AMPLIDYNE, INC.
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2002

NOTE C - STOCKHOLDERS' EQUITY - CONTINUED

At March 31, 2002, the Company had employee stock options outstanding to acquire 2,001,000 shares of common stock at exercise prices of \$1.04 to \$4.00.

During the first quarter ended March 31, 2002, the Company issued 750,000 shares of Common Stock, at \$.80 per share (resulting in gross proceeds of \$600,000), to accredited investors. In connection with such private offering, the Company paid commissions to NASD broker-dealers in the amount of \$60,000 and issued to such persons 75,000 warrants, which are exercisable at \$.96 per share and expire March 31, 2007.

During the first quarter ended March 31, 2002, the Company issued 701,194 shares of Common Stock in connection with the conversion of all of the Company's Series B Preferred Stock (which included shares of Common Stock issued in lieu of accrued dividends thereon).

During the first quarter ended March 31, 2002, the Company issued 324,486 shares of Common Stock to the members of the class action compliant, which was settled in September 2001.

NOTE D - LOSS PER SHARE

The Company complies with the requirements of the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 128, "Earnings per Share" ("SFAS No. 128"). SFAS No. 128 specifies the compilation, presentation and disclosure requirements for earnings per share for entities with publicly held common stock or potential common stock. Net loss per common share - basic and diluted is determined by dividing the net loss by the weighted average number of common stock outstanding.

Net loss per common share - diluted does not include potential common shares derived from stock options and warrants (see Note C) because they are antidilutive.

NOTE E - LITIGATION

From time to time, the Company is party to what it believes are routine litigation and proceedings that may be considered as part of the ordinary course of its business. Except for the proceedings noted below, the Company is not aware of any pending litigation or proceedings that could have a material effect on the Company's results of operations or financial condition.

-7-

AMPLIDYNE, INC.
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2002

The Company is a party to the following matters:

1. AIRNET COMMUNICATIONS CORPORATION VS AMPLIDYNE, INC.

AirNet filed a complaint in the Circuit Court of the Eighteenth Judicial District of the State of Florida on January 23, 1997 alleging breach of contract. During 2000, the Company settled with AirNet at a cost of \$175,000; \$25,000 is to be paid quarterly over two years. \$95,000 remained unpaid at March 31, 2002.

2. ENS ENGINEERING VS AMPLIDYNE, INC.

The Company was also a defendant in a complaint filed in the United States District Court for the District of New Jersey on May 13, 1998. The complaint alleges breach of contract of a representative agreement between the Company and ENS Engineering of South Korea. The Company reached oral settlement terms and, based upon such oral settlement, the court dismissed the case in the first quarter of 2000. The terms of the oral settlement called for the Company to pay \$85,000 in twelve equal monthly installments, none of which has been paid as of December 31, 2000. The Company has not received any required documents and releases from ENS. The financial statements do not include any provision for this settlement.

3. CLASS ACTION LITIGATION

The Company was served with class action complaints on behalf of all purchasers of the Company's common stock and warrants between September 9, 1999 and September 14, 1999. By orders of the District Court for the District of New Jersey, the actions were consolidated and lead plaintiffs were appointed. On or about March 24, 2000, the Company was served with a consolidated and amended class action complaint on behalf of all purchasers of the Company's common stock and warrants between September 9, 1999 and September 17, 1999. The complaint alleged that the Company and other individuals violated the federal securities laws by, among other things, the issuance of a press release on September 9, 1999. Although the Company believed that the complaint had no merit and had vigorously contested it, the Company and the other parties to the class action reached a settlement on May 2, 2001, which was approved by the District Court for the District of New Jersey on August 14, 2001 (which became effective on September 14, 2001). Pursuant to the settlement agreement, a settlement fund consisting of \$750,000 in cash (\$50,000 of which was paid directly by the Company) and 324,486 shares of common stock (which was valued at \$500,000 as of May 2, 2001) had been established for the benefit of members of the class. In March 2002 the Company issued such shares.

4. HIGH GAIN ANTENNA CO., LTD. OF KOREA

The Company (as well as an officer and director of the Company) is a defendant in a complaint brought in the Superior Court of New Jersey, Law Division, Somerset County, by High Gain Antenna Co., Ltd. of Korea in November 2000. The complaint seeks damages for an alleged breach of a contract for the repair of certain equipment purchased by plaintiff from a distributor of the Company's products and the Company. The complaint does not specify the amount of damages claimed. The Company has vigorously defended this action and has raised a number of defenses including non payment of monies due to the Company by the plaintiff and the lack of actual damages sustained by the plaintiff. Plaintiff filed a motion for summary judgment as well as two requests for reconsideration, all of which were denied by the Court. The case is scheduled for trial in May 2002. Notwithstanding the foregoing, the Company cannot predict the outcome of such action and any judgment in favor of the plaintiff may have a material adverse affect on the Company's financial position and its prospects. (See Note I - Subsequent Event for unfavorable jury verdict).

NOTE F - ASSET ACQUISITION

In January 2002, the Company entered into an agreement to acquire certain assets of Darwin Networks, Inc. ("Darwin") for \$175,000 plus additional contingent payments not to exceed \$340,000. Darwin was in the business of installing and maintaining high-speed Internet structures for hotels and residential properties. The assets acquired included equipment not yet installed as well as completed installations in a specified number of hotel properties. Pursuant to the agreement, the Company has the sole and exclusive right (through July 31, 2002) to contact and negotiate with each property to either activate or remove the equipment. After a specified number of locations are successfully negotiated (which are covered in the initial purchase price) the Company may continue to contact additional properties and must pay a specified sum for each successful negotiation up to the \$340,000 maximum. As of May 10, 2002, the Company has successfully negotiated one property and has incurred no liability to pay any additional sums under the contract.

NOTE G - LIQUIDITY

The Company has incurred losses of \$(502,780) for the three months ended March 31, 2002. The Company funded operations during this period primarily from the proceeds from privately placed common and preferred stock. Historically, the Company has also funded certain operating expenses through borrowings (in the form of deferring salaries and cash advances) from officers and principal shareholders. The Company has in the past issued its stock in lieu of cash payments for compensation, sales commissions and consulting fees, wherever possible.

-9-

AMPLIDYNE, INC.
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2002

Management's plans for dealing with the foregoing matters include:

- Increasing sales of its high speed internet connectivity products through both individual customers and strategic alliances;

Edgar Filing: AMPLIDYNE INC - Form 10QSB

- Decreasing the dependency on certain major customers by aggressively seeking other customers in the multicarrier amplifier markets;
- Investigate potential revenue - sharing partnership in other markets, such as the hospitality industry and multi-tenant buildings;
- Reducing costs through a more streamlined operation by using automated machinery to produce components for our products;
- Funding operations in 2002 with the remaining cash that was received from the 2001 private placements, 2002 private placements, and the deferral of payments of officers' salaries, as needed;
- Selling remaining net operating losses applicable to the State of New Jersey, pursuant to a special government high-technology incentive program in order to provide working capital, if possible;
- Reducing overhead costs and general expenditures if necessary.

NOTE H - SEGMENT INFORMATION

The Company does not measure its business activities by segment. Information on the Company's product lines are as follows:

NOTE I - SUBSEQUENT EVENT

Edgar Filing: AMPLIDYNE INC - Form 10QSB

In connection with the complaint brought in the Superior Court of New Jersey, Law Division, Somerset County, by High Gain Antenna Co., Ltd. of Korea, a trial commenced on May 7, 2002, and on May 13, 2002, the jury brought in a verdict against the Company for \$400,000. The Company now intends to file a motion in the Law Division for a new trial and, if the motion is denied, to file an appeal of the verdict and judgment to the Superior Court of New Jersey, Appellate Division. The Company, in its appeal, will argue that the verdict was against the weight of the evidence and that the Court made a number of errors of law in the conduct of the trial. Although the Company is confident in its position, it cannot predict the outcome of the motion for a new trial or the outcome on appeal. Failure by the Company to succeed on the motion for a new trial or on appeal will have a material adverse effect on the Company's financial position and prospects.

PART I - FINANCIAL INFORMATION

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

RESULTS OF OPERATIONS

RESULTS OF OPERATIONS—THREE MONTHS ENDED MARCH 31, 2002 COMPARED TO THREE MONTHS ENDED MARCH 31, 2001.

Net sales for the three month period ended March 31, 2002 were \$504,632 while net sales for the three month period ended March 31, 2001 were \$467,306. Sales increased mainly due to the sales of high-speed wireless Internet products and broadband solutions.

Sales of amplifiers were approximately 52% of total sales. The Ampwave high-speed wireless Internet products and broadband solutions accounted for approximately 48% of total sales.

Gross profit for the three months ended March 31, 2002 amounted to \$124,520 (24% of sales) compared to \$84,126 (18% of sales) for the three months ended March 31, 2001. The increase in gross profit was principally attributable to sales of high-speed wireless Internet products and broadband solutions, as well as increased production efficiency. Gross margin decreased from the year ended December 31, 2001 because of lower amplifier sales resulting in higher fixed direct costs and lower margins for the high-speed wireless Internet products.

Selling, general and administrative expenses were \$485,333 and \$393,430 for the three months ended March 31, 2002 and 2001, respectively. The increase of \$91,903 (23%) is mainly due to increases in staffing at the sales and executive levels.

Research, engineering, and development costs remained relatively constant for the three months ended March 31, 2002 (\$144,239) from the corresponding three month period of 2001 (\$136,279).

Edgar Filing: AMPLIDYNE INC - Form 10QSB

The interest income decreased for the three months ended March 31, 2002 compared to the corresponding period of 2001. The decrease is due to a reduction of funds available for short term investment.

As a result of the foregoing, the Company incurred net losses of (\$502,780) or (\$.06 per share and (\$1,113,193) or (\$.15) per share for the three months ended March 31, 2002 and 2001, respectively.

LIQUIDITY AND CAPITAL RESOURCES

At March 31, 2002, the Company had cash and cash equivalents of \$788,443 principally due to the injection of private placement funds. Historically, the Company issued its common stock in lieu of cash payments for compensation, commissions, and consulting fees whenever possible. This trend is expected to continue in the second quarter of 2002.

The Company believes that the net proceeds of the Company's private placements will meet its working capital obligations and fund further development of its business for the next twelve months. However, in order to execute our business plans to expand product offerings and revenue generating opportunities, we will likely require additional working capital. There can be no assurance that any additional financing will be available to the Company on acceptable terms, or at all. See also Note G regarding liquidity matters.

In connection with the complaint brought by High Gain Antenna Co., Ltd. of Korea, on May 13, 2002 the jury brought in a verdict against the Company for \$400,000. The Company now intends to file a motion in the Law Division for a new trial and, if the motion is denied, to file an appeal of the verdict and judgment to the Superior Court of New Jersey, Appellate Division. The Company, in its appeal, will argue that the verdict was against the weight of the evidence and that the Court made a number of errors of law in the conduct of the trial. Although the Company is confident in its position, it cannot predict the outcome of the motion for a new trial or the outcome on appeal. Failure by the Company to succeed on the motion for a new trial or on appeal will have a material adverse effect on the Company's financial position and prospects. See Part I - Notes E and I.
