g)*

***Participant Loans***

Loans to participants may be made, at the discretion of the Plan's administrator, in an amount not less than \$1,000 and not to exceed the lesser of 50% of the participant's vested account balance or \$50,000 reduced by the highest outstanding loan balance in the participant's account during the prior 12-month period. Participants may only have one loan outstanding at a time. Such loans are collateralized by the participant's vested balance in the Plan and bear the prevailing interest rate used by lending institutions for loans made under similar circumstances. The terms of these loans cannot exceed five years, except if the loan is used to purchase the principal residence of the participant in which case the loan term may be extended for up to a period of ten years. Principal and interest are paid ratably through payroll deductions.

*(h)*

***Excess Contributions***

Excess contributions as of December 31, 2007 represent employee contribution amounts made in excess of the statutory limits set by the Internal Revenue Code. Such amounts were refunded to the employees in 2008.

**(2) Significant Accounting Policies**

*(a)*

***Basis of Accounting***

The financial statements of the Plan have been prepared on the accrual basis of accounting.

*(b)*

***Use of Estimates***

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities in the statements of net assets available for benefits and the additions and deductions in the statements of changes in net assets available for benefits, as well as the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

*(c)*

***Investments***

The Plan's investments in mutual funds, money market funds, and common stock are carried at fair value based on the published market quotations. The Plan's investments in participant loans are valued at cost, which approximates fair value. Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

*(d)*

***Payment of Participant Benefits***

Participant benefits are recorded when paid.

## (2) Significant Accounting Policies (Continued)

(e)

*Administrative Expenses*

Administrative expenses of the Plan are paid by the Company, except for loan fees, which are charged to the applicable participant accounts. PacWest, also a party in interest and the trustee, charges fees for processing loan application transactions (\$12,576 in 2007).

(f)

*Risks and Uncertainties*

The Plan provides for various investment options in money market funds, mutual funds, common stocks, corporate debt, and government securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect participants' account balances and the amounts reported in the financial statements.

(g)

*Concentration of Credit Risk*

Investment in the common stock of PacWest Bancorp comprises approximately 8% and 10% of the Plan's investments as of December 31, 2007 and 2006, respectively. During 2007, the Plan was amended regarding the maximum amount any participant may have in PacWest Bancorp common stock. Generally, participants may not allocate more than 25% of their contributions into PacWest Bancorp common stock.

## (3) Investments

The following table presents the fair value of investments as of December 31, 2007 and 2006, with individual investments representing 5% or more of the Plan's net assets available for benefits separately identified:

**(3) Investments (Continued)**

During 2007, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) on mutual funds, common and preferred stock, and government and agency securities depreciated in value by \$497,183 as follows:

Mutual funds	\$ 55,763
PacWest Bancorp common stock	(552,936)
<b>Total</b>	<b>\$ (497,183)</b>

**(4) Party-in-Interest Transactions**

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Certain Plan investments are shares of common stock of PacWest Bancorp company stock, and thus, these are party-in-interest transactions.

**(5) Income Taxes**

The Company received a favorable tax determination letter on October 9, 2003 from the Internal Revenue Service stating that the Plan is qualified under IRC Section 401(a) and that the Trust is exempt from federal income taxes under provisions of Section 501(a). Although the Plan has been amended and restated, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.
