 - o Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))
-

Item 1.01

Entry into a Material Definitive Agreement.

Arch Coal, Inc. (Arch or the Company) has agreed with its securitization financing providers that, subject to the amendments described below, they will continue the \$200 million trade accounts receivable securitization facility provided to Arch Receivable Company, LLC, a non-debtor special-purpose entity that is a wholly owned subsidiary of the Company (Arch Receivable) (the Securitization Facility). The Debtors have negotiated with the providers of the Securitization Facility (the Securitization Financing Providers) amended and restated versions (the Amendments) of the agreements that set forth the terms of the Securitization Facility (the Financing Agreements). In connection with the voluntary petitions (the Bankruptcy Petitions) under chapter 11 of Title 11 of the U.S. Code (the Bankruptcy Code) in the United States Bankruptcy Court for the Eastern District of Missouri (the Court) filed by Arch and certain of the Company 's wholly owned domestic subsidiaries other than Arch Receivable (collectively, the Debtors), on January 11, 2016, the Company filed a motion seeking Court approval of the continuation of the Securitization Facility on the terms set forth in the Amendments. On January 13, 2016, the Court entered an order approving, on an interim basis, the financing to be provided pursuant to the Financing Agreements and, on the same day, the Financing Agreements were entered into by and among the Company, Arch Receivable, the Originators (as defined below), the Securitization Financing Providers and the administrator of the Securitization Facility (the Administrator).

Pursuant to the Amendments, the parties to the Securitization Facility have agreed to allow the facility to continue following the Bankruptcy Petitions, subject to certain modifications. Pursuant to the Amendments, Debtors agreed to a revised schedule of fees payable to the Administrator and the Securitization Financing Providers. The fees set forth in the Financing Agreements include (i) a letter of credit participation fee, payable on each settlement date to each Securitization Financing Provider, in the amount of 2.65% per year of such Securitization Financing Provider 's pro rata participation in the letters of credit outstanding under the Securitization Facility (increasing from 1.40% under the existing financing agreements), (ii) a facility fee, payable on each settlement date to each Securitization Financing Provider, in the amount of 0.85% per year of such Securitization Financing Provider 's commitment under the Securitization Facility (remaining the same as under the existing financing agreements) and (iii) a letter of credit fronting fee, payable on each settlement date to the letter of credit provider (the LC Provider) in the amount of 0.15% per year of the aggregate face amount of the letters of credit outstanding under the Securitization Facility (remaining the same as under the existing financing agreements). In the event that a letter of credit is drawn and the LC Provider is not fully reimbursed for the drawn amount, any unreimbursed remainder will be treated as a funded purchase (i.e., a cash advance) under the Securitization Facility. The cost of such an advance will be determined by two factors: (a) a program fee of 2.65% per year and payable on each settlement date to each Securitization Financing Provider deemed to have made such an advance and (b) the discount , which is calculated based on each Securitization Financing Provider 's costs, including its cost of funds.

In addition, the Amendments eliminate Arch Receivable 's ability to obtain cash advances, relinquish control over the accounts in which the proceeds of outstanding accounts receivable generated by the Debtors from the sale of coal and sold through the Securitization Facility (including collections, proceeds and certain other interests related thereto) (the Receivables) are collected and provide for more frequent reports on Receivables balances before the collected cash is remitted to their control, each as described in greater detail below.

In connection with the Securitization Facility, Arch Receivable has granted to the Administrator (for the benefit of the securitization purchasers) a first priority security interest in all of its property, including all Receivables and all proceeds thereof.

The Financing Agreements provide for the grant of analogous security interests by certain Debtors that generate Receivables from the sale of coal (such Debtors, the Originators). The Financing Agreements expressly state that the transfers of Receivables from the Originators to Arch and from Arch to Arch Receivable are intended to be true sales of the Receivables. However, if, against the intent of the parties (and notwithstanding entry of an order by the Court which provides that the transfers of the Receivables constitute true sales), any such transfer is recharacterized as a loan or extension of credit, each Originator has granted a first priority prepetition security interest in the Receivables and certain related collateral, pursuant to the Financing Agreements, for the ultimate benefit of the Administrator and the Securitization Financing Providers (the Liens). The Debtors have agreed, in
