GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to be held on May 8, 2015

The Notice of Annual Meeting of Shareholders, Proxy Statement, Form of Proxy and 2014 Annual Report to Shareholders are available at **www.proxyvote.com**

WHY AM I RECEIVING THESE MATERIALS?

This proxy statement is furnished in connection with the solicitation by our Board of Directors of proxies to be voted at the 2015 Annual Meeting of Shareholders for the purposes set forth in the accompanying notice, and at any adjournments or postponements thereof. This proxy statement is being sent to all shareholders of record as of the close of business on March 13, 2015 for use at the 2015 Annual Meeting of Shareholders. This proxy statement, the accompanying proxy card and our 2014 Annual Report to Shareholders are being first mailed or made available to our shareholders on or about March 27, 2015. The meeting will be held at the company headquarters, 1200 Urban Center Drive, Birmingham, Alabama 35242 on Friday, May 8, 2015, at 9:00 a.m. Central Daylight Time.

WHY DID I RECEIVE A NOTICE IN THE MAIL REGARDING THE INTERNET AVAILABILITY OF THE PROXY MATERIALS INSTEAD OF A PAPER COPY OF THE PROXY MATERIALS?

We are using the Securities and Exchange Commission's rule that allows companies to furnish their proxy materials over the Internet. As a result, we are mailing to many of our shareholders a notice about the Internet availability of proxy materials instead of a paper copy of the proxy materials. All shareholders receiving the notice will have the ability to access the proxy materials over the Internet and may request to receive a paper copy of the proxy materials by mail.

HOW CAN I ACCESS THE PROXY MATERIALS OVER THE INTERNET OR OBTAIN A PAPER COPY?

Your notice about the Internet availability of the proxy materials, proxy card or voting instruction card will contain instructions on how to:

view our proxy materials for the 2015 Annual Meeting of Shareholders on the Internet; and

obtain a paper copy of the proxy materials by mail.

In addition, the notice contains instructions on how shareholders may request to receive proxy materials in printed form by mail or electronically on an ongoing basis.

Your notice will also provide instructions on how to receive your future proxy materials electronically. If you choose to receive future proxy materials electronically, we will provide instructions, containing a link to the website where those materials are available and a link to the proxy voting website. Your election to receive proxy materials electronically will remain in effect until you revoke it.

Table of Contents

WHAT SHOULD I DO IF I RECEIVE MORE THAN ONE NOTICE ABOUT THE INTERNET AVAILABILITY OF THE PROXY MATERIALS OR MORE THAN ONE PAPER COPY OF THE PROXY MATERIALS?

You may receive more than one notice of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate notice or a separate voting instruction card for each brokerage account in which you hold shares. If you are a shareholder of record and your shares are registered in more than one name, you may receive more than one notice or more than one proxy card. To vote all of your shares by proxy, you must either (i) complete, date, sign and return each proxy card and voting instruction card that you receive or (ii) vote over the Internet or telephone the shares represented by each notice that you receive (unless you have requested and received a proxy card or voting instruction card for the shares represented by one or more of the notices).

WHAT PROPOSALS ARE TO BE PRESENTED AT THE ANNUAL MEETING?

The purpose of the Annual Meeting is to (i) elect six nominees as directors, (ii) vote on an advisory basis on the compensation of our named executive officers (NEOs), (iii) ratify the appointment of Deloitte & Touche LLP as Vulcan's independent registered public accounting firm for 2015, and (iv) conduct such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof.

WHO CAN ATTEND THE ANNUAL MEETING?

Only shareholders of Vulcan as of the close of business on March 13, 2015 (the record date for the Annual Meeting), their authorized representatives and invited guests of our company will be permitted to attend the Annual Meeting. Proof of ownership of Vulcan common stock as of the record date, along with personal identification (such as a driver's license or passport), must be presented in order to be admitted to the Annual Meeting. If your shares are held in the name of a bank, broker, trustee or nominee and you plan to attend the Annual Meeting in person, you must bring a brokerage statement, and a legal proxy from your bank, broker, trustee or nominee entitling you to vote the shares held as of the record date at the Annual Meeting, along with personal identification, to be admitted to the Annual Meeting. No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the Annual Meeting.

WHO IS ENTITLED TO VOTE?

All of our shareholders as of the record date, March 13, 2015, will be entitled to vote at the 2015 Annual Meeting of Shareholders. As of the close of business on that date, approximately 132,615,027 shares were outstanding and entitled to vote. Each share of common stock is entitled to one vote on each matter properly brought before the meeting. Our amended and restated by-laws do not provide for cumulative voting and, accordingly, our shareholders do not have cumulative voting rights with respect to the election of directors.

WHAT IS THE DIFFERENCE BETWEEN A SHAREHOLDER OF RECORD AND A BENEFICIAL HOLDER OF SHARES?

If your common stock is held directly in your name with our transfer agent, Computershare Shareowner Services, you are considered a shareholder of record with respect to those shares. If this is the case, the notice or proxy materials have been sent or provided directly to you.

Edgar Filing: Vulcan Materials CO - Form DEF 14A

If your common stock is held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial holder of the shares held for you in what is known as street name. If this is

Table of Contents

the case, the notice card or proxy materials should have been forwarded to you by your brokerage firm, bank or other nominee, or their agent, which is considered the shareholder of record with respect to these shares. As a beneficial holder, you have the right to direct your bank, broker, trustee or nominee on how to vote the shares by using the voting instruction card or by following their instructions for voting by telephone or internet.

HOW DO I VOTE?

Proxies are solicited to give all shareholders who are entitled to vote on the matters that come before the meeting the opportunity to vote their shares whether or not they attend the meeting in person. You can vote by one of the following manners:

By Internet Shareholders of record may submit proxies over the Internet by following the instructions on the proxy card. Shareholders who are beneficial owners may vote by Internet by following the instructions on the voting instruction card sent to them by their bank, broker, trustee or nominee.

By Telephone Shareholders of record who live in the United States or Canada may submit proxies by telephone by calling the toll-free number on your proxy card and following the instructions. Shareholders of record will need to have the control number that appears on their proxy card available when voting. In addition, shareholders who are beneficial owners living in the United States or Canada and who have received a voting instruction card by mail from their bank, broker, trustee or nominee may vote by phone by calling the number specified on the voting instruction card. Those shareholders should check the voting instruction card for telephone voting availability.

By Mail Shareholders of record who have received a paper copy of a proxy card by mail may submit proxies by completing, signing and dating their proxy card and mailing it in the accompanying pre-addressed envelope. Shareholders who are beneficial owners who have received a voting instruction card from their bank, broker or nominee may return the voting instruction card by mail as set forth on the card.

In Person Shareholders of record may vote shares held in their name in person at the Annual Meeting. You also may be represented by another person at the Annual Meeting by executing a proper proxy designating that person. Shares for which a shareholder is the beneficial holder but not the shareholder of record may be voted in person at the Annual Meeting only if such shareholder is able to obtain a legal proxy from the bank, broker or nominee that holds the shareholder's shares, indicating that the shareholder was the beneficial holder as of the record date and the number of shares for which the shareholder was the beneficial owner on the record date.

Shareholders are encouraged to vote their proxies by Internet, telephone or completing, signing, dating and returning a proxy card or voting instruction card, but not by more than one method. If you vote by more than one method, or vote multiple times using the same method, only the last-dated vote that is received by the inspector of election will be counted, and each previous vote will be disregarded.

If you receive more than one set of proxy materials or more than one proxy card or voting instruction card, it may mean that you hold shares of Vulcan stock in more than one account. You must return a proxy or voting instruction card or vote using one of the methods described above for EACH account in which you own shares.

WHAT CONSTITUTES A QUORUM FOR THE ANNUAL MEETING?

A majority of the issued and outstanding shares of the common stock entitled to vote, represented in person or by proxy, is required to constitute a quorum.

Table of Contents

HOW MANY VOTES ARE REQUIRED TO PASS EACH OF THE PROPOSALS?

The votes required to approve each matter to be considered by Vulcan's shareholders at the Annual Meeting are set forth below:

Proposal 1 Election of Directors: Each Vulcan shareholder has the right to vote each share of stock owned by such shareholder on the record date for six director nominees. Cumulative voting is not permitted. To be elected, a director-nominee must receive a majority of the votes cast at the Annual Meeting. Abstentions and broker non-votes will not be counted as votes cast for such purposes and, therefore, will have no effect on the results of the election.

Proposal 2 Advisory Vote on Executive Compensation: The affirmative vote of a majority of the votes cast on this proposal is required to approve, on an advisory basis, the compensation of the named executive officers set forth in this proxy statement. Abstentions and broker non-votes will have no effect on the results of this vote.

Proposal 3 Ratification of Selection of Deloitte & Touche LLP: The affirmative vote of a majority of the votes cast on this proposal is required to ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm for 2015. Abstentions and broker non-votes will have no effect on the results of this vote.

WHO IS SOLICITING MY VOTE?

Our Board of Directors is soliciting your vote for matters being submitted for shareholder approval at the Annual Meeting.

Giving us your proxy means that you authorize the proxy holders identified on the proxy card to vote your shares at the meeting in the manner you direct. If you sign and return the enclosed proxy card but do not specify how your shares are to be voted, your shares will be voted in accordance with the recommendations of the Vulcan Board. If any other matters are properly presented at the Annual Meeting for consideration, the persons named as proxies in the proxy card will vote as recommended by the Vulcan Board or, if no recommendation is given, in their own discretion.

HOW DOES THE VULCAN BOARD RECOMMEND SHAREHOLDERS VOTE?

The Vulcan Board recommends that you vote:

FOR the election of the following six individuals nominated by the Board as directors: Thomas A. Fanning, J. Thomas Hill, Cynthia L. Hostetler, Richard T. O'Brien, Elaine L. Chao, and Donald B. Rice;

FOR the approval of the compensation of each of the two individuals who served as our principal executive officer during the fiscal year, our principal financial officer and our three other most highly compensated executive officers (NEOs) who were serving at year end; and

FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2015.

WILL MY SHARES BE VOTED IF I DO NOTHING?

Edgar Filing: Vulcan Materials CO - Form DEF 14A

If you are a shareholder of record, you must sign and return a proxy card, submit your proxy by telephone or Internet, or attend the Annual Meeting in person, in order for your shares to be voted.

Table of Contents

If your common stock is held through a broker, bank or other nominee, you will receive instructions from such entity that you must follow in order to have your shares voted. You must instruct the broker how to vote your shares. If you do not provide voting instructions, your shares will not be voted on any proposal on which the broker, bank or other nominee does not have discretionary authority to vote. This is called a broker non-vote. In these cases, the broker, bank or nominee can register your shares as being present at the Annual Meeting for purposes of determining the presence of a quorum but will not be able to vote on those matters for which specific authorization is required under the rules of the New York Stock Exchange (NYSE).

If you are a beneficial owner whose shares are held of record by a broker, bank or nominee, then your broker, bank or nominee has discretionary voting authority under NYSE rules to vote your shares on the ratification of the appointment of Deloitte & Touche LLP as Vulcan's independent registered public accounting firm for 2015, even if the broker, bank or nominee does not receive voting instructions from you. However, your broker, bank or nominee does not have discretionary authority to vote on (i) the election of the six nominees as directors, or (ii) the advisory approval of compensation of our NEOs.

HOW CAN I REVOKE MY PROXY?

If you are a shareholder of record, you may revoke your proxy at any time before it is voted at the meeting by taking one of the following actions:

by giving written notice of the revocation prior to the commencement of the Annual Meeting to: Corporate Secretary, Vulcan Materials Company, 1200 Urban Center Drive, Birmingham, Alabama 35242;

by executing and delivering another valid proxy with a later date;

by voting by telephone or Internet at a later date; or

by attending the 2015 Annual Meeting of Shareholders and voting in person by written ballot, if you are a shareholder of record or, if you are a beneficial owner of your shares, with a legal proxy from the entity that holds your shares giving you the right to vote the shares.

If you are a beneficial owner of your shares and you vote by proxy, you may change your vote by submitting new voting instructions to your bank, broker or nominee in accordance with that entity's procedures.

If you vote the same shares by more than one method or vote multiple times with respect to the same shares using the same method, only the last-dated vote that is received will be counted, and each previous vote will be disregarded.

IS MY VOTE CONFIDENTIAL?

Proxy instructions, ballots and voting tabulations that identify individual shareholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within our company or to third parties, except: (1) as necessary to meet applicable legal requirements; (2) to allow for the tabulation of votes and certification of the vote; and (3) to facilitate a successful proxy solicitation.

WHO WILL PAY FOR THE COSTS INVOLVED IN THE SOLICITATION OF PROXIES?

Vulcan is making this solicitation and will pay the entire cost of preparing, assembling, printing, mailing and distributing the notices and these proxy materials and soliciting votes. In addition to the mailing of notices and these proxy materials, the solicitation of proxies or votes may be made in person or by

Table of Contents

telephone or email by directors, officers, or regular employees of Vulcan. In addition, Vulcan has engaged MacKenzie Partners, Inc. to act as its proxy solicitor and has agreed to pay it approximately \$9,500 plus reasonable fees and expenses for such services.

WHAT IS HOUSEHOLDING AND HOW DOES IT AFFECT ME?

We have adopted a procedure, approved by the Securities and Exchange Commission (SEC), called householding. Under this procedure, shareholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials or in notice and access will receive only one copy of this Notice of Annual Meeting and Proxy Statement and the 2014 Annual Report to Shareholders, unless we are notified that one or more of these shareholders wishes to continue receiving individual copies. If you and other Vulcan shareholders living in your household do not have the same last name, you also may request to receive only one copy of future proxy statements and annual reports to shareholders.

Householding reduces our printing costs and postage fees and conserves natural resources. Shareholders who participate in householding will continue to receive separate proxy cards.

If you are eligible for householding but you and other shareholders of record with whom you share an address currently receive multiple copies of this Notice of Annual Meeting and Proxy Statement and any accompanying documents, or if you hold Vulcan stock in more than one account, and in either case you wish to receive only a single copy of each document for your household, please obtain instructions by contacting us at the following address or phone number: Vulcan Materials Company, 1200 Urban Center Drive, Birmingham, Alabama 35242, Attention: Mark D. Warren, Director, Investor Relations, phone: (205) 298-3200.

If you participate in householding and wish to receive a separate copy of this Notice of Annual Meeting and Proxy Statement and any accompanying documents, please contact us at the address or phone number as indicated above and a separate copy will be sent to you promptly. If you do not wish to continue to participate in householding and prefer to receive separate copies of these documents in the future, please contact us at the address or phone number as indicated above.

If you are a beneficial owner, you can request information about householding from your broker, bank or other holder of record.

COULD OTHER MATTERS BE DECIDED AT THE ANNUAL MEETING?

As of the mailing date of this Proxy Statement, we did not know of any matters to be raised at the Annual Meeting other than those referred to in this Proxy Statement.

If you return your signed and completed proxy card or vote by telephone or Internet and other matters are properly presented at the Annual Meeting for consideration, your shares will be voted as the Board of Directors recommends.

WHERE CAN I FIND THE VOTING RESULTS OF THE ANNUAL MEETING?

The preliminary voting results will be announced at the Annual Meeting of Shareholders. The final voting results will be reported in a Current Report on Form 8-K filed with the SEC within four business days of the Annual Meeting and posted on our website.

PROPOSAL 1. ELECTION OF DIRECTORS

Our constituent documents provide that our Board shall be divided into three classes, with the term of office of one class expiring each year. At the 2015 Annual Meeting, six people will be elected to serve as members of our Board, four for terms expiring in 2018, and two for terms expiring in 2016, or until their successors have been duly elected and qualified. Our Board, upon the recommendation of the Governance Committee, has nominated Thomas A. Fanning, J. Thomas Hill, Cynthia L. Hostetler and Richard T. O'Brien as directors to serve three-year terms expiring in 2018, and Elaine L. Chao and Donald B. Rice as directors to serve one-year terms expiring in 2016. Dr. Rice will reach the company's mandatory director retirement age at the 2015 Annual Meeting. However, due to Allen Franklin's unexpected retirement from the Board in December 2014 due to health reasons, the Board decided that it was in the best interest of the company and its shareholders for Dr. Rice to continue to serve as a director for one additional year. The Board took action at its February 2015 meeting to waive the director retirement policy for Dr. Rice as provided in the company's Corporate Governance Guidelines and nominated him for an additional term of one year. Each of our nominees is currently serving as a director of the company. Each of the nominees has consented to be named in this proxy statement and to serve if elected, and our Board has no reason to believe that any of the persons nominated will be unable to serve as a director. The Board believes that each of the six nominees is highly qualified and has experience, skills, backgrounds and attributes that qualify each of them to serve as a director of Vulcan.

In accordance with the amended and restated by-laws of our company, our Board of Directors is required to be composed of not fewer than 9 nor more than 13 directors. The number of directors may be set by a resolution adopted by a majority of our Board of Directors and our charter provides that any vacancies on the Board, including vacancies resulting from an increase in the number of directors, shall be filled by the affirmative vote of a majority of the remaining directors.

DIRECTOR QUALIFICATIONS

Directors are responsible for reviewing and approving corporate strategy and overseeing management of our company to assure that the long-term interests of the shareholders are being served. The Board believes that there are general skills and characteristics required for service on the Board of Directors that are applicable to all directors. Additionally, the Board needs a diverse skill set among its members to ensure that the Board is able to respond to the needs of management and the company. The Governance Committee believes that each director nominee has an established record of accomplishments and possesses the qualifications set forth below.

GENERAL QUALIFICATIONS

The Governance Committee, along with the Board, is responsible for reviewing on an annual basis the requisite skills and characteristics of Board members and nominees to the Board. The Governance Committee considers, among other factors:

high ethical standards

integrity

independence

experience

sound business judgment

ability to devote the time and effort necessary to fulfill his or her responsibilities to the Board

The Board and the Governance Committee require that each director be a person of high integrity with a proven record of success. The Board does not have specific diversity quotas, but considers race, ethnicity, gender, age, education and professional experiences in evaluating candidates for the Board.

PROPOSAL 2. ADVISORY VOTE ON EXECUTIVE COMPENSATION (SAY ON PAY)

In accordance with Section 14A of the Securities Exchange Act of 1934, we are asking shareholders to vote on an advisory basis to approve the compensation paid to our NEOs as disclosed in this proxy statement on page 57. While this vote is advisory and not binding on our company, it provides information to our Compensation Committee regarding investor sentiment about our executive compensation philosophy, policies and practices, which the Compensation Committee will consider when determining executive compensation in the future.

At our 2011 Annual Meeting of Shareholders, our shareholders indicated a preference that the advisory vote on the compensation for our NEOs occur on an annual basis. Therefore, our Board adopted a policy for annual Say on Pay advisory votes. The next shareholder vote on the frequency of the advisory vote on the compensation of our NEOs will be held at the 2017 Annual Meeting of Shareholders.

At the 2014 Annual Meeting, our shareholders voted over 97% in favor of our Say on Pay proposal. We believe this demonstrated strong support for our compensation program and policies. In 2014, we continued to review and make changes to our compensation program, considering new compensation trends, investor concerns and best practices. Please read the Compensation Discussion and Analysis section on pages 36 to 56 for an in-depth look at our compensation program and how it was applied to the performance of our NEOs in 2014.

Based on the foregoing, the Board recommends a vote FOR the following resolution:

RESOLVED, that the shareholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion contained in this proxy statement.

As an advisory vote, this proposal is not binding on our company. However, our Board and Compensation Committee will consider the outcome of the advisory vote when making future compensation decisions.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE COMPENSATION OF OUR NEOS AS DISCLOSED IN THE COMPENSATION DISCUSSION AND ANALYSIS SECTION AND ACCOMPANYING COMPENSATION TABLES CONTAINED IN THIS PROXY STATEMENT.

PROPOSAL 3. RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee, which is composed solely of independent directors, has appointed Deloitte & Touche LLP as the independent registered public accounting firm for our company and its subsidiaries for the fiscal year ending December 31, 2015. The function of the independent registered public accounting firm is to audit our accounts and records; to report on the consolidated balance sheet, the related statements of consolidated earnings, consolidated shareholders' equity and consolidated statements of cash flows of our company and its subsidiaries; to audit our internal controls over financial reporting; and to perform such other appropriate accounting services as may be required and approved by the Audit Committee. Although shareholder ratification is not required, our Board is seeking shareholder ratification as a matter of good corporate governance. Even if the appointment of Deloitte & Touche LLP is ratified by a majority of the votes cast at the meeting, the Audit Committee may, in its discretion, direct the appointment of another independent registered accounting firm at any time during the year, if it believes such appointment is in the best interests of the company and the shareholders. If a majority of the votes cast at the meeting fails to ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm, the Audit Committee will consider the selection of another independent registered public accounting firm for future years.

The firm of Deloitte & Touche LLP, or its predecessors, has audited our financial statements since 1956. A representative of that firm is expected to be present at the meeting, will be given an opportunity to make a statement and will be available to respond to appropriate questions.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS VULCAN'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2015.

CORPORATE GOVERNANCE OF OUR COMPANY AND PRACTICES OF OUR BOARD OF DIRECTORS

We take our corporate governance responsibilities very seriously and have adopted Corporate Governance Guidelines that provide a framework for the governance of our company. These Corporate Governance Guidelines build on practices that we have followed for many years and demonstrate our continuing commitment to corporate governance excellence.

Our Governance Committee regularly reviews corporate governance developments and adopts appropriate practices as warranted. For instance, in 2014, the Board adopted a policy prohibiting our executive officers and directors from pledging shares of Vulcan stock for loans or for any other purpose.

We have a Business Conduct Policy that applies to all of our employees and directors and deals with a variety of corporate compliance issues, including conflicts of interest, compliance with laws, confidentiality of company information, fair dealing and use of company assets. All employees and directors are required to fill out a questionnaire annually regarding their personal compliance with the Business Conduct Policy and are encouraged to report any illegal or unethical behavior of which they become aware.

Our Board has adopted a Code of Ethics for the Chief Executive Officer and Senior Financial Officers. The Code of Ethics defines Senior Financial Officers to include the Chief Financial Officer, Controller and Principal Accounting Officer. The Code of Ethics covers such topics as financial reporting, conflicts of interest and compliance with laws. If we make any amendment to, or waiver of, any provision of the Code of Ethics, we will disclose such information on our website as promptly as practicable, as may be required under applicable SEC and NYSE rules.

You can access our amended and restated by-laws, Corporate Governance Guidelines, Business Conduct Policy and Code of Ethics at our website www.vulcanmaterials.com or you can obtain a printed copy free of charge by writing to us at: Corporate Secretary, Vulcan Materials Company, 1200 Urban Center Drive, Birmingham, Alabama 35242. Please note that the information contained on our website is not incorporated by reference in, nor considered to be a part of, this proxy statement.

DIRECTOR INDEPENDENCE

All of our directors, with the exception of Tom Hill, our President and CEO, and Don James, our Non-Executive Chairman and former CEO, are independent under the NYSE listing standards, the Board's Director Independence Criteria, and the applicable SEC rules and regulations. The NYSE listing standards provide that a director does not qualify as independent unless our Board affirmatively determines that the director has no material relationship with our company (either directly or as a partner, shareholder or officer of an organization that has a relationship with our company). The NYSE rules require a board to consider all of the relevant facts and circumstances in determining the materiality of a director's relationship with our company and permit the Board to adopt and disclose standards to assist the Board in making determinations of independence. Accordingly, the Board has adopted the following Director Independence Criteria to assist it in determining whether a director has a material relationship with our company:

Director Independence Criteria

The Director Independence Criteria provide that a director will be considered independent if he or she:

(a) has not been an employee of our company, or any of its consolidated subsidiaries, during the last three years;

Table of Contents

- (b) has not received more than \$120,000 per year in direct compensation from our company, or any of its consolidated subsidiaries, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service) during the last three years;
- (c) has not during the last three years personally performed legal or professional services for our company in an amount more than \$10,000;
- (d) is not a current partner or employee of our company's independent auditor and has not been employed by the present or former independent auditor of our company and personally worked on our company's audit during the last three years;
- (e) during the last three years, has not been part of an interlocking directorate in which an executive officer of our company, or any of its consolidated subsidiaries, served on the compensation committee of another company that concurrently employs the director;
- (f) is not, and has not been in the past three years, an executive officer or an employee of another company (exclusive of charitable organizations) that makes payments to, or receives payments from, our company, or any of its consolidated subsidiaries, for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1,000,000 or 2% of the consolidated gross revenues of such other company;
- (g) has no immediate family member who is an executive officer of our company, or any of its consolidated subsidiaries;
- (h) has no immediate family member meeting any of the criteria set forth in (b) – (f); except with respect to item (d) in which case an immediate family member may be an employee (not a partner) of the independent auditor so long as such family member does not personally work on our company's audit; and
- (i) has no other material relationship with our company, or any of its consolidated subsidiaries, either directly or as a partner, shareholder, director or officer of an organization that has a material relationship with our company or any of its consolidated subsidiaries.

In determining director independence, "immediate family member" is defined as a spouse, parent, child, sibling, mother or father-in-law, son or daughter-in-law, brother or sister-in-law and anyone (other than a domestic employee) who shares the director's home. Individuals who are no longer immediate family members as a result of legal separation or divorce, or those who have died or become incapacitated, are not taken into consideration when determining a director's independence. The Director Independence Criteria also require our Board to consider all relevant facts and circumstances, including a director's commercial, industrial, banking, consulting, legal, accounting, familial and charitable relationships and such other criteria as our Board may determine from time to time.

In early 2015, the Board conducted an evaluation of director independence for each director, based on the Director Independence Criteria, the NYSE listing standards and applicable SEC rules and regulations. In connection with this

review, the Board evaluated commercial, industrial, banking, consulting, legal, accounting and charitable relationships with each director or immediate family member and his or her related interests and our company and its subsidiaries.

As a result of this evaluation, the Board affirmatively determined that all of the directors other than our President and CEO, Tom Hill, and our Chairman and former CEO, Don James, are independent directors under our Board's Director Independence Criteria, the NYSE listing standards and the applicable SEC rules and regulations.

DIRECTOR NOMINATION PROCESS

The Governance Committee considers director candidates recommended by our shareholders. Any shareholder wishing to recommend a candidate for election at the 2016 Annual Meeting must submit that recommendation in writing, addressed to the Governance Committee, in care of our Corporate Secretary, at 1200 Urban Center Drive, Birmingham, Alabama 35242, in accordance with the deadlines and procedures set forth in our by-laws. The notice should include the following:

The name and address of the shareholder who intends to make the nomination(s) and of the person or persons to be nominated;

A representation that the shareholder is a holder of record or a beneficial holder of stock entitled to vote at the meeting (including the number of shares the shareholder owns) and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice;

A description of all arrangements and understandings between the shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination(s) are to be made by the shareholder;

Such other information regarding each nominee proposed by such shareholder as would have been required to be included in a proxy statement filed under the proxy rules of the SEC (whether or not such rules are applicable) had each nominee been nominated, or intended to be nominated, by our Board of Directors, including the candidate's name, biographical information, and qualifications; and

The written consent of each nominee to serve as a director if so elected.

The Governance Committee will identify nominees by first evaluating the current members of our Board willing to continue service. Current members of our Board with skills and experience that are relevant to our business and who are willing to continue in service are considered for nomination, balancing the value of continuity of service by existing members of our Board with the potential benefits of obtaining new Board members. If any member of the Board does not wish to continue in service or if the Governance Committee or the Board decides not to nominate a current Board member for reelection, the Governance Committee may identify the desired skills and experience for a new nominee in light of the above criteria. Directors and members of management also may suggest candidates for Board service. Timely recommendations by our shareholders will receive equal consideration by the Governance Committee. In some cases, the committee engages, for a fee, the services of a third-party executive search firm to assist it in identifying and evaluating nominees for director.

BOARD LEADERSHIP STRUCTURE

Our Board understands the importance of evaluating and determining the optimal leadership structure so as to provide independent oversight of management. Our Board also understands that there is no single, generally accepted approach to providing Board leadership and that given the dynamic and competitive environment in which we operate, the right Board leadership structure may vary from time to time. For this reason, our Board does not have a policy

with respect to the separation of the offices of Chairman of the Board and Chief Executive Officer. The Board has determined that our company should have the flexibility to combine or separate these functions as circumstances deem appropriate. The Board believes that it is in the best interests of our company and its shareholders to have Don James serve as our Non-Executive Chairman of the Board and Tom Hill serve as our President and CEO, at this time. In addition, our Corporate Governance Guidelines provide for an independent lead director of the Board, a position elected annually from among the independent directors on our Board.

In considering its leadership structure, our Board has taken a number of additional factors into account. The Board, which consists exclusively of independent directors, other than Mr. Hill and Mr. James, and all of whom are highly qualified and experienced, exercise a strong independent oversight function. This

Table of Contents

oversight function is enhanced by the fact that all of the Board's committees, other than the Executive Committee, are comprised entirely of independent directors. Most significantly, our Corporate Governance Guidelines provide for an independent lead director, a position which is elected annually from among the independent directors of our Board. Among other things, the lead director is responsible for:

presiding at all meetings or sessions of meetings of the Board at which the Chairman is not present, including at executive sessions of the non-management and independent directors;

servicing as liaison between the Chairman and the non-management and independent directors;

approving Board meeting schedules to assure that there is sufficient time for discussion of all agenda items, as well as meeting agendas and information sent to the Board;

having authority to call meetings of the non-management and independent directors; and

if requested by major shareholders, ensuring that he or she is available for consultation and direct communication. The Board annually elects a lead director from among the independent directors. The duties of the lead director are delineated in our Corporate Governance Guidelines, which are available on our website at www.vulcanmaterials.com. Mr. McGregor currently serves as the lead director.

Our Board believes that these factors provide the appropriate balance between the authority of those who oversee our company and those who manage it on a day-to-day basis. For additional information regarding how oversight is exercised and how the Board receives information from our committees performing risk management and oversight functions, see [Risk Management](#) on page 28.

NON-MANAGEMENT EXECUTIVE SESSIONS

Our Board of Directors has adopted a policy relating to non-management executive sessions. Under this policy, the Board of Directors meets at each regularly scheduled Board meeting in an executive session in which Messrs. Hill and James and other members of management are not present. During 2014, the non-management directors met in executive session five times.

MEETINGS AND ATTENDANCE

Our Board held six meetings, either in person or telephonically, in 2014, and each director attended more than 75% of the total number of meetings of the Board and meetings of the committees of which he or she was a member.

ANNUAL MEETING POLICY

Our directors are expected to attend the Annual Meeting of Shareholders. In furtherance of this policy, our Board holds a regularly scheduled Board meeting on the same day as the Annual Meeting of Shareholders. In 2014, all of the Board members except Mr. Hall attended the Annual Meeting.

Deloitte & Touche LLP, our independent registered public accounting firm, is responsible for expressing an opinion on the conformity of our company's audited financial statements with generally accepted accounting principles. EXECUTIVE SUMMARY

Vulcan's unwavering commitment to reliability, quality and customer service has long provided us with a competitive edge. Now, as the construction economy gains momentum, we are well-positioned as an industry leader. Vulcan's mission continues to drive every aspect of our business.

Our 2014 results reflect the continuing recovery of our markets and the benefits of our powerful earnings leverage. We experienced volume growth across our footprint in 2014 in virtually every market. In addition, our margins improved considerably. Throughout our business, Vulcan is reaping the benefits of our intense operational discipline, our geographical footprint and the spirited performance of our people.

Table of Contents

2014 PERFORMANCE RESULTS

The following key metrics reflect our continued improvement in financial performance over the last three fiscal years. We manage and measure our business performance with a significant focus on Adjusted EBITDA, Cash Gross Profit per Ton for Aggregates, and Aggregates Gross Profit as a Percentage of Freight-Adjusted Revenue. We emphasize these metrics because we believe they closely correlate to long-term shareholder value. We also believe that total revenue is an important metric in evaluating the company's operational and financial performance.

Note: Cash Gross Profit, Adjusted EBITDA and Aggregates Gross Profit as a Percentage of Freight-Adjusted Revenue are non-GAAP financial measures. We provide a reconciliation of each of these non-GAAP financial measures to the most directly comparable GAAP financial measure in Annex A to this Proxy Statement.

2014 Performance was Strong

In 2014, our Adjusted EBITDA grew 28% while Total Revenue grew 8% reflecting our focus on growing Cash Gross Profit Per Ton for Aggregates. While our business is benefiting from a general economic and construction industry recovery, we are leveraging this to produce more profit per ton.

CEO PAY-AT-A-GLANCE

Each year, the Compensation Committee assesses our CEO's actual compensation relative to the company's performance. Our current President and CEO, Tom Hill, was named to that position in July of 2014. Mr. Hill has been with Vulcan for over 24 years, serving in a variety of operations and general management assignments. Prior to becoming President and CEO, Mr. Hill was Executive Vice President and Chief Operating Officer for the company.

The Compensation Committee of the Board set Mr. Hill's base salary and total compensation significantly below the median pay of peer CEOs according to benchmarking data provided by Compensation Strategies, Inc., the Compensation Committee's independent compensation consultant. The percentile ranking of Mr. Hill's compensation as compared to other CEOs in our peer group is as follows:

Additionally, Mr. Hill did not receive any promotion grants of long-term incentive awards when he was named President and CEO in July 2014.

COMPENSATION MIX

To ensure management's interests are aligned with those of shareholders and the performance of our company, a substantial portion of our NEOs' compensation is at-risk and will vary above or below target levels commensurate with company performance. The chart below shows the percentage of our NEOs' 2014 target compensation that was performance-based and at-risk.

* Target amounts as of July 2014 when Mr. Hill and Mr. McPherson were promoted to President and CEO and to Executive Vice President, Chief Financial and Strategy Officer, respectively.

Table of Contents

SAY ON PAY RESULTS AND 2014 COMPENSATION DECISIONS

At our 2014 Annual Meeting of Shareholders, 97% of the votes cast were in favor of the advisory vote to approve executive compensation (say on pay vote). This was a marked increase from 2013 when we received 81% support, which led members of the Compensation Committee to engage in discussions with many of the company's largest shareholders about the company's executive compensation program. These discussions resulted in several modifications to the company's executive compensation program. We believe the 2014 vote of 97% support demonstrates strong shareholder support for our current compensation program.

In 2014, the Compensation Committee continued to review the changing market conditions for executive compensation and benefits, and made the following key compensation decisions:

Set the starting compensation package of our newly-appointed CEO at the 25th percentile of the market

Instituted a policy prohibiting the pledging of Vulcan shares by our executives and directors

Limited the 2014 short-term bonus for the NEOs to 2.5 times target bonus (previously was 4.0 times)

Increased stock ownership guidelines for CFO from 3 times to 5 times base salary

Waived the change-in-control (CIC) provisions for all executives (not just NEOs) relating to single-trigger, long-term incentive bonuses and excise tax gross-ups

SUMMARY OF EXECUTIVE COMPENSATION PRACTICES

The table below highlights certain of our executive compensation practices, including practices we have implemented that drive performance as well as those not implemented because we do not believe they would serve our shareholders interests.

What We Do

Pay for performance. Tie pay to performance by ensuring that a significant portion of NEO compensation is performance-based and at-risk

Median compensation targets. All compensation elements of our executives are targeted at the median of our peer group companies. In 2014, the Compensation Committee set our new CEO's total compensation at the 25th percentile of our peer group

PSUs are substantial portion of LTI. PSU grants, tied to our relative performance against the S&P 500, comprised approximately 78% of the total value of annual long-term incentive grants made to our NEOs in 2014. SOSARs comprise the remaining 22%

Robust share ownership guidelines. We have stock ownership guidelines of 7 times base salary for the CEO and 3 to 5 times base salary for our other NEOs

No pledging of shares. Our directors and officers are not permitted to pledge Vulcan shares as collateral for loans or any other purpose

No hedging. Vulcan prohibits directors and officers from engaging in short sales of Vulcan stock or similar transactions intended to hedge or offset the market value of Vulcan stock owned by them

Limited CIC agreements. None of our CIC agreements provide for:

- Ø Single trigger termination right
- Ø Inclusion of long-term incentive value in the calculation of cash severance
- Ø Excise tax gross-ups

Independent compensation consultant. The Compensation Committee uses an independent compensation consultant that provides no other services to the company

Minimal executive perquisites.

What We Don't Do

No employment contracts. None of our NEOs or other executives have employment contracts except a limited consulting agreement with Mr. McPherson that takes effect in the event of termination

No dividends on unvested PSUs. Our PSUs require 4 years to vest and dividends are neither paid nor accrued during the 4 year vesting period

No repricing. Stock options and SOSAR exercise prices are set equal to the grant date market price and may not be repriced

EXECUTIVE COMPENSATION PROGRAM IN DETAIL

COMPENSATION PHILOSOPHY

The dedication and performance of our employees, including our NEOs, enables us to accomplish our corporate goals. The compensation program for our NEOs is intended to motivate them to achieve Vulcan's strategic goals and operational plans while adhering to our high ethical business standards.

Vulcan's executive compensation program is centered on a pay-for-performance philosophy, which aligns executive compensation with shareholder value and ultimately impacts our compensation program design.

BENCHMARKING TOTAL COMPENSATION

On an annual basis, the Compensation Committee conducts a benchmarking study and analysis of total compensation paid to our CEO and other NEOs against a relevant composite group of companies (peer group).

Our Three Compensation Principles

Link a significant portion of compensation to performance.

We believe that compensation levels should reflect performance – both the performance of Vulcan and the performance of the recipient. This is accomplished by:

Motivating, recognizing, and rewarding individual excellence

Paying short-term cash bonuses based upon company financial performance and individual performance

Linking long-term compensation to our company's stock performance through the use of Performance Share Units (PSUs) and Stock-Only Stock Appreciation Rights (SOSARs)

Maintain competitive compensation levels.

We strive to offer programs and levels of compensation that are competitive with those offered by industrial companies of similar size in order to attract, retain and reward our NEOs.

Align management's interests with those of shareholders.

We seek to implement programs that will encourage NEOs to remain with us and to increase long-term shareholder value

by providing competitive compensation and granting long-term equity-based awards each year.

Peer Group Development

The peer group is reviewed by our compensation consultant each year to ensure representation from organizations that generally are impacted by the same economic factors affecting Vulcan. Compensation data from the peer group companies is adjusted to eliminate distortions that may result from companies in the peer group being of differing sizes. Adjustments are made through the use of statistical regression analysis of total revenues for companies in the peer group, which is a common practice and used extensively in the compensation consulting industry. This technique considers the relationship between actual compensation and revenue levels for the peer group companies and enables us to estimate compensation levels appropriate for an organization of our size.

Table of Contents

Our peer group is comprised of 20 companies from the following industries: Construction Materials; Building Products; Construction Equipment; Engineering and Construction; Forest Products; Coal Mining; Metals Mining; and Metals Producers/Manufacturers. Our peer group (whose median market capitalization at year end was \$8.8 billion as compared to our market capitalization at year end of \$8.7 billion) consists of the following companies:

Arch Coal, Inc.
CONSOL Energy Inc.
Cummins Inc.
Danaher Corporation
Freeport-McMoRan Copper & Gold Inc.
Granite Construction Incorporated
Jacobs Engineering Group Inc.
Louisiana-Pacific Corporation
Martin Marietta Materials, Inc.
Masco Corporation
MeadWestvaco Corporation
Newmont Mining Corporation
Nucor Corporation
PPG Industries, Inc.
Peabody Energy Corporation
Stanley Black & Decker, Inc.
Texas Industries, Inc.*
The Sherwin-Williams Company
U.S. Steel Corporation
Weyerhaeuser Company

Selection of Peers

We select peers either based on their size or their industry (construction, materials and mining). In the event that industry peers are significantly larger than our company, we use statistical regression analysis to make their compensation data comparable to ours.

* Removed from peer group as of July 2014 due to its acquisition by Martin Marietta Materials, Inc.

Use of Peer Group and Market Compensation Studies

The peer group compensation data, in combination with consideration of each NEO's experience and performance, assists the Compensation Committee in making informed, market-based decisions regarding our executive pay program.

In an effort to provide an additional reference point for competitive pay, our compensation consultant conducts an executive market study (using survey data from Aon Hewitt and Towers Watson, two global consulting firms specializing in compensation practices) that compares our NEOs' total compensation to that of similarly situated

executives among U.S. manufacturing companies with revenues between \$1 billion and \$4.9 billion.

Using the peer group analysis and the Aon Hewitt and Towers Watson survey data, we seek to provide target compensation at a competitive level for each of the three elements: base salary, short-term cash bonus and long-term equity-based awards.

This analysis serves as a starting point for evaluating appropriate levels of base salary. We generally target base salaries at the 50th percentile of the market as determined by our analysis, which we believe is the appropriate level for ensuring the competitiveness of our compensation.

We set the target cash bonus opportunity for our NEOs at competitive market levels consistent with similarly situated executives in our size adjusted comparison group and in the compensation surveys. Corporate performance at target levels is intended to yield a bonus for each NEO at a level approximately equal to the median level indicated in the compensation study with respect to similarly situated executive officers.

Table of Contents

We establish a standard percentage of each NEO's base salary to be used as the targeted value of long-term awards to each NEO. The Compensation Committee sets the standard at approximately the 50th percentile of the awards made to individuals with similar positions in the market as determined by our competitive market analysis.

THE ROLE OF INDIVIDUAL PERFORMANCE

In addition to the consideration of company performance and competitive market-based pay, the individual performance of each NEO is considered in determining his base salary and annual bonus. The Compensation Committee reviews a performance report for each NEO that is prepared by management. The major accomplishments of the management team for 2014 are as follows:

Expanded aggregates gross profit as a percent of freight-adjusted revenues 400 basis points from the prior year

Implemented succession plan and named CEO and new senior management team

ELEMENTS OF COMPENSATION

Our elements of compensation, all of which are discussed in greater detail below, include:

Base salary

Short-term performance-based bonus

Long-term equity-based incentives

Benefits and perquisites

Change-in-control protections

Retirement benefits

BASE SALARY

The base salary element of our compensation program is designed to be competitive with compensation paid to similarly-situated, competent, and skilled executives.

The Compensation Committee uses the information and procedures described below to set base salaries tied to individual performance, contribution to business results, and market compensation comparisons. The Compensation Committee determines if base salary increases are appropriate for our NEOs after considering all of the following factors:

NEO's performance relative to the pre-established goals and objectives in his areas of responsibility

NEO's overall managerial effectiveness with respect to planning, personnel development, communications, regulatory compliance and similar matters

Competitive pay levels for similarly situated executives set forth in the compensation surveys and our comparison group, set forth on page 42

Marketplace trends in salary increases

NEO s potential for future contributions to the company, retention risks, fairness in view of our overall salary increases, and the ability of our company to pay the increased salaries

Economic environment and its impact on the company

We review annually the base salaries of the NEOs, and also at the time of a promotion or change in responsibilities. The following table sets forth the base salary of each NEO at December 31, 2014:

Name	Position	2014 Salary
Tom Hill	President and Chief Executive Officer	\$ 850,000
John McPherson	Executive Vice President and Chief Financial and Strategy Officer	\$ 700,000
Don James	Executive Chairman	\$ 1,250,000
Danny Shepherd	Vice Chairman	\$ 573,000
Dan Sansone	Executive Vice President, Strategy	\$ 573,000
Stan Bass	Senior Vice President, West	\$ 547,260

To further our goal of aligning the executives interests with those of our shareholders, we generally reward superior performance through our short-term cash bonus program and long-term equity-based incentives rather than through base salary.

Table of Contents**SHORT-TERM PERFORMANCE-BASED BONUS**

Our short-term cash bonus incentive program is designed to motivate our executives, including the NEOs, and reward them with cash payments for achieving quantifiable, pre-established business results. We pay short-term incentives to our NEOs under the shareholder-approved Executive Incentive Plan (EIP) which is intended to yield cash bonus payments that constitute qualified performance-based compensation under Section 162(m) of the Code.

Meeting the Minimum Performance Threshold under the Executive Incentive Plan (EIP)

In order for the NEOs to be eligible to receive a cash bonus, the company must attain a minimum performance threshold for the year, as established by the Compensation Committee. The minimum performance threshold is used only to determine an NEO's eligibility for a bonus payment under the EIP. If the minimum performance threshold is met, the actual amount of bonus payable is calculated in accordance with the process described in Determining Bonus Payable. For 2014, the minimum threshold was either: (1) cash earnings in the amount of \$200 million; or (2) EBITDA in the amount of \$350 million. Company performance exceeded each of these established minimum thresholds.

If the Compensation Committee determines that either of the minimum performance thresholds are met, our NEOs may receive a bonus under the EIP, subject to the Compensation Committee's discretion to adjust the bonus downward from the maximum bonus amount set under the EIP. The Compensation Committee cannot exercise upward discretion.

Determining Bonus Payable

The Compensation Committee based 2014 performance goals for annual incentive bonuses on Adjusted EBITDA. The Adjusted EBITDA target of \$429 million was based on performance during the preceding three years, weighted most heavily on the most recent fiscal year, less any gains on sales of property or assets. The Compensation Committee determined to pay cash bonuses for 2014 financial performance (as reflected in the table below) based on Adjusted EBITDA of \$600 million, which was \$171 million above the target. In computing Adjusted EBITDA, the Compensation Committee subtracted from total EBITDA all gains from sales of businesses and properties in 2014, including the net gain from the sale of the company's Florida cement and ready mix concrete assets. To recognize and reward management for the strategic divestiture of the Florida cement and ready mix concrete businesses, as well as the sale of other properties, the Compensation Committee considered one-half of the gains from these transactions in determining the 2014 bonuses. A summary is as follows:

Performance Metric	Percent of Bonus Payable
Adjusted EBITDA (not including gains on sales of property or assets)	169.0%
One-half of 2014 gains from sales of property and assets	44.8%
Total	213.8%

(Adjusted EBITDA is a non-GAAP measure. See Annex A for a reconciliation of non-GAAP financial measures to our results reported under GAAP.)

Table of Contents**Target and Actual Bonus**

The table below shows for each NEO the target bonus, the maximum bonus payable under the EIP, and the actual cash bonus paid to each NEO based on 2014 financial performance. The maximum bonuses payable, referenced in the table below, are established under the shareholder-approved EIP. The EIP permits the payment of bonuses based on financial performance of up to 4 times an NEO's target bonus, but not to exceed \$7 million. In 2014, the Compensation Committee took action to limit the actual cash bonuses paid for 2014 financial performance to 2.5 times each NEO's target bonus as set in February 2014.

Name	Base Salary	Target Bonus as a Percentage of Base Salary	Target Bonus Amount	Maximum Bonus Per EIP ¹	Cash Bonus Paid for 2014 Performance
Tom Hill	\$850,000	87.5%	\$743,750	\$1,594,000 ²	\$1,590,000
John McPherson	\$700,000	87.5%	\$612,500	\$1,313,000 ²	\$1,310,000
Don James	\$1,250,000	100%	\$1,250,000	\$3,125,000	\$2,673,000
Danny Shepherd	\$573,000	75%	\$429,750	\$1,074,000	\$ 919,000
Dan Sansone	\$573,000	75%	\$429,750	\$1,074,000	\$ 919,000
Stan Bass	\$547,260	60%	\$328,356	\$821,000	\$ 567,000

¹ Per the shareholder-approved EIP, no payment may exceed \$7,000,000 in any year to any participant. The amounts in this column equal the lesser of \$7,000,000 or 2.5 times the target bonus.

² Based on a target bonus percentage as of February 13, 2014 of 75%. Both Mr. Hill and Mr. McPherson were promoted in July 2014, increasing their target bonus percentage to 100% for the period July – December 2014.

New for 2015 Fiscal Year: EBITDA EP as the Performance Metric for Short-Term Incentives

In order to incorporate Return on Capital Employed (ROCE) into our short-term incentive metric, the Compensation Committee approved EBITDA Economic Profit (EP) as the short-term incentive metric for 2015. This new metric will provide an additional incentive for management to carefully consider deployment of capital as the company increases capital expenditures during the current construction up cycle. This metric will be calculated as follows:

$$\text{EBITDA EP} = \text{Adjusted EBITDA less Average Capital Employed} \times \text{Pretax Cost of Capital}$$

LONG-TERM EQUITY INCENTIVES

Our long-term equity incentive compensation program rewards the NEOs based on the future performance of our company, by providing awards for creating value for our shareholders. The goals of the long-term incentive program are to:

Ensure NEOs' financial interests are aligned with our shareholders' interests

Motivate decision making that improves financial performance over the long-term

Recognize and reward superior financial performance of our company

Provide a retention element to our compensation program

Promote compliance with the stock ownership guidelines for executives

Table of Contents

Based principally on data and analysis from the compensation consultant, the Compensation Committee establishes a standard long-term equity incentive opportunity, expressed as a percentage of each NEO's base salary, to be used when making long-term equity awards. The table below shows the applicable 2014 percentages for each of our NEOs when long-term awards were granted in February 2014.

Standard Long-Term Award Expressed as a Percentage of Base Salary for 2014	
Tom Hill	150%
John McPherson	150%
Don James	300%
Danny Shepherd	150%
Dan Sansone	150%
Stan Bass	100%

The Compensation Committee retains the discretion to deviate from these percentages in determining actual long-term incentive grants it makes each year to reflect our company's past performance, based on total shareholder return (TSR) or other quantifiable financial measures deemed appropriate.

Our shareholder-approved long-term incentive plan, the 2006 Omnibus Plan, provides a variety of alternative forms of incentives that the Compensation Committee may use, at its discretion, for granting long-term incentives. These incentives include:

stock options

stock-only stock appreciation rights (SOSARs)

performance share units (PSUs)

restricted stock

In recent years, the Compensation Committee has used PSUs, SOSARs or a combination of both for annual equity incentive grants.

2014 Long-Term Incentive Grants

Annually at its February meeting, the Compensation Committee grants long-term incentive awards. All such equity-based awards are priced on the date of grant. Typically, additional equity-based incentive grants have been made to NEOs at other times during the year only upon hire or promotion. However, Messrs. Hill and McPherson did not receive any additional grants of long-term incentive awards when they were promoted to their new positions in

July 2014.

In 2014, the Compensation Committee made the annual long-term incentive grant to the NEOs in the form of a combination of SOSARs and PSUs. PSU grants comprised 78% of the total value of the annual long-term incentive grants made to each NEO, while SOSARs comprised the remaining 22%. The number of equity-based awards granted is determined by valuing SOSARs and PSUs under valuation principles similar to generally accepted accounting principles (in the case of SOSARs, a Black-Scholes option pricing model and in the case of PSUs, a Monte Carlo simulation model). The Compensation Committee normally grants a number of equity-based awards that produces an award value on the date of the grant that approximates the 50th percentile level of awards made to similarly-situated executives determined by our competitive market analysis. However, the Compensation Committee may make adjustments each year to the number of units granted.

Table of Contents

A summary of all long-term incentive (LTI) grants made to NEOs in 2014 is as follows:

Name	2014 Annual Grants		Total LTI Grants
	SOSARs	PSU Units	
Tom Hill	12,500	12,500	25,000
John McPherson	12,500	12,500	25,000
Don James	61,300	61,300	122,600
Danny Shepherd	13,600	13,700	27,300
Dan Sansone	13,600	13,700	27,300
Stan Bass	7,000	7,000	14,000

These awards are also reflected in the Summary Compensation Table on page 57 and the Grants of Plan-Based Awards table on page 58.

Performance Share Units (PSUs)

PSUs vest at the end of a four-year period to the extent that the company has met the performance goals established by the Compensation Committee. Vested PSUs are paid in Vulcan common stock. Unvested PSUs do not earn dividends. For PSUs granted in 2014, the performance measurement is the company's total shareholder return (TSR) percentile rank relative to the TSR of the S&P 500 for the four-year period ending December 31, 2017. The Compensation Committee chose the S&P 500 as the comparison group for relative TSR performance because it is a broad and stable index group that represents investors' alternative capital investment opportunities. Vulcan is also a member of the S&P 500. The following table shows the percentage of 2014 PSUs that will vest over the four-year period based on levels of performance achieved.

Performance Share Unit Payment Table ¹			
Grant Value	4-Year Average		% of PSUs Payable ²
	TSR Percentile Rank		
	Relative to S&P 500 Index		
50 th Percentile level of awards made to similar executives, based upon a market analysis	75 th or more		200
	50 th		100
	25 th or less		0

¹ The 2014 grant amount was set at a level that approximated the 50th percentile level of awards made to similarly situated executives. Therefore, if the company's 4-year average TSR relative to the S&P 500 Index is at the 50th percentile, the full award is paid. The payout is adjusted incrementally for performance above and below the 50th percentile and can range from 0% to 200%.

² Payouts interpolated for returns between 25th and 50th percentile and 50th and 75th percentile.

Stock-Only Stock Appreciation Rights (SOSARs)

SOSARs entitle the recipient to receive, at the time of exercise, shares of Vulcan stock with a market value equal to the difference between the exercise price (the closing price of Vulcan stock on the date of grant) and the market price of Vulcan stock on the date the SOSARs are exercised. SOSARs have a ten-year term and vest at a rate of 25%

annually over the first four years of their term.

2014 Long-Term Incentive Payments of Prior Grants

There were no payments for prior PSU grants in 2014 because the vesting period for PSUs granted in 2011 was increased from 3 years to 4 years.

In March 2014, payments were made for vested Deferred Stock Units (DSUs) from grants made in 2004 and 2005. The NEOs may elect to defer payment of the DSUs through the Executive Deferred Compensation Plan (EDCP). All DSU payments deferred into the EDCP must remain in company stock. All the NEOs who hold DSUs elected deferral until the year of their retirement; therefore such shares must be held until the sixth month following retirement.

STOCK OWNERSHIP GUIDELINES

In order to align the interests of the NEOs with our shareholders' interests and to promote a long-term focus for these officers, our company has executive stock ownership guidelines for the officers of our company. The guidelines are

based on management's and the compensation consultant's assessment of market practice. The stock ownership requirements are higher for the CEO than for the other NEOs.

The table below shows the guidelines for the NEOs, expressed as a multiple of base salary:

Name	Multiple of Base	
	Salary	Ownership
	Guidelines	
Tom Hill	7x	
John McPherson	5x	
Don James	7x	
Danny Shepherd	4x	
Dan Sansone	4x	
Stan Bass	3x	

Table of Contents

What Counts Toward the Guideline

shares owned personally

shares in the Vulcan 401(k) savings plan or other qualified retirement plans

shares in the company's deferred compensation and nonqualified supplemental benefit plans

shares owned by a family member, shares held in trust for the benefit of the NEO or a family member, or shares held in trust for which such officer is trustee

What Does Not Count Toward the Guideline

Annually, our CEO reviews compliance with the ownership guidelines and reports the results to the Compensation Committee. Messrs. James, Sansone and Shepherd, meet or exceed our ownership guidelines. Messrs. Hill, McPherson and Bass were recently promoted and have 5 years from the date of promotion to comply with applicable ownership requirements.

BENEFITS AND PERQUISITES

NEOs participate in each of the benefit plans or arrangements that generally are made available to all salaried employees including:

medical and dental benefits;

life, accidental death and disability insurance; and

retirement plans.

Our company pays 100% of the premiums for individual long-term disability policies that insure base salary and target bonus in excess of that insured under the group contract up to a limit of \$500,000 covered compensation.

We provide company-owned cars to the NEOs for their use. Additionally, we pay for the insurance, maintenance and fuel for such vehicles. Executives reimburse our company for a portion of the expense associated with personal use of these vehicles. In addition, the value of personal mileage is charged to the NEO as imputed income. We also make the

company-owned aircraft available to the CEO and other senior executives for business travel. The aircraft is available to the CEO and the other NEOs for personal use at the expense of the NEO. In 2014, our CEO, Tom Hill, and our Vice Chairman, Danny Shepherd, each used the company aircraft on a single occasion. The amount attributable to such use was included in the officers' taxable income for 2014. None of the other NEOs used company-owned aircraft for personal use. We do not provide other perquisites, such as country club memberships or financial planning services, to the NEOs.

The Compensation Committee reviews our policies and determines whether and to what extent perquisites should be modified or continued.

CHANGE-IN-CONTROL PROTECTION AND POST TERMINATION AGREEMENTS

We do not have written employment agreements with executives. Instead, each of our NEOs has a change-in-control (CIC) severance agreement and equity award agreements that provide for severance payments and accelerated vesting or payment of equity-based incentive awards only if a CIC actually

occurs. We provide such protections in order to provide for retention and continuity in order to minimize disruptions during a pending or anticipated CIC. For a detailed description of these change-in-control benefits, refer to NEO Change-in-Control Agreements and Related Cash Severance Benefits on page 65.

As of 2014, all of our NEOs have waived their rights under their CIC agreements to the inclusion of target long-term incentive values in the calculation of cash severance and tax gross-ups with respect to excise taxes under Section 280G of the Code and, if applicable, waived their right to receive severance upon a voluntary termination of employment without good reason during a 30-day period following the first anniversary of a change-in-control (single-trigger).

Other than the CIC severance agreements, we have one post-termination agreement with an NEO. Mr. McPherson is entitled to serve as a consultant pursuant to a springing consulting agreement in the event that Vulcan terminates his employment without cause or he terminates his employment for any reason prior to October 2015. In the event that Mr. McPherson's employment is terminated under such circumstances, pursuant to the consulting agreement, Vulcan has agreed to retain him as a consultant for three years thereafter. Mr. McPherson would be expected to provide 400 hours of services annually for which he would be entitled to compensation at a rate of \$43,300 per month. In connection with his services as a consultant, Mr. McPherson would be subject to covenants regarding the use of confidential information. Vulcan may terminate the consulting agreement for cause or if Mr. McPherson dies or becomes disabled.

RETIREMENT BENEFITS

Our company provides the following retirement benefits to our NEOs:

Benefit	Background
Retirement Plan*	This pension plan covers all salaried employees of our company hired prior to July 15, 2007.
Supplemental Plan*	The Unfunded Supplemental Benefit Plan provides for benefits that are curtailed under the Retirement Plan and the 401(k) Plans due to Internal Revenue Service pay and benefit limitations for qualified plans. This Plan is designed to provide retirement income benefits, as a percentage of pay, which are similar for all employees regardless of compensation levels. The Unfunded Supplemental Benefit Plan eliminates the effect of tax limitations on the payment of retirement benefits, except to the extent that it is an unfunded plan and a general obligation of our company.
