REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and the Plan Administrator of the

INTER-TEL, INCORPORATED TAX DEFERRED SAVINGS PLAN AND RETIREMENT TRUST

We have audited the accompanying statements of net assets available for benefits of *Inter-Tel, Incorporated Tax Deferred Savings Plan and Retirement Trust* at December 31, 2006 and 2005, and the related statement of changes in net assets available for benefits for the year ended December 31, 2006. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of *Inter-Tel, Incorporated Tax Deferred Savings Plan and Retirement Trust* at December 31, 2006 and 2005, and the changes in net assets available for benefits for the year ended December 31, 2006 in conformity with U.S. generally accepted accounting principles.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management, and has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

TAX DEFERRED SAVINGS PLAN AND RETIREMENT TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2006 AND 2005

(1) Description of the Plan

The following description of the Inter-Tel, Incorporated Tax Deferred Savings Plan and Retirement Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General The Plan is a defined contribution plan covering all employees of Inter-Tel (Delaware), Incorporated and its subsidiaries (the Company). Effective January 1, 2001, an employee was eligible to participate in the Plan subsequent to the pay period in which the employee completes one hour of service. Effective November 1, 2005, new employees are automatically enrolled at 1% unless they elect not to participate. The Plan was established on December 1, 1984 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions Each year, participants may contribute a percentage or dollar amount of their annual compensation up to the IRS maximum through regular payroll deductions. At any time during the year, participants have the opportunity to change the previously elected percentage or dollar deferral. Participants employed by the Company on December 31 of each year are eligible to receive a discretionary matching Company contribution. For 2006, the Company matched 50% of the participant's basic contribution limited to six percent of the participant's 2006 compensation. At the Company's discretion, it may allocate additional funds at the end of each Plan year based on each participant's salary.

Participant accounts Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of Plan earnings or losses. Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants may elect to have their accounts invested in mutual funds or common stock of the Company as offered by the Plan, or they may elect to have their accounts invested in any combination of common and preferred stocks, bonds and mutual funds, or other investments available through individual self-directed brokerage accounts.

Vesting Participants immediately vest in their voluntary contributions plus actual earnings thereon and amounts rolled over from former plans into the Plan. Vesting in the Company's matching contribution is based on years of continuous service. The employer contribution portion of each participant account vests starting at the end of the first year of service at a graduated amount each year until reaching the sixth year of service. After six years, the participant is 100 percent vested in the employer contribution account.

Forfeitures Forfeited balances of terminated participants' nonvested accounts are used to reduce employer contributions. In 2006, forfeitures of \$108,000 were used to reduce the employer contribution receivable and employer contributions at December 31, 2006 in the accompanying financial statements. As of December 31, 2006 and 2005, the forfeitures balance was approximately \$2,000 and \$0, respectively.

Participant loans Participants may borrow from their fund amounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to twenty years for the purchase of a primary residence. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates (prime plus 2%) at the time the loan is made as determined by the loan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of benefits Upon termination of service, a participant may receive a lump-sum amount equal to the vested value of his or her account, or upon death, disability, or retirement, elect to receive annual installments over a 10 year period.

Table of Contents**(1) Description of the Plan (continued)**

Plan termination Although it has not expressed any intent to do so, the Company has the discretionary right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100 percent vested in all of their accounts.

(2) Significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Investment valuation and income recognition The Plan's investments are stated at fair value. Securities and mutual funds traded on national securities exchanges are valued at the last quoted sales price on the principal exchange on which traded as of the last day of the Plan's year end. Securities and the limited partnership, for which no price is readily available on the valuation date, are valued at fair value as determined by the Plan Administrator. Participant loans are valued at their outstanding balances, which approximates fair value. The fair value of units of common/collective trusts are determined by Charles Schwab Trust Company.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of estimates The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and the reported amounts of changes in net assets available for benefits during the year. Actual results could differ from those estimates.

Concentrations of credit risk The Plan provides for various investment fund options, which in turn invest in any combination of mutual and other investment funds. Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. See Note 3 below for detail of investments exceeding five percent of the Plan's net assets.

(3) Investments

Investment information is summarized as follows:

Table of Contents**(3) Investments (continued)**

During 2006, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in fair value as follows:

Common stocks	\$ 1,543,930
Preferred stock	118
Corporate obligations	(463)
Common/collective trusts	538,681
Mutual funds	3,593,009
Limited partnerships	127,614
Unit investment trusts	15,896
	\$ 5,818,785

Investments that represent five percent or more of the Plan's net assets at December 31 are as follows:

	2006
Schwab Government Securities Fund	\$ 8,069,400
Baron Growth Fund	4,504,226
First Eagle Overseas A	9,757,070
Growth Fund of America R4	7,225,084

Vanguard Selected Value	4,539,119
Vanguard Windsor II Fund	6,897,170

(4) Administrative expenses

Substantially all of the Plan's administrative expenses, except for record-keeper fees, are paid by the Company.

(5) Party-in-interest transactions

Certain plan investments are shares of common stock of the Company or are funds held and managed by Charles Schwab Trust Company, the trustee; therefore, these transactions qualify as party-in-interest transactions. Fees paid and accrued by the Plan to the trustee for administrative fees amounted to \$82,843 for the year ended December 31, 2006.

Table of Contents

(6) Income tax status

The Plan has received a determination letter from the Internal Revenue Service dated February 11, 2004 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent amendments have been structured to and are intended to maintain the Plan s tax status. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code, and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

(7) Excess contribution refund payable

The Plan did not meet the requirements of the average deferral percentage test under the Internal Revenue Code for the years ended December 31, 2006 and 2005. Excess contributions and related investment earnings amounting to \$72,684 and \$124,273 for the years ended December 31, 2006 and 2005, respectively, are recorded as liabilities in the accompanying statements of net assets available for benefits. The 2006 excess contributions are also recorded as reduction to participant contributions and investment earnings in the accompanying statement of changes in net assets available for benefits. The Plan reimburses excess contributions to affected participants in the year following the year such contributions are withheld.
