- .. Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

**Item 7.01. Regulation FD Disclosure.**

On August 28, 2014, Albemarle Netherlands Holdings B.V. and Albemarle Netherlands B.V., wholly-owned subsidiaries of Albemarle Corporation (Albemarle), entered into a definitive agreement (the Agreement) with ICL-IP Terneuzen B.V., Tetrabrom Technologies Ltd., and Bromine Compounds Ltd., wholly-owned subsidiaries of Israel Chemicals Ltd. (ICL), to establish a manufacturing joint venture for the production of Albemarle's GreenCrest polymeric flame retardant and ICL's FR-122P polymeric flame retardant. These flame retardants are designed to replace hexabromocyclododecane (HBCD). HBCD has been the leading flame retardant used in expanded (EPS) and extruded (XPS) polystyrene foam applications, but is being phased out in the European Union, Japan, and other countries. The transaction is subject to certain closing conditions, including regulatory approvals, and is expected to close in 2015.

On August 29, 2014, Albemarle and ICL issued a joint press release in connection with the execution of the Agreement. The full text of the press release is attached hereto as Exhibit 99.1.

In accordance with General Instruction B.2 of Form 8-K, this Current Report on Form 8-K including the information set forth in the attached Exhibit 99.1 is deemed to be furnished and shall not be deemed to be filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended.

**Item 9.01. Financial Statements and Exhibits.**

d) Exhibits.

99.1 Press release dated August 29, 2014.

**SIGNATURE**

Pursuant to the requirements of the Securities Exchange Act of 1934, as amended, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.
