TEMPLETON VIETNAM AND SOUTHEAST ASIA FUND, INC. AND TEMPLETON DEVELOPING MARKETS TRUST ANNOUNCE PROPOSED REORGANIZATION

TEMPLETON VIETNAM AND SOUTHEAST ASIA FUND, INC. AND TEMPLETON DRAGON FUND, INC.

ANNOUNCE THAT THEIR PROPOSED REORGANIZATION WILL NOT PROCEED

Ft. Lauderdale, Florida, March 19, 2002. The Board of Directors of Templeton Vietnam and Southeast Asia Fund, Inc. ("Vietnam Fund") (NYSE:TVE) today announced that it approved a proposal providing for the reorganization of Vietnam Fund into Templeton Developing Markets Trust ("Developing Markets

Edgar Filing: TEMPLETON DRAGON FUND INC - Form SC TO-C

Trust"), a registered open-end management investment company. The proposed reorganization involves Developing Markets Trust's acquisition of substantially all of the assets of Vietnam Fund in exchange for Advisor Class shares of Developing Markets Trust, and the distribution of Advisor Class shares of Developing Markets Trust to shareholders of Vietnam Fund as a part of the liquidation and dissolution of Vietnam Fund. This transaction, which is expected to be tax-free, is subject to the approval of the shareholders of Vietnam Fund. If approved, shares will be exchanged based on the respective net asset values of Vietnam Fund and Advisor Class shares of Developing Markets Trust.

It is currently anticipated that, during the six months after the reorganization, former Vietnam Fund shareholders who redeem Advisor Class shares of Developing Markets Trust received in the reorganization, will pay a redemption fee of up to 2%. This redemption fee will be paid to Developing Markets Trust to help defray the transaction costs associated with such a redemption. To help preserve the tax-free status of the proposed reorganization with Developing Markets Trust, the previously announced discontinuation of Vietnam Fund's open-market share repurchase program remains in effect.

The Boards of Directors of Vietnam Fund and Templeton Dragon Fund, Inc. ("Dragon Fund") (NYSE: TDF) also today announced that the previously announced reorganization of Vietnam Fund into Dragon Fund, also a closed-end fund, will not proceed. Dragon Fund's Board of Directors also announced that the tender offers that it previously approved will proceed, but that it will consider whether to make any modifications to the terms and timing of the tender offers, including increasing the amount of the first tender offer or combining the first and second tender offers. Dragon Fund's Board of Directors previously announced the approval of a tender offer for up to 10% of Dragon Fund's outstanding shares to be made at not less than 90% of net asset value during an initial 12-month period, to be followed by one or more subsequent tender offers aggregating up to 10% of outstanding Dragon Fund shares during the following 12-month period. Dragon Fund's Board of Directors also may consider recommending additional tender offers in subsequent time periods, depending upon market conditions and regulatory and tax considerations. The commencement of the first tender offer is no longer dependent upon the shareholder vote of Dragon Fund shareholders and Vietnam Fund shareholders because the previously announced reorganization of Vietnam Fund into Dragon Fund will not proceed. In any event, the first tender offer for Dragon Fund shares will commence no later than 90 days following April 30, 2002. The previously announced discontinuation of Dragon Fund's managed distribution policy remains in effect.

Vietnam Fund's Board of Directors plans to submit the proposed reorganization of Vietnam Fund into Developing Markets Trust to Vietnam Fund's shareholders at a special meeting, currently expected to take place by late Summer 2002. Any solicitation of proxies by Vietnam Fund in connection with its shareholder meeting will be made only pursuant to separate proxy materials filed under federal securities laws. It is anticipated that these materials will be available in Summer 2002. There can be no assurances that the shareholders of Vietnam Fund will vote in favor of the proposed reorganization.
