Item 1.01 Entry into a Material Definitive Agreement.

The information set forth under Item 2.03 of this Report on Form 8-K is hereby incorporated by reference into this Item 1.01.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On April 5, 2013, Sensient Technologies Corporation entered into a new ten year, fixed rate, senior note purchase agreement with a group of financial institutions including New York Life Insurance Company, Metropolitan Life Insurance Company and The Prudential Insurance Company of America. The notes include \$75 million of 3.66% senior notes and about €38 million of 3.06% senior notes. Funds will be received in November 2013, and the new notes will mature in 2023. The proceeds will be used to provide for future liquidity needs and to repay maturing indebtedness.

Similar to Sensient's other debt agreements, the note purchase agreement requires Sensient to maintain (1) a ratio of consolidated total funded debt to consolidated EBITDA (Leverage Ratio) of not more than 3.5 to 1, (2) a fixed charge coverage ratio of not less than 2.0 to 1.00, and (3) a consolidated adjusted net worth of at least \$625 million. The note purchase agreement also includes other financial covenants that are customary in transactions of this type and similar to those in Sensient's existing debt agreements.

The foregoing is intended to be a general description of the note purchase agreement but does not constitute a full description of it. Reference is made to the note purchase agreement, which is attached as Exhibit 10.1, and to the related press release, which is furnished as Exhibit 99.1.
