The proxy solicitation materials are being sent on or about June 18, 2012 to all shareholders entitled to vote at the Annual Meeting. In this proxy statement, "Nature's Sunshine," the "Company," "we," "us" and "our" refer to Nature's Sunshine Products, Inc.

Pursuant to rules of the United States Securities and Exchange Commission (the SEC"), we are providing our shareholders with access to our Notice of Annual Meeting of Shareholders, Proxy Statement and proxy card (referred to as the proxy materials") and Annual Report for the year ended December 31, 2011 (referred to as the Annual Report") over the internet. Because you received by mail a Notice Regarding the Availability of Proxy Materials, including a notice of Annual Meeting of Shareholders (referred to as the Notice"), you will not receive a printed copy of the proxy materials unless you have previously made a permanent election to receive these materials in printed form. Instead, all shareholders will have the ability to access the proxy materials and Annual Report by visiting the website at <http://www.voteproxy.com>. Instructions on how to access the proxy materials over the internet or to request a printed copy may be found on the Notice. In addition, all shareholders may request to receive proxy materials in printed form by mail or electronically by e-mail on an ongoing basis.

**QUESTIONS AND ANSWERS ABOUT THE 2012 ANNUAL MEETING
AND THIS PROXY STATEMENT**

What is the purpose of the Annual Meeting?

At the Annual Meeting, shareholders will vote on the following four proposals, which are summarized in the preceding notice and described in more detail beginning on page 6 of this proxy statement:

To elect the Company's Class III Directors of the Board of Directors (the "Board"), consisting of three Directors (Proposal One);

To vote on the adoption of the Company's 2012 Stock Incentive Plan (Proposal Two);

To ratify the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2012 (Proposal Three); and

To vote on an advisory resolution to approve executive compensation (Proposal Four).

Table of Contents

What are the Board's voting recommendations?

Our Board of Directors recommends that you vote your shares:

FOR each of the Director nominees to the Board (Proposal One);

FOR the adoption of the Company's 2012 Stock Incentive Plan (Proposal Two);

FOR the proposal to appoint Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2012 (Proposal Three); and

FOR the advisory (non-binding) resolution to approve executive compensation (Proposal Four).

Where are the Company's principal executive offices located, and what is the Company's main telephone number?

The Company's principal executive offices are currently located at 75 East 1700 South, Provo, Utah 84606. The Company's main telephone number is (801) 342-4300. On or about August 1, 2012, the Company's principal executive offices shall relocate to 2500 West Executive Parkway, Suite 500, Lehi, UT 84043.

Who is entitled to vote at the Annual Meeting?

The record date for the Annual Meeting is June 11, 2012. Only shareholders of record at the close of business on that date are entitled to vote at the Annual Meeting. As of March 31, 2012, 15,601,676 shares of our Common Stock, no par value per share, were outstanding and entitled to vote.

Our stock transfer books will remain open between June 18, 2012 and the date of the Annual Meeting. A list of shareholders entitled to vote at the Annual Meeting will be available for inspection at our principal executive offices.

How many votes do I have?

Each holder of Common Stock is entitled to one vote per share held. As a result, a total of 15,601,676 votes may be cast on each matter at the Annual Meeting.

What is the difference between a shareholder of record and a beneficial owner of shares held in street name?

Shareholder of Record. If your shares are registered directly in your name with the Company's transfer agent, American Stock Transfer & Trust Company, you are considered the shareholder of record with respect to those shares.

Beneficial Owner of Shares Held in Street Name. If your shares are held in an account at a brokerage firm, bank, broker-dealer or other similar organization, then you are the beneficial owner of shares held in "street name." The organization holding your account is considered the shareholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct that organization on how to vote the shares held in your account.

If I am a shareholder of record of Common Stock, how do I vote?

Edgar Filing: NATURES SUNSHINE PRODUCTS INC - Form DEF 14A

If you are a shareholder of record, you may vote using the internet, by telephone, or (if you received printed proxy materials) by mailing a completed proxy card. To vote by mailing a proxy card, please sign and return the enclosed proxy card in the enclosed prepaid and self-addressed envelope and your shares will be voted at the Annual Meeting in the manner you directed. You may also vote your shares in person at the Annual Meeting. If you are a shareholder of record, you may request a ballot at the Annual Meeting.

Table of Contents

If I am a beneficial owner of shares held in street name, how do I vote?

If you are the beneficial owner of shares held in street name, you will receive instructions from the brokerage firm, bank, broker-dealer or other similar organization (the "record holder") that must be followed for the record holder to vote your shares per your instructions. Please complete and return the voting instruction card in the self-addressed postage paid envelope provided.

If your shares are held in street name and you wish to vote in person at the Annual Meeting, you must obtain a proxy issued in your name from the record holder and bring it with you to the meeting. We recommend that you vote your shares in advance as described above so that your vote will be counted if you later decide not to attend the Annual Meeting.

What is a quorum?

A quorum must be present at the Annual Meeting for any business to be conducted. The presence at the Annual Meeting, either in person or by proxy, of holders of a majority of the shares of Common Stock outstanding on the record date will constitute a quorum. Accordingly, shares representing 7,800,839 votes must be present, in person or by proxy, at the Annual Meeting to constitute a quorum. Abstentions and "broker non-votes" will be counted for the purpose of determining whether a quorum is present for the transaction of business.

If a quorum is not present, the Annual Meeting will be adjourned until a quorum is obtained.

What is a broker non-vote?

If you are a beneficial owner of shares held in street name and do not provide the record holder with specific voting instructions, under the rules of various national securities exchanges, the record holder may generally vote on routine matters but cannot vote on non-routine matters. If the record holder does not receive instructions from you on how to vote your shares on a non-routine matter, the record holder will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a "broker non-vote."

What vote is required for each item?

For Proposal One, Directors are elected by a plurality of the votes cast by the shares entitled to vote at the Annual Meeting. Accordingly, the three nominees receiving the highest number of votes cast will be elected as Directors. Abstentions will have no effect on the outcome of the election of candidates for Director. Additionally, the election of Directors is considered a non-routine matter on which a record holder is generally empowered to vote, and which brokers are not empowered to vote without instructions. As a result, there may be broker non-votes on Proposal One. Should any nominee become unavailable to serve before the Annual Meeting, the proxies will be voted by the proxy holders for such other person as may be designated by our Board of Directors or for such lesser number of nominees as may be prescribed by the Board of Directors. Votes cast for the election of any nominee who has become unavailable will be disregarded.

Approval of Proposal Two requires the votes cast in favor of the proposal to exceed the votes cast against such proposal. Since proposals concerning adoptions to stock incentive plans are non-routine matters on which brokers are not empowered to vote without instructions, there may be broker non-votes on Proposal Two.

Approval of Proposal Three requires the votes cast in favor of the proposal to exceed the votes cast against such proposal. The ratification of an independent registered public accounting firm is a matter on which a broker is generally empowered to vote. Accordingly, no broker non-votes are expected to exist in connection with Proposal Three.

Table of Contents

The vote for Proposal Four on the advisory resolution to approve executive compensation is non-binding on the Company and the Board of Directors. Marking the proxy card of your broker voting instructions "FOR" indicates support for the resolution; marking the proxy card of your broker voting instructions "AGAINST" indicates a lack of support for the resolution. You may abstain by marking the "ABSTAIN" box on the proxy card or your broker voting instructions.

What happens if I do not give specific voting instructions?

If you are a shareholder of record and you submit your proxy, but do not specify in your proxy instructions how the shares represented thereby are to be voted, your shares will be voted in the manner recommended by the Board on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

If you are a beneficial owner of shares held in street name and you do not specify how the shares represented thereby are to be voted, your broker may generally exercise its discretionary authority to vote your shares on routine matters (Proposal Three), but your broker will not be permitted to vote your shares with respect to non-routine matters (Proposals One, Two and Four).

Although we do not know of any business to be considered at the Annual Meeting other than the proposals described in this proxy statement, if any other business is properly presented at the Annual Meeting, your signed proxy will give authority to the Board to vote on such matters at their discretion.

What if I receive more than one set of proxy materials, proxy card or voting instruction form?

If you receive more than one set of proxy materials, proxy card or voting instruction form because your shares are held in multiple accounts or registered in different names or addresses, please vote your shares held in each account to ensure that all of your shares will be voted.

Who will count the votes and how will my vote(s) be counted?

All votes will be tabulated by the inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. If your proxy is properly submitted, the shares represented thereby will be voted at the Annual Meeting in accordance with your instructions.

Can I change my vote after I have voted?

If you are a shareholder of record, you may revoke or change your vote at any time before the Annual Meeting by filing a notice of revocation or another proxy card with a later date with the Corporate Secretary at Nature's Sunshine Products, Inc., 75 East 1700 South, Provo, Utah 84606. All voting revocations or changes must be received by the Corporate Secretary prior to the Annual Meeting to be valid. If you are a shareholder of record and attend the Annual Meeting and vote by ballot, any proxy that you submitted previously to vote the same shares will be revoked automatically and only your vote at the Annual Meeting will be counted.

If you are a beneficial owner of shares held in street name, you should contact the record holder to obtain instructions if you wish to revoke or change your vote before the Annual Meeting. Please note, however, that if your shares are held in street name, your vote in person at the Annual Meeting will not be effective unless you have obtained and present a proxy issued in your name from the record holder.

Table of Contents

Where can I find the voting results of the Annual Meeting?

The preliminary voting results will be announced at the Annual Meeting. The final voting results will be tallied by the inspector of election and published in the Company's Report on Form 8-K following the Annual Meeting, which the Company is required to file with the Securities and Exchange Commission ("SEC") within four days of the event.

How and when may I submit a shareholder proposal for the 2013 Annual Meeting of Shareholders?

In the event that a shareholder desires to have a proposal considered for presentation at the 2013 Annual Meeting of Shareholders and included in our proxy statement and form of proxy card used in connection with that meeting, the proposal must be forwarded in writing to our Corporate Secretary so that it is received no later than February 28, 2013. If the 2013 Annual Meeting of Shareholders is held on a date more than thirty calendar days from August 1, 2013, a shareholder proposal must be received by a reasonable time before the Company begins to print and mail its proxy solicitation materials. Any such proposal must comply with the requirements of Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended, referred to in this proxy statement as the Exchange Act.

If a shareholder wishes to present a proposal at our 2013 annual meeting of shareholders and the proposal is not intended to be included in our proxy statement relating to the 2013 annual meeting, the shareholder must give advance notice to us prior to the deadline (the "Bylaw Deadline") for the annual meeting determined in accordance with our amended and restated bylaws ("Bylaws"). Under our bylaws, in order to be deemed properly presented, the notice of a proposal must be delivered to our Corporate Secretary no later than June 2, 2013, and no earlier than May 3, 2013, which dates are 60 days and 90 days, respectively, prior to the anniversary of the date of this year's annual meeting.

However, if we determine to change the date of the 2013 annual meeting so that it occurs more than 30 days prior to, or more than 30 days after, August 1, 2013, shareholder proposals intended for presentation at the 2013 annual meeting, but not intended to be included in our proxy statement relating to the 2013 annual meeting, must be received by our Corporate Secretary no earlier than the ninetieth (90th) day prior such annual meeting and no later than the (i) sixtieth (60th) day prior to such annual meeting or (ii) the tenth (10th) day following the day on which public disclosure of the date of the annual meeting is made by the Company, whichever occurs later (the "Alternate Date"). If a shareholder gives notice of such proposal after the Bylaw Deadline (or the Alternate Date, if applicable), the shareholder will not be permitted to present the proposal to the shareholders for a vote at the 2013 annual meeting. All shareholder proposals must comply with the requirements of our bylaws.

To forward any shareholder proposals or notices of proposals or to receive a copy of our Bylaws write to the Corporate Secretary at Nature's Sunshine Products, Inc., 75 East 1700 South, Provo, Utah 84606.

Who will bear the cost of soliciting proxies?

The Company will bear the entire cost of the solicitation of proxies for the Annual Meeting, including the preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional solicitation materials furnished to shareholders. Copies of solicitation materials will be furnished to brokerage firms, banks, broker-dealers or other similar organizations holding shares in their names that are beneficially owned by others so that they may forward the solicitation materials to the beneficial owners. We may reimburse such persons for their reasonable expenses in forwarding solicitation materials to beneficial owners. The original solicitation of proxies may be supplemented by solicitation by personal contact, telephone, facsimile, email or any other means by our directors, officers or employees, and we will reimburse any reasonable expenses incurred for that purpose. No additional compensation will be paid to those individuals for any such services.

CORPORATE GOVERNANCE

Director Independence

The Board of Directors has determined that all of its current Directors and nominees for election at the Annual Meeting, except Mr. Dean, Mr. Probert and Ms. Hughes, are independent Directors under the current standards for "independence" established by NASDAQ.

Board Committees

The Board of Directors has three standing committees: Audit Committee, Compensation Committee and Nominations Committee. Each standing committee operates under a written charter adopted by the Board. You can access the current committee charters on our website at www.natr.com or by writing to our Corporate Secretary at our principal executive offices at 75 East 1700 South, Provo, Utah 84606.

Table of Contents

The Board has determined that the committee chairs and members are independent under the current standards for "independence" established by NASDAQ. The current members of the committees are identified in the table below.

Director	Audit Committee	Compensation Committee	Nominations Committee
Albert R. Dowden	x	x	Chair
Mark R. Genender	x	x	
Robert B. Mercer	x	x	x
Willem Mesdag	Chair

The Audit Committee. The Audit Committee oversees our financial statements, preparation process and related compliance matters and performance of the internal audit function. The Committee is also responsible for engagement and oversight of our independent registered public accounting firm and reviews the adequacy and effectiveness of our internal control system and procedures. Our Board of Directors has determined that each current member of our Audit Committee is an audit committee financial expert, as that term is defined in Item 407(d)(5)(ii) of Regulation S-K promulgated by the SEC.

The Compensation Committee. The Compensation Committee reviews compensation policies applicable to executive officers and board members, establishes the compensation to be paid to our Chief Executive Officer and determines the compensation and benefits of all Directors on the Board. The Chief Executive Officer makes recommendations to our Compensation Committee with respect to the compensation of our other executive officers, and the Compensation Committee considers such recommendations in establishing the officers' compensation. The Compensation Committee establishes the compensation to be paid to our Chief Executive Officer without input from the Chief Executive Officer. At the discretion of the Committee, compensation packages, when appropriate, are submitted to the Board of Directors for final approval.

The Nominations Committee. The Nominations Committee makes recommendations to the Board of Directors about the size of the Board or any committee thereof, identifies and recommends candidates for the Board and committee membership, evaluates nominations received from shareholders, and develops and recommends to the Board corporate governance principles applicable to our Company. In selecting or recommending candidates, the Nominations Committee takes into consideration any criteria approved by the Board, which may be set forth in any corporate governance guidelines adopted by the Board and such other factors as it deems appropriate. These factors may include judgment, skill, diversity, experience with businesses and other organizations of comparable size, the interplay of the candidate's experience with the experience of other Board members, and the extent to which the candidate would be a desirable addition to the Board and any committees thereof.

The Nominations Committee may also consider director candidates proposed by management and by shareholders of the Company. Recommendations for consideration by the Nominations Committee, including recommendations from shareholders of the Company, should be sent in writing, together with appropriate biographical information concerning each proposed nominee, to our Corporate Secretary at our principal executive offices at 75 East 1700 South, Provo, Utah 84606.

Board Structure and Risk Oversight

Leadership Structure of the Board

Under our bylaws, the Board is not required to appoint our Chief Executive Officer as the Chairman of the Board, and the Board does not have a policy on whether or not the roles of Chief Executive Officer and Chairman of the Board should be separate. Currently, two different individuals

Table of Contents

serve in these two positions. Our Chairperson, Kristine F. Hughes, is responsible for chairing Board meetings and meetings of shareholders, setting the agendas for Board meetings and providing information to the Board members in advance of meetings and between meetings. In addition, our Chief Executive Officer, Michael Dean, also serves as a Director on our Board. The Board believes that Mr. Dean's membership as a Director provides the Board with in-depth understanding of our business operations because of his extensive experiences and knowledge in the day-to-day management of all aspects of our operations.

All of our Directors are independent under applicable NASDAQ corporate governance rules, except for Ms. Hughes, Mr. Probert and Mr. Dean. The Board believes that the independent Directors provide effective oversight of management. Moreover, in addition to feedback provided during the course of Board meetings, the independent Directors have regular executive sessions without any members of management. We believe that our leadership structure of the Board is appropriate given the nature and size our businesses, as it provides both effective independent oversight and expertise in the complexity and management of our operations as a consumer product and direct-selling company.

Board's Role in the Oversight of Risk Management

The Board of Directors is primarily responsible for assessing risks associated with the Company's business. However, the Board delegates certain of such responsibilities to other groups. The Audit Committee is responsible for reviewing with management the Company's policies and procedures with respect to risk assessment and risk management, including reviewing certain risks associated with our financial and accounting systems, accounting policies, investment strategies, regulatory compliance, insurance programs, and other matters. Under the direction of the Audit Committee, the Company's internal audit department assists the Company in the evaluation and improvement of the effectiveness of risk management. In addition, under the direction of the Board and certain of its committees, the Company's legal department assists in the oversight of corporate compliance activities. As discussed under "Risk Assessment of Compensation Programs," the Compensation Committee also reviews certain risks associated with our overall compensation program for employees to help ensure that the program does not encourage employees to take excessive risks. On a regular basis and from time to time as necessary or appropriate, updates are provided by these groups to the Board of Directors regarding their risk assessment and risk management activities and other risk-related matters.

Board Meetings in Fiscal Year 2011

During fiscal year 2011, there were four formal regular meetings and one formal special meeting of the Board of Directors, as well as numerous informal informational sessions. Each member of the Board of Directors during fiscal year 2011 attended or participated in 75 percent or more of the aggregate of (i) the total number of regular and special meetings of the Board of Directors held during the fiscal year or the portion thereof following such person's appointment to the Board and (ii) the total number of meetings held by all committees of the Board on which such Director served during the fiscal year or the portion thereof following such person's appointment to one or more of those committees.

During fiscal year 2011, the Audit Committee held four formal meetings, as well as numerous informal informational sessions, the Compensation Committee held three formal meetings, as well as numerous informal meetings, and the Nominations Committee held one formal meeting during fiscal year 2011.

Annual Meeting Attendance

Although the Company does not have a formal policy regarding attendance by members of the Board of Directors at the annual meetings of shareholders, Directors are encouraged to attend such

Table of Contents

meetings. At the annual meeting of shareholders held in fiscal year 2011, all eight of our Directors were in attendance.

Communications with Directors

We have not in the past adopted a formal process for shareholder communications with the Board of Directors. Nevertheless, the Directors have endeavored to ensure that the views of shareholders are heard by the Board or individual Directors, as applicable, and that appropriate responses are provided to shareholders in a timely manner. Communications to the Board of Directors may be submitted in writing to our Corporate Secretary at our principal executive offices at 75 East 1700 South, Provo, Utah 84606. The Board of Directors relies upon the Corporate Secretary to forward written questions or comments to named Directors or committees thereof, as appropriate. General comments or inquiries from shareholders are forwarded to the appropriate individual within the Company, including the Chief Executive Officer, as appropriate.

Code of Ethics

We adopted a revised Code of Conduct on March 4, 2011 that applies to all of our employees, including our Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer and senior financial and accounting officers. Among other matters, the Code of Conduct establishes policies to deter wrongdoing and to promote (i) both honest and ethical conduct, including ethical handling of actual or apparent conflicts of interest, (ii) compliance with applicable laws, rules and regulations, (iii) full, fair, accurate, timely and understandable disclosure in reports and documents that we file with or submit to the SEC and in public communications and (iv) prompt internal reporting of violations of the Code of Conduct and accountability for adherence to the Code of Conduct. In addition, we provide an ethics line for reporting any violations of the Code of Conduct on a confidential basis. A copy of our Code of Conduct is available on our website at www.natr.com or by writing to our Corporate Secretary at our principal executive offices at 75 East 1700 South, Provo, Utah 84606. We will post on our internet website all amendments to, or waivers from, our Code of Conduct that are required to be disclosed by applicable law.

PROPOSAL TWO:

**ADOPTION OF NATURE'S SUNSHINE PRODUCTS, INC.
2012 STOCK INCENTIVE PLAN**

Our Board of Directors is requesting that shareholders approve the implementation of the Nature's Sunshine Products, Inc. 2012 Stock Incentive Plan, under which 1,500,000 shares of Common Stock will be reserved for issuance. The 2012 Stock Incentive Plan was adopted by our Board of Directors and became effective on March 1, 2012, subject to shareholder approval at the 2012 Annual Meeting. The Company's 2009 Stock Incentive Plan, as amended and previously approved by the shareholders, remains effective and the approval by the shareholders of the 2012 Stock Incentive Plan shall not terminate the 2009 Stock Incentive Plan or any outstanding grants issued thereunder. As of March 31, 2012, 24,850 shares remained available for issuance of new grants under the 2009 Stock Incentive. However, to the extent any shares of Common Stock subject to awards under the 2009 Stock Incentive Plan that, after the effective date of the 2012 Stock Incentive Plan, are not purchased or are forfeited or reacquired by the Company or are otherwise not delivered due to termination or cancellation of the award, such shares of Common Stock will be added to the share reserve available for award and issuance under the 2012 Stock Incentive Plan, up to a maximum of 400,000 shares.

Our incentive compensation programs play a pivotal role in our efforts to attract and retain key personnel essential to our long-term growth and financial success. For that reason, we are proposing the implementation of the 2012 Stock Incentive Plan. We have structured the 2012 Stock Incentive Plan to provide us with flexibility in designing equity incentive programs in an environment where a number of companies have moved from traditional option grants to other stock or stock-based awards such as restricted stock, restricted stock units and performance awards. Accordingly, with the 2012 Stock Incentive Plan, we will have a broad array of equity incentives to utilize for purposes of attracting and retaining the services of key individuals.

Summary Description of 2012 Stock Incentive Plan

The following is a summary of the principal features of the 2012 Stock Incentive Plan. This description is intended to be a summary of the material provisions of the 2012 Stock Incentive Plan. It does not purport to be a complete description of all the provisions of the 2012 Stock Incentive Plan and is qualified in its entirety by reference to the complete text of the 2012 Stock Incentive Plan, which is contained in Appendix A in this proxy statement.

Administration. The Compensation Committee of our Board of Directors will have the exclusive authority to administer the 2012 Stock Incentive Plan. The term "plan administrator," as used in this summary, will mean such committee. The plan administrator will have complete discretion to determine which eligible individuals are to receive awards, the types of awards to be granted to each participant, the number of shares to be covered by (or the method by which payments or other rights to be calculated in connection with) each award, and the terms and conditions of any award, including the vesting provisions of an award. The plan administrator may grant awards under the 2012 Stock Incentive Plan for no cash consideration or for any cash or other consideration as may be determined by the plan administrator or required by applicable law. Awards may be granted either alone or in addition to, in tandem with or in substitution for any other award granted under the 2012 Stock Incentive Plan or any other of our plans or the plans of an affiliate in the plan administrator's discretion. Awards granted under the 2012 Stock Incentive Plan may be settled in such form or forms as the plan administrator determines appropriate, including cash, shares of our common stock, promissory notes, other securities or awards under the 2012 Stock Incentive Plan, other property, or a combination of the foregoing methods, and may be made in a single payment or transfer, in installments or on a deferred basis as determined by the plan administrator.

Table of Contents

Eligibility. Employees, officers, consultants, independent contractors and non-employee members of our Board of Directors in our employ or service or in the employ or service of our affiliates (whether now existing or hereafter established) will be eligible to participate in the 2012 Stock Incentive Plan. As of March 31, 2012, approximately 1,000 persons (including 6 executive officers and 6 non-employee members of the Board) were eligible to participate in the 2012 Stock Incentive Plan.

Securities Subject to 2012 Stock Incentive Plan. 1,500,000 shares of our common stock will be reserved for issuance over the term of the 2012 Stock Incentive Plan. The number of shares of Common Stock available for granting incentive stock options under the 2012 Stock Incentive Plan will not exceed 1,500,000. The number of shares of Common Stock available for granting restricted stock and restricted stock units under the 2012 Stock Incentive Plan will not exceed 750,000. Shares of Common Stock subject to any award under the 2009 Stock Incentive Plan that, after the effective date of the 2012 Stock Incentive Plan, are not purchased or are forfeited or reacquired by the Company, or are otherwise not delivered due to termination or cancellation of such award, shall be added to the total number of shares of Common Stock available under the 2012 Stock Incentive Plan, up to a maximum of 400,000 shares.

As of March 31, 2012, 1,444,816 shares were subject to outstanding options under the 2009 Stock Incentive Plan, no shares were subject to unvested restricted stock units under the 2009 Stock Incentive Plan and 24,850 shares remained available for future award.

Awards made under the 2012 Stock Incentive Plan will be subject to the following per-participant limitations in order to provide the plan administrator with the opportunity to structure one or more of those awards as performance-based compensation under Section 162(m) ("Section 162(m)") of the Internal Revenue Code of 1986, as amended (the "Code"):

No participant in the 2012 Stock Incentive Plan may receive options, stock appreciation rights or any other awards the value of which is based solely on an increase in the value of the shares after the grant date of the awards for more than 400,000 shares of our common stock in any single taxable year. No participant in the 2012 Stock Incentive Plan may receive any award that is denominated in shares and that vests based on one or more of the performance goals described below (including, without limitation, restricted stock or restricted stock units) for more than 400,000 shares of our common stock in any single taxable year. Such 400,000 share limitations are subject to adjustment for subsequent stock splits, stock dividends and similar transactions. Shareholder approval of this proposal will also constitute approval of each of the 400,000 share limitations for purposes Section 162(m). Such limitations are intended to assure that any deductions to which we would otherwise be entitled upon the exercise of stock options or stock appreciation rights or vesting of performance awards granted under the 2012 Stock Incentive Plan will not be subject to the \$1 million limitation on the income tax deductibility of compensation paid per executive officer imposed under Section 162(m).

For awards denominated in cash (whether paid in cash, shares or other property and that vest based on one or more of the performance goals described below) no participant in the 2012 Stock Incentive Plan may receive awards with an aggregate dollar value in excess of one million dollars in any one taxable year, with such limitation to be measured at the time the award is made. Shareholder approval of this proposal will also constitute approval of that one million-dollar limitation for purposes of Section 162(m). Such limitation is intended to assure that any deductions to which we would otherwise be entitled upon the settlement of such awards will not be subject to the \$1 million limitation on the income tax deductibility of compensation paid per executive officer imposed under Section 162(m).

The shares of Common Stock issuable under the 2012 Stock Incentive Plan may be drawn from shares of authorized but unissued Common Stock, treasury shares or from shares of Common Stock that we acquire, including shares purchased on the open market.

Table of Contents

Shares subject to outstanding awards under the 2012 Stock Incentive Plan that expire or otherwise terminate prior to the issuance of the shares subject to those awards will be available for subsequent issuance under the 2012 Stock Incentive Plan. Any unvested shares issued under the 2012 Stock Incentive Plan that are subsequently forfeited or are otherwise reacquired by us will be added back to the number of shares reserved for issuance under the 2012 Stock Incentive Plan and will accordingly be available for subsequent issuance. If an award entitles a participant to receive or purchase shares, the number of shares covered by the award or to which the award relates will be counted on the grant date of such award against the aggregate number of shares of Common Stock available for issuance under the 2012 Stock Incentive Plan. For stock appreciation rights settled in shares of Common Stock, the aggregate number of shares for which the stock appreciation right is exercised, rather than the number of shares actually issued upon exercise, will be counted against the aggregate number of shares available for issuance under the 2012 Stock Incentive Plan. If an award does not entitle a participant to receive or purchase shares, or if an award is settled in cash, such awards will not reduce the number of shares of common stock available for issuance under the 2012 Stock Incentive Plan. Should shares of Common Stock otherwise issuable under the 2012 Stock Incentive Plan be withheld in satisfaction of the purchase or exercise price of an award or applicable withholding taxes incurred in connection with the award under the 2012 Stock Incentive Plan, then the number of shares of Common Stock available for issuance under the 2012 Stock Incentive Plan will be reduced by the gross number of shares issuable at that time under such award, calculated in each instance prior to any such share withholding.

Valuation. The fair market value per share of our Common Stock on any relevant date under the 2012 Stock Incentive Plan will be the closing sale price of our Common Stock on the consolidated transaction reporting system on such date or, if such exchange is not open for trading on such date, on the most recent preceding date that such exchange is open for trading. On March 30, 2012, the fair market value determined on such basis was \$16.02.

Awards. The 2012 Stock Incentive Plan provides for the following types of awards: incentive stock options, non-statutory stock options, stock appreciation rights, restricted stock, restricted stock units, dividend equivalent rights, performance awards, stock awards and other stock-based awards.

Stock options. Eligible persons may be granted stock options to purchase shares of Common Stock. Each granted option will have an exercise price per share determined by the plan administrator, but the exercise price will not be less than 100 percent of the fair market value of the option shares on the grant date, provided that the plan administrator may designate an exercise price below fair market value on the grant date (i) to the extent necessary or appropriate, as determined by the plan administrator, to satisfy applicable legal or regulatory requirements of a foreign jurisdiction or (ii) if the option is granted in substitution for a stock option previously granted by an entity that is acquired by or merged with us or an affiliate. No granted option will have a term in excess of ten years. Payment of the exercise price of a stock option may be made in cash, shares of Common Stock or other securities owned by the participant, other awards granted under the 2012 Stock Incentive Plan or other property owned by the participant, delivery of a promissory note or a combination of the foregoing methods in the plan administrator's discretion. Alternatively, the plan administrator may permit a participant to exercise a stock option pursuant to a broker-assisted cashless exercise procedure or, with respect to the exercise of a non-statutory option, pursuant to a net exercise procedure.

Stock appreciation rights. A stock appreciation right granted under the 2012 Stock Incentive Plan allows the holder to exercise that right as to a specific number of shares of Common Stock and receive upon such exercise the excess of (i) the fair market value of the shares of Common Stock as to which that right is exercised over (ii) the aggregate grant price in effect for those shares. The grant price per share will not be less than 100 percent of the fair market value of the underlying shares on the grant date, provided that the plan administrator may designate a grant price below fair market value on the grant date (A) to the extent necessary or appropriate, as determined by the plan administrator, to

Table of Contents

satisfy applicable legal or regulatory requirements of a foreign jurisdiction or (B) if the stock appreciation right is granted in substitution for a stock appreciation right previously granted by an entity that is acquired by or merged with us or an affiliate. No granted stock appreciation right will have a term in excess of ten years. The plan administrator will determine the remaining terms and conditions of a stock appreciation right granted under the 2012 Stock Incentive Plan in its discretion, including the methods of exercise, dates of exercise and methods of settlement.

Repricing Prohibition. Without shareholder consent, the plan administrator may not reprice, adjust or amend the exercise price of stock options or grant price of stock appreciation rights previously awarded to any participant (except for adjustments for stock splits, stock dividends and similar transactions), whether through amendment, cancellation or any other means.

Restricted Stock. Shares of restricted stock may be awarded under the 2012 Stock Incentive Plan. The plan administrator will determine at the time of grant the restrictions to which shares of restricted stock will be subject, including the vesting schedule, any limitation on the right to vote the shares of restricted stock or the right to receive dividends or other property with respect to the shares of restricted stock. Shares of restricted stock will be issued when the awards are granted and will be evidenced in the manner determined by the plan administrator, including by book entry registration or issuance of a stock certificate. Unless otherwise determined by the plan administrator in its discretion, unvested shares of restricted stock will generally be forfeited upon termination of a participant's service.

Restricted Stock Units. Restricted stock units granted under the 2012 Stock Incentive Plan entitle the holder to receive shares of Common Stock underlying those units upon the lapse or waiver of restrictions specified by the plan administrator at the time the restricted stock units are granted. Upon termination of a participant's service, any unvested restricted stock units will be canceled, and the participant will have no further rights with respect to the canceled units or the underlying shares of Common Stock unless otherwise determined by the plan administrator in its discretion.

Performance Awards. Performance awards granted under the 2012 Stock Incentive Plan may be denominated or payable in cash, shares of Common Stock (including restricted stock and restricted stock units), other securities, other awards granted under the 2012 Stock Incentive Plan and will confer on the holder the right to receive payments upon the achievement of one or more objective performance goals over a specified performance period established by the plan administrator at the time of the grant of the award. Such goals may be based on one or more of the following criteria applied on a corporate, subsidiary, division, business unit or line of business basis: sales, revenue, costs, expenses, earnings (including one or more of net profit after tax, gross profit, operating profit, earnings before interest and taxes, earnings before interest, taxes, depreciation and amortization and net earnings), earnings per share, earnings per share from continuing operations, operating income, pre-tax income, operating income margin, net income, margins (including one or more of gross, operating and net income margins), returns (including one or more of return on actual or pro forma assets, net assets, equity, investment, capital and net capital employed), shareholder return (including total shareholder return relative to an index or peer group), stock price, economic value added, cash generation, cash flow, unit volume, working capital, market share, cost reductions, number of customers, workforce satisfaction and diversity goals, environmental health and safety goals, employee retention, customer satisfaction, completion of key projects and strategic plan development and implementation and key metrics. Each such performance goal may be based (i) solely by reference to absolute results of individual performance or organizational performance at various levels (e.g., our performance or the performance of a subsidiary, division, business segment or business unit) or (ii) upon organizational performance relative to the comparable performance of other companies selected by the plan administrator. To the extent consistent with Section 162(m), the plan administrator may also exclude charges related to an event or occurrence which the plan administrator determines should appropriately

Table of Contents

be excluded, including (X) restructurings, discontinued operations, extraordinary items, and other unusual or non-recurring charges, (Y) an event either not directly related to the our operations or not within the reasonable control of our management, or (Z) the cumulative effects of tax or accounting changes in accordance with U.S. generally accepted accounting principles (or other accounting principles which may then be in effect).

Subject to the terms of the 2012 Stock Incentive Plan, the performance goals to be achieved during any performance period, the length of any performance period, the amount of any performance award granted, the amount of any payment or transfer to be made pursuant to any performance award and any other terms and conditions of any performance award will be determined by the plan administrator.

Performance awards granted to covered executive officers under Section 162(m) that are intended to be "qualified performance-based compensation" will be conditioned solely on the achievement of one or more of the performance goals described above and will comply with the requirements of Section 162(m). Any such performance awards that vest will be paid no later than two and one-half months following the end of the performance period, unless the plan administrator permits such payments to be deferred in accordance with the applicable requirements of Code Section 409A. The plan administrator may, in its discretion, reduce the amount of a payout achieved and otherwise to be paid in connection with a performance award to a covered executive officer but may not exercise discretion to increase such amount. Upon termination of a covered executive's service due to death or permanent disability before the end of a performance period or after the performance period ends and before a performance award is paid, the plan administrator may, in its discretion, determine that the participant be paid a pro rata portion of the performance award.

Dividend Equivalents. Dividend equivalents may be issued under the 2012 Stock Incentive Plan and entitle the holder to receive payments (in cash, shares of our common stock, other securities, other awards granted under the 2012 Stock Incentive Plan or other property as determined in the discretion of the plan administrator) equivalent to the amount of cash dividends paid to the holders of our Common Stock with respect to a specified number of shares determined by the plan administrator. Subject to the terms of the 2012 Stock Incentive Plan and the applicable award agreement governing the dividend equivalents, such awards may have the terms and conditions determined by the plan administrator in its discretion.

Stock Awards. Shares of our Common Stock containing no restrictions may be granted under the 2012 Stock Incentive Plan as determined by the plan administrator to be consistent with the purpose of the 2012 Stock Incentive Plan.

Other stock-based awards. The plan administrator is authorized to award participants other awards that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, shares of our Common Stock, including securities convertible into shares of our Common Stock, as deemed by the plan administrator to be consistent with the purpose of the 2012 Stock Incentive Plan, subject to the terms and conditions determined by the plan administrator at the time of the award. In the event shares of Common Stock are delivered pursuant to a purchase right, such shares will be purchased for consideration having a value equal to at least 100 percent of the fair market value of such shares on the grant date. Payment of such consideration may be made in cash, shares of Common Stock or other securities owned by the participant, other awards granted under the 2009 Stock Incentive Plan or other property owned by the participant, delivery of a promissory note or a combination of the foregoing methods in the plan administrator's discretion.

General Provisions

Transferability. Generally, awards granted under the 2012 Stock Incentive Plan (other than stock awards containing no restrictions) may not be transferred, pledged, alienated, attached or otherwise

encumbered in any manner other than by will or the laws of descent or distribution. However, the plan administrator may allow a participant to designate a beneficiary to receive the vested portion of an award in the event of the participant's death, and the plan administrator has the authority to allow the transfer of a non-statutory option to a family member of the grantee.

Change in control. The plan administrator will have the discretion to determine the treatment of awards granted under the 2012 Stock Incentive Plan in the event we should experience a change in control.

Changes in Capitalization. In the event of any dividend or other distribution (whether in the form of cash, shares of our common stock, other securities or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of shares of our Common Stock or other securities, issuance of warrants or other rights to purchase shares of our Common Stock or other securities or other similar corporate transaction or event affecting the shares of our common stock, then the plan administrator will make equitable adjustments to (i) the number and type of shares of Common Stock (or other securities or other property) that may thereafter be made the subject of awards under the 2012 Stock Incentive Plan, (ii) the number and type of shares of Common Stock (or other securities or other property) available for granting incentive stock options, (iii) the number and type of shares of Common Stock (or other securities or other property) available for granting restricted stock and restricted stock units, (iv) the maximum number of shares of Common Stock (or other securities or other property) subject to awards under the 2009 Stock Incentive Plan that are not purchased or are forfeited or reacquired by the Company or are otherwise not delivered due to termination or cancellation of the award that may be added to the share reserve under the 2012 Stock Incentive Plan, (v) the number and type of shares of Common Stock (or other securities or other property) subject to outstanding awards under the 2012 Stock Incentive Plan, (vi) the purchase price or exercise price with respect to any award under the Plan, (vii) the maximum number of shares for which any one person may be granted stock options, stock appreciation rights or any other award under the 2012 Stock Incentive Plan, the value of which is based solely on an increase in the value of the shares after the date of grant of such award, per taxable year, and (viii) the maximum number of shares for which any one person may be granted performance awards denominated in shares of Common Stock (including restricted stock or restricted stock units), and which are intended to represent "qualified performance-based compensation" under Section 162(m) under the 2012 Stock Incentive Plan per taxable year. Such adjustments will be made in such manner as the plan administrator deems appropriate in order to preclude any dilution or enlargement of benefits under the 2012 Stock Incentive Plan or the outstanding awards thereunder and will be final, binding and conclusive.

Shareholder Rights. Except with respect to shares of restricted stock and stock awards granted under the 2012 Stock Incentive Plan, a participant will not have any of the rights and privileges of a shareholder with respect to the shares of Common Stock underlying any award until the shares subject to that award have been issued.

Special Tax Election. The plan administrator may provide one or more holders of awards under the 2012 Stock Incentive Plan with the right to have us withhold a portion of the shares otherwise issuable to such individuals in satisfaction of the withholding taxes to which they become subject in connection with the issuance, exercise or settlement of those awards. Alternatively, the plan administrator may allow such individuals to deliver previously acquired shares of our Common Stock in payment of such withholding tax liability.

Amendment and Termination. Our Board of Directors may amend, alter, suspend, discontinue or terminate the 2012 Stock Incentive Plan at any time; provided, however, that shareholder approval will be required for any amendment which increases the number of shares of Common Stock authorized for issuance under the 2012 Stock Incentive Plan (other than in connection with certain changes to our

capital structure as explained above), increases the limitation on the maximum number of shares for which any one person may be granted stock options, stock appreciation rights or any other award under the 2012 Stock Incentive Plan, the value of which is based solely on an increase in the value of the shares after the date of grant of such award, under the 2012 Stock Incentive Plan per taxable year, increases the limitation on the maximum number of shares for which any one person may be granted performance-based awards denominated in shares of Common Stock under the 2012 Stock Incentive Plan per taxable year, increases the maximum aggregate dollar amount for which any one participant may be granted performance-based awards denominated in cash under the 2012 Stock Incentive Plan per taxable year, would cause Section 162(m) to become unavailable with respect to the 2012 Stock Incentive Plan or permits a repricing that is prohibited as described in the "Repricing Prohibition" section above, permits the award of stock options or stock appreciation rights at an exercise price less than 100 percent of the fair market value of the underlying shares of Common Stock on the grant date (other than as described above) or to the extent such shareholder approval may otherwise be required under applicable law or regulation or pursuant to the listing standards of the stock exchange on which our Common Stock is at the time primarily traded.

The time-based portion will vest in equal annual installments on the anniversary date of the stock option agreement over the following four years. Summary of Federal Income Tax Consequences

The following is a summary of the Federal income taxation treatment applicable to us and the participants who receive awards under the 2012 Stock Incentive Plan.

Option Grants. Options granted under the discretionary grant program may be either incentive stock options which satisfy the requirements of Code Section 422 or non-statutory options which are not intended to meet such requirements. The Federal income tax treatment for the two types of options differs as follows:

Incentive Options. No taxable income is recognized by the optionee at the time of the option grant, and no taxable income is recognized for regular tax purposes at the time the option is exercised, although taxable income may arise at that time for alternative minimum tax purposes. The optionee will recognize taxable income in the year in which the purchased shares are sold or otherwise made the subject of certain other dispositions. For Federal tax purposes, dispositions are divided into two categories: (i) qualifying, and (ii) disqualifying. A qualifying disposition occurs if the sale or other

Table of Contents

disposition is made more than two years after the date the option for the shares involved in such sale or disposition is granted and more than one year after the date the option is exercised for those shares. If the sale or disposition occurs before these two periods are satisfied, then a disqualifying disposition will result.

Upon a qualifying disposition, the optionee will recognize long-term capital gain in an amount equal to the excess of (i) the amount realized upon the sale or other disposition of the purchased shares over (ii) the exercise price paid for the shares. If there is a disqualifying disposition of the shares, then the excess of (i) the fair market value of those shares on the exercise date or (if less) the amount realized upon such sale or disposition over (ii) the exercise price paid for the shares will be taxable as ordinary income to the optionee. Any additional gain recognized upon the disposition will be a capital gain.

If the optionee makes a disqualifying disposition of the purchased shares, then we will be entitled to an income tax deduction, for the taxable year in which such disposition occurs, equal to the amount of ordinary income recognized by the optionee as a result of the disposition. We will not be entitled to any income tax deduction if the optionee makes a qualifying disposition of the shares.

Non-statutory Options. No taxable income is recognized by an optionee upon the grant of a non-statutory option. The optionee will in general recognize ordinary income in the year in which the option is exercised, equal to the excess of the fair market value of the purchased shares on the exercise date over the exercise price paid for the shares, and the optionee will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the optionee with respect to the exercised non-statutory option. The deduction will in general be allowed for our taxable year in which such ordinary income is recognized by the optionee.

Stock Appreciation Rights. No taxable income is recognized upon receipt of a stock appreciation right. The holder will recognize ordinary income in the year in which the stock appreciation right is exercised, in an amount equal to the excess of the fair market value of the underlying shares of common stock on the exercise date over the base price in effect for the exercised right, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the holder in connection with the exercise of the stock appreciation right. The deduction will be allowed for the taxable year in which such ordinary income is recognized.

Restricted Stock Awards. The recipient of unvested shares of Common Stock issued under the 2012 Stock Incentive Plan will not recognize any taxable income at the time those shares are issued but will have to report as ordinary income, as and when those shares subsequently vest, an amount equal to the excess of (i) the fair market value of the shares on the vesting date over (ii) the cash consideration (if any) paid for the shares. The recipient may, however, elect under Code Section 83(b) to include as ordinary income in the year the unvested shares are issued an amount equal to the excess of (i) the fair market value of those shares on the issue date over (ii) the cash consideration (if any) paid for such shares. If the Section 83(b) election is made, the recipient will not recognize any additional income as and when the shares subsequently vest. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the recipient with respect to the unvested shares. The deduction will in general be allowed for our taxable year in which such ordinary income is recognized by the recipient.

Restricted Stock Units. No taxable income is recognized upon receipt of restricted stock units. The holder will recognize ordinary income in the year in which the shares subject to the units are actually issued to the holder. The amount of that income will be equal to the fair market value of the shares on the date of issuance, and the holder will be required to satisfy the tax withholding requirements

Table of Contents

applicable to such income. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the holder at the time the shares are issued. The deduction will be allowed for the taxable year in which such ordinary income is recognized.

Performance Awards. No taxable income is recognized upon receipt of performance awards. The holder will recognize ordinary income in the year in which the performance awards are settled. The amount of that income will be equal to the fair market value of the shares of Common Stock or cash received in settlement of the performance awards, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of the ordinary income recognized by the holder of the performance awards at the time those awards are settled. That deduction will be allowed for the taxable year in which such ordinary income is recognized.

Stock Awards. The recipient of a stock award will recognize ordinary income in the year in which the shares subject to a stock award are issued to the holder. The amount of that income will be equal to the fair market value of the shares on the date of issuance, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the holder at the time the shares are issued. The deduction will be allowed for the taxable year in which such ordinary income is recognized.

Dividend Equivalent Rights. No taxable income is recognized upon receipt of a dividend equivalent right award. The holder will recognize ordinary income in the year in which a dividend or distribution, whether in cash, securities or other property, is paid to the holder. The amount of that income will be equal to the fair market value of the cash, securities or other property received, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of the ordinary income recognized by the holder of the dividend equivalent right award at the time the dividend or distribution is paid to such holder. That deduction will be allowed for the taxable year in which such ordinary income is recognized.

Deductibility of Executive Compensation. We anticipate that any compensation deemed paid by us in connection with the exercise of non-statutory options or stock appreciation rights will qualify as performance-based compensation for purposes of Section 162(m) and will not have to be taken into account for purposes of the \$1 million limitation per covered individual on the deductibility of the compensation paid to certain of our executive officers. Accordingly, the compensation deemed paid with respect to options and stock appreciation rights granted under the 2012 Stock Incentive Plan will remain deductible by us without limitation under Section 162(m). However, any compensation deemed paid by us in connection with shares or cash issued under restricted stock or restricted stock unit awards will be subject to the \$1 million limitation, unless the issuance of the shares or cash is tied to one or more of the performance milestones described above.

Accounting Treatment

The accounting principles applicable to awards made under the 2012 Stock Incentive Plan may be summarized in general terms as follows:

Pursuant to the accounting standards established by FASB Accounting Standards Codification Topic 718, we will be required to expense all share-based payments, including grants of stock options, stock appreciation rights, stock, restricted stock, restricted stock units and all other stock-based awards under the 2012 Plan. Accordingly, stock options and stock appreciation rights which are granted to our employees and non-employee Board members and payable in shares of our common stock will have to be valued at fair value as of the grant date under an appropriate valuation formula, and that value will then have to be charged as a direct compensation expense

Table of Contents

against our reported earnings over the designated vesting period of the award. For shares issuable upon the vesting of restricted stock units awarded under the 2012 Plan, we will be required to amortize over the vesting period a compensation cost equal to the fair market value of the underlying shares on the date of the award. If any other shares are unvested at the time of their direct issuance, then the fair market value of those shares at that time will be charged to our reported earnings ratably over the vesting period. Such accounting treatment for restricted stock units and direct stock issuances will be applicable whether vesting is tied to service periods or performance goals, although for performance-based awards, the grant date fair value will initially be determined on the basis of the probable outcome of performance goal attainment. The issuance of a fully-vested stock awards will result in an immediate charge to our earnings equal to the fair market value of the bonus shares on the issuance date.

Dividends or dividend equivalents paid on the portion of an award that vests will be charged against our retained earnings. If the award holder is not required to return the dividends or dividend equivalents if they forfeit their awards, dividends or dividend equivalents paid on instruments that do not vest will be recognized by us as additional compensation cost.

Finally, it should be noted that the compensation expense accruable for performance-based awards under the 2012 Plan will, in general, be subject to adjustment to reflect the actual outcome of the applicable performance goals, and any expenses accrued for such performance-based awards will be reversed if the performance goals are not met, unless those performance goals are deemed to constitute market conditions (i.e., because they are tied to the price of our common stock) under FASB Accounting Standards Codification Topic 718.

Vote Required

Approval of Proposal Two requires the votes cast in favor of the proposal to exceed the votes cast against the proposal. For purposes of the proposal, abstentions and broker non-votes will not affect the outcome, which recognizes only actual votes cast. Since proposals concerning adoption of stock incentive plans are non-routine matters on which brokers are not empowered to vote without instructions, there may be broker non-votes on Proposal Two.

Should shareholder approval not be obtained, then the 2012 Stock Incentive Plan will not be implemented and we will not be able to grant awards to attract or retain employees or other service providers necessary for our business. Our 2009 Stock Incentive Plan will, however, continue to remain outstanding until all shares available for issuance thereunder have been issued.

Recommendation of the Board of Directors

The Board of Directors unanimously recommends a vote FOR the proposal to adopt the 2012 Stock Incentive Plan.

PROPOSAL FOUR:

ADVISORY RESOLUTION TO APPROVE EXECUTIVE COMPENSATION

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act enacted in July 2010 (the "Dodd-Frank Act"), the Company's shareholders are entitled to vote at the annual meeting to approve the compensation of our named executive officers, as disclosed in this proxy statement in accordance with the standards established under Item 402 of Regulation S-K under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). However, the shareholder vote on executive compensation is an advisory vote only, and it is not binding on the Company or our Board or the Compensation Committee.

As described in the section titled "Compensation Discussion and Analysis," the Company's executive compensation programs are designed to attract, retain and reward executives whose contributions support the Company's long-term success by linking Company performance to executive compensation. These programs have been designed to ensure alignment of management's action with shareholder interests. Shareholders are urged to read the "Compensation Discussion and Analysis" section of this proxy statement, which more thoroughly discusses how we believe our compensation policies and procedures complement our compensation philosophy. The Board and our Compensation Committee believe that these policies and procedures are effective in implementing our compensation philosophy and in achieving its goals.

Table of Contents

Although the vote is an advisory, non-binding vote, the Board and the Compensation Committee value the opinions of the shareholders and will take into account the outcome of the vote when considering future compensation decisions affecting the Company's executive officers.

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our named executive officers, as described in this proxy statement.

We are asking our shareholders to vote for the following resolution:

"RESOLVED, that the Company's shareholders approve, in a non-binding vote, the compensation of the Company's named executive officers as disclosed in the proxy statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the various compensation tables and the accompanying narrative discussion."

This vote is only advisory, and will therefore not be binding upon the Company or our Board. However, the Board encourages input from the Company's shareholders and encourages all shareholders to vote their shares on this matter.

Recommendation of the Board of Directors

The Board of Directors unanimously recommends a vote FOR the approval, on an advisory (non-binding) basis, of the compensation of our named executive officers as disclosed in this proxy statement pursuant to the SEC's compensation disclosure rules.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Such Directors, officers and 10 percent shareholders also are required by SEC rules to furnish the Company with copies of all Section 16(a) reports they file. Based solely on its review of the copies of such forms furnished or available to the Company, the Company believes that its Directors, officers and 10 percent shareholders complied with all Section 16(a) filing requirements for the fiscal year ended December 31, 2011.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides disclosure about the policies and objectives underlying the compensation programs for our executive officers. Accordingly, we will address and analyze each element of the compensation provided to our Chief Executive Officer, our Chief Financial Officer and the other executive officers named in the Summary Compensation Table which follows this discussion; these individuals are referred to as the named executive officers. The Compensation Committee of our Board of Directors administers the compensation programs for our executive officers.

Executive Summary

The Company's overarching compensation goal is to reward our executives in a manner that supports a strong pay-for-performance philosophy while maintaining an overall level of compensation that allows us to attract and retain a talented executive team. Our compensation decisions for 2011 and their relation to Company performance may be summarized as follows:

Led by our executive team, the Company experienced a significant improvement in our financial performance for 2011 in a challenging global economic environment. The Company experienced an increase in consolidated net sales of 5.1 percent to \$367.8 million. Operating income increased approximately \$8.9 million during the year ended December 31, 2011. Excluding one-time contract termination costs of \$14.7 million, consolidated operating income for 2011 would have been \$34.9 million, or 9.5 percent of net sales revenue, a 210.0 percent improvement over 2010. The Compensation Committee believes that the compensation program for the executive officers was instrumental in helping the Company achieve these operating results.

In October 2010, we instituted a Company-wide freeze on base salaries. We continued the freeze through 2011 and accordingly did not increase base salaries for our named executive officers in 2011 other than Mr. Jarvis whose salary was increased in connection with increased responsibilities assigned to him.

Our annual bonus plan is designed to ensure that a significant portion of total cash compensation of our named executive officers is performance-based. As a result of our strong financial performance, we paid significantly higher bonuses to our named executive officers for 2011, which ranged from 45% to 52% of total cash compensation.

We granted equity awards in 2011 that vest based on attainment of aggressive performance goals measured in terms of our operating margins. We believe that these goals align the officers' efforts on returning the Company to profitability. Based on attainment of the operating margins for each of the four fiscal quarters in 2011, ²/₃ of the performance-based awards granted in 2010 and 2011 vested.

Table of Contents

In November 2011, the Compensation Committee retained F.W. Cook, a leading compensation consulting firm, to conduct a comprehensive benchmark study and advise the committee on structuring executive compensation to ensure that our compensation continues to retain and motivate our executive officers, and at the same time reinforces the Company's strategic objectives. The consultant's analysis was taken into consideration in setting 2012 compensation.

Compensation Policy for Executive Officers.

We have designed the various elements comprising the compensation packages of our executive officers to achieve the following objectives:

attract and retain qualified executives who will help the Company meet its goals;

reflect individual accomplishments and contributions to the Company as well as overall Company performance; and

align each executive officer's interests with those of the Company's shareholders.

The Compensation Committee seeks to achieve these objectives by:

Establishing a compensation structure that is both market competitive and internally fair;

Linking a substantial portion of compensation to the Company's financial performance and the individual's contribution to that performance;

Providing below-target compensation for underachievement and upward leverage for exceptional performance; and

Providing long-term equity-based incentives and encouraging direct share ownership by executive officers.

When establishing the compensation levels for the executive officers, we take into account the Company's overall financial performance and an evaluation of each executive officer's individual performance level and his or her potential contribution to the Company's future growth.

Setting Executive Compensation

Major compensation decisions for each fiscal year, including base salary adjustments, the determination of target annual bonus opportunities and the determination of long-term equity incentive awards, are generally made by the Compensation Committee during the last quarter of the prior year or the first quarter of the current year. For the 2011 fiscal year, such decisions were made in December 2010. The principal factors that the Compensation Committee considers when setting the compensation levels for the named executive officers are as follows:

Comparison of the Company's performance against certain operational and qualitative goals identified in the Company's strategic plan;

Comparative market data;

Our Chief Executive Officer's recommendations for the other named executive officers;

Edgar Filing: NATURES SUNSHINE PRODUCTS INC - Form DEF 14A

Individual performance as assessed by the Compensation Committee, with input from the Chief Executive Officer as to the named executive officers other than himself; and

Tenure, scope of responsibilities, experience and qualifications, future potential and internal pay equity.

Impact of 2011 Say-on-Pay Vote: The most recent shareholder advisory vote on executive officer compensation required under the federal securities laws was held on August 3, 2011, after the

Table of Contents

Compensation Committee had approved the 2011 compensation of the named executive officers. More than 98 percent of the votes cast on such proposal were in favor of the compensation of the named executive officers, as that compensation was disclosed in the Compensation Discussion and Analysis and the various compensation tables and narrative that appeared in the Company's proxy statement dated June 13, 2011. Based on that level of shareholder approval, the Compensation Committee decided not to make any material changes to the Company's compensation philosophies, policies and practices for the remainder of the 2011 fiscal year. However, the Compensation Committee will continue to take into account future shareholder advisory votes on executive compensation in order to determine whether any subsequent changes to the Company's executive compensation programs and policies would be warranted to reflect any shareholder concerns reflected in those advisory votes. Based on the voting preference of our shareholders, the frequency of future Say-on-Pay votes will be every year.

Comparative Data: In setting executive officer compensation, the Compensation Committee reviewed a report (the "Executive Compensation Report") prepared by our Director of Human Resources in order to assess the competitiveness of the Company's compensation programs in comparison to market averages across multiple industries. The 2011 Executive Compensation Report examined the data contained in Watson Wyatt's Top Management Compensation Survey and Mercer's Executive Compensation Survey, in each instance for 2009 and 2010. These surveys provide information on compensation paid by surveyed companies nationally, crossing multiple industries and sizes. These two surveys are among the largest executive compensation surveys in the U.S. with hundreds of companies participating from all industries, both public and private. The Executive Compensation Report compared the Company's executive cash compensation practices, including base pay and short-term and long-term incentives, to such survey data. In addition, we perform regression analysis on the raw data from the surveys to provide appropriate comparisons based on company size. The regression analysis provides an expected level of each type of cash compensation based on our sales revenue; the data from such analysis is used as the "market" data. The Executive Compensation Report also compared the base pay, cash bonus and total compensation of officers on an individual basis to the market data.

As in prior years, the Compensation Committee did not engage in "benchmarking" against a specific group of companies for setting 2011 compensation. However, in November 2011, the Compensation Committee engaged the services of F. W. Cook, a leading consulting firm in the area of executive compensation, to conduct an independent comprehensive benchmark study of executive compensation practices at the Company against other comparable public companies in our industry. The information provided by F. W. Cook was taken into consideration in setting compensation for 2012.

The F.W. Cook study found the Company's total cash compensation to generally be market competitive when all elements were factored together (base salary, short-term cash bonus, and equity), though our compensation structure was more heavily weighted toward variable, performance-based components. Given the company's emphasis on increasing shareholder value through accelerating revenue growth and improving profitability, it is the Compensation Committee's intent to maintain an executive compensation plan going forward that places greater weight on the variable, performance-based components to reinforce the strategic business objectives of the Company and a strong pay-for-performance philosophy. While current base compensation (salary and annual bonus) will continue to be an important component in the Company total cash compensation, stock-based compensation will be increasingly important and above market averages to enable total potential remuneration to be at or above market if business objectives are met or exceeded.

Role of Management: As in prior years, our Chief Executive Officer presented to the Compensation Committee his recommendations for 2011 base salaries (noting the Company wide freeze on base salaries), bonuses and equity grants for the named executive officers (other than himself), taking into consideration the expected total cash compensation for such officers for 2011 and

Table of Contents

the comparative market data for total cash compensation for comparable positions. These recommendations were based on the Company's performance measured in terms of the sales revenue and operating income levels attained by the division for which the executive was primarily responsible, as well as the executive's performance against individual performance objectives, and the comparative analysis of the Company's compensation practice to market for each such officer. The Compensation Committee discussed these recommendations with the Chief Executive Officer and made the final determination on the base salaries, bonuses and equity grants for these officers based on these recommendations, with such adjustments as it deemed appropriate. For our Chief Executive Officer, the Compensation Committee directly determined the compensation package with input and market data from our Director of Human Resources. The Compensation Committee makes decisions with respect to our Chief Executive Officer without his presence.

Elements of Compensation. Each executive officer's compensation package consists of three elements: (i) a base salary, (ii) a cash bonus based upon Company financial performance and the individual officer's personal performance, and (iii) participation in long-term, stock-based incentive awards, in the form of stock options. In addition, the named executive officers are provided with certain benefits and perquisites and are entitled to certain severance benefits in the event their employment terminates under certain specified circumstances, as more fully described below.

Each of the major elements comprising the compensation package for executive officers (salary, bonus and equity) is designed to achieve one or more of the Company's overall objectives in fashioning a competitive level of compensation, tying compensation to performance and establishing a meaningful and substantial link between each executive officer's compensation and our long-term financial success.

There is no pre-established policy for the allocation of compensation between cash and non-cash components or between short-term and long-term components, nor are there any pre-established ratios between the Chief Executive Officer's compensation and that of the other named executive officers. Instead, the mix of compensation for each named executive officer is based on a review of the market data and a subjective analysis of that individual's performance and contribution to the Company's financial performance. Our mix of compensation elements is designed to reward results and motivate long-term performance through a combination of cash and equity incentive awards.

Base Salary. Base salary is intended to attract and retain qualified executives and to provide a level of security and stability from year to year and is not dependent to any material extent on the Company's financial performance. Traditionally, the base salary level of each executive officer is reviewed in the last quarter of each year, with any salary adjustments for the upcoming year to be effective on or about January 1 of that year. We target base salaries to be in the range of 80 percent to 90 percent of market. However, the Company may also consider the performance of each executive, contributions by the executive towards the Company's mission/goals and tenure at the Company. In light of a Companywide freeze on base compensation that became effective in October 2010, there were no salary adjustments for 2011 for our named executive officers, with the exception of Mr. Jarvis, whose base salary was increased by 5.2 percent effective January 1, 2011, to reflect increased responsibilities related to his role as Chief Compliance Officer and leading the Company's regulatory and industry relations effort.

Table of Contents

After reviewing financial performance, the data from the F.W. Cook study and the CEO's recommendations, the Compensation Committee approved and awarded salary increases as follows:

Name	Base Salary as of March 1, 2012 (\$)	Base Salary as of December 31, 2010 (\$)	Percentage Increase (%)
Michael D. Dean	470,000	400,000	17.5
Stephen M. Bunker	265,000	239,000	10.9
Gregory L. Probert	240,000	240,000	0.0
Jamon A. Jarvis	248,000	222,000	11.8
John R. DeWyze	222,000	205,000	8.1

Cash Bonus. The cash bonus program is designed to advance a pay-for-performance policy by bringing the total cash compensation for our executives up to market in a typical year and to exceed market when justified by Company performance. For 2011, the bonuses were determined by the Compensation Committee at its sole discretion based on overall Company performance measured in terms of sales revenue and operating income and each executive's individual performance. Although no portion of the bonuses was tied to the attainment of any specific pre-established performance goals, the Committee utilized sales revenue and operating income targets to determine a significant portion of each executive officer's bonus. The remaining portion was based upon each executive officer's individual performance to take into account accomplishments not directly accounted for by an analysis of the Company's financial performance.

On March 1, 2012, the Compensation Committee awarded Mr. Dean a bonus in the amount of \$400,000. In determining Mr. Dean's bonus, the Compensation Committee reviewed and considered the Company's strong financial performance measured in terms of sales revenue and operating income levels at each of its three operating divisions, its United States business segment ("NSP United States"), its international business segment ("NSP International") and its Synergy Worldwide division for 2011. In determining the amount of Mr. Dean's bonus, the Compensation Committee also noted that Mr. Dean had provided effective leadership in building his executive management team and in continuing to foster solid relationships with the Company's field of independent managers and distributors.

The Compensation Committee awarded bonuses for the other named executive officers on March 1, 2012 as follows: Mr. Bunker \$195,263; Mr. Probert \$140,000; Mr. Jarvis \$193,474; and Mr. DeWyze \$167,485. In determining the bonus for each executive officer, the Compensation Committee reviewed the Company's performance measured in terms of the sales revenue and operating income levels attained on a consolidated basis against the prior year performance as well as the executive's individual performance. Due to the performance of the Company and its divisions, the bonuses for our named executives in 2011 increased compared to the prior year.

Long-Term Incentives. We provide long-term incentives in the form of option grants. The Compensation Committee believes that option grants align the interests of the executive officer with those of the shareholders and provide the officer with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. Since 2010, the vesting of options has been tied to the attainment of the Company's operating metrics. The Committee believes that performance-based options further reward long-term decision making and value creation, align shareholders' and managements' interests.

2011 Awards. On January 3, 2011, the Compensation Committee granted performance-based options to purchase shares of Common Stock of the Company under the 2009 Plan to the named executives as follows: Mr. Dean 150,000 shares, Mr. Bunker 30,000 shares, Mr. Jarvis 30,000 shares, and Mr. DeWyze 30,000 shares. On June 16, 2011, the Compensation Committee granted 100,000 performance-based and 100,000 time-based options to purchase shares of Common Stock of the

Table of Contents

Company under the 2009 Plan to Mr. Probert, in connection with his employment as the Company's Executive Vice Chairman. The awards are designed to act as retention tools and to continue to incentivize the officers and align their interests with those of the shareholders. In determining the size of the awards, the Compensation Committee took into account the Company's overall performance in 2010 and general expectations for the Company in 2011 and 2012. Each option performance-based grant vests in $\frac{1}{3}$ increments subject to achieving certain earnings metrics of 6%, 8% or 10% operating income margin as reported in the Company's financial results, adjusted for share-based compensation expense, for four of five consecutive fiscal quarters over the term of the options, provided the executive remains in employment with the Company through the end of the last quarter in which the performance goal is achieved. The time-based options granted to Mr. Probert will vest in $\frac{1}{3}$ increments from the grant date. Each option will accelerate in full upon certain terminations of employment or upon a change in control. The operating income margin targets were stretch goals intended to focus the officers' efforts on returning the Company to profitability through increasing sales and increasing operating efficiencies. The Company believes the vesting acceleration of their equity awards upon a change in control is appropriate as those awards are designed to serve as the primary vehicle for wealth creation and the accumulation of financial resources for their retirement years, and a change in control event is an appropriate liquidation point for awards intended for such purpose. The Company does not provide the executive officers with any defined benefit pension plan or supplemental executive retirement plan, and the only other opportunities for wealth accumulation and retirement funds is through the limited deferral opportunities provided under the Company's 401(k) savings plan and the non-qualified deferred compensation plan. The exercise price per share is \$8.88, the closing price per share of our common stock on the grant date. Each option has a term of ten years.

In March 2012, the Compensation Committee determined that, based on the Company's financial reporting for the four fiscal quarters of 2011, the Company had met or exceeded the 8% operating margin level in each fiscal quarter excluding one-time contract termination costs of \$14.75 million, which the Committee determined should be excluded from the calculation of operating margins for purposes of any vesting determination. Accordingly, $\frac{2}{3}$ of each of the 2011 option grants vested on December 31, 2011.

Vesting of 2010 Awards. In 2010, we granted 176,000 performance-based stock options to our named executive officers with a similar vesting schedule. Based on the operating margin levels for each of the four fiscal quarters in 2011, adjusted for stock-based compensation expense and excluding one-time contract termination costs of \$14.75 million (referenced above), $\frac{2}{3}$ of each of the 2010 option grants vested on December 31, 2011. In addition, we granted 150,000 time-based stock options to our named executive officers to purchase shares of Common Stock of the Company, which vests in three equal annual installments over each year of service measured from March 12, 2010. As of March 12, 2012, $\frac{2}{3}$ of the time-based option grants vested.

Future Grants. The Compensation Committee expects to make future grants on a discretionary basis. The Compensation Committee does not have any policy or practice of timing awards to the release of the Company's financial reports.

Executive Officer Perquisites. In 2011, we paid premiums on \$250,000 life insurance policies for Messrs. Jarvis and DeWyze and provided each of our named executive officers the opportunity to receive up to \$2,500 for tuition assistance; however, none of our executive officers elected to receive tuition assistance. These perquisites are not a significant component of our executive compensation program.

Other Programs. Our executive officers are eligible to participate in our 401(k) employee savings plan, medical plans and other benefit plans on the same basis as all other regular U.S. employees.

Table of Contents

Deferred Compensation Programs. The Company has adopted a deferred compensation plan, the SEDP, for its executive officers, certain other selected employees and its non-employee Directors to enable them to save for retirement by deferring their income and the associated tax to a future date following termination of employment. Under the SEDP, the named executive officers and other participants have the opportunity to defer compensation to future dates specified by the participant with a return based on investment alternatives selected by the participant. The Company believes that the SEDP is comparable to similar plans offered by its competitors. The amounts deferred under the SEDP for the named executive officers are reported below in the Summary Compensation Table and the Nonqualified Deferred Compensation Table.

Hedging. Company policy prohibits executives from entering into hedging transactions (such as put and call options) that would operate to lock-in value of their equity compensation awards at specified levels. Executive officers are also prohibited from pledging the Company's stock or holding such stock in margin accounts. Accordingly, the executive officers bear the full risk of economic loss, like any other shareholder, with respect to their equity holdings.

Employment Agreements. We have entered into employment agreements with each of our named executive officers. We believe that the employment agreements with our named executive officers achieve two important goals crucial to our long-term financial success: the long-term retention of our senior executives and their commitment to the attainment of our strategic objectives. We believe the agreements allow our named executive officers to continue to focus their attention on our business operations and strategic plans without undue concern over their own financial situations during periods when substantial disruptions and distractions might otherwise prevail. Upon the cessation of a named executive officer's employment due to termination by the Company without cause or by reason of death or incapacity, the named executive officer (other than for Mr. Dean and Mr. Probert, whose agreements are described below) will receive continued payment of his or her base and medical insurance coverage for a period of 12 months together with a reimbursement of up to \$6,000 of any tax liability incurred by the executive in the event benefits received pursuant to such continued coverage result in taxable income to the executive.

On March 12, 2010, we entered into an employment agreement with Michael D. Dean who initially served as our President and Chief Executive Officer Elect and became our President and Chief Executive Officer on July 1, 2010. A summary of the material terms of Mr. Dean's agreement are described more fully in "President and Chief Executive Office Employment Agreement" below. Upon the cessation of his employment due to termination by the Company without cause or by him for good reason, or by reason of his death or incapacity, he will receive continued payment of his base salary and medical insurance coverage for a period of 12 months.

On June 11, 2011, we entered into an employment agreement with Gregory L. Probert who serves as our Executive Vice Chairman. Upon cessation of employment due to termination by the Company without cause or by him for good reason, or by reason of death or incapacity, he will receive continued payment of base salary for a period of 12 months or the end of the three-year term of his employment agreement, if longer.

The severance payments and benefits for the named executive officers are an important part of employment arrangements designed to retain these named executive officers and provide certainty with respect to the payments and benefits to be provided upon certain termination events.

A summary of the material terms of the officer employment agreements, together with a quantification of the severance benefits payable under those agreements to each of the executive officers named in the Summary Compensation Table may be found in the section below entitled "Employment Agreements and Potential Payments upon Termination or Change in Control."

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code disallows a tax deduction to publicly held companies for compensation paid to certain of their named executive officers to the extent such compensation exceeds \$1.0 million per covered officer in any year. The limitation applies only to compensation that is not considered to be performance-based under the terms of Section 162(m). We attempt to structure our compensation arrangements to achieve deductibility under Section 162(m), unless the benefit of such deductibility is outweighed by the need for flexibility or the attainment of other corporate objectives. The compensation paid to our named executive officers for 2011 did not exceed the \$1.0 million limit per officer. However, as we continue to increase salaries and bonuses for our named executive officers, together with the amounts recognized from equity awards, it is possible that the non-performance-based compensation payable to our named executive officers will exceed the \$1.0 million limit in one or more future years. We believe that in establishing the cash and equity incentive compensation programs for our named executive officers, the potential deductibility of the compensation payable under those programs should be only one of a number of relevant factors taken into consideration, and not the sole governing factor. For that reason, we may deem it appropriate to provide one or more named executive officers with the opportunity to earn incentive compensation, whether through cash bonus programs tied to our financial performance or through equity awards, which together with base salary in the aggregate may be in excess of the amount deductible by reason of Section 162(m) or other provisions of the Internal Revenue Code. We believe it is important to maintain cash and equity incentive compensation at the levels needed to attract and retain the named executive officers essential to our success, even if all or part of that compensation may not be deductible by reason of the Section 162(m) limitation.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis disclosure with management. Compensation Committee Interlocks and Insider Participation. No member of the Compensation Committee at any time during 2011 was an officer or employee of the Company. None of our executive officers, with the exception of Mr. Dean and Mr. Probert, as noted above, at any time during 2011 served on the Board of Directors or Compensation Committee of any entity that had one or more executive officers serving as a member of our Board or our Compensation Committee.

Risk Assessment of Compensation Program

The Company's compensation programs are designed to maintain an appropriate balance between incentives for long-term and short-term performances by utilizing a combination of compensation components, including base salary, annual cash bonus awards, and long-term equity awards. Although not all employees in the organization have compensation comprised of all three of these components, our compensation programs are generally structured so that any cash bonus awards based on short-term performances are not likely to constitute the predominant element of an employee's total compensation package and that other components will serve to balance the package. For this reason, the Company does not believe that its use of any cash bonus awards based upon short-term performance is reasonably likely to encourage excessive risk-taking by the participants in those compensation programs.

Table of Contents

In addition, a significant portion of the compensation provided to named executive officers and other senior officers is in the form of long-term equity awards that are tied to the value of our common stock: as the stock price appreciates, the amount of compensation increases. Accordingly, these awards further align the interests of management with those of the Company's shareholders. As described previously, the vesting of equity awards granted in 2010 and 2011 to our named executive officers is subject to the attainment of certain performance goals, with such attainment to occur at any time over the 10 year term of the awards. The performance goals are tied to targeted levels of our operating margins and are intended to create and sustain long term performance, thereby creating shareholder value. The long period of time in which the performance goals triggering vesting may be achieved discourages unnecessary or excessive risk taking because the ultimate value of the awards is tied to the Company's stock price.

Executive Compensation

The following table sets forth a summary, for the years ended December 31, 2011, 2010 and 2009, of the compensation of the principal executive officer, the principal financial officer, the three most highly compensated executive officers of the Company (not including the principal executive officer and the principal financial officer) whose total compensation for the 2011 fiscal year was in excess of \$100,000 and who were serving as executive officers at the end of 2011. The listed individuals shall be hereinafter referred to as the "named executive officers." No other executive officers who would have otherwise been includable in such table on the basis of total compensation for 2010 have been excluded by reason of their termination of employment or change in executive status during that year.

Amounts reflect the aggregate grant date fair value of the option grant made in each applicable fiscal year, in each instance calculated in accordance with FASB ASC Topic 718. See Note 10 to the Notes to Consolidated Financial Statements set forth in Item 8 of the 2011 Annual Report filed on Form 10-K filed with the SEC on March 5, 2012 for a description of the assumptions used in calculating such fair value. For this purpose, the estimate of forfeitures relating to vesting conditions is disregarded. The option awards include both non-qualified stock options and performance-based stock options. With respect to the performance-based stock options, the aggregate grant date fair value is based on the probable outcome of the attainment of the performance goals. For this purpose, the probable outcome of the attainment of the performance goals is full attainment.

- (2) Earnings is defined to reflect the difference in the account balance between the beginning and end of the year, less any executive or Company contributions and any amounts withdrawn or distributed. Earnings include realized and unrealized gains, capital gains and dividends paid. These amounts do not constitute above-market or preferential earnings and, accordingly, are not included in amounts in the Summary Compensation Table above.
- (3) Mr. DeWyze contributed income deferral amounts of \$54,881, \$45,329, and \$26,732 into the Supplemental Elective Deferral Plan for the years ended December 31, 2011, 2010, and 2009, respectively.

The SEDP permits the named executive officers, certain other employees and the Company's non-employee Directors with the opportunity to defer specified percentages (up to 75 percent) of their compensation, including amounts that could not be deferred under the Company's Tax Deferred Retirement Plan because of the limitations under such plan imposed by the Internal Revenue Code. Participants may elect deferred amounts to be paid in monthly payments over 3 or 5 years or in a lump sum upon separation from service. Deferrals are credited with gain or loss based on the performance of one or more investment alternatives selected by the participant from among the investment funds offered by the Board. No actual investments are held in the participants' accounts and participants will at all times remain general unsecured creditors of the Company with respect to their account balances.

Employment Agreements and Potential Payments upon a Change in Control

The Company has employment agreements in place with each of its named executive officers. Among other things, these employment agreements set minimum annual base salaries for each named executive officer and also establish that each named executive officer is eligible to participate in the Company's executive bonus program. Payment of any bonus will be at the sole discretion of the Compensation Committee. The following table includes the minimum annual base salary pursuant to the terms of their respective employment agreements and their base salaries as of December 31, 2011,

as established by the Compensation Committee in accordance with the terms of their respective employment agreements:

Name	Minimum Annual Base Salary (\$)	Base Salary as of December 31, 2011 (\$)

Jamon A. Jarvis	175,360	222,000
John R. DeWyze	195,000	205,000

Pursuant to the terms of the employment agreement for each of our named executive officers (other than Mr. Dean and Mr. Probert, whose agreements are described below), each named executive officer is eligible to receive certain termination benefits. The employment agreements for our named executive officers (other than Mr. Probert) provide that in the event the named executive officer is terminated by the Company without cause or in the event the named executive officer's employment ceases due to death or incapacity, he will be entitled to receive a severance payment equal to his annual base salary for the year of termination payable in 12 equal monthly installments and continued medical insurance coverage for 12 months, together with a reimbursement of up to \$6,000 of any tax liability incurred by the executive in the event benefits received pursuant to such continued coverage result in taxable income to the executive. Pursuant to the terms of their employment agreements, for a period of one year after the cessation of the named executive officer's employment, the named executive officer will be subject to certain non-compete and non-solicitation covenants.

Chief Executive Officer Employment Agreement

On March 12, 2010, we entered into an employment agreement with Michael Dean who initially served as our President and Chief Executive Officer Elect and became our President and Chief Executive Officer on July 1, 2010. His agreement provides a minimum base salary of \$400,000, which is subject to at least an annual review by the Compensation Committee of the Board of Directors and a discretionary bonus for each calendar year of up to one hundred percent (100%) of his base salary. In addition, Mr. Dean is eligible to participate in the Company's cash bonus, option grants, and other performance-based incentives. Upon the cessation of his employment due to termination by the Company without cause or by him for good reason, or by reason of his death or incapacity, he will receive continued payment of his base salary and medical insurance coverage for a period of 12 months. Pursuant to Mr. Dean's employment agreement, "good reason" occurs when (i) without Mr. Dean's express written consent, there is a material breach by the Company of any material contractual obligation to Mr. Dean under the terms of his employment agreement or Mr. Dean's duties or responsibilities, as set forth in the agreement, are materially diminished; (ii) Mr. Dean provides written notice of such breach or diminution to the Company within thirty (30) days of his knowledge of the occurrence of the breach or diminution; (iii) the Company fails to cure the breach or diminution within thirty (30) days after receipt of such notice; and (iv) Mr. Dean terminates his employment with the Company within thirty (30) days following the expiration of such cure period.

Pursuant to the terms of his employment agreement, on March 12, 2010, Mr. Dean was also granted two options under the 2009 Plan as follows: an option to purchase 150,000 shares of Common Stock of the Company, which vests in three equal annual installments over each year of service measured from March 12, 2010, and an option to purchase 50,000 shares of Common Stock of the Company, which vests in three equal installments upon the achievement of 6%, 8% and 10% operating income margins as reported, adjusted for stock-based compensation expense, during four of five consecutive fiscal quarters over the term of the option, provided Mr. Dean remains in employment with the Company through the end of the last quarter in which the performance goal is achieved. The options are subject to accelerated vesting upon a change in control or upon Mr. Dean's involuntary

termination other than for cause or by him for good reason. The operating income margin goals were not achieved in 2010 and therefore the performance-based option did not vest in 2010; however, based on the operating income margins achieved in 2011, ²/₃ of the performance based option vested on December 31, 2011, as certified by the Company's Compensation Committee on March 1, 2012 prior to the issuance of the Company's 2011 Annual Report on Form 10-K. Each option granted to Mr. Dean has a term of ten years.

Mr. Probert's Employment Agreement

On June 16, 2011, we entered into an employment agreement with Mr. Probert, who serves as the Company's Executive Vice Chairman and as a member of the Board of Directors. His agreement provides for a minimum base salary of \$240,000 which is subject to at least an annual review by the Compensation Committee and a target bonus of 100% of his base salary. The agreement has a term of three years and provides that in the event of his employment being terminated by the Company without cause, or by him for "good reason", or by reason of death or disability, he will be entitled to receive a severance payment equal to his base salary throughout the then remaining term of his employment agreement or to his base salary for 12 months from and after such termination payable in 12 equal monthly installments, whichever is greater. Pursuant to Mr. Probert's employment agreement, "good reason" occurs when (i) without Mr. Probert's express written consent, (a) there is a material breach by the Company of any material contractual obligation to Mr. Probert under the terms of his employment agreement, (b) Mr. Probert's title or position is changed to one of lesser stature and materially less authorities, duties or responsibilities; (c) he is required to report to an office or governing body lower than the Board of Directors (in his role as a member of the Board) or the chief executive officer (in his executive role) or (d) he is no longer serving as a member of the Board of Directors for any reason other than his resignation or removal for cause, (ii) Mr. Dean provides written notice of such breach or diminution to the Company within sixty (60) days of his knowledge of the occurrence of the event giving rise to good reason; (iii) the Company fails to cure the breach or diminution within thirty (30) days after receipt of such notice; and (iv) Mr. Probert terminates his employment with the Company within thirty (30) days following the expiration of such cure period. In the event that any severance payments or benefits in connection with a change in control result in an excise tax under Section 280G of the Internal Revenue Code, the payments and benefits will be subject to reduction so as to maximize his net after tax benefit after taking into account all taxes (including any such excise tax).

Pursuant to the terms of his employment agreement, on June 16, 2011, Mr. Probert was also granted two options under the 2009 Plan as follows: an option to purchase 100,000 shares of Common Stock of the Company, which vests in three equal annual installments over each year of service measured from June 16, 2011, and an option to purchase 100,000 shares of Common Stock of the Company, which vests in three equal installments upon the achievement of 6%, 8% and 10% operating income margins as reported, adjusted for stock-based compensation expense, during four of five consecutive fiscal quarters over the term of the option, provided Mr. Probert remains in employment with the Company through the end of the last quarter in which the performance goal is achieved. The options are subject to accelerated vesting upon a change in control or upon Mr. Probert's involuntary termination by the Company other than for cause or by him for good reason. Each option granted to Mr. Probert has a term of ten years.

Equity Awards

Each outstanding option held by our named executive officers will accelerate in full upon a change in control of the Company. A change in control generally includes: (i) acquisition of more than fifty percent (50%) of the Company's voting stock by any person or group of related persons; (ii) approval of a merger or consolidation as a result of which less than 50% of the outstanding voting securities are

owned by stockholders of the Company immediately prior to such reorganization, (iii) approval by the stockholders of all or substantially all of the Company's assets, (iv) a change in the composition of the Board such that a majority of the directors who are currently on the Board, together with those subsequently nominated by such directors, no longer constitute a majority of the Board.

Potential Payments upon Termination

The following table sets forth the estimated payments and benefits that would have been payable to all of the named executive officers under their agreements in the termination circumstances as described above had their employment terminated on December 31, 2011. All cash payments are assumed to be made in a lump sum and would be paid by the Company. The amounts set forth in this table represent estimates and forward-looking information that is subject to substantial variation, based on the timing of the triggering event. The Company cautions the reader to consider these limitations in reviewing the following table.

- (2) During the year ended December 31, 2007, the Company issued nonqualified options to purchase shares of common stock outside of any shareholder approved stock incentive plan. These option grants were subsequently approved by the shareholders.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

The Board's Audit Committee is responsible for review, approval, or ratification of "related-person transactions" involving the Company or its subsidiaries and related persons. Under SEC rules, a related person is a Director, officer, nominee for Director, or five percent shareholder of the Company since the beginning of the previous fiscal year, and their immediate family members. We have adopted written policies and procedures that apply to any transaction or series of transactions in which the Company or a subsidiary is a participant, the amount involved exceeds \$120,000, and a related person has a direct or indirect material interest. If the Audit Committee determines a related person has a material interest in a transaction, the Audit Committee may approve, ratify, rescind, or take other action with respect to the transaction in its discretion.

Eugene L. Hughes, a former member of our Board of Directors, retired as an employee of the Company effective as of December 22, 2008. The Company and Mr. Hughes entered into a Retirement and Consulting Agreement, dated as of December 9, 2008, pursuant to which Mr. Hughes provides consulting services to the Company for an initial term of eight years following his retirement. In exchange for such consulting services, Mr. Hughes will receive (i) annual compensation of \$215,000 for the first two years of service, (ii) annual compensation of \$100,000 for the remainder of the initial term, (iii) annual compensation of \$50,000 for each year in which he provides services after the initial term, and (iv) certain medical and life insurance benefits.

Kristine F. Hughes is the spouse of Mr. Hughes, who is an emeritus member of our Board of Directors.

Kent Hastings, Employee Director of International Compensation Analysis, is the son-in-law of Kristine F. Hughes. His compensation for fiscal year 2011, inclusive of his fiscal year 2011 bonus, Company's 401(k) match, and product credit, was below the \$120,000 disclosure limitation.

On June 16, 2011, Gregory L. Probert was appointed to the Board of Directors. On this same date, we entered into an employment agreement with Mr. Probert to serve as our Executive Vice Chairman.

Mr. Probert's employment agreement has a term of three years and provides that Mr. Probert will dedicate one-half of his business time to the Company. The employment agreement provides a base salary of \$240,000, which is subject to at least an annual review by the Board of Directors. In addition, Mr. Probert is eligible to participate in the Company's annual cash bonus program up to 100% of his base salary. Upon the cessation of his employment due to termination by the Company without cause or by him for good reason, or by reason of his death or incapacity, he will receive continued payment of his base salary for the remaining balance of his three-year term of employment or for the 12 months following his termination, whichever time period is greater.

On June 16, 2011, Mr. Probert was also granted options to purchase 200,000 of common stock under the 2009 Stock Incentive Plan. The options were granted with an exercise price of \$15.05 per share, the market price on the day of the grant. 100,000 options will vest in three equal annual installments subject to Mr. Probert's continued employment over the three year period measured from the date of the employment agreement, while 33,333 options will vest upon the Company achieving a 6 percent operating income margin based upon the Company's reported financial results for four out of five consecutive quarters, 33,333 options will vest upon the Company achieving a 8 percent operating income margin based upon the Company's reported financial results for four out of five consecutive quarters, and 33,334 options will vest upon the Company achieving a 10 percent operating income margin based upon the Company's reported financial results, adjusted for stock-based compensation expense, for four out of five consecutive quarters, provided he remains employed with the Company through the last day of the first fiscal quarter in which the performance goal is achieved. The options have a term of ten years.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (*e.g.*, brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as "householding," potentially means extra convenience for shareholders and cost savings for companies.

This year, a number of brokers with account holders who are our shareholders will be "householding" the proxy materials. A single proxy statement will be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement and annual report, you may (i) notify your broker, (ii) direct your written request to our Corporate Secretary at our principal executive offices at 75 East 1700 South, Provo, Utah 84606, or (3) contact Nature's Sunshine directly at (801) 342-4300. Shareholders who currently receive multiple copies of the proxy statement at their address and would like to request "householding" of their communications should contact their broker. In addition, we will promptly deliver, upon written or oral request at the address or telephone number above, a separate copy of the proxy statement and annual report to a shareholder at a shared address to which a single copy of these materials was delivered.

OTHER MATTERS

The Board of Directors knows of no other business that will be presented at the Annual Meeting. If any other business is properly brought before the Annual Meeting, it is intended that the proxies in the enclosed form will be voted in accordance with the judgment of the person voting the proxies.

Whether or not you plan to attend the Annual Meeting, it is important that your shares be represented and voted at the meeting regardless of the number of shares you may hold. Therefore, I urge you to vote as promptly as possible. You may vote your shares by visiting the website <http://www.voteproxy.com>. To limit printing and other expenses for the Company and its shareholders, shareholders will not receive a printed copy of the proxy materials unless they have previously made a permanent election to receive these materials in printed form. Timely voting will ensure your representation at the Annual Meeting. If you decide to attend the Annual Meeting, you will be able to vote in person, even if you have previously submitted your proxy.

By Order of the Board of Directors

jurisdictions in which the Company or an Affiliate may operate, including, without limitation, establishing any special rules for Affiliates, Eligible Persons or Participants located in any particular country, in order to meet the objectives of the Plan and to ensure the viability of the intended benefits of Awards granted to Participants located in such non-United States jurisdictions. Unless otherwise expressly provided in the Plan, all designations, determinations, interpretations and other decisions under or with respect to the Plan or any Award or Award Agreement shall be within the sole discretion of the Committee, may be made at any time and shall be final, conclusive and binding upon any Participant, any holder or beneficiary of any Award or Award Agreement, and any employee of the Company or any Affiliate.

(b) Power and Authority of the Board. Notwithstanding anything to the contrary contained herein, the Board may, at any time and from time to time, without any further action of the Committee, exercise the powers and duties of the Committee under the Plan, unless the exercise of such powers and duties by the Board would cause the Plan not to comply with the requirements of Rule 16b-3 or Section 162(m).

Section 4. Shares Available for Awards

(a) Shares Available. Subject to adjustment as provided in Section 4(c) of the Plan, the aggregate number of Shares that may be issued under all Awards under the Plan shall be the sum of: (i) One Million Five Hundred Thousand (1,500,000) and (ii) any Shares subject to any award under the 2009 Plan that, after the effective date of this Plan, are not purchased or are forfeited or reacquired by the Company, or otherwise not delivered due to termination or cancellation of such award, up to a maximum of 400,000 shares. Shares to be issued under the Plan may be authorized but unissued Shares, treasury shares or Shares acquired in the open market or otherwise. Notwithstanding the foregoing, (i) the number of Shares available for granting Incentive Stock Options under the Plan shall not exceed One Million Five Hundred Thousand (1,500,000), subject to adjustment as provided in Section 4(c) of the Plan and subject to the provisions of Section 422 or 424 of the Code or any successor provision and (ii) the number of Shares available for granting Restricted Stock and Restricted Stock Units shall not exceed Seven Hundred and Fifty Thousand (750,000), subject to adjustment as provided in Section 4(c) of the Plan. If an Award terminates or is forfeited or cancelled without the issuance of any Shares, or if any Shares covered by an Award or to which an Award relates are not issued for any other reason, then the number of Shares counted against the aggregate number of Shares available under the Plan with respect to such Award, to the extent of any such termination, forfeiture, cancellation or other event, shall again be available for granting Awards under the Plan. If Shares of Restricted Stock are forfeited or otherwise reacquired by the Company prior to vesting, whether or not dividends have been paid on such Shares, then the number of Shares counted against the aggregate number of Shares available under the Plan with respect to such Award of Restricted Stock, to the extent of any such forfeiture or reacquisition by the Company, shall again be available for granting Awards under the Plan. Shares that are withheld in full or partial payment to the Company of the purchase or exercise price relating to an Award or in connection with the satisfaction of tax obligations relating to an Award shall not be available for granting Awards under the Plan.

(b) Accounting for Awards. For purposes of this Section 4, if an Award entitles the holder thereof to receive or purchase Shares, the number of Shares covered by such Award or to which such Award relates shall be counted on the date of grant of such Award against the aggregate number of Shares available for granting Awards under the Plan. For Stock Appreciation Rights settled in Shares upon exercise, the aggregate number of Shares with respect to which the Stock Appreciation Right is exercised, rather than the number of Shares actually issued upon exercise, shall be counted against the number of Shares available for Awards under the Plan. Awards that

Table of Contents

do not entitle the holder thereof to receive or purchase Shares and Awards that are settled in cash shall not be counted against the aggregate number of Shares available for Awards under the Plan.

(c) Adjustments. In the event that any dividend or other distribution (whether in the form of cash, Shares, other securities or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of Shares or other securities of the Company, issuance of warrants or other rights to purchase Shares or other securities of the Company or other similar corporate transaction or event affects the Shares such that an adjustment is necessary in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the Committee shall, in such manner as it may deem equitable, adjust any or all of (i) the number and type of Shares (or other securities or other property) that thereafter may be made the subject of Awards, (ii) the number and type of Shares (or other securities or other property) available for granting Incentive Stock Options, (iii) the number and type of Shares (or other securities or other property) available for granting Restricted Stock and Restricted Stock Units, (iv) the number and type of Shares (or other securities or other property) subject to awards under the 2009 Plan that may be added to the share reserve under the Plan, (v) the number and type of Shares (or other securities or other property) subject to outstanding Awards, (vi) the purchase price or exercise price with respect to any Award and (vii) the limitations contained in Section 4(d) of the Plan; *provided, however*, that the number of Shares covered by any Award or to which such Award relates shall always be a whole number. Such adjustment shall be made by the Committee or the Board, whose determination in that respect shall be final, binding and conclusive.

(d) Award Limitations Under the Plan.

- (i) Section 162(m) Limitation for Certain Types of Awards. No Eligible Person may be granted Options, Stock Appreciation Rights or any other Award or Awards under the Plan, the value of which Award or Awards is based solely on an increase in the value of the Shares after the date of grant of such Award or Awards, and which is intended to represent "qualified performance-based compensation" with the meaning of Section 162(m), for more than Four Hundred Thousand (400,000) Shares (subject to adjustment as provided for in Section 4(c) of the Plan), in the aggregate in any taxable year.
- (ii) Section 162(m) Limitation for Performance Awards Denominated in Shares. No Eligible Person may be granted Performance Awards denominated in Shares (including, without limitation, Restricted Stock and Restricted Stock Units, but excluding Awards described in Section 4(d)(i) above), and which are intended to represent "qualified performance-based compensation" with the meaning of Section 162(m), for more than Four Hundred Thousand (400,000) Shares (subject to adjustment as provided for in Section 4(c) of the Plan), in the aggregate in any taxable year.
- (iii) Section 162(m) Limitation for Performance Awards Denominated in Cash. The maximum amount payable pursuant to all Performance Awards denominated in cash to any Participant in the aggregate in any taxable year shall be One Million Dollars (\$1,000,000) in value, whether payable in cash, Shares or other property. The limitation contained in this Section 4(d)(iii) does not apply to any Award subject to the limitation contained in Section 4(d)(i) or Section 4(d)(ii). The limitation contained in this Section 4(d)(iii) shall apply only with respect to Awards granted under this Plan, and limitations on awards granted under any other stockholder approved executive incentive plan maintained by the Company will be governed solely by the terms of such other plan.

Section 5. Eligibility

Any Eligible Person shall be eligible to be designated a Participant. In determining which Eligible Persons shall receive an Award and the terms of any Award, the Committee may take into account the nature of the services rendered by the respective Eligible Persons, their present and potential contributions to the success of the Company or such other factors as the Committee, in its discretion, shall deem relevant. Notwithstanding the foregoing, an Incentive Stock Option may only be granted to full-time or part-time employees (which term as used herein includes, without limitation, officers and directors who are also employees), and an Incentive Stock Option shall not be granted to an employee of an Affiliate unless such Affiliate is also a "subsidiary corporation" of the Company within the meaning of Section 424(f) of the Code or any successor provision.

Section 6. Awards

(a) Options. The Committee is hereby authorized to grant Options to Eligible Persons with the following terms and conditions and with such additional terms and conditions not inconsistent with the provisions of the Plan as the Committee shall determine:

- (i) *Exercise Price.* The purchase price per Share purchasable under an Option shall be determined by the Committee and shall not be less than 100% of the Fair Market Value of a Share on the date of grant of such Option; *provided, however,* that the Committee may designate a purchase price below Fair Market Value on the date of grant (A) to the extent necessary or appropriate, as determined by the Committee, to satisfy applicable legal or regulatory requirements of a foreign jurisdiction or (B) if the Option is granted in substitution for a stock option previously granted by an entity that is acquired by or merged with the Company or an Affiliate.
- (ii) *Option Term.* The term of each Option shall be fixed by the Committee at the time but shall not be longer than ten (10) years from the date of grant.
- (iii) *Time and Method of Exercise.* The Committee shall determine the time or times at which an Option may be exercised in whole or in part and the method or methods by which, and the form or forms (including, without limitation, cash, Shares, promissory notes (*provided, however,* that the par value of any Shares to be issued pursuant to such exercise shall be paid in the form of cash, services rendered, personal property, real property or a combination thereof and the acceptance of such promissory notes does not conflict with Section 402 of the Sarbanes-Oxley Act of 2002), other securities, other Awards or other property, or any combination thereof, having a Fair Market Value on the exercise date equal to the applicable exercise price) in which, payment of the exercise price with respect thereto may be made or deemed to have been made. The Committee may, in its discretion, permit an Option to be exercised through a special sale and remittance procedure pursuant to which the Participant shall concurrently provide instructions to (a) a brokerage firm (reasonably satisfactory to the Company for purposes of administering such procedure in compliance with the Company's pre-clearance/pre-notification policies) to effect the immediate sale of all or a portion of the purchased shares and remit to the Company, out of the sale proceeds available on the settlement date, sufficient funds to cover the aggregate exercise price payable for the purchased shares plus all applicable income and employment taxes required to be withheld by the Company by reason of such exercise and (b) the Company to deliver the certificates for the purchased shares directly to such brokerage firm on such settlement date in order to complete the sale. Alternatively, except with respect to Incentive Stock Options, the Committee may, in its discretion, permit an Option to be exercised by delivering to

Table of Contents

the Participant a number of Shares having an aggregate Fair Market Value (determined as of the date of exercise) equal to the excess, if positive, of the Fair Market Value of the Shares underlying the Option being exercised, on the date of exercise, over the exercise price of the Option for such Shares.

(iv)

Incentive Stock Options. Notwithstanding anything in the Plan to the contrary, the following additional provisions shall apply to the grant of stock options which are intended to qualify as Incentive Stock Options, *provided, however*, that in the event the Plan fails to be approved by the stockholders of the Company within one year of its adoption by the Board as required in Section 10, such Incentive Stock Options shall be deemed to be Non-Qualified Stock Options issued under the Plan:

(A)

The Committee will not grant Incentive Stock Options in which the aggregate Fair Market Value (determined as of the time the Option is granted) of the Shares with respect to which Incentive Stock Options are exercisable for the first time by any Participant during any calendar year (under this Plan and all other plans of the Company and its Affiliates) shall exceed \$100,000.

(B)

All Incentive Stock Options must be granted within ten years from the earlier of the date on which this Plan was adopted by the Board or the date this Plan was approved by the stockholders of the Company.

(C)

Unless sooner exercised, all Incentive Stock Options shall expire and no longer be exercisable no later than 10 years after the date of grant; *provided, however*, that in the case of a grant of an Incentive Stock Option to a Participant who, at the time such Option is granted, owns (within the meaning of Section 422 of the Code) stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or of its Affiliate, such Incentive Stock Option shall expire and no longer be exercisable no later than 5 years from the date of grant.

(D)

The purchase price per Share for an Incentive Stock Option shall be not less than 100% of the Fair Market Value of a Share on the date of grant of the Incentive Stock Option; *provided, however*, that, in the case of the grant of an Incentive Stock Option to a Participant who, at the time such Option is granted, owns (within the meaning of Section 422 of the Code) stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or of its Affiliate, the purchase price per Share purchasable under an Incentive Stock Option shall be not less than 110% of the Fair Market Value of a Share on the date of grant of the Incentive Stock Option.

(E)

Any Incentive Stock Option authorized under the Plan shall contain such other provisions as the Committee shall deem advisable, but shall in all events be consistent with and contain all provisions required in order to qualify the Option as an Incentive Stock Option.

(b) Stock Appreciation Rights. The Committee is hereby authorized to grant Stock Appreciation Rights to Eligible Persons subject to the terms of the Plan and any applicable Award Agreement. A Stock Appreciation Right granted under the Plan shall confer on the holder thereof a right to receive upon exercise thereof the excess of (i) the Fair Market Value of one Share on the date of exercise over (ii) the grant price of the Stock Appreciation Right as specified by the Committee, which price shall not be less than 100% of the Fair Market Value of one Share on the date of grant of the Stock Appreciation Right; *provided, however*, that the Committee may designate a grant price below Fair Market Value on the date of grant (A) to the extent necessary

or appropriate, as determined by the Committee, to satisfy applicable legal or regulatory requirements of a foreign jurisdiction or (B) if the Stock Appreciation Right is granted in substitution for a stock appreciation right previously granted by an entity that is acquired by or merged with the Company or an Affiliate. Subject to the terms of the Plan and any applicable Award Agreement, the grant price, term, methods of exercise, dates of exercise, methods of settlement and any other terms and conditions of any Stock Appreciation Right shall be as determined by the Committee. The Committee may impose such conditions or restrictions on the exercise of any Stock Appreciation Right as it may deem appropriate.

(c) Restricted Stock and Restricted Stock Units. The Committee is hereby authorized to grant an Award of Restricted Stock and Restricted Stock Units to Eligible Persons with the following terms and conditions and with such additional terms and conditions not inconsistent with the provisions of the Plan as the Committee shall determine:

(i) *Restrictions.* Shares of Restricted Stock and Restricted Stock Units shall be subject to such restrictions as the Committee may impose (including, without limitation, any limitation on the right to vote a Share of Restricted Stock or the right to receive any dividend or other right or property with respect thereto), which restrictions may lapse separately or in combination at such time or times, in such installments or otherwise as the Committee may deem appropriate. Notwithstanding the foregoing, the Committee may permit acceleration of vesting of such Awards in the event of the Participant's death, disability or retirement or a Change in Control.

(ii) *Issuance and Delivery of Shares.* Any Restricted Stock granted under the Plan shall be issued at the time such Awards are granted and may be evidenced in such manner as the Committee may deem appropriate, including book-entry registration or issuance of a stock certificate or certificates, which certificate or certificates shall be held by the Company. Such certificate or certificates shall be registered in the name of the Participant and shall bear an appropriate legend referring to the restrictions applicable to such Restricted Stock. Shares representing Restricted Stock that are no longer subject to restrictions shall be delivered to the Participant promptly after the applicable restrictions lapse or are waived. In the case of Restricted Stock Units, no Shares shall be issued at the time such Awards are granted. Upon the lapse or waiver of restrictions and the restricted period relating to Restricted Stock Units evidencing the right to receive Shares, such Shares shall be issued and delivered to the holder of the Restricted Stock Units.

(iii) *Forfeiture.* Except as otherwise determined by the Committee, upon a Participant's termination of employment or resignation or removal as a director (in either case, as determined under criteria established by the Committee) during the applicable restriction period, all Shares of Restricted Stock and all Restricted Stock Units held by the Participant at such time shall be forfeited and reacquired by the Company; *provided, however,* that the Committee may, when it finds that a waiver would be in the best interest of the Company, waive in whole or in part any or all remaining restrictions with respect to Shares of Restricted Stock or Restricted Stock Units, except as otherwise provided in the Award Agreement.

(d) Performance Awards. The Committee is hereby authorized to grant Performance Awards to Eligible Persons subject to the terms of the Plan and any applicable Award Agreement. A Performance Award granted under the Plan (i) may be denominated or payable in cash, Shares (including, without limitation, Restricted Stock and Restricted Stock Units), other securities, other Awards or other property and (ii) shall confer on the holder thereof the right to receive payments, in whole or in part, upon the achievement of one or more objective Performance Goals during

Table of Contents

such performance periods as the Committee shall establish. Subject to the terms of the Plan, the Performance Goals to be achieved during any performance period, the length of any performance period, the amount of any Performance Award granted, the amount of any payment or transfer to be made pursuant to any Performance Award and any other terms and conditions of any Performance Award shall be determined by the Committee. Performance Awards that are granted to Eligible Persons who may be "covered employees" under Section 162(m) and that are intended to be "qualified performance-based compensation" within the meaning of Section 162(m), to the extent required by Section 162(m), shall be conditioned solely on the achievement of one or more objective Performance Goals established by the Committee within the time prescribed by Section 162(m), and shall otherwise comply with the requirements of Section 162(m), as described below.

- (i) *Timing of Designations; Duration of Performance Periods.* For each Award intended to be "qualified performance-based compensation", the Committee shall, not later than 90 days after the beginning of each performance period, (i) designate all Participants for such performance period and (ii) establish the objective performance factors for each Participant for that performance period on the basis of one or more of Performance Goals; provided that, with respect to such Performance Goals, the outcome is substantially uncertain at the time the Committee actually establishes the Performance Goal. The Committee shall have sole discretion to determine the applicable performance period, provided that in the case of a performance period less than 12 months, in no event shall a performance goal be considered to be pre-established if it is established after 25 percent of the performance period (as scheduled in good faith at the time the Performance Goal is established) has elapsed.
- (ii) *Certification.* Following the close of each performance period and prior to payment of any amount to a Participant with respect to an Award intended to be "qualified performance-based compensation," the Committee shall certify in writing as to the attainment of all factors (including the performance factors for a Participant) upon which any payments to a Participant for that performance period are to be based.
- (iii) *Payment of Qualified Performance Awards.* Certified Awards shall be paid no later than two and one-half months following the conclusion of the applicable performance period; *provided, however,* that the Committee may establish procedures that allow for the payment of Awards on a deferred basis subject to the requirements of Section 409A. The Committee may, in its discretion, reduce the amount of a payout achieved and otherwise to be paid in connection with an Award intended to be "qualified performance-based compensation," but may not exercise discretion to increase such amount.
- (iv) *Certain Events.* If a Participant dies or becomes permanently and totally disabled before the end of a performance period or after the performance period and before an Award is paid, the Committee may, in its discretion, determine that the Participant shall be paid a pro-rated portion of the Award that the Participant would have received but for his or her death or disability.

(e) *Dividend Equivalents.* The Committee is hereby authorized to grant Dividend Equivalents to Eligible Persons under which the Participant shall be entitled to receive payments (in cash, Shares, other securities, other Awards or other property as determined in the discretion of the Committee) equivalent to the amount of cash dividends paid by the Company to holders of Shares with respect to a number of Shares determined by the Committee. Subject to the terms of the Plan and any applicable Award Agreement, such Dividend Equivalents may have such terms and conditions as the Committee shall determine.

(f) **Stock Awards.** The Committee is hereby authorized to grant to Eligible Persons Shares without restrictions thereon, as deemed by the Committee to be consistent with the purpose of the Plan. Subject to the terms of the Plan and any applicable Award Agreement, such Stock Awards may have such terms and conditions as the Committee shall determine.

(g) **Other Stock-Based Awards.** The Committee is hereby authorized to grant to Eligible Persons such other Awards that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, Shares (including, without limitation, securities convertible into Shares), as are deemed by the Committee to be consistent with the purpose of the Plan. The Committee shall determine the terms and conditions of such Awards, subject to the terms of the Plan and any applicable Award Agreement. Shares or other securities delivered pursuant to a purchase right granted under this Section 6(g) shall be purchased for consideration having a value equal to at least 100% of the Fair Market Value of such Shares, or other securities on the date the purchase right is granted. The consideration paid by the Participant may be paid by such method or methods and in such form or forms (including, without limitation, cash, Shares, promissory notes (*provided, however*, that the par value of any Shares to be issued pursuant to such exercise shall be paid in the form of cash, services rendered, personal property, real property or a combination thereof and the acceptance such promissory notes does not conflict with Section 402 of the Sarbanes-Oxley Act of 2002), other securities, other Awards or other property or any combination thereof), as the Committee shall determine.

(h) **General.**

- (i) *Consideration for Awards.* Awards may be granted for no cash consideration or for any cash or other consideration as may be determined by the Committee or required by applicable law.
- (ii) *Awards May Be Granted Separately or Together.* Awards may, in the discretion of the Committee, be granted either alone or in addition to, in tandem with or in substitution for any other Award or any award granted under any other plan of the Company or any Affiliate. Awards granted in addition to or in tandem with other Awards or in addition to or in tandem with awards granted under any other plan of the Company or any Affiliate may be granted either at the same time as or at a different time from the grant of such other Awards or awards.
- (iii) *Forms of Payment under Awards.* Subject to the terms of the Plan and of any applicable Award Agreement, payments or transfers to be made by the Company or an Affiliate upon the grant, exercise or payment of an Award may be made in such form or forms as the Committee shall determine (including, without limitation, cash, Shares, promissory notes (*provided, however*, that the acceptance of such promissory notes does not conflict with Section 402 of the Sarbanes-Oxley Act of 2002), other securities, other Awards or other property or any combination thereof), and may be made in a single payment or transfer, in installments or on a deferred basis, in each case in accordance with rules and procedures established by the Committee. Such rules and procedures may include, without limitation, provisions for the payment or crediting of reasonable interest on installment or deferred payments or the grant or crediting of Dividend Equivalents with respect to installment or deferred payments.
- (iv) *Term of Awards.* Subject to Section 6(a)(iv)(C), the term of each Award shall be for a period not to exceed ten (10) years from the date of grant.
- (v) *Limits on Transfer of Awards.* Except as otherwise provided by the Committee or in this Section 6(h)(v), no Award (other than a Stock Award) and no right under any such Award shall be transferable by a Participant other than by will or by the laws of

Table of Contents

descent and distribution. Notwithstanding the immediately preceding sentence, no Incentive Stock Option shall be transferable by a Participant other than by will or by the laws of descent and distribution. The Committee may establish procedures as it deems appropriate for a Participant to designate a Person or Persons, as beneficiary or beneficiaries, to exercise the rights of the Participant and receive any property distributable with respect to any Award in the event of the Participant's death. The Committee, in its discretion and subject to such additional terms and conditions as it determines, may permit a Participant to transfer a Non-Qualified Stock Option to any "family member" (as defined in the General Instructions to Form S-8 (or any successor to such Instructions or such Form) under the Securities Act) at any time that such Participant holds such Option, *provided* that such transfers may not be for value (as defined in the General Instructions to Form S-8 (or any successor to such Instructions or such Form) under the Securities Act) and the family member may not make any subsequent transfers other than by will or by the laws of descent and distribution. Each Award under the Plan or right under any such Award shall be exercisable during the Participant's lifetime only by the Participant (except as provided herein or in an Award Agreement or amendment thereto relating to a Non-Qualified Stock Option) or, if permissible under applicable law, by the Participant's guardian or legal representative. No Award (other than a Stock Award) or right under any such Award may be pledged, alienated, attached or otherwise encumbered, and any purported pledge, alienation, attachment or encumbrance thereof shall be void and unenforceable against the Company or any Affiliate.

(vi)

Restrictions; Securities Exchange Listing. All Shares or other securities delivered under the Plan pursuant to any Award or the exercise thereof shall be subject to such restrictions as the Committee may deem advisable under the Plan, applicable federal or state securities laws and regulatory requirements, and the Committee may cause appropriate entries to be made with respect to, or legends to be placed on the certificates for, such Shares or other securities to reflect such restrictions. The Company shall not be required to deliver any Shares or other securities covered by an Award unless and until the requirements of any federal or state securities or other laws, rules or regulations (including the rules of any securities exchange) as may be determined by the Company to be applicable are satisfied.

(vii)

Section 409A Provisions. Notwithstanding anything in the Plan or any Award Agreement to the contrary, to the extent that any amount or benefit that constitutes "deferred compensation" to a Participant under Section 409A and applicable guidance thereunder is otherwise payable or distributable to a Participant under the Plan or any Award Agreement solely by reason of the occurrence of a Change in Control or due to the Participant's disability or "separation from service" (as such term is defined under Section 409A), such amount or benefit will not be payable or distributable to the Participant by reason of such circumstance unless the Committee determines in good faith that (i) the circumstances giving rise to such Change in Control, disability or separation from service meet the definition of a change in ownership or control, disability, or separation from service, as the case may be, in Section 409A(a)(2)(A) of the Code and applicable proposed or final regulations, or (ii) the payment or distribution of such amount or benefit would be exempt from the application of Section 409A by reason of the short-term deferral exemption or otherwise. Any payment or distribution that otherwise would be made to a Participant who is a Specified Employee (as determined by the Committee in good faith) on account of separation from service may not be made before the date which is six months after the date of the Specified Employee's separation from service (or

Table of Contents

if earlier, upon the Specified Employee's death) unless the payment or distribution is exempt from the application of Section 409A by reason of the short term deferral exemption or otherwise.

(viii)

Change in Control. The Committee shall have the discretion, at the time an Award is granted, to determine the treatment of the Award in the event of a Change in Control. Such treatment shall be set forth in terms of the applicable award agreement evidencing the Award.

Section 7. Amendment and Termination; Corrections

(a) Amendments to the Plan. The Board may amend, alter, suspend, discontinue or terminate the Plan at any time; *provided*, however, that, notwithstanding any other provision of the Plan or any Award Agreement, prior approval of the stockholders of the Company shall be required for any amendment to the Plan that:

(i)

requires stockholder approval under the rules or regulations of the Securities and Exchange Commission, the NASDAQ Stock Exchange or any other securities exchange that are applicable to the Company;

(ii)

increases the number of shares authorized under the Plan as specified in Section 4(a) of the Plan;

(iii)

increases the number of shares subject to the limitation contained in Section 4(d)(i) or Section 4(d)(ii) of the Plan or the dollar amount subject to the limitation contained in Section 4(d)(iii) of the Plan;

(iv)

would cause Section 162(m) to become unavailable with respect to the Plan or permits repricing of Options or Stock Appreciation Rights which is prohibited by Section 3(a)(v) of the Plan; or

(v)

permits the award of Options or Stock Appreciation Rights at a price less than 100% of the Fair Market Value of a Share on the date of grant of such Option or Stock Appreciation Right, contrary to the provisions of Section 6(a)(i) and Section 6(b)(ii) of the Plan.

(b) Amendments to Awards. Subject to the provisions of the Plan, the Committee may waive any conditions of or rights of the Company under any outstanding Award, prospectively or retroactively. Except as otherwise provided in the Plan, the Committee may amend, alter, suspend, discontinue or terminate any outstanding Award, prospectively or retroactively, but no such action may adversely affect the rights of the holder of such Award without the consent of the Participant or holder or beneficiary thereof. The Company intends that Awards under the Plan shall satisfy the requirements of Section 409A to avoid any adverse tax results thereunder, and the Committee shall administer and interpret the Plan and all Award Agreements in a manner consistent with that intent. If any provision of the Plan or an Award Agreement would result in adverse tax consequences under Section 409A, the Committee may amend that provision (or take any other action reasonably necessary) to avoid any adverse tax results and no action taken to comply with Section 409A shall be deemed to impair or otherwise adversely affect the rights of any holder of an Award or beneficiary thereof.

(c) Correction of Defects, Omissions and Inconsistencies. The Committee may correct any defect, supply any omission or reconcile any inconsistency in the Plan or in any Award or Award Agreement in the manner and to the extent it shall deem desirable to implement or maintain the effectiveness of the Plan.

Section 8. Income Tax Withholding

In order to comply with all applicable federal, state, local or foreign income tax laws or regulations, the Company may take such action as it deems appropriate to ensure that all applicable federal, state, local or foreign payroll, withholding, income or other taxes, which are the sole and absolute responsibility of a Participant, are withheld or collected from such Participant. In order to assist a Participant in paying all or a portion of the applicable taxes to be withheld or collected upon exercise or receipt of (or the lapse of restrictions relating to) an Award, the Committee, in its discretion and subject to such additional terms and conditions as it may adopt, may permit the Participant to satisfy such tax obligation by (a) electing to have the Company withhold a portion of the Shares otherwise to be delivered upon exercise or receipt of (or the lapse of restrictions relating to) such Award with a Fair Market Value equal to the amount of such taxes (but only to the extent of the minimum amount required to be withheld under applicable laws or regulations) or (b) delivering to the Company Shares other than Shares issuable upon exercise or receipt of (or the lapse of restrictions relating to) such Award with a Fair Market Value equal to the amount of such taxes. The election, if any, must be made on or before the date that the amount of tax to be withheld is determined.

Section 9. General Provisions

(a) No Rights to Awards. No Eligible Person, Participant or other Person shall have any claim to be granted any Award under the Plan, and there is no obligation for uniformity of treatment of Eligible Persons, Participants or holders or beneficiaries of Awards under the Plan. The terms and conditions of Awards need not be the same with respect to any Participant or with respect to different Participants.

(b) Award Agreements. No Participant shall have rights under an Award granted to such Participant unless and until an Award Agreement shall have been duly executed on behalf of the Company and, if requested by the Company, signed by the Participant, or until such Award Agreement is delivered and accepted through an electronic medium in accordance with procedures established by the Company.

(c) Plan Provisions Control. In the event that any provision of an Award Agreement conflicts with or is inconsistent in any respect with the terms of the Plan as set forth herein or subsequently amended, the terms of the Plan shall control.

(d) No Rights of Stockholders. Except with respect to Restricted Stock and Stock Awards, neither a Participant nor the Participant's legal representative shall be, or have any of the rights and privileges of, a stockholder of the Company with respect to any Shares issuable upon the exercise or payment of any Award, in whole or in part, unless and until such Shares have been issued.

(e) No Limit on Other Compensation Arrangements. Nothing contained in the Plan shall prevent the Company or any Affiliate from adopting or continuing in effect other or additional compensation plans or arrangements, and such plans or arrangements may be either generally applicable or applicable only in specific cases.

(f) No Right to Employment. The grant of an Award shall not be construed as giving a Participant the right to be retained as an employee of the Company or any Affiliate, or the right to be retained as a director, nor will it affect in any way the right of the Company or an Affiliate to terminate a Participant's employment at any time, with or without cause, or remove a director in accordance with applicable law. In addition, the Company or an Affiliate may at any time dismiss a Participant from employment, or remove a director who is a Participant, free from any liability or any claim under the Plan or any Award, unless otherwise expressly provided in the Plan or in any Award Agreement. By participating in the Plan, each Participant shall be deemed to have accepted

Table of Contents

all the conditions of the Plan and the terms and conditions of any rules and regulations adopted by the Committee and shall be fully bound thereby.

(g) **Governing Law.** The internal law, and not the law of conflicts, of the State of Utah shall govern all questions concerning the validity, construction and effect of the Plan or any Award, and any rules and regulations relating to the Plan or any Award.

(h) **Severability.** If any provision of the Plan or any Award is or becomes or is deemed to be invalid, illegal or unenforceable in any jurisdiction or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to applicable laws, or if it cannot be so construed or deemed amended without, in the determination of the Committee, materially altering the purpose or intent of the Plan or the Award, such provision shall be stricken as to such jurisdiction or Award, and the remainder of the Plan or any such Award shall remain in full force and effect.

(i) **No Trust or Fund Created.** Neither the Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company or any Affiliate and a Participant or any other Person. To the extent that any Person acquires a right to receive payments from the Company or any Affiliate pursuant to an Award, such right shall be no greater than the right of any unsecured general creditor of the Company or any Affiliate.

(j) **Other Benefits.** No compensation or benefit awarded to or realized by any Participant under the Plan shall be included for the purpose of computing such Participant's compensation or benefits under any pension, retirement, savings, profit sharing, group insurance, disability, severance, termination pay, welfare or other benefit plan of the Company, unless required by law or otherwise provided by such other plan.

(k) **No Fractional Shares.** No fractional Shares shall be issued or delivered pursuant to the Plan or any Award, and the Committee shall determine whether cash shall be paid in lieu of any fractional Share or whether such fractional Share or any rights thereto shall be canceled, terminated or otherwise eliminated.

(l) **Headings.** Headings are given to the sections and subsections of the Plan solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction or interpretation of the Plan or any provision thereof.

(m) **Consultation With Professional Tax and Investment Advisors.** The holder of any Award granted hereunder acknowledges that the grant, exercise, vesting or any payment with respect to such an Award, and the sale or other taxable disposition of the Shares acquired pursuant to the Plan, may have tax consequences pursuant to the Code or under local, state or international tax laws. Such a holder further acknowledges that such holder is relying solely and exclusively on the holder's own professional tax and investment advisors with respect to any and all such matters (and is not relying, in any manner, on the Company or any of its employees or representatives). Finally, such a holder understands and agrees that any and all tax consequences resulting from the Award and its grant, exercise, vesting or any payment with respect thereto, and the sale or other taxable disposition of the Shares acquired pursuant to the Plan, is solely and exclusively the responsibility of such holder without any expectation or understanding that the Company or any of its employees, representatives or Affiliates will pay or reimburse such holder for such taxes or other items.

(n) **Foreign Employees and Foreign Law Considerations.** The Committee may grant Awards to Eligible Persons who are foreign nationals, who are located outside the United States, who are United States citizens or resident aliens on global assignments in foreign nations, who are not compensated from a payroll maintained in the United States, or who are otherwise subject to (or could cause the Company to be subject to) legal or regulatory provisions of countries or

Table of Contents

jurisdictions outside the United States, on such terms and conditions different from those specified in the Plan as may, in the judgment of the Committee, be necessary or desirable to foster and promote achievement of the purposes of the Plan, and, in furtherance of such purposes, the Committee may make such modifications, amendments, procedures, or subplans as may be necessary or advisable to comply with such legal or regulatory provisions.

(o) Blackout Periods. Notwithstanding any other provision of this Plan or any Award to the contrary, the Company shall have the authority to establish any "blackout" period that the Company deems necessary or advisable with respect to any or all Awards. All rights granted by the Plan or any Award Agreement, or any transactions encompassed by the Plan or any Award Agreement, are subject to the Company's Insider Trading Policy. Nothing in this Plan is intended to circumvent or authorize the circumvention of the Company's Insider Trading Policy.

Section 10. Effective Date of the Plan

The Plan shall be effective upon its adoption by the Board, *provided, however*, that in the event the Plan is not approved by the stockholders of the Company within one year thereafter, the Plan will be terminated and all Awards granted under the Plan will be terminated and deemed null and void, *provided, however*, that with respect to any Shares (including Shares of Restricted Stock) issued under the Plan prior to such termination, the Plan shall be deemed to be effective, *provided further*, that no Award may vest and no Shares (including Shares of Restricted Stock) may be issued under the Plan prior to approval of the Plan by the stockholders of the Company. The Plan shall be subject to approval by the stockholders of the Company at an annual meeting of stockholders of the Company to be held in August 2012.

On and after stockholder approval of the Plan, awards may continue to be granted under the 2009 Plan to the extent Shares are available for issuance under that plan, and all outstanding awards previously granted under the 2009 Plan shall remain outstanding and subject to the terms of the 2009 Plan; *provided, however*, that any Shares subject to any award under the 2009 Plan that, after the effective date of this Plan, are not purchased or are forfeited or reacquired by the Company, or otherwise not delivered due to termination or cancellation of such award, shall be available for issuance under Section 4(a) of this Plan, not the 2009 Plan, up to a maximum of 400,000 shares.

Section 11. Term of the Plan

No Award shall be granted under the Plan after ten years from the earlier of the date of adoption of the Plan by the Board or the date of stockholder approval or any earlier date of discontinuation or termination established pursuant to Section 7(a) of the Plan; *provided, however*, that in the case of a Performance Award intended to be "qualified performance-based compensation," no such Performance Award shall be granted under the Plan after the fifth year following the year in which stockholders approved the Performance Goals unless and until the Performance Goals are re-approved by the stockholders. However, unless otherwise expressly provided in the Plan or in an applicable Award Agreement, any Award theretofore granted may extend beyond such dates, and the authority of the Committee provided for hereunder with respect to the Plan and any Awards, and the authority of the Board to amend the Plan, shall extend beyond the termination of the Plan.

Audit Committee Charter

I. Purpose

The purpose of the Audit Committee ("Committee") of the Board of Directors of Nature's Sunshine Products, Inc. (the "Company") shall be to:

- A. Oversee the accounting and financial reporting processes of the Company and audits of the financial statements of the Company;
- B. Assist the Board in oversight and monitoring of (i) the integrity of the Company's financial statements, (ii) the Company's compliance with legal and regulatory requirements, (iii) the independent auditor's qualifications, independence and performance, and (iv) the Company's internal accounting and financial controls;
- C. Provide the Company's Board with the results of its monitoring and recommendations derived therefrom; and
- D. Provide the Board such additional information and materials as it may deem necessary to make the Board aware of significant financial matters that require the attention of the Board.

II. Committee Structure

The Committee shall consist of at least three directors. Each member of the Committee shall meet the independence and experience requirements of the NASDAQ Stock Market, Section 10A(m)(3) of the Securities Exchange Act of 1934 (the "Exchange Act") and the rules and regulations of the Securities and Exchange Commission ("SEC"), as affirmatively determined by the Company's Board of Directors ("Board"). In addition, at least one member of the Committee shall be an "audit committee financial expert" as that term is defined by the SEC. The Board may, at any time and in its complete discretion, replace a Committee member.

III. Meetings

The Committee shall meet as often as it determines, but not less frequently than quarterly. The Committee shall maintain minutes and other relevant documentation of all its meetings.

IV. Committee Authority and Responsibilities

A. The Committee shall directly appoint, subject to shareholder ratification, retain, and compensate the Company's independent auditor. The Committee has the sole authority to approve all audit engagement fees and terms, as well as all significant non-audit engagements with the independent auditor. The Committee shall be directly responsible for overseeing the work of the independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work, and the independent auditor shall report directly to the Committee.

B. The Committee shall preapprove all auditing and non-auditing services of the independent auditor, subject to *de minimis* exceptions for other than audit, review, or attest services that are approved by the Committee prior to completion of the audit. Alternatively, the engagement of the independent auditor may be entered into pursuant to pre-approved policies and procedures established by the Committee, provided that the policies and procedures are detailed as to the particular services and the Committee is informed of each service.

C. The Committee shall have the authority to conduct or authorize investigations into any matter within the Committee's scope of responsibilities. The Committee shall be empowered to retain, without Board approval, independent legal, accounting, and other advisors as it deems necessary to carry out its duties. The Company shall provide appropriate funding, as determined by the Committee, to compensate the

independent auditor, outside legal counsel, or any other advisors employed by the

Committee, and to pay ordinary Committee administrative expenses that are necessary and appropriate in carrying out its duties.

D. The Committee shall have the authority to institute special investigations with full access to all books, records, facilities and personnel of the Company as and when the Committee determines appropriate and necessary for the conduct of its duties.

E. The Committee shall review and reassess the adequacy of this Charter on an annual basis and submit proposed changes to the Board for approval. The Committee has the powers and responsibilities delineated in this Charter. It is not, however, the Committee's responsibility to prepare and certify the Company's financial statements, to guaranty the independent auditor's report, or to guaranty other disclosures by the Company. These are the fundamental responsibilities of management and the independent auditor. Committee members are not full-time Company employees and are not performing the functions of auditors or accountants.

V. Oversight of the Company's Auditors

A. The Committee shall assure the regular rotation of the lead audit partner as required by Section 10A(j) of the Exchange Act, and consider whether, to assure continuing auditor independence, there should be regular rotation of the independent auditing firm itself.

B. The Committee shall set clear hiring policies for employees or former employees of the independent auditor that are consistent with Section 10A(l) of the Exchange Act.

C. The Committee shall ensure receipt of a written report from the independent auditor at least annually regarding (a) the independent auditor's internal quality-control procedures, (b) any material issues raised by the most recent internal quality-control review, or peer review, of the firm, by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the firm, and any steps taken to address any such issues, and (c) the auditor's independence, all relationships between the independent auditor and the Company, including each non-audit service provided to the Company, and at least the matters set forth in Independence Standards Board Standard No. 1. In addition, the Committee shall discuss with the independent auditors any relationship or services disclosed by the independent auditors that may impact the quality of audit services or the objectivity and independence of the Company's auditors.

VI. Oversight of Internal Audit

A. At least annually, the Committee shall evaluate the performance, responsibilities, budget and staffing of the Company's internal audit function and review the internal audit plan. Such evaluation shall include a review of the responsibilities, budget and staffing of the Company's internal audit function with the independent auditor.

B. At least annually, the Committee shall review the annual internal audit plan with the senior officer or officers responsible for the internal audit function of the company. The review shall focus on the scope and effectiveness of internal audit activities and the department's capability to fulfill its objectives.

C. At least annually, the Committee shall review significant findings by the internal audit staff and management's responses to such findings and instances of remedial action not being taken by management within appropriate timeframes in response to any such findings, if any.

D.
