**Report of Independent Auditors**

The Benefits Administration Committee  
Brunswick Corporation

We have audited the accompanying statements of net assets available for benefits of Brunswick Retirement Savings Plan as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2005 and 2004, and the changes in its net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2005, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

**Brunswick Retirement Savings Plan**

**Notes to Financial Statements**

**Year Ended December 31, 2005**

**1. Description of the Plan**

**General**

The following description of the Brunswick Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan, established by Brunswick Corporation (the Company) effective January 1, 1986, is a defined-contribution plan subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA). Any related company, as defined in the Plan, may, with the Company's consent, adopt the Plan. The Plan is administered by the Benefits Administration Committee consisting of at least three members appointed for indefinite terms by the Company's Board of Directors. The Vanguard Group, Inc. (the Trustee) is the Trustee of the Plan under a trust agreement with the Company.

**Participation**

Eligible employees of the Company and certain subsidiaries may participate in the Plan. Eligible salaried and hourly employees who are not eligible to participate in the Brunswick Rewards Plan or the Brunswick Rewards Plan with Variable Profit Sharing are eligible to participate in the Plan on the date on which the following requirements are met: (a) attainment of age 21 years, and (b) employed by the Company or a related company to which the Plan has been extended. Eligible employees include all employee groups as outlined in the Plan document.

Employees working at least 24 hours per week are eligible to participate in the Plan on the first day of the month following or coinciding with 60 days of employment. Employees working less than 24 hours per week are eligible to participate on the first day of the month following or coinciding with 12 months of employment.

**Participant Accounts**

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contributions, and (b) Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balances.

**Administrative Expenses**

Investment management fees, agent fees, record-keeping fees, and brokerage commissions are paid by the Plan participants. The Company does not charge the Plan for any internal administrative services performed on behalf of the Plan.

**Contributions**

Participants may make pretax contributions from 1% to 20% of compensation, as defined in the Plan. Contributions are made via payroll deductions and are remitted to the Plan's Trustee on the earliest date on which funds can be segregated from the Company's funds. Participant pretax contributions were limited to \$14,000 and \$13,000 in 2005 and 2004, respectively. Prior to January 1, 2004, participants could also make after-tax contributions of 1%-6% of wages. Effective January 1, 2004, after-tax contributions were no longer permitted in the Plan.

The Company's basic matching contribution is 5% of pretax deferrals. Additional contributions are granted at the discretion of the Board of Directors. The first 6% of pretax contributions is eligible for discretionary matching contributions. Such contributions are limited to 25% of total pretax contributions that do not exceed 6% of compensation. Discretionary matching contributions for the years ended December 31, 2005 and 2004, were 25%. Discretionary matching contributions for the years ended December 31, 2005 and 2004, were \$2,371,983 and \$2,741,802 respectively.

The Plan provides a true-up feature that allows the Company to make up for any missed match that may have occurred. The true-up is performed during the first quarter of the following Plan year. It takes into account the maximum matching contribution that could have been received and makes up for any difference in comparison to the matching contributions that were actually made.

Participants may direct their own contributions and related Company contributions into any of the Plan's fund options. Participants may change their elections and transfer balances between funds at anytime.

**Vesting**

Participants are fully vested in the balance of all of their accounts at all times.

**Participant Loans**

Active participants may borrow from their interest in the funds held by the Trustee. The minimum loan amount is \$1,000. A participant is not permitted to have more than two loans outstanding at any one time. These loans bear interest, are secured by the participants' accounts, and are payable over a period not to exceed five years unless the loan is for the purchase of a home, in which case the loan term may be up to 10 years. The interest rate on loans is fixed at the prime rate reported by Reuters at the initiation of the loan.

**Benefits**

Upon termination of employment, participants may elect account balances to be rolled into another qualified retirement vehicle or receive a lump-sum distribution. Prior to March 28, 2005, terminated participants with balances exceeding \$5,000 could elect to remain in the Plan and defer payment until age 65. Account balances less than \$5,000 were distributed as soon as administratively possible following termination of employment. Effective March 28, 2005, the Plan was amended to change the small balance cash-out limit from \$5,000 to \$1,000. Terminated participants with balances exceeding \$1,000 may elect to remain in the Plan and defer payment until age 65.

**Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**Basis of Accounting**

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting.

## 2. Significant Accounting Policies

### Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

The Brunswick Stock Fund is a fund composed principally of Brunswick stock and is valued at a daily unit closing price. Effective November 1, 2003, two funds were established that consist of Brunswick stock. One is the Brunswick Stock Fund where new money is invested for participants that elect a percentage of their contributions to be invested in Brunswick Company stock. Dividends received on shares held in the Brunswick Company Stock Fund are reinvested in the Plan. The other fund is the Brunswick Employee Stock Ownership Plan (ESOP) Fund. Once a year, on January 1, all shares in the Brunswick Stock Fund are automatically transferred to the Brunswick ESOP Fund. Additionally, any transfers that are made from another investment option in the Plan will be transferred to the Brunswick ESOP Fund. Dividends in the Brunswick ESOP Fund may be reinvested in the Plan or received as cash.

Participant loans are valued at cost, which approximates fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

### Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

### Payment of Benefits

Benefit payments are recorded when paid.

**Reclassification**

Certain amounts in the 2004 financial statements have been reclassified to conform with the 2005 presentation.

**3. Investments**

During 2005 and 2004, the Plan's investments (including investments purchased, sold as well as held during the year) (depreciated) appreciated in fair value as determined by quoted market prices as follows:

	Years Ended December 31	
	2005	2004
Common stock	\$ (16,672,836 )	\$ 23,521,921
Mutual funds	8,639,821	18,463,492
	\$ (8,033,015 )	\$ 41,985,413

Investments that represent 5% or more of the fair value of the Plan's net assets are as follows:

	December 31	
	2005	2004
Vanguard Retirement Savings Trust	\$ 22,882,002	\$ 25,355,985
Vanguard Short-Term Bond Index Fund	22,858,619	25,385,412
Vanguard 500 Index Fund	68,043,944	69,851,231
Vanguard Asset Allocation Fund	49,963,923	48,706,321
Vanguard Morgan Growth Fund	38,281,126	35,226,488
Brunswick Corporation Common Stock Fund	69,505,003	99,319,373

**4. Income Tax Status**

The Plan has received a determination letter from the Internal Revenue Service dated June 17, 2002, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to the issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

**5. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of certain investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**6. Transfers into the Plan**

Effective August 31, 2004, the Brunswick Employee Stock Ownership Plan (BESOP) was terminated. The BESOP account balances of each participant in the Plan were transferred into the Plan and invested in the ESOP Fund. Related assets of approximately \$74 million were transferred into the Plan.

Effective December 31, 2004, employees at the Crestliner, Lowe, and Lund facilities were granted eligibility in the Brunswick Rewards Plan with Variable Profit Sharing. Related assets of approximately \$7 million were transferred to the Brunswick Rewards Plan with Variable Profit Sharing.

**7. Subsequent Events**

Effective January 1, 2006, the Plan was amended and restated.

Effective January 1, 2006, the maximum pretax deferral was increased from 20% of eligible pay to 40% of eligible pay.

Edgar Filing: BRUNSWICK CORP - Form 11-K

Effective January 1, 2006, participants are not permitted to have more than one loan outstanding at any time. Individuals with more than one loan as of January 1, 2006, were grandfathered.

Effective January 1, 2006, participants may only borrow from pre-tax and rollover sources. Employer monies may not be included in the account value used to determine loan amounts available.

Effective January 1, 2006, a 90-day waiting period was implemented between the discharge of a loan and the initiation of a new loan.

Effective January 1, 2006, all new employees are subject to automatic enrollment upon meeting eligibility requirements unless they opt out of participation.

Effective January 1, 2006, the Brunswick Stock Fund and the Brunswick Employee Stock Ownership Plan Fund were merged and renamed as one fund, the Brunswick ESOP Company Stock Fund. Dividends received on shares held in the Brunswick ESOP Company Stock Fund are reinvested in the plan unless participants elect the pass-through feature, which pays dividends in cash.

Effective January 1, 2006, the Albemarle Boats, Inc. Profit Sharing Plan and Trust was merged into the Plan. Related assets of approximately \$426,000 were transferred into the Plan.

The Benefits Administration Committee  
Brunswick Corporation

We have audited the accompanying statements of net assets available for benefits of The Brunswick Rewards Plan as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2005 and 2004, and the changes in its net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2005, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

**The Brunswick Rewards Plan**

**Notes to Financial Statements**

**Year Ended December 31, 2005**

**1. Description of the Plan**

The following description of The Brunswick Rewards Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General**

The Plan, established by Brunswick Corporation (the Company) effective April 1, 1999, is a defined-contribution plan subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA). Any related company, as defined in the Plan, may, with the Company's consent, adopt the Plan. The Plan is administered by the Benefits Administration Committee consisting of at least three members appointed for indefinite terms by the Company's Board of Directors. The Vanguard Group, Inc. (the Trustee) is the Trustee of the Plan under a trust agreement with the Company.

**Participation**

Eligible employees include all groups as identified by the Benefits Administration Committee.

Employees working at least 24 hours per week are eligible to participate in both components of the Plan on the first day of the month following or coinciding with 60 days of employment. Employees working less than 24 hours per week are eligible to participate on the first day of the month following or coinciding with 12 months of employment. Employees are eligible to participate in the Plan provided they are employed as members of a group of employees of an employer to which the Plan has been extended and are at least 18 years old. To become a participant in the savings portion of the Plan, an eligible employee must elect to have pretax profit-sharing contributions made to the Plan.

**Participant Accounts**

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contributions, and (b) Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balances.

### **Administrative Expenses**

Investment management fees, agent fees, record-keeping fees, and brokerage commissions are paid by the Plan participants. The Company does not charge the Plan for any internal administrative services performed on behalf of the Plan.

### **Contributions**

The Plan has two basic components: the savings portion (including the employee deferral and Company matching contributions), in which participation is voluntary, and the profit-sharing portion, in which participation is automatic. To become a participant in the savings portion of the Plan, eligible employees must elect to have pretax contributions made to the Plan.

Participants may make pretax contributions from 1% to 20% of compensation, as defined in the Plan. Contributions are made via payroll deductions and are remitted to the Plan's Trustee on the earliest date on which funds can be segregated from the Company's funds. Participant pretax contributions were limited to \$14,000 and \$13,000 in 2005 and 2004, respectively.

Subject to certain limitations, the Company makes a basic monthly matching contribution equal to 100% of the first 3% of participant contributions plus 50% of the next 2% of contributions.

In addition to matching contributions, eligible participants receive a biweekly basic profit-sharing contribution equal to 3% of eligible compensation. An employer may also make an annual variable profit-sharing contribution of up to 6% of eligible compensation to the accounts of participants employed by that employer. Profit-sharing contributions are invested in accordance with the participant's investment elections. A participant must be employed with the Company on the last business day of the Plan year in order to be eligible for variable profit sharing. Effective December 31, 2002, the Company may also make supplemental profit-sharing contributions on behalf of designated participants. The sum of a participant's basic, variable and supplemental profit-sharing contributions may not exceed 9% of compensation for the Plan year. Corporate officers of the Company not otherwise eligible to participate in the Plan shall be eligible to participate in supplemental profit-sharing contributions. Variable profit-sharing for the 2005 and 2004 plan years was \$12,377,881 and \$13,953,199, respectively.

The Plan provides a true-up feature that allows the Company to make up for any missed match that may have occurred. The true-up is performed during the first quarter of the following Plan year. It takes into account, the maximum matching contribution that could have been received and makes up for any difference in comparison to the matching contributions that were actually made.

Participants may direct their own contributions and related Company contributions into any of the Plan's fund options. Participants may change their elections and transfer balances between funds at any time.

### **Vesting**

Participants are fully vested in the balance of all of their accounts at all times.

### **Participant Loans**

Active participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of his or her account balance. A participant is not permitted to have more than two loans outstanding at any one time. These loans bear interest, are secured by the participants' accounts, and are payable over a period not to exceed five years unless the loan is for the purchase of a home, in which case the loan term may be for up to 10 years. The interest rate on loans is fixed at the prime rate reported by Reuters at the initiation of the loan.

### **Benefits**

Upon termination of employment, participants may elect account balances to be rolled into another qualified retirement vehicle or receive a lump-sum distribution. From January 1, 2005 through March 27, 2005, terminated participants with balances exceeding \$5,000 could elect to remain in the Plan and defer payment until age 65. Account balances less than \$5,000 were distributed as soon as administratively possible following termination of employment. Effective March 28, 2005, the Plan was amended to change the small balance cash-out limit from \$5,000 to \$1,000. Terminated participants with balances exceeding \$1,000 may elect to remain in the Plan and defer payment until age 65.

**Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**Basis of Accounting**

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting.

**2. Significant Accounting Policies**

**Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Effective November 1, 2003, two funds were established that consist of Brunswick stock. One is the Brunswick Stock Fund where new money is invested for participants that elect a percentage of their contributions to be invested in Brunswick Company stock. Dividends received on shares held in the Brunswick Company Stock Fund are reinvested in the Plan. The other fund is the Brunswick Employee Stock Ownership Plan (ESOP) Fund. Once a year, on January 1, all shares in the Brunswick Stock Fund are automatically transferred to the Brunswick ESOP Fund. Additionally, any transfers that are made from another investment option in the Plan will be transferred to the Brunswick ESOP Fund. Dividends in the Brunswick ESOP Fund may be reinvested in the Plan or received as cash.

Participant loans are valued at cost, which approximates fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

**Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**Payment of Benefits**

Benefit payments are recorded when paid.

**3. Investments**

During 2005 and 2004, the Plan's investments (including investments purchased, sold as well as held during the year) (depreciated) appreciated in fair value as determined by quoted market prices as follows:

	Years Ended December 31	
	2005	2004
Common stock	\$ (15,120,672 )	\$ 21,587,064
Mutual funds	12,937,205	26,116,022
	\$ (2,183,467 )	\$ 47,703,086

Investments that represent 5% or more of the fair value of the Plan's net assets are as follows:

	December 31	
	2005	2004
Vanguard 500 Index Fund	\$ 71,704,011	\$ 64,011,498
Vanguard Asset Allocation Fund	99,449,339	99,609,086

Vanguard Total International Stock Index	28,085,941	*

\* Did not meet 5% threshold.

#### **4. Income Tax Status**

The Plan has received a determination letter from the Internal Revenue Service dated June 27, 2002, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

#### **5. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of certain investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

#### **6. Transfers and Interplan Transfers**

Effective August 31, 2004, the Brunswick Employee Stock Ownership Plan (BESOP) was terminated. The BESOP account balances of each participant in the Plan were transferred into the Plan and invested in the ESOP Fund. Related assets of approximately \$44.6 million were transferred into the Plan.

#### **7. Subsequent Events**

Effective January 1, 2006, the Plan was amended and restated.

Effective January 1, 2006, the maximum pretax deferral was increased from 20% of eligible pay to 40% of eligible pay.

Effective January 1, 2006, participants are not permitted to have more than one loan outstanding at any time. Individuals with more than one loan as of January 1, 2006, were grandfathered.

Effective January 1, 2006, a 90-day waiting period was implemented between the discharge of a loan and the initiation of a new loan.

Effective January 1, 2006, all new employees are subject to automatic enrollment upon meeting eligibility requirements unless they opt out of participation.

Effective January 1, 2006, participants may only borrow from pretax and rollover sources. Employer monies may not be included in the account value used to determine loan amounts available.

Effective January 1, 2006, the Brunswick Stock Fund and the Brunswick Employee Stock Ownership Plan Fund were merged and renamed as one fund, the Brunswick ESOP Company Stock Fund. Dividends received on shares held in the Brunswick ESOP Company Stock Fund are reinvested in the plan unless participants elect the pass-through feature, which pays dividends in cash.

**Report of Independent Auditors**

The Benefits Administration Committee  
Brunswick Corporation

We have audited the accompanying statements of net assets available for benefits of Brunswick Rewards Plan with Variable Profit Sharing as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2005 and 2004, and the changes in its net assets available for benefits for the years ended December 31, 2005 and 2004, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2005, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

**Brunswick Rewards Plan with Variable Profit Sharing**

**Notes to Financial Statements**

**Year Ended December 31, 2005**

**1. Description of the Plan**

The following description of the Brunswick Rewards Plan with Variable Profit Sharing (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General**

The Plan, established by Brunswick Corporation (the Company) effective October 1, 2003, is a defined-contribution plan subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA). Any related company, as defined in the Plan, may, with the Company's consent, adopt the Plan. The Plan is administered by the Benefits Administration Committee consisting of at least three members appointed for indefinite terms by the Company's Board of Directors. The Vanguard Group, Inc. (the Trustee) is the Trustee of the Plan under a trust agreement with the Company.

**Participation**

Eligible employees include all groups as outlined by the Benefits Administration Committee.

Employees working at least 24 hours per week are eligible to participate in both components of the Plan on the first day of the month following or coinciding with 60 days of employment. Employees working less than 24 hours per week are eligible to participate on the first day of the month following or coinciding with 12 months of employment. Employees are eligible to participate in the Plan provided they are employed as members of a group of employees of an employer to which the Plan has been extended and are at least 18 years old. To become a participant in the savings portion of the Plan, an eligible employee must elect to have pretax contributions made to the Plan.

**Participant Accounts**

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contributions, and (b) Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

### **Administrative Expenses**

Investment management fees, agent fees, record-keeping fees, and brokerage commissions are paid by the Plan participants. The Company does not charge the Plan for any internal administrative services performed on behalf of the Plan.

### **Contributions**

The Plan has two basic components: the savings portion (including the employee deferral and Company matching contribution), in which participation is voluntary, and the profit-sharing portion, in which participation is automatic. To become a participant in the savings portion of the Plan, an eligible employee must elect to have pretax contributions made to the Plan.

Participants may make pretax contributions from 1% to 20% of compensation, as defined in the Plan. Contributions are made via payroll deductions and are remitted to the Plan's Trustee on the earliest date on which funds can be segregated from the Company's funds. Participant pretax contributions were limited to \$14,000 and \$13,000 in 2005 and 2004, respectively.

Subject to certain limitations, the Company makes a basic monthly matching contribution equal to 100% of the first 3% of participant contributions plus 50% of the next 2% of contributions.

An employer may make an annual variable profit-sharing contribution of up to 9% of eligible compensation to the accounts of participants employed by that employer. Profit-sharing contributions are invested in accordance with the participant's investment elections. A participant must be employed with the Company on the last business day of the Plan year in order to be eligible for the variable profit-sharing. The Company may also make supplemental profit-sharing contributions on behalf of designated participants. The sum of a participant's variable and supplemental profit-sharing contributions may not exceed 9% of compensation for a Plan year. Corporate officers of the Company not otherwise eligible to participate in the Plan shall be eligible to participate in supplemental profit-sharing contributions. Variable profit sharing related to the 2005 and 2004 plan years was \$1,381,587 and \$1,352,032, respectively.

Because the Company did not have a historical trend of making these type of payments to the Plan as of December 31, 2004, the contribution related to 2004 and paid in 2005 was not recognized until 2005. As the Company now has established a pattern of making such payments, in 2005, the 2005 contribution that was paid in 2006 has been recognized as a Contribution Receivable at December 31, 2005.

The Plan also provides for a true-up feature that allows the Company to make up for any missed match that may have occurred. The true-up is performed during the first quarter of the following Plan year. It takes into account, the maximum matching contribution that could have been received and makes up for any difference in comparison to the matching contributions that were actually made.

Participants may direct their own contributions and related Company contributions into any of the Plan's fund options. Participants may change their elections and transfer balances between funds at any time.

### **Vesting**

Participants are fully vested in the balance of all of their accounts at all times.

### **Participant Loans**

Active participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of his or her account balance. A participant is not permitted to have more than one loan outstanding at any one time. These loans bear interest, are secured by the participants' accounts, and are payable over a period not to exceed five years unless the loan is for the purchase of a home, in which case the loan term may be for up to 10 years. The interest rate on loans is fixed at the prime rate reported by Reuters at the initiation of the loan.

### **Benefits**

Upon termination of employment, participants may elect account balances to be rolled into another qualified retirement vehicle or receive a lump-sum distribution. Prior to March 28, 2005, terminated participants with balances exceeding \$5,000 could elect to remain in the Plan and defer payment until age 65. Account balances less than \$5,000 were distributed as soon as administratively possible following termination of employment. Effective March 28, 2005, the Plan was amended to change the small balance cash-out limit from \$5,000 to \$1,000. Terminated participants with balances exceeding \$1,000 may elect to remain in the Plan and defer payment until age 65.

**Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA.

**2. Significant Accounting Policies**

**Basis of Accounting**

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting.

**Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

The Brunswick Stock Fund is a fund composed principally of Brunswick stock and is valued at a daily unit closing price. Two funds were established that consist of Brunswick stock. One is the Brunswick Stock Fund where new money is invested for participants that elect a percentage of their contributions to be invested in Brunswick Company stock. Dividends received on shares held in the Brunswick Company Stock Fund are reinvested in the Plan. The other fund is the Brunswick Employee Stock Ownership Plan (ESOP) Fund. Once a year, on January 1, all shares in the Brunswick Stock Fund are automatically transferred to the Brunswick ESOP Fund. Additionally, any transfers that are made from another investment option in the Plan will be transferred to the Brunswick ESOP Fund. Dividends in the Brunswick ESOP Fund may be reinvested in the Plan or received as cash.

Participant loans are valued at cost, which approximates fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

**Use of Estimates**

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**Payment of Benefits**

Benefit payments are recorded when paid.

**3. Investments**

The Plan's investments (including investments purchased, sold as well as held during the year) appreciated in fair value as determined by quoted market prices for the periods ended December 31, 2005 and 2004, as follows:

	2005	2004
Common stock	\$ (564,721 )	\$ 428,398
Mutual funds	1,317,233	2,102,493
	\$ 752,512	\$ 2,530,891

Investments that represent 5% or more of the fair value of the Plan's net assets at are as follows:

Brunswick Corporation Common Stock Fund	2,757,412	2,970,479

\* Did not meet 5% threshold.

#### 4. Income Tax Status

The Plan has applied for but has not received a determination letter from the Internal Revenue Service stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code). However, the plan administrator believes that the Plan has been designed to comply with and is operating in accordance with the requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is exempt from taxation.

#### 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of certain investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## **6. Transfers and Interplan Transfers**

Effective January 2, 2004, the Land N Sea Distributing, Inc. Profit Sharing and Savings Plan merged into the Plan. Related assets of approximately \$5.3 million were transferred into the Plan.

Effective January 7, 2004, the Hatteras Yachts 401(k) Plan was merged into the Plan. Related assets of approximately \$16.4 million were transferred into the Plan.

Effective February 27, 2004, the Barclay Marine Distributor Corporation Retirement and Incentive Savings Plan was merged into the Plan. Related assets of \$2 million were transferred into the Plan.

Effective December 31, 2004, employees at the Crestliner, Lowe and Lund facilities were granted eligibility for the Plan. Employees had previously participated in the Brunswick Retirement Savings Plan. Related assets of approximately \$7 million were transferred into the Plan.

Effective August 31, 2004, the Brunswick Employee Stock Ownership Plan (BESOP) was terminated. The BESOP account balances of each participant in the Plan were transferred into the Plan and invested in the ESOP Fund. Related assets of approximately \$1.9 million were transferred into the Plan.

## **7. Subsequent Events**

Effective January 1, 2006, the Plan was amended and restated.

Effective January 1, 2006, the maximum pretax deferral was increased from 20% of eligible pay to 40% of eligible pay.

Effective January 1, 2006, participants may only borrow from pretax and rollover sources. Employer monies may not be included in the account value used to determine loan amounts available.

Effective January 1, 2006, the Brunswick Stock Fund and the Brunswick Employee Stock Ownership Plan Fund were merged and renamed as one fund, the Brunswick ESOP Company Stock Fund. Dividends received on shares held in the Brunswick ESOP Company Stock Fund are reinvested in the plan unless participants elect the pass-through feature, which pays dividends in cash.

Effective January 1, 2006, a 90-day waiting period was implemented between the discharge of a loan and the initiation of a new loan.

Effective January 1, 2006, all new employees are subject to automatic enrollment upon meeting eligibility requirements unless they opt out of participation.

Effective January 1, 2006, the Sea Pro Boats, Inc. 401(k) Plan was merged into the Plan. Related assets of approximately \$1.3 million were transferred into the Plan.

Effective January 1, 2006, the Kellogg Marine, Inc., 401(k) Retirement Plan was merged into the Plan. Related assets of approximately \$3.7 million were merged into the Plan.
