UTStarcom Reports Unaudited Fourth Quarter and Full Year 2011 Financial Results

BEIJING, China, March 13, 2012 UTStarcom Holdings Corp. (UTStarcom or the Company) (NASDAQ: UTSI), a leading provider of interactive, IP-based network solutions in iDTV, IPTV, Internet TV and Broadband for cable and telecom operators, today reported financial results for the fourth quarter and full year ended December 31, 2011.

Fourth Quarter and Full Year 2011 Highlights

- Fourth quarter 2011 total revenues increased 9.6% year over year to \$83.5 million
- Full year 2011 total revenues increased 10.0% year over year to \$320.6 million
- Fourth quarter 2011 gross profit increased 254.0% year over year to \$28.6 million
- Full year 2011 gross profit increased 62.8% year over year to \$114.3 million
- Fourth quarter 2011 gross profit as a percentage of net sales, or gross margin, was 34.2% compared to 10.6% in the fourth quarter of 2010
- Full year 2011 gross margin was 35.7% compared to 24.1% in the full year of 2010
- Fourth quarter 2011 operating income was \$8.5 million, compared to an operating loss of \$26.6 million for the corresponding period of 2010
- Full year 2011 operating income was \$21.2 million, compared to an operating loss of \$73.7 million for the corresponding period of 2010
- Fourth quarter 2011 net income attributable to UTStarcom's shareholders was \$4.1 million, or basic and diluted earnings per share of \$0.03, compared to a loss of \$23.0 million, or a loss of \$0.15 per share, for the corresponding period of 2010
- Full year 2011 net income attributable to UTStarcom's shareholders was \$13.4 million, or basic and diluted earnings per share of \$0.09, compared to a loss of \$65.1 million, or a loss of \$0.48 per share, for the corresponding period of 2010
- As of December 31, 2011, cash, cash equivalents and short-term investments were \$304.0 million

We finished the year 2011 with a strong financial performance, exceeding the financial targets we set at the beginning of last year, said UTStarcom President and Chief Executive Officer Jack Lu. We achieved annual revenues of \$320.6 million and net income of \$13.4 million primarily through strong contribution from our traditional equipment business. Our efforts to streamline our corporate structure, prudently manage costs and build more profit-driven employee incentives have all contributed to a stronger year-over-year sales and a profitable 2011. We are especially encouraged by the steady progress made in our cable business, which experienced improvements in gross margin and overall product mix in China.

Mr. Lu continued, In 2012, we continue to capitalize on China's push toward triple network convergence and pursuing future opportunities related to the 42 trial cities recently announced. Along with continuing efforts to enhance profitability in our traditional business, we are also developing new initiatives to expand our operating support services business as we strive for ongoing sustainable profitability.

Fourth Quarter and Full Year 2011 Financial Results

Revenues

UTStarcom's total revenues for the fourth quarter 2011 were \$83.5 million, an increase of 9.6% year over year from \$76.1 million for the corresponding period of 2010. Total revenues for the full year 2011 were \$320.6 million, an increase of 10.0% year over year from \$291.5 million for the corresponding period of 2010. Deferred revenue amortization related to PHS was included in 2011 results at a rate of approximately \$23.8 million per quarter.

Three months ended December 31, 2011 and 2010

- Net sales from equipment for the fourth quarter 2011 were \$76.1 million, an increase of 13.0% year over year. The increase was mainly driven by increased sales of PTN and MSTP products in Japan and Taiwan, and RollingStream® infrastructure product sales in Taiwan. The \$2.2 million additional release of PHS deferred revenue also contributed to the year-over-year revenue increase.
- Net sales from equipment-based services for the fourth quarter 2011 were \$7.4 million, a decrease of 16.4% year over year. The decrease was primarily driven by fewer iPAS maintenance contracts due to the phase out of PHS in China in 2011.
- Net sales from operational support services for the fourth quarter 2011 were approximately \$0.02 million as a result of an IP signage revenue sharing project.

Twelve months ended December 31, 2011 and 2010

- Net sales from equipment for the full year 2011 were \$285.5 million, an increase of 13.7% year over year. The increase was mainly driven by increased sales of PTN products in Japan and RollingStream® infrastructure product sales in India and Thailand. The \$7.4 million of equipment revenue recognized from the Jersey Telecom Limited contract in the second quarter of 2011 also contributed to the year-over-year increase. The year-over-year increase in equipment sales was partially offset as a result of the wind-down of the Company's handset business and the decrease in sales of other major product lines.
- Net sales from the equipment-based services for the full year 2011 were \$34.5 million, a decrease of 14.5% year over year. The decrease was mainly due to fewer iPAS maintenance contracts due to the phase out of PHS in China on December 31, 2011, but was partially offset by increased international service contracts.

- Net sales from operational support services for the full year 2011 were \$0.5 million, as a result of an IP Signage revenue sharing project.

Gross Profit

UTStarcom's gross profit was \$28.6 million, or 34.2% of net sales, for the fourth quarter of 2011, compared to \$8.1 million, or 10.6% of net sales, for the corresponding period of 2010. Gross profit was \$114.3 million, or 35.7% of net sales, for the full year 2011, compared to \$70.2 million, or 24.1% of net sales, for the corresponding period of 2010. Deferred revenue amortization related to PHS was included in results of 2011 at a rate of approximate \$23.8 million per quarter. Gross margin associated with the PAS deferred revenue is approximately 35%.

Three months ended December 31, 2011 and 2010

- Gross profit for equipment sales in the fourth quarter 2011 was \$28.5 million, an increase of 332.1% year over year. Gross margin for equipment sales in the fourth quarter of 2011 was 37.4%, compared to 9.8% for the corresponding period in 2010 which included \$3.3 million loss contract reserve and \$9.9 million inventory write-down. The margin increase was primarily due to increased sales of higher-gross-margin PTN products in the fourth quarter of 2011. Gross margin for equipment sales in China improved in the fourth quarter 2011 compared to the corresponding period of 2010.
- Gross profit for equipment-based services in the fourth quarter of 2011 was \$0.5 million, a decrease of 68.3% year over year. Gross margin for equipment-based services in the fourth quarter of 2011 was 6.3%, compared to 16.7% for the corresponding period of 2010. The margin decrease was primarily due to fewer iPAS maintenance contract from the planned service phase out in China in 2011 while service personnel costs remained stable.
- Gross loss for operational support services in the fourth quarter 2011 was approximately \$0.4 million as a result of the amortization of the costs of revenue-sharing projects.

Twelve months ended December 31, 2011 and 2010

- Gross profit for equipment sales for the full year 2011 was \$107.0 million, an increase of 85.9% year over year. Gross margin for equipment sales for the full year 2011 was 37.5%, compared to 22.9% for the corresponding period of 2010. The margin increase was primarily due to increased sales of higher margin PTN products. The increased gross margin was also caused by higher equipment gross margin generated from \$7.4 million equipment revenue recognized from the Jersey Telecom Limited contract in the second quarter 2011, \$1.9 million of one-time indemnification from its customer due to a purchase order cancellation in the third quarter 2011 and \$2.2 million additional release of PHS deferred revenue in the fourth quarter 2011.
- Gross profit for equipment-based services for the full year 2011 was \$9.3 million, a decrease of 26.8% year over year. Gross margin for equipment-based services for the full year 2011 was 26.8%, compared to 31.4% for the corresponding period of 2010. The margin decrease was primarily due to a lower renewal rate of iPAS service contracts driven by the phase out of PHS in China in 2011, while fixed services costs remained relatively constant.
- Gross loss for operational support services for the full year 2011 was \$2.0 million as a result of the amortization of the costs of a revenue-sharing project.

Operating Expenses

Edgar Filing: UTSTARCOM HOLDINGS CORP. - Form 6-K

Operating expenses for the fourth quarter 2011 were \$20.0 million, a decrease of 42.2% year over year, from \$34.7 million in the corresponding period in 2010. Operating expenses for the full year 2011 were \$93.1 million, a decrease of 35.3% year over year, from \$144.0 million in the corresponding period of 2010.

Three months ended December 31, 2011 and 2010

- SG&A expenses in the fourth quarter 2011 were \$11.3 million, a decrease of 41.5% year over year. The decrease was primarily due to a decrease in personnel costs as a result of restructuring efforts, a decrease in rental costs after relocating the Company's Hangzhou and Beijing offices to new sites in the second quarter of 2011, a reduction in legal and accounting fees, and a decrease in the use of third-party services.
- R & D expenses in the fourth quarter 2011 were \$8.5 million, a decrease of 5.4% year-over-year. The decrease was primarily due to a decrease in personnel costs as a result of the Company's restructuring efforts.
- Amortization of intangible assets in the fourth quarter 2011 was approximately \$0.3 million, an increase of 50.5% year over year as a result of the amortization of intangible assets acquired in the iTV Media investment, formerly Stage Smart in November of 2010.

- Restructuring costs for the fourth quarter 2011 were \$0.2 million, compared to costs of \$6.4 million for the corresponding period of 2010. The decrease in restructuring costs was primarily the result of substantial completion of the restructuring plans in 2011. UTStarcom does not expect to incur significant additional restructuring charges in 2012 related to previous restructuring plans.

- Net gain on divestitures in the fourth quarter 2011 was \$0.4 million, which consisted of \$0.2 million gain on contingent collection of IP Messaging and U.S. PDSN assets and \$0.2 million contingent gain realized upon releasing of the remaining obligations in connection with the sale of China PDSN assets. This is compared to \$0.3 million of gain on divestitures in the fourth quarter 2010 related to UTStarcom's non-core IP Messaging and U.S. PDSN assets sold in the second quarter of 2010, and EMEA operations sold in the third quarter of 2010.

Twelve months ended December 31, 2011 and 2010

- SG&A expenses for the full year 2011 were \$63.9 million, a decrease of 33.0% year over year. The decrease was primarily due to a decrease in personnel costs as a result of UTStarcom's restructuring efforts and recent cost reduction measures. The reduced SG&A expenses were also the result of decreases in traveling expenses, legal and accounting fees, third-party services, bad debt expense, and fixed-assets depreciation as a result of the sale of the Company's Hangzhou office building.

- R&D expenses for the full year 2011 were \$30.1 million, a decrease of 20.8% year over year. The decrease was mainly due to a reduction in personnel and related expenses as a result of the Company's restructuring initiatives, a decrease in traveling expenses as a result of related cost controls, and savings from a reduction in the use of third-party services.

- Amortization of intangible assets for the full year 2011 was approximately \$1.2 million, an increase of 501.5% year over year as a result of the amortization of intangible assets acquired in the iTV Media investment, formerly Stage Smart, in November 2010.

- Restructuring costs for the full year 2011 were \$2.4 million, a decrease of 85.1% year over year. The decrease was primarily the result of the completion of the Company's 2009 restructuring plan at the end of 2011. UTStarcom does not expect to incur significant additional restructuring charges in 2012 related to previous restructuring plans.

- Net gain on divestitures for the full year 2011 was \$4.5 million, primarily as a result of the contingent gain realized upon entering into a three-party assignment agreement to transfer and release all of the remaining obligations in the third and fourth quarter of 2011 in connection with the sale of China PDSN assets in 2010. This is compared to \$5.5 million of gain related to the sale of non-core IP Messaging and U.S. PDSN assets, EMEA operations, China PDSN assets, and the RAS product line recognized in the corresponding period in 2010.

Operating Income

Edgar Filing: UTSTARCOM HOLDINGS CORP. - Form 6-K

Operating income for the fourth quarter of 2011 was \$8.5 million, compared to an operating loss of \$26.6 million in the corresponding period of 2010. Operating income for the full year 2011 was \$21.2 million, compared to an operating loss of \$73.7 million in the corresponding period of 2010.

Net Other Income (Expense)

Three months ended December 31, 2011 and 2010

- Net other expense for the fourth quarter of 2011 was \$5.4 million, compared to net other income of \$2.7 million for the corresponding period of 2010. Net other expense for the fourth quarter of 2011 primarily consisted of a \$5.4 million foreign exchange loss attributed to the depreciation of the Indian rupee against the U.S. dollar, which was partially offset by \$0.5 million of subsidy income from the Chinese government. Net other income in the fourth quarter of 2010 primarily consisted of \$1.9 million in foreign exchange gain as a result of the appreciation of the Japanese yen against the U.S. dollar during the quarter.

Twelve months ended December 31, 2011 and 2010

- Net other expense for the full year 2011 was \$8.6 million, compared to net other income of \$9.8 million for the corresponding period in 2010. Net other expense for full year 2011 primarily consisted of \$8.9 million in foreign exchange loss, primarily attributed to the depreciation of the Indian rupee against the U.S. dollar and partially offset by foreign exchange gain as a result of the appreciation of the Japanese yen against the U.S. dollar and the appreciation of the Chinese renminbi against the U.S. dollar during the full year. Net other income for the full year 2010 consisted primarily of \$8.0 million of foreign exchange gain, primarily resulting from the appreciation of the Indian rupee and Japanese yen against the U.S. dollar, \$0.5 million settlement proceeds obtained from MRV Communications (MRV) related to the Company's investment in MRV that was sold in 2009, \$0.5 million of subsidy income from the Chinese government, and \$0.8 million of other individually negligible items.

Net Income (Loss)

Net income attributable to UTStarcom shareholders for the fourth quarter and the full year 2011 was \$4.1 million and \$13.4 million, respectively. Net loss attributable to UTStarcom shareholders for the fourth quarter and full year 2010 was \$23.0 million and \$65.1 million, respectively.

Basic and diluted earnings per share for the fourth quarter and full year 2011 amounted to \$0.03 and \$0.09, respectively. Basic and diluted loss per share for the fourth quarter and full year 2010 was \$0.15 and \$0.48, respectively.

Cash Flow

Three months ended December 31, 2011

Edgar Filing: UTSTARCOM HOLDINGS CORP. - Form 6-K

- Net cash used in operating activities for the fourth quarter 2011 was \$0.2 million. The Company's operating activities were impacted by the change in operating assets and liabilities of \$4.0 million.
- Net cash provided by investing activities for the fourth quarter 2011 was \$0.8 million.
- Net cash used in financing activities for the fourth quarter 2011 was \$4.8 million for repurchasing shares of common stock of the Company.

Twelve months ended December 31, 2011

- Net cash used in operating activities for the full year 2011 was \$41.7 million. The results of the Company's operating activities were primarily impacted by the change in operating assets and liabilities of \$57.3 million. The increase included \$132.6 million for the release of deferred revenue and \$38.8 million for settlement of other liabilities as the Company continues to streamline operations, offset by the cash inflows from inventories and deferred cost.
- Net cash used in investing activities for the full year 2011 was \$10.8 million. The results of the Company's investing activities were primarily impacted by \$9.3 million additions to property, plant and equipment and \$8.3 million increase in contribution of equity investment through a shareholder loan and equity investment.
- Net cash used in financing activities for the full year 2011 was \$6.2 million mainly used for repurchasing shares of common stock of the Company.

As of December 31, 2011, UTStarcom had cash and cash equivalents of \$301.6 million and short-term investments totaling \$2.4 million.

Fourth Quarter 2011 Conference Call Details

UTStarcom's management will host an earnings conference call at 8:00 a.m. U.S. Eastern Time on Tuesday March 13, 2012 (8:00 p.m. Beijing/Hong Kong Time on March 13, 2012).

The conference call dial-in numbers are as follows:

United States: + 1-800-860-2442

International: + 1-412-858-4600

China: 800-712-2304

Hong Kong: 800-962475

The conference ID number is 10011175

Edgar Filing: UTSTARCOM HOLDINGS CORP. - Form 6-K

A replay of the call will be available until 9:00 a.m. U.S. Eastern Time on March 19, 2012.

The conference call replay numbers are as follows:

United States: + 1-877-344-7529

International: + 1-412-317-0088

The conference ID number for accessing the recording is 10011175

Investors will also have the opportunity to listen to the live conference call and the replay over the Internet through the investor relations section of UTStarcom's web site at: <http://www.utstar.com>.

About UTStarcom Holdings Corp

UTStarcom is a leading provider of interactive, IP-based network solutions in iDTV, IPTV, Internet TV and Broadband for cable and telecom operators. The Company sells its solutions to operators in both telecommunications around the world and the cable market in China. UTStarcom enables its customers to rapidly deploy revenue-generating access services using their existing infrastructure, while providing a migration path to cost-efficient, end-to-end IP networks.

Founded in 1991, listed on the NASDAQ in 2000, the Company has its operational headquarters in Beijing, China and research and development operations in China and India. For more information about UTStarcom, visit the Company's Web site at <http://www.utstar.com>.

Safe Harbor Statement

This release includes forward-looking statements, including statements regarding the expectations from the new Operational Support Service Business and expectations regarding the Company's performance in 2012. These statements are forward-looking in nature and subject to risks and uncertainties that may cause actual results to differ materially. These include risks and uncertainties regard the ability of the Company to realize anticipated results of operational improvements, the Company's ability to deliver and capitalize on the opportunities of the new Operational Support Service Business, revenues and expenses under its business model, and executing on its business plan and managing regulatory matters as well as risk factors identified in its latest Annual Report on Form 10-K, Form 10-K/A, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K and Form 6-K as filed with the Securities and Exchange Commission. The Company is in a period of transition and the conduct of its business is exposed to additional risks as a result. All forward-looking statements included in this release are based upon information available to the Company as of the date of this release, which may change, and UTStarcom assumes no obligation to update any such forward-looking statement.
