PROXY STATEMENT

ABOUT THE MEETING

This proxy statement contains information relating to the annual meeting of stockholders of CanArgo Energy Corporation (the Company) to be held on May 9, 2005, beginning at 3.00 p.m., at the offices of American Stock Exchange 86 Trinity Place, New York NY10006, and at any postponements or adjournments thereof. This proxy statement is being mailed to stockholders on or about March 17, 2005 at the direction of the Board of Directors of the Company.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At our annual meeting, stockholders will act upon the matters outlined in the notice of meeting on the cover page of this proxy statement, including the election of directors, approval of our Change of Control Stock Option Plan, and such other matters as may be properly brought before the meeting. In addition, management will report on the performance of the Company and respond to questions from stockholders.

Who is entitled to vote at the meeting?

Only stockholders of record at the close of business on March 14, 2005, the record date for the meeting, are entitled to receive notice of and to participate in the annual meeting and at any postponements or adjournments thereof. If you were a stockholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the meeting, or any postponements or adjournments of the meeting.

What are the voting rights of the holders of the Company's Common Stock?

Each outstanding share of the Company's common stock will be entitled to one vote on each matter considered at the meeting.

Who can attend the meeting?

Subject to space availability, all stockholders as of the record date, or their duly appointed proxies, may attend the meeting, and each may be accompanied by one guest. Since seating is limited, admission to the meeting will be on a first-come, first-served basis. Registration and seating will begin at 2.30 p.m. If you attend, please note that you may be asked to present valid picture identification, such as a driver's license or passport. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

What constitutes a quorum?

The presence at the meeting by proxy of the holders of a majority of the aggregate voting power of the common stock outstanding on the record date will constitute a quorum, permitting the meeting to conduct its business. As of the record date 197,766,338 shares of common stock, representing the same number of votes, were outstanding. Thus, the presence of the holders of common stock representing at least 98,883,170 votes will be required to establish a quorum.

Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the meeting.

How do I vote?

If you complete and properly sign the accompanying proxy card and return it as directed on the form, it will be voted as you direct. A properly signed and dated proxy card which does not specify any voting directions will be voted in accordance with the recommendations of the Board.

Because the Company's stock is traded on the American and the Oslo Stock Exchanges, two separate forms of substantially identical proxy cards are being mailed out to stockholders depending upon the manner in which stockholders hold their stock, that is, generally, to stockholders who hold their shares in registered or street name form and to those stockholders whose shareholdings are registered in the Verdipapirsentralen (VPS) system used in Norway. Please note that the appropriate proxy card must be received by the party listed on the proxy card as receiving your completed, dated and signed proxy (i.e., Signature Stock Transfer, Inc. or Registrars Department, Den Norske Bank, ASA, respectively) by the date and time set forth therein in order for the proxy to be counted in time to be voted at the annual meeting.

What if my shares are held in Street Name ?

We will request brokerage firms, bank nominees and other institutions that act as nominees or fiduciaries for owners of common stock, to forward this proxy statement and proxies to persons for whom they hold shares and to obtain authorization for the execution of proxies. If your shares of common stock are held in the name of a brokerage firm, bank or other nominee, only it can sign a proxy with respect to your shares. Accordingly, you will not be able to vote your shares in person if you attend the meeting. Instead, please contact the person responsible for your account and give instructions for a proxy representing your shares to be signed and voted as you direct.

If you hold your shares in street name through a broker, bank or other nominee, your broker, bank or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker, bank or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such broker non-votes will, however, be counted in determining whether there is a quorum present at the meeting.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may revoke or change your vote at any time before the proxy is exercised by filing with the Corporate Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date, provided that you were a stockholder of record on the record date.

What are the Board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board. The Board's recommendation is set forth together with the description of each item in this proxy statement. In summary, the Board recommends a vote:

For election of the nominated slate of directors (see Proposal 1); and

For the approval of the Company's Change of Control Stock Option Plan (see Proposal 2).

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Board or, if no recommendation is given, at their own discretion. If you sign your proxy but fail to mark your vote, your shares shall be voted in favor of all the proposals.

What vote is required to approve each item?

Election of Directors. The affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. A properly executed proxy marked "Withhold authority" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Other Items. For each other item, the affirmative vote of the holders of a majority of the shares represented at the meeting in person or by proxy and entitled to vote on the item will be required for approval. A properly executed proxy marked "Abstain" with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

GOVERNANCE OF THE COMPANY***Who are the current members of the Board and Executive Officers?***

Vincent McDonnell	46	Director, Chief Financial Officer and Chief Commercial Officer
Michael Ayre (1)	48	Director
Russ Hammond (1) (2)	63	Director
Nils Trulsvik (1) (2)	56	Director
Liz Landles	44	Corporate Secretary

(1) Member of Audit Committee

(2) Member of Compensation Committee

See Proposal 1. Election of Directors for biographical information regarding the Directors.

Liz Landles, a resident of Guernsey, was appointed Corporate Secretary on August 1, 2002, having served as Assistant Corporate Secretary of the Company since December 2000. Mrs Landles also acts as the Company's Administration Manager and is responsible for organising the Company's administrative activities. Mrs Landles has worked for the Company since October 1997, principally in an administrative role and more recently as a Director of some of the Company's subsidiaries. She holds an Advanced Diploma of Business Administration and is a Fellow of The Institute of Business Administration (FIInstBA).

Directors hold office until the next annual meeting of stockholders and until their respective successors are duly elected and qualified. Officers serve at the pleasure of the Board of Directors.

The Company's Board of Directors held ten meetings during the year ended December 31, 2004. No director has attended less than 75% of all meetings of the Board and those Committees on which he served in 2004.

The Board of Directors has standing Audit and Compensation Committees. The Board of Directors has not designated a nominating committee, the functions of such committee being performed by a majority of the independent directors.

Audit Committee. The functions of the Audit Committee are described below under the heading *Report of the Audit Committee*. The charter of the Audit Committee is attached to this proxy statement as Annex I and is available on the Company's website (www.canargo.com). The Audit Committee met four times during fiscal 2004.

The members of the Audit Committee at the end of 2004 were Michael Ayre (Chairman of the Audit Committee), Russ Hammond and Nils Trulsvik. All of the members of the Audit Committee are independent within the meaning of SEC regulations and the listing standards of the American Stock Exchange. Mr Ayre, the Chairman of the Committee, is qualified as an audit committee financial expert within the meaning of SEC regulations and the Board has determined, in the exercise of its business judgment, that he has accounting and related financial management expertise within the meaning of the listing standards of the American Stock Exchange.

Compensation Committee. The members of the Compensation Committee at the end of 2004 were Nils Trulsvik and Russ Hammond. The function of the Compensation Committee is described in *Executive Compensation* below, under the heading *Compensation Committee Report on Executive Compensation*. In fiscal 2004, the Compensation Committee met 3 times. All of the members of the Committee are independent within the meaning of the listing standards of the American Stock Exchange.

How does the Board select nominees for the Board?

The Board does not have a nominating committee, the functions of which are performed by a majority of the independent directors who consider candidates for Board membership suggested by Board members, as well as management and stockholders and make recommendations for the Board's selection. The Board may also retain a third-party executive search firm from time to time if it believes such engagement is advisable in order to identify suitable candidates. A shareholder who wishes to recommend a prospective nominee for the Board should notify any independent director in writing with whatever supporting material the shareholder considers appropriate.

Once the independent directors have identified a prospective nominee, the Board makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the Board with the recommendation of the prospective candidate, as well as the Board's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or to expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors described below. If the Board determines, in consultation with the independent directors and other Board members as appropriate, that additional consideration is warranted, it may request the third-party search firm to gather additional information about the prospective nominee's background and experience and to report its findings to the Board. The Board then evaluates the prospective nominee against the following standards and qualifications, including:

the prospective nominee's standards of integrity, commitment and independence of thought and judgment;

the prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties, including the prospective nominee's service on other public company boards;

the extent to which the prospective nominee contributes to the range of talent, skill and expertise appropriate for the Board; and

the extent to which the prospective nominee helps the Board reflect the diversity of the Company's stockholders, employees, customers and communities in which the Company operates.

The Board also considers such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for Audit Committee expertise and the evaluations of other prospective nominees. In connection with this evaluation, the Board determines whether to interview the prospective nominee, and if warranted, one or more members of the Board, and others, including members of management, as appropriate. After completing this evaluation and interview, the Board determines the nominees after considering the recommendations and views of the directors and others as appropriate. The Board has adopted Resolutions addressing the nominations process and such related matters as may be required under U.S. federal securities laws and the rules of the American Stock Exchange (the Exchange). A copy of the Resolutions is attached as Annex II and is available on the Company's website (www.canargo.com).

The Company has not received any nominations for director(s) from stockholders in connection with the forthcoming meeting.

How does the Board determine which directors are considered independent?

On April 21, 2004, the common stock began trading on the Exchange. In connection with its common stock listing the Company became subject to the new listing standards adopted by the Exchange. The full text of the American Stock Exchange requirements can be found on its website (www.amex.com).

Pursuant to Exchange requirements, the Board undertook its annual review of director independence in February 2005. During this review, the Board considered transactions and relationships between each director or any member of his immediate family and the Company and its subsidiaries and affiliates, including those reported under *Certain Relationships and Related Transactions* below. The Board also examined transactions and relationships between directors or their affiliates and members of the Company's senior management or their affiliates. As provided in the Exchange requirements, the purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent.

As a result of this review, the Board affirmatively determined that other than for David Robson and Vincent McDonnell all of the directors nominated for election at the annual meeting are independent of the Company and its management under the standards set forth in the requirements of the Exchange. In addition, as further required by the exchange's listing standards, the Board has made an affirmative determination as to each independent director that no material relationships exist between any non-management director and the Company which, in the opinion of the Board, would interfere with the exercise of their independent judgment. David Robson and Vincent McDonnell are considered inside directors because of their employment as senior executives of the Company. We provide additional information regarding Mr Hammond under *Certain Relationships and Related Transactions* below.

How are non-employee directors compensated?

Base Compensation. In 2004 the Company paid directors' fees on an adjusted quarterly basis at a rate of £30,000 Pounds Sterling (£) per year plus £1,000 for each meeting of the Audit Committee that they attend, as adjusted for a one time increase in fees payable in U.S. dollars that occurred in September 2004 (using an exchange rate of £1 = \$1.927 as at December 31, 2004 (as quoted on www.oanda.com)). The Company also reimburses ordinary out-of-pocket expenses for attending Board and Committee meetings. Directors who are also employees of the Company receive no additional compensation for service as a director. The Company does not provide retirement benefits to directors under any current program.

Options. Each non-employee director that was serving in 2004 received options to purchase 255,000 shares of the Company's common stock in fiscal 2004. Each option grant, vesting over two years in three equal tranches with the first tranche vesting immediately and having a seven-year term, permits the holder to purchase shares at \$0.65, which exceeded their fair market value on the date of grant, which was \$0.59 in the

case of options granted in 2004. All of these options must be exercised within three months of termination, but in no event longer than the original expiration date of the option. Michael Ayre also received options to purchase 250,000 shares of the Company's common stock on joining the Board of Directors in March 2004. These options vested immediately and have a five year term, with an option price of \$1.00.

The following table shows the compensation paid to all persons who were non-employee directors, including their respective affiliates, during the fiscal year ended December 31, 2004:

Name	Directors Fees and Other Compensation*	Consulting Payments	Options and Warrants Granted
	\$	\$	
Russ Hammond	\$ 140,518(1)		255,000
Nils Trulsvik	\$ 140,518(1)		255,000
Michael Ayre	\$ 128,956(1)		505,000

(1) Using December 31, 2004 exchange rate of £1 = \$1.927 (as quoted on www.oanda.com)

* The Directors compensation included a one time adjustment to their Directors' fee in the amount of \$75,000 which was paid in US Dollars (\$). The balance of their compensation was paid in Pounds Sterling (£).

Certain Relationships and Related Transactions

Dr David Robson, Chief Executive Officer, provides all of his services to the Company through Vazon Energy Limited of which he is the Managing Director. See *Executive Compensation Management Agreements* below for a description of Vazon Energy Limited's agreement with the Company.

Mr Russ Hammond, a non-executive director of the Company, is also an Investment Advisor to Provincial Securities Limited who became a minority shareholder in the Norio and North Kumisi (Block XI^c) Production Sharing Agreement through a farm-in agreement to the Norio MK72 well. On September 4, 2003 the Company concluded a deal to purchase Provincial Securities Limited's minority interest in CanArgo Norio Ltd by a share swap for shares in the Company. The purchase was achieved by issuing 6 million restricted common shares in the Company to the minority interest holders in CanArgo Norio Ltd. Of the interests in CanArgo Norio Ltd, Provincial Securities Limited owned 4% and received 2,234,719 shares of the Company's common stock. Provincial Securities Limited also has an interest in Tethys Petroleum Investments Limited, a company in which the Company holds a 45% interest, which was established to develop potential projects in Kazakhstan. Mr Hammond did not receive any compensation in connection with these transactions and disclaims any beneficial ownership of any shares of Company common stock received by Provincial Securities Limited. Mr. Julian Hammond, Mr. Hammond's son, is employed by the Company as consultant providing investor relations services at an annual salary of £64,800 Pounds Sterling (£).

Transactions with affiliates or other related parties including management of affiliates are to be undertaken on the same basis as third party arms-length transactions. Transactions with affiliates are reviewed and voted on solely by the Audit Committee.

How do stockholders and employees communicate with the Board and the Audit Committee?

Stockholders and other parties interested in communicating directly with the non-management directors as a group may do so by writing to: Nils Trulsvik c/o The Corporate Secretary, CanArgo Energy Corporation, PO Box 291, St.

Peter Port, Guernsey, GY1 3RR, British Isles in an envelope marked Confidential . The Corporate Secretary of the Company will promptly forward to Mr. Trulsvik all such correspondence. In addition, if you wish to communicate generally with the Board you may do so by writing to: The Corporate Secretary, CanArgo Energy Corporation, PO Box 291, St. Peter Port, Guernsey, GY1 3RR, British Isles. The Corporate Secretary of the Company reviews all such non-confidential correspondence and regularly forwards to the Board a summary of all correspondence as well as copies of all correspondence that, in the opinion of the Corporate Secretary, deals with the functions of the Board or its Committees or that she otherwise determines requires their attention. Directors may at any time review a log of all correspondence received by the Company that is addressed to members of the Board and request copies of any such non-confidential correspondence. Any shareholder and employee may submit at any time a good faith complaint regarding any questionable accounting, internal controls or auditing matters concerning the Company without fear of dismissal or retaliation of any kind. All such complaints are immediately brought to the attention of the Company's internal audit department and handled in accordance with procedures established

by the Audit Committee with respect to such matters. Confidential, anonymous reports may be made by writing to the Chair of the Audit Committee, c/o The Corporate Secretary, CanArgo Energy Corporation, PO Box 291, St. Peter Port, Guernsey, GY1 3RR, British Isles, in an envelope marked Confidential .

A copy of the Company's *Code of Business Conduct and Ethics* is available on the Company's website (www.canargo.com). AUDIT COMMITTEE REPORT

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

The Audit Committee of the Board of Directors is responsible for the review and oversight of the Company's performance with respect to its financial responsibilities and the integrity of the Company's accounting and reporting practices. The Audit Committee, in its capacity as a Committee of the Board of Directors, is also responsible for the appointment, compensation, retention and oversight of the work of any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company (including resolution of disagreements between management and the auditor regarding financial reporting), and each such registered public accounting firm must report directly to the Audit Committee. The Board of Directors has determined that the members of the Audit Committee are independent in accordance with American Stock Exchange listing standards and are financially literate, as required by such requirements, as such qualification is interpreted by the Board of Directors in its business judgment. The Audit Committee is composed of three non-employee directors and operates under a written charter, a copy of which is attached as Annex I.

The Company, not the Audit Committee or the independent auditor, is responsible for the preparation of its financial statements and its operating results and for the appropriate safekeeping of the Company's assets. The independent auditor's responsibility is to attest to the fair presentation of the financial statements. The role of the Audit Committee is to be satisfied that both the Company and the independent auditor discharge their respective responsibilities effectively. However, no member of the Audit Committee is professionally engaged in the practice of accounting or auditing of the Company's accounts, including with respect to auditor independence. The Audit Committee relies, without independent verification, on the information provided to it and on the representations made by management and the independent auditors.

The Audit Committee held four meetings during the fiscal year 2004. The meetings were designed, among other things, to facilitate and encourage communication among the Audit Committee, the Company, and the Company's independent auditors, L J Soldinger Associates LLC. The Audit Committee discussed with L J Soldinger Associates LLC the overall scope and plan for their audit, and met with L J Soldinger Associates LLC, with and without management present. The Audit Committee has reviewed and discussed the audited financial statements with management.

The Audit Committee also discussed with the independent auditors matters required to be discussed with audit committees under generally accepted auditing standards, including, among other things, matters related to the conduct of the audit of the Company's consolidated financial statements, the Company's internal accounting controls and the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, *Communication with Audit Committees* .

The Company's independent auditors also provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committee* , and discussed their independence from the Company. The Audit Committee also reviewed, among other things, the amount of fees paid to PricewaterhouseCoopers LLP and L J Solding Associates LLC for audit and non-audit services.

In accordance with the rules of the SEC, the following chart outlines fees billed during the years ended December 31, 2004 and December 31, 2003 by L J Soldinger Associates LLC:

SERVICES PERFORMED	2004	2003
Audit Fees(1)	\$ 527,645	\$ 177,316
Audit-Related Fees(2)	\$ 125,686	\$ 23,897
Tax Fees(3)	\$ 36,615	\$ 113,140
All Other Fees(4)		
Total Fees	\$ 689,946	\$ 314,353

NOTES TO PRECEDING TABLE

(1) Audit fees represent fees billed for professional services provided in connection with the audit of our annual financial statements, reviews of our quarterly financial statements and audit services provided in connection with statutory and regulatory filings for those years.

(2) Audit-related fees represent fees billed primarily for assurance and related services reasonably related to the performance of the audit or reviews of our financial statements.

(3) Tax fees principally represent fees billed for tax preparation, tax advice and tax planning services.

(4) All other fees principally would include fees billed for products and services provided by the accountant, other than the services reported under the three captions above.

Based on its review and these meetings, discussions and reports, and subject to the limitations on its role and responsibilities referred to above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors and the Board approved, that the Company's audited consolidated financial statements for the fiscal year ended December 31, 2004 be included in the Company's Annual Report on Form 10-K, for filing with the SEC.

The Compensation Committee of the Board has furnished the following report on executive compensation for fiscal 2004.

The Committee's Responsibilities

The Compensation Committee of the Board of Directors is composed entirely of non-employee directors. The Compensation Committee is responsible for setting and administering policies which govern the Company's executive compensation programs. The purpose of this report is to summarize the compensation philosophy and policies that the Compensation Committee applied in making executive compensation decisions in 2004.

Compensation Philosophy

The Compensation Committee has approved compensation programs intended to:

Attract and retain talented executive officers and key employees by providing total compensation competitive with that of other executives employed by companies of similar size, complexity and lines of business;

Motivate executives and key employees to achieve strong financial and operational performance;

Emphasize performance-based compensation, which balances rewards for short-term and long-term results;

Reward individual performance;

Link the interests of executives with stockholders by providing a significant portion of total pay in the form of stock incentives; and

Encourage long-term commitment to the Company.

The Compensation Committee held three meetings during fiscal 2004

Stock Based Compensation Plans

At December 31, 2004, stock options and warrants had been issued from the following stock based compensation plans:

1995 Long-Term Incentive Plan. Adopted by the Company in February 1996, this plan allows for up to 7,500,000 shares of the Company's common stock to be issued to officers, directors, employees, consultants and advisors. As of December 31, 2004, 2,931,500 options issued under this plan were outstanding;

Amended and Restated CEI Plan. Adopted by the Company following the acquisition by the Company of CanArgo Oil & Gas Inc. in 1998, this plan allowed for 988,000 shares of the Company's common stock to be issued to employees, consultants and advisors. As of December 31, 2004, 525,000 options issued under this plan were outstanding;

Special Stock Options and Warrants. Adopted by the Company in September 2000, this plan was created to allow the Company to retain and provide incentives to existing executive officers and directors and to allow recruitment of new officers and directors following the Company's decision to relocate finance and administrative functions from Calgary, Canada, to London, England. As of December 31, 2004, 1,928,333 special stock options and warrants issued under this plan were outstanding; and

2004 Long Term Stock Incentive Plan. Adopted by the Company in May 2004, this plan allows for up to 10,000,000 shares of the Company's common stock to be issued to officers, directors, employees, consultants and advisors. As of December 31, 2004, 5,088,000 options issued under this plan were outstanding.

Compensation Methodology

Each year the Compensation Committee reviews data from market surveys, proxy statements issued by competitors and independent consultants to assess the Company's competitive position with respect to the following three components of executive compensation:

base salary;

annual incentives; and

long-term incentives.

- 10 -

The Compensation Committee also considers individual performance, level of responsibility, and skills and experience in making compensation decisions for each executive.

Components of Compensation

Base Salary: Base salaries for executives are determined based upon job responsibilities, level of experience, individual performance, comparisons to the salaries of executives in similar positions obtained from market surveys, and competitive data obtained from consultants and staff research. The goal for the base pay component is to compensate executives at a level which approximates the median salaries of individuals in comparable positions with comparable companies in the oil and gas industry. The Compensation Committee approves all salary increases for executive officers.

Long-Term Incentive Compensation: The Compensation Committee has structured long-term incentive compensation to provide for an appropriate balance between rewarding performance and encouraging employee retention. Long-term incentives are granted primarily in the form of stock options. The purpose of stock options is to align compensation directly with increases in shareholder value. The number of options granted is determined by reviewing survey data to determine the compensation made to other executives and management employees in comparable positions with comparable companies in the oil and gas sector. In determining the number of options to be awarded, the Compensation Committee also considers the grant recipient's qualitative and quantitative performance, the size of stock option awards in the past, and expectations of the grant recipient's future performance.

In 2004, the Compensation Committee approved the grant of a series of new stock options to a broad range of employees and officers. The stock option awards were granted under the various available Company plans.

Compliance with Section 162(m) of the Internal Revenue Code

Under Section 162(m) of the Internal Revenue Code, the Company may not deduct annual compensation in excess of \$1 million paid to certain employees; generally its Chief Executive Officer and its four other most highly compensated executive officers, unless that compensation qualifies as performance-based compensation. While the Compensation Committee intends to structure performance-related awards in a way that will preserve the maximum deductibility of compensation awards, the Compensation Committee may from time to time approve awards which would vest upon the passage of time or other compensation which would not result in qualification of those awards as performance-based compensation. It is not anticipated that compensation realized by any executive officer under the Company's plans and programs now in effect will result in a material loss of tax deductions.

Compensation of the Chief Executive Officer

The Compensation Committee annually reviews the compensation of the Chief Executive Officer. The Chief Executive Officer participates in the same programs and receives compensation under the same programs as other executives. However, the Chief Executive Officer's compensation reflects the greater policy and decision-making authority that the Chief Executive Officer holds and the higher level of responsibility he has with respect to the strategic direction of the Company and its financial and operating results. For 2004, the components of Dr. Robson's compensation were:

Base Salary: After considering the Company's overall performance and competitive practices, and the signing of a new contract, the Compensation Committee approved a base salary of £175,000 for Dr. Robson, effective January 1, 2004.

Performance Bonus: In September 2004, the Compensation Committee, after considering the overall performance of the Company, awarded the Chief Executive Officer a performance bonus of \$150,000. There is no defined

Short-Term Incentive scheme for the Chief Executive Officer, and any bonus is at the discretion of the Compensation Committee. Under Dr. Robson's previous contract a quarterly Short-Term Incentive scheme was in place. This was replaced by a discretionary scheme in his new contract.

It is the Compensation Committee's intention that, when taken together, the components of Dr. Robson's pay, including base salary, performance, annual incentives, short-term incentive opportunity and long-term incentives, will result in compensation which approximates compensation paid by companies of similar size in the same industry.

Option Grants during the Year Ended December 31, 2004

The following table sets forth information concerning options granted to the Named Officers who were employed during the year ended December 31, 2004.

Name	Number of Securities	% of Total Options Granted to Employees in 2004	Exercise Price	Expiration Date	Grant Date	
					Present Value (2) Per Share	Total
David Robson (1)	1,500,000	24%	\$ 0.65	Sep 24, 2011	\$ 0.52	\$ 780,000
Vincent McDonnell (1)	900,000	14%	\$ 0.65	Sep 24, 2011	\$ 0.52	\$ 468,000
Liz Landles (1)	510,000	8%	\$ 0.65	Sep 24, 2011	\$ 0.52	\$ 265,200

- (1) The options were granted at an exercise price of \$0.65 at the time of issue. All the options vest over two years from the date of issue, 1/3 vesting immediately, 1/3 after 1 year and 1/3 after 2 years.

- (2) The hypothetical value of the options as of their date of grant has been calculated using the Black-Scholes option pricing model, as permitted by SEC rules, based upon a set of assumptions set forth in the following table. It should be noted that this model is only one method of valuing options, and the Company's use of the model should not be interpreted as an endorsement of its accuracy. The actual value of the options may be significantly different, and the value actually realized, if any, will depend upon the excess of the market value of the common stock over the option exercise price at the time of exercise.

<i>Exercise Price</i>	Dividend Yield	Volatility	Risk-Free Interest Rate	Expected Term
\$0.65	0.00%	102%	3.69%	7 Years

The approach used in developing the assumptions upon which the Black-Scholes valuations were calculated is consistent with the requirements of Statement of Financial Accounting Standards No. 123, *Accounting for Stock-Based Compensation*.

Pursuant to the terms of the Company's various stock option plans, the Compensation Committee may, subject to each plan's limits, modify the terms of outstanding options, including the exercise price and vesting schedule thereof. These values are not intended to forecast future appreciation of the Company's stock price. The actual value, if any, which an executive officer may realize from his options (assuming that they are exercised) will depend solely on the increase in the market price of the shares acquired through option exercises over the exercise price, measured when the shares are sold.

The following is a brief summary of our four existing equity compensation plans and arrangements: the 1995 Long-Term Incentive Plan; the CEI Plan, the Special Stock Options and Warrants and the 2004 Long Term Stock Incentive Plan. The Special Stock Options and Warrants Plan is the sole equity compensation plan of the Company that has not been approved by our stockholders.

1995 Long-Term Incentive Plan. The 1995 Plan was approved by our stockholders at the annual meeting of stockholders held on February 6, 1996. This Plan allows for up to 7,500,000 shares of the Company s

The Amended and Restated CanArgo Energy Inc. Plan (the CEI Plan). The CEI Plan (sometimes known as the CAOG Plan) was adopted by the Company's Board of Directors on September 29, 1998. All Options outstanding under the Plan as of July 15, 1998 were assumed by the Company pursuant to the terms of an Amended and Restated Combination Agreement between the Company and CanArgo Energy Inc. dated February 2, 1998 which was approved by the Company's stockholders on July 8, 1998. This Plan allowed for up to 1,250,000 shares (of which only 988,000 shares were registered) of the Company's common stock to be issued to any director or full-time employee of the Company or a subsidiary of the Company

The Company's Compensation Committee have the authority to determine the number of shares subject to each option, the option price, the expiration date of each option, the extent to which each option is exercisable during the term of the option and the other terms and conditions relating to each such option. As of December 31, 2004, five year options to acquire an aggregate of 525,000 shares of common stock had been granted under this Plan and were outstanding, all of which are currently 100% vested.

Special Stock Options and Warrants. This plan was created to allow the Company to retain and provide incentives to existing executive officers and directors and to allow retirement of new officers and directors following the Company's decision to relocate finance and administration functions from Calgary, Canada, to London, England. As of December 31, 2004, special stock options and warrants issued under this plan exercisable for an aggregate of 1,928,333 shares of common stock were outstanding, subject to customary anti-dilution adjustments..

The Special Stock Options were granted on September 1, 2000 at an exercise price of \$1.437 per common share. They expire on September 1, 2005 and vested 1/2 on or after March 1, 2001, 1/4 on or after March 1, 2002 and 1/4 on or after March 1, 2003. The exercise period has been extended for serving directors and personnel by the Company's Board of Directors.

The Special Stock Purchase Warrants were granted on September 1, 2000 at an exercise price of \$1.27. They expire on September 1, 2005 and vested 100% on March 1, 2001. Under the terms of the plan the expiration date of the plan has been extended for serving directors by the Company's Board of Directors.

Neither the Special Stock Options nor the Special Stock Purchase Warrants qualify as "Incentive Stock Options" within the meaning of the Internal Revenue Code of 1986, as amended, and the regulations promulgated thereunder. Accordingly, upon exercise, the holders of such options and warrants would be taxed on the same basis as holders of non-qualified stock options.

2004 Long Term Stock Incentive Plan. The 2004 LTSIP was approved by our stockholders at the annual meeting of stockholders held on May 18, 2004. This Plan allows for up to 10,000,000 shares of the Company's common stock to be issued to officers, directors, employees, consultants and advisors pursuant to the grant of stock based awards, including qualified and non-qualified stock options, restricted stock, stock appreciation rights and other stock based performance awards. ***THE BOARD OF DIRECTORS RECOMMENDS A VOTE IN FAVOR OF EACH NAMED NOMINEE.
(Proposal 1)***

PROPOSAL 2. APPROVAL OF THE CHANGE OF CONTROL STOCK OPTION PLAN

The Board has unanimously approved the Change of Control Stock Option Plan (CCSOP) and has directed that it be submitted for the approval of the stockholders at the annual meeting. The CCSOP will become effective on the date of shareholder approval (the Effective Date).

The following description of the CCSOP is only a summary of the important provisions of the CCSOP and does not contain all of the terms and conditions of the CCSOP. A copy of the full text of the CCSOP is attached as Appendix III.

What Is the Purpose of the CCSOP?

The purpose of the CCSOP is, in the event the Company is acquired by another party or sells a significant part of its business to another party, to align the interests of management with the interests of shareholders in seeking to maximize the price at which the Company or its assets are sold. The CCSOP also is intended to compensate management for future loss of income and loss of potential capital appreciation of options. Management has spent many years building the Company and should be compensated in the event of a takeover for the loss in the ability to fully develop the Company to its full potential. The CCSOP is not subject to any provisions of the Employee Retirement Income Security Act of 1974, as amended.

What Types of Options can be Granted Under the CCSOP?

Options available for grant under the CCSOP are nonqualified stock options for U.S. federal income tax purposes (Options).

How Will the CCSOP Be Administered?

The CCSOP will be administered by the Compensation Committee (or such other committee established by the Board), which shall consist of at least two (2) directors, appointed by the Board, who are Non-Employee Directors as defined by the SEC under Rule 16b-3.

The term of office of the Compensation Committee members is fixed from time to time by the Board of Directors. The Board may from time to time remove members from the Compensation Committee, with or without cause, or add members to the Compensation Committee. Vacancies in the Compensation Committee, however caused, will be filled by the Board.

Subject to the express terms and conditions of the CCSOP, the Compensation Committee will have full power to grant Options, to construe or interpret the CCSOP, to prescribe, amend and rescind rules and regulations relating to it and to make all other determinations necessary or advisable for its administration. Except as

otherwise provided in the CCSOP, the Compensation Committee may also determine which persons shall be granted Options, the number of shares subject to each Option and the time at which Options shall be granted. Such determinations will be final and binding. In making such determinations about which persons shall be granted Options and the number of shares subject to each Option, the Compensation Committee will consider the following factors:

the grant recipient's qualitative and quantitative performance in building the Company.

the grant recipient's loss of future income and loss of potential capital appreciation of options from the loss of ability to fully develop the Company to its full potential.

the compensation paid to other executives and management and executive employees in comparable positions in comparable companies in the oil and gas sector in like circumstances.

How Much Stock Will Be Available Under the CCSOP?

The only class of stock subject to Options under the CCSOP is common stock. The maximum number of shares of common stock with respect to which Options may be granted is 20,000,000 shares, which together with the number of shares issued or issuable under the Company's other stock incentive plans represents approximately 15% of the Company's issued and outstanding shares of common stock; however, this number is subject to adjustment in the event of a recapitalization, reorganization or similar event.

Shares may consist, in whole or in part, of authorized and unissued shares or treasury shares. Any shares represented by Options which are cancelled, forfeited, terminated or expire unexercised will again be available for grants and issuance under the CCSOP.

Who Is Eligible to Participate in the CCSOP?

Persons eligible for Options under the CCSOP will be limited to officers and other employees of the Company and our subsidiaries who are responsible for the management, growth, profitability and protection of the business of the Company and our subsidiaries (Eligible Persons).

The Compensation Committee will select who will receive Options and the number of shares subject to any Option grant.

What Happens If the Number of Outstanding Shares Changes Because of a Merger, Consolidation, Recapitalization or Reorganization?

In the event that our outstanding shares of common stock are increased, decreased or changed or converted into other securities by reason of merger, reorganization, consolidation, recapitalization, stock dividend, extraordinary cash dividend or other change in our corporate structure affecting the stock, the number of shares that may be delivered under the CCSOP and the number and/or the option price of shares subject to outstanding Options under the CCSOP may be adjusted at the sole discretion of the Compensation Committee to the extent that the Compensation Committee determines to be appropriate, provided, however, that the number of shares subject to any Options will always be a whole number.

When Will the CCSOP Terminate?

The CCSOP will expire on May 9, 2015, but the Board of Directors may terminate the CCSOP at any time prior to that date and Options granted prior to such termination may extend beyond such date. Termination of the CCSOP will not alter or impair, without the consent of the optionee, any of the rights or obligations of any Option granted under the CCSOP.

What Changes Can the Board Make to the CCSOP?

The Board may from time to time alter, amend, suspend or discontinue the CCSOP. However, no such action of the Board may alter the provisions of the CCSOP so as to alter any outstanding Options to the detriment of the optionee without the optionee's consent, and no amendment to the CCSOP may be made without stockholder approval if such amendment would materially increase the benefits to the optionees, materially increase the number of shares issuable under the CCSOP, reduce below 100% of the fair market value on the date of grant the price per share of which any Option may be exercised, extend the term of the CCSOP or the period during which Options may be granted or exercised, expand the types of options or awards provided under the CCSOP, expand the class of participants or materially modify requirements as to eligibility to participate in the CCSOP.

What Are the Important Provisions of the CCSOP?

Option Price. All Options will have an exercise price equal to the fair market value of the common stock on the date the Option is granted.

Option Term. The Compensation Committee shall determine the expiration date of each Option. Options may terminate earlier as provided elsewhere herein.

Exercisability of Options. Options granted under the CCSOP shall become exercisable upon consummation of a Change of Control, as such term is defined in Section 5(c)(2) of the CCSOP.

Method of Exercise. Options may be exercised, in whole or in part, by giving us written notice of exercise specifying the optionee's election to purchase shares subject to the Options. Upon exercise of Options and payment of the exercise price, we will issue shares out of the amount so authorized under the CCSOP. The exercise price of an Option shall be paid for in full (i) with cash (either by certified or bank check), (ii) at the sole discretion of the Compensation Committee, at the equivalent fair market value of common stock already owned by the optionee, (iii) at the sole discretion of the Compensation Committee, by applying a broker exercise notice pursuant to which a broker or dealer is instructed to sell a sufficient number of shares or loan the optionee a sufficient amount to pay the exercise price and remit such sum to the Company, or (iv) by a combination of the foregoing. The Compensation Committee may require any person exercising an Option to remit to us, prior to receiving shares pursuant to such exercise, an amount sufficient to satisfy any federal, state, local or foreign tax withholding requirements.

Unless the Compensation Committee determines otherwise at the time of grant, during the 60-day period after a Change of Control, each optionee (other than (i) a member of the Compensation Committee or (ii) an optionee who initiated a Change of Control in a capacity other than as one of our officers or directors) shall have the right to elect, by giving us written notice, to surrender all or part of the Option to us and to receive in cash (in lieu of exercising the Option) an amount equal to the amount by which the fair market value per share of the common stock on the date of exercise exceeds the exercise price per share under the Option multiplied by the number of shares of common stock granted under the Option as to which such right is exercised.

However, any officer, director or 10% Owner of our capital stock (collectively, an Insider) may only settle such right pursuant to an irrevocable election to settle the right no earlier than six (6) months after the date of such election, provided that the Change of Control transaction was approved by our stockholders (excluding Insider stockholders).

Restrictions on Transferability. The Compensation Committee, in its absolute discretion, may impose such restrictions on the transferability of the Options granted under the CCSOP as it deems appropriate. Any such restrictions shall be set forth in the Stock Option Agreement with respect to such Options.

Effect of Termination of Employment, Death, Retirement or Permanent Disability. Except as hereinafter provided, every Option granted pursuant to the CCSOP shall terminate on the earlier to occur of (i) the fixed expiration date set forth in the Option Agreement; and (ii) if an employee ceases to be employed by us by reason of death, retirement, permanent disability, or involuntary termination by us without cause, then 12 months after such cessation of employment. For this purpose, the terms retirement, permanent disability and cause have the meanings described in Section 5(f) of the CCSOP.

Effect of Termination for Other Reasons. If an optionee's relationship or employment by us terminates for any reason other than death, retirement, permanent disability or involuntary termination by us without cause, every Option granted to the optionee pursuant to the CCSOP shall terminate effective as of the termination date. Transfers of employees among our affiliates and authorized leaves of absence are not deemed terminations of employment.

Option Buyout or Substitution. The Compensation Committee may at any time offer to repurchase an Option and may substitute new Options for previously granted Options, including Options having a higher exercise price (subject to the receipt of shareholder approval if required under the Plan, stock exchange requirements or under Section 16 of the U.S. Securities Exchange Act of 1934, as amended, and the rules and regulations promulgated thereunder), based on such terms and conditions as the Compensation Committee shall establish at the time of such offer.

What are the U.S. Federal Income Tax Consequences of the CCSOP?

The following discussion is a summary of the U.S. Federal income tax consequences to recipients of Options that are U.S. citizens or residents for U.S. federal income tax purposes and to us with respect to Options granted under the CCSOP. The CCSOP is not qualified under Section 401(a) of the Internal Revenue Code of 1986.

No income is recognized by an optionee when an Option is granted. Except as described below, upon exercise of an Option an optionee is treated as having received ordinary income at the time of exercise in the amount equal to the difference between the option price paid and the then fair market value of the common stock acquired. We will be required to withhold tax thereon and will be entitled to a deduction at the same time and in an amount corresponding to such difference. The optionee's basis in the common stock acquired upon exercise of an Option will be equal to the option price plus the amount of ordinary income recognized, and any gain or loss thereafter recognized upon disposition of the common stock is generally treated as capital gain or loss.

Payment with common stock. The CCSOP allows an optionee to deliver common stock he already owns in payment of the option price. For any shares of common stock so exchanged, an amount equal to the fair market value thereof on the date tendered will be credited against the option price. In general, an optionee will not recognize gain with respect to any shares delivered to us in exchange for new shares acquired in the exercise of an Option.

In the event common stock is used to pay the option price for an Option, gain or loss will not be recognized in connection with such exchange to the extent that the number of shares of stock received on exercise does not exceed the number of shares of stock surrendered. The optionee's basis in the new shares will be equal

to the basis of the stock surrendered and the holding period thereof will include the holding period of the shares exchanged. The fair market value of any additional shares received upon exercise of an Option in exchange for stock (less any cash or other property paid in connection with the exercise), will constitute compensation to the optionee taxable as ordinary income. The optionee's basis in these additional shares will be equal to the amount of compensation included in income plus any cash or value of other property paid upon exercise, and the holding period therefor will begin on the date of the exchange.

Individuals receiving Option grants under the CCSOP should consult their own tax advisor to determine the tax consequences in such optionee's particular circumstances.

Cap on Company Deductions for Certain Compensation. Under Section 162(m) of the Code, certain compensation payments in excess of \$1 million are subject to a cap on deductibility by the Company. The limitation on deductibility applies with respect to that portion of a compensation payment for a taxable year in excess of \$1 million to either the chief executive officer of the corporation or any one of the other four highest paid executives. Certain performance-based compensation is not subject to the cap on deductibility. Although certain stock-based compensation can qualify for this performance-based exception, Options granted under the CCSOP do not qualify.

Loss of Deduction With Respect to Excess Parachute Payments. Section 280G of the Code provides that no deduction is permitted with respect to any excess parachute payment. In general, a parachute payment is a payment that is contingent on a change in the ownership or control of a corporation made to a disqualified individual that exceeds certain threshold amounts specified in Section 280G. Because the Options issued under the CCSOP become exercisable only in the event of a Change of Control, it is possible that some or all of the deduction otherwise available to us with respect to the exercise of the Options could be disallowed by section 280G.

Registration with the SEC

We intend to file a Registration Statement on Form S-8 covering the CCSOP if the CCSOP is approved by the stockholders.

DISCRETIONARY AUTHORITY

While the Notice of the Annual Meeting of Stockholders calls for the transaction of such other business as may properly come before the meeting, the Board of Directors has no present knowledge of any matters to be presented for action by the stockholders other than as set forth above. The enclosed proxy gives discretionary authority, however, to the persons named in the accompanying proxy to vote the shares represented thereby on all such additional matters properly brought before the annual meeting in accordance with their best judgment.

GENERAL

Householding of Proxy Materials. The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially provides extra convenience for stockholders and cost savings for companies. The Company and some brokers household proxy materials, delivering a single proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from

your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. You can notify us by sending a written request to Corporate Secretary, CanArgo Energy Corporation, P.O Box 291, St. Peter Port, Guernsey, GY1 3RR, British Isles or by facsimile to +44 1481 729 982.

Proxy Solicitation Costs. The costs of solicitation of proxies will be paid by the Company. The solicitation shall be by means of mail, telephone and personal contact. In addition to utilizing its directors, officers and other regular employees to solicit proxies, the Company has engaged Gambit a.s. to assist with the solicitation of proxies from stockholders residing in Norway. The Company pays Gambit a.s. a quarterly fee of \$4,500 for services and the solicitation of proxies may incur extra charges. Banks, brokers, fiduciaries and other custodians and nominees who forward proxy soliciting material to their principals will be reimbursed their customary and reasonable out-of-pocket expenses.

Representatives of L J Solindger Associates LLC are not expected to be present at the annual meeting.

FORM 10-K ANNUAL REPORT

A copy of the Company's Annual Report on Form 10-K as filed with the Securities and Exchange Commission (excluding exhibits) is being mailed together with this proxy statement. A copy of the Exhibits may be requested by any person in writing by addressing the request to the Corporate Secretary, CanArgo Energy Corporation, P.O Box 291, St. Peter Port, Guernsey, GY1 3RR, British Isles and stating that such person is a beneficial owner of common stock of the Company. A charge equal to the reproduction cost of the exhibit will be made. We are subject to the information and reporting requirements of the Securities Exchange Act of 1934 under which we file periodic reports, proxy statements and other information with the SEC. Copies of the reports, proxy statements and other information may be examined without charge at the Public Reference Section of the SEC, 450 Fifth Street, NW., Room 1024, Washington, D.C. 20549, or on the Internet at www.sec.gov. A copy of the Annual Report on Form 10-K is also accessible by following the links to Investor Relations/Financial Statements on the Company's website at <http://www.canargo.com>.

AUDIT COMMITTEE CHARTER

The Audit Committee of CanArgo Energy Corporation (the Company) is a standing committee of the Board of Directors whose primary function is to carry out a detailed and thorough review of audit matters, to be responsible for the appointment, compensation, retention and oversight of the work of any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company (including resolution of disagreements between management and the auditor regarding financial reporting), to consider and approve related party transactions and to offer the Company's auditors, Stockholders and employees a direct link to the non-executive Directors. This Committee will assist the Board in fulfilling its oversight responsibilities by reviewing the financial information which will be provided to the Stockholders and others, the internal control structure, the audit process, and adherence to applicable laws and regulations. Given the growing size and complexity of the Company, the Committee will apply reasonable materiality standards to all of its activities.

The Committee shall be solely comprised of independent members of the Board of Directors. The Board shall appoint Committee members and the Committee Chairman. There shall be not less than three members of the Committee. For purposes hereof, independent shall mean a director who both meets the American Stock Exchange and the Securities and Exchange Commission's definition of independence as determined by the Board in its business judgment. Each member of the Audit Committee shall be financially literate and at least one member of the Audit committee shall have accounting or related financial management expertise, both as the Board interprets such qualifications in its business judgment. Also, at least one member of the Audit Committee shall meet the Securities and Exchange Commission's definition of an audit committee financial expert, as determined by the Board in its business judgment. One member may satisfy both qualifications.

The Committee shall meet at least quarterly. No meeting shall be held unless a quorum of members is present. A majority of the members shall constitute a quorum. The Committee may ask members of management or others to attend meetings and provide pertinent information as necessary. The meetings may be in person or telephonically.

The Committee shall have the power to conduct or authorize investigations into any matters within the Committee's scope of responsibilities. The resources of the Company shall be available to the Committee to carry out its duties and, if needs be, the Committee may (at the Company's cost) take external professional advice and invite outsiders with relevant experience to attend if necessary.

Specifically, the Committee shall:

1. Retain and terminate the Company's independent accountants, evaluate the performance and qualifications of the independent auditors and be directly responsible for the appointment, compensation and oversight of the work of any independent registered public accounting firm engaged by the Company. The Committee will also periodically consider the independence of the independent accountants, including an annual review of non-audit services provided and related fees received. This evaluation and review should include the evaluation and review of the lead partner of the independent registered public accounting firm including such partner's regular rotation as required by law. In making its evaluations, the Audit Committee should take into account the opinions of management and the Company's internal auditors (or other personnel responsible for the internal audit function) and shall present its conclusions to the Board.
- 2.

Pre-approve all permissible non-audit services and all audit, review or attest engagements, and the compensation, fees and terms for such services provided by the independent auditors. By approving the audit engagement, an audit service within the scope of the engagement shall be deemed to have been pre-approved. Establish policies and procedures as warranted for the pre-approval of services by the independent auditors and review such proposed services on a periodic basis. The Audit Committee shall also consider whether the independent auditor's performance of permissible non-audit services is compatible with the auditor's independence. The Audit Committee shall also review with the independent auditor the written statement from the auditor, required by the Independence Standards Board, concerning any relationships between the auditor and the Company or any other relationships that may adversely affect the independence of the auditor.

-25-

2. Discuss with the external auditors before the annual audit commences the nature, scope and timing of the audit and ensure co-ordination where more than one audit firm is involved.
3. Enquire of management, the independent accountants, the Chief Financial Officer and the Chief Executive Officer about significant risks or exposures to loss or liability facing the Company and enquire as to the steps management has taken to minimize such risks.
4. Consider, in consultation with the independent accountants and the Chief Financial Officer, the combined audit scope and budget to ensure completeness of coverage, reduction in redundant efforts, and the effective use of audit resources.

5. Review with management and the independent accountants:

The Company's quarterly and annual financial statements and related footnotes and the independent accountants' report thereon, as applicable, including the Company's specific disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations, the adequacy of the Company's internal controls, including management's evaluation of and report on the Company's disclosure controls and procedures and internal controls, any significant recommendations they may offer to improve disclosure controls and procedures and internal controls, major judgmental areas and significant adjustments resulting from the audit;

6. Review and recommend approval to the Board of Directors of the inclusion of the Company's financial statements in the Company's Annual Report on Form 10-K, Quarterly Reports on Form 10-Q and in other public filing documents that require approval of the Board of Directors.

7. Consider and review with the independent accountants, management and the CFO:

The adequacy of the Company's internal controls and any significant findings during the year and management's responses thereto; and

Any difficulties encountered in the course of the independent accountants' audits, including any restrictions on the scope of their work or access to required information.

11. Report Committee actions to the Board of Directors with such recommendations as the Committee may deem appropriate. Minutes will be taken for each Committee meeting which will then be approved at the next meeting.
12. Review with the Chief Financial Officer, legal advisors, and the independent accountants, as appropriate, the results of their review of the Company's monitoring compliance with the Company's Code of Conduct.

CanArgo Energy Corporation

CHANGE OF CONTROL STOCK OPTION PLAN

Section 1. **Purpose of the Plan.** The purpose of the Change of Control Stock Option Plan (the **Plan**) is to aid CanArgo Energy Corporation (the **Corporation**) and its subsidiaries in securing and retaining officers and other key employees of outstanding ability and to motivate such employees to exert their best efforts on behalf of the Corporation and its subsidiaries under circumstances which may involve a possible Change of Control (as hereinafter defined) of the Corporation. In addition, the Corporation expects that it will benefit from the added interest which the respective Optionees will have in the welfare of the Corporation as a result of their ownership or increased ownership of the Common Stock of the Corporation (the **Stock**) in the event the Corporation becomes subject to a Change of Control.

Section 2. **Administration.** (a) the Board of Directors of the Corporation (the **Board**) shall designate the Compensation Committee of the Board or another Committee, which may be a sub-committee of the Compensation Committee, to be composed of not less than two (2) Directors (such Committee being referred to herein as the **Committee**) who shall serve at the pleasure of the Board. Each member of the Committee shall be a non-employee director within the meaning of Rule 16b-3(b)(3)(i) under the Securities Exchange Act of 1934, as amended (the **Exchange Act**), as such Rule or any other comparable rule may be in effect from time to time, while serving on the Committee. The Board shall fill any vacancies on the Committee and may remove any member of the Committee at any time with or without cause. The Committee shall select its chairman and hold its meetings at such times and places as it may determine. A majority of the whole Committee present at a meeting at which a quorum is present, or an act approved in writing by all members of the Committee, shall be an act of the Committee. The Committee shall have full power and authority, subject to such resolutions not inconsistent with the provisions of the Plan as may from time to time be issued or adopted by the Board (provided the entire Board acting on the matter are disinterested persons), to grant to Eligible Persons (as defined herein) pursuant to the provisions of the Plan Options to purchase shares (**Option** and the recipients of Options being sometimes referred to herein as **Optionees**). The Committee shall also interpret the provisions of the Plan and any Option issued under the Plan (and any agreements relating thereto) and supervise the administration of the Plan. Any decision of the Committee with respect to a question arising out of or in connection with the administration, interpretation and/or application of the Plan shall be final and binding upon persons having any interest in the Plan or an Option granted under the Plan.

(b) The Committee shall: (i) select the officers and other key employees of the Corporation and its subsidiaries to whom Options may from time to time be granted hereunder; (ii) determine the number of shares to be covered by each Option granted hereunder; (iii) determine the terms and conditions, not inconsistent with the provisions of the Plan, of any Option granted hereunder (including but not limited to any restriction and forfeiture condition on such Option and/or the shares of Stock relating thereto); and (iv) determine whether, to what extent and under what circumstances Options may be settled in cash.

(c) All decisions made by the Committee pursuant to the provisions of the Plan and related orders or resolutions of the Board (as and to the extent permitted hereunder) shall be final, conclusive and binding on all persons, including the Corporation, its shareholders, employees and Plan Optionees.

(d) No member of the Committee shall be liable for any action or determination made in good faith with respect to the Plan or any Option granted thereunder.

Section 3. **Stock Subject to the Plan.** Except as otherwise provided by this Section 3, the total number of shares of Stock available for distribution under the Plan is twenty million (20,000,000). Such shares may consist, in whole or in part, of authorized and unissued shares or treasury shares. If any shares that have been Optioned cease to be subject to Option because the Option has expired or has been deemed to have expired or has been surrendered pursuant to the Plan such shares shall be added back into the total number of shares of Stock available for grant and distribution under the Plan and again be subject to grant as Options under the Plan.

In the event of any merger, reorganization, consolidation, recapitalization, stock dividend, extraordinary cash dividend, or other change in corporate structure affecting the Stock, such adjustment shall be made in the aggregate number of shares which may be delivered under the Plan, in the number and/or Option price of shares subject to outstanding Options granted under the Plan, and/or in the number of shares subject to restricted stock, deferred stock, or other Stock-based awards granted under the Plan as may be determined to be appropriate by the Committee, in its sole discretion; provided that the number of shares subject to any Options shall always be a whole number. Such adjusted Option price shall also be used to determine the amount payable by the Corporation upon the exercise of any stock appreciation right associated with any Option. In addition, subject to the limitations provided in Section 7, the Committee is authorized to make adjustments in the terms and conditions of, and performance criteria relating to, Options in recognition of unusual or nonrecurring events (including, without limitation, events described in this paragraph) affecting the Corporation or the financial statements of the Corporation, or in response to changes in applicable laws, regulations or accounting principles.

Section 4. **Eligibility.** Officers and other key employees of the Corporation and its subsidiaries who are responsible for the management, growth, profitability and protection of the business of the Corporation and its subsidiaries are eligible to be granted Options under the Plan (each an Eligible Person and collectively Eligible Persons). The Optionees under the Plan shall be selected from time to time by the Committee, in its sole discretion, from among those eligible, and the Committee shall determine, in its sole discretion, the number of shares covered by each Option.

For purposes of the Plan, a Subsidiary of the Corporation shall be any corporation of which the Corporation owns, directly or indirectly, more than fifty percent of the outstanding voting securities.

Section 5. **Options.** Any Option granted under the Plan shall be in such form as the Committee may from time to time approve. Any such Option shall be subject to the following terms and conditions and shall contain such additional terms and conditions, not inconsistent with the provisions of the Plan, as the Committee shall deem desirable.

(a) **Option Price.** The purchase price per share of the Stock purchasable under an Option shall be determined by the Committee, but will be not less than 100% of the fair market value of the Stock on the date of the grant of the Option, as determined in accordance with procedures established by the Committee.

(b) **Option Period.** The term of each Option shall be fixed by the Committee.

(c) **Exercisability.** (1) Options shall become exercisable upon consummation of a Change of Control.

(2) As used herein, Change of Control shall mean the occurrence of any of the following events:

(A) The acquisition by any person (as defined in Section 3(a)(9) of the Securities Exchange Act of 1934, as amended (the Exchange Act) and as used in Sections 13(d) and 14(d) thereof, including, without limitation, any group within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act), excluding the Corporation, any subsidiary of the Corporation and any employee benefit plan sponsored or maintained by the Corporation or any subsidiary of the Corporation (including any trustee of any such plan acting in its capacity as trustee)(a Person) of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 40% or more of either (i) the then outstanding shares of common stock of the Corporation (the Outstanding Common Stock) or (ii) the combined voting power of the then outstanding voting securities of the Corporation entitled to vote generally in the election of directors (the Outstanding Voting Securities); or

(B) Individuals who, as of the date hereof, constitute the Board (the Incumbent Board) cease for any reason to constitute at least a majority of the Board; provided, however, that any individual becoming a director subsequent to the date hereof whose election, or nomination for election by the Corporation s shareholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though such individual were a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or

removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board; or

(C) Consummation of a reorganization, merger or consolidation or other transaction involving the sale or other disposition of at least 51% of the consolidated assets of the Corporation determined in accordance with generally accepted United States accounting principles (a Business Combination), in each case, unless, following such Business Combination, (i) all or substantially all of the Persons who were the beneficial owners, respectively, of the Outstanding Common Stock and Outstanding Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 60% of, respectively, the then outstanding shares of common stock and the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors, as the case may be, of the corporation or other entity resulting from such Business Combination (including, without limitation, a corporation or other entity which as a result of such transaction owns the Corporation or at least 51% of the Corporation's consolidated assets either directly or through one or more subsidiaries) in substantially the same proportions as their ownership, immediately prior to such Business Combination of the Outstanding Common Stock and Outstanding Voting Securities, as the case may be, (ii) no Person (excluding any employee benefit plan (or related trust) sponsored or maintained by the Corporation or any corporation controlled by the Corporation or such corporation resulting from such Business Combination) beneficially owns, directly or indirectly, 40% or more of, respectively, the then outstanding shares of common stock of the corporation or other entity resulting from such Business Combination or the combined voting power of the then outstanding voting securities of such corporation or entity except to the extent that such ownership existed prior to the Business Combination, and (iii) at least a majority of the members of the board of directors or individuals holding substantially equivalent positions of the corporation or other entity resulting from such Business Combination were members of the Incumbent Board at the time of the execution of the initial agreement, or of the action of the Board, providing for such Business Combination; or

(D) Approval by the shareholders of the Corporation of a complete liquidation or dissolution of the Corporation.

(d) **Method of Exercise.** Options may be exercised, in whole or in part, by giving written notice of exercise to the Corporation specifying the number of shares to be purchased. Such notice shall be accompanied by payment in full of the purchase price in cash, either by certified or bank check, or, if and to the extent permitted by the Committee, by applying a broker exercise notice pursuant to which a broker or dealer is instructed to sell a sufficient number of shares or loan the Optionee a sufficient amount to pay the exercise price and remit such sum to the Corporation, or by exchanging whole shares of Stock owned by the Optionee (which are not the subject to any pledge or other security interest), or by a combination of the foregoing, provided that the combined value of all cash, cash equivalents, and the fair market value of any such whole shares of Stock so tendered, valued (in accordance with procedures established by the Committee) as of the effective date of such exercise, is at least equal to such purchase price; provided, however, that (x) an Optionee (other than an Optionee who initiated a Change of Control in a capacity other than as an officer or director of the Corporation) who is an officer or director of the Corporation (within the meaning of Section 16 of the Exchange Act and the rules and regulations promulgated thereunder), during the 60-day period after six (6) months after a Change of Control, and (y) any other Optionee, during the six month (6) period from and after a Change of Control, who at the time of exercise is not an officer or director shall, unless the Committee shall determine otherwise at the time of grant, have the right, in lieu of the payment of the full purchase price of the shares of the Stock being purchased under the Option and by giving written notice to the Corporation, to elect (within such respective periods) to surrender all or part of the Option to the Corporation and to receive in cash an amount equal to the amount by which the fair market value per share of the Stock on the date of exercise shall exceed the purchase price per share under the Option multiplied by the number of shares of the Stock granted under the Option as to which the right granted by this proviso shall have been exercised. However, any officer, director or 10% owner (collectively, Insider) may only settle the right granted by this proviso pursuant to an irrevocable election to settle the right no earlier than six (6) months after the date of such election, provided that the transaction giving rise to the Option of the right is approved by the Company's shareholders (excluding Insider shareholders).

The written notice provided by the Optionee shall specify the Optionee's election to purchase shares subject to the Option or to receive the cash payment herein provided.

Notwithstanding the foregoing, the Committee may, in its sole discretion, authorize payment in whole or in part of the purchase price to be made in unrestricted stock already owned by the

Optionee, or in restricted stock or such other method of exercise as the Committee may determine at or after grant, consistent, in the case of Option grants to an Insider, with Section 16 of the Exchange Act and rules and regulations promulgated thereunder. The Committee may authorize such payment at or after grant. No shares of Stock shall be issued until full payment therefor has been made. Subject to paragraph (i) of this Section 5, an Optionee shall have the rights to dividends or other rights of a stockholder with respect to shares subject to the Option when the Optionee has given written notice of exercise, has paid in full for such shares, and, if requested, has given the representation described in paragraph (a) of Section 10.

(e) **Restrictions on Transferability.** The Committee, in its sole discretion, may impose such restrictions on the transferability of Options granted hereunder as it deems appropriate. Any such restrictions shall be set forth in the Option agreement with respect to such Options.

(f) **Termination of Employment by Death, Retirement or Permanent Disability and Termination by the Corporation Without Cause.** Except to the extent otherwise provided by the Committee at or after the time of grant, if an Optionee's employment by the Corporation and/or any of its subsidiaries terminates by reason of death, Retirement or Permanent Disability, or is terminated by the Corporation without Cause, Options granted to such Optionee pursuant to the Plan will expire twelve (12) after the date on which the Optionee's last day of employment or on the expiration of the stated period of the Option whichever period is the shorter. As used herein, Retirement means, in the case of an Optionee employed by the Corporation or any of its affiliates, attainment of age 68 or such later date as the Committee may determine at the time of grant. An Optionee must, however, voluntarily terminate his or her employment in order for his or her termination of employment to be for Retirement. As used herein, Permanent Disability means inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than twelve (12) months. As used herein, Cause means any action or failure to act that the Committee determines, in its sole discretion, was harmful to the business or reputation of the Corporation.

(h) **Other Termination.** Unless otherwise determined by the Committee at or after grant, if an Optionee's employment by the Corporation terminates for any reason other than death, Retirement, or Permanent Disability or a termination by the Corporation without Cause, Options held by the Optionee pursuant to the Plan shall immediately terminate.

(i) **Option Buyout.** The Committee may at any time offer to repurchase an Option (other than an Option which has been held for less than six months by an Insider) based on such terms and conditions as the Committee shall establish and communicate to the Optionee at the time that such offer is made.

(j) **Form of Settlement.** In its sole discretion, the Committee may provide, at the time of grant, that the shares to be issued upon an Option's exercise shall be in the form of restricted stock or deferred stock, or may reserve the right to so provide after the time of grant.

Section 6. **Transfer, Leave of Absence, etc.** For purposes of the Plan: (a) a transfer of an employee from the Corporation to a Subsidiary, or vice versa, or from one Subsidiary to another; (b) a leave of absence, duly authorized in writing by the Corporation, for military service or sickness, or for any other purposes approved by the Corporation if the period of such leave does not exceed 90 days; and (c) a leave of absence in excess of 90 days, duly authorized in writing by the Corporation, shall not be deemed a termination of employment.

Section 7. **Amendments and Termination.** The Board may amend, alter, or discontinue the Plan, but no amendment, alteration, or discontinuation shall be made which would impair the rights of an Optionee under any Option theretofore granted, without the Optionee's consent, or which without the approval of the shareholders would:

(a) except as is provided in Section 3 of the Plan, increase the total number of shares available for the purpose of the Plan;

(b) subsequent to the date of grant decrease the Option price of any Option to less than 100% of the fair market value on the date of the granting of the Option;

(c) extend the maximum Option period under Section 5(b) of the Plan;

(d) expand the types of options or awards provided under the Plan; or

-33-

(e) otherwise materially increase the benefits accruing to Optionees under, or materially, expand the class of participants or materially modify the requirements as to eligibility for participation in, the Plan.

The Committee may amend the terms of any Option theretofore granted, prospectively or retroactively, but no such amendment shall impair the rights of any holder without such holder's consent. Notwithstanding the foregoing, the Board or the Committee may, in its discretion, amend the Plan or terms of any outstanding Option held by a person then subject to Section 16 of the Exchange Act without the consent of any holder in order to preserve exemptions under said Section 16 which are or become available from time to time under rules of the Securities and Exchange Commission. The Committee may also substitute new Options for previously granted Options, including previously granted Options having higher Option prices.

Section 8. Unfunded Status of the Plan. The Plan is intended to constitute an unfunded plan for incentive and deferred compensation. With respect to any payments not yet made to an Optionee by the Corporation, nothing contained herein shall give any such Optionee any rights that are greater than those of a general creditor of the Corporation. In its sole discretion, the Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver the Stock; provided, however, that the existence of such trusts or other arrangements is consistent with the unfunded status of the Plan.

Section 9. Employment at Will. Nothing contained in the Plan, or in any Option granted pursuant to the Plan, nor in any agreement made pursuant to the Plan, shall confer upon any Optionee any right with respect to continuance of employment by the Company or its subsidiaries, nor interfere in any way with the right of the Company or its subsidiaries to terminate the Optionee's employment at will or change the Optionee's compensation at any time.

Section 10. General Provisions. (a) The Committee may require each Optionee purchasing shares pursuant to an Option under the Plan to represent to and agree with the Corporation in writing that such Optionee is acquiring the shares without a view to distribution thereof. The certificates for such shares may include any legend which the Committee deems appropriate to reflect any restrictions on transfer.

(b) All certificates for shares of the Stock delivered under the Plan pursuant to any Option shall be subject to such stock-transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations, and other requirements of the Securities and Exchange Commission, any stock exchange upon which the Stock is then listed, and any applicable Federal or state securities law, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

(c) Recipients of shares of restricted stock, deferred stock and other Stock-based awards under the Plan (other than Options) shall not be required to make any payment or provide consideration other than the rendering of services.

(d) Nothing contained in this Plan shall prevent the Board of Directors from adopting other or additional compensation arrangements, subject to shareholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases.

Section 11. Taxes. (a) Optionees shall make arrangements satisfactory to the Committee regarding payment of any Federal, state, local or foreign taxes of any kind required by law to be withheld with respect to any income which the Optionee is required, or elects, to include in his or her gross income and the Corporation and its subsidiaries shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the Optionee. Anything contained herein to the contrary notwithstanding, the Committee may, in its sole discretion, authorize acceptance of Stock received in connection with the grant or exercise of an Option or otherwise previously acquired in satisfaction of withholding requirements.

(b) Notwithstanding any provisions to the contrary in this Section 11, an Insider may only satisfy tax withholding requirements with the settlement of a stock appreciation right or with shares of the Company's Common Stock if he or she has held such stock or stock appreciation right for at least six (6) months or the cash settlement of the tax obligation occurs no earlier than six (6) months after the date of an irrevocable election made by an Insider.

Section 12. **Effective Date of the Plan.** The Plan shall be effective on the date it is approved by a majority of the votes cast at a duly convened meeting of shareholders.

Section 13. **Term of the Plan.** No Option shall be granted pursuant to the Plan after May 9, 2015, but Options theretofore granted may extend beyond that date.
