Represents an estimate of the maximum number of shares of common stock of Westinghouse Air Brake Technologies Corporation (Wabtec) issuable upon completion of the transactions contemplated by the Agreement (1) and Plan of Merger dated as of May 20, 2018, among General Electric Company, Transportation Systems Holdings Inc. (SpinCo), Wabtec and Wabtec US Rail Holdings, Inc. (the Merger Agreement), as described in this registration statement.

Calculated in accordance with Rule 457(c) and Rule 457(f) under the Securities Act of 1933, as amended, based on (2) the average of the high and low prices of shares of common stock of Wabtec, into which shares of common stock of SpinCo will be converted, as reported on the New York Stock Exchange on August 1, 2018.

A registration fee of \$1,340,225 was previously paid by Wabtec to the U.S. Securities and Exchange Commission (the SEC) in connection with Wabtec's Preliminary Proxy Statement filed with the SEC on Schedule 14A on August 8, 2018, and, pursuant to Rule 457(b) under the Securities Act, is not remitted herewith.

The registrant hereby amends this registration statement on such date or dates as may be necessary to delay its effective date until the registrant shall file a further amendment which specifically states that this registration statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act of 1933 or until the registration statement shall become effective on such date as the Securities and Exchange Commission, acting pursuant to said Section 8(a), may determine.

EXPLANATORY NOTE

As previously announced, on May 20, 2018, Westinghouse Air Brake Technologies Corporation (Wabtec) entered into an Agreement and Plan of Merger (the Merger Agreement) with General Electric Company (GE), Transportation Systems Holdings Inc., a Delaware corporation (SpinCo), which is a wholly owned subsidiary of GE, and Wabtec US Rail Holdings, Inc., a Delaware corporation (Merger Sub), which is a wholly owned subsidiary of Wabtec, pursuant to which Wabtec will combine with GE s transportation business (collectively, GE Transportation) in a modified Reverse Morris Trust transaction, through the merger (the Merger) of Merger Sub with and into SpinCo, whereby the separate corporate existence of Merger Sub will cease and SpinCo will continue as the surviving company and as a wholly owned subsidiary of Wabtec. SpinCo will file a registration statement with the Securities and Exchange Commission to register shares of its common stock, par value \$0.01 per share, certain of which common shares will be distributed to GE stockholders prior to the Merger. In the Merger, the shares of SpinCo common stock held by GE and GE stockholders will be converted into the right to receive shares of Wabtec common stock. The Merger will be preceded by a direct sale of certain assets of GE Transportation (the Direct Sale) from GE to Wabtec US Rail, Inc. (the Direct Sale Purchaser) in exchange for a cash payment of \$2.9 billion. Concurrently, the Direct Sale Purchaser will assume certain liabilities of GE Transportation in connection with the Direct Sale. GE and Wabtec may elect, in an economically equivalent structure, to reduce the assets included in the Direct Sale by \$25 million and, in such event, GE would contribute such assets to SpinCo and would receive shares of non-voting preferred stock in SpinCo (the SpinCo preferred stock) in the SpinCo Transfer in addition to the SpinCo common stock that GE will otherwise be receiving in the SpinCo Transfer. If GE and Wabtec make such an election, the Direct Sale Purchase Price would be reduced by \$25 million. The SpinCo preferred stock would not be distributed in the Distribution or converted in the Merger and, accordingly, would remain outstanding as stock of SpinCo and held by GE immediately following the effective time of the Merger. The SpinCo preferred stock would pay cumulative quarterly dividends at a rate, and have other terms, to be agreed by GE and Wabtec that would be intended to result in the fair market value of the SpinCo preferred stock equaling its face value. At any time after the seventh anniversary of the effective time of the Merger, SpinCo would be permitted (but would not be obligated) to redeem the SpinCo preferred stock for a per share redemption price (including an amount in satisfaction of any accrued and unpaid dividends).

Based on market conditions prior to the closing of the Merger, corporate finance considerations and timing considerations, GE will determine whether the shares of SpinCo common stock that will be distributed to GE stockholders will be distributed in a spin-off or a split-off. In a spin-off, all GE stockholders would receive from GE, on a *pro rata* basis, a number of shares of SpinCo common stock constituting not less than 80.25% of the outstanding shares of SpinCo common stock (the Distribution Shares). In a split-off, GE would offer its stockholders the option to exchange shares of GE common stock for shares of SpinCo common stock in an exchange offer, resulting in a reduction in GE s outstanding shares. If the exchange offer is undertaken and consummated, the remaining Distribution Shares, if any, would be distributed on a *pro rata* basis to GE stockholders whose shares of GE common stock remain outstanding after the consummation of the exchange offer. Immediately following the consummation of the spin-off or split-off, as the case may be, and in connection with the Merger, the shares of SpinCo held by GE and GE stockholders will be converted into the right to receive shares of Wabtec common stock in the Merger. This registration statement on Form S-4 assumes that the Distribution Shares will be distributed to GE stockholders pursuant to a spin-off. Once a final decision is made regarding the manner of distribution of the shares, this registration statement will be amended to reflect that decision, if necessary. In addition, SpinCo is expected to file a registration statement on Form 10 to register shares of SpinCo common stock which will be distributed to GE stockholders under the assumption that such shares of SpinCo common stock will be distributed to GE stockholders pursuant to a spin-off.

SUBJECT TO COMPLETION, DATED SEPTEMBER 20, 2018

PRELIMINARY COPY

On May 20, 2018, Westinghouse Air Brake Technologies Corporation (Wabtec) entered into an Agreement and Plan of Merger (the Merger Agreement) with General Electric Company (GE), Transportation Systems Holdings Inc., a Delaware corporation (SpinCo), which is a wholly owned subsidiary of GE, and Wabtec US Rail Holdings, Inc., a Delaware corporation (Merger Sub), which is a wholly owned subsidiary of Wabtec, pursuant to which Wabtec will combine with GE's transportation business (collectively, GE Transportation) in a modified Reverse Morris Trust transaction, through the merger (the Merger) of Merger Sub with and into SpinCo, whereby the separate corporate existence of Merger Sub will cease and SpinCo will continue as the surviving company and as a wholly owned subsidiary of Wabtec. Prior to the closing of the Merger, GE will distribute (the Distribution), on a *pro rata* basis, the Distribution Shares (as defined herein) of SpinCo common stock, par value \$0.01 per share, to GE stockholders (the Spin-Off). The Merger will also be preceded by a direct sale of certain assets of GE Transportation (the Direct Sale) from GE to Wabtec US Rail, Inc. (the Direct Sale Purchaser) in exchange for a cash payment of \$2.9 billion. Concurrently, the Direct Sale Purchaser will assume certain liabilities of GE Transportation in connection with this purchase. In the Merger, the outstanding shares of SpinCo common stock will be converted into the right to receive shares of Wabtec common stock, par value \$0.01 per share. Wabtec will continue as a publicly-traded company, owning both its current business and GE Transportation.

GE stockholders are receiving this prospectus-information statement:

- as an information statement from SpinCo to inform GE stockholders of the Spin-Off; and
- as a prospectus from Wabtec for the issuance by Wabtec of the shares of its common stock that will be issued in the Merger.

Based on the number of shares of GE common stock outstanding and the number of shares of Wabtec common stock outstanding, calculated on a fully-diluted, as-converted and as-exercised basis, in each case as of June 30, 2018, and assuming that GE distributes 80.25% of the outstanding shares of SpinCo common stock to GE stockholders in the Distribution, if the Merger had occurred on June 30, 2018, a GE stockholder would have received 1 share of Wabtec common stock for every approximately 110 shares of GE common stock held by such GE stockholder on the record date for the Distribution (approximately 0.00909 shares of Wabtec common stock for each share of GE common stock).

The actual number of shares of Wabtec common stock that a GE stockholder will receive with respect to each share of GE common stock will be determined based on the number of shares of GE common stock outstanding on the record date for the Distribution, the proportion of the outstanding shares of SpinCo common stock distributed to GE stockholders in the Distribution and the number of shares of Wabtec common stock, on a fully-diluted, as-converted and as-exercised basis, outstanding immediately prior to the closing of the Merger.

Upon consummation of the Merger and calculated based on Wabtec's outstanding common stock immediately prior to the Merger on a fully-diluted, as-converted and as-exercised basis, 50.1% of the outstanding shares of Wabtec common stock would be held collectively by GE and pre-Merger holders of GE common stock (with approximately

9.9% of the outstanding shares of Wabtec common stock expected to be held by GE) and 49.9% of the outstanding shares of Wabtec common stock would be held by pre-Merger Wabtec stockholders.

Wabtec common stock is currently traded on the New York Stock Exchange under the ticker symbol WAB. On , 2018, the closing price of Wabtec common stock was \$ per share.

The Boards of Directors of each of Wabtec and GE have unanimously approved the proposed Transactions. **GE stockholders are not required to vote on the proposed Transactions. GE is not asking its stockholders for a proxy, and GE stockholders are requested not to send a proxy to GE.** GE stockholders will retain all of their shares of GE common stock and will not be required to pay for any shares of Wabtec common stock they receive.

QUESTIONS AND ANSWERS ABOUT THE TRANSACTIONS

The following are some of the questions that stockholders of Wabtec and GE may have and answers to those questions. These questions and answers, as well as the summary section that follows, are not meant to be a substitute for the information contained in the remainder of this prospectus-information statement, and this information is qualified in its entirety by the more detailed descriptions and explanations contained elsewhere in this prospectus-information statement. You are urged to read this prospectus-information statement in its entirety.

Questions and Answers About The Transactions

What are the key steps of the Transactions?

The contemplated Transactions will combine GE Transportation with Wabtec's existing business, which will be effected through a series of transactions, including the Merger, that are described in more detail below and elsewhere in this prospectus-information statement.

Below is a summary of the key steps of the Transactions. A step-by-step description of material events relating to the Transactions is set forth under The Transactions.

GE will conduct the Internal Reorganization.

Certain assets of GE Transportation will be sold by GE to Direct Sale Purchaser for a cash payment of \$2.9 billion (the Direct Sale Purchase Price). Direct Sale Purchaser will assume certain liabilities of GE Transportation in connection with this purchase. Wabtec and the other Borrowers entered into the Credit Agreement on June 8, 2018, which includes (i) a \$1.2 billion unsecured revolving credit facility (the Revolving Credit Facility), which replaced Wabtec's previous revolving credit facility, (ii) a \$350.0 million refinancing term loan (the Refinancing Term Loan), which refinanced Wabtec's previous term loan, and (iii) a \$400.0 million delayed draw term loan (the Delayed Draw Term Loan). Wabtec also obtained commitments (the Bridge Commitments) in respect of a bridge loan facility (the Bridge Loan Facility) in an amount not to exceed \$2.5 billion. On September 14, 2018, in accordance with the Commitment Letter, the Bridge Commitments were permanently reduced to \$0 in connection with Wabtec's issuance of \$500 million aggregate principal amount of its Floating Rate Senior Notes due 2021 (the Floating Rate Notes), \$750 million aggregate principal amount of its 4.150% Senior Notes due 2024 (the 2024 Notes) and \$1.25 billion aggregate principal amount of its 4.700% Senior Notes due 2028 (the 2028 Notes, and, together with the Floating Rate Notes and the 2024 Notes, the New Wabtec Notes). The New Wabtec Notes were issued pursuant to the Indenture, dated August 8, 2013 (the Base Indenture), between Wabtec and Wells Fargo Bank, National Association, as trustee (the Trustee), as supplemented by the Second Supplemental Indenture, dated November 3, 2016 (the Second Supplemental Indenture), between Wabtec, the subsidiary guarantors party thereto and the Trustee, and the Ninth Supplemental Indenture, dated September 14, 2018 (the Ninth Supplemental Indenture and, together with the Base Indenture and the Second Supplemental Indenture, the New Wabtec Notes Indenture), between Wabtec, the subsidiary guarantors party thereto and the Trustee. Wabtec will use funds available under the Delayed Draw Term Loan and the proceeds from the issuance of the New Wabtec Notes to pay the Direct Sale Purchase Price.

GE and its subsidiaries will transfer the SpinCo Business to SpinCo and its subsidiaries (to the extent not already held by SpinCo and its subsidiaries) in the SpinCo Transfer.

In connection with the SpinCo Transfer, SpinCo will issue to GE additional shares of SpinCo common stock.

Following this issuance of additional shares to GE, GE will own 8,700,000,000 shares of SpinCo common stock, or such other amount as GE shall determine with Wabtec's consent, which will constitute all of the outstanding stock of SpinCo.

GE will effect the Distribution by distributing on a *pro rata* basis all of the Distribution Shares to GE stockholders as of the record date for the Distribution. GE will deliver the Distribution Shares to the exchange agent, who will hold such shares for the benefit of GE stockholders. GE has the option, however, to effect the Distribution pursuant to a

split-off. In the event GE elects to effect the Distribution pursuant to a split-off, GE would offer to holders of GE common stock the right to exchange all or a portion of their GE common stock for a number of Distribution Shares (which, in the aggregate, may be less than all of the Distribution Shares) at a discount to the implied value of the

SpinCo common stock (based on the per-share value of Wabtec common stock multiplied by the exchange ratio set forth in the Merger Agreement), subject to proration if the GE stockholders have validly tendered more shares of GE common stock than GE is offering to accept for exchange (the GE Exchange Offer). In the event the GE Exchange Offer is consummated, GE would distribute the remaining Distribution Shares, if any, on a *pro rata* basis to GE stockholders whose shares of GE common stock remain outstanding after the consummation of the GE Exchange Offer.

Immediately after the Distribution, Merger Sub will merge with and into SpinCo, whereby the separate corporate existence of Merger Sub will cease and SpinCo will continue as the surviving company and as a wholly owned subsidiary of Wabtec. In the Merger, each share of SpinCo common stock will be converted into the right to receive a number of shares of Wabtec common stock based on the exchange ratio set forth in the Merger Agreement, as described in the section of this prospectus-information statement entitled *The Merger Agreement—Merger Consideration*. Upon consummation of the Merger and calculated based on Wabtec's outstanding common stock immediately prior to the Merger on a fully-diluted, as-converted and as-exercised basis, 50.1% of the outstanding shares of Wabtec common stock would be held collectively by GE and pre-Merger holders of GE common stock (with approximately 9.9% of the outstanding shares of Wabtec common stock expected to be held by GE) and 49.9% of the outstanding shares of Wabtec common stock would be held by pre-Merger Wabtec stockholders. The shares held by GE will be subject to GE's obligations under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this prospectus-information statement entitled *Other Agreements—Tax Matters Agreement*) and (y) the Shareholders Agreement to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger and prior thereto, to vote all of such shares in the proportion required under the Shareholders Agreement (as described in the section of this prospectus-information statement entitled *Other Agreements—Shareholders Agreement*).

What is the effect of calculations being presented on a fully-diluted, as-converted and as-exercised basis?

Where calculations are presented in this prospectus-information statement on a fully-diluted, as-converted and as-exercised basis, such calculations reflect a number of outstanding shares of Wabtec common stock that will be higher than the number of shares of Wabtec common stock actually outstanding at the relevant time, which variance may affect the actual percentages upon consummation of the Merger. In addition, in those instances, references to Wabtec stockholders owning 49.9% of the outstanding Wabtec common stock assume that the holders of instruments convertible into or exercisable for Wabtec common stock are the owners of the underlying Wabtec common stock and, with limited exceptions, assume that Wabtec equity awards, including those that may be settled in cash, are instruments convertible into or exercisable for Wabtec common stock.

What will Wabtec stockholders receive in connection with the Merger?

All shares of Wabtec common stock issued and outstanding immediately before the Merger will remain issued and outstanding immediately after the consummation of the Merger. Immediately after consummation of the Merger, and calculated on a fully-diluted, as-converted and as-exercised basis, pre-Merger Wabtec stockholders will continue to own shares in Wabtec, which will include GE Transportation as it exists following the Separation, constituting 49.9% of the outstanding shares of Wabtec common stock.

Wabtec stockholders will not receive separate merger consideration as part of the Merger and no additional shares of Wabtec common stock will be issued to Wabtec stockholders pursuant to the Merger. Wabtec stockholders will receive the commercial benefit of Wabtec's ownership of GE Transportation as it exists following consummation of the Separation. Wabtec stockholders will thus hold an interest in a diversified, global company that is better positioned to meet anticipated growth, including with respect to intelligence and network optimization products and services, and to capitalize on increased opportunities for cross-selling and the provision of aftermarket services, with significant

adjusted EBITDA and revenue growth opportunities, strong forecasted future cash flows, anticipated tax benefits, and additional executive management talent. See Wabtec's Reasons for the Transactions.

As a result of the Transactions, Wabtec stockholders' ownership of Wabtec common stock will also mean that they own an interest in a company with increased levels of indebtedness. Wabtec and the other Borrowers

entered into the Credit Agreement on June 8, 2018, which includes (i) a \$1.2 billion Revolving Credit Facility, (ii) a \$350.0 million Refinancing Term Loan and (iii) a \$400.0 million Delayed Draw Term Loan. Wabtec also obtained Bridge Commitments in respect of the Bridge Loan Facility in an amount not to exceed \$2.5 billion. On September 14, 2018, in accordance with the Commitment Letter, the Bridge Commitments were permanently reduced to \$0 in connection with Wabtec's issuance of \$500 million aggregate principal amount of the Floating Rate Notes, \$750 million aggregate principal amount of the 2024 Notes and \$1.25 billion aggregate principal amount of the 2028 Notes. Wabtec will use funds available under the Delayed Draw Term Loan and the proceeds from the issuance of the New Wabtec Notes to pay the Direct Sale Purchase Price. The Credit Agreement is expected to have approximately \$812 million of unused availability immediately following consummation of the Transactions. In addition, the Credit Agreement contains an uncommitted accordion feature allowing Wabtec to request, in an aggregate amount not to exceed \$600.0 million, increases to the borrowing commitments under the Revolving Credit Facility or a new incremental term loan commitment. See Debt Financing.

What are the principal adverse effects of the Transactions to Wabtec stockholders?

Following the consummation of the Transactions, Wabtec stockholders will participate in a company that holds GE Transportation as it exists following the Separation, but their percentage interest in Wabtec will be diluted.

Immediately after consummation of the Merger, pre-Merger Wabtec stockholders are expected to own no more than 49.9% of the outstanding shares of Wabtec common stock, calculated on a fully-diluted, as-converted and as-exercised basis. Therefore, the voting power represented by the shares of Wabtec common stock held by pre-Merger Wabtec stockholders will be lower immediately following the Merger than immediately prior to the Merger. In addition, the issuance of shares of Wabtec common stock pursuant to the Merger may negatively affect the market price of Wabtec common stock.

In addition, if GE elects to effect the Distribution pursuant to a split-off, the GE stockholders that participate in the GE Exchange Offer will be exchanging their shares of GE common stock for a number of Distribution Shares at a discount to the implied value of the SpinCo common stock (based on the per share value of Wabtec common stock multiplied by the exchange ratio set forth in the Merger Agreement) subject to proration if the GE stockholders have validly tendered more shares of GE common stock than GE is offering to accept for exchange. The existence of a discount may negatively affect the market price of Wabtec common stock. See Risk Factors for a further discussion of the material risks associated with the Transactions.

Further, Wabtec will use funds available under the Delayed Draw Term Loan and the proceeds from the issuance of the New Wabtec Notes to pay the Direct Sale Purchase Price. This additional indebtedness could materially and adversely affect the liquidity, results of operations and financial condition of Wabtec. Wabtec also expects to incur significant one-time costs in connection with the Transactions, which may have an adverse impact on Wabtec's liquidity, cash flows and operating results in the periods in which they are incurred. Finally, Wabtec's management will be required to devote a significant amount of time and attention to the process of integrating the operations of Wabtec's business and GE Transportation, as it exists following the Separation. If Wabtec management is not able to manage the integration process effectively, or if any significant business activities are interrupted as a result of the integration process, Wabtec's business could suffer and its stock price may decline.

What is the estimated total value of the consideration to be paid by Wabtec in the Transactions?

Wabtec will pay GE \$2.9 billion in cash as consideration for the Direct Sale. Subject to adjustment under certain circumstances as set forth in the Merger Agreement, Wabtec will issue approximately 98.5 million shares of Wabtec common stock in the Merger. Based upon the reported closing sale price of \$ per share for Wabtec common stock on the NYSE on , 2018, the total value of the shares of Wabtec common stock to be issued by Wabtec in

the Merger would be approximately \$ and the cash to be received by GE in the Transactions, including in respect of the Direct Sale, would be approximately \$. The actual value of the Wabtec common stock to be issued in the Merger will depend on the market price of shares of Wabtec common stock at the time of the Merger.

Are there possible adverse effects on the value of Wabtec common stock ultimately to be received by GE stockholders?

The issuance of shares of Wabtec common stock pursuant to the Merger may affect negatively the market price of Wabtec common stock. The market price of Wabtec common stock also will be affected by the performance of the post-Transaction combined company and other risks associated with the Transactions.

In addition, if GE elects to effect the Distribution pursuant to a split-off, the GE stockholders that participate in the GE Exchange Offer will be exchanging their shares of GE common stock for a number of Distribution Shares at a discount to the implied value of the SpinCo common stock (based on the per share value of Wabtec common stock multiplied by the exchange ratio set forth in the Merger Agreement) subject to proration if the GE stockholders have validly tendered more shares of GE common stock than GE is offering to accept for exchange. The existence of a discount may negatively affect the market price of Wabtec common stock.

These risks and other risk factors associated with the Transactions are described in more detail in the section of this prospectus-information statement entitled Risk Factors.

How will the Transactions impact the future liquidity and capital resources of Wabtec?

Wabtec and the other Borrowers entered into the Credit Agreement on June 8, 2018, which includes (i) a \$1.2 billion Revolving Credit Facility, (ii) a \$350.0 million Refinancing Term Loan and (iii) a \$400.0 million Delayed Draw Term Loan. Wabtec also obtained Bridge Commitments in respect of the Bridge Loan Facility in an amount not to exceed \$2.5 billion. On September 14, 2018, in accordance with the Commitment Letter, the Bridge Commitments were permanently reduced to \$0 in connection with Wabtec's issuance of \$500 million aggregate principal amount of the Floating Rate Notes, \$750 million aggregate principal amount of the 2024 Notes and \$1.25 billion aggregate principal amount of the 2028 Notes. Wabtec will use funds available under the Delayed Draw Term Loan and the proceeds from the issuance of the New Wabtec Notes to pay the Direct Sale Purchase Price. The Credit Agreement is expected to have approximately \$812 million of unused availability immediately following consummation of the Transactions. In addition, the Credit Agreement contains an uncommitted accordion feature allowing Wabtec to request, in an aggregate amount not to exceed \$600.0 million, increases to the borrowing commitments under the Revolving Credit Facility or a new incremental term loan commitment. See Debt Financing.

Wabtec's debt financing could materially and adversely affect the liquidity, results of operations and financial condition of Wabtec. Wabtec also expects to incur significant one-time costs in connection with the Transactions, which may have an adverse impact on Wabtec's liquidity, cash flows and operating results in the periods in which they are incurred. Finally, Wabtec management will be required to devote a significant amount of time and attention to the process of integrating the operations of Wabtec's business and GE Transportation. If Wabtec management is not able to manage the integration process effectively, or if any significant business activities are interrupted as a result of the integration process, Wabtec's business could suffer and its stock price may decline. See Risk Factors for a further discussion of the material risks associated with the Transactions.

Following the consummation of the Transactions, it is expected that post-Transaction GE Transportation will be owned by Wabtec through SpinCo, which will be a wholly owned subsidiary of Wabtec and will hold the SpinCo Business, and Direct Sale Purchaser, which will also be a wholly owned subsidiary of Wabtec and will hold the assets, potentially including the equity interests in certain pre-Transaction subsidiaries of GE that compose part of GE Transportation, acquired in the Direct Sale and the liabilities assumed in the Direct Sale. Nevertheless, because of the significant assets and operations represented by GE Transportation, Wabtec expects that, following the consummation of the Transaction, SpinCo, Direct Sale Purchaser, and/or other entities through which GE Transportation (as it exists following the Separation) is owned and operated may be required to become guarantors of the indebtedness of the Borrowers under the Credit Agreement, the New Wabtec Notes and Wabtec's existing senior unsecured notes.

What is a modified Reverse Morris Trust transaction?

A Reverse Morris Trust transaction structure typically allows a parent company (here, GE) to divest a business (here, GE Transportation) tax-efficiently. In a typical Reverse Morris Trust transaction, the parent generally will receive a cash payment from the subsidiary to be spun off (an exit dividend), usually financed by new borrowings at the

subsidiary level, after which the parent will divest stock of the subsidiary (here, SpinCo) through a dividend (a spin-off) or exchange offer (a split-off) of the subsidiary stock to parent stockholders. Immediately after the distribution, the subsidiary effects a merger with an unrelated company (here, Wabtec), in a transaction in which the unrelated company's stockholders will hold less than 50% of the capital stock of the combined company immediately after the transaction. In this regard, the Transactions are similar to a traditional Reverse Morris Trust transaction because they include both GE's distribution of SpinCo common stock in the Distribution and SpinCo's substantially simultaneous merger with a subsidiary of Wabtec in the Merger.

TABLE OF CONTENTS

However, the Transactions are referred to in this document as a modified Reverse Morris Trust transaction for two reasons. First, unlike in a typical Reverse Morris Trust transaction, GE's distribution of SpinCo common stock will be preceded by the Direct Sale of certain assets of GE Transportation (and an assumption of certain liabilities of GE Transportation) in exchange for a \$2.9 billion cash payment to GE in lieu of an exit dividend from GE Transportation (which would be typical in a Reverse Morris Trust transaction). Second, while a distribution in a typical Reverse Morris Trust transaction would be tax-free to the parent and its stockholders, here the receipt of stock in the Distribution is intended to be tax-free to the GE stockholders but the transaction is intended to be taxable to GE. For further information, please see the section of this prospectus-information statement entitled Material U.S. Federal Income Tax Consequences of the Distribution and the Merger to GE Stockholders.

By utilizing the Direct Sale rather than having SpinCo incur debt and distribute an exit dividend to GE, the modified Reverse Morris Trust structure should result in tax benefits to Wabtec (including by avoiding certain ambiguities under the depreciation rules in U.S. federal income tax law that otherwise might be relevant), which will be shared between the parties (up to a cap) as realized by Wabtec after the Merger. The Direct Sale also should reduce administrative complexity and financing costs.

How do the Transactions impact Wabtec's dividend policy?

The Transactions are not expected to affect Wabtec's dividend policy. See Summary Historical and Pro Forma Financial Data—Wabtec Dividend Policy for a further discussion of Wabtec's current dividend policy.

What will GE receive in the Transactions?

GE will receive a \$2.9 billion cash payment as consideration for the Direct Sale. Furthermore, following consummation of the Merger, GE is expected to hold approximately 9.9% of the outstanding shares of Wabtec common stock on a fully-diluted, as-converted and as-exercised basis, subject to GE's obligation under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this prospectus-information statement entitled Other Agreements—Tax Matters Agreement) and (y) the Shareholders Agreement to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger (as described in the section of this prospectus-information statement entitled Other Agreements—Shareholders Agreement).

What will GE stockholders receive in the Transactions?

Following the Separation, GE will distribute all of the Distribution Shares to the holders of GE common stock. Specifically, GE will effect the Distribution by distributing on a *pro rata* basis all of the Distribution Shares to GE stockholders as of the record date for the Distribution. GE will deliver the Distribution Shares to the exchange agent, who will hold such shares for the benefit of GE stockholders. GE stockholders will not be able to trade shares of SpinCo common stock during this period or at any time before or after the consummation of the Merger. In the Merger, each share of SpinCo common stock will be converted into the right to receive a number of shares of Wabtec common stock based on the exchange ratio set forth in the Merger Agreement. The exchange ratio will be determined prior to the closing of the Merger based on the number of shares of Wabtec common stock on a fully-diluted, as-converted and as-exercised basis, on the one hand, and the number of shares of SpinCo common stock, on the other hand, in each case outstanding immediately prior to the effective time of the Merger, such that the stockholders of SpinCo (including GE) will own shares of Wabtec common stock representing 50.1% of the shares of Wabtec common stock outstanding immediately following the Merger on a fully-diluted, as-converted and as-exercised basis. As described in the Merger Agreement, the exchange ratio equals the quotient of (a) the aggregate number of shares of Wabtec common stock outstanding immediately prior to the effective time of the Merger on a fully-diluted, as-converted and as-exercised basis multiplied by the quotient of 50.1% divided by 49.9%, divided by (b) the number

of shares of SpinCo common stock outstanding immediately prior to the effective time of the Merger.

Based on the number of shares of GE common stock outstanding and the number of shares of Wabtec common stock outstanding, calculated on a fully-diluted, as-converted and as-exercised basis, in each case as of June 30, 2018, and assuming that GE distributes 80.25% of the outstanding shares of SpinCo common stock to GE stockholders in the Distribution, if the Merger had occurred on June 30, 2018, a GE stockholder would have

TABLE OF CONTENTS

received 1 share of Wabtec common stock for every approximately 110 shares of GE common stock held by such GE stockholder on the record date for the Distribution (approximately 0.00909 shares of Wabtec common stock for each share of GE common stock).

GE has the option, however, to effect the Distribution pursuant to a split-off. In the event GE elects to effect the Distribution pursuant to a split-off, GE would offer to holders of GE common stock the right to exchange all or a portion of their GE common stock for a number of Distribution Shares (which, in the aggregate, may be less than all of the Distribution Shares) at a discount to the implied value of the SpinCo common stock (based on the per-share value of Wabtec common stock multiplied by the exchange ratio set forth in the Merger Agreement), subject to proration if the GE stockholders have validly tendered more shares of GE common stock than GE is offering to accept for exchange. In the event the GE Exchange Offer is consummated, GE would distribute the remaining Distribution Shares, if any, on a *pro rata* basis to GE stockholders whose shares of GE common stock remain outstanding after the consummation of the GE Exchange Offer.

Are there any conditions to the consummation of the Transactions?

Yes. The consummation of the Transactions is subject to a number of conditions, including:

- the approval by Wabtec stockholders of the Share Issuance;
- the approval by Wabtec stockholders of the Wabtec Charter Amendment;
- the termination or expiration of the applicable waiting period under the HSR Act;
- the taking, making or obtaining of all material actions by, consents or approvals of, or in respect of or filings with any governmental authority required to permit the Transactions;
- the effectiveness under the Securities Act of SpinCo's registration statement on Form 10 or such Form(s) as shall be required under applicable SEC rules and Wabtec's registration statement on Form S-4, and the absence of any stop order issued by the SEC or any pending proceeding before the SEC seeking a stop order with respect thereto;
- the receipt of the GE Tax Opinions and the Wabtec Tax Opinion by GE and Wabtec, respectively;
- the receipt of the Direct Sale Purchase Price by GE;
- the completion of the various transaction steps contemplated by the Merger Agreement and the Separation Agreement, including the International Reorganization, the Direct Sale, the SpinCo Transfer and the Distribution; and
- other customary conditions.

To the extent permitted by applicable law, GE and SpinCo, on the one hand, and Wabtec and Merger Sub, on the other hand, may waive the satisfaction of the conditions to their respective obligations to consummate the Transactions. If Wabtec waives the satisfaction of a material condition to the consummation of the Transactions, Wabtec will evaluate the facts and circumstances at that time and re-solicit stockholder approval of the Share Issuance and the Wabtec Charter Amendment if required to do so by law or the rules of the NYSE.

This prospectus-information statement describes these conditions in more detail under [The Merger Agreement—Conditions to the Merger](#).

When will the Transactions be completed?

The Transactions are expected to be completed by early 2019, subject to customary closing conditions, as described in this prospectus-information statement. However, it is possible that the Transactions could be completed at an earlier time, at a later time or not at all. The Merger Agreement provides that GE or Wabtec may terminate the Merger Agreement if the Merger is not consummated on or before May 20, 2019 (the one-year anniversary of the date of the Merger Agreement) subject to extension to August 20, 2019 (the fifteen-month anniversary of the date of the Merger Agreement), upon either Wabtec's or GE's written request, if the only reason that the Transactions have not closed is due to certain conditions relating to regulatory approvals having not yet been satisfied. For a discussion of the

conditions to consummate of the Transactions and the circumstances under which the Merger Agreement may be terminated by the parties, see The Merger Agreement—Conditions to the Merger and The Merger Agreement—Termination, respectively.

TABLE OF CONTENTS

Are there risks associated with the Transactions?

Yes. The material risks and uncertainties associated with the Transactions are discussed in the section of this prospectus-information statement entitled "Risk Factors" and the section of this prospectus-information statement entitled "Cautionary Statement on Forward-Looking Statements." Those risks include, among others, the possibility that the Transactions will not be completed on the contemplated timeline or at all, the possibility that integration may not be successful or anticipated benefits of the Transactions may not be realized, uncertainty about the impact of the Transactions and related costs on the value of Wabtec common stock, the impact of reduced ownership and voting power for existing holders of Wabtec common stock, the impact of increased leverage on Wabtec's financial condition, results of operations and cash flows, and the possibility that Wabtec may be unable to provide certain benefits, services and resources to GE Transportation that historically have been provided by GE.

What stockholder approvals are needed in connection with the Transactions?

Under the terms of the Merger Agreement, Wabtec has agreed to hold a special meeting of its stockholders for the purpose of voting upon the following proposals: (i) to authorize the issuance of Wabtec common stock in the Merger (the "Share Issuance") and (ii) to amend the Wabtec Charter to increase the number of authorized shares of common stock from 200 million to 500 million (the "Wabtec Charter Amendment"). Wabtec cannot complete the Transactions unless the proposal relating to the Share Issuance is approved by a majority of votes cast by Wabtec stockholders on the Share Issuance proposal at the special meeting and the proposal relating to the Wabtec Charter Amendment is approved by a majority of outstanding shares of Wabtec common stock.

Where will the Wabtec shares to be issued in the Merger be listed?

Wabtec common stock is listed on the NYSE under the symbol "WAB." After the consummation of the Transactions, all shares of Wabtec common stock issued in the Merger, and all other outstanding shares of Wabtec common stock, will continue to be listed on the NYSE and trade under the same symbol.

Will there be any change to the Wabtec Board or executive officers of Wabtec after the consummation of the Transactions?

Yes. In connection with the Transactions, the size of the Wabtec Board will be increased to include three additional directors, each of whom is required to be independent as defined in the listing standards of the NYSE, to be designated as nominees by GE (subject to the nominees being reasonably acceptable to the Nominating and Corporate Governance Committee of the Wabtec Board), effective at the time of closing of the Merger. The Merger Agreement provides that, at the direction of GE, the GE designees will be assigned among the Wabtec Board's classes of directors so that one GE designee is appointed to the class of directors that is up for reelection at each of the first three annual meetings of Wabtec stockholders that occurs after the closing of the Merger. Additionally, in certain circumstances (see "The Merger Agreement—Post-Closing Wabtec Board of Directors and Officers"), the Wabtec Board will take all actions necessary to include the GE designee up for reelection at the first annual meeting of Wabtec stockholders that occurs after the closing of the Merger as nominee for the Wabtec Board at such annual meeting, to recommend that Wabtec stockholders vote in favor of the GE designee and to support the election of the GE designee at such annual meeting. The executive officers of Wabtec immediately prior to consummation of the Merger are generally expected to be the executive officers of Wabtec immediately following consummation of the Merger, with Albert J. Neupaver remaining as Wabtec's executive chairman and Raymond T. Betler remaining as Wabtec's president and CEO. Following consummation of the Transactions, Stéphane Rambaud-Measson will become president and CEO of Wabtec's Transit Segment and Rafael O. Santana, president and CEO of GE Transportation, will become president and CEO of Wabtec's Freight Segment.

Do GE stockholders have to vote to approve the Transactions?

No. GE stockholders are not required to vote on the proposed Transactions. GE is not asking its stockholders for a proxy, and GE stockholders are requested not to send a proxy to GE.

Have any Wabtec stockholders already agreed to vote for the Share Issuance and the Wabtec Charter Amendment?

Yes. Certain stockholders, directors and officers of Wabtec beneficially owning approximately 10.9% of the outstanding shares of Wabtec common stock entered into a Voting Agreement with GE under which these persons agreed to vote in favor of the Share Issuance proposal and the Wabtec Charter Amendment proposal. The parties

TABLE OF CONTENTS

to the Voting Agreement are subject to certain other agreements, including restrictions on their ability to transfer their shares prior to the earlier of the special meeting of Wabtec stockholders to approve these proposals and the termination of the Voting Agreement. See [Other Agreements—The Voting Agreement](#).

Can Wabtec stockholders dissent and require appraisal of their shares?

No.

Will the instruments that govern the rights of Wabtec stockholders with respect to their shares of Wabtec common stock after the consummation of the Transactions be different from those that govern the rights of current Wabtec stockholders?

No. The only proposed change is to increase the number of authorized shares of common stock from 200 million to 500 million. The rights of Wabtec stockholders with respect to their shares of Wabtec common stock after the consummation of the Transactions will otherwise continue.

Where can I find more information about Wabtec and GE Transportation?

Wabtec and GE stockholders can find more information about Wabtec and GE Transportation in [Information on Wabtec](#) and [Information on GE Transportation](#) and from the various sources described in [Where You Can Find More Information; Incorporation by Reference](#).

Questions and Answers for GE Stockholders

Why am I receiving this document?

You are receiving this prospectus-information statement because you are a holder of GE common stock. If you are a holder of GE common stock as of the close of business on _____, _____, which is the record date of the Distribution, you will be entitled to receive a number of shares of SpinCo common stock with respect to each share of GE common stock that you held as of the close of business on such date, in accordance with a distribution ratio to be determined by GE prior to the Distribution.

Each issued and outstanding share of SpinCo common stock will be converted in the Merger into the right to receive a number of shares of Wabtec common stock based on the exchange ratio set forth in the Merger Agreement, as described in the section of this prospectus-information statement entitled [The Merger Agreement—Merger Consideration](#). This prospectus-information statement will help you understand the Transactions and your investment in Wabtec after the Merger.

What will GE stockholders be entitled to receive pursuant to the Distribution and the Merger?

It is currently expected that approximately 6,981,750,000 shares of SpinCo common stock will be distributed to GE stockholders in connection with the Distribution, and, pursuant to the Merger, each share of SpinCo common stock will be converted into the right to receive a number of fully paid and non-assessable shares of Wabtec common stock equal to the exchange ratio set forth in the Merger Agreement. The exchange ratio will be determined prior to the closing of the Merger based on the number of shares of Wabtec common stock on a fully-diluted, as-converted and as-exercised basis, on the one hand, and the number of shares of SpinCo common stock, on the other hand, in each case outstanding immediately prior to the effective time of the Merger, such that the stockholders of SpinCo (including GE) will own shares of Wabtec common stock representing 50.1% of the shares of Wabtec common stock outstanding immediately following the Merger on a fully-diluted, as-converted and as-exercised basis. As described in

the Merger Agreement, the exchange ratio equals the quotient of (a) the aggregate number of shares of Wabtec common stock outstanding immediately prior to the effective time of the Merger on a fully-diluted, as-converted and as-exercised basis multiplied by the quotient of 50.1% divided by 49.9%, divided by (b) the number of shares of SpinCo common stock outstanding immediately prior to the effective time of the Merger.

As a result, if the Merger had occurred on June 30, 2018, a GE stockholder would have received 1 share of Wabtec common stock for every approximately 110 shares of GE common stock held by such GE stockholder on the record date for the Distribution (approximately 0.00909 shares of Wabtec common stock for each share of GE common stock). The actual number of shares of Wabtec common stock that GE stockholders will receive with respect to each share of GE common stock will be determined based on the number of shares of GE

TABLE OF CONTENTS

common stock outstanding on the record date and the number of shares of Wabtec common stock outstanding, calculated on fully-diluted, as-converted and as-exercised basis, as of the effective time of the Merger. Therefore, the actual number of shares of Wabtec common stock that GE stockholders will be entitled to receive in the Merger may be higher or lower if the number of outstanding shares of GE common stock and Wabtec common stock, calculated on a fully-diluted, as-converted and as-exercised basis, changes for any reason.

Based upon the reported closing sale price of \$ _____ per share for Wabtec common stock on the NYSE on _____, 2018, the approximate value that holders of GE common stock will receive in the Merger will equal \$ _____ billion in the aggregate and \$ _____ per share of GE common stock they own on _____, 2018. However, any change in the market value of Wabtec common stock at the effective time of the Merger, the number of shares of Wabtec common stock, calculated on a fully-diluted, as-converted and as-exercised basis, outstanding at the effective time of the Merger or the number of shares of GE common stock outstanding and entitled to receive SpinCo common stock in the Distribution will cause the estimated per share value GE stockholders receive in the Merger to change. Also, those GE stockholders who would otherwise receive a fractional share of Wabtec common stock pursuant to the Merger may receive a different per share value with respect to fractional shares when those fractional shares are liquidated by the exchange agent. See The Merger Agreement—Merger Consideration.

Will fractional shares of Wabtec common stock be issued in the Transactions?

No. No fractional shares of Wabtec common stock will be delivered to SpinCo stockholders. Following the Transactions, you will receive cash in lieu of any fractional Wabtec common stock that you would have otherwise received. See The Merger Agreement—Merger Consideration.

Has GE set a record date for the Distribution?

No. GE will publicly announce the record date for the Distribution when the record date has been determined. This announcement will be made prior to the completion of the Distribution and the Merger.

What will happen to the shares of GE common stock owned by GE stockholders?

Holders of GE common stock will retain all of their shares of GE common stock. The Distribution will not affect the number of outstanding shares of GE common stock or any rights of GE stockholders.

How will shares of Wabtec common stock be distributed to GE stockholders?

Holders of GE common stock on the record date for the Distribution will receive shares of Wabtec common stock in book-entry form. GE stockholders of record will receive additional information from the exchange agent shortly after the Distribution. Beneficial holders will receive information from their brokerage firms or other nominees.

Will GE stockholders who sell their shares of GE common stock shortly before the completion of the Distribution and the Merger still be entitled to receive shares of Wabtec common stock with respect to the shares of GE common stock that were sold?

It is currently expected that beginning two business days before the record date to be established for the Distribution, and continuing through the closing date of the Merger (or the previous business day, if the Merger closes before the opening of trading in GE common stock and Wabtec common stock on the New York Stock Exchange on the closing date), there will be two markets in GE common stock on the New York Stock Exchange: a regular way market and an ex-distribution market.

If a GE stockholder sells shares of GE common stock in the regular way market under the ticker symbol GE during this time period, that GE stockholder will be selling both his or her shares of GE common stock and the right (represented by a due-bill) to receive shares of SpinCo common stock in the Distribution that will be converted into the right to receive shares of Wabtec common stock, and cash in lieu of fractional shares (if any), at the closing of the Merger. GE stockholders should consult their brokers before selling their shares of GE common stock in the regular way market during this time period to be sure they understand the effect of the New York Stock Exchange s due-bill procedures. The due-bill process is not managed, operated or controlled by GE or Wabtec.

TABLE OF CONTENTS

If a GE stockholder sells shares of GE common stock in the ex-distribution market during this time period, that GE stockholder will be selling only his or her shares of GE common stock, and will retain the right to receive shares of SpinCo common stock in the Distribution that will be converted into the right to receive shares of Wabtec common stock, and cash in lieu of fractional shares (if any), at the closing of the Merger. It is currently expected that ex-distribution trades of GE common stock will settle within two business days after the closing date of the Merger and that if the Merger is not completed all trades in this ex-distribution market will be cancelled.

After the closing date of the Merger, shares of GE common stock will no longer trade in this ex-distribution market, and shares of GE common stock that are sold in the regular way market will no longer reflect the right to receive shares of SpinCo common stock in the Distribution that will be converted into the right to receive shares of Wabtec common stock, and cash in lieu of fractional shares (if any), at the closing of the Merger.

May GE stockholders sell the shares of Wabtec common stock which they are entitled to receive in the Merger prior to receiving those shares of Wabtec common stock?

It is currently expected that beginning two business days before the record date to be established for the Distribution, and continuing through the closing date of the Merger (or the previous business day, if the Merger closes before the opening of trading in GE common stock and Wabtec common stock on the New York Stock Exchange on the closing date), there will be two markets in Wabtec common stock on the New York Stock Exchange: a regular way market and a when issued market.

The regular way market will be the regular trading market for issued shares of Wabtec common stock under the ticker symbol WAB.

The when issued market will be a market for the shares of Wabtec common stock that will be issued to GE stockholders at the closing of the Merger. If a GE stockholder sells shares of Wabtec common stock in the when issued market during this time period, that GE stockholder will be selling his or her right to receive shares of SpinCo common stock in the Distribution that will be converted into the right to receive shares of Wabtec common stock, and cash in lieu of fractional shares (if any), at the closing of the Merger. It is currently expected that when issued trades of Wabtec common stock will settle within two business days after the closing date of the Merger and that if the Merger is not completed, all trades in this when issued market will be cancelled. After the closing date of the Merger, shares of Wabtec common stock will no longer trade in this when issued market.

Are GE stockholders required to do anything?

GE stockholders are not required to take any action to approve the Separation, the Distribution or the Merger. However, GE stockholders should carefully read this prospectus-information statement, which contains important information about the Separation, the Distribution, the Merger, GE Transportation and Wabtec. After the Merger, Wabtec will mail to holders of GE common stock who are entitled to receive shares of Wabtec common stock pursuant to the Merger as of the record date, book-entry statements evidencing their ownership of Wabtec common stock, cash payments in lieu of fractional shares (if any) and related tax information, and other information regarding their receipt of shares of Wabtec common stock. Beneficial holders will receive information from their brokerage firms or other nominees.

GE STOCKHOLDERS WILL NOT BE REQUIRED TO SURRENDER THEIR SHARES OF GE COMMON STOCK IN THE DISTRIBUTION OR THE MERGER AND THEY SHOULD NOT RETURN THEIR GE STOCK CERTIFICATES. THE TRANSACTIONS WILL NOT RESULT IN ANY CHANGE IN GE STOCKHOLDERS' OWNERSHIP OF GE COMMON STOCK FOLLOWING THE MERGER.

The Companies

Westinghouse Air Brake Technologies Corporation

1001 Air Brake Avenue
Wilmerding, PA 15148

Westinghouse Air Brake Technologies Corporation, doing business as Wabtec Corporation, is a Delaware corporation with headquarters in Wilmerding, Pennsylvania. George Westinghouse founded the original Westinghouse Air Brake Co. in 1869 when he invented the air brake. Westinghouse Air Brake Company was formed in 1990 when it acquired certain assets and operations from American Standard, Inc., now known as Trane. The company went public on the New York Stock Exchange in 1995. In 1999, the company merged with MotivePower Industries, Inc. and adopted the name Wabtec. In 2017, Wabtec acquired Faiveley Transport, S.A. (Faiveley Transport), a leading provider of value-added, integrated systems and services, principally for the global transit rail market. Today, Wabtec is one of the largest providers of value-added, technology-based equipment, systems and services for the global passenger transit and freight rail industries. Through its subsidiaries, Wabtec manufactures a range of products for locomotives, freight cars and passenger transit vehicles. Wabtec also builds new switcher and commuter locomotives, and provides aftermarket services. Wabtec has roughly 18,000 employees and facilities located throughout the world.

Wabtec US Rail Holdings, Inc.

c/o Westinghouse Air Brake Technologies Corporation
1001 Air Brake Avenue
Wilmerding, PA 15148

Wabtec US Rail Holdings, Inc., a Delaware corporation, referred to in this prospectus-information statement as Merger Sub, is a direct, wholly owned subsidiary of Wabtec that was organized specifically for the purpose of completing the Merger. Merger Sub has engaged in no business activities to date and it has no material assets or liabilities of any kind, other than those incident to its formation and in connection with the Transactions.

Wabtec US Rail, Inc.

c/o Westinghouse Air Brake Technologies Corporation
1001 Air Brake Avenue
Wilmerding, PA 15148

Wabtec US Rail, Inc., a Delaware corporation, referred to in this prospectus-information statement as Direct Sale Purchaser, is a direct, wholly owned subsidiary of Wabtec that was organized specifically for the purpose of completing the Direct Sale. Direct Sale Purchaser has engaged in no business activities to date and it has no material assets or liabilities of any kind, other than those incident to its formation and in connection with the Transactions.

General Electric Company

41 Farnsworth Street
Boston, MA 02210

General Electric Company, is a New York corporation, with its principal executive offices in Boston, Massachusetts. GE is a global digital industrial company, transforming industry with software-defined machines and solutions that are connected, responsive and predictive. With products and services ranging from aircraft engines, power generation and oil and gas production equipment to medical imaging, financing and industrial products, GE serves customers in over 180 countries and employed approximately 313,000 people worldwide as of December 31, 2017. Since its incorporation in 1892, GE has developed or acquired new technologies and services that have considerably broadened and changed the scope of its activities.

Transportation Systems Holdings Inc.
c/o General Electric Company
41 Farnsworth Street
Boston, MA 02210

Transportation Systems Holdings Inc., a Delaware corporation, referred to in this prospectus-information statement as SpinCo, is a direct, wholly owned subsidiary of GE that was organized specifically for the purpose of housing the SpinCo Business and effecting the Merger. SpinCo has engaged in no business activities to date and it has no material assets or liabilities of any kind, other than those incident to its formation and in connection with the Transactions. Prior to the closing of the Distribution and the Direct Sale, GE and SpinCo will own, directly and, indirectly, GE Transportation. GE Transportation is a global technology leader and supplier to the railroad, mining, marine, stationary power and drilling industries.

The Transactions

GE, Wabtec, SpinCo and Merger Sub, entered into the Merger Agreement on May 20, 2018, and GE, SpinCo, Wabtec and Direct Sale Purchaser entered into the Separation Agreement on May 20, 2018, which together provide for the combination of Wabtec and GE Transportation through a modified Reverse Morris Trust transaction structure. In connection with the Separation of GE Transportation from the remaining business of GE, GE will conduct the Internal Reorganization.

In connection with the Direct Sale, certain assets of GE Transportation, potentially including the equity interests of certain pre-Transaction subsidiaries of GE that compose part of GE Transportation, will be sold to Direct Sale Purchaser for a cash payment of \$2.9 billion, and Direct Sale Purchaser will assume certain liabilities of GE Transportation in connection with this purchase. Thereafter, GE will transfer the SpinCo Business to SpinCo and its subsidiaries (to the extent not already held by SpinCo and its subsidiaries) in the SpinCo Transfer, and SpinCo will issue to GE additional shares of SpinCo common stock. Following this issuance of additional SpinCo common stock to GE, GE will own 8,700,000,000 shares of SpinCo common stock, or such other amount as GE shall determine with Wabtec's consent, which will constitute all of the outstanding stock of SpinCo.

GE will effect the Distribution by distributing on a *pro rata* basis all of the Distribution Shares to GE stockholders as of the record date for the Distribution. GE will deliver the Distribution Shares to the exchange agent, who will hold such shares for the benefit of GE stockholders. GE has the option, however, to effect the Distribution pursuant to a split-off. In the event GE elects to effect the Distribution pursuant to a split-off, GE would offer to holders of GE common stock the right to exchange all or a portion of their GE common stock for a number of Distribution Shares (which, in the aggregate, may be less than all of the Distribution Shares) at a discount to the implied value of the SpinCo common stock (based on the per-share value of Wabtec common stock multiplied by the exchange ratio set forth in the Merger Agreement), subject to proration if the GE stockholders have validly tendered more shares of GE common stock than GE is offering to accept for exchange. In the event the GE Exchange Offer is consummated, GE would distribute the remaining Distribution Shares, if any, on a *pro rata* basis to GE stockholders whose shares of GE common stock remain outstanding after the consummation of the GE Exchange Offer.

Immediately after the Distribution and on the closing date of the Merger, Merger Sub will merge with and into SpinCo, whereby the separate corporate existence of Merger Sub will cease and SpinCo will continue as the surviving company and a wholly owned subsidiary of Wabtec. In the Merger, subject to adjustment in accordance with the Merger Agreement, each share of SpinCo common stock will be converted into the right to receive a number of shares of Wabtec common stock based on the exchange ratio set forth in the Merger Agreement. The exchange ratio will be determined prior to the closing of the Merger based on the number of shares of Wabtec common stock on a fully-diluted, as-converted and as-exercised basis, on the one hand, and the number of shares of SpinCo common

stock, on the other hand, in each case outstanding immediately prior to the effective time of the Merger, such that the stockholders of SpinCo (including GE) will own shares of Wabtec common stock representing 50.1% of the shares of Wabtec common stock outstanding immediately following the Merger on a fully-diluted, as-converted and as-exercised basis. As described in the Merger Agreement, the exchange ratio equals the quotient of (a) the aggregate number of shares of Wabtec common stock outstanding immediately prior to the effective time of the Merger on a fully-diluted, as-converted and as-exercised basis multiplied by the quotient of 50.1% divided by 49.9%, divided by (b) the number of shares of SpinCo common stock outstanding immediately prior to the effective time of the Merger.

TABLE OF CONTENTS

Upon consummation of the Merger and calculated based on Wabtec's outstanding common stock immediately prior to the Merger on a fully-diluted, as-converted and as-exercised basis, 50.1% of the outstanding shares of Wabtec common stock would be held collectively by GE and pre-Merger holders of GE common stock (with approximately 9.9% of the outstanding shares of Wabtec common stock expected to be held by GE) and 49.9% of the outstanding shares of Wabtec common stock would be held by pre-Merger Wabtec stockholders. The shares held by GE will be subject to GE's obligations under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this prospectus-information statement entitled "Other Agreements—Tax Matters Agreement") and (y) the Shareholders Agreement to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger and prior thereto, to vote all of such shares in the proportion required under the Shareholders Agreement (as described in the section of this prospectus-information statement entitled "Other Agreements—Shareholders Agreement").

Subject to adjustment under certain circumstances as set forth in the Merger Agreement, Wabtec will issue approximately 98.5 million shares of Wabtec common stock in the Merger. Based upon the reported closing sale price of \$ _____ per share for Wabtec common stock on the NYSE on _____, 2018, the total value of the shares of Wabtec common stock to be issued by Wabtec in the Merger would be approximately \$ _____ and the cash to be received by GE in the Transactions, including in respect of the Direct Sale, would be approximately \$ _____. The actual value of the Wabtec common stock to be issued in the Merger will depend on the market price of shares of Wabtec common stock at the time of the Merger.

After the Merger, Wabtec will own and operate the SpinCo Business and the assets acquired in the Direct Sale. It is anticipated that SpinCo, which will be Wabtec's wholly owned subsidiary, will hold the SpinCo Business and Direct Sale Purchaser, which will also be Wabtec's wholly owned subsidiary, will hold the assets purchased and the liabilities assumed in connection with the Direct Sale. Together, SpinCo and Direct Sale Purchaser will own and operate post-Transaction GE Transportation. Wabtec will also continue its current businesses. All shares of Wabtec common stock, including those issued in the Merger, will be listed on the NYSE under Wabtec's current trading symbol WAB.

Set forth below are diagrams that graphically illustrate, in simplified form, (i) the existing corporate structures, (ii) the corporate structures immediately following the Direct Sale, the SpinCo Transfer and the Distribution but before the Merger and (iii) the corporate structures immediately following the consummation of the Merger. A step-by-step description of material events relating to the Transactions is set forth under "The Transactions."

TABLE OF CONTENTS

Structure following the Merger

After completion of all of the steps described in the section of this prospectus-information statement entitled “The Transactions,” it is anticipated that SpinCo, which will be Wabtec’s wholly owned subsidiary, will hold the SpinCo Business and Direct Sale Purchaser, which will also be Wabtec’s wholly owned subsidiary, will hold the assets purchased and the liabilities assumed in connection with the Direct Sale. Together, SpinCo and Direct Sale Purchaser will own and operate the post-Transaction GE Transportation.

In connection with the Transactions, on the date of the Distribution, GE or its subsidiaries and SpinCo or the SpinCo Transferred Subsidiaries will enter into the Additional Agreements relating to, among other things, intellectual property, employee matters, tax matters, research and development and transition services. See “Other Agreements.”

Determination of Number of Shares of SpinCo Common Stock to be Distributed to GE Stockholders

Immediately prior to the Distribution, the total number of shares of SpinCo common stock outstanding will equal 8,700,000,000 shares or such other amount as GE shall determine with Wabtec’s consent. GE is expected to retain 19.75% of the outstanding shares of SpinCo common stock. Accordingly, assuming that there are outstanding 8,700,000,000 shares of SpinCo common stock immediately prior to the Distribution, the total number of shares of SpinCo common stock to be distributed to holders of GE common stock as a *pro rata* dividend will be equal to 6,981,750,000 shares. The actual number of shares of SpinCo common stock to be distributed to GE stockholders, and the actual number of shares of SpinCo common stock to be retained by GE, will be determined by GE prior to the Distribution. All shares of SpinCo common stock will be converted into the right to receive shares of Wabtec common stock at the effective time of the Merger. See “The Transactions—Determination of Number of Shares of SpinCo Common Stock to be Distributed to GE Stockholders.”

Based on the number of shares of GE common stock outstanding and the number of shares of Wabtec common stock outstanding, calculated on a fully-diluted, as-converted and as-exercised basis, in each case as of June 30, 2018, and assuming that GE distributes 80.25% of the outstanding shares of SpinCo common stock to GE stockholders in the Distribution, if the Merger had occurred on June 30, 2018, a GE stockholder would have received 1 share of Wabtec common stock for every approximately 110 shares of GE common stock held by such GE stockholder on the record date for the Distribution (approximately 0.00909 shares of Wabtec common stock for each share of GE common stock).

Opinion of Wabtec's Financial Advisor

Goldman Sachs & Co. LLC (Goldman Sachs) rendered to the Wabtec Board its oral opinion, which was subsequently confirmed by delivery of a written opinion, dated May 20, 2018, that, as of the date of such written opinion and based upon and subject to the factors and assumptions as set forth in such written opinion, the Aggregate Consideration (as defined below) to be paid by Wabtec pursuant to the Merger Agreement was fair from a financial point of view to Wabtec. For purposes of Goldman Sachs' financial analyses and opinion, the term Aggregate Consideration means (i) the Share Issuance, (ii) the Direct Sale Purchase Price, as adjusted pursuant to the Separation Agreement, and (iii) the payments relating to the Company Structure Benefits (as defined in the Tax Matters Agreement) pursuant to Section 13 of the Tax Matters Agreement (the TMA Payments).

The full text of the written opinion of Goldman Sachs, dated May 20, 2018, which sets forth assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with the opinion, is attached as Exhibit 99.1 to the registration statement of which this prospectus-information statement forms a part. Goldman Sachs provided advisory services and its opinion for the information and assistance of the Wabtec Board in connection with its consideration of the Transactions. The Goldman Sachs opinion is not a recommendation as to how any holder of shares of Wabtec common stock should vote with respect to the Share Issuance, the Wabtec Charter Amendment or any other matter. Pursuant to an engagement letter between Wabtec and Goldman Sachs, Wabtec has agreed to pay Goldman Sachs a transaction fee of \$32 million plus a discretionary fee of up to \$4 million, all of which is contingent upon consummation of the Transactions. See The Transactions—Opinion of Wabtec's Financial Advisor for further information.

Debt Financing

On May 20, 2018, in connection with their entry into the Merger Agreement, Wabtec entered into the Commitment Letter with the Commitment Parties pursuant to which the Commitment Parties agreed to provide debt financing to Wabtec, including financing for the Direct Sale Purchase Price. Wabtec and the other Borrowers entered into the Credit Agreement on June 8, 2018, which includes (i) a \$1.2 billion Revolving Credit Facility, (ii) a \$350.0 million Refinancing Term Loan and (iii) a \$400.0 million Delayed Draw Term Loan. Wabtec also obtained Bridge Commitments in respect of the Bridge Loan Facility in an amount not to exceed \$2.5 billion. On September 14, 2018, in accordance with the Commitment Letter, the Bridge Commitments were permanently reduced to \$0 in connection with Wabtec's issuance of \$500 million aggregate principal amount of the Floating Rate Notes, \$750 million aggregate principal amount of the 2024 Notes and \$1.25 billion aggregate principal amount of the 2028 Notes. Wabtec will use funds available under the Delayed Draw Term Loan and the proceeds from the issuance of the New Wabtec Notes to pay the Direct Sale Purchase Price. The Credit Agreement is expected to have approximately \$812 million of unused availability immediately following consummation of the Transactions. See Debt Financing for further information.

Interests of GE's and SpinCo's Directors and Executive Officers in the Transactions

Directors and executive officers of GE or SpinCo who own shares of GE common stock will have the right to participate in the Distribution and the Merger on the same terms as other GE stockholders. Executive officers of SpinCo are eligible for incentive payments, accelerated vesting of equity awards and retirement benefits in connection with the Transactions. In addition, Wabtec is in the process of documenting the terms of an employment contract with Mr. Santana that will be entered into prior to the closing of the Merger and that will provide for Mr. Santana's entitlement to base salary, annual bonus opportunity and equity incentive awards. See "The Transactions—Interests of GE's and SpinCo's Directors and Executive Officers in the Transactions" for further information.

Interests of Wabtec's Directors and Executive Officers in the Transactions

Wabtec directors and executive officers have financial interests in the Transactions that are different from, or in addition to, the interests of Wabtec stockholders generally. The members of the Wabtec Board were aware of and considered these interests, among other matters, in deciding to approve the terms of the Merger Agreement and the Transactions, including the Merger, and in recommending to Wabtec stockholders that they vote to approve the Share Issuance and the Wabtec Charter Amendment. See [The Transactions—Interests of Wabtec’s Directors and Executive Officers in the Transactions](#) for further information.

Board of Directors and Management of Wabtec Following the Transactions

Following the consummation of the Distribution, Merger Sub will merge with and into SpinCo, whereby the separate corporate existence of Merger Sub will cease and SpinCo will continue as the surviving company and a wholly owned

TABLE OF CONTENTS

subsidiary of Wabtec. Directors of Wabtec serving on the Wabtec Board immediately before the consummation of the Merger are expected to continue to serve as directors of Wabtec immediately following the closing of the Merger. In connection with the Transactions, the size of the Wabtec Board will be increased to include three additional directors, each of whom is required to be independent as defined in the listing standards of the NYSE, to be designated as nominees by GE (subject to the nominees being reasonably acceptable to the Nominating and Corporate Governance Committee of the Wabtec Board), effective at the time of closing of the Merger. The Merger Agreement provides that, at the direction of GE, the GE designees will be assigned among the Wabtec Board's classes of directors so that one GE designee is appointed to the class of directors that is up for reelection at each of the first three annual meetings of Wabtec stockholders that occurs after the closing of the Merger.

Additionally, in certain circumstances (see The Merger Agreement – Post-Closing Wabtec Board of Directors and Officers), the Wabtec Board will take all actions necessary to include the GE designee up for reelection at the first annual meeting of Wabtec stockholders that occurs after the closing of the Merger as nominee for the Wabtec Board at such annual meeting, to recommend that Wabtec stockholders vote in favor of the GE designee and to support the election of the GE designee at such annual meeting. The executive officers of Wabtec immediately prior to consummation of the Merger are generally expected to be the executive officers of Wabtec immediately following consummation of the Merger, with Albert J. Neupaver remaining as Wabtec's executive chairman and Raymond T. Betler remaining as Wabtec's president and CEO. Following consummation of the Transactions, Stéphane Rambaud-Measson will become president and CEO of Wabtec's Transit Segment and Rafael O. Santana, president and CEO of GE Transportation, will become president and CEO of Wabtec's Freight Segment.

Wabtec Stockholder Approval

Wabtec cannot complete the Transactions unless the proposal relating to the Share Issuance is approved by a majority of votes cast by Wabtec stockholders on the proposal at the special meeting, either in person or by proxy (assuming a quorum is present), and the Wabtec Charter Amendment is approved by a majority of outstanding shares of Wabtec common stock.

Wabtec Stockholders Meeting

Under the terms of the Merger Agreement, Wabtec has agreed to call, give notice of, convene and hold a special meeting of its stockholders for the purpose of voting upon the proposals to approve the Share Issuance and the Wabtec Charter Amendment. The Wabtec Board has called a special meeting of Wabtec stockholders to be held on _____, 2018, for Wabtec stockholders of record on _____, 2018. The definitive proxy statement was mailed to Wabtec stockholders on or about _____, 2018.

Wabtec's directors and executive officers held approximately _____% of the shares entitled to vote at Wabtec's special meeting of stockholders as of _____, 2018. GE's and SpinCo's directors, executive officers and their affiliates owned an aggregate of approximately _____% of the shares of Wabtec common stock entitled to vote at Wabtec's special meeting of stockholders as of _____, 2018.

Certain stockholders, directors and officers of Wabtec beneficially owning approximately 10.9% of the outstanding shares of Wabtec common stock entered into a Voting Agreement with GE under which these persons agreed to vote in favor of the Share Issuance proposal and the Wabtec Charter Amendment proposal. The parties to the Voting Agreement are subject to certain other agreements, including restrictions on their ability to transfer their shares prior to the earlier of the special meeting of Wabtec stockholders to approve these proposals and the termination of the Voting Agreement. See Other Agreements—The Voting Agreement.

Accounting Treatment and Considerations

Accounting Standard Codification 805, Business Combinations, requires the use of the acquisition method of accounting for business combinations. In applying the acquisition method, it is necessary to identify both the accounting acquiree and the accounting acquiror. In a business combination effected through an exchange of equity interests, such as the Merger, the entity that issues the interests (Wabtec, in this case) is generally the acquiring entity. In identifying the acquiring entity in a combination effected through an exchange of equity interests, however, all pertinent facts and circumstances must be considered, including the following:

Issuance of equity by Wabtec. Wabtec expects to issue approximately 98.5 million shares of Wabtec common stock in the Merger.

TABLE OF CONTENTS

Incurrence of debt by Wabtec. Approximately \$2.9 billion of indebtedness is expected to be incurred in connection with the Transactions to fund the Direct Sale. Following the consummation of the Transactions, it is expected that post-Transaction GE Transportation will be owned by Wabtec through SpinCo, which will be a wholly owned subsidiary of Wabtec and will hold the SpinCo Business, and Direct Sale Purchaser, which will also be a wholly owned subsidiary of Wabtec and will hold the assets, potentially including the equity interests in certain pre-Transaction subsidiaries of GE that compose part of GE Transportation, acquired in the Direct Sale and the liabilities assumed in the Direct Sale. Nevertheless, because of the significant assets and operations represented by GE Transportation, Wabtec expects that following the consummation of the Transaction, SpinCo, Direct Sale Purchaser, and/or other entities through which GE Transportation is owned and operated may be required to become guarantors of the indebtedness of the Borrowers under the Credit Agreement, the New Wabtec Notes and Wabtec's existing senior unsecured notes.

The relative voting interests of Wabtec stockholders after the consummation of the Transactions. In this case and calculated on a fully-diluted, as-converted and as-exercised basis, GE and pre-Merger holders of GE common stock will collectively hold 50.1% of the equity ownership and associated voting rights in Wabtec after the consummation of the Transactions (with approximately 9.9% of the outstanding shares of Wabtec common stock expected to be held by GE) and 49.9% of the outstanding shares of Wabtec common stock will be held by pre-Merger Wabtec stockholders. The shares held by GE will be subject to GE's obligations under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this prospectus-information statement entitled *Other Agreements—Tax Matters Agreement*) and (y) the Shareholders Agreement to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger and prior thereto, to vote all of such shares in the proportion required under the Shareholders Agreement (as described in the section of this prospectus-information statement entitled *Other Agreements—Shareholders Agreement*).

The composition of the governing body of Wabtec after the consummation of the Transactions. The Wabtec Board currently consists of 12 directors. In connection with the Transactions, the size of the Wabtec Board will be increased to include three additional directors, each of whom is required to be independent as defined in the listing standards of the NYSE, to be designated as nominees by GE (subject to the nominees being reasonably acceptable to the Nominating and Corporate Governance Committee of the Wabtec Board), effective at the time of closing of the Merger. The Merger Agreement provides that, at the direction of GE, the GE designees will be assigned among the Wabtec Board's classes of directors so that one GE designee is appointed to the class of directors that is up for reelection at each of the first three annual meetings of Wabtec stockholders that occurs after the closing of the Merger. Additionally, in certain circumstances (see *Merger Agreement – Post-Closing Wabtec Board of Directors and Officers*), the Wabtec Board will take all actions necessary to include the GE designee up for reelection at the first annual meeting of Wabtec stockholders that occurs after the closing of the Merger as nominee for the Wabtec Board at such annual meeting, to recommend that Wabtec stockholders vote in favor of the GE designee and to support the election of the GE designee at such annual meeting.

The composition of the senior management of Wabtec after the consummation of the Transactions. The executive officers of Wabtec immediately prior to consummation of the Merger are generally expected to be the executive officers of Wabtec immediately following consummation of the Merger, with Albert J. Neupaver remaining as Wabtec's executive chairman and Raymond T. Betler remaining as Wabtec's president and CEO. Following consummation of the Transactions, Stéphane Rambaud-Measson will become president and CEO of Wabtec's Transit Segment and Rafael O. Santana, president and CEO of GE Transportation, will become president and CEO of Wabtec's Freight Segment.

Wabtec management has determined that Wabtec will be the accounting acquiror in the Merger based on the facts and circumstances outlined above and the analysis of the relevant GAAP guidance. Consequently, Wabtec will apply

acquisition accounting to the assets and liabilities of GE Transportation acquired or assumed upon the consummation of the Direct Sale and the Merger. The historical financial statements of Wabtec for periods ended prior to the consummation of the Merger will reflect only the operations and financial condition of Wabtec. Subsequent to the consummation of the Merger, the financial statements of Wabtec will include the combined operations and financial condition of Wabtec and GE Transportation.

TABLE OF CONTENTS

Regulatory Approvals

Under the HSR Act, the parties must file pre-merger notifications with the U.S. Federal Trade Commission (FTC) and the Antitrust Division of the United States Department of Justice (DOJ) and observe specified waiting periods before consummating the Merger. Wabtec and GE each filed the requisite notification and report forms with the FTC and the DOJ on June 22, 2018. Wabtec and GE have each received a request for additional information (second request) from the DOJ. The second request is not an uncommon part of the regulatory review process under the HSR Act in respect of large transactions. The effect of the second request is to extend the waiting period imposed by the HSR Act until 30 days after Wabtec and GE have substantially complied with their respective request, unless that period is extended voluntarily by both parties or terminated sooner by the DOJ. Wabtec and GE will continue to cooperate fully with the DOJ as it reviews the proposed transaction. In addition to the expiration of the waiting period under the HSR Act, the parties have agreed to take, make or obtain all material actions by, consents or approvals of, or in respect of or filings with any governmental authority required to permit the consummation of the Merger, including the governmental authorizations to be sought in Austria, Brazil, Canada, Germany, Kazakhstan, Mexico, Pakistan, Russia, South Africa and Ukraine. The required waiting period in Canada has expired, and the parties have already obtained clearance from Austria, Germany and Russia.

Federal Securities Law Consequences; Resale Restriction

Wabtec common stock issued in the Merger will not be subject to any restrictions on transfer arising under the Securities Act, except for shares of Wabtec common stock issued to any person who may be deemed to be an affiliate of Wabtec under the Securities Act.

No Appraisal or Dissenters Rights

None of the stockholders of Wabtec, Merger Sub, Direct Sale Purchaser, GE or SpinCo will be entitled to exercise appraisal rights or to demand payment for their shares in connection with the Transactions.

Material U.S. Federal Income Tax Consequences of the Distribution and the Merger to GE Stockholders

It is intended that the Distribution, together with certain related transactions, will qualify as a reorganization within the meaning of Section 368(a)(1)(D) of the Code and a tax-free distribution within the meaning of Section 355(a) of the Code, and the Merger will qualify as a tax-free reorganization within the meaning of Section 368(a) of the Code. On the basis that the Distribution and the Merger are so treated, U.S. Holders (as defined in Material U.S. Federal Income Tax Consequences of the Distribution and the Merger to GE Stockholders) of GE common stock generally will not recognize gain or loss for U.S. federal income tax purposes by reason of the Distribution or the Merger, except, in the case of the Merger, for any gain or loss recognized with respect to any cash received in lieu of a fractional share of Wabtec common stock. If the Distribution and/or the Merger fails to qualify for the intended tax treatment, GE stockholders will be subject to substantial U.S. federal income taxes.

The consummation of the Distribution, the Merger and the related transactions are conditioned upon the receipt of opinions of tax counsel to the effect that such transactions qualify for their intended tax treatment. GE has also requested a private letter ruling from the IRS with respect to certain aspects of the intended tax treatment of the Distribution (the Ruling). If GE does not timely receive the Ruling, the Distribution and certain related transactions will be restructured in a manner intended to permit tax counsel to GE to render its opinion in the absence of the Ruling. Any such restructuring will not affect the tax consequences of the Distribution and the Merger to U.S. Holders of GE common stock. An opinion of tax counsel neither binds the IRS nor precludes the IRS or the courts from adopting a contrary position.

The tax consequences to you of the Distribution and the Merger will depend on your particular circumstances. You should read the discussion in the section of this document entitled "Material U.S. Federal Income Tax Consequences of the Distribution and the Merger to GE Stockholders" and consult your own tax advisor for a full understanding of the tax consequences to you of the Distribution and the Merger.

TABLE OF CONTENTS**SUMMARY HISTORICAL, PRO FORMA AND SUPPLEMENTAL FINANCIAL DATA**

The following summary combined financial data of GE Transportation and summary consolidated financial data of Wabtec are being provided to help you in your analysis of the financial aspects of the Transactions. You should read this information in conjunction with the financial information included elsewhere and incorporated by reference in this prospectus-information statement. Summary Unaudited Pro Forma Condensed Combined Financial Data

The following summary unaudited pro forma condensed combined financial statements are presented to illustrate the estimated effects of the Transactions described in this prospectus-information statement under The Transactions. The following unaudited pro forma condensed combined balance sheet as of June 30, 2018, and the unaudited pro forma condensed combined statement of income for the six months ended June 30, 2018 and the year ended December 31, 2017 (collectively, the Pro Forma Statements) have been prepared in compliance with the requirements of Regulation S-X under the Securities Act using accounting policies in accordance with U.S. GAAP.

The Pro Forma Statements should be read in conjunction with the audited consolidated financial statements of Wabtec as of and for the year ended December 31, 2017, which are incorporated by reference herein from Wabtec's current report on Form 8-K filed with the SEC on September 10, 2018, Wabtec's interim financial statements as of and for the six-month period ended June 30, 2018, which are incorporated by reference herein from Wabtec's quarterly report on Form 10-Q filed with the SEC for the quarter ended June 30, 2018, and the audited combined financial statements of GE Transportation as of and for the year ended December 31, 2017 and GE Transportation's interim financial statements as of and for the six-month period ended June 30, 2018, which are, in each case, included elsewhere in this prospectus-information statement. GE Transportation's historical financial statements included in this prospectus-information statement have been presented on a carve-out basis from GE's consolidated financial statements using the historical results of operations, cash flows, assets and liabilities of GE Transportation and include allocations of corporate expenses from GE. These allocations reflect significant assumptions, and the financial statements do not fully reflect what GE Transportation's financial position, results of operations or cash flows would have been had it been a stand-alone company during the periods presented. As a result, historical financial information is not necessarily indicative of GE Transportation's future results of operations, financial position or cash flows. The note disclosure requirements of annual consolidated financial statements provide additional disclosures to that required for pro forma condensed combined financial information.

The unaudited Pro Forma Statements give effect to the Transactions as if they had occurred on January 1, 2017, for the purposes of the unaudited pro forma condensed combined statements of income for the six months ended June 30, 2018 and the year ended December 31, 2017. The unaudited Pro Forma Statements give effect to the Transactions as if they had occurred on June 30, 2018, for the purposes of the unaudited pro forma condensed combined balance sheet. In the opinion of Wabtec's management, these Pro Forma Statements include all material adjustments necessary to be in accordance with Article 11 of Regulation S-X under the Securities Act. The Pro Forma Statements are presented for illustrative purposes only and may not be indicative of the results of operations that would have occurred if the events reflected therein had been in effect on the dates indicated or the results which may be obtained in the future. In preparing the Pro Forma Statements, no adjustments have been made to reflect the potential operating synergies and administrative cost savings or the costs of integration activities that could result from the combination of Wabtec and GE Transportation. Actual amounts recorded upon consummation of the Transactions will differ from the Pro Forma Statements, and the differences may be material. See Where You Can Find More Information; Incorporation by Reference, Unaudited Pro Forma Combined Consolidated Financial Statements and the interim combined financial statements of GE Transportation and the notes thereto and audited combined financial statements of GE Transportation and notes thereto, which are, in each case, included elsewhere in this prospectus-information statement.

TABLE OF CONTENTS**Summary Comparative Historical and Pro Forma Per Share Data**

The following table sets forth certain historical and pro forma per share data for Wabtec. The Wabtec historical data has been derived from and should be read together with Wabtec's unaudited consolidated financial statements and related notes thereto contained in Wabtec's quarterly report on Form 10-Q filed with the SEC for the six-month period ended June 30, 2018 and Wabtec's audited consolidated financial statements and related notes thereto as of and for the year ended December 31, 2017, which are incorporated by reference herein from Wabtec's current report on Form 8-K filed with the SEC on September 10, 2018. See "Where You Can Find More Information; Incorporation by Reference." The pro forma data as of and for the six-month period ended June 30, 2018 and for the year ended December 31, 2017 has been derived from the unaudited pro forma condensed combined financial statements included elsewhere in this prospectus-information statement. See "Unaudited Pro Forma Condensed Combined Financial Statements."

This comparative historical and pro forma per-share data is being provided for illustrative purposes only. Wabtec and GE Transportation may have performed differently had the Transactions occurred prior to the periods or at the date presented. You should not rely on the pro forma per-share data presented as being indicative of the results that would have been achieved had Wabtec and GE Transportation been combined during the periods or at the date presented or of the future results or financial condition of Wabtec or GE Transportation to be achieved following the consummation of the Transactions.

Wabtec Dividend Policy

Wabtec currently intends to continue paying dividends on a quarterly basis, although the declaration of any future dividends will be determined by the Wabtec Board and will depend on many factors, including available cash, estimated cash needs, earnings, financial condition, operating results, and capital requirements, as well as limitations in Wabtec's contractual agreements, applicable law, regulatory constraints, industry practice and other business considerations that the Wabtec Board considers relevant. Wabtec's ability to declare and pay future dividends on Wabtec common stock may be restricted by the provisions of the DGCL and covenants in Wabtec's then-existing indebtedness arrangements.

TABLE OF CONTENTS

RISK FACTORS

You should carefully consider each of the following risks and all of the other information contained and incorporated by reference in this prospectus-information statement and the exhibits hereto. Some of the risks described below relate principally to the Transactions, while others relate principally to the business and the industry in which Wabtec, including SpinCo and the Transferred Subsidiaries, will operate after the Transactions. The remaining risks relate principally to the securities markets generally and ownership of shares of Wabtec common stock. The risks described below are not the only risks that Wabtec currently faces or will face after the Transactions. Additional risks and uncertainties not currently known or that are currently expected to be immaterial also may materially and adversely affect Wabtec's business and financial condition or the price of Wabtec common stock following the consummation of the Transactions. In addition, you should consider the risks associated with Wabtec's business that appear in its annual report on Form 10-K for the year ended December 31, 2017 or any subsequent reports filed with the SEC and incorporated by reference into this document.

Risks Related to the Transactions

The Transactions may not be completed on the terms or timeline currently contemplated, or at all, as Wabtec and GE may be unable to satisfy the conditions or obtain the approvals required to complete the Transactions or such approvals may contain material restrictions or conditions.

The consummation of the Transactions is subject to numerous conditions, including, among other things:

- the approval by Wabtec stockholders of the Share Issuance;
- the approval by Wabtec stockholders of the Wabtec Charter Amendment;
- the termination or expiration of the applicable waiting period under the HSR Act;
- the taking, making or obtaining of all material actions by, consents or approvals of, or in respect of or filings with any governmental authority required to permit the Transactions;
- the effectiveness under the Securities Act of (i) SpinCo's registration statement on Form 10 or such Form(s) as shall be required under applicable SEC rules in connection with the Distribution and (ii) Wabtec's registration statement on Form S-4 in connection with the Merger, and, in each case, the absence of any stop order issued by the SEC or any pending proceeding before the SEC seeking a stop order with respect thereto;
- the receipt of the GE Tax Opinions and the Wabtec Tax Opinion by GE and Wabtec, respectively;
- the receipt of the Direct Sale Purchase Price by GE;
- the completion of the various transaction steps contemplated by the Merger Agreement and the Separation Agreement, including the International Reorganization, the Direct Sale, the SpinCo Transfer and the Distribution; and
- other customary conditions.

There is no assurance that the Transactions will be consummated on the terms or timeline currently contemplated, or at all. Wabtec and GE have and will continue to expend time and resources of management and to incur legal, advisory and financial services fees related to the Transactions and the related financing for the Transactions. These expenses must be paid regardless of whether the Transactions are consummated.

Governmental authorities may not approve the Transactions, may impose conditions to the approval of the Transactions or may require changes to the terms of the Transactions. Any such conditions or changes could have the effect of delaying completion of the Transactions, imposing costs on or limiting the revenues of the combined company following the Transactions or otherwise reducing the anticipated benefits of the Transactions. Any condition or change which results in a material adverse effect on GE and/or Wabtec under the Merger Agreement may cause GE and/or Wabtec to restructure or terminate the Transactions.

If completed, the integration of Wabtec and GE Transportation may not be successful or the anticipated benefits from the Transactions may not be realized.

After the consummation of the Transactions, Wabtec will have significantly more sales, assets and employees than it did prior to the consummation of the Transactions. During the period in which transition services are

TABLE OF CONTENTS

provided to Wabtec by GE, SpinCo will have a continued dependence on the provision of services from GE, including with respect to research and development and information technology infrastructure. The integration process will require Wabtec to expend capital and significantly expand the scope of its operations. Wabtec management will be required to devote a significant amount of time and attention to the process of integrating the operations of Wabtec's business and GE Transportation. There is a significant degree of difficulty and management involvement inherent in that process. These difficulties include, but are not limited to:

- integrating GE Transportation while carrying on the ongoing operations of Wabtec's business;
- managing a significantly larger company than before the consummation of the Transactions;
- the possibility of faulty assumptions underlying Wabtec's expectations regarding the integration process;
- coordinating a greater number of diverse businesses located in a greater number of geographic locations;
- operating in geographic markets or industry sectors in which Wabtec may have little or no experience;
- complying with laws of new jurisdictions in which Wabtec has not previously operated;
- integrating business systems and models;
- attracting and retaining the necessary personnel associated with GE Transportation following the consummation of the Transactions;
- creating and implementing uniform standards, controls, procedures, policies and information systems and controlling the costs associated with such matters; and
- integrating information technology, purchasing, accounting, finance, sales, billing, payroll and regulatory compliance systems, and meeting external reporting requirements following the consummation of the Transactions.

All of the risks associated with the integration process could be exacerbated by the fact that Wabtec may not have a sufficient number of employees with the requisite expertise to integrate the businesses or to operate Wabtec's business after the Transactions. Failure to hire or retain employees with the requisite skills and knowledge to run Wabtec after the Transactions may have a material adverse effect on Wabtec's business, financial condition and results of operations.

Even if Wabtec is able to combine the two business operations successfully, it may not be possible to realize the benefits of the increased sales volume and other benefits, including the synergies that are expected to result from the Transactions, or realize these benefits within the time frame that is anticipated. For example, the elimination of duplicative costs may not be possible or may take longer than anticipated, or the benefits from the Transactions may be offset by costs incurred or delays in integrating the companies. In addition, the quantification of synergies expected to result from the Transactions is based on significant estimates and assumptions that are subjective in nature and inherently uncertain. The amount of synergies actually realized following the Transactions, if any, and the time periods in which any such synergies are realized, could differ materially from the expected synergies discussed in this prospectus-information statement, regardless of whether Wabtec is able to combine the two business operations successfully.

If Wabtec is unable to successfully integrate GE Transportation or if it is unable to realize the anticipated synergies and other benefits of the Transactions, there could be a material adverse effect on Wabtec's business, financial condition and results of operations.

The Merger Agreement contains provisions that may discourage other companies from trying to acquire Wabtec.

The Merger Agreement contains provisions that may discourage a third party from submitting prior to the closing of the Transactions a business combination proposal to Wabtec that might result in greater value to Wabtec stockholders than the Transactions. The Merger Agreement generally prohibits Wabtec from soliciting any alternative transaction proposal, although the Wabtec Board may, subject to certain limitations, withdraw or modify its recommendation regarding the Transactions in the event it receives an unsolicited alternative transaction proposal that the Wabtec Board determines is superior to the Transactions. See [The Merger Agreement—No Solicitation](#) and [—Board](#)

Recommendation. In addition, before the Wabtec Board may

27

TABLE OF CONTENTS

withdraw or modify its recommendation regarding the Transactions, GE has the opportunity to negotiate with Wabtec to modify the terms of the Transactions in response to any competing acquisition proposals. See *The Merger Agreement—Board Recommendation*. If the Merger Agreement is terminated by Wabtec or GE in certain circumstances, Wabtec may be obligated to pay a termination fee to GE, which would represent an additional cost for a potential third party seeking a business combination with Wabtec. See *The Merger Agreement—Termination Fee and Expenses*.

Failure to complete the Transactions could adversely affect the market price of Wabtec common stock as well as its business, financial condition and results of operations.

If the Transactions are not completed for any reason, the price of Wabtec common stock may decline, or the company's business, financial condition and results of operations may be impacted: to the extent that the market price of Wabtec common stock reflects positive market assumptions that the Transactions will be completed and the related benefits will be realized; based on significant expenses, such as legal, advisory and financial services which generally must be paid regardless of whether the Transactions are completed; based on potential disruption of the business of Wabtec and distraction of its workforce and management team; and based on the requirement in the Merger Agreement that, under certain circumstances, Wabtec must pay GE a termination fee or reimburse GE for expenses relating to the Transactions.

Wabtec will incur significant costs related to the Transactions that could have a material adverse effect on its liquidity, cash flows and operating results.

Wabtec expects to incur significant, one-time costs in connection with the Transactions, some of which will be capitalized, including approximately \$35.0 million of financing-related fees, approximately \$60.0 million of transaction-related costs (including advisory, legal, accounting and other professional fees) and approximately \$88.0 million of transition and integration-related costs (a portion of which will be incremental capital spending), which Wabtec management believes are necessary to realize the anticipated synergies from the Transactions. The incurrence of these costs may have a material adverse effect on Wabtec's liquidity, cash flows and operating results in the periods in which they are incurred.

Investors holding shares of Wabtec common stock immediately prior to the completion of the Transactions will have a significantly reduced ownership and voting interest in Wabtec after the Transactions and will exercise less influence over management.

Investors holding shares of Wabtec common stock immediately prior to the completion of the Transactions will, in the aggregate, own a significantly smaller percentage of the combined company immediately after the completion of the Transactions.

Upon consummation of the Merger and calculated based on Wabtec's outstanding common stock immediately prior to the Merger on a fully-diluted, as-converted and as-exercised basis, 50.1% of the outstanding shares of Wabtec common stock would be held collectively by GE and pre-Merger holders of GE common stock (with approximately 9.9% of the outstanding shares of Wabtec common stock expected to be held by GE) and 49.9% of the outstanding shares of Wabtec common stock would be held by pre-Merger Wabtec stockholders. The shares held by GE will be subject to GE's obligations under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this prospectus-information statement entitled *Other Agreements—Tax Matters Agreement*) and (y) the Shareholders Agreement to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger and prior thereto, to vote all of such shares in the proportion required under the Shareholders Agreement (as described in the section of this prospectus-information statement entitled *Other Agreements—Shareholders Agreement*). Consequently, Wabtec stockholders, collectively, will be able to exercise significantly less influence over the

management and policies of the combined company than they will be able to exercise over the management and Wabtec's policies immediately prior to the completion of the Transactions.

Where calculations are presented in this prospectus-information statement on a fully-diluted, as-converted and as-exercised basis, such calculations reflect a number of outstanding shares of Wabtec common stock that will be higher than the number of shares of Wabtec common stock actually outstanding at the relevant time, which variance may affect the actual percentages upon consummation of the Merger. In addition, in those instances, references to Wabtec stockholders owning 49.9% of the outstanding Wabtec common stock assume that the

TABLE OF CONTENTS

holders of instruments convertible into or exercisable for Wabtec common stock are the owners of the underlying Wabtec common stock and, with limited exceptions, assume that Wabtec equity awards, including those that may be settled in cash, are instruments convertible into or exercisable for Wabtec common stock.

The calculation of merger consideration will not be adjusted if there is a change in the value of GE Transportation or its assets or the value of Wabtec before the Transactions are completed.

The calculation of the number of shares of Wabtec common stock to be distributed in the Merger is based upon fixed percentages and will not be adjusted if there is a change in the value of GE Transportation or its assets or the value of Wabtec prior to the consummation of the Transactions. Wabtec will not be required to consummate the Merger if there has been any material adverse effect on GE Transportation as defined in the Merger Agreement (as discussed above under *The Merger Agreement*). However, Wabtec will not be permitted to terminate or re-solicit the vote of Wabtec stockholders because of any changes in the market prices of Wabtec common stock or any changes in the value of GE Transportation that do not constitute a material adverse effect on GE Transportation.

Sales of Wabtec common stock after the Transactions may negatively affect the market price of Wabtec common stock.

The shares of Wabtec common stock to be issued as part of the Transactions will generally be eligible for immediate resale. The market price of Wabtec common stock could decline as a result of sales of a large number of shares of Wabtec common stock in the market after the consummation of the Transactions or even the perception that these sales could occur.

Following the consummation of the Transactions, GE is expected to hold approximately 9.9% of the outstanding Wabtec common stock. Pursuant to the Tax Matters Agreement and the Shareholders Agreement, GE is subject to certain requirements to sell shares of Wabtec common stock acquired in the Merger with a number of shares required to be sold by the second anniversary of the Merger and, with limited exceptions, all such shares required to be sold by the third anniversary of the closing of the Merger. Although these required sales have been disclosed, future sales by GE of a substantial number of shares could reduce the market price of Wabtec common stock.

Currently, GE stock may be held in index funds, and may be held by institutional investors subject to various investing guidelines. Because Wabtec may not be included in these indices following the consummation of the Transactions or may not meet the investing guidelines of some of these institutional investors, these index funds and institutional investors may decide to or may be required to sell the Wabtec common stock that they receive. In addition, with respect to the GE retirement plans that receive shares of Wabtec common stock in the Transactions, if any, those persons with investment discretion with respect to those shares of Wabtec common stock may decide to sell such shares following the consummation of the Transactions.

Wabtec has incurred, and expects to incur, new indebtedness in connection with the Transactions, and the degree to which Wabtec will be leveraged following completion of the Transactions may have a material adverse effect on Wabtec's business, financial condition or results of operations and cash flows.

Wabtec and the other Borrowers entered into the Credit Agreement on June 8, 2018, which includes (i) a \$1.2 billion Revolving Credit Facility, (ii) a \$350.0 million Refinancing Term Loan and (iii) a \$400.0 million Delayed Draw Term Loan. Wabtec also obtained Bridge Commitments in respect of the Bridge Loan Facility in an amount not to exceed \$2.5 billion. On September 14, 2018, in accordance with the Commitment Letter, the Bridge Commitments were permanently reduced to \$0 in connection with Wabtec's issuance of \$500 million aggregate principal amount of the Floating Rate Notes, \$750 million aggregate principal amount of the 2024 Notes and \$1.25 billion aggregate principal amount of the 2028 Notes. Wabtec will use funds available under the Delayed Draw Term Loan and the proceeds

from the issuance of the New Wabtec Notes to pay the Direct Sale Purchase Price. The Credit Agreement is expected to have approximately \$812 million of unused availability immediately following consummation of the Transactions.

If Wabtec is not able to repay or refinance its debt as it becomes due, Wabtec may be forced to sell assets or take other disadvantageous actions, including (i) reducing financing in the future for working capital, capital expenditures and general corporate purposes or (ii) dedicating an unsustainable level of Wabtec's cash flow from

TABLE OF CONTENTS

operations to the payment of principal and interest on Wabtec's indebtedness. In addition, Wabtec's ability to withstand competitive pressures and react to changes in Wabtec's industry could be impaired. The lenders who hold such debt also could accelerate amounts due, which could potentially trigger a default or acceleration of any of Wabtec's other debt.

In addition, Wabtec may increase its debt or raise additional capital following the Transactions, subject to restrictions in Wabtec's debt agreements. If Wabtec's cash flow from operations is less than it anticipates, or if Wabtec's cash requirements are more than it expects, Wabtec may require more financing. However, debt or equity financing may not be available to Wabtec on terms advantageous or acceptable to Wabtec, if at all. If Wabtec incurs additional debt or raises equity through the issuance of preferred stock, the terms of the debt or preferred stock issued may give the holders rights, preferences and privileges senior to those of holders of Wabtec common stock, particularly in the event of liquidation. The terms of the debt or preferred stock also may impose additional and more stringent restrictions on Wabtec's operations than those to which it is currently subject. If Wabtec raises funds through the issuance of additional equity, Wabtec stockholders' percentage ownership in Wabtec would be further diluted. If Wabtec is unable to raise additional capital when needed, it could affect Wabtec's financial condition.

Further, Wabtec's credit ratings impact the cost and availability of future borrowings, and, as a result, Wabtec's cost of capital. Wabtec's ratings reflect each rating organization's opinion of Wabtec's financial strength, operating performance and ability to meet Wabtec's debt obligations. Each of the ratings organizations reviews Wabtec's ratings periodically, and there can be no assurance that current ratings will be maintained in the future. Following the announcement of the Transactions, Moody's affirmed Wabtec's current credit ratings with a negative outlook, Standard & Poor's placed Wabtec's credit ratings under review for a possible downgrade and Fitch assigned Wabtec a BBB- credit rating with a stable outlook. On September 10, 2018, Standard & Poor's affirmed Wabtec's current credit ratings with a negative outlook. Downgrades in Wabtec's ratings could adversely affect Wabtec's businesses, cash flows, financial condition and operating results.

The historical financial information of GE Transportation may not be representative of its results or financial condition if it had been operated independently of GE and, as a result, may not be a reliable indicator of its future results.

GE Transportation is currently operated by GE. Consequently, the financial information of GE Transportation included in this prospectus-information statement has been derived from the consolidated financial statements and accounting records of GE as if the operations of GE Transportation were conducted independently from GE. The historical results of operations, financial position and cash flows of GE Transportation included in this prospectus-information statement may not be indicative of what they would have been had GE Transportation actually been an independent stand-alone entity, nor are they necessarily indicative of the future results of operations, financial position and cash flows of GE Transportation. For example, the combined financial statements of GE Transportation include all revenues and costs directly attributable to GE Transportation and an allocation of expenses related to certain GE corporate functions. These expenses have been allocated to GE Transportation based on direct usage or benefit where identifiable, with the remainder allocated *pro rata* based on an applicable measure of revenues, cost of revenues, headcount, fixed assets, number of transactions or other relevant measures. Although SpinCo considers these allocations to be a reasonable reflection of the utilization of services or the benefit received, the allocations may not be indicative of the actual expense that would have been incurred had SpinCo operated as an independent, stand-alone entity, nor are they indicative of SpinCo's future expenses.

The unaudited pro forma combined financial information of Wabtec and GE Transportation is not intended to reflect what actual results of operations and financial condition would have been had Wabtec and GE Transportation been a combined company for the periods presented, and therefore these results may not be indicative of Wabtec's future operating performance.

Because Wabtec will acquire GE Transportation only upon completion of the Transactions, it has no available historical financial information that consolidates the financial results for the GE Transportation and Wabtec. The historical financial statements contained or incorporated by reference in this prospectus-information statement consist of the separate financial statements of GE Transportation and Wabtec.

The unaudited pro forma condensed combined financial information presented in this prospectus-information statement is for illustrative purposes only and is not intended to, and does not purport to, represent what

TABLE OF CONTENTS

Wabtec's actual results or financial condition would have been if the Transactions had occurred on the relevant date. In addition, such unaudited pro forma condensed combined financial information is based in part on certain assumptions regarding the Transactions that Wabtec believes are reasonable. These assumptions, however, are only preliminary and will be updated only after the consummation of the Transactions. The unaudited pro forma condensed combined financial information has been prepared using the acquisition method of accounting, with Wabtec considered the acquirer of GE Transportation. Under the acquisition method of accounting, the purchase price is allocated to the underlying tangible and intangible assets acquired and liabilities assumed based on their respective fair values with any excess purchase price allocated to goodwill. The pro forma purchase price allocation was based on an estimate of the fair values of the tangible and intangible assets and liabilities of GE Transportation. In arriving at the estimated fair values, Wabtec considered the preliminary appraisals of independent consultants which were based on a preliminary and limited review of the assets and liabilities related to GE Transportation to be transferred to, or assumed by, Direct Sale Purchaser, SpinCo and the SpinCo Transferred Subsidiaries in the Transactions. Following the Merger, Wabtec expects to complete the purchase price allocation after considering the fair value of the assets and liabilities of GE Transportation at the level of detail necessary to finalize the required purchase price allocation. The final purchase price allocation may be different than that reflected in the pro forma purchase price allocation presented herein, and this difference may be material.

The unaudited pro forma condensed combined financial information does not reflect the costs of any integration activities or transaction-related costs or incremental capital spending that Wabtec management believes are necessary to realize the anticipated synergies from the Transactions. Accordingly, the pro forma financial information included in this prospectus-information statement does not reflect what Wabtec's results of operations or operating condition would have been had Wabtec and GE Transportation been a consolidated entity during all periods presented, or what Wabtec's results of operations and financial condition will be in the future.

Wabtec may be unable to provide the same types and level of benefits, services and resources to GE Transportation that historically have been provided by GE, or may be unable to provide them at the same cost.

As part of GE, GE Transportation has been able to receive benefits and services from GE and has been able to benefit from GE's financial strength and extensive business relationships. After the consummation of the Transactions, GE Transportation will be owned by Wabtec and no longer will benefit from GE's resources. While Wabtec will enter into agreements under which GE will agree to provide certain transition services and site-related services for a period of time following the consummation of the Transactions, it cannot be assured that Wabtec will be able to adequately replace those resources or replace them at the same cost. If Wabtec is not able to replace the resources provided by GE or is unable to replace them at the same cost or is delayed in replacing the resources provided by GE, Wabtec's business, financial condition and results of operations may be materially adversely impacted.

Wabtec's business, financial condition and results of operations may be adversely affected following the Transactions if Wabtec cannot negotiate contract terms that are as favorable as those GE has received when Wabtec replaces certain of GE Transportation's contracts after the closing of the Transactions.

Prior to the consummation of the Transactions, certain functions (such as purchasing, accounts payable processing, accounts receivable management, information systems, logistics and distribution) associated with GE Transportation are being performed under GE's centralized systems and, in some cases, under contracts that also are used for GE's other businesses and which will not be assigned in whole or in part to GE Transportation. In addition, some other contracts to which GE is a party on behalf of GE Transportation will require consents of third parties to assign them to GE Transportation. There can be no assurance that GE Transportation will be able to negotiate contract terms that are as favorable as those GE received when and if Wabtec replaces these contracts with its own agreements for similar services, including any contracts that may need to be replaced as a result of a failure to obtain required third-party consents.

Although Wabtec believes that it will be able to enter into new agreements for similar services and that GE and Wabtec will be able to obtain all material third-party consents required to assign contracts to GE Transportation, it is possible that the failure to enter into new agreements for similar services or to obtain required consents to assign contracts could have a material adverse impact on Wabtec's business, financial condition and results of operations following the consummation of the Transactions.

TABLE OF CONTENTS

Wabtec may fail to realize anticipated tax benefits of the Transactions.

GE and Wabtec intend that the Distribution and/or certain related transactions and the Direct Sale will be taxable to GE. Accordingly, GE and Wabtec intend that the Transactions will enable Wabtec to receive an increased tax basis in the assets of the SpinCo Business and the assets acquired in the Direct Sale and to realize other related tax benefits. However, the tax treatment of the Distribution, the Direct Sale and certain related transactions, and Wabtec's ability to realize the increased tax basis and other related tax benefits referenced above, are not certain. GE and Wabtec are not aware of any authority directly addressing a transaction involving these same facts, and do not intend to obtain any ruling from the IRS, or any opinion of counsel, relating to the availability of the intended tax basis increases and other related tax benefits referenced above.

If the IRS or a court were to successfully assert that the Distribution and certain related transactions are not taxable to GE or that the Direct Sale is not treated as a taxable sale for U.S. federal income tax purposes, Wabtec and its subsidiaries (including SpinCo and Direct Sale Purchaser) likely would need to make increased payments for taxes in the future relative to the payments they would have made absent such successful assertion. Because GE's obligation under the Tax Matters Agreement to repay Wabtec on account of tax benefits that are later disallowed is in respect of the portion of the tax benefits for which Wabtec made payments to GE (and not the incremental tax benefits referenced above), GE's repayment obligation in such case would not fully compensate Wabtec and its subsidiaries for the loss of all of the intended tax basis increases and other related tax benefits referenced above. See *Other Agreements—Tax Matters Agreement* for a more detailed description of the treatment of the tax benefits referenced above under the Tax Matters Agreement.

Wabtec may be required to make significant tax-related payments to GE.

Under the Tax Matters Agreement, Wabtec has agreed to make certain payments to GE as and when Wabtec realizes certain tax benefits arising out of the Transactions. The exact amount and timing of these payments is not certain, but GE and Wabtec expect that the amount of the payments will be significant and that all or a large majority of the amounts paid by Wabtec pursuant to this obligation will be paid within several years of the Distribution. The Tax Matters Agreement also obligates Wabtec to indemnify GE for certain types of taxes and other related amounts paid by GE or its subsidiaries to the extent such taxes and other amounts arise as a result of certain actions or failures to act, or breaches of the Tax Matters Agreement, by Wabtec, SpinCo or their subsidiaries, or with respect to the assets of Wabtec, SpinCo or their subsidiaries. See *Other Agreements—Tax Matters Agreement* for a more detailed description of Wabtec's obligation to make payments to GE in relation to Wabtec's realization of tax benefits from the Transactions and Wabtec's obligation to indemnify GE for certain taxes and other related amounts. To the extent the Tax Matters Agreement requires Wabtec, SpinCo or their subsidiaries to make substantial payments to GE or its subsidiaries, such payments could have a material adverse effect on Wabtec, including with respect to its financial condition and results of operations.

Wabtec and SpinCo are required to abide by potentially significant restrictions which could limit their ability to effect certain transactions (such as a merger or other combination) that otherwise could be advantageous.

To preserve the intended tax treatment of the Distribution and related transactions, the Tax Matters Agreement restricts Wabtec, SpinCo and their subsidiaries from taking certain actions that could affect such tax treatment or increase the tax liability of GE or its affiliates. These restrictions may limit the ability of Wabtec, SpinCo and their subsidiaries to pursue certain strategic or otherwise beneficial transactions, including certain acquisitions and equity capital market transactions. See *Other Agreements—Tax Matters Agreement* for a more detailed description of these restrictions.

Wabtec will have more shares of its common stock outstanding and will be a substantially larger company with significant indebtedness after the Transactions, which may discourage other companies from trying to acquire Wabtec.

Wabtec expects to issue approximately 98.5 million shares of its common stock in the Merger. Because Wabtec will be a significantly larger company and will have significantly more shares of its common stock outstanding after the consummation of the Transactions and significantly more outstanding indebtedness, an acquisition of Wabtec by a third party may become more expensive for potential acquirors. As a result, some companies may not seek to acquire Wabtec, and the reduction in potential parties that may seek to acquire Wabtec could negatively impact the prices at which Wabtec common stock trades.

TABLE OF CONTENTS

Wabtec's estimates and judgments related to the acquisition accounting models used to record the purchase price allocation may be inaccurate.

Wabtec management will make significant accounting judgments and estimates for the application of acquisition accounting under GAAP, and the underlying valuation models. Wabtec's business, operating results and financial condition could be materially and adversely impacted in future periods if Wabtec's accounting judgments and estimates related to these models prove to be inaccurate.

Wabtec may be required to recognize impairment charges for goodwill and other intangible assets.

Wabtec currently estimates that the proposed Transactions will add approximately \$12,318 million of goodwill and other intangible assets to Wabtec's consolidated balance sheet. In accordance with GAAP, Wabtec management periodically assesses these assets to determine if they are impaired. Significant negative industry or economic trends, disruptions to Wabtec's business, inability to effectively integrate acquired businesses, unexpected significant changes or planned changes in use of the assets, divestitures and market capitalization declines may impair goodwill and other intangible assets. Any charges relating to such impairments would adversely affect Wabtec's results of operations in the periods recognized.

Wabtec may waive one or more of the conditions to the consummation of the Transactions without re-soliciting stockholder approval.

Wabtec may determine to waive, in whole or in part, one or more of the conditions to its obligations to consummate the Transactions to the extent permitted by applicable law. If Wabtec waives the satisfaction of a material condition to the consummation of the Transactions, Wabtec will evaluate the facts and circumstances at that time and re-solicit stockholder approval of the Share Issuance and the Wabtec Charter Amendment if required to do so by applicable law or other relevant rules. In some cases, if the Wabtec Board determines that such waiver or its effect on Wabtec stockholders does not rise to the level of materiality that would require re-solicitation of proxies pursuant to applicable law or rules, Wabtec would complete the Merger without seeking further stockholder approval.

Wabtec directors and executive officers have interests in seeing the Transactions completed are different from, or in addition to, those of other Wabtec stockholders. Therefore, Wabtec directors and executive officers may have a conflict of interest in recommending the proposals being voted on at Wabtec's special meeting.

In considering the recommendations of the Wabtec Board that Wabtec stockholders vote to approve the Share Issuance and the Wabtec Charter Amendment, you should be aware that Wabtec directors and executive officers have financial interests in the Transactions that are different from, or in addition to, the interests of Wabtec stockholders generally. The members of the Wabtec Board were aware of and considered these interests, among other matters, in deciding to approve the terms of the Transactions, including the Merger, and in recommending to Wabtec stockholders that they vote to approve the Share Issuance and the Wabtec Charter Amendment.

The directors of Wabtec immediately prior to the consummation of the Merger are generally expected to be the directors of Wabtec immediately after the consummation of the Merger (although the size of the Wabtec Board will be increased to include three additional independent directors to be designated by GE, effective at the time of closing of the Merger). The executive officers of Wabtec immediately prior to consummation of the Merger are generally expected to be the executive officers of Wabtec immediately following consummation of the Merger, with Albert J. Neupaver remaining as Wabtec's executive chairman and Raymond T. Betler remaining as Wabtec's president and CEO. Following consummation of the Transactions, Stéphane Rambaud-Measson will become president and CEO of Wabtec's Transit Segment and Rafael O. Santana, president and CEO of GE Transportation, will become president and CEO of Wabtec's Freight Segment.

In addition, the directors and executive officers of Wabtec would be entitled to accelerated vesting of certain equity incentive awards upon the consummation of the Merger, and certain executive officers would be entitled to severance benefits upon a qualifying termination of employment in connection with the Merger that are greater than the severance benefits to which they are entitled without regard to the consummation of the Merger.

For a further description and quantification of the benefits that the Wabtec directors and executive officers may receive as a result of these interests, see [The Transactions—Interests of Wabtec’s Directors and Executive Officers in the Transactions](#).

TABLE OF CONTENTS

Risks Related to Wabtec, Including GE Transportation, After the Transactions

For purposes of the following discussion, unless the context requires otherwise, Wabtec refers to Westinghouse Air Brake Technologies Corporation and its subsidiaries, including SpinCo and the SpinCo Transferred Subsidiaries.

Prolonged unfavorable economic and market conditions could adversely affect Wabtec's business.

Unfavorable general economic and market conditions in the United States and internationally—particularly in Wabtec's key end markets—could have a negative impact on Wabtec's sales and operations. To the extent that these factors result in continued instability of capital markets, shortages of raw materials or component parts, longer sales cycles, deferral or delay of customer orders or an inability to market Wabtec's products effectively, Wabtec's business and results of operations could be materially adversely affected.

Wabtec is dependent upon key customers.

Wabtec relies on several key customers who represent a significant portion of its business. While Wabtec believes its relationships with its customers are generally good, Wabtec's top customers could choose to reduce or terminate their relationships with Wabtec. In addition, many of Wabtec's customers place orders for products on an as-needed basis and operate in cyclical industries. As a result, customer order levels have varied from period to period in the past and may vary significantly in the future. Such customer orders are dependent upon their markets and customers, and may be subject to delays and cancellations. Furthermore, the average service life of certain products in Wabtec's end markets has increased in recent years due to innovations in technologies and manufacturing processes, which has also allowed end users to replace parts less often. As a result of Wabtec's dependence on its key customers, Wabtec could experience a material adverse effect on its business, results of operations and financial condition if it lost any one or more of its key customers or if there is a reduction in their demand for Wabtec's products.

Wabtec operates in a highly competitive industry.

Wabtec operates in a global, competitive marketplace and faces substantial competition from a limited number of established competitors, some of which may have greater financial resources than Wabtec, may have a more extensive low-cost sourcing strategy and presence in low-cost regions than Wabtec or may receive significant governmental support. Price competition is strong and, coupled with the existence of a number of cost-conscious customers with significant negotiating power, has historically limited Wabtec's ability to increase prices. In addition to price, competition is based on product performance and technological leadership, quality, reliability of delivery and customer service and support. If Wabtec's competitors invest heavily in innovation and develop products that are more efficient or effective than Wabtec's products, Wabtec may not be able to compete effectively. There can be no assurance that competition in one or more of Wabtec's markets will not adversely affect Wabtec's business and its results of operations.

Wabtec intends to pursue acquisitions, joint ventures and alliances that involve a number of inherent risks, any of which may cause Wabtec not to realize anticipated benefits.

One aspect of Wabtec's business strategy is to selectively pursue acquisitions, joint ventures and alliances that Wabtec believes will improve its market position, and provide opportunities to realize operating synergies. These transactions involve inherent risks and uncertainties, any one of which could have a material adverse effect on Wabtec's business, results of operations and financial condition including:

- difficulties in achieving identified financial and operating synergies, including the integration of operations, services and products;

• diversion of management's attention from other business concerns;
• the assumption of unknown liabilities; and
• unanticipated changes in the market conditions, business and economic factors affecting such an acquisition, joint venture or alliance.

Wabtec cannot assure that it will be able to consummate any future acquisitions, joint ventures or other business combinations. If Wabtec is unable to identify or consummate suitable acquisitions, joint ventures or alliances,

TABLE OF CONTENTS

Wabtec may be unable to fully implement its business strategy, and its business and results of operations may be adversely affected as a result. In addition, Wabtec's ability to engage in such strategic transactions will be dependent on its ability to raise substantial capital, and Wabtec may not be able to raise the funds necessary to implement this strategy on terms satisfactory to Wabtec, if at all.

A failure to predict and react to customer demand could adversely affect Wabtec's business.

If Wabtec is unable to accurately forecast demand for its existing products or to react appropriately to changes in demand, Wabtec may experience delayed product shipments and customer dissatisfaction. If demand increases significantly from current levels, both Wabtec and its suppliers may have difficulty meeting such demand, particularly if such demand increases occur rapidly. Alternatively, Wabtec may carry excess inventory if demand for its products decreases below projected levels.

Additionally, Wabtec has dedicated significant resources to the development, manufacturing and marketing of new products. Decisions to develop and market new transportation products are typically made without firm indications of customer acceptance. Moreover, by their nature, new products may require alteration of existing business methods or threaten to displace existing equipment in which Wabtec's customers may have a substantial capital investment. There can be no assurance that any new products that Wabtec develops will gain widespread acceptance in the marketplace or that such products will be able to compete successfully with other new products or services that may be introduced by competitors. Furthermore, Wabtec may incur additional warranty or other costs as new products are tested and used by customers.

Failure to accurately predict and react to customer demand could have a material adverse effect on Wabtec's business, results of operations and financial condition.

Wabtec may fail to respond adequately or in a timely manner to innovative changes in new technology.

In recent years, the global transportation landscape has been characterized by rapid changes in technology, leading to innovative transportation and logistics concepts that could change the way the railway industry does business. There may be additional innovations impacting the railway industry that Wabtec cannot yet foresee. Any failure by Wabtec to quickly adapt to and adopt new innovations in products and processes desired by Wabtec's customers may result in a significant loss of demand for Wabtec's product and service offerings. In addition, advances in technology may require Wabtec to increase investments in order to remain competitive, and Wabtec's customers may not be willing to accept higher prices to cover the cost of these investments.

A portion of Wabtec's sales are related to delivering products and services to help its U.S. railroad and transit customers meet the Positive Train Control (PTC) mandate from the U.S. federal government, which requires the use of on-board locomotive computers and software by the end of 2018.

For the fiscal year ended December 31, 2017, Wabtec, without giving effect to the Transactions, had sales of about \$322 million related to train control and signaling, which includes PTC. In 2015, the industry's PTC deadline was extended by three years through December 31, 2018, which also included the ability of railroads to request an additional two years for compliance with the approval of the Department of Transportation if certain parameters are met. This could change the timing of Wabtec's revenues and could cause Wabtec to reassess the staffing, resources and assets deployed in delivering PTC services.

Wabtec's revenues are subject to cyclical variations in the railway and passenger transit markets and changes in government spending.

The railway industry historically has been subject to significant fluctuations due to overall economic conditions, the use of alternate methods of transportation and the levels of government spending on railway projects. In economic downturns, railroads have deferred, and may defer, certain expenditures in order to conserve cash in the short term. Reductions in freight traffic may reduce demand for Wabtec's replacement products.

The passenger transit railroad industry is also cyclical and is influenced by a variety of factors. New passenger transit car orders vary from year to year and are influenced by a variety of factors, including major replacement programs, the construction or expansion of transit systems by transit authorities and the quality and cost of alternative modes of transportation. To the extent that future funding for proposed public projects is curtailed or withdrawn altogether as a result of changes in political, economic, fiscal or other conditions beyond Wabtec's

TABLE OF CONTENTS

control, such projects may be delayed or cancelled, resulting in a potential loss of business for Wabtec, including locomotives, transit aftermarket and new transit car orders. There can be no assurance that economic conditions will be favorable or that there will not be significant fluctuations adversely affecting the industry as a whole and, as a result, Wabtec.

Wabtec's backlog is not necessarily indicative of the level of Wabtec's future revenues.

Wabtec's backlog represents future production and estimated potential revenue attributable to firm contracts with, or written orders from, its customers for delivery in various periods. Instability in the global economy, negative conditions in the global credit markets, volatility in the industries that Wabtec's products serve, changes in legislative policy, adverse changes in the financial condition of Wabtec's customers, adverse changes in the availability of raw materials and supplies, or un-remedied contract breaches could possibly lead to contract termination or cancellations of orders in Wabtec's backlog or request for deferred deliveries of Wabtec's backlog orders, each of which could adversely affect Wabtec's cash flows and results of operations.

A growing portion of Wabtec's sales may be derived from its international operations, which exposes Wabtec to certain risks inherent in doing business on an international level.

For the fiscal year ended December 31, 2017, without giving effect to the Transactions, approximately 66% of Wabtec's consolidated net sales were to customers outside of the United States. Wabtec intends to continue to expand its international operations, including in emerging markets, in the future. Wabtec's global headquarters for the Transit group is located in France, and Wabtec conducts other international operations through a variety of wholly and majority-owned subsidiaries and joint ventures, including in Australia, Austria, Brazil, Canada, China, Czech Republic, France, Germany, India, Italy, Macedonia, Mexico, the Netherlands, Poland, Russia, Spain, South Africa, Turkey, and the United Kingdom. As a result, Wabtec is subject to various risks, any one of which could have a material adverse effect on those operations and on its business as a whole, including:

- lack of complete operating control;
- lack of local business experience;
- currency exchange fluctuations and devaluations;
- restrictions on currency conversion or the transfer of funds or limitations on Wabtec's ability to repatriate income or capital;
- the complexities of operating within multiple tax jurisdictions;
- foreign trade restrictions and exchange controls;
- adverse impacts of international trade policies, such as import quotas, capital controls or tariffs;
- difficulty enforcing agreements and intellectual property rights;
- the challenges of complying with complex and changing, laws regulations and policies of foreign governments;
- the difficulties involved in staffing and managing widespread operations;
- the potential for nationalization of enterprises;
- economic, political and social instability; and
- possible terrorist attacks, conflicts and wars, including those against American interests.

Wabtec's exposure to the risks associated with international operations may intensify if its international operations expand in the future.

Wabtec may have liability arising from asbestos litigation.

Claims have been filed against Wabtec and certain of its affiliates in various jurisdictions across the United States by persons alleging bodily injury as a result of exposure to asbestos-containing products. Most of these claims have been made against Wabtec's wholly owned subsidiary, Railroad Friction Products Corporation (RFPC), and are based on a

product sold by RFPC prior to the time that Wabtec acquired any interest in RFPC.

TABLE OF CONTENTS

Most of these claims, including all of the RFPC claims, are submitted to insurance carriers for defense and indemnity or to non-affiliated companies that have retained the liabilities for the asbestos-containing products at issue. Wabtec cannot, however, assure that all these claims will be fully covered by insurance or that the indemnitors or insurers will remain financially viable. Wabtec's ultimate legal and financial liability with respect to these claims, as is the case with most other pending litigation, cannot be estimated.

Wabtec is subject to a variety of laws and regulations, including anti-corruption laws, in various jurisdictions.

Wabtec is subject to various laws, rules and regulations administered by authorities in jurisdictions in which Wabtec does business, such as the anti-corruption laws of the U.S. Foreign Corrupt Practices Act, the French Law n° 2016-1691 (Sapin II) and the U.K. Bribery Act, relating to its business and its employees. Wabtec is also subject to other laws and regulations governing its international operations, including regulations administered by the U.S. Department of Commerce's Bureau of Industry and Security, the U.S. Department of Treasury's Office of Foreign Assets Control, and various non-U.S. government entities, including applicable export control regulations, economic sanctions on countries and persons, customs requirements, currency exchange regulations, and transfer pricing regulations. Despite Wabtec's policies, procedures and compliance programs, its internal controls and compliance systems may not be able to protect Wabtec from prohibited acts willfully committed by its employees, agents or business partners that would violate such applicable laws and regulations. Any such improper acts could damage Wabtec's reputation, subject it to civil or criminal judgments, fines or penalties, and could otherwise disrupt Wabtec's business, and as a result, could materially adversely impact Wabtec's business, results of operations and financial condition.

In addition, Wabtec's manufacturing operations are subject to safety, operations, maintenance and mechanical standards, rules and regulations enforced by various federal and state agencies and industry organizations both domestically and internationally. Wabtec's business may be adversely impacted by new rules and regulations or changes to existing rules or regulations, which could require additional maintenance or substantial modification or refurbishment of certain of Wabtec's products or could make such products obsolete or require them to be phased out prior to their useful lives. Wabtec is unable to predict what impact these or other regulatory changes may have, if any, on its business or the industry as a whole. Wabtec cannot assure that costs incurred to comply with any new standards or regulations will not be material to Wabtec's business, results of operations and financial condition.

Wabtec is subject to a variety of environmental laws and regulations.

Wabtec is subject to a variety of increasingly stringent environmental laws and regulations governing discharges to air and water, substances in products, the handling, storage and disposal of hazardous or solid waste materials and the remediation of contamination associated with releases of hazardous substances. Wabtec has incurred, and will continue to incur, both operating and capital costs to comply with environmental laws and regulations, including costs associated with the clean-up and investigation of some of Wabtec's current and former properties and offsite disposal locations. Wabtec believes its operations currently comply in all material respects with all of the various environmental laws and regulations applicable to its business; however, there can be no assurance that environmental requirements will not change in the future or that Wabtec will not incur significant costs to comply with such requirements. Failure to comply with environmental laws and regulations could have significant consequences on Wabtec's business and results of operations, including the imposition of substantial fines and sanctions for violations, injunctive relief (including requirements that Wabtec limit or cease operations at affected facilities), and reputational risk.

In addition, certain of Wabtec's products are subject to extensive, and increasingly stringent, statutory and regulatory requirements governing, *e.g.*, emissions and noise, including standards imposed by the U.S. Environmental Protection Agency, the European Union and other regulatory agencies around the world. Wabtec has made, and will continue to

make, significant capital and research expenditures relating to compliance with these standards. The successful development and introduction of new and enhanced products in order to comply with new regulatory requirements are subject to other risks, such as delays in product development, cost over-runs and unanticipated technical and manufacturing difficulties. In addition to these risks, the nature and timing of government implementation and enforcement of these standards—particularly in emerging markets—are unpredictable and subject to change.

TABLE OF CONTENTS

Future climate change regulation could result in increased operating costs, affect the demand for Wabtec's products or affect the ability of Wabtec's critical suppliers to meet its needs.

Wabtec has followed the current debate over climate change and the related policy discussion and prospective legislation. The potential challenges for Wabtec that climate change policy and legislation may pose have been reviewed by Wabtec. Any such challenges are heavily dependent on the nature and degree of climate change legislation and the extent to which it applies to Wabtec's industry. At this time, Wabtec cannot predict the ultimate impact of climate change and climate change legislation on Wabtec's operations. Further, when or if these impacts may occur cannot be assessed until scientific analysis and legislative policy are more developed and specific legislative proposals begin to take shape. Any laws or regulations that may be adopted to restrict or reduce emissions of greenhouse gas could require Wabtec to incur increased operating costs, and could have an adverse effect on demand for Wabtec's products. In addition, the price and availability of certain of the raw materials that Wabtec uses could vary in the future as a result of environmental laws and regulations affecting Wabtec's suppliers. An increase in the price of Wabtec's raw materials or a decline in their availability could adversely affect Wabtec's operating margins or result in reduced demand for Wabtec's products.

The occurrence of litigation in which Wabtec could be named as a defendant is unpredictable.

From time to time, Wabtec is subject to litigation or other commercial disputes and other legal and regulatory proceedings with respect to its business, customers, suppliers, creditors, shareholders, product liability, intellectual property infringement, warranty claims or environmental-related matters. Due to the inherent uncertainties of any litigation, commercial disputes or other legal or regulatory proceedings, Wabtec cannot accurately predict their ultimate outcome, including the outcome of any related appeals. Wabtec may incur significant expense to defend or otherwise address current or future claims. Any litigation, even a claim without merit, could result in substantial costs and diversion of resources and could have a material adverse effect on Wabtec's business and results of operations. Although Wabtec maintains insurance policies for certain risks, Wabtec cannot make assurances that this insurance will be adequate to protect Wabtec from all material judgments and expenses related to potential future claims or that these levels of insurance will be available in the future at economical prices or at all.

If Wabtec is not able to protect its intellectual property and other proprietary rights, Wabtec may be adversely affected.

Wabtec's success can be impacted by its ability to protect its intellectual property and other proprietary rights. Wabtec relies primarily on patents, trademarks, copyrights, trade secrets and unfair competition laws, as well as license agreements and other contractual provisions, to protect its intellectual property and other proprietary rights. However, filing, prosecuting and defending patents on Wabtec's products in all countries and jurisdictions throughout the world would be prohibitively expensive. Moreover, existing U.S. legal standards relating to the validity, enforceability and scope of protection of intellectual property rights offer only limited protection, may not provide Wabtec with any competitive advantages and may be challenged by third parties. The laws of countries other than the United States may be even less protective of intellectual property rights. As a result, a significant portion of Wabtec's technology is not patented and Wabtec may be unable or may not seek to obtain patent protection for this technology. Further, although Wabtec routinely conducts anti-counterfeiting activities in multiple jurisdictions, Wabtec has encountered counterfeit reproductions of Wabtec's products or products that otherwise infringe on Wabtec's intellectual property rights. Counterfeit components of low quality may negatively impact Wabtec's brand value. Accordingly, despite Wabtec's efforts, Wabtec may be unable to prevent third parties from infringing upon, counterfeiting or misappropriating its intellectual property or otherwise gaining access to Wabtec's technology. If Wabtec fails to protect its intellectual property and other proprietary rights, then Wabtec's business, results of operations and financial condition could be negatively impacted.

In addition, Wabtec operates in industries in which there are many third-party owners of intellectual property rights. Owners of intellectual property that Wabtec needs to conduct its business as it evolves may be unwilling to license such intellectual property rights to Wabtec on terms Wabtec considers reasonable. Third party intellectual property owners may assert infringement claims against Wabtec based on their intellectual property portfolios. If Wabtec is sued for intellectual property infringement, Wabtec may incur significant expenses investigating and defending such claims, even if Wabtec prevails.

TABLE OF CONTENTS

Wabtec faces risks relating to cybersecurity attacks that could cause loss of confidential information and other business disruptions.

Threats to information technology systems associated with cybersecurity risks and cyber incidents or attacks continue to grow and Wabtec's business is at risk from and may be impacted by cybersecurity attacks. Wabtec relies extensively on computer systems to process transactions and manage its business. In addition, Wabtec collects, processes and retains sensitive and confidential customer information in the normal course of business. Cybersecurity attacks could include attempts to gain unauthorized access to Wabtec's data and computer systems. Attacks can be both individual and/or highly organized attempts by very sophisticated hacking organizations. Wabtec employs a number of measures to prevent, detect and mitigate these threats, which include employee education, password encryption, frequent password change events, firewall detection systems, anti-virus software in-place and frequent backups; however, there is no guarantee such efforts will be successful in preventing a cyber-attack. A cybersecurity attack could compromise the confidential information of Wabtec's employees, customers and suppliers, and potentially violate certain domestic and international privacy laws. Furthermore, a cybersecurity attack on Wabtec's customers and suppliers could compromise Wabtec's confidential information in the possession of Wabtec's customers and suppliers. A successful attack could disrupt and otherwise adversely affect Wabtec's business operations, including through lawsuits by third-parties. In addition, the regulatory environment related to information security and privacy is constantly changing, and compliance with those requirements could result in additional costs.

Wabtec's manufacturer's warranties or product liability may expose Wabtec to potentially significant claims.

Wabtec warrants the workmanship and materials of many of its products. Accordingly, Wabtec is subject to a risk of product liability or warranty claims in the event that the failure of any of its products results in personal injury or death, or does not conform to Wabtec's customers' specifications. In addition, in recent years, Wabtec has introduced a number of new products for which Wabtec does not have a history of warranty experience. Although Wabtec currently maintains liability insurance coverage, Wabtec cannot assure that product liability claims, if made, would not exceed Wabtec's insurance coverage limits or that insurance will continue to be available on commercially acceptable terms, if at all. The possibility exists for these types of warranty claims to result in costly product recalls, significant repair costs and damage to Wabtec's reputation.

Labor shortages and labor disputes may have a material adverse effect on Wabtec's operations and profitability.

Wabtec depends on skilled labor in its manufacturing and other businesses. Due to the competitive nature of the labor markets in which Wabtec operates, Wabtec may not be able to retain, recruit and train the personnel Wabtec requires, particularly when the economy expands, production rates are high or competition for such skilled labor increases.

Wabtec collectively bargains with labor unions at some of its operations throughout the world. Failure to reach an agreement could result in strikes or other labor protests which could disrupt Wabtec's operations. Furthermore, non-union employees in certain countries have the right to strike. If Wabtec were to experience a strike or work stoppage, it would be difficult for Wabtec to find a sufficient number of employees with the necessary skills to replace these employees. Wabtec cannot assure that it will reach any such agreement or that it will not encounter strikes or other types of conflicts with the labor unions of Wabtec's personnel.

Any such labor shortages or labor disputes could have an adverse effect on Wabtec's business, results of operations and financial condition, could cause Wabtec to lose revenues and customers and might have permanent effects on Wabtec's business.

Equipment failures, interruptions, delays in deliveries or extensive damage to Wabtec's facilities, supply chains, distribution systems or information technology systems, could adversely affect its business.

All of Wabtec's facilities, equipment, supply chains, distribution systems and information technology systems are subject to the risk of catastrophic loss due to unanticipated events, such as fires, earthquakes, explosions, floods, tornados, hurricanes or weather conditions. An interruption in Wabtec's manufacturing capabilities, supply chains, distribution systems or information technology systems, whether as a result of such catastrophic loss or any other reason, could reduce, prevent or delay Wabtec's production and shipment of its product offerings, result in

TABLE OF CONTENTS

defective products or services, damage customer relationships and Wabtec's reputation and result in legal exposure and large repair or replacement expenses. This could result in the delay or termination of orders, the loss of future sales and a negative impact to Wabtec's reputation with Wabtec's customers.

Third-party insurance coverage that Wabtec maintains with respect to such matters will vary from time to time in both type and amount depending on cost, availability and Wabtec's decisions regarding risk retention, and may be unavailable or insufficient to protect Wabtec against losses. Any of these risks coming to fruition could materially adversely affect Wabtec's business, results of operations and financial condition.

Wabtec may be exposed to raw material shortages, supply shortages and fluctuations in raw material, energy and commodity prices.

Wabtec purchases energy, steel, aluminum, copper, rubber and rubber-based materials, chemicals, polymers and other key manufacturing inputs from outside sources, and traditionally has not had long-term pricing contracts with its pure raw material suppliers. The costs of these raw materials have been volatile historically and are influenced by factors that are outside Wabtec's control. If Wabtec is unable to pass increases in the costs of Wabtec's raw materials on to Wabtec's customers, experiences a lag in its ability to pass increases to Wabtec's customers, or operational efficiencies are not achieved, Wabtec's operating margins and results of operations may be materially adversely affected.

Wabtec's businesses compete globally for key production inputs. In addition, Wabtec relies upon third-party suppliers, including certain single-sourced suppliers, for various components for its products. In the event of a shortage or discontinuation of certain raw materials or key inputs, Wabtec may experience challenges sourcing certain of its components to meet its production requirements and may not be able to arrange for alternative sources of certain raw materials or key inputs. Any such shortage may materially adversely affect Wabtec's competitive position versus companies that are able to better or more cheaply source such raw materials or key inputs.

Wabtec may incur increased costs due to fluctuations in interest rates and foreign currency exchange rates.

In the ordinary course of business, Wabtec is exposed to increases in interest rates that may adversely affect funding costs associated with variable-rate debt and changes in foreign currency exchange rates. Wabtec is subject to currency exchange rate risk to the extent that Wabtec's costs may be denominated in currencies other than those in which Wabtec earns and reports revenues and vice versa. In addition, a decrease in the value of any of these currencies relative to the U.S. dollar could reduce Wabtec's profits from non-U.S. operations and the translated value of the net assets of Wabtec's non-U.S. operations when reported in U.S. dollars in Wabtec's consolidated financial statements. Wabtec may seek to minimize these risks through the use of interest rate swap contracts and currency hedging agreements. There can be no assurance that any of these measures will be effective. Material changes in interest or exchange rates could result in material losses to Wabtec.

If Wabtec loses its senior management or key personnel, Wabtec's business may be materially and adversely affected.

The success of Wabtec's business is largely dependent on Wabtec's senior management team, as well as on Wabtec's ability to attract and retain other qualified key personnel. It cannot be assured that Wabtec will be able to retain all of its current senior management personnel and attract and retain other key personnel necessary for the development of Wabtec's business. The loss of the services of senior management and other key personnel or the failure to attract additional personnel as required could have a material adverse effect on Wabtec's business, results of operations and financial condition.

Wabtec has substantial operations located in India, and Wabtec is subject to regulatory, economic, social and political uncertainties in India.

Wabtec has extensive operations in India, including a large scale project in which Wabtec is constructing a factory in the state of Bihar, which includes a township to house employees. The project also includes construction of two service sheds, in the states of Uttar Pradesh and Gujarat. Wabtec's operations in India are inherently risky due to a number of regulatory, economic, social and political uncertainties. For example, in September 2017 several media outlets reported that the Indian government expressed a desire to switch the

TABLE OF CONTENTS

country's rail system from diesel to electric locomotives, which would threaten to interfere with the completion of the project and curtail the viability of Wabtec's ongoing operations in India. While no such actions have been taken to date, any change in policy with respect to India's rail system could have a material adverse effect on Wabtec's business.

In addition, the Indian government has exercised and continues to exercise significant influence over many aspects of the Indian economy. Since 1991, successive Indian governments have generally pursued policies of economic liberalization and financial sector reforms, including by significantly relaxing restrictions on the private sector. Nevertheless, the role of the Indian central and state governments in the Indian economy as producers, consumers and regulators has remained significant and Wabtec cannot assure you that such liberalization policies will continue. The rate of economic liberalization could change, and specific laws and policies affecting foreign investments in India could change as well, including exposure to possible expropriation, nationalization or other governmental actions.

Further, protests against privatizations and government corruption scandals, which have occurred in the past, could slow the pace of liberalization and deregulation. A significant change in India's policy of economic liberalization and deregulation or any social or political uncertainties could significantly harm business and economic conditions in India generally and Wabtec's business and prospects.

India's physical infrastructure is less developed than that of many developed nations. Any congestion or disruption with respect to communication systems or any public facility, including transportation infrastructure, could disrupt Wabtec's normal business activity. Any deterioration of India's physical infrastructure would harm the national economy, disrupt the transportation of people, goods and supplies, and add costs to doing business in India. These disruptions could interrupt Wabtec's business operations and significantly harm Wabtec's results of operations, financial condition and cash flows.

Wabtec's indebtedness could adversely affect its financial health.

At June 30, 2018, without giving effect to the Transactions, Wabtec had total debt of \$1,884.9 million. Wabtec and the other Borrowers entered into the Credit Agreement on June 8, 2018, which includes (i) a \$1.2 billion Revolving Credit Facility, (ii) a \$350.0 million Refinancing Term Loan and (iii) a \$400.0 million Delayed Draw Term Loan. Wabtec also obtained Bridge Commitments in respect of the Bridge Loan Facility in an amount not to exceed \$2.5 billion. On September 14, 2018, in accordance with the Commitment Letter, the Bridge Commitments were permanently reduced to \$0 in connection with Wabtec's issuance of \$500 million aggregate principal amount of the Floating Rate Notes, \$750 million aggregate principal amount of the 2024 Notes and \$1.25 billion aggregate principal amount of the 2028 Notes. Wabtec will use funds available under the Delayed Draw Term Loan and the proceeds from the issuance of the New Wabtec Notes to pay the Direct Sale Purchase Price. The Credit Agreement is expected to have approximately \$812 million of unused availability immediately following consummation of the Transactions. Being indebted could have important consequences to Wabtec. For example, Wabtec's indebtedness could:

- increase Wabtec's vulnerability to general adverse economic and industry conditions;
- require Wabtec to dedicate a substantial portion of its cash flow from operations to payments on its indebtedness, thereby reducing the availability of its cash flow to fund working capital, capital expenditures, acquisitions and other general corporate purposes;
- limit Wabtec's flexibility in planning for, or reacting to, changes in its business and the industries in which it operates;
- place Wabtec at a disadvantage compared to competitors that have less debt; and
- limit Wabtec's ability to borrow additional funds.

The indenture for the New Wabtec Notes and Wabtec's \$750.0 million 3.450% senior notes due in 2026, Wabtec's \$250.0 million 4.375% senior notes due in 2023, and the Credit Agreement contain various covenants that limit Wabtec's management's discretion in the operation of Wabtec's businesses.

The Credit Agreement contains customary representations and warranties by Wabtec and its subsidiaries, including customary use of materiality, material adverse effect, and knowledge qualifiers. Wabtec and its subsidiaries are also subject to (i) customary affirmative covenants that impose certain reporting obligations on

TABLE OF CONTENTS

Wabtec and its subsidiaries and (ii) customary negative covenants, including limitations on: indebtedness; liens; restricted payments; fundamental changes; business activities; transactions with affiliates; restrictive agreements; changes in fiscal year; and use of proceeds. In addition, Wabtec is required to maintain (i) a ratio of EBITDA to interest expense of at least 3.00 to 1.00 over each period of four consecutive fiscal quarters ending on the last day of a fiscal quarter and (ii) a Leverage Ratio, calculated as of the last day of a fiscal quarter for a period of four consecutive fiscal quarters, of 3.25 to 1.00 or less; *provided* that, in the event Wabtec completes the Direct Sale and the Merger or any other material acquisition in which the cash consideration paid exceeds \$500.0 million, the maximum Leverage Ratio permitted will be (x) 3.75 to 1.00 at the end of the fiscal quarter in which such acquisition is consummated and each of the three fiscal quarters immediately following such fiscal quarter and (y) 3.50 to 1.00 at the end of each of the fourth and fifth full fiscal quarters after the consummation of such acquisition. See Debt Financing.

The indenture under which the New Wabtec Notes and the senior notes were issued contain covenants and restrictions which limit among other things, the following: sale and leaseback transactions, sale of assets, change in control, mergers and consolidations and the incurrence of liens.

The integration of Wabtec's recently completed acquisitions may not result in anticipated improvements in market position or the realization of anticipated operating synergies or may take longer to realize than expected.

In 2016 and 2017, Wabtec completed multiple acquisitions with a combined investment of \$1,865 million, which included Wabtec's acquisition of Faiveley Transport for \$1,507 million. Although Wabtec believes that the acquisitions will improve its market position and realize positive operating results, including operating synergies, operating expense reductions and overhead cost savings, Wabtec cannot be assured that these improvements will be obtained or the timing of such improvements. The management and acquisition of businesses involves substantial risks, any of which may result in a material adverse effect on Wabtec's business and results of operations, including:

- the uncertainty that an acquired business will achieve anticipated operating results;
- significant expenses to integrate;
- diversion of management's attention;
- departure of key personnel from the acquired business;
- effectively managing entrepreneurial spirit and decision-making;
- integration of different information systems;
- unanticipated costs and exposure to unforeseen liabilities; and
- impairment of assets.

CAUTIONARY STATEMENT ON FORWARD-LOOKING STATEMENTS

This prospectus-information statement contains forward-looking statements as that term is defined in Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended by the Private Securities Litigation Reform Act of 1995, including statements regarding the proposed transaction between GE and Wabtec. All statements, other than historical facts, including statements regarding the expected timing and structure of the proposed transaction; the ability of the parties to complete the proposed transaction considering the various closing conditions; the expected benefits of the proposed transaction, including future financial and operating results, the tax consequences of the proposed transaction, and the combined company's plans, objectives, expectations and intentions; legal, economic and regulatory conditions; and any assumptions underlying any of the foregoing, are forward-looking statements.

Forward-looking statements concern future circumstances and results and other statements that are not historical facts and are sometimes identified by the words may, will, should, potential, intend, expect, endeavor, seek, estimate, overestimate, underestimate, believe, could, project, predict, continue, target or other similar expressions. Forward-looking statements are based upon current plans, estimates and expectations that are subject to risks, uncertainties and assumptions. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those indicated or anticipated by such forward-looking statements. The inclusion of such statements should not be regarded as a representation that such plans, estimates or expectations will be achieved. Important factors that could cause actual results to differ materially from such plans, estimates or expectations include, among others, (1) that one or more closing conditions to the transaction, including certain regulatory approvals, may not be satisfied or waived, on a timely basis or otherwise, including that a governmental entity may prohibit, delay or refuse to grant approval for the consummation of the proposed transaction, may require conditions, limitations or restrictions in connection with such approvals or that the required approval by the stockholders of Wabtec may not be obtained; (2) the risk that the proposed transaction may not be completed on the terms or in the time frame expected by GE or Wabtec, or at all; (3) unexpected costs, charges or expenses resulting from the proposed transaction; (4) uncertainty of the expected financial performance of the combined company following completion of the proposed transaction; (5) failure to realize the anticipated benefits of the proposed transaction, including as a result of delay in completing the proposed transaction or integrating GE Transportation, Wabtec and SpinCo; (6) the ability of the combined company to implement its business strategy; (7) difficulties and delays in achieving revenue and cost synergies of the combined company; (8) inability to retain and hire key personnel; (9) the occurrence of any event that could give rise to termination of the proposed transaction; (10) the risk that stockholder litigation in connection with the proposed transaction or other settlements or investigations may affect the timing or occurrence of the proposed transaction or result in significant costs of defense, indemnification and liability; (11) evolving legal, regulatory and tax regimes; (12) changes in general economic and/or industry specific conditions; (13) actions by third parties, including government agencies; and (14) other risk factors as detailed from time to time in GE's and Wabtec's respective reports filed with the SEC, including GE's and Wabtec's annual reports on Form 10-K, periodic quarterly reports on Form 10-Q, periodic current reports on Form 8-K and other documents filed with the SEC. The foregoing list of important factors is not exclusive.

Any forward-looking statements speak only as of the date of this communication. Neither GE nor Wabtec undertakes any obligation to update any forward-looking statements, whether as a result of new information or development, future events or otherwise, except as required by law. Readers are cautioned not to place undue reliance on any of these forward-looking statements.

TABLE OF CONTENTS

THE TRANSACTIONS

GE, Wabtec, SpinCo and Merger Sub, entered into the Merger Agreement on May 20, 2018, and GE, SpinCo, Wabtec and Direct Sale Purchaser entered into the Separation Agreement on May 20, 2018, which together provide for the combination of Wabtec and GE Transportation through a modified Reverse Morris Trust transaction structure. In connection with the Separation of GE Transportation from the remaining business of GE, GE will conduct the Internal Reorganization.

In connection with the Direct Sale, certain assets of GE Transportation, potentially including the equity interests of certain pre-Transaction subsidiaries of GE that compose part of GE Transportation, will be sold to Direct Sale Purchaser for a cash payment of \$2.9 billion, and Direct Sale Purchaser will assume certain liabilities of GE Transportation in connection with this purchase. Thereafter, GE will transfer the SpinCo Business to SpinCo and its subsidiaries (to the extent not already held by SpinCo and its subsidiaries) in the SpinCo Transfer, and SpinCo will issue to GE additional shares of SpinCo common stock in the SpinCo Transfer. Following this issuance of additional SpinCo common stock to GE, GE will own 8,700,000,000 shares of SpinCo common stock, or such other amount as GE shall determine with Wabtec's consent, which will constitute all of the outstanding stock of SpinCo.

GE will effect the Distribution by distributing on a *pro rata* basis all of the Distribution Shares to GE stockholders as of the record date for the Distribution. GE will deliver the Distribution Shares to the exchange agent, who will hold such shares for the benefit of GE stockholders. GE has the option, however, to effect the Distribution pursuant to a split-off. In the event GE elects to effect the Distribution pursuant to a split-off, GE would offer to holders of GE common stock the right to exchange all or a portion of their GE common stock for a number of Distribution Shares (which, in the aggregate, may be less than all of the Distribution Shares) at a discount to the implied value of the SpinCo common stock (based on the per-share value of Wabtec common stock multiplied by the exchange ratio set forth in the Merger Agreement), subject to proration if the GE stockholders have validly tendered more shares of GE common stock than GE is offering to accept for exchange. In the event the GE Exchange Offer is consummated, GE would distribute the remaining Distribution Shares, if any, on a *pro rata* basis to GE stockholders whose shares of GE common stock remain outstanding after the consummation of the GE Exchange Offer.

Immediately after the Distribution and on the closing date of the Merger, Merger Sub will merge with and into SpinCo, whereby the separate corporate existence of Merger Sub will cease and SpinCo will continue as the surviving company and a wholly owned subsidiary of Wabtec. In the Merger, subject to adjustment in accordance with the Merger Agreement, each share of SpinCo common stock will be converted into the right to receive a number of shares of Wabtec common stock based on the exchange ratio set forth in the Merger Agreement, as described in the section of this prospectus-information statement entitled *The Merger Agreement—Merger Consideration*.

Upon consummation of the Merger and calculated based on Wabtec's outstanding common stock immediately prior to the Merger on a fully-diluted, as-converted and as-exercised basis, 50.1% of the outstanding shares of Wabtec common stock would be held collectively by GE and pre-Merger holders of GE common stock (with approximately 9.9% of the outstanding shares of Wabtec common stock expected to be held by GE) and 49.9% of the outstanding shares of Wabtec common stock would be held by pre-Merger Wabtec stockholders. The shares held by GE will be subject to GE's obligations under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this prospectus-information statement entitled *Other Agreements—Tax Matters Agreement*) and (y) the Shareholders Agreement to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger and prior thereto, to vote all of such shares in the proportion required under the Shareholders Agreement (as described in the section of this prospectus-information statement entitled *Other Agreements—Shareholders Agreement*).

Subject to adjustment under certain circumstances as set forth in the Merger Agreement, Wabtec will issue approximately 98.5 million shares of Wabtec common stock in the Merger. Based upon the reported closing sale price of \$ per share for Wabtec common stock on the NYSE on , 2018, the total value of the shares of Wabtec common stock to be issued by Wabtec in the Merger would be approximately \$ and the cash to be received by GE in the Transactions, including in respect of the Direct Sale, would be approximately \$. The actual value of the Wabtec common stock to be issued in the Merger will depend on the market price of shares of Wabtec common stock at the time of the Merger.

TABLE OF CONTENTS

After the Merger, Wabtec will own and operate the SpinCo Business and the assets acquired in the Direct Sale. It is anticipated that SpinCo, which will be Wabtec's wholly owned subsidiary, will hold the SpinCo Business and Direct Sale Purchaser, which will also be Wabtec's wholly owned subsidiary, will hold the assets purchased and the liabilities assumed in connection with the Direct Sale. Together, SpinCo and Direct Sale Purchaser will own and operate post-Transaction GE Transportation. Wabtec will also continue its current businesses. All shares of Wabtec common stock, including those issued in the Merger, will be listed on the NYSE under Wabtec's current trading symbol WAB.

Below is a step-by-step description of the sequence of material events relating to the Transactions.

Step 1 Internal Reorganization

GE will undertake an internal reorganization in which the assets and liabilities of GE Transportation will be segregated from the assets and liabilities of GE's remaining business.

Step 2 Direct Sale

On the date of the Distribution, immediately prior to the SpinCo Transfer, GE shall sell certain assets of GE Transportation, potentially including the equity interests of certain pre-Transaction subsidiaries of GE that compose part of GE Transportation, to Direct Sale Purchaser for a cash payment of \$2.9 billion. Concurrently, the Direct Sale Purchaser will assume certain liabilities of GE Transportation in connection with this purchase.

Wabtec and the other Borrowers entered into the Credit Agreement on June 8, 2018, which includes (i) a \$1.2 billion Revolving Credit Facility, (ii) a \$350.0 million Refinancing Term Loan and (iii) a \$400.0 million Delayed Draw Term Loan. Wabtec also obtained Bridge Commitments in respect of the Bridge Loan Facility in an amount not to exceed \$2.5 billion. On September 14, 2018, in accordance with the Commitment Letter, the Bridge Commitments were permanently reduced to \$0 in connection with Wabtec's issuance of \$500 million aggregate principal amount of the Floating Rate Notes, \$750 million aggregate principal amount of the 2024 Notes and \$1.25 billion aggregate principal amount of the 2028 Notes. Wabtec will use funds available under the Delayed Draw Term Loan and the proceeds from the issuance of the New Wabtec Notes to pay the Direct Sale Purchase Price.

Step 3 SpinCo Transfer

On the date of the Distribution, immediately following the Direct Sale, GE shall transfer the SpinCo Business, which will comprise the remaining business and operations of GE Transportation after giving effect to the Direct Sale, to SpinCo and its subsidiaries (to the extent not already held by SpinCo and its subsidiaries). SpinCo will assume certain liabilities of the SpinCo Business.

Step 4 Issuance of SpinCo Common Stock to GE

In connection with the SpinCo Transfer, SpinCo will issue and deliver to GE additional shares of SpinCo common stock. Following this issuance of additional shares to GE, GE will own 8,700,000,000 shares of SpinCo common stock, or such other amount as GE shall determine with Wabtec's consent, which will constitute all of the outstanding stock of SpinCo.

Step 5 Distribution

Based on market conditions prior to the closing of the Merger, corporate finance considerations and timing considerations, GE will determine whether the Distribution Shares will be distributed to GE stockholders pursuant to a spin-off or a split-off. This prospectus-information statement assumes that the Distribution Shares will be distributed

in a spin-off.

In this case, GE will effect the Distribution by distributing on a *pro rata* basis all of the Distribution Shares to GE stockholders as of the record date for the Distribution. GE will deliver the Distribution Shares to the exchange agent, who will hold such shares for the benefit of GE stockholders.

In the event GE elects to effect the Distribution pursuant to a split-off, GE would offer to holders of GE common stock the right to exchange all or a portion of their GE common stock for a number of Distribution Shares (which, in the aggregate, may be less than all of the Distribution Shares) at a discount to the implied

TABLE OF CONTENTS

value of the SpinCo common stock (based on the per-share value of Wabtec common stock multiplied by the exchange ratio set forth in the Merger Agreement), subject to proration if the GE stockholders have validly tendered more shares of GE common stock than GE is offering to accept for exchange. In the event the GE Exchange Offer is consummated, GE would distribute the remaining Distribution Shares, if any, on a pro rata basis to GE stockholders whose shares of GE common stock remain outstanding after the consummation of the GE Exchange Offer. Any GE stockholders that validly tender (and do not validly withdraw) shares of GE common stock for shares of SpinCo common stock in the GE Exchange Offer would have, with respect to such tendered shares, waived their rights to receive, and forfeited any rights to, shares of SpinCo common stock subsequently distributed on a pro rata basis to GE stockholders. In connection with the GE Exchange Offer, SpinCo would file with the SEC a registration statement on Form S-4 and Form S-1 to register the shares of its common stock that would be distributed to GE stockholders. In addition, Wabtec would file with the SEC an amendment to its registration statement on Form S-4. The terms and conditions of the GE Exchange Offer would be described in SpinCo's registration statement on Form S-4 and Form S-1 and Wabtec's amended registration statement on Form S-4. Wabtec and Wabtec stockholders would not be a party to the GE Exchange Offer and would not be asked to separately vote on the GE Exchange Offer or to otherwise participate in the GE Exchange Offer. The information included in this section regarding the GE Exchange Offer is being provided for informational purposes only and does not purport to be complete.

Step 6 Merger

Immediately after the Distribution and on the closing date of the Merger, Merger Sub will merge with and into SpinCo, whereby the separate corporate existence of Merger Sub will cease and SpinCo will continue as the surviving company and a wholly owned subsidiary of Wabtec. In the Merger, subject to adjustment in accordance with the Merger Agreement, each share of SpinCo common stock will be converted into the right to receive a number of shares of Wabtec common stock based on the exchange ratio set forth in the Merger Agreement, as described in the section of this prospectus-information statement entitled *The Merger Agreement—Merger Consideration*.

Upon consummation of the Merger and calculated based on Wabtec's outstanding common stock immediately prior to the Merger on a fully-diluted, as-converted and as-exercised basis, 50.1% of the outstanding shares of Wabtec common stock would be held collectively by GE and pre-Merger holders of GE common stock (with approximately 9.9% of the outstanding shares of Wabtec common stock expected to be held by GE) and 49.9% of the outstanding shares of Wabtec common stock would be held by pre-Merger Wabtec stockholders. The shares held by GE will be subject to GE's obligations under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this prospectus-information statement entitled *Other Agreements—Tax Matters Agreement*) and (y) the Shareholders Agreement to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger and prior thereto, to vote all of such shares in the proportion required under the Shareholders Agreement (as described in the section of this prospectus-information statement entitled *Other Agreements—Shareholders Agreement*).

Set forth below are diagrams that graphically illustrate, in simplified form, (i) the existing corporate structures, (ii) the corporate structures immediately following the Direct Sale, the SpinCo Transfer and the Distribution but before the Merger and (iii) the corporate structures immediately following the consummation of the Merger.

TABLE OF CONTENTS

Structure following the Merger

After completion of all of the steps described above, it is anticipated that SpinCo, which will be Wabtec's wholly owned subsidiary, will hold the SpinCo Business and Direct Sale Purchaser, which will also be Wabtec's wholly owned subsidiary, will hold the assets purchased and the liabilities assumed in connection with the Direct Sale. Together, SpinCo and Direct Sale Purchaser will own and operate post-Transaction GE Transportation.

In connection with the Transactions, on the date of the Distribution, GE or its subsidiaries and SpinCo or the SpinCo Transferred Subsidiaries will enter into the Additional Agreements relating to, among other things, intellectual property, employee matters, tax matters, research and development and transition services. See Other Agreements. Pursuant to the Tax Matters Agreement, after completion of all of the steps described above, GE will be obligated to sell a number of shares of Wabtec common stock within two years of the Distribution Date. See Other Agreements—Tax Matters Agreement. Pursuant to the Shareholders Agreement, after completion of all of the steps described above, GE will be obligated to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger (as described in the section of this prospectus-information statement entitled Other Agreements—Shareholders Agreement).

Determination of Number of Shares of SpinCo Common Stock to Be Distributed to GE Stockholders

Immediately prior to the Distribution, the total number of shares of SpinCo common stock outstanding will equal 8,700,000,000 shares or such other amount as GE shall determine with Wabtec's consent. GE is expected to retain 19.75% of the outstanding shares of SpinCo common stock. Accordingly, assuming that there are outstanding 8,700,000,000 shares of SpinCo common stock immediately prior to the Distribution, the total number of shares of SpinCo common stock to be distributed to holders of GE common stock as a *pro rata* dividend will be equal to 6,981,750,000 shares. The actual number of shares of SpinCo common stock to be distributed to GE stockholders, and the actual number of shares of SpinCo common stock to be retained by GE, will be determined by GE prior to the Distribution. All shares of SpinCo common stock will be converted into the right to receive shares of Wabtec common stock at the effective time of the Merger.

Based on the number of shares of GE common stock outstanding and the number of shares of Wabtec common stock outstanding, calculated on a fully-diluted, as-converted and as-exercised basis, in each case as of June 30, 2018, and assuming that GE distributes 80.25% of the outstanding shares of SpinCo common stock to GE stockholders in the Distribution, if the Merger had occurred on June 30, 2018, a GE stockholder would have

TABLE OF CONTENTS

received 1 share of Wabtec common stock for every approximately 110 shares of GE common stock held by such GE stockholder on the record date for the Distribution (approximately 0.00909 shares of Wabtec common stock for each share of GE common stock).

No Fractional Shares; Exchange of Certificates

Each issued and outstanding share of SpinCo common stock will be converted in the Merger into the right to receive a number of shares of Wabtec common stock based on the exchange ratio set forth in the Merger Agreement, as described in the section of this prospectus-information statement entitled *The Merger Agreement—Merger Consideration*. In the conversion, no fractional shares of Wabtec common stock will be delivered to SpinCo stockholders. All fractional shares of Wabtec common stock that any SpinCo stockholder otherwise would be entitled to receive as a result of the Merger will be aggregated by the exchange agent on behalf of Wabtec. The exchange agent will cause the whole shares obtained thereby to be sold on behalf of the SpinCo stockholders that would otherwise be entitled to receive such fractional shares of Wabtec common stock pursuant to the Merger, in the open market or otherwise, in each case at then-prevailing market prices, and, in no case later than five business days after the Distribution. The exchange agent will make available the net proceeds thereof, subject to the deduction of the amount of any withholding taxes and brokerage charges, commissions and conveyance and similar taxes, on a *pro rata* basis, without interest, as soon as practicable to the SpinCo stockholders that would otherwise be entitled to receive such fractional shares of Wabtec common stock pursuant to the Merger.

Upon consummation of the Merger, shares of SpinCo common stock held by GE or GE stockholders will no longer be outstanding and will automatically be canceled and retired and will cease to exist. Prior to the Merger, Wabtec will deposit with the exchange agent, for the benefit of holders of SpinCo common stock, book-entry shares representing the shares of Wabtec common stock issuable to the holders of SpinCo common stock in the Merger.

Background of the Transactions

Wabtec continually invests in new products and services with the objective of strategically growing its business, both organically and through acquisitions, joint ventures and other transactions.

GE continually reviews its portfolio to determine whether any changes are advisable and, on June 12, 2017, GE's incoming Chief Executive Officer announced that GE was initiating a comprehensive review with a focus on each of its businesses' performance, growth outlook, cost structures, returns and competitive environment.

On June 20, 2017, senior executives of Wabtec and GE met to discuss the railway transportation business generally, the parties' respective industry outlooks and recent events affecting GE. The meeting was arranged by Morgan Stanley & Co. LLC (Morgan Stanley), a financial advisor to GE. At the conclusion of the meeting, the participants agreed to meet again in a few weeks to consider whether discussions of a possible strategic transaction may be worth pursuing.

On July 12, 2017, Wabtec and GE signed a confidentiality agreement. Over the course of the next several months, Wabtec and GE exchanged confidential information and engaged in preliminary discussions about a possible strategic transaction.

In September 2017, Wabtec retained Goldman Sachs as its financial advisor and Jones Day as its legal advisor in connection with the possible strategic transaction.

On November 13, 2017, GE disclosed that it was considering possible strategic alternatives for several businesses of GE, including GE Transportation.

In late November, representatives of Wabtec and GE continued to work on potential synergies that may be involved in a possible transaction and a general outline of potential terms, and agreed that their respective financial advisors should meet to discuss a potential transaction. These meetings occurred in early December 2017.

During the weeks of December 11, 2017 and December 18, 2017, representatives of Wabtec and GE conducted facility tours and engaged in detailed discussions regarding potential synergies that may be realized in a combination of GE Transportation and Wabtec. During this period, Wabtec's senior management kept the Wabtec Board apprised on a regular basis on the progress of the discussions with respect to the possible transaction.

TABLE OF CONTENTS

Wabtec management also reviewed the preliminary discussions about a strategic transaction with respect to GE Transportation with the Wabtec Board at the Wabtec Board meetings held on December 4, 2017, January 26, 2018, February 5-6, 2018, February 20, 2018 and March 6, 2018. In each such meeting, the Wabtec Board directed Wabtec's senior management to continue discussions with GE, although the Wabtec Board recognized that transactions like the possible transaction were difficult to negotiate due to their scope and complexity.

Discussions and due diligence progressed during January 2018, February 2018 and March 2018. Early during that time period, representatives of Wabtec and GE began to focus on a possible transaction in which Wabtec and GE Transportation would be combined in a Reverse Morris Trust transaction in which GE Transportation would be either spun off or split-off to GE stockholders and thereafter merged with a subsidiary of Wabtec whereby GE stockholders would receive a majority of the common stock of the combined company on a tax-free basis.

On January 26, 2018, following a meeting of the Wabtec Board, Wabtec's CEO sent to GE's Head of Corporate Development a proposed term sheet for a possible combination of Wabtec and GE Transportation. The parties negotiated the proposed term sheet over the next several weeks, including the allocation of value between Wabtec and GE.

GE senior management met with the GE Board and various committees of the GE Board on numerous occasions in 2018 to discuss progress on the discussions with Wabtec while continuing to explore other strategic alternatives for GE Transportation, including an initial public offering.

Following the exchange of draft term sheets over the next several weeks and continuing due diligence, on March 19, 2018, Wabtec and GE signed a term sheet outlining the key high-level terms of a possible transaction. The term sheet was nonbinding except for certain customary binding provisions, including an exclusivity provision under which GE agreed to work exclusively with Wabtec on the possible transaction for 30 days. The term sheet contemplated a possible Reverse Morris Trust transaction for the combination of Wabtec and GE Transportation whereby GE would receive a cash payment from SpinCo in the range of \$2.9 billion to \$3.0 billion and GE stockholders would receive a majority of the combined company's common stock, with the amount of the cash payment and percentage of common stock being subject to continued discussions. The notion that a portion of the consideration to GE would be payable in cash was part of the parties' discussions from the outset, in part because such payments are typical in Reverse Morris Trust transactions.

The Wabtec Board met on April 16, 2018 to review the possible transaction in detail. Representatives of Goldman Sachs and Jones Day participated in the meeting. At the meeting, Wabtec's senior management reviewed the strategic and financial rationale of the possible transaction, the results of due diligence and discussions with GE to date. A representative of Jones Day reviewed the Wabtec directors' fiduciary duties in the circumstances, the material terms of draft transaction documentation, the major open issues at the time and the major actions involved in the possible transaction. The Transactions were considered by the Wabtec Board at this and subsequent meetings as a potential alternative to Wabtec continuing to operate pursuant to its existing business plan under its existing capital structure. The representatives of Goldman Sachs then provided a financial review of the possible transaction. Following these discussions, the Wabtec Board directed Wabtec's management and legal and financial advisors to continue discussions with representatives of GE.

In April and through May 20, 2018, the parties continued due diligence and exchanged drafts of the principal Transaction Documents. Representatives of GE, including representatives from Davis Polk & Wardwell LLP, GE's legal counsel, and Morgan Stanley and Dyal & Co. LLC (Dyal), GE's financial advisors, and representatives of Wabtec, including representatives from Jones Day and Goldman Sachs, met on a substantially continuous basis in New York City in respect of the possible transaction and the principal Transaction Documents during most of the first three weeks of May 2018. Key terms negotiated in this period included:

the portion of Wabtec common stock to be owned by GE and GE stockholders following the consummation of the Transactions;

the terms of the cash and debt purchase price adjustments;

the pro forma leverage and indebtedness of the combined company;

the allocation of certain liabilities of GE Transportation;

50

the amount of the cash payment to GE of \$2.9 billion, in line with the \$2.9 billion–\$3.0 billion amount reflected in the March 2018 nonbinding term sheet;

the parties' decision that it would be in their mutual interests to pursue the Direct Sale rather than having SpinCo incur debt and distribute an exit dividend to GE, because the modified Reverse Morris Trust structure should result in tax benefits to Wabtec (including by avoiding certain ambiguities under the depreciation rules in U.S. federal income tax law that otherwise might be relevant), which will be shared between the parties (up to a cap) as realized by Wabtec after the Merger. The Direct Sale also should reduce administrative complexity and financing costs;

provisions relating to the composition of the Wabtec Board following the closing of the Transactions;

provisions relating to closing certainty, including obligations to seek antitrust approvals, termination fees and certain closing conditions;

the terms of the tax matters agreement, including terms governing payments to be made to GE in respect of certain tax benefits expected to be realized by the combined company as a result of the Transactions;

obligations of various Wabtec parties to support the Transactions; and

GE retaining a portion of the interest in SpinCo rather than distributing it to GE stockholders and the terms of the Shareholders Agreement that would apply in respect of GE's ownership of Wabtec shares that would be issued in the Merger in respect of that retained interest.

The GE Board met on May 17, 2018 and unanimously approved the Transactions.

On May 14, 2018 and May 19, 2018, the Wabtec Board met to review the possible transaction. Representatives of Goldman Sachs and Jones Day participated in the meetings. At the May 19, 2018 meeting, Wabtec's senior management reviewed the strategic and financial rationale of the possible transaction, and the final results of due diligence and economic terms of the possible transaction. A representative of Jones Day reviewed the Wabtec directors' fiduciary duties in the circumstances, and the material terms of drafts of the principal Transaction Documents. The representatives of Goldman Sachs then provided a financial review of the possible transaction. At the meeting on May 19, 2018, Goldman Sachs rendered to the Wabtec Board its oral opinion, which was subsequently confirmed by delivery of a written opinion, dated May 20, 2018, that, as of the date of such written opinion and based upon and subject to the factors and assumptions as set forth in such written opinion, the Aggregate Consideration to be paid by Wabtec pursuant to the Merger Agreement was fair from a financial point of view to Wabtec (See *The Transactions—Opinion of Wabtec's Financial Advisor*). A representative of Jones Day also provided an update on the status of the debt financing (See *Debt Financing*), as well as the various Transaction Documents. Following discussions with Wabtec management and Wabtec's legal and financial advisors, the Wabtec Board unanimously determined that the Transactions, as well as the Wabtec Charter Amendment and the Share Issuance, were advisable and in the best interests of Wabtec and its stockholders, and approved the Transactions and the Transaction Documents, including the Wabtec Charter Amendment, the Share Issuance and the proposed debt financing.

Over the May 19-20, 2018 weekend, representatives of Wabtec and GE finalized the Transaction Documents providing for the Transactions.

On May 20, 2018, Wabtec and GE publicly announced the Transactions.

Wabtec's Reasons for the Transactions

In deciding to approve the Transactions, as well as the Wabtec Charter Amendment and the Share Issuance, the Wabtec Board, in consultation with Wabtec's senior management and financial advisors, considered, among other things, the potential strategic benefits to be achieved by combining GE Transportation and Wabtec relative to Wabtec's prospects on a standalone basis, the expected financial benefits of the Transactions and the terms of Transactions and Transaction Documents, as well as potential risks and negative considerations associated with the Transactions.

TABLE OF CONTENTS

Factors Supporting the Transactions

The Wabtec Board considered the following factors, among others, as supporting its decision to approve the Transactions:

Strategic Benefits

The combined company is expected to be a diversified global leader in the transportation and logistics business with pro forma 2017 combined revenues of \$8 billion;

the combined company is expected to be better positioned to meet anticipated growth in demand for train intelligence and network optimization products; and

Wabtec's and GE Transportation's respective businesses are believed to be complementary with a large, global installed customer base. It is anticipated that the combined company will have the ability to provide customers with more desirable and affordable solutions and aftermarket services in rapidly evolving categories than the two companies would have separately.

Financial Benefits

- Wabtec believes that the combination will occur at an attractive time in the railway industry cycle and expects significant growth in revenue and adjusted EBITDA as the cycle rebounds from trough levels; the Transactions are expected to be accretive to cash earnings per share beginning in the first full year after the closing of the Transactions;

Wabtec expects to realize \$250 million total run-rate operating synergies, driven by cost and revenue opportunities, within four years after the closing of the Transactions;

the step-up in tax basis associated with the Transactions is expected by Wabtec to result in average annual cash tax benefits for 15 years of \$150.0 million, with the first \$470.0 million of cumulative cash benefits to be paid to GE and the remainder (which Wabtec estimated at a net present value of \$1.1 billion) to accrue to the combined company;

the combined company has forecasted future cash flows which Wabtec expects will allow for rapid deleveraging after the closing of the Transactions and enable the combined company to maintain an investment grade debt rating; and

the Transactions were valued by the Wabtec Board at \$11.1 billion based on the Wabtec share price of \$83.79 on April 19, 2018—the last unaffected trading day prior to media speculation regarding a potential transaction. When adjusted for the estimated net tax step-up value of \$1.1 billion accruing to the combined company, the Transactions were valued by the Wabtec Board at \$10.0 billion. The Wabtec Board considered that these valuations were favorable.

Transaction Terms

The Transactions, including the aggregate consideration being paid by Wabtec in the Transactions, were the result of extensive arms'-length negotiations between Wabtec and GE;

- the prospective financial results of GE Transportation (as well as the risks involved in achieving those results), the fit of GE Transportation with Wabtec's previously established strategic goals (which include adding capabilities, expanding customer and geographic access and increasing scale) and the results of Wabtec's due diligence review of GE Transportation;

the opinion of Goldman Sachs, dated May 20, 2018, to the Wabtec Board that, as of such date and based upon and subject to the factors and assumptions as set forth in such opinion, the Aggregate Consideration being paid by Wabtec pursuant to the Merger Agreement was fair from a financial point of view to Wabtec, as more fully described in the section of this prospectus-information statement entitled *The Transactions—Opinion of Wabtec's Financial Advisor*; the Wabtec Board would be expanded to include three additional directors, each of whom shall be independent as defined in the listing standards of the NYSE, to be designated by GE;

TABLE OF CONTENTS

immediately following the consummation of the Transactions, the current executive officers of Wabtec would continue in their current positions, with additional executive management talent to be gained from former management of GE Transportation and the other changes described in Information on Wabtec—Directors and Officers of Wabtec Before and After the Consummation of the Transactions ; the Transactions are expected to be approved by regulatory authorities without significant disruption in the business of Wabtec or GE Transportation; and the Merger Agreement permits the Wabtec Board in certain circumstances to withdraw or modify its recommendation that Wabtec stockholders approve the Wabtec Charter Amendment and the Share Issuance, subject to the payment of a termination fee in certain circumstances.

Potential Risks and Negative Considerations

The Wabtec Board also considered, among other things, the following potential risks and other potentially negative considerations associated with the Transactions, but determined that the benefits of the Transactions substantially outweighed such risks and other considerations:

- The inability of Wabtec to influence the operations of GE Transportation during the potentially significant time period prior to consummating the Transactions;
- the possibility that the increased revenues, earnings and efficiencies expected to result from the Transactions would fail to materialize in whole or part;
- the challenges inherent in fully and successfully separating the operations of GE Transportation from GE and integrating such business with Wabtec, especially given that GE Transportation is similar in size and scope to Wabtec's business;
- the significant, one-time costs expected to be incurred in connection with the Transactions, including approximately \$35.0 million of financing-related fees, approximately \$60.0 million of transaction-related costs (including advisory, legal, accounting and professional fees) and approximately \$88.0 million of transition and integration-related costs (a portion of which will be incremental capital spending), that Wabtec management believes will be necessary to realize the anticipated synergies from the Transactions;
- the potential impact of the restrictions under the Merger Agreement on Wabtec's ability to take certain actions during the period between execution of the Merger Agreement and the consummation of the Transactions, generally requiring Wabtec to conduct business only in the ordinary course or, if not in the ordinary course, to first seek and obtain GE's consent (which could delay or prevent Wabtec from undertaking business opportunities that may arise pending completion of the Transactions) and restricting the ability of Wabtec to pursue certain strategic transactions;
- the dilution of the ownership interest of Wabtec's current stockholders that would result from the Share Issuance and that Wabtec's current stockholders, as a group, would control less than a majority of Wabtec's outstanding common stock after consummation of the Transactions;
- the fact that GE will acquire 9.9% of Wabtec's common shares in the Transactions, including the possible effects that a sale of this stake would have on Wabtec's stock price;
- potential difficulties in integrating the management and operating personnel of Wabtec and GE Transportation, including the risk of losing key personnel due to uncertainties over future roles;
- the risk that the Transactions and integration of GE Transportation with Wabtec may divert management attention and resources away from other strategic opportunities and from operational matters;
- the operations of the business of GE Transportation will be dependent in part on the provision of transition services by GE for a period of time after the consummation of the Transactions;
- the need for Wabtec to incur substantial indebtedness in connection with the Transactions;
- the potential payment of a termination fee of \$300 million by Wabtec in certain circumstances, including in certain circumstances based on regulatory challenges to the Transactions;

TABLE OF CONTENTS

the restrictions imposed on Wabtec's ability to take certain corporate actions under the terms of the Tax Matters Agreement, which could reduce its ability to engage in certain future business transactions that might be advantageous;

the absence of an indemnity from GE for breaches of representations and warranties;

the possibility that the Transactions may not be consummated and the potential adverse consequences, including substantial costs that would be incurred and potential damage to Wabtec's reputation, if the Transactions are not completed; and

the other risks described under the section entitled Risk Factors—Risks Related to the Transactions beginning on page 26 of this prospectus-information statement.

The foregoing discussion of the information and factors considered by the Wabtec Board is not exhaustive, but includes the material factors considered by the Wabtec Board, including factors that support the Transactions as well as those that weigh against them. In view of the wide variety of factors considered by the Wabtec Board in connection with its evaluation of the Transactions and the complexity of these matters, the Wabtec Board was not asked to, nor did it attempt to, quantify, rank or otherwise assign relative weights to the specific factors that it considered in reaching its decision. Rather, the Wabtec Board based its recommendation on the totality of the information presented to and considered by it. The Wabtec Board evaluated the factors described above with the assistance of Wabtec's senior management and legal and financial advisors. In considering the factors described above, individual members of the Wabtec Board gave different weights to other or different factors.

This explanation of the factors considered by the Wabtec Board is in part forward-looking in nature and, therefore, should be read in light of the factors discussed in the sections of this prospectus-information statement entitled Cautionary Statement on Forward-Looking Statements and Risk Factors—Risks Related to the Transactions beginning on pages 43 and 26, respectively, of this prospectus-information statement.

After careful consideration, the Wabtec Board unanimously approved the Merger Agreement, the Separation Agreement, the Transactions, as well as the Share Issuance and the Wabtec Charter Amendment, and determined that the Merger Agreement, the Separation Agreement and the Transactions are advisable and in the best interests of Wabtec and its stockholders.

GE's Reasons for the Transactions

As discussed in the section of this document entitled —Background of the Transactions, GE continually reviews its portfolio to determine whether any changes are advisable and, on June 12, 2017, GE's incoming Chief Executive Officer announced that GE was initiating a comprehensive review with a focus on each of its business's performance, growth outlook, cost structures, returns and competitive environment. As part of that review, in November 2017, the GE Board and GE's senior management determined that a strategic transaction involving GE Transportation was in the best interest of GE and GE stockholders. The GE Board believes that the Transactions will accomplish a number of important business objectives for GE, as well as provide enhanced opportunities for the combined business of Wabtec and GE Transportation.

In reaching a decision to approve the Merger Agreement, the Separation Agreement and the other Transaction Documents and to proceed with the Transactions, the GE Board and GE's senior management, in consultation with its financial advisors, considered a variety of factors, including the significant factors listed below in support of the decision:

GE's knowledge of GE Transportation's business, financial condition, results of operations, industries and competitive environments and the results of the due diligence review of Wabtec's business conducted by GE's management and advisors, including an analysis of the potential synergies of the combined company, which are expected to be significant;

the Transactions could enable GE Transportation as part of the combined company to have greater flexibility in deploying its capital and allocating resources in a manner more directly aligned with its business objectives and more consistent with its peers;

the Transactions would enable GE to focus on its core business segments;

TABLE OF CONTENTS

GE's review of strategic options for GE Transportation and the belief of GE, following such review, that the Transactions could provide more value to GE and GE stockholders than other potential strategic options for GE Transportation, including (1) retaining GE Transportation, (2) consummating an initial public offering for GE Transportation or (3) separating GE Transportation through an alternative transaction;

the belief of GE senior management that the Transactions reflect a compelling valuation for GE Transportation, including the fact that the Transactions provide that (1) GE would receive \$2,900,000,000 in cash in connection with the Transactions and (2) upon the consummation of the Merger and calculated based on Wabtec's outstanding common stock immediately prior to the Merger on a fully-diluted, as-converted and as-exercised basis, pre-Merger holders of GE common stock would own 40.2% and GE would own 9.9% of the combined company (subject to GE's right to increase the portion of the combined company owned by GE stockholders, subject to a corresponding reduction in GE's ownership of the combined company) and would have the opportunity to participate in any increase in the value of the shares of Wabtec common stock, including potential increases in stockholder value associated with executing on the identified synergy opportunities, and GE would receive cash proceeds from the future disposition of the Wabtec shares it receives in the Merger, which cash would be available for other uses by GE;

the fact that three individuals designated by GE would, subject to the designees being independent under NYSE listing standards and reasonably acceptable to the Nominating and Corporate Governance Committee of the Wabtec Board, be directors of the combined company for an agreed-upon period of time following the Merger;

the complementary nature of the service offerings of GE Transportation with those of Wabtec, the greater scale that would be created through the combination of GE Transportation with Wabtec and the opportunity for the combined company to (1) have an increased future growth rate, earnings and prospects compared to the future growth rate, earnings and prospects of GE Transportation on a stand-alone basis and (2) create greater opportunities for GE Transportation employees and enhanced offerings for GE Transportation customers; and

the review by the GE Board, with the assistance of GE's management and business, legal and financial advisors, of the structure and terms and conditions of the Merger Agreement, the Separation Agreement and the other Transaction Documents. For more information, see The Merger Agreement, The Separation Agreement and Other Agreements. In the course of its deliberations and consideration of the Transactions, the GE Board also considered a variety of risks and potentially negative factors, including the following:

the risk one or more of the conditions to the parties' obligations to complete the Transactions will not be satisfied or waived (potentially including the condition that the Wabtec stockholders approve the Share Issuance proposal and the Wabtec Charter Amendment proposal), which, while not expected, could cause the Transactions not to be completed;

the fact that the time between the signing of the Merger Agreement and the closing could be an extended period and the uncertainty created for GE Transportation and its employees during that period;

the value of the Wabtec common stock to be received in the Merger could fluctuate, perhaps significantly, based on a variety of factors many of which are outside of the control of GE and are unrelated to the performance of GE Transportation and some of which are outside of the control of GE and Wabtec, including general stock market conditions, the liquidity of Wabtec common stock and the performance of Wabtec's business;

the risk that failure to complete the Transactions could negatively affect the price of GE common stock and GE's future business, financial condition and operating results;

risks relating to the separation of GE Transportation from GE and the operation of GE Transportation separate from the other GE businesses, including the costs of separation, and the risk of not realizing the anticipated benefits of the separation;

TABLE OF CONTENTS

risks relating to the integration of GE Transportation with the business and operations of Wabtec and the fact that the synergies and cost savings anticipated by the parties might not be realized or might take longer to be realized than anticipated, including risks relating to maintaining and renewing relationships with customers, suppliers and other third parties important to GE Transportation and the business and operations of Wabtec;

the risk that GE, SpinCo and Wabtec may be unable to retain key employees;

the possibility that the Transactions may not result in the anticipated tax treatment for GE's stockholders, including for reasons beyond the control of GE or Wabtec;

that GE, prior to the completion of the Transactions, is required to conduct the business of GE Transportation in the ordinary course, subject to specific limitations and exceptions, which could delay or prevent GE Transportation from undertaking business opportunities that may arise prior to the completion of the Transactions;

the potential risk of diverting GE and GE Transportation management focus and resources from operational matters and other strategic opportunities while working to implement the Transactions;

GE's obligations under the Transaction Documents, including, among others, its obligations under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this prospectus-information statement entitled **Other Agreements—Tax Matters Agreement**) and (y) the Shareholders Agreement to, among other things, sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger and prior thereto, to vote all of such shares in the proportion required under the Shareholders Agreement (as described in the section of this prospectus-information statement entitled **Other Agreements—Shareholders Agreement**); and

risks of the type and nature described under the section of this document titled **Risk Factors**.

This discussion of the information and factors considered by the GE Board is not exhaustive. In view of the wide variety of factors considered by the GE Board in connection with the evaluation of the strategic alternatives available to GE for GE Transportation and the evaluation of the Transactions and in view of the complexity of the factors considered, the GE Board did not consider it practical to, nor did it attempt to, quantify, rank or assign relative weights to the factors that it considered in making its decision to approve the Merger Agreement, the Separation Agreement, the other Transaction Documents and the Transactions. Instead, the GE Board considered the factors described above, among others, and decided to approve the Merger Agreement, the Separation Agreement, the other Transaction Documents and the Transactions. In considering the factors described above and any other factors, individual members of the GE Board may have viewed factors differently or given different weight, merit or consideration to different factors.

This discussion of GE's reasons for the Transactions is forward looking in nature and should be read in light of the factors discussed in the sections of this document entitled **Cautionary Statement on Forward-Looking Statements** and **Risk Factors**.

Opinion of Wabtec's Financial Advisor

Goldman Sachs rendered to the Wabtec Board its oral opinion, which was subsequently confirmed by delivery of a written opinion, dated May 20, 2018, that, as of the date of such written opinion and based upon and subject to the factors and assumptions as set forth in such written opinion, the Aggregate Consideration to be paid by Wabtec pursuant to the Merger Agreement was fair from a financial point of view to Wabtec.

The full text of the written opinion of Goldman Sachs, dated May 20, 2018, which sets forth assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with the opinion, is attached as Exhibit 99.1 to the registration statement of which this prospectus-information statement forms a part. Goldman Sachs provided advisory services and its opinion for the information and assistance of the Wabtec Board in connection with its consideration of the Transactions. The Goldman Sachs opinion is not a recommendation as to how any holder of shares of Wabtec common stock should vote with respect to the Share Issuance, the Wabtec Charter Amendment or any other matter.

TABLE OF CONTENTS

In connection with rendering the opinion described above and performing its related financial analyses, Goldman Sachs reviewed, among other things:

- the Merger Agreement;
- the Separation Agreement;
- the Tax Matters Agreement;
- the annual reports to stockholders and Annual Reports on Form 10-K of Wabtec and GE for the five years ended December 31, 2017;
- certain interim reports to stockholders and Quarterly Reports on Form 10-Q of Wabtec and GE;
- certain other communications from Wabtec and GE to their respective stockholders;
- certain publicly available research analyst reports for Wabtec and GE;
- certain unaudited financial statements of GE Transportation (as described in the Merger Agreement);
- certain internal financial analyses and forecasts for GE Transportation prepared by the management of GE;
- certain internal financial analyses and forecasts for Wabtec standalone and pro forma for the Transactions, certain financial analyses and forecasts for tax benefits, including the Company Structure Benefits, associated with the Transactions, and certain financial analyses and forecasts for GE Transportation, in each case as prepared by the management of Wabtec and approved for Goldman Sachs' use by Wabtec (the Forecasts);
- certain operating synergies projected by the management of Wabtec to result from the Transactions, as approved for Goldman Sachs' use by Wabtec (the Synergies);
- estimates of the SpinCo Adjustment Amount and the Direct Sale Adjustment Amount (each as defined in the Separation Agreement) prepared by the management of Wabtec and approved for Goldman Sachs' use by Wabtec (the Adjustment Estimates); and
- estimates of the amounts and timing of the TMA Payments prepared by management of Wabtec and approved for Goldman Sachs' use by Wabtec (the TMA Payment Estimates).

Goldman Sachs also (i) held discussions with members of the senior managements of Wabtec and GE regarding their assessment of the past and current business operations, financial condition and future prospects of GE Transportation, and with the members of senior management of Wabtec regarding their assessment of the past and current business operations, financial condition and future prospects of Wabtec and the strategic rationale for, and the potential benefits of, the Transactions; reviewed the reported price and trading activity for the shares of Wabtec common stock, (ii) compared certain financial and stock market information for Wabtec and certain financial information for GE Transportation with similar financial and stock market information for certain other companies the securities of which are publicly traded, (iii) reviewed the financial terms of certain recent business combinations in the rail transportation industry and in other industries and (iv) performed such other studies and analyses, and considered such other factors, as it deemed appropriate.

For purposes of rendering its opinion, Goldman Sachs, with Wabtec's consent, relied upon and assumed the accuracy and completeness of all of the financial, legal, regulatory, tax, accounting and other information provided to, discussed with or reviewed by, it, without assuming any responsibility for independent verification thereof. In that regard, Goldman Sachs assumed with Wabtec's consent that the Forecasts, the Synergies, the Adjustment Estimates and the TMA Payment Estimates were reasonably prepared on a basis reflecting the best currently available estimates and judgments of the management of Wabtec. Goldman Sachs did not make an independent evaluation or appraisal of the assets and liabilities (including any contingent, derivative or other off-balance-sheet assets and liabilities) of Wabtec, SpinCo, Merger Sub or GE or any of their respective subsidiaries and it was not furnished with any such evaluation or appraisal. Goldman Sachs assumed that all governmental, regulatory or other consents and approvals necessary for the consummation of the Transactions will be obtained without any adverse effect on Wabtec, GE Transportation or SpinCo or on the expected benefits

TABLE OF CONTENTS

of the Transactions in any way meaningful to its analysis. Goldman Sachs has also assumed that the Transactions will be consummated on the terms set forth in the Merger Agreement, Separation Agreement and Tax Matters Agreement, without the waiver or modification of any term or condition the effect of which would be in any way meaningful to its analysis.

Goldman Sachs' opinion does not address the underlying business decision of Wabtec to engage in the Transactions, or the relative merits of the Transactions as compared to any strategic alternatives that may be available to Wabtec; nor does it address any legal, regulatory, tax or accounting matters. Goldman Sachs' opinion addresses only the fairness from a financial point of view to Wabtec, as of May 20, 2018, of the Aggregate Consideration to be paid by Wabtec pursuant to the Merger Agreement. Goldman Sachs' opinion does not express any view on, and does not address, any other term or aspect of the Merger Agreement, Separation Agreement or Tax Matters Agreement or the Transactions or any term or aspect of any other agreement or instrument contemplated by the Merger Agreement, Separation Agreement or Tax Matters Agreement or entered into or amended in connection with the Transactions, including, without limitation, the Shareholders Agreement, the Tax Matters Agreement, the Employee Matters Agreement, the Internal Reorganization, the SpinCo Transfer, the Distribution, any allocation of the Aggregate Consideration or liabilities assumed as part of the Direct Sale or any indemnification or adjustments contemplated by the Transaction Documents; the fairness of the Transactions to, or any consideration received in connection therewith by, the holders of any class of securities, creditors, or other constituencies of Wabtec; nor as to the fairness of the amount or nature of any compensation to be paid or payable to any of the officers, directors or employees of Wabtec, SpinCo or GE, or any class of such persons, in connection with the Transactions, whether relative to the Aggregate Consideration to be paid by Wabtec pursuant to the Merger Agreement or otherwise. Goldman Sachs' opinion was necessarily based on economic, monetary, market and other conditions as in effect on, and the information made available to Goldman Sachs as of, the date of the opinion and Goldman Sachs assumed no responsibility for updating, revising or reaffirming its opinion based on circumstances, developments or events occurring after the date of its opinion. In addition, Goldman Sachs did not express any opinion as to the prices at which shares of Wabtec common stock will trade at any time or as to the impact of the Transactions on the solvency or viability of Wabtec, SpinCo, Merger Sub, GE Transportation or GE or the ability of Wabtec, SpinCo, Merger Sub, GE Transportation or GE to pay their respective obligations when they come due. Goldman Sachs' opinion was approved by a fairness committee of Goldman Sachs.

The following is a summary of the material financial analyses delivered by Goldman Sachs to the Wabtec Board in connection with rendering the opinion described above. The following summary, however, does not purport to be a complete description of the financial analyses performed by Goldman Sachs, nor does the order of analyses described represent relative importance or weight given to those analyses by Goldman Sachs. Some of the summaries of the financial analyses include information presented in tabular format. The tables must be read together with the full text of each summary and are alone not a complete description of Goldman Sachs' financial analyses. Except as otherwise noted, the following quantitative information, to the extent that it is based on market data, is based on market data as it existed on or before May 17, 2018 and is not necessarily indicative of current market conditions.

Financial Analyses of GE Transportation

Analysis of Implied Transaction Values. Goldman Sachs calculated the implied enterprise value (EV) of GE Transportation by adding the \$2.9 billion cash payment to be received by GE to the implied value of the shares of Wabtec common stock to be issued in the Transactions. Goldman Sachs calculated the implied value of such shares of Wabtec common stock by using \$83.79 per share, which was the closing trading price per share of Wabtec common stock on April 19, 2018, which was the last closing price prior to media reports about the Transactions (the Undisturbed Price), and the closing price per share of Wabtec common stock on May 17, 2018 (the May 17, 2018 Price). The implied EV of GE Transportation, using the Undisturbed Price, was \$11.1 billion and the implied EV of GE Transportation, using the May 17, 2018 Price, was \$12.2 billion. Goldman Sachs then adjusted these implied EV

calculations for GE Transportation to take into account the net present value of the tax attributes of the Transactions that would accrue to Wabtec pro forma for the Transactions. Goldman Sachs used the Forecasts and applied an illustrative discount rate of 7.0%, which represented a mid-point between an illustrative cost of debt and an illustrative weighted average cost of capital for Wabtec pro forma for the Transactions, to determine the net present value of these tax attributes. The illustrative implied EV of GE Transportation as adjusted to take into account these tax attributes was \$10.0 billion, when using the Undisturbed Price, and \$11.1 billion, when using the May 17, 2018 Price.

TABLE OF CONTENTS

Selected Companies Analysis. Goldman Sachs reviewed and compared certain financial information for Wabtec and the following publicly traded companies in the rail infrastructure and equipment industry (collectively referred to as the Rail Infrastructure & Equipment Selected Companies), the rail car industry (collectively referred to as the Rail Car Selected Companies) and the diversified industrials/transportation industry (collectively referred to as the Diversified Industrials/Transportation Selected Companies), and together with Rail Infrastructure & Equipment Selected Companies and the Rail Car Selected Companies, the Selected Companies):

Rail Infrastructure & Equipment Selected Companies

• Talgo

• CAF

• Vossloh

• Alstom

• Ansaldo

Rail Car Selected Companies

• Greenbrier

• American Rail Car

• Trinity

Diversified Industrials/Transportation Selected Companies

• Allison Transmission

• Caterpillar

• Cummins

• Paccar

Although none of the Selected Companies is directly comparable to GE Transportation, the companies included were chosen because they are publicly traded companies that, for the purposes of analysis, may be considered similar to certain operations of GE Transportation.

Goldman Sachs calculated and compared public market multiples for Wabtec and mean public market multiples for each of the Rail Infrastructure & Equipment Selected Companies, the Rail Car Selected Companies and the Diversified Industrials/Transportation Selected Companies, in each case using information from publicly available historical data, publicly available market data and Institutional Brokers Estimate System consensus estimates.

Goldman Sachs calculated these public market multiples by dividing the EV for each of the selected companies and Wabtec (using the closing trading price per share of each company's stock as of May 17, 2018 and, in the case of Wabtec, the Undisturbed Price, as well the latest available net debt amounts as of the dates of such trading prices) by earnings before interest, tax, depreciation and amortization (EBITDA) for the last reported 12 months (LTM EBITDA), for the next 12 months (NTM EBITDA), and for the one-year forward calendar year (CY+2 EBITDA). In addition, Goldman Sachs calculated (using historical trading prices and publicly available financial data) the average over the last five years (Through the Cycle), for Wabtec and the Selected Companies, of the EV/LTM EBITDA, EV/NTM EBITDA and EV/CY+2 EBITDA multiples. The Through the Cycle metrics are intended to present multiples based on normalized EBITDA in view of the cyclical nature of the industry. The following table presents the results of this analysis:

EV/LTM EBITDA	EV/LTM EBITDA	EV/NTM EBITDA	EV/NTM EBITDA	EV/CY+2 EBITDA	EV/CY+2 EBITDA
	Through		Through		Through

		the Cycle		the Cycle		the Cycle
Wabtec	17.9x	14.3x	14.7x	12.5x	13.8x	12.0x
Median of Rail Infrastructure & Equipment Selected Companies	9.3x	10.1x	8.8x	8.5x	8.1x	8.4x
Median of Rail Car Selected Companies	9.3x	6.6x	8.3x	6.4x	9.1x	6.7x
Median of Diversified Industrials/ Transportation Selected Companies	8.6x	9.2x	8.0x	8.9x	7.8x	8.7x

TABLE OF CONTENTS

In addition, Goldman Sachs calculated illustrative EV/EBITDA multiples for GE Transportation using the implied EV for GE Transportation (calculated using the Undisturbed Price and the May 17, 2018 Price, and with and without adjustment to the implied EV to account for the net present value of the tax attributes of the Transactions that would accrue to Wabtec pro forma for the Transactions as described above) and using the Forecasts and Synergies. The inclusion of these tax attributes is intended to present the implied EV for GE Transportation inclusive of these benefits of the transaction to Wabtec, while the exclusion of these tax attributes is intended to present the implied EV of GE Transportation reflective of GE Transportation on a stand-alone basis from a tax attributes perspective. The following table presents the results of this analysis:

	Multiple (Undisturbed Price)	Multiple (May 17, 2018 Price)
EV*/2018E EBITDA (Forecasts, No Synergies)	15.0x	16.4x
EV*/2019E EBITDA (Forecasts, No Synergies)	10.9x	11.9x
EV*/2021E EBITDA (Forecasts, No Synergies)***	9.0x	9.9x
EV*/2018E EBITDA (Forecasts with Synergies)	11.2x	12.3x
EV*/2019E EBITDA (Forecasts with Synergies)	8.7x	9.5x
EV*/2021E EBITDA (Forecasts with Synergies)***	7.5x	8.2x
EV**/2018E EBITDA (Forecasts with Synergies)	10.1x	11.2x
EV**/2019E EBITDA (Forecasts with Synergies)	7.9x	8.7x
EV**/2021E EBITDA (Forecasts with Synergies)***	6.8x	7.5x

*No adjustment to implied EV to take into account the tax attributes of the Transaction

** Adjustment to implied EV to take into account the tax attributes of the Transaction

*** Management of Wabtec instructed Goldman Sachs that these 2021 estimates were comparable to Through the Cycle estimates

Goldman Sachs then applied an illustrative range of multiples of 9.0x to 12.0x to the estimated EBITDA for GE Transportation for 2019 contained in the Forecasts and an illustrative range of multiples of 8.5x to 10.5x to the estimated EBITDA for GE Transportation for 2021 contained in the Forecasts, which management of Wabtec had instructed Goldman Sachs were comparable to Through the Cycle estimates, to calculate the following illustrative ranges of implied EVs for GE Transportation: \$9.2 billion to \$12.3 billion, and \$10.5 billion to \$13.0 billion, respectively.

Selected Transactions Analysis. Goldman Sachs analyzed certain publicly available information relating to the following selected transactions in the rail transportation industry (the Rail Transportation Selected Transactions) during the preceding 16 years. Based on Goldman Sachs professional judgment and experience, these transactions comprised all the transactions that met these criteria and, to the extent available, the data from these transactions were all considered equally without giving weight to the available data from any transaction in particular:

<u>Date Announced</u>	Acquiror	Target
October 2016	CIMIC	UGL Limited (86%)
July 2015	Wabtec	Faiveley Transport (51%)
February 2015	Hitachi	Ansaldo STS (40%)
June 2014	Alstom	GE Signaling
January 2015	Heinz Herman Thiele	Vossloh (70%)

Edgar Filing: WESTINGHOUSE AIR BRAKE TECHNOLOGIES CORP - Form S-4

December 2014	CSR Corporation	China CNR Corporation
November 2012	Siemens	Invensys Rail
May 2011	CVC	Delachaux (Majority Stake)
June 2010	Progress Rail	Electro-Motive Diesel
May 2006	Caterpillar	Progress Rail
December 2006	Thales	Alcatel (Rail Signaling)
October 2004	Sagard PE	Faiveley Transport (36%)
July 2002	Vossloh	Cogifer
July 2002	Voest-Alpin Stahl	VAE (Railway Systems) (55%)

TABLE OF CONTENTS

For each of the Rail Transportation Selected Transactions, Goldman Sachs calculated and compared the EV of the target company or business segment, as applicable, as implied by the transaction value, as a multiple of the target company or business segment's EBITDA, based on publicly available information for the 12-month period prior to the announcement of the transaction. The following table presents the results of this analysis.

	EV/LTM EBITDA
High	14.7x
Median	9.7x
Low	8.5x

Goldman Sachs viewed this range of multiples for these selected transactions as illustrative of Through the Cycle multiples.

While none of the companies or business segments that participated in the Rail Transportation Selected Transactions is directly comparable to GE Transportation, such companies and business segments have operations that, for purposes of analysis, may be considered similar to certain of GE Transportation's results, market size and product profile.

Goldman Sachs also analyzed certain publicly available information relating to the following selected transactions in the high quality industrial sector (the High Quality Industrial Selected Transactions). Based on Goldman Sachs professional judgment and experience, these transactions comprised all the transactions that met these criteria and, to the extent available, the data from these transactions were all considered equally without giving weight to the available data from any transaction in particular:

Acquiror	Target
United Technologies	Goodrich
TE Connectivity	Measurement Specialties
Siemens	Dresser Rand
Danaher Corporation	Pall Corporation
Solvay	Cytec
Berkshire Hathaway Inc.	Precision Castparts Corp.
Sherwin Williams	Valspar
MTS	PCB
Kion Group	Dematic
Thermo Fisher Scientific	FEI
Monsanto	Bayer
Rockwell Collins	B/E Aerospace, Inc.
Siemens	Mentor Graphics
Parker Hannifin Corporation	Clarcor

For each of the High Quality Industrial Selected Transactions, Goldman Sachs calculated and compared the EV of the target company or business segment, as applicable, as implied by the transaction value, as a multiple of the target company or business segment's LTM EBITDA or estimated forward EBITDA, based in all cases on publicly available information. The following table presents the results of this analysis.

	EV/LTM EBITDA
High	23.6x
Median	15.7x
Low	12.9x

While none of the companies or business segments that participated in the High Quality Industrial Selected Transactions is directly comparable to GE Transportation, such companies and business segments have operations that, for purposes of analysis, may be considered similar to certain of GE Transportation's results, market size and product profile.

Goldman Sachs then applied an illustrative range of multiples of 9.0x to 11.0x to the estimated EBITDA for GE Transportation for 2021 contained in the Forecasts, which Management of Wabtec had instructed Goldman Sachs

TABLE OF CONTENTS

were comparable to Through the Cycle estimates, and an illustrative range of multiples of 8.5x to 14.7x to the historical EBITDA for GE Transportation for 2017, as provided by Wabtec management, to calculate the following illustrative ranges of implied EVs for GE Transportation: \$11.1 billion to \$13.6 billion, and \$7.0 billion to \$12.1 billion, respectively.

Illustrative Discounted Cash Flow Analysis. Using the Forecasts, Goldman Sachs performed an illustrative discounted cash flow analysis on GE Transportation. Using discount rates ranging from 9.0% to 10.0%, reflecting estimates of GE Transportation's weighted average cost of capital, Goldman Sachs discounted to present value as of April 2018 (i) estimates of unlevered free cash flow for GE Transportation for the final 9 months of 2018 through year-end 2022 as reflected in the Forecasts and (ii) a range of illustrative terminal values for GE Transportation, which were calculated by applying perpetuity growth rates ranging from 2.5% to 3.5%, to a terminal year estimate of the free cash flow to be generated by GE Transportation, as reflected in the Forecasts (which analysis implied exit terminal year EBITDA multiples ranging from 10.0x to 13.7x). Goldman Sachs derived such discount rates by application of the Capital Asset Pricing Model, which requires certain company-specific inputs, including the company's target capital structure weightings, the cost of long-term debt, after-tax yield on permanent excess cash, if any, future applicable marginal cash tax rate and a beta for the company, as well as certain financial metrics for the United States financial markets generally. The range of perpetuity growth rates was estimated by Goldman Sachs utilizing its professional judgment and experience, taking into account the Forecasts and market expectations regarding long-term real growth of gross domestic product and inflation. Goldman Sachs then added the ranges of present values it derived above to derive a range of illustrative EVs for GE Transportation ranging from \$10.4 billion to \$13.8 billion.

Financial Analyses of Wabtec (Standalone)

Illustrative Discounted Cash Flow Analysis. Using the Forecasts, Goldman Sachs performed an illustrative discounted cash flow analysis on Wabtec. Using discount rates ranging from 9.0% to 10.0%, reflecting estimates of Wabtec's weighted average cost of capital, Goldman Sachs discounted to present value as of April 2018 (i) estimates of unlevered free cash flow for Wabtec for the final 9 months of 2018 through year-end 2022 as reflected in the Forecasts and (ii) a range of illustrative terminal values for Wabtec, which were calculated by applying perpetuity growth rates ranging from 3.0% to 4.0%, to a terminal year estimate of the free cash flow to be generated by Wabtec, as reflected in the Forecasts (which analysis implied exit terminal year EBITDA multiples ranging from 10.5x to 14.8x). Goldman Sachs derived such discount rates by application of the Capital Asset Pricing Model, which requires certain company-specific inputs, including the company's target capital structure weightings, the cost of long-term debt, after-tax yield on permanent excess cash, if any, future applicable marginal cash tax rate and a beta for the company, as well as certain financial metrics for the United States financial markets generally. The range of perpetuity growth rates was estimated by Goldman Sachs utilizing its professional judgment and experience, taking into account the Forecasts and market expectations regarding long-term real growth of gross domestic product and inflation. Goldman Sachs then added the ranges of present values it derived above to derive a range of illustrative EVs for Wabtec of \$9.3 billion to \$12.7 billion. Goldman Sachs then subtracted the amount of Wabtec's adjusted net debt for the Transactions as of March 31, 2018 as well as the value of certain other Wabtec enterprise value adjustments, both as provided by the management of Wabtec, from the range of illustrative EVs it derived for Wabtec to derive a range of illustrative equity values for Wabtec. Goldman Sachs then divided the range of illustrative equity values it derived by the fully diluted number of shares (98.0 million), as provided by the management of Wabtec (and which number was updated by management after the Wabtec Board meeting on May 19, 2018 and before the execution of the Merger Agreement to be 98.1 million), to derive a range of illustrative present values per share of Wabtec common stock ranging from \$77.00 to \$111.00 (rounded to the nearest dollar).

Illustrative Present Value of Future Share Price Analysis. Goldman Sachs performed an illustrative analysis of the implied present value of an illustrative future value per share of Wabtec common stock on a standalone basis, which is designed to provide an indication of the present value of a theoretical future value of a company's equity as a function

of such company's financial multiples. For purposes of this analysis, Goldman Sachs applied an illustrative range of EV/NTM EBITDA multiples of 11.0x to 14.0x to the estimated standalone next 12 months EBITDA of Wabtec at the end of each of the years 2018 to 2021 using the Forecasts. These illustrative multiple estimates were derived by Goldman Sachs utilizing its professional judgment and experience, taking into account current and historical next 12 months EV/EBITDA multiples for Wabtec. Goldman Sachs derived from this analysis a range of illustrative EVs for Wabtec on a standalone basis of \$10.5 billion to

TABLE OF CONTENTS

\$12.9 billion. Goldman Sachs then subtracted the amount of Wabtec's standalone debt from, and added the assumed amount of Wabtec's standalone cash and cash equivalents to, in each case as of the relevant year-end per the Forecasts, the illustrative EVs in order to calculate the implied future equity values of Wabtec. The implied future equity values in turn were divided by the number of fully diluted shares of Wabtec common stock, as provided by the management of Wabtec. Goldman Sachs then discounted this range of implied future values per share of Wabtec common stock for the years 2018 through 2021, respectively, as well as the projected dividends per share (per the Forecasts), back to April 2018 using a discount rate of 11.0%, reflecting an estimate of the standalone cost of equity for Wabtec. Goldman Sachs derived such discount rate by application of the Capital Asset Pricing Model, which requires certain company-specific inputs, including a beta for the company, as well as certain financial metrics for the United States financial markets generally. Goldman Sachs then added such implied present value of projected dividends per share to such range of implied present values per share to derive a range of implied present values per share of \$68.00 to \$113.00 (rounded to the nearest dollar). In addition, Goldman Sachs compared the Undisturbed Price and the May 17, 2018 Price to the range of implied present values per share of Wabtec common stock of \$89.00 to \$113.00 (rounded to the nearest dollar), which were derived from this analysis when using only the implied future values per share of Wabtec common stock as of year-end 2021.

Financial Analysis of Wabtec (Pro Forma for the Transactions)

Illustrative Discounted Cash Flow Analysis. Using the Forecasts and the Synergies, Goldman Sachs also performed an illustrative discounted cash flow analysis on Wabtec pro forma for the Transactions (after giving effect to (a) the Synergies and (b) both the Synergies and tax attributes of the Transactions that would accrue to Wabtec (per the Forecasts)). Using discount rates ranging from 9.0% to 10.0%, reflecting estimates of Wabtec's pro forma weighted average cost of capital, Goldman Sachs discounted to present value as of April 2018 (i) estimates of pro forma unlevered free cash flow for Wabtec pro forma for the Transactions for the final 9 months of 2018 through year-end 2022, as reflected in the Forecasts (inclusive of the Synergies) and (ii) a range of illustrative pro forma terminal values for Wabtec pro forma for the Transactions, which was calculated by applying perpetuity growth rates ranging from 2.75% to 3.75%, to a terminal year estimate of the free cash flow to be generated by Wabtec pro forma for the Transactions, as reflected in the Forecasts (inclusive of the Synergies), which analysis implied exit terminal year EBITDA multiples ranging from 11.5x to 15.9x. Goldman Sachs derived such discount rates by application of the Capital Asset Pricing Model, which requires certain company-specific inputs, including the company's target capital structure weightings, the cost of long-term debt, after-tax yield on permanent excess cash, if any, future applicable marginal cash tax rate and a beta for the company, as well as certain financial metrics for the United States financial markets generally. The range of the perpetuity growth rates was estimated by Goldman Sachs utilizing its professional judgment and experience, taking into account the Forecasts and market expectations regarding long-term real growth of gross domestic product and inflation. Goldman Sachs derived a range of illustrative EVs for Wabtec pro forma for the Transactions by adding the ranges of present values it derived above. In addition, using the Forecasts for the tax attributes of the Transactions that would accrue to Wabtec pro forma for the Transactions, Goldman Sachs calculated an illustrative net present value of these tax attributes, using an illustrative discount rate of 7.0%, which represented a mid-point between an illustrative cost of debt and an illustrative weighted average cost of capital for Wabtec pro forma for the Transactions, and added this illustrative net present value to this range of illustrative EVs for Wabtec pro forma for the Transactions. Goldman Sachs then subtracted the amount of Wabtec's adjusted net debt pro forma for the Transactions as well as the value of certain Wabtec pro forma enterprise value adjustments, both as provided by the management of Wabtec, from the range of illustrative EVs it derived for Wabtec to derive a range of illustrative equity values for Wabtec. Goldman Sachs then divided the range of illustrative equity values it derived by the fully diluted number of shares (196.5 million) pro forma for the Transactions, as provided by the management of Wabtec (and which number was updated by management after the Wabtec Board meeting on May 19, 2018 and before the execution of the Merger Agreement, but continued to be 196.5 million when rounded to the nearest decimal place), to derive a range of illustrative present values per share of Wabtec common stock pro forma for the Transactions of \$88.00 to \$127.00 (when the analysis included the Synergies, but not the tax attributes of the Transactions that would

accrue to Wabtec pro forma for the Transactions) and \$93.00 to \$132.00 (when the analysis included both the Synergies and the tax attributes of the Transactions that would accrue to Wabtec pro forma for the Transactions), in each case, as rounded to the nearest dollar.

TABLE OF CONTENTS

Illustrative Present Value of Future Share Price Analysis. Goldman Sachs also performed an illustrative analysis of the implied present value of an illustrative future value per share of Wabtec common stock pro forma for the Transactions. For purposes of this analysis, Goldman Sachs applied an illustrative range of next 12 months EV/EBITDA multiples of 10.0x to 13.0x to the estimated next 12 months EBITDA of Wabtec pro forma for the Transactions at the end of each of the years 2018 to 2021 using the Forecasts and the Synergies (but not the tax attributes of the Transactions that would accrue to Wabtec (per the Forecasts)). These illustrative multiple estimates were derived by Goldman Sachs utilizing its professional judgment and experience, taking into account current and historical next 12 months EV/EBITDA multiples for Wabtec. Goldman Sachs then subtracted the amount of Wabtec's debt from, and added the assumed amount of Wabtec's cash and cash equivalents to, in each case pro forma for the Transactions and as of the relevant year-end per the Forecasts and the Synergies, the illustrative EVs in order to calculate the implied future equity values of Wabtec pro forma for the Transactions. The implied future equity values in turn were divided by the number of fully diluted shares of Wabtec common stock pro forma for the Transactions, as provided by the management of Wabtec. Goldman Sachs then discounted this range of implied future values per share of Wabtec common stock for the years 2018 through 2021, respectively, as well as the projected dividends per share of Wabtec pro forma (per the Forecasts), back to April 2018 using a discount rate of 11.0%, reflecting an estimate of the pro forma cost of equity for Wabtec pro forma for the Transactions. Goldman Sachs derived such discount rate by application of the Capital Asset Pricing Model, which requires certain company-specific inputs, including a beta for the company, as well as certain financial metrics for the United States financial markets generally. Goldman Sachs then added such implied present value of projected dividends per share to such range of implied present values per share to derive a range of implied present values per share of \$70.00 to \$126.00 (rounded to the nearest dollar). In addition, Goldman Sachs adjusted this range of implied present values per share of Wabtec common stock pro forma for the Transactions as of year-end 2021 to include an illustrative net present value per share attributable to the tax attributes of the Transactions that would accrue to Wabtec pro forma for the Transactions, calculated by using the Forecasts for such attributes and an illustrative discount rate of 7.0%, which represented a mid-point between an illustrative cost of debt and an illustrative weighted average cost of capital for Wabtec pro forma for the Transactions. Goldman Sachs compared this range to the range of implied present values per share of Wabtec common stock pro forma for the Transactions inclusive of the Synergies but not such tax attributes as of year-end 2021. This comparison presented a range of implied present values per share of \$102.00 to \$132.00 (taking into account both the Synergies and the tax attributes) and \$97.00 to \$126.00 (taking into account the Synergies, but not the tax attributes), in each case, as rounded to the nearest dollar.

General

The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. Selecting portions of the analyses or of the summary set forth above, without considering the analyses as a whole, could create an incomplete view of the processes underlying Goldman Sachs' opinion. In arriving at its fairness determination, Goldman Sachs considered the results of all of its analyses and did not attribute any particular weight to any factor or analysis considered by it. Rather, Goldman Sachs made its determination as to fairness on the basis of its experience and professional judgment after considering the results of all of its analyses. No company or transaction used in the above analyses as a comparison is directly comparable to Wabtec, GE, GE Transportation or the Transactions.

Goldman Sachs prepared these analyses for purposes of Goldman Sachs providing its opinion to the Wabtec Board as to the fairness from a financial point of view to Wabtec of the Aggregate Consideration to be paid by Wabtec pursuant to the Merger Agreement. These analyses do not purport to be appraisals nor do they necessarily reflect the prices at which businesses or securities actually may be sold. Analyses based upon forecasts of future results are not necessarily indicative of actual future results, which may be significantly more or less favorable than suggested by these analyses. Because these analyses are inherently subject to uncertainty, being based upon numerous factors or events beyond the control of the parties or their respective advisors, none of Wabtec, SpinCo, GE, Goldman Sachs or

any other person assumes responsibility if future results are materially different from those forecast.

The Aggregate Consideration was determined through arms -length negotiations between Wabtec and GE and was approved by the Wabtec Board. Goldman Sachs provided advice to Wabtec during these negotiations. Goldman Sachs did not, however, recommend any specific amount of consideration to Wabtec or the Wabtec Board or that any specific amount of consideration constituted the only appropriate consideration for the Transactions.

TABLE OF CONTENTS

As described above, Goldman Sachs' opinion to the Wabtec Board was one of many factors taken into account by the Wabtec Board in making its determination to approve the Merger Agreement and the transactions contemplated thereby. The foregoing summary does not purport to be a complete description of the analyses performed by Goldman Sachs in connection with the fairness opinion and is qualified in its entirety by reference to the written opinion of Goldman Sachs attached as Exhibit 99.1 to the registration statement of which this prospectus-information statement forms a part.

Goldman Sachs and its affiliates are engaged in advisory, underwriting and financing, principal investing, sales and trading, research, investment management and other financial and non-financial activities and services for various persons and entities. Goldman Sachs and its affiliates and employees, and funds or other entities they manage or in which they invest or have other economic interests or with which they co-invest, may at any time purchase, sell, hold or vote long or short positions and investments in securities, derivatives, loans, commodities, currencies, credit default swaps and other financial instruments of Wabtec, GE, SpinCo, Merger Sub, and any of their respective affiliates and third parties, or any currency or commodity that may be involved in the Transactions. Goldman Sachs has acted as financial advisor to Wabtec in connection with, and has participated in certain of the negotiations leading to, the Transactions.

Goldman Sachs has provided certain financial advisory and/or underwriting services to General Electric and/or its affiliates from time to time for which its Investment Banking Division has received, and may receive, compensation, including having acted as joint bookrunner with respect to an initial public offering of 260,610,000 shares of common stock of Moneta Money Bank, a former General Electric subsidiary (MMB), in May 2016; as financial advisor to General Electric in connection with the sale of General Electric Appliances, a former General Electric subsidiary, in June 2016; as joint bookrunner with respect to a follow on public offering of 125,000,000 shares of common stock of MMB in September 2016; as financial advisor to General Electric Capital Corporation, a subsidiary of General Electric (GCC), in connection with GCC's sale of a 23.3% stake in Hyundai Capital Services in September 2016; as joint bookrunner with respect to a follow on public offering of 92,214,009 shares of common stock of MMB in November 2016; as financial advisor to GCC in connection with GCC's sale of a 43% stake in Hyundai Card in February 2017; as joint bookrunner with respect to a public offering of the 2.125% Senior Unsecured Notes due 2037, 1.500% Senior Unsecured Notes due 2029, 0.875% Senior Unsecured Notes due 2025 and 0.375% Senior Unsecured Notes due 2022 (aggregate principal amount \$8.7 billion) of General Electric in May 2017; as financial advisor to General Electric in connection with the sale of General Electric Water, a former General Electric subsidiary, in September 2017; as financial advisor to General Electric in connection with the sale of General Electric Industrial Solutions, a General Electric subsidiary, announced in September 2017; as co-manager with respect to the public offering of the 4.080% Senior Notes due 2047, 3.337% Senior Notes due 2027 and 2.773% Senior Notes due 2022 (aggregate principal amount \$4 billion) of Baker Hughes, a subsidiary of General Electric, in December 2017; and as financial advisor to GCC in connection with the formation of an origination venture involving General Electric Capital Aviation Services in December 2017. During the two-year period ended May 20, 2018, Goldman Sachs has recognized compensation for financial advisory and/or underwriting services provided by its Investment Banking Division to GE and/or its affiliates of approximately \$83.1 million.

During the two-year period ended May 20, 2018, the Investment Banking Division of Goldman Sachs has not been engaged by Wabtec or any of its affiliates to provide financial advisory or underwriting services for which Goldman Sachs has recognized compensation. Goldman Sachs may also in the future provide, and may currently be providing, financial advisory and/or underwriting services to Wabtec, GE, SpinCo, Merger Sub and their respective affiliates for which Goldman Sachs' Investment Banking Division may recognize compensation.

In addition, at the request of Wabtec, at the time of the execution of the Merger Agreement, an affiliate of Goldman Sachs entered into financing commitments and agreements to provide Wabtec with the Credit Agreement, the Bridge Commitments, and certain other alternative financing in connection with the consummation of the Transactions and

subject to the terms of such commitments. The actual amount of aggregate fees received by Goldman Sachs and its affiliates in connection with the debt financing for the Transactions will depend on, among other things, the completion date of the Transactions. Wabtec estimates that Goldman Sachs and its affiliates will receive approximately \$13 million in fees in the aggregate in connection with the proposed financing.

The Wabtec Board selected Goldman Sachs as its financial advisor because it is an internationally recognized investment banking firm that has substantial experience in transactions similar to the Transactions. Pursuant to a

TABLE OF CONTENTS

letter agreement dated March 1, 2018, Wabtec engaged Goldman Sachs to act as its financial advisor in connection with the Transactions. The engagement letter between Wabtec and Goldman Sachs provides for a transaction fee of \$32 million plus a discretionary fee of up to \$4 million, all of which is contingent upon the consummation of the Transactions. In addition, Wabtec has agreed to reimburse Goldman Sachs for certain of its expenses, including attorneys' fees and disbursements, and to indemnify Goldman Sachs and related persons against various liabilities, including certain liabilities under the federal securities laws.

Certain Unaudited Financial Projections

In connection with its consideration of the potential combination of Wabtec and GE Transportation, the Wabtec Board was provided with certain non-public financial projections initially prepared by management of GE and GE Transportation and subsequently adjusted by management of Wabtec, as discussed below, with respect to GE Transportation for the years ending December 31, 2018 through December 31, 2022 (as prepared by management of GE and GE Transportation, the GE Transportation Financial Projections and, as adjusted by management of Wabtec, the Wabtec Adjusted GE Transportation Financial Projections) and certain non-public financial projections prepared by management of Wabtec with respect to Wabtec's business, as a stand-alone company, for the years ending December 31, 2018 through December 31, 2022 (the Wabtec Financial Projections, and, collectively with the GE Transportation Financial Projections and the Wabtec Adjusted GE Transportation Financial Projections, the Financial Projections). The Financial Projections also were provided to Wabtec's financial advisor, Goldman Sachs, in connection with the preparation of its opinion. Wabtec believes that no material change in its operations or performance, or the projections or assumptions provided to the Wabtec Board and Goldman Sachs in connection with the Transactions, has occurred since the Wabtec Board meeting held to approve the Merger, and Wabtec does not anticipate any material changes in such operations, performance, projections or assumptions before the Wabtec special meeting.

The Wabtec Adjusted GE Transportation Financial Projections and the Wabtec Financial Projections are included in this prospectus-information statement solely to give GE and Wabtec stockholders access to information that was made available in connection with, and material to, the Wabtec Board's consideration of the Transactions, and are not included in this prospectus-information statement to influence any GE stockholder or Wabtec stockholder to make any investment decision with respect to the Transactions or for any other purpose. In particular, these projections should not be viewed as public guidance.

The Financial Projections were not prepared with a view towards public disclosure or compliance with published guidelines of the SEC or the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information. Neither the independent registered public accounting firms of Wabtec or GE Transportation nor any other independent accountants, have compiled, examined, or performed any procedures with respect to the unaudited Financial Projections contained herein, nor have they expressed any opinion or any other form of assurance on such information or its achievability, and the independent accounting firms of Wabtec or GE Transportation assume no responsibility for, and disclaim any association with, the unaudited Financial Projections. The reports of the independent registered public accounting firms of Wabtec contained in Wabtec's current report on Form 8-K filed with the SEC on September 10, 2018, which is incorporated by reference into this document, relate to the historical financial information of Wabtec. The report of the independent registered public accounting firm of GE Transportation contained in Audited Financial Statements of GE Transportation as of December 31, 2017 and 2016 and for each of the years in the three year period ended December 31, 2017, which is included in this document, relates to the historical financial information of GE Transportation. These reports do not extend to the unaudited Financial Projections and should not be read to do so. Furthermore, the unaudited Financial Projections do not take into account any circumstances or events occurring after the date the Financial Projections were prepared.

Moreover, the Financial Projections:

were based upon numerous estimates or expectations, beliefs, opinions and assumptions with respect to GE Transportation and Wabtec's business, respectively, including their respective results of operations and financial conditions, customer requirements and competition, and with respect to general business, economic, market, regulatory and financial conditions and other future events, all of which are difficult to predict and many of which are beyond Wabtec's or GE's control and may not be realized;

66

TABLE OF CONTENTS

do not take into account any transactions, circumstances or events occurring after the date they were prepared, including the Transactions, or the effect of any failure of the Merger or the other Transactions to occur;

- do not give effect to adjustments to GE Transportation's historical financial statements, as described in Note 7.a. under Unaudited Pro Forma Condensed Combined Financial Statements, which, with respect to the harmonization of revenue recognition policies, are expected (i) to produce a \$63 million decrease from GE Transportation in Wabtec's reported consolidated net revenue and EBIT in 2019 and no material effect in future years and (ii) not to materially change Wabtec's future reported consolidated cash from operations;

are not necessarily indicative of current market conditions or values or future performance, which may be significantly more or less favorable than as set forth in the Financial Projections; and

are not, and should not be regarded as, a representation that any of the expectations contained in, or forming a part of, the Financial Projections will be achieved.

The Wabtec Financial Projections, and the adjustments by Wabtec management that are reflected in the Wabtec Adjusted GE Transportation Financial Projections, are materially impacted by a combination of factors in the global passenger and freight rail industries. Other factors impacting such financial projections, include assumptions about energy markets and the overall economy. Wabtec's key assumptions include:

- Economic growth consistent with recent years, including continued expansion and growth in international markets, new products and capabilities.
- Execution of original equipment backlog in the Transit markets, increasing Wabtec's installed base of products leading to aftermarket parts and services revenues.
- Original equipment freight markets in North America remain consistent with historical averages, especially as it relates to build rate of freight cars and locomotives. Aftermarket freight sales are expected to support current and potentially expanding rail activity and volumes.
- Energy markets remain strong, impacting rail activity as well as our industrial markets, such as heat exchangers, cooling product and power generation equipment.
- Electronic products, including Signaling revenues, to grow with railroad's continuing use of technology in their industry. Revenues are expected to increase with the introduction of additional new products improving the safety and efficiency of our customer's operations.

The GE Transportation Financial Projections are materially impacted by a combination of factors in freight rail and mining industries. GE and GE Transportation's key assumptions include:

- Economic growth consistent with recent years, including continued expansion and growth in international markets.
- Execution of original equipment backlog, increasing GE Transportation's installed base of products leading to future aftermarket parts and services revenue.
- Original equipment freight markets in North America to recover and be consistent with historical averages, especially as it relates to build rate of locomotives. Aftermarket services, including parts, service and modifications, to be consistent with current and expanding rail activity and volumes, and in line with existing backlog.
- Mining markets remain strong based on commodity prices, consistent with historical averages of units manufactured, and consistent with current backlog.
- Growth in digital products which enhance the operations of rail customers including fuel efficiency, network optimization, as well as train monitoring products.

TABLE OF CONTENTS

Wabtec management believes that the assumptions used as a basis for the Financial Projections were reasonable based on the information available to Wabtec management at the time prepared. However, the Financial Projections are not a guarantee of future actual performance. The future financial results of GE Transportation and Wabtec's business, respectively, may differ materially from those expressed in the Financial Projections due to factors that are beyond Wabtec's or GE's ability to control or predict.

Although the Financial Projections were prepared with numerical specificity, they are forward-looking statements that involve inherent risks and uncertainties. Further, the Financial Projections cover multiple years and such information by its nature becomes less predictive with each successive quarter and year. Stockholders are urged to read the section of this prospectus-information statement entitled "Cautionary Statement on Forward-Looking Statements" for additional information regarding the risks inherent in forward-looking information such as the Financial Projections. GE and Wabtec stockholders also should review the factors described in the section of this prospectus-information statement entitled "Risk Factors" and those risk factors incorporated in this prospectus-information statement by reference from Item 1A of Wabtec's annual report on Form 10-K for the fiscal year ended December 31, 2017.

None of Wabtec, GE or SpinCo or any of their respective affiliates intends to, and, except to the extent required by applicable law, each of them expressly disclaims any obligation to, update, revise or correct the Financial Projections to reflect circumstances existing or arising after the date such projections were generated or to reflect the occurrence of future events, even in the event that any or all of the assumptions underlying the projections are shown to be in error or any of the Financial Projections otherwise would not be realized. Neither GE nor SpinCo made any representations to Wabtec in the Merger Agreement or otherwise concerning the GE Transportation Financial Projections or the Wabtec Adjusted GE Transportation Financial Projections.

Certain of the financial information contained in the Financial Projections, including EBITDA, may be considered non-GAAP financial measures. Wabtec management provided this information to the Wabtec Board and Wabtec's financial advisor because Wabtec management believed it could be useful in evaluating GE Transportation, in the case of the GE Transportation Financial Projections and the Wabtec Adjusted GE Transportation Financial Projections, and Wabtec's business, in the case of the Wabtec Financial Projections. Non-GAAP financial measures should not be considered in isolation from, or as a substitute for, financial information presented in compliance with GAAP, and non-GAAP financial measures as used by Wabtec or GE may not be comparable to similarly titled amounts used by other companies.

For the foregoing reasons, the inclusion of the Wabtec Adjusted GE Transportation Financial Projections and the Wabtec Financial Projections in this prospectus-information statement should not be regarded as an indication that Wabtec, GE, SpinCo or their respective affiliates or representatives considered or consider the Wabtec Adjusted GE Transportation Financial Projections or the Wabtec Financial Projections to be necessarily predictive of actual future events, and the Wabtec Adjusted GE Transportation Financial Projections and the Wabtec Financial Projections should not be relied upon as such. The Wabtec Adjusted GE Transportation Financial Projections should be evaluated in conjunction with the limitations described above and the historical financial statements and other information regarding GE Transportation contained elsewhere in this prospectus-information statement, and the Wabtec Financial Projections should be evaluated in conjunction with the limitations described above and the historical financial statements and other information regarding Wabtec's business contained elsewhere in this prospectus-information statement. In light of the foregoing factors and the uncertainties inherent in financial projections, stockholders are cautioned not to place undue reliance on these projections.

The Wabtec Adjusted GE Transportation Financial Projections

Wabtec was provided with non-public financial projections prepared by management of GE and GE Transportation with respect to GE Transportation. The projections reflect strong orders and the execution of existing backlog over the

forecast period. The revenue growth in the outer years is fueled by a North American market recovery, primarily driven by carloading growth. Subsequently, Wabtec management made certain adjustments to these financial projections based on its judgment and experience in the industry to reflect Wabtec management's alternative perspectives regarding GE Transportation. These changes resulted in the Wabtec Adjusted GE Transportation Financial Projections.

The Wabtec Financial Projections

Wabtec management prepared non-public financial projections with respect to Wabtec's business as a stand-alone company. These projections do not give pro forma effect to the combination of Wabtec and GE Transportation.

The following is a summary of the Wabtec Financial Projections:

Wabtec Stockholders Meeting

Under the terms of the Merger Agreement, Wabtec has agreed to call, give notice of, convene and hold a special meeting of its stockholders for the purpose of voting upon the proposals to approve the Share Issuance and the Wabtec Charter Amendment. The Wabtec Board has called a special meeting of Wabtec stockholders to be held on , 2018, for Wabtec stockholders of record on , 2018. The definitive proxy statement was mailed to Wabtec stockholders on or about , 2018.

Wabtec's directors and executive officers held approximately % of the shares entitled to vote at Wabtec's special meeting of stockholders as of , 2018. GE's and SpinCo's directors, executive officers and their affiliates owned an aggregate of approximately % of the shares of Wabtec common stock entitled to vote at Wabtec's special meeting of stockholders as of , 2018.

Certain stockholders, directors and officers of Wabtec beneficially owning approximately 10.9% of the outstanding shares of Wabtec common stock entered into a Voting Agreement with GE under which these persons agreed to vote in favor of the Share Issuance proposal and the Wabtec Charter Amendment proposal. The parties to the Voting Agreement are subject to certain other agreements, including restrictions on their ability to transfer their shares prior to the earlier of the special meeting of Wabtec stockholders to approve these proposals and the termination of the Voting Agreement. See Other Agreements—The Voting Agreement.

Interests of GE's and SpinCo's Directors and Executive Officers in the Transactions

As of August 1, 2018, SpinCo's directors and executive officers owned less than 1% of the outstanding shares of GE's

common stock. All of SpinCo's outstanding common stock is currently owned directly by GE. Except as described below, none of GE's or SpinCo's directors or executive officers will receive any severance or other compensation as a result of the Transactions, or any extra or special benefit that is not shared on a *pro rata* basis by all of GE stockholders in connection with the Transactions. If a director or executive officer of GE or SpinCo owns shares of GE common stock, such director or executive officer will have the right to participate in the Distribution and the Merger on the same terms as other GE stockholders.

TABLE OF CONTENTS

It is anticipated that SpinCo's executive officers will include Rafael O. Santana (President and Chief Executive Officer), Jason M. Frierott (Chief Financial Officer), Thomas P. LaFrance (General Counsel), Nathan W. Bailey (Chief Human Resources Officer), Yuvbir Singh (Vice President, Equipment) and Pascal Schweitzer (Vice President, Global Services).

GE has entered into Leadership Incentive Program agreements with 415 SpinCo employees, including each of SpinCo's executive officers, which provide for the opportunity to earn incentive payments in the aggregate amount of approximately \$65 million. The agreements are intended to secure the employees' dedication and best efforts toward facilitating the Merger and assisting with the integration of the GE Transportation business with the business of Wabtec after the closing date of the Merger. The incentive payments will vest 50% on the closing date of the Merger and 50% twelve months following the closing date, subject to certain customary terms and conditions, including restrictions on soliciting or hiring GE employees during employment with GE and for 12 months thereafter. The target amount of the incentive payment for participating employees is based on a percentage applied to the sum of the employee's annual base salary plus annual target bonus, with certain employees eligible for additional amounts if specified transaction or business-related goals are attained. The maximum amount of the incentive payments that may be payable in the aggregate to the executive officers is approximately \$9.8 million.

SpinCo's executive officers, in aggregate, hold unvested options to purchase 1,242,000 shares of GE common stock (with a weighted average exercise price of \$18.30) and unvested restricted stock units with respect to 251,428 shares of GE common stock that will vest on the closing date of the Merger in accordance with their terms.

In addition, on the closing date of the Merger, the SpinCo executive officers (other than Mr. Schweitzer) will vest in their GE Supplemental Pension Benefit or GE Executive Retirement Benefit, as applicable, in order to avoid the forfeiture of such benefits in connection with the Transactions. These benefits will not become payable until the executive officer reaches age 60.

Wabtec may enter into employment agreements or other compensation arrangements with certain executive officers of SpinCo. Wabtec is in the process of documenting the terms of Mr. Santana's employment which are subject to finalization in an employment contract that will be entered into prior to the closing of the Merger. The proposed terms for Mr. Santana include an annual base salary of \$1,000,000, a target annual bonus opportunity of 100% of his base salary and maximum annual bonus opportunity of 225% of his base salary. In addition, subject to the approval of Wabtec's Compensation Committee, Mr. Santana will be granted a one-time award of Wabtec restricted stock with an aggregate grant date fair market value of \$2,000,000, subject to annual vesting over a four-year period, and will, subject to the approval of Wabtec's Compensation Committee, receive annual Wabtec equity incentive awards with an aggregate grant date value of at least approximately \$2,000,000. The agreement will also include severance arrangements.

Interests of Wabtec's Directors and Executive Officers in the Transactions

In considering the recommendations of the Wabtec Board that Wabtec stockholders vote to approve the Share Issuance and the Wabtec Charter Amendment, Wabtec stockholders should be aware that Wabtec directors and executive officers have financial interests in the Transactions that are different from, or in addition to, the interests of Wabtec stockholders generally, as more fully described below. The members of the Wabtec Board were aware of and considered these interests, among other matters, in deciding to approve the terms of the Merger Agreement and the Transactions.

Outstanding Stock Awards

Under the terms of Wabtec's Stock Incentive Plans, upon the closing of the Merger, all outstanding Wabtec Options, Wabtec Restricted Stock, Wabtec Restricted Stock Units and Wabtec Performance Units will vest. Wabtec Performance Units will be considered earned at a level of 200% of target and they and Wabtec Restricted Stock Units will be settled in cash by Wabtec as promptly as practicable following the Merger.

TABLE OF CONTENTS

The following table sets forth the number of shares of Wabtec common stock underlying outstanding unvested Wabtec Options, Wabtec Restricted Stock, Wabtec Restricted Stock Units and Wabtec Performance Units (assuming maximum vesting at 200% of target), which are referred to collectively as Wabtec equity awards, held by Wabtec directors and executive officers as of July 16, 2018. The table also sets forth the value of these awards, assuming a price per share of Wabtec common stock of \$97.07, the average per share closing price of Wabtec common stock during the first five business days following May 21, 2018, the date of the first public announcement of the Merger. The assumed \$97.07 per share price is referred to as the Assumed Wabtec Stock Price.

For purposes of calculating these estimated values, the value of each unvested Wabtec Option is assumed to be equal to the number of shares of Wabtec common stock subject to each unvested Wabtec Option multiplied by the excess of the Assumed Wabtec Stock Price over the applicable exercise price per share of such unvested Wabtec Option.

(2) Assumes 200% of the target number of shares granted.

(3) Three executive officers who are not named executive officers held Wabtec equity awards as of July 16, 2018. This row includes the total number of shares of Wabtec common stock and the related total value of these unvested awards held by them. The other two executive officers who are not named executive officers did not hold any unvested Wabtec equity awards as of July 16, 2018.

TABLE OF CONTENTS

Employment Continuation Agreements with Certain Executive Officers

Wabtec entered into employment continuation agreements with seven executive officers, including Raymond T. Betler, Patrick D. Dugan, David L. DeNinno, Scott E. Wahlstrom and Albert J. Neupaver (the Continuation Agreements). Under each Continuation Agreement, if the executive officer is employed by Wabtec on the closing date of a change of control, which, as defined in the Continuation Agreement, would include the Merger, the executive officer would be entitled to remain employed by Wabtec until the 24-month anniversary of the closing date (the Protection Period), subject to certain termination provisions described below.

During the Protection Period, the executive officer will (1) receive a base salary at a monthly rate at least equal to his monthly salary immediately prior to the closing of the Merger, (2) be afforded the opportunity to receive an annual cash bonus on terms and conditions no less favorable to him than his annual cash bonus opportunity for the year immediately prior to the closing of the Merger and in an amount not less than his target cash bonus amount in that year, (3) participate in all long-term incentive compensation programs for key executives and benefit plans at levels commensurate with his opportunity to participate in such plans immediately prior to the closing of the Merger, or, if better, at the level made available to him or other similarly situated officers at any time thereafter, (4) receive vacation and fringe benefits at a level commensurate with his benefits immediately prior to the closing of the Merger, or, if better, at the level made available to him or other similarly situated officers at any time thereafter, (5) be provided an office and support staff at a level commensurate with the level provided to other similarly situated officers or, if better, the level provided to him immediately prior to the closing of the Merger, (6) receive expense reimbursement in accordance with the policies and procedures of Wabtec in effect immediately prior to the closing of the Merger, or, if better, the policies and procedures in effect after the closing of the Merger, and (7) be indemnified for claims arising from or out of his performance as an officer, director or employee of Wabtec or any of its subsidiaries, or in any other capacity while serving at the request of Wabtec, to the maximum extent permitted by applicable law and Wabtec's governing documents. Wabtec is also required to maintain existing or comparable insurance policies covering such matters and, in any event, provide a level of protection that is no less than that afforded under Wabtec's governing documents in effect immediately prior to the closing of the Merger.

Termination Other than for Cause/Resignation for Good Reason. If, during the Protection Period, the executive officer's employment is terminated by Wabtec other than for cause, as defined in the Continuation Agreement, or the executive officer terminates his employment for good reason, as defined in the Continuation Agreement, the executive officer will receive severance payments and benefits equal to (1) a cash amount of two times the sum of his then-current annual base salary and target cash bonus amount for the year immediately prior to the closing of the Merger and (2) any vested benefits under Wabtec's benefit plans, including accrued but unpaid vacation. The executive officer will also be entitled to continue participation in all of Wabtec's employee and executive welfare and fringe benefit plans until the earlier of the 24-month anniversary of the termination date and the date the executive officer becomes eligible for comparable benefits under a similar plan, policy or program of a subsequent employer.

Receipt of severance payments and benefits under the Continuation Agreements is subject to standard confidentiality and other restrictive covenants, including restrictions for a period of one year following termination of the executive officer's employment on soliciting business or employees away from Wabtec or providing any services that compete with the Wabtec business.

The Continuation Agreements provide that if the payments and benefits to each executive officer would be subject to an excise tax on excess parachute payments by reason of Sections 4999 and 280G of the Code, the payments and benefits under the Continuation Agreement will be reduced to the extent necessary to prevent any portion of the executive officer's payments and benefits from becoming subject to such excise tax, but only if, by reason of that reduction, the net after-tax benefit received by the executive officer exceeds the net after-tax benefit that the executive officer would receive if no reduction was made. In addition, each Continuation Agreement provides that Wabtec will

pay the executive officer's costs, including reasonable attorneys' fees and expenses, in asserting any claim in any contest as to the validity, enforceability or interpretation of the Continuation Agreement if the executive officer is the prevailing party.

TABLE OF CONTENTS

The following table sets forth the cash severance payments and estimated value of the welfare and fringe benefits that each executive officer party to a Continuation Agreement would receive, assuming the closing date of the Merger occurred on July 16, 2018 and that each executive officer experienced a qualifying termination of employment immediately after the closing of the Merger. The following table does not take into account any reduction in payments or benefits that may apply to avoid the excise tax by reason of Sections 4999 and 280G of the Code.

Name	Cash Severance Payment (\$)⁽¹⁾	Welfare and Fringe Benefit Value (\$)⁽²⁾	Total Value (\$)
Raymond T. Betler	5,000,000	22,800	5,022,800
Patrick D. Dugan	2,340,000	22,800	2,362,800
David L. DeNinno	1,955,000	22,800	1,977,800
Scott E. Wahlstrom	1,312,000	22,800	1,334,800
Albert J. Neupaver	2,800,000	22,800	2,822,800
2 Other Executive Officers	1,470,000	45,600	1,515,600

Two times the sum of (1) the executive officer's annual base salary and (2) the target bonus amount for the (1) executive officer for 2018, based on the assumptions described above, to be paid in cash in a single lump sum 30 days following the date of termination.

(2) Reflects the value of 24 months of continued welfare and fringe benefits pursuant to the Continuation Agreements, based on the full premium costs of such benefits.

Potential Change of Control. If, after the occurrence of a potential change of control, as defined in the Continuation Agreements, and prior to the consummation of a change of control, (1) an executive officer's employment is terminated by Wabtec other than for cause or by the executive officer for good reason or Wabtec terminates the Continuation Agreement and (2) a change of control, which also constitutes certain changes in ownership or effective control under Section 409A of the Code, occurs within one year of such termination, the executive officer is deemed for purposes of determining the executive officer's rights under the Continuation Agreement to have remained employed by Wabtec until the change of control and to have been terminated by Wabtec without cause immediately after the change of control. Each of the executive officers party to a Continuation Agreement would become entitled to receive the amounts described in the table above in those circumstances.

Severance Arrangement with Paul Overby

Paul Overby, one of Wabtec's executive officers, would, upon elimination of his job, be provided with a minimum amount of severance equal to six months of his then-current base salary. Assuming such a qualifying termination of employment occurred on July 16, 2018, the aggregate value of the severance payments payable to Mr. Overby would equal \$125,000. Mr. Overby has not entered into an employment continuation agreement with Wabtec.

Employment Agreement with Mr. Rambaud-Measson

Wabtec entered into an employment agreement with Mr. Rambaud-Measson, a named executive officer, in connection with the closing of Wabtec's acquisition of Faiveley Transport in 2016. The employment agreement with Mr. Rambaud-Measson provides for an initial term of four years, during which Mr. Rambaud-Measson will serve as Executive Vice President of Wabtec and President and Chief Executive Officer of Faiveley, with such duties and responsibilities as are commensurate with such position.

During the employment period, Mr. Rambaud-Measson (1) will receive an annual base salary of €668,000, (2) will be eligible for an annual cash bonus at a target equal to 100% of annual base salary and a maximum of 225% of target, (3) received a grant of Wabtec Restricted Stock Units in connection with the Faiveley Transport acquisition in an amount equal to \$1,425,000, which Restricted Stock Units vest over four years and are settled in shares of Wabtec common stock, (4) will be entitled to receive an annual grant of Wabtec Restricted Stock Units with a grant date value of at least €800,000 during each year of the employment period commencing in the first calendar quarter of 2017, (5) will be entitled to receive an annual grant of Wabtec Performance Units with a target grant date value of at least €800,000 and a three-year performance period, (6) will be eligible to participate in welfare and other benefit plans as are in effect for senior executives of Wabtec generally, provided that such

TABLE OF CONTENTS

benefits are at least as favorable as those provided by Faiveley, (7) will receive paid vacation of five weeks per calendar year, (8) will receive expense reimbursement for all reasonable, documented business expenses, and (9) will be indemnified to the maximum extent permitted under applicable law for acts taken within the scope of his employment and his service as an officer or director of Wabtec or any of its subsidiaries or affiliates. To the extent Wabtec maintains insurance policies covering such matters, Mr. Rambaud-Measson will be entitled to such coverage on a basis no less favorable than coverage provided to any other Wabtec officer or director.

Termination Other than for Cause/Resignation for Good Reason. If Mr. Rambaud-Measson's employment is terminated by Wabtec other than for cause, death, or disability or by Mr. Rambaud-Measson for good reason, in each case as defined in the employment agreement, Mr. Rambaud-Measson will receive severance payments equal to (1) a lump-sum cash payment of two times his then-current annual base salary and two times his target bonus for the year of termination, (2) a payment of the *pro rata* portion of his annual bonus payable for the year in which he was terminated based on the satisfaction of applicable performance targets and payable in a lump sum at such time as bonuses are paid to other senior executives of Wabtec and (3) a *pro rata* portion of his Wabtec Performance Units outstanding at the time of his termination that he would have earned if he had remained employed until the end of the applicable performance period, which will be settled in shares of Wabtec common stock at such time (as such awards are generally settled for senior executives of Wabtec). Payments described in clauses (1) through (3) are subject to the execution of a release by Mr. Rambaud-Measson. Assuming Mr. Rambaud-Measson's employment was terminated by Wabtec other than for cause or by himself for good reason on July 16, 2018, the value of the cash severance payments payable to Mr. Rambaud-Measson would have been \$4,050,000, which does not include the value of a *pro rata* portion of outstanding Wabtec Performance Units because those will vest in full upon the closing of the Merger. See the section entitled *The Transactions—Interests of Wabtec's Directors and Executive Officers in the Transactions—Outstanding Stock Awards* for a description and quantification of Mr. Rambaud-Measson's Wabtec Performance Units that will vest in connection with the Merger.

Golden Parachute Compensation

The table below is intended to comply with Item 402(t) of the SEC's Regulation S-K, which requires disclosure of change-in-control compensation to which Wabtec directors and executive officers could become entitled that is based on or otherwise relates to the Merger. The amounts shown are estimates based on multiple assumptions that may or may not actually occur or be accurate on the relevant date, including the assumptions described below and in the footnotes to the table, and do not reflect certain compensation actions that may occur before completion of the Merger. These amounts do not take into account any reduction in payment of benefits that may be imposed with respect to any so-called "golden parachute payments" under Section 280G of the Code. None of the named executive officers are entitled to a "gross-up" payment with respect to any such "golden parachute payment." The executive officers may take certain actions to reduce excise tax exposure by reason of Sections 4999 and 280G of the Code, which may include waiving vesting acceleration with respect to a portion of their incentive equity.

For purposes of calculating the amounts in the table below, the following assumptions were used solely for purposes of the disclosure in this section:

- The relevant price per share of Wabtec common stock is the Assumed Wabtec Stock Price;
 - The closing of the Merger occurs on July 16, 2018; and
- Each named executive officer of Wabtec experiences a qualifying termination of employment (termination by Wabtec without cause or resignation by the named executive officer for good reason, as such terms are defined in the Continuation Agreements or Mr. Rambaud-Measson's employment agreement, as applicable) immediately following the assumed closing of the Merger.

TABLE OF CONTENTS

Named Executive Officer	Cash (\$)⁽¹⁾	Equity (\$)⁽²⁾	Perquisites/ Benefits (\$)⁽³⁾	Total (\$)
Raymond T. Betler	5,000,000	16,138,594	22,800	21,161,394
Patrick D. Dugan	2,340,000	7,032,864	22,800	9,395,664
Stéphane Rambaud-Measson	4,050,000	9,066,338	—	13,116,338
David L. DeNinno	1,955,000	6,409,384	22,800	8,387,184
Scott E. Wahlstrom	1,312,000	3,213,534	22,800	4,548,334
Albert J. Neupaver	2,800,000	13,554,975	22,800	16,377,775

Cash. The amounts in this column represent the cash severance payments to which the named executive officers would be entitled under the employment agreement for Mr. Rambaud-Measson and under the Continuation Agreements for Mr. Betler, Mr. Dugan, Mr. DeNinno, Mr. Wahlstrom and Mr. Neupaver, in each case, as described above. Mr. Rambaud-Measson becomes entitled to the severance amounts listed here upon a qualifying termination of employment during the term of his employment agreement. The Continuation Agreements provide for double-trigger payments upon a qualifying termination of employment that occurs within the 24-month period following a change of control. The estimated amount of each such payment is shown in the following table, with maximum achievements assumed for amounts based on actual performance.

Named Executive Officer	Base Salary (\$)	Target Annual Bonus (\$)	Pro Rata Bonus Payment (\$)	Total (\$)
Raymond T. Betler	2,500,000	2,500,000	—	5,000,000
Patrick D. Dugan	1,300,000	1,040,000	—	2,340,000
Stéphane Rambaud-Measson	1,800,000	1,800,000	450,000	4,050,000
David L. DeNinno	1,150,000	805,000	—	1,955,000
Scott E. Wahlstrom	820,000	492,000	—	1,312,000
Albert J. Neupaver	1,400,000	1,400,000	—	2,800,000

Equity. The amounts in this column include unvested Wabtec equity awards, the vesting of which will accelerate in connection with the closing of the Merger on a single-trigger basis, in each case, as described above. The amounts (2) in this column for the unvested and accelerated Wabtec Options (1) disregard Wabtec Options that have an exercise price per share greater than the Assumed Wabtec Stock Price, and (2) do not reflect any taxes payable by the option holders. The following table sets forth the estimated value by type of equity award:

Named Executive Officer	Unvested Wabtec Options (\$)	Unvested Shares of Wabtec Restricted Stock (\$)	Unvested Wabtec Restricted Stock Units (\$)	Unvested Wabtec Performance Units (\$)	Total (\$)
Raymond T. Betler	748,145	4,130,329	—	11,260,120	16,138,594
Patrick D. Dugan	262,231	2,693,693	—	4,076,940	7,032,864
Stéphane Rambaud-Measson	—	—	3,824,558	5,241,780	9,066,338
David L. DeNinno	216,318	2,892,686	—	3,300,380	6,409,384
Scott E. Wahlstrom	122,825	1,226,965	—	1,863,744	3,213,534

Albert J. Neupaver	443,245	3,793,010	–	9,318,720	13,554,975
--------------------	---------	-----------	---	-----------	------------

Perquisites/Benefits. The amounts in this column represent the estimated value of 24 months of continued health and welfare benefits provided pursuant to the Continuation Agreements, which provide double-trigger benefits, based on the full premium costs of such benefits. The estimated values of these benefits is \$22,800 for each of Mr. Betler, Mr. Dugan, Mr. DeNinno, Mr. Wahlstrom and Mr. Neupaver. These named executive officers would become entitled to these amounts under the Continuation Agreements upon a qualifying termination of (3) employment that occurs within the 24-month period following the closing of the Merger. In accordance with applicable SEC rules, the estimated value of health and welfare benefits was calculated based on the same assumptions used for financial reporting purposes. Each Continuation Agreement contains standard confidentiality and other restrictive covenants, including non-solicitation and non-competition covenants for a period of one year following termination of the executive's employment. Mr. Rambaud-Measson is not entitled to any continued health or welfare benefits under the terms of his employment agreement.

Accounting Treatment and Considerations

Accounting Standard Codification 805, Business Combinations, requires the use of the acquisition method of accounting for business combinations. In applying the acquisition method, it is necessary to identify both the accounting acquiree and the accounting acquiror. In a business combination effected through an exchange of equity interests, such as the Merger, the entity that issues the interests (Wabtec, in this case) is generally the acquiring entity. In identifying the acquiring entity in a combination effected through an exchange of equity interests, however, all pertinent facts and circumstances must be considered, including the following:

Issuance of equity by Wabtec. Wabtec expects to issue approximately 98.5 million shares of Wabtec common stock in the Merger.

TABLE OF CONTENTS

Incurrence of debt by Wabtec. Approximately \$2.9 billion of indebtedness is expected to be incurred in connection with the Transactions to fund the Direct Sale. Following the consummation of the Transactions, it is expected that post-Transaction GE Transportation will be owned by Wabtec through SpinCo, which will be a wholly owned subsidiary of Wabtec and will hold the SpinCo Business, and Direct Sale Purchaser, which will also be a wholly owned subsidiary of Wabtec and will hold the assets, potentially including the equity interests in certain pre-Transaction subsidiaries of GE that compose part of GE Transportation, acquired in the Direct Sale and the liabilities assumed in the Direct Sale. Nevertheless, because of the significant assets and operations represented by GE Transportation, Wabtec expects that following the consummation of the Transaction, SpinCo, Direct Sale Purchaser, and/or other entities through which GE Transportation is owned and operated may be required to become guarantors of the indebtedness of the Borrowers under the Credit Agreement, the New Wabtec Notes and Wabtec's existing senior unsecured notes.

The relative voting interests of Wabtec stockholders after the consummation of the Transactions. In this case and calculated on a fully-diluted, as-converted and as-exercised basis, GE and pre-Merger holders of GE common stock will collectively hold 50.1% of the equity ownership and associated voting rights in Wabtec after the consummation of the Transactions (with approximately 9.9% of the outstanding shares of Wabtec common stock expected to be held by GE) and 49.9% of the outstanding shares of Wabtec common stock will be held by pre-Merger Wabtec stockholders. The shares held by GE will be subject to GE's obligations under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this prospectus-information statement entitled *Other Agreements—Tax Matters Agreement*) and (y) the Shareholders Agreement to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger and prior thereto, to vote all of such shares in the proportion required under the Shareholders Agreement (as described in the section of this prospectus-information statement entitled *Other Agreements—Shareholders Agreement*).

The composition of the governing body of Wabtec after the consummation of the Transactions. The Wabtec Board currently consists of 12 directors. In connection with the Transactions, the size of the Wabtec Board will be increased to include three additional directors, each of whom is required to be independent as defined in the listing standards of the NYSE, to be designated as nominees by GE (subject to the nominees being reasonably acceptable to the Nominating and Corporate Governance Committee of the Wabtec Board), effective at the time of closing of the Merger. The Merger Agreement provides that, at the direction of GE, the GE designees will be assigned among the Wabtec Board's classes of directors so that one GE designee is appointed to the class of directors that is up for reelection at each of the first three annual meetings of Wabtec stockholders that occurs after the closing of the Merger. Additionally, in certain circumstances (see *The Merger Agreement – Post-Closing Wabtec Board of Directors and Officers*), the Wabtec Board will take all actions necessary to include the GE designee up for reelection at the first annual meeting of Wabtec stockholders that occurs after the closing of the Merger as nominee for the Wabtec Board at such annual meeting, to recommend that Wabtec stockholders vote in favor of the GE designee and to support the election of the GE designee at such annual meeting.

The composition of the senior management of Wabtec after the consummation of the Transactions. The executive officers of Wabtec immediately prior to consummation of the Merger are generally expected to be the executive officers of Wabtec immediately following consummation of the Merger, with Albert J. Neupaver remaining as Wabtec's executive chairman and Raymond T. Betler remaining as Wabtec's president and CEO. Following consummation of the Transactions, Stéphane Rambaud-Measson will become president and CEO of Wabtec's Transit Segment and Rafael O. Santana, president and CEO of GE Transportation, will become president and CEO of Wabtec's Freight Segment.

Wabtec management has determined that Wabtec will be the accounting acquiror in the Merger based on the facts and circumstances outlined above and the analysis of the relevant GAAP guidance. Consequently, Wabtec will apply

acquisition accounting to the assets and liabilities of GE Transportation acquired or assumed upon the consummation of the Direct Sale and the Merger. The historical financial statements of Wabtec for periods ended prior to the consummation of the Merger will reflect only the operations and financial condition of Wabtec. Subsequent to the consummation of the Merger, the financial statements of Wabtec will include the combined operations and financial condition of Wabtec and GE Transportation.

TABLE OF CONTENTS

Regulatory Approvals

Under the HSR Act, the parties must file pre-merger notifications with the FTC and the DOJ and observe specified waiting periods before consummating the Merger. Wabtec and GE each filed the requisite notification and report forms with the FTC and the DOJ on June 22, 2018. Wabtec and GE have each received a request for additional information (second request) from the DOJ. The second request is not an uncommon part of the regulatory review process under the HSR Act in respect of large transactions. The effect of the second request is to extend the waiting period imposed by the HSR Act until 30 days after Wabtec and GE have substantially complied with their respective request, unless that period is extended voluntarily by both parties or terminated sooner by the DOJ. Wabtec and GE will continue to cooperate fully with the DOJ as it reviews the proposed transaction. In addition to the expiration of the waiting period under the HSR Act, the parties have agreed to take, make or obtain all material actions by, consents or approvals of, or in respect of or filings with any governmental authority required to permit the consummation of the Merger, including the governmental authorizations to be sought in Austria, Brazil, Canada, Germany, Kazakhstan, Mexico, Pakistan, Russia, South Africa and Ukraine. The required waiting period in Canada has expired, and the parties have already obtained clearance from Austria, Germany and Russia.

Federal Securities Law Consequences; Resale Restriction

Wabtec common stock issued in the Merger will not be subject to any restrictions on transfer arising under the Securities Act, except for shares of Wabtec common stock issued to any person who may be deemed to be an affiliate of Wabtec under the Securities Act.

No Appraisal or Dissenters Rights

None of the stockholders of Wabtec, Merger Sub, Direct Sale Purchaser, GE or SpinCo will be entitled to exercise appraisal rights or to demand payment for their shares in connection with the Transactions.

TABLE OF CONTENTS

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE DISTRIBUTION AND THE MERGER TO GE STOCKHOLDERS

The following are the material U.S. federal income tax consequences of the Distribution and Merger to U.S. Holders (as defined below) of GE common stock. This discussion is based on the Code, applicable Treasury regulations, administrative interpretations and court decisions as in effect as of the date of this registration statement, all of which may change, possibly with retroactive effect. For purposes of this discussion, a U.S. Holder is a beneficial owner of GE common stock that is for U.S. federal income tax purposes:

- a citizen or individual resident of the United States;
- a corporation, or other entity taxable as a corporation for U.S. federal income tax purposes, created or organized in or under the laws of the United States, any state therein or the District of Columbia; or
- an estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

This discussion assumes that the Distribution is effected by way of a *pro rata* distribution to the stockholders of GE and that U.S. Holders of GE common stock hold such stock as a capital asset (generally, assets held for investment). It does not address all aspects of U.S. federal income taxation that may be important to a U.S. Holder in light of that stockholder's particular circumstances or to a U.S. Holder subject to special rules, such as:

- a financial institution, regulated investment company, real estate investment trust, or insurance company;
- a tax-exempt organization;
- a dealer or broker in securities, commodities or foreign currencies;
- a stockholder that holds GE common stock as part of a hedge, appreciated financial position, straddle, conversion, or other risk reduction transaction;
- a stockholder that holds GE common stock in a tax-deferred account, such as an individual retirement account or a plan qualifying under Section 401(k) of the Code; or
- a stockholder that acquired GE common stock pursuant to the exercise of options or similar derivative securities or otherwise as compensation.

If a partnership, or any entity or arrangement treated as a partnership for U.S. federal income tax purposes, holds GE common stock, the tax treatment of a partner in such partnership generally will depend on the status of the partners and the activities of the partnership. A partner in a partnership holding GE common stock should consult its own tax advisor.

This discussion of material U.S. federal income tax consequences does not address all potential U.S. federal income tax consequences of the Distribution and Merger, including consequences that may depend on individual circumstances. In addition, it does not address any estate or gift or other non-income tax consequences or any foreign, state or local tax consequences of the Distribution and Merger. **Each holder of GE common stock should consult its own tax advisor to determine the particular U.S. federal, state or local or foreign income or other tax consequences of the Distribution and Merger to such holder.**

Tax Opinions

The consummation of the Distribution, the Merger, and certain related transactions are conditioned upon (i) GE's receipt of the GE Tax Opinions, and (ii) Wabtec's receipt of the Wabtec Tax Opinion (the Tax Opinions). GE has also requested a private letter ruling from the IRS with respect to certain aspects of the intended tax treatment of the Distribution (the Ruling). If GE does not timely receive the Ruling, the Distribution and certain related transactions will be restructured in a manner intended to permit tax counsel to GE to render its opinion in the absence of the Ruling. Any such restructuring will not affect the tax consequences of the Distribution and the Merger to U.S. Holders of GE common stock.

In rendering the Tax Opinions, tax counsel will rely on (i) customary representations and covenants made by GE, SpinCo and Wabtec, (ii) specified assumptions, including an assumption regarding the completion of the Distribution, Merger, and certain related transactions in the manner contemplated by the transaction agreements and (iii) if the Ruling is obtained, the Ruling. Tax counsels ability to provide the Tax Opinions will depend on

TABLE OF CONTENTS

the absence of changes in existing facts or law between the date of this registration statement and the closing date of the Distribution and the Merger. If any of those representations, covenants or assumptions is inaccurate, tax counsel may not be able to provide the Tax Opinions or the tax consequences of the Distribution and the Merger could differ from those described below. An opinion of tax counsel neither binds the IRS, nor precludes the IRS or the courts from adopting a contrary position.

The Distribution

On the basis that, as intended by GE and Wabtec, the Distribution, together with certain related transactions, will qualify as a reorganization within the meaning of Section 368(a)(1)(D) of the Code and a distribution described in Sections 355(a) and 355(e) of the Code, in general, for U.S. federal income tax purposes:

the Distribution will be taxable to GE;

U.S. Holders of GE common stock will not recognize income, gain or loss upon the receipt of the Distribution Shares in the Distribution;

the aggregate tax basis of the shares of SpinCo common stock (including fractional shares) distributed in the Distribution to a U.S. Holder of GE common stock will be determined by allocating the aggregate tax basis of such U.S. Holder in the shares of GE common stock with respect to which the Distribution is made between such GE common stock and the SpinCo common stock received in proportion to the relative fair market values of such common stock; and

the holding period (for U.S. federal income tax purposes) of any shares of SpinCo common stock received (including any fractional shares of SpinCo common stock) in the Distribution by a U.S. Holder of GE common stock will include the holding period at the time of the consummation of Distribution of the shares of GE common stock with respect to which the shares of SpinCo common stock were received.

In general, if the Distribution were not to qualify as a distribution described in Section 355(a) of the Code, the Distribution would be treated as a taxable dividend to GE stockholders.

The Merger

The Merger is intended to qualify as a tax-free reorganization within the meaning of Section 368(a) of the Code. On the basis of such treatment and subject to the limitations and qualifications described herein, in general, for U.S. federal income tax purposes:

U.S. Holders of SpinCo common stock will not recognize income, gain or loss upon the receipt of Wabtec common stock in the Merger, except for any gain or loss recognized with respect to cash received in lieu of a fractional share of Wabtec common stock;

the aggregate tax basis of Wabtec common stock received by a U.S. Holder of SpinCo common stock in the Merger (including fractional shares of Wabtec common stock deemed received and redeemed as described below) will be the same as the aggregate tax basis of the SpinCo common stock for which it is exchanged;

the holding period (for U.S. federal income tax purposes) of Wabtec common stock received in exchange for shares of SpinCo common stock (including fractional shares of Wabtec common stock deemed received and redeemed as described below) will include the holding period of the SpinCo common stock for which it is exchanged;

a U.S. Holder of SpinCo common stock who receives cash in lieu of a fractional share of Wabtec common stock will be treated as having received the fractional share pursuant to the Merger and then as having sold that fractional share for cash. As a result, such U.S. Holder of SpinCo common stock will recognize gain or loss equal to the difference between the amount of cash received and the tax basis in his or her fractional share, determined as set forth above; and

- any gain or loss recognized by a U.S. Holder described above will generally be capital gain or loss, and will be long-term capital gain or loss if, as of the closing date of the Merger, the holder's holding

TABLE OF CONTENTS

period for the relevant shares is greater than one year. For U.S. Holders of SpinCo common stock that are noncorporate U.S. Holders, long-term capital gain generally will be taxed at a U.S. federal income tax rate that is lower than the rate for ordinary income or for short-term capital gains. The deductibility of capital losses is subject to limitations.

In general, if the Merger were not to qualify as a reorganization within the meaning of Section 368(a) of the Code, a U.S. Holder would be required to recognize gain or loss equal to the difference, if any, between such U.S. Holder's adjusted tax basis in its SpinCo common stock surrendered in the Merger and an amount equal to the fair market value of its shares of Wabtec common stock received in the Merger, plus any cash received in lieu of fractional shares. Generally, in such event, a U.S. Holder's tax basis in the shares of Wabtec common stock received in the Merger would equal the fair market value of such shares as of the date of the Merger, and such U.S. Holder's holding period with respect to such shares would begin on the day after the Merger.

Information Reporting and Backup Withholding

U.S. Treasury regulations generally require persons who own at least five percent of the total outstanding stock of GE (by vote or value) and who receive SpinCo common stock pursuant to the Distribution and persons who own at least one percent of the total outstanding stock of SpinCo and who receive Wabtec common stock pursuant to the Merger to attach to their U.S. federal income tax return for the year in which the Distribution and the Merger occur a detailed statement setting forth certain information relating to the tax-free nature of the Distribution and the Merger, as the case may be, to GE stockholders. GE and/or SpinCo will provide the appropriate information to each holder upon request, and each such holder is required to retain permanent records of this information. In addition, payments of cash to a U.S. Holder of SpinCo common stock in lieu of a fractional share of Wabtec common stock in the Merger may be subject to information reporting, unless the U.S. Holder provides the withholding agent with proof of an applicable exemption. Payments that are subject to information reporting may also be subject to backup withholding (currently at a rate of 24%) unless such U.S. Holder provides the withholding agent with a correct taxpayer identification number and otherwise complies with the requirements of the backup withholding rules. Backup withholding does not constitute an additional tax, but merely an advance payment, which may be refunded or credited against a U.S. Holder's U.S. federal income tax liability, provided the required information is timely supplied to the IRS.

THE MERGER AGREEMENT

*The following is a summary of the material provisions of the Merger Agreement. This summary is qualified in its entirety by reference to the full text of the Merger Agreement, which is incorporated by reference in this prospectus-information statement. GE stockholders are urged to read the Merger Agreement in its entirety. This summary of the Merger Agreement has been included to provide GE stockholders with information regarding its terms. The rights and obligations of the parties are governed by the express terms and conditions of the Merger Agreement and not by this summary or any other information included in this document. It is not intended to provide any other factual information about Wabtec, Merger Sub, GE or SpinCo. Information about Wabtec, Merger Sub, GE and SpinCo can be found elsewhere in this prospectus-information statement and in the documents incorporated by reference into this prospectus-information statement. See also *Where You Can Find More Information; Incorporation by Reference.**

The Merger

Under the Merger Agreement and in accordance with the DGCL, at the effective time of the Merger, Merger Sub will merge with and into SpinCo. As a result of the Merger, the separate existence of Merger Sub will cease and SpinCo will continue as the surviving corporation and as a wholly owned subsidiary of Wabtec. From and after the effective time of the Merger, the surviving corporation will possess all the rights, powers, privileges and franchises and be subject to all of the obligations, liabilities, restrictions and disabilities of SpinCo and Merger Sub, all as provided under the DGCL. The certificate of incorporation and bylaws of Merger Sub in effect at the effective time of the Merger will be the certificate of incorporation and bylaws of the surviving corporation until amended in accordance with applicable law, except the name of the surviving corporation will be as Wabtec may determine.

Under the terms of the Merger Agreement, from and after the effective time of the Merger until successors are duly elected or appointed and qualified in accordance with applicable law, (i) the directors of Merger Sub at the effective time of the Merger will be the directors of the surviving corporation and (ii) the officers of SpinCo at the effective time of the Merger will be the officers of the surviving corporation.

Closing; Effective Time

Under the terms of the Merger Agreement, the closing of the Merger will take place as soon as possible, but in any event no later than two business days after the date the conditions precedent to the Merger (other than those to be satisfied at closing, but subject to their satisfaction) have been satisfied or, to the extent permissible, waived or on such other date as GE and Wabtec may mutually agree. At the closing, SpinCo and Merger Sub will file a certificate of merger with the Delaware Secretary of State and make all other filings or recordings required by the DGCL in connection with the Merger. The Merger will become effective at such time as the certificate of merger is duly filed with the Delaware Secretary of State (or at such later time as the parties may agree and as is specified in the certificate of merger).

Merger Consideration

The Merger Agreement provides that, at the effective time of the Merger, by virtue of the Merger and without any action on the part of Wabtec, Merger Sub, SpinCo or the holders of shares of SpinCo common stock, each share of SpinCo common stock outstanding immediately prior to the effective time of the Merger (except shares of SpinCo common stock held by SpinCo or Wabtec, which will be cancelled) will be converted into the right to receive a number of fully paid and non-assessable shares of Wabtec common stock equal to the exchange ratio in the Merger Agreement. The exchange ratio will be determined prior to the closing of the Merger based on the number of shares of Wabtec common stock on a fully-diluted, as-converted and as-exercised basis, on the one hand, and the number of

shares of SpinCo common stock, on the other hand, in each case outstanding immediately prior to the effective time of the Merger, such that the stockholders of SpinCo (including GE) will own shares of Wabtec common stock representing 50.1% of the shares of Wabtec common stock outstanding immediately following the Merger on a fully-diluted, as-converted and as-exercised basis. As described in the Merger Agreement, the exchange ratio equals the quotient of (a) the aggregate number of shares of Wabtec common stock outstanding immediately prior to the effective time of the Merger on a fully-diluted, as-converted and as-exercised basis multiplied by the quotient of 50.1% divided by 49.9%, divided by (b) the number of shares of SpinCo common stock outstanding immediately prior to the effective time of the Merger. For example,

TABLE OF CONTENTS

solely for illustrative purposes, assume there are 1,000 shares of Wabtec common stock outstanding immediately prior to the effective time of the Merger on a fully-diluted, as-converted and as-exercised basis and 2,000 shares of SpinCo common stock outstanding immediately prior to the effective time of the Merger. In order for holders of SpinCo common stock to own shares of Wabtec common stock representing 50.1% of the shares of Wabtec common stock immediately following the effective time of the Merger on a fully-diluted, as-converted and as-exercised basis, Wabtec would have to issue to holders of the outstanding shares of SpinCo common stock representing a number of shares of Wabtec common stock equal to 1,000 multiplied by the quotient of 50.1% divided by 49.9%, or 1,004 shares of Wabtec common stock. The exchange ratio therefore would equal the quotient of 1,004 shares of Wabtec common stock divided by 2,000 shares of SpinCo common stock, or 0.502.

No fractional shares of Wabtec common stock will be issued pursuant to the Merger. All fractional shares of Wabtec common stock that a holder of shares of SpinCo common stock would otherwise be entitled to receive as a result of the Merger will be aggregated by the exchange agent, and the exchange agent will cause the whole shares obtained by such aggregation to be sold in the open market or otherwise at then-prevailing market prices no later than five business days after the Distribution. The exchange agent will pay the net proceeds of the sale, after deducting any required withholding taxes and brokerage charges, commissions and conveyance and similar taxes, on a *pro rata* basis, without interest, as soon as practicable to the holders of shares of SpinCo common stock that would otherwise be entitled to receive such fractional shares of Wabtec common stock pursuant to the Merger.

The merger consideration and cash in lieu of fractional shares (if any) paid in connection with the Merger will be reduced by any applicable withholding taxes as described below under —Withholding Rights.

Distribution of Per Share Merger Consideration

Prior to the effective time of the Merger, GE will designate a nationally recognized commercial bank or trust company reasonably acceptable to Wabtec to act as exchange agent for the benefit of the holders of SpinCo common stock. Prior to the effective time of the Merger, Wabtec will deposit or cause to be deposited with the exchange agent, for the benefit of holders of shares of SpinCo common stock, for exchange in accordance with the provisions of the Merger Agreement promptly after the effective time of the Merger, book-entry shares of Wabtec common stock representing the merger consideration issuable to holders of shares of SpinCo common stock as of the effective time of the Merger.

At the effective time of the Merger, all issued and outstanding shares of SpinCo common stock will be converted into the right to receive shares of Wabtec common stock as described above under —Merger Consideration. As promptly as practicable thereafter, Wabtec will cause the exchange agent to distribute the shares of Wabtec common stock into which the shares of SpinCo common stock have been converted pursuant to the Merger, which, in the case of shares of SpinCo common stock distributed in the Distribution, will be distributed on the same basis as shares of SpinCo common stock were distributed in the Distribution and to the persons who received shares of SpinCo common stock in the Distribution. Each holder of shares of SpinCo common stock will be entitled to receive in respect of the shares of SpinCo common stock held by such person a book-entry authorization representing the number of whole shares of Wabtec common stock that such holder has the right to receive pursuant to the Merger (and cash in lieu of fractional shares of Wabtec common stock as described above under —Merger Consideration , together with any dividends or distributions and other amounts as described below under —Distributions With Respect to Shares of Wabtec Common Stock after the Effective Time of the Merger).

TABLE OF CONTENTS

Distributions With Respect to Shares of Wabtec Common Stock after the Effective Time of the Merger

Subject to the following sentence, no dividends or other distributions declared after the effective time of the Merger with respect to Wabtec common stock will be paid with respect to any shares of Wabtec common stock that are not able to be distributed by the exchange agent promptly after the effective time of the Merger, whether due to a legal impediment to such distribution or otherwise. Subject to the effect of abandoned property, escheat, tax or other applicable laws, following the distribution of any such previously undistributed shares of Wabtec common stock, the record holder of such shares of Wabtec common stock will be paid, without interest:

at the time of the distribution, the amount of cash payable in lieu of fractional shares of Wabtec common stock to which such holder is entitled pursuant to the Merger Agreement and the amount of dividends or other distributions with a record date after the effective time of the Merger paid before that time with respect to such whole shares of Wabtec common stock; and

at the appropriate payment date, the amount of dividends or other distributions with a record date after the effective time of the Merger but prior to the distribution of such whole shares of Wabtec common stock and a payment date subsequent to the distribution of such whole shares of Wabtec common stock.

Wabtec is required under the Merger Agreement to deposit all such amounts with the exchange agent.

Termination of the Exchange Fund; No Liability

Any portion of the amounts deposited with the exchange agent under the Merger Agreement that remains undistributed to the former SpinCo stockholders on the one-year anniversary of the effective time of the Merger will be delivered to Wabtec upon demand. Subject to any applicable abandoned property, escheat or similar applicable law, any former SpinCo stockholders who have not received shares of Wabtec common stock (as described above under —Merger Consideration) may thereafter look only to Wabtec for the merger consideration to which they are entitled under the Merger Agreement (as described above under —Merger Consideration), any cash in lieu of fractional shares of Wabtec common stock to which they may be entitled under the Merger Agreement (as described above under —Merger Consideration) or any dividends or other distributions with respect to the Wabtec common stock to which they may be entitled under the Merger Agreement (as described above under —Distributions With Respect to Shares of Wabtec Common Stock after the Effective Time of the Merger).

Pursuant to the Merger Agreement, none of Wabtec, GE, SpinCo, Merger Sub, the surviving corporation or the exchange agent will be liable to any person for any merger consideration deposited by Wabtec with the exchange agent (or dividends or distributions with respect to Wabtec common stock) or other cash, in each case delivered to a public official pursuant to any abandoned property, escheat or similar applicable law.

Withholding Rights

Each of the exchange agent, the surviving corporation, Wabtec and Merger Sub are entitled to deduct and withhold from any amounts otherwise payable under the Merger Agreement such amount as it is required to deduct and withhold with respect to the making of such payment under any provision of tax law. To the extent that amounts are so withheld, such withheld amounts will be treated for all purposes of the Merger Agreement as having been paid to the former SpinCo stockholders otherwise entitled to such amounts in respect of which such deduction and withholding was made.

Stock Transfer Books

From and after the effective time of the Merger, the stock transfer books of SpinCo will be closed, and there will be no further registration of transfers of shares of SpinCo common stock after that time on the records of SpinCo.

Post-Closing Wabtec Board of Directors and Officers

The Merger Agreement provides that Wabtec will, and will cause the Wabtec Board to, take all actions necessary to cause three individuals designated by GE to be appointed to the Wabtec Board as of the effective time of the Merger, including by increasing the size of the Wabtec Board and appointing the GE designees to fill the vacancies. Each of the GE designees will qualify as an independent director under the rules of the NYSE and will be reasonably acceptable to the Nomination and Corporate Governance Committee of the Wabtec Board.

TABLE OF CONTENTS

At the direction of GE, (i) one of the GE designees selected by GE will be assigned to the class of directors that is up for reelection at the first annual meeting of Wabtec stockholders that occurs after the effective time of the Merger, (ii) one of the GE designees selected by GE will be assigned to the class of directors that is up for reelection at the second annual meeting of Wabtec stockholders that occurs after the effective time of the Merger, and (iii) one of the GE designees selected by GE will be assigned to the class of directors that is up for reelection at the third annual meeting of Wabtec stockholders that occurs after the effective time of the Merger.

If the effective time of the Merger occurs within six months prior to the date of the 2019 annual meeting of Wabtec stockholders and prior to the date on which Wabtec commences mailing its proxy statement for the 2019 annual meeting of Wabtec stockholders, then Wabtec will, and will cause the Wabtec Board to, take all actions necessary to (i) nominate for election to the Wabtec Board at the 2019 annual meeting of Wabtec stockholders the GE designee selected by GE to be assigned to the class of directors that is up for reelection at the first annual meeting of Wabtec stockholders that occurs after the effective time of the Merger, (ii) recommend that Wabtec stockholders vote in favor of the election of such GE designee to the Wabtec Board and (iii) use no less rigorous efforts to support the election of such GE designee to the Wabtec Board than the efforts used to support the election of each other nominee of the Wabtec Board for election to the Wabtec Board at the 2019 annual meeting of Wabtec stockholders. If the effective time of the Merger occurs after the date on which Wabtec commences mailing its proxy statement for the 2019 annual meeting of Wabtec stockholders and prior to the 2019 annual meeting of Wabtec stockholders, then Wabtec will take all necessary action to cause the GE designee selected by GE to be assigned to the class of directors that is up for reelection at the first annual meeting of Wabtec stockholders that occurs after the effective time of the Merger to be re-appointed to the Wabtec Board as of immediately following the 2019 annual meeting of Wabtec stockholders (and to be re-assigned to the class of directors that was elected at the 2019 annual meeting of Wabtec stockholders).

Stockholders Meeting

Under the terms of the Merger Agreement, Wabtec is required to call, give notice of, convene and hold a meeting of its stockholders for the purpose of voting upon the Share Issuance and Wabtec Charter Amendment as promptly as reasonably practicable following the date on which the SEC clears Wabtec's proxy statement relating to such stockholders meeting and, if required by the SEC as a condition to the mailing of the proxy statement, the date on which the registration statement of Wabtec registering the shares of Wabtec common stock required for the Share Issuance has been declared effective. Wabtec is required to call this stockholders meeting for the purpose of voting upon the Share Issuance and Wabtec Charter Amendment regardless of the commencement, disclosure, announcement or submission to Wabtec or its stockholders of any Acquisition Proposal (as defined below under —No Solicitation) or any Adverse Recommendation Change (as defined below under —Board Recommendation). Subject to the provisions of the Merger Agreement described below under —Board Recommendation and —No Solicitation, Wabtec has agreed to use reasonable best efforts (consistent with the efforts customarily used in transactions of the type contemplated by the Merger Agreement, including engaging a proxy solicitor) to solicit from its stockholders proxies in favor of the approval of the Share Issuance and Wabtec Charter Amendment.

If, on the date of the stockholders meeting for the purpose of voting upon the Share Issuance and Wabtec Charter Amendment, Wabtec has not received proxies representing a sufficient number of shares of Wabtec common stock to approve the Share Issuance and Wabtec Charter Amendment, Wabtec may, or, upon written request of GE, will, adjourn such stockholders meeting until such date as is mutually agreed upon by Wabtec and GE, which date must be no less than five days nor more than 10 days after the date of adjournment, and subject to the terms and conditions of the Merger Agreement, Wabtec will continue to use its reasonable best efforts, together with its proxy solicitor, to assist in the solicitation of proxies from stockholders relating to the approval of the Share Issuance and Wabtec Charter Amendment. Wabtec may not adjourn such stockholders meeting more than one time unless mutually agreed by Wabtec and GE.

Representations and Warranties

The Merger Agreement contains representations and warranties that Wabtec has made to GE and SpinCo, on the one hand, and GE has made to Wabtec, on the other hand, as of specific dates. No representations or warranties were made as of any dates other than the dates specified in the Merger Agreement. The assertions embodied in those representations and warranties were made solely for purposes of the Merger Agreement and may be subject to important qualifications and limitations agreed to by Wabtec and GE in connection with negotiating the terms

of the Transactions or contained in other disclosure documentation. Such disclosure documentation may contain information that modifies, qualifies or creates exceptions to the representations and warranties set forth in the Merger Agreement. Moreover, the representations and warranties may be subject to contractual standards of materiality different from those generally applicable to stockholder communications, or may have been used for the purpose of allocating risk among Wabtec and GE. Accordingly, these representations and warranties may not describe the actual state of affairs as of the date they were made or at any other time. Wabtec, GE and SpinCo acknowledge that, notwithstanding the inclusion of the foregoing cautionary statements, they are responsible for considering whether additional specific disclosures of material information regarding material contractual provisions are required to ensure compliance with all applicable securities laws.

The representations and warranties contained in the Merger Agreement relate to, among other things, the following:

- each party's and its subsidiaries' due incorporation, valid existence and good standing;
- authority to enter into and perform obligations under the Transaction Documents;
- board and stockholder approvals obtained or required in connection with the Transactions;
- governmental consents and approvals;
- absence of conflicts with or violations of governance documents, other obligations or laws;
- capitalization;
- subsidiaries;
- financial statements;
- accuracy of information supplied for use in this prospectus-information statement and certain other disclosure documents to be filed with the SEC in connection with the Transactions;
- absence of certain changes or events;
- absence of undisclosed liabilities;
- compliance with applicable laws;
- permits;
- absence of investigations or litigation;
- interests in real property;
- intellectual property matters;
- tax matters;
- employment and employee benefits matters;
- environmental matters;
- material contracts; and
- payment of fees to brokers or finders in connection with the Transactions.

Wabtec has also made representations and warranties to GE and SpinCo relating to its filings with the SEC, the Debt Financing (as described in the section of this prospectus-information statement entitled "Debt Financing"), the opinion of Wabtec's financial advisor (as described in the section of this prospectus-information statement entitled "The Transactions—Opinion of Wabtec's Financial Advisor"), the required vote of Wabtec stockholders on the transactions contemplated by the Merger Agreement (including the Share Issuance and the Wabtec Charter Amendment), and the absence of any stockholder rights plan, poison pill, anti-takeover plan or other similar device.

GE has also made representations and warranties to Wabtec and Merger Sub relating to the sufficiency of, and title to, assets to be contributed to SpinCo or acquired by Direct Sale Purchaser and the operations and purpose of formation of SpinCo.

TABLE OF CONTENTS

Many of the representations and warranties contained in the Merger Agreement are subject to a material adverse effect standard, knowledge qualifications, or both, and none of the representations and warranties will survive the effective time of the Merger. The Merger Agreement does not contain any post-closing indemnification obligations with respect to these matters.

The term material adverse effect, when used with respect to GE Transportation, is defined in the Merger Agreement to mean any material adverse effect on the business, condition (financial or otherwise) or results of operations of GE Transportation, taken as a whole. With respect to GE Transportation, the term material adverse effect does not include any effect resulting from the following matters (except, in the case of the first, second and third bullet points below, to the extent that such effect has a disproportionate effect on GE Transportation, taken as a whole, as compared with other participants in the industries in which GE Transportation operates):

- changes (or proposed changes) in GAAP, the regulatory accounting requirements applicable to any industry in which GE Transportation operates or applicable law, including the interpretation or enforcement thereof;
- changes in the financial, credit or securities markets (including changes in prevailing interest rates, credit availability and liquidity, currency exchange rates, price levels or trading volumes in any securities market) or general economic or political conditions;
- changes or conditions generally affecting the industry or segments of the industry in which GE Transportation operates;
- acts of war, sabotage or terrorism or natural disasters;
- other than for purposes of certain specified representations and warranties, the announcement or consummation of the transactions or the identity of Wabtec, including, in each case, with respect to employees, customers, distributors, suppliers, financing sources, landlords, licensors and licensees;
- any failure by GE Transportation to meet any internal or published budgets, projections, forecasts or predictions of financial performance for any period or any change in GE's stock price or trading volume (except that the underlying cause of, or factors contributing to, such failure or change may be taken into account in determining whether a material adverse effect with respect to GE Transportation has occurred, unless such underlying cause or factor would be excluded by any of the above or below bullet points);
- actions required or expressly contemplated by the Merger Agreement or taken by GE, SpinCo or any of their respective affiliates at the written direction, or with the written consent, of Wabtec; or
- any stockholder or derivative litigation arising from or relating to the Merger Agreement or the transactions contemplated the Merger Agreement.

The term material adverse effect, when used with respect to Wabtec, is defined in the Merger Agreement to mean any material adverse effect on the business, condition (financial or otherwise) or results of operations of Wabtec and its subsidiaries, taken as a whole. With respect to Wabtec, the term material adverse effect does not include any effect resulting from the following matters (except, in the case of the first, second and third bullet points below, to the extent that such effect has a disproportionate effect on Wabtec and its subsidiaries, taken as a whole, as compared with other participants in the industries in which Wabtec operates):

- changes (or proposed changes) in GAAP, the regulatory accounting requirements applicable to any industry in which Wabtec and its subsidiaries operate or applicable law, including the interpretation or enforcement thereof;
- changes in the financial, credit or securities markets (including changes in prevailing interest rates, credit availability and liquidity, currency exchange rates, price levels or trading volumes in any securities market) or general economic or political conditions;
- changes or conditions generally affecting the industry or segments of the industry in which Wabtec and its subsidiaries operate;

acts of war, sabotage or terrorism or natural disasters;
other than for purposes of certain specified representations and warranties, the announcement or consummation of the Transactions or the identity of GE, including, in each case, with respect to employees, customers, distributors, suppliers, financing sources, landlords, licensors and licensees;
any failure by Wabtec to meet any internal or published budgets, projections, forecasts or predictions of financial performance for any period or any change in Wabtec's stock price or trading volume (except that the underlying cause of, or factors contributing to, such failure or change may be taken into account in determining whether a material adverse effect with respect to Wabtec has occurred, unless such underlying cause or factor would be excluded by any of the above or below bullet points);
actions required or expressly contemplated by the Merger Agreement or taken by Wabtec or any of its affiliates at the written direction, or with the written consent, of GE; or
any stockholder or derivative litigation arising from or relating to the Merger Agreement or the transactions contemplated by the Merger Agreement.

Conduct of Business Pending the Merger

Each of the parties has undertaken to perform customary covenants in the Merger Agreement that place restrictions on it and its subsidiaries until the earlier of the closing date of the Merger and the date on which the Merger Agreement is terminated in accordance with its terms as described below under —Termination.

In general, GE has agreed that, prior to the effective time of the Merger, except for the Transactions, as required by applicable law or with the prior written consent of Wabtec (which consent may not be unreasonably withheld, conditioned or delayed), and subject to certain other agreed exceptions, it will, and will cause its subsidiaries to, (i) use reasonable best efforts to conduct GE Transportation in the ordinary course, (ii) use reasonable best efforts to preserve intact the business organization of GE Transportation and the relations and goodwill of all material suppliers, material customers, material licensors, and governmental authorities, in each case, with respect to GE Transportation and to keep available the services of the present officers and key employees of GE Transportation, and (iii) manage the working capital of GE Transportation (including the timing of collection of accounts receivable and of the payment of accounts payable and the management of inventory) in the ordinary course of business.

In addition, GE has agreed that, prior to the effective time of the Merger, except for the Transactions, as required by applicable law, or with the prior written consent of Wabtec (which consent may not be unreasonably withheld, delayed or conditioned except in the case of the first, second, third and fourth bullet points below, and, insofar as related to any of the foregoing, the last bullet point below), and subject to certain other agreed exceptions, GE will not, and will not permit any of its subsidiaries to, take any of the following actions to the extent relating to GE Transportation:

amend the certificate of incorporation, bylaws or similar organizational documents of SpinCo or any Transferred Subsidiary;
split, combine or reclassify any shares of capital stock of SpinCo or any Transferred Subsidiary, or redeem, repurchase or otherwise acquire or offer to redeem, repurchase, or otherwise acquire any shares of capital stock or other ownership interests of SpinCo or any Transferred Subsidiary;
issue, deliver or sell, or authorize the issuance, delivery or sale of, any shares of capital stock or other ownership interests of SpinCo or any Transferred Subsidiary, other than the issuance, delivery or sale of any shares of capital stock or other ownership interests of any Transferred Subsidiary to SpinCo or any other Transferred Subsidiary;
amend any term of any shares of capital stock or other ownership interests of SpinCo or any Transferred Subsidiary;
acquire (by merger, consolidation, acquisition of stock or assets or otherwise), directly or indirectly, any material amount of assets, securities, properties, interests or businesses, other than (i) pursuant to existing contracts or commitments, (ii) acquisitions of goods or services in the ordinary course of business, or (iii) acquisitions of assets, securities, properties or interests in an amount not to exceed \$10 million individually or \$50 million in the aggregate;

TABLE OF CONTENTS

sell, lease or otherwise transfer any assets, securities, properties, interests or businesses of GE Transportation, other than (i) pursuant to existing contracts or commitments and (ii) sales of inventory or other assets in the ordinary course of business;

make any material loans, advances or capital contributions to, or investments in, any other person;

incur any indebtedness for borrowed money or guarantees thereof, other than any indebtedness or guarantee incurred in the ordinary course of business;

except as required by applicable law, the terms of a GE Transportation employee benefit plan or collective bargaining or other labor agreement as in effect on the date of the Merger Agreement, (i) grant any material severance, retention or termination payment to, or enter into or materially amend any severance, retention, termination, employment, change in control or severance agreement with, any service provider of GE Transportation, (ii) materially increase the compensation or benefits provided to any service provider of GE Transportation, other than in the ordinary course of business based on the normal review cycle (provided that the requirement to be based on the normal review cycle will not apply to any service provider of GE Transportation who reports directly to the Chief Executive Officer of GE Transportation), (iii) grant any equity or equity-based awards to, or discretionarily accelerate the vesting (except in respect of certain restricted stock unit awards) or payment of any such awards held by, any service provider of GE Transportation, other than in the ordinary course of business based on the normal review cycle (provided that the requirement to be based on the normal review cycle will not apply to any service provider of GE Transportation who reports directly to the Chief Executive Officer of GE Transportation), (iv) hire, or terminate the employment (other than for cause) of, any service provider of GE Transportation who reports directly to the Chief Executive Officer of GE Transportation, or (v) hire any service provider of GE Transportation, other than as permitted under the terms of the Employee Matters Agreement;

change the methods of accounting of GE Transportation, except as required by concurrent changes in GAAP or in Regulation S-X of the Exchange Act;

other than in the ordinary course of business, (i) make any change (or file any such change) in any method of tax accounting or any annual tax accounting period, (ii) make, change or rescind any tax election, (iii) settle or compromise any tax liability or consent to any claim or assessment relating to taxes, (iv) file any amended tax return or claim for refund, (v) enter into any closing agreement relating to taxes, or (vi) waive or extend the statute of limitations in respect of taxes; in each case, to the extent that doing so would reasonably be expected to result in a material incremental cost to Wabtec, SpinCo or any of their respective subsidiaries;

settle, or offer or propose to settle any material claim, action or proceeding involving GE Transportation, other than in the ordinary course of business;

fail to use reasonable best efforts to maintain (with insurance companies substantially as financially responsible as their existing insurers) insurance against at least such risks and losses as are consistent in all material respects with the past practice of GE Transportation, except to the extent such actions affect similarly situated businesses of GE and its subsidiaries and do not disproportionately affect GE Transportation; or

agree or commit to do any of the foregoing.

In addition, from the date of the Merger Agreement until the Distribution, GE will, and will cause each of its subsidiaries to, (i) prepare and timely file all tax returns that it is required to file, (ii) timely pay all taxes that it is required to pay, and (iii) promptly notify Wabtec of any notice of any material claim, action or proceeding before a governmental authority in respect of any tax matters (or any significant developments with respect to ongoing claims, actions, proceedings before a governmental authority in respect of such tax matters), in each case, in respect of SpinCo, GE Transportation, the SpinCo Assets (as defined in the section of this prospectus-information statement titled "The Separation Agreement"), the Direct Sale Assets (as defined in the section of this prospectus-information statement titled "The Separation Agreement") or any Transferred Subsidiary.

TABLE OF CONTENTS

In general, Wabtec has agreed that, prior to the effective time of the Merger, except for the Transactions, as required by applicable law or with the prior written consent of GE (which consent may not be unreasonably withheld, conditioned or delayed), and subject to certain other agreed exceptions, it will, and will cause its subsidiaries to, use reasonable best efforts to (i) conduct the business of Wabtec and its subsidiaries in the ordinary course and (ii) preserve intact the business organization of Wabtec and its subsidiaries, and the relations and goodwill of all material suppliers, material customers, material licensors, and governmental authorities, in each case, with respect to the business of Wabtec and its subsidiaries, and to keep available the services of the present officers and key employees of Wabtec and its subsidiaries.

Furthermore, Wabtec has agreed that, prior to the effective time of the Merger, except as contemplated by the Transactions, as required by applicable law, or with the prior written consent of GE (which consent may not be unreasonably withheld, delayed or conditioned except in the case of the first, second, third and fourth bullet points below, and, insofar as related to any of the foregoing, the last bullet point below), and subject to certain other agreed exceptions, Wabtec will not, and will not permit any of its subsidiaries to, take any of the following actions:

- amend its certificate of incorporation, bylaws or other similar organizational documents, except for the Wabtec Charter Amendment;
- (i) split, combine or reclassify any shares of its capital stock, (ii) declare, set aside or pay any dividend or other distribution (whether in cash, stock or property or any combination thereof) in respect of its capital stock, except for (A) dividends by any of its wholly owned subsidiaries and (B) regular quarterly cash dividends by Wabtec with customary record and payment dates on the shares of Wabtec common stock not in excess of \$0.12 per share for the quarter ended June 30, 2018 and \$0.14 per quarter thereafter, or (iii) redeem, repurchase or otherwise acquire or offer to redeem, repurchase, or otherwise acquire any shares of capital stock or other ownership interests of Wabtec or any of its subsidiaries, other than in connection with the cashless exercise of stock options and any other equity incentives;
- (i) issue, deliver or sell, or authorize the issuance, delivery or sale of, any shares of capital stock or other ownership interests of Wabtec or any of its subsidiaries, other than the issuance, delivery or sale of (A) any shares of Wabtec common stock upon the exercise or settlement of Wabtec stock awards that are outstanding on the date of the Merger Agreement in accordance with the terms of those Wabtec stock awards on the date of the Merger Agreement and (B) any shares of capital stock or other ownership interests of any subsidiary of Wabtec to Wabtec or any other subsidiary of Wabtec or (ii) amend any term of any shares of capital stock or other ownership interests of Wabtec or any of its subsidiaries;
- acquire (by merger, consolidation, acquisition of stock or assets or otherwise), directly or indirectly, any material amount of assets, securities, properties, interests or businesses, other than (i) pursuant to existing contracts or commitments, (ii) acquisitions of goods or services in the ordinary course of business or (iii) acquisitions of assets, securities, properties or interests in an amount unless it would reasonably be expected to result in Wabtec ceasing to be rated by at least two of the three ratings agencies (meaning Moody's Investors Service, Inc., Standard & Poor's Ratings Services and Fitch Ratings, Inc.) as investment grade (meaning a rating of Baa3 or better by Moody's Investors Service, Inc., a rating of BBB- or better by Standard & Poor's Ratings Services, and a rating of BBB- or better by Fitch Ratings, Inc.);
- sell, lease or otherwise transfer any of its assets, securities, properties, interests or businesses, other than (i) pursuant to existing contracts or commitments and (ii) sales of inventory or other assets in the ordinary course of business;
- make any material loans, advances or capital contributions to, or investments in, any other person to the extent that any such loan, advance, capital contribution or investment would reasonably be expected, in any material respect, to result in a delay in obtaining, or otherwise adversely affect the ability of the parties to obtain, any antitrust approval or consent necessary to consummate the transactions contemplated by the Merger Agreement;

except as required by applicable law, the terms of a Wabtec employee benefit plan or collective bargaining or other labor agreement as in effect on the date of the Merger Agreement, (i) grant any material severance, retention or termination payment to, or enter into or materially amend any severance, retention, termination, employment, change in control or severance agreement with, any service provider of Wabtec who reports directly to the Chief Executive Officer of Wabtec, (ii) materially increase the compensation or benefits provided to any service provider of Wabtec who reports directly to the Chief Executive Officer of Wabtec, other than in the ordinary course of business, or (iii) grant any equity or equity-based awards to, or discretionarily accelerate the vesting or payment of any such awards held by, any service provider of Wabtec who reports directly to the Chief Executive Officer of Wabtec, other than in the ordinary course of business;

change its methods of accounting, except as required by concurrent changes in GAAP or in Regulation S-X of the Exchange Act;

other than in the ordinary course of business, (i) make any change (or file any such change) in any method of tax accounting or any annual tax accounting period, (ii) make, change or rescind any tax election, (iii) settle or compromise any tax liability or consent to any claim or assessment relating to taxes, (iv) file any amended tax return or claim for refund, (v) enter into any closing agreement relating to taxes, or (vi) waive or extend the statute of limitations in respect of taxes; in each case, to the extent that doing so would reasonably be expected to result in a material incremental cost to Wabtec, SpinCo or any of their respective subsidiaries;

settle, or offer or propose to settle any material claim, action or proceeding before a governmental authority involving or against Wabtec or any of its subsidiaries without first consulting with GE and giving due consideration to GE's views in respect of such settlement, other than, in the ordinary course of business;

fail to use reasonable best efforts to maintain (with insurance companies substantially as financially responsible as their existing insurers) insurance against at least such risks and losses as are consistent in all material respects with the past practice of the business of Wabtec and its subsidiaries; or

agree or commit to do any of the foregoing.

In addition, from the date of the Merger Agreement until the Distribution, Wabtec will, and will cause each of its subsidiaries to, (i) prepare and timely file all tax returns that it is required to file, (ii) timely pay all taxes (including withholding taxes) that it is required to pay, and (iii) promptly notify GE of any notice of any material claim, action or proceeding before a governmental authority in respect of any tax matters (or any significant developments with respect to ongoing claims, actions or proceedings before a governmental authority in respect of such tax matters).

Tax Matters

The Merger Agreement contains certain additional representations, warranties and covenants relating to the preservation of the tax-free status of the Distribution and the Merger to GE stockholders. Additional representations, warranties and covenants relating to the intended tax treatment of the Distribution, the Merger and the Direct Sale are contained in the Tax Matters Agreement. Indemnification for taxes generally is governed by the terms, provisions and procedures described in the Tax Matters Agreement. See [Other Agreements—Tax Matters Agreement](#).

SEC Filings

GE, SpinCo, Wabtec and Merger Sub have agreed to prepare and file with the SEC appropriate documents, including (i) a proxy statement of Wabtec on Schedule 14A relating to the Wabtec stockholder approval required for the Share Issuance and the Wabtec Charter Amendment, (ii) a registration statement on Form S-4 to register under the Securities Act the shares of Wabtec common stock to be issued by Wabtec to SpinCo stockholders in connection with the Merger, (iii) a Schedule TO and any other filings pursuant to Rule 13e-4 under the Exchange Act, to the extent required, and (iv) such Form(s) as will be required under applicable SEC rules and regulations to register under the Securities Act or the Exchange Act, as applicable, the shares of SpinCo common stock to be distributed in the Distribution. GE, SpinCo, Wabtec and Merger Sub have also agreed to use reasonable best efforts to have the registration statements described above declared effective under the Securities Act or become effective under the

Exchange Act, as applicable, as promptly as practicable after such filings.

TABLE OF CONTENTS

Wabtec is required under the Merger Agreement to use reasonable best efforts to mail its proxy statement to its stockholders as promptly as practicable after the SEC clears that proxy statement.

Regulatory Matters

The Merger Agreement provides that each of GE, SpinCo and Wabtec will use reasonable best efforts to consummate the Transactions, including:

preparing and filing as promptly as practicable with any governmental authority or other third party all documentation to effect all necessary filings, notices, petitions, statements, registrations, submissions of information, applications and other documents; and

obtaining and maintaining all approvals, consents, registrations, permits, authorizations and other confirmations required to be obtained from any governmental authority or other third party that are necessary, proper or advisable to consummate the Transactions.

Each of GE, SpinCo and Wabtec has also agreed to (i) cooperate with each other party in determining whether any applications, notices, registrations and requests are required or advisable to be filed with any governmental authority in order to consummate the transactions contemplated the Merger Agreement; (ii) file, individually or jointly, as appropriate, such applications, notices, registrations and requests as may be required or advisable to be filed by it with any governmental authority in order to consummate the transactions contemplated by the Merger Agreement, including (A) an appropriate filing of a notification and report form or forms, as applicable, pursuant to the HSR Act with respect to the transactions contemplated by the Merger Agreement, as promptly as practicable and (B) any other filings and clearances or expiration of waiting periods required in order to consummate the transactions contemplated by the Merger Agreement, as promptly as practicable; and (iii) supply as promptly as practicable any additional information and documentary material that may be requested by any such governmental authority.

Subject to applicable law relating to the sharing of information, each of GE, SpinCo and Wabtec has also agreed to furnish the other party or parties, as applicable, with copies of all documents and correspondence (i) prepared by or on behalf of such party or parties for any governmental authority and affording the other party or parties, as applicable, opportunity to comment and participate in responding, where appropriate; and (ii) received by or on behalf of such party or parties from any governmental authority, in each case in connection with any such consent, authorization, order or approval; provided that materials may be redacted (A) to remove references concerning valuation of GE Transportation, the other businesses of GE or the business of Wabtec and its subsidiaries or (B) as necessary to address reasonable attorney-client or other privilege concerns. Each of GE, SpinCo and Wabtec has also agreed to consult with and keep the other parties informed as to the status of the matters described in this paragraph and the immediately preceding paragraph.

In addition, the parties to the Merger Agreement will share the right to control and direct the process by which the parties seek to obtain the approvals, consents, registrations, permits, authorizations and other confirmations contemplated by the Merger Agreement, except that, following consultation with, and after giving due consideration to the views of, GE, Wabtec, acting reasonably and in good faith, will have the right to determine the strategy and implementation of the strategy for obtaining any and all necessary antitrust consents or approvals. The Merger Agreement provides that the parties to the Merger Agreement are prohibited from meeting or engaging in material conversations with any governmental authority or representative of such governmental authority in connection with obtaining any such consent, authorization, order and approval unless, to the extent reasonably practicable, it consults with the other party in advance and, to the extent not precluded by applicable law or regulation, offers the other party the opportunity to participate in such meeting or conversation. Each party to the Merger Agreement has agreed that it will not and will cause its affiliates not to, take, refrain from taking or cause to be taken any action that it is aware or should reasonably be aware would have the effect of delaying, impairing or impeding the receipt of any consent, authorization, order or approval of any governmental authorities.

In addition, the Merger Agreement provides that, notwithstanding the above, Wabtec will not be required in connection with its efforts to obtain any antitrust consents or approvals, to (i) litigate, appeal any such litigation, or enter into any settlement, undertaking, consent decree, stipulation or agreement with any governmental authority in connection with the transactions contemplated by the Merger Agreement, or (ii) effect any disposition, licensing or holding separate of assets or lines of business or taking any other action (or otherwise

TABLE OF CONTENTS

agreeing to do any of the foregoing) with respect to any of its or any of its affiliates' business, assets or properties or GE Transportation in connection with its efforts to obtain any antitrust consents or approvals.

Finally, the Merger Agreement provides that, notwithstanding the above, neither GE nor SpinCo will be required, in connection with its efforts to obtain any antitrust consents or approvals, to (x) litigate, appeal any such litigation, or enter into any settlement, undertaking, consent decree, stipulation or agreement with any governmental authority in connection with the transactions contemplated by the Merger Agreement, except that Wabtec and SpinCo will be required to litigate, or appeal any such litigation, to the extent reasonably directed to do so by Wabtec in the exercise of its authority to determine and implement the strategy for obtaining any and all necessary antitrust consents or approvals following consultation with, and after giving due consideration to the views of, GE as described above, (y) effect any disposition, licensing or holding separate of assets or lines of business or taking any other action (or otherwise agreeing to do any of the foregoing) with respect to any of its or any of its affiliates' business, assets or properties other than GE Transportation as set forth in the following clause, or (z) effect any disposition, licensing or holding separate of assets or lines of business or taking any other action (or otherwise agreeing to do any of the foregoing) with respect to GE Transportation that is not in any such case conditioned on the occurrence of the closing of the Merger.

No Solicitation

The Merger Agreement contains detailed provisions restricting GE's ability to seek certain alternative transactions with respect to GE Transportation and restricting Wabtec's ability to seek certain alternative transactions.

GE has agreed, from and after the date of the Merger Agreement through the nine-month anniversary of the date of the Merger Agreement, that it and its subsidiaries will not, and it and its subsidiaries will not authorize its or their officers, directors, employees, investment bankers, attorneys, accountants, consultants or other agents or advisors (each a representative) to:

- solicit, initiate or take any action to knowingly facilitate or encourage the submission of any Competing SpinCo Transaction (as defined below);
- enter into or participate in any discussions or negotiations with, furnish any information relating to GE Transportation or afford access to the business, properties, assets, books or records of GE Transportation to, otherwise cooperate in any way with, or knowingly assist, participate in, facilitate or encourage any effort by any third party that has made, is seeking to make or would reasonably be expected to make, a Competing SpinCo Transaction;
- approve, recommend or consummate any Competing SpinCo Transaction; or
- enter into any agreement in principle, letter of intent, term sheet, merger agreement, acquisition agreement, option agreement or other similar instrument relating to a Competing SpinCo Transaction.

In addition, GE agreed that it will, and will cause its subsidiaries to, and will instruct its representatives to, immediately cease and cause to be terminated all existing discussions or negotiations with any third party and its representatives conducted prior to the execution of the Merger Agreement with respect to any Competing SpinCo Transaction.

In addition, from and after the date of the Merger Agreement through the nine-month anniversary of the date of the Merger Agreement, (i) GE agreed that it will not, and will cause its subsidiaries not to, and it will instruct its representatives not to, release any third party from, or waive any provision of, any confidentiality or, subject to applicable duties of its directors under applicable law, standstill agreement to which it or one of its Affiliates is a party in connection with a Competing SpinCo Transaction and (ii) GE agreed to reasonably promptly (and in any event no later than the next business day) notify (orally and in writing) Wabtec after it or any of its representatives receives any proposal, inquiry, offer or request (or any amendment thereto) with respect to a Competing SpinCo Transaction, including in connection therewith any request for discussions or negotiations and any request for information relating

to GE or any of its affiliates with respect to GE Transportation, or for access to the business, properties, assets, books or records of GE or any of its affiliates with respect to GE Transportation. The receipt by GE of a proposal in respect of a Competing SpinCo Transaction will not in any way or manner alter its or SpinCo's obligations under the Transaction Documents.

The Merger Agreement provides that the term "Competing SpinCo Transaction" means any transaction or series of related transactions with a third party (other than the Transactions and asset sales and transfers not in violation

TABLE OF CONTENTS

of the interim operating covenants described above under —Conduct of Business Pending the Merger) that constitutes a merger, consolidation, share exchange, business combination, acquisition, sale, transfer or other disposition, in each case, of 20% or more of GE Transportation, except that that a Competing SpinCo Transaction will not be deemed to include: (i) a public offering, spin-off or split-off of GE Transportation (including an acquisition of shares by an investor or sponsor in connection therewith) if no third party obtains beneficial ownership of 50% or more of the shares of SpinCo common stock in connection therewith or (ii) any transaction or series of related transactions with a third party that includes the sale, transfer or other disposition of businesses or assets (or interests therein) in addition to GE Transportation if the aggregate revenues attributable to such other businesses and/or assets during the calendar year ended December 31, 2017 (as such revenues would be measured in accordance with GAAP, applied in a manner consistent with the audited financial statements of GE for such calendar year) were greater than the revenues of GE Transportation for such calendar year (as such revenues are reflected in the audited financial statements of GE Transportation).

Wabtec has agreed that it and its subsidiaries will not, and it and its subsidiaries will not authorize its or their representatives to:

- solicit, initiate or take any action to knowingly facilitate or encourage the submission of any Acquisition Proposal (as defined below);

- enter into or participate in any discussions or negotiations with, furnish any information relating to Wabtec or any of its subsidiaries or afford access to the business, properties, assets, books or records of Wabtec or any of its subsidiaries, otherwise cooperate in any way with, or knowingly assist, participate in, facilitate or encourage any effort by any third party that has made, is seeking to make or would reasonably be expected to make, an Acquisition Proposal;

- make an Adverse Recommendation Change (as defined below under —Board Recommendation);

- either fail to enforce, or grant any waiver or release under, any standstill or similar agreement with respect to any class of equity securities of Wabtec or any of its subsidiaries unless the Wabtec Board determines, after consultation with outside legal counsel, that the failure to take such action would be inconsistent with its fiduciary duties under the DGCL;

- approve any transaction under, or any person becoming an interested stockholder under, Section 203 of the DGCL; or

- enter into any agreement in principle, letter of intent, term sheet, merger agreement, acquisition agreement, option agreement or other similar instrument relating to an Acquisition Proposal or consummate any Acquisition Proposal.

In addition, Wabtec agreed that it will, and will cause its subsidiaries and its and their representatives to immediately cease and cause to be terminated any and all existing activities, discussions or negotiations, if any, with any third party and its representatives conducted prior to the date of the Merger Agreement with respect to any Acquisition Proposal and will use its reasonable best efforts to cause any such third party (together with its representatives) that has executed a confidentiality agreement within the 12-month period prior to the date of the Merger Agreement and that is in possession of confidential information furnished by or on behalf of Wabtec or any of its subsidiaries before the date of the Merger Agreement (and all analyses and other materials prepared by or on behalf of such person that contains, reflects or analyzes that information) to return or destroy all such information as promptly as practicable. Wabtec also represents and warrants to GE that, during the 12-month period prior to the date of the Merger Agreement, neither it nor any of its subsidiaries has granted any waiver or release under any standstill or similar agreement with respect to any class of equity securities of Wabtec or any of its subsidiaries.

TABLE OF CONTENTS

Notwithstanding the covenants described in the foregoing paragraphs in this section, at any time prior to the receipt of the approval of Wabtec stockholders for the Share Issuance and the Wabtec Charter Amendment, Wabtec may, directly or indirectly through its representatives, furnish information to, and engage in negotiations or discussions with, a third party (and its representatives) who has made a bona fide written Acquisition Proposal that did not result from a breach of the Merger Agreement by Wabtec if, prior to furnishing such information and engaging in such negotiations and discussions, the Wabtec Board has:

reasonably determined that the Acquisition Proposal constitutes, or is reasonably expected to lead to, a Superior Proposal (which is described below), and has determined (after consulting with outside legal counsel and its financial advisor) that the failure to take such action would be inconsistent with its fiduciary duties under the DGCL; obtained from such third party a confidentiality agreement on terms no less favorable to Wabtec than those contained in Wabtec's confidentiality agreement with GE and that include standstill obligations that Wabtec reasonably determines are customary and expressly allow Wabtec to comply with its obligations described in this section and delivered to GE a copy of the confidentiality agreement for informational purposes only; and provided or made available to GE all such information (to the extent that such information has not been previously provided or made available to GE) prior to or substantially concurrently with the time it is provided or made available to such third party.

Moreover, the Merger Agreement requires Wabtec to:

advise GE on a prompt basis of the status and terms of any discussions and negotiations described in the preceding paragraph with any third party;
notify (orally and in writing) GE promptly (but in no event later than the next business day) after receipt by Wabtec (or any of its representatives) of any Acquisition Proposal or any request for information relating to Wabtec or any of its subsidiaries or for access to the business, properties, assets, books or records of Wabtec or any of its subsidiaries by any third party that has made, is seeking to make or would reasonably be expected to make, an Acquisition Proposal, which notice must identify the third party making, and the terms and conditions of, any such Acquisition Proposal, indication or request;
keep GE reasonably informed, on a prompt basis, of the status and details of any such Acquisition Proposal, indication or request; and
promptly (but in no event later than the next business day after receipt) provide to GE copies of all correspondence and written materials sent or provided to Wabtec or any of its subsidiaries or any of its or their representatives that describes any material terms or conditions of any Acquisition Proposal (as well as written summaries of any oral communications addressing such matters).

The Merger Agreement provides that the term Acquisition Proposal means (other than the transactions contemplated by the Merger Agreement) any offer or proposal relating to, or any third party indication of interest in:

any acquisition or purchase, direct or indirect, of 20% or more of the consolidated assets of Wabtec and its subsidiaries or 20% or more of any class of equity or voting securities of Wabtec or one or more of its subsidiaries whose assets, individually or in the aggregate, constitute 20% or more of the consolidated assets of Wabtec;
any tender offer (including a self-tender offer) or exchange offer that, if consummated, would result in such third party's beneficially owning 20% or more of any class of equity or voting securities of Wabtec or one or more of its subsidiaries whose assets, individually or in the aggregate, constitute 20% or more of the consolidated assets of Wabtec;
a merger, consolidation, share exchange, business combination, sale of substantially all the assets, reorganization, recapitalization, liquidation, dissolution or other similar transaction involving Wabtec or one or more of its subsidiaries whose assets, individually or in the aggregate, constitute 20% or more of the consolidated assets of Wabtec; or
any combination of the foregoing.

TABLE OF CONTENTS

The Merger Agreement provides that the term "Superior Proposal" means an unsolicited written Acquisition Proposal for a majority of the outstanding shares of Wabtec common stock or a majority of the consolidated assets of Wabtec and its subsidiaries on terms that the Wabtec Board determines by a majority vote, after considering the advice of a financial advisor and outside legal counsel and taking into account all the terms and conditions of the Acquisition Proposal, including any break-up fees, expense reimbursement provisions and conditions to consummation (and expected timing of consummation relative to the transactions contemplated by the Merger Agreement), are more favorable to Wabtec stockholders than as provided under the Merger Agreement (taking into account any proposal by GE to amend the terms of the Merger Agreement in response to such Acquisition Proposal), which the Wabtec Board determines is reasonably likely to be consummated and for which financing, if a cash transaction (whether in whole or in part), is then fully committed or reasonably determined to be available by the Wabtec Board.

Board Recommendation

Wabtec has agreed in the Merger Agreement that the Wabtec Board will not:

either fail to make, or withdraw or modify in a manner adverse to GE or SpinCo, the Wabtec Board's recommendation that Wabtec stockholders vote in favor of the Share Issuance and the Wabtec Charter Amendment (the "Wabtec Recommendation");

fail to recommend against acceptance of any tender or exchange offer for Wabtec common stock within 10 business days after the commencement of such offer; or

approve, resolve to approve, adopt or recommend, or propose publicly to approve, resolve to approve, adopt or recommend, any Acquisition Proposal.

Any of the actions described in the foregoing bullet points constitutes an "Adverse Recommendation Change".

In addition, notwithstanding the restrictions described above, at any time prior to obtaining Wabtec stockholder approval of the Share Issuance and the Wabtec Charter Amendment, the Wabtec Board may make an Adverse Recommendation Change following receipt of a Superior Proposal or in response to an Intervening Event (as defined below), but only if:

the Wabtec Board has determined (after consulting with outside legal counsel and its financial advisor) that failure to make an Adverse Recommendation Change with respect to the Superior Proposal or Intervening Event, as applicable, would be inconsistent with its fiduciary duties under the DGCL;

such Acquisition Proposal constitutes a Superior Proposal (if such Adverse Recommendation Change is to be taken in circumstances involving or relating to an Acquisition Proposal);

Wabtec promptly provides written notice to GE at least five business days before taking such action of its intention to do so, containing (i) in the case of any action intended to be taken in circumstances involving an Acquisition Proposal, the material terms of such Acquisition Proposal, including the most current version of the proposed agreement under which such Acquisition Proposal is proposed to be consummated and the identity of the third party making the Acquisition Proposal or (ii) in the case of any action to be taken in circumstances where there has been an Intervening Event, a reasonably detailed description of the underlying facts giving rise to, and the reasons for taking, such action;

GE does not make, within five business days after its receipt of the notice described in the third bullet point of this paragraph, an offer that (i) in the case of any action intended to be taken in circumstances involving an Acquisition Proposal, is at least as favorable to the Wabtec stockholders as such Acquisition Proposal or (ii) in the case of any action to be taken in circumstances where there has been an Intervening Event, obviates the need for taking such action;

during the five business day period following delivery of the notice described in the third bullet point of this paragraph (and three business day period in respect of a subsequent revised Acquisition Proposal described in the following bullet point), Wabtec and its representatives negotiate in good faith with GE and its representatives

regarding any revisions proposed by GE to the terms of the transactions contemplated by the Merger Agreement; and

95

TABLE OF CONTENTS

if there is any amendment to the financial or other material terms of the Acquisition Proposal during the five business day period following delivery of the notice described in the third bullet point of this paragraph, Wabtec provides a new written notice of the terms of such amended Acquisition Proposal giving GE an additional three business day period to make an offer or proposal to revise the terms of the Merger Agreement in a manner that the Wabtec Board determines to be at least as favorable to Wabtec stockholders as such amended Acquisition Proposal.

The Merger Agreement provides that the term **Intervening Event** means material events or changes in circumstances the existence or consequences of which were not known to, or reasonably foreseeable by, Wabtec as of or prior to the date of the Merger Agreement and that do not relate to or involve any Acquisition Proposal, except that in no event will any changes resulting from the following constitute or be deemed to contribute to or otherwise be taken into account in determining whether there has been an Intervening Event:

- changes (or proposed changes) in GAAP, the regulatory accounting requirements applicable to any industry in which GE, SpinCo or any of their respective subsidiaries operate or applicable law, in each case to the extent affecting GE Transportation;

- changes in the financial, credit or securities markets (including changes in prevailing interest rates, credit availability and liquidity, currency exchange rates, price levels or trading volumes in any securities market) or general economic or political conditions, in each case to the extent affecting GE Transportation;

- changes or conditions generally affecting the industry or segments thereof in which GE, SpinCo or any of their respective subsidiaries operate, in each case to the extent affecting GE Transportation;

- acts of war, sabotage or terrorism or natural disasters, in each case to the extent affecting GE Transportation;

- the announcement of the Transactions or the identity of GE or Wabtec, including, in each case, with respect to employees, customers, distributors, suppliers, financing sources, landlords, licensors and licensees;

- any failure by Wabtec or any of its subsidiaries, GE or any of its subsidiaries or GE Transportation to meet any internal or published budgets, projections, forecasts or predictions of financial performance for any period or any change in GE or Wabtec's stock price or trading volume (except that the underlying cause of, or factors contributing to, such failure or change may be taken into account in determining whether there has been an Intervening Event, unless such underlying cause or factor would otherwise be excepted by another bullet point of this paragraph);

- actions required or expressly contemplated by the Merger Agreement to be taken by Wabtec, Merger Sub, GE, SpinCo or any of their respective affiliates;

- actions taken by GE, SpinCo or any of their respective affiliates at the written direction, or with the written consent, of Wabtec; or

- any stockholder or derivative litigation arising from or relating to the Merger Agreement or the Transactions.

In addition, the Merger Agreement provides that Wabtec is not prohibited from complying with Rule 14e-2(a) promulgated under the Exchange Act with regard to an Acquisition Proposal so long as any action taken or statement made to so comply is not in breach of the Merger Agreement; provided that any such action taken or statement made that relates to an Acquisition Proposal will be deemed to be an Adverse Recommendation Change unless the Wabtec Board reaffirms the Wabtec Recommendation in such statement or in connection with such action.

Financing

Simultaneously with the execution of the Merger Agreement, Wabtec entered into the Commitment Letter, as described in the section of this prospectus-information statement entitled **Debt Financing**.

The Merger Agreement provides that Wabtec will, and will cause its subsidiaries to, use reasonable best efforts to take all actions necessary, proper or advisable to arrange the debt financing as promptly as practicable prior to

TABLE OF CONTENTS

the closing of the Merger on the terms and conditions set forth in the Commitment Letter. Furthermore, Wabtec is required to, and to cause its subsidiaries to, use reasonable best efforts to:

- maintain the Commitment Letter in effect until the earlier of the initial funding of the debt financing or the effectiveness of definitive agreements with respect thereto;
- negotiate definitive agreements with respect to the debt financing, on the terms and conditions contained in the Commitment Letter or on such other terms that would not be prohibited by the Merger Agreement, and upon effectiveness thereof, maintain such definitive agreements in effect until the initial funding of the debt financing;
- comply with the obligations that are set forth in the Commitment Letter that are applicable to Wabtec or any of its subsidiaries and satisfy on a timely basis all conditions precedent to the availability of the debt financing set forth in the Commitment Letter and the definitive agreements for the debt financing (upon the effectiveness thereof) that are within its control; and
- fully enforce the rights of Wabtec under the Commitment Letter and the definitive agreements for the debt financing (upon the effectiveness thereof).

The Merger Agreement provides that if all or any portion of the financing contemplated by the Commitment Letter or the related definitive agreements becomes unavailable or it becomes reasonably likely that it may become unavailable (in each case, other than as a result of the existence of Wabtec financing (as described below)), on the terms and conditions contemplated in the Commitment Letter or such definitive agreements, Wabtec will, and will cause its subsidiaries to, use reasonable best efforts to obtain promptly alternative financing, from the same or alternative financing sources, that is sufficient to finance the payments to be made to GE under the Separation Agreement and the Merger Agreement on terms that (x) do not contain conditions precedent to the funding that are less favorable to Wabtec than those in the Commitment Letter, (y) are consistent with the intended tax treatment of the Transactions, as reasonably determined by GE, and (z) have been approved in writing by GE (which approval will not be unreasonably withheld, conditioned or delayed). Wabtec will be subject to the same obligations described in this section with respect to any such alternative financing arrangements.

Wabtec has agreed to keep GE informed of the status of its efforts to arrange the debt financing contemplated under the Commitment Letter and to provide GE prompt notice if it or any of its subsidiaries obtain knowledge of any material breach (or threatened material breach) or default (or any event or circumstance that, with or without notice, lapse of time or both, could reasonably be expected to give rise to any material breach or default) by any party to the Commitment Letter or the related definitive agreements, any actual or threatened withdrawal, repudiation or termination of the financing contemplated by the Commitment Letter by any of the lenders, any material dispute or disagreement between or among any of the parties to the Commitment Letter or the related definitive agreements relating to, or otherwise potentially affecting, the amount or the availability of the financing contemplated by the Commitment Letter on the closing date of the Merger or satisfaction of the conditions thereunder; and any amendment or modification of, or waiver under, the Commitment Letter or the related definitive agreements. Wabtec will give GE prompt written notice if for any reason it believes in good faith that Wabtec will not be able to timely obtain all or any portion of the financing contemplated by the Commitment Letter on the terms and in the manner or from the sources contemplated by the Commitment Letter or the related definitive agreements (other than as a result of Wabtec financing (as described below)).

Except in limited circumstances, Wabtec may not, without GE's consent, amend, modify, supplement, restate, substitute, replace, terminate, or agree to any waiver under the Commitment Letter in a manner that adds new or expands upon the conditions precedent to the funding or that would reduce the aggregate amount of the financing provided for under the Commitment Letter, limit the rights and remedies of Wabtec as against the lenders party to the debt financing contemplated under the Commitment Letter or otherwise prevent, impair or materially delay the consummation of the Transactions. Notwithstanding the foregoing, Wabtec may implement or exercise any of the market flex provisions exercised by such lenders in accordance with the fee letters relating to the debt financing that were entered into concurrently with the Merger Agreement (or, in respect of any alternative financing, in accordance

with the market flex provisions exercised by the lenders in accordance with any fee letter relating thereto), and additional lenders and financing sources, and affiliates thereof, may be added

TABLE OF CONTENTS

(including in replacement of a lender) to the Commitment Letter (or all or a portion of the commitments may be assigned to new or existing lenders and financing sources) after the date of the Merger Agreement or the date of the Commitment Letter and Wabtec may reallocate commitments or assign or re-assign titles and roles to or among parties to the Commitment Letter.

Notwithstanding anything in the Merger Agreement, Wabtec has the right (i) to substitute for all or any portion of the financing contemplated by the Commitment Letter by reducing commitments under the Commitment Letter by an amount not in excess of the proceeds of consummated equity offerings or debt offerings or incurrences of debt provided that (A) if any such equity or debt has a scheduled special or mandatory redemption right, such right is not exercisable prior to the earliest of the closing or termination of the Merger Agreement and the End Date (as defined below under —Termination) and (B) the conditions to the use of such proceeds are no more restrictive than the conditions precedent to the availability of the financing set forth in the Commitment Letter, and (ii) to substitute commitments in respect of other financing for all or any portion of the financing contemplated by the Commitment Letter from the same or alternative bona fide third party financing sources, provided that such other financing (A) does not contain conditions precedent to the funding thereof that are less favorable to Wabtec than the conditions precedent with respect to funding set forth in the Commitment Letter, (B) would not reasonably be expected to prevent, impair or materially delay the consummation of the transactions contemplated by the Transaction Documents (including not having conditions to the use of such proceeds more restrictive than the conditions set forth in the Wabtec Commitment) and (C) would not adversely affect the ability of Wabtec to enforce its rights against other parties to the Commitment Letter or any related definitive agreements (any such financing pursuant to the foregoing clauses (i) and (ii), the Wabtec financing). Wabtec also agreed to hold the proceeds from any such Wabtec financing as unrestricted cash until the earliest of the closing or termination of the Merger Agreement and the End Date (as described under —Termination).

Prior to the closing of the Merger, GE has agreed to, and to cause its subsidiaries to, at Wabtec's expense, use reasonable best efforts to provide the cooperation reasonably requested by Wabtec that is necessary, proper or customary in connection with the arrangement and consummation of the debt financing or the Wabtec financing, including taking certain actions set forth in the relevant section of the Merger Agreement.

Certain Other Covenants and Agreements

The Merger Agreement contains certain other covenants and agreements, including covenants (with certain exceptions specified in the Merger Agreement) relating to:

each party's obligation to (i) give to the other party and its authorized representatives reasonable access to the personnel, offices, properties, books and records of Wabtec or GE Transportation, as applicable, (ii) furnish to the other party and its authorized representatives such financial and operating data and other information relating to Wabtec or GE Transportation, as applicable as such persons may reasonably request, and (iii) instruct its employees, counsel, financial advisors, auditors and other authorized representatives to cooperate with the other party in its investigation of Wabtec or GE Transportation, as applicable.

preservation of the indemnification provisions in the certificate of incorporation and bylaws of SpinCo with respect to directors, officers, employees or agents of SpinCo;

• confidentiality obligations of GE and Wabtec;

• each party's obligation to take appropriate actions, and to assist and cooperate with the other parties, to do all things necessary, proper or advisable under applicable law to execute and deliver the Additional Agreements and any other documents as may be required to carry out the provisions of the Merger Agreement and to consummate the Transactions; and

• GE's obligation to provide to Wabtec audited financial statements and interim financial statements of GE Transportation.

Conditions to the Merger

The obligations of Wabtec, GE, Merger Sub and SpinCo to consummate the Merger are subject to the satisfaction (or, to the extent permitted by applicable law, waiver by Wabtec and GE) of the following conditions:

• the Internal Reorganization, the Direct Sale and the Distribution will have been consummated in all material respects in accordance with the Separation Agreement;

• specified required filings with the SEC will have become effective under the Securities Act or the Exchange Act, as applicable, and will not be the subject of any stop order or any litigation, suit, proceeding or action before the SEC seeking a stop order;

• the shares of Wabtec common stock to be issued in the Merger will have been approved for listing on the NYSE;

• the approval by Wabtec stockholders of the Share Issuance and Wabtec Charter Amendment will have been obtained;

• all waiting periods under the HSR Act relating to the Merger will have been terminated or expired and all other

• material governmental approvals required to consummate the closing of the Merger will have been obtained,

including the antitrust approvals in specified agreed-upon jurisdictions; and

• no court of competent jurisdiction or other governmental authority will have enacted or issued any applicable law that

is still in effect restraining, enjoining or prohibiting the Internal Reorganization, the Direct Sale, the Distribution or

the Merger.

The conditions listed above are referred to as the Joint Conditions to the Merger.

The obligations of Wabtec and Merger Sub to effect the Merger are subject to the satisfaction (or, to the extent permitted by applicable law, waiver by Wabtec) of the following additional conditions:

• each of GE and SpinCo will have performed in all material respects all of its obligations under the Merger Agreement required to be performed by it prior to the effective time of the Merger;

• the representations and warranties of GE with respect to corporate existence and power, corporate authorization,

capitalization and brokers' fees (disregarding all materiality, material adverse effect and similar qualifications

• contained in such representations and warranties) will be true in all material respects at and as of the effective time of

the Merger as if made at and as of such time (other than such representations and warranties that by their terms

address matters only as of another specified time, which will be true in all material respects only as of such time);

• the other representations and warranties of GE (disregarding all materiality, material adverse effect and similar

qualifications contained in such representations and warranties) will be true at and as of the effective time of the

• Merger as if made at and as of such time (other than representations and warranties that by their terms address matters

only as of another specified time, which will be true only as of such time), with only such exceptions as have not had

and would not reasonably be expected to have, individually or in the aggregate, a material adverse effect on GE

Transportation (as discussed above under —Representations and Warranties);

TABLE OF CONTENTS

• Wabtec will have received a certificate signed by an executive officer of GE to the effect that each of the conditions specified in the first three bullet points above have been satisfied;

- Wabtec will have received the Wabtec Tax Opinion, which will not have been withdrawn or modified in any material respect, and copies of the GE Tax Opinions;

• GE and SpinCo (or a subsidiary thereof) will have entered into each applicable Additional Agreement and each such agreement will be in full force and effect;

since the date of the Merger Agreement, no event, change, effect, development or occurrence will have occurred that has had or would reasonably be expected to have, individually or in the aggregate, a material adverse effect on GE Transportation (as discussed above under —Representations and Warranties); and

GE will have delivered to Wabtec the audited financial statements of GE Transportation and such audited financial statements will not differ from the applicable unaudited financial statements of GE Transportation that GE delivered to Wabtec prior to the date of the Merger Agreement in a manner that is material to the intrinsic value (determined in a manner consistent with appropriate valuation methodologies) of GE Transportation in a manner that is adverse (excluding any differences resulting from (x) any changes in the amount of goodwill or intangible assets and (y) certain other matters specifically agreed upon by the parties), except that Wabtec will be deemed to have irrevocably waived the condition set forth in this bullet point if it does not exercise its right to terminate the Merger Agreement within 20 business days following GE's delivery of audited financial statements of GE Transportation.

All of the foregoing bullet points are referred to as Wabtec Conditions to the Merger. The first four bullet points listed above are referred to as the Additional Conditions to the Merger for Wabtec's Benefit. The eighth bullet point listed above is referred to as the Financial Statement Condition for Wabtec's Benefit.

GE's and SpinCo's obligations to effect the Merger are subject to the satisfaction (or, to the extent permitted by applicable law, waiver by GE) of the following additional conditions:

• each of Wabtec and Merger Sub will have performed in all material respects all of its obligations under the Merger Agreement required to be performed by it prior to the effective time of the Merger, the representations and warranties of Wabtec with respect to corporate existence and power, corporate authorization, capitalization, brokers' fees and no shareholders rights plans or antitakeover laws (disregarding all materiality, material adverse effect and similar qualifications contained in such representations and warranties) will be true in all material respects at and as of the effective time of the Merger as if made at and as of such time (other than such representations and warranties that by their terms address matters only as of another specified time, which will be true in all material respects only as of such time);

the other representations and warranties of Wabtec and Merger Sub contained in the Merger Agreement (disregarding all materiality, material adverse effect and similar qualifications contained in such representations and warranties) will be true at and as of the effective time of the Merger as if made at and as of such time (other than representations and warranties that by their terms address matters only as of another specified time, which will be true only as of such time), with only such exceptions as have not had and would not reasonably be expected to have, individually or in the aggregate, a material adverse effect on Wabtec (as discussed above under —Representations and Warranties);

• GE will have received a certificate signed by an executive officer of Wabtec to the effect that each of the conditions specified in the first three bullet points above have been satisfied;

• GE will have received the GE Tax Opinions, which will not have been withdrawn or modified in any material respect, and a copy of the Wabtec Tax Opinion;

• Wabtec (or a subsidiary thereof) will have entered into each applicable Additional Agreement and each such agreement will be in full force and effect;

since the date of the Merger Agreement, no event, change, effect, development or occurrence will have occurred that has had or would reasonably be expected to have, individually or in the aggregate, a material adverse effect on Wabtec (as discussed above under —Representations and Warranties); and GE will have received the Direct Sale Purchase Price.

The first four bullet points listed above are referred to as the Additional Conditions to the Merger for GE's Benefit.

Termination

The Merger Agreement may be terminated and the Transactions may be abandoned at any time prior to the consummation of the Merger by the mutual written agreement of GE and Wabtec. In addition, subject to specified qualifications and exceptions, either GE or Wabtec may terminate the Merger Agreement and abandon the Transactions at any time prior to the consummation of the Merger:

if the Merger has not been consummated by May 20, 2019 (such date, as it may be extended as described below, the End Date), unless, as of May 15, 2019, the only conditions to the consummation of the Merger that have not been satisfied or waived are the conditions relating to the HSR Act and other material governmental approvals required with respect to the Transaction and the absence of any laws or governmental orders prohibiting the Transactions relating to the foregoing and certain conditions that certain of the Transactions have been consummated, in which case either party may elect to extend the End Date from May 20, 2019 to August 20, 2019, except that this right to terminate will not be available to (x) any party whose breach of any provision of the Merger Agreement results in the failure of the closing of the Merger to have occurred by the End Date or (y) Wabtec at a time when the GE is permitted to proceed with a Termination for Failure to Pay Direct Sale Purchase Price (as described below); if any governmental authority has issued any final and nonappealable order, decree or judgment permanently restraining, enjoining or otherwise prohibiting the Transactions, except that this right will not be available to any party whose breach of the Merger Agreement results in the imposition of any such order, decree or judgment; or if Wabtec stockholders fail to approve the Share Issuance and the Wabtec Charter Amendment at the meeting of Wabtec stockholders (including any adjournment, continuation or postponement of such meeting), except that this right will not be available to Wabtec if Wabtec has not complied with its obligations described above in —No Solicitation and —Board Recommendation .

In addition, subject to specified qualifications and exceptions, Wabtec may terminate the Merger Agreement if:

a breach of any representation or warranty or failure to perform any covenant or agreement on the part of GE or SpinCo set forth in the Merger Agreement will have occurred that would cause the Additional Conditions to the Merger for Wabtec's Benefit not to be satisfied, and such breach or failure to perform (i) is incapable of being cured by the End Date or (ii) has not been cured by GE or SpinCo within 45 days following written notice to GE from Wabtec of such breach or failure to perform and Wabtec's intent to terminate the Merger Agreement or the Financial Statement Condition for Wabtec's Benefit is not satisfied upon the delivery to Wabtec of the audited financial statements of GE Transportation and Wabtec exercises its right of termination within 20 business days of such delivery.

In addition, subject to specified qualifications and exceptions, GE may terminate the Merger Agreement and abandon the Transactions if:

a breach of any representation or warranty or failure to perform any covenant or agreement on the part of Wabtec or Merger Sub set forth in the Merger Agreement will have occurred that would cause the Additional Conditions to the Merger for GE's Benefit not to be satisfied, and such breach or failure to perform (i) is incapable of being cured by the End Date or (ii) has not been cured by Wabtec or Merger Sub within 45 days following written notice to Wabtec from GE of such breach or failure to perform and GE's intent to terminate the Merger Agreement (a termination pursuant to this provision, a Termination for Wabtec's Material Breach);

an Adverse Recommendation Change has occurred, or at any time after receipt or public announcement of an Acquisition Proposal, the Wabtec Board has failed to reaffirm the Wabtec Board Recommendation as promptly as reasonably practicable (but in any event within five business days) after receipt of any written request to do so from GE;

Wabtec has failed to comply with its obligations under the Merger Agreement relating to the meeting of Wabtec stockholders, the solicitation of alternative transactions or the content of the proxy statement and registration statements, except for de minimis breaches with respect to these obligations that are promptly cured, if such breach is curable;

all of the Joint Conditions to the Merger and Wabtec Conditions to the Merger have been satisfied (other than (i) the condition that the Internal Reorganization, the Direct Sale and the Distribution will have been consummated in all material respects in accordance with the Separation Agreement and (ii) those conditions which by their terms or nature are to be satisfied at the closing of the Merger), GE has given written notice to Wabtec that it is prepared to consummate the Internal Reorganization, the Distribution and the closing of the Merger if the Direct Sale occurs and the Direct Sale does not occur within two business days of such written notice as a result of Direct Sale Purchaser's failure to pay the Direct Sale Purchase Price (a termination pursuant to this provision, a Termination for Failure to Pay Direct Sale Purchase Price); or

any Governmental Authority has issued any order, decree or judgment in respect of any governmental approvals required to consummate the Merger, including under the HSR Act or other antitrust laws, restraining, enjoining or otherwise prohibiting any of the Transactions which order, decree or judgment has not become final and non-appealable and Wabtec has not, within 30 days of such order, decree or judgment first being in effect, instituted appropriate proceedings seeking to, or thereafter has not been using reasonable best efforts to, have such order, decree or judgment vacated, lifted, reversed, overturned or terminated.

If the Merger Agreement is validly terminated, the Merger Agreement will terminate without any liability on the part of any party or their respective representatives except as described below in the section of this prospectus-information statement entitled —Termination Fee and Expenses, except that the provisions of the Merger Agreement relating to confidentiality, the effect of termination of the Merger Agreement, reimbursement, fees and expenses and certain of the general provisions of the Merger Agreement will survive any termination and remain in full force and effect and no party will be relieved from liability for any willful and material breach prior to such termination. In addition, if there is a Termination for Failure to Pay Direct Sale Purchase Price, Wabtec will be deemed to have willfully and materially breached its obligations to consummate the closing of the Merger.

Termination Fee and Expenses

The Merger Agreement provides that, upon termination of the Merger Agreement under specified circumstances, a termination fee of \$300 million is payable by Wabtec to GE. The circumstances under which this termination fee is payable include:

if GE terminates the Merger Agreement due to (i) an Adverse Recommendation Change or a failure by the Wabtec Board to reaffirm the Wabtec Board Recommendation, (ii) Wabtec's failure to include the Wabtec Recommendation in the Wabtec proxy statement, or (iii) Wabtec's failure to comply with its obligations under the Merger Agreement relating to the meeting of Wabtec stockholders or the non-solicitation of alternative transactions;

if (i) Wabtec or GE terminates the Merger Agreement because the Merger has not been consummated by the End Date (if the Wabtec stockholder approval of the Share Issuance and Wabtec Charter Amendment has not been received) or the Wabtec stockholders fail to approve the Share Issuance or the Wabtec Charter Amendment or there is a Termination for Wabtec's Material Breach, (ii) prior to the termination of the Merger Agreement, an Acquisition Proposal is publicly announced or otherwise has been communicated to the Wabtec Board or the management of Wabtec or Wabtec stockholders, and (iii) within 12 months after the date of termination, Wabtec enters into a definitive agreement with respect to, or recommends to its stockholders, any Acquisition Proposal or any Acquisition Proposal has been consummated; provided that solely for purpose of this provision, references to 20% in the

definition of Acquisition Proposal will be deemed to refer to 50% ;

102

TABLE OF CONTENTS

if Wabtec or GE terminates the Merger Agreement because (i) the End Date has passed or (ii) any governmental authority of any competent jurisdiction has issued an order, judgment or decree that has the effect of permanently prohibiting the consummation of the Transactions and such order has become final and nonappealable (solely in respect of the matters described in (A) or (B) below), if, as of the time of such termination, one or more of the conditions to closing set forth in the Merger Agreement (discussed above) relating to (A) the termination or expiration of any applicable waiting period under the HSR Act relating to the Merger, (B) taking, making or obtaining all material actions by, consents or approvals of, or in respect of or filing with any governmental authority required to permit the consummation of the closing of the Merger or (C) any order, judgment or decree issued by a governmental authority of competent jurisdiction that is in effect and has the effect of permanently prohibiting the consummation of the Merger (if the order, judgment or decree relates to any of the matters references in (A) and (B)) have not been satisfied, but all Wabtec Conditions to the Merger (other than those conditions which by their terms or nature are to be satisfied at the closing, but provided that such conditions not so satisfied are capable of being satisfied promptly if the closing of the Merger were to occur) have been satisfied or waived;

if there is a Termination for Wabtec's Material Breach in respect of Wabtec's obligations described above under

- —Regulatory Matters ; or

- if GE terminates the Merger Agreement because (i) any governmental authority of any competent jurisdiction has issued an order, judgment or decree that has the effect of permanently prohibiting the consummation of the Transactions, which such order has not become final and nonappealable and (ii)

- Wabtec fails to (A) institute appropriate proceedings seeking to have such order, judgment or decree vacated, lifted reversed, overturn or terminated within 30 days of such order, judgment or decree first being in effect or (B) use reasonable best efforts to have such order, judgment or decree vacated, lifted reversed, overturn or terminated thereafter.

The parties acknowledge that in no event will Wabtec be required to pay more than one termination fee.

If the Merger Agreement is terminated because Wabtec stockholders fail to approve the Share Issuance and the Wabtec Charter Amendment at the meeting of Wabtec stockholders, Wabtec will be required to reimburse GE and SpinCo and their respective affiliates in cash for all of their out-of-pocket fees and expenses in connection with the Transactions after submission of written documentation therefor, up to a maximum of \$40 million. Any such fees and expenses reimbursed by Wabtec will reduce the amount of the termination fee payable in the circumstances described the second bullet point above.

Except as described in this section and subject to certain exceptions, the Merger Agreement provides that all out-of-pocket expenses incurred in connection with the Merger Agreement and the Transactions are to be paid by the party incurring the expenses.

If Wabtec fails to pay the termination fee or expenses described above when due, the amount of such payment will be increased to include the costs of all expenses reasonably incurred by GE and SpinCo in connection with a legal action to enforce the Merger Agreement that results in a judgment against Wabtec, together with interest on the unpaid termination fee or expense. Payment of the fees and expenses described in this section will not be in lieu of any damages incurred in the event of willful and material breach of the Merger Agreement.

Specific Performance

In the Merger Agreement, the parties acknowledge that irreparable damage would occur, and that the parties would not have any adequate remedy at law, in the event that any of the provisions of the Merger Agreement were not performed in accordance with their specific terms or were otherwise breached. Accordingly, the parties will be entitled to an injunction to prevent breaches of the Merger Agreement and to enforce the Merger Agreement, without proof of actual damages or otherwise, in addition to any other remedy to which any party is entitled at law or in equity, without the requirement for securing or posting of any bond in connection with such remedy. The parties to the Merger

Agreement further agree not to assert that a remedy of specific enforcement is unenforceable, invalid, contrary to law or inequitable for any reason, or that a remedy of monetary damages would provide an adequate remedy. Notwithstanding the foregoing, while GE may pursue both a grant of specific performance of Wabtec's and Merger Sub's obligations pursuant to the Merger Agreement and the payment of the termination fee, the parties to the Merger Agreement agree that under no circumstances will GE or any person be

TABLE OF CONTENTS

entitled to receive both a grant of specific performance for the consummation of the transactions contemplated by the Merger Agreement and any termination fee described above under —Termination Fee and Expenses, unless such grant of specific performance is not complied with or does not result in the consummation of the Merger.

Amendments; Waivers

No provision of the Merger Agreement may be amended or waived except by an instrument in writing signed by, in the case of an amendment, all of the parties to the Merger Agreement, or, in the case of a waiver, by the party or parties against whom the waiver is to be effective. For any amendments or waivers to the sections of the Merger Agreement relating to amendments and waivers, successors and assigns, governing law, jurisdiction, waiver of jury trial, third-party beneficiaries and non-recourse to certain non-parties to the Merger Agreement that, in each case, adversely affect any of Wabtec's financing sources, the prior written consent of the affected financing sources will be required before such amendment or waiver is effective with respect to such affected financing source.

THE SEPARATION AGREEMENT

*The following is a summary of the material provisions of the Separation Agreement. This summary is qualified in its entirety by reference to the full text of the Separation Agreement, which is incorporated by reference in this prospectus-information statement. GE stockholders are urged to read the Separation Agreement in its entirety. This summary of the Separation Agreement has been included to provide GE stockholders with information regarding its terms. The rights and obligations of the parties are governed by the express terms and conditions of the Separation Agreement and not by this summary or any other information included in this prospectus-information statement. It is not intended to provide any other factual information about Wabtec, Direct Sale Purchaser, GE or SpinCo. Information about Wabtec, Direct Sale Purchaser, GE and SpinCo can be found elsewhere in this prospectus-information statement and in the documents incorporated by reference into this prospectus. See also *Where You Can Find More Information; Incorporation by Reference.**

Descriptions regarding the assets and liabilities conveyed to Direct Sale Purchaser and SpinCo and retained by GE contained in the Separation Agreement are qualified in their entirety by certain information that has been exchanged between Wabtec and GE that is not reflected in the Separation Agreement. Accordingly, GE stockholders should not rely on the general descriptions of assets and liabilities in the Separation Agreement, as they may have been modified in important ways by the information exchanged between Wabtec and GE.

Overview

The Separation Agreement provides for the Separation of GE Transportation from GE, including the Internal Reorganization, the Direct Sale, the SpinCo Transfer and the Distribution. Among other things, the Separation Agreement specifies (1) those assets of GE related to GE Transportation that are to be transferred to, and those liabilities of GE related to GE Transportation that are to be assumed by, Direct Sale Purchaser in the Direct Sale and (2) those assets of GE related to GE Transportation that are to be transferred to, and those liabilities of GE related to GE Transportation that are to be assumed by, SpinCo and the SpinCo Transferred Subsidiaries in the Separation, and sets forth when and how these transfers and assumptions will occur. The Separation Agreement also includes procedures for the Internal Reorganization and the Distribution by which GE and SpinCo will become separate and independent companies. The matters addressed by the Separation Agreement include, but are not limited to, the matters described below.

Separation of GE Transportation

Internal Reorganization

At or prior to the Distribution Date, GE and SpinCo will take such steps (which may include transfers of stock or other equity interests, formation of new entities and/or declaration of dividends) as may be required to effect the Internal Reorganization in accordance with the Separation Agreement, pursuant to which, among other things, all of the SpinCo Transferred Subsidiaries will become direct or indirect subsidiaries of SpinCo.

Direct Sale

Under the Separation Agreement, on the Distribution Date immediately prior to the consummation of the Separation, in consideration of the Direct Sale Purchase Price to be paid to GE by Direct Sale Purchaser on the Distribution Date, (i) GE will assign, transfer, convey and deliver (*transfer*) to Direct Sale Purchaser, certain specified assets of GE Transportation (the *Direct Sale Assets*), potentially including the equity interests of one or more subsidiaries of GE (such subsidiaries and each of their respective subsidiaries, the *Direct Sale Transferred Subsidiaries*) and (ii) the Direct Sale Purchaser will assume certain specified liabilities of GE Transportation (the *Direct Sale Liabilities*). The

Direct Sale Transferred Subsidiaries and the SpinCo Transferred Subsidiaries are referred to as the Transferred Subsidiaries.

In addition, Wabtec has agreed that (i) Direct Sale Purchaser will not be a direct or indirect subsidiary of Merger Sub and (ii) Merger Sub will not be a direct or indirect subsidiary of Direct Sale Purchaser.

Transfer of SpinCo Assets; Assumption of SpinCo Liabilities

Generally, subject to the terms and conditions contained in the Separation Agreement or in any Additional Agreement and except to the extent not previously effected pursuant to the Internal Reorganization, effective as of immediately following the consummation of the Internal Reorganization and the Direct Sale but immediately prior to the Distribution Effective Time:

- GE will transfer to SpinCo or a SpinCo Transferred Subsidiary all the SpinCo Assets (as defined below);

SpinCo will, or will cause a SpinCo Transferred Subsidiary to, transfer to GE and/or any of its subsidiaries that is not a Transferred Subsidiary all the Excluded Assets (as defined below); and

GE will transfer to SpinCo or a SpinCo Transferred Subsidiary, and SpinCo will, or cause a SpinCo Transferred Subsidiary to, accept, assume (or, as applicable, retain) and perform, discharge and fulfill, in accordance with their respective terms, all of the SpinCo Liabilities (as defined below) and SpinCo will, or cause a SpinCo Transferred Subsidiary to, transfer to GE and/or any of its subsidiaries that is not a Transferred Subsidiary, and GE and/or such subsidiaries will assume all of the Excluded Liabilities (as defined below), in each case regardless of (i) when or where such Excluded Liabilities arose or arise, (ii) where or against whom such Excluded Liabilities are asserted or determined, (iii) whether such Excluded Liabilities arise from or are alleged to arise from negligence, gross negligence, recklessness, violation of applicable law, willful misconduct, bad faith, fraud or misrepresentation by GE or any of its subsidiaries that is not a Transferred Subsidiary or SpinCo or any SpinCo Transferred Subsidiary, as the case may be, or any of their past or present respective representatives, (iv) which person is named in any action or proceeding associated with any Excluded Liability and (v) whether the facts on which such Excluded Liabilities are based occurred prior to, on or after the date of the Separation Agreement.

Following the Distribution Date, if the parties receive any assets or liabilities that are allocated to another party pursuant to the Separation Agreement or an Additional Agreement (including funds upon payment of accounts receivable or other amounts attributable to assets or liabilities transferred to the other party), then the parties will transfer such misallocated assets or liabilities, or related funds, to the appropriate party.

Transfer of SpinCo Assets

The assets to be transferred or assigned to SpinCo or a SpinCo Transferred Subsidiary (the SpinCo Assets) include, in each case to the extent existing and owned or held immediately prior to the Direct Sale by GE or any of its subsidiaries, the following assets, but in each case excluding any Excluded Assets and Direct Sale Assets:

all owned real property listed on a schedule to the Separation Agreement, together with all structures and improvements and all appurtenant rights, privileges and easements relating thereto, that are used more than 80% in, arise, directly or indirectly, more than 80% out of, or are related more than 80% to, the operation or conduct of GE Transportation;

all leasehold interests under the real property leases governing the leased real property listed on a schedule to the Separation Agreement;

all of the tangible personal property, governmental licenses and permits, including environmental permits, contracts and certain intellectual property third party licenses specified on a schedule to the Separation Agreement that are, in each case, used more than 80% in, arise, directly or indirectly, more than 80% out of, or are related more than 80% to, GE Transportation;

- all expenses to the extent related to GE Transportation that have been prepaid by GE or any of its subsidiaries, including lease and rental payments to the extent related to GE Transportation;

all accounts and other receivables to the extent related to GE Transportation, other than Factored Customer Receivables (as defined below under —Cash, Debt and Receivables Adjustment);

•

all rights, claims, credits, causes of action (including counter-claims and rights of set-off) against third parties to the extent related to GE Transportation, including unliquidated rights under manufacturing and vendors' warranties to the extent related to GE Transportation;

106

TABLE OF CONTENTS

all intellectual property, including the registerable intellectual property listed on a specified schedule to the Separation Agreement and all other intellectual property rights (excluding the GE Names and Marks (defined below) and registrable IP) that are used exclusively in GE Transportation, and the right to sue and collect damages for past, present and future infringement, misappropriation, violation or dilution of any of the forgoing (SpinCo intellectual property);

all rights to technology and data that are used exclusively by GE and its subsidiaries in GE Transportation to the extent owned by GE or any of its subsidiaries (SpinCo data/technology);

all rights to software listed on a specified schedule to the Separation Agreement to the extent owned by GE or any of its subsidiaries (SpinCo software);

all corporate or limited liability company minute books and related stock records of SpinCo and the SpinCo Transferred Subsidiaries and all other books and records that are used more than 80% in, arise, directly or indirectly, more than 80% out of, or are related more than 80% to, GE Transportation, excluding tax returns and other tax records;

all assets expressly to be retained by or transferred to SpinCo or a SpinCo Transferred Subsidiary pursuant to the Employee Matters Agreement as more fully described in the section of this prospectus-information statement entitled Other Agreements—Employee Matters Agreement ;

all of the equity interests of the SpinCo Transferred Subsidiaries;

all of the equity interests of certain joint ventures listed on a schedule to the Separation Agreement;

the right to enforce the confidentiality or assignment provisions of any confidentiality, non-disclosure or other similar contracts (including any contracts with prospective purchasers of all or any portion of GE Transportation) to the extent related to confidential information of GE Transportation;

all rights of SpinCo and the SpinCo Transferred Subsidiaries under the Separation Agreement or any other Transaction Documents and the certificates and instruments delivered in connection therewith;

all assets set forth on or reflected in the December 31, 2017 balance sheet included in the unaudited financial statements of GE Transportation delivered to Wabtec prior to the date of the Merger Agreement, as the same may change as a result of the operation of GE Transportation between the date of such balance sheet and the Distribution Date;

restricted cash held by SpinCo or a SpinCo Transferred Subsidiary and cash and cash equivalents calculated in accordance with the cash adjustment as more fully described below under —Cash, Debt and Receivables Adjustment ;

transferred notes listed on a specified schedule to the Separation Agreement;

all other assets of a type not expressly covered in the definition of SpinCo Assets that are owned by GE or any of its subsidiaries and that are used more than 80% in, arise, directly or indirectly, more than 80% out of or are related more than 80%, to the operation or conduct of GE Transportation, including items listed on specified schedules to the Separation Agreement; and

certain assets listed on a specified schedule to the Separation Agreement.

Excluded Assets

The Separation Agreement provides that the assets to be transferred or assigned to SpinCo or a SpinCo Transferred Subsidiary will not include any and all of the following assets that are owned, used or held, at or prior to the Distribution Effective Time, by GE (the Excluded Assets):

all cash and cash equivalents, other than cash and cash equivalents counted in determining the Direct Sale Closing Cash (as defined below under —Cash, Debt and Receivables Adjustment) and restricted cash held by SpinCo or any Transferred Subsidiary as of the Distribution Effective Time calculated in accordance with the cash adjustment as more fully described below under —Cash, Debt and Receivables Adjustment ;

all rights to the GE Names and Marks (as defined below under —GE Names and Marks), together with any contracts granting rights to use the same;

all owned and leased real property other than owned or leased real property constituting SpinCo Assets;
 other than any loans or advances between or among GE and its subsidiaries on behalf of GE Transportation (and not any other business of GE), all loans or advances among GE and any of its subsidiaries (including, for the avoidance of doubt, advances made in connection with GE's trade payables program);
 any work papers of GE's auditors and any other tax records (including accounting records) of GE or any of its subsidiaries other than SpinCo or any Transferred Subsidiary, provided, however, that SpinCo will in all events be entitled to copies of, and will be entitled to use, any such books and records to the extent solely related to GE Transportation, SpinCo or any Direct Sale Transferred Subsidiary;
 all employee plans, except to the extent expressly transferred to, or retained by, SpinCo or any Transferred Subsidiary in the Employee Matters Agreement as more fully described in the section of this prospectus-information statement entitled Other Agreements—Employee Matters Agreement ;
 without limiting SpinCo's rights under the Separation Agreement, all insurance policies of GE or any of its subsidiaries, and all rights of any nature with respect to any insurance policy, including any recoveries thereunder and any rights to assert claims seeking any such recoveries;
 for the avoidance of doubt, any assets held on the date of the Separation Agreement, or acquired after the date of the Separation Agreement, and sold or otherwise disposed of prior to the Distribution Effective Time;
 all rights, claims, causes of action (including counterclaims and rights of set-off) and defenses against third parties to the extent relating to any of the Excluded Assets or the Excluded liabilities as well as any books, records and privileged information relating thereto;
 except as expressly contemplated pursuant to the Additional Agreements, intellectual property rights (GE intellectual property), software (GE software) and technology and data (GE technology/data), in each case, that do not constitute a SpinCo Asset;
 all assets expressly retained by or transferred to GE or any of its subsidiaries that is not a Transferred Subsidiary pursuant to the Employee Matters Agreement as more fully described in the section of this prospectus-information statement entitled Other Agreements—Employee Matters Agreement ;
 any governmental licenses and permits, including environmental licenses and permits, held by GE or any of its subsidiaries that is not a Transferred Subsidiary that are not used more than 80% in, do not arise, directly or indirectly, more than 80% out of, or are not related more than 80% to, GE Transportation;
 all interests of GE or any of its subsidiaries that is not a Transferred Subsidiary under the Transaction Documents and the confidentiality agreement between GE and Wabtec;
 all personnel and employment records for employees and former employees of GE or any of its subsidiaries that is not a Transferred Subsidiary or SpinCo or any Transferred Subsidiary who are not continuing employees under the Employee Matters Agreement, except to the extent necessary for SpinCo or any Transferred Subsidiary to meet its obligations pursuant to the Separation Agreement or the Employee Matters Agreement as more fully described in the section of this prospectus-information statement entitled Other Agreements—Employee Matters Agreement ;
 any other assets to the extent not used more than 80% in, arising, directly or indirectly, more than 80% out of, or related more than 80% to, GE Transportation, except (x) SpinCo intellectual property, SpinCo software and SpinCo data/technology and (y) assets expressly to be retained by or transferred to SpinCo or any Transferred Subsidiary pursuant to the Employee Matters Agreement as more fully described in the section of this prospectus-information statement entitled Other Agreements—Employee Matters Agreement ;
 other than (i) any accounts receivable exclusively between or among GE and any of its subsidiaries on behalf of GE Transportation (and not any other GE business) and (ii) any surviving intercompany accounts (as defined below under —SpinCo Liabilities), any intercompany accounts receivable owing from GE or any of its affiliates;

TABLE OF CONTENTS

(i) all corporate minute books (and other similar corporate records) and stock records of GE and its subsidiaries that are not Transferred Subsidiaries, (ii) any books and records relating to the Excluded Assets, (iii) any books and records or other materials of or in the possession of GE or any of its subsidiaries that is not a Transferred Subsidiary or SpinCo or any Transferred Subsidiary that (A) GE or any of its subsidiaries that is not a Transferred Subsidiary is required by applicable law to retain, (B) GE or any of its subsidiaries that is not a Transferred Subsidiary reasonably believes are necessary to enable it to prepare and/or file tax returns, or (C) GE or any of its subsidiaries that is not a Transferred Subsidiary is prohibited by applicable law from delivering to SpinCo, any Transferred Subsidiary or Wabtec (including by transfer of equity of SpinCo or any Transferred Subsidiary), including any books and records, reports, information or other materials that disclose in any manner the contents of any other books and records, reports, information or other materials that constitute an Excluded Asset under this subclause (C) or (iv) any copies of any books and records that GE or any of its subsidiaries that is not a Transferred Subsidiary retains pursuant to the retention of books and records provision of the Separation Agreement;

(i) all records and reports prepared or received by GE or any of its subsidiaries in connection with the disposition of GE Transportation or the Transactions, including all analyses relating to GE Transportation or Wabtec so prepared or received, (ii) all confidentiality agreements with prospective purchasers of GE Transportation or any portion thereof (other than to the extent set forth in the 14th bullet point of the definition of SpinCo Assets), and all bids and expressions of interest received from third parties with respect to GE Transportation, and (iii) all privileged materials, documents and records that are not used more than 80% in, do not arise, directly or indirectly, more than 80% out of, or are not related more than 80% to, GE Transportation;

SpinCo Liabilities

The Separation Agreement provides that the liabilities that are to be assumed by SpinCo or a SpinCo Transferred Subsidiary (the SpinCo liabilities) include all liabilities of GE, SpinCo and the SpinCo Transferred Subsidiaries to the extent arising from or related to the SpinCo Assets or GE Transportation, existing at or after the Distribution Effective Time and irrespective of whether arising prior to, at or after the Distribution Effective Time and the following liabilities, but excluding any liabilities transferred in the Direct Sale:

all liabilities set forth on or reflected in the December 31, 2017 balance sheet included in the unaudited financial statements (including the notes thereto) delivered to Wabtec prior to the date of the Merger Agreement, as the same may change as a result of the operation of GE Transportation between the date of such balance sheet and the Distribution Date;

all liabilities under any receivable, payable or loan between GE or any of its subsidiaries on behalf of a GE business other than GE Transportation, on the one hand, and GE or any of its subsidiaries on behalf of GE Transportation, on the other hand, that (i) expressly arises pursuant to any Transaction Document, or (ii) is a receivable or payable arising from purchases or sales of products or services in the ordinary course between GE or any of its subsidiaries on behalf of a GE business other than GE Transportation, on the one hand, and GE or any of its subsidiaries on behalf of GE Transportation, on the other hand (including payables under GE's trade payables program), including those listed on a specified schedule to the Separation Agreement (collectively, the surviving intercompany accounts);

all liabilities arising under contracts constituting SpinCo Assets;

all liabilities to the extent arising, directly or indirectly, more than 80% out of, or related more than 80% to, GE Transportation (including all liabilities with respect to the SpinCo Assets and Direct Sale Assets), whether accruing before, on or after the Distribution Date (whether direct or indirect, known or unknown, absolute or contingent, asserted or unasserted, accrued or unaccrued, liquidated or unliquidated, matured or unmatured or due or to become due as of the Distribution Date);

all liabilities, whether accruing before, on or after the Distribution Date, (i) (A) under environmental laws and (B) arising from or relating in any way to the SpinCo Assets, the Direct Sale Assets, GE

TABLE OF CONTENTS

Transportation or otherwise to any past, current or future businesses, operations or properties of or associated with the SpinCo Assets, the Direct Sale Assets or GE Transportation or (ii) relating to the use, application, malfunction, defect, design, operation, performance or suitability of, or actual or alleged presence of hazardous materials in, any product or component sold or distributed prior to the Distribution Effective Time by, or service rendered prior to the Distribution Effective Time by or on behalf of, GE (in connection with GE Transportation or otherwise with any past, current or future businesses, operations or properties of or associated with the SpinCo Assets, the Direct Sale Assets or GE Transportation) to any person or entity;

all liabilities expressly transferred to, or retained by, SpinCo or any Transferred Subsidiary pursuant to the Employee Matters Agreement as more fully described in the section of this prospectus-information statement entitled Other Agreements—Employee Matters Agreement ;

any facility or other real property disposed of, by or on behalf of GE Transportation prior to the Distribution Date, including under any providing for the sale of any such business, line of business, facility or real property;

all liabilities described on a schedule to the Separation Agreement;

any liability for taxes expressly transferred to, or retained by, SpinCo or any Transferred Subsidiary designated by SpinCo pursuant to the Tax Matters Agreement as more fully described in the section of this prospectus-information statement entitled Other Agreements—Tax Matters Agreement;

any warranty, product liability obligation or claim or similar obligation entered into, created or incurred in the course of GE Transportation with respect to its products or services, whether prior to, at or after the Distribution Effective Time;

all liabilities allocated to SpinCo or any Transferred Subsidiary under the Transaction Documents;

all liabilities to the extent arising under the allocated portion of any contract entered into prior to the Distribution Effective Time to which GE, SpinCo or any Transferred Subsidiary is a party that relates to both (i) GE

Transportation and (ii) any other GE business (each a shared contract) that is assigned to a member of SpinCo or any Transferred Subsidiary under the Separation Agreement;

all liabilities relating to any transferred notes listed on a schedule to the Separation Agreement; and

all liabilities to the extent related to (i) indebtedness of SpinCo any SpinCo Transferred Subsidiary (excluding any liabilities solely among SpinCo and any SpinCo Transferred Subsidiaries or among SpinCo Transferred Subsidiaries) (to the extent taken into account in the determination the debt adjustment as more fully described below under —Cash, Debt and Receivables Adjustment), (ii) indebtedness of any Direct Sale Transferred Subsidiaries (excluding any liabilities solely between Direct Sale Transferred Subsidiaries) (to the extent taken into account in the determination the debt adjustment as more fully described below under —Cash, Debt and Receivables Adjustment) or (iii) the debt financing completed by the Commitment Letter (see the section of this prospectus-information statement entitled Debt Financing).

Excluded Liabilities

The Separation Agreement provides that SpinCo and the SpinCo Transferred Subsidiaries will not assume any liabilities of GE to the extent arising from or related to the Excluded Assets or any GE business other than GE Transportation including the following liabilities (the Excluded liabilities):

any liability to the extent relating to any Excluded Asset;

any liability expressly retained by, or transferred to, GE or any of its subsidiaries that is not SpinCo or a Transferred Subsidiary pursuant to the Employee Matters Agreement as more fully described in the section of this prospectus-information statement entitled Other Agreements—Employee Matters Agreement or the Tax Matters Agreement as more fully described in the section of this prospectus-information statement entitled Other Agreements—Tax Matters Agreement;

other than (i) intercompany accounts payable exclusively between or among GE and its subsidiaries on behalf of GE Transportation (and not any other GE business) and (ii) surviving intercompany accounts

TABLE OF CONTENTS

(as defined above under —SpinCo Liabilities), any liability for any intercompany accounts payable to GE or any of its affiliates, which intercompany accounts payable will (subject to the foregoing exceptions) be extinguished at the closing of the Transactions;

all liabilities, whether presently in existence or arising after the date of the Separation Agreement, relating to fees, commissions or expenses owed to any broker, finder, investment banker, accountant, attorney or other intermediary or advisor employed by GE or any of its subsidiaries that is not a Transferred Subsidiary or, to the extent the relevant engagement was entered into prior to the closing of the Transactions, SpinCo or any Transferred Subsidiary in connection with the transactions contemplated by the Separation Agreement or the Transaction Documents (other than, for the avoidance of doubt, to the extent otherwise provided in any Transaction Document);

all Liabilities to the extent relating to (i) the conduct and operation of any GE business other than GE Transportation (including, to the extent relating any GE business other than GE Transportation, any liability relating to, arising out of or resulting from any act or failure to act by any representatives of GE or any of its subsidiaries that is not a Transferred Subsidiary (whether or not such act or failure to act is or was within such person or entity's authority)) or (ii) any warranty, product liability obligation or claim or similar obligation entered into, created or incurred in the course of any GE business other than GE Transportation with respect to its products or services, whether prior to, at or after the Distribution Effective Time;

all liabilities to the extent arising under the allocated portion of any shared contract that is assigned to GE or any of its subsidiaries that is not a Transferred Subsidiary in accordance with the Separation Agreement;

all liabilities of GE or any of its subsidiaries that is not a Transferred Subsidiary under the Transaction Documents;

and

all fines or penalties imposed by any governmental authority relating to the matter set forth on a schedule to the Separation Agreement to the extent relating to filings made by GE prior to the Distribution Effective Time.

Consents and Delayed Transfers

The Separation Agreement provides that parties will cooperate to obtain any third-party consents required in connection with the transactions contemplated by the Separation Agreement. Neither GE nor Wabtec nor any of their respective affiliates will be required to compensate any such third party, commence or participate in any action or offer or grant any accommodation in connection with obtaining any third-party consent or approval, except that Wabtec has agreed to provide a guaranty to each third party requested to eliminate any liability of GE or any of its subsidiaries that is not a Transferred Subsidiary in respect of any contract constituting a SpinCo Asset or Direct Sale Asset.

If and to the extent that any consent or governmental approval with respect to any SpinCo Asset, SpinCo Liability, Direct Sale Asset, Direct Sale Liability, Excluded Asset or Excluded Liability has not been obtained prior to the Distribution Effective Time, then the transfer of any such asset or liability in connection with the Separation will be automatically deemed deferred until such time as all legal impediments are removed and all necessary consents and governmental approvals have been obtained, subject to specified exceptions. Where the transfer of an asset or liability requires the consent of a third party and such consent has not been obtained prior to the Distribution, then, to the extent permitted under such contract and applicable law, the parties to the Separation Agreement will use reasonable best efforts to develop and implement mutually acceptable arrangements to place the applicable party (or affiliate thereof) entitled to receive such asset or liability, as the case may be, insofar as reasonably possible, in substantially the same position as if such asset or liability has been transferred as contemplated by the Separation Agreement. The applicable party (or affiliate thereof) entitled to receive such asset or liability (as applicable) will be deemed to have acquired complete and sole beneficial ownership of such assets as if such asset had been transferred as contemplated by the Separation Agreement and will treat for all tax purposes such assets and liabilities as having been transferred to it as contemplated by the Separation Agreement. The party retaining such asset will hold such asset in trust for the use and benefit and burden of the other (at such other party's expense) until properly conveyed.

TABLE OF CONTENTS

In addition, the parties agreed to use commercially reasonable efforts to separate certain identified shared contracts ((i) that are material to GE Transportation and identified on a schedule to be delivered by Wabtec to GE within 60 days following the date of the Separation Agreement or (ii) with respect to which the parties agree to seek separation prior to the Distribution) into separate contracts effective as of the Distribution Effective Time or as promptly as practicable thereafter so that SpinCo or any Transferred Subsidiary will be entitled to rights and benefits and will assume the related portion of liabilities with respect to each such shared contract to the extent related to GE Transportation and GE and its subsidiaries that are not a Transferred Subsidiaries will have the rights and benefits and will assume the related portion of liabilities with respect to each such shared contract to the extent related to any GE business other than GE Transportation, except that neither party will be required to pay any amount to any third party, commence or participate in any action or offer or grant any accommodation to any third party to obtain any such separation. Upon such separation of such shared contract, the separated contract will be a SpinCo Asset or an Excluded Asset, as applicable. The obligations of the parties to seek separation will terminate on the first anniversary of the Distribution Date or, if earlier with respect to any such identified shared contract, upon the expiration of the term of such shared contract.

Certain Additional Agreements

The Separation Agreement requires that on or prior to the Distribution Date, GE and Wabtec will, and will cause their respective applicable affiliates to, execute and deliver prior to the Distribution Effective Time all conveyance and assumption instruments as may be necessary to effect the Internal Reorganization and the transfers of the SpinCo Assets, the SpinCo Liabilities, the Direct Sale Assets, the Direct Sale Liabilities, the Excluded Assets and the Excluded Liabilities, as applicable, in accordance with the terms of the Separation Agreement.

In addition, on the Distribution Date, each of GE, SpinCo, Wabtec and Direct Sale Purchaser will, and will cause each of their applicable subsidiaries to, execute and deliver each of the Additional Agreements, as more fully described in the section of this prospectus-information statement entitled Other Agreements.

Intercompany Agreements and Intercompany Accounts

All contracts between GE or any of its subsidiaries on behalf of any of a GE business other than GE Transportation, on the one hand, and GE or any of its subsidiaries on behalf of GE Transportation, on the other hand, will be terminated at or prior to the Distribution Effective Time, except for certain agreements like the Transaction Documents, conveyance and assignment agreements and certain contracts listed on a schedule to the Separation Agreement. In addition, all outstanding intercompany accounts, including intercompany liabilities, between GE or any of its subsidiaries on behalf of a GE business other than GE Transportation, on the one hand, and GE or any of its subsidiaries on behalf of GE Transportation, on the other hand, will be satisfied, settled or otherwise terminated no later than the Distribution Effective Time, except for any surviving intercompany accounts (as defined above under —SpinCo Liabilities).

Cash, Debt and Receivables Adjustment

Within 60 days after the Distribution Date, (i) SpinCo will prepare and submit to GE a statement that sets forth its calculation of (A) the SpinCo Cash Amount (as defined below) as of immediately prior to the Distribution Effective Time, (B) SpinCo Indebtedness (as defined below) as of immediately prior to the Distribution Effective Time, and (C) the Excess Factored Customer Receivables (as defined below), if any, which, in each case, will be prepared in accordance with certain accounting principles set forth on a schedule to the Separation Agreement (the SpinCo Proposed Statement) and (ii) Direct Sale Purchaser will prepare and submit to GE a statement that sets forth its calculation of (A) the Direct Sale Cash Amount (as defined below) as of immediately prior to the consummation of the Direct Sale and (B) the Direct Sale Indebtedness (as defined below) as of immediately prior to the consummation

of the Direct Sale), which, in each case, will be prepared in accordance with certain accounting principles set forth on a schedule to the Separation Agreement (the Direct Sale Proposed Statement).

The Separation Agreement sets forth the procedures to be followed regarding the provision of information and in the event that GE disputes the correctness of the SpinCo Proposed Statement or the Direct Sale Proposed Statement.

If the SpinCo Adjustment Amount (as defined below) or the Direct Sale Adjustment Amount (as defined below), in each case, as finally determined in accordance to the provisions above, is a positive number, then within three

TABLE OF CONTENTS

business days following the final determination of the SpinCo Adjustment Amount or the Direct Sale Adjustment Amount, as the case may be, SpinCo or Direct Sale Purchaser, as applicable, will pay to GE in immediately available funds via wire transfer an amount equal to such SpinCo Adjustment Amount or the Direct Sale Adjustment Amount, as applicable. If the SpinCo Adjustment Amount or the Direct Sale Adjustment Amount, in each case, as finally determined in accordance to the provisions above, is a negative number, then within three business days following the final determination of the SpinCo Adjustment Amount or the Direct Sale Adjustment Amount, as the case may be, GE will pay to SpinCo or Direct Sale Purchaser, as applicable, in immediately available funds via wire transfer an amount equal to the absolute value of such SpinCo Adjustment Amount or the Direct Sale Adjustment Amount, as applicable.

Under the Separation Agreement, the following terms have the following meanings:

Direct Sale Cash Amount means, whether positive or negative, as of any time, the aggregate amount of cash and cash equivalents held by any Direct Sale Transferred Subsidiary (in each case other than restricted cash held by any Direct Sale Transferred Subsidiary), including the amount of any checks and drafts (including both written and electronic fund transfer orders) (i) received by any Direct Sale Transferred Subsidiary but not yet deposited and (ii) deposited for the account of any Direct Sale Transferred Subsidiary but not yet cleared as of immediately prior to the consummation of the Direct Sale (but only to the extent actually cleared after such time), except that the value of any cash and cash equivalents held in non-U.S. jurisdictions will be determined in accordance with the accounting principles listed on a schedule to the Separation Agreement. The Direct Sale Cash Amount will be reduced by an amount equal to any cut but uncashed checks as of immediately prior to the consummation of the Direct Sale (to the extent that such cut but uncashed checks are drawn from bank accounts that are included in the Direct Sale Assets or which obligations otherwise constitute Direct Sale Liabilities).

Direct Sale Indebtedness means, without duplication, any indebtedness of any Direct Sale Transferred Subsidiary, excluding any liabilities solely between Direct Sale Transferred Subsidiaries.

Direct Sale Adjustment Amount means, whether positive or negative, an amount equal to Direct Sale Closing Cash (as finally determined in accordance with the provisions above) minus Direct Sale Closing Indebtedness (as finally determined in accordance with the provisions above).

- Closing Cash (as finally determined in accordance with the provisions above) minus Direct Sale Closing Indebtedness (as finally determined in accordance with the provisions above).

SpinCo Cash Amount means, whether positive or negative, as of any time, the aggregate amount of cash and cash equivalents held by SpinCo or any SpinCo Transferred Subsidiary (in each case other than restricted cash held by SpinCo or any SpinCo Transferred Subsidiary), including the amount of any checks and drafts (including both written and electronic fund transfer orders) (i) received by SpinCo or any SpinCo Transferred Subsidiary but not yet deposited and (ii) deposited for the account of SpinCo or any SpinCo Transferred Subsidiary but not yet cleared as of immediately prior to the Distribution Effective Time (but only to the extent actually cleared after such time), except that the value of any cash and cash equivalents held in non-U.S. jurisdictions will be determined in accordance with the accounting principles listed on a schedule to the Separation Agreement. The SpinCo Cash Amount will be reduced by an amount equal to any cut but uncashed checks as of immediately prior to the Distribution Effective Time (to the extent that such cut but uncashed checks are drawn from bank accounts that are included in the SpinCo Assets or which obligations otherwise constitute SpinCo Liabilities).

- SpinCo Cash Amount means, whether positive or negative, as of any time, the aggregate amount of cash and cash equivalents held by SpinCo or any SpinCo Transferred Subsidiary (in each case other than restricted cash held by SpinCo or any SpinCo Transferred Subsidiary), including the amount of any checks and drafts (including both written and electronic fund transfer orders) (i) received by SpinCo or any SpinCo Transferred Subsidiary but not yet deposited and (ii) deposited for the account of SpinCo or any SpinCo Transferred Subsidiary but not yet cleared as of immediately prior to the Distribution Effective Time (but only to the extent actually cleared after such time), except that the value of any cash and cash equivalents held in non-U.S. jurisdictions will be determined in accordance with the accounting principles listed on a schedule to the Separation Agreement. The SpinCo Cash Amount will be reduced by an amount equal to any cut but uncashed checks as of immediately prior to the Distribution Effective Time (to the extent that such cut but uncashed checks are drawn from bank accounts that are included in the SpinCo Assets or which obligations otherwise constitute SpinCo Liabilities).

SpinCo Indebtedness means, without duplication, any indebtedness of SpinCo or any SpinCo Transferred Subsidiary, excluding any liabilities solely between SpinCo and any SpinCo Transferred Subsidiaries or between SpinCo Transferred Subsidiaries.

Excess Factored Customer Receivables means the excess, if any, of (i) the amount of Factored Customer Receivables (as defined below) over (ii) the lesser of (A) \$180,000,000 and (B) (1) 60%, multiplied by (2) the Gross Customer Receivables (as defined below).

Factored Customer Receivables means any Gross Customer Receivables that as of the Distribution Effective Time have been sold to a third party, including General Electric Working Capital Solutions,

TABLE OF CONTENTS

LLC, Working Capital Solutions Funding LLC and any person designed by GE as a factoring entity following the date of the Separation Agreement, subject to a factoring agreement, as determined in a manner consistent with the historical accounting practices of GE Transportation.

Gross Customer Receivables means any amounts billed by GE Transportation to customers for the sale and delivery of goods and services that have not yet been collected as of the Distribution Effective Time, as determined in a manner consistent with the historical accounting practices of GE Transportation.

SpinCo Adjustment Amount means, whether positive or negative, an amount equal to (i) SpinCo Closing Cash (as finally determined in accordance with the provisions above) minus (ii) SpinCo Closing Indebtedness Cash (as finally determined in accordance with the provisions above) minus (iii) Excess Factored Customer Receivables (as finally determined in accordance with the provisions above), if any.

Issuance of SpinCo Common Stock

On or before the Distribution Date, in connection with the SpinCo transfer, SpinCo will issue and deliver to GE 8,700,000,000 shares of SpinCo common stock in book-entry form or such other amount as GE determines, subject to the consent of Wabtec not to be unreasonably withheld, conditioned or delayed.

Distribution

The Separation Agreement provides that the Distribution may be effected, at GE's option, by way of a spin-off, a split-off or a combination thereof. As previously noted, this prospectus-information statement has been prepared under the assumption that the Distribution Shares will be distributed to GE stockholders pursuant to a spin-off. Based on market conditions prior to the closing of the Merger, corporate finance considerations and timing considerations, GE will determine whether the Distribution Shares will be distributed to GE's stockholders in a spin-off or split-off.

Conditions to the Distribution and the Direct Sale

The obligations of GE, Wabtec and Direct Sale Purchaser to consummate the Direct Sale and the obligations of GE to commence and consummate the Distribution are subject to the prior or simultaneous satisfaction or, to the extent permitted by applicable law, waiver of each of the conditions to the obligation of the parties to the Merger Agreement to consummate the Merger and effect the other transactions contemplated by the Merger Agreement (other than those conditions that by their nature are to be satisfied contemporaneously with or immediately following the Direct Sale or the Distribution which such conditions are capable of being satisfied at such date), in each case as described in the section of this prospectus-information statement entitled "The Merger Agreement—Conditions to the Merger." The parties to the Separation Agreement agree that the Distribution Effective Time will occur on the same date as the closing of the Merger.

Disclaimer

Except as expressly provided otherwise in any Transaction Document, each party, on behalf of itself and each of its affiliates, has agreed that no other party nor any of their respective affiliates is making any representation or warranty of any kind whatsoever, express or implied, to the other parties or any of their respective affiliates or to any other person in respect of the transactions contemplated by the Separation Agreement or any information that may have been exchanged or provided pursuant to the Separation Agreement or any other Transaction Document, and that all SpinCo Assets are being assigned and transferred, and all SpinCo Liabilities are being assumed, on an as is, where is basis, with no representation or warranty of any kind.

Mutual Release; Indemnification; Limitation of Liability

Both GE and SpinCo will release each other and specified related parties from any and all liabilities existing or arising from any acts or events occurring (or failing to occur) or any conditions existing or alleged to have existed, in each case, on or prior to the Distribution Effective Time. The Separation Agreement, however, provides the release described above will not limit or otherwise affect any person's rights or obligations pursuant to or contemplated by, or the ability to enforce, any surviving intercompany agreement or surviving intercompany account (as defined above under —SpinCo Liabilities).

TABLE OF CONTENTS

The Separation Agreement provides that, without limiting the indemnity provisions of the Additional Agreements, following the Distribution Effective Time, GE will indemnify, defend (or, where applicable, pay the defense costs for) and hold harmless SpinCo, its affiliates and their respective representatives and successors and assigns (the SpinCo indemnitees) from and against, and will reimburse such SpinCo indemnitees with respect to, any and all liabilities, including damages, losses, deficiencies, obligations, penalties, judgments, settlements, claims, payments, fines and other costs and expenses of any and all actions, demands, assessments, judgments, settlements and compromises relating thereto and the reasonable costs and expenses of attorneys , accountants , consultants and other professionals fees and expenses incurred in the investigation or defense thereof or the enforcement of rights under the Separation Agreement (subject to the limitations in the Separation Agreement, indemnifiable losses) of the SpinCo indemnitees to the extent arising out of, resulting from or related to (without duplication): (a) any Excluded Liabilities, including the failure of GE or any of its subsidiaries that is not a Transferred Subsidiary to assume any Excluded Liabilities or (b) any breach by GE or any of its subsidiaries that is not a Transferred Subsidiary of any obligations to be performed by such persons pursuant to the Separation Agreement after the Distribution Effective Time.

In addition, the Separation Agreement provides that, without limiting the indemnity provisions of the Additional Agreements, following the Distribution Effective Time, Wabtec will indemnify, defend (or, where applicable, pay the defense costs for) and hold harmless GE, its affiliates and their respective representatives and successors and assigns (the GE indemnitees) from and against, and will reimburse such GE indemnitees with respect to, any and all indemnifiable losses of the GE indemnitees to the extent arising out of, resulting from or related to (without duplication): (a) any SpinCo Liabilities, including the failure of any member of SpinCo or any SpinCo Transferred Subsidiary to assume any SpinCo Liabilities, (b) any Direct Sale Liabilities, including the failure of Direct Sale Purchaser to assume any Direct Sale Liabilities, or (c) any breach by SpinCo, any Transferred Subsidiary, Wabtec or Direct Sale Purchaser of any obligations to be performed by such persons pursuant to the Separation Agreement after the Distribution Effective Time.

The Separation Agreement provides that, after the Distribution, the sole and exclusive remedy with respect to any breach of the Separation Agreement or any conveyance and assumption instrument entered into in connection with the Separation Agreement will be a claim for indemnification as described above, except that the foregoing will not impair any person's right to specific performance or equitable relief under any of the Transaction Documents.

Under the Separation Agreement, the amount of any indemnifiable losses will be reduced by:

any insurance proceeds or third-party proceeds actually received by or on behalf of the applicable indemnitee corresponding to any such indemnifiable loss, in each case net of the costs of collection of such indemnifiable loss and any increase in premium attributable thereto, and, in the case of any insurance proceeds, net of any applicable deductible or retention; and

any tax benefit actually realized by the applicable indemnitee arising from the incurrence or payment of any such indemnifiable loss (determined on a with and without basis and by treating the loss or deduction (or a carryforward thereof) attributable to such indemnifiable loss as the last item taken into account in determining the applicable indemnitee's tax liability).

All rights and obligations of GE and Wabtec with respect to indemnification for tax matters will be governed by the Tax Matters Agreement and will not be subject to the provisions of the Separation Agreement described in this section (see the section of this prospectus-information statement entitled Other Agreements—Tax Matters Agreement).

The Separation Agreement provides for certain limitations in connection with indemnification sought by the parties for indemnifiable losses, including the following:

no indemnitee will be entitled to payment or indemnification more than once with respect to the same matter; and

no party will have any right to set off any losses (including indemnifiable losses) against any payments to be made by any such party under any other agreement between the parties, including the Transaction Documents.

TABLE OF CONTENTS

The Separation Agreement provides each party will, and will cause its subsidiaries to, use commercially reasonable efforts to collect or recover, or allow the indemnifying party to collect or recover, or cooperate with each other in collecting or recovering, any insurance proceeds that may be collectible or recoverable with respect to indemnifiable losses. If an indemnifying party makes any payment for any indemnifiable losses pursuant to the provisions described above, such indemnifying party will be subrogated, to the extent of such payment, to all rights and remedies of the indemnitee to any insurance benefits or other claims of the indemnitee with respect to such indemnifiable losses and the matters giving rise to such indemnifiable losses.

If the indemnification described above is unavailable for any reason to an indemnitee in respect of any indemnifiable loss (other than, and to the extent resulting from, failure to provide notice with respect to any third-party claims in accordance with the Separation Agreement), then the indemnifying party will contribute to the indemnifiable losses incurred, paid or payable by such indemnitee as a result of such indemnifiable loss in such proportion as is appropriate to reflect the relative fault of Wabtec, Direct Sale Purchaser, SpinCo and each Transferred Subsidiary, on the one hand, and GE and each of its subsidiaries that is not Transferred Subsidiaries, on the other hand, in connection with the circumstances which resulted in such indemnifiable loss. Solely for purposes of determining relative fault under the contribution provisions in the Separation Agreement: (a) any fault associated with the conduct of any GE business other than GE Transportation prior to the Distribution Effective Time will be deemed to be allocated to GE and its subsidiaries that are not Transferred Subsidiaries, and no such fault will be deemed to be the fault of SpinCo or any Transferred Subsidiary; and (b) any fault associated with the conduct of GE Transportation prior to the Distribution Effective Time will be deemed to be the fault of SpinCo and the Transferred Subsidiaries, and no such fault will be deemed to be the fault of GE or any of its subsidiaries that are not Transferred Subsidiaries.

Further Assurances and Certain Additional Covenants

The Separation Agreement addresses additional obligations of the parties relating to, among other things, cash management, insurance, amendments to the Internal Reorganization step plan, access generally, financial statements and accounting, witness services, reimbursement, retention of books and records, confidentiality, privileged matters, ownership of information, further action regarding intellectual property rights and other agreements. Certain of these obligations and covenants are described below.

Further Assurances

Subject to the terms of the Merger Agreement and the Separation Agreement, the Separation Agreement requires that each party use reasonable best efforts to take, or cause to be taken, all actions and to do, or cause to be done, and to assist and cooperate with the other party in doing or causing to be done, all things necessary, proper or advisable under applicable laws to consummate the Transactions as soon as practicable after the date of the Separation Agreement and as may be otherwise required to consummate and make effective the Transactions.

GE Names and Marks

The Separation Agreement provides that the parties will enter into the Trademark License Agreement with respect to the licensing of certain GE Names and Marks (as defined below) as described below in Other Agreements—Trademark and Licensing Agreement. Except as otherwise provided in the Separation Agreement or the Trademark License Agreement, SpinCo and its affiliates will cease and discontinue all uses of the GE Names and Marks immediately upon the Distribution Effective Time. SpinCo, for itself and its affiliates, has agreed that the rights of SpinCo and the Transferred Subsidiaries and their respective affiliates to the GE Names and Marks pursuant to the terms of any trademark agreements or otherwise between GE or any of its affiliates, on the one hand, and SpinCo, any of the Transferred Subsidiaries or their respective affiliates, on the other, will terminate on the Distribution Date and be replaced by such rights as are provided by the Separation Agreement and the Trademark License Agreement.

Under the Separation Agreement, immediately as of the Distribution Date, SpinCo has agreed to, and to cause its affiliates to:

• except as permitted under the Separation Agreement and the Trademark License Agreement, (A) cease all use of any of the GE Names and Marks on or in connection with all stationery, business cards,

116

purchase orders, lease agreements, warranties, indemnifications, invoices and other similar correspondence and other documents of a contractual nature and (B) complete the removal of the GE Names and Marks from all product, services and technical information promotional brochures prior to expiration of the Trademark License Agreement;

with respect to assets or SpinCo Assets bearing any GE Names and Marks, use their commercially reasonable efforts to relabel such assets or SpinCo Assets or remove such GE Names and Marks from such assets or SpinCo Assets as promptly as practicable, and in any event prior to the expiration of the Trademark License Agreement;

not, expressly or by implication, do business as or represent themselves as GE or any of its affiliates;

with respect to assets managed, operated or leased after the Distribution Date, represent in writing to the owners or lessors of such assets that such assets are those of SpinCo and its affiliates and not those of GE and its affiliates; except to the extent otherwise provided in the Trademark License Agreement, cooperate with GE and its affiliates in terminating any contracts pursuant to which GE or any of its subsidiaries that is not a Transferred Subsidiary or SpinCo or any of the Transferred Subsidiaries license any GE Names and Marks to customers in connection with GE Transportation;

take all necessary action to ensure that other users of any GE Names and Marks, whose rights terminate upon the Distribution Effective Time pursuant to the provisions of the Separation Agreement described above, will cease use of the GE Names and Marks, except as expressly authorized thereafter by GE.

except as contemplated by the Trademark License Agreement, promptly after the Distribution Date, but in any event no later than 10 business days after the Distribution Date, make all filings with any and all offices, agencies and bodies and take all other actions necessary to adopt new corporate names, registered names, and registered fictitious names of SpinCo and the Transferred Subsidiaries and their respective affiliates that do not consist in whole or in part of, and are not dilutive of or confusingly similar to, the GE Names and Marks (new corporate names), and upon receipt of confirmation from the appropriate registry that such name changes have been effected, provide GE with written proof that such name changes have been effected; and

use best efforts to adopt new corporate names as soon as possible after the Distribution Effective Time.

Under the Separation Agreement, GE Names and Marks means the names or marks owned, licensed or used by GE, any of its subsidiaries that are not Transferred Subsidiaries or any of their respective affiliates, including names that use or contain GENERAL ELECTRIC (in block letters or otherwise), the General Electric monogram, General Electric Company and GE, either alone or in combination with other words and all marks, trade dress, logos, monograms, domain names and other source identifiers confusingly similar to or embodying any of the foregoing either alone or in combination with other words, except those specified on an annex to the Separation Agreement.

Further Action Regarding Intellectual Property Rights

If, after the Distribution Date, GE or SpinCo identifies any item of (i) SpinCo intellectual property, (ii) SpinCo data/technology, (iii) SpinCo software, (iv) registrable intellectual property owned by GE or any of its subsidiaries that was not set forth on the schedules to the Separation Agreement listing the same but for which GE Transportation is responsible as reflected in GE's intellectual property rights docketing systems (it being understood that GE and SpinCo will discuss in good faith any identified misallocation of designations of responsibility within such docketing systems) (unscheduled registrable intellectual property) or (v) intellectual property rights (other than registrable intellectual property and the GE Names and Marks), data or technology owned by GE or any of its subsidiaries that is not used exclusively in GE Transportation or set forth on the schedules to the Separation Agreement listing the same but for which GE Transportation is responsible as reflected in GE's intellectual property rights docketing systems (it being understood that GE and SpinCo will discuss in good faith any identified misallocation of designations of responsibility within such docketing systems) (SpinCo docketed intellectual property/data/technology), in each case, that inadvertently was not previously transferred or set forth on the applicable annex to the Separation Agreement, as applicable, by GE, any of its

TABLE OF CONTENTS

subsidiaries that are not Transferred Subsidiaries or any of their affiliates to SpinCo, then, to the extent that GE has the right to do so and without paying additional consideration (other than a nominal fee (e.g., \$1)) to a third party, GE will (or will cause any of its subsidiaries that are not Transferred Subsidiaries or its affiliates to) transfer such SpinCo intellectual property, SpinCo data/technology, SpinCo software, unscheduled registrable intellectual property or SpinCo docketed intellectual property/data/technology to SpinCo pursuant to the terms of the Separation Agreement for no additional consideration, except that if such transfer requires payment of additional consideration, then SpinCo may elect to have such license so transferred at its own expense.

Further, until such time as the transfers described above have been effected, GE and its subsidiaries that are not Transferred Subsidiaries, on behalf of themselves and their affiliates, have granted to SpinCo and the SpinCo Transferred Subsidiaries, effective as of the Distribution Date, (i) a non-exclusive, royalty-free, fully paid-up, worldwide, irrevocable, sublicensable and transferable right and license (or sublicense, as the case may be) to fully use, practice and otherwise exploit such SpinCo intellectual property, SpinCo software, SpinCo data/technology, unscheduled registrable intellectual property, or SpinCo docketed intellectual property/data/technology controlled by GE or any of its subsidiaries that is not a Transferred Subsidiary, as applicable, and its affiliates and (ii) a covenant not to sue with respect to the foregoing activities.

In addition, if, after the Distribution Date, GE or SpinCo identifies any item of GE intellectual property, GE software or GE data/technology (other than unscheduled registrable intellectual property and SpinCo docketed intellectual property/data/technology) that was (i) transferred by GE or any of its subsidiaries that is not a Transferred Subsidiary or any of its affiliates or (ii) owned by SpinCo or a SpinCo Transferred Subsidiary prior to the Distribution Date and that was not transferred to GE or an affiliate of GE prior to the Distribution Date, SpinCo will, or will cause the SpinCo Transferred Subsidiary to, promptly transfer such GE intellectual property, GE software or GE data/technology to GE or its designated affiliate pursuant to the terms of the Separation Agreement for no additional consideration.

Further, until such time as the transfers described above have been effected, SpinCo, on behalf of itself and its affiliates, has granted to GE and its affiliates, effective as of the Distribution Date, (i) a non-exclusive, royalty-free, fully paid-up, worldwide, irrevocable, sublicensable and transferable right and license (or sublicense, as the case may be) to fully use, practice and otherwise exploit such GE intellectual property, GE software or GE data/technology controlled by SpinCo or its affiliates and (ii) a covenant not to sue with respect to the foregoing activities.

Third Party Licenses

Under the Separation Agreement, the parties have agreed that, to the extent that any intellectual property rights, software, technology or data included in SpinCo Assets or Direct Sale Assets is licensed or sublicensed from a third party under a contract (other than a contract constituting a SpinCo Asset), such intellectual property rights, software, technology or data is subject to all of the terms and conditions of the contract between GE or any of its subsidiaries that is not a Transferred Subsidiary and such third party pursuant to which such intellectual property rights, software, technology or data has been licensed or sublicensed to GE or any of its subsidiaries that is not a Transferred Subsidiary, as applicable, including limitations to the field or scope of use.

Factored Customer Receivables

Under the Separation Agreement, GE has agreed to cause GE Transportation not to have any accounts receivable of GE Transportation as of the Distribution Effective Time sold or otherwise transferred or divested by GE Transportation to any person or entity, or otherwise subject to any factoring arrangement, as of the Distribution Effective Time, other than Factored Customer Receivables (as defined above under —Separation of GE Transportation—Cash, Debt and Receivables Adjustment).

Access to Information

Subject to compliance with the terms of the Transaction Documents and to appropriate restrictions for privileged information or confidential information, until the later of the sixth anniversary of the Distribution Effective Time and the expiration of the applicable statute of limitations, if applicable, and subject to compliance with the terms of the Transaction Documents, upon the prior written reasonable request by GE or SpinCo, the applicable party will use commercially reasonable efforts to provide, as soon as reasonably practicable following the receipt of such request, reasonable access or, to the extent such information is reasonably practicable to identify and

TABLE OF CONTENTS

extract, copies of such information in the possession or control of such applicable party (or its affiliates), but only to the extent such requested information is not already in the possession or control of the requesting party or any of its affiliates and is necessary for a reasonable business purpose. GE and SpinCo have also agreed to make their respective personnel available during regular business hours to discuss the information exchanged pursuant to the foregoing and inform their respective representatives who have or have access to the other party's information provided pursuant to the foregoing of their obligation to hold such information confidential in accordance with the provisions of the Separation Agreement.

Matters related to the provision of tax records for tax matters will be governed by the Tax Matters Agreement and will not be subject to the provisions of the Separation Agreement described in this section (see the section of this prospectus-information statement entitled "Other Agreements—Tax Matters Agreement").

Insurance

From and after the Distribution Date, SpinCo and the Transferred Subsidiaries will cease to be in any manner insured by, entitled to any benefits or coverage under or entitled to seek benefits or coverage from or under any insurance policies of GE ("GE insurance policies") other than (i) any insurance policy issued exclusively in the name and for the benefit of SpinCo or any Transferred Subsidiary, (ii) with respect to any matters covered by an insurance policy that have been properly reported to the relevant insurer(s) prior to the Distribution Date, or (iii) for claims brought solely under certain insurance policies listed on a schedule to the Separation Agreement, for any claim, occurrence, injury, damage or loss that occurred or existed prior to the Distribution Date, in each case under clauses (i) through (iii) above subject to the terms and conditions of the relevant insurance policies and the Separation Agreement, except to the extent otherwise mandated by applicable law.

In addition, SpinCo and the Transferred Subsidiaries agreed to procure all contractual and statutorily obligated insurance at the Distribution Effective Time. In addition, the rights of SpinCo and the Transferred Subsidiaries under subparagraphs (ii) and (iii) of the preceding paragraph are subject to and conditioned upon the following:

SpinCo and the Transferred Subsidiaries (A) will be solely responsible for notifying any and all insurance companies of such claims and complying with all policy terms and conditions for pursuit and collection of such claims; (B) will not, without the written consent of GE, amend, modify or waive any rights of GE or other insureds under any such insurance policies and programs; and (C) will exclusively bear and be liable (and the GE will have no obligation to repay or reimburse SpinCo or any Transferred Subsidiary) for all uninsured, uncovered, unavailable or uncollectible amounts relating to or associated with all such claims.

With respect to coverage claims or requests for benefits asserted by SpinCo and the Transferred Subsidiaries under the insurance policies listed on a schedule to the Separation Agreement as described in subclause (iii) above, GE will have the right but not the duty to monitor and/or associate with such claims its sole cost and expense. SpinCo and the Transferred Subsidiaries will be liable for any fees, costs and expenses reasonably incurred by GE directly or indirectly through the insurers or reinsurers of the under the insurance policies listed on a schedule to the Separation Agreement as described in subclause (iii) above relating to any unsuccessful coverage claims pursued at SpinCo's written request. SpinCo and the Transferred Subsidiaries will not assign any under the insurance policies listed on a schedule to the Separation Agreement as described in subclause (iii) of the first paragraph of this section or any rights or claims under such policies.

Notwithstanding anything contained in the Separation Agreement:

nothing in the Separation Agreement will limit, waive or abrogate in any manner any rights of GE to insurance coverage for any matter, whether relating to SpinCo or any Transferred Subsidiary or otherwise; and GE will retain the exclusive right to control the GE insurance policies, including the right to exhaust, settle, release, commute, buy-back or otherwise resolve disputes with respect to any GE insurance policies and to amend, modify or

waive any rights under any such GE insurance policies, notwithstanding whether any such GE insurance policies apply to any liabilities or losses as to which SpinCo or any Transferred Subsidiary has made, or could in the future make, a claim for coverage;

TABLE OF CONTENTS

provided, that SpinCo and the Transferred Subsidiaries will cooperate with GE with respect to coverage claims and requests for benefits and sharing such information as is reasonably necessary in order to permit GE to manage and conduct its insurance matters as it deems appropriate.

The foregoing provisions will not limit, modify or in any way affect the rights and obligations of the parties under the indemnification provisions described above under —Mutual Release; Indemnification; *provided*, however, that any Insurance Proceeds actually collected with respect to a particular indemnifiable loss will be taken into account under and to the extent required by the indemnification provisions of the Separation Agreement. No payments due with respect to the above will be affected by, or be subject to set off against, any payments due pursuant to the cash and indebtedness adjustment provisions of the Separation Agreement discussed above under —Separation of GE Transportation—Cash, Debt and Receivables Adjustment. Whenever the insurance provisions of the Separation Agreement, as summarized in this section, require SpinCo or any Transferred Subsidiary to take any action after the closing of the Transactions, such requirement will be deemed to constitute an undertaking on the part of Wabtec to take such action or to cause SpinCo or such Transferred Subsidiary, as applicable, to take such action.

Termination

The Separation Agreement will terminate without further action at any time before the Distribution Effective Time upon termination of the Merger Agreement. If the Separation Agreement is so terminated, no party will have any liability of any kind to any other party or any other person on account of the Separation Agreement, except as provided in the Merger Agreement.

Assignment

The Separation Agreement and the rights and obligations under the Separation Agreement may not be assigned or delegated in whole or in part by any party by operation of law or otherwise without the express written consent of Wabtec, in the case of an attempted assignment or delegation by GE, or GE, in the case of an attempted assignment or delegation by Wabtec, Direct Sale Purchaser or SpinCo, except that Direct Sale Purchaser may assign or delegate any of its rights or obligations pursuant to this Agreement, in whole or in part, to one or more wholly owned subsidiaries of Wabtec (other than Merger Sub or any of its subsidiaries) without the prior consent of GE; provided that such assignment or delegation will not relieve Direct Sale Purchaser of its obligations under the Separation Agreement. Any attempted assignment that is not in accordance with this paragraph will be null and void.

Amendment and Waiver

Except as otherwise provided in the Separation Agreement with respect to the Internal Reorganization or amendments to the step plan for the Internal Reorganization provided by GE to Wabtec prior to the date of the Separation Agreement, no provision of the Separation Agreement may be amended or waived except by an instrument in writing signed by, in the case of an amendment, all of the parties to the Merger Agreement, or, in the case of a waiver, by the party or parties against whom the waiver is to be effective. For any amendments or waivers to the sections of the Separation Agreement relating to amendments and waivers, third-party beneficiaries, governing law, jurisdiction, waiver of jury trial and non-recourse to certain non-parties to the Merger Agreement that, in each case, adversely affect any of Wabtec's financing sources, the prior written consent of the affected financing sources will be required before such amendment or waiver is effective.

TABLE OF CONTENTS

OTHER AGREEMENTS

Wabtec, GE, SpinCo and Merger Sub and certain of their respective subsidiaries and stockholders, directors and officers, in each case as applicable, have entered into or, before the consummation of the Transactions, will enter into, certain other agreements relating to the Transactions and various interim and ongoing relationships among GE, SpinCo and Wabtec. The material terms of these agreements are summarized below.

Voting Agreement

In connection with the signing of the Merger Agreement, certain stockholders, directors and officers of Wabtec beneficially owning approximately 10.9% of the outstanding shares of Wabtec entered into the Voting Agreement with GE which will remain in effect until the earliest of (i) the date on which the applicable approval of the Share Issuance and the Wabtec Charter Amendment is obtained from Wabtec stockholders, (ii) the date on which the Merger Agreement is terminated in accordance with its terms, and (iii) one year after GE or Wabtec sends a notice of termination of the Merger Agreement that is not withdrawn prior to the end of such one-year period. This summary is qualified in its entirety by reference to the full text of the Voting Agreement, which is incorporated by reference into this prospectus-information statement. See [Where You Can Find More Information; Incorporation By Reference](#).

With respect to each stockholder party to the Voting Agreement, the Wabtec common stock covered by the Voting Agreement (covered shares) includes their existing shares (subject to certain permitted transfers), together with any shares of Wabtec common stock or other capital stock of Wabtec and any shares of Wabtec common stock or other capital stock of Wabtec issuable upon the conversion, exercise or exchange of securities that are as of the relevant date securities convertible into or exercisable or exchangeable for shares of Wabtec common stock or other capital stock of Wabtec, in each case that such specified stockholder has or acquires beneficial ownership of on or after May 20, 2018.

Each stockholder party to the Voting Agreement agreed that until expiration of the Voting Agreement, at any meeting of Wabtec stockholders, such stockholder will:

- appear or otherwise cause their covered shares to be counted as present for purposes of calculating a quorum; and
- vote (or cause to be voted), in person or by proxy, all of their covered shares:
 - in favor of the Share Issuance, the Wabtec Charter Amendment and any related action reasonably requested by GE;
 - against any action or agreement that would result in a breach of any covenant, representation or warranty or any other obligation or agreement of Wabtec in the Merger Agreement or of such stockholder in the Voting Agreement; and
 - against any Acquisition Proposal or Superior Proposal and against any other action, agreement or transaction involving Wabtec or its subsidiaries that would reasonably be expected to materially impede, interfere with, delay, postpone, adversely affect or otherwise materially adversely affect or prevent the consummation of the Merger or the other transactions contemplated by the Merger Agreement or the performance by Wabtec of its obligations under the Merger Agreement or by such stockholder of its obligations under the Voting Agreement.

Additionally, each applicable stockholder agreed (i) not to commence or participate in and (ii) to take all actions necessary to opt out of any claim against Wabtec, Merger Sub, GE, SpinCo or any of their respective affiliates relating to the Voting Agreement or the Merger Agreement or the consummation of the transactions contemplated thereby. Furthermore, each applicable stockholder agreed not to, at any time prior to expiration of the Voting Agreement (a) enter into any voting agreement or voting trust with respect to their covered shares, (b) grant a proxy, consent or power of attorney with respect to their covered shares, or (c) knowingly take any action that would make any representation or warranty of such stockholder untrue or incorrect or have the effect of preventing such stockholder from performing any of its obligations under the Voting Agreement.

Until the expiration of the Voting Agreement, each applicable stockholder agreed not to:

enter into agreement or take any action that violates or conflicts with (or would reasonably be expected to do the same) such stockholder's representations, warranties, covenants and obligations under the Voting Agreement, or

TABLE OF CONTENTS

take any action that could restrict or otherwise affect such stockholder's legal power, authority and right to comply with and perform its covenants and obligations under the Voting Agreement. Additionally, until expiration of the Voting Agreement, each applicable stockholder agreed not to request registration of the transfer of any of its covered shares or any certificate in respect thereof.

Until expiration of the Voting Agreement, subject to certain exceptions, each applicable stockholder is prohibited from transferring any of such stockholder's covered shares, beneficial ownership thereof or any other interest therein.

Nothing in the Voting Agreement limits or restricts a stockholder in his or her capacity as a director or officer of Wabtec from acting or voting in such capacity in such person's sole discretion or exercising such stockholder's fiduciary duties. No party may assign, delegate or otherwise transfer any of its rights or obligations under the Voting Agreement without the consent of the other parties.

Shareholders Agreement

In connection with the closing of the Transactions, Wabtec and GE will enter into a Shareholders Agreement governing the rights and obligations of Wabtec, GE and certain of GE's affiliates with respect to the shares of Wabtec common stock to be retained by GE following the completion of the Merger. The Shareholders Agreement sets out, among other things, standstill restrictions, a voting agreement, transfer restrictions and registration rights and procedures as further described below. This summary is qualified by reference to (i) the full text of the form of Shareholders Agreement, which is incorporated by reference into this prospectus-information statement, and (ii) the terms and conditions of the final Shareholders Agreement. See [Where You Can Find More Information; Incorporation By Reference](#).

Pursuant to the Merger Agreement, GE will become the beneficial owner of a number of shares of Wabtec common stock in an amount equal to approximately 9.9% of Wabtec's outstanding common stock (the [Initial Shares](#)). The [Initial Shares](#) and any equity securities of Wabtec issued or issuable directly or indirectly to GE with respect to or on account of the [Initial Shares](#) ([subject shares](#)) are subject to the terms of the Shareholders Agreement.

Pursuant to the Shareholders Agreement, from the closing date of the Merger until the earlier of (i) the later of the 24-month anniversary of the closing date of the Merger and the 3-month anniversary of the date that GE and any of its permitted transferees that hold [subject shares](#) ([Stockholder Parties](#)) first cease to beneficially own any [subject shares](#) and (ii) a change of control of Wabtec (as defined below), the [Stockholder Parties](#) will not, and will cause all of their respective subsidiaries and controlled affiliates not to, directly or indirectly, unless approved by a majority of the Wabtec Board:

acquire (or offer or agree to do the same) beneficial ownership of Wabtec common stock or any other security of Wabtec other than equity securities of Wabtec issued or issuable directly or indirectly with respect to or on account of the [Initial Shares](#);

make any statement or proposal to Wabtec or its stockholders regarding, or make any public announcement, proposal or offer or otherwise solicit or effect (whether directly or indirectly, publicly or otherwise):

any business combination, merger, tender offer, exchange offer or similar transaction involving Wabtec or any of its subsidiaries that may reasonably be expected to result in a change of control;

any restructuring, recapitalization, liquidation, dissolution or similar transaction involving Wabtec or any of its subsidiaries, including any material divestiture, break-up or spinoff;

any acquisition of any equity securities of Wabtec or any of its subsidiaries or rights or options to acquire the same; or the composition of or election of any individual to the Wabtec Board;

enter into any discussions, negotiations, arrangements or understandings with respect to the foregoing, or form, join or participate in a group with respect to Wabtec common stock in connection with any of the foregoing;

request, call or seek to call a meeting of Wabtec stockholders, nominate any individual for election to the Wabtec Board at any meeting of stockholders, submit any stockholder proposal to seek

TABLE OF CONTENTS

representation on the Wabtec Board or any other proposal to be considered by Wabtec stockholders, or recommend that any other Wabtec stockholders vote in favor of, or otherwise publicly comment favorably or unfavorably about, or solicit votes or proxies for, any such nomination or proposal submitted by another stockholder, or otherwise publicly seek to control or influence the Wabtec Board, management or policies of Wabtec;

• deposit any subject shares or any other Wabtec common stock in a voting trust or similar arrangement or subject such shares to any voting agreement, pooling arrangement or similar arrangement; or

• take any action which would reasonably be expected to require Wabtec to make a public announcement regarding any of the foregoing.

The foregoing limitations will not (i) preclude confidential proposals made by a Stockholder Party to the Wabtec Board or (ii) limit the activities of any person appointed to the Wabtec Board pursuant to the terms of the Merger Agreement taken in his or her capacity as a director of Wabtec.

For purposes of the Shareholders Agreement, a change of control of Wabtec includes an event(s) by which (i) any person or group directly or indirectly becomes the beneficial owner of 50% or more of outstanding Wabtec common stock, (ii) all or substantially all of the consolidated assets of Wabtec are sold, (iii) Wabtec is consolidated, merged, amalgamated, reorganized or otherwise enters into a similar transaction in which it is combined with another person, unless the persons who beneficially own the outstanding Wabtec common stock immediately before such transaction beneficially own a majority of the outstanding voting securities of the combined, resulting or surviving entity (or its parent) immediately thereafter, (iv) Wabtec stockholders approve of any plan or proposal for liquidation or dissolution, or (v) a majority of the Wabtec Board no longer consists of directors who were (i) a member of the Wabtec Board as of the date of the Shareholders Agreement, (ii) appointed to the Wabtec Board pursuant to the Merger Agreement or (iii) nominated or elected to the Wabtec Board with the approval of a majority of the then-existing Wabtec Board.

For as long as the Stockholder Parties hold subject shares, each Stockholder Party must vote all its subject shares in the same proportion as the votes cast by all Wabtec common stock not beneficially owned by the Stockholder Parties on such matter. So long as the Stockholder Parties, in the aggregate, hold at least 5% of the then-outstanding Wabtec common stock, Wabtec must meet with such Stockholder Parties representatives at such times as they may reasonably request.

Subject to certain exceptions, for a period of 90 days following the closing date of the Merger, the Stockholder Parties will not, directly or indirectly, offer, sell, contract to sell or otherwise dispose of any subject shares or any securities convertible into, or exercisable or exchangeable for subject shares, or publicly announce an intention to effect any such transaction. After such 90-day period, subject to certain exceptions, the subject shares will not be subject to transfer restrictions under the Shareholders Agreement except that the Stockholder Parties will be prohibited from transferring more than 1% of the outstanding Wabtec common stock to any person if such Stockholder Party actually knows (after reasonable inquiry) that the transferee holds 2% or more of outstanding Wabtec common stock prior to such transfer.

Pursuant to the Shareholders Agreement and subject to limited extensions, by no later than the third anniversary of the closing date of the Merger, the Stockholder Parties must sell all of the subject shares that they beneficially own.

The Shareholders Agreement will terminate with respect to each Stockholder Party at the time such Stockholder Party ceases to beneficially own any subject shares or, if earlier, upon the written agreement of Wabtec and such Stockholder Party.

Employee Matters Agreement

In connection with the Transactions, GE, SpinCo, Wabtec and Direct Sale Purchaser have agreed to enter into an Employee Matters Agreement with respect to the transfer of employees engaged in GE Transportation and related matters, including terms of employment, benefit plans and coverage and other compensation and labor matters. This summary is qualified by reference to (i) the full text of the form of Employee Matters Agreement, which is incorporated by reference into this prospectus-information statement, and (ii) the terms and conditions of the final Employee Matters Agreement, which will be entered into in connection with the completion of the Transactions. See [Where You Can Find More Information; Incorporation By Reference](#).

TABLE OF CONTENTS

Offers of Employment and Continuing Employment

As of the closing date of the Merger, SpinCo will, or will cause one of its subsidiaries to, and Direct Sale Purchaser will cause a Direct Sale Transferred Subsidiary to, continue to employ each employee of SpinCo (or one of its subsidiaries) or a Direct Sale Transferred Subsidiary, as applicable (including accepting the employment of individuals whose employment automatically transfers to SpinCo, Direct Sale Purchaser or one of their respective subsidiaries as a result of certain transfer regulations), following the Distribution Date. In addition, Direct Sale Purchaser will, or will cause one of its subsidiaries to, offer employment to each other employee of GE or its affiliates who provides at least 80% of his or her business services in support of GE Transportation with such employment commencing on the closing date of the Merger (each, an Offer Employee). For Offer Employees who are inactive as of immediately prior to the Distribution, Direct Sale Purchaser will, or will cause one of its subsidiaries to, offer employment to each such inactive employee, provided that such inactive employee is able to commence, and actually commences, active employment with Direct Sale Purchaser (or one of its subsidiaries) no later than 12 months following the Distribution Date (or such longer period as required by applicable law). Each individual who continues or commences employment with Wabtec, SpinCo, Merger Sub or Direct Sale Purchaser in accordance with this paragraph is referred to herein as a Continuing Employee.

Terms and Conditions of Employment

For a period of 12 months following the closing date of the Merger, except where superseded by the terms of any collective bargaining agreement entered into on or after the closing date of the Merger, Wabtec and its subsidiaries (including SpinCo, Direct Sale Purchaser and any Direct Sale Transferred Subsidiary), or any of their respective affiliates, will provide to each Continuing Employee (i) at least the same salary or wages, same cash incentive compensation opportunities and same cash bonus opportunities as were provided to such Continuing Employee immediately prior to the Distribution, (ii) employee benefits having a comparable aggregate employer-provided value (including the value of tax qualified and non-tax qualified defined benefit plans and retiree health benefits) to those provided to such Continuing Employee immediately prior to the Distribution (excluding stock options and other equity awards, except as otherwise required by applicable law), and (iii) to the extent required by applicable law or a pension plan or bonus plan assumed by Wabtec or any of its subsidiaries or affiliates in connection with the Transactions, other material terms and conditions of employment as were provided to such Continuing Employee immediately prior to the Distribution.

In addition, Wabtec and its subsidiaries and affiliates will be required to (a) honor all obligations of GE and its affiliates to the Continuing Employees under any cash incentive or bonus program covering such employees as of immediately prior to the Distribution, (b) pay the Continuing Employees cash incentives or bonuses for the entire applicable performance measurement period which includes the Distribution in accordance with such programs, and (c) except where superseded by the terms of any collective bargaining agreement entered into on or after the closing date of the Merger, (x) provide vacation benefits to Continuing Employees that are at least as favorable as those provided by GE and its affiliates to such Continuing Employees immediately prior to the Distribution, (y) honor all obligations of GE, SpinCo and their respective affiliates for the accrued, unused vacation and paid time off of such Continuing Employees as of immediately prior to the Distribution, and (z) provide severance benefits to Continuing Employees who are laid off or terminated during the 12-month period following the closing date of the Merger with the same severance benefits that would have applied to the Continuing Employees under a severance or layoff plan of GE or its affiliates immediately prior to the closing date of the Merger (or, if higher, the severance benefits provided under the severance arrangements of Wabtec or one of its subsidiaries or affiliates applicable to similarly-situated employees) and to consider such employees for a *pro rata* bonus under the terms of a bonus plan of Wabtec, SpinCo or their respective affiliates for the year of termination.

Benefit Plan Assumption

Wabtec and its subsidiaries will assume certain (i) cash-based incentive programs covering the Continuing Employees, (ii) defined benefit pension and termination indemnity plans maintained outside of the United States (with reimbursement or indemnification by GE for certain underfunding with respect thereto), (iii) certain offer letters and employment contracts, and (iv) retention bonus agreements (provided that GE will reimburse Wabtec for any payments under such retention bonus agreements required to be paid by Wabtec that exceed \$32,500,000 in the aggregate).

TABLE OF CONTENTS

In addition, the parties will effect a transfer of Continuing Employees' accounts from any health or dependent care flexible spending account plan maintained by GE or its affiliates to the corresponding flexible spending account plans maintained by Wabtec or its subsidiaries.

Allocation of Liabilities

Wabtec and its subsidiaries will generally assume all liabilities relating to the Continuing Employees, as well as all pre-closing liabilities relating to employees of GE who are offered employment with Wabtec and its subsidiaries but who decline such offers of employment and all former employees who, immediately prior to their termination of employment, were employed by SpinCo or one of its subsidiaries or were providing at least 80% of their business services in support of GE Transportation. However, GE and its affiliates will retain all liabilities relating to the current collective bargaining agreements covering Continuing Employees who are based in the U.S. and any employee benefit plans, programs and arrangements that do not transfer to Wabtec or its subsidiaries in connection with the Transactions.

Wabtec and its subsidiaries will reimburse GE and its affiliates for any payments made with respect to claims incurred prior to the closing date of the Merger, by Continuing Employees who are based in the U.S. and their eligible spouses, dependents or qualified beneficiaries under any GE-sponsored benefit plans providing health, disability, worker's compensation, life insurance or similar benefits.

U.S. Labor Matters

Wabtec (including Direct Sale Purchaser and any of their respective subsidiaries or affiliates) will not assume any collective bargaining agreement between GE, or an affiliate of GE, and any labor organization representing any employees working for GE Transportation and employed in the United States (a U.S. CBA). If Wabtec or Direct Sale Purchaser is deemed to be a successor employer under the National Labor Relations Act, Wabtec will, or will cause Direct Sale Purchaser to, recognize and, if requested to, bargain in good faith as a successor employer with any labor organization that has been certified or recognized as the exclusive collective bargaining representative of any Continuing Employees who are Offer Employees.

SpinCo or a Direct Sale Transferred Subsidiary will assume each collective bargaining, works agreement or other agreement entered into between GE, or an affiliate of GE, and any labor union, works council or other labor organization representing any Continuing Employee employed outside of the United States (Non-U.S. CBAs), that covers any Continuing Employee employed outside of the United States, otherwise requires assumption by applicable law, or expressly states that such agreement applies to successors. With respect to each Non-U.S. CBA, GE and its affiliates must comply with certain obligations including (i) providing notice of the Distribution and Merger to each labor organization representing employees covered by Non-U.S. CBAs, if required under applicable law; (ii) ensuring that SpinCo or a Direct Sale Transferred Subsidiary recognizes and bargains in good faith with the applicable representative bodies in connection with the Transactions; (iii) complying with any consultation obligations in accordance with applicable law; and (iv) taking no actions in violation of applicable law pertaining to the protection of employee rights in the event of the transfer of undertakings. Wabtec and GE have agreed to cooperate in good faith to ensure that GE meets the foregoing obligations relating to each Non-U.S. CBA.

Prior to the effective time of the Merger, GE or one of its affiliates will comply with any notice and/or collective bargaining obligations under applicable law with respect to the Transactions, including advance notice to Wabtec of any material modifications to any U.S. CBA or Non-U.S. CBA; *provided* that, prior to the effective time of the Merger, GE retains the sole authority to agree to or implement any modifications.

Wabtec agrees to indemnify GE for any monetary losses suffered by GE or any of its affiliates as a result of pending or future claims asserted under any U.S. CBAs, with the exception of any claims asserted by Offer Employees (or labor organizations representing Offer Employees) pertaining to modification, termination or denial of any employee benefits that are not expressly allocated to SpinCo or a Direct Sale Transferred Subsidiary.

Non-U.S. Continuing Employees

Other than with respect to the collective bargaining agreements described above, the Employee Matters Agreement generally provides that SpinCo and Direct Sale Purchaser will, or will cause one of their respective affiliates to, in addition to meeting the requirements of the Employee Matters Agreement, comply with any

TABLE OF CONTENTS

additional obligations or standards required by applicable law governing the terms and conditions of employment of Continuing Employees based outside of the United States in connection with the Distribution. In addition, Wabtec will indemnify GE for certain severance or termination indemnities and related liabilities incurred by GE or its affiliates as a result of changes made after the Merger to any benefit plan or other employment terms and conditions for Continuing Employees who are resident outside of the U.S.

Non-Solicitation

GE and its subsidiaries will not, for the 12-month period following the closing date of the Merger, directly or indirectly solicit, induce or attempt to solicit or induce any Continuing Employee who was a member of GE's executive band or higher immediately prior to the Distribution to leave the employ of Wabtec or its subsidiaries or affiliates. Wabtec and its subsidiaries will not, for the 12-month period following the closing date of the Merger, directly or indirectly induce or attempt to induce to leave the employ of GE or its affiliates any person who at the time occupies, or at any time during the preceding 12 months occupied, a position: (i) assigned to the executive band or higher and working on matters relating to SpinCo, Direct Sale Transferred Subsidiary, the Merger or the Distribution or any subsidiary transferred pursuant to the Direct Sale, or (ii) in connection with the provision of services to Wabtec and its subsidiaries and affiliates pursuant to a transition services agreement.

Tax Matters Agreement

In connection with the Transactions, GE, SpinCo, Wabtec and Direct Sale Purchaser will enter into the Tax Matters Agreement that will govern the respective rights, responsibilities, and obligations of GE, Wabtec, SpinCo and their respective subsidiaries after the Distribution, the Merger and the Direct Sale with respect to tax liabilities and benefits, tax attributes, tax returns, tax contests and other tax matters. This summary is qualified by reference to (i) the full text of the form of Tax Matters Agreement, which is incorporated by reference into this prospectus-information statement, and (ii) the terms and conditions of the final Tax Matters Agreement. See [Where You Can Find More Information; Incorporation By Reference](#).

In general, the Tax Matters Agreement will govern the rights and obligations of GE, on the one hand, and SpinCo and Wabtec, on the other hand, after the Distribution with respect to taxes for tax periods (or portions thereof) ending on, before or after the Distribution Date. Subject to certain exceptions, under the Tax Matters Agreement:

GE generally will be responsible for (i) taxes of SpinCo and its subsidiaries, and taxes imposed on or in respect of the assets sold and the liabilities assumed pursuant to the Direct Sale, in each case, for tax periods (or portions thereof) ending on or before the Distribution Date, (ii) taxes arising with respect to the failure of the Distribution to qualify as a tax-free distribution to the GE stockholders pursuant to Section 355(a) of the Code or the failure of any of certain aspects of the Internal Reorganization to qualify for their intended tax-free treatment (except in certain cases where such tax liability arises (x) as a result of actions or failures to act, or breaches of the Tax Matters Agreement, by Wabtec, SpinCo or their subsidiaries, or (y) with respect to the assets of Wabtec, SpinCo or their subsidiaries, that affect, in each case, the intended tax treatment of the Distribution or Internal Reorganization), (iii) 100% of applicable transfer taxes relating to the Internal Reorganization and the SpinCo Transfer and 50% of other applicable transfer taxes, and (iv) taxes (other than transfer taxes) arising from the application of Section 355(e) of the Code to the Distribution and the making of elections under Section 336(e) of the Code with respect to the Distribution; and Wabtec and SpinCo generally will be responsible for (i) taxes of SpinCo and its subsidiaries, and taxes imposed on or in respect of the assets sold and the liabilities assumed pursuant to the Direct Sale, in each case, for tax periods (or portions thereof) ending after the Distribution Date, (ii) taxes arising (x) as a result of actions or failures to act, or breaches of the Tax Matters Agreement, by Wabtec, SpinCo or their subsidiaries, or (y) with respect to the assets of Wabtec, SpinCo or their subsidiaries, and affecting, in each case, the intended tax treatment of the Distribution or the Internal Reorganization, and (iii) 50% of applicable transfer taxes (except for transfer taxes relating to the Internal

Reorganization and the SpinCo Transfer).

Where the Tax Matters Agreement requires a party to pay an amount in respect of another person's taxes, such party also is generally required to pay related costs and expenses.

TABLE OF CONTENTS

In addition, the Tax Matters Agreement generally will prohibit SpinCo, Wabtec, and their subsidiaries from taking certain actions that could affect the intended tax treatment of the SpinCo Transfer, the Distribution, the Merger, or the Internal Reorganization, including the Merger's qualification as a reorganization within the meaning of Section 368(a) of the Code and the Distribution's qualification as a distribution that is tax-free to the GE stockholders pursuant to Section 355(a) of the Code. Among other things, subject to certain exceptions, for a two-year period following the Distribution Date, SpinCo, Wabtec, and their subsidiaries may not:

- cause or permit the cessation of the active conduct of certain of SpinCo's businesses, dispose of interests in any entity conducting such businesses, or change the U.S. tax classification of any such entity;
- redeem or repurchase any stock or stock rights of Wabtec, other than in certain open-market transactions; or
- merge, consolidate or amalgamate with any other person (other than pursuant to the Merger or mergers, consolidations or amalgamations in which SpinCo or Wabtec, as relevant, is the surviving party).

Subject to certain exceptions, the Tax Matters Agreement will also generally prohibit SpinCo, Wabtec, and their subsidiaries from taking any other action that would affect the intended tax treatment of the SpinCo Transfer, the Distribution, the Merger, or the Internal Reorganization or would increase the tax liability of GE or its affiliates with respect to tax periods (or portions thereof) ending on or before the Distribution Date. If SpinCo, Wabtec or any of their affiliates intends to take any of the restricted actions described in the Tax Matters Agreement, including the actions described above, Wabtec will be required to obtain an IRS ruling or an unqualified tax opinion reasonably satisfactory to GE to the effect that such action will not affect the intended tax treatment of the SpinCo Transfer, the Distribution, the Merger, or the Internal Reorganization (and GE will be required to cooperate in good faith in connection with Wabtec's efforts to obtain such IRS ruling or unqualified opinion). However, if SpinCo, Wabtec, or any of their affiliates takes any of the restricted actions described in the Tax Matters Agreement, including the actions described above, and such action results in tax-related losses to GE, then Wabtec may be required under the Tax Matters Agreement to indemnify GE for such losses, without regard to whether Wabtec has obtained such an IRS ruling or unqualified opinion.

GE and Wabtec intend that the Distribution will be tax-free to the GE stockholders pursuant to Section 355(a) of the Code but that the Distribution and/or certain related transactions will be taxable to GE. The Tax Matters Agreement (including portions thereof incorporated in the Merger Agreement) require or will require GE to take certain actions in support of this intended tax treatment, including using reasonable best efforts to obtain, prior to the closing of the Merger, an IRS ruling with respect to certain aspects of the Distribution that is reasonably satisfactory to GE and Wabtec, and selling certain stock of Wabtec received in the Merger in one or more public offerings meeting certain conditions within two years of the Distribution Date. In the event that GE cannot obtain such an IRS ruling, the parties intend to restructure the Distribution and related transactions and make appropriate revisions to the form of Tax Matters Agreement.

GE and Wabtec also intend that the Transactions will generally provide SpinCo, Direct Sale Purchaser and their respective domestic subsidiaries with increased tax bases in their assets equal, in most cases, to their fair market values as of the Distribution Date. These increased tax bases are expected to result in future reductions in Wabtec's tax liability that would not be realized by Wabtec if GE and Wabtec were to engage in a wholly tax-free transaction. The Tax Matters Agreement will require Wabtec to pay certain amounts, capped at a specified total, to GE as and when Wabtec realizes actual cash tax savings on account of such reductions in its tax liability. Wabtec's obligation to pay such amounts may be accelerated or increased upon the occurrence of certain specified events, including late payments by Wabtec, breaches by Wabtec of its obligations under the Tax Matters Agreement, or the occurrence of an insolvency, a bankruptcy or a similar proceeding, a default under a material lending arrangement, or a related event, in each case, with respect to Wabtec or its affiliates. GE will be required to repay certain amounts received under the Tax Matters Agreement on account of tax benefits of Wabtec that are later disallowed.

The Tax Matters Agreement will be binding on and inure to the benefit of any successor to any of the parties of the Tax Matters Agreement to the same extent as if such successor had been an original party to the Tax Matters Agreement.

IP Cross License Agreement

Prior to the Distribution Effective Time, GE and SpinCo will enter into the IP Cross License Agreement, pursuant to which (i) GE will license to SpinCo certain intellectual property, software, technology, data and GE materials, and (ii) SpinCo will license to GE certain intellectual property, software, technology and data all as further described below. The IP Cross License Agreement will continue until terminated and may only be terminated upon mutual written agreement; however, the licenses granted thereunder survive termination.

Grants from GE to SpinCo

Pursuant to the IP Cross License Agreement, GE will grant to SpinCo the following rights and licenses (subject to the terms and conditions of any third party agreement pursuant to which applicable intellectual property, software, technology or data has been licensed to GE) along with certain covenants not to sue with respect to such rights and licenses:

GE will grant to SpinCo and its subsidiaries a non-exclusive, irrevocable, royalty-free, fully paid-up, worldwide, non-sublicensable and non-transferable (except as described below), perpetual right and license to use certain specified GE software solely as used (or contemplated to be used) by GE Transportation as of the date of the IP Cross License Agreement. The IP Cross License Agreement also prohibits marketing or reselling any element of such GE software;

GE will grant to SpinCo and its subsidiaries a non-exclusive, irrevocable, royalty-free, fully paid-up, worldwide, non-sublicensable and non-transferable (except as described below), perpetual right and license to use, improve, and commercialize certain specified GE intellectual property, GE technology, and GE data (collectively, the Specified GE Licensed Items) as used (or contemplated to be used) by GE Transportation as of the date of the IP Cross License Agreement, subject to certain restrictions;

GE will grant to SpinCo and its subsidiaries a non-exclusive, irrevocable, royalty-free, fully paid-up, worldwide, non-sublicensable and non-transferable (except as described below), perpetual right and license allowing SpinCo to use certain specified GE materials and create and develop improvements thereto; and

The licenses permit sublicensing to (i) an acquirer of all or substantially all of the assets of SpinCo and its subsidiaries to which the IP Cross License Agreement relates or (ii) customers or end-users in connection with products or services provided in substantially the same manner that such sublicenses were granted as of the Distribution Date.

Grants from SpinCo to GE and its Affiliates

Pursuant to the IP Cross License Agreement, SpinCo will grant to GE the following rights and licenses (subject to the terms and conditions of any third party agreement pursuant to which the applicable intellectual property, software, technology or data has been licensed to SpinCo) along with certain covenants not to sue with respect to such rights and licenses:

SpinCo will grant to GE and its affiliates a non-exclusive, irrevocable, royalty-free, fully paid-up, worldwide, non-sublicensable and non-transferable (except as described below), perpetual right and license to use certain specified SpinCo software, subject to certain restrictions;

SpinCo will grant to GE and its affiliates a non-exclusive, irrevocable, royalty-free, fully paid-up, worldwide, non-sublicensable and non-transferable (except as described below), perpetual right and license to use, improve, and commercialize certain specified SpinCo intellectual property, SpinCo technology and SpinCo data (collectively, the Specified SpinCo Licensed Items) subject to certain restrictions; and

The licenses permit sublicensing to an acquirer of any of the businesses, a line of business, or all or substantially all of the operations or assets of GE or such affiliates to which the IP Cross License Agreement relates.

Under the IP Cross License Agreement, each party will retain the sole right, but not the obligation, to protect the intellectual property, software, technology and data owned by such party.

The IP Cross License Agreement will place restrictions on SpinCo's use of the Jenbacher Type 6 Engine Platform and the intellectual property rights therein and on GE's use of the Powerhaul P616/P612 and the

TABLE OF CONTENTS

intellectual property rights therein. Additionally, pursuant to the IP Cross License Agreement, GE will agree not to assert certain claims it may have against SpinCo arising solely out of SpinCo's internal use of Six Sigma and LEAN software, documentation and materials owned by GE or any of its affiliates relating to the Six Sigma program. GE will also have certain obligations to assist SpinCo in its efforts to obtain non-exclusive licenses related to the Six Sigma program.

The IP Cross License Agreement is not assignable, in whole or in part, by SpinCo without the prior written consent of GE; except SpinCo may assign the IP Cross License Agreement (i) in whole but not in part, to an affiliate in connection with a corporate reorganization or (ii) in whole or in part to a subsidiary. GE is permitted, without the consent of SpinCo, to assign the IP Cross License Agreement or any of its rights and obligations thereunder to an affiliate that expressly assumes all of its obligations.

Trademark License Agreement

In connection with the Transactions, GE and SpinCo will enter into the Trademark License Agreement, effective as of the Distribution Date, pursuant to which GE will grant to SpinCo a license to use certain of the GE Names and Marks. Unless terminated or extended, the Trademark License Agreement will expire five years after the Distribution Date, but may be renewed by SpinCo, upon written notice to GE, for one additional five year period. All terms of the Trademark License Agreement will also remain in effect throughout any applicable grace period granted thereunder.

Under the Trademark License Agreement, GE will grant to SpinCo a personal, non-exclusive, non-transferable, non-assignable (except as described below), non-sublicensable (except to certain permitted subsidiaries as described below), license during the term of the Trademark License Agreement and any grace period to use certain of the GE Names and Marks only (i) as part of the new corporate name of SpinCo or certain of its subsidiaries or (ii) in connection with the manufacture by or for SpinCo or certain of its subsidiaries (including the right to have manufactured by vendors approved by GE) and the display, sale, marketing, advertising, promotion and distribution of certain licensed products. Licensed products include existing products and services bearing the applicable licensed GE Names and Marks that are sold in the licensed territory by GE Transportation under such GE Names and Marks as of the Distribution Date. SpinCo may request that the foregoing license be extended to cover additional products or services subject to GE's written approval.

The territory in which SpinCo will be permitted to use the licensed GE Names and Marks is worldwide, except for Cuba (unless SpinCo has a license or other authorization from the U.S. government permitting SpinCo's operation in Cuba with respect to the licensed products), Iran, North Korea, Syria and any other country(ies) that the U.S. government or GE reasonably determines is a state sponsor of terrorism and GE does not conduct business in such country(ies), upon written notice to SpinCo. The Trademark License Agreement also prohibits exercise of any rights granted under it with respect to any jurisdiction (i) in which the licensee group, its affiliates or GE is not permitted to conduct business, and (ii) to the extent that GE makes a policy determination that it and its affiliates will cease doing business in such jurisdiction.

The foregoing license will be royalty-free during the initial term and, if applicable, the renewal term. If the license is extended to cover additional products or services, it will be royalty-bearing at GE's then-current royalty rates.

Additionally, use of the licensed GE Names and Marks pursuant to the foregoing license must be in strict accordance with certain of GE's quality, safety, usage and other guidelines as well as other restrictions, covenants and approval rights granted to GE in the Trademark License Agreement.

Sublicensing of the rights and licenses will only be permitted when to one of SpinCo's direct or indirect subsidiaries engaged in the GE Transportation business as of the Distribution Date and which has executed an agreement to be

bound by all obligations of SpinCo under the Trademark License Agreement.

GE retains exclusive ownership of the licensed GE Names and Marks. All goodwill, rights or interests that might be acquired by the use of the licensed GE Names and Marks by the licensee group inure to the sole benefit of GE.

The Trademark License Agreement also governs the parties' rights and obligations with respect to registration as well as enforcement and defense of third party claims relating to the licensed GE Names and Marks. GE retains the sole right to protect the licensed GE Names and Marks in its sole discretion, including deciding whether and

129

TABLE OF CONTENTS

how to file and prosecute applications to register the licensed GE Names and Marks, whether to abandon such applications or registrations, and whether to discontinue payment of any maintenance or renewal fees with respect to any such registrations. GE retains the sole and exclusive right to determine whether or not action will be taken due to or against third party infringements or to otherwise terminate such infringements.

Should GE's trademark counsel render a legal opinion that concludes that use of the licensed GE Names and Marks becomes threatened as a result of a claim by a third party or applicable law or rule, regulation or policy of a governmental authority, then the licensee group must use its reasonable best efforts to cease use of the licensed GE Names and Marks upon notice from GE. In addition, in the event of any such opinion, GE's and SpinCo's respective trademark counsel will negotiate in good faith an amendment that modifies the Trademark License Agreement to the extent reasonably necessary to address the legal issue arising out of such third party claim or applicable law or rule, regulation or policy.

Except for liability for indemnification, GE's total liability under or related to the Trademark License Agreement is limited to \$1,000.

The Trademark License Agreement is not assignable, in whole or in part, by operation of law or otherwise without the prior written consent of both parties, except that GE is permitted to assign its rights and obligations to affiliates. Furthermore, the licensee group is prohibited from extending, sublicensing, conveying, pledging, encumbering, or otherwise disposing of the Trademark License Agreement or its rights or interest thereunder without the prior written consent of GE.

SpinCo will have the right to terminate the Trademark License Agreement upon six months' prior notice to GE. GE will have the right to terminate the Trademark License Agreement in the event of certain listed events including a change of control of SpinCo or certain of its subsidiaries without notice to and prior written consent of GE. For purposes of the Trademark License Agreement, change of control includes, with respect to SpinCo or the applicable subsidiary, the acquisition, directly or indirectly, of control of SpinCo or such subsidiary by a third party, either alone or pursuant to an arrangement or understanding with one or more persons.

The Trademark License Agreement also governs the parties' obligations with respect to recalls. Specifically, SpinCo bears any and all costs related to any product recall of licensed products, whether voluntary or required by a governmental authority or GE.

Transition Services Agreement

GE and SpinCo will enter into the Transition Services Agreement on the Distribution Date. Pursuant to the Transition Services Agreement, GE will provide SpinCo and its subsidiaries with certain services, including information technology, supply chain, financial, human resources and other specified services, as well as access to certain of GE's existing facilities. In addition, SpinCo will provide GE with certain limited post-Distribution services and facility access. The full scope of the transition services to be provided under the Transition Services Agreement will continue to be refined and supplemented by GE and SpinCo prior to the date of the Distribution.

The services provided by GE to SpinCo and by SpinCo to GE are generally planned to extend for an initial term of 18 to 24 months. In most cases, a recipient of a given service under the Transition Services Agreement can terminate the service prior to the applicable expiration date upon advanced notice given to the service provider (which, depending on the service, can be up to six months' prior notice), provided the recipient pays the additional costs incurred by the provider in connection with the early wind-down of the service. Certain individual services may be extended at no additional premium upon 60 days' prior written notice by the recipient and the provider will not unreasonably withhold its consent to any such extension requests, however, the total service period (including any extensions) with respect to

any service may not extend more than 24 months following the Distribution Date.

Services are generally provided at a base monthly service fee per service and the provider is permitted to increase a given service fee in the event that the provider's direct costs of providing such a service increases.

Additional Agreements

GE and SpinCo expect to enter into other commercial agreements or arrangements in connection with the separation of the operations of GE Transportation from GE, including, without limitation, agreements relating to certain research and development activities and co-location services.

DEBT FINANCING

Overview

Wabtec and the other Borrowers entered into the Credit Agreement on June 8, 2018, which includes (i) a \$1.2 billion Revolving Credit Facility, (ii) a \$350.0 million Refinancing Term Loan and (iii) a \$400.0 million Delayed Draw Term Loan. Wabtec also obtained Bridge Commitments in respect of the Bridge Loan Facility in an amount not to exceed \$2.5 billion. On September 14, 2018, in accordance with the Commitment Letter, the Bridge Commitments were permanently reduced to \$0 in connection with Wabtec's issuance of \$500 million aggregate principal amount of the Floating Rate Notes, \$750 million aggregate principal amount of the 2024 Notes and \$1.25 billion aggregate principal amount of the 2028 Notes. The Credit Agreement is expected to have approximately \$812 million of unused availability immediately following consummation of the Transactions. In addition, the Credit Agreement contains an uncommitted accordion feature allowing Wabtec to request, in an aggregate amount not to exceed \$600.0 million, increases to the borrowing commitments under the Revolving Credit Facility or a new incremental term loan commitment.

The proceeds of the Refinancing Term Loan were used to refinance, in part, that certain Second Amended and Restated Refinancing Credit Agreement, dated as of June 22, 2016, by and among Wabtec, the other borrowers from time to time party thereto, the guarantors from time to time party thereto, the lenders from time to time party thereto, PNC Bank, National Association, as administrative agent, and the other agents from time to time party thereto. Wabtec will use funds available under the Delayed Draw Term Loan and the proceeds from the issuance of the New Wabtec Notes to pay the Direct Sale Purchase Price. The Revolving Credit Facility will be used for working capital needs and general corporate expenses.

The Credit Agreement

Guarantors

Pursuant to the Guarantee Agreement, dated as of June 8, 2018, by and among Wabtec, the subsidiary guarantors party from time to time thereto, and PNC Bank, National Association, as administrative agent, the obligations of the Borrowers under the Credit Agreement are guaranteed by certain of Wabtec's wholly owned subsidiaries, subject to certain carve-outs and exceptions.

Interest Rate; Commitment Fee

Wabtec will pay interest on the unpaid principal amount of each loan under the Credit Agreement at a rate per annum equal to (a) the sum of the alternate base rate plus an applicable margin for ABR loans or (b) LIBOR plus an applicable margin for LIBOR loans, which margins are subject to certain step-ups and step-downs based on the lower of the pricing corresponding to (i) Wabtec's Leverage Ratio (as defined below) or (ii) Wabtec's ratings by Moody's Investors Service, Inc., S&P Global Ratings or Fitch Ratings, Inc. of its senior unsecured non-credit enhanced long-term indebtedness for borrowed money (the *Applicable Ratings*), ranging from (i) 0.00% to 0.875% in the case of ABR loans and (ii) 1.00% to 1.875% in the case of LIBOR loans. Wabtec will pay to the Administrative Agent, for the account of each lender under the Revolving Credit Facility, an unused commitment fee calculated at the applicable rate based on the lower of the pricing corresponding to (x) Wabtec's Leverage Ratio or (y) Wabtec's Applicable Rating, ranging from 0.10% to 0.30%.

Repayment; Maturity

The Refinancing Term Loan amortizes in equal quarterly installments of 2.50% of the original principal amount of the Refinancing Term Loan, with the balance due on June 8, 2021. The Delayed Draw Term Loan will amortize in equal quarterly installments of 2.50% of the original principal amount of the Delayed Draw Term Loan, beginning after the funding of the Delayed Draw Term Loan and with the balance due on the third anniversary of such date. The Revolving Credit Facility will mature on June 8, 2023.

Prepayments

Voluntary prepayments of loans in whole or in part may be made at any time without premium or penalty, (i) on three business days' notice not later than 11:00 a.m. local time in the case of prepayment of LIBOR loans denominated in US Dollars, (ii) on four business days' notice not later than 11:00 a.m. local time in the case of prepayment of LIBOR loans denominated in an alternative currency or loans at the applicable average rate per

TABLE OF CONTENTS

annum for Canadian Dollar bankers acceptances as displayed on the applicable Bloomberg page (currently BTMM CA) (CDOR), and (iii) on one business day s notice not later than 11:00 a.m. local time in the case of prepayment of ABR loans; *provided* that prepayment of term or revolving LIBOR loans shall be subject to reimbursement for any related breakage costs. Voluntary prepayments will be applied ratably to the loans included in such prepayments.

The Credit Agreement requires that Wabtec (or the applicable borrower) make mandatory prepayments under the Revolving Credit Facility if, on any date, the aggregate revolving exposure exceeds 103% of the aggregate revolving commitment not later than three business days following such date. In addition, Wabtec (or the applicable borrower) shall make mandatory prepayments under the Revolving Credit Facility if, on any date, the aggregate revolving exposure exceeds the aggregate revolving commitment on the last day of any interest period for any LIBOR or CDOR revolving loan and not later than three business days following such date for any ABR revolving loan.

Representations; Covenants

The Credit Agreement contains customary representations and warranties by Wabtec and its subsidiaries, including customary use of materiality, material adverse effect, and knowledge qualifiers. Wabtec and its subsidiaries are also subject to (i) customary affirmative covenants that impose certain reporting obligations on Wabtec and its subsidiaries and (ii) customary negative covenants, including limitations on: indebtedness; liens; restricted payments; fundamental changes; business activities; transactions with affiliates; restrictive agreements; changes in fiscal year; and use of proceeds.

In addition, Wabtec is required to maintain (i) a ratio of EBITDA to interest expense of at least 3.00 to 1.00 over each period of four consecutive fiscal quarters ending on the last day of a fiscal quarter and (ii) a ratio of total debt, less unrestricted cash up to \$300.0 million, to EBITDA (Leverage Ratio), calculated as of the last day of a fiscal quarter for a period of four consecutive fiscal quarters, of 3.25 to 1.00 or less; *provided* that, in the event Wabtec completes the Direct Sale and the Merger or any other material acquisition in which the cash consideration paid exceeds \$500.0 million, the maximum Leverage Ratio permitted will be (x) 3.75 to 1.00 at the end of the fiscal quarter in which such acquisition is consummated and each of the three fiscal quarters immediately following such fiscal quarter and (y) 3.50 to 1.00 at the end of each of the fourth and fifth full fiscal quarters after the consummation of such acquisition.

Events of Default

Events of default under the Credit Agreement include the following (with customary qualifications and exceptions):

- nonpayment of principal, interest, fees or other amounts;
- nonpayment of other material indebtedness;
- non-compliance with loan documents, including violation of any covenants in the Credit Agreement;
- inaccuracy of representations and warranties;
- ERISA events;
- material judgments;
- actual or asserted invalidity of any loan documents;
- change of control; and
- bankruptcy, insolvency, or inability or refusal to pay debts as they become due.

The New Wabtec Notes

On September 14, 2018, Wabtec completed a public offering and sale of (i) \$500 million aggregate principal amount of its Floating Rate Senior Notes, (ii) \$750 million aggregate principal amount of its 2024 Notes and (iii) \$1.25 billion aggregate principal amount of its 2028 Notes. The offering and sale of the New Wabtec Notes was made pursuant to Wabtec s shelf registration statement (No. 333-219657) filed with the SEC.

TABLE OF CONTENTS

The New Wabtec Notes were issued pursuant to the New Wabtec Notes Indenture.

The Floating Rate Notes bear interest at a floating rate equal to the three-month LIBOR (as defined in the New Wabtec Notes Indenture) plus 1.05% per year and are payable quarterly on March 15, June 15, September 15 and December 15 of each year, commencing December 15, 2018. The 2024 Notes bear interest at 4.150% per year and the 2028 Notes bear interest at 4.700% per year, in each case, payable semi-annually on March 15 and September 15 of each year, commencing March 15, 2019. The interest rate payable on the New Wabtec Notes is subject to adjustment based on certain rating events.

The Floating Rate Notes will mature on September 15, 2021; the 2024 Notes will mature on March 15, 2024; and the 2028 Notes will mature on September 15, 2028.

Wabtec may redeem the Floating Rate Notes, in whole or in part, at any time on or after September 16, 2019 at a redemption price equal to 100% of the principal amount of the Floating Rate Notes to be redeemed, plus accrued and unpaid interest to, but not including, the date of redemption.

Wabtec may redeem the 2024 Notes at any time prior to February 15, 2024, in whole or in part, by paying a make-whole premium, as described in the New Wabtec Notes Indenture. At any time on or after February 15, 2024, Wabtec may redeem the 2024 Notes, in whole or in part, at a redemption price equal to 100% of the principal amount of the 2024 Notes to be redeemed, plus accrued and unpaid interest to, but not including, the date of redemption.

Wabtec may redeem the 2028 Notes at any time prior to June 15, 2028, in whole or in part, by paying a make-whole premium, as described in the New Wabtec Notes Indenture. At any time on or after June 15, 2028, Wabtec may redeem the 2028 Notes, in whole or in part, at a redemption price equal to 100% of the principal amount of the 2028 Notes to be redeemed, plus accrued and unpaid interest to, but not including, the date of redemption.

All payments with respect to the New Wabtec Notes are fully and unconditionally guaranteed, jointly and severally, on an unsecured basis by each of Wabtec's current and future subsidiaries that is a guarantor under the Credit Agreement or any other debt of Wabtec or any other guarantor.

If a change of control triggering event (as defined in the New Wabtec Notes Indenture) occurs, Wabtec must make an offer to purchase the New Wabtec Notes of each series at a price equal to 101% of their principal amount, plus accrued and unpaid interest to, but not including, the date of repurchase.

In the event (i) the Transactions have not closed by 5:00 p.m., New York City time, on August 20, 2019 (the Special Mandatory Trigger Date), or (ii) the Merger Agreement and the Separation Agreement are terminated, other than in connection with the consummation of the Transactions, at any time prior to the Special Mandatory Trigger Date, Wabtec will be required to redeem the New Wabtec Notes of each series, in whole at a special mandatory redemption price equal to 101% of the principal amount of such New Wabtec Notes, plus accrued and unpaid interest from the last date on which interest was paid or, if interest has not been paid, the issue date of such New Wabtec Notes, to, but not including, the payment date of such special mandatory redemption.

The New Wabtec Notes are subject to customary events of default, as set forth in the New Wabtec Notes Indenture. The New Wabtec Notes are subject to covenants that limit Wabtec's ability, and the ability of Wabtec's restricted subsidiaries, to (i) incur, suffer to exist or guarantee any debt secured by certain liens and (ii) enter into sale and leaseback transactions, in each case, subject to exceptions and qualifications, as set forth in the New Wabtec Notes Indenture.

The New Wabtec Notes are Wabtec's senior unsecured obligations and rank equally in right of payment with Wabtec's other senior unsecured indebtedness outstanding from time to time. The New Wabtec Notes are effectively subordinated to Wabtec's existing and future secured indebtedness to the extent of the assets securing that indebtedness and effectively subordinated to any existing and future indebtedness and other liabilities, including trade payables, of Wabtec's subsidiaries that do not guarantee the New Wabtec Notes. The guarantees of the New Wabtec Notes will be the senior unsecured obligations of each guarantor, ranking equally in right of payment with all existing and future unsecured and unsubordinated indebtedness of such guarantor. The

133

TABLE OF CONTENTS

guarantees of the New Wabtec Notes will be effectively subordinated to existing and future secured indebtedness of such guarantor to the extent of the value of any assets securing that indebtedness and effectively subordinated to the existing and future indebtedness and other liabilities of subsidiaries of such guarantor that do not guarantee the New Wabtec Notes.

The foregoing is a summary of the material terms of the New Wabtec Notes Indenture. Accordingly, the foregoing is qualified in its entirety by reference to the full text of the New Wabtec Notes Indenture. See [Where You Can Find More Information; Incorporation By Reference](#).

INFORMATION ON WABTEC

Overview

Westinghouse Air Brake Technologies Corporation, doing business as Wabtec Corporation, is a Delaware corporation with headquarters in Wilmerding, Pennsylvania. George Westinghouse founded the original Westinghouse Air Brake Co. in 1869 when he invented the air brake. Westinghouse Air Brake Company was formed in 1990 when it acquired certain assets and operations from American Standard, Inc., now known as Trane. The company went public on the New York Stock Exchange in 1995. In 1999, the company merged with MotivePower Industries, Inc. and adopted the name Wabtec. In 2017, Wabtec acquired Faiveley Transport, a leading provider of value-added, integrated systems and services, principally for the global transit rail market. Today, Wabtec is one of the largest providers of value-added, technology-based equipment, systems and services for the global passenger transit and freight rail industries. Through its subsidiaries, Wabtec manufactures a range of products for locomotives, freight cars and passenger transit vehicles. Wabtec also builds new switcher and commuter locomotives, and provides aftermarket services. Wabtec has roughly 18,000 employees and facilities located throughout the world.

Wabtec provides its products and services through two principal business segments, the Transit Segment and the Freight Segment, both of which have different market characteristics and business drivers. The acquisition of Faiveley Transport significantly strengthened Wabtec's capabilities and presence in the worldwide transit market.

The Transit Segment primarily manufactures and services components for new and existing passenger transit vehicles, typically regional trains, high speed trains, subway cars, light-rail vehicles and buses; supplies rail control and infrastructure products including electronics, positive train control equipment, and signal design and engineering services; builds new commuter locomotives; and refurbishes passenger transit vehicles. Customers include public transit authorities and municipalities, leasing companies, and manufacturers of passenger transit vehicles and buses around the world. Demand in the transit market is primarily driven by general economic conditions, passenger ridership levels, government spending on public transportation, and investment in new rolling stock. The addition of Faiveley Transport's key products strengthened Wabtec's presence in the following areas: high-speed braking and door systems; heating, ventilation and air conditioning systems; pantographs and power collection; information systems; platform screen doors and gates; couplers; and aftermarket services, maintenance and spare parts. Geographically, Faiveley Transport significantly strengthened Wabtec's presence in the European and Asia Pacific transit markets.

The Freight Segment primarily manufactures and services components for new and existing locomotives and freight cars; supplies rail control and infrastructure products including electronics, positive train control equipment, and signal design and engineering services; overhauls locomotives; and provides heat exchangers and cooling systems for rail and other industrial markets. Customers include large, publicly traded railroads, leasing companies, manufacturers of original equipment such as locomotives and freight cars, and utilities. Demand is primarily driven by general economic conditions and industrial activity; traffic volumes, as measured by freight carloadings; investment in new technologies; and deliveries of new locomotives and freight cars.

For a more detailed description of the business of Wabtec, see Wabtec's annual report on Form 10-K for the year ended December 31, 2017, which is incorporated by reference in this prospectus-information statement. See [Where You Can Find More Information](#); [Incorporation by Reference](#).

Wabtec's Business After the Consummation of the Transactions

The combination of GE Transportation with Wabtec's existing business is intended to add GE Transportation's global digital solutions and supplier relationships in the rail, mining, marine, stationary power and drilling industries to Wabtec's broad range of freight, transit and electronics solutions.

Wabtec expects the Transactions to have the following strategic benefits:

Increased Scale and Diversification of Wabtec's Product Portfolio with Focus on Transportation Industry. As a result of the Transactions, Wabtec expects the combined business to be one of the world's largest providers of technology-enabled equipment, systems and services for the locomotive, freight and passenger rail industries with approximately \$8.0 billion in revenue and 25,000 employees in 52 countries.

Complementary Digital Technologies. GE Transportation will contribute a comprehensive digital portfolio and leading engineering and technical intellectual property to Wabtec, providing electronics and digital technologies that position the combined company to meet growing demand for train intelligence and network optimization.

Enhanced Aftermarket and Services Opportunities. The combined entity will have an installed base of over 22,500 locomotives and content on virtually all North American locomotives and freight cars, which enables significant opportunities in the high-margin aftermarket parts and services business and mitigates the combined company's exposure to cycles.

Significant Operating Synergies. The consummation of the Transactions is expected to generate \$250.0 million total run-rate operating synergies, driven by cost and revenue opportunities, within four years after closing.

Improved Financial Profile. The consummation of the Transactions will enhance Wabtec's margins and revenue growth opportunities with strong free cash flow generation to enable strategic deleveraging. The combination is also expected to generate a net tax benefit of approximately \$1.1 billion over the next 15 years.

Prior to the consummation of the Transactions, certain functions for GE Transportation have generally been performed under GE's centralized systems and, in some cases, under contracts that are also used for GE's other businesses which are not being sold in the Direct Sale or assigned to SpinCo as part of the Transactions. To enable Wabtec to manage an orderly transition in its operation of GE Transportation, GE or its subsidiaries and SpinCo or the SpinCo Transferred Subsidiaries will enter into the Additional Agreements relating to, among other things, intellectual property, employee matters, tax matters, research and development and transition services. See Other Agreements—Additional Agreements.

Wabtec's Liquidity and Capital Resources After the Consummation of the Transactions

Wabtec had current assets of \$2.27 billion, total assets of \$6.58 billion, current liabilities of \$1.57 billion and long-term debt of \$1.82 billion as of December 31, 2017. Following the consummation of the Transactions, Wabtec's total assets and liabilities will increase significantly.

On a pro forma basis (as described in Unaudited Pro Forma Condensed Combined Financial Statements), Wabtec would have had current assets of \$4.06 billion, total assets of \$21.53 billion, current liabilities of \$3.03 billion and long-term debt of \$4.70 billion as of December 31, 2017. Wabtec's cash from operations was \$188.8 million for the year ended December 31, 2017. Wabtec also expects its cash from operations to increase significantly as a result of the consummation of the Transactions and the integration of GE Transportation.

Wabtec believes that the combination of GE Transportation with Wabtec's existing business will result in anticipated realization of \$250.0 million total run-rate operating synergies, driven by cost and revenue opportunities, within four years after closing. If Wabtec is able to increase sales to new and existing customers and access new product and services markets as a result of the Transactions, Wabtec estimates that additional annualized synergies potentially may be achievable.

Wabtec expects to incur significant, one-time costs in connection with the Transactions, some of which will be capitalized, including approximately \$35.0 million of financing-related fees, approximately \$60.0 million of transaction-related costs (including advisory, legal, accounting and other professional fees) and approximately \$88.0 million of transition and integration-related costs (a portion of which will be incremental capital spending), which Wabtec management believes to be necessary to realize the anticipated synergies from the Transactions. The incurrence of these costs may have a material adverse effect on Wabtec's liquidity, cash flows and operating results in the periods in which they are incurred. The transition and integration-related costs will be incurred during the first three years following the consummation of the Transactions, and will primarily be funded through cash generated from operations. No assurances of the timing or amount of synergies able to be captured, or the costs necessary to achieve those synergies, can be provided.

Wabtec and the other Borrowers entered into the Credit Agreement on June 8, 2018, which includes (i) the \$1.2 billion Revolving Credit Facility, which replaced Wabtec's previous revolving credit facility, (ii) the \$350.0 million Refinancing Term Loan, which refinanced Wabtec's previous term loan, and (iii) the \$400.0 million Delayed Draw Term Loan. Wabtec also obtained Bridge Commitments in respect of the Bridge

TABLE OF CONTENTS

Loan Facility in an amount not to exceed \$2.5 billion. On September 14, 2018, in accordance with the Commitment Letter, the Bridge Commitments were permanently reduced to \$0 in connection with Wabtec's issuance of \$500 million aggregate principal amount of the Floating Rate Notes, \$750 million aggregate principal amount of the 2024 Notes and \$1.25 billion aggregate principal amount of the 2028 Notes. Wabtec will use funds available under the Delayed Draw Term Loan and the proceeds from the issuance of the New Wabtec Notes to pay the Direct Sale Purchase Price. See Debt Financing.

Wabtec anticipates that its primary sources of liquidity for working capital and operating activities, including any future acquisitions, will be cash from operations and borrowings under the Credit Agreement, which is expected to have \$812 million of unused availability immediately following the consummation of the Transactions. Wabtec expects that these sources of liquidity will be sufficient to make required payments of interest and principal on the outstanding Wabtec debt and to fund working capital and capital expenditure requirements, including the significant one-time costs relating to the Transactions described above, and the costs of future acquisitions. Wabtec expects that it will be able to comply with the financial and other covenants of its existing debt arrangements and the covenants under the agreements governing the Credit Agreement and the New Wabtec Notes.

For more information on GE Transportation's and Wabtec's existing sources of liquidity, see the section of this prospectus-information statement entitled Management's Discussion and Analysis of Financial Condition and Results of Operations for GE Transportation and the sections entitled Management's Discussion and Analysis of Financial Condition and Results of Operations included in Wabtec's current report on Form 8-K filed with the SEC on September 10, 2018, which is incorporated by reference in this prospectus-information statement. Directors and Officers of Wabtec Before and After the Consummation of the Transactions

Board of Directors

The Wabtec Board currently consists of 12 directors. In connection with the Transactions, the size of the Wabtec Board will be increased to include three additional directors, each of whom is required to be independent as defined in the listing standards of the NYSE, to be designated as nominees by GE (subject to the nominees being reasonably acceptable to the Nominating and Corporate Governance Committee of the Wabtec Board). See The Merger Agreement—Post-Closing Wabtec Board of Directors and Officers.

Listed below is the biographical information for each person who is currently a member of the Wabtec Board:

Philippe Alfroid has over three decades of experience in executive and board positions in a variety of industries, including the transportation industry and large international companies. His knowledge of the transportation industry, understanding of Wabtec and his experience as a director of Faiveley Transport, S.A., make him well suited to provide guidance to the Wabtec Board while Faiveley has been integrated with Wabtec.

Raymond T. Betler currently is the President and Chief Executive Officer of Wabtec, a position he has held since May 2014. As a member of Wabtec's Executive Office since 2008 and as Chief Operating Officer from 2010 to 2014, he has helped to lead Wabtec on an unprecedented record of growth. His leadership, business acumen and more than three decades of experience in the transportation industry have played an important role in Wabtec's recent success. Through his service on corporate and non-profit boards, he has developed insight into corporate governance and public company issues.

Robert J. Brooks had an extensive career as an executive at Wabtec, including serving as its Chief Financial Officer for many years. His thorough knowledge of Wabtec and the rail industry, and his financial background and experience

have enabled him to provide an important executive and leadership perspective to the Wabtec Board and to Wabtec.

Erwan Faiveley was a member of the Board of Faiveley Transport, S.A., a leading provider of value-added, integrated systems and services that now is a wholly owned subsidiary of Wabtec, from January 2005 until December 2016. Mr. Faiveley also has served as President and Chairman of the Board of Financière Faiveley S.A. and Famille Faiveley Participations S.A.S. since January 2005, and is a Manager (Gérant) of Faivinvest S.C.A. Mr. Faiveley has over 11 years of experience in executive and board positions in the financial and transportation industry. His knowledge of the transportation industry and his experience as a director of Faiveley Transport, S.A. make him well suited to provide guidance to the Wabtec Board while Faiveley has been integrated with Wabtec.

TABLE OF CONTENTS

Emilio A. Fernandez has over 30 years of experience in executive positions in the railroad industry. His knowledge of the rail market, understanding of Wabtec's products and his overall business acumen provide the Wabtec Board with an executive and leadership perspective on Wabtec and the railroad industry in general.

Lee B. Foster, II has had an extensive career within the railroad industry, including 35 years with the L.B. Foster Co., a supplier to the railroad and transit industries, where he has served in a multitude of roles including President, CEO and Chairman, as well as Director. Mr. Foster brings to the Wabtec Board not only a solid background within the industry, but also his experience on various boards and committees, including the executive committee of DM&E and the audit and compensation committees of the private company Capital Guidance Ltd.

Linda S. Harty has extensive financial expertise, particularly in the areas of treasury, tax, decision support and acquisitions, which will serve as a valuable resource to Wabtec's Board and Wabtec's management team. Ms. Harty's insights and perspectives will be especially helpful as Wabtec continues to strengthen and grow while navigating a challenging global market. In addition, her service to the boards of other publicly traded companies provides further expertise and insight into corporate governance issues.

Brian B. Hehir has had an extensive career in global financial markets with over 30 years of experience working in investment banking, financing, corporate advisory services and capital markets. In this capacity, he advised clients on mergers and acquisitions and other corporate transactions, which are an integral part of Wabtec's growth strategy. His experience from the highly regulated investment banking industry also provides the Wabtec Board with a critical perspective on risk management.

Michael W.D. Howell has 35 years of experience from executive and board positions with various companies in the railroad business, such as Cummins Engine Company, Inc., GE Canada, Inc., General Electric Company, Inc., Railtrack Group PLC and Transport Initiatives Edinburgh Limited. His understanding of many aspects of the United States and international railroad industries, as well as his CEO and Chairman experience, provides the Wabtec Board with a broad and relevant background regarding the management and operations of a growing public company in the railroad industry.

William E. Kassling has experience as an officer and director of Wabtec, he has extensive knowledge of Wabtec and the industry, and has also served as a board member for other publicly traded companies, through which he has gained additional experience in corporate governance. With his vast experience, he provides the Wabtec Board with broad leadership insight on the management and operations of a public company.

Albert J. Neupaver was re-appointed Executive Chairman of Wabtec in May 2018. Prior to that, Mr. Neupaver served as Chairman of Wabtec since May 2017 and as Executive Chairman of Wabtec from May 2014 to May 2017. Previously, he served as Chairman and CEO from May 2013 to May 2014 and as Wabtec's President and CEO from February 2006 to May 2013. Prior to joining Wabtec, Mr. Neupaver served in various positions at AMETEK, Inc., a leading global manufacturer of electronic instruments and electric motors. Most recently he served as President of its Electromechanical Group for nine years.

Stéphane Rambaud-Measson has a wealth of experience in the transportation industry. Mr. Rambaud-Measson's experience as a multinational executive at various rail companies, including as the chief executive officer of Faiveley Transport, makes him well suited to provide guidance to the Wabtec Board while Faiveley has been integrated with Wabtec.

Executive Officers

The executive officers of Wabtec immediately prior to consummation of the Merger are generally expected to be the executive officers of Wabtec immediately following consummation of the Merger, with Albert J. Neupaver remaining as Wabtec's executive chairman and Raymond T. Betler remaining as Wabtec's president and CEO. Following consummation of the Transactions, Stéphane Rambaud-Measson will become president and CEO of Wabtec's Transit Segment and Rafael O. Santana, president and CEO of GE Transportation, will become president and CEO of Wabtec's Freight Segment. Listed below is the biographical information for each person who is currently an executive officer of Wabtec:

Albert J. Neupaver was re-appointed Executive Chairman of Wabtec in May 2018. Prior to that, Mr. Neupaver served as Chairman of Wabtec since May 2017 and as Executive Chairman of Wabtec from May 2014 to May 2017. INFORMATION ON GE TRANSPORTATION

Overview

GE Transportation is a leading global provider of products and solutions to transportation, logistics and other industrial markets. GE Transportation designs, engineers and manufactures diesel-electric locomotives, supplies associated aftermarket parts and services and provides digital solutions.

GE Transportation's culture of innovation and differentiated aftermarket solutions has allowed it to build a leading global installed base of diesel-electric locomotives, significant contracted services backlog and longstanding customer relationships. GE Transportation's products and services, which are globally recognized for their quality, reliability, fuel efficiency and emissions compliance, are important to GE Transportation's customers' operating and financial success and help enable them to operate with reliability and efficiency.

Leveraging GE Transportation's engineering history and heritage in diesel-electric locomotives, GE Transportation has continued to expand its technologies into new products, end markets and logistics applications. For example, GE Transportation uses its core locomotive manufacturing competencies to produce electric motors and premium propulsion systems for mining, marine, stationary power and drilling applications. GE Transportation also has used its engineering and software capabilities to build a digital business that delivers significant benefits across the transportation, logistics and mining landscape.

These attributes combined have fostered strong brand loyalty and generated longstanding customer relationships, which contribute to GE Transportation's leading market positions.

As of December 31, 2017, GE Transportation's North American installed base was more than 16,200 diesel-electric locomotives and kits, comprising the largest portion of GE Transportation's global installed base of more than 22,500 diesel-electric locomotives. As of December 31, 2017, GE Transportation had sales in more than 50 countries and eight primary manufacturing facilities and approximately 8,500 employees worldwide. For the year ended December 31, 2017, GE Transportation generated revenue of \$3,930 million and net earnings of \$374 million.

For over 110 years, GE Transportation has served the worldwide rail industry, which is a critical component of the global transportation system and the global economy. In North America, railroads carry approximately 28% of total freight, as measured by ton-miles, and over 40% of long distance freight travelling over 750 miles, which is more than any other mode of transportation. Rail is one of the most cost-effective, energy-efficient modes of transport, both domestically and internationally.

GE Transportation's North American customers are principally Class I railroads. GE Transportation's international customers are principally international freight railroads in Latin America, Russia/Commonwealth of Independent States (CIS), Australia, India and Sub-Saharan Africa, who depend on diesel-electric locomotives. GE Transportation's diverse product portfolio is designed to cater to the varying requirements of Class I and international railroads.

GE Transportation's customers' ongoing usage of locomotives and associated wear and tear on the equipment generate opportunities to support railroads with aftermarket parts and services. Railroads place a high value on reliability, fuel efficiency and minimal downtime. As a result, the availability of replacement parts and GE Transportation's maintenance and overhaul services are important value drivers for GE Transportation's customers and generate high-margin recurring revenue opportunities.

GE Transportation's business experienced significant headwinds in 2016 and 2017 due to a downturn in the U.S. freight rail industry. GE Transportation has recently undergone a set of transformation and restructuring initiatives,

including expanding GE Transportation's international footprint, optimizing GE Transportation's supply base and utilizing digitization and lean manufacturing to enhance the efficiency and effectiveness of GE Transportation's total supply chain. GE Transportation believes these initiatives have resulted in a more streamlined cost structure and optimized workforce to position GE Transportation for growth in the recovering U.S. freight rail market and in international markets.

TABLE OF CONTENTS

As part of GE Transportation's transformation and restructuring initiatives, it reorganized itself into three business segments, Equipment, Services and Digital, based on the different sales drivers and market characteristics of each.

Equipment (45% of 2017 total revenue): GE Transportation is the largest global manufacturer of diesel-electric locomotives used by freight railroads, and produces electric motors and premium propulsion systems for mining, marine, stationary power and drilling applications.

Services (48% of 2017 total revenue): GE Transportation provides aftermarket parts and services to its global installed base, including predictive maintenance, regular maintenance, and unscheduled maintenance and overhaul services for locomotives.

Digital (7% of 2017 total revenue): GE Transportation provides a comprehensive suite of software-enabled solutions designed to improve customer efficiency and productivity in the transportation and mining industries.

GE Transportation's Solutions

Equipment

GE Transportation's Equipment segment is the largest global manufacturer of diesel-electric locomotives for freight railroads. GE Transportation produces mission-critical products and solutions that help railroads reduce operating costs, decrease fuel use, minimize downtime and comply with emissions standards. In addition to locomotives, GE Transportation also produces a range of engines, electric motors and premium propulsion systems used in mining, marine, stationary power and drilling applications.

Locomotives

GE Transportation believes it has the world's most comprehensive, competitive and technically advanced diesel-electric locomotive portfolio with a global installed base of more than 22,500 locomotives in over 50 countries. GE Transportation also has numerous local partnerships in various jurisdictions which further support its product platform.

Customers choose diesel-electric locomotives based on many factors, including fuel efficiency, emissions compliance, reliability, tractive effort, price, total cost of ownership, aftermarket support and digital capabilities. GE Transportation believes customers are also trending towards signing multiyear equipment and service / parts agreements. For example, GE Transportation recently signed an agreement with Kazakhstan's state-run railroad, Kazakhstan Temir Zholy (KTZ), to supply 300 shunter locomotives over the next ten years and agreements with Canadian National Railway (CN) for 200 new locomotives and Kansas City Southern for 50 locomotives.

GE Transportation's current locomotive offerings include 24 different types of locomotives of varying features and capabilities such as axle weight, clearance and gross horsepower. GE Transportation believes the Evolution series, GE Transportation's primary locomotive offering, is the most technologically advanced, diesel-electric, heavy-haul locomotive in the world today. GE Transportation introduced the base Evolution series in 2005 and has since substantively evolved the locomotive to meet EPA Tier 4 emission standards. GE Transportation now has over 870 Tier 4 locomotives in the field with over 100-million miles of experience.

GE Transportation's sales, product management and engineering teams work together with its customers to optimize configurations for their requirements related to performance, reliability, lifecycle costs
