Washington, D.C. 20549

FORM 10-K

ANNUAL REPORT

Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934

For the Fiscal Year Ended:

October 3, 2004

001-12415

(Commission File Number)

BWAY CORPORATION

(Exact name of registrant as specified in its charter)

Edgar Filing: BWAY CORP - Form 10-K

DELAWARE
(State of incorporation)

36-3624491
(IRS Employer Identification No.)

8607 Roberts Drive, Suite 250

Atlanta, Georgia 30350-2237
(Address of principal executive offices)

(770) 645-4800
(Registrant's telephone number)

Securities registered pursuant to Section 12(b) of the Act: None.

Securities registered pursuant to Section 12(g) of the Act: None.

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K.

Indicate by check mark whether the registrant is an accelerated filer (as defined in Rule 12b-2 of the Act). Yes No

As of December 29, 2004, all of the voting and non-voting common equity was held by affiliates.

As of April 4, 2004 (the registrant's most recently completed second fiscal quarter), all of the voting and non-voting common equity was held by affiliates.

As of December 29, 2004, there were 1,000 shares of BWAY Corporation's Common Stock outstanding.

DOCUMENTS INCORPORATED BY REFERENCE

None.

BWAY CORPORATION

Annual Report on Form 10-K

For the Fiscal Year Ended October 3, 2004

PART I

Item 1. Business

General

BWAY Corporation (BWAY), including its principal subsidiary, North America Packaging Corporation (NAMPAC), and each of their lesser subsidiaries (collectively the Company , we , our or us) is a leading North American manufacturer of metal and rigid plastic containers for paint and certain other consumer and industrial products. Our product offerings include a wide variety of steel containers such as paint, aerosol and specialty cans which are used by our customers to package a diverse range of end-use products which, in addition to paint, include household and personal care products, automotive after-market products, paint thinners and driveway and deck sealants. Our plastic containers include injection molded plastic pails and blow-molded tight head containers and drums. Our end-use markets have historically exhibited stable demand characteristics and our customer base includes leading participants in these markets. The references in this report to market positions or market share are based on information derived from annual reports, trade publications and management estimates, which we believe are reliable.

Formerly, our principal metal container operations were conducted by our wholly owned subsidiary, BWAY Manufacturing, Inc., which was merged into BWAY in May 2004. We operate the company as two divisions. Our BWAY Packaging Division focuses on metal containers and sells and markets its products under the BWAY Corporation name and our NAMPAC Division focuses on plastic containers and sells and markets its products under the NAMPAC name.

We are the successor to a business founded in 1875. In January 1989, we were purchased from Owens-Illinois Corporation in a leveraged transaction led by our then existing management and other industry investors. In June 1995, we completed our initial public offering and, from November 1996 through February 6, 2003, we were listed on the New York Stock Exchange. On February 7, 2003, affiliates of Kelso & Company and certain members of management acquired the Company as further described below under Agreement and Plan of Merger.

Our NAMPAC subsidiary can trace its roots to Rheem Manufacturing Company, which was founded in the early 1900s as a steel container company. During the 1990s, NAMPAC was a subsidiary of an Australian company, Southcorp Ltd, until in 2001 it was acquired by MVOC, LLC from Southcorp in a management buyout. We acquired NAMPAC from MVOC, LLC in July 2004 as further described below under Acquisitions and Dispositions.

Agreement and Plan of Merger

Edgar Filing: BWAY CORP - Form 10-K

On September 30, 2002, BCO Holding Company (BCO Holding), BCO Acquisition Inc. (BCO Acquisition) and BWAY entered into a merger agreement, which provided for the merger of BCO Acquisition and BWAY, with BWAY continuing as the surviving corporation. On November 27, 2002, BWAY Finance Corp. (BWAY Finance) issued \$200 Million 10% Senior Subordinated Notes due 2010 in a private placement to raise a portion of the financing needed to consummate the merger. The merger was completed on February 7, 2003, at which time BWAY assumed BWAY Finance 's obligations under the \$200 Million 10% Senior Subordinated Notes due 2010. As a result of the merger and related transactions, the Company is controlled by affiliates of Kelso & Company, L.P. (Kelso). Kelso is a private investment firm founded in 1971.

The following transactions occurred in connection with the merger:

Approximately 8.2 million shares of BWAY 's common stock were converted into the right to receive \$20.00 per share in cash.

Table of Contents

All outstanding unvested options to purchase BWAY's common stock became fully vested, and options to purchase approximately 1.0 million shares of BWAY's common stock were canceled in exchange for lump sum payments in cash of \$20.00 per underlying share, less the applicable option exercise price.

Affiliates of Kelso contributed \$78.0 million in cash in exchange for 7.8 million shares of common stock of BCO Holding. Another equity investor contributed \$2.0 million in cash in exchange for 0.2 million shares of common stock of BCO Holding. Certain stockholders of BWAY, including members of management and the Board of Directors, exchanged a total of approximately 0.6 million and 0.8 million shares and options to purchase shares, respectively, of BWAY's common stock (with an aggregate value of approximately \$20.3 million), for a total of approximately 1.2 million and 1.6 million shares and options to purchase shares, respectively, of BCO Holding's common stock. As a result of these transactions, on February 7, 2003, Kelso and its affiliates owned approximately 77.7% of BCO Holding's fully diluted common stock, the other equity investor owned approximately 2.0% of BCO Holding's fully diluted common stock and such existing stockholders of BWAY owned the balance of BCO Holding's fully diluted common stock.

BWAY amended and restated its then existing credit facility to allow for the merger and related transactions and to effect certain other changes and additions.

BWAY Finance, a wholly-owned subsidiary of BCO Holding, issued \$200 Million 10% Senior Subordinated Notes due 2010 in November 2002, which BWAY assumed and BWAY Manufacturing guaranteed on February 7, 2003.

BWAY Finance merged with and into BWAY, with BWAY continuing as the surviving corporation of the merger.

BWAY used the net proceeds from these equity and debt financings to:

- fund the cash consideration paid to the stockholders and option holders under the merger agreement;

- repurchase all of its outstanding \$100 Million 10¹/₄% Senior Subordinated Notes due 2007 and pay the accrued interest and bond tender and consent solicitation premiums associated with these notes;

- pay accrued interest under its credit facility as of the closing of the merger; and

- pay related transaction fees and expenses.

BWAY became a private company and its common stock was delisted from the New York Stock Exchange.

The merger of BCO Acquisition and BWAY, the investment by affiliates of Kelso and the other equity investor, the investment by certain stockholders and option holders who exchanged shares and options, the amendment and restatement of the credit facility, the offering of the \$200 Million 10% Senior Subordinated Notes due 2010 and the application of the net proceeds therefrom, the repurchase and redemption of BWAY's outstanding \$100.0 million 10¹/₄% senior subordinated notes due 2007, the repayment of all outstanding principal and accrued interest at the closing date under BWAY's credit facility and the merger of BWAY Finance with and into BWAY are collectively referred to in this annual report as the Transaction.

On November 4, 2003, the Registration Statement for our \$200 million 10% Senior Subordinated Notes Due 2010 became effective under the Securities Act of 1933. In December 2003, we exchanged these notes for new notes registered under the Securities Act an equal principal

amount (the Notes).

Acquisitions and Dispositions

In fiscal 2003, management committed to a plan to close our Southwest facility and reopen our Garland facility, both of which are located in the Dallas, Texas area. The Garland facility is larger and more versatile than the Southwest facility and enables us to meet increasing demand for the products we manufacture at the facility. We sold the Southwest facility in December 2004.

Table of Contents

On August 25, 2003, we acquired substantially all of the assets, including working capital, of SST Industries, a manufacturer of rigid plastic containers for industrial packaging markets, for approximately \$23.2 million in cash. This acquisition and the acquisition of NAMPAC discussed below have enabled us to expand our product offerings into a complementary segment of the container market.

In the fourth quarter of fiscal 2003, we were notified by Folgers, one of our then largest metal container customers, that it was converting its steel packaging requirements to an alternative package that we do not manufacture. As a result of this conversion, we closed our manufacturing facility in Picayune, Mississippi. We relocated or terminated the workforce and disposed of, stored or transferred certain equipment to other manufacturing facilities. We shortened the estimated remaining useful lives of certain long-lived assets, primarily equipment, associated with the manufacture of the steel packaging that we discontinued using when the facility was closed. The shortened useful lives resulted in approximately \$1.8 million in additional depreciation expense in the fourth quarter of fiscal 2003, and approximately \$5.8 million in additional depreciation expense in fiscal 2004.

On July 7, 2004, we acquired all of the stock of NAMPAC, a manufacturer of rigid plastic containers for industrial packaging markets, from MVOC, LLC, a Delaware limited liability company and sole owner of the common shares of NAMPAC (the NAMPAC Acquisition). As a result of the acquisition, NAMPAC became a wholly owned subsidiary of BWAY. We paid approximately \$213.8 million in cash for the acquisition, which was funded by a \$30.0 million equity contribution from Kelso and certain members of our senior management and from a portion of the proceeds from a \$225.0 million term loan facility. The term loan facility is further discussed in Note 8 to the consolidated financial statements in Item 8 of this report. The results of operations related to this acquisition are included in the consolidated financial statements from the date of acquisition. Included in the purchase price is approximately \$2.0 million in transaction costs associated with the acquisition. The purchase price was subject to a working capital adjustment, which was finalized and received in September 2004 and is reflected in the \$213.8 million purchase price.

Industry Overview

The markets in which we participate can generally be placed into three broad categories: North American general line rigid metal containers (excluding aerosol), North American general line aerosol containers and North American general line rigid plastic containers, with estimated market sizes of approximately \$700.0 million, \$650.0 million and \$1.0 billion, respectively. Our BWAY Packaging Division covers the North American general line rigid metal containers market, including aerosol, and our NAMPAC Division covers the North American general line rigid plastic containers market.

Metal Packaging Segment (BWAY Packaging Division)

Metal containers are currently utilized for three primary markets: beverage, food and general line. The general line market includes paint cans and components, aerosol cans, oblong cans, steel pails and ammunition boxes and a variety of other specialty cans. We estimate, based on industry data published by the Can Manufacturers Institute (the trade association of the metal and composite can manufacturing industry in the United States), that 2004 industry shipments in the United States will approximate 130 billion units as follows: 75% to the beverage market, 22% to the food market and 3% to the general line market. General line cans generally have higher selling prices than food or beverage. Few companies compete in each of the three product markets, and most of the companies that produce beverage and food cans do not compete in the general line market.

Products and Markets

Edgar Filing: BWAY CORP - Form 10-K

Our metal packaging segment operates primarily in North America in the general line segment of the metal container market (approximately 91% of our fiscal 2004 metal packaging segment net sales). We also provide our customers with metal shearing, coating and printing services through our material center services business (approximately 6% of our fiscal 2004 metal packaging segment net sales). We have established leading positions in most of our product lines in the United States.

Table of Contents

The following table sets forth the approximate percentage of net sales of the our metal packaging segment for fiscal 2002, 2003 and 2004 for general line cans (including ammunition boxes and aerosol cans), coffee cans and material center services:

Metal Packaging Segment Principal Products	Fiscal Year		
	2002	2003	2004
General line cans	74%	75%	91%
Coffee cans (1)	12	13	3
Material center services (2)	14	12	6
Total	100%	100%	100%

- (1) *The decline in coffee can sales is a result of Folgers conversion to alternative packaging that we do not manufacture. The conversion was completed in fiscal 2004 and we expect future coffee can sales to be nominal as a percentage of total metal packaging segment net sales. Net coffee can sales decreased approximately \$48.0 million from fiscal 2003 as a result of the conversion.*
- (2) *The reduction in material center services sales is a result of an intentional redirection of our material center services capacity to meet internal needs. We expect future material center services sales as a percentage of total metal packaging segment net sales to continue to decline.*

General Line Products

The primary uses for our general line cans are for paint and related products, lubricants, roof and driveway sealants, charcoal lighter fluid, and household and personal care products. Specific products include round cans with rings and plugs (typical paint cans), specialty cans (typically PVC or rubber cement cans, brake fluid and other automotive after-market products cans, oblong or F style cans and an assortment of other specialty cans), aerosol cans and steel pails. We produce a full line of these products to serve the specific requirements of a diversified base of nationally recognized customers. Most of our products are manufactured in facilities that are strategically located to allow us to deliver product to our customers within a one-day transit time.

Paint Cans. We are the leading supplier in North America and the only national supplier of metal paint cans. We are the sole supplier of metal paint cans to the leading domestic paint companies, and we are the sole supplier of paint can components to the primary manufacturer of hybrid paint cans in North America. We produce round paint cans in sizes ranging from one-quarter pint to one gallon, with one-gallon paint cans representing the majority of all paint can sales. Paint cans are manufactured to a variety of performance specifications and may be printed on the outside for customer marketing purposes, although most paint manufacturers use paper labels rather than printed cans. The paint can components we produce include ears, plugs and ends.

Specialty Cans. We are the leading supplier of metal specialty cans in North America. Specialty cans include screw top cans (Monotop®), pour top cans, oblong or F style cans and ammunition boxes. Screw top cans (Monotop®) typically have an applicator or brush attached to a screw cap and are typically used for PVC pipe cleaner, PVC cement and rubber cement. Pour top cans are typically used for packaging specialty oils and automotive after-market products, including brake fluid, gasoline additives and radiator flushes. Oblong or F style cans are typically used for packaging paint thinners, lacquer thinners, turpentine, deglossers and similar paint-related products, charcoal lighter fluid and waterproofing products. We produce oblong cans in sizes ranging from one pint to one gallon. Oblong cans are generally printed to customer specifications. Ammunition boxes provide a hermetic seal, are coated with a corrosion-resistant finish and are used to package small arms ammunitions and other ordnance products. We sell ammunition boxes to the U.S. Department of Defense as well as to major domestic and foreign producers of ordnance.

Edgar Filing: BWAY CORP - Form 10-K

Aerosol Cans. We are the third largest supplier of aerosol cans in North America. We focus on serving as a primary supplier to small and medium sized customers and as a secondary supplier to top tier customers. Aerosol cans are typically used for packaging various household and industrial products, including paint and related products, personal care products, lubricants and insecticides. We produce a variety of sizes, which may be labeled or decorated to customer specifications.

Steel Pails. We are one of the leading supplier of steel pails in North America. Steel pails are typically used for packaging paint and related products, roof and driveway sealants, marine coatings, vegetable oil, and water

Table of Contents

repellent. Pails may be either closed head for easy pouring products, or open head for more viscous products, with a lid that is crimped on after filling. We manufacture steel pails in sizes ranging from two and one-half to seven gallons. Steel pails are manufactured from either blackplate or cold rolled steel, are typically lined with rust inhibitors or other materials depending on the nature of the customers' contents and are often printed to customer specifications.

Material Center Services

Material center services consist of steel shearing, coating and lithography services. We provide material center services for our can assembly facilities and, to the extent we have excess capacity, to third party customers. Net sales from material center services have been reduced as a result of our intentional redirection of our material center capacity to meet internal needs. We expect future material center services sales as a percentage of total metal packaging segment net sales to continue to decline.

Customers

Our customers include many of the world's leading paint, consumer and personal care companies. For fiscal 2004, sales to our 10 largest metal packaging segment customers accounted for approximately 47% of the segment's net sales and approximately 16% of the segment net sales were to one individual customer.

Consistent with industry practice, we enter into multi-year supply agreements with many of our largest customers. However, many of our contracts are requirements contracts under which we supply a percentage of a customer's requirements for our products over a period of time, without any specific commitment to unit volume. In addition, many of our customer contracts, including many of our contracts with our largest customers, provide that the customer may receive competitive proposals for all or a portion of the products we furnish to the customer under the contract, including proposals to reformulate the packaging to another material. We generally have the rights to retain the customer's business subject to the terms of the competitive proposal.

We believe we have strong relationships with most of our major customers due to: (i) the close proximity of our manufacturing facilities to key customer locations; (ii) our low-cost, flexible manufacturing capabilities; and (iii) our reputation for quality and customer service.

Table of Contents***Manufacturing Process***

We generally employ the industry's typical manufacturing process in production of our products, although certain technologies differ from competitors. Following is a sequential list of the specific steps in the can manufacturing process. Not all products require coating and printing.

<u>Process</u>	<u>Description</u>
Shearing	A large coil of tinplate, blackplate or cold rolled steel is cut into sheets of a specified size depending on the end use of the product.
Coating	A coating is sometimes applied to the side of the sheets which becomes the outside of the containers as a base coat for printing and to the side that becomes the inside of the containers to protect the contents from contact with the steel or tinplate.
Printing	Sheets are decorated with the customer's design. Also known as lithography.
Slitting	Sheets are cut into individual body blanks, which will be formed into cans.
Body-Forming	Body blanks are fed into a body-making machine where they are formed into cylinders or oblong cans and joined at their side seam. Handles or nozzles may be attached.
End-Forming	Ends are stamped out of sheets or strips.
Flanging and Seaming	The steel on both ends of the can is rolled to form a flange and the end is attached to the body by folding or seaming.
Testing	The cans are tested for potential leakage.
Packaging	Cans are stacked onto pallets and shrink-wrapped or packaged in cartons or bags for delivery to customers.

Raw Materials

Our principal raw materials consist of tinplate, blackplate and cold rolled steel, energy, various coatings, inks and compounds. Steel products represent the largest component of raw material costs. Essentially all of our products are manufactured from tinplate steel, except for pails and ammunition boxes, which are manufactured from either blackplate or cold rolled steel. We purchase all raw materials we require from outside sources.

Various domestic and foreign steel producers supply us with tinplate steel, although we currently purchase most of our tinplate steel from domestic suppliers. Procurement from suppliers generally depends on the suppliers' product offering, product quality, service and price. As part of our effort to further leverage our purchasing power to obtain favorable raw material prices, we have consolidated our steel purchasers among a small group of suppliers, and entered into contractual arrangements with certain suppliers. Historically, we have generally been able to increase the price of our products to reflect increases in the price of steel, but we cannot be sure that we will be able to do so in the future.

In fiscal 2004, several domestic steel suppliers implemented price surcharges that have impacted the metal packaging industry. The steel suppliers have indicated the need for surcharges due to a shortage of raw materials used to produce steel and increased global demand, primarily in China. In addition, there are indications that the steel shortage will continue in the near term that can impact, among other things, our ability to obtain steel, the timing of steel deliveries and the price we pay for steel. In the event of supply interruptions, we could experience higher costs due to underutilization of our manufacturing facilities and lower sales due to a reduction in our ability to produce inventory.

Edgar Filing: BWAY CORP - Form 10-K

In addition to steel products, we purchase energy from various suppliers as well as various coatings, inks and compounds used in the manufacturing process. We do not anticipate any future shortages or supply problems for these items based on historical availability and the current number of suppliers.

Historically, the steel mills announce in the last quarter of the calendar year expected price increases for the coming calendar year. For calendar 2005, the mills have announced a 22% increase in the selling price of tinplate steel.

Table of Contents
Competition

The steel container industry is highly competitive and some of our competitors have greater financial resources than we do. Competition is based primarily on price, manufacturing capacity, manufacturing flexibility and quality. We believe that (i) the close proximity of our manufacturing facilities to key customer locations; (ii) our low-cost, flexible manufacturing capabilities and (iii) our reputation for quality and customer service enable us to compete effectively.

In addition, we face competitive risks from substitute products, such as plastics, and, to a lesser extent, composites and flexible packaging containers. During recent years, the steel container industry has experienced slight volume declines in certain product categories due to substitute products. Nonetheless, steel containers are the preferred package in the majority of our customers' markets. We believe this is primarily due to: (i) their price stability and competitiveness; (ii) the attractive strength and non-permeable characteristics of steel versus other materials, such as plastics; (iii) their lower storage and handling costs; (iv) their ability to hold highly volatile and solvent-based liquids; and (v) their fire safety characteristics. In addition, we believe steel containers are easier and less costly to recycle and have a higher rate of recycling than alternative materials.

One of the objectives of our recent acquisitions of general line rigid plastics container manufacturers was to mitigate competitive risk from plastic substitution. In addition, the broader product offering enables us to provide other products utilized by our existing customer base.

Plastics Packaging Segment (NAMPA Division)***Products and Markets***

We are the largest manufacturer of general line rigid plastic containers in the approximately \$1.0 billion North American market and we produce products in five broad categories: (1) open-head containers, (2) tight-head containers, (3) F-Style plastic bottles, (4) plastic drums and (5) plastic paint bottles.

The following table sets forth the approximate percentage of net sales of our plastics packaging segment for fiscal 2004 for open-head containers, tight-head containers and other (which includes F-Style plastic bottles, plastics drums and plastic paint bottles). We did not have any plastics sales in fiscal 2002 and plastics packaging segment sales were immaterial in fiscal 2003.

	Fiscal Year
Plastics Packaging Segment Principal Products	2004
Open-head containers	72%
Tight-head containers	12
Other containers	16

Edgar Filing: BWAY CORP - Form 10-K

Total	100%
-------	------

Open-head Containers. Open-head containers are injection-molded products made of high-density polyethylene (HDPE) that range in size from one gallon to seven gallons. They are used primarily by the paint and coating, petroleum, food, building materials, agricultural and janitorial supply industries. Open-head containers come in a variety of cover designs, including high stack, tear skirt, standard and lightweight. Our product line also offers a diverse array of cover types. The standard colors used are white or natural, with other colors also available.

Tight-head Containers. Tight-head containers are blow-molded products that range in size from 10 liters to seven gallons. They can be made either round or rectangular, and like open-head containers, they are made of HDPE. The containers are used primarily by the food, petroleum, agricultural, chemical, janitorial supply, beverage and coating industries. The containers come in both round and rectangular styles. Fittings

Table of Contents

include flex spout, a solid screw cap and a tamper evident screw cap, as well as custom fittings based upon customer requests. Embossments and mold options include an 18-millimeter screw top vent with cap, stacking lugs for most rectangular tight-head containers, graduation marks, and scoop bottom and tags in the top section. The standard colors used are white and natural, but other colors are available as well. The company's tight-head offering is lightweight, recyclable, offered in any color, stackable and easily transportable, and easily allows branded designs to be printed.

F-Style Plastic Bottles. F-Style plastic bottles are one-piece, blow molded HDPE containers that range in size from 1 gallon to 2.5 gallons. Their most common use is for storing and shipping fertilizers and pesticides for the crop protection industries. Standard colors for the F-Style containers are white and natural with other colors available.

Plastic Drums. Plastic drums are large transportable drums made from HDPE, fitted with a heavy-duty drain-free handling ring, a bottom hand well and flame treatment. They are made in both open-head and tight-head formats, and are most frequently used for shipping concentrate beverage syrup and chemicals. Sales in the plastic drum market, which is a \$175 million sector, constituted 8% of the plastic packaging segment's 2004 net sales. This product ranges in size from 9 gallon to 55 gallon containers. Standard colors used are blue, green and white.

Plastic Paint Bottles. We are the primary supplier to a leading paint manufacturer of an innovative plastic paint container made from HDPE that NAMPAC developed with the customer. We have a long-standing relationship with the customer, which also purchases other products from us, including metal packaging. The paint bottle we offer is proprietary to the customer and we cannot provide it to other paint manufacturers.

Customers

Our plastics packaging segment customers include some of the world's leading paint, food and industrial companies, several of which are also customers of our metal packaging segment. NAMPAC has long-term relationships with its customers and in many cases is the exclusive supplier of its customers' plastic packaging requirements.

NAMPAC maintains a diversified customer base, which is broadly distributed among industries as diverse as paint, food, construction, petroleum and chemicals. In addition, the company's customers are primarily non-cyclical industries, allowing NAMPAC to protect itself against unforeseen swings in the economy.

Manufacturing Process

We employ a manufacturing process that is similar for most of our plastic packaging products. The process begins by feeding HDPE resin into a resin mixer, adding in colorant and heating the mixture to approximately 550-degrees Fahrenheit; the mixture is then inserted into a mold and cooled. Once it has hardened, it is transported on a conveyor belt that decorates and assembles the molded products until a finished container is complete.

Edgar Filing: BWAY CORP - Form 10-K

Throughout the process, we maintain high standards of product quality by conducting extensive chemical, physical and visual inspections. Quality control personnel regularly review key aspects of production, testing both raw materials and finished goods and conducting extensive product and manufacturing process reviews.

Table of Contents

We use two major manufacturing processes to develop our plastic products: injection molding and blow molding. Injection molding is the dominant manufacturing process in this segment.

Injection molding is a plastic manufacturing process in which melted plastic is injected into a molding cavity and allowed to cool. Pressure is applied during the cooling process to ensure that all of the mold cavities have been filled, and once the plastic has hardened, the shaped product is ejected from the molding. Open-head containers, which account for approximately 72% of the plastics packaging segment net sales, are made by the injection molding process.

Blow molding is the process used to create tight-head containers and F-Style plastic bottles and is generally the process preferred for manufacturing hollow plastic containers with small openings. The process involves clamping down the ends of a softened tube of plastic, inflating the plastic from the inside against the mold and cooling the product to harden the plastic.

Raw Materials

The main raw material utilized in the plastics packaging segment is HDPE, a plastic resin used to produce rigid plastic packaging containers and materials. HDPE is particularly suitable for our plastic packaging products because of its strength, stiffness and resistance to chemicals and moisture. Furthermore, the product is relatively easy to process and form. HDPE resin constitutes approximately half of our plastics packaging segment total cost of products sold. As a commodity product, the resin is susceptible to price fluctuations. Resin prices have increased approximately 50% during the year.

In order to mitigate the impact of resin price fluctuations, we have written or informal agreements with our customers in which changes in resin cost are typically passed through to the customer. Most of these agreements are tied to specific chemical indices, such as the DeWitt Index, which provide a benchmark for the price of resin. As a result, some or all of the change in resin price is typically passed through to the customer, which is consistent with the industry.

Because HDPE is the primary plastic resin we use in the manufacture of our products, we are able to benefit from volume discounts from major HDPE suppliers. In addition, we employ a strategy to opportunistically purchase resin in discount markets, where resin can be bought below contract prices.

Competition

The sale of general line rigid plastic containers is very competitive. Competition is based primarily on service, manufacturing flexibility and price. We believe that (i) our low-cost, flexible manufacturing capacities, (ii) the close proximity of our manufacturing facilities to key customer locations and (iii) our reputation for quality and customer service enable us to compete effectively. We compete in injection molded open-head containers and blow molded tight-head containers, crop protection bottles, paint bottles and other products. We are currently the leading producer in North America of plastic paint bottles.

Table of Contents

Employees

As of October 3, 2004, we employed 2,469 hourly employees and 497 salaried employees. Of the 2,469 hourly employees, 1,796 are non-union and the remaining 673 are covered by nine separate collective bargaining agreements.

In accordance with the plan we announced in October 2004 to close certain plastics manufacturing facilities that became redundant as a result of the NAMPAC Acquisition, we have closed one manufacturing facility and will begin to terminate or relocate employees at the two remaining facilities through our second fiscal quarter of 2005. In total, approximately 100 employees will be affected. See Note 17 to the consolidated financial statements in Item 8 of this report.

During fiscal 2004, we entered into new collective bargaining agreements with four of the six collective bargaining units covering unionized employees in the metal packaging segment. We reached an agreement with Chicago Local 458-3M Graphic Communications Workers International Union at our Franklin Park, Illinois facility, which affects approximately 35 employees, for the period November 2003 through October 2006. We reached an agreement with Local 14-M of the Graphic Communication Workers International Union at our Trenton, New Jersey facility, which affects approximately 70 employees, for the period April 2004 through March 2008. We reached an agreement with Local 162 of the International Association of Machinists and Aerospace Workers Union District 34, which affects approximately 13 employees, for the period September 2004 through September 2008 and with Local 4372 of the United Steelworkers of America, AFL-CIO, which affects approximately 99 employees, for the period from April 2004 through April 2008, each at our Cincinnati, Ohio facility. In November 2003, eight non-union employees at our Franklin Park, Illinois facility voted to be represented by the Chicago Local 458-3M Graphic Communications Workers International Union; to date, a final agreement has not been reached with these employees.

We have three collective bargaining agreements covering employees in the plastics packaging segment. The agreement with employees at our Valparaiso, Indiana facility, which affects approximately 77 employees, becomes amendable in August 2005. The other two agreements become amendable after fiscal 2005.

While we consider relations with our employees to be good, we may not be able to negotiate new or collective bargaining agreements becoming amendable on the same or more favorable terms as the current agreements, or at all, and without production interruptions, including labor stoppages. A prolonged labor dispute, which could include a work stoppage, could adversely affect our ability to satisfy our customers requirements and could have a material adverse effect on our business, including our operating costs and results of operations.

Environmental, Health and Safety Matters

We are subject to a broad range of federal, state and local environmental, health and safety laws, including those governing discharges to air, soil and water, the handling and disposal of hazardous substances and the investigation and remediation of contamination resulting from the release of hazardous substances. We believe that we are currently in compliance with all applicable environmental, health and safety laws, though future expenditures may be necessary in order to maintain such compliance, including compliance with air emission control requirements for volatile organic compounds. In addition, in the course of our operations we use, store and dispose of hazardous substances. Some of our current and former facilities are currently involved in environmental investigations and remediation resulting from releases of hazardous substances or the presence of other constituents. While we do not believe that any investigation or identified remediation obligations will have a material adverse effect on our operating results or financial condition, there are no assurances that such obligations will not arise in the future. Many of our facilities have a history of industrial usage for which investigation and remediation obligations could arise in the future and which could have a material adverse effect on our operating results or financial condition.

We believe future expenditures will be necessary in order to comply with the recently enacted federal Maximum Achievable Control Technology (MACT) regulations that become effective in November 2006 related to air emission control requirements for Hazardous Air Pollutants (HAP) and volatile organic compounds.

Table of Contents

In the first quarter of fiscal 2004, we received information indicating that the State of Georgia may consider the Company a potentially responsible party (PRP) at a waste disposal site in Georgia. The basis for the our possible PRP status is based on documents indicating that waste materials were transported to the site from our Homerville, Georgia facility prior to our acquisition of the facility in 1989. Presently, we are unable to determine the amount or likelihood of any liability as a result of this information or the extent to which, if necessary, we are covered by the indemnification agreement of the prior owner of the facility.

From time to time, we receive requests for information or are identified as a PRP pursuant to the Federal Comprehensive Environmental Response, Compensation and Liability Act or analogous state laws with respect to off-site waste disposal sites utilized by its current or former facilities or its predecessors in interest. We do not believe that any of these identified matters will have a material adverse effect on our operating results or financial condition.

Reserves for environmental liabilities are recorded when environmental investigation and remediation obligations are probable and related costs are reasonably estimable. We had reserves of approximately \$0.2 million and \$0.6 million for environmental investigation and remediation obligations as of October 3, 2004 and September 28, 2003, respectively; however, we cannot guarantee that future expenditures will not exceed the amount reserved.

Item 2. Properties

The following table sets forth certain information with respect to our headquarters and manufacturing facilities as of December 1, 2004. We believe our properties are generally in good condition, well maintained and suitable for their intended use. We have not included in the following table any manufacturing facility that is held for sale, idle or otherwise not utilized by us in the production of our products.

- (1) Our owned manufacturing facilities are subject to a lien in favor of Deutsche Bank Trust Company Americas as collateral agent for the lenders under the Credit Facility.

We regularly evaluate our various manufacturing facilities in light of current and expected market conditions and demand, and may further consolidate our plant operations in the future.

Item 3. Legal Proceedings

We are involved in legal proceedings from time to time in the ordinary course of our business. No such currently pending proceedings are expected to have a material adverse effect on our financial condition or results of operations. We are also involved in certain proceedings relating to environmental matters as described under Item 1. Business - Environmental, Health and Safety Matters.

Item 4. Submission of Matters to a Vote of Security Holders

No matters were submitted during the fourth quarter of fiscal 2004 to a vote of our security holders through the solicitation of proxies or otherwise.

PART II

Item 5. Market for the Registrant's Common Equity and Related Stockholder Matters

There is no established public market for our common equity, which is held entirely by BCO Holding.

Table of Contents

We are prohibited from paying dividends pursuant to the credit agreement relating to our revolving credit facility and term loan and to the indenture relating to our 10% senior subordinated notes.

Item 6. Selected Financial Data

The following table sets forth our selected historical consolidated financial and operating data, which you should read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations included in Item 7 of this report and with our consolidated financial statements and related notes included in Item 8 of this report. The selected consolidated financial and other data as of and for each of the periods in the three-year period ended October 3, 2004 have been derived from our audited financial statements and related notes included in Item 8 of this report. The selected consolidated financial and other data as of and for each of the fiscal years in the two-year period ended September 29, 2001 have been derived from our audited financial statements and related notes which are not included in this report. All amounts are presented in thousands, except ratios and per share data. In the discussion that follows, the Transaction is defined in Item 1 of this report under Agreement and Plan of Merger.

- (1) We operate on a 52/53-week fiscal year ending on the Sunday closest to September 30 of the applicable year. Our financial statements for the periods presented include the operating results related to the assets we acquired from SST Industries on August 25, 2003 and for the NAMPAC Acquisition on July 7, 2004. Our NAMPAC subsidiary reports its operations on a calendar month basis and it has been consolidated as of September 30, 2004. NAMPAC had no material transactions between September 30, 2004 and October 3, 2004 that required adjustment in the consolidated financial statements.
- (2) Depreciation for fiscal 2000 and for fiscal 2002 includes an additional \$2.5 million and \$0.7 million, respectively, of depreciation related to shortened useful lives of certain computer systems.
- (3) Depreciation for the period from February 7, 2003 to September 28, 2003 and for fiscal 2004 includes an additional \$1.8 million and \$5.8 million, respectively, of depreciation related to shortened useful lives of certain long-lived assets, primarily equipment.
- (4) The fourth quarter of fiscal 2002 and the first quarter of fiscal 2003 include charges of \$1.5 million and \$1.4 million, respectively, for certain professional fees and other transaction costs relating to the Transaction.
- (5) The second quarter of fiscal 2000 includes a \$5.9 million restructuring and impairment charge related to the closing of two administrative offices, the termination of 89 employees and the write-down of equipment held for disposal.
- (6) The third quarter of fiscal 2001 includes a \$21.5 million restructuring and impairment charge related to the closing of two manufacturing facilities and the write-down of intangible assets and equipment held for disposal as a result of the closings.
- (7) The third quarter of fiscal 2002 includes an additional \$1.2 million restructuring charge related to the closing of one of our manufacturing facilities in the third quarter of fiscal 2001. See footnote (6) above.
- (8) The period from September 30, 2002 to February 6, 2003 includes a \$(0.5) million adjustment related to revised expectations of future lease payments for closed facilities.
- (9) The period from February 7 to September 28, 2003 and fiscal 2004 include charges of \$0.3 million and \$0.1 million, primarily for severance and benefits, related to the closing of our Picayune, Mississippi manufacturing facility.
- (10) Represents annual advisory fee paid to Kelso.
- (11) EBITDA represents net income (loss) before depreciation and amortization, interest expense, net and provision for (benefit from) income taxes, as shown in the table below. Restructuring and impairment charges (adjustments), financial advisory fees, other, net and merger-related transaction costs, collectively representing \$4.1 million, \$20.5 million, \$2.1 million, \$2.0 million, \$1.2 million and \$0.5 million, in fiscal 2000, 2001 and 2002, for the period from September 30, 2002 to February 6, 2003, for the period from February 7 to September 28, 2003 and fiscal 2004, respectively, have not been added back to net income (loss) for purposes of calculating EBITDA. In addition, \$13.1 million for the period from September 30, 2002 to February 6, 2003 consists of \$3.4 million included in cost of products sold (excluding depreciation and amortization) and \$9.7 million in selling and administrative expense, which, in total, represent \$12.6 million of compensation expense related to stock option payouts associated with the Transaction and \$0.5 million of other expense associated with the Transaction. The \$3.4 million for the period from February 7 to September 28, 2003 consists of \$2.5 million included in cost of products sold (excluding depreciation and amortization) and \$0.9 million in selling and administrative expense, which, in total, represents \$1.2 million in stock-based compensation and \$2.3 million in amortization of manufacturer's profit recorded in inventory primarily as a result of the Transaction. The \$1.5 million in fiscal 2004 consists of \$0.6 million in cost of products sold (excluding depreciation and amortization) and \$0.9 million in selling and administrative expense, which, in total, represents \$1.1 million in stock-based compensation and \$0.4 million in amortization of manufacturer's profit recorded in inventory as a result of the NAMPAC Acquisition. The \$13.1 million, \$3.4 million and \$1.5 million for the period from September 30, 2002 to February 6, 2003, for the period from February 7 to September 28, 2003 and for fiscal 2004, respectively, have not been added back to net income (loss) for purposes of calculating EBITDA.

Table of Contents

Although EBITDA is not a GAAP (as defined below) measurement, we present EBITDA because it is one of the measures upon which management assesses our financial performance. Management also believes that EBITDA, which is commonly used as a measure of performance of companies in our industry, is frequently used by securities analysts, investors and other interested parties to measure our ability to service our debt and to determine our financial performance. While providing useful information, EBITDA should not be considered in isolation or as a substitute for consolidated statement of operations and cash flows data prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) and should not be construed as an indication of a company's operating performance or as a measure of liquidity. Our definition of EBITDA is not calculated in the same way EBITDA is calculated under either the indenture governing the Notes or the Credit Facility. Also, such non-GAAP information presented by other companies may not be comparable to our presentation, since each company may define non-GAAP measures differently.

- (a) We operate on a 52/53-week fiscal year ending on the Sunday closest to September 30 of the applicable year. Our financial statements for the periods presented include the operating results related to the assets we acquired in from SST Industries on August 25, 2003 and for the NAMPAC Acquisition on July 7, 2004. Our NAMPAC subsidiary reports its operations on a calendar month basis and it has been consolidated as of September 30, 2004. NAMPAC had no material transactions between September 30, 2004 and October 3, 2004 that required adjustment in the consolidated financial statements.
- (b) Depreciation for fiscal 2000 and for fiscal 2002 includes an additional \$2.5 million and \$0.7 million, respectively, of depreciation related to shortened useful lives of certain computer systems.
- (c) Depreciation for the period from February 7, 2003 to September 28, 2003 and fiscal 2004 includes an additional \$1.8 million and \$5.8 million, respectively, of depreciation related to shortened useful lives of certain long-lived assets, primarily equipment.
- (12) EBITDA margin is defined as the ratio of EBITDA to net sales.
- (13) Investing activities for the period from February 7 to September 28, 2003 include the use of \$19.9 million in transaction costs related to the Transaction and \$23.2 million related to the SST Acquisition.
- (14) Investing activities in fiscal 2004 include the use of \$202.5 million, which is net of \$11.3 million cash acquired, related to the NAMPAC Acquisition.
- (15) Financing activities for the period from September 30, 2002 to February 6, 2003 include \$0.4 million in financing costs incurred related to the Transaction. Financing activities for the period from February 7 to September 28, 2003 include \$5.6 million in net cash provided from the Transaction and \$10.5 million in financing costs incurred related to the financing of the Transaction.
- (16) Financing activities for fiscal 2004 include the proceeds of a \$225.0 million term loan used, in part, to finance the NAMPAC Acquisition, \$30.0 million of additional capital contributed by BCO Holding and \$6.8 million in financing costs incurred related to the term loan and the refinancing of our Credit Facility.
- (17) For purposes of determining the ratio of fixed charges, earnings are defined as earnings (loss) before income taxes, plus fixed charges. Fixed charges include interest on all indebtedness, amortization of capitalized expenses related to indebtedness and one-third of rental

Edgar Filing: BWAY CORP - Form 10-K

expense on operating leases, which is representative of the interest factor. For fiscal 2000 and 2001, our fixed charges exceeded our earnings by \$3.3 million and \$22.2 million, respectively. For the period from September 30, 2002 to February 6, 2003, our fixed charges exceeded our earnings by \$13.9 million.

- (18) Total assets at the end of fiscal 2004 reflect the assets associated with the NAMPAC Acquisition.
- (19) Total debt at the end of fiscal 2004 reflects the debt incurred in financing the NAMPAC Acquisition.
- (20) Total debt includes capital lease obligations of \$0.3 million at the end of each of fiscal 2002 and 2003 and \$0.8 million at the end of fiscal 2004.

Table of Contents

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operation

The following discussion should be read in conjunction with our consolidated financial statements and related notes included in Item 8 of this report as well as with a general understanding of our business as discussed in Item 1 of this report.

Major Developments

NAMPAC Acquisition. On July 7, 2004, we acquired all of the issued and outstanding shares of stock of NAMPAC, a manufacturer of rigid plastic containers for industrial packaging markets. We paid approximately \$213.8 million in cash for the acquisition, which was funded by a \$30.0 million equity contribution from Kelso and certain members of our senior management and from a portion of the proceeds from a \$225.0 million term loan facility. The results of operations related to this acquisition are included in the consolidated financial statements from the date of acquisition.

SST Acquisition. On August 25, 2003, we acquired substantially all of the assets, including working capital, of SST Industries, a manufacturer of rigid plastic containers for industrial packaging markets. We paid approximately \$23.2 million in cash for the assets. The acquisition was financed with borrowings under our then existing revolving credit facility.

The SST and NAMPAC acquisitions enabled us to enter the general line rigid plastic containers market, which we believe is important to our growth, and these acquisitions enable us to provide our customers with a more diverse product offering.

Picayune Facility Closure. As we reported in our fiscal 2003 annual report, one of our largest customers, Folgers, converted the steel packaging requirements we supplied to an alternative package that we did not manufacture. The conversion was fully completed in fiscal 2004 resulting in a reduction of net sales of approximately \$48.0 million from fiscal 2003. We expect fiscal 2005 net sales to be reduced approximately \$12.0 million from fiscal 2004 related to our loss of this business. As a result of the Folgers' conversion, we closed our manufacturing facility in Picayune, Mississippi and relocated or terminated the workforce and disposed of, stored or transferred certain equipment to other manufacturing facilities.

Results of Operations

In the following discussion, comparisons are made between fiscal years 2004 and 2003 and between fiscal 2003 and fiscal 2002, notwithstanding the presentation in our consolidated statements of income for fiscal 2003 of the periods from September 30, 2002 to February 6, 2003 (Predecessor), and February 7, 2003 to September 28, 2003 (Successor). The beginning of the partial period ended September 28, 2003 coincides with the merger transaction dated February 7, 2003. We do not believe a discussion of the various periods presented for fiscal 2003 in the consolidated statements of income would be meaningful and, accordingly, we have prepared the discussion of our results of operations by comparing fiscal 2003 with each of fiscal 2004 and 2002 without regard to the differentiation between Predecessor and Successor results of operations for the periods ended February 6, 2003 and September 28, 2003.

Table of Contents

The following table reconciles the fiscal 2003 statements of operations with the discussion of the results of operations that follows.

	For the Periods From		Fiscal 2003 (Combined)
	February 7, 2003 to September 28, 2003 (Successor)	September 30, 2002 to February 6, 2003 (Predecessor)	
<i>(\$ in thousands)</i>			
Net sales	\$ 364,384	\$ 186,726	\$ 551,110

	<u> </u>	<u> </u>	<u> </u>	<u> </u>	<u> </u>	<u> </u>

As noted above under Major Developments, we acquired SST in August 2003 and acquired NAMPAC in July 2004. The following discussion refers to these two acquisitions as the Acquisitions.

Table of Contents*Net Sales.*

Net Sales by Segment	As a % of the Total					
	Fiscal Year		Change		Fiscal Year	
	2004	2003	\$	%	2004	2003
<i>(\$ in thousands)</i>						
Metal packaging	\$ 518,658	\$ 548,329	\$ (29,671)	(5.4)%	84.8%	99.5%
Plastics packaging	92,930	2,781	90,149		15.2	0.5
Consolidated net sales	\$ 611,588	\$ 551,110	\$ 60,478	11.0%	100.0%	100.0%

Net sales associated with our plastics packaging segment contributed approximately \$90.1 million in additional net sales in fiscal 2004 over fiscal 2003 as a result of the Acquisitions. The \$29.7 million decrease in metal packaging segment net sales is primarily a result of the loss of coffee container sales when Folgers switched to alternative packaging and to our intentional reduction in material center services sales to meet internal demand. Increases in other metal container sales and the pass through of steel surcharges partially offset these declines.

*Cost of Products Sold.***Cost of Products Sold by Segment**

Cost of Products Sold by Segment	As a % of the Total					
	Fiscal Year		Change		Fiscal Year	
	2004	2003	\$	%	2004	2003
<i>(excluding depreciation and amortization)</i>						
<i>(\$ in thousands)</i>						
Metal packaging	\$ 445,459	\$ 469,511	\$ (24,052)	(5.1)%	84.2%	98.3%
Plastics packaging	83,052	2,480	80,572		15.7	0.5
Segment CPS	\$ 528,511	471,991	\$ 56,520	12.0%	99.9%	98.8%
Corporate undistributed expenses	206	214	(8)	(3.7)	0.0	0.0
Acquisition related expenses	347	5,625	(5,278)	(93.8)	0.1	1.2
Consolidated CPS	\$ 529,064	\$ 477,830	\$ 51,234	10.7%	100.0%	100.0%

Segment cost of products sold (excluding depreciation and amortization) (CPS) increased \$56.5 million. As a percentage of consolidated net sales, segment CPS increased to 86.4% in fiscal 2004 from 85.6% in fiscal 2003. These changes are due to changes within the two segments as discussed below.

Edgar Filing: BWAY CORP - Form 10-K

Segment CPS from plastics packaging contributed approximately \$80.6 million in additional CPS in fiscal 2004 over fiscal 2003 as a result of the Acquisitions. Segment CPS from metal packaging decreased \$24.1 million from fiscal 2003 primarily due to the overall decrease in metal packaging sales partially offset by an increase in raw material costs associated with steel surcharges. The decrease in the metal packaging segment gross margin percentage from 14.4% in fiscal 2003 to 14.1% in fiscal 2004 is primarily a result of the increased raw material costs associated with the reduction in steel availability, which impacts production scheduling, the timing of steel surcharge pass through and higher costs associated with spot market purchases of steel.

Corporate undistributed expenses of \$0.2 million in each of fiscal 2004 and 2003 represents stock based compensation associated with options issued after the Transaction. Acquisition related expenses represent the recognition of manufacturer's profit in beginning inventory resulting from the NAMPAC Acquisition in fiscal 2004 and \$2.2 million related to the Transaction in fiscal 2003. Acquisition related expenses in fiscal 2003 also include \$3.4 million of expenses directly related to the Transaction, including \$2.9 million for the settlement of stock options.

Table of Contents*Depreciation and Amortization.***Depreciation and Amortization by Segment****As a % of the Total**

<u>(\$ in thousands)</u>	<u>Fiscal Year</u>		<u>Change</u>		<u>Fiscal Year</u>	
	<u>2004</u>	<u>2003</u>	<u>\$</u>	<u>%</u>	<u>2004</u>	<u>2003</u>
	Metal packaging	\$ 25,178	\$ 20,821	\$ 4,357	20.9%	79.4%
Plastics packaging	4,674	135	4,539		14.7	0.6
Segment D&A	\$ 29,852	20,956	\$ 8,896	42.5%	94.1%	91.4%
Corporate	1,872	1,970	(98)	(5.0)	5.9	8.6
Consolidated D&A	\$ 31,724	\$ 22,926	\$ 8,798	38.4%	100.0%	100.0%

Depreciation and amortization (D&A) associated with our plastics packaging segment increased \$4.5 million as a result of the Acquisitions. D&A associated with our metal packaging segment increased \$4.4 million, which includes an increase over fiscal 2003 of \$4.0 million in additional depreciation associated with the shortened useful lives on assets associated with the closure of our Picayune manufacturing facility.

*Selling and Administrative Expenses.***Selling and Administrative Expenses by Segment****As a % of the Total**

<u>(\$ in thousands)</u>	<u>Fiscal Year</u>		<u>Change</u>		<u>Fiscal Year</u>	
	<u>2004</u>	<u>2003</u>	<u>\$</u>	<u>%</u>	<u>2004</u>	<u>2003</u>
	Metal packaging	\$ 7,080	\$ 7,662	\$ (582)	(7.6)%	50.5%
Plastics packaging	1,579	128	1,451		11.2	0.5
Segment S&A	\$ 8,659	\$ 7,790	869	11.2%	61.7%	33.0%
Corporate undistributed expenses	5,381	6,068	(687)	(11.3)	38.3	25.8
Acquisition related expenses		9,692	(9,692)		0.0	41.2
Consolidated S&A	\$ 14,040	\$ 23,550	(9,510)	(40.4)%	100.0%	100.0%

Segment selling and administrative expenses (S&A) increased \$0.9 million which represents an increase in plastics packaging segment S&A of \$1.5 million associated with the Acquisitions and a decrease in metal packaging segment S&A of \$0.6 million primarily as a result of lower expenses in fiscal 2004 related to bonuses, bad debts and employee relocation expenses.

Corporate undistributed expenses include \$0.9 million in each of fiscal 2004 and 2003 related to stock based compensation associated with options issued after the Transaction. The net decrease in corporate undistributed S&A expenses of \$0.7 million is primarily a result of lower expenses in fiscal 2004 related to bonuses.

In fiscal 2003, acquisition related expenses in S&A represent expenses associated with the settlement of stock options directly related to the Transaction.

Merger-Related Transaction Costs. During fiscal 2003, we expensed \$2.5 million of merger-related transaction costs, which consisted primarily of professional fees related to the Transaction.

Restructuring and Impairment Charge (Adjustment). We recorded \$0.3 million in each of fiscal 2004 and 2003 in restructuring charges associated with the closure of our Picayune, Mississippi manufacturing facility as described above. Also included in fiscal 2003 was a \$(0.5) million restructuring adjustment representing a change in estimated future lease payments on closed facilities.

Interest Expense, Net. Included in fiscal 2003 interest expense, net, is \$8.7 million of Transaction related expenses as follows: \$5.1 million related to the tender, consent and redemption premiums and \$1.7 million related to the write-off of deferred financing fees, each associated with redemption of our \$100.0 million 10 1/4% Senior Subordinated Notes due 2007, and \$1.9 million related to the write-off of a bridge loan commitment fee, which was expensed when the bridge loan commitment expired, undrawn, at the closing of the Transaction. Included in fiscal 2004 interest expense, net, of \$1.3 million related to the write-off of deferred financing costs as a result of the refinancing of our revolving credit facility. Excluding the \$8.7 million in Transaction related interest in fiscal 2003 and the \$1.3 million of deferred financing cost write-off in fiscal 2004, interest expense, net, increased \$6.2 million in fiscal 2004 over fiscal 2003. Due to the immateriality of interest income, we present interest expense net of interest income.

As a result of the increase in senior subordinated debt from \$100.0 million to \$200.0 million in February 2003 to finance the Transaction, interest expense increased approximately \$3.9 million in fiscal 2004 over fiscal 2003. The remaining increase in interest expense, net, over fiscal 2003 relates to higher credit facility borrowings, including the term loan, in fiscal 2004 primarily associated with financing the Acquisitions.

Table of Contents

Financial Advisory Fees. This expense represents management fees paid to Kelso as part of a financial advisory agreement that became effective with the Transaction in the second quarter of fiscal 2003. Financial advisory fees will approximate \$0.5 million annually.

Other, Net. Other (income) expense of \$(0.3) million other income in fiscal 2004 relates to various items that are individually immaterial. Other (income) expense of \$0.6 million other expense in fiscal 2003 relates primarily to a loss on disposal of fixed assets.

Provision for (Benefit From) Income Taxes. The change in the provision for income taxes is a result of the change in net income before taxes as well as a change in the effective tax rate. The effective tax rate increased to 38.9% for fiscal 2004 from 29.3% for fiscal 2003. The effective tax rate for fiscal 2003 on a combined basis is impacted by the treatment of certain Transaction related items in the Predecessor 2003 period. The effective tax rate for Successor 2003 was 37.1%.

Fiscal Years 2003 and 2002

The following table sets forth changes in our statements of operations and line items as a percentage of net sales for the fiscal years ended September 28, 2003 (fiscal 2003) and September 29, 2002 (fiscal 2002). Due to the immateriality and nonexistence of our plastics packaging segment in fiscal 2003 and 2002, respectively, we do believe a discussion of our results of operations by segment for those years would be meaningful. However, we have discussed changes, as appropriate, resulting from the SST Acquisition, which occurred in August 2003.

(\$ in thousands)	Fiscal Year		Change		As a % of Net Sales	
	2003	2002	\$	%	2003	2002
Net sales	\$ 551,110	\$ 527,601	\$ 23,509	4.5%	100.0%	100.0%
Cost of products sold (excluding depreciation and amortization)	477,830	456,788	21,042	4.6%	86.7%	86.6%
Gross margin	73,280	70,813	2,467	3.5%	13.3%	13.4%
Depreciation and amortization	22,926	19,582	3,344	17.1%	4.2%	3.7%
Selling and administrative expense	23,550	14,179	9,371	66.1%	4.3%	2.7%
Merger-related transaction costs	2,488	1,478	1,010	68.3%	0.5%	0.3%
Restructuring and impairment charge (adjustment)	(200)	1,250	(1,450)	(116.0)%		0.2%
Interest expense, net	28,125	13,109	15,016	114.5%	5.1%	2.5%
Financial advisory fees	349		349		0.1%	
Other, net	573	(597)	1,170	(196.0)%	0.1%	(0.1)%
Income (loss) before income taxes	(4,531)	21,812	(26,343)	(120.8)%	(0.8)%	4.1%
Provision for (benefit from) income taxes	(1,329)	9,556	(10,885)	(113.9)%	(0.2)%	1.8%
Net income (loss)	\$ (3,202)	\$ 12,256	\$ (15,458)	(126.1)%	(0.6)%	2.3%

Edgar Filing: BWAY CORP - Form 10-K

Net Sales. The increase in net sales results primarily from new business and higher market shares gained by the Company during the fiscal year, particularly in paint and aerosol cans, and, to a lesser extent, from the SST Acquisition on August 25, 2003.

Cost of Products Sold. Excluding \$5.6 million in Transaction costs, which include the settlement of outstanding options, the recognition of manufacturer's profit in beginning inventory, and \$0.2 million in stock-based compensation, CPS as a percentage of net sales for fiscal 2003 decreased to 85.6% from 86.7% for fiscal 2002. This decrease in CPS, excluding Transaction costs and stock-based compensation, reflects continued improvements in overall productivity and cost.

Table of Contents

Depreciation and Amortization. Fiscal 2002 included \$2.3 million of goodwill amortization that was not recorded in fiscal 2003 due to our adoption of Statement of Financial Accounting Standards (SFAS) 142 *Goodwill and Other Intangible Assets* at the beginning of fiscal 2003. During fiscal 2003, D&A increased by \$4.7 million due to increased asset values as a result of the Transaction. Fiscal 2003 also includes \$1.8 million of additional depreciation for shortened useful lives on assets to be disposed of in connection with the planned closure of our Picayune, Mississippi manufacturing facility in fiscal 2004.

Selling and Administrative Expenses. Included in fiscal 2003 S&A was \$9.7 million of stock option payout expense related directly to the Transaction and \$0.9 million of compensation expense related to stock options issued during fiscal 2003. Excluding the effect of the stock option related expenses, S&A for fiscal 2003 decreased \$1.2 million to \$12.0 million generally as a result of ongoing cost reduction initiatives.

Merger-Related Transaction Costs. During fiscal 2003 and fiscal 2002, we expensed \$2.5 million and \$1.5 million, respectively, of merger-related transaction costs, which consisted primarily of professional fees related to the Transaction.

Restructuring and Impairment Charge (Adjustment). During fiscal 2002, we recorded a \$1.2 million restructuring charge related to ongoing lease payments for a plant in Elizabeth, New Jersey. Included in fiscal 2003 was a \$(0.5) million restructuring adjustment representing a change in estimated future lease payments on closed facilities. During the fourth quarter of fiscal 2003, we recorded a \$0.3 million restructuring charge in association with the closure of our Picayune, Mississippi manufacturing facility as described above.

Interest Expense, Net. Interest expense, net, in fiscal 2003 includes \$8.7 million of Transaction related expenses as follows: \$5.1 million related to the tender, consent and redemption premiums and \$1.7 million related to the write-off of deferred financing fees, each associated with redemption of our \$100.0 million 10 1/4% Senior Subordinated Notes due 2007, and \$1.9 million related to the write-off of a bridge loan commitment fee, which was expensed when the bridge loan commitment expired, undrawn, at the closing of the Transaction. Excluding the \$8.7 million in Transaction related interest, interest expense, net, increased \$6.3 million in fiscal 2003 over fiscal 2002, primarily related to higher debt associated with financing the Transaction.

As a result of the increase in senior subordinated debt from \$100.0 million to \$200.0 million in fiscal 2003 to finance the Transaction, annual interest expense will increase approximately \$9.8 million annually. In fiscal 2003, interest expense on the \$200 million Senior Subordinated Noted due 2010 was included in interest expense from February 7, 2003.

Financial Advisory Fees. These represent fees paid to Kelso as part of a financial advisory agreement that became effective with the Transaction. Financial advisory fees will approximate \$0.5 million annually. There were no comparable financial advisory fees in fiscal 2002.

Other, Net. Other expense of \$0.6 million in fiscal 2003 related primarily to loss on disposal of fixed assets.

Provision for (Benefit From) Income Taxes. The change in the provision for income taxes in fiscal 2003 from fiscal 2002 resulted from changes in income (loss) before income taxes (based on the factors discussed above) and from changes in effective tax rates.

Seasonality

Sales of certain of our products are to some extent seasonal, with sales levels generally higher in the second half of our fiscal year due primarily to higher demand for paint and related products during warmer periods. On an aggregate basis, however, our sales have not been significantly affected by seasonality.

Liquidity and Capital Resources

The NAMPAC Acquisition required total cash of approximately \$213.8 million, which was used to acquire all of the outstanding NAMPAC stock. The cash requirements for the NAMPAC Acquisition were funded, in part, by a \$30.0 million equity contribution (through BCO Holding) from affiliates of Kelso, other existing equity investors and certain members of our senior management and from a portion of the proceeds from the Term Loan (as defined below).

Table of Contents

In connection with the NAMPAC Acquisition, we entered into a \$255.0 million credit facility with various lenders and Deutsche Bank Trust Company Americas, as administrative agent. The credit facility consists of (a) a \$225.0 million term loan facility (the Term Loan), which matures June 30, 2011 (or April 15, 2010, if all of the Notes, including any additional notes issued under the related indenture, have not been refinanced as of April 15, 2010 upon the terms specified in the credit agreement) and (b) a \$30.0 million revolving credit facility (the Revolver), which matures June 30, 2009 (the Term Loan and Revolver, collectively, the Credit Facility).

The Transaction required total cash of approximately \$306.8 million, which was used to fund the cash consideration paid to the Predecessor stockholders and option holders under the merger agreement, repay the debt existing on February 6, 2003, including our 10¼% \$100 million senior subordinated notes due 2007, and pay fees and expenses associated with the Transaction. The cash requirements of the Transaction were financed through an equity financing of \$80.0 million by outside equity investors including affiliates of Kelso, borrowings of approximately \$25.0 million under our then existing credit facility and \$200.0 million of proceeds from the offering of our 10% Senior Subordinated notes due 2010. In addition, in connection with the Transaction, certain of the Predecessor stockholders and option holders exchanged BWAY stock and options valued at approximately \$20.3 million for BCO Holding stock and options.

Our cash requirements for operations and capital expenditures during fiscal 2004 and fiscal 2003 were primarily financed through internally generated cash flows and borrowings under our revolving credit facility. During fiscal 2004, cash and cash equivalents increased \$27.1 million and net credit facility borrowings decreased \$17.2 million. We had no Revolver borrowings outstandings at October 3, 2004.

Of the \$225.0 million initially borrowed under the Term Loan, we made a voluntary prepayment of \$10.0 million in September 2004 leaving a balance of \$215.0 million outstanding at October 3, 2004. Subsequent to year-end in December 2004, we made additional voluntary prepayments of \$19.1 million and a mandatory repayment of \$0.6 million, which represents the proceeds from an asset sale. Repayments on the Term Loan, whether scheduled or voluntary, permanently reduce the loan.

Interest accrues on the Term Loan and the Revolver at an applicable margin plus either (a) a base rate (which is the higher of prime or 0.5% in excess of the overnight federal funds rate) or (b) a Eurodollar rate. For the Term Loan, the applicable margins are initially fixed at 1.25% for base rate loans and at 2.25% for Eurodollar rate loans, and range down to 1.00% and 2.00%, respectively, based upon meeting specified consolidated leverage ratio targets. For the Revolver, the applicable margins are initially fixed at 1.75% for base rate loans and 2.75% for Eurodollar rate loans, and range down to 1.00% and 2.00%, respectively, based upon meeting specified consolidated leverage ratio targets. Borrowing at the base rate or the Eurodollar rate is at our discretion. After December 31, 2004, rate margins are subject to quarterly change based on our ratio of Consolidated Indebtedness to Consolidated EBITDA (earnings before interest, taxes, depreciation and amortization), each as defined in the underlying credit agreement.

At October 3, 2004, we had \$5.5 million in standby letter of credit commitments that reduced our available borrowings under the Revolver to \$24.5 million. At October 3, 2004, we did not have any outstanding Revolver borrowings.

The following table presents financial information on our cash flows and changes in cash and cash equivalents for the fiscal years 2004, 2003 and 2002:

<i>(\$ in thousands)</i>	Fiscal Year		
	2004	2003	2002

Edgar Filing: BWAY CORP - Form 10-K

Net cash provided by operating activities	\$ 45,098	\$ 28,280	\$ 46,063
Net cash used in investing activities	(220,857)	(56,588)	(9,528)
Net cash provided by (used in) financing activities	202,836	9,066	(17,330)
Net increase (decrease) in cash and cash equivalents	27,077	(19,242)	19,205
Cash and cash equivalents, end of period	\$ 27,325	\$ 248	\$ 19,490

Table of Contents

Net income (loss), adjusted for depreciation, amortization of other intangibles and deferred financing costs, the write-off of deferred financing costs and stock-based compensation expense, provided cash from operating activities of \$41.8 million and \$26.0 million in fiscal 2004 and 2003, respectively. Cash from operating activities was also provided by decreases in inventories (\$7.5 million) and income tax refunds, net of payments (\$2.5 million) in fiscal 2004 and by an increase in accrued liabilities (\$18.8 million) in fiscal 2003. Cash used in operating activities was primarily used to decrease accounts payable (\$9.8 million and \$6.5 million in fiscal 2004 and 2003, respectively). A further use of operating cash in fiscal 2003 was the payment of income taxes (\$7.7 million).

Net cash used in investing activities for capital expenditures was \$19.1 million and \$13.5 million in fiscal 2004 and 2003, respectively. We used cash for investing activities of approximately \$202.5 million, which is net of \$11.3 cash acquired, for the NAMPAC Acquisition and \$23.2 million for the SST Acquisition in fiscal 2004 and 2003, respectively. In fiscal 2004, we received approximately \$0.2 million for working capital adjustments related to the SST Acquisition. In fiscal 2003, we also used \$19.9 million for merger costs associated with the Transaction. Increased capital expenditures in fiscal 2004 related primarily to investments in capacity to support new business and capital spending associated with the Acquisitions.

Net cash provided by financing activities was primarily from the Term Loan proceeds of \$225.0 million and the \$30.0 million capital contribution from our parent, BCO Holding, in fiscal 2004. The primary uses of cash for financing activities in fiscal 2004 were to repay all outstanding borrowings under our then existing revolving credit facility (\$17.2 million), to repay a portion of the Term Loan (\$10.0 million), to decrease unrepresented bank drafts (\$18.1 million) and to pay for financing costs associated with the new Credit Facility (\$6.8 million).

In fiscal 2003, net cash provided by financing activities was primarily from proceeds from the Notes (\$200.5 million) and the issuance of capital stock to BCO Holding (\$80.0 million), each as part of the Transaction, and net borrowings under our then existing revolving credit facility (\$17.2 million). In fiscal 2003, the primary use of cash in financing activities was to extinguish our 10 ¼% senior subordinated notes due 2007 (\$100.0 million), to redeem Predecessor stock and options at the closing of the Transaction (\$175.9 million) and to pay for financing costs associated with the Notes and amendments to our then existing credit facility (\$10.9 million).

The indenture contains covenants that, among other things, limit our ability (and some or all of our subsidiaries) to: incur additional debt, pay dividends or distributions on our capital stock or to repurchase our capital stock, make certain investments, create liens on our assets to secure debt, engage in transactions with affiliates, merge or consolidate with another company and transfer and sell assets. These covenants are subject to a number of important limitations and exceptions.

At October 3, 2004, we were in compliance with all applicable covenants contained in each of the indenture and the credit agreement.

We expect that cash provided from operations and available borrowings under the Revolver will provide sufficient working capital to operate our business, to make expected capital expenditures and to meet foreseeable liquidity requirements, including debt service on the Notes in the next 12 months. However, we cannot provide assurance that our business will generate sufficient cash flows or that future borrowings will be available in an amount sufficient to enable us to service our debt, including the Notes, or to fund our other liquidity needs in the long term.

Table of Contents**Off-Balance Sheet Arrangements**

None.

Contractual Obligations and Commercial Commitments

The following table summarizes our significant contractual obligations as of October 3, 2004:

(\$ in millions)	Payments Due by Period				
	Total	Less than 1 year	1-3 years	3-5 years	More than 5 years
Contractual Obligations					
Long-term debt obligations (1)(2)(3)	\$ 415.0	\$ 19.7	\$	\$ 1.1	\$ 394.2
Interest on senior subordinated notes	130.0	20.0	40.0	40.0	30.0
Operating and capital lease obligations	62.0	10.0	19.2	13.5	19.3
Other long-term liabilities (4)	16.1	1.0	2.6	2.9	9.6
Total	\$ 623.1	\$ 50.7	\$ 61.8	\$ 57.5	\$ 453.1

- (1) Includes \$200.0 million in principal amount of our 10% Senior Subordinated Notes due 2010 and \$215.0 million of outstanding Term Loan borrowings. There are no outstanding Revolver borrowings. In the event of a continuing event of default (as defined in the credit facility agreement), the agent could declare outstanding borrowings immediately due and payable and/or may terminate any future borrowings under the facility. As of October 3, 2004, we had borrowing capacity under the Revolver of approximately \$24.5 million. The Revolver expires June 30, 2009; the Term Loan has scheduled quarterly repayments due with final maturity on June 30, 2011; however, due to prepayments of the Term Loan in fiscal 2004 and subsequently in December 2004, our next scheduled quarterly repayment is not due until June 2008. Repayments whether scheduled or prepaid permanently reduce the Term loan.
- (2) The \$19.7 million of payments due less than one year represents voluntary prepayments of \$19.1 million and a required prepayment of \$0.6 million (due to an asset sale) on the Term loan.
- (3) In the event of a continuing event of default (as defined in the indenture governing the Notes), the trustee or holders of 25% of the outstanding principal could declare the principal and accrued interest on all the notes to be immediately due and payable. In the event of a change in control (as defined in the indenture governing the Notes), each holder of notes shall have the right to require us to purchase all or a portion of the holder's notes at 101% of the principal amount thereof plus accrued and unpaid interest to the date of purchase. As of October 3, 2004, \$200.0 million in principal amount was outstanding.
- (4) Other long-term obligations include certain future payments related to supplemental executive retirement benefit obligations for certain of our current and retired executives, pension liabilities and other postretirement benefits. The amounts shown in the table are the maximum future benefit payments subject to certain actuarial assumptions regarding life expectancy, which differ from the actuarially determined liability related to these obligations recorded in the financial statements. The current and long-term actuarially determined amounts are included in our consolidated balance sheet in Other Current Liabilities and Other Long-Term Liabilities, respectively, as of October 3, 2004.

At October 3, 2004, we had standby letters of credit, which expire in less than one year, in the aggregate amount of approximately \$5.5 million in favor our workers' compensation insurers and purchasing card vendor. The standby letters of credit reduce the borrowing capacity under the Revolver, and at October 3, 2004 only \$24.5 million of the \$30.0 million facility was available.

Effect of Inflation

Historically, in certain circumstances, we have been able to pass through price increases in our primary raw materials (steel and resin) to our customers. Although we generally have been able to increase the price of our products to reflect increases in the price of these raw materials, we cannot rely on our ability to do so in the future. However, we believe that inflation in the near term will not have a material adverse impact on us.

Table of Contents**Recent Accounting Pronouncements**

In December 2003, the FASB issued SFAS No. 132 (revised 2003), *Employers' Disclosures about Pensions and Other Postretirement Benefits* an amendment of FASB Statements No. 87, 88, and 106. The Statement revises employers' disclosures about pension plans and other postretirement benefit plans requiring additional disclosures relating to assets, obligations, cash flows and net periodic benefit cost of defined benefit pension plans and other defined benefit postretirement plans. The revision did not change the measurement or recognition of those plans required by SFAS No. 87, *Employers' Accounting for Pensions*, SFAS No. 88, *Employers' Accounting for Settlements and Curtailments of Defined Benefit Pension Plans and for Termination Benefits*, and SFAS No. 106, *Employers' Accounting for Postretirement Benefits Other Than Pensions*. The revised Statement is effective for financial statements with fiscal years ending after December 15, 2003. See Note 12 to the consolidated financial statements included in Item 8 of this report for the required annual disclosures.

In December 2003, the FASB issued a revision to FASB Interpretation No. 46 (FIN 46-R), *Consolidation of Variable Interest Entities*. FIN 46-R is an Interpretation of Accounting Research Bulletin No. 51, *Consolidated Financial Statements and addresses consolidation by business enterprises of variable interest entities (VIEs)*. The revision clarifies the definition of a business by providing a scope exemption that eliminates the overly broad definition in the original release that potentially could have classified any business as a VIE. The revision delayed the effective date of the Interpretation from the first reporting period following December 15, 2003 to the first reporting period ending after March 15, 2004. The revision was effective in our second quarter of fiscal 2004. We have not identified any VIEs and, accordingly, the application of this Interpretation has not affected our results of operations or financial position.

The FASB issued FASB Staff Position (FSP) No. 106-1, *Accounting and Disclosure Requirements Related to the Medicare Prescription Drug, Improvement and Modernization Act of 2003* (FSP 106-1) in January 2004. The Medicare Prescription Drug, Improvement and Modernization Act of 2003 (the Medicare Act) introduced a prescription drug benefit under Medicare and a federal subsidy to sponsors of health care benefit plans in certain circumstances. FSP 106-1 permits a sponsor of a postretirement health care plan that provides a prescription drug benefit to make a one-time election to defer accounting for the Medicare Act. We elected to defer accounting for the Medicare Act.

In May 2004, the FASB issued FSP 106-2, *Accounting and Disclosure Requirements Related to the Medicare Prescription Drug, Improvement and Modernization Act of 2003* (FSP 106-2). FSP 106-2 is effective for the first interim or annual period beginning after June 15, 2004 and supercedes FSP 106-1. The effects of the Medicare Act were not considered to be a significant event and, therefore, were not incorporated in our October 3, 2004 measurement of plan obligations. See Note 12 to the consolidated financial statements included in Item 8 of this report.

In November 2004, the FASB issued SFAS 151, *Inventory Costs* an amendment of ARB No. 43, Chapter 4. The Statement amends the guidance of ARB No. 43, Chapter 4, *Inventory Pricing*, by clarifying that abnormal amounts of idle facility expense, freight, handling costs, and wasted materials (spoilage) should be recognized as current-period charges and by requiring the allocation of fixed production overheads to inventory based on the normal capacity of the production facilities. The Statement is effective for us beginning in fiscal 2006.

In December 2004, the FASB issued a revision to SFAS 123 (revised 2004), *Share-Based Payment*. The revision requires all entities to recognize compensation expense in an amount equal to the fair value of share-based payments granted to employees. The statement eliminates the alternative method of accounting for employee share-based payments previously available under APB 25. The Statement is effective for us beginning in our fourth quarter of fiscal 2005.

Critical Accounting Policies

Edgar Filing: BWAY CORP - Form 10-K

Our consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, or GAAP, which often require the judgment of management in the selection and application of certain accounting principles and methods. We believe that the quality and reasonableness of our most critical policies enable the fair presentation of our financial position and results of operations. However, investors are cautioned that the sensitivity of financial statements to these methods, assumptions and estimates could create materially different results under different conditions or using different assumptions.

In response to the SEC's Release No. 33-8040, *Cautionary Advice Regarding Disclosure About Critical Accounting Policies*, we have identified the following as the most critical accounting policies upon which our financial status depends. These critical policies were determined by considering accounting policies that involve the most complex or subjective decisions or assessments. Our most critical accounting policies are as follows:

Revenue Recognition. We recognize revenue when products are shipped and title and risk of loss pass to our customers. Provisions for discounts, returns, allowances, customer rebates and other adjustments are provided for in the same period as the related revenues are recorded.

Table of Contents

Accounts Receivable. We estimate allowances based on the aging of accounts receivable and customer creditworthiness. Allowances are also provided for amounts in dispute with customers. Our estimate of the allowance amounts that are necessary includes amounts for specifically identified losses and an amount for other estimated losses. The determination of the amount of the allowance accounts is subject to significant levels of judgment and estimation by management. If circumstances change or economic conditions deteriorate, we may need to increase the allowance for doubtful accounts.

Inventories. Inventories are carried at the lower of cost or market, with the cost of the majority determined under the last-in, first-out, or LIFO, method of inventory valuation. We estimate reserves for inventory obsolescence and shrinkage based on inventory aging and our judgment of future realization. Projected inventory losses are recognized at the time the loss is probable rather than when the goods are ultimately sold.

Accrued Rebates. We enter into contractual agreements with our customers for rebates on certain products. We accrue a provision for these rebates and take a charge against net sales in the same period as the associated revenue is recognized.

Long-lived Assets. We review long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of any asset may not be recoverable based on estimates of future undiscounted cash flows. In the event of impairment, the asset is written down to its fair market value. A write-down, if any, is measured based on estimates of future undiscounted cash flows. Assets to be disposed of are recorded as of the date management commits to a plan of disposal at the lower of net book value or fair market value less cost to sell and are reclassified to other current assets on the consolidated balance sheet.

In addition, depreciation and amortization expense is affected by our determination of the estimated useful lives of the related assets. We determined estimated useful lives of our fixed assets and finite lived intangible assets based on the type and expected usage of the asset.

Goodwill and Other Intangible Assets. Our intangible assets consist of identifiable intangibles (tradenames, customer relationships and covenants not-to-compete) and goodwill. We amortize finite-lived, identifiable intangible assets over their remaining useful lives in proportion to the underlying cash flows that were used in determining the acquired value. Finite lived identifiable intangible assets are tested for impairment as noted above for long-lived assets. Indefinite-lived identifiable intangibles and goodwill are not amortized, but tested for impairment at least annually at the end of our eleventh fiscal month (approximately August 30).

We have two reporting units that have assigned goodwill: BWAY Packaging Division and NAMPAC Division. Our methodology for estimating the fair value of each reporting unit primarily considers discounted future cash flows. If the fair value of a reporting unit exceeds its carrying value, then no further testing is required. If the carrying value of a reporting unit exceeds its fair value, however, a second step is required to determine the amount of the impairment charge, if any. An impairment charge is recognized if the carrying value of a reporting unit's goodwill exceeds its implied fair value.

We perform our impairment test for our indefinite-lived intangible assets by comparing the fair value of each indefinite-lived intangible asset to its carrying value. The fair value of the asset is estimated based on its discounted future cash flows. We recognize an impairment charge if the carrying value of the asset unit exceeds its estimated fair value.

Commodity Risk

We are subject to various risks and uncertainties related to changing commodity prices for and the availability of the materials used in the manufacture of our products (primarily steel and resin).

Environmental Matters

For information regarding environmental matters, see Item 1. Business - Environmental, Health and Safety Matters.

Table of Contents

Item 7A. Quantitative and Qualitative Disclosures about Market Risk

The fair value of our outstanding 10% Senior Subordinated Notes due 2010 is exposed to the market risk of interest rate changes. Our cash flows and earnings are also exposed to the market risk of interest rate changes resulting from variable rate borrowings under our credit facility.

Borrowings under the Credit Facility bear interest on the outstanding Term Loan and the Revolver borrowings at an applicable margin plus either (a) a base rate (which is the higher of prime or 0.5% in excess of the overnight federal funds rate) or (b) a Eurodollar rate. For the Term Loan, the applicable margins are initially fixed at 1.25% for base rate loans and at 2.25% for Eurodollar rate loans, and range down to 1.00% and 2.00%, respectively, based upon meeting specified consolidated leverage ratio targets. For the Revolver, the applicable margins are initially fixed at 1.75% for base rate loans and 2.75% for Eurodollar rate loans, and range down to 1.00% and 2.00%, respectively, based upon meeting specified consolidated leverage ratio targets. Borrowing at the base rate or the Eurodollar rate is at our discretion. After December 31, 2004, rate margins are subject to quarterly change based on our ratio of Consolidated Indebtedness to Consolidated EBITDA (earnings before interest, taxes, depreciation and amortization), each as defined in the underlying credit agreement.

At October 3, 2004, we had Term Loan borrowings of \$215.0 million that were subject to interest rate risk. Each 100 basis point increase in interest rates relative to these borrowings would impact annual pretax earnings and cash flows by approximately \$2.2 million based on the October 3, 2004 debt level. There were no outstanding borrowings at October 3, 2004 under the Revolver.

Our annual purchases of equipment and spare and/or replacement parts from foreign suppliers in transactions denominated in foreign currencies are not material and we do not believe we are exposed to a material market risk of exchange rate changes related to fluctuations in the value of these foreign currencies in relation to the U.S. Dollar.

We do not enter into derivatives or other market risk-sensitive instruments to hedge interest rate or exchange rate risk or for trading purposes.

Item 8. Financial Statements and Supplementary Data

See the attached Consolidated Financial Statements on pages F-1 through F-39.

Item 9. Changes in and Disagreements With Accountants on Accounting and Financial Disclosure

None.

Item 9A. Controls and Procedures

Edgar Filing: BWAY CORP - Form 10-K

We periodically review the design and effectiveness of our disclosure controls and internal control over financial reporting, including compliance with various laws and regulations that apply to our operations. We make modifications to improve the design and effectiveness of our disclosure controls and internal control structure, and may take other corrective action, if our reviews identify a need for such modifications or actions. In designing and evaluating the disclosure controls and procedures and internal control of financial reporting, we recognize that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives.

An evaluation was carried out under the supervision and with the participation of our management, including the Chief Executive Officer (CEO) and Chief Financial Officer (CFO), of the effectiveness of our disclosure controls and procedures. Based on that evaluation, the CEO and CFO have concluded that as of October 3, 2004, our disclosure controls and procedures are effective to provide reasonable assurance that information required to be disclosed by us in reports that we file or submit under the Securities Exchange Act of 1934 is recorded, processed, summarized and timely reported as provided in the Securities and Exchange Commission rules and forms. No changes occurred during the quarter ended October 3, 2004 in our internal controls over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Table of Contents

Item 9B. Other Information

None.

PART III

Item 10. Directors and Executive Officers of the Registrant

Our by-laws provide that the size of the Board of Directors (the Board) shall be fixed from time to time by resolution of the Board and that the remaining directors may fill vacancies on the Board. The Board currently consists of six directors. Each director elected shall hold office until a successor is duly elected and qualified or until his or her earlier death, resignation or removal as provided in the by-laws.

The Board has determined that each director serving on its audit committee is an independent financial expert in accordance with Item 401(h) of Regulation S-K. The Board determined independence as the term is defined in the listing requirements of the New York Stock Exchange.

We have adopted a code of ethics that applies to our executive officers, including, but not limited to, our chief executive and chief financial officers, and to other members of management.

The following sets forth certain information as of December 1, 2004 with respect to BWAY's Board and to certain of its officers (including all executive officers), who serve at the discretion of the Board.

Directors

Jean-Pierre M. Ergas

Age: 65

Jean-Pierre M. Ergas became our chairman and chief executive officer in January 2000. Mr. Ergas has served as one of our directors since August 1995 and served as our board's vice chairman from July 1999 to December 1999. Mr. Ergas has also previously served as executive vice president, Europe of Alcan Aluminum Limited, president of Alcan Europe Limited, executive chairman of British Alcan Aluminum plc. and chief executive officer of Alcan Deutschland GmbH from June 1996 to December 1999. Mr. Ergas served as senior advisor to the chief executive officer of Alcan Aluminum Limited from January 1995 to June 1996 and served as a trustee of DePaul University from February 1994 to December 1994. Prior thereto, Mr. Ergas served as senior executive vice president of Pechiney S.A. and as a member of the Pechiney Group executive committee from 1987 to January 1994 and also held several management positions with various subsidiaries of Pechiney S.A., serving as: chief executive officer of American National Can Company from 1989 to January 1994 and chairman of the board from 1991 to January 1994; chief executive officer of Cegedur Pechiney from 1982 to 1988 and chairman of the board from 1987 to 1988; chief executive officer of Cebal S.A. from 1974 to 1982 and chairman of the board during 1982; and marketing manager for Pechiney Aluminum from 1967 to 1974. Mr. Ergas is a trustee of DePaul and AUP Universities and a director of Dover Corporation and Compagnie Plastic Omnium.

Warren J. Hayford

Age: 75

Warren J. Hayford became the non-executive vice-chairman of our board in December 1999. From 1989 until December 1999, Mr. Hayford served as our chief executive officer and our board's chairman. Mr. Hayford has held a number of senior positions within the packaging industry over the past 35 years including president and chief operating officer of Gaylord Container Corporation, a manufacturer of paper packaging products, 1986 to 1988, and vice chairman of Gaylord Container, 1988 through 1992. Prior to Gaylord Container, Mr. Hayford served as president and a director of Gencorp, Inc., president and a director of Navistar International Corporation and executive vice president and a director of the Continental Group, Inc.

David I. Wahrhaftig

Age: 47

David I. Wahrhaftig became one of our directors in February 2003. Mr. Wahrhaftig joined Kelso in 1987 and has served as a managing director since 1998. Prior to becoming a managing director of Kelso, he was a vice president. Mr. Wahrhaftig is also a director of Consolidated Vision Group, Inc., Earle M. Jorgensen Company and Endo Pharmaceuticals, Inc.

Table of Contents

Thomas R. Wall, IV

Age: 46

Thomas R. Wall, IV became one of our directors in February 2003. Mr. Wall joined Kelso in 1983 and is currently a managing director. Mr. Wall spent the previous three years as a lending officer in the corporate division of Chemical Bank, where his responsibilities included the analysis and evaluation of lending proposals for numerous leveraged buyouts. Mr. Wall received a B.S. in Business Administration with special attainments in commerce from Washington & Lee University. He is a director of Citation Corporation, Consolidated Vision Group, Inc., Endurance Business Media, Inc. and Mitchell Supreme Fuel Company. Mr. Wall is also a Trustee of Choate Rosemary Hall.

David M. Roderick

Age: 80

David M. Roderick became one of our directors in May 2003. Mr. Roderick has served as chairman of the board of Earle M. Jorgensen Company since January 1998. He was chairman and chief executive officer of USX Corporation from 1979 to 1989 and president from 1975 to 1979. Mr. Roderick is a member of the boards of the University of Pittsburgh Medical Center and Citation Corporation. He is past chairman of both the American Iron and Steel Institute and the International Iron Institute. Mr. Roderick is past chairman of the International Environmental Bureau. He is a co-founder and currently is chairman emeritus of the U.S.-Korea Business Council and is a past chairman of the National Alliance of Business. Mr. Roderick is a trustee and past chairman of the board of trustees of Carnegie Mellon University. He is a past member of the Business Roundtable and a member of the Business Council.

Lawrence A. McVicker

Age: 64

Lawrence A. McVicker became one of our directors on October 4, 2004. Mr. McVicker is currently the chief executive officer of MVOC, LLC (Raleigh, North Carolina). Mr. McVicker was chairman and chief executive officer of North America Packaging Corporation (NAMPAC) from 2001 to July 2004. BWAY purchased NAMPAC from MVOC in July 2004. Mr. McVicker was president and chief operating officer of Southcorp Packaging USA from 1999 to 2001, he served as president and chief operating officer for Waldorf Corporation from 1995 to 1997 and from 1964 to 1995 he was employed by Packaging Corporation of America (Tenneco), most recently as the senior vice president of international operations from 1991 to 1995. Mr. McVicker holds a bachelors degree in business and economics from Miami University (Oxford, Ohio). Mr. McVicker has served as vice chairman, executive committee-recycled paperboard and solid waste task force for the American Forest & Paper Association; served on the executive committee and board of directors of the Paperboard Packaging Council; served on the board of trustees of the Recycled Paperboard Technical Association and of the Miami University Pulp & Paper Foundation.

Officers (in addition to Mr. Ergas listed above)

Kevin C. Kern

Age: 45

Kevin C. Kern has been our vice president of administration and chief financial officer since February 2001. From May 1995 until February 2001, Mr. Kern served as our vice president corporate controller. From 1991 to May 1995, Mr. Kern was controller of McKechnie Plastics Components, Inc. From 1981 to 1991, Mr. Kern was employed by Ernst & Young, most recently as a senior audit manager from 1988 to 1991.

Jeffrey M. O Connell

Age: 51

Edgar Filing: BWAY CORP - Form 10-K

Jeffrey M. O'Connell has been our vice president and treasurer since May 1997 and has served as our secretary since May 2001. From June 1996 to May 1997, Mr. O'Connell served as our assistant treasurer. From June 1995 to June 1996, Mr. O'Connell served as vice president of finance of Macmillan Bloedel Packaging Inc. From October 1994 to June 1995, Mr. O'Connell served as our director of financial planning. Prior thereto, Mr. O'Connell served as vice president of administration of Mead Coated Board Division of The Mead Corporation.

Kenneth M. Roessler

Age: 42

Kenneth M. Roessler was named senior vice president of the Company in October 2004 and has served as the president and chief operating officer of our BWAY Packaging Division since July 2004. From January 2003 through September 2004, Mr. Roessler served as our chief operating officer and from March 2000 until January 2003, he served as our executive vice president of sales and marketing. From June 1993 to February 2000, Mr. Roessler served in various senior management positions with Southcorp Packaging USA, including vice president of sales and marketing from 1998 to February 2000, vice president and general manager from 1995 to 1998 and vice president and chief financial officer from June 1993 through 1995. Prior to June 1993, Mr. Roessler held senior management positions with Berwind Corporation.

Thomas K. Linton

Age: 51

Thomas K. Linton was named senior vice president of the Company in October 2004 and has served as president and chief operating officer of our NAMPAC Division since July 2004. Prior to our acquisition of NAMPAC in July 2004, Mr. Linton was vice president and general manager of NAMPAC's Western Division. From 1997 to 2001, Mr. Linton was the executive vice president and general manager of Field Container Company, where he had responsibility for the consumer packaging business. Between 1991 and 1997, Mr. Linton served as vice president and general manager of the folding carton business at Tenneco Packaging, where he began his career as a sales representative in 1979.

Table of Contents**Item 11. Executive Compensation**

Our Board's Management Resources, Nominating and Compensation Committee determines compensation for the Company's executive officers.

The following tables and notes present information regarding compensation provided by the Company to our Chief Executive Officer and to each of the Company's four other most highly compensated executive officers (the "Named Executive Officers") for services rendered to the Company in all capacities during fiscal years 2002, 2003 and 2004.

Summary Compensation Table

Name and Principal Position	Fiscal Year	Annual Compensation		Long Term Compensation			All Other Compensation
		Salary (\$)	Bonus (\$)(1)	Awards		Payouts	
				Other Annual Compensation (\$)	Restricted Stock Awards (\$)		
Jean-Pierre M. Ergas	2004	581,250	300,000				446,099(2)
Chairman and Chief Executive Officer	2003	550,000	962,500			802,796(3)	2,242,983(4)
	2002	487,500	731,250			36,700(5)	299,365(6)
Kenneth M. Roessler (7)	2004	318,750	100,000				
Senior Vice President; President and Chief Operating Officer BWAY Packaging Division	2003	300,000	375,000			401,398(3)	930,741(8)
	2002	205,417	171,009				
Thomas K. Linton (9)	2004	70,161	150,000			120,000(10)	1,811(11)
Senior Vice President; President and Chief Operating Officer NAMPAC Division							
Kevin C. Kern	2004	246,250	175,000				
Chief Financial Officer	2003	240,000	240,000			96,336(3)	253,951(12)
	2002	181,250	180,891			21,033(4)	
Jeffrey M. O'Connell	2004	168,125	100,000				
	2003	165,000	137,400			40,140(3)	180,968(13)

Edgar Filing: BWAY CORP - Form 10-K

Secretary and Treasurer	2002	151,667	104,792	21,533(4)
-------------------------	------	---------	---------	-----------

- (1) Amounts shown for fiscal 2002, 2003 and 2004 were earned during fiscal 2002, 2003 and 2004, respectively, under the Company's Management Incentive Plan and were paid during fiscal 2003, 2004 and 2005, respectively.
- (2) The amount shown includes an accrual of \$438,349 for supplemental executive retirement payments pursuant to his employment agreement and \$7,750 of Company matching 401(k) contributions under the Savings Plan.
- (3) All options were granted under the Holding Incentive Plan (as defined under BCO Holding Stock Incentive Plan below) and are exercisable for shares of BCO Holding common stock. Forty percent of the BCO Holding options will generally become exercisable in three equal annual installments, the first installment of which became exercisable on February 8, 2004. Ten percent of the BCO Holding options will generally become exercisable in five equal annual installments if the Company achieves certain EBITDA objectives. The remaining 50% of the BCO Holding options are exit options that will generally become exercisable if certain targets have been achieved upon a change in control.
- (4) The amount shown includes an accrual of \$503,836 for supplemental executive retirement payments pursuant to his employment agreement, \$1,749,147 related to the cancellation of options as part of the Transaction, and is net of \$10,000 of Company matching 401(k) contributions under the Savings Plan that were forfeited due to excess contributions.

Table of Contents

- (5) In connection with the merger, all of the options became fully vested and exercisable. To the extent any of the vested options were exercised prior to the merger, the shares acquired through the exercise were cancelled in the merger in exchange for \$20.00 per share. Options not exercised or exchanged for BCO Holding options in connection with the merger were cancelled in exchange for a cash payment equal to the product of the excess, if any, of \$20.00 over the exercise price of the option, and the number of shares of common stock subject to the option. See Aggregated Option/SAR Exercises in Last Fiscal Year and Fiscal Year End Option/SAR Values.
- (6) The amount shown includes an accrual of \$276,065 for supplemental executive retirement payments pursuant to his employment agreement and \$23,300 of Company matching 401(k) contributions under the Savings Plan.
- (7) Mr. Roessler served as our executive vice president of sales and marketing from March 2000 through December 2002 and as our chief operating officer from January 2003 through June 2004. Mr. Roessler became the president and chief operating officer of our BWAY Packaging Division in July 2004.
- (8) The amount shown includes \$5,377 of Company matching 401(k) contributions under the Savings Plan, \$853,295 related to the cancellation of options as part of the merger transaction and \$72,069 of moving expenses.
- (9) Mr. Linton became the president and chief operating officer of our NAMPAC Division following the NAMPAC Acquisition in July 2004. Prior to the acquisition, Mr. Linton was an officer of NAMPAC.
- (10) Options were granted under the Holding Incentive Plan (as defined under BCO Holding Stock Incentive Plan below) and are exercisable for shares of BCO Holding common stock. Forty percent of the BCO Holding options will generally become exercisable in three equal annual installments with the first installment exercisable on July 8, 2005. Ten percent of the BCO Holding options will generally become exercisable in five equal annual installments if the Company achieves certain EBITDA objectives. The remaining 50% of the BCO Holding options are exit options that will generally become exercisable if certain targets have been achieved upon a change in control.
- (11) The amount shown represents Company matching 401(k) contributions under the Savings Plan.
- (12) The amount shown includes \$8,095 of Company matching 401(k) contributions (net of excess contribution refunds) under the Savings Plan and \$245,856 related to the cancellation of options as part of the merger transaction.
- (13) The amount shown includes \$10,783 of Company matching 401(k) contributions under the Savings Plan and \$170,185 related to the cancellation of options as part of the merger transaction.

The following tables set forth, for the Named Executive Officers, information regarding stock options granted or exercised during, or held at the end of, fiscal 2004.

Option/SAR Grants in Last Fiscal Year

Under the Holding Incentive Plan

Name	Individual Grants				Potential Realizable Value At Assumed Annual Rates of Stock Price Appreciation for Option Term	
	Number of Securities Underlying Options/SARs Granted	% of Total Options Granted to Employees In Fiscal Year	Exercise Price	Expiration Date	5%	10%
					(\$)(1)	(\$)(1)
Thomas K. Linton	120,000(2)	6.5%	\$ 16.49	7/8/2014	\$ 1,244,457	\$ 3,153,698

- (1) Amounts reflect assumed rates of appreciation from the fair market value on the date of grant as set forth in the Securities and Exchange Commission's executive compensation disclosure rules. No assurance can be made that the amounts reflected in these columns will be achieved.
- (2) All options were granted under the Holding Incentive Plan (see BCO Holding Stock Incentive Plan below) and are exercisable for shares of BCO Holding common stock.

Table of Contents

Forty percent of the BCO Holding options will generally become exercisable in three equal annual installments with the first installment exercisable on July 8, 2005. Ten percent of the BCO Holding options will generally become exercisable in five equal annual installments if the Company achieves certain EBITDA objectives established for fiscal year 2004 or certain cumulative EBITDA objectives at the end of fiscal 2005. The remaining 50% of the BCO Holding options are exit options that will generally become exercisable if certain targets have been achieved upon a change in control.

Aggregated Option/SAR Exercises in Last Fiscal Year**and Fiscal Year-End Option/SAR Values****Under the Holding Incentive Plan**

Name	Shares Acquired on Exercise (#)	Value Realized (\$)	Number of Securities Underlying Unexercised Options/SARs at Fiscal Year End (#) Exercisable / Unexercisable	Value of
				Unexercised In-the- Money Options/SARs at Fiscal Year End (\$)(1) Exercisable / Unexercisable
Jean-Pierre M. Ergas (2)			851,705 / 679,701	10,696,283 / 5,335,653
Kenneth M. Roessler (3)			136,972 / 339,850	1,575,235 / 2,667,823
Thomas K. Linton			/ 120,000	/ 163,200
Kevin C. Kern (4)			65,063 / 81,565	756,572 / 640,285
Jeffrey M. O'Connell (5)			43,475 / 33,985	511,452 / 266,782

- (1) As of the end of the fiscal year, all of the exercisable, unexercised options held by the Named Executive Officers were in the money. The fair market value of the underlying securities is based on the valuation of the underlying securities as of September 30, 2004 at \$17.85 per share.
- (2) In connection with the merger, 112,395 vested options were exchanged for cash consideration of approximately \$1,750,000 and 364,305 options were exchanged for options to acquire 728,610 shares of BCO Holding common stock with a weighted average exercise price of \$4.50.
- (3) In connection with the merger, 57,288 vested options were exchanged for cash consideration of approximately \$850,000 and 37,712 options were exchanged for options to acquire 75,424 shares of BCO Holding common stock with a weighted average exercise price of \$3.37.
- (4) In connection with the merger, 15,887 vested options were exchanged for cash consideration of approximately \$250,000 and 25,146 options were exchanged for options to acquire 50,292 shares of BCO Holding common stock with a weighted average exercise price of \$5.11.
- (5) In connection with the merger, 11,040 options were cashed out for total consideration of approximately \$170,000 and 18,660 options were exchanged for options to acquire 37,320 shares of BCO Holding common stock with a weighted average exercise price of \$5.44.

Long-Term Incentive Plans Awards in Last Fiscal Year

We did not grant any long-term incentive plan awards in fiscal 2004.

Compensation of Directors

Directors who serve on our Board and who are also employed by us or one of our subsidiaries, or who are employed by Kelso, are not entitled to receive a fee for serving as a director. Each non-employee director is entitled to receive a fee to be determined by the Board. Mr. Hayford receives an annual retainer fee of \$100,000 in accordance with his written agreement. Two non-employee directors receive annual retainer fees of \$25,000.

Table of Contents**Management Employment Agreements**

Jean-Pierre M. Ergas. We entered into an amended and restated employment agreement with Jean-Pierre M. Ergas dated as of February 7, 2003, whereby Mr. Ergas will continue to serve as our Chief Executive Officer or, with our consent, our Executive Chairman during the employment period (as described below). Under this agreement, Mr. Ergas will receive an annual base salary of \$550,000 or such higher amount as determined by our board, and is eligible to participate in all of our employee benefit plans for which our senior executive employees are generally eligible. Mr. Ergas is eligible to receive an annual bonus of 70% of his base salary (the Target Bonus) if certain EBITDA targets are achieved for the applicable fiscal year. If these EBITDA targets are exceeded, Mr. Ergas Target Bonus for such fiscal year will be increased to a maximum of 2.5 times his Target Bonus. The Management Resources, Nominating and Compensation Committee of our Board determines the applicable fiscal year EBITDA targets related to the bonus. Under the employment agreement, Mr. Ergas received 802,796 options to purchase BCO Holding common stock pursuant to the BCO Holding Company Stock Incentive Plan. The employment period shall end on December 31, 2007, unless terminated earlier by the resignation, death, or permanent disability or incapacity of Mr. Ergas or we terminate Mr. Ergas employment period with or without cause, as defined in the employment agreement, or Mr. Ergas terminates the employment period with or without good reason, as defined in the employment agreement. Upon expiration of the employment period, Mr. Ergas will become non-executive chairman of the Company on such terms and conditions as we shall agree at such time, provided that Mr. Ergas shall be entitled to participate and vest in, and be deemed to be an employee for purposes of, all of our employee benefit programs.

In the event we terminate Mr. Ergas employment without cause, or Mr. Ergas terminates his employment for good reason, in each case, prior to December 31, 2007, we shall (i) pay his base salary until the second anniversary of the date of his termination, (ii) pay his target bonus in respect of the fiscal year in which his employment is terminated (or if his target bonuses have not yet been set for either such fiscal year, an amount equal to 70% of his base salary at the date of termination in lieu of the target bonus for either such fiscal year), (iii) reimburse his COBRA premium under our group health plan and dental plan (if any) on a monthly basis for the lesser of the period in which he is eligible to receive such continuation coverage or 18 months, which we define as the COBRA period, and, (iv) upon expiration of the COBRA period, procure individual medical and dental insurance policies for him on substantially similar terms as the coverage we provided to him as of the date of termination. In addition, in the event the employment period is terminated as a result of Mr. Ergas death or retirement upon or after reaching age 65, or the employment period expires, Mr. Ergas shall be entitled to receive a pro rata bonus for the year which includes the date of Mr. Ergas termination, based on the Company s performance through such date, as determined by the Management Resources, Nominating and Compensation Committee of our Board.

If Mr. Ergas employment terminates for any reason other than for cause, Mr. Ergas will be entitled to a monthly supplemental retirement benefit until his death (and, following his death, until the death of his surviving spouse). The monthly benefit will be equal to one-twelfth of his then-current base salary, multiplied by a percentage multiplier based on the age of Mr. Ergas on the retirement date (10% if Mr. Ergas is 62 years of age on the retirement date and increasing by 5% each year for five years to a maximum of 35%). Payments commence on the first day of the calendar month that begins coincident with or immediately after the later of (i) the date on which Mr. Ergas attains age 67, and (ii) Mr. Ergas termination date. If we terminate the employment period without cause, because of Mr. Ergas permanent disability or incapacity or Mr. Ergas resigns for good reason or after a change of control following the merger, Mr. Ergas shall be entitled to the maximum monthly retirement benefit (as if he were 67 years of age or older on such retirement date). Mr. Ergas has agreed not to compete with us during the term of his employment and so long as he is receiving salary and bonus under the agreement as a result of his termination by us without cause or by him for good reason (but in no event for less than eighteen months after the termination of his employment).

Thomas K. Linton. We entered into a letter agreement with Thomas K. Linton in May 2004 that became effective upon the closing of the NAMPAC Acquisition on July 7, 2004. Pursuant to the agreement, Mr. Linton became President and Chief Operating Officer NAMPAC Division. Mr. Linton s base salary was set at \$300,000 annually and is subject to annual merit increases based on a performance review. Mr. Linton is eligible to participate in our cash incentive plan whereby Mr. Linton s target bonus would be set at 45% of his base salary pending the company achieving certain performance goals as determined by our Board. For fiscal 2004, Mr. Linton was guaranteed a minimum target bonus of \$135,000. Mr. Linton is eligible to participate in the Company Stock Incentive Plan and was awarded 120,000 options following the closing of the acquisition.

Edgar Filing: BWAY CORP - Form 10-K

In the event we terminate Mr. Linton's employment for reasons other than performance or cause, he will be entitled to his base salary, health and dental benefits and executive outplacement services, each for twelve months following the date of his termination. Mr. Linton will also be entitled to any accrued and unpaid bonus through the date of termination.

In the event of a change in control, as detailed in the agreement, if Mr. Linton is terminated for reasons other than performance or cause within six months following the change in control, he is entitled to a lump sum payment of two times his annual base salary and one times his target incentive bonus, each as in effect at the time of the change in control. Mr. Linton would also be entitled to twenty-four months of health and dental benefits and executive outplacement services. Any benefits under the change in control would be in lieu of any other severance benefits provided for in the agreement.

Table of Contents

Change in Control Agreements

Each of Messrs. Ergas, Roessler, Kern and O'Connell is a party to a separate change in control agreement with the Company. The Transaction constituted a change in control under each such agreement and, if the Company terminates the executive without cause at any time within 24 months following the Transaction, or if the executive leaves employment during that period for good reason (as defined in each change in control agreement), the executive will be entitled to:

A lump severance payment equal to (1) in the case of Mr. Ergas, the sum of three times his annual base salary at the time of the Transaction and one times his target incentive bonus at the time of the Transaction, (2) in the case of Mr. Roessler, the sum of two times his annual base salary at the time of the Transaction and one times his target incentive bonus at the time of the Transaction, (3) in the case of Mr. Kern, the sum of one and one half times his annual base salary at the time of the Transaction and one times his target incentive bonus at the time of the Transaction, and (4) in the case of Mr. O'Connell, the sum of one times his annual base salary at the time of the Transaction and one times his target incentive bonus at the time of the Transaction.

Payment of any executive perquisites that the executive is receiving as of his separation date until the later of six months (in the case of Mr. Roessler, nine months) from the separation date or the end of the calendar year in which the separation occurs.

Reimbursement of COBRA premiums under the Company's group health and dental plan on a monthly basis for the period entitled to such continuation coverage.

Individual medical and dental insurance policies on substantially similar terms as provided by the Company as of the separation date for a period of six to 18 months following expiration of the COBRA period (other than for Messrs. Kern and O'Connell).

Payment of premiums for individual life insurance coverage on substantially similar terms as provided by the Company as of the separation date for a period of one to three years following the separation date.

Full vesting of any retirement plans maintained by the Company in which the executive participates as of the separation date.

In the case of the executives other than Mr. Ergas, outplacement services for a period of 12 months.

The change in control agreements provide that if any payments to the executive are considered "excess parachute payments" as defined in Section 280G of the Internal Revenue Code, the amount of the separation payment to an executive described under the first bullet point above will be reduced by the minimum amount necessary to reduce the parachute payments to 299% of the executive's base amount as defined in Section 280G of the Internal Revenue Code. Following termination, each executive is subject to a customary one-year non-compete, which, if breached, would require an executive to repay (or, if unpaid, to forfeit) all the above specified payments and benefits.

The change in control agreements survive the Transaction and are applicable to any future change in control per each respective agreement.

As discussed above under "Management Employment Agreements," Mr. Linton's letter agreement provides certain change in control benefits.

BCO Holding Stock Incentive Plan

In February 2000, the Predecessor adopted the Fourth Amendment and Restatement of the 1995 Long-Term Incentive Plan (the Predecessor Incentive Plan). As a result of the Transaction, (which, as defined in the Predecessor Incentive Plan, was an event of a change in control), all outstanding options became immediately vested and exercisable. Certain members of management that held stock options under the Predecessor Incentive Plan entered into Exchange Agreements with BCO Holding whereby their Predecessor Incentive Plan options to acquire shares in BWAY Corporation were exchanged 2-for-1 for new options under the Holding Incentive Plan with an exercise price of \$10.00 per share of BCO Holding common stock (New Options). The New Options were fully vested as of the closing of the Transaction and were issued with substantially the same terms and conditions in effect immediately before the exchange.

Effective with the closing of the Transaction in February 2003, BCO Holding, our parent company, assumed the Predecessor Incentive Plan, which was replaced in July 2004 with the Amended and Restated BCO Holding Stock Incentive Plan (the Holding Incentive Plan). The July 2004 amendment increased the number of available shares of the common stock of BCO Holding subject to options from 2,006,989 to 2,395,103.

Table of Contents

Three types of options may be granted under the BCO Plan:

Service options, which will generally become exercisable in up to three equal annual installments commencing on the first anniversary of the grant date;

Performance options, which will generally become exercisable in five equal annual installments if the Company achieves certain specified EBITDA objectives; and

Exit options, which will generally become exercisable only if the Kelso affiliates are able to sell their equity investment in BCO Holding at a price equal to at least two times their initial investment and achieve at least a 15% internal rate of return, subject to certain exceptions.

Under the BCO Plan, 40% of the options (approximately 958,000) will be service options, 10% (approximately 239,000) will be performance options and 50% (approximately 1,198,000) will be exit options.

In the event that a participant's employment with us terminates by reason of death, disability or retirement, the participant (or the participant's beneficiary) may exercise any vested options at any time prior to one year following the termination or the normal date of the options, whichever period is shorter, and all unvested options are cancelled immediately upon such termination. If we terminate the participant for cause, all options, whether vested or unvested, are immediately cancelled. In the event a participant's employment terminates due to voluntary resignation or any reason other than those described above, any options held by the participant that are exercisable at the date of such termination, shall remain exercisable for a period of sixty days following the termination.

Upon a change in control, each outstanding service option (regardless of whether such service options are at such time otherwise exercisable), each performance option that is exercisable on or prior to the change in control, and each exit option that is exercisable on or prior to the change in control, shall be canceled in exchange for a payment in cash of an amount equal to the excess, if any, of the change in control price over the option price. Alternatively, the Compensation Committee of the BCO Holding board of directors may determine that in the event of a change in control, such options shall be honored or assumed, or new rights substituted therefore by the new employer on a substantially similar basis and in accordance with the terms and conditions of the BCO Plan. The BCO Plan also provides that if any payments to the participant are considered "excess parachute payments" as defined in Section 280G of the Internal Revenue Code, the amount of the payment to a participant under the BCO Plan will be reduced by the minimum amount necessary to reduce the parachute payments to 299% of the participant's base amount as defined in Section 280G of the Internal Revenue Code.

The Compensation Committee of the Board of Directors of BCO Holding administers the BCO Plan or, if there shall not be any committee serving, the board administers the plan. The committee has discretionary authority to determine the employees eligible to participate under the plan and determines the number of shares of common stock subject to each option granted thereunder, the time and condition of exercise of such option and all other terms and conditions of such option, including the form of the option agreement setting forth the terms and conditions of such option. The compensation committee determines the exercise price of each option under the incentive plan, provided that the exercise price cannot be less than the fair market value (as determined under the incentive plan) of the BCO Holding common stock on the date of grant. It is anticipated that all options will be

Table of Contents

non-qualified stock options for federal income tax purposes. Options are not transferable other than by will or by the laws of descent and distribution or, if permitted by the compensation committee, in connection with certain pledges and estate planning transfers. All of the shares acquired upon exercise of any option will be subject to the securityholder arrangements described above.

Pension and Savings Plans

We maintain various savings plans (the Savings Plans) qualified under Sections 401(a) and 401(k) of the Internal Revenue Code. Generally, all full-time employees, including executives and officers, are eligible to participate in the Savings Plans upon their employment with us. With the exception of Mr. Linton, the named executive officers are eligible to participate under the BWAY Corporation Retirement Savings Plan, which provides for company matching contributions of 100% of the first 4% of annual compensation contributed after completing one year of service. Mr. Linton is eligible to participate in the North America Packaging Corporation 401(k) Retirement Savings Plan, which provides for contributions from the company of 3% of compensation.

Mr. Linton is a participant in the North America Packaging Corporation Pension Plan, which was frozen in October 2004. Effective with the freeze, each active participant's pension benefit will be determined based on the participant's compensation and period of employment as of the freeze.

Compensation Committee Interlocks and Insider Participation

We do not have any items to report related to Management Resources, Nominating and Compensation Committee interlocks or insider participation relationships with the Company by its members.

Table of Contents

Management Resources, Nominating and Compensation Committee Report on Executive Compensation

The Management Resources, Nominating and Compensation Committee of the Board of Directors (the Compensation Committee) offers this report regarding the compensation policies for the Company s executive officers, including the Chief Executive Officer.

The Compensation Committee reviews and makes recommendations to the Board regarding salaries, compensation and benefits of executive officers of the Company and develops and administers programs providing stock-based incentives. After consideration of the Compensation Committee s recommendations, the entire Board reviews and approves the salaries and bonuses and the stock and benefit programs for the Company s executive officers. This report documents the components of the Company s executive officer compensation programs and describes the bases upon which compensation will be determined by the Compensation Committee with respect to the executive officers of the Company.

Compensation Philosophy

The compensation philosophy of the Company is to link executive compensation to continuous improvements in corporate performance and increases in stockholder value. The goals of the Company s executive compensation programs are as follows:

To establish pay levels that are necessary to attract and retain highly qualified executives in light of the overall competitiveness of the market for high quality executive talent.

To recognize superior individual performance, new responsibilities and new positions within the Company.

To balance short-term and long-term compensation to complement the Company s annual and long-term business objectives and strategy and to encourage executive performance in furtherance of the fulfillment of those objectives.

To provide variable compensation opportunities based on the Company s performance.

To align executive remuneration with the interests of the stockholder.

Compensation Program Components

The Compensation Committee regularly reviews the Company s compensation program to ensure that pay levels and incentive opportunities are competitive with the market and reflect the performance of the Company. The particular elements of the compensation program for executive officers are further explained below.

Base Salary. The base pay level for Mr. Ergas is set forth in his employment agreement, as amended. (See Management Employment Agreements above.) Mr. Ergas, as Chief Executive Officer, may change or modify the compensation of the other executive officers as he deems necessary for the proper operation of the Company.

Annual Incentives. All executive officers are eligible for annual incentives under the Company's Officer Incentive Plan with awards determined annually by the Compensation Committee. The Company uses annual incentives to enhance management's contribution to stockholder returns by offering competitive levels of compensation for the attainment of the Company's financial objectives. In particular, the Company utilizes annual incentives to focus corporate behavior on the achievement of goals for growth, financial performance and other items.

Stock Ownership. The Compensation Committee believes that it can align the interests of stockholders and executives by providing those persons who have substantial responsibility over the management and growth of the Company with an opportunity to establish a meaningful ownership position in the Company. During fiscal 2004, the only executive to receive an award of stock options was Mr. Linton. The award to Mr. Linton, as well as to various other key employees of NAMPAC, was a result of the Company's acquisition of NAMPAC in July 2004. In addition, Mr. Linton was granted 24,258 deferred shares of BCO Holding common stock under a deferred share agreement with a fair value at the time of grant of approximately \$0.4 million, which was the unpaid balance Mr. Linton carried forward from a former NAMPAC incentive plan that was paid out when the Company acquired NAMPAC. The deferred shares were fully vested at the time of grant and the obligation can only be settled in BCO Holding common stock.

Table of Contents

Following the buyout of the Company in February 2003, management rolled a substantial number of stock options into options to receive BCO Holding common stock. As shareholders, we believe management will continue to act in the best interests of the Company and of the other shareholders.

Compensation for the Chief Executive Officer

The base pay level and annual incentive bonus compensation for Mr. Ergas, who has served as the Company's Chief Executive Officer since January 2000, was initially determined pursuant to his amended employment agreement dated February 7, 2003. Pursuant to this employment agreement, Mr. Ergas' base salary was initially set at \$550,000 per annum and bonus compensation pursuant to the Officer Incentive Program was set based on certain EBITDA targets as defined in the employment agreement. Beginning in February 2004, the Compensation Committee in its sole discretion based on the achievement of goals and objectives determined by it and in accordance with Mr. Ergas' employment agreement may change base pay and shall determine the Company's EBITDA objectives that, if achieved, will trigger Mr. Ergas' annual incentive bonus. In February 2004, Mr. Ergas' base salary was set at \$600,000 per annum, and Mr. Ergas was awarded an annual incentive award of \$300,000 for fiscal 2004 based on his achievement of certain goals and objectives. Although the Company did not meet the EBITDA goals set for payment under the Officer Incentive Program, we believe Mr. Ergas' other accomplishments, including the successful acquisition and integration of NAMPAC, entitled Mr. Ergas to an annual bonus award.

Certain Tax Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally limits the deductibility of compensation over \$1 million to any of the Named Executive Officers, unless, in general, the compensation is paid pursuant to a plan that is performance-based, non-discretionary and has approved by the Company's stockholders. The Company's policy with respect to Section 162(m) is to make reasonable efforts to ensure that compensation is deductible without limiting the Company's ability to attract and retain qualified executives.

Summary

After reviewing the Company's existing programs, the Compensation Committee believes that the total compensation program for executives of the Company is focused on increasing values for stockholders and enhancing corporate performance, that the compensation of executive officers is properly tied to stock appreciation through stock options or stock ownership, and that executive compensation levels at the Company are competitive with the compensation programs provided by other corporations with which the Company competes.

THIS COMPENSATION COMMITTEE REPORT SHALL NOT BE DEEMED INCORPORATED BY REFERENCE BY ANY GENERAL STATEMENT INCORPORATING BY REFERENCE THIS FORM 10-K INTO ANY FILING UNDER THE SECURITIES ACT OF 1933 OR UNDER THE SECURITIES EXCHANGE ACT OF 1934, EXCEPT TO THE EXTENT THAT THE COMPANY SPECIFICALLY INCORPORATES THIS INFORMATION BY REFERENCE, AND SHALL NOT OTHERWISE BE DEEMED FILED UNDER SUCH ACTS.

The following directors and members of the Company's Management Resources, Nominating and Compensation Committee have provided the foregoing report:

Table of Contents**Item 12. Security Ownership of Certain Beneficial Owners and Management**

The following table provides certain information with respect to the beneficial ownership of the common stock of BCO Holding as of December 1, 2004, by (i) each stockholder known by us who owns beneficially 5 percent or more of the outstanding shares of such common stock, (ii) each of our directors, (iii) each of our executive officers and (iv) all of our directors and executive officers as a group. BCO Holding owns 100% of the capital stock of BWAY, which in turn owns 100% of the capital stock of NAMPAC. To our knowledge, each stockholder has sole voting and investment power with respect to the shares indicated as beneficially owned, unless otherwise indicated in a footnote to the following table. Unless otherwise indicated in a footnote, the business address of each person is our corporate address.

On February 7, 2003, BCO Holding entered into a securityholders agreement with the Kelso affiliates and certain stockholders who own shares and options of BCO Holding. This securityholders agreement covers, among other things, transferability of the stockholders' shares and the composition of the board of directors. See Certain Relationships and Related Transactions Securityholders Agreement. In addition, the securityholders agreement requires and other future agreements may require BCO Holding to repurchase BCO Holding's common stock or options to purchase BCO Holding's common stock. We may fund all or a portion of such repurchases, subject to the provisions of the indenture governing the notes, provisions of our new credit facility and other conditions.

Item 13. Certain Relationships and Related Transactions

Securityholders Agreement

BWAY is a wholly-owned subsidiary of BCO Holding. On February 7, 2003, BCO Holding entered into a securityholders agreement with the Kelso affiliates, which in the aggregate own a majority of BCO Holding's common stock, and certain other securityholders who own common stock and options to purchase common stock of BCO Holding and whom we refer to in this prospectus as the non-Kelso securityholders. The securityholders agreement provides that Jean-Pierre M. Ergas or a family representative, or, with Kelso's consent, other representative following his death or disability, will be a member of BCO Holding's board of directors until the later to occur of (a) Mr. Ergas no longer serving as either our chief executive officer or chairman or (b) he or his family or estate selling any of their equity in BCO Holding. The securityholders agreement also provides that Warren J. Hayford or another person he and Mary Lou Hayford designate will be a member of BCO Holding's board of directors (or if BCO Holding's board of directors is composed of 11 or more persons, Mr. and Mrs. Hayford may designate two of BCO Holding's directors). Consent of the Kelso affiliates is required for any Hayford designees who are not members of the Hayford family. The Kelso affiliates have the right to designate all of the other members of BCO Holding's board of directors. Mr. Hayford or any Hayford family member board designee or the disinterested members of BCO Holding's board have the right to approve all affiliate transactions and certain other matters, subject to certain specified exceptions. Mr. Ergas' employment agreement has been amended to provide that Mr. Ergas will remain as either chief executive officer or executive chairman through December 31, 2007.

The securityholders agreement generally restricts the transfer of shares of common stock owned by the non-Kelso securityholders and any of our employees who will, at a later point, become parties to the agreement. Exceptions to this restriction include transfers for estate planning purposes or transfers in connection with certain pledges, so long as any transferee agrees to be bound by the terms of the securityholders agreement. Warren J. Hayford and Mary Lou Hayford have the right to transfer their shares to third parties with the consent of the Kelso affiliates.

In addition, the non-Kelso securityholders have tag-along rights to sell their shares on a pro rata basis with the Kelso affiliates in significant sales to third parties. Similarly, the Kelso affiliates have drag-along rights to cause the non-Kelso securityholders to sell their shares on a pro rata basis with the Kelso affiliates in significant sales to a third parties. Our employees who are parties to the securityholders agreement are subject to put and call rights, which, subject to certain exceptions, entitle an employee stockholder to require BCO Holding to purchase their shares, and which entitle BCO Holding, subject to certain exceptions, to require the employee stockholder to sell their shares to BCO Holding, upon any termination of the stockholder's employment with BCO Holding, at differing prices, depending upon the circumstances of the termination and further subject to a six-month and one day holding period following the date of acquisition of any shares through the exercise of stock options. The securityholders agreement also contains a provision that requires BCO Holding to offer certain existing stockholders the right to purchase shares of BCO Holding upon a new issuance on a pro rata basis, subject to certain exceptions.

Registration Rights Agreement

On February 7, 2003, BCO Holding entered into a registration rights agreement with the non-Kelso securityholders. Pursuant to this agreement, the Kelso affiliates have the right to make an unlimited number of requests that BCO Holding register their shares under the Securities Act, and, following the first anniversary of an initial public offering, Mr. and Mrs. Hayford have the right to make up to two requests for such registration. In any demand registration, all of the parties to the registration rights agreement have the right to participate on a pro rata basis, subject to certain conditions. In addition, if BCO Holding proposes to register any of its shares (other than registrations related to exchange offers, benefit plans and certain other exceptions), all of the holders of registration rights under the registration rights agreement have the right to include their shares in the registration statement, subject to certain conditions.

Table of Contents*Kelso Arrangements*

In connection with the closing of the merger, we paid to Kelso a one-time fee of \$4,950,000. In addition, we entered into an agreement, which requires us to pay to Kelso annual financial advisory fees not to exceed \$495,000, reimburse Kelso and certain of its affiliates for their expenses incurred in connection with the transactions and in connection with any services to be provided by Kelso or any such affiliates to us on a going forward basis, and indemnify Kelso and certain of its affiliates with respect to the Transaction and any services to be provided by Kelso or any such affiliates to us on a going-forward basis.

Exchange Agreements

BCO Holding entered into separate exchange agreements, dated as of September 30, 2002, with each of Jean-Pierre M. Ergas, Warren J. Hayford, Mary Lou Hayford, Thomas N. Eagleson, Kevin C. Kern, Jeffrey M. O'Connell and Kenneth M. Roessler. Pursuant to these exchange agreements, immediately prior to the consummation of the merger of BCO Acquisition and BWAY, Mary Lou Hayford exchanged 596,596 shares of common stock of BWAY for 1,193,192 shares of common stock of BCO Holding, and Jean-Pierre M. Ergas, Warren J. Hayford, Thomas N. Eagleson, Kevin C. Kern, Jeffrey M. O'Connell and Kenneth M. Roessler exchanged, in the aggregate, options to acquire 812,910 shares of common stock of BWAY for new options to acquire, in the aggregate, 1,625,820 shares of common stock of BCO Holding. As a result of the exchange agreements, these continuing investors hold, in the aggregate, shares of BCO Holding's common stock, which, together with options to purchase BCO Holding's common stock, but without giving effect to the grant of new stock options under BCO Holding's new stock incentive plan, represent approximately 26.1% of the fully diluted equity of BCO Holding.

Other Arrangements

In July 2003, we acquired Mr. Roessler's Atlanta, Georgia residence in connection with his relocation to Cincinnati, Ohio. Under our relocation policy, we paid Mr. Roessler for his equity in the home and engaged a relocation company, which assumed the outstanding mortgage, to maintain and market the property for sale. The property was sold in July 2004, and the net proceeds of which were sufficient to cover our costs.

Item 14. Principal Accounting Fees and Services**Fees paid to Deloitte & Touche LLP – Audit and non-audit fees**

The following table presents fees for professional audit services rendered by Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, "Deloitte & Touche") for the audit of the Company's annual financial statements for the years ended October 3, 2004 and September 28, 2003 and fees billed for tax and other services rendered by Deloitte & Touche during those periods. All of the following fees were approved by the Audit Committee.

Fiscal Year

Edgar Filing: BWAY CORP - Form 10-K

(\$ in millions)	2004	2003
Audit Fees	\$ 0.4	\$ 0.2
Audit Related Fees (1)	\$ 0.7	\$ 0.2
Tax Fees (2)	\$ 0.1	\$ 0.1
All Other Fees	\$ 0.0	\$ 0.0
Total	\$ 1.1	\$ 0.5

- (1) Audit Related Fees consist of the assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements. This category includes fees related to the performance of audits and attest services not required by statute or regulations, audits of the Company's benefit plans, due diligence related to mergers and acquisitions, review of filings related to the registration of the Company's senior subordinated notes, review of filings related to mergers and acquisitions and accounting consultations regarding the application of GAAP to proposed transactions.
- (2) Tax Fees consist of the aggregate fees billed for professional services rendered by Deloitte & Touche for tax compliance, tax advice and tax planning.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditor

The Audit Committee is responsible for appointing, setting compensation and overseeing the work of the independent auditor. The Audit Committee assists the Board of Directors in its oversight of the quality and integrity of the accounting, auditing, and reporting practices of the Company. The Audit Committee's role includes discussing with management the Company's processes to manage business and financial risk, and for compliance with significant applicable legal, ethical and regulatory requirements. The Audit Committee is responsible for the appointment, replacement, compensation, and oversight of the independent auditor engaged to prepare of issue audit reports on the financial statements of the Company. The Audit Committee relies on the expertise and knowledge of management, the internal auditors and the independent auditor in carrying out its oversight responsibilities.

The audit committee approves all fees incurred by Deloitte & Touche.

PART IV

Item 15. Exhibits, Financial Statement Schedules

- (a) The following documents are filed as a part of this report:
 - (1) The Consolidated Financial Statements included in Item 8 hereof and set forth on pages F-1 through F-39.
 - (2) The Financial Statement Schedule listed in the Index to the Financial Statement Schedules on page S-1.
 - (3) The Exhibits listed in the Index to Exhibits at page 45.
- (b) Exhibits. The exhibits required by Item 601 of Regulation S-K are either filed as part of this Annual Report on Form 10-K or are incorporated by reference. See the Index to Exhibits at page 41.
- (c) Financial Statements and Schedules Excluded from Annual Report to Shareholders: None

FORWARD-LOOKING STATEMENTS

This document contains forward-looking statements as encouraged by the Private Securities Litigation Reform Act of 1995. All statements contained in this document, other than historical information, are forward-looking statements. These statements represent management's current judgment on what the future holds. A variety of factors could cause business conditions and the Company's actual results to differ materially from those expected by the Company or expressed in the Company's forward-looking statements. These factors include, without limitation, competitive risks from substitute products and other container manufacturers, termination of the Company's customer contracts, loss or reduction of business from key customers, dependence on key personnel, changes in steel, resin and other raw material costs or availability, labor unrest, catastrophic loss of one of the Company's manufacturing facilities, environmental exposures, management's inability to identify or execute

Edgar Filing: BWAY CORP - Form 10-K

selective acquisitions, failures in the Company's computer systems, unanticipated expenses, delays in implementing cost reduction initiatives, potential equipment malfunctions and the other factors discussed in the Company's filings with the Securities and Exchange Commission. The Company takes no obligation to update or revise forward-looking statements to reflect changed assumptions, the occurrences of unanticipated events or changes to future operating results.

2004 ANNUAL REPORT

BWAY Corporation and Subsidiaries

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Stockholder of BWAY Corporation (a wholly owned subsidiary of BCO Holding Company):

We have audited the accompanying consolidated balance sheets of BWAY Corporation and Subsidiaries (the Company) as of October 3, 2004 and September 28, 2003, and the related consolidated statements of operations, stockholder's equity, and cash flows for the year ended October 3, 2004 (Successor), for the period from February 7, 2003 to September 28, 2003 (Successor), for the period from September 30, 2002 to February 6, 2003 (Predecessor) and for the year ended September 29, 2002 (Predecessor). Our audits also included the consolidated financial statement schedule listed in the Index at Item 15. These financial statements and financial statement schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and financial statement schedule based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such consolidated financial statements present fairly, in all material respects, the financial position of the Company at October 3, 2004 and September 28, 2003, and the results of its operations and its cash flows for the year ended October 3, 2004 (Successor), for the period from February 7, 2003 to September 28, 2003 (Successor), for the period from September 30, 2002 to February 6, 2003 (Predecessor) and for the year ended September 29, 2002 (Predecessor), in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, such consolidated financial statement schedule, when considered in relation to the basic consolidated financial statements taken as a whole, presents fairly in all material respects the information set forth therein.

As described in Note 6 to the consolidated financial statements, the Company adopted Statement of Financial Accounting Standards No. 142, Goodwill and Other Intangible Assets, effective September 30, 2002 and effective January 1, 2003, the Company changed its method of accounting for exit and disposal activities to conform to Statement of Financial Accounting Standards No. 146, Accounting for Costs Associated with Exit or Disposal Activities.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

BWAY Corporation and Subsidiaries

1. Business and Summary of Significant Accounting Policies

Business Operations

We, BWAY Corporation (BWAY), and our principle subsidiary, North America Packaging Corporation (NAMPAC), (collectively the Company) manufacture and distribute metal and rigid plastic containers primarily in the United States. Formerly, our principle metal container operations were conducted by our wholly owned subsidiary, BWAY Manufacturing, Inc., which was merged into BWAY in May 2004. We operate the company as two divisions. Our BWAY Packaging Division focuses on metal containers and sells and markets its products under the BWAY Corporation name and our NAMPAC Division focuses on plastic containers and sells and markets its products under the NAMPAC name.

We report segment information about these divisions in accordance with Statement of Financial Accounting Standards (SFAS) 131, *Disclosures about Segments of an Enterprise and Related Information*. See Note 16 regarding our segment information.

We are a wholly owned subsidiary of BCO Holding Company (BCO Holding), an affiliate of Kelso & Company, L.P., as a result of the merger agreement entered into with BCO Holding and BCO Acquisition, Inc. pursuant to which all outstanding shares of the BWAY s common stock, with certain exceptions, were redeemed on February 7, 2003 for \$20.00 per share in cash (the Merger).

The Merger was accounted for as a purchase in accordance with SFAS 141, *Business Combinations*, and Emerging Issues Task Force (EITF) Issue 88-16, *Basis in Leveraged Buyout Transactions*. As such, the acquired assets and assumed liabilities have been recorded at fair market value for the interests acquired and assumed liabilities by new investors and at the carryover basis for continuing investors. The acquired assets and assumed liabilities were assigned new book values in the same proportion as the residual interests of the continuing investors and the new interests acquired by the new investors.

In the fourth quarter of fiscal 2004, we acquired all of the issued and outstanding common stock of NAMPAC and in the fourth quarter of fiscal 2003, we acquired substantially all of the assets of SST Industries, each a manufacturer of rigid plastic containers for industrial packaging markets. See Note 3 regarding these acquisitions.

Basis of Presentation

Our consolidated financial statements include the accounts of BWAY and its wholly owned subsidiaries. We have eliminated all significant intercompany balances and transactions in consolidation.

We present our fiscal 2003 consolidated statements of income, consolidated statements of stockholders' equity and consolidated statements of cash flows in two periods: Predecessor and Successor, which relate to the period preceding the Transaction (as defined in Note 2) and the period succeeding the Transaction, respectively. The Predecessor period is from September 30, 2002 to February 6, 2003 (Predecessor 2003) and the Successor period is from February 7, 2003 to September 28, 2003 (Successor 2003). Unless otherwise indicated, information presented as fiscal 2003 is for the entire fiscal year from September 30, 2002 to September 28, 2003 or as of the balance sheet date of September 28, 2003.

Fiscal Year

Our fiscal year ends on the Sunday closest to September 30. Our fiscal year that ended October 3, 2004 was a 53-week fiscal year and our fiscal years ended September 28, 2003 and September 29, 2002 were 52-week fiscal years. Our NAMPAC subsidiary reports on a calendar basis and has been consolidated as of September 30, 2004. There were no significant or unusual transactions between September 30, 2004 and October 3, 2004 related to the subsidiary that should have been considered in our year-end financial statements.

Use of Estimates

Our consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. These estimates are based on management's best knowledge of current events and actions we may undertake in the future. Actual results may ultimately differ from estimates, although management does not believe such changes will materially affect the financial statements in any individual period presented.

Table of Contents

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

BWAY Corporation and Subsidiaries

Cash and Cash Equivalents

We consider all highly liquid investments purchased with original maturities of three months or less to be cash equivalents.

Accounts and Notes Receivable

We record accounts and notes receivables net of allowances for uncollectibility. Management estimates these allowances based on customer relationships, the aging and turns of accounts receivable and the credit worthiness, concentrations and payment history of our customers.

Inventories

We carry our inventories at the lower of cost or market, the cost of the majority of which is determined under the last-in, first-out (LIFO) method of inventory valuation. We estimate reserves for inventory obsolescence and shrinkage based on management's judgment of future realization. Projected inventory losses are recognized at the time the loss is probable rather than when the goods are ultimately sold.

Property, Plant and Equipment

Our property, plant and equipment is recorded at cost and depreciated using the straight-line method over the estimated useful lives as follows: buildings and improvements, 30 years; machinery and equipment, 5 to 15 years; furniture and fixtures, 5 to 7 years; computer information systems, 3 years. Leasehold improvements are amortized over the lesser of the estimated useful lives or the remaining underlying lease term.

We amortize equipment under capital leases using the straight-line method over the lesser of the estimated useful lives or the terms of the leases. We periodically assess the appropriateness of and make revisions to the remaining estimated useful lives of property, plant and equipment.

We capitalize expenditures for major renewals and replacements and charge against income expenditures for maintenance and repairs. When we retire or otherwise dispose of property, plant and equipment, we remove the asset balances from the related asset and accumulated depreciation accounts and we credit or charge to operations any resulting gain or loss, respectively.

Edgar Filing: BWAY CORP - Form 10-K

We capitalize interest in connection with the installation of major machinery and equipment acquisitions. We record the capitalized interest as part of the cost of the related asset and amortize it over the asset's estimated useful life. In fiscal 2004, Successor 2003, Predecessor 2003 and fiscal 2002, we capitalized interest of approximately \$244 thousand, \$91 thousand, \$86 thousand and \$190 thousand, respectively.

Computer Information Systems

Costs directly associated with the initial purchase, development and implementation of computer information systems are capitalized and included in property, plant and equipment. Such costs are amortized on a straight-line basis over the expected useful life of the systems, principally three years. Ongoing maintenance costs for computer information systems are expensed as incurred or, in the case of prepaid agreements, amortized to expense over the applicable term.

Goodwill and Other Intangible Assets

Effective with the adoption of SFAS 142, *Goodwill and Other Intangible Assets*, in fiscal 2003, we no longer amortize goodwill. Instead, we test goodwill for impairment at least annually at the end of our eleventh fiscal month (approximately August 30). Prior to fiscal 2003, we amortized goodwill on a straight-line basis over its estimated useful life (generally 20 to 40 years).

We completed the initial impairment test upon adoption of SFAS 142 at the beginning of fiscal 2003, as required under the statement, and determined that our goodwill was not impaired. Our annual impairment tests for fiscal 2004 and 2003, performed as of August 29, 2004 and August 24, 2003, respectively, did not result in an impairment.

Table of Contents

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

BWAY Corporation and Subsidiaries

Our intangible assets consist of identifiable intangibles (tradenames, customer relationships and covenants not-to-compete) and goodwill. We amortize finite-lived, identifiable intangible assets over their remaining useful lives, which range from 3 to 18 years. These finite-lived intangibles are amortized in proportion to the underlying cash flows that were used in determining the acquired value. The portion of these intangibles associated with Predecessor's carryover basis continues to be amortized on a straight-line basis. The finite-lived intangibles are tested for impairment whenever events or changes in circumstances indicate that the carrying amount of any asset may not be recoverable based on estimates of future undiscounted cash flows. In the event of impairment, the asset is written down to its fair market value. A write-down, if any, is measured based on estimates of future undiscounted cash flows. Indefinite-lived identifiable intangibles and goodwill are not amortized, but tested for impairment annually (as discussed above) in accordance with SFAS 142.

SFAS 142 requires a two-step process in evaluating goodwill for impairment. The first step requires the comparison of the fair value of each reporting unit to its carrying value. We have two reporting units that have assigned goodwill: BWAY Packaging Division and NAMPAC Division. Our methodology for estimating the fair value of each reporting unit primarily considers discounted future cash flows. If the fair value of a reporting unit exceeds its carrying value, then no further testing is required. If the carrying value of a reporting unit exceeds its fair value, however, a second step is required to determine the amount of the impairment charge, if any. An impairment charge is recognized if the carrying value of a reporting unit's goodwill exceeds its implied fair value.

We perform our impairment test for our indefinite-lived intangible assets by comparing the fair value of each indefinite-lived intangible asset to its carrying value. The fair value of the asset is estimated based on its discounted future cash flows. We recognize an impairment charge if the carrying value of the asset unit exceeds its estimated fair value.

Deferred Financing Costs

We amortize deferred financing costs to interest expense over the term of the related financing agreement using the straight-line method for costs associated with financing having a single payoff date and using a declining balance method for costs associated with financing having scheduled payoffs, each of which approximates the effective yield method.

Revenue Recognition

We recognize revenue when our products are shipped and title and risk of loss are passed to our customers. We record provisions for discounts, returns, allowances, customer rebates and other adjustments in the same period as the related revenues are recorded. We do not engage in revenue arrangements with multiple deliverables.

Accrued Rebates

Edgar Filing: BWAY CORP - Form 10-K

We enter into contractual agreements with our customers for rebates on certain products. We accrue a provision for these rebates and take a charge against net sales in the same period as the associated revenue is recognized.

Comprehensive Income

We report comprehensive income (loss) in accordance with SFAS 130, *Reporting Comprehensive Income*, which requires the disclosure of total non-shareholder changes in equity and its components, which include all changes in equity during a period except those resulting from investments by and distributions to shareholders. The components of other comprehensive income (loss) that may be applicable to us are additional minimum pension liabilities, translation gains and losses on foreign currency and certain transactions associated with derivative instruments. There were no material translation gains and losses on foreign currency or derivative instrument transactions during the fiscal years 2004, 2003 and 2002. In fiscal 2004, additional minimum pension liability of \$0.6 million, net of deferred taxes of \$0.4 million, is reflected in accumulated other comprehensive loss in our consolidated statements of operations. The additional minimum pension liability relates to the defined benefit pension plan sponsored by NAMPAC. There were no minimum pension liability adjustments in fiscal 2003 or 2002.

Income Taxes

We account for income taxes in accordance with SFAS 109, *Accounting for Income Taxes*, which requires an asset and liability approach to financial accounting and reporting for income taxes. In accordance with SFAS 109, deferred income tax assets and liabilities are computed annually for differences between the financial statement and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Income tax expense (benefit) is the tax payable or refundable for the period plus or minus the change during the period in deferred tax assets and liabilities.

Table of Contents

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

BWAY Corporation and Subsidiaries

Under SFAS 109, a valuation allowance is required when it is more likely than not that some portion of the deferred tax assets will not be realized. Realization is dependent on generating sufficient future taxable income. Although realization is not assured, management believes it is more likely than not that all the deferred tax assets will be realized. Accordingly, we have not provided a valuation allowance.

Impairment of Long-Lived Assets and Long-Lived Assets to be Disposed Of

We review long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of any asset may not be recoverable based on estimates of future undiscounted cash flows. In the event of impairment, the asset is written down to its fair market value. A write-down, if any, is measured based on estimates of future undiscounted cash flows. Assets to be disposed of are recorded at the lower of net book value or fair market value less cost to sell at the date management commits to a plan of disposal and are reclassified to other current assets on the consolidated balance sheet.

Disclosures about Fair Value of Financial Instruments

A summary of the fair value of our financial instruments and the methods and significant assumptions used to estimate those values is as follows:

Short-Term Financial Instruments The fair value of short-term financial instruments, including cash and cash equivalents, accounts receivable and payable, certain accrued liabilities, and current maturities of long-term debt approximates their carrying amounts in the financial statements due to the short maturity of such instruments.

Long-Term Debt The fair value of outstanding borrowings under our variable rate Credit Facility approximates the carrying amount since Credit Facility borrowings are at market rates. The fair value of our fixed rate, senior subordinated notes is based on a quoted market price.

Derivative Financial Instruments

We follow the requirements of SFAS 133, *Accounting for Derivative Instruments and Hedging Activities*, as amended by SFAS 138, *Accounting for Certain Derivative Instruments and Certain Hedging Activities*, which requires that the fair value of all derivative financial instruments be recognized as either assets or liabilities in the balance sheet. Derivatives that are not hedges must be adjusted to fair value through income. If the derivative is a hedge, depending on the nature of the hedge, changes in the fair value of the derivative are either offset against the change in fair value of assets, liabilities or firm commitments through earnings or recognized in other comprehensive income until the hedged item is recognized in earnings. The ineffective portion of a derivative's change in fair value is immediately recognized in earnings.

Our policy on derivatives currently prohibits the use of derivatives for trading or hedging purposes. Additionally, we review our contracts to determine if they contain embedded derivatives requiring separate reporting and disclosure under SFAS 133, as amended.

Stock-Based Compensation

We account for stock-based compensation using the intrinsic value method prescribed in Accounting Principles Board (APB) Opinion 25, *Accounting for Stock Issued to Employees*, and related interpretations (APB 25). Accordingly, we are not required to record compensation expense when the exercise price of stock options granted to employees or directors is equal to or greater than the fair market value of the stock when the option is granted.

The Financial Accounting Standards Board (the FASB) has issued SFAS 123, *Accounting for Stock-Based Compensation*, which allows the Company to continue to follow the guidance of APB 25, but requires pro forma disclosures of net income and earnings as if the Company had adopted SFAS 123. In December 2002, the FASB issued SFAS 148, *Accounting for Stock-Based Compensation Transition and Disclosure an Amendment of FASB Statement No. 123*, which, among other things, requires prominent disclosure about the effects on reported net income of an entity s accounting policy decisions with respect to stock-based employee compensation.

Table of Contents

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

BWAY Corporation and Subsidiaries

If we determined compensation cost for our stock-based compensation plans based on the fair value at the grant date of the awards under those plans in accordance with the provisions of SFAS 123, our net income (loss) would have been as follows:

	<u>Successor</u>		<u>Predecessor</u>	
	<u>Year Ended</u>	<u>For the Periods From</u>	<u>Year Ended</u>	
	<u>October 3</u>	<u>February 7, 2003 to September 28, 2003</u>	<u>February 6, 2003</u>	<u>September 29, 2002</u>
<u>(\$ in thousands)</u>	<u>2004</u>	<u>2003</u>	<u>2003</u>	<u>2002</u>
Net income (loss), as reported	\$ 5,707	\$ 5,865	\$ (9,067)	\$ 12,256
Stock-based compensation included in net income (loss), net of tax (1) (2)	683	726	8,239	
Pro forma stock-based compensation under SFAS 123, net of tax	(2,463)	(1,837)	(1,271)	(3,935)
Pro forma net income (loss)	\$ 3,927	\$ 4,754	\$ (2,099)	\$ 8,321

- (1) The \$8.2 million of stock-based compensation, net of tax, recorded in the period from September 30, 2002 to February 6, 2003 related to the settlement of outstanding stock options of the Predecessor associated with the Transaction (see Note 2).
- (2) The \$0.7 million of stock-based compensation, net of tax, that we recorded in each of the year ended October 3, 2004 and in the period from February 7, 2003 to September 28, 2003 related to stock options issued pursuant to the Holding Incentive Plan (see Note 9).

Recent Accounting Pronouncements

In December 2003, the FASB issued SFAS No. 132 (revised 2003), *Employers' Disclosures about Pensions and Other Postretirement Benefits - an amendment of FASB Statements No. 87, 88, and 106*. The Statement revises employers' disclosures about pension plans and other postretirement benefit plans requiring additional disclosures relating to assets, obligations, cash flows and net periodic benefit cost of defined benefit pension plans and other defined benefit postretirement plans. The revision did not change the measurement or recognition of those plans required by SFAS No. 87, *Employers' Accounting for Pensions*, SFAS No. 88, *Employers' Accounting for Settlements and Curtailments of Defined Benefit Pension Plans and for Termination Benefits*, and SFAS No. 106, *Employers' Accounting for Postretirement Benefits Other Than Pensions*. The revised Statement is effective for financial statements with fiscal years ending after December 15, 2003. The annual disclosure requirements are presented in Note 12.

In December 2003, the FASB issued a revision to FASB Interpretation No. 46 (FIN 46-R), *Consolidation of Variable Interest Entities*. FIN 46-R is an Interpretation of Accounting Research Bulletin No. 51, *Consolidated Financial Statements* and addresses consolidation by business enterprises of variable interest entities (VIEs). The revision clarifies the definition of a business by providing a scope exemption that eliminates

Edgar Filing: BWAY CORP - Form 10-K

the overly broad definition in the original release that potentially could have classified any business as a VIE. The revision delayed the effective date of the Interpretation from the first reporting period following December 15, 2003 to the first reporting period ending after March 15, 2004. The revision was effective in our second quarter of fiscal 2004. We have not identified any VIEs and, accordingly, the application of this Interpretation has not affected our results of operations or financial position.

The FASB issued FASB Staff Position (FSP) No. 106-1, *Accounting and Disclosure Requirements Related to the Medicare Prescription Drug, Improvement and Modernization Act of 2003* (FSP 106-1) in January 2004. The Medicare Prescription Drug, Improvement and Modernization Act of 2003 (the Medicare Act) introduced a prescription drug benefit under Medicare and a federal subsidy to sponsors of health care benefit plans in certain circumstances. FSP 106-1 permits a sponsor of a postretirement health care plan that provides a prescription drug benefit to make a one-time election to defer accounting for the Medicare Act. We elected to defer accounting for the Medicare Act.

In May 2004, the FASB issued FSP 106-2, *Accounting and Disclosure Requirements Related to the Medicare Prescription Drug, Improvement and Modernization Act of 2003* (FSP 106-2). FSP 106-2 is effective for the first interim or annual period beginning after June 15, 2004 and supercedes FSP 106-1. The effects of the Medicare Act were not considered to be a significant event and, therefore, were not incorporated in our October 3, 2004 measurement of plan obligations. See Note 12.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

BWAY Corporation and Subsidiaries

In November 2004, the FASB issued SFAS 151, *Inventory Costs - an amendment of ARB No. 43, Chapter 4*. The Statement amends the guidance of ARB No. 43, Chapter 4, *Inventory Pricing*, by clarifying that abnormal amounts of idle facility expense, freight, handling costs, and wasted materials (spoilage) should be recognized as current-period charges and by requiring the allocation of fixed production overheads to inventory based on the normal capacity of the production facilities. The Statement is effective for us beginning in fiscal 2006.

In December 2004, the FASB issued a revision to SFAS 123 (revised 2004), *Share-Based Payment*. The revision requires all entities to recognize compensation expense in an amount equal to the fair value of share-based payments granted to employees. The statements eliminates the alternative method of accounting for employee share-based payments previously available under APB 25. The Statement is effective for us beginning in our fourth quarter of fiscal 2005.

Reclassifications

We have reclassified certain amounts in the prior period financial statements to conform to the current presentation.

2. Agreement and Plan of Merger

The Merger and Related Transactions

On February 7, 2003, we were acquired pursuant to a merger agreement dated September 30, 2002 among BCO Holding, BCO Acquisition and BWAY whereby BCO Acquisition was merged into BWAY. We are a wholly owned subsidiary of BCO Holding. In order to raise a portion of the financing needed to consummate the transaction, BWAY Finance issued \$200 Million 10% Senior Subordinated Notes due 2010 in a private placement on November 27, 2002. Upon completion of the merger, we assumed BWAY Finance's obligations under the \$200 Million 10% Senior Subordinated Notes due 2010. As a result of the merger and related transactions, we are controlled by affiliates of Kelso & Company, L.P., a private investment firm founded in 1971, (collectively "Kelso").

The following principal transactions occurred in connection with the merger:

Approximately 8.2 million shares of BWAY's common stock were converted into the right to receive \$20.00 per share in cash.

All outstanding unvested options to purchase BWAY's common stock became fully vested and options to purchase approximately 1.0 million shares of BWAY's common stock were canceled in exchange for lump sum payments in cash of \$20.00 per underlying share less the applicable option exercise price.

Kelso contributed \$78.0 million in cash in exchange for 7.8 million shares of common stock of BCO Holding and another equity investor contributed \$2.0 million in cash in exchange for 0.2 million shares of common stock of BCO Holding. Certain stockholders of BWAY, including members of management and the Board of Directors, exchanged a total of approximately 0.6 million shares and options to purchase approximately 0.8 million shares of BWAY's common stock (with an aggregate value of approximately \$20.3 million) for a total of approximately 1.2 million shares and options to purchase approximately 1.6 million shares of BCO Holding's common stock. At the time of the transactions, Kelso held approximately 72.1% of BCO Holding's fully diluted common stock, the other equity investor held approximately 1.8% of BCO Holding's fully diluted common stock and such existing stockholders of BWAY owned the remaining 26.1% of BCO Holding's fully diluted common stock (in each case without giving effect to the grant of new stock options under BCO Holding's new stock incentive plan).

BWAY Finance issued \$200 Million 10% Senior Subordinated Notes due 2010, which BWAY assumed upon the completion of BCO Acquisition's merger with and into BWAY on February 7, 2003. BWAY Finance merged into BWAY.

We used the net proceeds from these equity and debt financings to:

fund the cash consideration payable to its stockholders and option holders under the merger agreement;

repurchase all of its outstanding \$100.0 million 10¼% senior subordinated notes due 2007 including accrued interest and bond tender and consent solicitation premiums associated with those notes;

repay all outstanding principal and accrued interest under its credit facility as of the closing of the merger; and

pay related transaction fees and expenses.

Upon completion of the Transaction, BWAY became a private company and our common stock was delisted from the New York Stock Exchange.

The merger of BCO Acquisition and BWAY, the investment by Kelso and the other equity investor, the investment by certain stockholders and option holders who exchanged shares and options, the amended credit facility, the offering of the \$200 Million 10% Senior Subordinated Notes due 2010 and the application of the net proceeds therefrom, the repurchase and redemption of BWAY's outstanding \$100.0 million 10¼% senior subordinated notes due 2007, the repayment of all outstanding principal and accrued interest at the closing date under BWAY's credit facility and the merger of BWAY Finance with and into BWAY are collectively referred to in this annual report as the Transaction.

Table of Contents

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

BWAY Corporation and Subsidiaries

On November 4, 2003, the Registration Statement for our \$200 million 10% Senior Subordinated Notes Due 2010 became effective under the Securities Act of 1933. In December 2003, we exchanged these notes for an equal principal amount of outstanding notes with substantially the same terms.

Financial Advisory Fees

Upon completion of the Transaction, we paid Kelso a fee of approximately \$5.0 million in connection with the merger and entered into a financial advisory agreement with them for annual fees of approximately \$0.5 million plus reimbursement of their reasonable expenses.

Deferred Financing and Transaction Costs

In connection with the Transaction, we incurred transaction costs and debt issuance costs of approximately \$30.5 million, which we capitalized as either direct costs of the transaction or as deferred financing costs.

In fiscal 2002 and in the period from September 30, 2002 to February 6, 2003, the Predecessor expensed approximately \$1.5 million and \$2.5 million, respectively, in merger-related transaction costs, which related primarily to the fairness opinion from the special committee's independent financial advisor, legal and other advisory fees and expenses, and special committee retainer and meeting fees and expenses. These items appear in the merger-related transaction costs line item of our consolidated statements of operations.

The acquisition was funded as follows:

<i>(\$ in thousands)</i>	Amount
Equity contributions:	
Kelso and affiliates	\$ 78,000
Continuing investors	20,349
Other equity investor	2,000
10% Senior subordinated notes due 2010 assumed from BWAY Finance	200,000
Credit facility borrowings at closing	15,815
Transaction and financing costs paid from operating cash flows and additional Credit Facility borrowings	16,406
Total purchase price	\$ 332,570

Edgar Filing: BWAY CORP - Form 10-K

The following table summarizes the estimated fair values of the assets acquired and liabilities assumed in the transaction:

(\$ in thousands)	February 7, 2003
Cash and other current assets	\$ 121,206
Property, plant and equipment	110,365
Intangible assets subject to amortization:	
Tradename	8,590
Customer relationships	65,659
Non-compete agreement	24
Deferred financing costs	12,212
Other assets	640
Goodwill	112,556
Total assets acquired	431,252
Current liabilities	(95,279)
Long-term debt	(216,815)
Other long-term liabilities	(45,536)
Total liabilities assumed	(357,630)
Net assets acquired	\$ 73,622

The transaction was accounted for as a purchase in accordance with SFAS 141, *Business Combinations*, and EITF Issue 88-16, *Basis in Leveraged Buyout Transactions*. As such, the acquired assets and assumed liabilities have been recorded at fair market value for the interests acquired and preliminary estimates of assumed liabilities by new investors and at the carryover basis for continuing investors. The acquired assets and assumed liabilities were assigned new book values in the same proportion as the residual interests of the continuing investors and the new interests acquired by the new investors. The sum of the investment made by the new investors and the continuing investors proportionate share of the Predecessor book value was reduced by a deemed dividend of \$19.4 million, calculated in accordance with EITF 88-16, to determine the value of net assets acquired. Goodwill resulting from the transaction is not deductible for income tax purposes.

Table of Contents

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

BWAY Corporation and Subsidiaries

As a result of the redemption of stock options outstanding immediately prior to the closing of the transaction, we recognized approximately \$12.6 million of stock-based compensation related expenses in Predecessor 2003.

The unaudited pro forma results presented below include the effects of the Transaction as if it had been consummated at the beginning of fiscal 2002 and as if SFAS 142 had been effective for the periods presented (see Note 6). In addition to the SFAS 142 related adjustments, other pro forma adjustments primarily related to depreciation and amortization associated with asset revaluations, amortization associated with changes in deferred financing fees, interest expense associated with additional debt and the exclusion of merger related transaction costs and additional expenses directly related to the Transaction that would have been incurred, on a pro forma basis, prior to the beginning of each of fiscal 2003 and 2002. The unaudited pro forma financial information below is not necessarily indicative of either future results of operations or results that might have been achieved had the acquisition been consummated at the beginning of each of the periods presented.

<u>Unaudited</u>	<u>Successor</u>	<u>Predecessor</u>	
	<i>For the Periods From</i>		
	<i>February 7, 2003 to September 28</i>	<i>September 30, 2002 to February 6</i>	<i>For the Year Ended September 29</i>
<i>(\$ in thousands)</i>	<u>2003</u>	<u>2003</u>	<u>2002</u>
Pro forma net sales	364,384	186,726	527,601
Pro forma net income (loss)	9,042	1,267	4,529

3. Acquisitions

In the fourth fiscal quarters of 2004 and 2003, we acquired NAMPAC and SST, respectively, as further discussed below. The SST transaction enabled us to acquire a small manufacturer and provider of rigid plastics containers and the NAMPAC transaction enabled us to expand the scale of our plastic container offerings. We believe the rigid plastic container segment is important to our growth, and it enables us to serve our customers with a more diverse product offering.

NAMPAC Acquisition

Edgar Filing: BWAY CORP - Form 10-K

On July 7, 2004, we acquired all of the issued and outstanding shares of stock of NAMPAC, a manufacturer of rigid plastic containers for industrial packaging markets, from MVOC, LLC, a Delaware limited liability company and sole owner of the common shares of NAMPAC (the NAMPAC Acquisition). As a result of the acquisition, NAMPAC became a wholly owned subsidiary of BWAY. We paid approximately \$213.8 million in cash for the acquisition, which was funded by a \$30.0 million equity contribution from Kelso and certain members of our senior management and from a portion of the proceeds from a \$225.0 million term loan facility. The term loan facility is further discussed in Note 8. The results of operations related to this acquisition are included in the consolidated financial statements from the date of acquisition. Included in the purchase price is approximately \$2.0 million in transaction costs associated with the acquisition. The purchase price was subject to a working capital adjustment, which was finalized and received in September 2004 and is reflected in the \$213.8 million purchase price.

F-15

Table of Contents

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

BWAY Corporation and Subsidiaries

The acquisition was accounted for as a purchase in accordance with SFAS 141, *Business Combinations*. As such, the assets and liabilities have been recorded at fair market value. We allocated the purchase price based on our estimates and with the assistance of an independent appraiser. The following is a summary of the fair values of the assets and liabilities as of the date of acquisition based on an initial purchase price allocation. Although we believe the purchase price allocation is substantially complete, the finalization of certain transaction costs, among other things, could result in an adjustment to the allocation.

<u>(\$ in thousands)</u>	<u>July 7, 2004</u>
Current assets	\$ 43,161
Property, plant and equipment	42,289
Intangible assets subject to amortization	104,828
Other assets	284
Goodwill	100,038
Total assets	290,600
Current liabilities	(36,116)
Other liabilities	(51,989)
Total liabilities	(88,105)
Cash purchase price, net of \$11,351 cash acquired	\$ 202,495

Goodwill and intangible assets resulting from the acquisition have been allocated to our Plastics Packaging segment. The weighted-average life of the acquired intangible assets subject to amortization is approximately 17.5 years. Goodwill is not deductible for income tax purposes.

The unaudited pro forma results presented below include the effects of the NAMPAC Acquisition as if it had been consummated at the beginning of each of fiscal 2004 and 2003. Pro forma adjustments primarily relate to depreciation and amortization associated with asset revaluations, amortization associated with changes in deferred financing fees, interest expense associated with additional debt and the exclusion of additional expenses directly related to the acquisition that would have been incurred, on a pro forma basis, prior to the beginning of the periods presented. The unaudited pro forma financial information below is not necessarily indicative of either future results of operations or results that may have been achieved had the acquisition been consummated at the beginning of each of the periods presented.

<u>Unaudited</u>	<u>For the Year Ended</u>	
<u>(\$ in thousands)</u>	<u>October 3</u>	<u>September 28</u>
	<u>2004</u>	<u>2003</u>
Pro forma net sales	\$ 793,965	772,234

Pro forma net income (loss)	<u>\$ 7,355</u>	<u>(4,023)</u>
-----------------------------	-----------------	----------------

SST Acquisition

On August 25, 2003, we acquired substantially all of the assets of SST Industries (SST), a manufacturer of rigid plastic containers for industrial packaging markets (the SST Acquisition). We paid approximately \$23.2 million in cash for the SST assets, which were financed using borrowings under our revolving credit facility. The results of operations related to this acquisition are included in the consolidated financial statements from the date of acquisition.

Table of Contents

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

BWAY Corporation and Subsidiaries

The following is a summary of the fair values of the assets acquired and the liabilities assumed as of the date of acquisition based on the final purchase price allocation:

<u>(\$ in thousands)</u>	<u>August 25, 2003</u>
Current assets	\$ 6,282
Property, plant and equipment	11,744
Other intangible assets	2,089
Other assets	15
Goodwill	7,703
	<hr/>
Total assets	27,833
	<hr/>
Current liabilities	(4,746)
Other liabilities	(28)
	<hr/>
Total liabilities	(4,774)
	<hr/>
Cash purchase price, net of cash acquired	\$ 23,059
	<hr/>

Goodwill and other intangible assets resulting from the acquisition have been allocated to our Plastics Packaging segment. The weighted-average life of the acquired definite lived other intangible assets is approximately 16 years. Goodwill is deductible for income tax purposes.

Due to immateriality, we have not presented pro forma results for the SST Acquisition.

4. Inventories

Inventories consist of the following:

<u>(\$ in thousands)</u>	<i>Successor</i>	
	<u>October 3 2004</u>	<u>September 28, 2003</u>

Inventories at FIFO cost		
Raw materials	\$ 15,405	\$ 6,622
Work-in-progress	27,081	29,994
Finished goods	21,324	14,874
	63,810	51,490
LIFO reserve	(4,535)	(622)
Inventories, net	\$ 59,275	\$ 50,868

During fiscal 2004, as a result of reduced inventory quantities, LIFO inventory quantities carried at lower costs were liquidated which resulted in an increase in net income before income taxes of approximately \$0.6 million. The liquidation results in additional net income before income taxes due to LIFO inventories valued at costs prevailing in prior years that were lower than the costs of current purchases.

5. Property, Plant and Equipment

Property, plant and equipment consist of the following:

(\$ in thousands)	Successor	
	October 3, 2004	September 28, 2003
Land	\$ 3,205	\$ 2,552
Buildings and improvements	12,859	9,526
Machinery and equipment	166,692	113,834
Furniture, fixtures and computer information systems	12,353	10,119
Construction-in-progress	11,339	13,090
	206,448	149,121
Less accumulated depreciation	(51,053)	(28,764)
Property, plant and equipment, net	\$ 155,395	\$ 120,357

For fiscal 2004, Successor 2003, Predecessor 2003 and fiscal year 2002, we recorded depreciation expense of approximately \$24.1 million, \$11.8 million, \$5.9 million and \$16.7 million, respectively.

Table of Contents

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

*BWAY Corporation and Subsidiaries***6. Goodwill and Other Intangible Assets**

Effective September 30, 2002, we adopted SFAS 142, *Goodwill and Other Intangible Assets*, which prescribes the accounting practices for goodwill and other intangible assets. Under this pronouncement, we no longer amortize goodwill to earnings, but instead review it periodically (at least annually) for impairment. We completed the initial impairment test upon adoption, as required under the statement, and determined that our goodwill was not impaired. We annually review goodwill for impairment at the end of the eleventh month of our fiscal year (approximately August 30). Our annual impairment tests for fiscal 2004 and 2003, performed as of August 29, 2004 and August 24, 2003, respectively, did not result in an impairment.

The following table adjusts net income (loss) for the impact of the implementation of SFAS 142:

	<i>Successor</i>		<i>Predecessor</i>	
	<i>Year Ended</i>	<i>For the Periods From</i>		<i>Year Ended</i>
	<i>October</i>	<i>February 7, 2003 to September 28</i>	<i>September 30, 2002 to February 6</i>	<i>September 29</i>
	<i>3</i>			
<i>(\$ in thousands)</i>	<i>2004</i>	<i>2003</i>	<i>2003</i>	<i>2002</i>
Net income (loss), as reported	\$ 5,707	\$ 5,865	\$ (9,067)	\$ 12,256
Goodwill amortization, net of tax effect				1,271
Net income (loss), as adjusted for the implementation impact of SFAS 142	\$ 5,707	\$ 5,865	\$ (9,067)	\$ 13,527

The following table sets forth the identifiable intangible assets by major asset class:

	<i>October 3, 2004</i>			<i>September 28, 2003</i>		
	<i>Gross Carrying Amount</i>	<i>Accumulated Amortization</i>	<i>Net</i>	<i>Gross Carrying Amount</i>	<i>Accumulated Amortization</i>	<i>Net</i>

Total identifiable intangible assets	\$ 181,907	\$ (13,294)	\$ 168,613	\$ 77,079	\$ (5,706)	\$ 71,373
	<u> </u>	<u> </u>	<u> </u>	<u> </u>	<u> </u>	<u> </u>

⁽¹⁾ Useful lives range between 14 and 18 years.

⁽²⁾ Useful lives range between 10 and 15 years.

⁽³⁾ Useful lives range between 3 and 4 years.

We amortize finite-lived, identifiable intangible assets over their remaining useful lives. These finite-lived intangibles are amortized in proportion to the underlying cash flows that were used in determining their initial valuation; we periodically review the underlying cash flow assumptions to determine if they remain reasonable. The portion of these intangibles associated with Predecessor's carryover basis continues to be amortized on a straight-line basis.

In fiscal 2004, Successor 2003, Predecessor 2002 and fiscal 2002, we expensed amortization of approximately \$7.6 million, \$5.0 million, \$0.2 million and \$0.6 million, respectively, related to other intangible assets. In fiscal 2002, we expensed additional amortization of approximately \$2.2 million related to goodwill.

Table of Contents

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

BWAY Corporation and Subsidiaries

Expected amortization expense by fiscal year is as follows:

<u>(\$ in thousands)</u>	<u>Amount</u>
Fiscal Year Ending:	
2005	\$ 11,862
2006	13,003
2007	13,405
2008	12,900
2009	12,510
Thereafter	104,320
	<u>\$ 168,000</u>

The following table sets forth changes in the gross carrying amount of goodwill and other intangible assets by reportable segment during fiscal 2004:

<u>(\$ in thousands)</u>	<u>Metal Packaging</u>	<u>Plastic Packaging</u>	<u>Total</u>
Goodwill			
Balance, September 28, 2003	\$ 112,556	\$ 7,567	\$ 120,123
Adjustments related to the SST Acquisition (Note 3)		136	136
Additions related to the NAMPAC Acquisition (Note 3)		100,038	100,038
Balance, October 3, 2004	<u>\$ 112,556</u>	<u>\$ 107,741</u>	<u>\$ 220,297</u>
Other intangible assets			
Balance, September 28, 2003	\$ 74,990	\$ 2,089	\$ 77,079
Additions related to the NAMPAC Acquisition (Note 3)		104,828	104,828
Balance, October 3, 2004	<u>\$ 74,990</u>	<u>\$ 106,917</u>	<u>\$ 181,907</u>

7. Other Current Liabilities

The components of other current liabilities are as follows:

(\$ in thousands)	Successor	
	2004	2003
Unpresented bank drafts, issued and outstanding, in excess of cash available for offset	\$ 623	\$ 18,695
Accrued workers compensation	5,676	2,568
Other	11,395	10,215
Other current liabilities	\$ 17,694	\$ 31,478

At October 3, 2004, we had approximately \$15.2 million of outstanding bank drafts with the right of offset, which have been netted against cash and cash equivalents in the balance sheet.

8. Long-Term Debt

Long-term debt consists of the following:

(\$ in thousands)	Successor	
	2004	2003
10% Senior subordinated notes, due 2010	\$ 200,000	\$ 200,000
Senior credit facility:		
Term loan	215,000	
Revolving credit facility borrowings		17,170
Total long-term debt	415,000	217,170
Less: Current portion	19,700

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

BWAY Corporation and Subsidiaries

Scheduled maturities of long-term debt are as follows:

<u>(\$ in thousands)</u>	
Fiscal Year Ending:	
2005	\$ 19,700
2006	
2007	
2008	94
2009	992
Thereafter	394,214
	\$ 415,000

The current portion of long-term debt represents prepayments on the term loan we made in December 2004. As a result of these prepayments, our next scheduled payment is not due until June 2008, as reflected in the above scheduled maturities.

Senior Subordinated Notes*10% Notes Due 2010*

On November 27, 2002, BWAY Finance completed a private offering of \$200.0 million principal amount of 10% Senior Subordinated Notes due 2010, which we assumed on February 7, 2003 in connection with the Transactions. In December 2003, we exchanged the notes for new notes registered under the Securities Act in an equal principal amount (the Notes). The Notes mature on October 15, 2010.

The Notes are unsecured senior subordinated obligations of the Company and are effectively subordinated to all senior debt obligations, as defined in the indenture, of the Company. Interest on the Notes is payable semi-annually in arrears on April 15 and October 15 of each year.

Except in certain cases following an equity offering, as described below, we cannot redeem these notes until October 15, 2006. Thereafter, we may redeem some or all of these notes at the redemption prices specified in the indenture to the notes (105.0% on October 15, 2006 declining annually to 100% on October 15, 2009), plus accrued and unpaid interest to the date of redemption.

Edgar Filing: BWAY CORP - Form 10-K

At any time before October 15, 2005, we can choose to redeem up to 35% of these outstanding notes with money that we raise in one or more equity offerings, as long as: we pay 110% of the face amount of the notes, plus interest; we redeem the notes within 90 days of completing the equity offering; and at least 65% of the aggregate principal amount of notes issued remains outstanding afterwards.

Upon the occurrence of a Change in Control, as defined in the indenture, the holders of these notes could require us to repurchase the notes at 101% of the principal amount plus accrued and unpaid interest to the date of repurchase.

The indenture governing these notes contains covenants that, among other things, limit our ability (and some or all of our subsidiaries) to: incur additional debt, pay dividends or distributions on our capital stock or to repurchase our capital stock, make certain investments, create liens on our assets to secure debt, engage in transactions with affiliates, merge or consolidate with another company and transfer and sell assets. These covenants are subject to a number of important limitations and exceptions. At October 3, 2004, we were in compliance with all applicable covenants contained in the indenture.

Under the terms of the indenture and in connection with its guarantee of our Credit Facility, NAMPAAC and its subsidiaries have fully and unconditionally guaranteed the Notes. The indenture requires any current or future subsidiary of the Company that guarantees certain indebtedness of the Company to guarantee the Notes (see Note 17).

We incurred and have deferred approximately \$8.0 million in financing costs related to the underwriting and registration of these notes. We are amortizing these deferred costs to interest expense over the remaining term of the notes. At October 3, 2004 and September 28, 2003, approximately \$6.3 million and \$7.0 million, respectively, of the deferred costs were unamortized.

At October 3, 2004 and September 28, 2003, the fair value of the Notes was approximately \$219.0 million and \$213.5 million, respectively.

F-20

Table of Contents

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

BWAY Corporation and Subsidiaries

10¹/₄% Notes Due 2007

Prior to February 7, 2003, we had \$100.0 million principal amount of 10¹/₄% senior subordinated notes outstanding that were originally due April 15, 2007. We redeemed \$99.0 million of the outstanding principal of these notes at approximately 101% of the outstanding principle and \$1.0 million at approximately 103.4% of the outstanding principal, each plus accrued interest through the redemption date.

Associated with the redemption of these notes, we recorded a \$1.7 million charge to write-off the unamortized deferred financing costs related to the original underwriting of these notes. The charge was reflected in interest expense, net, for the period ended February 6, 2003.

Credit Facility

On July 7, 2004, in connection with the NAMPAC Acquisition, our parent, BCO Holding, and we entered into a \$255.0 million credit facility with various lenders and Deutsche Bank Trust Company Americas, as administrative agent. The credit facility consists of (a) \$225.0 million term loan facility (the *Term Loan*), which matures June 30, 2011 (or April 15, 2010, if all of the Notes, including any additional notes issued under the related indenture, have not been refinanced as of April 15, 2010 upon the terms specified in the credit agreement) and (b) a \$30.0 million revolving credit facility (the *Revolver*), which matures June 30, 2009 (the *Term Loan* and *Revolver*, collectively, the *Credit Facility*).

During the first six years of the *Term Loan*, annual amortization, which is payable quarterly beginning September 30, 2004, is required in the initial amount of \$0.9 million; thereafter, the remaining principal amount of the *Term Loan* is payable in four equal quarterly amortization payments, the final installment of which occurs on the *Term Loan* maturity date. However, we have the option of making voluntary prepayments, whereby, upon our election, the prepayment will first reduce the scheduled repayments becoming due within twelve months of the prepayment and any excess is used to reduce all future scheduled repayments on a pro rata basis. We made voluntary prepayments of \$10.0 million in September 2004 and, subsequent to year-end, \$19.1 million in December 2004. We also made a required prepayment of \$0.6 million in December 2004, which represented the net proceeds from the sale of assets related to our closed Southwest manufacturing facility (see Note 18). As a result of these prepayments, our next scheduled repayment of approximately \$0.1 million becomes due in June 2008. Repayments, whether scheduled or voluntary, permanently reduce the *Term Loan*.

Interest accrues on the *Term Loan* and the *Revolver* at an applicable margin plus either (a) a base rate (which is the higher of prime or 0.5% in excess of the overnight federal funds rate) or (b) a Eurodollar rate. For the *Term Loan*, the applicable margins are initially fixed at 1.25% for base rate loans and at 2.25% for Eurodollar rate loans, and range down to 1.00% and 2.00%, respectively, based upon meeting specified consolidated leverage ratio targets. For the *Revolver*, the applicable margins are initially fixed at 1.75% for base rate loans and 2.75% for Eurodollar rate loans, and range down to 1.00% and 2.00%, respectively, based upon meeting specified consolidated leverage ratio targets. Borrowing at the base rate or the Eurodollar rate is at our discretion. After December 31, 2004, rate margins are subject to quarterly change based on our ratio of Consolidated Indebtedness to Consolidated EBITDA (earnings before interest, taxes, depreciation and amortization), each as defined in the underlying credit agreement.

Edgar Filing: BWAY CORP - Form 10-K

BCO Holding and each of our subsidiaries, including NAMPAC and its subsidiaries, have guaranteed our obligations under the Credit Facility, which is secured by substantially all of our assets and the assets of BCO Holding (see Note 17). In addition, we have pledged as collateral all of the issued and outstanding stock of our subsidiaries, which are wholly-owned by BWAY.

A portion of the initial proceeds from the Term Loan were used to finance the NAMPAC Acquisition and to repay all outstanding principal, accrued interest and other amounts due under our then existing \$90.0 million revolving credit facility that expired in February 2008 (the Old Credit Facility).

We incurred and have deferred approximately \$6.5 million in financing costs related to the underwriting of the Credit Facility. In addition, approximately \$0.2 million of the unamortized deferred financings costs associated with the Old Credit Facility are carried forward and amortized over the term of the Revolver pursuant to EITF 98-14, *Debtor s Accounting for Changes in Line-of-Credit or Revolving-Debt Arrangements* (EITF 98-14). We are amortizing \$5.7 million of these deferred costs, which are associated with the Term Loan, to interest expense over the term of the loan in proportion to the outstanding principal. We are amortizing the remaining \$1.0 million, which includes the \$0.2 million carry forward, on a straight-line basis over the term of the Revolver. At October 3, 2004 and September 28, 2003, approximately \$5.5 million and \$2.2 million, respectively, of deferred costs associated with the Credit Facility and the Old Credit Facility, as applicable, were unamortized.

F-21

Table of Contents

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

BWAY Corporation and Subsidiaries

In connection with the payoff of the Old Credit Facility, we charged to interest expense in the fourth quarter of fiscal 2004 approximately \$1.3 million of the associated unamortized deferred financing costs that were not carried forward under EITF 98-14 as discussed above.

At October 3, 2004, we had \$5.5 million in standby letter of credit commitments that reduced our available borrowings under the Revolver to \$24.5 million. At October 3, 2004, we did not have any outstanding Revolver borrowings. The borrowing rate on the Term Loan borrowings was approximately 4.02%.

Since borrowings under the Credit Facility are at current market rates, the fair value of the Term Loan outstanding at October 3, 2004 is approximately \$215.0 million.

At October 3, 2004, we were in compliance will all applicable covenants contained in the underlying credit agreement.

9. Stockholder s Equity

In the fourth quarter of fiscal 2004, Kelso and the other BCO Holding stockholders, including certain members of our senior management, made an additional capital contribution of \$30.0 million through BCO Holding in association with the NAMPAC Acquisition. No additional shares were issued to BCO Holding in exchange for the capital contribution, which is recorded in additional paid in capital. We have also included in additional paid in capital approximately \$0.4 million related to a deferred share agreement between BCO Holding and an officer of NAMPAC whereby approximately \$0.4 million of the officer s compensation under the NAMPAC long-term incentive plan, which was terminated and paid out in conjunction with the NAMPAC Acquisition, was deferred in the form of deferred shares of BCO Holding common stock. The number of deferred shares granted was fixed based on a value per share agreed upon by the parties to the deferred share agreement. The obligation under the deferred share agreement can only be settled through the issuance of BCO Holding common stock.

Merger Transaction

As a result of the Transaction, except for certain shares and options of the Predecessor required to be exchanged for BCO Holding common stock, all of the outstanding shares of Predecessor were converted to the right to receive \$20.00 per share in cash and each outstanding stock option of Predecessor was converted to the right to receive \$20.00 per share in cash reduced by the option price. Additionally, all shares of Company stock held by Predecessor as treasury stock were canceled. The Company issued a certificate for 1,000 shares, \$0.01 par value common stock to BCO Holding, the Company s sole shareholder.

Stock-Based Compensation Plans

In February 2000, the Predecessor adopted the Fourth Amendment and Restatement of the 1995 Long-Term Incentive Plan (the Predecessor Incentive Plan). The Predecessor Incentive Plan authorized grants of stock options to participants from time to time as determined by the Board. As a result of the Transaction, (which, as defined in the Predecessor Incentive Plan, was an event of a change in control), all outstanding options became immediately vested and exercisable. Certain members of management that held stock options under the Predecessor Incentive Plan entered into Exchange Agreements with BCO Holding whereby their Predecessor Incentive Plan options to acquire shares in BWAY Corporation were exchanged 2-for-1 for new options under the Holding Incentive Plan (as defined below) with an exercise price of \$10.00 per share of BCO Holding common stock (New Options). The New Options were fully vested as of the closing of the Transaction and were issued with substantially the same terms and conditions in effect immediately before the exchange.

In January 2002, we issued approximately 1.2 million options to acquire a number of shares equal to 1.2 million options that were canceled in July 2001 under our option replacement program. The January 2002 replacement options had an exercise price of \$11.05 per share, which was equal to the closing price of our common stock immediately preceding the grant date. These options were subject to cash settlement or exchange in connection with the Transaction as described above.

Effective with the closing of the Transaction in February 2003, BCO Holding assumed the Predecessor Incentive Plan, which was replaced in July 2004 with the Amended and Restated BCO Holding Stock Incentive Plan (the Holding Incentive Plan). The July 2004 amendment increased the number of available shares of the common stock of BCO Holding subject to options from 2,006,989 to 2,395,103.

Table of Contents

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

BWAY Corporation and Subsidiaries

Three types of options may be granted under the Holding Incentive Plan: (1) Service Options, which vest in three equal annual installments commencing on the first anniversary of the grant date based upon service; (2) Performance Options, which vest in five equal annual installments if we achieve certain specified performance objectives; and (3) Exit Options, which vest upon a change in equity control (as defined and subject to certain limitations).

We account for Service Options as fixed awards, recording compensation expense at the date of grant for the amount by which the fair value of the BCO Holding common stock at the effective grant date exceeds the exercise price of the options granted. Because the number of options is contingent upon future events, we account for Performance and Exit Options as variable awards and record compensation expense for the number of options with known vesting during each reporting period. The compensation expense recorded for the Performance and Exit Options is the amount by which the fair value of BCO Holding common stock at the end of the reporting period exceeds the exercise price of the options. Under the Holding Incentive Plan, 40% of available options will be Service Options, 10% will be Performance Options and 50% will be Exit Options.

The Holding Incentive Plan will terminate on February 7, 2013 unless terminated earlier by BCO Holding. Termination of the Holding Incentive Plan will not affect grants made prior to the termination. Although the Holding Incentive Plan grants the right to acquire shares in BCO Holding, the Holding Incentive Plan is used to incentivize certain of our employees, including management, and certain options available under the plan are tied to our performance. As such, the Holding Incentive Plan is accounted for as if it were a direct plan of the Company. BCO Holding is a non-operating holding company that owns 100% of our outstanding common stock.

During the fourth quarter of fiscal 2003, BCO Holding granted approximately 1.8 million options under the Holding Incentive Plan, and we recorded approximately \$1.2 million as compensation expense for the Service and Performance Options granted. In fiscal 2004, BCO Holding granted approximately 0.5 million options under the Holding Incentive Plan and approximately 0.1 million options were canceled due to employee terminations. We recorded approximately \$1.1 million and \$1.2 million in compensation expense in fiscal 2004 and in the period ended September 28, 2003, respectively, related to the outstanding Service and Performance options. We did not record compensation expense in fiscal 2004 or 2003 related to Exit Options because the underlying exit event cannot be reasonably estimated. We did not record any stock based compensation in fiscal 2002.

BWAY Corporation and Subsidiaries

The following summarizes the status of the stock option plan as of the periods ended and changes during the periods of fiscal 2004, Successor 2003, Predecessor 2003 and fiscal 2002:

	<i>Successor</i>				<i>Predecessor</i>			
	<i>Year ended</i>		<i>For the Period From</i>				<i>Year ended</i>	
	<i>October 3, 2004</i>		<i>February 7, 2003 to September 28, 2003</i>		<i>September 30, 2002 to February 6, 2003</i>		<i>September 29, 2002</i>	
	Number of Shares	Weighted- Average Exercise Price	Number of Shares	Weighted- Average Exercise Price	Number of Shares	Weighted- Average Exercise Price	Number of Shares	Weighted- Average Exercise Price
Outstanding, beginning of period	3,464,226	\$ 7.57			1,930,364	\$ 8.90	807,898	\$ 5.40
Options exercised					(52,633)	10.35	(42,920)	7.32
Options granted	468,000	16.49	1,838,406	10.00			1,212,122	11.08
Options canceled	(72,252)	10.00			(1,064,821)	8.26	(46,736)	6.33
Options exchanged in the Transaction			1,625,820	4.82	(812,910)	9.65		
Outstanding, end of period	3,859,974	8.61	3,464,226	7.57			1,930,364	8.90
Exercisable, end of period	1,898,236	5.57	1,625,820	4.82			957,280	9.17
Weighted-average grant date fair value of options granted during the period		\$ 3.80		\$ 5.86		\$		\$ 5.63

The following table summarizes information about stock options outstanding at October 3, 2004:

	\$2.20	5.55	\$10.00	\$16.49	Total
Number of options outstanding		1,625,820	1,766,154	468,000	3,859,974
Weighted-average exercise price		\$ 4.82	\$ 10.00	\$ 16.49	\$ 8.61
Weighted-average remaining contractual life		7.0 years	8.4 years	9.7 years	7.9 years
Number of shares exercisable		1,625,820	270,810	1,606	1,898,236

The fair value of each option grant is estimated on the date of the grant using the Black-Scholes option-pricing methodology with the following weighted-average assumptions:

	<i>Successor</i>	<i>Predecessor</i>	
	<i>For the Year Ended October 3</i>	<i>For the Period From February 7, 2003 to September 28</i>	<i>For the Year Ended September 29</i>
	<i>2004</i>	<i>2003</i>	<i>2002</i>
Expected dividends	0.0 %	0.0 %	0.0 %
Expected volatility	0.0 %	0.0 %	53.6 %
Risk-free interest rate	4.0 %	3.0 %	5.3 %
Expected lives (years)	4.0	5.0	4.7

There were no options granted during the period ended February 6, 2003.

At October 3, 2004, there were 160,949 options available for grant.

BCO Holding Securityholders Agreement

On February 7, 2003, BCO Holding entered into a securityholders agreement with the Kelso affiliates, which in the aggregate own a majority of BCO Holding's common stock (the Kelso Affiliates), and certain other securityholders who own common stock and options to purchase common stock of BCO Holding (the Non-Kelso Securityholders) (the Securityholders Agreement).

Table of Contents

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

BWAY Corporation and Subsidiaries

The Securityholders Agreement generally restricts the transfer of shares of common stock owned by the Non-Kelso Securityholders and any of the Company's employees who will, at a later point, become parties to the agreement. Exceptions to this restriction include transfers for estate planning purposes or transfers in connection with certain pledges, so long as any transferee agrees to be bound by the terms of the Securityholders Agreement.

In addition, the Non-Kelso Securityholders have tag-along rights to sell their shares on a pro rata basis with the Kelso Affiliates in significant sales to third parties. The Kelso Affiliates have drag-along rights to cause the Non-Kelso Securityholders to sell their shares on a pro rata basis with the Kelso Affiliates in significant sales to a third parties.

Our employees who are a party to the Securityholders Agreement are subject to put and call rights, which, subject to certain exceptions, entitle an employee stockholder to require BCO Holding to purchase their shares, and which entitle BCO Holding, subject to certain exceptions, to require the employee stockholder to sell their shares to BCO Holding, upon any termination of the stockholder's employment with BCO Holding, at differing prices, depending upon the circumstances of the termination and further subject to a six-month and one day holding period following the date of acquisition of any shares through the exercise of stock options. The Securityholders Agreement also contains a provision that requires BCO Holding to offer certain existing stockholders the right to purchase shares of BCO Holding upon a new issuance on a pro rata basis, subject to certain exceptions.

BCO Holding Registration Rights Agreement

On February 7, 2003, BCO Holding entered into a registration rights agreement with the Non-Kelso Securityholders (the Holding Registration Rights Agreement). Pursuant to this agreement, the Kelso Affiliates have the right to make an unlimited number of requests that BCO Holding register their shares under the Securities Act, and, following the first anniversary of an initial public offering. In any demand registration, all of the parties to the Holding Registration Rights Agreement have the right to participate on a pro rata basis, subject to certain conditions. In addition, if BCO Holding proposes to register any of its shares (other than registrations related to exchange offers, benefit plans and certain other exceptions), all of the holders of registration rights under the Holding Registration Rights Agreement have the right to include their shares in the registration statement, subject to certain conditions.

Treasury Stock

During fiscal 2002, we purchased 36,100 shares of treasury stock for approximately \$0.4 million. During Predecessor 2003 and fiscal 2002, we issued 52,633 and 42,920 shares from treasury for exercises of stock options, respectively.

On February 7, 2003, concurrent with the Transaction, we canceled 1,089,743 shares of treasury stock. We did not hold any shares in treasury as of October 3, 2004 or September 28, 2003.

10. Income Taxes

We account for income taxes in accordance with SFAS 109, *Accounting for Income Taxes*, which requires an asset and liability approach to financial accounting and reporting for income taxes. In accordance with SFAS 109, deferred income tax assets and liabilities are computed for differences between the financial statement and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income.
