Letter from Our Board Chairman and Chief Executive Officer

Dear Fellow Shareholders,

On behalf of the W. P. Carey Inc. Board of Directors, we are pleased to present you with our 2018 Proxy Statement. As we celebrate many milestones this year – our 45th anniversary, 20 years as a publicly-traded company and 20 years of investing in Europe – we remain proud of our long-term performance and commitment to you, our shareholders.

Over the last year, W. P. Carey continued its evolution to become the leading diversified net lease REIT. Among our most notable achievements in 2017, we announced the wind-down of our retail fundraising arm, Carey Financial LLC. While we remain committed to the investors in our existing managed programs and we will manage them through the end of their lifecycles, as a publicly-traded REIT, we determined that focusing our efforts and resources on growing our owned net lease portfolio would best support W. P. Carey's long-term strategic objectives.

Benjamin H. Griswold, IV
Non-Executive Chairman
Board of Directors

We also announced Mark DeCesaris's retirement as Chief Executive Officer and a member of the Board of Directors, effective December 31, 2017, and the appointment of Jason Fox to succeed Mark in those roles. Mark has been instrumental to W. P. Carey's significant progress over his 12-year tenure and during his two years as CEO, in particular. Under Mark's leadership, the Board and management team thoroughly reviewed the Company's strategic alternatives and implemented a plan to focus on its core net lease investment expertise. Today, W. P. Carey is a stronger company with a well-defined strategy of owning a portfolio of diversified, high-quality net lease assets. We are grateful to Mark for his innumerable contributions.

In Jason, we not only have an individual with tremendous leadership skills, but also someone who knows net lease inside and out, with significant experience in acquiring and managing a global net lease portfolio. Jason's proven expertise embodies the investment-centric culture and discipline originally established by our founder, Bill Carey, and uniquely positions him to lead W. P. Carey at this point in our history. Our entire management team, which has an average tenure of more than 15 years, has the Board's full support and confidence and we are excited about W. P. Carey's future under Jason's leadership.

Jason E. Fox
Chief Executive Officer
Board of Directors

Our already strong governance platform continued to advance over the past year. In last year's Proxy Statement, we presented shareholders with proposals on both proxy access and allowing our shareholders to amend our Bylaws. We are pleased that both of these proposals were approved and that we now stand in an even stronger governance position. We also continue to build on W. P. Carey's long-standing commitment to *Doing Good While Doing Well*[®]. Bill Carey believed that in financing growing companies, we are also helping the communities those companies serve. We continue to strive to be good corporate citizens overall, serving our communities as part of our Carey Forward employee volunteer program.

The refreshment of our Board of Directors continues to be an ongoing process and a focus for us all. We have added two new directors since our last Annual Meeting. Margaret Lewis joined our Board in September 2017, and we believe her current experience as Chairman of the Federal Reserve Bank of Richmond, as well as in prior corporate roles, adds a unique perspective to our Board. Robert Flanagan, who is President of Clark Enterprises and brings valuable real estate and management expertise, was appointed to our Board in March 2018. We thank Dr. Richard Marston, who will not stand for re-election in June, for his many contributions over the years. Dick joined our Investment Committee in 2008 and has been a member of the Board since 2011. We believe our entire slate of directors brings exceptional skill sets and diverse viewpoints to W. P. Carey.

We would like to take this opportunity to highlight that we value your input and are committed to engaging with our shareholders. We welcome an open dialogue about Board matters and we provide

Edgar Filing: W. P. Carey Inc. - Form DEF 14A

information in this Proxy Statement on how you can contact us at any time. Information on how to vote, how to join us at the meeting and how to contact us is provided later in this Proxy Statement.

We are proud of our long-term performance and believe that our current Board and management team will build on our 45-year heritage, with a continued focus on providing our shareholders with stable dividends and long-term growth in the future.

On behalf of the entire Board of Directors, we thank you for your confidence in us. We value your investment, your input and your support and work diligently on your behalf to earn your ongoing trust in us.

With best regards,

Benjamin H. Griswold, IV

Proposal One Election of Ten Directors

We first ask that you vote to re-elect each of the current members of our Board of Directors standing for re-election. We lead with this vote because we, the Board of Directors, oversee W. P. Carey as stewards for all our stakeholders, including you, our shareholders.

We also lead with this vote because we are proud of all of the actions our Board took over the past year, including:

As a result of W. P. Carey's strategic and operational performance during 2017, the Board was able to continue our practice of increasing quarterly dividends, while the executive team increased adjusted funds from operations ("AFFO"), and continued to improve our capital structure.

Also during the last year, we continued our Board refreshment process, with three directors leaving the Board in June 2017 and Mark J. DeCesaris, who also retired as our Chief Executive Officer ("CEO"), leaving the Board at year-end. Jason E. Fox succeeded Mr. DeCesaris as CEO and as a Board member on January 1, 2018. In addition, Margaret G. Lewis joined our Board in September 2017, and in March 2018, Robert J. Flanagan joined the Board in replacement of one of our current directors, Richard C. Marston, who is not standing for re-election at the Annual Meeting in June 2018. We believe our directors have the skills and expertise necessary to fulfill the Board's responsibilities for strategic oversight, succession planning, risk management, and other fiduciary activities. We also believe that the Board and each Committee have an excellent balance of experienced directors and those who bring a fresh perspective. Our director biographies highlight the real estate expertise, the international insights, and the public company board and management experience brought to the Board.

In refreshing our Board, we utilized direct input from Board members as well as feedback from an external review of the Board at the group and individual levels. Based on the feedback we received, we took the following steps during 2017:

- Agreed on a target Board size, optimal mix of director qualifications, and a process for identifying and evaluating a diverse slate of prospective directors;
- Amended our corporate governance policies to further limit over-boarding by our directors, such that no exceptions are allowed; and
- Created a new Board-level Investment Committee, responsible for approving all on-balance sheet investments above a threshold size or criticality and investments for three of our managed programs, Corporate Property Associates 17 Global Incorporated ("CPA:17 Global"), Corporate Property Associates 18 Global Incorporated ("CPA:18 Global" and together with CPA:17 Global, the "CPA REITs") and Carey European Student Housing Fund I, L.P. ("CESH"), as needed.

In order to ensure that we are working effectively for our shareholders, in addition to our normal oversight duties, we will continue our practices of:

- Periodic strategic reviews with management and external advisors;
- Annual succession planning for key management positions necessary to execute our strategy;
-

Edgar Filing: W. P. Carey Inc. - Form DEF 14A

Periodic reviews focused on risk management and fiduciary responsibilities;

-

Ongoing internal and external education sessions for the Board;

-

Annual reviews of Board performance;

-

Active recruitment and orientation of new directors, as needed; and

-

Outreach to our shareholders.

We believe these provisions and actions demonstrate our commitment to protecting your interests as shareholders. We take our responsibility to deliver for you and our other stakeholders seriously; we do not ask lightly for your vote. As we ask for your vote, we should note that our directors are elected annually, subject to a majority voting requirement, and are led by an independent Chairman separate from our CEO. All members of the Board except the CEO are independent, and all members of the Board are committed to enhancing shareholder value.

Nominees for the Board of Directors

Our Board members are diverse in talents, experiences and backgrounds but share track records of successful management and oversight of public and private companies. The Board recommends a vote **FOR** each of the nominees set forth on the following pages so we can continue along the path we have been actively pursuing.

Unless otherwise specified, proxies will be voted FOR the election of the named nominees, each of whom was recommended by the Nominating and Corporate Governance Committee and approved by the Board. Assuming the presence of a quorum at the Annual Meeting, the affirmative vote of a majority of the votes cast for a nominee by the shareholders present, in person or by proxy, is required to elect each nominee.

Board Nominee Snapshot

Our Board brings a strong mix of real estate expertise, international insights, and public company board and management experience. We believe our director nominees have the skills and expertise necessary to fulfill the Board's responsibilities for strategic oversight, succession planning, risk management and other fiduciary activities. We added one new independent director in each of 2017 and 2018, and one independent director is not standing for re-election in 2018. Our former CEO retired from the Board and as CEO on December 31, 2017, and our new CEO replaced him on the Board on January 1, 2018. We believe that the Board and each Committee now have an excellent balance of experienced directors and those who bring a fresh perspective.

Committees of the Board of Directors

Members of the Board of Directors serve on one or more of our Board's standing committees, which are our Compensation, Audit, and Nominating and Corporate Governance Committees. As required by SEC regulations, the written charters for each of these standing committees can be viewed on our website, www.wpcarey.com, under the heading "Investor Relations." In addition to our standing committees, in January 2017 our Board formed an Investment Committee, reflecting the Company's strategy to focus exclusively on net lease investing for its own balance sheet. Prior to that time, our Investment Committee was a committee of the Advisory Board of Carey Asset Management Corp. ("CAM"), an indirect wholly-owned subsidiary of the Company that provides advisory services to the Company's Managed Programs. The table below reflects the current Committee membership for all Directors who are standing for re-election at the Annual Meeting.

Board Governance

Board Member Term

Our directors each hold office until the next annual meeting of stockholders except in the event of death, resignation, or removal. If a nominee is unavailable for election, the Board may reduce its size or designate a substitute. If a substitute is designated, proxies voting on the original nominee will be cast with regard to the substituted nominee. Currently, the Board is unaware of any circumstances that would result in a nominee being unavailable.

Board Meetings and Director Attendance

There were five regular meetings and five special meetings of the Board held in 2017, and each director attended at least seventy-five percent of the aggregate of such meetings and of the meetings held during the year by the Committees of which he or she was a member, except for Ms. Lewis, who joined the Board in September 2017 and attended 4 of 6 meetings during her tenure in 2017. Under our Corporate Governance Guidelines, the directors are required to make every effort to attend each Board meeting and applicable Committee meetings, except in unavoidable circumstances. Although there is no specific policy regarding director attendance at meetings of stockholders, directors are invited and encouraged to attend. Eleven of the then-serving directors attended the Company's annual meeting of stockholders held on June 15, 2017 (the "2017 Annual Meeting"). In addition to Board and Committee meetings, our directors also engage in informal group communications and discussions with the Non-Executive Chairman of the Board and the CEO, as well as with members of senior management regarding matters of interest.

Board Leadership Structure and Risk Oversight

Mr. Griswold has served as Non-Executive Chairman of the Board since January 2012. The primary responsibility of the Non-Executive Chairman is to preside over meetings of the Board of Directors as well as to preside over periodic executive sessions of the Board in which the CEO and/or other members of management do not participate. In January 2018, the Board determined, upon the recommendation of the Nominating and Corporate Governance Committee, to appoint Mr. Niehaus as Non-Executive Vice Chairman of the Board. The primary responsibility of the Vice Chairman is to preside over meetings of the Board in the absence of the Chairman. The Chairman and Vice Chairman are also responsible, together with members of our senior management team, for establishing Board agendas and for working closely with our CEO on the overall direction of the Company to enhance long-term shareholder value. The Board believes that, as a former Chairman of the Board of Alex. Brown & Sons, Mr. Griswold is well-suited to preside over both full and

executive sessions of the Board and to fulfill the other duties of the Chairman. The Board also believes that Mr. Niehaus is well-qualified for the role of Vice Chairman given the depth of his experience and his previous role as Vice Chairman of Morgan Stanley Real Estate.

Our CEO, Mr. Fox, is also a member of the Board of Directors. The Board considers the CEO's participation to be important in order to make information and insight about the Company's business and its operations directly available to the directors in their deliberations.

Our Board of Directors has overall responsibility for risk oversight. The Board of Directors reviews and oversees our Enterprise Risk Management ("ERM") program, which is a company-wide initiative that involves our senior management and other personnel acting in an integrated effort to identify, assess and manage risks that may affect our ability to execute our corporate strategy and fulfill our business objectives. These activities involve the identification, prioritization and assessment of a broad range of risks, including operational, financial, strategic, and compliance risks, and the formulation of plans to manage these risks and mitigate their effects.

As part of our ERM program, management provides periodic updates to our Board of Directors with respect to key risks and discusses appropriate risk response strategies. Throughout the year, the Board, and the Committees to which it has delegated responsibility, dedicates a portion of their meetings to discuss specific risk topics in greater detail. Strategic and operational risks are presented and discussed in the context of the CEO's report on operations to the Board of Directors at regularly scheduled meetings and at presentations to the Board of Directors and its Committees by management. Additionally, at least annually, our Audit Committee discusses with management and the Director of Internal Audit our significant financial risk exposures, including cybersecurity risks, and steps that have been taken to monitor and control such exposures.

Our Compensation Committee reviews the risks related to our compensation policies and practices and assesses the impact to our risk profile, at least on an annual basis. Management, with the Compensation Committee, regularly reviews our compensation programs, including incentives that may create, and factors that may reduce, the likelihood of excessive risk taking in order to determine whether such programs present a significant risk to the Company.

Director Independence

As part of our corporate governance practices, the Board has adopted Corporate Governance Guidelines, which

Table of Contents

Board Governance

among other things establish rules regarding the independence of directors. We refer to our Corporate Governance Guidelines in this Proxy Statement as the Guidelines. The Guidelines, which we believe meet or exceed the Listing Standards of the New York Stock Exchange (the "NYSE"), include the Company's definition of Independent Director. Pursuant to the Guidelines, the Board undertook its annual review of Director Independence in March 2018. During this review, the Board considered any transactions and relationships between each director and nominee or any member of his or her immediate family and W. P. Carey and its subsidiaries and affiliates, including those reported under Certain Relationships and Related Transactions below. The Board also examined any transactions and relationships between each director and nominee or their affiliates and members of our senior management or their affiliates. As provided in the Guidelines, the purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent.

The NYSE also requires that the Board of Directors determine whether a director is "independent" for purposes of the NYSE Listing Standards. The Nominating and Corporate Governance Committee has asked each director and nominee to specify in writing the nature of any relevant relationships such individual may have with the Company, including, but not limited to, any relationships that would specifically preclude a finding of "independence" under those Listing Standards. Upon review of these disclosures, the Board has affirmatively determined that none of the directors or nominees noted as "independent" in this Proxy Statement has a material relationship with W. P. Carey that would interfere with his or her independence from the Company and its management.

As a result, the Board has affirmatively determined that director nominees Alexander, Farrell, Flanagan, Griswold, Hansing, Hoysradt, Lewis, Niehaus and van Ommen are independent of the Company and its management under the standards set forth in the Guidelines, applicable federal laws, the rules of the Securities and Exchange Commission (the "SEC") and the NYSE's Listing Standards and for the purpose of serving on the relevant Board committees, where applicable. Mr. Fox is considered to be an affiliated director because of his current employment as CEO of W. P. Carey.

The Board has determined that none of the directors who currently serve on the Compensation, Audit or Nominating and Corporate Governance Committees, or who served at any time during 2017 on such committees, has or had a relationship to W. P. Carey that may interfere with his or her independence from W. P. Carey and its management, and therefore, as required by applicable regulations, all such directors were or are, as applicable, "independent" as

defined in the NYSE Listing Standards and by the rules of the SEC.

Board Refreshment

In March 2017, the Board resolved to eliminate the mandatory retirement age for Board members and instead made a commitment to actively refreshing the Board based on annual performance reviews and an evaluation of the skills and experience necessary to fulfill the Board's responsibilities to shareholders. Currently, the average tenure of our Directors is less than four years. We believe that we continued to demonstrate our commitment to actively refreshing our Board during 2017 and into 2018.

Board Nominating Procedures

The Nominating and Corporate Governance Committee considers candidates for Board membership suggested by Board members, management, shareholders and outside advisors. A shareholder who wishes to recommend a prospective nominee for the Board should notify our Corporate Secretary or the Nominating and Corporate Governance Committee in writing with the information and in the time period required by our Bylaws, which is set forth in more detail in "Shareholder Proposals" and "Other Communications with the Board" in the Corporate Governance section of this Proxy Statement.

Once a candidate has been recommended to the Corporate Secretary or Nominating and Corporate Governance Committee, there are a number of actions undertaken to complete a full evaluation of the candidate including the following:

Consider Board and Committee needs;

Edgar Filing: W. P. Carey Inc. - Form DEF 14A

Gather information about the candidate's background and experience, which may include the assistance of an outside search firm;

If appropriate, conduct interviews by the Nominating and Corporate Governance Chair, Chairman of the Board and/or the CEO;

If appropriate, conduct additional interviews that may include some combination of, or all, members of the Nominating and Corporate Governance Committee, members of the Executive Committee, and members of the senior management team;

Complete an evaluation of candidate qualifications and Board needs by the full Nominating and Corporate Governance Committee, with a determination to be made regarding a recommendation to the Board; and

Table of Contents

Board Governance

Discuss recommended nomination by the full Board, with a determination to be made regarding whether or not to move forward with the nomination.

Existing Board members are considered for nomination on an annual basis, by undertaking the following actions:

Annual performance review of the Board at the group and individual director levels;

Discussion by Nominating and Corporate Governance Committee regarding nominations based on a review of Board needs and a Board performance review, with a recommendation to be made to the Board regarding nominations; and

Discussion by the Board regarding recommended nominations, with a determination to be made regarding the slate of directors to be nominated in the Proxy Statement.

In considering new candidates and existing Board members for nomination to the Board, this year the Nominating and Corporate Governance Committee and the Board evaluated the following:

Board and Committee needs in order to be able to fulfill responsibilities related to strategic oversight, succession planning, ERM and other fiduciary duties;

Succession planning at the Board and Committee levels;

Individual performance record on the Board;

Individual characteristics, including:

- Operating experience at senior levels;
- Public company experience;
- Real estate and investment expertise;
- Board experience;
- Strategic thinking with long term view on value creation for shareholders;
-

Edgar Filing: W. P. Carey Inc. - Form DEF 14A

Effective communication skills and secure decision-making skills;

Independence and absence of red flags; and

Diversity of backgrounds and expertise necessary at the Board and Committee levels.

Since the 2017 Annual Meeting, in addition to reviewing qualifications for all Board members, the Nominating and Corporate Governance Committee determined that Margaret G. Lewis and Robert J. Flanagan had the experience and skill sets needed at the Board and

Committee levels and invited them to join the Board in September 2017 and March 2018, respectively.

Our Board feels confident that each of the ten individuals we have nominated have the experience and skill sets necessary to fulfill all Board and Committee responsibilities. We encourage you to review our Board accomplishments and biographies, and to vote for all 10 Board nominees.

Proxy Access

In March 2017, after conducting an extensive evaluation of best practices in corporate governance and outreach to several of our largest investors, the Board determined to amend our Bylaws to allow for proxy access for shareholders. As described in our Form 8-K filed with the SEC on March 21, 2017, we adopted what we believe to be the most prevalent proxy access model, the so-called "3/3/20/20" structure, which generally enables a shareholder or a group of up to 20 shareholders who have held 3% of our stock for 3 years to nominate up to 20 percent of the Board. The following is a summary of the provisions related to our proxy access bylaw and is qualified in its entirety by reference to a complete set of our Bylaws:

Shareholders' Eligibility to Nominate

As amended, our Bylaws generally permit any shareholder or group of up to 20 shareholders who have maintained continuous qualifying ownership of at least 3% or more of our outstanding Common Stock for at least the previous 3 years to include a specified number of director nominees in the Company's proxy materials for our annual meeting of stockholders.

Number of Shareholder-Nominated Candidates

The maximum number of shareholder-nominated candidates will be equal to the greater of: (a) two candidates or (b) 20% of the directors in office at the time of nomination. If the 20% calculation does not result in a whole number, the maximum number of shareholder-nominated candidates would be the closest whole number below 20%. Shareholder-nominated candidates that the Board of Directors determines to include in the proxy materials as Board-nominated candidates will be counted against the 20% maximum.

Calculation of Qualifying Ownership

As more fully described in our Bylaws, a nominating shareholder will be considered to own only the shares for which the shareholder possesses the full voting and investment rights and the full economic interest (including the opportunity for profit and risk of loss). Under this provision, borrowed or hedged shares do not count as "owned" shares. A shareholder will be deemed to "own" shares that have been loaned by or on behalf of the shareholder to another person if the shareholder has the

Table of Contents

Board Governance

right to recall such loaned shares, undertakes to recall, and does recall such loaned shares prior to the record date for the annual meeting and maintains qualifying ownership of such loaned shares through the date of the meeting.

Procedure for Selecting Candidates in the Event the Number of Nominees Exceeds 20%

If the number of shareholder-nominated candidates exceeds 20% of the directors in office, each nominating shareholder will select one shareholder-nominated candidate, beginning with the nominating shareholder with the largest qualifying ownership and proceeding through the list of nominating shareholders in descending order of qualifying ownership until the permitted number of shareholder-nominated candidates is reached.

Nominating Procedure

In order to provide adequate time to assess shareholder-nominated candidates, requests to include shareholder-nominated candidates in proxy materials must be received no earlier than 150 days and no later than 120 days before the anniversary of the date that we mailed the proxy statement for the previous year's annual meeting of stockholders.

Information Required of All Nominating Shareholders

As more fully described in our Bylaws, each shareholder seeking to include a director nominee in the proxy materials is required to provide certain information, including:

Proof of qualifying stock ownership as of the date of the submission and the record date for the annual meeting, and an agreement to maintain qualifying ownership through the date of the meeting;

The shareholder's notice on Schedule 14N required to be filed with the SEC;

The written consent of the shareholder nominee to being named in the proxy statement and serving as a director, if elected; and

A completed director questionnaire signed by the nominee.

Nominating shareholders are also required to make certain representations and agreements, including with regard to:

Lack of intent to effect a change of control;

Intent to maintain qualifying ownership through the date of the annual meeting;

Only participating in the solicitation of their nominee or Board of Director's nominees; and

Complying with solicitation rules and assuming liabilities related to indemnifying the Company against losses arising out of the nomination.

Information Required of All Shareholder Nominees

Edgar Filing: W. P. Carey Inc. - Form DEF 14A

Each shareholder nominee is required to provide the representations and agreements required of all nominees for election as director, including certain items noted in our Bylaws that we believe are consistent with current market practice.

Disqualification of Shareholder Nominees

A shareholder nominee would not be eligible for inclusion in the proxy statement under certain circumstances enumerated in our Bylaws, which we believe to be consistent with current market practice.

Supporting Statement

Nominating shareholders are permitted to include in the proxy statement a 500-word statement in support of their nominee(s). We may omit any information or statement that we believe would violate any applicable law or regulation.

Shareholder Bylaw Amendment

In June 2017, our shareholders approved an amendment, recommended by our Board, to our Charter to allow shareholders to amend our Bylaws. The Board of Directors has always had the power to adopt, alter or repeal any provision of our Bylaws and to make new Bylaws. As a result of this Charter amendment, shareholders may now also alter or repeal any provision of our Bylaws and adopt new Bylaws with the approval of at least a majority of all votes entitled to be cast on the matter.

Increase in Ownership Limitation

Early last year, our Board carefully considered the advantages and disadvantages of increasing the single-shareholder ownership limitation in our Charter from 7.9% to 9.8%. After weighing these considerations, and upon the recommendation of the Nominating and Corporate Governance Committee, the Board concluded that such an increase could enhance our ability to attract increased equity investments from institutional investors without jeopardizing our ability to maintain our REIT status, ultimately helping to grow long-term value for all shareholders, and therefore proposed amending the Charter. As a result, in June 2017, our shareholders approved increasing the limitation to 9.8%.

Compensation of the Board of Directors

Our non-executive directors are paid in two principal ways. They are paid an annual cash retainer of \$90,000 and a restricted share award, or RSA, on July 1 of each year, with a grant date value of \$80,000 (although directors may receive a pro-rated RSA if they commence service after July 1), which we refer to in this Proxy Statement as Director RSAs. Director RSAs, which are scheduled to vest in full on the first July 1 to occur after the date of grant and have voting rights, are currently granted under the W. P. Carey Inc. 2017 Share Incentive Plan, which was approved by shareholders at the 2017 Annual Meeting. Current dividends are no longer paid on unvested Director RSAs granted under that plan until the awards are vested. The annual fees as of the date of this Proxy Statement are:

Form of payment: A restricted share award, or RSA, on July 1, with a grant date value of \$80,000.

Time of payment: Shares vest in full on the first anniversary of the grant.

During 2017, certain directors received compensation for serving on various committees. Mr. Griswold received \$75,000 for serving as Non-Executive Chairman during 2017. Mr. Alexander received \$20,000 for serving as Chair of the Audit Committee. Mr. Farrell received \$15,000 for serving as Chair of the Compensation Committee. Directors Hansing, Hoysradt, Marston and van Ommen each received a pro-rated fee of \$5,000 for serving on the Investment Committee of the CAM Advisory Board (the "CAM Committee"), and Mr. Nathaniel S. Coolidge, a former Director who did not stand for re-election at the 2017 Annual Meeting, received that fee as well as an additional pro-rated fee of \$10,000 for serving as the Chair of that Committee, which was disbanded during 2017. Mr. Niehaus received a pro-rated fee of \$7,500 for serving as Chair of the Nominating and Corporate Governance Committee since early 2017, at a rate of \$10,000 annually, and a pro-rated fee of \$5,625 for serving as Chair of the Investment Committee of the Board that was formed after the CAM

Committee was disbanded, at a rate of \$7,500 annually. Starting in 2018, Mr. Niehaus will receive a fee of \$40,000 annually for serving as Non-Executive Vice Chairman of the Board. Ms. Mary M. VanDeWeghe, a former Director who did not stand for re-election at the 2017 Annual Meeting, received a pro-rated fee of \$20,000 in 2017 for serving as Vice Chair of the Board, and a pro-rated fee of \$2,500 for serving as Chair of the Nominating and Corporate Governance Committee, during a portion of 2017. Dr. Marston also received a pro-rated fee of \$1,875 for serving as Chair of the Finance & Strategic Planning Committee, which was disbanded early in 2017.

Mr. DeCesaris did not receive any director fees during 2017. The compensation received by Mr. DeCesaris as an officer of the Company is discussed in the compensation tables for executive officers, which are presented later in this Proxy Statement.

- (1) Amounts reflect the aggregate grant date fair value calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718 ("FASB ASC Topic 718") with respect to awards of 1,188 Director RSAs received, if any, in 2017 (except for Ms. Lewis, who received a pro-rated grant of RSAs when she joined the Board in September 2017, totaling 882 RSAs). There were no option awards, non-equity incentive compensation, or nonqualified deferred compensation granted to the Non-Employee Directors during 2017. For all directors except Ms. Lewis, the grant date fair value of each Director RSA, computed in accordance with FASB ASC Topic 718, was \$67.35 on July 3, 2017. The grant date fair value of Ms. Lewis's pro-rated award was \$68.01 on October 3, 2017. The assumptions on which these valuations are based are set forth in Note 14 to the consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2017 (the "2017 Form 10-K").
- (2) The total does not reflect dividends paid on the Stock Awards shown in the table during 2017 because the dividends are reflected in the grant date fair values of the awards shown in the Stock Awards column.
- (3) The amounts shown for Messrs. Alexander and Niehaus include a \$62,024 cash award earned on July 1, 2017. Because they joined the Board on September 21, 2016, which was after the date that the annual Director RSAs were granted (July 1) under the terms of the W. P. Carey 2009 Non-Employee Directors' Incentive Plan, the Board of Directors determined that, if they remained on the Board at July 1, 2017, which was the date that the Director RSAs granted to all of the other Board members vested, Messrs. Alexander and Niehaus would receive the cash payment of \$62,024. This amount represents the pro-rated portion of the \$80,000 value of the Director RSAs from the date that Messrs. Alexander and Niehaus joined the Board. That amount was not included in the 2016 Director Compensation Table, as it was not earned in 2016.
- (4)

Edgar Filing: W. P. Carey Inc. - Form DEF 14A

Messrs. Coolidge and Winssinger and Ms. VanDeWeghe did not stand for re-election at our 2017 Annual Meeting, and as such, only served as directors for a portion of 2017.

(5)

Ms. Lewis became a Director on September 28, 2017.

Corporate Governance

In 2017, we continued to add to our strong governance foundation that our late founder established 45 years ago.

Because we believe that a company's governance tone is set at the top, we are proud to report on the Board-level governance provisions, many of which are recognized as best practices. They include:

During 2016, we engaged in a thoughtful and disciplined Board refreshment exercise that brought us new Board members. In 2017, we continued those efforts adding one new independent Board member, while three independent directors left the Board in June. This reduced our Board size from 12 to 10. In March 2018, we added a new independent Director to replace one of our current directors, who is not standing for re-election. As a result, we have reduced our average Board tenure from 8 years to 3.7 years over that period.

We determined that it was good corporate governance to consider amending our Charter and Bylaws to allow for proxy access and shareholder amendment of Bylaws. After outreach to our largest investors to confirm that our planned Bylaw features conformed with expectations, we adopted the 3/3/20/20 structure for proxy access, and we amended our Charter to allow for shareholder Bylaw amendments, which was approved by our shareholders at the 2017 Annual Meeting.

We determined to amend our Charter in order to increase our single-shareholder ownership limitation to 9.8%, which was also approved at the 2017 Annual Meeting.

These actions added to our already well-regarded governance profile. Critical components of our governance profile include:

A separation between our independent Board Chairman and our CEO;

A Board comprised of all independent directors except for the CEO;

The annual election of directors;

Majority voting for directors;

The absence of a poison pill;

A considered approach to executive compensation and reliance on a carefully constructed group of compensation peers;

Excellent internal pay parity, including a pay ratio between our CEO and next-most senior NEO of less than two;

Sound compensation practices including an anti-hedging policy, a clawback provision, meaningful limits on pledging, strong director and executive stock ownership guidelines and a robust annual compensation risk assessment;

A commitment to identify and consider diverse candidates as part of Board searches; and

A limitation on over-boarding by our directors.

These governance provisions are supplemented by our Code of Business Conduct and Ethics and provisions governing related party transactions, which are important elements of our overall approach to governance and are described below.

Shareholder Proposals

The date by which shareholder proposals must be received by W. P. Carey for inclusion in proxy materials relating to our annual meeting to be held in 2019 (the "2019 Annual Meeting") is December 10, 2018, and any such proposals must meet the other requirements of Rule 14a-8 under the Exchange Act.

In order for proposals submitted outside of Rule 14a-8 to be considered at the 2019 Annual Meeting, shareholder proposals, including shareholder nominations for director, must comply with the advance notice and eligibility requirements contained in the Bylaws. The Bylaws provide that shareholders are required to give advance notice to W. P. Carey of any business to be brought by a shareholder before an annual stockholders' meeting. For business to be properly brought before an annual meeting by a shareholder, the shareholder must give timely written notice thereof to the Secretary of W. P. Carey at the principal executive offices of the Company. In order to be timely, a shareholder's notice must be delivered not later than 5:00 p.m. Eastern Time on the 120th day prior to the first anniversary of the date of mailing of the notice for the preceding year's annual meeting of shareholders nor earlier than the 150th day prior to the first anniversary of such mailing. Therefore, any shareholder proposals, including nominations for directors, submitted outside of Rule 14a-8 to

Table of Contents

Corporate Governance

be voted on at the 2019 Annual Meeting must be received by W. P. Carey not earlier than November 10, 2018 and not later than December 10, 2018. However, in the event that the date of the 2019 Annual Meeting is advanced or delayed by more than 30 days from the anniversary date of the Annual Meeting, for notice by the shareholder to be timely it must be delivered not earlier than the 150th day prior to the date of such annual meeting date and not later than 5:00 p.m. Eastern Time on the later of the 120th day prior to the date of such annual meeting or the tenth day following the day on which public announcement of the date of such annual meeting is first made by W. P. Carey. Such proposals and nominations must be made in accordance with, and include the information required to be set forth by, the Bylaws. An untimely or incomplete proposal or nomination may be excluded from consideration at the 2019 Annual Meeting.

A copy of our Bylaws is available upon request. Such requests and any shareholder proposals should be sent to Susan C. Hyde, Corporate Secretary, W. P. Carey Inc., 50 Rockefeller Plaza, New York, NY 10020. These procedures apply to any matter that a shareholder wishes to raise at any annual meeting, including those matters raised other than pursuant to Rule 14a-8. A shareholder proposal that does not meet the requirements summarized above or listed in the Bylaws will be considered untimely, and any proxy solicited by W. P. Carey may confer discretionary authority to vote on such proposal.

Other Communications with the Board

Shareholders and other interested persons who wish to send communications on any topic to the Board, the Non-Executive Chairman of the Board, or the Independent Directors as a group may do so by writing to the Non-Executive Chairman of the Board, W. P. Carey Inc., 50 Rockefeller Plaza, New York, NY 10020. The Nominating and Corporate Governance Committee has approved a process for handling communications to the Board in which, absent unusual circumstances or as contemplated by Committee charters, and subject to any required assistance or advice from legal counsel, Ms. Hyde is responsible for monitoring communications and for providing copies or summaries of such communications to the directors as she considers appropriate. The Board will give appropriate attention to written communications that are submitted and will respond if and as appropriate.

Code of Ethics

Our Code of Business Conduct and Ethics, which we refer to in this Proxy Statement as the Code of Ethics, sets forth the standards of business conduct and ethics applicable to all of our employees, including our executive officers and

directors. The Code of Ethics is available on our website, www.wpcarey.com, in the "Investor Relations Corporate Governance" section. We also intend to post amendments to or waivers from the Code of Ethics, to the extent applicable to our principal executive officer, principal financial officer and principal accounting officer, at this location on the website; however, no such amendments or waivers have been granted to date.

It is our policy to comply with all applicable laws and adhere to the highest level of ethical conduct, including international anti-bribery laws, such as the U.S. Foreign Corrupt Practices Act, United Kingdom Bribery Act and similar laws in other jurisdictions. In that regard, we have adopted an Anti-Bribery and Foreign Corrupt Practices Act Policy that is posted on our employee portal and periodically distributed to appropriate personnel, and we ensure compliance with that policy by monitoring our activities abroad and through periodic employee training. It is important that all of our business activities reflect our commitment to a culture of honesty and accountability.

Certain Relationships and Related Transactions

Policies and Procedures with Respect to Related Party Transactions

Our executive officers and directors are committed to upholding the highest legal and ethical conduct in fulfilling their responsibilities and recognize that related party transactions can present a heightened risk of potential or actual conflicts of interest. Employees, officers and directors have an obligation to act in the best interest of W. P. Carey and to put such interests at all times ahead of their own personal interests. In addition, all of our employees, officers and directors should seek to avoid any action or interest that conflicts with or gives the appearance of a conflict with the company's interests. According to the Code of Ethics, a conflict of interest occurs when a person's private economic or other interest conflicts with, is reasonably expected to conflict with, or may give the appearance of conflicting with, any interest of W. P. Carey. The following conflicts of interest are prohibited, and each employee, officer and director must take all reasonable steps to detect, prevent, and eliminate such conflicts:

Transactions with Managed Programs

Through wholly-owned subsidiaries, we earn revenue as the advisor to the Managed Programs. We have also entered into certain transactions with the Managed Programs, such as co-investments. For more information regarding these transactions and the fees received by W. P. Carey from the Managed Programs, see Note 3 to the consolidated financial statements in the 2017 Form 10-K.

"By its nature, our work promotes jobs and prosperity. Environmental Practices

Our commitment to sustainability is largely demonstrated by how we manage our day-to-day activities in our corporate offices, including but not limited to our:

Use of energy-saving and longer-lasting CFL and LED light bulbs;

Deployment of aerator adapters to help manage water flow;

Use of recycled paper where possible and active recycling of materials;

Recycling of cell phones and donation of used office equipment; and

Use of ENERGY STAR certified desktop and laptop computers, monitors and printers.

Substantially all of our properties are net leased to our tenants on a triple-net basis, whereby they are responsible for maintaining the buildings and are in control of their energy usage and environmental sustainability practices.

We have taken steps to further involve our tenants in our sustainability initiatives and have an outreach program to educate and encourage them to employ responsible energy, water, and waste management practices and to introduce opportunities where W. P. Carey can help finance property-level sustainability solutions.

In evaluating new investments, we include an environmental assessment of the properties we underwrite as part of our analysis to understand sustainability practices and performance and to ensure the properties we acquire meet environmental standards.

Corporate Citizenship

In 1988, Wm. Polk Carey established the W. P. Carey Foundation with a primary mission to support educational institutions and to promote business education, with the larger goal of improving America's competitiveness in the world. As a result of its support, thousands of young people around the country and abroad have seen increased educational opportunities.

We continue to consider good corporate governance to include being a good corporate citizen. We believe that it is our responsibility to give back to our communities and that our ability to recruit and retain top talent, to be welcomed in our communities, and to withstand whatever vicissitudes inevitably come our way depend on having established ourselves as being understanding of and responsive to the core values of the places in which we operate. As good stewards of our communities, W. P. Carey and the W. P. Carey Foundation continue to support educational programs as well as hospitals, museums and other community organizations. In addition, to continue Bill Carey's mission to encourage personal generosity, in the spirit of "*Doing Good While Doing Well*," the W. P. Carey Foundation supports the philanthropic activities of the W. P. Carey community by matching certain charitable contributions made by W. P. Carey employees and directors.

Carey Forward

Edgar Filing: W. P. Carey Inc. - Form DEF 14A

Our Carey Forward program was established in 2012 shortly after the passing of Bill Carey and was inspired by his generosity. We have continued growing the Carey Forward program by demonstrating a sustained enthusiasm for building and fostering productive relationships between our company and our communities. The program is funded by the Company and encourages employees to become involved in philanthropic and charitable activities, devote their time and resources to meaningful causes and initiatives, and bring to philanthropic and community

organizations the same level of skill and excellence they devote to their professional responsibilities. Although the organizations and activities we support can vary, our focus is on enhancing and further improving our communities through youth development and education, hunger relief, healthcare, and arts and restoration. Through the program, employees bring the same qualities to our community as they do to their professional work: excellence, commitment and, perhaps most important, Doing Good While Doing Well.

Employee Wellness

The health and wellness of our employees and their families are paramount and our comprehensive benefits package is designed to address the changing needs of employees and their dependents.

We focus on the financial, physical and mental well-being of our employees. We offer broad healthcare coverage, fully funded by the Company, and the Carey Fund, which provides an additional \$2,000 per employee for medical

expenses that are not covered by insurance. We offer paid primary- and secondary-caregiver leave and, through our healthcare provider, an Employee Assistance Plan through which employees can access counseling, legal and financial planning referrals, caregiver referrals, fitness management and education resources. Launched in 2016, our Carey Wellness program provides our employees with education and practical guidance on nutrition, stress management and general healthy living matters that they can apply both in and out of the office.

We believe that it is critical to consider the financial welfare of our employees beyond their working years. To assist our employees with retirement planning, we have a company-sponsored profit sharing plan under which we contribute 10% of an employee's total cash compensation, up to the annual limitations set by the Internal Revenue Service, into the employee's retirement account. Additionally, we offer both an employee-funded 401(k) plan and Roth 401(k) plan.

Executive Officers

We believe that our corporate governance creates the framework that makes our performance sustainable over the long term. Our executive officers are critical to creating and executing on the strategies that make us who we are, and in 2017 they continued to focus on creating value for our shareholders, with the following key undertakings during the year:

We made investments totaling \$95.9 million, including \$64.0 million of completed capital projects, during 2017. As of year-end, we had committed to fund eight capital investment projects related to both existing assets and new build-to-suit transactions for a total of \$148.1 million, of which \$35.7 million was funded during 2017. In aggregate, these investments are expected to generate additional lease revenues, increase criticality, add to lease term and enhance the overall quality of our portfolio. The size and composition of our portfolio, in conjunction with our strong tenant relationships, enables us to source a significant pool of investments internally, which have become a more meaningful part of our overall investment activity.

We disposed of 18 properties and a parcel of land for a total of \$191.6 million, maintaining a weighted average lease term for our portfolio of almost 10 years.

We continued to execute on our commitment to maintain a strong and flexible balance sheet resulting in manageable near-term debt maturities, limited exposure to variable rate debt, and a lower cost of debt.

In keeping with our long-term strategy of focusing exclusively on net lease investing for our balance sheet, we exited all non-traded retail fundraising activities in June 2017, simplifying our business and reducing our cost base, which has resulted in sustainable savings.

We grew AFFO, which we consider to be a key supplemental financial measure⁽¹⁾, to \$5.30 per share, representing an increase of 3.5% over the prior year. We also declared dividends totaling \$4.01 per share during 2017, an increase of 2.0% compared to total dividends declared during 2016 of \$3.93 per share. In keeping with our conservative approach, we maintained a payout ratio of 76% relative to AFFO on a full-year basis.

(1)

The Company believes that AFFO is a useful supplemental measure that assists investors to better understand and measure the performance of our business over time and against similar companies. AFFO does not represent net income or net cash provided by operating activities, which are computed in accordance with accounting principles generally accepted in the United States ("GAAP"), and should not be considered an alternative to net income or net cash provided by operating activities as an indicator of the Company's financial performance. This non-GAAP financial measure may not be comparable to similarly titled measures of other companies. Please refer to the Company's Current Report on Form 8-K filed with the SEC on February 23, 2018 for a reconciliation of this non-GAAP financial measure to the most directly comparable GAAP financial measure in the Company's consolidated financial statements for the fiscal year ended December 31, 2017.

Executive Officers

Executive Officers

The Company's executive officers are determined by our Board of Directors. The executive officers as of the date of this Proxy Statement are as follows:

Jason E. Fox, Chief Executive Officer, Age 45

Mr. Fox, who has been an executive officer since 2015 when he became our President, became CEO on January 1, 2018. Since he is also a Board member, his biography appears on page 9 in Proposal One Election of Ten Directors.

John J. Park, President, Age 53

Mr. Park became President of W. P. Carey in January 2018 and most recently served as Director of Strategy and Capital Markets since March 2016, after serving in various capacities since joining the Company as an investment analyst in 1987. During his tenure, he has spearheaded the transactions that have transformed the company, including consolidation and listing of CPA:1-9 as Carey Diversified LLC in 1998, its merger with W. P. Carey & Co. Inc. in 2000, liquidity transactions of CPA:10, CIP, CPA:12 and CPA:14, W. P. Carey's merger with CPA:15 and REIT conversion in 2012 and W. P. Carey's merger with CPA:16 in 2014. The Board designated him as an executive officer in March 2016. Mr. Park received a B.S. in Chemistry from the Massachusetts Institute of Technology and an M.B.A. in Finance from Stern School of Business at New York University. He also serves as a trustee of the W. P. Carey Foundation.

ToniAnn Sanzone, Chief Financial Officer, Age 41

Ms. Sanzone was appointed Chief Financial Officer of W. P. Carey in January 2017, having served as Interim Chief Financial Officer since October 2016 and, prior to that, as Chief Accounting Officer since June 2015. She has been an executive officer since 2016. She also served as Chief Financial Officer of CPA:17 Global and CPA:18 Global from October 2016 to March 2017, having previously served as Chief Accounting Officer of each since August 2015. In addition, Ms. Sanzone served as Chief Financial Officer of CWI 1 and CWI 2 from October 2016 to March 2017. Prior to joining the Company as Controller in April 2013, Ms. Sanzone worked from 2006 to 2013 at iStar Inc., a publicly-traded, fully integrated finance and investment company, where she served in various capacities, including most recently as Corporate Controller. From 2004 to 2006, Ms. Sanzone served in various accounting and financial reporting roles at Bed Bath and Beyond, Inc., a publicly traded company. Ms. Sanzone also held various positions in the assurance and advisory services practice of Deloitte LLP from 1998 to 2004. Ms. Sanzone is a Certified Public Accountant licensed in the states of New York and New Jersey. She graduated magna cum laude with a B.S. in Accounting from Long Island University, C.W. Post (now LIU Post).

Brooks G. Gordon, Managing Director and Head of Asset Management, Age 34

Mr. Gordon has served as Head of Asset Management of W. P. Carey since April 2017 and oversees asset management activity across all property types in North America and Europe on behalf of W. P. Carey, CPA:17 Global and CPA:18 Global. Since joining the Company in 2006, Mr. Gordon has served in various capacities with increasing responsibilities in the Asset Management Department, including most recently as the head of the North American Asset Management team, and he has been a Managing Director since 2014. The Board designated him as an executive officer in January 2018. Mr. Gordon earned his B.A. in Economics from Johns Hopkins University, with a concentration in finance and management. He also graduated from Groton School in Groton, MA, and currently serves on the board of directors of The Hinckley Company, a privately held company that manufactures, services, and sells luxury sail and power boats.

Proposal Two Advisory Vote on Executive Compensation

The Board and the Compensation Committee, which is responsible for designing and administering W. P. Carey's executive compensation program, value the opinions expressed by shareholders in their vote on this proposal and will review and consider the outcome of the vote when making future decisions on executive compensation.

At our annual meeting of stockholders held on June 19, 2014, the Board recommended, and stockholders voted, to hold this advisory vote, known as a "Say-on-Pay" vote, every year, with which the Board agreed. Accordingly, in this Proposal Two, shareholders are being asked to vote on the following resolution:

RESOLVED, that the shareholders of W. P. Carey approve, on an advisory basis, the compensation of the company's Named Executive Officers, as disclosed pursuant to Item 402 of SEC Regulation S-K, including the Compensation Discussion and Analysis and the related compensation tables and narrative discussion in this Proxy Statement.

Our goal is to maintain an executive compensation program that fosters the short- and long-term goals of the company and its shareholders. We seek to accomplish this goal by motivating our senior leadership group to achieve a high level of financial performance. We believe that our executive compensation program is designed to align executive pay with performance and to motivate management to make sound financial decisions that increase the value of the company.

Assuming the presence of a quorum at the Annual Meeting, the affirmative vote of a majority of the votes cast by the stockholders, in person or by proxy, is necessary for approval of Proposal Two. However, as an advisory vote, Proposal Two is not binding upon the Board, the Compensation Committee, or W. P. Carey.

The Board recommends a vote **FOR** the approval, on an advisory basis, of the foregoing resolution approving the Company's executive compensation.

Compensation Discussion and Analysis

The following pages discuss the process and philosophy guiding compensation decisions for the following NEOs during 2017:

Mark J. DeCesaris *Former Chief Executive Officer (retired as CEO December 31, 2017)*

Jason E. Fox *Current Chief Executive Officer*

John J. Park *President*

ToniAnn Sanzone *Chief Financial Officer*

Mark M. Goldberg *Former President, Investment Management (resigned June 2017)*

Compensation Principles

The Company's executive compensation programs are structured in accordance with the following three basic principles, first established by the Company's late Founder, Mr. Wm. Polk Carey:

The Compensation Committee annually reviews the pay levels of our NEOs against reasonable peers and generally finds our base salaries to be conservative (e.g., aligned with the 25th percentile), and total compensation aligned with the 50th percentile.

Other than to recognize promotions, salaries for the NEOs remained unchanged from 2015 through 2017.

Approximately half of each NEO's pay opportunity is provided through equity-based compensation tied to long-term performance and vesting.

The Committee believes that senior management pay outcomes over time should be aligned with the shareholder experience.

Further, each of our NEOs is subject to rigorous stock ownership guidelines.

More than 80% of our average NEO pay opportunity is at risk and subject to Company and/or stock price performance.

Annual cash bonus payments are determined following a robust and holistic evaluation of financial and non-financial achievements.

The ultimate value of our annual performance-based equity awards is tied to long-term AFFO per share growth and relative Total Shareholder Return ("TSR"), which includes changes in the Company's stock price.

2017 Business Highlights

In addition to the framework set by these principles, the Compensation Committee considered a number of factors in determining 2017 compensation levels for the NEOs to help ensure alignment with the Company's performance in 2017. Among these factors were:

The Company's financial and market performance compared to prior years;

Performance against predefined objectives as set forth in the Company's 2017 business plan;

Performance versus a peer group of companies as well as the REIT industry generally, the broader economic environment, and the strategic goals and challenges faced by the Company in 2017.

Material quantitative performance factors that the Compensation Committee considered in making 2017 compensation decisions were:

Total shareholder return The Compensation Committee focused particularly on TSR performance. Over the past 1-, 3-, 5-, and 10-year periods the Company delivered 23.9%, 5.8%, 12.2%, and 14.6% returns, on a compounded, annualized basis, respectively. Further, as shown in the graph below, the Company outperformed the MSCI US REIT Index in each period, although it did underperform the S&P 500 Index and the Russell 2000 Index in the 3- and 5-year periods. As discussed under Long-Term Incentive Awards below, TSR performance, in addition to being factored into 2017 compensation decisions, also directly impacts the payout of outstanding performance share units, or PSUs, granted in prior years because TSR relative to the MSCI US REIT Index is one of the two performance metrics utilized to determine the payout level of those performance-based awards.

WPC Rank Versus Companies in the MSCI US REIT Index

| 1-Year | 3-Year | 5-Year | 10-Year |
|---------------|---------------|---------------|----------------|
| #14 of 143 | #70 of 131 | #45 of 110 | #10 of 91 |

AFFO Growth The Committee also focused on AFFO, a supplemental financial measure (see the footnote on page 28 for important information about this non-GAAP metric). As a result of management's accomplishments, during 2017 the Company grew AFFO to \$573.0 million from \$547.7 million in 2016, an increase of 4.6%, and AFFO per diluted share to \$5.30, representing an increase of 3.5% over the prior year. These results reflected lower

interest expense, lower general and administrative expenses, a lower provision for income taxes, and higher asset management fees within its Investment Management business, which more than offset lower lease revenues from its owned portfolio and lower structuring revenues from the Managed Programs.

Table of Contents

Executive Compensation

Dividends With a focus on paying stable dividends, during 2017 the Company declared dividends totaling \$4.01 per share, an increase of 2.0% compared to total dividends declared during 2016 of \$3.93 per share. In

keeping with its conservative approach, the Company maintained a payout ratio of 76% relative to AFFO on a full year basis.

Some of the specific financial results the Compensation Committee evaluated are set forth below.

| Financial Metric | 2017 Results | 2016 Results | Change |
|---|------------------|------------------|--------|
| Total Revenues (net of reimbursed expenses) | \$ 775.3 million | \$ 849.7 million | (8.8)% |
| Net Income Attributable to W. P. Carey | \$ 277.3 million | \$ 267.7 million | +3.6% |
| Diluted Earnings Per Share | \$ 2.56 | \$ 2.49 | +2.8% |
| Net Cash Provided by Operating Activities | \$ 516.1 million | \$ 540.8 million | (4.6)% |

Although total revenues and net cash provided by operating activities decreased in 2017 versus the prior year, the Compensation Committee took into consideration that those decreases primarily reflected the impact of property dispositions in 2016 and 2017, which were part of the Company's proactive asset management of portfolio composition; the higher lease termination revenue in the prior year; and the Company's election for 2017 to receive certain asset management fees and structuring revenue from the Managed Programs in shares of their stock rather than in cash.

While the quantitative results presented above influenced the Committee's decisions regarding 2017 compensation, the following accomplishments were also taken into consideration:

In June 2017, the Company announced that it was exiting the non-traded retail fundraising business in keeping with its long-term strategy to focus exclusively on net lease investing for its owned portfolio.

The Company's decision to exit from the non-traded retail fundraising business accelerated its transition away from one-time structuring revenues. The Company believes that this transition to more stable, recurring annual lease revenue and recurring asset management revenue streams will better position the Company for more stable and predictable growth rates over the long-term.

Management implemented meaningful and sustainable changes in the Company's cost structure through identified efficiencies across the platform as well as through the simplification of its business.

The management team successfully accomplished the transition from Mr. DeCesaris, who retired as CEO effective December 31, 2017, to Mr. Fox.

COMPENSATION HIGHLIGHTS

2017 Base Salaries:

Other than an adjustment to Ms. Sanzone's base salary to reflect her promotion to the CFO role, no base salary increases were made for 2017.

2017 Bonus Payments:

In determining 2017 cash bonus payments, which were paid in early 2018, the Committee first noted that the Company's overall financial performance in 2017 had outperformed prior year results and had met or exceeded the expectations set forth in its 2017 business plan. The Committee also noted that management had taken a major step forward in the Company's long-term strategy of focusing exclusively on net lease investing when it

determined to exit all non-traded retail fundraising activities in June 2017, while continuing to maintain a high-level of performance in its role as the advisor to the Managed Programs. As a result of these and other factors, bonus payments for the NEOs were higher than the prior year (see page 40 for details). As for Mr. DeCesaris, in addition to strong Company and stock price performance in 2017, the bonus payment reflected the Committee's desire to recognize Mr. DeCesaris's effort in preparing for and executing a seamless leadership transition, and to acknowledge Mr. DeCesaris's past efforts in relation to his total compensation during his tenure, which was lower than that of his predecessor and had been positioned near the 25th percentile of the peer group.

Executive Compensation

2015-2017 Performance Share Unit Award Payouts:

In early 2015, PSUs were granted contingent on three year performance against pre-established metrics (AFFO per share growth and TSR relative to the MSCI US REIT Index). In early 2018, the Committee approved a payout equal to 122.1% of target to all holders of such awards. Of the NEOs, only Mr. Park held such 2015 PSUs.

2017 Long-Term Incentive Grants for Performance Year ("PY") 2016:

The Committee maintained a similar approach to long-term incentive grants as in prior years and therefore in early 2017 authorized grants to the NEOs consisting of PSUs and time-based RSUs with equal weighting. Both award types vest and/or measure performance over a three-year period (2017-2019). The 2017 PSUs continue to measure AFFO per share growth and TSR relative to the MSCI US REIT Index (except that, for the 2017 PSUs, TSR performance will be measured on a percentile basis, rather than basis points). The awards to the NEOs were slightly below the awards made in early 2016, with the exception of Mr. Fox to better align him with certain other NEOs and Ms. Sanzone to reflect her promotion to CFO in early 2017.

2018 Compensation Plan Changes:

In order to promote greater transparency related to the calculation of the annual cash bonus payouts, both internally and externally, the Committee, with input from senior management and the Committee's independent compensation consultant, Frederic W. Cook & Co., Inc. ("FW Cook"), implemented a new annual cash bonus program for 2018. Going forward, performance against pre-established Real Estate AFFO ("RE AFFO") per share goals will fund an initial bonus pool for plan participants, including the NEOs. The Committee determined that it would be preferable to focus management on RE AFFO, which is AFFO generated by our Owned Real Estate business segment, not overall AFFO, in light of the Company's exit from all non-traded retail fundraising in June 2017. The initially funded pool may then be modified (up or down) based on the Committee's evaluation of certain strategic goals, including improving portfolio strength, TSR relative to the MSCI US REIT Index and furthering the Company's long-term strategic objectives, such as improving its cost of capital. The Committee believes this design appropriately balances the need to provide greater transparency to shareholders and participants regarding bonus calculations, while maintaining an appropriate level of discretion allowing the Committee to evaluate holistic Company performance and assess both management's accomplishments during the year and how those results were accomplished, including an assessment of the shareholder experience.

Results of 2017 Advisory Vote on Executive Compensation:

At our 2017 Annual Meeting, approximately 91.8% of the votes cast were in favor of our Say-on-Pay proposal. The Compensation Committee considered the outcome of that advisory vote to be an endorsement of the Committee's compensation philosophy and implementation. That said, the Compensation Committee will continue to consider the outcome of the Company's Say-on-Pay votes and any other shareholder feedback when making future compensation decisions for the NEOs. The change to the 2018 annual cash bonus program described above reflects the Committee's commitment to plan design changes to promote continued transparency in the pay determination process.

Compensation Philosophy and Decision Making Process:

The Company's compensation philosophy and its processes for compensating executive officers are overseen by the Compensation Committee. This Committee currently consists of four directors, each of whom is independent within the meaning of the Listing Standards of the NYSE. The Compensation Committee's responsibilities include setting the Company's executive compensation principles and objectives, setting and approving the compensation of executive officers, and monitoring and approving the Company's general compensation programs.

The Compensation Committee relies on input both from management and from its independent compensation consultant to assist the Committee in making its determinations. Although the Compensation Committee receives information and recommendations regarding the design of the compensation program and level of compensation for executive officers from these sources, the Compensation Committee retains the sole authority to make final decisions both as to the types of compensation awarded and compensation levels for these executives.

Compensation Philosophy

Edgar Filing: W. P. Carey Inc. - Form DEF 14A

The Company's compensation programs are designed to align executive pay with Company performance and to motivate management to make sound financial decisions that increase the value of the Company. The Committee believes that a blend of incentive programs, based on both quantitative and qualitative performance objectives, is the most appropriate way to encourage not only the achievement of outstanding financial performance, but maintenance of consistent standards of teamwork, creativity, good judgment, and integrity. In determining the compensation of our NEOs, the Compensation Committee relies on a balance of formulaic and qualitative incentive programs, exercising its best judgment and taking into account the many aspects of performance that make up an individual's contribution to the Company's success.

Table of Contents

Executive Compensation

For 2017 compensation, the Committee examined a broad range of information on financial performance, as described above. The Committee also reviewed information on the performance of and contributions made by individual executive officers and, in doing so, placed substantial reliance on information received from, and the judgment of, the CEO. While the Compensation Committee periodically reviews independent survey data, other public filings, and peer group data provided by its independent compensation consultant as market reference points, it does not explicitly target compensation levels at any particular percentile or other reference level.

Role of the Independent Compensation Consultant

Our Compensation Committee engages an independent consultant to provide guidance on a variety of compensation matters. In September 2016, the Committee engaged FW Cook, a leading compensation consulting firm, as its independent compensation consultant. FW Cook conducts independent studies and provides objective advice on executive and director compensation. FW Cook's role with the Company is as adviser to the Committee on executive compensation matters. As part of its decision making process, the Committee conducted an assessment, as required by SEC rules, to determine if any conflicts of interest exist with regard to its engagement of FW Cook. In conducting that assessment, the Committee reviewed a variety of factors, including those required by SEC rules, and determined that no such conflict of interest existed.

In early 2017, the Committee, together with FW Cook, reviewed executive compensation practices and pay levels against market and peer group practices generally. That review was intended, among other things, to determine appropriate compensation levels for NEOs given 2016

performance. FW Cook also presented the Committee with peer group incentive plan design information that the Committee considered in setting the 2017-2019 metrics and goals for PSUs, as described below. Finally, FW Cook recommended to the Committee the adoption of the Cash Incentive Plan and the 2017 Share Incentive Plan, which were approved by shareholders in June 2017. In early 2018, the Committee and FW Cook conducted a similar process with regard to executive compensation and performance metrics and recommended that the Committee adopt a new annual cash bonus program for employees, including the NEOs, described under 2018 Compensation Plan Changes above.

Peer Comparison Group

When determining compensation levels for the NEOs, the Compensation Committee considers a number of external market reference points, including published survey data and the competitive pay levels of an established group of publicly traded peer companies. This peer comparison group consists of companies having similar characteristics to the Company, as noted below, and with whom the Company competes for executive talent. The Compensation Committee periodically reviews the peer group to determine what changes, if any, are appropriate.

In March 2017, with the assistance of FW Cook, the Compensation Committee reassessed the composition of the Company's peer group and determined to revise the companies in our peer group to better reflect the Company's current business and size. The resulting peer group comprises 17 companies operating in the real estate investment and real estate asset management industries.

Executive Compensation

The companies included in the 2017 peer group generally have the following characteristics:

Companies operating as publicly traded, internally-managed REITs;

Companies within a reasonable size range, primarily measured by market capitalization, enterprise value and number of employees;
and

Companies meeting additional qualitative criteria intended to identify those most similar in business model and asset mix to the Company, including, but not limited to: net lease focus, exposure to multiple asset classes, national diversity, diversified tenant base, and international operations.

The Committee, together with FW Cook, reviewed the existing peer group in March 2018 and determined not to make any changes for 2018.

Elements of Compensation

The Company uses base salary, annual cash incentives, and long-term equity incentives, as well as a range of benefit plans, as tools to help achieve its compensation objectives. The Company's approach to the mix of compensation among these elements emphasizes variable compensation, including bonuses and long-term incentives in the form of stock-based awards, over fixed compensation. The emphasis on stock-based awards vesting over time helps to promote a long-term perspective and align management's interests with that of the Company's shareholders.

| Element | Compensation Objectives and Key Features |
|-----------------------------|---|
| Base Salary | <p>Fixed</p> <p>Fixed compensation component that provides a minimum level of cash to compensate the executive officer for the scope and complexity of the position.</p> <p>Amounts based on an evaluation of the executive officer's experience, position, and responsibility, as well as intended to be competitive in the marketplace to attract and retain executives.</p> |
| Annual Cash Incentive Award | <p>At risk</p> <p>Variable cash compensation component that provides incentive and reward to our executive officers from a bonus pool that was funded for 2017 based on the achievement of positive AFFO, with bonuses then awarded based on the Compensation Committee's subjective assessment of annual corporate, departmental, and individual performance.</p> |
| Long-Term Equity Incentives | <p>At risk</p> <p>Variable equity compensation designed to foster meaningful ownership of our Common Stock by management, to align the interests of our management with the creation of long-term shareholder value, and to motivate our management to achieve long-term growth for the Company.</p> <p>PSU awards under the long-term incentive plan ("LTIP") are predicated on 3-year performance based on absolute AFFO per share growth and relative TSR versus the MSCI US REIT Index.</p> |

Although the Compensation Committee examines market data, it does not target a specific percentile for each executive. Rather, the Compensation Committee uses the market median (50th percentile) as an initial reference point for the executive team, in aggregate, and then, based on performance, including the various financial metrics as outlined herein as well as TSR performance, adjusts incentive compensation levels (both cash and equity) in a corresponding manner.

While the Compensation Committee does not utilize a specific formula, base salary has generally comprised a relatively small portion of our CEO and other NEO pay (13% and an average of 16% in 2017, respectively). The equity portion of pay has tended to represent approximately 50% of our CEO and other NEO total pay, based on the Committee's philosophy of aligning executive compensation with Company performance.

In determining compensation for a performance year, the Compensation Committee views the results for such year early in the following year, based on a variety of performance metrics, as outlined below. For 2017, the Committee made its determination in early 2018 with regard to the amounts of the 2017 cash bonus awards, which were payable in 2018, and those amounts are reflected in the Summary Compensation Table presented later in this Proxy Statement. At the same time as the cash bonuses were determined, the Committee also made a determination as to the size of the long-term equity incentive grants to be awarded to executives, with the size of the awards predicated in part on the 2017 performance year. Under SEC rules, although the grant date fair values of those awards are not required to be disclosed until the Company issues its Proxy Statement for its 2019 Annual Meeting, the Company has voluntarily reflected those values in the percentages shown on the following chart.

For 2017, the mix for total compensation was:

Base Salary

Base salary is intended to reflect job responsibilities and set a minimum baseline for compensation. The Company's overall philosophy is that, in most cases, base salaries for officers, including those for executive officers, are viewed as a significantly smaller component of their overall compensation than variable elements of compensation. When setting such salary levels, the Committee considered the following factors:

the nature and responsibility of the position;

the expertise of the individual executive;

changes in the cost of living and inflation;

the competitive labor market for the executive's services; and

the recommendations of the CEO with respect to executive officers who report to him.

Base salaries for the executive officers are subject to annual review by the Compensation Committee, which considers competitive market data provided by the Committee's independent compensation consultant.

When considering potential changes to base salaries for executive officers, the Committee also takes into consideration the impact on total compensation. Based on current and historical market analyses, base salaries have aligned with the 25th percentile and total compensation has aligned with the 50th percentile across the NEO group. The Committee may determine to adjust NEO salaries, individually or overall, at any time, although for 2017 it determined to keep base salaries flat for all NEOs other than to reflect promotions, despite the fact that salary increases for employees overall were approximately 2%.

Executive Compensation

| Executive | Title | 2016 | 2017 | 2018 |
|----------------------------------|--|------------|------------|------------|
| Mark J. DeCesaris ⁽¹⁾ | Former Chief Executive Officer (through December 31, 2017) | \$ 700,000 | \$ 700,000 | N/A |
| Jason E. Fox ⁽²⁾ | Current Chief Executive Officer (effective January 1, 2018); Former President (through December 31, 2017) | \$ 400,000 | \$ 400,000 | \$ 700,000 |
| John J. Park ⁽³⁾ | Current President (effective January 1, 2018); Former Director of Strategy and Capital Markets (through December 31, 2017) | \$ 357,000 | \$ 357,000 | \$ 525,000 |
| ToniAnn Sanzone ⁽⁴⁾ | Chief Financial Officer | \$ 300,000 | \$ 400,000 | \$ 425,000 |

- (1) Mr. DeCesaris retired as CEO on December 31, 2017. He served as Senior Advisor through February 28, 2018 and during that period his salary was paid at the same annual rate of \$700,000.
- (2) Mr. Fox became CEO on January 1, 2018.
- (3) Mr. Park became President on January 1, 2018.
- (4) Ms. Sanzone was named Interim CFO in October 2016, having previously served as Chief Accounting Officer since June 2015, and she became our CFO in January 2017, at which point the Committee approved an annual salary of \$400,000 for 2017.

After taking into consideration a recommendation from FW Cook, the Committee decided to adjust NEO salaries for 2018, after keeping salaries flat in 2017, given the progress made toward achieving the Company's strategic goals, as discussed above, as well as to reflect Mr. Fox's promotion to CEO and Mr. Park's promotion to President in January 2018.

Annual Cash Incentives

Annual cash bonuses are intended to motivate executive officers to achieve Company goals, align executive pay with stockholder interests, and reward performance, both by the Company as a whole and by the individual executive officers. Annual cash incentive payments to NEOs for 2017 were not based on rigid formulae but were paid under the shareholder-approved 2017 Cash Incentive Plan, which was implemented to ensure the deductibility of the NEO bonus payments under then-existing tax law. Because the Company achieved positive AFFO for 2017, NEOs were eligible for bonuses at the maximum amount payable for each NEO established under the 2017 Cash Incentive Plan. The Committee then exercised their discretion to reduce actual bonus payouts to the amounts noted in the table below. In establishing those amounts, the Compensation Committee considered many factors including:

the Company's financial and market performance compared to prior years;

performance against predefined objectives as set forth in the Company's 2017 business plan;

progress toward achieving financial and non-financial goals and long-term objectives, including the Company's exit from the non-traded retail fundraising platform;

the effective CEO succession planning process and seamless leadership transition;

Edgar Filing: W. P. Carey Inc. - Form DEF 14A

shareholder returns, both absolute and relative to other similarly situated REITs; and

unforeseen changes in the Company's operating environment during the year.

As discussed in the 2017 Business Highlights section above, 2017 was a year of transition and change, which the Committee factored into its deliberations. As a result, the Committee took into account the demonstrated growth in several key financial and portfolio metrics, including an increase in AFFO per share at a time when structuring revenues from the Company's investment management business were declining significantly because the Managed Programs had substantially invested the proceeds from their offerings and no new programs were being launched because of the decision to exit non-traded retail fundraising in June 2017; that the exit from the non-traded retail fundraising business was accomplished without a loss of assets under the Managed Programs; and that Management was also able to achieve meaningful and sustainable changes to the Company's cost structure.

Table of Contents

Executive Compensation

Finally, the Committee acknowledged that the Company's TSR for 2017 was 23.9%, which outperformed both the MSCI US REIT Index and the median of its peer group.

In determining individual bonus payouts to the NEOs for 2017 performance, the Committee started with the assumption that all officers would be eligible for at least the same bonus as 2016 performance for a level of commensurate performance. The Committee could then adjust actual bonuses to reflect individual accomplishments and annual performance objectives. Historically, these adjustments have been based on performance assessments presented to the Committee by the CEO, and in the case of the CEO's bonus, by the independent deliberations of the Compensation Committee.

As a result of these deliberations, the Committee determined to increase annual bonus payments for Messrs. Fox and Park and Ms. Sanzone (and in the case of Ms. Sanzone, to also reflect her promotion to CFO in early 2017). In addition, upon the recommendation of Mr. DeCesaris, who was CEO during PY 2017, the Committee, in December 2017, determined to increase bonus payments to the employees generally, which were commensurate with the payments to the NEOs when viewed on a percentage basis compared to their prior year bonuses. For a discussion of Mr. DeCesaris's cash incentive payments, see CEO Compensation below.

The resulting NEO cash incentive payouts for 2017 performance, payable in early 2018, are shown in the table below:

| Executive | Title | Annual Cash Bonus ⁽¹⁾ | |
|-------------------|---|----------------------------------|--------------|
| | | PY2016 | PY2017 |
| Mark J. DeCesaris | Former Chief Executive Officer (through December 31, 2017) | \$ 1,200,000 | \$ 2,500,000 |
| Jason E. Fox | Current Chief Executive Officer (effective January 1, 2018); Former President (through December 31, 2017) | \$ 795,000 | \$ 1,000,000 |
| John J. Park | Current President (effective January 1, 2018); Former Director of Strategy and Capital Markets (through December 31, 2017) | \$ 930,000 | \$ 1,200,000 |
| ToniAnn Sanzone | Chief Financial Officer ⁽²⁾ | \$ 350,000 | \$ 550,000 |

(1) Cash bonuses are paid in the year after the completion of the PY. As such, the amounts listed under PY 2017 were determined based on 2017 performance and, therefore, were approved and paid in February 2018.

(2) Ms. Sanzone served as Chief Accounting Officer from June 2015 until she was named Interim CFO in October 2016. She became CFO in January 2017.

Long-Term Incentive Awards

The LTIP is designed to reward key managers for high performance and to drive stockholder value. Awards for our NEOs are delivered at approximately 50% in the form of time-based RSUs that vest over a 3-year period and 50% in the form of PSUs that are earned after a 3-year performance period based on the achievement of specific performance goals determined at the beginning of the cycle. The Committee approves final goals for each performance cycle after evaluating goals proposed by management. Management's proposals are based on the Company's long-term financial plan, historical results, and expected results. The Compensation Committee considers these recommendations in conjunction with the established long-term business plan of the Company in order to determine the final goals. From time to time, the Compensation Committee's independent compensation consultant assists the Compensation Committee with the goal-setting process by providing analyses of historical peer group performance and expected trends.

The Compensation Committee annually reviews the Company's progress towards achieving each of the PSU goals and, after the end of each 3-year PSU performance cycle, evaluates the Company's actual performance compared to the pre-set goals and determines the payout level achieved. PSUs may be earned between 0% and 300% of the target number of shares granted depending on its performance against two equally

Edgar Filing: W. P. Carey Inc. - Form DEF 14A

weighted metrics: TSR relative to the MSCI US REIT Index; and AFFO per share compound annual growth. These metrics were selected to align with the Company's goals of outperforming an established benchmark index for similar REITs, sustainably growing our funds available for dividends, and managing shareholder dilution appropriately. Payment levels are determined on a linear scale between performance levels, which allows the Committee to recognize, reward, and incentivize incremental performance gains between the "stepped" performance levels.

Executive Compensation

For the 2015-2017 PSU payout, the Company achieved 128.7% with respect to the AFFO measure and 115.5% with respect to the TSR measure, both of which were between the Target and Stretch performance levels, which resulted in a cumulative payout equal to 122.1% of the Target payout amount, as shown below:

| 2015-2017 PSU | | | | |
|-------------------|--|--|-----------------------|---------------|
| Performance Level | AFFO per Share (Compound Growth Rate) | Relative TSR (vs. MSCI US REIT Index) | Payout as % Target | TOTAL |
| Below Threshold | <1.0% | <-200 basis points | 0% | |
| Threshold | 1.0% | -200 basis points | 50% | |
| Target | 3.0% | 0 basis points | 100% | |
| Stretch | 4.0% | +250 basis points | 200% | |
| Maximum | 6.0% | +500 basis points | 300% | |
| Actual Result | 3.29% | +39 basis points | | |
| Payout | 128.7% (Between Target and Stretch) | 115.5% (Between Target and Stretch) | | 122.1% |

Of the NEOs, only Mr. Park had been granted 2015-2017 PSUs, and he received a payout of 9,306 shares (although 4,879 of such shares were withheld to pay for taxes) in February 2018.

In 2016, the Committee believed that no changes to the program were warranted for the 2016-2018 performance cycle. As a result, the metrics for the 2016-2018 performance cycle were:

| 2016-2018 PSU | | | |
|-------------------|--|--|-----------------------|
| Performance Level | AFFO per Share (Compound Growth Rate) | Relative TSR (vs. MSCI US REIT Index) | Payout as % Target |
| Below Threshold | <1.0% | <-200 basis points | 0% |
| Threshold | 1.0% | -200 basis points | 50% |
| Target | 3.0% | 0 basis points | 100% |
| Stretch | 4.0% | +250 basis points | 200% |
| Maximum | 6.0% | +500 basis points | 300% |

For the 2017-2019 performance cycle, the Compensation Committee determined to again maintain the same TSR and AFFO metrics. However, based on input from management regarding the key factors likely to affect the Company's results over that 3-year cycle, the Committee

Edgar Filing: W. P. Carey Inc. - Form DEF 14A

determined that a lower AFFO growth rate for the Target, Stretch and Maximum levels, compared to the same rate in prior cycles, would be a more appropriate goal. The Committee made this change because, in its view, the Company's ability to

grow its earnings would be more challenging over the coming years due to changes in the Company's business model and its larger size. Additionally, the Compensation Committee determined to revise its measurement approach for relative TSR performance to compare the Company's percentile rank relative to the individual constituents of the MSCI US REIT Index. As a result, the following metrics apply for the 2017-2019 performance cycle:

2017-2019 PSU

| Performance Level | AFFO per Share (Compound Growth Rate) | Relative TSR (vs. MSCI US REIT Index) | Payout as % Target |
|-------------------|--|--|-----------------------|
| Below Threshold | <1.0% | <25 th percentile | 0% |
| Threshold | 1.0% | 25 th percentile | 50% |
| Target | 2.0% | 50 th percentile | 100% |
| Stretch | 3.0% | 75 th percentile | 200% |
| Maximum | 5.0% | 90 th percentile | 300% |

Table of Contents

Executive Compensation

In 2018, the Committee believed that no changes to the program were warranted, except that, given the Company's exit from all non-traded retail fundraising in June 2017, the Committee determined that it would be preferable to focus

management on RE AFFO per share, rather than the overall AFFO per share metric used in prior years. As a result, the following metrics apply for the 2018-2020 performance cycle:

2018-2020 PSU

| Performance Level | RE AFFO per Share (Compound Growth Rate) | Relative TSR (vs. MSCI US REIT Index) | Payout as % Target |
|-------------------|---|--|-----------------------|
| Below Threshold | <1.0% | <25 th percentile | 0% |
| Threshold | 1.0% | 25 th percentile | 50% |
| Target | 2.0% | 50 th percentile | 100% |
| Stretch | 3.0% | 75 th percentile | 200% |
| Maximum | 5.0% | 90 th percentile | 300% |

For the PY 2017 LTIP awards made in early 2018, the Compensation Committee determined to increase the aggregate grant date values from the PY 2016 LTIP awards to the ongoing NEOs, to reflect the changes in their roles, individual performance and competitive market data.

Long-Term Incentives⁽¹⁾

| Executive | Title | PY2016 | PY2017 |
|-------------------|--|--------------|--------------------|
| Mark J. DeCesaris | Former Chief Executive Officer (through December 31, 2017) | \$ 2,200,000 | N/A ⁽²⁾ |
| Jason E. Fox | Current Chief Executive Officer (effective January 1, 2018); Former President (through December 31, 2017) | \$ 1,330,000 | \$ 2,500,000 |
| John J. Park | Current President (effective January 1, 2018); Former Director of Strategy and Capital Markets (through December 31, 2017) | \$ 1,330,000 | \$ 1,500,000 |
| ToniAnn Sanzone | Chief Financial Officer ⁽³⁾ | \$ 600,000 | \$ 700,000 |

(1) Awards for PY 2017 were made on January 18, 2018 and awards for PY 2016 were made on January 18, 2017, except as noted below. The amounts for PY 2016 for Messrs. Fox and Park shown in the table above do not match amounts shown in the Summary Compensation Table for 2017 presented later in this Proxy Statement as the latter amounts include one-time grants made in January 2017, as discussed below.

(2) Because Mr. DeCesaris resigned as CEO effective December 31, 2017, he did not receive an LTIP award for PY 2017 in January 2018.

(3) Ms. Sanzone served as Chief Accounting Officer from June 2015 until she was named Interim CFO in October 2016. She became CFO in January 2017.

In PY 2016, Messrs. Fox and Park also received separate one-time grants of RSUs, which are not shown in the table above, with grant date values of approximately \$100,000 and \$143,000, respectively. These grants were made at the request of Mr. DeCesaris, who was then our CEO, and were intended to adjust their total compensation in order to better align it with benchmark levels for their positions.

CEO Compensation

Mark J. DeCesaris was our CEO for all of 2017. In early 2017, the Compensation Committee determined to maintain Mr. DeCesaris' salary at \$700,000 and to grant awards under the LTIP with an intended value of \$2,200,000. In early 2018, the Compensation Committee determined to award him a bonus of \$2,500,000 for 2017 performance in recognition of his leadership over the past year, particularly in implementing the plan to exit all non-traded retail fundraising activities in June 2017, and steering the Company through that significant transition as well as the leadership transition related to his retirement. In connection with his retirement as CEO, the Committee determined to amend the terms of his RSUs that remained outstanding as

of February 28, 2018, which was the last day of his employment as Senior Advisor, so that they became fully vested as of that date, as follows: 6,491 RSUs granted in 2016 and 11,901 RSUs granted in 2017. The Committee also amended the terms of his PSUs that remained outstanding and unvested as of that date, so that they will continue to vest pursuant to their terms as though his employment had continued through their respective vesting dates, as follows: 19,859 PSUs granted in 2016 and 18,339 PSUs granted in 2017, all shown at Target levels. The final value realized by Mr. DeCesaris from the PSU awards will parallel that of other participants and remains at-risk. The Committee determined that continuing to tie Mr. DeCesaris's pay outcomes to the Company's performance through the remainder of the performance cycles aligns his payments with his efforts in preparing for and executing a seamless leadership transition. In addition, the Committee acknowledged that Mr. DeCesaris' total compensation during his tenure had been positioned near the 25th percentile of the peer group, and that, even when considering the increase in the 2017 bonus payout, his total compensation for 2017 approximated the peer group median.

[Executive Compensation](#)

In January 2018, the Compensation Committee approved compensation arrangements for Jason E. Fox as CEO consisting of (i) \$700,000 in annual salary, (ii) a target cash bonus of \$1,400,000 for fiscal year 2018 under the Company's new annual cash bonus program (described in 2018 Compensation Plan Changes above), and (iii) LTIP awards consisting of (a) \$1,250,000 in RSUs and (b) \$1,250,000 in PSUs subject to pre-established performance goals, as measured over the performance period of January 1, 2018 through December 31, 2020.

Other Compensation and Benefits

[Deferred Compensation Plans](#)

Payment of the shares underlying LTIP awards may be deferred pursuant to the Company's Deferred Compensation Plan and are subject to the requirements of Section 409A of the Internal Revenue Code, which we refer to in this Proxy Statement as the Code. For awards of RSUs and PSUs to NEOs in 2017, none of the current NEOs elected to defer receipt of the underlying shares through the Deferred Compensation Plan, except for Mr. Fox.

Deferred awards under certain prior compensation plans are also maintained in the Deferred Compensation Plan. These partnership equity unit plans, or PEP Plans, were discontinued in 2007, and the PEP awards were converted to RSUs in 2009. These Rollover RSUs, which were required to be deferred for a minimum of two years, are payable in accordance with the employees' prior elections. Currently, of the NEOs, Messrs. Fox and Park hold Rollover RSUs.

[Benefits and Perquisites](#)

Our NEOs are provided with limited perquisites and benefits that are generally consistent with those provided to the Company's employees. The Company does not maintain any defined benefit pension plans. The Company does maintain a profit sharing plan, pursuant to which the Company contributed 10% of an employee's total cash compensation, up to legal limits, into the plan on their behalf during 2017, as well as the Company's Employee Stock Purchase Plan ("ESPP"), under which eligible employees in 2017 could purchase Company stock at a discount of 10% off the market price of the Common Stock on the last day of two semi-annual purchase periods, up to applicable limits, and must hold the shares purchased for at least one year. The Company also maintains an employee-funded 401(k) plan and a Roth 401(k) plan. These plans are generally available to all employees including the NEOs, as are certain perquisites. These perquisites are not deemed by the Company to constitute a material element of compensation.

Employment Agreements

The Company has from time to time entered into employment agreements when it has deemed it to be advantageous in order to attract or retain certain individuals. None of the current NEOs have employment agreements as of the date of this Proxy Statement.

Compensation Governance

We design our compensation plans within a set of strong compensation governance provisions. These include:

| What We Do | What We Don't Do |
|--|--|
| Deliver a significant percentage of annual compensation in the form of variable compensation tied to multi-year performance through our new annual cash incentive plan | Do not provide excise tax gross-ups |
| Half of the LTIP value at grant is delivered through PSUs measuring 3-year performance | Do not have employment agreements |
| Provide total compensation opportunities that approximates the market median | Do not have executive perquisites |
| Compare executive compensation levels and practices against a relevant peer group of similarly-sized REITs | Do not have excessive severance benefits |
| Engage an independent compensation consultant that reports directly to the Compensation Committee and provides no other services to the Company | Do not allow current dividends to be paid on unearned PSUs or unvested RSUs. |
| Require meaningful levels of stock ownership among our executive officers and non-employee directors | Do not allow hedging or short sales of our securities, and have meaningful limits on pledging |
| Maintain a clawback policy | Do not provide enhanced retirement benefits or other supplemental executive retirement plans, known as SERPs |
| Conduct annual compensation risk review | Do not allow for any single-trigger cash severance benefits upon a change-in-control |

Stock Ownership Guidelines

In January 2013, our Board adopted the W. P. Carey Stock Ownership Guidelines. The Stock Ownership Guidelines require the directors and the NEOs to maintain certain specified ownership levels of Common Stock, based on the

annual cash retainer for directors and a multiple of annual base salary, exclusive of bonuses or other forms of special compensation, for the NEOs. The applicable stock ownership requirements are presented below:

| Position | Ownership Requirement |
|----------|-----------------------|
| CEO | 6x annual salary |

Other NEOs

3x annual salary

Non-Executive Directors

5x annual cash retainer

The Stock Ownership Guidelines provide that, with respect to each person subject to them, they will be phased in over a five-year period. For purposes of determining compliance with the Stock Ownership Guidelines, all Common Stock and securities based on the value of Common Stock acquired through participation in any of the Company's incentive or stock purchase plans are counted, excluding unvested RSUs and PSUs.

As of the date of the Proxy Statement, the five-year phase-in period had been reached for the following directors: Benjamin H. Griswold, IV, Axel K.A. Hansing, Dr. Richard C.

Marston and Nick J.M. van Ommen, each of whom has met the requirement. All other NEOs and non-executive directors subject to ownership guidelines are on track to comply with the requirement within the five year period.

Clawback Policy

Our Board has approved a policy that gives the Board the sole and absolute discretion to make retroactive adjustments to any cash or equity-based incentive compensation paid to executive officers ("Covered Officers") where such payment was based upon the

Table of Contents

[Executive Compensation](#)

achievement of certain financial results that were subsequently the subject of a restatement or if a metric taken into account in computing such compensation has been materially incorrectly calculated and, in each case, the Board determines that the Covered Officer received an excess incentive as a result and that the Covered Officer engaged in ethical misbehavior. The Board has discretion to seek recovery of any excess amount that it determines was received inappropriately by these individuals, but the Board may require the recoupment of up to the total amount of performance-based compensation, rather than the excess amount, for any Covered Officer who is convicted (including a plea of nolo contendere) of illegal acts connected to such restatement or recalculation.

Anti-Hedging Policy

The Company has adopted a policy that prohibits its employees and directors from entering into all forms of hedging transactions regarding the Company's stock, including covered calls, collars, "short sales," sales "against the box," "put" or "call" options, or other derivative transactions.

Pledging Policy

The Company has a robust policy that limits the pledging of shares of the Company's stock, whether in a margin account or as collateral for a loan. The policy states that, if Company stock is pledged in a margin account, no securities of other companies may be held in the same account in order to prevent declines in the value of those securities from causing the sale of the Company's stock due to a margin call. The policy also limits the value of any loan secured by Company stock, in a margin account or otherwise, to 40% of the value of such stock at all times. We believe that the pledging of nonmaterial amounts of equity does not disconnect the interests of employees with those of the shareholders when used reasonably and appropriately. Our compensation program provides for a significant portion of an executive's compensation to be paid in shares, with the intent of providing clear alignment of our executives with our shareholders. We believe that the pledging of shares, within the meaningful limits described, is a reasonable part of our compensation and governance programs and helps enable executives to maintain stock ownership levels in excess of the Company's robust Stock Ownership Guidelines.

Risk Assessment

The Compensation Committee, with the assistance of its independent compensation consultant, annually performs an assessment of compensation related risks for the Company's primary compensation programs, as required by SEC rules. For 2017, the Committee determined that there were no elements of the Company's compensation programs that would be reasonably likely to have a material adverse impact on the Company.

Other Considerations

Section 162(m) of the Code currently imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to an employee who is chief executive officer, chief financial officer, or another "covered employee" (as defined by Section 162(m)), or was such an employee beginning in any year after 2017. For 2017, this limitation did not apply to "qualified performance-based" compensation as defined in the Code. The 2009 Share Incentive Plan, as amended, provided for the grant of performance-based compensation that may be deductible without regard to the limit, as does the 2017 Share Incentive Plan that was approved at the 2017 Annual Meeting. In addition, the 2017 Cash Incentive Plan was structured to comply with Section 162(m) requirements to allow for the grant of performance-based annual cash incentive compensation that may be deductible without regard to the limit under Section 162(m) of the Code. Under the recent U.S. tax reform legislation, however, beginning in 2018 all the exceptions for qualified performance-based compensation were eliminated, so that any compensation paid to such individuals over the \$1 million limit will not be deductible by public companies. There can be no assurance that any amounts paid under the Company's compensation programs, whether paid before or after the effective date of that legislation, will be deductible under Code Section 162(m). The Compensation Committee retains the discretion to establish the compensation paid or intended to be paid or awarded to the NEOs as the Committee may determine is in the best interest of the Company and its shareholders, and without regard to any limitation provided in Code Section 162(m). This discretion is an important feature of the Committee's compensation practices because it provides the Committee with sufficient flexibility to respond to specific circumstances facing the Company.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management. Based on such review and discussions, the Committee recommended to the Board of Directors, and the Board approved, that the Compensation Discussion and Analysis be included in this Proxy Statement, and incorporated by reference in the Company's Annual Report on Form 10-K for the year ended December 31, 2017.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Each of the Compensation Committee members whose names appear under the heading Report of the Compensation Committee above were Compensation Committee members during all of 2017. No member of the Compensation Committee during 2017 is or has been an executive officer of the Company, and no member of the Compensation Committee had any relationships requiring disclosure by the Company under the SEC's rules requiring disclosure of certain relationships and related-party transactions. None of the Company's executive officers served as a director or a member of a compensation committee (or other committee serving an equivalent function) of any other entity, the executive officers of which served as a director of the Company or member of the Compensation Committee during 2017.

SUMMARY COMPENSATION TABLE

The following table summarizes the compensation of our NEOs for each of the fiscal years ended December 31, 2017, 2016, and 2015. For purposes of this table, our NEOs for 2017 were: our current CEO, who became CEO on January 1, 2018 and served as President until December 31, 2017; our former CEO, who became CEO in February 2016 and retired as CEO on December 31, 2017; our current CFO, who became CFO in January 2017 after serving as Interim CFO since October 2016; our current President, who became an executive officer in 2016 and

was appointed as President, effective January 1, 2018; and our former President of Investment Management, who left the Company in June 2017. Compensation of executive officers at December 31, 2017 is shown in the table below, which is calculated in accordance with SEC rules. There were no other executive officers during 2017. Messrs. Brooks and Sabatini were designated as executive officers in January 2018 and accordingly are not shown in the table below.

(1) The amounts in the Bonus column were paid early in the year following completion of the year shown, so that, for example, the amounts shown for 2016 represent bonuses paid in early 2017 for performance in 2016.

(2) Amounts shown represent payments under the 2017 Cash Incentive Plan, approved by our shareholders in June 2017, which were made in early 2018 for performance in 2017. This plan replaced our prior incentive plan, which is shown under the Bonus column in the table above.

(3) Amounts in the Stock Awards column reflect the aggregate grant date fair value, calculated in accordance with FASB ASC Topic 718, with respect to awards of RSUs and PSUs under the 2009 Share Incentive Plan. For details of the individual grants of RSUs and PSUs during 2017, please see the 2017 Grants of Plan-Based Awards table below. The assumptions on which these valuations are based are set forth in Note 14 to the consolidated financial statements included in the 2017 Form 10-K, disregarding estimates of forfeitures. The table reflects PSU awards using an estimate of the future payout at the date of grant. If the PSU awards were shown instead at the Maximum payout level, the aggregate grant date fair value of the PSUs would be: for 2017, \$3,390,148 for Mr. DeCesaris, \$926,886 for Ms. Sanzone, and \$2,049,543 for each of Messrs. Fox, Park and Goldberg; for 2016, \$3,364,909 for Mr. DeCesaris, \$202,200 for Ms. Sanzone, \$3,116,466 for Mr. Fox, and \$3,651,727 for each of Messrs. Park and Goldberg; and for 2015, \$2,072,197 for Mr. Goldberg (although Mr. Goldberg forfeited all these amounts because he voluntarily left the Company in June 2017). The amounts for 2016 include retention PSU awards for Messrs. Fox, Park, and Goldberg of 10,000 PSUs each (although Mr. Goldberg also forfeited this award when he voluntarily left the Company in June 2017), with a grant date fair value of \$785,800, and 1,250 PSUs, with a grant date fair value of \$98,225, for Ms. Sanzone, as discussed in Compensation Discussion and Analysis above. The amounts for 2017 include one-time grants of RSUs to

Edgar Filing: W. P. Carey Inc. - Form DEF 14A

Messrs. Fox and Park, as discussed in Compensation Discussion and Analysis above, as follows: 1,622 RSUs, with a grant date fair value of \$100,000, and 2,320 RSUs, with a grant date fair value of \$143,000, respectively.

- (4) The All Other Compensation column reflects compensation related to Company contributions on behalf of the NEOs to the Company-sponsored profit sharing plan, which includes additional profit-sharing allocations relating to unvested amounts forfeited by other participants in the plan.
- (5) Mr. DeCesaris was appointed CEO on February 10, 2016 at an annual salary of \$700,000. He retired as CEO effective December 31, 2017.
- (6) In connection with his promotion to Head of Global Investments in April 2015, Mr. Fox's annual salary was increased from \$200,000 to \$400,000. Mr. Fox was appointed President in June 2015 and became CEO on January 1, 2018.
- (7) Ms. Sanzone became interim CFO in October 2016, after having served as Chief Accounting Officer since June 2015, and her annual salary was increased from \$250,000 to \$300,000 at that time. She became CFO on January 31, 2017, when her annual salary was set at \$400,000.
- (8) Mr. Park became an executive officer in 2016. He became President on January 1, 2018.
- (9) Mr. Goldberg left the Company in June 2017. His annualized salary for 2017 was \$500,000. His annual salary was \$306,000 for 2015 and \$500,000 for 2016, with the remainder in each case reflecting commissions related to sales of shares of the Managed Programs.

(1) Represents the Company's 2017 Cash Incentive Plan, as described under Annual Cash Incentives in the Compensation Discussion and Analysis section above. No Threshold or Target amounts are shown in the table because no pre-set threshold or target amounts were established under the plan. The individual per-employee maximum amounts shown in this table were established under this plan for purposes of complying with Code Section 162(m). The actual amounts paid under this plan are shown in the Non-Equity Incentive Plan Compensation column for 2017 in the Summary Compensation Table above.

(2) Reflects awards of PSUs under the 2009 Share Incentive Plan. The underlying shares of Common Stock may be paid out in 2020, after the end of a 3-year performance cycle (2017-2019), depending on the achievement of specified criteria, as described in the Compensation Discussion and Analysis section above. Dividend equivalents, in amounts equal to the dividends paid on the shares of Common Stock underlying the PSUs, are accrued and paid after the end of the performance cycle in additional shares of Common Stock as if reinvested in shares upon the related dates of distribution, but only to the extent that the shares underlying the PSUs are actually earned and payable. We refer to these additional shares in this Proxy Statement as Dividend Equivalent Shares.

(3) Grant date of January 18, 2017 represents annual LTIP awards, except as noted for Messrs. Fox and Park in footnote (6) below. Grant date of January 31, 2017 for Ms. Sanzone reflects an additional award to increase her annual award level in connection with becoming CFO.

(4)

Edgar Filing: W. P. Carey Inc. - Form DEF 14A

Reflects awards of RSUs under the 2009 Share Incentive Plan, which are scheduled to vest in three equal installments annually commencing on February 15, 2018. Dividend equivalents on RSUs granted under the 2009 Share Incentive Plan are paid in cash concurrently with the payment of dividends on the underlying shares of Common Stock, contingent upon the individual's continued employment. Grants of RSUs under the 2017 Share Incentive Plan will not pay dividend equivalents until, and will be conditioned upon, the vesting of the RSUs.

- (5) The grant date fair value is calculated in accordance with FASB ASC Topic 718, disregarding estimates of forfeitures, and for PSUs is based upon an estimate of the future payout at the date of grant. See the amounts under Stock Awards for 2017 in the Summary Compensation Table presented earlier in this Proxy Statement. For additional information on the valuation assumptions, please refer to Note 14 to the consolidated financial statements included in the 2017 Form 10-K. The amounts shown under Grant Date Fair Value of Stock Awards do not necessarily correspond to the actual value, if any, that may eventually be realized by the NEO.
- (6) Awards represent one-time grants of RSUs, as discussed in Compensation Discussion and Analysis above.
- (7) Grants of RSUs and PSUs to Mr. Goldberg were forfeited upon his separation from service in June 2017.

(1) Mr. Goldberg is not shown because he voluntarily left the Company in June 2017 and did not have any outstanding equity awards at December 31, 2017.

(2) This RSU award represents a one-time grant, as discussed in Compensation Discussion and Analysis above.

(3) This RSU award was made in connection with Ms. Sanzone's promotion to CFO on that date.

The PSU and RSU awards listed above are scheduled to vest over the following periods:

Edgar Filing: W. P. Carey Inc. - Form DEF 14A

RSU grants dated 2/12/15 and 5/19/15 vested in three annual installments commencing on February 15, 2016. The 5/19/15 award was granted to certain employees in connection with the implementation of a new software system for use in the Company's accounting, tax and financial reporting functions.

PSU grants dated 2/12/15 are shown under Equity Incentive Plan Awards columns and reflect 122.1% of the Target amount of PSUs, which were paid out at that level in 2018 after the end of the applicable 3-year performance cycle (2015-2017) based upon the achievement of the specified performance criteria.

RSU grants dated 1/19/16 are scheduled to vest in three annual installments commencing on February 15, 2017.

PSU grants dated 1/19/16 (and for Mr. DeCesaris, 2/16/16) are shown under Equity Incentive Plan Awards columns and reflect 200% of the Target amount of PSUs, which may be paid out in 2019 after the end of the applicable 3-year performance cycle (2016-2018) if specified performance criteria are met.

Retention PSU grants dated 2/16/16 (except for Mr. DeCesaris) are shown under Equity Incentive Awards columns and reflect 300% of the Target amount of PSUs, which may be paid out in 2019 after the end of the applicable 3-year performance cycle (2016-2018) if the specified performance criteria (for TSR only) is met.

RSU grants dated 1/18/17 and 1/31/17 are scheduled to vest in three annual installments commencing on February 15, 2018.

PSU grants dated 1/18/17 are shown under the Equity Incentive Plan Awards columns and reflect 300% of the Target amount of PSUs, which may be paid out in 2020 after the end of the applicable 3-year performance cycle (2017-2019) if specified performance criteria are met.

All market values are based on the \$68.90 closing price per share of the Common Stock on December 29, 2017, which was the last trading day of 2017.

2017 OPTION EXERCISES AND STOCK VESTED

The following table contains information about shares acquired by the NEOs upon the exercise of stock options or vesting of RSUs and/or PSUs, as applicable, during 2017.

| Name | Option Awards | | Stock Awards | |
|-------------------|---|--|---|---|
| | Number of Shares Acquired on Exercise (#) | Value Realized on Exercise ⁽¹⁾ (\$) | Number of Shares Acquired on Vesting ⁽²⁾ (#) | Value Realized on Vesting ⁽²⁾ (\$) |
| Mark J. DeCesaris | 3,115 | 96,387 | 6,491 | 407,505 |
| Jason E. Fox | 58,311 | 1,748,707 | 2,891 | 181,497 |
| ToniAnn Sanzone | 0 | 0 | 2,973 | 186,645 |

| Mark M. Goldberg | 0 | 0 | 32,761 | 2,069,146 |

(1)

In accordance with SEC rules, the Value Realized on Exercise was calculated by subtracting the grant price of the related option (\$33.20 with regard to 814 options, and \$31.45 with regard to 2,301 options for Mr. DeCesaris; \$33.66 with regard to 50,000 options, \$31.45 with regard to 4,104 options, and \$33.20 with regard to 4,207 options for Mr. Fox; and \$33.20 with regard to 245 options for Mr. Park) from the fair market value of the underlying Common Stock, as determined under the Company's 1997 Share Incentive Plan, on the dates of exercise (\$62.85 on May 17, 2017 with regard to all 3,115 shares shown for Mr. DeCesaris; \$62.43 on February 3, 2017 with regard to 50,000 shares, \$68.38 on June 26, 2017 with regard to 4,104 shares, and \$70.91 on December 8, 2017 with regard to 4,207 shares for Mr. Fox; and \$63.48 on April 27, 2017 with regard to 245 shares for Mr. Park), multiplied by the related number of shares. However, of these amounts, Mr. DeCesaris elected to have the Company withhold 215 shares and 642 shares, respectively; Mr. Fox elected to have the Company withhold 11,600 shares, 1,238 shares, and 1,249 shares, respectively; and Mr. Park elected to have the Company withhold 61 shares; to cover the total exercise prices and taxes required to be withheld at the times of the exercises, pursuant to the terms of the plan.

(2)

For each of Messrs. Goldberg and Park and Ms. Sanzone, includes the underlying shares received on February 15, 2017 upon the vesting of the first tranche of the RSUs granted under the LTIP in 2016, the second tranche of the RSUs granted under the LTIP in 2015, and the third and final tranche of the RSUs granted under the LTIP in 2014, plus (except for Ms. Sanzone) the actual shares earned underlying the PSUs awarded under the LTIP in 2014, which PSU shares were all payable in 2017 after the end of their 3-year (2014-2016) performance cycle, as well as the related Dividend Equivalent Shares. For Messrs. DeCesaris and Fox, includes the underlying shares received on February 15, 2017 upon the vesting of the first tranche of the RSUs granted under the LTIP in 2016. The Value Realized on Vesting is equal to the product of: the total RSUs vested and \$62.78, which was the closing price of the Common Stock on February 15, 2017, the payment date for these RSU shares; and the product of the shares actually earned underlying the PSUs with a 2014-2016 performance cycle, plus the related Dividend Equivalent Shares, and \$63.36, which was the closing price of the Common Stock on February 16, 2017, the payment date for these PSU shares. Of these amounts, the payment of certain shares shown was deferred at the election of the executive, pursuant to the terms of the awards and the Company's Deferred Compensation Plan, as follows: for Mr. Park, a total of 25,371 shares were deferred until February 15, 2018. See 2017 Nonqualified Deferred Compensation below.

2017 NONQUALIFIED DEFERRED COMPENSATION

The following table shows the aggregate contributions, earnings, and withdrawals in 2017 for the NEOs under our Deferred Compensation Plan, as more fully described in the Compensation Discussion and Analysis section earlier in this Proxy Statement. The Deferred Compensation Plan allows participants to defer receipt of the Common Stock underlying awards of RSUs and PSUs, and the amounts shown in the table below reflect such deferrals for Messrs. Fox, Park and Goldberg. The Deferred Compensation Plan also includes Rollover RSUs, and the table below reflects ongoing deferrals of Rollover RSUs for Messrs. Fox and Park.
