  2. Nothing in this document shall be considered as an offer to sell or solicitation of an offer to buy any security, commodity or other instrument, including securities issued by Nomura or any affiliate thereof. Offers to sell, sales, solicitations to buy, or purchases of any securities issued by Nomura or any affiliate thereof may only be made or entered into pursuant to appropriate offering materials or a prospectus prepared and distributed according to the laws, regulations, rules and market practices of the jurisdictions in which such offers or sales may be made.
  3. No part of this document shall be reproduced, stored in a retrieval system or transmitted in any form or by any means, electronic, mechanical, photocopying, recording or otherwise, without the prior written permission of Nomura.
  4. The information and opinions contained in this document have been obtained from sources believed to be reliable, but no representations or warranty, express or implied, are made that such information is accurate or complete and no responsibility or liability can be accepted by Nomura for errors or omissions or for any losses arising from the use of this information.
  5. This document contains statements that may constitute, and from time to time our management may make forward-looking statements within the meaning of the safe harbor provisions of The Private Securities Litigation Reform Act of 1995. Any such statements must be read in the context of the offering materials pursuant to which any securities may be offered or sold in the United States. These forward-looking statements are not historical facts but instead represent only our belief regarding future events, many of which, by their nature, are inherently uncertain and outside our control. Important factors that could cause actual results to differ from those in specific forward-looking statements include, without limitation, economic and market conditions, political events and investor sentiments, liquidity of secondary markets, level and volatility of interest rates, currency exchange rates, security valuations, competitive conditions and size, and the number and timing of transactions.
  6. The consolidated financial information in this document is unaudited.
