(1) Other than our investments in HCP Acquisition Holdings, LLC, Ivy Hill Middle Market Credit Fund, Ltd., LVCG Holdings LLC, R3 Education, Inc., Reflexite Corporation and The Thymes, LLC, we do not Control any of our portfolio companies, as defined in the Investment Company Act. In general, under the Investment Company Act, we would Control a portfolio company if we owned more than 25% of its outstanding voting securities and/or had the power to exercise control over the management or policies of such portfolio company. All of our portfolio company investments are subject to legal restrictions on sales which as of June 30, 2009 represented 180% of the Company's net assets.

(2) These assets are owned by the Company's wholly owned subsidiary Ares Capital CP, are pledged as collateral for the CP Funding Facility and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than Ares Capital CP's obligations under the CP Funding Facility (see Note 7 to the consolidated financial statements). Unless otherwise noted, as of June 30, 2009, all other investments were pledged as collateral for the Revolving Credit Facility (see Note 7 to the consolidated financial statements).

(3) Pledged as collateral for the ARCC CLO. Unless otherwise noted, as of June 30, 2009, all other investments were pledged as collateral for the Revolving Credit Facility (see Note 7 to the consolidated financial statements).

(4) Has a payment-in-kind interest feature (see Note 2 to the consolidated financial statements).

(5) Non-income producing at June 30, 2009.

(6) As defined in the Investment Company Act, we are an Affiliate of this portfolio company because we own 5% or more of the portfolio company's outstanding voting securities or we have the power to exercise control over the management or policies of such portfolio company (including through a management agreement). Transactions during the period for the six months ended June 30, 2009 in which the issuer was an Affiliate (but not a portfolio company that we Control) are as follows (in thousands):

(8) Non-U.S. company or principal place of business outside the U.S. and as a result is not a qualifying asset under Section 55(a) of the Investment Company Act. Under the Investment Company Act, we may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of our total assets.

(9) Non-registered investment company.

(10) A majority of the variable rate loans to our portfolio companies bear interest at a rate that may be determined by reference to either Libor or an alternate Base Rate (commonly based on the Federal Funds Rate or the Prime Rate), at the borrower's option, which reset annually (A), semi-annually (S), quarterly (Q), bi-monthly (B), monthly (M) or daily (D). For each such loan, we have provided the interest rate in effect at June 30, 2009.

(11) In addition to the interest earned based on the stated interest rate of this security, we are entitled to receive an additional interest amount of 2.50% on \$20.3 million aggregate principal amount of the portfolio company's senior term debt previously syndicated by us.

(12) Principal amount denominated in Canadian dollars has been translated into U.S. dollars (see Note 2 to the consolidated financial statements).

(13) In addition to the interest earned based on the stated interest rate of this security, we are entitled to receive an additional interest amount of 2.50% on \$25.0 million aggregate principal amount of the portfolio company's senior term debt previously syndicated by us.

(14) Loan was on non-accrual status as of June 30, 2009.

(15) Loan includes interest rate floor feature.

(16) In addition to the interest earned based on the stated interest rate of this security, we are entitled to receive an additional interest amount of 2.98% on \$15.0 million aggregate principal amount of the portfolio company's senior term debt previously syndicated by us.

ARES CAPITAL CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

As of June 30, 2009 (unaudited)

(dollar amounts in thousands, except per share data and as otherwise indicated)

1. ORGANIZATION

Ares Capital Corporation (the "Company" or "ARCC" or "we") is a specialty finance company that is a closed-end, non-diversified management investment company incorporated in Maryland. We have elected to be regulated as a business development company under the Investment Company Act of 1940 (the "Investment Company Act"). We were incorporated on April 16, 2004 and were initially funded on June 23, 2004. On October 8, 2004, we completed our initial public offering (the "IPO"). On the same date, we commenced substantial investment operations.

The Company has elected to be treated as a regulated investment company, or a "RIC", under subchapter M of the Internal Revenue Code of 1986, as amended (the "Code") and operates in a manner so as to qualify for the tax treatment applicable to RICs. Our investment objective is to generate both current income and capital appreciation through debt and equity investments. We invest primarily in first and second lien senior loans and mezzanine debt, which in some cases includes an equity component like warrants, and, to a lesser extent, in equity investments in private middle market companies.

We are externally managed by Ares Capital Management LLC (the "investment adviser"), an affiliate of Ares Management LLC ("Ares Management"), an independent international investment management firm. Ares Operations LLC ("Ares Administration" or the "administrator"), an affiliate of Ares Management, provides the administrative services necessary for us to operate.

Interim financial statements are prepared in accordance with generally accepted accounting principles in the United States ("GAAP") for interim financial information and pursuant to the requirements for reporting on Form 10-Q and Articles 6 or 10 of Regulation S-X. In the opinion of management, all adjustments, consisting solely of normal recurring accruals considered necessary for the fair presentation of financial statements for the interim period, have been included. The current period's results of operations will not necessarily be indicative of results that ultimately may be achieved for the fiscal year ending December 31, 2009.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States, and include the accounts of the Company and its wholly owned subsidiaries. The consolidated financial statements reflect all adjustments and reclassifications which, in the opinion of management, are necessary for the fair presentation of the results of the operations and financial condition as of and for the periods presented. All significant intercompany balances and transactions have been eliminated.

Cash and Cash Equivalents

Cash and cash equivalents include short-term, liquid investments in a money market fund. Cash and cash equivalents are carried at cost which approximates fair value.

Concentration of Credit Risk

The Company places its cash and cash equivalents with financial institutions and, at times, cash held in money market accounts may exceed the Federal Deposit Insurance Corporation insured limit.

Investments

Investment transactions are recorded on the trade date. Realized gains or losses are computed using the specific identification method. Investments for which market quotations are readily available are typically valued at such market quotations. In order to validate market quotations, we look at a number of factors to determine if the quotations are representative of fair value, including the source and nature of the quotations. Debt and equity securities that are not publicly traded or whose market prices are not readily available (i.e., substantially all of our investments) are valued at fair value as determined in good faith by our board of directors, based on the input of our management and audit committee and independent valuation firms that have been engaged at the direction of the board to assist in the valuation of each portfolio investment without a

Table of Contents

readily available market quotation at least once during a trailing 12 month period and under a valuation policy and a consistently applied valuation process. The valuation process is conducted at the end of each fiscal quarter, with approximately 50% (based on value) of our valuations of portfolio companies without readily available market quotations subject to review by an independent valuation firm.

As part of the valuation process, we may take into account the following types of factors, if relevant, in determining the fair value of our investments: the enterprise value of a portfolio company (an estimate of the total fair value of the portfolio company's debt and equity), the nature and realizable value of any collateral, the portfolio company's ability to make payments and its earnings and discounted cash flow, the markets in which the portfolio company does business, comparison of the portfolio company's securities to publicly traded securities, changes in the interest rate environment and the credit markets generally that may affect the price at which similar investments may be made in the future and other relevant factors. When an external event such as a purchase transaction, public offering or subsequent equity sale occurs, we use the pricing indicated by the external event to corroborate our valuation.

Because there is not a readily available market value for most of the investments in our portfolio, we value substantially all of our portfolio investments at fair value as determined in good faith by our board of directors, based on the input of our management and audit committee and independent valuation firms under a valuation policy and a consistently applied valuation process. Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of our investments may fluctuate from period to period. Additionally, the fair value of our investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values that we may ultimately realize. Further, such investments are generally subject to legal and other restrictions on resale or otherwise are less liquid than publicly traded securities. If we were required to liquidate a portfolio investment in a forced or liquidation sale, we may realize significantly less than the value at which we have recorded it.

In addition, changes in the market environment and other events that may occur over the life of the investments may cause the gains or losses ultimately realized on these investments to be different than the valuations currently assigned.

With respect to investments for which market quotations are not readily available, our board of directors undertakes a multi-step valuation process each quarter, as described below:

- Our quarterly valuation process begins with each portfolio company or investment being initially valued by the investment professionals responsible for the portfolio investment in conjunction with our portfolio management team.
- Preliminary valuation conclusions are then documented and discussed by our management.
- The audit committee of our board of directors reviews these preliminary valuations, as well as the input of independent valuation firms with respect to the valuations of approximately 50% (based on value) of our portfolio companies without readily available market quotations.

- The board of directors discusses valuations and determines the fair value of each investment in our portfolio without a readily available market quotation in good faith based on the input of our management and audit committee and independent valuation firms.

Effective January 1, 2008, the Company adopted Statement of Financial Accounting Standards No. 157, Fair Value Measurements (SFAS 157), which expands the application of fair value accounting for investments (see Note 8 to the consolidated financial statements).

Interest Income Recognition

Interest income, adjusted for amortization of premium and accretion of discount, is recorded on an accrual basis. Discounts and premiums on securities purchased are accreted/amortized over the life of the respective security using the effective yield method. The amortized cost of investments represents the original cost adjusted for the accretion of discounts and amortization of premiums.

Loans are generally placed on non-accrual status when principal or interest payments are past due 30 days or more or when there is reasonable doubt that principal or interest will be collected. Accrued interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as income or applied to principal depending upon management's judgment regarding collectability. Non-accrual loans are restored to accrual status

Table of Contents

when past due principal and interest is paid and, in management's judgment, are likely to remain current. The Company may make exceptions to this if the loan has sufficient collateral value and is in the process of collection. As of June 30, 2009, nine loans or 6.2% of total investments at amortized cost (or 2.1% at fair value), were placed on non-accrual status. As of December 31, 2008, six loans or 4.4% of total investments at amortized cost (or 1.6% at fair value), were placed on non-accrual status.

Payment-in-Kind Interest

The Company has loans in its portfolio that contain a payment-in-kind (PIK) provision. The PIK interest, computed at the contractual rate specified in each loan agreement, is added to the principal balance of the loan and recorded as interest income. To maintain the Company's status as a RIC, this non-cash source of income must be paid out to stockholders in the form of dividends even though the Company has not yet collected the cash. For the three and six months ended June 30, 2009, \$11,474 and \$22,196, respectively, in PIK income was recorded. For the three and six months ended June 30, 2008, \$7,452 and \$12,879, respectively, in PIK income was recorded.

Capital Structuring Service Fees and Other Income

The Company's investment adviser seeks to provide assistance to our portfolio companies in connection with the Company's investments and in return the Company may receive fees for capital structuring services. These fees are generally only available to the Company as a result of the Company's underlying investments, are normally paid at the closing of the investments, are generally non-recurring and are recognized as revenue when earned upon closing of the investment. The services that the Company's investment adviser provides vary by investment, but generally consist of reviewing existing credit facilities, arranging bank financing, arranging equity financing, structuring financing from multiple lenders, structuring financing from multiple equity investors, restructuring existing loans, raising equity and debt capital, and providing general financial advice, which concludes upon closing of the investment. Any services of the above nature subsequent to the closing would generally generate a separate fee payable to the Company. In certain instances where the Company is invited to participate as a co-lender in a transaction and does not provide significant services in connection with the investment, a portion of loan fees paid to the Company in such situations will be deferred and amortized over the estimated life of the loan. The Company's investment adviser may also take a seat on the board of directors of a portfolio company, or observe the meetings of the board of directors without taking a formal seat.

Other income includes fees for asset management, consulting, loan guarantees, commitments, and other services rendered by the Company to portfolio companies. Such fees are recognized as income when earned or the services are rendered.

Foreign Currency Translation

The Company's books and records are maintained in U.S. dollars. Any foreign currency amounts are translated into U.S. dollars on the following basis:

- (1) Market value of investment securities, other assets and liabilities at the exchange rates prevailing at the end of the period.

(2) Purchases and sales of investment securities, income and expenses at the rates of exchange prevailing on the respective dates of such transactions, income or expenses.

Results of operations based on changes in foreign exchange rates are separately disclosed in the statement of operations. Foreign security and currency translations may involve certain considerations and risks not typically associated with investing in U.S. companies and U.S. government securities. These risks include, but are not limited to, currency fluctuation and revaluations and future adverse political, social and economic developments, which could cause investments in foreign markets to be less liquid and prices more volatile than those of comparable U.S. companies or U.S. government securities.

Accounting for Derivative Instruments

The Company does not utilize hedge accounting and marks its derivatives to market through operations.

Offering Expenses

The Company's offering costs are charged against the proceeds from equity offerings when received. For the six months ended June 30, 2009, there were no equity offerings. For the six months ended June 30, 2008, the Company incurred approximately \$1,245 of offering costs.

Table of Contents

Debt Issuance Costs

Debt issuance costs are being amortized over the life of the related credit facility using the straight line method, which closely approximates the effective yield method.

U.S. Federal Income Taxes

The Company has elected to be treated as a RIC under subchapter M of the Code and operates in a manner so as to qualify for the tax treatment applicable to RICs. In order to qualify as a RIC, among other things, the Company is required to timely distribute to its stockholders at least 90% of investment company taxable income, as defined by the Code, for each year. The Company, among other things, has made and intends to continue to make the requisite distributions to its stockholders, which will generally relieve the Company from U.S. federal income taxes.

Depending on the level of taxable income earned in a tax year, we may choose to carry forward taxable income in excess of current year dividend distributions into the next tax year and pay a 4% excise tax on such income, as required. To the extent that the Company determines that its estimated current year annual taxable income will be in excess of estimated current year dividend distributions, the Company accrues excise tax, if any, on estimated excess taxable income as taxable income is earned. For the three months ended June 30, 2009, no amount was recorded for U.S. federal excise tax. For the six months ended June 30, 2009, a net benefit of \$30 was recorded for U.S. Federal excise tax. For the three months ended June 30, 2008, the Company recorded a provision of \$135 for U.S. Federal excise tax. For the six months ended June 30, 2008, the Company recorded a benefit of approximately \$299 for U.S. Federal excise tax.

Certain of our wholly owned subsidiaries are subject to U.S. Federal and state income taxes. For the three and six months ended June 30, 2009, we recorded tax expenses of approximately \$78 and \$139, respectively, for these subsidiaries. For the three and six months ended June 30, 2008, we recorded tax provisions of approximately \$3 and \$115, respectively, for these subsidiaries.

Dividends

Dividends and distributions to common stockholders are recorded on the record date. The amount to be paid out as a dividend is determined by the board of directors each quarter and is generally based upon the earnings estimated by management. Net realized capital gains, if any, are generally distributed at least annually, although we may decide to retain such capital gains for investment.

We have adopted a dividend reinvestment plan that provides for reinvestment of any distributions we declare in cash on behalf of our stockholders, unless a stockholder elects to receive cash. As a result, if our board of directors authorizes, and we declare, a cash dividend, then our stockholders who have not opted out of our dividend reinvestment plan will have their cash dividends automatically reinvested in additional shares of our common stock, rather than receiving the cash dividend. While we generally use primarily newly issued shares to implement the plan (especially if our shares are trading at a premium to net asset value), we may purchase shares in the open market in connection with our obligations under the plan. In particular, if our shares are trading at a significant enough discount to net asset value and we are otherwise permitted under applicable law to purchase such shares, we intend to purchase shares in the open market in connection with our obligations

under our dividend reinvestment plan.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of actual and contingent assets and liabilities at the date of the financial statements and the reported amounts of income or loss and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include the valuation of investments.

New Accounting Pronouncements

On October 10, 2008, the Financial Accounting Standards Board (FASB) issued Staff Position No. 157-3, *Determining the Fair Value of a Financial Asset When the Market for That Asset is Not Active*, or FSP 157-3 . FSP 157-3 provides an illustrative example of how to determine the fair value of a financial asset in an inactive market. FSP 157-3 does not change the fair value measurement principles set forth in SFAS 157 (see Note 8 for a description of SFAS 157). Since adopting SFAS 157 in January 2008, our process for determining the fair value of our investments has been, and continues to be, consistent with the guidance provided in the example in FSP 157-3. As a result, the adoption of FSP 157-3 did not affect our process for determining the fair value of our investments and did not have a material effect on our financial position or results of operations. See Note 8 for more information.

Table of Contents

In April 2009, the FASB issued Staff Position 157-4, *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly*, or FSP 157-4. FSP 157-4 provides additional guidance for estimating fair value when the volume and level of activity for the asset or liability have significantly decreased when compared with normal market activity for the asset or liability, and identifying transactions that are not orderly. In those circumstances, further analysis and significant adjustment to the transaction or quoted prices may be necessary to estimate fair value. FSP 157-4 reaffirms fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions. FSP 157-4 has been adopted by the Company and will be effective for reporting periods ending after June 15, 2009. The Company's adoption of FSP 157-4 did not have a significant impact on the Company's financial statements. See Note 8 for more information.

In May 2009, the FASB issued Statement of Financial Accounting Standards (SFAS) No. 165, *Subsequent Events*, or (SFAS 165), which addresses accounting and disclosure requirements related to subsequent events. SFAS 165 requires management to evaluate subsequent events through the date the financial statements are either issued or available to be issued, depending on the company's expectation of whether it will widely distribute its financial statements to its shareholders and other financial statement users. Companies are required to disclose the date through which subsequent events have been evaluated. SFAS 165 is effective for interim or annual financial periods ending after June 15, 2009 and should be applied prospectively. The adoption of SFAS 165 did not have a material effect on our financial condition or results of operations.

In June 2009, the FASB issued SFAS No. 166, *Accounting for Transfer of Financial Assets* or SFAS 166, which amends the guidance in SFAS No. 140, *Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities*. It eliminates the qualifying special-purpose entities (QSPEs) concept, creates more stringent conditions for reporting a transfer of a portion of a financial asset as a sale, clarifies the derecognition criteria, revises how retained interests are initially measured, and removes the guaranteed mortgage securitization recharacterization provisions. SFAS 166 requires additional year-end and interim disclosures for public and nonpublic companies that are similar to the disclosures required by FSP FAS 140-4 and FIN 46(R)-8. SFAS 166 is effective as of the beginning of a company's first fiscal year that begins after November 15, 2009 (January 1, 2010 for calendar year-end companies), and for subsequent interim and annual reporting periods. SFAS 166's disclosure requirements must be applied to transfers that occurred before and after its effective date. Early adoption is prohibited. We are currently evaluating the effect that the provisions of SFAS 166 may have on our financial condition and results of operations.

In June 2009, the FASB issued SFAS No. 167, *Amendments to FASB Interpretation No. 46(R)*, or SFAS 167, which amends the guidance in FASB Interpretation No. (FIN) 46(R), *Consolidation of Variable Interest Entities*. It requires reporting entities to evaluate former QSPEs for consolidation, changes the approach to determining a variable interest entity's (VIE's) primary beneficiary from a quantitative assessment to a qualitative assessment designed to identify a controlling financial interest, and increases the frequency of required reassessments to determine whether a company is the primary beneficiary of a VIE. It also clarifies, but does not significantly change, the characteristics that identify a VIE. SFAS 167 requires additional year-end and interim disclosures for public and non-public companies that are similar to the disclosures required by FSP FAS 140-4 and FIN 46(R)-8, *Disclosures by Public Entities (Enterprises) about Transfers of Financial Assets and Interests in Variable Interest Entities*. SFAS 167 is effective as of the beginning of a company's first fiscal year that begins after November 15, 2009 (January 1, 2010 for calendar year-end companies), and for subsequent interim and annual reporting periods. All QSPEs and entities currently subject to FIN 46(R) will need to be reevaluated under the amended consolidation requirements as of the beginning of the first annual reporting period that begins after November 15, 2009. Early adoption is prohibited. We are currently evaluating the effect that the provisions of SFAS 167 may have on our financial condition and results of operations.

3. AGREEMENTS

Investment Advisory and Management Agreement

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

The Company is party to an investment advisory and management agreement (the "investment advisory and management agreement") with Ares Capital Management. Subject to the overall supervision of our board of directors, Ares Capital Management provides investment advisory services to the Company. For providing these services, Ares Capital Management receives a fee from us, consisting of two components: a base management fee and an incentive fee. The base management fee is calculated at an annual rate of 1.5% based on the average value of our total assets (other than cash or cash equivalents but including assets purchased with borrowed funds) at the end of the two most recently completed calendar quarters. The base management fee is payable quarterly in arrears.

The incentive fee has two parts. One part is calculated and payable quarterly in arrears based on our pre-incentive fee net investment income for the quarter. Pre-incentive fee net investment income means interest income, dividend income and any

Table of Contents

other income (including any other fees such as commitment, origination, structuring, diligence and consulting fees or other fees that we receive from portfolio companies but excluding fees for providing managerial assistance) accrued during the calendar quarter, minus operating expenses for the quarter (including the base management fee, any expenses payable under the administration agreement, and any interest expense and dividends paid on any outstanding preferred stock, but excluding the incentive fee). Pre-incentive fee net investment income includes, in the case of investments with a deferred interest feature such as market discount, debt instruments with payment-in-kind interest, preferred stock with payment-in-kind dividends and zero coupon securities, accrued income that we have not yet received in cash. The investment adviser is not under any obligation to reimburse us for any part of the incentive fee it received that was based on accrued interest that we never actually receive.

Pre-incentive fee net investment income does not include any realized capital gains, realized capital losses or unrealized capital appreciation or depreciation. Because of the structure of the incentive fee, it is possible that we may pay an incentive fee in a quarter where we incur a loss. For example, if we receive pre-incentive fee net investment income in excess of the hurdle rate (as defined below) for a quarter, we will pay the applicable incentive fee even if we have incurred a loss in that quarter due to realized and/or unrealized capital losses. Pre-incentive fee net investment income, expressed as a rate of return on the value of our net assets (defined as total assets less indebtedness and before taking into account any incentive fees payable during the period) at the end of the immediately preceding calendar quarter, is compared to a fixed hurdle rate of 2.00% per quarter. If market interest rates rise, we may be able to invest our funds in debt instruments that provide for a higher return, which would increase our pre-incentive fee net investment income and make it easier for our investment adviser to surpass the fixed hurdle rate and receive an incentive fee based on such net investment income. Our pre-incentive fee net investment income used to calculate this part of the incentive fee is also included in the amount of our total assets (other than cash and cash equivalents but including assets purchased with borrowed funds) used to calculate the 1.5% base management fee.

We pay the investment adviser an incentive fee with respect to our pre-incentive fee net investment income in each calendar quarter as follows:

- no incentive fee in any calendar quarter in which the pre-incentive fee net investment income does not exceed the hurdle rate;
- 100% of our pre-incentive fee net investment income with respect to that portion of such pre-incentive fee net investment income, if any, that exceeds the hurdle rate but is less than 2.50% in any calendar quarter. We refer to this portion of our pre-incentive fee net investment income (which exceeds the hurdle rate but is less than 2.50%) as the catch-up provision. The catch-up is meant to provide our investment adviser with 20% of the pre-incentive fee net investment income as if a hurdle rate did not apply if this net investment income exceeds 2.50% in any calendar quarter; and
- 20% of the amount of our pre-incentive fee net investment income, if any, that exceeds 2.50% in any calendar quarter.

These calculations are adjusted for any share issuances or repurchases during the quarter.

The second part of the incentive fee, the Capital Gains Fee, is determined and payable in arrears as of the end of each calendar year (or, upon termination of the investment advisory and management agreement, as of the termination date), and is calculated at the end of each applicable year by subtracting (a) the sum of our cumulative aggregate realized capital losses and aggregate unrealized capital depreciation from (b) our cumulative aggregate realized capital gains, in each case calculated from October 8, 2004. If such amount is positive at the end of such year,

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

then the Capital Gains Fee for such year is equal to 20.0% of such amount, less the aggregate amount of Capital Gains Fees paid in all prior years. If such amount is negative, then there is no Capital Gains Fee for such year.

The cumulative aggregate realized capital gains are calculated as the sum of the differences, if positive, between (a) the net sales price of each investment in our portfolio when sold and (b) the accreted or amortized cost basis of such investment.

The cumulative aggregate realized capital losses are calculated as the sum of the amounts by which (a) the net sales price of each investment in the Company's portfolio when sold is less than (b) the accreted or amortized cost basis of such investment.

The aggregate unrealized capital depreciation is calculated as the sum of the differences, if negative, between (a) the valuation of each investment in the Company's portfolio as of the applicable Capital Gains Fee calculation date and (b) the accreted or amortized cost basis of such investment.

Table of Contents

We defer cash payment of any incentive fee otherwise earned by the investment adviser if during the most recent four full calendar quarter period ending on or prior to the date such payment is to be made the sum of (a) the aggregate distributions to the stockholders of the Company and (b) the change in net assets (defined as total assets less indebtedness and before taking into account any incentive fees payable during the period) is less than 8.0% of our net assets at the beginning of such period. These calculations were appropriately pro rated during the first three calendar quarters following October 8, 2004 and are adjusted for any share issuances or repurchases.

For the three and six months ended June 30, 2009, we incurred \$7,496 and \$14,994, respectively, in base management fees and \$7,987 and \$15,537, respectively, in incentive management fees related to pre-incentive fee net investment income. For the three and six months ended June 30, 2009, we accrued no incentive management fees related to realized capital gains. As of June 30, 2009, \$48,287 was unpaid and included in management and incentive fees payable in the accompanying consolidated balance sheet. Included in this \$48,287 was \$40,791 in incentive management fees related to the twelve months ended June 30, 2009 that have been deferred pursuant to the investment advisory and management agreement.

For the three and six months ended June 30, 2008, we incurred \$7,679 and \$14,766, respectively, in base management fees and \$9,015 and \$15,508, respectively, in incentive management fees related to pre-incentive fee net investment income. For the three and six months ended June 30, 2008, we accrued no incentive management fees related to net realized capital gains. As of June 30, 2008, \$16,694 was unpaid and included in management and incentive fees payable in the accompanying consolidated balance sheet.

Administration Agreement

We are also party to a separate administration agreement, the administration agreement, with our administrator, Ares Administration. Our board of directors approved the continuation of our administration agreement on May 4, 2009, which extended the term of the agreement until June 1, 2010. Pursuant to the administration agreement, Ares Administration furnishes us with office equipment and clerical, bookkeeping and record keeping services. Under the administration agreement, Ares Administration also performs, or oversees the performance of, our required administrative services, which include, among other things, being responsible for the financial records that we are required to maintain and preparing reports to our stockholders and reports filed with the SEC. In addition, Ares Administration assists us in determining and publishing our net asset value, oversees the preparation and filing of our tax returns and the printing and dissemination of reports to our stockholders, and generally oversees the payment of our expenses and the performance of administrative and professional services rendered to us by others. Under the administration agreement, Ares Administration also provides, on our behalf, managerial assistance to those portfolio companies to which we are required to provide such assistance. Payments under the administration agreement are equal to an amount based upon our allocable portion of Ares Administration's overhead in performing its obligations under the administration agreement, including our allocable portion of the cost of our officers (including our chief compliance officer, chief financial officer, secretary and treasurer) and their respective staffs. The administration agreement may be terminated by either party without penalty upon 60-days written notice to the other party.

For the three and six months ended June 30, 2009, we incurred \$1,092 and \$2,096, respectively, in administrative fees. As of June 30, 2009, \$1,092 was unpaid and included in accounts payable and accrued expenses in the accompanying consolidated balance sheet.

For the three and six months ended June 30, 2008, we incurred \$365 and \$900, respectively, in administrative fees.

4. EARNINGS PER SHARE

The following information sets forth the computations of basic and diluted net increase in stockholders' equity per share resulting from the operations for the three and six months ended June 30, 2009:

In accordance with Statement of Financial Accounting Standards No. 128, Earnings per Share (SFAS 128), the weighted average shares of common stock outstanding used in computing basic and diluted net increase in stockholders' equity resulting from operations per share for the three and six months ended June 30, 2008 has been adjusted retroactively by a factor of 1.02% to recognize the bonus element associated with rights to acquire shares of common stock that we issued to stockholders of record as of March 24, 2008 in connection with a transferable rights offering.

5. INVESTMENTS

Under the Investment Company Act, we are required to separately identify non-controlled investments where we own more than 5% of a portfolio company's outstanding voting securities as affiliated companies. In addition, under the Investment Company Act, we are required to separately identify investments where we own more than 25% of a portfolio company's outstanding voting securities as control affiliated companies. We had no existing control relationship with any of the portfolio companies identified as affiliated companies or control affiliated companies prior to making the indicated investment.

For the three months ended June 30, 2009, the Company funded \$63.0 million aggregate principal amount of senior term debt and \$6.5 million of investments in equity securities.

In addition, for the three months ended June 30, 2009, \$53.4 million aggregate principal amount of senior term debt was redeemed. Additionally, \$29.2 million aggregate principal amount of senior term debt and \$4.0 million of senior subordinated debt were sold.

As of June 30, 2009, investments and cash and cash equivalents consisted of the following:

	Amortized Cost	Fair Value
Cash and cash equivalents	\$ 46,297	\$ 46,297
Senior term debt	1,143,155	1,042,660

6. COMMITMENTS AND CONTINGENCIES

As of June 30, 2009 and December 31, 2008, the Company had the following commitments to fund various revolving senior secured and subordinated loans:

	June 30, 2009	December 31, 2008
Total revolving commitments	\$ 287,200	\$ 419,000
Less: funded commitments	(89,000)	(139,600)
Total unfunded commitments	198,200	279,400
Less: commitments substantially at discretion of the Company	(16,000)	(32,400)
Less: unavailable commitments due to borrowing base or other covenant restriction	(60,100)	(64,500)
Total net adjusted unfunded revolving commitments	\$ 122,100	\$ 182,500

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

Of the total commitments as of June 30, 2009, \$160,400 extend beyond the maturity date of our Revolving Credit Facility (as defined in Note 7). Additionally, \$109,000 of the total commitments, or \$34,000 of the net adjusted unfunded commitments, are scheduled to expire in 2009. Included within the total commitments as of June 30, 2009 are commitments to issue up to \$15,600 in standby letters of credit through a financial intermediary on behalf of certain portfolio companies.

Under these arrangements, the Company would be required to make payments to third parties if the portfolio companies were to default on their related payment obligations. As of June 30, 2009, the Company had \$10,300 in standby letters of credit issued and outstanding on behalf of the portfolio companies, of which no amounts were recorded as a liability. Of these letters of credit, \$4,900 expire on September 30, 2009, \$300 expire on January 31, 2010, \$200 expire on February 28, 2010, \$1,500 expire on March 31, 2010 and \$3,400 expire on July 31, 2010. These letters of credit may be extended under

substantially similar terms for additional one-year terms at the Company's option until the Revolving Credit Facility, under which the letters of credit were issued, matures on December 28, 2010.

As of June 30, 2009 and December 31, 2008, the Company was subject to subscription agreements to fund equity investments in private equity investment partnerships, substantially all at the discretion of the Company, as follows:

	June 30, 2009	December 31, 2008
Total private equity commitments	\$ 428,300	\$ 428,300
Total unfunded private equity commitments	\$ 421,800	\$ 423,600

7. BORROWINGS

In accordance with the Investment Company Act, with certain limited exceptions, we are only allowed to borrow amounts such that our asset coverage, as defined in the Investment Company Act, is at least 200% after such borrowing. As of June 30, 2009, our asset coverage for borrowed amounts was 224%.

Our debt obligations consisted of the following as of June 30, 2009 and December 31, 2008:

	June 30, 2009		December 31, 2008	
	Outstanding	Total Available(1)	Outstanding	Total Available(1)
Revolving Credit Facility	\$ 375,045	\$ 525,000	\$ 480,486	\$ 510,000
CP Funding Facility	225,000	225,000	114,300	350,000
Debt Securitization	279,210	279,210	314,000	314,000
	\$ 879,255	\$ 1,029,210	\$ 908,786	\$ 1,174,000

(1) Subject to borrowing base and leverage restrictions.

The weighted average interest rate of all our debt obligations as of June 30, 2009 and December 31, 2008 was 1.98% and 3.03%, respectively.

CP Funding Facility

In October 2004, we formed Ares Capital CP Funding LLC (Ares Capital CP), a wholly owned subsidiary of the Company, through which we established a revolving facility, referred to as the CP Funding Facility, that, as amended, allowed Ares Capital CP to issue up to \$350,000 of

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

variable funding certificates (VFC). On May 7, 2009, the Company and Ares Capital CP entered into an amendment that, among other things, converted the CP Funding Facility from a revolving facility to an amortizing facility, extended the maturity from July 21, 2009 to May 7, 2012, reduced the availability from \$350,000 to \$225,000 (with a reduction in the outstanding balance required by each of December 31, 2010 and December 31, 2011) and decreased the advance rates applicable to certain types of eligible loans. In addition, the interest rate charged on the CP Funding Facility was increased from the commercial paper rate plus 2.50% to the commercial paper, Eurodollar or adjusted Eurodollar rate, as applicable, plus 3.50% and the commitment fee requirement was removed. The Company also paid a renewal fee of 1.25% of the total facility amount, or \$2,813. As of June 30, 2009, there was \$225,000 outstanding under the CP Funding Facility and the Company continues to be in compliance with all of the limitations and requirements of the CP Funding Facility. As of December 31, 2008, there was \$114,300 outstanding under the CP Funding Facility.

The CP Funding Facility is secured by all of the assets held by Ares Capital CP, which as of June 30, 2009 consisted of 43 investments.

The interest charged on the VFC is payable quarterly and as of June 30, 2009, the rate in effect was one month LIBOR, which was 0.31%. As of December 31, 2008, the rate in effect was the commercial paper rate which was 2.3271%. For the three and six months ended June 30, 2009, the average interest rates (i.e. rate in effect plus the spread) were 3.70% and 3.66%, respectively. For the three and six months ended June 30, 2009, the average outstanding balances were \$177,932 and \$135,495, respectively. For the three and six months ended June 30, 2008, the average interest rates (i.e. rate in effect plus the spread) were 3.77% and 4.33%, respectively. For the three and six months ended June 30, 2008, the average outstanding balances were \$27,315 and \$69,815, respectively.

For the three and six months ended June 30, 2009, the interest expense incurred on the CP Funding Facility was \$1,648 and \$2,480, respectively. For the three and six months ended June 30, 2008, the interest expense incurred on the CP Funding Facility was \$271 and \$1,324, respectively. Cash paid for interest expense during the six months ended June 30, 2009 and 2008 was \$2,701 and \$2,391, respectively.

Table of Contents

Prior to May 7, 2009, the Company was required to pay a commitment fee for any unused portion of the CP Funding Facility equal to 0.5% per annum for any unused portion of the CP Funding Facility. Prior to July 22, 2008, the commitment fee was 0.125% per annum calculated based on an amount equal to \$200,000 less the borrowings outstanding under the CP Funding Facility. For the three and six months ended June 30, 2009, the commitment fees incurred on the CP Funding Facility were \$122 and \$443, respectively. For the three and six months ended June 30, 2008, the commitment fees incurred on the CP Funding Facility were \$55 and \$91, respectively.

Revolving Credit Facility

In December 2005, we entered into a senior secured revolving credit facility referred to as *Revolving Credit Facility*, under which, as amended, the lenders have agreed to extend credit to the Company in an aggregate principal amount not exceeding \$525,000 at any one time outstanding. The *Revolving Credit Facility* expires on December 28, 2010 and with certain exceptions is secured by substantially all of the assets in our portfolio (other than investments held by Ares Capital CP under the CP Funding Facility and those held as a part of the Debt Securitization, discussed below) which as of June 30, 2009 consisted of 177 investments.

The *Revolving Credit Facility* also includes an *accordion* feature that allows us to increase the size of the *Revolving Credit Facility* to a maximum of \$765,000 under certain circumstances. The *Revolving Credit Facility* also includes usual and customary events of default for senior secured revolving credit facilities of this nature. As of June 30, 2009, there was \$375,045 outstanding under the *Revolving Credit Facility* and the Company continues to be in compliance with all of the limitations and requirements of the *Revolving Credit Facility*. As of December 31, 2008, there was \$480,486 outstanding under the *Revolving Credit Facility*.

The interest charged under the *Revolving Credit Facility* is generally based on LIBOR (one, two, three or six month) plus 1.00%. As of June 30, 2009, the one, two, three and six month LIBOR were 0.31%, 0.41%, 0.60% and 1.11%, respectively. As of December 31, 2008, the one, two, three and six month LIBOR were 0.44%, 1.10%, 1.43% and 1.75%, respectively. For the three and six months ended June 30, 2009, the average interest rate was 1.83% and 2.19%, respectively, the average outstanding balance was \$423,069 and \$457,590, respectively, and the interest expense incurred was \$1,939 and \$5,012, respectively. For the three and six months ended June 30, 2008, the average interest rate was 4.11% and 4.68%, respectively, the average outstanding balance was \$402,063 and \$371,597, respectively, and the interest expense incurred was \$4,117 and \$8,677, respectively. Cash paid for interest expense during the six months ended June 30, 2009 and 2008 was \$6,311 and \$9,518, respectively. The Company is also required to pay a commitment fee of 0.20% for any unused portion of the *Revolving Credit Facility*. For the three and six months ended June 30, 2009, the commitment fee incurred was \$101 and \$202, respectively. For the three and six months ended June 30, 2008, the commitment fee incurred was \$185 and \$257, respectively.

The amount available for borrowing under the *Revolving Credit Facility* is reduced by any standby letters of credit issued through the *Revolving Credit Facility*. As of June 30, 2009 and December 31, 2008, the Company had \$21,600 and \$16,700, respectively, in standby letters of credit issued through the *Revolving Credit Facility*.

As of June 30, 2009, the Company had a non-U.S. borrowing on the *Revolving Credit Facility* denominated in Canadian dollars. As of June 30, 2009 and December 31, 2008, unrealized appreciation on this borrowing was \$2,805 and \$3,365, respectively.

Debt Securitization

In July 2006, through our wholly owned subsidiary, ARCC CLO 2006 LLC (ARCC CLO), we completed a \$400,000 debt securitization (the Debt Securitization) and issued approximately \$314,000 principal amount of asset-backed notes (including \$50,000 of revolving notes, all of which were drawn down as of June 30, 2009) (the CLO Notes) to third parties that were secured by a pool of middle market loans that have been purchased or originated by the Company. The CLO Notes are included in the June 30, 2009 consolidated balance sheet. We retained approximately \$86,000 of aggregate principal amount of certain BBB and non-rated securities in the Debt Securitization (the Retained Notes). During the six months ended June 30, 2009, we repurchased, in several open market transactions, \$34,790 of CLO Notes consisting of \$14,000 of the Class B and \$20,790 of the Class C notes for a total purchase price of \$8,247. As a result of these purchases, we recognized a \$26,543 gain on the extinguishment of debt and as of June 30, 2009, we held an aggregate principal amount of \$120,790 of CLO Notes, in total. The CLO Notes mature on December 20, 2019, and, as of June 30, 2009, there is \$279,210 outstanding under the Debt Securitization (excluding the Retained Notes). The blended pricing of the CLO Notes, excluding fees, is approximately 3-month LIBOR plus 27 basis points.

The classes, amounts, ratings and interest rates (expressed as a spread to 3-month LIBOR) of the CLO Notes are as follows:

Table of Contents

Class	Amount	Rating (S&P/Moody s)	LIBOR Spread (basis points)
A-1A	\$ 75,000	AAA/Aaa	25
A-1A VFN	50,000(1)	AAA/Aaa	28

Total	\$ 279,210		

(1) Revolving class, all of which was drawn as of June 30, 2009.

As of June 30, 2009, there were 69 investments securing the notes. The interest charged under the Debt Securitization is based on 3-month LIBOR, which as of June 30, 2009 was 0.60% and as of December 31, 2008 was 1.43%. For the three and six months ended June 30, 2009, the effective average interest rate was 1.59% and 1.63%, respectively, the average outstanding balance was \$279,210 and \$289,638, respectively, and the interest expense incurred was \$1,107 and \$2,356, respectively. For the three and six months ended June 30, 2008, the effective average interest rate was 2.93% and 4.00%, respectively, and the interest expense incurred was \$2,295 and \$6,265, respectively. Cash paid for interest expense during the six months ended June 30, 2009 and 2008 was \$2,629 and \$6,492, respectively. The Company is also required to pay a commitment fee of 0.175% for any unused portion of the Class A-1A VFN Notes. There were no commitment fees incurred for the three and six months ended June 30, 2009 and 2008 on these notes.

8. FAIR VALUE OF FINANCIAL INSTRUMENTS

Effective January 1, 2008, the company adopted SFAS No. 159, *the Fair Value Option for Financial Assets and Liabilities* (SFAS 159), which provides companies the option to report selected financial assets and liabilities at fair value. SFAS 159 also establishes presentation and disclosure requirements designed to facilitate comparisons between companies that choose different measurement attributes for similar types of assets and liabilities and to more easily understand the effect of the company's choice to use fair value on its earnings. SFAS 159 also requires entities to display the fair value of the selected assets and liabilities on the face of the balance sheet. The Company has not elected the SFAS 159 option to report selected financial assets and liabilities at fair value. As a result, with the exception of the line items entitled other assets and debt, which are reported at cost, all assets and liabilities approximate fair value on the balance sheet. The carrying value of the line items entitled interest receivable, receivable for open trades, payable for open trades, accounts payable and accrued expenses, management and incentive fees payable and interest and facility fees payable approximate fair value due to their short maturity.

Effective January 1, 2008, the Company adopted SFAS No. 157, *Fair Value Measurements* (SFAS 157), which expands the application of fair value accounting. SFAS 157 defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles and expands disclosure of fair value measurements. SFAS 157 determines fair value to be the price that would be received for an investment in a current sale, which assumes an orderly transaction between market participants on the measurement date. SFAS 157 requires the Company to assume that the portfolio investment is sold in a principal market to market participants, or in the absence of a principal market, the most advantageous market, which may be a hypothetical market. Market participants are defined as buyers and sellers in the principal or most advantageous market that are independent, knowledgeable, and willing and able to transact. In accordance with SFAS 157, the Company has considered its principal market as the market in which the Company exits its portfolio investments with the greatest volume and level of activity. SFAS 157 specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. In accordance with SFAS 157, these inputs are summarized in the three broad levels listed below:

- Level 1 Valuations based on quoted prices in active markets for identical assets or liabilities that the Company has the ability to access.
- Level 2 Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.
- Level 3 Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

Table of Contents

In addition to using the above inputs in investment valuations, we continue to employ the valuation policy approved by our board of directors that is consistent with SFAS 157 (see Note 2). Consistent with our valuation policy, we evaluate the source of inputs, including any markets in which our investments are trading (or any markets in which securities with similar attributes are trading), in determining fair value. Our valuation policy considers the fact that because there is not a readily available market value for most of the investments in our portfolio, the fair value of the investments must typically be determined using unobservable inputs.

Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of our investments may fluctuate from period to period. Additionally, the fair value of our investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values that we may ultimately realize. Further, such investments are generally subject to legal and other restrictions on resale or otherwise are less liquid than publicly traded securities. If we were required to liquidate a portfolio investment in a forced or liquidation sale, we may realize significantly less than the value at which we have recorded it.

In addition, changes in the market environment and other events that may occur over the life of the investments may cause the gains or losses ultimately realized on these investments to be different than the valuations currently assigned.

The following table presents fair value measurements of cash and cash equivalents and investments as of June 30, 2009:

		Fair Value Measurements Using			
	Total	Level 1	Level 2	Level 3	
Cash and cash equivalents	\$ 46,297	\$ 46,297	\$	\$

respectively. For the three and six months ended June 30, 2008, the investment adviser incurred such expenses totaling \$605 and \$1,006, respectively. As of June 30, 2009, \$48 was unpaid and included in accounts payable and accrued expenses in the accompanying consolidated balance sheet.

We rent office space directly from a third party pursuant to a lease that expires on February 27, 2011. In addition, we have entered into a sublease agreement with Ares Management whereby Ares Management subleases approximately 25% of certain office space for a fixed rent equal to 25% of the basic annual rent payable by us under this lease, plus certain additional costs and expenses. For the three and six months ended June 30, 2009, such amounts payable to the Company totaled \$67 and \$134, respectively. For the three and six months ended June 30, 2008, such amounts payable to the Company totaled \$51 and \$120, respectively. As of June 30, 2009, there were no unpaid amounts.

As of June 30, 2009, Ares Investments, an affiliate of Ares Management (the sole member of our investment adviser) owned 2,859,882 shares of the Company's common stock representing approximately 2.9% of the total shares outstanding as of June 30, 2009.

See Notes 3 and 10 for descriptions of other related party transactions.

10. IVY HILL FUNDS

On November 19, 2007, we established a middle market credit fund, Ivy Hill Middle Market Credit Fund, Ltd. (Ivy Hill I), which is managed by our affiliate, Ivy Hill Asset Management, L.P. (IHAM). IHAM receives a 0.50% management fee on the average total assets of Ivy Hill I as compensation for managing this fund. As of June 30, 2009, the total assets of Ivy Hill I were approximately \$370,000. For the three and six months ended June 30, 2009, the Company earned \$395 and \$883, respectively, in management fees. For the three and six months ended June 30, 2008, the Company earned \$384 and \$581, respectively, in management fees. Ivy Hill I primarily invests in first and second lien bank debt of middle market companies. Ivy Hill I was initially funded with \$404,000 of capital, including a \$56,000 investment by the Company consisting of \$40,000 of Class B notes and \$16,000 of subordinated notes. For the three and six months ended June 30, 2009, the Company earned \$1,369 and \$3,022, respectively, from its investments in Ivy Hill I. For the three and six months ended June 30, 2008, the Company earned \$1,581 and \$2,593, respectively, from its investments in Ivy Hill I.

Ivy Hill I purchased investments from the Company of \$3,980 and \$12,980 during the three and six months ended June 30, 2009, respectively, and may from time to time buy additional investments from the Company. There was a loss of \$20 recognized by the Company on these transactions.

On November 5, 2008, the Company established a second middle market credit fund, Ivy Hill Middle Market Credit Fund II, Ltd. (Ivy Hill II), which is also managed by IHAM. IHAM receives a 0.50% management fee on the average total assets of Ivy Hill II as compensation for managing this fund. Ivy Hill II primarily invests in second lien and subordinated bank debt of middle market companies. Ivy Hill II was established with an initial commitment of \$250,000 of subordinated notes, of which \$125,000 has been funded, and may grow over time with leverage. Ivy Hill II purchased \$27,500 of investments from the Company during the six months ended June 30, 2009. The Company recorded a loss of \$1,388 on these transactions. As of June 30, 2009, the total assets of Ivy Hill II were approximately \$123,000. For the three and six months ended June 30, 2009, the Company earned \$274 and \$353, respectively, in management fees.

Our affiliate, IHAM, is party to a separate services agreement, referred to herein as the services agreement, with Ares Capital Management. Pursuant to the services agreement, Ares Capital Management provides IHAM with office facilities, equipment, clerical, bookkeeping and record keeping services, services of investment professionals and others to perform investment advisory, research and related services, services of, and oversight of, custodians, depositories, accountants, attorneys, underwriters and such other persons in any other capacity deemed to be necessary. Under the services agreement, IHAM will reimburse Ares Capital Management for all of the costs associated with such services, including Ares Capital Management's allocable portion of overhead and the cost of its officers and respective staff in performing its obligations under the services agreement. The services agreement may be terminated by either party without penalty upon 60-days' written notice to the other party. For the three and six months ended June 30, 2009, IHAM incurred such expenses payable to the investment adviser of \$282 and \$538, respectively. No such expenses were payable for the three and six months ended June 30, 2008.

During the three months ended June 30, 2009, because of a shift in activity from being primarily a manager with no dedicated employees and of funds in which the Company has invested debt and equity, to a manager with individuals dedicated to managing an increasing number of third party funds for which the Company has limited or no investment, we have concluded that GAAP requires the financial results of IHAM to be reported as a portfolio company in our schedule of investments rather than as a consolidated subsidiary in the Company's financial results. For the three months ended June 30, 2009, the Company made an initial equity investment of \$3,816 into IHAM and also recognized an unrealized gain of \$8,000.

Table of Contents**11. DERIVATIVE INSTRUMENTS**

In October 2008, we entered into a two-year interest rate swap agreement to mitigate our exposure to adverse fluctuations in interest rates for a total notional amount of \$75 million. Under the interest rate swap agreement, we will pay a fixed interest rate of 2.985% and receive a floating rate based on the prevailing three-month LIBOR. As of June 30, 2009 and December 31, 2008, the 3-month LIBOR was 0.60% and 1.43%, respectively. For the three and six months ended June 30, 2009, we recognized \$132 and \$121, respectively, in unrealized appreciation related to this swap agreement. As of June 30, 2009 and December 31, 2008, this swap agreement had a fair value of \$(2,043) and \$(2,164), respectively, which is included in the accounts payable and other liabilities in the accompanying consolidated balance sheet.

These ratios reflect annualized amounts.

(7) The ratio of net investment income to average net assets excludes income taxes related to realized gains.

15. SUBSEQUENT EVENTS

On July 21, 2009, we entered into an agreement with Wachovia Bank N.A. (Wachovia) to establish a new revolving facility (the CP Funding II Facility) whereby Wachovia agreed to extend credit to us in an aggregate principal amount not exceeding \$200,000 at any one time outstanding. The CP Funding II Facility is scheduled to expire on July 21, 2012 (plus two one-year extension options, subject to mutual consent) and the interest charged on the CP Funding II Facility is based on LIBOR plus 4.00%. We are required to pay a commitment fee on any unused portion of the CP Funding II Facility of between 0.50% and 2.50% depending on the usage level and paid a structuring fee of 1.5% of the total facility amount, or \$3,000.

Item 2. Management's Discussion And Analysis Of Financial Condition And Results Of Operations.

The information contained in this section should be read in conjunction with our financial statements and notes thereto appearing elsewhere in this quarterly report. In addition, some of the statements in this report constitute forward-looking statements, which relate to future events or the future performance or financial condition of Ares Capital Corporation (the Company, ARCC, we, us, or our). The forward-looking statements contained in this report involve risks and uncertainties, including statements as to:

- our future operating results;
- our business prospects and the prospects of our portfolio companies;
- the return or impact of investments that we expect to make;
- the impact of a protracted decline in the liquidity of credit markets on our business;
- the impact of fluctuations in interest rates on our business;
- the valuation of our investments in portfolio companies, particularly those having no liquid trading market;
- our ability to recover unrealized losses;
- our ability to access alternative debt markets and additional capital;
- our contractual arrangements and relationships with third parties;
- the dependence of our future success on the general economy and its impact on the industries in which we invest;

- the ability of our portfolio companies to achieve their objectives;
- our expected financings and investments;
- the adequacy of our cash resources and working capital;
- the timing, form and amount of any dividend distributions;
- the timing of cash flows, if any, from the operations of our portfolio companies; and
- the ability of our investment adviser to locate suitable investments for us and to monitor and administer our investments.

We use words such as anticipates, believes, expects, intends, will, should, may and similar expressions to identify forward-looking statements. Our actual results could differ materially from those projected in the forward-looking statements for any reason, including the risk factors included in our annual report on Form 10-K for the fiscal year ended December 31, 2008.

We have based the forward-looking statements included in this report on information available to us on the date of this report, and we assume no obligation to update any such forward-looking statements. Although we undertake no obligation to revise or update any forward-looking statements, whether as a result of new information, future events or otherwise, you are advised to consult any additional disclosures that we may make directly to you or through reports that we have filed or in the future may file with the SEC, including annual reports on Form 10-K, registration statements on Form N-2, quarterly reports on Form 10-Q and current reports on Form 8-K.

OVERVIEW

We are a specialty finance company that is a closed-end, non-diversified management investment company incorporated in Maryland. We have elected to be regulated as a business development company (a BDC) under the Investment Company Act of 1940 (the Investment Company Act). We were founded on April 16, 2004 and were initially funded on June 23, 2004 and on October 8, 2004 completed our initial public offering (the IPO).

Our investment objective is to generate both current income and capital appreciation through debt and equity investments. We invest primarily in first and second lien senior loans and mezzanine debt, which in some cases includes an equity component like warrants. To a lesser extent we make equity investments.

Table of Contents

We are externally managed by Ares Capital Management LLC (the "Investment Adviser" or the "investment adviser"), an affiliate of Ares Management LLC, an independent international investment management firm, pursuant to an investment advisory and management agreement (the "Advisory Agreement"). Ares Operations LLC ("Ares Administration"), an affiliate of Ares Management LLC, provides the administrative services necessary for us to operate.

As a BDC, we are required to comply with certain regulatory requirements. For instance, we generally have to invest at least 70% of our total assets in qualifying assets, including securities and indebtedness of private U.S. companies, cash, cash equivalents, U.S. government securities and high-quality debt investments that mature in one year or less.

The Company has elected to be treated as a regulated investment company, or a RIC, under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code") and operates in a manner so as to qualify for the tax treatment applicable to RICs. To qualify as a RIC, we must, among other things, meet certain source-of-income and asset diversification requirements and timely distribute to our stockholders at least 90% of our investment company taxable income, as defined by the Code, for each year. Pursuant to this election, we generally will not have to pay corporate level taxes on any income that we distribute to our stockholders.

The investment adviser employs an investment rating system to categorize our investments. In addition to various risk management and monitoring tools, the investment adviser grades the credit status of all investments on a scale of 1 to 4 no less frequently than quarterly. This system is intended to reflect the performance of the portfolio company's business, the collateral coverage of the investment and other relevant factors. Under this system, investments with a grade of 4 involve the least amount of risk in our portfolio. This portfolio company is performing above expectations and the trends and risk factors are generally favorable, including a potential exit. Investments graded 3 involve a level of risk that is similar to the risk at the time of origination. This portfolio company is performing as expected and the risk factors are neutral to favorable. All new investments are initially assessed a grade of 3. Investments graded 2 involve a portfolio company performing below expectations and indicates that the investment's risk has increased materially since origination. This portfolio company may be out of compliance with debt covenants, however, payments are generally not more than 120 days past due. For investments graded 2, our investment adviser increases procedures to monitor the portfolio company and will write down the fair value of the investment if it is deemed to be impaired. An investment grade of 1 indicates that the portfolio company is performing materially below expectations and that the investment risk has substantially increased since origination. Most or all of the debt covenants are out of compliance and payments are substantially delinquent. Investments graded 1 are not anticipated to be repaid in full. Our investment adviser employs half-point increments to reflect underlying trends in portfolio company operating or financial performance, as well as the general outlook. As of June 30, 2009, the weighted average investment grade of the investments in our portfolio was 2.9 with 6.2% of total investments at amortized cost (or 2.1% at fair value) on non-accrual status. The weighted average investment grade of the investments in our portfolio as of December 31, 2008 was 2.9. The distribution of the grades of our portfolio companies as of June 30, 2009 and December 31, 2008 is as follows (dollar amounts in thousands):

	June 30, 2009		December 31, 2008	
	Fair Value	Number of Companies	Fair Value	Number of Companies

Net income can vary substantially from period to period for various factors, including the recognition of realized gains and losses and unrealized appreciation and depreciation. As a result, quarterly comparisons of net income may not be meaningful.

Investment Income

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

For the three months ended June 30, 2009, total investment income decreased \$4.4 million, or 7%, over the three months ended June 30, 2008. For the three months ended June 30, 2009, total investment income consisted of \$54.0 million in interest income from investments, \$0.6 million in capital structuring service fees, \$0.7 million in dividend income, \$1.8 million in other income and \$1.9 million in management fees. Interest income from investments increased \$4.3 million, or 9%, to \$54.0 million for the three months ended June 30, 2009 from \$49.7 million for the comparable period in 2008. The increase in interest income from investments was primarily due to the increase in the size of the portfolio as well as increases in the weighted average yield on the portfolio. The average investments, at amortized cost, for the quarter increased from \$2.1 billion for the three months ended June 30, 2008 to \$2.3 billion for the comparable period in 2009. Capital structuring service fees decreased \$10.7 million, or 95%, to \$0.6 million for the three months ended June 30, 2009 from \$11.3 million for the comparable period in 2008. The decrease in capital structuring service fees was primarily due to the significant decrease in new investment commitments for the three months ended June 30, 2009 as compared to the three months ended June 30, 2008.

For the six months ended June 30, 2009, total investment income decreased \$0.5 million, or 1%, over the six months ended June 30, 2008. For the six months ended June 30, 2009, total investment income consisted of \$106.3 million in interest income from investments, \$1.8 million in capital structuring service fees, \$1.2 million in dividend income, \$3.0 million in other income and \$2.6 million in management fees. Interest income from investments increased \$10.7 million, or 11%, to \$106.3 million for the six months ended June 30, 2009 from \$95.6 million for the comparable period in 2008. The increase in interest income from investments was primarily due to the increase in the size of the portfolio. The average investments, at amortized cost, for the period increased from \$2.0 billion for the six months ended June 30, 2008 to \$2.3 billion for the comparable period in 2009. Capital structuring service fees decreased \$13.4 million, or 88%, to \$1.8 million for the six months ended June 30, 2009 from \$15.2 million for the comparable period in 2008. The decrease in capital structuring service fees was primarily due to the decrease in new investment commitments for the six months ended June 30, 2009 as compared to the six months ended June 30, 2008.

Operating Expenses

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

For the three months ended June 30, 2009, total expenses decreased \$0.2 million, or 1%, over the three months ended June 30, 2008. Interest expense and credit facility fees decreased \$0.9 million, or 12%, to \$6.3 million for the three months ended June 30, 2009 from \$7.2 million for the comparable period in 2008, primarily due to the lower average cost of debt. The average cost of debt for the three months ended June 30, 2009 was 2.91% compared to the average cost of debt of 3.59% for the comparable period in 2008 due to the significant decrease in LIBOR over the period. There were \$880.2 million in average outstanding borrowings during the three months ended June 30, 2009 compared to average outstanding borrowings of \$745.9 million in the comparable period in 2008. Incentive fees related to pre-incentive fee net investment income decreased \$1.0 million, or 11%, to \$8.0 million for the three months ended June 30, 2009 from \$9.0 million for the comparable period in 2008, due to the decline in net investment income.

For the six months ended June 30, 2009, total expenses decreased \$1.0 million, or 2%, over the six months ended June 30, 2008. Interest expense and credit facility fees decreased \$4.2 million, or 25%, to \$12.9 million for the six months ended June 30, 2009 from \$17.1 million for the comparable period in 2008, primarily due to the lower average cost of debt. The average cost of debt for the six months ended June 30, 2009 was 2.94% compared to the average cost of debt of 4.35% for the comparable period in 2008 due to the significant decrease in LIBOR over the period. There were \$882.7 million in average outstanding borrowings during the six months ended June 30, 2009 compared to average outstanding borrowings of \$749.4 million in the comparable period in 2008. The decrease in total expenses was partially offset by the increase in administrative expense, which increased \$1.2 million, or 133%, to \$2.1 million for the six months ended June 30, 2009 from \$0.9 million for the comparable period in 2008. This increase was primarily due to the expenses incurred by IHAM pursuant to the separate services agreement between Ares Capital Management LLC. There was no such agreement in place in 2008. Additionally, professional fees increased \$0.8 million, or 29%, to \$3.7 million for the six months ended June 30, 2009 from \$2.9 million for the comparable period in 2008. This increase was primarily due to a rise in legal and valuation costs.

Income Tax Expense, Including Excise Tax

The Company has elected to be treated as a RIC under Subchapter M of the Code and operates in a manner so as to qualify

for the tax treatment applicable to RICs. Among other things, the Company has, in order to maintain its RIC status, made and intends to continue to make the requisite distributions to its stockholders which will generally relieve the Company from U.S. federal income taxes.

Depending on the level of taxable income earned in a tax year, we may choose to carry forward taxable income in excess of current year dividend distributions into the next tax year and pay a 4% excise tax on such income, as required. To the extent that the Company determines that its estimated current year annual taxable income will be in excess of estimated current year dividend distributions, the Company accrues excise tax, if any, on estimated excess taxable income as taxable income is earned. For the three months ended June 30, 2009, the Company recorded no amounts for U.S. Federal excise tax. For the six months ended June 30, 2009, the Company recognized \$0.1 million of benefits for U.S. Federal excise tax. For the three months ended June 30, 2008, the Company recorded a \$0.1 million provision for U.S. Federal excise tax. For the six months ended June 30, 2008, the Company recorded a benefit of \$0.3 million for U.S. Federal excise tax.

Certain of our wholly owned subsidiaries are subject to U.S. federal and state income taxes. For the three and six months ended June 30, 2009, we recorded tax provisions of approximately \$0.1 million for these subsidiaries. For the three and six months ended June 30, 2008, we recorded tax provisions of approximately \$0.1 million for these subsidiaries.

Net Unrealized Gains/Losses

For the three months ended June 30, 2009, the Company had net unrealized gains of \$3.5 million, which was primarily comprised of \$37.4 million in unrealized depreciation, \$40.9 million in unrealized appreciation. FINANCIAL CONDITION, LIQUIDITY AND CAPITAL RESOURCES

Since the Company's inception, the Company's liquidity and capital resources have been generated primarily from the net proceeds of public offerings of common stock, the Debt Securitization, advances from the CP Funding Facility and Revolving Credit Facility, each as defined below (together, the Facilities), as well as cash flows from operations.

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

As of June 30, 2009, the Company had \$46.3 million in cash and cash equivalents and \$879.3 million in total indebtedness outstanding. Subject to leverage restrictions, the Company had approximately \$149.9 million available for additional borrowings under the Facilities as of June 30, 2009.

Due to volatility in global markets, the availability of capital and access to capital markets has been limited. Until constraints on raising new capital ease, we intend to pursue other avenues of liquidity such as adjusting the pace of our investments, becoming more selective in evaluating investment opportunities to ensure appropriate risk-adjusted returns, pursuing asset sales, and/or recycling lower yielding investments. As the global liquidity situation evolves, we will continue to monitor and adjust our funding approach accordingly. However, given the unprecedented nature of the volatility in the global markets, there can be no assurances that these activities will be successful. Moreover, if current levels of market disruption and volatility continue or worsen, we could face materially higher financing costs. Consequently, our operating strategy could be materially and adversely affected. The illiquidity of our investments may make it difficult for us to sell such investments if required. As a result, we may realize significantly less than the value at which we have recorded our investments. A failure to enter into definitive documentation on the Revolving Facility (as defined below) could have a material adverse impact on our business, financial condition and results of operations.

Equity Offerings

There were no sales of equity securities during the six months ended June 30, 2009.

	\$ 879.3	\$ 1,029.2	\$ 908.8	\$ 1,174.0

(1) Subject to borrowing base and leverage restrictions.

The weighted average interest rate and weighted average maturity of all our outstanding borrowings as of June 30, 2009 were 1.98% and 4.7 years, respectively. The weighted average interest rate and weighted average maturity of all our outstanding borrowings as of December 31, 2008 were 3.03% and 4.9 years, respectively.

The ratio of total debt outstanding to stockholders' equity as of June 30, 2009 was 0.81:1.00 compared to 0.83:1.00 as of December 31, 2008.

In December 2005, we entered into a senior secured revolving credit facility, referred to as the Revolving Credit Facility, under which, as amended, the lenders have agreed to extend credit to the Company in an aggregate principal amount not exceeding \$525.0 million at any one time outstanding. As of June 30, 2009, there was \$375.1 million outstanding under the Revolving Credit Facility (see Note 7 to the consolidated financial statements for more detail on the Revolving Credit Facility arrangement). The Revolving Credit Facility also includes an accordion feature that allows us to increase the size of the Revolving Credit Facility to a maximum of \$765.0 million under certain circumstances.

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

In October 2004, we formed Ares Capital CP Funding LLC (Ares Capital CP), a wholly owned subsidiary of the Company, through which we established a revolving facility, referred to as the CP Funding Facility, that, as amended, allows Ares Capital CP to issue up to \$350.0 million of variable funding certificates. On May 7, 2009, as part of the amendment to the CP Funding Facility we reduced the total availability of the CP Funding Facility to \$225.0 million, of which the entire amount was outstanding as of June 30, 2009 (see Notes 7 and 15 to the consolidated financial statements for more detail on the CP Funding Facility arrangement).

In July 2006, through our wholly owned subsidiary, ARCC CLO 2006 LLC, we completed a \$400.0 million debt securitization, referred to as the Debt Securitization. As part of the Debt Securitization, \$314.0 million principal amount of asset-backed notes (including \$50 million of revolving notes, all of which had been drawn as of June 30, 2009) (the CLO Notes) were issued to third parties and secured by a pool of middle market loans that had been purchased or originated by the Company. As of June 30, 2009, we also owned approximately \$120.8 million aggregate principal amount of certain AA, A, BBB and non-rated securities that we retained in the Debt Securitization or purchased in the open market. As of June 30, 2009, there was \$279.2 million aggregate principal amount of CLO Notes outstanding. The CLO Notes mature on December 20, 2019.

The CP Funding Facility was initially scheduled to expire on July 21, 2009. On May 7, 2009, as part of the amendment to the CP Funding Facility, we extended the maturity of the CP Funding Facility to May 7, 2012. The Revolving Credit Facility expires on December 28, 2010. Our ability to execute on our business plan relies to a certain extent on our ability to refinance/renew these facilities. However, there can be no assurance that we will be able to renew or refinance these facilities on acceptable terms or at all.

As of June 30, 2009, we had a long-term issuer rating of Ba1 from Moody's Investor Service and a long-term counterparty credit rating from Standard & Poor's Ratings Service of BBB.

Portfolio Valuation

Investments for which market quotations are readily available are typically valued at such market quotations. In order to

Table of Contents

validate market quotations, we look at a number of factors to determine if the quotations are representative of fair value, including the source and nature of the quotations. Debt and equity securities that are not publicly traded or whose market prices are not readily available (i.e., substantially all of our investments) are valued at fair value as determined in good faith by our board of directors, based on the input of our management and audit committee and independent valuation firms that have been engaged at the direction of the board to assist in the valuation of each portfolio investment without a readily available market quotation at least once during a trailing 12 month period and under a valuation policy and a consistently applied valuation process. The valuation process is conducted at the end of each fiscal quarter, with approximately 50% (based on value) of our valuations of portfolio companies without readily available market quotations subject to review by an independent valuation firm.

As part of the valuation process, we may take into account the following types of factors, if relevant, in determining the fair value of our investments: the enterprise value of a portfolio company (an estimate of the total fair value of the portfolio company's debt and equity), the nature and realizable value of any collateral, the portfolio company's ability to make payments and its earnings and discounted cash flow, the markets in which the portfolio company does business, a comparison of the portfolio company's securities to publicly traded securities, changes in the interest rate environment and the credit markets generally that may affect the price at which similar investments may be made in the future and other relevant factors. When an external event such as a purchase transaction, public offering or subsequent equity sale occurs, we use the pricing indicated by the external event to corroborate our valuation.

Because there is not a readily available market value for most of the investments in our portfolio, we value substantially all of our portfolio investments at fair value as determined in good faith by our board of directors, based on the input of our management and audit committee and independent valuation firms under a valuation policy and a consistently applied valuation process. Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of our investments may fluctuate from period to period. Additionally, the fair value of our investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values that we may ultimately realize. Further, such investments are generally subject to legal and other restrictions on resale or otherwise are less liquid than publicly traded securities. If we were required to liquidate a portfolio investment in a forced or liquidation sale, we may realize significantly less than the value at which we have recorded it.

In addition, changes in the market environment, such as inflation, and other events that may occur over the life of the investments may cause the gains or losses ultimately realized on these investments to be different than the valuations currently assigned. See the risk factors included in our annual report on Form 10-K for the fiscal year ended December 31, 2008, including the Risk Factor entitled "Risk Factors—Risks Relating to our Investments—Price declines and illiquidity in the corporate debt markets have adversely affected, and may continue to adversely affect, the fair value of our portfolio investments, reducing our net asset value through increased net unrealized depreciation."

With respect to investments for which market quotations are not readily available, our board of directors undertakes a multi-step valuation process each quarter, as described below:

- Our quarterly valuation process begins with each portfolio company or investment being initially valued by the investment professionals responsible for the portfolio investment in conjunction with our portfolio management team.
- Preliminary valuation conclusions are then documented and discussed by our management.

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

- The audit committee of our board of directors reviews these preliminary valuations, as well as the input of independent valuation firms with respect to the valuations of approximately 50% (based on value) of our portfolio companies without readily available market quotations.
- The board of directors discusses valuations and determines the fair value of each investment in our portfolio without a readily available market quotation in good faith based on the input of our management and audit committee and independent valuation firms.

Effective January 1, 2008, the Company adopted Statement of Financial Accounting Standards No. 157, Fair Value Measurements (SFAS 157), which expands the application of fair value accounting for investments (see Note 8 to the consolidated financial statements).

OFF BALANCE SHEET ARRANGEMENTS

As of June 30, 2009 and December 31, 2008, the Company had the following commitments to fund various revolving senior secured and subordinated loans (in millions):

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

Table of Contents

	June 30, 2009	December 31, 2008
Total revolving commitments	\$ 287.2	\$ 419.0
Less: funded commitments	(89.0)	(139.6)
Total unfunded commitments	198.2	279.4
Less: commitments substantially at discretion of the Company	(16.0)	(32.4)
Less: unavailable commitments due to borrowing base or other covenant restriction	(60.1)	(64.5)
Total net adjusted unfunded revolving commitments	\$ 122.1	\$ 182.5

Of the total commitments as of June 30, 2009, \$160.4 million extend beyond the maturity date for our Revolving Credit Facility. Additionally, \$109.0 million of the total commitments or \$34.0 million of the net adjusted unfunded commitments are scheduled to expire in 2009. Included within the total commitments as of June 30, 2009 are commitments to issue up to \$15.6 million in standby letters of credit through a financial intermediary on behalf of certain portfolio companies.

Under these arrangements, the Company would be required to make payments to third parties if the portfolio companies were to default on their related payment obligations. As of June 30, 2009, the Company had \$10.3 million in standby letters of credit issued and outstanding on behalf of the portfolio companies, of which no amounts were recorded as a liability. Of these letters of credit, \$4.9 million expire on September 30, 2009, \$0.3 million expire on January 31, 2010, \$0.2 million expire on February 28, 2010, \$1.5 million expire on March 31, 2010 and \$3.4 million expire on July 31, 2010. These letters of credit may be extended under substantially similar terms for additional one-year terms at the Company's option until the Revolving Credit Facility, under which the letters of credit were issued, matures on December 28, 2010.

As of June 30, 2009 and December 31, 2008, the Company was subject to subscription agreements to fund equity investments in private equity investment partnerships, substantially all at the discretion of the Company, as follows (in millions):

	June 30, 2009	December 31, 2008
Total private equity commitments	\$ 428.3	\$ 428.3
Total unfunded private equity commitments	\$ 421.8	\$ 423.6

RECENT DEVELOPMENTS

As of August 5, 2009, we had made one equity investment of \$0.1 million since June 30, 2009. As of August 5, 2009, we exited \$12.7 million of investments since June 30, 2009. Of these investments, 21% were senior secured debt and 79% were senior subordinated debt. The weighted average yield at amortized cost on these investments was 15.5%, and 96% of the investments were at a fixed rate.

On July 21, 2009, we entered into an agreement with Wachovia Bank N.A. (Wachovia) to establish a new revolving facility (the CP Funding II Facility) whereby Wachovia has agreed to extend credit to us in an aggregate principal amount not exceeding \$200 million at any one time outstanding. The CP Funding II Facility will expire three years after the closing thereof (plus two one-year options, subject to mutual consent) and the interest charged on the CP Funding II Facility will be based on LIBOR plus 4.00%. We are required to pay a commitment fee on any unused portion of the CP Funding II Facility of between 0.50% and 2.50% depending on the usage level and we paid a structuring fee of 1.5% of the total facility amount, or \$3.0 million.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

We are subject to financial market risks, including changes in interest rates and the valuations of our investment portfolio.

Interest Rate Risk

Interest rate sensitivity refers to the change in earnings that may result from changes in the level of interest rates. Because we fund a portion of our investments with borrowings, our net investment income is affected by the spread between the rate at which we invest and the rate at which we borrow. As a result, there can be no assurance that a significant change in market interest rates will not have a material adverse effect on our net investment income.

As of June 30, 2009, approximately 58% of the investments at fair value in our portfolio were at fixed rates while approximately 29% were at variable rates and 13% were non-interest earning. Additionally, 11% of the investments at fair value or 39% of the investments at fair value with variable rates contain interest rate floor features. The Debt Securitization, the CP Funding Facility and the Revolving Credit Facility all feature variable rates.

We regularly measure our exposure to interest rate risk. We assess interest rate risk and manage our interest rate exposure on an ongoing basis by comparing our interest rate sensitive assets to our interest rate sensitive liabilities. Based on that review, we

Table of Contents

determine whether or not any hedging transactions are necessary to mitigate exposure to changes in interest rates.

In October 2008, we entered into a two-year interest rate swap agreement for a total notional amount of \$75 million. Under the interest rate swap agreement, we will pay a fixed interest rate of 2.985% and receive a floating rate based on the prevailing three-month LIBOR. We believe that this agreement will enable us to mitigate interest rate risk and remain match funded.

While hedging activities may mitigate our exposure to adverse fluctuations in interest rates, certain hedging transactions that we may enter into in the future, such as interest rate swap agreements, may also limit our ability to participate in the benefits of lower interest rates with respect to our portfolio investments.

Based on our June 30, 2009 balance sheet, the following table shows the impact on net income of base rate changes in interest rates assuming no changes in our investment and borrowing structure and reflecting the effect of our interest rate swap agreement described above and in Note 11 of the consolidated financial statements (in millions):

Basis Point Change	Interest Income		Interest Expense		Net Income	
Up 300 basis points	\$	15.5	\$	24.1	\$	(8.6)
Up 200 basis points	\$	9.4	\$	16.1	\$	(6.7)
Up 100 basis points	\$	4.0	\$	8.0	\$	(4.0)
Down 100 basis points	\$	(2.6)	\$	(3.7)	\$	1.1
Down 200 basis points	\$	(3.8)	\$	(3.7)	\$	(0.1)
Down 300 basis points	\$	(4.8)	\$	(3.7)	\$	(1.1)

Based on our December 31, 2008 balance sheet, the following table shows the impact on net income of base rate changes in interest rates assuming no changes in our investment and borrowing structure and reflecting the effect of our interest rate swap agreement described above and in Note 11 of the consolidated financial statements (in millions):

Basis Point Change	Interest Income		Interest Expense		Net Income	
Up 300 basis points	\$	21.4	\$	25.0	\$	(3.6)

We are not subject to any material pending legal proceedings, and no such proceedings are known to be contemplated by governmental authorities.

Item 1A. Risk Factors.

In addition to the other information set forth in this report, you should carefully consider the factors discussed in Part I Item 1A. Risk Factors in our Annual Report on Form 10-K for the fiscal year ended December 31, 2008, which could materially affect our business, financial condition and/or operating results. The risks described in our Annual Report on Form 10-K are not the only risks facing our Company. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially and adversely affect our business, financial condition and/or operating results.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

We did not sell any securities during the period covered in this report that were not registered under the Securities Act of 1933.

Issuer Purchases of Equity Securities

In June 2009, as a part of the Company's dividend reinvestment plan for our common stockholders, we purchased 364,990 shares of our common stock for \$2.9 million in the open market in order to satisfy the reinvestment portion of our dividends. The following chart outlines repurchases of our common stock during the quarter ended June 30, 2009.

Period	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum (or Approximate Dollar Value) of Shares that May Yet Be Purchased Under the Plans or Programs
April 1, 2009 through April 30, 2009				
May 1, 2009 through May 31, 2009				
June 1, 2009 through June 30, 2009	364,990(1)	\$ 8.06		
Total	364,990	\$ 8.06		

(1) Pursuant to our dividend reinvestment plan, we directed our plan administrator to purchase 364,990 shares in the open market in order to satisfy our obligations to deliver shares of common stock to our stockholders with respect to our dividend for the second quarter of 2009.
