PROXY STATEMENT

FOR 2009 ANNUAL MEETING OF STOCKHOLDERS

QUESTIONS AND ANSWERS ABOUT PROCEDURAL MATTERS

Annual Meeting

Q: Why am I receiving these proxy materials?

A: Our board of directors is providing these proxy materials to you in connection with the solicitation of proxies for use at the 2009 Annual Meeting of Stockholders (the Annual Meeting) to be held on Thursday, September 17, 2009 at 10:00 a.m., Pacific Time, and at any adjournment or postponement thereof, for the purpose of considering and acting upon the matters described herein.

Pursuant to new rules promulgated by the U.S. Securities and Exchange Commission (the SEC), we have elected to provide access to our proxy materials both by sending you this full set of proxy materials and by notifying you of the availability of our proxy materials on the Internet. The accompanying proxy card identifies the Web site where the proxy materials will be made available; the date, time and location of the Annual Meeting; the proposals to be voted upon at the Annual Meeting and the board of directors' recommendation with regard to such proposals; and a toll-free telephone number and a Web site where stockholders can vote.

Q: When did 3PAR send the proxy solicitation materials?

A: The proxy solicitation materials were first sent on or about August 17, 2009 to all stockholders entitled to vote at the Annual Meeting.

Q: Where is the Annual Meeting?

A: The Annual Meeting will be held at our principal executive offices at 4209 Technology Drive, Fremont, California 94538.

Q: Can I attend the Annual Meeting?

A: You are invited to attend the Annual Meeting if you were a stockholder of record or a beneficial owner as of July 22, 2009. You should bring photo identification for entrance to the Annual Meeting. The meeting will begin promptly at 10:00 a.m., Pacific Time.

Stock Ownership

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Edgar Filing: 3PAR Inc. - Form DEF 14A

A: *Stockholders of record* If your shares are registered directly in your name with our transfer agent, Computershare Limited (*Computershare*), you are considered, with respect to those shares, the stockholder of record, and these proxy materials are being sent directly to you by us.

As the stockholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the Annual Meeting. We have enclosed a proxy card for you to use.

Beneficial owners Many stockholders hold their shares through a broker, trustee or other nominee, rather than directly in their own name. If your shares are held in a brokerage account or by a bank or another nominee, you are considered the *beneficial owner* of shares held in *street name*. These proxy materials are being forwarded to you by your broker, trustee or nominee who is considered, with respect to those shares, the stockholder of record.

Table of Contents

As the beneficial owner, you have the right to direct your broker, trustee or other nominee on how to vote your shares and are also invited to attend the Annual Meeting. For directions on how to vote shares beneficially held in street name, please refer to the voting instruction card provided by your broker, trustee or nominee. Because a beneficial owner is not the stockholder of record, you may not vote these shares in person at the Annual Meeting unless you obtain a legal proxy from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the Annual Meeting.

Quorum and Voting

Q: Who is entitled to vote at the Annual Meeting and how many votes do they have?

A: Holders of record of our common stock (the Common Stock), on July 22, 2009 (the Record Date) are entitled to receive notice of and to vote their shares at the Annual Meeting. Such stockholders are entitled to cast one vote for each share of Common Stock held as of the Record Date.

As of the Record Date, there were 61,604,295 shares of Common Stock outstanding and entitled to vote at the Annual Meeting.

Q: How many shares must be present or represented to conduct business at the Annual Meeting?

A: The presence of the holders of a majority of the shares of our Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. Such stockholders are counted as present at the meeting if they (1) are present in person at the Annual Meeting, or (2) have properly submitted a proxy.

Under the General Corporation Law of the State of Delaware, abstentions and broker non-votes are counted as present for purposes of determining whether a quorum is present at the Annual Meeting.

Q: What is a broker non-vote ?

A: Under the rules that govern brokers who have record ownership of shares that are held in street name for their clients, who are the beneficial owners of the shares, brokers have discretion to vote these shares on routine matters but not on non-routine matters. Thus, if you do not otherwise instruct your broker, the broker may turn in a proxy card voting your shares FOR routine matters but expressly instructing that the broker is NOT voting on non-routine matters. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Broker non-votes will be counted towards the presence of a quorum but will not be counted towards the vote total for any proposal.

If you are a beneficial owner and your broker holds your shares in its name, the broker is permitted to vote your shares on the election of the Class II directors and the approval of PricewaterhouseCoopers LLP as our independent registered public accounting firm even if the broker does not receive voting instructions from you. However, the broker is not authorized to vote your shares on the approval of the amendment and restatement of our bylaws without your specific voting instructions. Broker non-votes will not have any effect on the outcome of voting with respect to the election of the Class II directors or the approval of our independent registered public accounting firm, but they will count as a vote against the amendment and restatement of our bylaws. See What is the voting requirement to approve each of the proposals and how does the board of directors recommend that I vote? below for more information regarding the vote requirement for each of the proposals.

Q: How can I vote my shares in person at the Annual Meeting?

Edgar Filing: 3PAR Inc. - Form DEF 14A

A: *Stockholders of record* Shares held in your name as the stockholder of record may be voted in person at the Annual Meeting, even if previously voted by another method.

Table of Contents

Beneficial owners Shares held beneficially in street name may be voted in person at the Annual Meeting only if you obtain a legal proxy from the broker, trustee or other nominee that holds your shares giving you the right to vote the shares.

Even if you plan to attend the Annual Meeting, we recommend that you submit your vote as described below, so that your vote will be counted if you later decide not to attend the Annual Meeting.

Q: How can I vote my shares without attending the Annual Meeting?

A: Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the Annual Meeting. If you are a stockholder of record, you may vote by submitting a proxy; please refer to the voting instructions below. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, trustee or nominee; please refer to the voting instructions provided to you by your broker, trustee or nominee.

Mail If you choose to vote by mail, indicate your vote by completing, signing and dating the proxy card where indicated and by returning it in the prepaid envelope included with the proxy card. If the envelope is missing, please mail your completed proxy card to 3PAR Inc. c/o Computer Share Trust Company, N.A., 250 Royall Street, Canton, Massachusetts 02121.

Internet If you choose to vote by Internet, please follow the Internet voting instructions provided on the proxy card.

Telephone If you choose to vote by telephone, please follow the telephone voting instructions provided on the proxy card.

Q: How will my shares be voted if I submit a proxy by mail and do not make specific choices?

A: If you submit a proxy by mail and do not make voting selections, the shares represented by that proxy will be voted FOR Proposal One, FOR Proposal Two and FOR Proposal Three.

Q: What happens if additional matters are presented at the Annual Meeting?

A: If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the proxyholders will have discretion to vote on those matters in accordance with their best judgment. We do not currently anticipate that any other matters will be raised at the Annual Meeting.

Q: Can I change or revoke my vote?

A: Subject to any rules your broker, trustee or nominee may have, you may change your proxy instructions at any time before your proxy is voted at the Annual Meeting.

Stockholders of record If you are a stockholder of record, you may change your vote by (1) filing with our General Counsel, prior to your shares being voted at the Annual Meeting, a written notice of revocation or another duly executed proxy card, in either case dated later than the prior proxy relating to the same shares, or (2) by attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not, by itself, revoke a proxy). Any written notice of revocation or subsequent proxy card must be received by our General Counsel prior to the taking of the vote at the Annual Meeting. Such written notice of revocation or subsequent proxy card should be hand delivered to our General Counsel or should be sent so as to be delivered to our principal executive offices located at 4209 Technology Drive, Fremont, California 94538, Attention: General Counsel.

Edgar Filing: 3PAR Inc. - Form DEF 14A

Beneficial owners If you are a beneficial owner of shares held in street name, you may change your vote (1) by submitting new voting instructions to your broker, trustee or other nominee, or (2) if you have obtained a legal proxy from the broker, trustee or other nominee that holds your shares giving you the right to vote the shares, by attending the Annual Meeting and voting in person.

Table of Contents

Q: What proposals will be voted on at the Annual Meeting?

A: At the Annual Meeting, stockholders will be asked to vote on:

1. The election of two Class II directors to hold office until the 2012 annual meeting of stockholders or until their respective successors have been duly elected and qualified;
2. The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2010; and
3. The approval of the amendment and restatement of our bylaws.

Q: What is the voting requirement to approve each of the proposals and how does the board of directors recommend that I vote?

A: *Proposal One* The nominees receiving the highest number of votes will be elected to the board of directors as Class II directors. You may vote either **FOR** or **WITHHOLD** for each director nominee.

You may vote **FOR** or **WITHHOLD** on each of the two nominees for election as director. A properly executed proxy marked **WITHHOLD** with respect to the election of a Class II director will not be voted with respect to such director, although it will be counted for purposes of determining whether there is a quorum. Abstentions and broker non-votes will not affect the outcome of the election of directors. **The board of directors recommends that you vote your shares FOR each of the two nominees listed in Proposal One.**

Proposal Two The affirmative vote of a majority of the shares present, represented and entitled to vote on the proposal is required to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm.

You may vote **FOR**, **AGAINST** or **ABSTAIN** on this proposal. Abstentions are deemed to be votes cast and have the same effect as a vote against this proposal. However, broker non-votes are not deemed to be votes cast and, therefore, are not included in the tabulation of the voting results on this proposal and will not affect the outcome of voting on this proposal. **The board of directors recommends that you vote your shares FOR Proposal Two.**

Proposal Three The affirmative vote of the holders of at least sixty six and two-thirds percent (~~66~~66 2/3%) of the voting power of the issued and outstanding shares of our capital stock entitled to vote on the proposal is required to approve the amendment and restatement of our bylaws.

You may vote **FOR**, **AGAINST**, or **ABSTAIN** on this proposal. Abstentions are deemed to be votes cast and have the same effect as a vote against this proposal. Because broker non-votes are not included in the tabulation of the voting results on this proposal, they will also have the same effect as a vote against this proposal. **The board of directors recommends that you vote your shares FOR Proposal Three.**

Q: Who is soliciting votes and will bear the cost of soliciting votes for the Annual Meeting?

A: We are soliciting the votes and will bear all expenses of soliciting proxies. We may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners of Common Stock for their reasonable out-of-pocket expenses in forwarding solicitation material to such beneficial owners. Some of our directors, officers and employees may also solicit proxies in person or by other means of communication. Such directors, officers and employees will not be additionally compensated but may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation. We may engage the services of a professional proxy solicitation firm to aid in the solicitation of proxies from certain brokers, bank nominees and other institutional owners. Our costs for such services, if retained, will not be significant.

Q: Where can I find the voting results of the Annual Meeting?

A: We intend to announce preliminary voting results at the Annual Meeting and will publish final results in our quarterly report on Form 10-Q for the second quarter of fiscal 2010, which ends on September 30, 2009. In

Table of Contents

addition, if the proposal to amend and restate our bylaws is approved, we will file a Current Report on Form 8-K with the SEC to report the amendment and restatement of our bylaws.

Additional Information

Q: What should I do if I receive more than one copy of proxy materials?

A: If you received more than one copy of proxy materials, your shares are registered in more than one name or brokerage account. Please follow the voting instructions on *each* voting instruction card that you receive to ensure that all of your shares are voted.

Q: How may I obtain a separate copy of the proxy materials?

A: We have adopted the process called *householding* for mailing this proxy statement, in order to reduce printing costs and postage fees. *Householding* means that stockholders who share the same last name and address will receive only one copy of this proxy statement, unless we receive contrary instructions from any stockholder at that address. If you prefer to receive multiple copies of this proxy statement at the same address, additional copies will be provided to you promptly upon request. If you are a beneficial stockholder and own your shares through a bank or broker, please contact your bank or broker to request additional copies, or you may contact our General Counsel at 3PAR Inc., 4209 Technology Drive, Fremont, California 94538 or (510) 413-5999. In addition, eligible stockholders receiving multiple copies of this proxy statement can request *householding* by contacting their bank or broker, if applicable, or our General Counsel.

Q: Can I access 3PAR's proxy materials and Annual Report on Form 10-K over the Internet?

A: You can access this proxy statement and the 2009 Annual Report on Form 10-K by going to the investor section of our website at www.3PAR.com. The 2009 Annual Report on Form 10-K is not incorporated into this proxy statement and is not considered proxy soliciting material.

In addition, pursuant to new rules promulgated by the SEC, we have elected to provide access to our proxy materials both by sending you this full set of proxy materials and by notifying you of the availability of our proxy materials on the Internet. The notice of the Annual Meeting and proxy materials are available at www.edocumentview.com/PAR. In accordance with the new SEC rules, the materials on the site are searchable, readable and printable and the site does not have *cookies* or other tracking devices which identify visitors.

Q: Is there any information that I should know about future meetings (what is the deadline for receipt of stockholder proposals for the 2010 Annual Meeting of Stockholders)?

A: Stockholders are entitled to present proposals for action and director nominations at the 2010 Annual Meeting of Stockholders (*2010 Annual Meeting*) only if they comply with the applicable requirements of the proxy rules established by the SEC and the applicable provisions of our bylaws. Stockholders must ensure that such proposals and nominations are received by our General Counsel at the following address: c/o 3PAR Inc., 4209 Technology Drive, Fremont, California 94538, Attn: General Counsel, on or prior to the deadline for receiving such proposals and nominations.

Proposals for the 2010 Annual Meeting that are intended to be considered for inclusion in the proxy statement and form of proxy relating to such meeting must be received no later than April 15, 2010, and must comply with the procedures of Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the *Exchange Act*) and the provisions of our bylaws.

If a stockholder intends to submit a proposal or director nomination for consideration at our 2010 Annual Meeting outside the processes of Rule 14a-8 under the Exchange Act, the stockholder must comply with the requirements of our bylaws and we are not required to include such proposal or nomination in the proxy statement and form of proxy relating to such meeting. Our bylaws contain an advance notice provision that

Edgar Filing: 3PAR Inc. - Form DEF 14A

requires stockholders to submit a written notice containing certain information by the deadlines set forth in

Table of Contents

our bylaws. Our bylaws currently provide that such written notice must be submitted not less than 90 days, and not more than 120 days, prior to the date the proxy statement is mailed to our stockholders in connection with the Annual Meeting. This means that such proposals or nominations must be received no sooner than April 15, 2010, and no later than May 15, 2010.

However, if Proposal 3 is approved at the Annual Meeting, these deadlines will be revised in our bylaws to provide our stockholders with a greater amount of time to submit proposals or nominations for our 2010 Annual Meeting. If approved, the bylaws will be amended and restated to provide that the stockholder's written notice must be submitted not less than 60 days, and not more than 90 days, prior to the date the proxy statement is mailed to our stockholders in connection with the Annual Meeting. This means that such proposals or nominations would need to be received no sooner than May 15, 2010, and no later than June 14, 2010. A copy of the relevant bylaw provision is available upon written request to our General Counsel at the address provided above.

Q: Who will count the vote?

A: We expect a representative from Computershare will tabulate the proxy and act as inspector of election.

Q: What is the mailing address for 3PAR's principal executive offices?

A: Our principal executive offices are located at 4209 Technology Drive, Fremont, California 94538. Any written requests for additional information, copies of the proxy materials and 2009 Annual Report on Form 10-K, notices of stockholder proposals, recommendations for candidates to the board of directors, communications to the board of directors or any other communications should be sent to this address.

PROPOSAL 1

ELECTION OF CLASS II DIRECTORS

Currently, our board of directors consists of eight members divided into three classes, Class I, Class II and Class III, as nearly equal in size as practicable. Each class has a three-year term. Vacancies may be filled only by affirmative vote of a majority of the remaining directors then in office. A director elected by the board of directors to fill a vacancy in a class, including a vacancy created by an increase in the number of directors, shall serve for the remainder of the full term of that class and until the director's successor is elected and qualified. A decrease in the number of directors constituting the board of directors does not shorten the term of any incumbent director.

There are two directors in the class whose term of office expires at the Annual Meeting. Each of the nominees listed below is currently a director of 3PAR who was previously appointed by the board of directors. If elected at the Annual Meeting, each of these nominees would serve until the 2012 annual meeting of stockholders and until his or her successor has been elected and qualified or until his or her earlier resignation or removal.

INFORMATION REGARDING THE NOMINEES FOR ELECTION FOR A THREE-YEAR TERM EXPIRING AT THE 2012 ANNUAL MEETING OF STOCKHOLDERS

The name, age and principal occupation of each Class II director nominee as of June 30, 2009, are set forth in the table below. Each of the nominees has been engaged in his principal occupation during the past five years. There are no family relationships among any of our directors or executive officers.

independent advisors, as our General Counsel considers appropriate. After reviewing stockholder messages, our General Counsel will determine whether any response is necessary.

POLICY FOR DIRECTOR RECOMMENDATIONS AND NOMINATIONS

The nominating and governance committee considers candidates for board membership suggested by our board members, management and stockholders. The nominating and governance committee may also retain third-party executive search firms to identify independent director candidates from time to time. It is the policy of the nominating and governance committee to consider recommendations for candidates to the board of directors from stockholders holding at least 100,000 shares of our Common Stock continuously for at least 12 months prior to the date of the submission of the recommendation. The nominating and governance committee will consider persons recommended by our stockholders in the same manner as a nominee recommended by the board of directors, individual board members or management.

Stockholders desiring to recommend a candidate for election to the board of directors should send their recommendation in writing to the attention of the General Counsel at our offices located at 4209 Technology Drive, Fremont, California 94538. This written recommendation must include the information and materials required by our bylaws as well as the candidate's name, home and business contact information, detailed biographical data, relevant qualifications, a signed letter from the candidate confirming willingness to serve, information regarding any relationships between the candidate and 3PAR and evidence of the required ownership of our Common Stock by the recommending stockholder. A copy of the relevant bylaw provision is available upon written request to our Vice President of Legal and General Counsel at the address provided above.

In accordance with the advance notice provisions in our bylaws, director nominations to be considered at the 2010 Annual Meeting must be received not less than 90 days, and not more than 120 days, or, if Proposal 3 Amendment and Restatement of Bylaws is approved at the 2009 Annual Meeting, not less than 60 days, and not more than 90 days, prior to the date the proxy statement is first mailed to our stockholders in connection with the Annual Meeting. This means that for purposes of our 2010 Annual Meeting, such nominations must be received no sooner than April 15, 2010, and no later than May 15, 2010 under our current bylaws, or if Proposal 3 is approved at the 2009 Annual Meeting, no sooner than May 15, 2010, and no later than June 14, 2010.

Where the nominating and governance committee has either identified a prospective nominee or determines that an additional or replacement director is required, the nominating and governance committee may take such measures that it considers appropriate in connection with its evaluation of a director candidate, including candidate interviews, inquiry of the person or persons making the recommendation or nomination, engagement of an outside search firm to gather additional information, or reliance on the knowledge of the members of the committee, the board or management. In its evaluation of director candidates, including the members of the board of directors eligible for re-election, the corporate governance and nominating committee considers a number of factors, including the following:

the current size and composition of the board of directors and the needs of the board of directors and the respective committees of the board of directors;

such factors as character, integrity, judgment, diversity of experience, independence, area of expertise, corporate experience, length of service, potential conflicts of interest, other commitments and the like; and

such other factors as the committee may consider appropriate.

The nominating and governance committee has also specified the following minimum qualifications to be satisfied by any nominee for a position on the board of directors:

the highest personal and professional ethics and integrity;

proven achievement and competence in the nominee's field and the ability to exercise sound business judgment;

skills that are complementary to those of the existing members of the board of directors;

the ability to assist and support management and make significant contributions to our success; and

an understanding of the fiduciary responsibilities that are required of a member of the board of directors and the commitment of time and energy necessary to diligently carry out those responsibilities.

After completing the evaluation and review, the nominating and governance committee makes a recommendation to the full board as to the persons who should be nominated to the board of directors, and the board of directors determines and approves the nominees after considering the recommendation and report of the nominating and governance committee.

ATTENDANCE BY BOARD MEMBERS AT THE ANNUAL MEETING

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee of the board of directors has selected PricewaterhouseCoopers LLP, an independent registered public accounting firm, to audit our financial statements for the fiscal year ending March 31, 2010, and recommends that the stockholders vote for ratification of such appointment. Stockholder ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm is not required by our bylaws or any other applicable legal requirement. However, the audit committee is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. Even if the selection is ratified, the audit committee at its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and in the best interests of our stockholders. PricewaterhouseCoopers LLP has served as our independent registered public accounting firm since our inception. A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting and will have an opportunity to make a statement if he or she chooses to do so. The representative is also expected to be available to respond to appropriate questions.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR

**THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP
AS THE COMPANY S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.**

Table of Contents**Principal Accounting Fees and Services**

The following table presents fees billed for professional audit services, audit-related services, tax services and all other services rendered to us by PricewaterhouseCoopers LLP for the fiscal years ended March 31, 2008 and 2009. All of the services described in the following table were approved in conformity with the audit committee's pre-approval process.

	Fiscal 2008	Fiscal 2009
Audit Fees (1)	\$ 824,000	\$ 1,437,500
Audit-Related Fees (2)		
Tax Fees (3)	159,271	76,320
All Other Fees (4)	2,400	2,400
Total	\$ 985,671	\$ 1,516,220

- (1) Consists of fees billed for professional services rendered for the audit of our consolidated financial statements and review of our quarterly interim consolidated financial statements, as well as services that are normally provided by PricewaterhouseCoopers LLP in connection with statutory and regulatory filings or engagements. Also includes fees for services associated with SEC registration statements, including registration statements related to our initial public offering in November 2007, periodic reports and other documents filed with the SEC or other documents issued in connection with securities offerings (e.g., comfort letters and consents), and assistance in responding to SEC comment letters.

- (3) Consists of fees billed for tax compliance, consultation and planning services.
- (4) Consists of fees billed for products provided by PricewaterhouseCoopers LLP.

In making its recommendation to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2010, the audit committee has considered whether services other than audit and audit-related services provided by PricewaterhouseCoopers LLP are compatible with maintaining the independence of PricewaterhouseCoopers LLP. The audit committee has determined that the provision of non-audit services by PricewaterhouseCoopers, LLP is compatible with maintaining the firm's independence as our independent registered public accounting firm.

Pre-Approval of Audit and Non-Audit Services

The audit committee pre-approves all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. The audit committee has adopted a policy for the pre-approval of services provided by the independent registered public accounting firm.

PROPOSAL 3**AMENDMENT AND RESTATEMENT OF 3PAR'S BYLAWS**

At the Annual Meeting, our stockholders will be asked to approve the amendment and restatement of certain sections of our bylaws (the Bylaws) in order to revise the procedures relating to advance notice of stockholders' director nominations and proposals, clarify who may propose business for special meetings, and conform certain matters related to director resignations and vacancies on our board of directors with applicable provisions of Delaware law (the Bylaw Amendments). On July 27, 2009, our board of directors adopted the Bylaw Amendments, subject to stockholder approval.

Reason for and Effect of Bylaw Amendments

Our nominating and governance committee recently reviewed our Bylaws to ensure that the provisions of our Bylaws include up-to-date and clearly stated processes and procedures for corporate governance matters and

Table of Contents

to determine whether any changes were necessary in light of recent developments in Delaware law. Following its review, our nominating and governance committee recommended that our board of directors approve certain changes to the Bylaws. The text of the proposed Bylaw Amendments as approved by our board of directors, marked with deletions indicated by strike-outs and additions indicated by underlining, is attached to this proxy statement as *Appendix A*.

The following is a summary of the material changes that will be effected by the Bylaw Amendments if adopted and our board of directors reasoning for approving such changes. The following description is qualified in its entirety by reference to the actual text as set forth in *Appendix A*.

Clarification of Advance Notice Requirements

Sections 2.14, 2.15, 2.16 and 2.17 of the Bylaw Amendments clarify the advance notice requirements for business that may be conducted at a stockholders meeting to require that a stockholder may only nominate directors or present proposals before a meeting if such nomination or proposal was made in compliance with the advance notice procedures of the Bylaws. Our board of directors believes that detailed and clearly stated advance notice requirements are beneficial to both our stockholders and to our board of directors in planning for and administering meetings of our stockholders. In addition, they help our stockholders to better understand the process that must be followed in order to comply with the applicable provisions of our Bylaws when submitting proposals for a stockholder meeting, and they enable the board of directors to better plan for such meetings and inform stockholders, if necessary or desirable, prior to the meeting of the business to be conducted. We believe increased clarity and specificity of these procedures will help to set the stockholders' expectations for such meetings and better prepare the stockholders for such meetings.

Stockholders should be aware that the advance notice provisions of the Bylaw Amendments will require any stockholder who desires to bring business before a meeting or nominate a director to provide additional, more detailed information than is required in our current Bylaws and will preclude the conduct of business at a particular meeting if the advance notice procedures are not followed correctly. As a result, a stockholder nomination or proposal that is not made in compliance with the Bylaw Amendments could be delayed to a subsequent meeting.

In order to ensure that the advance notice requirements in our Bylaws are clear and sufficiently detailed to result in the desired benefits of such requirements, our board of directors approved a number of revisions to the advance notice requirements including the following: (i) the extension of deadlines to permit stockholders additional time to submit stockholder proposals of business or to nominate director candidates, (ii) a specific description of what information will be requested from stockholders and their proposed nominees for the board of directors and how the appropriate information to be requested will be determined, (iii) the establishment of a process whereby stockholders will be timely notified whether or not they have complied with the provisions of applicable law and our Bylaws in submitting proposals for business or nominations, which notice will specifically identify any provisions that have not been satisfied, and (iv) the requirement to disclose a stockholders' material interests in proposed business or nominations and such stockholders' derivative positions or hedging transactions with respect to our securities.

Extension of Deadlines to Permit Stockholders Additional Time to Submit Proposals

The Bylaw Amendments provide stockholders additional time to submit proposals or nominations by extending some of the deadlines for submitting a proposal of business or nomination. These deadline extensions will allow our stockholders to have a greater amount of time to consider appropriate business proposals or nominations that they desire to bring before a meeting and to comply with the applicable provisions of our Bylaws in submitting such proposals. More specifically, the Bylaw Amendments will, among other things:

change the deadline for stockholder proposals for annual meetings to a range of sixty (60) to ninety (90) days (as opposed to the current shorter deadline of ninety (90) to one hundred twenty (120) days)

Table of Contents

prior to the mailing date of the previous year's proxy materials (or notice of availability of proxy materials, whichever is earlier), as set forth in Section 2.14 of the Bylaw Amendments;

change the deadline for stockholder proposals for annual meetings when no annual meeting was held in the previous year or when the date of the annual meeting is advanced by more than thirty (30) days prior to or delayed by more than sixty (60) days after the one-year anniversary of the date of the previous year's annual meeting to a range of (i) the later of ninety (90) days prior to such annual meeting or the tenth (10th) day following the day on which a public announcement of the date of such annual meeting is first made to (ii) one hundred twenty (120) days prior to the date of such annual meeting (as opposed to the current potentially shorter deadline of the tenth (10th) day following the day on which notice of the date of the meeting is mailed or public disclosure of the date of the meeting is made, whichever occurs first), as set forth in Section 2.14 of the Bylaw Amendments; and

change the deadline for stockholder nominations of directors for special meetings to the later of (i) the ninetieth (90th) day prior to such special meeting or (ii) the tenth (10th) day following the day on which a public announcement of the date of such special meeting is first made (as opposed to the current potentially shorter deadline of the tenth (10th) day following the day on which notice of the date of the meeting is mailed or public disclosure of the date of the meeting is made, whichever occurs first), as set forth in Section 2.14 of the Bylaw Amendments.

Specific Description of Information that will be Requested from Potential Director Nominees and How the Appropriate Information to be Requested will be Determined

Under our Bylaws, when a stockholder submits a proposal of business or a nomination for election to our board of directors, such stockholder is required to provide certain information about such stockholder, the proposed business, and the background and experience of the nominee in order to determine, among other things, such stockholder's material interest in such proposed business and whether such nominee is qualified to serve as a member of our board of directors. Section 2.15 of the Bylaw Amendments clarify that in addition to this information, we may also request additional information from the proposed director nominee for the purpose of determining their independence within the applicable meaning of the rules and regulations of the SEC, any national securities exchange upon which the corporation's securities are listed, and any other applicable laws or regulations, including applicable tax laws or regulations.

Our board of directors believes that it is important to clarify with specificity the type of additional information that will be requested and the purpose for such requested information so that our stockholders and their potential nominees may be better prepared to provide the appropriate information. In addition, under Section 2.15 of the proposed Bylaw Amendments, we are required to consult with outside legal counsel when deciding what information is necessary to make this determination of independence. Our board of directors believes that the requirement to consult with outside legal counsel in determining what information is necessary to determine a potential nominee's independence is important because it helps to provide our stockholders and their proposed nominees with comfort that the determination of what information is required will not be made at our sole discretion. Instead, such decisions will be made with the assistance of a legal expert. It is important for us to determine whether or not a potential nominee is independent because it can be relevant to determining whether we satisfy continued listing requirements on the New York Stock Exchange, and it affects our ability to form committees of our board of directors that comply with the requirements of the SEC and the New York Stock Exchange. For example, the listing requirements of the New York Stock Exchange require that a majority of our board of directors consist of independent directors and that our compensation decisions be made by at least two independent directors. In addition, our audit committee must be comprised of at least three independent directors who satisfy both the requirements of the SEC and the New York Stock Exchange.

Establishment of Process to Notify Stockholders of Compliance or Non-Compliance with Bylaw Provisions and Applicable Law

Our current Bylaws provide that the chairperson of the meeting, in his or her discretion, may refuse to acknowledge the proposal of any business or nomination not made in compliance with our Bylaws, but do not address when the chairperson must notify the stockholder whether or not such stockholder's proposal or nomination has complied with the provisions of applicable law and our Bylaws or what information the chairperson must provide when notifying the stockholder of the chairperson's determination with respect to such proposal or nomination. In order to permit, where feasible, stockholders adequate opportunity to respond to decisions not to allow their proposals of business or nominations to be brought before an annual or special meeting and to ensure that any decision made by the chairperson of the meeting regarding proposals or nominations is made in consultation with our outside legal counsel, our board of directors believes that it is appropriate for our Bylaws to include a process whereby stockholders who submit proposed business or nominations will be timely notified whether or not they have complied with provisions of applicable law and our Bylaws in submitting such proposals or nominations and informed of the specific provisions, if any, that have not been satisfied in connection with such submission.

The process that will be established by Sections 2.14, 2.15 and 2.16 of the Bylaw Amendments, if approved by the stockholders, will require us to inform stockholders who submit proposed business to be brought before an annual meeting in most cases no later than twenty (20) days prior to such annual meeting and to inform stockholders who submit proposed nominations for either an annual or special meeting in most cases no later than ten (10) days prior to such annual or special meeting whether such stockholders' proposals of business or nominations have complied with provisions of applicable law and our Bylaws, and, if a stockholder has failed to comply with such provisions, the specific provisions that they have failed to satisfy. Under Sections 2.14, 2.15 and 2.16 of the Bylaw Amendments, we will be required to consult with outside legal counsel in making our determination of whether or not the provisions of applicable law and our Bylaws have been satisfied. The deadline for our providing the notice to stockholders who submit nominations is closer to the meeting date than the deadline for our providing the notice to stockholders who submit proposed business in order to accommodate a process established by Sections 2.15 and 2.16 of the Bylaw Amendments for soliciting and receiving information we need to determine a proposed nominee's independence that may take up to twenty (20) days to complete.

In connection with certain special or annual meetings, we may not have a sufficient amount of time to provide such notice twenty (20) or ten (10) days prior to the date of the meeting as a result of public announcement of such meetings being made close to the date of such meetings and applicable advance notice requirements that allow our stockholders to submit nominations up to the date of the meeting. In such cases, Sections 2.14, 2.15 and 2.16 of the Bylaw Amendments provide that we will use reasonable efforts to promptly provide such notice so that our stockholders may always be adequately and, to the extent possible, timely informed of whether they have or have not complied with applicable provisions of applicable law and our Bylaws in submitting such nominations.

In any event, the intention of the process is to ensure that our stockholders who submit proposed business or nominations are specifically informed of whether or not they complied with all applicable provisions of applicable law and our Bylaws in making their submissions in a timely manner. This will help them to clearly understand the reasons for which their submission was rejected and to afford them an adequate period of time to respond to any decision to reject their submission for failure to comply with applicable provisions of applicable law or our Bylaws.

Addition of New Advance Notice Provisions to List of Amendments that Require Stockholder Approval

Section 10.4 of our Bylaws provides that certain provisions, including the advance notice provisions may not be amended without the consent of our stockholders. The Bylaw Amendments would add two new advance

Table of Contents

notice provisions sections to our Bylaws. Accordingly, these two new sections will be added to the list of provisions in Section 10.4 that require stockholder approval if the Bylaw Amendments are approved by the stockholders.

Disclosure of Material Interests and Derivative Positions or Hedging Transactions

The requirement to disclose derivative positions and other forms of indirect ownership of our securities included in Sections 2.14 and 2.15 of the Bylaw Amendments will enable other stockholders and our board of directors to better understand the potential motivation of a stockholder in submitting a proposal or nomination, which will allow our stockholders to make a more fully informed voting decision and assist our board of directors in making a recommendation or statement of its position. More specifically, Sections 2.14 and 2.15 of the Bylaw Amendments will require that any stockholder nominating a director or proposing business will also disclose the stockholder's and the stockholder's affiliates material interests in such proposed business and such stockholder's, the stockholder's affiliate's and the stockholder nominee's derivative positions or hedging transactions with respect to our securities.

Our current Bylaws do not require disclosure of the information described in the paragraph above. Therefore, approval of the Bylaw Amendments by our stockholders will result in a greater disclosure burden on any stockholder nominating a director or proposing business for a meeting.

Clarification of Special Meeting Business

Our current Bylaws provide that special meetings of the stockholders may only be called by our board of directors, Non-Executive Chairperson, chief executive officer or president and that only business that is included in the notice for such meeting will be conducted at such meeting. In other words, under our current Bylaws, stockholders are not allowed to bring business before a special meeting. Section 2.3 of the Bylaw Amendments adds new language to simply clarify that only our board of directors, Non-Executive Chairperson, chief executive officer or president may bring business before a special meeting.

Because our stockholders do not currently have the right to bring business before a special meeting under our Bylaws, the proposed change to Section 2.3 in the Bylaw Amendments will not have any effect on any existing right of our stockholders.

Conform Director Resignations and Vacancies Provision with Delaware Law

Finally, in connection with the review of our Bylaws, it was discovered that there were certain changes that could be made to conform Section 3.4 Resignations and Vacancies of our Bylaws with the applicable provisions of the Delaware General Corporation Law. As a result, Section 3.4 of the Bylaw Amendments will add additional language to our Bylaws that is identical to certain provisions of Sections 141 and 223 of the Delaware General Corporation Law. The new language will (i) clarify when a resignation becomes effective, (ii) provide that one of our stockholders may call a special meeting if at any time we do not have any directors in office, and (iii) provide that if at the time of filling any vacancy or a newly created directorship the directors then in office constitute less than a majority of the whole board of directors the Delaware Court of Chancery may order an election to be held upon application of certain stockholders.

Because the proposed changes to Section 3.4 of our Bylaws are codified in the Delaware General Corporation Law, we and our stockholders are currently governed by the provisions set forth in such proposed changes under Delaware law and the addition of such proposed changes to our Bylaws will have no effect on us or our stockholders.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Philosophy and Objectives

The principal objectives of our compensation and benefits programs for executive officers are to attract and retain senior executive management, to motivate their performance toward clearly defined corporate goals, and to align their long term interests with those of our stockholders. Our compensation committee believes that maintaining and improving the quality and skills of our management and appropriately incentivizing their performance are critical factors that will affect the long-term value realized by our stockholders.

At the beginning of each fiscal year, our compensation committee establishes corporate goals and objectives for our senior management to address within the fiscal year. Through our annual goal-setting process, individual objectives are aligned with our corporate objectives. We also evaluate and reward our executive officers based on their willingness to take a leadership position in improving the operation of our business and their ability to identify and exploit opportunities to grow our business.

Until our initial public offering in late 2007, our compensation programs for our executive officers reflected the fact that we were a start up company. In an effort to preserve cash resources, our historical compensation programs focused heavily on long-term equity incentives relative to cash compensation. With a relatively larger equity weighting, this approach sought to place a substantial portion of executive compensation at risk by rewarding our executive officers, in a manner comparable to our stockholders, for achieving our business and financial objectives. Beginning in fiscal 2007, as our business had grown beyond the development stage and we were increasingly focused on growing our revenues and improving our operating results and financial condition, we implemented our first cash bonus plan to reward achievement of annual financial objectives. Since becoming a public company, we have designed and implemented compensation programs that combine both long term equity elements and shorter term cash elements.

Other than the cash bonus plans implemented beginning in fiscal 2007, our compensation committee has not adopted any formal or informal policies or guidelines for allocating compensation between cash and equity compensation or among different forms of non-cash compensation. The compensation committee's philosophy is that a substantial portion of an executive officer's compensation should be performance-based, whether in the form of equity or cash compensation. In that regard, we expect to continue to use options or other equity incentive awards as a significant component of compensation because we believe that they best align individual compensation with the creation of stockholder value, and we expect any payments under cash incentive plans to be tied to annual financial performance targets.

Role of Our Compensation Committee

Our compensation committee is comprised of three non-employee members of our board of directors, Messrs. Fong, Wei and Siegel, each of whom is an independent director under the rules of the NYSE, an outside director for purposes of Section 162(m) of the Internal Revenue Code, and a non-employee director for purposes of Rule 16b-3 under the Exchange Act.

Our chief executive officer supports the compensation committee's work by providing information relating to our financial plans, performance assessments of our officers and other personnel-related data. In particular, our chief executive officer, as the person to whom our other officers directly report, is responsible for evaluating individual officers' contributions to corporate objectives as well as their performance relative to individual objectives. At the beginning of each fiscal year, our chief executive officer makes recommendations to the compensation committee with respect to merit salary increases, cash bonuses and stock option grants or other equity incentives. Our compensation committee meets regularly to evaluate, discuss, modify or approve these recommendations. Without the participation of the chief executive officer, as part of the annual review process our compensation committee conducts a similar evaluation of the chief executive officer's contribution and individual performance and makes determinations after the beginning of each fiscal year with respect to merit salary increases, bonus payments, stock option grants, or other forms of compensation for our chief executive officer.

Table of Contents

Our compensation committee has the authority under its charter to engage the services of outside advisors, experts and others for assistance. The compensation committee retained Compensia, Inc. (Compensia), an independent executive compensation consulting firm, to assist it in structuring and implementing our executive compensation policies for fiscal 2008. In fiscal 2009, Compensia completed a competitive assessment of the compensation for our executive officers based on companies with annual revenues between \$50 million and \$200 million included in a list of peer group public companies compiled by Compensia and in the April 2008 Radford High Technology Executive Compensation Survey by Aon Consulting, and made recommendations to the compensation committee regarding our overall compensation strategy for our executive officers.

In addition, as discussed below in the section titled, *Competitive Market Review for Fiscal 2010*, in May 2009, the Compensation Committee again engaged Compensia to perform a competitive assessment of the compensation of our executive officers based on an updated list of peer group public companies with annual revenues between \$50 million and \$500 million and the January 2009 Radford High Technology Executive Compensation Survey by Aon Consulting. The results of that assessment are described in the section below titled *Competitive Market Review for fiscal 2010*.

Competitive Market Review for Fiscal 2009

The market for experienced management is highly competitive in the technology industry. We seek to attract and retain the most highly qualified executives to manage each of our business functions, and we face substantial competition in recruiting and retaining management from companies ranging from large and established technology companies to entrepreneurial early-stage companies. We expect competition for appropriate technical, commercial and management skills to remain strong for the foreseeable future.

In July 2008, Compensia completed a competitive assessment of the compensation of our executive officers. This assessment included the identification of a public company peer comparison group for purposes of evaluating our compensation policies against current market trends, an assessment of our executive officers' current compensation as compared to executive officers' compensation at such peer group companies and other companies identified in the April 2008 Radford High Technology Executive Compensation Survey, a profile of our executive officers' equity holdings and potential retention risks, and recommendations for annual equity award levels and equity allocations. The companies included in the identified public company peer compensation group were as follows:

Acme Packet	Maxwell Technologies
Adaptec	Netezza
Aruba Networks	Netscout Systems
Compellent Technologies	Numerex
Data Domain	Opnet Technologies
Datalink	Packeteer
Dot Hill Systems	Sonicwall
Echelon	STEC
Isilon Systems	Sycamore Networks
Lantronix	Veza Networks

Compensia gathered and evaluated our compensation levels relative to compensation data from public filings of the peer companies listed above. In addition, Compensia compared our compensation practices to compensation data from the April 2008 Radford High Technology Executive Compensation Survey by Aon Consulting. The Compensia and Radford surveys used for fiscal 2009 compensation determinations each provided summary compensation data for companies with annual revenues between \$50 million and \$200 million.

Compensia's review concluded that the overall average of base salaries for our Named Executive Officers, consisting of those executive officers identified in the Summary Compensation Table below, fell approximately within the 50th percentile for similar positions and the overall average of our Named Executive Officers' total targeted cash compensation was between the 50th and 75th percentile for similar positions. With respect to equity

Table of Contents

based incentives, Compensia noted that the unvested equity holdings of most of our Named Executive Officers would significantly decline beginning in fiscal 2009. As a result and as discussed below, the compensation committee considered and approved additional equity incentive grants to executive officers to provide a further retention incentive.

In making its executive compensation determinations for fiscal 2009, our compensation committee relied principally on the identified public company peer group and the April 2008 Radford High Technology Executive Compensation Survey by Aon Consulting (together, the 2009 Compensation Survey Data) to compare our compensation levels to the markets in which we compete for executives. Our compensation committee did not benchmark against any individual companies, however, but relied instead on the ranges provided in the 2009 Compensation Survey Data.

In evaluating the 2009 Compensation Survey Data, our compensation committee compared our compensation practices and levels for each compensation component, including base salary, target annual cash incentive opportunity and equity compensation. The competitive comparisons made in this process were then used to determine appropriate levels of compensation based on market benchmarks for various functional titles.

Principal Components of Executive Compensation

Our executive compensation program consists of five components:

base salary;

annual cash bonuses;

equity-based incentives;

benefits; and

severance/termination protection.

Currently, all of our cash compensation plans provide short-term incentives that are paid out within one year. We do not have any deferred compensation cash plans. Our equity-based incentives are long-term incentives that are based on the parameters described below under Equity Based Incentives. We believe that a program containing each of these components, combining both short and long-term incentives, is necessary to achieve our compensation objectives and that collectively these components have been effective in properly incentivizing our Named Executive Officers and helping to achieve our corporate goals.

Annual Review Process

Our compensation committee reviews data and makes executive compensation decisions on an annual basis, typically during the first quarter of the new fiscal year. In connection with that process, executive officers are responsible for establishing and submitting for review to the chief executive officer (and in the case of the chief executive officer, directly to the compensation committee) their departmental goals and financial objectives for the then current fiscal year. The chief executive officer then compiles the information submitted and provides it, along with information relating to his own personal goals and objectives, to the compensation committee for review. The compensation committee reviews, considers, and may amend the terms and conditions proposed by management. Our chief executive officer participates in the review and consideration of compensation for all executive officers other than himself.

As part of the annual review process, the compensation committee makes determinations of changes in annual base compensation based on numerous factors, including our operating budgets, a review of survey data relating to base compensation for the position at comparable companies, and individual performance over the prior fiscal year. In May 2008, in connection with the fiscal 2009 annual review process, our compensation committee established the performance objectives for fiscal 2009 under our Employee and Executive Incentive Compensation

Plan. As described below, achievement of these performance objectives resulted in the payment of cash bonuses to our executive officers and employees under the Employee and Executive Incentive

Table of Contents

Compensation Plan. During the annual review process, the compensation committee also considered each executive's equity incentive position, including the extent to which he or she was vested or unvested, the executive's aggregate equity incentive position relative to benchmarks established in the 2009 Compensation Survey Data and the retention value of the executive's aggregate equity incentive position based on the average price of our Common Stock over a certain period and the Black-Scholes value of such equity incentives. In addition, the committee also considered individual officers' equity positions relative to each other and the equity incentive we would expect to offer a newly hired officer in the same position based on current market terms. Historically, our practice has been to provide refresher equity incentive grants, typically in the form of stock options, as an individual officer becomes substantially vested in his or her current equity position. An officer will generally be deemed substantially vested as he or she approaches his fourth year of service following the vesting commencement date of the applicable equity award. Our equity incentives have historically vested over four years.

From time to time, the compensation committee may make off-cycle adjustments in executive compensation as it determines appropriate.

Weighting of Compensation Components

The determination of the board of directors or compensation committee as to the appropriate use and weight of each component of executive compensation is subjective, based on their view of relative importance of each component in meeting our overall objectives and factors relevant to the individual executive. Our committee has not established any specific weightings for the various elements of executive compensation. In connection with its review of survey compensation data provided by Compensia for each executive officer, the compensation committee compares our levels of compensation for each element—base salary, cash incentives, and equity incentives—to peer group levels, and it also compares aggregate total compensation.

Base Salary

Base salary for our chief executive officer and other officers reflects the scope of their respective responsibilities and seniority as well as competitive market factors. Salary adjustments are determined by the compensation committee and are typically based on a comparison of our executive officers' base salaries to those of executive officers in similar positions at our peer public companies, competitive conditions, our overall financial results, our budget requirements, and individual performance.

Our compensation committee believes that competition for experienced executive management in the technology industry has been and will for the foreseeable future continue to be intense. We believe that historic base salaries for our executive officers have been generally within the ranges identified in the compensation survey data that the compensation committee reviews in connection with its annual assessment of our executive officers' compensation.

Our chief executive officer's base salary during fiscal 2009 was increased to \$358,750 from \$350,000 for fiscal 2008. Our compensation committee based this increase principally on our chief executive officer's job performance, a comparison of our chief executive officer's base salary to the 2009 Compensation Survey Data, and our improved financial performance as compared to prior fiscal years.

Our chief financial officer's base salary during fiscal 2009 was increased to \$220,000 from \$210,000 for fiscal 2008. Our compensation committee based this increase principally on Mr. Lares' job performance, comparison of his base salary to the 2009 Compensation Survey Data, and increasing job responsibilities as we continued the process of implementing new policies and procedures in order to comply with new regulatory and disclosure obligations that we became subject to as a public company.

The base salaries for the other Named Executive Officers for fiscal 2009 were as follows: James Dawson, former vice president of worldwide sales, \$225,000; Jeffrey Price, vice president of engineering, co-founder and director, \$254,400; and Ashok Singhal, chief technical officer and co-founder, \$220,000. Mr. Dawson's salary

Table of Contents

represented an increase from his \$200,000 salary in fiscal 2008; however, the salaries for Messrs. Price and Singhal were the same as their salaries for fiscal 2008. Our compensation committee determined that increasing Mr. Dawson's salary and maintaining the same salaries for Messrs. Price and Singhal was appropriate based on a comparison of each base salary to the 2009 Compensation Survey Data reviewed by the committee.

Cash Bonuses

Annual cash incentive bonuses for our employees, including our executive officers, are designed principally to reward performance that furthers key corporate goals and to date have focused exclusively on the achievement of annual financial goals. As discussed below, in fiscal 2009, our executive officers were eligible to receive a cash bonus if we achieved specific target levels relating to total revenues and operating income/loss. We believe that the performance objectives used to provide annual cash incentives will change from year-to-year as our business evolves and our priorities change. In order to create appropriate performance incentives, the compensation committee generally sets performance goals that moderately exceed the operating plan approved by our board of directors, but the committee maintains discretion to increase or decrease variable compensation if it determines appropriate.

In May 2008, our compensation committee approved the performance objectives for fiscal 2009 under our Employee and Executive Incentive Compensation Plan. The compensation committee set these targets at levels moderately in excess of the operating plan for fiscal 2009 approved by our board of directors as an incentive for superior performance. In establishing the targets, the compensation committee considered management's historic performance relative to prior operating plans as well as the committee's view of the prospects for our business in fiscal 2009.

Under the fiscal 2009 plan, eligible employees, generally consisting of non-commissioned employees, were eligible to receive a target cash bonus equal to a percentage of their applicable base salary, as follows: non-director employees, 10%; director employees, 15%; executive officers other than the chief executive officer, 40%; and our chief executive officer, 100%. Our chief executive officer's target award of 100% of his base salary is also reflected in his employment agreement. The compensation committee determined the applicable target percentage bonus levels for fiscal 2009 based principally on the impact of bonus payments on our operating results and based on these factors concluded that cash bonus targets equal to 10%, 15%, 40% and 100%, as applicable, of our employees' base salaries were appropriate and within our operating budget for fiscal 2009.

The compensation committee maintains discretion to provide for cash incentive awards under the Employee and Executive Incentive Compensation Plan in excess of the target base salary percentages if we exceed the established financial performance targets. We do not currently have any policy regarding the adjustment or recovery of awards or payments if the relevant performance measures are restated or otherwise adjusted in a manner that would reduce the size of an award or payment. Awards will be reduced if we do not achieve the targets under the plan. The compensation committee may also approve payments of bonuses outside the Employee and Executive Incentive Compensation Plan, regardless of whether performance targets have been achieved.

The objectives that we established for management under the cash incentive plans for fiscal 2009 were the same as those applicable for non-executive employees. We believe rewarding our executive management and non-executive employees based on achievement of the same financial and corporate objectives contributes to a culture of collaborative, team-oriented management.

Under the fiscal 2009 plan, our Named Executive Officers received the following cash bonuses for fiscal 2009: David Scott, \$358,212; Adriel Lares, \$87,754; Jeffrey Price, \$101,760; and Ashok Singhal, \$88,006. The cash bonuses represent a payment of 100% of the targeted amounts under the fiscal 2009 plan, based on us achieving 100% of our performance targets for fiscal 2009.

James Dawson, our former vice president of worldwide sales, did not participate in the fiscal 2009 plan. Mr. Dawson received sales commissions in a manner similar to the commission-based compensation program for

Table of Contents

our sales group, which he headed. We paid Mr. Dawson commissions of approximately \$212,605 during fiscal 2009 based on fiscal 2008 and 2009 transactions. The timing of our commission payments to Mr. Dawson tended to lag the time when the underlying customer transactions were entered, and we paid commissions in fiscal 2010 arising from customer transactions entered in fiscal 2009.

In fiscal 2009, Mr. Dawson became entitled to approximately \$216,524 in commissions based on fiscal 2009 transactions, which were paid in part during fiscal 2009 and the remainder during fiscal 2010.

Equity Based Incentives

We grant equity based incentives to employees, including our executive officers, in order to create a corporate culture that aligns employee interests with stockholder interests. We have not adopted any specific stock ownership guidelines, and other than the issuance of shares to our founders when we were established, our equity incentive plans have provided the principal method for our executive officers to acquire an equity position in our company, whether in the form of shares or options.

Prior to our initial public offering in November 2007 (the "IPO"), we granted options and other equity incentives to our officers under either the 1999 Stock Option Plan or the 2000 Management Stock Option Plan. In connection with the IPO, our board of directors adopted the 2007 Plan, which was implemented following the IPO. The 2007 Plan permits the grant of stock options, stock appreciation rights, restricted stock, restricted stock units, performance units, performance shares and other stock-based awards. Historically, our equity incentive plans were administered by our board of directors. Since the IPO, all equity incentive plans and awards are administered by our compensation committee under the delegated authority established in the compensation committee charter. In addition, the compensation committee has delegated authority to grant stock options to newly hired employees, other than our executive officers, to our new employee option administrator.

The size and terms of any initial option grants to new employees, including executive officers, are based largely on competitive conditions applicable to the specific position. In making its determination of the size of option grants for our current officers, the compensation committee relies in part on compensation survey data that includes information on equity incentives for specific positions at similarly situated companies.

In addition, our practice has been to make additional annual option grants to employees, including executive officers, when the individual has become substantially vested and the board of directors or compensation committee believed additional unvested equity incentives are appropriate as a retention incentive. We expect to continue this practice in the future in connection with the compensation committee's annual performance review at the beginning of each fiscal year. In making its determination concerning additional option grants, the compensation committee will also consider, among other factors, individual performance and the size and terms of the individual's outstanding equity grants in the then-current competitive environment. Moreover, when evaluating equity incentive compensation, the committee considers Compensation survey data, which provides valuation data using the Black-Scholes Option Pricing Model and similar valuation metrics to permit a comparison of the value of our equity incentive awards to our peer group.

To date, our equity incentives have been granted principally with time-based vesting. Most new hire option grants, including for executive officers, vest over a four-year period with 25% vesting on each annual anniversary of the employee's date of hire. We expect that additional annual option grants to continuing employees will typically vest over a four-year period with 25% vesting on each annual anniversary of the date of grant. Although our practice in recent years has been to provide equity incentives principally in the form of stock option grants that vest over time, in 2008, our compensation committee approved the grant of restricted stock units to our executive officers as identified below. Each of these restricted stock units will vest on July 1, 2012, assuming the executive officer continues to provide services to us. The committee believes that the extended vesting term of these grants, together with the fact that they will have some intrinsic value regardless of the trading value of our common stock, makes these grants an effective retention tool, particularly as compared to option grants which have value only if the then-current trading price of the common stock exceeds the option exercise price. The committee also noted the reduced dilutive effect of restricted stock grants relative to options.

Table of Contents

During fiscal 2009, our compensation committee reviewed the aggregate equity position of each of our executive officers as compared to executive officers in similar positions at companies included in our public company peer group, as well as reviewing the retention value of such equity incentives based on our stock price and the Black-Scholes value of such equity incentives. In particular, they compared outstanding equity positions for each executive officer's respective position with ranges presented in the 2009 Compensation Survey Data to ensure that each executive officer's equity position fell within the range, without targeting any particular percentage within the range for the executive officers as a group. They also evaluated the extent to which prior equity incentives were then vested. As a result of these reviews, in July 2008, based on Compensia's review and the recommendations of our chief executive officer, except with respect to his own compensation, our compensation committee approved the following grants to our Named Executive Officers:

Name	RSUs Granted (#)	Options Granted (#) (1)
David C. Scott	30,000	145,000
Adriel G. Lares	20,000	60,000
James L. Dawson	20,000	60,000
Jeffrey A. Price	20,000	50,000
Ashok Singhal	20,000	50,000

- (1) The exercise price of the option grants is \$8.96, which is the closing price of our Common Stock as reported by NYSE Arca on August 5, 2008, the first trading day that fell within an open trading window under our insider trading policy following the date that our compensation committee approved the grants.

In addition, in July 2008, our compensation committee approved the categories of business criteria that can be used in setting performance goals for performance-based awards under our 2007 Plan. When setting these performance goals, the compensation committee may use all or a portion of the approved business criteria categories. Our compensation committee has not yet granted any performance-based awards under our 2007 Plan and has not approved a policy with respect to the use of performance-based awards in the compensation practices for our executive officers.

Benefits

We provide the following benefits to our Named Executive Officers, generally on the same basis provided to all of our employees:

health, dental and vision insurance;

life insurance;

employee stock purchase plan;

employee assistance plan;

medical and dependant care flexible spending account;

short-and long-term disability, accidental death and dismemberment; and

a 401(k) plan.

We believe these benefits are consistent with companies with which we compete for employees.

Severance and Termination Compensation

In connection with certain terminations of employment, our executive officers may be entitled to receive certain severance payments and benefits pursuant to their respective employment agreements, offer letters and management retention agreements. In setting the terms of and determining whether to approve these

Table of Contents

arrangements, our compensation committee recognized that executives often face challenges securing new employment following termination, in particular following a change of control of the company, and that distractions created by uncertain job security surrounding potential beneficial transactions may have a detrimental impact on their performance. As a result, the severance benefits identified below are primarily intended to provide these executive officers with post-change of control termination protection of salary and benefits while they seek new employment. We also have agreed to accelerate vesting of certain equity incentives in connection with certain terminations following a change of control, based on our view that these executive officers are not likely to be retained in comparable positions by a large acquiror, and the benefit of these equity incentives would otherwise be forfeited upon a termination of employment, including an involuntary termination by an acquiring company.

Chief Executive Officer

Under the terms of an employment agreement we entered with our chief executive officer, David C. Scott, in July 2007, if within 18 months following a change of control, Mr. Scott is involuntarily terminated (other than for cause, death or disability) or he terminates voluntarily for good reason, we have agreed that Mr. Scott will be entitled to receive the following benefits:

a lump sum cash payment equal to 300% of his base salary payable within 30 days of termination;

until the earlier of one year from the date of termination or such time as Mr. Scott has become covered under another employer's plans with comparable coverage, continued health, dental, vision and life insurance benefits at the same levels of coverage and with the same relative ratios of premium payments by us and Mr. Scott as existed prior to the termination; and

immediate vesting of all then unvested stock options, restricted stock or other unvested equity incentives held by Mr. Scott.

In addition, Mr. Scott will receive equivalent cash severance and insurance benefits to those described above in the event of a termination of employment resulting from his death or disability, an involuntary termination of his employment by us other than for cause outside the change of control period, or a voluntary termination by Mr. Scott for good reason outside the change of control period. In the event of such a termination, Mr. Scott will also receive one year's accelerated vesting credit with respect to any unvested stock options, restricted stock or other equity incentives.

Payment of the benefits described above is also subject to Mr. Scott's executing and not revoking a standard release of any claims against us and his complying with certain non-solicitation obligations in his employment agreement.

The compensation committee and board of directors approved post-termination benefits for Mr. Scott that are greater than or in addition to the benefits provided to our other executives after consulting with Compensia to determine similar benefits provided to other chief executive officers at similarly situated companies and considering factors such as the high likelihood that a chief executive officer will be terminated in connection with a change of control transaction as compared to the other executive officers.

Other Executive Officers

We have also entered management retention agreements with our other executive officers. Under the terms of these agreements, if within 12 months following a change of control, the executive is involuntarily terminated (other than for cause, death, or disability) or the executive voluntarily terminates for good reason, our executive officers will be entitled to receive the following benefits:

a lump sum cash payment equal to 50% of the executive's annual base salary as in effect immediately prior to the date of termination (except in the case of our vice president and general counsel, who is entitled to a lump sum cash payment equal to his annual base salary);

Table of Contents

until the earlier of one year from the date of termination or such time as the executive has become covered under another employer's plans with comparable coverage, continued health, dental, vision, long term disability and life insurance benefits at the same levels of coverage and with the same relative ratios of premium payments by us and the executive as existed prior to the termination; and

immediate vesting of 50% of the then-unvested portion of any stock options, restricted stock or other unvested equity incentives held by the executive (except in the case of our vice president and general counsel, who is entitled to immediate vesting of 100% of the then-unvested securities held by him).

Recent Compensation Determinations

Base Salaries for Fiscal 2010

In connection with its annual review of our executive officers' compensation for fiscal 2010, in May 2009, the compensation committee considered each Named Executive Officer's current base salary. In light of macro economic conditions that existed at the time, the committee determined that it was appropriate to focus on cash and expense management initiatives and as a result concluded that no salary increases would be approved for executive officers at that time. The committee may, however, reconsider the executive officers' base salaries for fiscal 2010 as may be appropriate based on subsequent events that occur during the remainder of fiscal 2010.

Cash Bonuses for Fiscal 2010

In May 2009, our compensation committee established the performance goals for our 2010 fiscal year under our Employee and Executive Incentive Plan. The fiscal 2010 performance goals relate to revenue and non-GAAP operating income. The non-GAAP operating income goal excludes the impact of stock-based compensation expense and is calculated after giving effect to the accrual for the bonus payouts under the Employee and Executive Incentive Compensation Plan. Similar to the fiscal 2009 performance goals, the compensation committee set these targets at levels moderately in excess of the operating plan for fiscal 2010 approved by our board of directors as an incentive for superior performance. The committee believed the targets identified were attainable but acknowledged they would require substantial management attention and growth in our revenues during fiscal 2010. In particular, increasing our revenue in fiscal 2010 to achieve the revenue targets under the fiscal 2010 plan will require our sales and customer support personnel to execute efficiently and aggressively in an uncertain economic environment and will require our sales and human resource executives to continue to recruit, hire and train a substantial number of additional sales personnel and to ensure that new sales personnel become productive as quickly as possible. We have experienced challenges in the past hiring and retaining appropriate sales personnel, in part because our sales personnel, in order to be effective, are required to have a substantial amount of industry and domain-specific expertise, which limits the pool of available talent from which we can recruit. Finally, achieving our non-GAAP operating income objectives under the fiscal 2010 plan will require, in addition to increases in our revenue, that our financial and operating executives maintain controls over our operating expenses, product manufacturing and assembly costs.

Under the fiscal 2010 plan, eligible employees, generally consisting of non-commissioned employees, are eligible to receive a target cash bonus equal to a percentage of their applicable base salary, as follows: non-director employees, 5%; director employees, 7.5%; executive officers other than the chief executive officer, 30%; and our chief executive officer, 85%. The compensation committee determined the applicable target percentage bonus levels for fiscal 2010 based principally on adverse macroeconomic conditions and the impact of bonus payments on our operating results. The committee set cash bonus targets at 5%, 7.5%, 30% and 85% base salaries for our non-director employees, director employees, non-CEO executive officers, and CEO.

Table of Contents*Competitive Market Review for Fiscal 2010*

In May 2009, Compensia completed a competitive assessment of the compensation of our executive officers. This assessment included the identification of an updated public company peer comparison group for purposes of evaluating our compensation policies against current market trends, an assessment of our executive officers' current compensation as compared to executive officers' compensation at such peer group companies and other companies identified in the January 2009 Radford High Technology Executive Compensation Survey, a profile of our executive officers' equity holdings and potential retention risks, and recommendations for annual equity award levels and equity allocations. The companies included in the identified public company peer compensation group were as follows:

Acme Packet	Echelon
Adaptec	Informatica
Aruba Networks	Isilon Systems
CommVault Systems	Maxwell Technologies
Compellent Technologies	Netezza
Data Domain	Netscout Systems
Datalink	Opnet Technologies
Dot Hill Systems	Sonicwall
Double-Take Software	STEC

Compensia gathered and evaluated our compensation levels relative to compensation data from public filings of the peer companies listed above. In addition, Compensia compared our compensation practices to compensation data from the January 2009 Radford High Technology Executive Compensation Survey by Aon Consulting. The Compensia and Radford surveys each provide summary compensation data for companies with annual revenues between \$50 million and \$500 million. The public company peer group and the January 2009 Radford High Technology Executive Compensation Survey were updated to include companies with higher revenues than were included in the public company peer group and compensation survey data used for the fiscal 2009 annual compensation review. It was determined that these companies constituted a more appropriate peer group for comparison purposes due to our increased revenues in fiscal 2009 as compared to fiscal 2008.

Compensia's review concluded that the overall average of our Named Executive Officers' base salaries and total targeted cash compensation falls between the 25th and 50th percentile of market trends for similar positions. Compensia's review also concluded that the equity based incentives for our Named Executive Officers, including the restricted stock units granted to our Named Executive Officers, fall between the 50th and 75th percentile of market trends for similar positions. Compensia noted, however, that due to the effect of the global economic conditions on the overall stock market, including the price of our Common Stock, retention values had been negatively impacted. As a result and as discussed below, the compensation committee considered and approved a mix of stock option grants and restricted stock unit grants to executive officers to provide a further retention incentive.

Table of Contents*Equity Based Incentives for Fiscal 2010*

In June 2009, based on Compensation's review and the recommendations of our chief executive officer, except with respect to his own compensation, our compensation committee approved grants of restricted stock units, together with an additional stock option grant, to each of our Named Executive Officers as indicated below. The restricted stock units and the stock option grants will each vest over a four year period with 25% vesting on each annual anniversary of the date of grant. The restricted stock unit and stock option grants approved by our compensation committee to our Named Executive Officers are as follows:

Name	RSUs Granted (#)	Options Granted (#) (1)
David C. Scott	59,000	127,000
Adriel G. Lares	30,000	60,000
James L. Dawson(2)	N/A	N/A
Jeffrey A. Price	25,000	50,000
Ashok Singhal	25,000	50,000

- (1) The exercise price of the option grants is \$9.36, which is the closing price of our Common Stock as reported by the New York Stock Exchange on June 1, 2009, the grant date of such option grants.
- (2) Mr. Dawson resigned effective April 30, 2009.

On a going forward basis, our compensation committee anticipates maintaining the equity holdings of our Named Executive Officers at appropriate levels primarily through continued annual stock option grants.

Accounting and Tax Considerations

Internal Revenue Code Section 162(m) limits the amount that we may deduct for compensation paid to our chief executive officer and to each of our four most highly compensated officers to \$1,000,000 per person, unless certain exemption requirements are met. Exemptions to this deductibility limit may be made for various forms of performance-based compensation. In addition to salary and bonus compensation, upon the exercise of stock options that are not treated as incentive stock options, the excess of the current market price over the option price, or option spread, is treated as compensation and accordingly, in any year, such exercise may cause an officer's total compensation to exceed \$1,000,000. Under certain regulations, option spread compensation from options that meet certain requirements will not be subject to the \$1,000,000 cap on deductibility, and in the past, we have granted options that we believe met those requirements. While the compensation committee cannot predict how the deductibility limit may impact our compensation program in future years, the compensation committee intends to maintain an approach to executive compensation that strongly links pay to performance. While the compensation committee has not adopted a formal policy regarding tax deductibility of compensation paid to our chief executive officer and our four most highly compensated officers, the compensation committee expects to consider tax deductibility under Section 162(m) of the Internal Revenue Code as a factor in compensation decisions, when and as it becomes relevant.

Compensation Committee Report

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis set forth above with our management. Based upon the review and discussions noted above, the compensation committee has recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement.

Employment Agreements and Offer Letters*David C. Scott*

In July 2007, we entered into an employment agreement with David C. Scott, our president and chief executive officer, superseding a prior employment agreement. Under the employment agreement, we employ Mr. Scott on an at-will basis with no specified term for a base salary that was initially set at \$350,000. The compensation committee has since increased Mr. Scott's base salary and will continue to review it on an annual basis for potential adjustments.

In the event that within 18 months following a change of control, Mr. Scott is involuntarily terminated (other than for cause, death or disability) or he terminates voluntarily for good reason, we have agreed that Mr. Scott will be entitled to receive (i) a lump sum payment equal to 300% of his base salary, payable within 30 days of termination and (ii) continued health, dental, vision and life insurance benefits at the same level of coverage and with the same relative ratio of premium payment by us and Mr. Scott as existed while he was employed with us. The obligation to provide continued benefits to Mr. Scott will continue until the earlier of one year from the date of termination or such time as Mr. Scott has become covered under another employer's plans with comparable coverage. In addition, any unvested stock options, restricted stock or other unvested equity incentives held by Mr. Scott will become immediately vested upon such a termination.

In addition, Mr. Scott will receive equivalent cash severance and insurance benefits to those described above in the event of a termination of employment resulting from Mr. Scott's death or disability, an involuntary termination of his employment by us other than for cause outside of the change of control period, or a voluntary termination by Mr. Scott for good reason outside the change of control period. In the event of such a termination, Mr. Scott will also receive one year's accelerated vesting credit with respect to any unvested stock options, restricted stock or other equity incentives.

Payment of the benefits described above is also subject to Mr. Scott's executing and not revoking a standard release of any claims against us and his complying with certain non-solicitation obligations in his employment agreement.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Notwithstanding any statement to the contrary in any of our previous or future filings with the SEC, this report of the audit committee of the board of directors shall not be deemed filed with the SEC or soliciting material under the Exchange Act, and shall not be incorporated by reference into any such filings.

The audit committee of the board of directors is composed of three independent directors appointed by the board of directors, each of whom is independent under the applicable rules of the NYSE. The members of the audit committee during fiscal 2009 were Christopher Paisley, Michael Sheridan and James Wei, with Mr. Paisley serving as the chairperson of the audit committee. In May 2009, Mr. Wei resigned from the audit committee and Mark Jung was appointed as a member of the audit committee.

The audit committee operates under a written charter. A copy of the charter of our audit committee is available on our website located at www.3PAR.com.

In accordance with its charter, the primary purpose of the audit committee is to assist the board of directors in fulfilling its responsibility to oversee management's conduct of our financial reporting process, including reviewing the financial reports and other financial information provided by us to any governmental or regulatory body, the public or other users thereof, our systems of internal accounting and financial controls, the annual independent audit of our financial statements and our legal compliance and ethics programs as established by management and the board of directors.

The audit committee does not conduct auditing reviews or procedures. The audit committee relies on management's representation that our financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America.

Consistent with policies adopted by the SEC regarding auditor independence, the audit committee has responsibility for appointing, setting compensation and terminating the services of our independent registered public accounting firm. The audit committee reviews reports and provides guidance to our independent registered public accounting firm with respect to its annual audit and approves all audit and non-audit services provided by our independent registered public accounting firm in accordance with applicable regulatory requirements. In connection with the standards for independence of external auditors promulgated by the SEC, during the 2009 fiscal year, the audit committee will consider, in advance of the provision of any non-audit services by our independent registered public accounting firm, whether the provision of such services is compatible with maintaining the independence of the independent registered public accounting firm.

The audit committee received from the independent registered public accounting firm a formal written statement describing all relationships between the independent registered public accounting firm and us that might bear on the firm's independence consistent with Independence Standards Board Standard No. 1 Independence Discussion with Audit Committees, and discussed with the independent registered public accounting firm any relationships that may impact their objectivity and independence, and satisfied itself as to the firm's independence. The audit committee also discussed with management and the independent registered public accounting firm the quality and adequacy of our internal controls and responsibilities, budget and staffing. The audit committee also reviewed with the independent registered public accounting firm its audit plan, audit scope and identification of audit risks.

The audit committee discussed and reviewed with the independent registered public accounting firm all communications required by generally accepted auditing standards, including those described in the Statement on Auditing Standards No. 61, as amended, Communications with audit committee and, with and without management present, discussed and reviewed the results of the independent registered public accounting firm's examination of the financial statements. Nothing in this Section 2.17 shall be deemed to affect any right of the corporation to omit a proposal from the corporation's proxy statement pursuant to Rule 14a-8 (or any successor provision) under the Exchange Act.

3.4 RESIGNATION AND VACANCIES.

Any director may resign at any time upon written notice or by electronic transmission to the corporation. A resignation is effective when the resignation is delivered unless the resignation specifies a later effective date or an effective date determined upon the happening of an event or events. A resignation which is conditioned upon the director failing to receive a specified vote for reelection as a director may provide that it is irrevocable.

Subject to the rights of the holders of any series of Preferred Stock of the corporation then outstanding, if any, and unless the Board otherwise determines, newly created directorships resulting from any increase in the authorized number of directors, or any vacancies on the Board resulting from the death, resignation, retirement, disqualification, removal from office or other cause shall, unless otherwise required by law, be filled by the affirmative vote of a majority of the remaining directors then in office, even though less than a quorum of the Board, or by a sole remaining director. A person so elected by the directors then in office to fill a vacancy or newly created directorship shall hold office until the next election of the class for which such director shall have been chosen and until his or her successor shall have been duly elected and qualified. When one or more directors resigns and the resignation is effective at a future date, a majority of the directors then in office, including those who have so resigned, shall have power to fill such vacancy or vacancies, the vote thereon to take effect when such resignation or resignations shall become effective, and each director so chosen shall hold office as provided in this Section 3.4 in the filling of other vacancies.

If at any time, by reason of death or resignation or other cause, the corporation should have no directors in office, then any officer or any stockholder or an executor, administrator, trustee or guardian of a stockholder, or other fiduciary entrusted with like responsibility for the person or estate of a stockholder, may call a special meeting of stockholders in accordance with the provisions of the Certificate or these bylaws, or may apply to the Court of Chancery for a decree summarily ordering an election as provided in Section 211 of the DGCL.

If, at the time of filling any vacancy or any newly created directorship, the directors then in office constitute less than a majority of the whole board of directors (as constituted immediately prior to any such increase), the Court of Chancery may, upon application of any stockholder or stockholders holding at least 10% of the voting stock at the time outstanding having the right to vote for such directors, summarily order an election to be held to fill any such vacancies or newly created directorships, or to replace the directors chosen by the directors then in office as aforesaid, which election shall be governed by the provisions of Section 211 of the DGCL as far as applicable.

10.4 AMENDMENT.

The bylaws of the corporation may be adopted, amended or repealed by a majority of the voting power of the stockholders entitled to vote; provided, however, that the corporation may, in its Certificate, also confer the power to adopt, amend or repeal bylaws upon the Board. The fact that such power has been so conferred upon the Board shall not divest the stockholders of the power, nor limit their power to adopt, amend or repeal bylaws. Notwithstanding the foregoing and any provision of law that might otherwise permit a lesser vote or no vote, the Board acting pursuant to a resolution adopted by a majority of the Board and the affirmative vote of the holders at least sixty-six and two-thirds percent (66 2/3%) of the voting power of the issued and outstanding shares of capital stock of the corporation then entitled to vote shall be required to amend or repeal Section 2.3, the last paragraph of Section 2.9 (relating to no cumulative voting), Section 2.10, Section 2.14, Section 2.15, Section 2.16, Section 2.17, Section 3.2, Section 3.3, Section 3.4, Section 3.14 and Section 9.13 of these bylaws, or this sentence of this Section 10.4.
