YOUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF EACH OF THE DIRECTOR NOMINEES NAMED ABOVE.

Table of Contents

THE BOARD OF DIRECTORS AND

CERTAIN GOVERNANCE MATTERS

Our Board manages or directs our business and affairs, as provided by Delaware law, and conducts its business through meetings of the Board and three standing committees: the Audit Committee; the Compensation Committee; and the Nominating and Corporate Governance Committee. Our Board has a majority of independent directors, and all of our Board's committees are fully independent.

We have structured our corporate governance in a manner we believe closely aligns our interests with those of our stockholders. Notable features of our corporate governance include:

- each of our directors is subject to re-election annually;
- under our by-laws and our Corporate Governance Guidelines, directors (other than directors designated pursuant to our stockholders agreements) who fail to receive a majority of the votes cast in uncontested elections are required to submit their resignation to our Board of Directors;
- our independent directors meet regularly in executive sessions;
- we do not have a stockholder rights plan, and if our Board were ever to adopt a stockholder rights plan in the future without prior stockholder approval, our Board would either submit the plan to stockholders for ratification or cause the rights plan to expire within one year; and
- a range of other corporate governance best practices, including limits on the number of directorships held by our directors to prevent overboarding, a robust director education program, regular Board and committee evaluations, a commitment to Board refreshment and diversity, and an extensive director nominee selection process.

We have a stockholders agreement with Blackstone, which is described below under [Transactions with Related Persons](#) [Blackstone Stockholders Agreement](#) and provides that Blackstone has the right to nominate to our Board a number of designees based on its percentage ownership of our common stock. Currently, Blackstone has the right to designate two directors and has nominated Messrs. Gray and Stein. The provisions of the stockholders agreement with Blackstone regarding the nomination of directors will remain in effect until Blackstone is no longer entitled to nominate a director to our Board, unless Blackstone requests that they terminate at an earlier date.

We also have a stockholders agreement with HNA Tourism Group Co., Ltd. and certain of its affiliates (collectively, [HNA](#)), which is described below under [Transactions with Related Persons](#) [HNA Stockholders Agreement](#) and took effect upon the March 15, 2017 closing of Blackstone's previously announced sale of approximately 25% of our common stock to HNA. The stockholders agreement with HNA provides that, among other things, for so long as HNA owns at least 15% of our outstanding common stock, HNA will have the right to designate two directors to our Board, one of whom may be affiliated with HNA (but not its hospitality business), the other of whom must be independent under New York Stock Exchange ([NYSE](#)) standards and each of whom must be reasonably satisfactory to our Nominating and Corporate Governance Committee. HNA's director designation rights are subject to change based on

their ownership of our common stock and cease once HNA owns less than 5%. In addition, the stockholders agreement with HNA requires HNA in uncontested director elections to either vote all of its shares in favor of the director nominees or vote all such shares in the same proportion the shares owned by the other stockholders are voted and, as to other proposals, except in specified circumstances, generally requires HNA to vote its holdings in excess of 15% of the outstanding shares in the same proportion as the shares owned by other stockholders are voted, and permits HNA to vote its holdings of 15% of the outstanding shares at its sole discretion. HNA has not yet identified potential director nominees.

DIRECTOR INDEPENDENCE AND INDEPENDENCE DETERMINATIONS

Under our Corporate Governance Guidelines and NYSE rules, a director is not independent unless the Board affirmatively determines that he or she does not have a direct or indirect material relationship with us or any of our subsidiaries. In addition, the director must meet the bright-line tests for independence set forth by the NYSE rules.

Our Corporate Governance Guidelines define independence in accordance with the independence definition in the current NYSE corporate governance rules for listed companies. Our Corporate Governance Guidelines require the Board to review the independence of all directors at least annually.

In the event a director has a relationship with the Company that is relevant to his or her independence and is not addressed by the objective tests set forth in the NYSE independence definition, the Board will determine, considering all relevant facts and circumstances, whether that relationship is material.

Our Board has affirmatively determined that each of Ms. Begley, Mr. Huntsman, Ms. McHale, Mr. Schreiber, Ms. Smith and Mr. Steenland is independent under the guidelines for director independence set forth in our Corporate Governance Guidelines and under all applicable NYSE guidelines, including with respect to committee membership. Our Board also has determined that each of Ms. McHale, Ms. Smith and Mr. Steenland is independent for purposes of Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended (the Exchange Act).

In making its independence determinations, the Board considered and reviewed all information known to it (including information identified through annual directors questionnaires).

4 PROXY STATEMENT Hilton

Table of Contents**BOARD STRUCTURE**

Our Board of Directors is led by Mr. Gray, our Non-Executive Chairman. The Chief Executive Officer position is separate from the Chairman position. Although we believe that the separation of the Chairman and Chief Executive Officer positions is appropriate corporate governance for us at this time, our Board believes that the Company and stockholders are best served by maintaining flexibility to determine whether and when the Chairperson and CEO positions should be separate or combined to provide the appropriate leadership.

The duties and responsibilities of the Nominating and Corporate Governance Committee are set forth in its charter, which may be found at www.ir.hilton.com under Investors: Corporate Governance: Governance Documents: Nominating and Corporate Governance Committee Charter, and include among others:

- overseeing the evaluation of the Board and the Board's committees.

OVERSIGHT OF RISK MANAGEMENT

The Board of Directors has overall responsibility for risk oversight, including, as part of regular Board and committee meetings, general oversight of executives' management of risks relevant to the Company. A fundamental part of risk oversight is not only understanding the material risks a company faces and the steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. The involvement of the Board of Directors in reviewing our business strategy is an integral aspect of the Board's assessment of management's tolerance for risk and its determination of what constitutes an appropriate level of risk for the Company. While the full Board has overall responsibility for risk oversight, it is supported in this function by its Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee. Each of the committees regularly reports to the Board.

The Audit Committee assists the Board in fulfilling its risk oversight responsibilities by periodically reviewing our accounting, reporting and financial practices, including the integrity of our financial statements, the surveillance of administrative and financial controls, our compliance with legal and regulatory requirements and our enterprise risk

management program. Through its regular meetings with management, including the finance, legal and internal audit functions, the Audit Committee reviews and discusses all significant areas of our business and summarizes for the Board all areas of risk and the appropriate mitigating factors. The Compensation Committee assists the Board by overseeing and evaluating risks related to the Company's compensation structure and compensation programs, including the formulation, administration and regulatory compliance with respect to compensation matters. The Nominating and Corporate Governance Committee assists the Board by overseeing and evaluating programs and risks associated with Board organization, membership and structure, succession planning and corporate governance. In addition, our Board receives periodic detailed operating performance reviews from management. Our chief risk officer updates the Audit Committee on a quarterly basis and the full Board on an annual basis and as needed.

EXECUTIVE SESSIONS

Executive sessions, which are meetings of the non-management members of the Board, are regularly scheduled throughout the year. In addition, at least once a year, the independent directors meet in a private session that excludes management. At each of these meetings, the non-management and independent directors in attendance, as applicable, will determine which member will preside at such session.

BOARD AND COMMITTEE EVALUATIONS

The Board and its committees conduct annual self-evaluations to assess the effectiveness of the Board and committees. The self-assessments focus on the Board's and each committee's and their respective members performance and contribution to the Company as well as provide constructive feedback.

COMMITTEE CHARTERS AND CORPORATE GOVERNANCE GUIDELINES

Our commitment to good corporate governance is reflected in our Corporate Governance Guidelines, which describe the Board's views on a wide range of governance topics. These Corporate Governance Guidelines and committee charters are reviewed from time to time by the Nominating and Corporate Governance Committee and, to the extent deemed appropriate in light of emerging practices, revised accordingly, upon recommendation to and approval by the Board.

Our Corporate Governance Guidelines, our Audit, Compensation and Nominating and Corporate Governance Committee charters and other corporate governance information are available on the Corporate Governance page of the Investors section on our website at www.ir.hilton.com. Any stockholder also may request them in print, without charge, by contacting the Office of the Corporate Secretary at Hilton Worldwide Holdings Inc., 7930 Jones Branch Drive, Suite 1100, McLean, Virginia 22102.

CODE OF CONDUCT

We maintain a Code of Conduct that is applicable to all of our directors, officers and employees, including our Chairman, Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer and other senior financial officers. The Code of Conduct sets forth our policies and expectations on a number of topics, including conflicts of interest, compliance with laws, human rights, use of our assets and business conduct and fair dealing. This Code of Conduct also satisfies the requirements for a code of ethics, as defined by Item 406 of Regulation S-K promulgated by the SEC. We will disclose within four business days any substantive changes in or waivers of the Code of Conduct granted to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, by posting such information on our website as set forth above rather than by filing a Form 8-K. In the case of a waiver for an executive officer or a director, the required disclosure also will be made available on our website within four business days of the date of such waiver.

The Code of Conduct may be found on our website at www.ir.hilton.com under Investors: Corporate Governance: Governance Documents: Code of Conduct.

DIRECTOR NOMINATION PROCESS

The Nominating and Corporate Governance Committee weighs the characteristics, experience, independence and skills of potential candidates for election to the Board and recommends nominees for director to the Board for election. In considering candidates for the Board, the Nominating and Corporate Governance Committee also assesses the size, composition and combined expertise of the Board. As the application of these factors involves the exercise of judgment, the Nominating and Corporate Governance Committee does not have a standard set of fixed qualifications that is applicable to all director candidates. At a minimum, the Nominating and Corporate Governance Committee assesses each candidate's strength of character, judgment, industry knowledge or experience, his or her ability to work collegially with the other members of the Board and his or her ability to satisfy any applicable legal requirements or listing standards. In addition, although the Board considers diversity of viewpoints, background and experiences, the Board does not have a formal diversity policy. In identifying prospective director candidates, the Nominating and Corporate Governance Committee may seek referrals from other members of the Board, management, stockholders and other sources, including third party recommendations. The Nominating and Corporate Governance Committee also may, but need not, retain a search firm in order to assist it in identifying candidates to serve as directors of the Company and has previously consulted with the firms of Spencer Stuart and Heidrick & Struggles regarding board member recruiting. The Nominating and Corporate Governance Committee uses the same criteria for evaluating candidates regardless of the source of the referral or recommendation. When considering director candidates, the Nominating and Corporate Governance Committee seeks individuals with backgrounds and qualities that, when combined with those of our incumbent directors, provide a blend of skills and experience to further enhance the Board's effectiveness.

In connection with its annual recommendation of a slate of nominees, the Nominating and Corporate Governance Committee also may assess the contributions of those directors recommended for re-election in the context of the Board evaluation process and other perceived needs of the Board. After working with an independent search firm to identify potential candidates, the Nominating and Corporate Governance Committee recommended and on April 10, 2017 the Board appointed Ms. Begley to serve on our Board effective April 13, 2017. Ms. Begley is expected to be appointed to one or more committees at a later date.

When considering whether the directors and nominees have the experience, qualifications, attributes and skills, taken as a whole, to enable the Board to satisfy its oversight responsibilities effectively in light of our business and structure, the Board focused primarily on the information discussed in each of the board member's biographical information set

forth above. We believe that our directors provide an appropriate mix of experience and skills relevant to the size and nature of our business. This process resulted in the Board's nomination of the incumbent directors named in this Proxy Statement and proposed for election by you at the upcoming Annual Meeting.

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders. Any recommendation submitted to the Secretary of the Company should be in writing and should include any supporting material the stockholder considers appropriate in support of that recommendation, but must include information that would be required under the rules of the SEC to be included in a proxy statement soliciting proxies for the election of such candidate and a written consent of the candidate to serve as one of our directors if elected. Stockholders wishing to propose a candidate for consideration may do so by submitting the above information to the attention of the Office of the Corporate Secretary, Hilton Worldwide Holdings Inc., 7930 Jones Branch Drive, Suite 1100, McLean, Virginia 22102. All recommendations for nomination received by the Secretary that satisfy our by-law requirements relating to such director nominations will be presented to the Nominating and Corporate Governance Committee for its consideration. Stockholders also must satisfy the notification, timeliness, consent and information requirements set forth in our by-laws. These requirements are also described under the caption Stockholder Proposals for the 2018 Annual Meeting.

COMMUNICATIONS WITH THE BOARD

As described in the Corporate Governance Guidelines, stockholders and other interested parties who wish to communicate with a member or members of the Board, including the chairperson of the Audit, Compensation, or Nominating and Corporate Governance Committees, or to the non-management or independent directors as a group, may do so by addressing such communications or concerns to the Office of the Corporate Secretary, 7930 Jones Branch Drive, Suite 1100, McLean, Virginia 22102, who will forward such communication to the appropriate party.

- (1) In connection with the spin-offs in January 2017, the number of outstanding DSUs was adjusted in a manner intended to preserve the value of the awards, but otherwise remained outstanding and subject to unchanged terms and conditions.

SPECIAL COMMITTEE

In addition to the three above-referenced standing Board committees, in July 2016, the Board established a special committee to review and provide oversight of specific transactions related to HNA's investment in the Company. During 2016, the members of the special committee were Mr. Huntsman and Ms. Smith. Each member earned a \$10,000 cash retainer plus a \$500 cash payment for each meeting attended or workday spent regarding these transactions. During 2016, the special committee met 17 times.

STOCK OWNERSHIP POLICY

We have a stock ownership policy for our non-employee directors. Each of our non-employee directors (other than the directors affiliated with Blackstone) is required to own our stock in an amount equal to five times his or her regular annual cash retainer, provided that a non-employee director who is affiliated with a stockholder of the Company that meets the ownership requirements for a non-employee director shall be exempt from such requirement. For purposes of this requirement, a director's holdings include shares held directly or indirectly, individually or jointly, shares underlying vested options and shares held under a deferral or similar plan. Non-employee directors are expected to meet this ownership requirement within five years from the later of (1) December 11, 2013 and (2) the date he or she first becomes subject to the stock ownership policy.

Table of Contents**DIRECTOR COMPENSATION FOR 2016**

The table below sets forth information regarding non-employee director compensation for the fiscal year ended December 31, 2016.

Each eligible non-employee director (other than Mr. Schreiber) was granted 6,352 DSUs on May 5, 2016, representing the director's annual equity award for the annual period from the 2016 annual meeting to the 2017 annual meeting. Mr. Schreiber was granted an additional 2,117 DSUs, which represented a prorated equity award for his service from January 1, 2016, when he was determined to be independent, to the May 2016 annual meeting. In accordance with the SEC's rules, dividend equivalents that accrued on the directors' 2016 DSU awards are not reported above because dividends were factored into the grant date fair value of these awards.

In connection with the spin-offs, the number of shares underlying the directors' outstanding DSUs was adjusted in a manner intended to preserve the value of the awards. Other than these adjustments, the terms of the directors' DSUs following the spin-offs remain subject to the same terms and conditions as prior to the spin-offs. The unadjusted number of DSUs granted in 2016 are reflected in the table above.

For details regarding the director's beneficial ownership of equity securities, including their outstanding DSUs, see Ownership of Securities below.

⁽²⁾ Represents the fair market value of dividend equivalents accrued on RSUs granted prior to 2016, where dividends were not factored into the grant date fair value of such previously disclosed awards.

PROPOSAL NO. 2 APPROVAL OF

THE HILTON 2017 OMNIBUS INCENTIVE PLAN

In April 2017, upon the recommendation of the Compensation Committee, our Board unanimously approved the Hilton 2017 Omnibus Incentive Plan (the 2017 Omnibus Incentive Plan), subject to stockholder approval. The 2017 Omnibus Incentive Plan allows us to grant equity-based and certain cash-based awards that are intended to qualify as performance-based compensation that are both integral elements of our compensation program. Upon approval by stockholders, the Plan will replace the Company s 2013 Omnibus Incentive Plan (the Incentive Plan) with respect to any future equity-based awards.

DESCRIPTION AND PURPOSE OF THE 2017 OMNIBUS INCENTIVE PLAN

The 2017 Omnibus Incentive Plan design allows the Company to	<ul style="list-style-type: none"> Align employee and stockholder interests to create stockholder value Attract, retain and motivate highly qualified employees and non-employee directors to ensure the Company s continued success Drive long-term financial and operational performance Adapt to evolving best practices in compensation Grant qualifying performance-based compensation for purposes of tax deductibility
---	--

HIGHLIGHTS OF THE 2017 OMNIBUS INCENTIVE PLAN

The 2017 Omnibus Incentive Plan continues many of the key corporate governance features that are currently included in the Incentive Plan, but these existing features have been refined to reflect market and evolving corporate governance best practices. New features include a one year minimum vesting condition and the ability to grant cash-based awards intended to qualify under Section 162(m) of the Internal Revenue Code and the regulations thereunder (Section 162(m)) as qualified performance-based compensation . Key features of the 2017 Omnibus Incentive Plan are highlighted below and are substantially similar to the Incentive Plan.

The 2017 Omnibus Incentive Plan does:

- Provide for a minimum one year vesting period subject to a 5% carve-out
- Contain limits on the number of shares subject to awards under the plan, shares subject to options or stock appreciation rights, and shares subject to performance awards, and cash amounts that may be granted to any individual employee in a fiscal year
- Contain a limit on the value of cash and equity-based awards that may be granted to individual non-employee directors in a year
- Provide for forfeiture or clawback of awards under certain circumstances
- Provide the opportunity for awards to qualify as performance-based compensation under Section 162(m)
- Provide for administration by a committee of the Board consisting entirely of independent directors

The 2017 Omnibus Incentive Plan does not:

- Permit direct or indirect repricing of underwater stock options without stockholder approval
- Permit the grant of options with below-market exercise prices other than in connection with substitute awards
- Contain any evergreen provisions that automatically add additional shares to the plan pool
- Permit the grant of reload options
- Provide for loans to pay exercise prices or taxes
- Permit us to pay and deliver dividends or dividend equivalents for unvested equity awards
- Permit us to pay dividends or dividend equivalents on outstanding stock options or stock appreciation rights

2017 OMNIBUS INCENTIVE PLAN TERMS

Upon approval by stockholders, the 2017 Omnibus Incentive Plan will replace our Incentive Plan with respect to any future equity-based awards and, following the Annual Meeting, no new awards will be granted under the Incentive Plan. We are seeking approval of the 2017 Omnibus Incentive Plan, among other reasons, due to the fact that following the Annual Meeting, we will be subject to Section 162(m) and we desire to have the 2017 Omnibus Incentive Plan approved by stockholders to benefit from the provisions of Section 162(m). We are also seeking approval of the 2017 Omnibus Incentive Plan in order to qualify certain stock options authorized under the 2017 Omnibus Incentive Plan for treatment as incentive stock options for purposes of Section 422 of the Internal Revenue Code.

2017 Omnibus Incentive Plan

Incentive Plan

Pool of 15 million new shares available for grant plus the number of shares of common stock underlying any award previously granted under the Incentive Plan that expires, terminates, is cancelled or is forfeited for any reason under the terms of the Incentive Plan

As of March 31, 2017, there were approximately 5.7 million shares⁽¹⁾ subject to outstanding awards

As of March 31, 2017, approximately 29 million shares⁽²⁾ remained eligible for grant

No more than 300,000 shares are expected to be granted between March 31, 2017 and the date of the Annual Meeting

Upon stockholder approval of the 2017 Omnibus Incentive Plan, no additional awards will be granted under the Incentive Plan

⁽¹⁾All outstanding equity awards were adjusted to reflect the spin-offs. Any awards previously granted under the Incentive Plan will remain outstanding in accordance with their terms, and the shares underlying any such awards will be issued pursuant to the terms of the Incentive Plan.

⁽²⁾The remaining share pool under the Incentive Plan was adjusted to reflect the spin-offs. We believe that the number of shares of our common stock requested to be reserved for equity-based awards under the 2017 Omnibus Incentive Plan represents a reasonable amount of potential equity dilution and will allow us to continue granting equity-based awards, which are an important component of our overall compensation program. Shares of common stock issued under the 2017 Omnibus Incentive Plan may come from newly issued, treasury or reacquired

shares, or any combination thereof.

EQUITY AWARD INFORMATION

In reaching our conclusion as to the appropriateness of the number of shares of common stock requested to be reserved for equity-based awards under the 2017 Omnibus Incentive Plan, we reviewed key metrics that are typically used to evaluate such recommendations including run rate and dilution.

The table below illustrates our historical grant practices under the Incentive Plan.

Year	Incentive Plan Grant Details for Prior 3 Years Performance Based RSUs Earned			Run Rate ⁽¹⁾ = Total Granted/Common Shares		
	Stock Options	RSUs Granted (Stock-Settled)	RSUs Earned (Stock-Settled)	Total Granted (Stock-Settled)	Common Shares Outstanding	Shares Outstanding
2014	334,530	1,883,454		2,217,984	328,207,954	0.68%
2015	309,528	679,546		989,074	329,152,787	0.30%
2016	503,150	1,169,238	305,670	1,978,058	329,341,992	0.60%
3-Year Average						0.53%

⁽¹⁾ Run rate measures how rapidly we are using the share pool under an incentive plan before taking into account shares returned to the share pool. For purposes of this calculation, the number of shares of common stock outstanding was based on the amount reported on the Company's balance sheet for the respective fiscal year ended.

The information reported in Note 20 (Share-Based Compensation) of the consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2016 (the Annual Report on Form 10-K) reflects information as of December 31, 2016. At December 31, 2016, the total number of shares underlying outstanding equity awards granted under the Incentive Plan was 3,389,863 (which amount adjusts to give effect to the 1-for-3 reverse stock split effected in January 2017 (the reverse stock split). Subsequent to December 31, 2016, among other actions taken in connection with the spin-offs, we adjusted all of our outstanding equity-based awards and the number of shares authorized for future grant under the Incentive Plan in a manner intended to preserve the value of such awards and the plan pool. In addition, in February 2017, we granted equity-based awards. As a result, as of March 31, 2017, the number of shares underlying outstanding equity-based awards and the number of shares authorized for future grant under the Incentive Plan differ from the information in our Annual Report on Form 10-K. In order to provide meaningful and comparative information, the table below provides information regarding outstanding and unissued shares under the Incentive Plan (1) as of March 31, 2017 after giving effect to all transactions that occurred from January 1, 2017 through March 31, 2017 and (2) as of March 31, 2017 on a pro forma basis assuming all such transactions but the reverse stock split had occurred. The table also provides the basis for the number of shares requested under the 2017 Omnibus Incentive Plan.

(1) Information is presented as of March 31, 2017 on a pro forma basis as if all of the transactions described in footnote (2) below had occurred except the reverse stock split.

(2) Information is presented and effective as of March 31, 2017 and reflects all events related to equity-based awards that occurred between January 1, 2017 and March 31, 2017, including:

(x) as to outstanding awards: (1) the adjustments made in connection with the spin-offs; (2) the conversion of outstanding performance shares into time-vesting restricted shares, assuming a target level of performance would have been achieved; and (3) our February 2017 equity grants (which assume, as to performance shares granted in the form of RSUs, achievement of target level of performance and, as to performance shares granted in the form of restricted stock, achievement of maximum level of performance); and

(y) as to the remaining authorized but unissued shares available under the Incentive Plan, those previously granted equity awards that could have settled in or been exercisable for shares of Company common stock but that were converted in the spin-offs into awards that will settle in or be exercisable for shares of Park or HGV common stock, as applicable, and that were cancelled and added back to the remaining authorized but unissued shares available for future grant under the Incentive Plan.

(3) Does not include the number of shares of Company common stock underlying any award previously granted under the Incentive Plan that expires, terminates, is cancelled or is forfeited for any reason under the terms of the Incentive Plan.

SECTION 162(m)

Stockholder approval of the 2017 Omnibus Incentive Plan is also required in order to permit (but not obligate) the Compensation Committee to grant awards that qualify as performance-based compensation under Section 162(m) for purposes of tax deductibility. If the 2017 Omnibus Incentive Plan is not approved by stockholders, certain equity and cash-based awards to employees covered by Section 162(m) will not qualify as performance-based compensation.

SUMMARY OF THE 2017 OMNIBUS INCENTIVE PLAN

This section summarizes the 2017 Omnibus Incentive Plan, and is qualified in its entirety by the full text of the 2017 Omnibus Incentive Plan, which is included as Appendix A to this Proxy Statement. Capitalized terms used below and not defined in this Proposal 2 are as defined in the 2017 Omnibus Incentive Plan.

Eligible Participants

Any employee, director, officer, consultant or advisor to the Company or one of its subsidiaries (Company Group) (excluding, generally, employees covered by a collective bargaining agreement) selected by the Compensation Committee is eligible to receive awards under the 2017 Omnibus Incentive Plan.

As of March 31, 2017, there were approximately 2,500 persons eligible to participate in the Incentive Plan.

We anticipate that future participation by employees and other individuals will be at levels similar to their past participation under the Incentive Plan.

Administration

The 2017 Omnibus Incentive Plan is administered by the Compensation Committee. All members of the Compensation Committee are non-employee directors of the Company. The Committee has broad discretion to determine the individuals eligible for awards and the size, type, and terms of awards to be granted and to interpret the provisions of the 2017 Omnibus Incentive Plan. The Compensation Committee retains the discretion to accelerate the vesting of any awards in the event of a termination of employment or service and may adjust the vesting period for awards assumed by the Company in corporate transactions.

Shares Available Under the 2017 Omnibus Incentive Plan

The 2017 Omnibus Incentive Plan has a pool of 15 million shares which may be granted subject to awards described below.

Shares that are subject to any award previously granted under the Incentive Plan that expires, terminates, is cancelled or is forfeited for any reason under the terms of the Incentive Plan may be granted under the 2017 Omnibus Incentive Plan.

Shares subject to an award that are withheld or surrendered in payment of the exercise price or taxes relating to the award, and not delivered to a participant, will be made again available for grant under the 2017 Omnibus Incentive Plan.

Types of Awards

No more than 15 million shares may be granted subject to incentive stock options. The 2017 Omnibus Incentive Plan allows for the granting of stock options (both non-qualified and incentive), stock appreciation rights, restricted stock, restricted stock units, cash and equity-based performance compensation awards, dividend equivalents and other stock-based awards.

The Compensation Committee has the authority to grant and set the terms and conditions of awards made to participants, so long as such awards and the terms and

conditions thereof are consistent with the provisions of the 2017 Omnibus Incentive Plan.

Awards under the 2017 Omnibus Incentive Plan may be paid in cash, common shares or as determined by the Compensation Committee.

**Annual Award Limits
(Participants Other than
Non-Employee Directors)**

No participant shall be granted more than 2 million shares subject to stock options and stock appreciation rights in any one fiscal year.

No participant shall receive more than 2 million shares subject to performance compensation awards denominated in shares of common stock for a single fiscal year (or, if the Performance Period extends beyond a single fiscal year, 2 million shares times the number of full fiscal years in the Performance Period).

The maximum amount of compensation that may be paid to any individual participant under a performance compensation award denominated in cash for a single fiscal year shall be \$30 million (or if, the applicable Performance Period extends beyond a single fiscal year, \$30 million times the number of full fiscal years in the applicable Performance Period).

**Annual Award Limits
(Non-Employee Directors)**

No non-employee director may be granted equity-based awards under the 2017 Omnibus Incentive Plan in any one fiscal year for services as a non-employee director with an aggregate fair market value (determined on the award grant date) in excess of \$1 million (taken together with any cash fees paid to the non-employee director during the fiscal year).

Minimum Vesting Condition

All awards will have a minimum vesting condition of at least one year from the date of grant except up to a maximum of five percent (5%) of the aggregate number of shares available for issuance under the 2017 Omnibus Incentive Plan may be issued without regard to any minimum vesting period requirements.

Stock Options and Stock Appreciation Rights

A stock option is the right to purchase a specified number of shares of our common stock for a fixed exercise price and a stock appreciation right (SAR) is the right to receive cash, common stock or other property based on the increase in the value of a number of shares underlying the award over a fixed exercise price.

Stock options and SARs must have an exercise price of no less than fair market value on the date of grant for awards, subject to a limited exception for awards assumed by the Company in corporate transactions.

Fairmarket value of a share of common stock on a given date is determined by the closing price as reported by the Company's principal stock exchange (NYSE) on such date.

Restricted Stock and Restricted Stock Units

Stock options and SARs may not have a term longer than ten years.

Restricted stock is an award of shares of common stock which is subject to vesting conditions as determined by the Compensation Committee.

A participant who has received an award of restricted stock has the right to vote and to accrue dividends on the underlying unvested shares; provided that no dividends will be payable with respect to an award of restricted stock unless and until the applicable vesting restrictions have lapsed, and in no event prior thereto. No dividends will be paid on unvested shares which are forfeited.

Restricted stock units are awards that represent the right to receive, upon the expiration of the applicable restricted period, shares of common stock or cash which will vest as determined by the Compensation Committee.

A participant who has received an award of restricted stock units will have no right to vote the underlying shares but may receive dividend equivalents if determined by the Compensation Committee in an award agreement or otherwise; provided that no dividend equivalents will be payable with respect to an award of restricted stock units unless and until the applicable vesting restrictions have lapsed and the restricted stock units have settled, and in no event prior thereto. No dividend equivalents will be paid on restricted stock units which are forfeited.

Performance Compensation Awards

Performance compensation awards are amounts payable in cash and/or shares of common stock, with the amount of the award based on the degree to which performance objectives are achieved during a specified period, subject to certification in writing of performance results by the Compensation Committee.

Other Equity-Based Awards/Cash-Based Performance Awards Dividends and Dividend Equivalents

The Compensation Committee may grant other equity-based awards or cash-based performance awards under the 2017 Omnibus Incentive Plan, with terms and conditions that are consistent with the 2017 Omnibus Incentive Plan.

The Compensation Committee may, in its sole discretion, provide part of an award with dividends, dividend equivalents, or similar payments in respect of awards, with such terms and conditions as may be determined by the Compensation Committee in its sole discretion; provided, that no dividend equivalents will be payable in respect of (1) outstanding stock options or stock appreciation rights, whether vested or unvested, or (2) any unvested awards.

To the extent provided in the applicable award agreement or otherwise, holders of restricted stock units will be credited with dividend equivalent payments in cash (unless the Compensation Committee elects to credit such payments in shares of common stock or additional restricted stock units) without interest (unless otherwise determined by the Compensation Committee), which will be payable at the same time as the underlying restricted stock units are settled, and in no event prior thereto. There is no right to dividend equivalent payments (or earnings or interest thereon, if applicable) prior to the settlement date.

Transferability

An award will not be transferable or assignable by a participant other than by will or by the laws of descent and distribution and any such purported assignment, alienation, pledge, attachment, sale, transfer or encumbrance will be void and unenforceable against us or any affiliate (unless such a transfer is specifically required pursuant to a domestic relations order or by an applicable law).

Clawback/Repayment

All awards are subject to reduction, cancellation, forfeiture or recoupment to the extent necessary to comply with (1) any clawback, forfeiture, or other similar policy adopted by our Board or the Compensation Committee as in effect from time to time, and (2) applicable law.

Detrimental Activity

If a participant has engaged in any Detrimental Activity, as determined by the Compensation Committee, the Compensation Committee may, in its sole discretion, provide for one or both of the following: (1) cancellation of any or all of such participant's outstanding awards; or (2) forfeiture by the participant of any gain realized on the vesting or exercise of awards and prompt repayment to us of any such gain.

Corporate Events/Change in Control

The 2017 Omnibus Incentive Plan provides that in the event of specified corporate transactions or changes in corporate capitalization, including a Change in Control, the Compensation Committee will make appropriate changes to the terms of the 2017 Omnibus Incentive Plan (e.g., the maximum number or kind of shares that may be issued under the 2017 Omnibus Incentive Plan and the individual limits) and the outstanding awards.

Except as otherwise provided in an award agreement, in connection with a Change in Control, the Compensation Committee may provide for any one or more of the following: (A) substitution or assumption of, accelerated vesting, exercisability, or lapse of restrictions on, or termination of any awards, or provide for a period of

time to exercise outstanding awards following the occurrence of such event; (B) cancellation and cash out of any one or more outstanding awards in accordance with the terms set forth in the 2017 Omnibus Incentive Plan; and (C) subject to any limitations or reductions as may be necessary to comply with Section 409A of the Internal Revenue Code, conversion or replacement of any unvested award that is not vested as of the occurrence of such event into or with the right to receive a payment, based on the value of the award, which is subject to continued vesting on the same basis as the vesting requirements applicable to such converted or replaced award.

Tax Withholding

The exercise or payment of awards and the issuance of shares under the 2017 Omnibus Incentive Plan are conditioned upon a participant making arrangements for the satisfaction of any liability to withhold federal, state, local or foreign income or other taxes. The Committee may (but is not obligated to), in its sole discretion, provide that participants satisfy all or a portion of the applicable income or other taxes with respect to an award through delivery of shares by the participant to the Company, or by the Company's withholding shares otherwise issuable to participant pursuant to such award.

**Plan/Award Agreement
Amendment/Termination**

The 2017 Omnibus Incentive Plan may be amended or terminated in whole or in part at any time by the Board; provided, however, that no amendment may be made without stockholder approval if (1) such approval is necessary to comply with any regulatory requirement applicable to the 2017 Omnibus Incentive Plan or for changes in GAAP to new accounting standards, (2) it would materially increase the number of securities which may be issued under the 2017 Omnibus Incentive Plan (except for adjustments in connection with certain corporate events), or (3) it would materially modify the requirements for participation in the 2017 Omnibus Incentive Plan; provided further, that any amendment or termination that would materially and adversely affect the rights of any participant or any holder or beneficiary of any award will not to that extent be effective without such individual's consent.

The Compensation Committee may also, to the extent consistent with the terms of any applicable award agreement, waive any conditions or rights under, amend any terms of, or cancel or terminate, any award granted or the associated award agreement, prospectively or retroactively, subject to the consent of the affected participant if any such waiver, amendment, cancellation or termination would materially and adversely affect the rights of any participant with respect to such award.

However, without stockholder approval, except as otherwise permitted in the 2017 Omnibus Incentive Plan, (1) no amendment or modification may reduce the exercise price of any option or the strike price of any SAR, (2) the Compensation Committee may not cancel any outstanding option or SAR and replace it with a new option or SAR (with a lower exercise price or strike price, as the case may be) or other award or cash payment that is greater than the value of the cancelled option or SAR, and (3) the Compensation Committee may not take any other action which is considered a repricing for purposes of the stockholder approval rules of any securities exchange or inter-dealer quotation system on which our securities are listed or quoted. No such amendment by the Compensation Committee may alter the Minimum Vesting Period.

No award may be granted under the 2017 Omnibus Incentive Plan after the tenth anniversary of the effective date (as defined therein), but awards granted before such tenth anniversary may extend beyond that date.

CERTAIN UNITED STATES FEDERAL INCOME TAX CONSEQUENCES

The following general discussion of the federal income tax consequences of awards to be granted under the 2017 Omnibus Incentive Plan is based on current federal tax laws and regulations, does not purport to be a complete description of the federal income tax laws, and does not purport to be a representation as to the actual tax consequences that any participant or the Company may in fact incur. Participants may also be subject to certain state and local taxes, which are not described below. The value of any other stock award granted to participants will be

taxable as ordinary income to such participant in the year in which such stock is received, and (subject to Section 162(m)), the Company will be entitled to a corresponding tax deduction.

Non-qualified Stock Options. If the award granted is a non-qualified stock option, no income is realized by the participant at the time of grant of the option, and no deduction is available to the Company at such time. At the time of a cash-out or exercise, ordinary income is realized by the participant in an amount equal to the excess of the fair market value of the common stock on the date of exercise over the option exercise price, and the Company receives a tax deduction for the same amount. Upon disposition, any difference between the participant's tax basis in the common stock and the amount realized on disposition of the shares is treated as a capital gain or loss.

Incentive Stock Options. If the award granted is an incentive stock option, no income is realized by the participant upon grant or exercise of the option and no compensation deduction is available to the Company at such times. If the common stock purchased upon the exercise of an incentive stock option is held by a participant for at least two years from the date of the grant of such option and for at least one year after exercise, any resulting gain is taxed, upon disposition of the common stock, at long-term capital gains rates. If the common stock purchased pursuant to the option is disposed of before the expiration of that period, any gain on the disposition, up to the excess of the fair market value of the common stock at the time of exercise over the option exercise price, is taxed at ordinary income rates as compensation paid to the participant, and the Company is entitled to a compensation deduction for an equivalent amount. Any further gain (or loss) that the participant realizes upon the disqualified disposition of the common stock will be taxed as short-term or long-term capital gain (or loss), depending on how long the participant held the shares, and such gains will not result in any further tax deduction for the Company.

Stock Appreciation Rights. If the award granted is a stock appreciation right, the participant realizes no income at the time a stock appreciation right is granted, and no deduction is available to the Company at such time. When the right is exercised, ordinary income is realized by the participant in the amount of the cash and/or the fair market value of the common stock received by the participant, and the Company shall be entitled to a deduction of the same amount.

Restricted Stock Units. If the award granted is a restricted stock unit, the participant will not realize any income for federal income tax purposes when restricted stock units are granted because restricted stock units are not considered to be property for

Table of Contents

purposes of the Internal Revenue Code and no deduction is available to the Company at such time. After the restricted stock units vest and are settled, ordinary income is realized by the participant in an amount equal to the fair market value of the shares of common stock and/or any cash received, the Company receives a tax deduction in the same amount. Upon disposition, the participant generally will have a taxable capital gain (or loss). If a participant forfeits his or her restricted stock unit award, no gain or loss is recognized and no deduction is allowed.

Restricted Stock Awards. If the award is granted as shares of restricted stock, the Company receives a deduction and the participant recognizes taxable income equal to the fair market value of the restricted stock award at the time the restrictions on the stock awarded lapse, unless the participant elects to recognize such income immediately by so electing, within 30 days after the date of grant by the Company to the participant of a restricted stock award, as permitted under Section 83(b) of the Internal Revenue Code, in which case both the Company's deduction and the participant's inclusion in income occur on the grant date. A Section 83(b) election may not be made without the prior consent of the Company.

Section 162(m) of the Internal Revenue Code. Section 162(m) generally disallows a tax deduction to public companies for compensation over \$1 million paid to the chief executive officer and the three other most highly compensated executive officers of the Company or any of its subsidiaries (excluding the Company's principal financial officer) in any taxable year of the Company. Qualified performance-based compensation is not subject to this deduction limit if certain requirements are met. One requirement is stockholder approval of (1) the performance criteria upon which performance-based awards may be based, (2) the annual participant limits on awards and (3) the class of employees eligible to receive awards. In the case of restricted stock awards and performance-based awards, other requirements generally are that objective performance goals and the amounts payable upon achievement of the goals be established by a committee of at least two outside directors (within the meaning of Section 162(m)) and that no discretion be retained to increase the amount payable under the awards. In the case of stock options and stock appreciation rights, other requirements are that the stock option or stock appreciation right be granted by a committee of at least two outside directors and that the exercise price or Strike Price, as applicable, of the stock option or stock appreciation right be not less than 100% of the fair market value of the common stock subject to such award on the date of grant of the award.

Section 409A of the Internal Revenue Code. Section 409A of the Internal Revenue Code (Section 409A) covers certain nonqualified deferred compensation arrangements and generally establishes rules that must be followed with respect to covered deferred compensation arrangements in order to avoid the imposition of an additional 20% tax (plus interest) on the service provider who is entitled to receive the deferred compensation. Certain awards that may be granted under the 2017 Omnibus Incentive Plan may constitute deferred compensation within the meaning of and subject to Section 409A. While the Committee intends to administer and operate the 2017 Omnibus Incentive Plan and establish terms (or make required amendments) with respect to awards subject to Section 409A in a manner that will avoid the imposition of additional taxation under Section 409A upon a participant, there can be no assurance that additional taxation under Section 409A will be avoided in all cases.

NEW PLAN BENEFITS

The Company has not approved any equity-based awards that are conditioned upon stockholder approval of the 2017 Omnibus Incentive Plan. Equity-based awards under the 2017 Omnibus Incentive Plan will be determined by the Compensation Committee in its discretion. If the 2017 Omnibus Incentive Plan had been in effect during 2016, we expect that the equity-based awards granted during 2016 would have been the same as those actually made under the Incentive Plan. For information regarding equity-based awards made to our named executive officers during 2016, see Executive Compensation 2016 Grants of Plan-Based Awards. For information regarding equity-based awards made to our directors in 2016, and to be made in 2017, see Compensation of Directors.

The Compensation Committee has granted under the 2017 Omnibus Incentive Plan, subject to stockholder approval of the 2017 Omnibus Incentive Plan, contingent cash-based Performance Compensation Awards (the 2017 Annual Cash Incentive Compensation Awards). In order to comply with Section 162(m), the performance condition and maximum potential under such contingent awards needed to be established no later than April 1, 2017 (i.e., within the first 90 days of the performance period). The 2017 Annual Cash Incentive Compensation Awards will only be payable if our stockholders approve the 2017 Omnibus Incentive Plan and the pre-established performance condition established in writing by the Compensation Committee is met. The following table sets forth the maximum amount of 2017 Annual Cash Incentive Compensation Awards that may be earned under the 2017 Omnibus Incentive Plan if it is approved by stockholders and the performance condition established in writing by the Compensation Committee is met. The Compensation Committee may exercise discretion to determine the payout of each individual s 2017 Annual Cash Incentive Compensation Award, with such payouts not to exceed the applicable maximum listed below.

The amounts reported above reflect the 2017 Annual Cash Incentive Compensation Awards contingently granted to Mr. Nassetta and our other current executive officers (other than our Chief Financial Officer, as his compensation is not subject to the deduction limitations under section 162(m)). Accordingly, no amounts are reflected for Mr. Jacobs or for Mr. Wang, who became HGV's President and CEO in connection with the spin-offs.

The number of shares to be issued in respect of performance shares outstanding as of December 31, 2016

has been calculated based on the assumption that target levels of performance applicable to the performance shares would have been achieved. This assumption of target level achievement was based on the actual treatment of such outstanding performance shares in the January 2017 spin-offs. The restricted stock units, performance shares and DSUs cannot be exercised for consideration.

(2) The weighted-average exercise price of outstanding options, warrants and rights relates solely to stock options, which are the only currently outstanding exercisable security.

REGISTRATION WITH THE SECURITIES AND EXCHANGE COMMISSION

If the 2017 Omnibus Incentive Plan is approved by stockholders, we expect to file as soon as practicable after the Annual Meeting a Registration Statement on Form S-8 with the Securities and Exchange Commission to register the shares of common stock that will be issuable under the 2017 Omnibus Incentive Plan.

CHANGES FOR 2016

KEY 2016 PAY DECISIONS

As part of its annual compensation-setting process, the Compensation Committee (the Committee) meets in the first quarter of the year. In February 2016, the Committee, using information prepared by its independent compensation consultant, Exequity, reviewed and considered the pay level and mix of the NEOs' compensation against executives serving in similar positions at other publicly-held hospitality, restaurant, travel and global consumer brand companies with whom the Company competes for talent. As a result of this review, the Committee made the following key compensation decisions:

- For all NEOs (other than the CEO and the EVP, Brands & Marketing), increased base salaries by 3% consistent with market practices and increases for our corporate team members
- For the CEO, maintained the same base salary and target annual cash incentive as 2015; delivered an increase in his target total direct compensation entirely in his target long-term incentive opportunity, thereby increasing only the pay element most aligned with stockholder value over the long term
- Increased target long-term incentive opportunities by approximately 5% for the CEO and by 3% for the other NEOs (other than the EVP, Brands & Marketing), to reward their performance and to align with competitive market practices
- For the EVP, Brands & Marketing, granted a one-time RSU award valued at approximately \$1,000,000 in recognition of the broader responsibilities he assumed following the departure of one of our executive officers, which were vital to maintaining continuity and stability throughout a period of organizational change
- Maintained the existing compensation program structure, consisting of base salary, annual cash incentives and long-term incentives, the latter of which are awarded in the form of performance shares, RSUs and stock options

SAY ON PAY VOTE

In 2016, the Committee considered the outcome of the stockholder advisory vote on 2015 executive compensation when making decisions relating to the compensation of our NEOs and our executive compensation program and policies. Our stockholders voted at our 2016 annual meeting, in a non-binding, advisory vote, on the 2015 compensation paid to our NEOs. Approximately 99% of the votes were cast in favor of the Company's 2015 compensation decisions. Based on this level of support, the Committee decided that the say on pay vote result did not necessitate any substantive changes to our compensation program. We consider the opinions expressed by stockholders through their votes, periodic meetings and other communications and believe that stockholder engagement leads to enhanced governance practices. We have a proactive investor outreach program, which includes meetings with the investment community and one-on-one meetings or meetings in small groups. We periodically engage investors to discuss specific matters of importance to stockholders. We value the perspective of our stockholders and will continue to seek their input on an ongoing basis.

Table of Contents**2017 PAY DECISIONS**

Hilton completed the spin-offs in January 2017, resulting in three standalone, fully independent, publicly traded companies. The spin-offs are an important milestone in achieving the Company's long-term strategic objectives. In light of overall performance, completion of the spin-offs and our evolving pay practices, the Committee made the compensation decisions listed below in February 2017. We expect our executive compensation program and practices will continue to evolve with the development and growth of our organization in order to reward our executives for achieving our business strategies and creating long-term value for our stockholders.

Pay Component	Decision and Rationale
Long-term Incentives	<ul style="list-style-type: none"> · Decision In February 2017, the Committee approved one-time equity grants to certain employees throughout the organization. The Committee awarded grants to the CEO and CFO valued at approximately \$8,000,000 and \$4,000,000, respectively, in addition to the long-term incentive awards granted under the annual equity grant program. The one-time equity grants consist of RSUs and vest in three equal annual amounts beginning on February 15, 2018 (and each February 15 thereafter), subject to the executive's continued employment on the applicable vesting date, and have the same terms and conditions as the RSUs granted under our annual equity grant program. In addition, a number of other employees throughout the organization received one-time cash bonuses in recognition of their contributions to the spin-offs. · Rationale These awards were made in recognition of contributions towards the completion of the spin-offs and to promote retention of key executives. The awards recognize the significant contributions of employees who helped to successfully establish three standalone, fully independent companies in addition to their regular responsibilities and have demonstrated consistently superior levels of achievement, commitment and potential in roles that are critical to the organization. The multi-year vesting schedule of the one-time equity grants is intended to drive retention and stability within this group of employees.
One-time equity grants	
Long-term Incentives	<ul style="list-style-type: none"> · Decision While long-term incentives granted under the annual equity program in 2017 continue to use a portfolio of performance shares, RSUs and stock options, the mix of the 2017 long-term incentives was modified to deliver 25% of the total award amount in stock options, 25% in RSUs and 50% in performance shares.
Mix of equity awarded under our annual equity grant program	
Long-term Incentives	<ul style="list-style-type: none"> · Rationale This mix of long-term incentives is more closely aligned with market practices of our peer group (as described below), while maintaining balance across our long-term incentive award portfolio. The largest portion of the total equity award continues to take the form of performance shares to incentivize our NEOs to achieve our most critical long-term objectives, with the remaining portion equally split between RSUs and stock options to promote retention, serve as a linkage to stockholder value and increase NEOs' ownership interest in the Company. · Decision The performance shares granted in 2014 through 2016 were scheduled to vest based on our Relative total shareholder return (TSR) and the Company's earnings before interest expense, income tax and depreciation and amortization (EBITDA) compound annual growth rate (EBITDA CAGR) over a 3-year period. For the performance shares granted in 2017, the Committee determined that 50% of the award would vest based on Free Cash Flow per share⁽¹⁾ CAGR (FCF CAGR) and 50% of the award would vest based on EBITDA CAGR, each over a
Performance share	

metrics under our 3-year performance period.

annual equity grant

program

· **Rationale** As a result of the spin-offs, the Company shifted to a more simplified fee-based model, with significant free cash flow (FCF) generation potential. Going forward, we expect that FCF will be an important valuation metric to assess and maximize the Company s performance. Therefore, the Committee chose to use growth in FCF as a performance measure as part of our long-term incentive design in order to motivate and reward our executives for successfully executing our business strategies.

Long-term

Incentives

· **Decision** The Committee implemented double trigger vesting upon a change in control for performance shares beginning with grants in 2017. Double trigger vesting requires termination of employment, in addition to a change in control, for accelerated vesting to occur. Our other equity awards (stock options and RSUs) continue to have double trigger vesting in the event of a change in control.

Change in control

provisions

Beginning with performance shares granted in 2017, if a change in control occurs, the performance shares will vest on the last day of the scheduled performance period, subject to continued employment. Accelerated vesting will occur only upon a termination without cause within 12 months following the change in control. The number of performance shares subject to each award will be based on actual performance through the most recently completed fiscal quarter prior to the change in control or at a level as determined by the Committee in its good faith discretion. Otherwise, the terms of the 2017 performance shares are the same as performance shares granted in prior years.

· **Rationale** The new provisions were adopted to better align with market practices and stockholder interests.

⁽¹⁾Free Cash Flow Per Share is calculated as: (a) net cash provided by (used in) operating activities reported in accordance with U.S. GAAP, less (b) capital expenditures as disclosed by the Company in reports filed with or furnished to the SEC, plus (c) costs and expenses, including tax payments, relating to asset purchases and disposals, including the spin-offs of Park and HGV and (d) excluding the impact on annual adjusted free cash flow resulting from any loyalty program advanced point sales; the result of which is divided by (e) the reported diluted weighted number of shares outstanding for the last calendar year being measured.

**DETERMINING PAY
EXECUTIVE COMPENSATION FRAMEWORK**

Following is an overview of key aspects of our pay philosophy, design and process.

**Overall Compensation
Philosophy**

Our goal is to provide programs that:

- Deliver competitive levels of compensation to attract, retain and motivate highly-qualified executives
- Foster a strong relationship between stockholder value and executive compensation by having a significant portion of compensation composed of long-term incentive awards
- Emphasize performance-based compensation contingent upon achieving corporate and business area performance goals
- Promote the Company's core values of **H**ospitality, **I**ntegrity, **L**eadership, **T**eamwork, **O**wnership and **N**ow by individuals working at our owned, leased, managed and corporate locations whose performance and responsibilities directly affect the results of our operations

**Compensation Program
Design**

Our programs are designed to:

- Provide three main components: base salary, annual cash incentive and long-term incentive awards, each designed to be consistent with our compensation philosophy
- Cultivate long-term value creation without taking unnecessary risks
- Combine both short- and long-term compensation to promote retention and create a pay-for-performance environment
- Emphasize at-risk pay over fixed pay, yet create a positive work environment that rewards long-term achievements
- Motivate and reward for successfully executing our business strategies
- Avoid rigid categorical guidelines or formulas in setting the level and mix of compensation

Compensation Process

In reviewing and establishing pay, we:

- Evaluate pay annually, or more frequently as circumstances merit
- Consider the following factors when setting compensation levels:
 - Compensation of executives serving in similar positions at peer companies
 - Individual knowledge, experience and capabilities of the executives
 - The executive's scope of responsibility, authority and accountability
 - The level of pay relative to the Company's other executives

MAKING COMPENSATION DECISIONS

ROLE OF THE COMPENSATION COMMITTEE

- The Committee oversees and approves key aspects of executive compensation, including our CEO's and other executive officers' salaries, goals and payouts under the annual cash incentive plan, the size and structure of long-term incentive awards and any executive perquisites or other benefits.

- In determining compensation for the CEO, the Committee considers the factors outlined above, consults with its independent compensation consultant and reviews the CEO's self-assessment of his performance against his Board-approved Company and business area objectives.
- While the Committee reviews and approves the specific elements of compensation of our executives, including our NEOs, our Board is apprised of executive compensation matters.
- The Committee approves objectives designed to align executive pay with Company performance and stockholder interests and also seeks to provide competitive pay opportunities tied to performance and designed to retain talent, maximize stockholder value and mitigate material risk.
- In implementing the Company's executive compensation program, the Committee considers many factors, including the cyclical nature of the hospitality business, the advice of its compensation consultant, competitive market data, internal pay equity among executives and the alignment of the Company's total pay opportunity and pay outcomes with performance.

ROLE OF MANAGEMENT

- The CEO and Chief Human Resources Officer work closely with the Committee in managing the executive compensation program and attend meetings of the Committee.
- The CEO makes recommendations to the Committee regarding compensation for executive officers other than himself.

ROLE OF THE COMPENSATION COMMITTEE'S CONSULTANT

- Exequity has served as the Committee's independent compensation consultant since 2012. Exequity reports to and is instructed in its duties by the Committee and carries out its responsibilities in coordination with the Company's Human Resources department. In 2016, Exequity's services to the Committee included, among other things, providing perspective on current trends and developments in executive and director compensation as well as analysis of benchmarking data and confirmation of our peer group composition. It otherwise performed no other services for the Company. The Committee evaluated whether any of the work provided by Exequity during 2016 raised any conflict of interest and determined that it did not.
- Exequity provides research, data analyses, survey information and analysis, incentive design expertise and other analyses related to compensation levels and design. Exequity also updates the Committee on trends and developments related to executive compensation practices, advises on the composition of our peer group (as described below) and provides its views to the Committee on best practices when evaluating executive pay programs and policies.

ASSESSING COMPETITIVE PRACTICE THROUGH PEER GROUP COMPARISONS

EXECUTIVE COMPENSATION PEER GROUP

To gain a general understanding of current compensation practices, the Committee reviews pay of executives serving in similar positions at peer companies. The external market data reviewed for 2016 included peer group proxy data, broad industry-comparative compensation surveys and data provided by peer group companies that participate in Equilar's Annual Executive Compensation Survey.

The Committee reviews the composition of the peer group on an annual basis, considering: industries that attract and retain similar talent; annual revenue; EBITDA; market capitalization; brand recognition; global presence; and number of employees. It also considers the peer companies' performance across a variety of metrics, such as revenue growth.

In August 2015, the Committee adjusted the peer group to include the companies shown in the table below by removing The Walt Disney Company and adding Carnival Corporation, Royal Caribbean Cruises and Yum! Brands. The Committee selected the additional peers due to their similar size and, for Carnival Corporation and Royal Caribbean Cruises, because they are travel industry peers. Yum! Brands was selected because it is a global, multi-brand franchiser. The adjusted peer group is shown in the table below and consists of 20 hospitality, restaurant, travel and global consumer brand companies that have a corporate structure and global presence comparable to the Company. The Company is positioned near the median of the peer group based on annual revenue and market

capitalization.

In February 2016, the Committee reviewed the peer group listed in the table below (the peer group) when determining 2016 base salaries, annual cash incentive targets and long-term incentive targets.

Table of Contents**NEO PAY
PAY FOR PERFORMANCE****TOTAL DIRECT COMPENSATION**

In structuring our executive compensation packages, the Committee considers how each component of compensation promotes retention and motivates performance. We believe that, to attract and retain senior executives, we must provide them with a competitive level of compensation that rewards their continued service. We also believe that performance-based compensation plays the most significant role in aligning management's interests with those of our stockholders. For this reason, performance-based compensation constitutes the majority of the overall compensation for our senior executives.

Of our NEOs' 2016 total direct compensation (defined as base salary, annual cash incentives and long-term incentives awarded in 2016 under our annual equity grant program), 88% of the CEO's and 78% of the other NEOs' was at-risk. A full description of the elements of our executive compensation program is included in 2016 Executive Compensation Design and Decisions.

2016 PRIMARY PERFORMANCE MEASURES

In establishing the performance measures for our 2016 annual and long-term incentive awards, the Committee used a variety of metrics as shown in the table below. The Committee believes that these measures motivate and reward for successfully executing our business strategies and appropriately align management's interests with those of our stockholders. Adjusted EBITDA (defined above) was the primary financial performance measure for the NEOs' 2016 annual cash incentive awards, as it is a key corporate metric we use to assess performance over the short-term. The Committee used a mix of EBITDA CAGR and Relative TSR as performance measures for long-term equity incentives granted in 2016, as Relative TSR aligns management's interests with those of our stockholders, and EBITDA CAGR measures EBITDA growth over the long term and focuses management on a measure that allows us to reinvest in our business and expand our global footprint.

Table of Contents**2016 EXECUTIVE COMPENSATION DESIGN AND DECISIONS**

In determining the pay design and pay levels for executives in 2016, the Committee, with input from management, considered a number of factors when determining base salaries, annual cash incentive targets and long-term incentive targets, including: the level of compensation of those executives serving in similar positions at our peer group companies; individual factors such as knowledge, experience and capabilities of the executive; the level of the executive's pay relative to other Company executives; the executive's position within the corporate organization; and the scope of the executive's responsibility, authority and accountability. In determining final pay outcomes, the Committee evaluated Company and business area performance.

COMPENSATION COMPONENTS

Following is an overview of our 2016 executive compensation program:

Compensation Element	Form	Objectives
Base Salary	Cash	<ul style="list-style-type: none"> Attract and retain high quality executives to drive our success
Fixed, short-term		<ul style="list-style-type: none"> Align with external competitive level and internal parity for each role, responsibility and experience

	Stock Options (20%)	<ul style="list-style-type: none"> Reward for future Company stock price performance, with RSUs that vest ratably in equal annual installments over 2 years and stock options that vest ratably in equal annual installments over 3 years, the latter of which expires 10 years from the grant date

BASE SALARY

We believe it is important to provide a competitive fixed level of pay to attract and retain experienced and successful executives. In determining the amount of base salary that each NEO receives, we look to the executive's current compensation, tenure, any change in the executive's position or responsibilities and the complexity and scope of the executive's position as compared to those of other executives within the Company and in similar positions at

companies in our peer group. The Committee reviews base salaries periodically and may adjust them from time to time pursuant to such review.

In 2016, the Committee reviewed and set the base salaries as set forth in the table below, increasing base salaries for Messrs. Jacobs, Carter and Wang by approximately 3%, consistent with competitive market practices and increases for our corporate team members. In setting 2016 base salaries, the Committee considered the level of base salaries of executives serving in similar roles and with comparable responsibilities at companies within our peer group. The Committee has not increased Mr. Nassetta's base salary since 2014.

Table of Contents**ANNUAL CASH INCENTIVE COMPENSATION**

Our annual cash incentive program is designed to motivate executive officers to focus on strategic business results and initiatives and reward them for their results and achievements.

Each NEO's annual cash incentive award opportunity is based on pre-established performance objectives. At the beginning of each performance period, our CEO works with senior management to establish business priorities, which are then used to create the performance objectives. Each objective is given a specific weighting based on its scope, importance and strategic relevance. The weighting for each objective is expressed as a percentage of the NEO's total award opportunity. The Committee then reviews and approves the objectives recommended for each NEO.

Each NEO's target annual cash incentive opportunity is expressed as a percentage of his base salary in effect at the end of the performance period. Threshold, target and maximum annual incentive opportunities are approved annually by the Committee based on peer group benchmark data and the scope and impact the executive has on the Company's overall results. For 2016, the Committee set the threshold, target and maximum payout levels as set forth in the table below, which remained the same as 2015.

2016 PERFORMANCE OBJECTIVES

The 2016 annual cash incentive program was based on a combination of corporate and business area performance goals, as well as new organizational strength objectives. The overall annual cash incentive components and weightings for the 2016 fiscal year were as follows:

The primary financial performance measure was our Adjusted EBITDA, which included Company Adjusted EBITDA and, as applicable, a segment Adjusted EBITDA (each calculated as described below). The objectives for Messrs. Jacobs, Wang and Holthouser included both Company Adjusted EBITDA and a segment Adjusted EBITDA due to their respective responsibilities during 2016. The weighting of each NEO's goals are shown in the table below, and the financial performance measure represented, in the aggregate, 50% of the CEO's total award opportunity and 40% of the other NEOs' total award opportunity.

The organizational strength objectives were specific to each individual and the function for which they are responsible. They included the leadership results that were first introduced in 2015, tying awards since then directly to

employee engagement. Leadership results were calculated based on responses to questions in our annual employee engagement survey on leadership, engagement and trust from each business area. New for 2016, organizational strength objectives also included talent management as well as efficiency and effectiveness. Talent management objectives were designed to cultivate an inclusive environment, demonstrate meaningful progress towards greater workforce diversity and achieve succession planning objectives to support talent movement and business continuity. Efficiency and effectiveness objectives were established to advance strategic initiatives for savings and investment within each business area to capture value and position the enterprise for long-term success, allowing us to deliver exceptional experiences.

The business area objectives were both quantitative and qualitative in nature, specific to each individual and the function for which they are responsible. (1) Company Adjusted EBITDA, Ownership Segment Adjusted EBITDA and Timeshare Segment Adjusted EBITDA are calculated as set forth in Note 23 (Business Segments) of the consolidated financial statements in our Annual Report on Form 10-K. Franchise Fees Adjusted EBITDA is the portion of Management and Franchise Segment Adjusted EBITDA, as reported in our Annual Report on Form 10-K, that is attributable to fees we receive from licensing our brands to franchisees. When measuring actual achievement of Ownership Segment Adjusted EBITDA and Franchise Fees Adjusted EBITDA, for Mr. Jacobs and Mr. Holthouser, respectively, calculations used the same foreign currency rates that were used to set target levels.

(2) RevPAR represents hotel room revenue divided by room nights available for guests.

Table of Contents**2016 PERFORMANCE RESULTS**

At the beginning of the fiscal year following the end of the performance period, each goal is assessed and rated based on the level of achievement. The Finance and Human Resources departments review the achievement of each performance objective against the predetermined objectives with the CEO. The CEO then reviews these results with the Committee and recommends payout amounts under the annual cash incentive plan for each of the NEOs, other than himself. The Committee reviews and assesses each NEO's achievement towards the executive's goals and determines and approves an achievement factor used to calculate the actual annual cash incentive award payable to each NEO.

The performance results for each of the primary financial performance measures were as follows:

Primary Financial Performance Measure	Target	Actual	Achievement as a	Actual Payout as a
	Goal (in millions)	Achievement (in millions)	Percentage of Target Goal ⁽¹⁾ (%)	Percentage of Target Payout (%)
Company Adjusted EBITDA	\$3,086	\$2,975	96.4%	82.1%
Ownership Segment Adjusted EBITDA	\$1,139	\$1,022	90.0%	50.0%
Timeshare Segment Adjusted EBITDA	\$382	\$381	99.8%	99.2%
Franchise Fees Adjusted EBITDA ⁽²⁾	Described Below ⁽²⁾		97.5%	87.6%

⁽¹⁾ Participants were eligible to receive a threshold payout percentage, defined as 50% of the target award, if actual achievement was 90% of the target financial goal and were eligible to receive the maximum payout percentage, defined as 150% of the target award (200% of target with respect to Mr. Nassetta), if actual achievement met or exceeded 110% of the target financial goal. For actual performance between the specified threshold, target and maximum levels, the resulting payout percentage would be adjusted on a linear basis.

⁽²⁾ Franchise Fees Adjusted EBITDA reflects the target established through the Company's annual budgeting process at the beginning of the fiscal year. The Committee set the Franchise Fees Adjusted EBITDA at a target level that, while achievable, was challenging and not certain to be met.

Actual annual cash incentive awards are calculated by multiplying each NEO's actual base salary by their respective target award potential, which was then adjusted by an achievement factor based on the combined achievement of the corporate, business area and organizational strength performance objectives. For the year ended December 31, 2016, the NEOs' target cash incentive opportunity and their cash incentive award earned (as reflected in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table) were as follows:

Name	2016 Target Annual	Target	Achievement	2016 Amount

⁽²⁾ Mr. Wang became the President & CEO of HGV in January 2017 when we completed the spin-off of HGV. To the extent that HGV awards Mr. Wang any additional annual cash incentive award amount, such amount will be disclosed in HGV's SEC filings.

Table of Contents**LONG-TERM INCENTIVE AWARDS**

The long-term incentive award program is designed to reward for future Company performance, align with the interests of our stockholders and retain executives. These goals are further described under Compensation Components.

Long-term incentive compensation is awarded under the Incentive Plan and provides an opportunity for executive officers, including our NEOs, and other key employees to increase their ownership interest in the Company through grants of equity-based awards. Under the Incentive Plan, equity-based awards may be awarded in the form of stock options, stock appreciation rights, restricted stock, RSUs, performance shares and other equity-based awards.

Each NEO's target long-term incentive opportunity is approved annually by the Committee based on peer group benchmark data and the scope and impact the executive has on the Company's overall results. For 2016, the Committee set the target pay levels as set forth in the table below, increasing targets for Messrs. Nassetta by approximately 5% and by 3% for Messrs. Jacobs, Carter and Wang, to reward their performance and to align with competitive market practices. For Mr. Nassetta, the Committee increased his target long-term incentive opportunity while maintaining the same base salary and target annual cash incentive opportunity, thereby increasing only the pay element most aligned with stockholder value over the long-term.

Name	2015 Target Long-Term Incentive (\$)	2016 Target Long-Term Incentive (\$)	2015 to 2016 Increase (%)
Christopher J. Nassetta	\$6,300,000	\$6,600,000	4.8%

Mark D. Wang	\$1,854,000	\$1,909,620	3.0%
James E. Holthouser	\$900,000	\$900,000	

The dollar values in the table above differ from the figures reported in the Summary Compensation Table and Grants of Plan-Based Awards Table because the values shown above for performance shares are equal to the closing price on the grant date multiplied by the number of shares granted assuming a target level of achievement.

In February 2016, the Committee granted long-term incentive awards at 100% of target based on the mix and weighting set forth in the chart below. The Committee approved a blended equity portfolio for our senior executives, granting a combination of performance shares, RSUs and stock options. The largest portion of the total equity award generally takes the form of performance shares where the number of shares that may be earned is tied to the Company's financial and stock price performance at the end of a 3-year period.

Following the departure of one of our executive officers, Mr. Holthouser assumed broader responsibilities and has been and continues to be vital to maintaining continuity and stability throughout our period of organizational change. As a result, Mr. Holthouser received a one-time RSU award valued at approximately \$1,000,000 in May 2016, in addition to the long-term incentive awards granted under the annual equity grant program. The one-time RSU award vests at the end of a 3-year period (on May 5, 2019), subject to his continued employment on the vesting date, and has the same terms and conditions as the RSUs granted under our annual equity grant program. This one-time RSU award

was intended to recognize his broader scope and provide a retention incentive given the criticality of his role and retirement-eligible status.

⁽¹⁾ The 2015 and 2016 performance shares were modified into converted performance shares (as defined below) in connection with the spin-offs, as described under Treatment of Outstanding Equity Awards in Connection with Spin-Offs.

⁽²⁾ Unvested RSUs, unvested performance shares granted beginning in 2016 and unvested converted performance shares delivered in connection with the spin-offs entitle the holder to accrue dividend equivalent payments either in cash or, at the sole discretion of the Committee, in shares of the Company's common stock having a fair market value as of the settlement date equal to the amount of such dividends, with such dividend equivalents payable following vesting (or forfeited to the extent the underlying award is forfeited). No dividend equivalents are paid or delivered unless and until the underlying RSUs or performance shares vest.

Table of Contents**PERFORMANCE SHARES GRANTED IN 2016**

Performance shares are intended to focus our executives on the long-term financial performance of the Company and its performance relative to a TSR peer group. In February 2016, the Committee determined that the performance shares would vest at the end of a 3-year performance period as follows:

50% based on the level of achievement of our TSR relative to the TSR of members of the peer company group defined below (Relative TSR).

50% based on the compound annual growth rate of the Company's Adjusted EBITDA (EBITDA CAGR, as defined in the award agreement) by comparing the growth of the Company's Adjusted EBITDA during the final four fully completed fiscal quarters of the performance period to that for the fiscal year immediately prior to the performance period.

The Committee determined that Relative TSR and EBITDA CAGR would be appropriate performance measures for the performance shares granted in 2016. These measures appropriately align management with stockholders, incentivize management to achieve the Company's long-term strategy and focus management on growing our Adjusted EBITDA which, in turn, allows us to reinvest in our business and expand our global footprint.

The performance period begins on January 1 of the fiscal year in which the performance shares are granted and ends on December 31 of the third year thereafter. Following the 3-year performance period, the Committee determines the achievement levels under each of the performance measures and the number of performance shares earned under these measures. The performance shares granted in 2016 had a performance period that began on January 1, 2016 and was scheduled to end on December 31, 2018.

The total number of performance shares granted in 2016 that were scheduled to vest based on each of Relative TSR and EBITDA CAGR was based on the percentages shown in the table below. For actual performance between the specified threshold, target, above target and maximum levels, the resulting payout percentage would have been adjusted on a linear basis. In addition, if the Company's TSR was negative over the performance period, the percentage of the award earned under the Relative TSR measure could not have exceeded 100%.

The peer group for determining achievement under the Relative TSR measure was distinct from the peer group used to evaluate and set compensation levels discussed under Assessing Competitive Practice Through Peer Group Comparisons. At the time of the 2016 grants, the Committee approved the following peer companies in the Relative TSR peer group in order to more directly compare our financial and stock performance to companies in our industry.

⁽¹⁾ Starwood Hotels & Resorts Worldwide, Inc. was acquired by Marriott International, Inc. in September 2016 and is no longer a publicly traded company.

In November 2016, in connection with the spin-offs, the Committee determined that the NEOs' performance shares granted in 2015 and 2016 would be converted into time-vesting restricted shares (converted performance shares) at the time of the spin-offs, assuming a target level of achievement as provided under the applicable award agreement. The converted performance shares were further adjusted at the time of the spin-offs to preserve the value of the awards as originally granted. These adjustments are described in further detail under Treatment of Outstanding Equity Awards in Connection with Spin-Offs. The converted performance shares are scheduled to vest on the original vesting date (December 31, 2017 for the shares granted in 2015 and December 31, 2018 for the shares granted in 2016), subject to the NEOs' continued employment through the applicable vesting date, and have the same terms and conditions as the original awards. Upon vesting, each NEO (other than Mr. Wang) will receive shares of Hilton common stock, and Mr. Wang will receive shares of HGV common stock.

Table of Contents**PAYOUT OF PERFORMANCE SHARES GRANTED IN 2014**

In 2014, the Committee granted performance shares that vested at the end of a 3-year performance period, beginning on January 1, 2014 and ending on December 31, 2016, as follows:

- 50% based on the level of achievement of our Relative TSR (as defined above).
- 50% based on EBITDA CAGR (as defined in the award agreement and the definition reported in the Company's 2014 SEC filings) and calculated as described above.

In February 2017, the Committee certified the achievement level under the established performance measures and settled the number of performance shares earned at 113% of target because the performance level achieved was at the target level with respect to EBITDA CAGR and between the target and above target levels with respect to Relative TSR (as shown in the table below). For actual performance between the specified target and above target level, the resulting payout percentage was adjusted on a linear basis.

TREATMENT OF OUTSTANDING EQUITY AWARDS IN CONNECTION WITH SPIN-OFFS

In connection with the spin-offs, the Committee approved the following treatment for the NEOs' outstanding equity awards.

Award Type	Treatment
All Outstanding Stock Options, RSUs and Performance Shares	<ul style="list-style-type: none"> · The NEOs' outstanding stock options (whether vested or unvested), RSUs and performance shares, were adjusted in a manner intended to preserve the value of the awards after the January 2017 spin-offs. The number of shares subject to the awards and the exercise price of stock options were adjusted based on the 3-day average closing price pre-spin and the 3-day average closing price post-spin and reverse stock split of our common stock (the adjustments made in connection with the spin-offs). As to Mr. Wang's awards, the adjustment ratio was based on the relative value of our shares before the spin-offs and HGV's common stock after the spin-offs, in each case using a 3-day average closing price.
Additional Details on Performance Shares Granted in 2015 and 2016	<ul style="list-style-type: none"> · All of the NEOs' equity awards, as adjusted, remain subject to the same vesting and other terms and conditions as the original awards, other than as described below regarding the performance shares granted in 2015 and 2016. · Following the spin-offs, all of Mr. Wang's awards are now under HGV's incentive plan and will, as applicable, settle in or are exercisable for shares of HGV common stock. · For details regarding the amount and value of the equity held by the NEOs following these adjustments, see Supplemental Outstanding Equity Awards at 2016 Fiscal Year End Table and Ownership of Securities. · The NEOs' performance shares granted in 2015 and 2016 were modified into time-vesting restricted shares (converted performance shares), assuming a target level of achievement as provided under the applicable award agreement. The Committee determined to convert the performance shares into time-based restricted stock, as the performance periods for the performance shares granted in 2015 and 2016 would have ended after the spin-offs and, as such, the performance measures originally established upon grant would not have been relevant or measurable as originally intended. · In connection with the modification of these performance shares in November 2016, there was incremental fair value calculated in accordance with FASB ASC Topic 718 for each of Messrs. Nassetta, Jacobs, Carter, Wang and Holthouser in the amounts of \$1,131,783, \$363,218, \$328,484, \$328,484 and \$152,755, respectively. These amounts are included in the Summary Compensation Table and Grants of Plan-Based Awards table.

· The converted performance shares are scheduled to vest on the original vesting date (December 31, 2017 for the shares granted in 2015 and December 31, 2018 for the shares granted in 2016), subject to the NEO s continued employment through the applicable vesting date, and the same terms and conditions as the original awards. Upon vesting, each NEO (other than Mr. Wang) will receive shares of Hilton common stock, and Mr. Wang will receive shares of HGV common stock.

Table of Contents**TREATMENT OF LONG-TERM INCENTIVE AWARDS UPON TERMINATION, CHANGE IN CONTROL OR RETIREMENT**

Each equity-based award subjects the holder to restrictive covenants, including post-employment covenants not to solicit the Company's employees or customers and not to compete against the Company for 12 months following any termination of employment, and indefinite covenants covering trade secrets, confidentiality and non-disparagement. Under the award agreements, if there is a restrictive covenant violation or the Company determines after termination that grounds for a termination for cause existed, the executive will be required to pay the Company an amount equal to the after-tax proceeds received upon the sale or other disposition or distributions in respect of the equity award and any shares issued in respect thereof. Further, each of these executives' equity-based awards is subject to the Company's Clawback Policy, which is described below. Additional provisions are outlined in the table below.

- (1) As discussed in further detail under Treatment of Outstanding Equity Awards in Connection with Spin-Offs, the NEOs performance shares granted in 2015 and 2016 were converted into time-vesting restricted shares, assuming a target level of achievement as provided under the applicable award agreement, and the converted performance shares otherwise retained the same terms and conditions as the original awards, including the treatment of such awards upon a termination, change in control or retirement.
- (2) Prorated based on the number of days in the applicable 3-year period that have elapsed prior to termination.
- (3) Retirement is defined as a termination of employment for any reason (other than for cause when grounds for cause exist or due to death or disability) after having reached age 55 and achieved at least ten years of service, provided that the grant was made at least six months prior to the executive's retirement.
- (4) Upon termination for cause or a violation of specified restrictive covenants, all vested and unvested options terminate and all other unvested awards are forfeited.
- (5) In no case will options remain exercisable later than the original expiration date.

OTHER BENEFITS AND PERQUISITES

Our executives, including NEOs, are eligible for benefits including group health, dental and disability insurance and basic life insurance premiums. These benefits are intended to provide competitive and adequate protection in case of sickness, disability or death, and the NEOs participate in these plans on the same basis as all other employees.

We provide limited perquisites to our NEOs when determined to be necessary and appropriate. We provide our NEOs with the opportunity for an annual physical examination. We also provide NEOs complimentary rooms, food and beverage, and on-site services while on personal travel at Company-branded hotels. The travel-related benefits are consistent with our peers in the hospitality industry and offered to encourage our NEOs to visit and evaluate our properties. We provide Mr. Nassetta with a life insurance benefit for his family and the associated taxes. In addition, given our wide geographic footprint, Mr. Nassetta has use of the Company aircraft for both business and personal travel, which the Committee believes allows Mr. Nassetta to work more efficiently and safely. The value of the NEOs perquisites and other personal benefits are reflected in the All Other Compensation column of the Summary Compensation Table and the accompanying footnote. The cost of these benefits is a small percentage of the overall compensation package. We believe that these benefits and perquisites are competitive in our industry and consistent with our overall compensation philosophy.

RETIREMENT SAVINGS BENEFITS

The Company maintains a tax-qualified 401(k) plan, under which the Company matches 100% of employee contributions up to 3% of eligible compensation and 50% of employee contributions on the next 2% of eligible compensation. In addition to the 401(k) plan, the Company also offers the NEOs and other senior management the opportunity to supplement their retirement and other tax-deferred savings through Hilton's Executive Deferred Compensation Plan (EDCP). Those eligible to participate in the EDCP may elect to defer up to 100% of both their annual salary and bonus. The Company currently provides no contribution or match to the EDCP. Additional information about the EDCP is reflected under 2016 Nonqualified Deferred Compensation.

PENSION BENEFITS

In addition to our 401(k) plan and EDCP, Mr. Carter participates in two of our defined benefit pension plans, the Hilton U.K. Pension Plan (the U.K. Pension Plan) and the Hilton U.K. Hotels Employer-Financed Retirement Benefit Scheme (the Supplemental U.K. Plan), because of his previous service as Chief Executive Officer of Hilton International. Mr. Carter ceased further pensionable service under both plans in 2009. See the 2016 Pension Benefits table for a description of these defined benefit pension plans.

SEVERANCE PLAN

The Committee believes that a carefully structured severance plan is necessary to attract and retain talent. Our severance plan allows executives to focus their attention and energy on making objective business decisions that are in the best interest of stockholders. In addition, the Committee believes that the interests of our stockholders are better protected and enhanced by providing greater certainty regarding executive pay obligations in the context of planning and negotiating any potential corporate transactions.

In December 2013, the Company approved a severance benefit plan (the Severance Plan). Under the terms of the Severance Plan, if an eligible executive's employment is terminated by us without cause, or if the eligible employee terminates his or her employment for good reason (each, a qualifying termination), then, subject to the eligible employee's execution and non-revocation of a release of claims against us, continued compliance with restrictive covenants related to post-employment non-solicitation and non-compete covenants for one year following termination, and indefinite covenants covering confidentiality and non-disparagement, he or she will be eligible to receive a severance payment amount based on the employee's position and then-current base salary and target bonus. Under the terms of the Severance Plan, our NEOs will be eligible to receive a severance payment equal to 2.99 times, in the case of Mr. Nassetta, and 2.0 times, in the case of our other NEOs, the sum of his annual base salary and annual target bonus at the time of termination, paid in a lump sum. In addition, upon a qualifying termination, the NEO will be entitled to certain continued health and welfare benefits, as described under Potential Payments Upon Termination or Change in Control.

The NEOs will also be entitled to the same level of severance upon a qualifying termination in connection with a change in control except that severance may be reduced if doing so would result in the executive realizing a better after-tax result following the imposition of any applicable golden parachute excise taxes under Internal Revenue Code Section 4999.

In addition to the Severance Plan, any compensation and benefits to be made in connection with a separation are determined at the discretion of the Committee and may be based on the executive, his or her position, the nature of the separation and the respective executive's compliance with specified post-termination restrictive covenants.

RISK AND GOVERNANCE **KEY EXECUTIVE COMPENSATION PRACTICES**

We follow key executive compensation practices that promote good governance and serve the interests of our stockholders, as summarized below.

What We Do:

Emphasize long-term performance Our long-term incentive program is designed to focus executives on stockholder value and emphasize achievement of strategic objectives over the next several years.

Engage an independent compensation consultant The Committee's consultant does not provide any other services to the Company.

Apply double trigger vesting in the event of a change in control In the event of a change in control of the Company, cash severance benefits are payable and vesting of stock options and RSUs is accelerated only upon a double trigger, where the executive's employment is terminated following such change in control.

Provide limited perquisites Our NEOs receive perquisites consistent with industry practices and participate in the same Company-wide plans and programs offered to all eligible employees.

Apply a clawback policy The Committee has discretion to recover incentive compensation paid or awarded based on financial results impacted by fraud or misconduct.

Evaluate share utilization The Committee annually reviews share utilization, burn rate and dilution levels resulting from our compensation practices.

Establish caps on maximum payouts The Committee sets maximum amounts that may be payable for annual cash incentive compensation and long-term performance awards.

What We Do Not Do:

Provide employment agreements or individual change in control agreements for our NEOs The Committee has determined that employment agreements are not necessary to attract members of our executive team.

Allow pledging, hedging or short-sale transactions Per our Insider Trading Policy, all covered persons are prohibited from purchasing Company securities on margin or pledging Company securities as collateral. Further, we do not permit short sales or the purchase or sale of derivative instruments based on the Company's securities.

Reprice or buyout underwater stock options Our Incentive plan does not permit the repricing or substitution of underwater stock options except with stockholder approval. Our Incentive plan also does not permit the grant of underwater stock options, except in connection with certain corporate transactions.

Pay dividends or dividend equivalents on any unvested equity awards Our Incentive Plan and associated award agreements prohibit the payment and delivery of dividends and dividend equivalents on unvested RSUs and performance shares, unless and until the underlying award vests.

OWNERSHIP POLICY

We have adopted an executive stock ownership policy for our NEOs. Each of our NEOs is expected to own shares of our common stock in the following amounts within five years from the later of February 19, 2014 and the date he or she first becomes subject to the stock ownership policy:

Role	Salary Multiple
CEO	5 times base salary
Other Executive Officers	3 times base salary

Each NEO currently employed by the Company satisfies the stock ownership requirement above. Under this requirement, executives may not dispose of any shares of the Company they acquire, including, but not limited to, any shares of vested restricted stock, any shares underlying vested restricted stock units, net of taxes, or any shares acquired upon the exercise of any stock options, net of taxes and payment of any exercise price, in each case, received from grants made until the ownership requirements are satisfied. This restriction does not apply to any shares of our common stock received by the executive in exchange for his or her equity held prior to our initial public offering in December 2013 (the IPO).

Table of Contents

CLAWBACK POLICY

We have adopted a clawback policy for our incentive compensation. The Committee determined that it may be appropriate to recover annual and/or long-term incentive compensation from its current or former officers subject to reporting under Section 16 of the Exchange Act or any other employee designated by the Committee in specified situations. These situations include if such employee, was overpaid, in whole or in part, as a result of a restatement of the reported financial results of the Company or any of its segments due to material non-compliance with financial reporting requirements (unless due to a change in accounting policy or applicable law) caused or contributed to by such employee's fraud, willful misconduct or gross negligence. If these situations occur, the Committee will review the incentive compensation paid, granted, vested or accrued based on the prior inaccurate results and determine whether to seek recovery of any excess incentive compensation paid or earned as a result of such inaccurate results.

STOCK AWARD GRANTING POLICY

The annual grant of stock-based awards to our NEOs is approved on the date of the first regularly scheduled Committee meeting of the calendar year (typically held in the first quarter). In addition to annual awards, other grants may be awarded at other times (1) to attract new hires; (2) to recognize employees for special achievements or for retention purposes; (3) to new employees as a result of the acquisition of another company; or (4) as may be desirable and prudent in other special circumstances. The exercise price of stock options is the closing market price of our common stock on the date of grant. We monitor and periodically review our equity grant policies to ensure compliance with plan rules and applicable law. We do not have a program, plan or practice to time our equity grants in coordination with the release of material, non-public information.

RISK CONSIDERATIONS

The Committee believes that the design and objectives of our executive compensation program provide an appropriate balance of incentives for executives and avoid inappropriate risks. In this regard, our executive compensation program includes the following design features:

- Balances fixed versus at-risk compensation;
- Balances short-term cash and long-term incentive compensation;
- Provides that at-risk compensation is based on a variety of qualitative and quantitative performance goals, including the Company's stock price, the Company's overall financial performance and the performance of specific business area objectives;
- Caps the executives' incentive compensation opportunities;
- Provides the Committee with discretion to reduce the annual incentive amount awarded;

- Significant stock ownership requirements;
- Provides for a clawback of the executive's compensation in specified circumstances; and
- Prohibits pledging and hedging of Company stock.

COMPLIANCE WITH IRS CODE SECTION 162(m)

Section 162(m) of the Internal Revenue Code limits the Company's federal income tax deduction for any compensation in excess of \$1 million paid to NEOs except for the CFO. However, this provision does not apply to certain qualified performance-based compensation as long as specified requirements are met.

Currently, we claim the benefit of a special exemption that applies to compensation paid (or compensation in respect of equity awards such as stock options or restricted stock granted) during a specified transition period following the IPO. This transition period may extend until the first annual meeting of stockholders that occurs after the close of the third calendar year following the calendar year in which the IPO occurred (i.e., May 24, 2017), unless the transition period is terminated earlier under the Section 162(m) post-offering transition rules.

At our annual meeting in May 2017, in order to qualify for the qualified performance-based compensation exemption under Section 162(m), we will seek stockholder approval of the Hilton 2017 Omnibus Incentive Plan, including approval of the performance goals of the plan under which the compensation will be paid (as described under Proposal 2 Approval of the Hilton 2017 Omnibus Incentive Plan). In furtherance of our aim of awarding compensation eligible to constitute qualified performance-based compensation under Section 162(m), in February 2017, the Committee approved provisions for payments under our annual cash incentive program and determined that 2017 annual cash incentive awards for our executive officers who are covered by 162(m) are conditioned on achieving Adjusted EBITDA (defined above) in 2017 of at least \$1.2 billion. These awards are contingent on stockholder approval of the 2017 Omnibus Incentive Plan at this Annual Meeting. See Proposal 2 Approval of the Hilton 2017 Omnibus Incentive Plan.

The Committee takes the deductibility limitations of Section 162(m) into account in its compensation decisions; however, the Committee may, in its judgment, authorize compensation payments that are not exempt under Section 162(m) when it believes that such payments are appropriate to attract or retain talent. Beginning with performance shares granted in 2015, the Committee decided to grant equity in the form of restricted stock instead of RSUs to allow the Company to take advantage of federal income tax deductions under the IPO transition rules.

- (1) Amounts in this column reflect the salary earned during the fiscal year, whether paid or deferred under the Company's employee benefit plans.
- (2) Represents (a) the aggregate grant date fair value of the awards computed in accordance with FASB ASC Topic 718, using the assumptions discussed in Note 20 (Share-Based Compensation) of the consolidated financial statements included in our Annual Report on Form 10-K and (b) the incremental fair values of the performance shares granted in 2015 and 2016 which were modified in November 2016 in connection with the spin-offs (as described below). Further, in accordance with the SEC's rules, dividend equivalents that accrued on the executives' RSUs and performance shares granted in 2016 are not reported above because dividends were factored into the grant date fair value of these awards.

Of the performance shares granted in 2016, 50% were scheduled to vest according to EBITDA CAGR and 50% vest according to Relative TSR. The grant date fair value of the shares that were scheduled to vest according to EBITDA CAGR was computed in accordance with FASB ASC Topic 718 based upon the probable outcome of the performance conditions as of the grant date. Assuming the highest level of performance achievement as of the grant date, the aggregate grant date fair value of the EBITDA CAGR awards would have been: Mr. Nassetta \$3,960,004; Mr. Jacobs \$1,266,884; Mr. Carter \$1,145,774; Mr. Wang \$1,145,774; and Mr. Holthouser \$539,980. As the shares that were scheduled to vest according to Relative TSR are subject to market conditions as defined under FASB ASC Topic 718 and were not subject to performance conditions as defined under FASB ASC Topic 718, they had no maximum grant date fair values that differed from the grant date fair values presented in the table.

As described above under Treatment of Outstanding Equity Awards in Connection with Spin-Offs, the performance shares granted in 2015 and 2016 were modified in November 2016 into converted performance shares, and there was incremental fair value calculated in accordance with FASB ASC Topic 718 for each of Messrs. Nassetta, Jacobs, Carter, Wang and Holthouser in the amounts of \$1,131,783, \$363,218, \$328,484, \$328,484 and \$152,755, respectively. In January 2017, all of the executives' outstanding stock options (whether vested or unvested), RSUs and performance shares were adjusted in a manner intended to preserve the value of the awards; the amounts reported in the table above do not reflect these adjustments.

- (3) For 2016, the actual annual change in pension value was negative (-\$62,013) for Mr. Carter, but it is not reflected in the table pursuant to SEC regulations regarding negative amounts. Amounts reported represent the aggregate increase in the actuarial present value of Mr. Carter's accumulated benefit under the defined-present value of the retirement pension due based on assumptions described below. This value is the sum that would be payable should Mr. Carter choose to transfer his benefits from the U.K. Pension Plan in full as of December 31, 2016, 2015 and 2014. The key financial assumptions used in the calculation of the present value included discount rates of 4.65%, 5.2% and 4.5% for 2016, 2015 and 2014, respectively, CPI inflation of 2.75%, 2.60% and 1.95% for 2016, 2015 and 2014, respectively, and pension inflation of 1.80%, 1.75% and 1.50% for 2016, 2015 and 2014, respectively. The Company does not provide any of its executives with any above-market or preferential earnings on

nonqualified deferred compensation.

(a) Employer-paid premiums for Mr. Nassetta's executive life insurance policy.

(b) Incremental costs associated with guests accompanying Mr. Nassetta on the Company aircraft during the year ended December 31, 2016. For purposes of the Summary Compensation Table, we value the incremental cost associated with these accompanying guests by using a method that takes into account the variable costs. Since the aircraft is used primarily for business travel, the calculation does not include the fixed costs that do not change based on usage, such as crew salaries, hangar storage costs and cost of maintenance not related to trips.

(c) Reflects \$4,213 of employer-paid taxes owed with respect to Mr. Nassetta's personal use of the Company aircraft, \$6,863 of employer-paid taxes owed in connection with his employer-paid executive life insurance policy and \$436 of employer-paid taxes owed in connection with employer-paid expenses incurred at Company-branded hotels while on personal travel.

(d) Reflects dividend equivalents accrued on eligible equity awards where dividends were not factored into the grant date fair value of such previously disclosed awards.

(e) Employer-paid expenses incurred at Company-branded hotels while on personal travel.

Amounts reported in the Threshold column assume that there is no payout under the Adjusted EBITDA component of the annual cash incentive program and that the NEO only earns the minimum payout for the one business area or organizational strength performance objective that has been assigned the lowest weighting. The actual amounts paid are described in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.
- (2) As described in further detail under Long-Term Incentive Awards, the performance shares granted in 2016 had a 3-year performance period scheduled to end on December 31, 2018 and would have vested, as to 50% of the awards, based on Relative TSR and, as to 50% of the award, based on EBITDA CAGR. reported in the **Threshold** column assume that 50% of the total performance shares awarded would have vested and amounts reported in the **Maximum** column assume that 200% of the total performance shares awarded would have vested. In connection with the spin-offs, these awards were modified into converted performance shares based on an assumed target level of performance achievement and adjusted as described under **Treatment of Outstanding Equity Awards in Connection with Spin-Offs**. The number of converted performance shares received in respect of the performance shares granted in 2016 as adjusted in connection with the spin-offs is reflected in the supplemental table below.

- (3) Represents the grant date fair value of the awards computed in accordance with FASB ASC Topic 718, using the assumptions discussed in Note 20 (**Share-Based Compensation**) of the consolidated financial statements included in our Annual Report on Form 10-K. The stock options have an exercise price per share equal to the closing price of the Company's common stock as reported on the NYSE on the date of grant.

The grant date fair value of the performance shares that were scheduled to vest according to EBITDA CAGR was computed in accordance with FASB ASC Topic 718 based upon the probable outcome of the performance conditions as of the grant date and was determined to be for each of Messrs. Nassetta, Jacobs, Carter, Wang and Holthouser, \$1,980,002, \$633,442, \$572,887, \$572,887 and \$269,990, respectively. The grant date fair value of the performance shares that were scheduled to vest based on Relative TSR was determined to be for each of Messrs. Nassetta, Jacobs, Carter, Wang and Holthouser, \$2,101,144, \$672,205, \$607,923, \$607,923 and \$286,512, respectively.

- (4) Represents the performance shares granted in 2015 and 2016, all of which were modified in November 2016 into converted performance shares in connection with the spin-offs. The number of converted shares received in the modification, and reflected in the table above, assumed that target levels of both EBITDA CAGR and Relative TSR would have been achieved. See, **Treatment of Outstanding Equity Awards in Connection with Spin-Offs**. In connection with this modification, there was incremental fair value calculated in accordance with FASB ASC Topic 718 for each of Messrs. Nassetta, Jacobs, Carter, Wang and Holthouser in the amounts of \$1,131,783, \$363,218, \$328,484, \$328,484 and \$152,755, respectively.

- (5) Represents one-time RSUs granted to Mr. Holthouser, as described under **Long-Term Incentive Awards**.

(1) The amounts reported reflect the number of shares granted on the grant date and the option exercise price after giving effect to the adjustments in connection with the spin-offs. The amounts reported under the Estimated Future Payouts Under Equity Incentive Plan Awards columns reflect the number of performance shares granted in 2016, on an adjusted basis, that could have been earned at the end of the performance period based on the level of achievement of the performance conditions. These performance shares were modified into converted performance shares assuming a target level of achievement and adjusted as described under Treatment of Outstanding Equity Awards in Connection with Spin-Offs. The number in the Target column reflects the number of converted performance shares received, on an adjusted basis, in respect of the performance shares granted in 2016 and that are eligible to vest on the original vesting date (December 31, 2018).

(2) Mr. Wang's equity awards were converted into awards that will settle in or be exercisable for shares of HGV common stock.

⁽¹⁾ The stock options granted in February of 2014, 2015 and 2016 were scheduled to vest in three equal annual installments beginning on the first anniversary of the grant date. In February 2017, the Committee modified the vesting schedule of all of these awards so that the tranche of equity vesting in February of any given year is

scheduled to vest on February 15 of that year, subject to the executive's continued employment on the applicable vesting date.

- (2) For additional information on vesting upon specified termination events or a change in control, see Long-Term Incentive Awards and Potential Payments Upon Termination or Change in Control.
- (3) Amounts reported are based on the closing price of our common stock on the NYSE as of December 30, 2016 (\$27.20), the last trading day of the fiscal year, multiplied by the number of outstanding shares.
- (4) Represents the RSUs granted in February of 2015 and 2016, which were scheduled to vest in two equal annual installments beginning on the first anniversary of the grant date. In February 2017, the Committee modified the vesting schedule of all of these awards so that the tranche of equity vesting in February of any given year is scheduled to vest on February 15 of that year, subject to the executive's continued employment on the applicable vesting date. Mr. Holthouser's RSUs granted in May 2016 are scheduled to vest in full on May 5, 2019, subject to his continued employment on the vesting date.
- (5) Represents the NEOs' performance shares granted in 2015 and 2016 that were converted into time-vesting restricted shares. As described above, in connection with the spin-offs, these performance shares were modified in November 2016 into time-vesting converted performance shares and assumed that target levels of the performance conditions would have been achieved. The converted performance shares are scheduled to vest, as to the performance shares granted in 2015, on December 31, 2017 and, as to the performance shares granted in 2016, on December 31, 2018, in each case, subject to the executive's continued employment through the applicable vesting date.

2016 PENSION BENEFITS

**Present Value of Payments During
Number of Years of Accumulated
Credited Service Benefit ⁽¹⁾ Last Fiscal Year**

Name	Plan Name	(#)	(\$)	(\$)
Christopher J. Nassetta				
Kevin J. Jacobs				
Ian R. Carter	Hilton U.K. Pension Plan ⁽²⁾	4	\$ 487,183	
	Hilton U.K. Hotels Employer Financed Retirement Benefit Scheme ⁽³⁾	3	\$ 722,215	
Mark D. Wang				
James E. Holthouser				

(1) The present value is calculated by the trustee of the U.K. Pension Plan and represents the present value of the retirement pension due based on assumptions described below. This value is the sum that would be payable should Mr. Carter choose to transfer his benefits from the U.K. Pension Plan in full as of December 31, 2016. The key financial assumptions used in the calculation of the present value included discount rates of 4.65% and 5.2% for 2016 and 2015, respectively, CPI inflation of 2.75% and 2.60% for 2016 and 2015, respectively, and pension inflation of 1.80% and 1.75% for 2016 and 2015, respectively.

(2) The U.K. Pension Plan is a defined benefit pension plan in the U.K., for which benefit payments are payable monthly upon retiring in accordance with the terms of the plan. The pension value is determined based on years and completed months of pensionable service, final pensionable salary (which is subject to an earnings cap) and an accrual ratio. The funds are invested through a trustee, who has full investment discretion. Mr. Carter ceased pensionable service in the U.K. Pension Plan in 2009, and he has a preserved pension based on his pensionable service and final pensionable salary at that time. Mr. Carter has not contributed to the plan since then and the only increases applied to his benefit have been annual statutory increases. The purpose of the U.K. Pension Plan is to provide a retirement benefit based on U.K. market practice. The U.K. Pension Plan does not provide special policies such as granting extra years of credited service, however, it provides tax advantages such as a tax relief on employee contributions and a tax-free cash payment at retirement.

(3) The Supplemental U.K. Plan is a supplementary to the U.K. Pension Plan and provides an additional retirement benefit to senior management of the Company whose pensionable earnings in the U.K. Pension Plan are restricted to an earnings cap. The Supplemental U.K. Plan does not have assets. While Mr. Carter was a member of the Supplemental U.K. Plan, the Company made notional contributions calculated as a percentage of his base salary in excess of an earnings cap, which applies within the U.K. Pension Plan. No notional contributions have been made for Mr. Carter since 2009, when he ceased pensionable service. Mr. Carter has a notional retirement account balance, which is notionally invested based on Mr. Carter's elected investment portfolio. The terms of the Supplemental U.K. Plan provide that funds be paid as a lump sum at the same time as Mr. Carter commences drawing his retirement benefits from the U.K. Plan. The Supplemental U.K. Plan does not provide any special tax treatment.

Table of Contents**2016 NONQUALIFIED DEFERRED COMPENSATION**

The Company offers to its executives, including all of the NEOs, the opportunity to participate in the EDCP. The table below provides information as of December 31, 2016, for those NEOs who chose to participate in the plan.

Name	Executive	Registrant	Aggregate Earnings in Last FY ⁽²⁾	Aggregate	Aggregate
	Contributions in Last FY ⁽¹⁾	Contributions in Last FY		Withdrawals/ Distributions	Balance at Last FYE ⁽³⁾
	(\$)	(\$)	(\$)	(\$)	(\$)

Mark D. Wang	\$146,160		\$84,060		\$1,421,755
James E. Holthouser	\$136,962		\$78,976		\$1,133,329

(1) The amount in this column is included in the Salary column for 2016 in the Summary Compensation Table.

(2) Amounts in this column are not reported as compensation for fiscal year 2016 in the Summary Compensation Table since they do not reflect above-market or preferential earnings. Deferrals may be allocated among investment options that generally mirror the investment options available under our qualified 401(k) plan. Of the available investment options, the one-year rate of return during 2016 ranged from 1.41% to 21.28%.

(3) Mr. Nassetta made no contributions during fiscal years 2014, 2015 or 2016 and, therefore, no amounts in this column have previously been reported in the Summary Compensation Table. Of the total in this column listed for Mr. Wang, \$209,499 was previously reported in the Summary Compensation Table.

Pursuant to our EDCP, specified eligible employees, including our NEOs, may defer up to 100% of either or both their annual salary and bonus. Deferral elections are made by eligible employees in the calendar year preceding the year compensation is otherwise payable. In 2016, contributions to the EDCP consist solely of participants' elective deferral contributions and the Company did not provide matching contributions. Eligible employees are permitted to make individual investment elections that will determine the rate of return on their deferral amounts under the elective nonqualified deferred compensation plan. Participants may change their investment elections at any time. Deferrals are only deemed to be invested in the investment options selected. Participants have no ownership interest in any of the funds as investment elections are used only as an index for crediting gains or losses to participants' accounts. The investment options consist of a variety of well-known mutual funds including certain non-publicly traded mutual funds available through variable insurance products. Investment gains or losses in the funds are credited to the participants' accounts daily, net of investment option related expenses. The EDCP does not provide any above-market returns or preferential earnings to participants, and the deferrals and their earnings are always 100% vested.

NEOs may elect to receive in-service distributions of such amounts at the time they make their deferral elections. In addition, upon a showing of financial hardship due to death, illness, accident or similar extraordinary or unforeseeable circumstances, an executive may be allowed to access funds in the executive's deferred compensation account before he otherwise would have been eligible. The participant must make two payout elections, one in the case of termination and one in the case of retirement. Benefits can generally be received either as a lump sum payment or in installments over a period not to exceed 20 years in the case of retirement, 5 years in the case of termination and 5 years for in-service distributions. In the event of a change in control, 100% of the value of the eligible employee's deferred compensation account will be distributed.

Table of Contents**POTENTIAL PAYMENTS UPON TERMINATION****OR CHANGE IN CONTROL**

The following table describes the potential payments and benefits that would have been payable to our NEOs under existing plans, assuming (1) a termination of employment and/or (2) a change in control (CIC) occurred, in each case, on December 31, 2016, without giving effect to the January 2017 adjustments made to equity awards in connection with the spin-offs, except with respect to performance shares (as described below). The amounts shown in the table do not include payments and benefits to the extent they are provided generally to all salaried employees upon termination of employment and do not discriminate in scope, terms or operation in favor of the NEOs. Distributions of plan balances that would be made are set forth in the 2016 Pension Benefits and the 2016 Nonqualified Deferred Compensation tables.

Because the disclosures in the table assume the occurrence of a termination or CIC as of a particular date and under a particular set of circumstances and therefore make a number of important assumptions, the actual amount to be paid to each of our NEOs upon a termination or CIC may vary significantly from the amounts included herein. Factors that could affect these amounts include the timing during the year of any such event, the continued availability of benefit policies at similar prices and the type of termination event that occurs.

Table of Contents

(1) For purposes of the table above, a "qualifying termination" means (x) under the Severance Plan, a termination of employment either by the Company without "cause" or by the executive for "good reason," each as defined in the Severance Plan, and (y) under the Incentive Plan, a termination by the Company without "cause" as defined in the Incentive Plan. An executive is not deemed to have experienced a qualifying termination as a result of (a) his death or disability or (b) solely as a result of a change in control.

Under the Severance Plan, whether or not in connection with a change in control, each NEO would have been entitled to receive a cash severance amount equal to two times (2.99 in the case of Mr. Nassetta) the sum of the executive's base salary and annual cash incentive award payable at target, each as in effect at date of termination.

If the employment of the NEO was terminated due to death or disability, such executive would have been entitled to receive a prorated bonus. Amounts reported under "Death or Disability" for each NEO reflect each NEO's target annual bonus for the year ended December 31, 2016.

(2) Amounts represent the value of the acceleration of any unvested converted performance shares, RSUs and stock options, assuming the acceleration occurred on December 31, 2016 and based on the closing price of our common stock on the NYSE as of December 31, 2016 (\$27.20).

Converted performance shares: If the NEO's employment terminates as a result of death or disability, a prorated portion of the converted performance shares will immediately vest at target levels, with such proration based on the number of days in the performance period that have elapsed. Upon a change in control, the converted performance shares will immediately vest based on actual performance through the most recently completed fiscal quarter, or, if performance is unable to be calculated, at target. The amounts reported in the table above for vesting upon a change in control assume achievement of target performance due to the actual treatment of such equity awards as described under "Treatment of Outstanding Equity Awards in Connection with Spin-Offs."

RSUs: If the NEO's employment is terminated by the Company without cause within 12 months following a change in control or due to the executive's death or disability, all unvested RSUs will immediately vest.

Stock options: If the NEO's employment is terminated by the Company without cause within 12 months following a change in control or due to the executive's death or disability, all unvested options will immediately vest and become exercisable. In the table above, amounts reported reflect the "spread," or difference between the exercise price and closing price as of December 31, 2016.

Amounts in the table above do not include accrued dividends on eligible outstanding equity awards. Accrued dividends as of December 31, 2016 were approximately: \$85,025 for Mr. Nassetta; \$27,254 for Mr. Jacobs; \$24,648 for Mr. Carter; \$24,648 for Mr. Wang; and \$21,049 for Mr. Holthouser.

(3) Under the Severance Plan, upon a qualifying termination, each NEO is entitled to continued healthcare coverage in an amount equal to the excess of the cost of the coverage over the amount that the executive would have had to pay

if the executive remained employed for 12 months following the date of termination. In addition, upon a qualifying termination, an NEO who received life insurance coverage prior to the qualifying termination is entitled to receive a cash payment equal to the premiums required to continue such coverage for 12 months following the termination. Amounts reported assume 2016 rates.

⁽⁴⁾Under the Severance Plan, upon a qualifying termination, each NEO is entitled to outplacement services for a period of 12 months following the date of termination. Amounts in the table above assume that the cost to the Company for these outplacement services would be \$50,000 for each NEO.

⁽⁵⁾Amounts shown represent accrued but unused vacation days.

⁽⁶⁾In the event of death of an NEO, in addition to amounts reported in the table above, each NEO will receive benefits from third-party payors under our employer-paid premium life insurance plans. All of our executives are eligible for one times their regular annual eligible wages at death. In addition, the Company has provided Mr. Nassetta with additional executive life insurance with a \$10,500,000 death benefit. Therefore, if such benefits were triggered for the NEOs on December 31, 2016 under our life insurance plans the legally designated beneficiary(ies) of each NEO would have received the following amounts: Mr. Nassetta (\$13,000,000); Mr. Jacobs (\$1,569,000); Mr. Carter (\$1,342,000); Mr. Wang (\$1,480,000); and Mr. Holthouser (\$1,092,000).

SECTION 16(a)

BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires executive officers and directors, a company's chief accounting officer and persons who beneficially own more than 10% of a company's common stock, to file initial reports of ownership and reports of changes in ownership with the SEC and the NYSE. Executive officers, directors, the chief accounting officer and beneficial owners with more than 10% of our common stock are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely on our review of copies of such reports and written representations from our executive officers, directors and Blackstone, we believe that our executive officers, directors and Blackstone complied with all Section 16(a) filing requirements during 2016.

TRANSACTIONS WITH RELATED PERSONS

Our Board of Directors recognizes the fact that transactions with related persons present a heightened risk of conflicts of interests and/or improper valuation (or the perception thereof). Our Board has adopted a written policy on transactions with related persons that is in conformity with the requirements for issuers having publicly-held common stock listed on the NYSE. Our related person transaction policy requires that a related person (as defined as in

Item 404(a) of Regulation S-K, which includes security holders who beneficially own more than 5% of our common stock, including Blackstone and HNA) must promptly disclose to our General Counsel any related person transaction (defined as any transaction that is anticipated would be reportable by us under Item 404(a) of Regulation S-K in which we were or are to be a participant and the amount involved exceeds \$120,000 and in which any related person had or will have a direct or indirect material interest) and all material facts with respect thereto. The General Counsel will then promptly communicate that information to our Board or a duly authorized committee of the Board (currently the Audit Committee). No related person transaction will be executed without the approval or ratification of our Board or a duly authorized committee of the Board. It is our policy that directors interested in a related person transaction will recuse themselves from any vote on a related person transaction in which they have an interest.

HNA

Stockholders Agreement. In connection with the sale by Blackstone of shares representing approximately 25% of our common stock to HNA (the Sale), which closed on March 15, 2017, we entered into a stockholders agreement with HNA that became effective upon the closing of the Sale. The HNA stockholders agreement will terminate when HNA and its affiliates, in the aggregate, hold less than 5% of our common stock.

- *Directors.* Under the HNA stockholders agreement, for so long as HNA has at least 15% of our outstanding common stock, it will have the right to designate two directors of the Company, only one of which may be affiliated with HNA (but not its hospitality business) and the other of which must meet the independence standards of the NYSE with respect to the Company and not have been, for two years, an employee, director or officer of, or consultant to, HNA or any of its affiliates. Each of HNA's director designees must be reasonably satisfactory to our Nominating and Corporate Governance Committee in accordance with our standard candidate review process. In addition, so long as HNA owns at least 20% of our outstanding common stock, HNA will have the right to designate an additional independent director to fill each third additional director seat above 10 directors of the Company; for example, if we were to increase our Board size in the future to 13, HNA would have the right to designate an independent director as the 13th member of the Board. HNA's right to designate directors declines to one director when HNA's ownership falls below 15% of our common stock and terminates when HNA's ownership falls below 5% of our common stock, subject to certain exceptions. Each independent designee will be entitled to serve on at least one standing committee of the Board, as determined by the Nominating and Corporate Governance Committee.
- *Voting Requirements.* The HNA stockholders agreement generally requires HNA to vote all of its shares in excess of 15% of the total outstanding shares of the Company in the same proportion as the shares owned by other stockholders are voted on all matters, except as follows: (1) in uncontested elections of directors, HNA is required to vote all of its shares either in favor of the Board's nominees or all of its shares in the same proportion as the shares owned by other stockholders are voted; (2) in contested elections of directors, HNA is required to vote all of its shares in the same proportion as the shares owned by other stockholders are voted; (3) for two years after the closing of the Sale, in third party acquisitions of the Company where the

consideration is less than or equal to the price per share paid by HNA to Blackstone, HNA may vote all of its shares as it chooses; (4) for any acquisition of the Company other than an acquisition described in (3) above or an acquisition by HNA, HNA will vote all of its shares in excess of 15% of the total outstanding shares of the Company in proportion to the manner in which non-HNA holders vote their shares; and (5) in the case of any charter or bylaw amendment that adversely affects HNA disproportionately as compared to other stockholders, an issuance of more than 20% of the Company's outstanding shares (other than for an acquisition) at a below-market price, or an acquisition of the Company by HNA, HNA may vote all of its shares as it chooses. In a third party tender offer, HNA will be required to tender its shares in excess of 15% of the total outstanding shares of the Company in the same proportion as shares held by non-HNA holders are tendered.

Transfer Restrictions and Right of First Refusal. Until March 15, 2019, HNA may not transfer any shares of the Company unless: such transfer is approved in advance by a majority of the disinterested members of the Board; such transfer is to an HNA affiliate, provided that such HNA affiliate agrees to be bound by the terms of the HNA stockholders agreement; such transfer is in connection with an acquisition approved by the Board; such transfer constitutes a tender into a tender or exchange offer commenced by the Company or any of its affiliates; or such transfer is in connection with a bona fide pledge of capital stock to a financial institution in connection with a bona fide loan or enforcement thereunder. After March 15, 2019, other than in an underwritten public offering, block trade or permitted transfer described above, HNA will not be permitted to transfer more than 4.9% of our total outstanding shares to any person or group, or any shares to certain competitors of the Company or, to the knowledge of HNA or its broker, a person or group who is a 5% stockholder or who would thereby become a 5% stockholder; in an underwritten public offering or a block trade, other than a permitted transfer described above, HNA will instruct the underwriter or broker not to transfer more than 4.9% of our total outstanding shares to any person or group or any shares to a 5% stockholder (unless the identity of the purchaser is not known to the underwriter or broker); and in a block trade, other than a permitted transfer described above, HNA will instruct its broker not to transfer shares to certain competitors of the Company (unless the identity of the purchaser is not known to HNA or its broker). In addition, if we propose to issue new equity securities in an offering that is not an underwritten public offering or an offering pursuant to Rule 144A, HNA will have a right of first refusal over its pro-rata portion of such issuance, measured based on HNA's ownership percentage (which shall be capped at 25% for purposes of the right of first refusal) in the Company at such time.

Standstill. HNA and its affiliates may not: acquire, offer or agree to acquire, any beneficial interest in the Company; make any public announcement or public offer with respect to any merger, business combination or other similar transaction involving the Company (except when the Board recommends or approves such transaction); make or in any way participate in any solicitation of proxies to vote or seek to influence voting of securities in a manner inconsistent with the Board's recommendation; seek election or removal of any director other than HNA designees or otherwise act, alone or in concert with others, to control or influence the Company; call a meeting of stockholders; participate in a group regarding equity securities of the Company; act, alone or in concert with others, to seek to control or influence the management or policies of the Company; knowingly assist or encourage, or enter into any discussions or agreements with any third party, in connection with any of the foregoing; publicly disclose any intention, plan or arrangement inconsistent with the foregoing; provide any financing for a purchase of equity securities or assets of the Company, subject to certain exceptions; or take any actions that HNA knows or would reasonably be expected to know would require the Company to make a public announcement regarding the possibility of an acquisition. HNA is not prohibited from: (1) transferring shares of the Company to HNA affiliates; (2) purchasing shares of the Company pursuant to its right of first refusal over its pro-rata portion of newly issued equity securities of the Company; (3) making a non-public, confidential acquisition proposal to the Board; or (4) after a public announcement of a definitive agreement for the acquisition

of the Company by a third party, making a publicly announced alternative acquisition proposal for all of the outstanding shares of the Company, which, if a tender or exchange offer, must be on the same terms for all such shares and include a non-waivable condition that a majority of the shares held by non-HNA holders are tendered into such offer. To the extent HNA's ownership percentage falls below 25% of the total outstanding shares of the Company (or a lower percentage that results from sales of shares by HNA) as a result of issuances by the Company, HNA may purchase Company shares in the open market so as to maintain its ownership percentage at 25% (or such lower percentage that results from sales of shares by HNA).

Corporate Opportunity; DGCL Section 203. The Delaware General Corporate Law (DGCL) permits corporations to adopt provisions renouncing any interest or expectancy in certain opportunities that are presented to the corporation or its officers, directors or stockholders. Under the HNA stockholders agreement, the Company agreed to renounce any interest or expectancy, or right to be offered an opportunity to participate in, any business opportunity or corporate opportunity presented to HNA or its affiliates. We also exempted HNA from the restrictions of Section 203 of the DGCL (Section 203). Although the Company has previously opted out of Section 203, our amended and restated certificate of incorporation and bylaws provide that when Blackstone ceases to own at least 5% of the Company's outstanding common stock, the Company will automatically become subject to Section 203.

Registration Rights. We also entered into a registration rights agreement with HNA that became effective upon the closing of the Sale. The HNA registration rights agreement provides that, beginning two years after the closing of the Sale, HNA will have customary demand and piggyback registration rights. The registration rights agreement also will require the Company to pay certain expenses relating to such registrations and indemnify the registration rights holder against certain liabilities under the Securities Act of 1933, as amended (the Securities Act).

Management and Franchise. We currently manage or franchise, and may manage or franchise in the future, hotels that are directly or indirectly owned by affiliates of HNA on terms that are consistent with our standard forms of agreement.

Table of Contents**BLACKSTONE**

Stockholders Agreement. In connection with our 2013 initial public offering (the "IPO"), we entered into a stockholders agreement with Blackstone. This agreement requires us to nominate a number of individuals designated by Blackstone for election as our directors at any meeting of our stockholders, each a Blackstone Director. As amended upon closing of the Sale, the agreement provides that: Blackstone may designate a number of directors equal to: (1) if Blackstone beneficially owns at least 50% of the Company's outstanding common stock, 50% of the total number of directors comprising the Board, rounded down to the nearest whole number; (2) if Blackstone beneficially owns at least 40% (but less than 50%) of the Company's outstanding common stock, 40% of the total number of directors comprising the Board, rounded down to the nearest whole number; (3) if Blackstone beneficially owns at least 30% (but less than 40%) of the Company's outstanding common stock, 30% of the total number of directors comprising the Board, rounded down to the nearest whole number; (4) if Blackstone beneficially owns at least 20% (but less than 30%) of the Company's outstanding common stock, (x) 20% of the total number of directors comprising the Board, rounded down to the nearest whole number, if the total number of directors is 10 or more or (y) the lowest whole number that is greater than 20% of the total number of directors comprising the Board if the total number of directors is less than 10; and (5) if Blackstone beneficially owns at least 5% (but less than 20%) of the total shares of the Company's common stock entitled to vote generally in the election of directors as of the record date for such meeting, the lowest whole number that is greater than 10% of the total number of directors comprising the Board. For so long as the stockholders agreement remains in effect, Blackstone Directors may be removed only with the consent of Blackstone. In the case of a vacancy on our Board created by the removal or resignation of a Blackstone Director, the stockholders agreement requires us to nominate an individual designated by Blackstone for election to fill the vacancy.

The above-described provisions of the stockholders agreement will remain in effect until Blackstone is no longer entitled to nominate a Blackstone Director pursuant to the stockholders agreement, unless Blackstone requests that they terminate at an earlier date.

Registration Rights Agreement. We are party to a registration rights agreement that provides Blackstone customary demand and piggyback registration rights. The registration rights agreement also provides that we will pay certain expenses relating to such registrations and indemnify the registration rights holders against certain liabilities that may arise under the Securities Act.

Management, Franchise, Products and Services. We currently manage or franchise, and may manage or franchise in the future, hotels that are directly or indirectly owned by affiliates of Blackstone on terms that are consistent with our standard forms of agreement. We recognized management and franchise fee revenue of \$42 million for the year ended December 31, 2016 related to these hotels. We recognized reimbursements and reimbursable costs for these hotels, primarily related to payroll and marketing expenses, of \$144 million for the year ended December 31, 2016. As of December 31, 2016, we had accounts receivable due from these hotels related to these management and franchise fees and reimbursements of \$18 million.

From time to time, we have purchased products and services from entities affiliated with or owned by Blackstone. In certain negotiated instances, these arrangements may permit our hotels, as well as hotels controlled by affiliates of Blackstone, to elect whether or not to contract with such third-party providers on the terms we negotiated. In 2010, in connection with the settlement of a lawsuit, we entered into a guarantee that requires us to pay any shortfalls under certain service contracts that affiliates of Blackstone entered into with the plaintiff. The initial maximum exposure under the guarantee was \$75 million, which has subsequently been reduced to approximately \$12 million as of December 31, 2016 as a result of the plaintiff's receipt of payments from the counterparties of such service contracts.

In February 2016, Blackstone sold the Hilton Key Largo to a third party, which resulted in the termination of our existing management agreement for the property. The buyer subsequently entered into a Hilton franchise agreement and a Curio franchise agreement for the property. The Hilton franchise agreement will terminate, and the Curio franchise will become effective, upon conversion of the hotel to a Curio which is anticipated to occur by January 1, 2018.

In August 2016, we amended the liquidated damages provision of a franchise agreement with Blackstone in view of the expected condemnation of the hotel by the local government.

In October 2016, a Blackstone company entered into a management agreement with us for a 250-room Hilton-branded hotel and a 320-room Hilton Garden Inn-branded hotel in Bangalore, India.

SPIN-OFF AGREEMENTS

In connection with the spin-offs, we entered into several agreements with Park and HGV that govern our ongoing relationship.

Our Distribution Agreement with Park and HGV governs certain transfers of assets and assumptions of liabilities by each of Hilton, Park and HGV and the settlement or extinguishment of certain liabilities and other obligations among the three companies. In particular, substantially all of the assets and liabilities associated with the separated real estate business were retained by or transferred to Park or its subsidiaries; substantially all of the assets and liabilities associated with the timeshare business were retained by or transferred to HGV or its subsidiaries; and all other assets and liabilities were retained by or transferred to Hilton or its subsidiaries. Park, HGV and Hilton also agreed that losses related to certain contingent liabilities that generally are not specifically attributable to any of the three companies will be apportioned as follows: 65%, 26%, and 9% for each of Hilton, Park and HGV, respectively.

Table of Contents

Our Employee Matters Agreement with Park and HGV governs the respective rights, responsibilities and obligations of Hilton, Park and HGV after the spin-offs with respect to transferred employees, defined benefit pension plans, defined contribution plans, non-qualified retirement plans, employee health and welfare benefit plans, incentive plans, equity-based awards, collective bargaining agreements and other employment, compensation and benefits-related matters. The Employee Matters Agreement provides for, among other things, the allocation and treatment of assets and liabilities arising out of incentive plans, retirement plans and employee health and welfare benefit plans in which Park and HGV employees participated prior to the spin-offs, and continued participation by Park and HGV employees in certain of Hilton's compensation and benefit plans for a specified period of time following the spin-offs. Generally, other than with respect to certain specified compensation and benefit plans and liabilities, each of Park and HGV assumed or retained sponsorship of, and the liabilities relating to, compensation and benefit plans and employee-related liabilities relating to its current and former employees. The Employee Matters Agreement also provides that outstanding Hilton equity-based awards were equitably adjusted or converted into Park or HGV awards, as applicable.

Our Tax Matters Agreement with Park and HGV governs the respective rights, responsibilities and obligations of Hilton, Park and HGV with respect to tax liabilities and benefits, tax attributes, tax contests and other tax sharing regarding U.S. federal, state, local and foreign income taxes, other tax matters and related tax returns. Under the Tax Matters Agreement, which is not binding on the IRS, each of Park and HGV will continue to have several liability with Hilton to the IRS for the consolidated U.S. federal income taxes of the Hilton consolidated group relating to the taxable periods in which Park and HGV were part of that group. The agreement also specifies the portion, if any, of this tax liability for which Park and HGV will bear responsibility and provides for certain indemnification provisions with respect to amounts for which they are not responsible. In addition, under the agreement, each party is expected to be responsible for any taxes imposed on Hilton that arise from the failure of the spin-offs and certain related transactions to qualify as a tax-free transaction for U.S. federal income tax purposes, to the extent that the failure to qualify is attributable to actions taken by such party (or with respect to such party's stock). The parties will share responsibility in accordance with sharing percentages under the Distribution Agreement for any such taxes imposed on Hilton that are not attributable to actions taken by a particular party.

The Tax Matters Agreement also provides for certain covenants that may restrict Hilton's ability to issue equity and pursue strategic or other transactions that otherwise could maximize the value of Hilton's business, including, for two years after the spin-offs: (1) engaging in any transaction involving the acquisition of shares of Hilton stock or certain issuances of shares of Hilton stock; (2) merging or consolidating with any other person or dissolving or liquidating in whole or in part; (3) selling or otherwise disposing of, or allowing the sale or other disposition of, more than 35% of Hilton's consolidated gross or net assets; or (4) repurchasing Hilton shares, except in certain circumstances.

These restrictions are generally inapplicable in the event that the IRS has granted a favorable ruling to Hilton, Park or HGV or in the event that Hilton, Park or HGV has received an opinion from a tax advisor that it can take such actions without adversely affecting the tax-free status of the spin-offs and related transactions.

Our Tax Stockholders Agreement with HGV and Blackstone is intended to preserve the tax-free status of the spin-offs. The agreement provides for certain covenants that may limit issuances or repurchases of Hilton or HGV stock in excess of specified percentages, dispositions of Hilton or HGV common stock by Blackstone, and transfers of interests in certain Blackstone entities that directly or indirectly own Hilton, Park or HGV common stock. Additionally, the agreement may limit issuances or repurchases of stock by Hilton in excess of specified percentages.

We entered into a Transition Services Agreement with Park and HGV under which we will provide Park and HGV with certain services for a limited time to help ensure an orderly transition following the spin-offs. The services that we agreed to provide may include certain finance, information technology, human resources and compensation,

facilities, legal and compliance and other services. Park and HGV will pay us for any such services at agreed amounts. In addition, for a specified term, Park or HGV and Hilton may mutually agree on additional services that were provided by Hilton prior to the spin-offs at pricing based on market rates reasonably agreed to by the parties.

HGV License Agreement. We entered into a license agreement with HGV granting HGV the right to use the trademarks Hilton Grand Vacations, HGV and Hilton Club (collectively, the Hilton Marks) in connection with the current and future operation of a Hilton-branded vacation ownership business (the Licensed Business). HGV also received a license to or right to use certain other Hilton-owned intellectual property, including promotional content and access to Hilton 's reservation system and property management software (collectively with the Hilton Marks, the Hilton IP). HGV also has the right to use Hilton 's loyalty program data and other customer information (Hilton Data) to promote the Licensed Business and for other internal business purposes, but may not disclose or sell such information to third parties without Hilton 's consent. We agreed not to compete or use the Hilton IP or Hilton Data in the vacation ownership business (or license others to do so) for the first 30 years of the term of the license agreement, and HGV may extend this exclusivity for additional 10-year terms if it achieves certain revenue targets or makes a payment to cover any revenue shortfall. The initial term of the license agreement will expire on December 31, 2116. HGV will pay a royalty fee of 5% of gross revenues to Hilton quarterly in arrears, as well as specified additional fees. Gross revenues include HGV 's gross sales for the initial sale or re-sale of interests in the Licensed Business (subject to certain HGV Club exceptions), property operations revenue, transient rental revenue and other certain revenues earned. HGV also is required to pay Hilton an annual transition fee of \$5.0 million for each of the first five years of the term and certain other fees and reimbursements. The license agreement contains customary requirements with respect to HGV 's record-keeping and Hilton 's audit rights.

Table of Contents

During the term of the license agreement, HGV is eligible to participate in Hilton's loyalty program, currently known as the Hilton Honors® program. HGV can purchase Hilton loyalty program points at cost for the first 20 years of the term, and thereafter at the market rate (with a most favored nation provision, pursuant to which such market rate is no higher than the price paid by strategic partners that purchase a comparable volume of points annually on comparable business terms). All members of Hilton's loyalty program have the right to redeem loyalty program points at HGV properties in the Licensed Business, consistent with the tiers and rules of Hilton's current loyalty program. HGV can convert points associated with its own point-based reservations and exchange system into Hilton loyalty program points through an exchange program at a conversion rate to be determined by HGV. HGV may not participate in a loyalty program of a Hilton competitor in connection with the Licensed Business.

Unless HGV obtains Hilton's prior written consent, HGV may not: merge with or acquire a Hilton competitor or a vacation ownership business that has entered into an operating agreement with a Hilton competitor; merge with or acquire a vacation ownership business together with a lodging business; or be acquired or combined with any entity other than an affiliate. HGV may acquire control of a business that is not a vacation ownership business or a lodging business without Hilton's consent, but will be required to operate such business as a separate operation that does not use the Hilton IP or Hilton Data unless Hilton consents to such use. Without Hilton's prior consent, HGV may not assign its rights under the license agreement, except to one of its affiliates as part of an internal reorganization for tax or administrative purposes.

INDEMNIFICATION AGREEMENTS

We have entered into indemnification agreements with our directors and executive officers. These agreements require us to indemnify these individuals to the fullest extent permitted by Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors or executive officers, we have been informed that in the opinion of the SEC such indemnification is against public policy and is therefore unenforceable.

There is currently no pending material litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought.

QUESTIONS AND ANSWERS

Why am I being provided with these materials?

We have made our proxy materials available to you on the Internet or, upon your request, delivered printed versions of these proxy materials to you by mail in connection with the solicitation by the Board of Directors of Hilton Worldwide Holdings Inc. of proxies to be voted at our Annual Meeting, and at any postponements or adjournments of the Annual Meeting. Directors, officers and other Company employees also may solicit proxies by telephone or otherwise. Brokers and other nominees will be requested to solicit proxies or authorizations from beneficial owners and will be reimbursed for their reasonable expenses. You are invited to attend the Annual Meeting and vote your shares in person.

What am I voting on?

There are four proposals scheduled to be voted on at the Annual Meeting:

- Proposal No. 1: Election of the director nominees listed in this Proxy Statement.
- Proposal No. 2: Approval of the Hilton 2017 Omnibus Incentive Plan described in and attached to this Proxy Statement.
- Proposal No. 3: Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2017.
- Proposal No. 4: Approval, in a non-binding advisory vote, of the compensation paid to the named executive officers.

Who is entitled to vote?

Stockholders as of the close of business on March 31, 2017 (the Record Date) may vote at the Annual Meeting. As of that date, there were 329,757,640 shares of common stock outstanding. You have one vote for each share of common stock held by you as of the Record Date, including shares:

- Held directly in your name as stockholder of record (also referred to as registered stockholder); and
- Held for you in an account with a broker, bank or other nominee (shares held in street name) Street name holders generally cannot vote their shares directly and instead must instruct the brokerage firm, bank or nominee how to vote their shares.

What constitutes a quorum?

The holders of record of a majority of the voting power of the issued and outstanding shares of capital stock entitled to vote at the Annual Meeting must be present in person or represented by proxy to constitute a quorum for the Annual Meeting. Abstentions are counted as present and entitled to vote for purposes of determining a quorum. Shares represented by broker non-votes also are counted as present and entitled to vote for purposes of determining a quorum. However, as described below under *How are votes counted?* if you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposal on which your broker does not have discretionary authority to vote (a broker non-vote).

What is a brokenon-vote ?

A broker non-vote occurs when shares held by a broker are not voted with respect to a proposal because (1) the broker has not received voting instructions from the stockholder who beneficially owns the shares and (2) the broker lacks the authority to vote the shares at their discretion. Under current NYSE interpretations that govern broker non-votes, Proposal Nos. 1, 2 and 4 are considered non-discretionary matters, and a broker will lack the authority to vote uninstructed shares at their discretion on such proposals. Proposal No. 3 is considered a discretionary matter, and a broker will be permitted to exercise its discretion to vote uninstructed shares on the proposal.

How many votes are required to approve each proposal?

With respect to the election of the director nominees (Proposal No. 1), all elections of directors will be determined by a plurality of the votes cast. A plurality vote requirement means that the director nominees with the greatest number of votes cast, even if less than a majority, will be elected. There is no cumulative voting.

Notwithstanding the foregoing, our Corporate Governance Guidelines set forth our procedures if a director nominee, other than a person nominated or designated pursuant to the stockholders' agreement between the Company and Blackstone or between the Company and HNA, is nominated in an uncontested election but receives a majority of withheld votes. In an uncontested election, any nominee for director who receives a greater number of votes withheld from his or her election than votes for such election is required to tender his or her resignation following certification of the stockholder vote. The Nominating and Corporate Governance Committee is required to consider all relevant factors and make recommendations to the Board with respect to any such letter of resignation. The Board is required to take action with respect to this recommendation within 90 days after certification of the election results.

For any other proposal being considered at the Annual Meeting, approval of the proposal requires the affirmative vote of a majority of the votes cast. While the vote on executive compensation (Proposal No. 4) is advisory in nature and non-binding, the Board will review the voting results and expects to take them into consideration when making future decisions regarding executive compensation.

As of March 31, 2017, HNA beneficially owned and had the right to vote 25.0% of the outstanding shares of our common stock (representing approximately 25.0% of the voting power). Under the Company's stockholders agreement with HNA, HNA is obligated to either vote all such shares in favor of the director nominees listed herein or vote all such shares in the same proportion as the shares owned by the other stockholders are voted. With respect to the approval of the Hilton 2017 Omnibus Incentive Plan, the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2017 and the approval of the compensation paid to the named executive officers, the stockholders agreement requires HNA to vote its holdings in excess of 15% of the outstanding shares in the same proportion as the shares owned by other stockholders are voted, and permits HNA to vote its holdings of 15% of the outstanding shares at its sole discretion.

As of March 31, 2017, Blackstone beneficially owned and had the right to vote 15.2% of the outstanding shares of our common stock (representing approximately 15.2% of the voting power) and have advised us that they intend to vote all such shares in favor of the director nominees listed herein, for the approval of the Hilton 2017 Omnibus Incentive Plan, for the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2017 and for the approval of the compensation paid to our named executive officers.

How are votes counted?

With respect to the election of directors (Proposal No. 1), you may vote **FOR** or **WITHHOLD** with respect to each nominee. Votes that are withheld will be excluded entirely from the vote with respect to the nominee from which they are withheld and will have the same effect as an abstention. Votes that are withheld will not have any effect on the outcome of the election of directors. Broker non-votes will have no effect on the outcome of Proposal No. 1.

You may vote **FOR**, **AGAINST** or **ABSTAIN** with respect to the approval of the Hilton 2017 Omnibus Incentive Plan (Proposal No. 2), ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2017 (Proposal No. 3) and the advisory vote on the compensation paid to our named executive officers (Proposal No. 4).

For Proposal No. 2, approval required under the NYSE treats abstentions as votes cast, and abstentions will, therefore, have the effect of a vote against this proposal. Broker non-votes with respect to this proposal are not counted as votes cast and will, therefore, not affect the outcome of this proposal.

For Proposal No. 3, abstentions are not considered votes cast and will, therefore, not affect the outcome of this proposal. As this proposal is considered a discretionary matter, brokers are permitted to exercise their discretion to vote uninstructed shares on this proposal.

For Proposal No. 4, abstentions are not considered votes cast and will, therefore, not affect the outcome of this proposal. Broker non-votes with respect to this proposal are not counted as votes cast and will, therefore, not affect the outcome of this proposal.

If you just sign and submit your proxy card without voting instructions, your shares will be voted **FOR** each director nominee listed herein and on the other proposals as recommended by the Board and in accordance with the discretion of the holders of the proxy with respect to any other matters that may be voted upon.

Who will count the vote?

Representatives of Broadridge Financial Solutions, Inc. will tabulate the votes and act as inspectors of election.

To make a director nomination or present other business for consideration at the Annual Meeting of Stockholders to be held in 2018, you must submit a timely notice in accordance with the procedures described in our by-laws. To be timely, a stockholder's notice must be delivered to the Secretary at the principal executive offices of our Company not less than 90 days or more than 120 days prior to the first anniversary of the preceding year's annual meeting. HOUSEHOLDING OF PROXY MATERIALS

SEC rules permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and notices with respect to two or more stockholders sharing the same address by delivering a single proxy statement or a single notice addressed to those stockholders. This process, which is commonly referred to as householding, provides cost savings for companies and helps the environment by conserving natural resources. Some brokers household proxy materials, delivering a single proxy statement or notice to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement or notice, or if your household is receiving multiple copies of these documents and you wish to request that future deliveries be limited to a single copy, please notify your broker. You can also request prompt delivery of a copy of this Proxy Statement and the Annual Report by contacting the Office of the Corporate Secretary, Hilton Worldwide Holdings Inc., 7930 Jones Branch Drive, Suite 1100, McLean, Virginia 22102.

OTHER BUSINESS

The Board does not know of any other matters to be brought before the meeting. If other matters are presented, the proxy holders have discretionary authority to vote all proxies in accordance with their best judgment.

Appendix A

HILTON 2017 OMNIBUS INCENTIVE PLAN

1. Purpose. The purpose of the Hilton 2017 Omnibus Incentive Plan is to provide a means through which the Company and the other members of the Company Group may attract and retain key personnel and to provide a means whereby directors, officers, employees, consultants and advisors of the Company and the other members of the Company Group can acquire and maintain an equity interest in the Company, or be paid incentive compensation, including incentive compensation measured by reference to the value of Common Stock, thereby strengthening their commitment to the welfare of the Company Group and aligning their interests with those of the Company's stockholders.

2. Definitions. Capitalized terms not otherwise defined in this Plan shall have the meaning set forth on Schedule A attached hereto.

3. Effective Date; Duration. The Plan shall be effective as of _____ . The expiration date of the Plan, on and after which date no Awards may be granted hereunder, shall be the tenth (10th) anniversary of the Effective Date; *provided, however*, that such expiration shall not affect Awards then outstanding, and the terms and conditions of the Plan shall continue to apply to such Awards.

4. Administration.

(a) The Committee shall administer the Plan. To the extent required to comply with the provisions of Rule 16b-3 promulgated under the Exchange Act (if the Board is not acting as the Committee under the Plan) or necessary to obtain the exception for performance-based compensation under Section 162(m) of the Code, as applicable, it is intended that each member of the Committee shall, at the time such member takes any action with respect to an Award under the Plan that is intended to qualify for the exemptions provided by Rule 16b-3 promulgated under the Exchange Act or to qualify as performance-based compensation under Section 162(m) of the Code, as applicable, be a Qualifying Director. However, the fact that a Committee member shall fail to qualify as a Qualifying Director shall not invalidate any Award granted by the Committee that is otherwise validly granted under the Plan.

(b) Subject to the provisions of the Plan and applicable law, the Committee shall have the sole and plenary authority, in addition to other express powers and authorizations conferred on the Committee by the Plan, to (i) designate Participants; (ii) determine the type or types of Awards to be granted to a Participant; (iii) determine the number of shares of Common Stock to be covered by, or with respect to which payments, rights, or other matters are to be calculated in connection with, Awards; (iv) determine the terms and conditions of any Award; (v) determine whether, to what extent, and under what circumstances Awards may be settled in, or exercised for, cash, shares of Common Stock, other securities, other Awards or other property, or canceled, forfeited, or suspended and the method or methods by which Awards may be settled, exercised, canceled, forfeited, or suspended; (vi) determine whether, to what extent, and under what circumstances the delivery of cash, shares of Common Stock, other securities, other Awards or other property and other amounts payable with respect to an Award shall be deferred either automatically or at the election of the Participant or of the Committee; (vii) accelerate the vesting of any Awards in the event of a Termination; (viii) interpret, administer, reconcile any inconsistency in, correct any defect in and/or supply any omission in the Plan and any instrument or agreement relating to, or Award granted under, the Plan; (ix) establish, amend, suspend, or waive any rules and regulations and appoint such agents as the Committee shall deem appropriate for the proper administration of the Plan; (x) adopt Sub-Plans; and (xi) make any other determination and take any other action that the Committee deems necessary or desirable for the administration of the Plan.

(c) Except to the extent prohibited by applicable law or the applicable rules and regulations of any securities exchange or inter-dealer quotation system on which the securities of the Company are listed or traded, the Committee may allocate all or any portion of its responsibilities and powers to any one or more of its members and may delegate all or any part of its responsibilities and powers to any person or persons selected by it. Any such allocation or delegation may be revoked by the Committee at any time. Without limiting the generality of the foregoing, the Committee may delegate to one or more officers of any member of the Company Group, the authority to act on behalf of the Committee with respect to any matter, right, obligation, or election which is the responsibility of, or which is allocated to, the Committee herein, and which may be so delegated as a matter of law, except with respect to grants of Awards to persons (i) who are Non-Employee Directors, (ii) who are subject to Section 16 of the Exchange Act, or (iii) who are, or could reasonably be expected to be, covered employees for purposes of Section 162(m) of the Code.

(d) Unless otherwise expressly provided in the Plan, all designations, determinations, interpretations, and other decisions under or with respect to the Plan, any Award or any Award Agreement shall be within the sole discretion of the Committee, may be made at any time and shall be final, conclusive and binding upon all Persons, including, without limitation, any member of the Company Group, any Participant, any holder or beneficiary of any Award, and any stockholder of the Company.

(e) No member of the Board, the Committee or any employee or agent of any member of the Company Group (each such Person, an Indemnifiable Person) shall be liable for any action taken or omitted to be taken or any determination made with respect to the Plan or any Award hereunder (unless constituting fraud or a willful criminal act or omission). Each Indemnifiable Person shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense (including attorneys' fees) that may be imposed upon or incurred by such Indemnifiable Person in connection with or resulting from any action, suit or proceeding

Table of Contents

to which such Indemnifiable Person may be a party or in which such Indemnifiable Person may be involved by reason of any action taken or omitted to be taken or determination made with respect to the Plan or any Award hereunder and against and from any and all amounts paid by such Indemnifiable Person with the Company's approval, in settlement thereof, or paid by such Indemnifiable Person in satisfaction of any judgment in any such action, suit or proceeding against such Indemnifiable Person, and the Company shall advance to such Indemnifiable Person any such expenses promptly upon written request (which request shall include an undertaking by the Indemnifiable Person to repay the amount of such advance if it shall ultimately be determined, as provided below, that the Indemnifiable Person is not entitled to be indemnified); *provided*, that the Company shall have the right, at its own expense, to assume and defend any such action, suit or proceeding and once the Company gives notice of its intent to assume the defense, the Company shall have sole control over such defense with counsel of the Company's choice. The foregoing right of indemnification shall not be available to an Indemnifiable Person to the extent that a final judgment or other final adjudication (in either case not subject to further appeal) binding upon such Indemnifiable Person determines that the acts, omissions or determinations of such Indemnifiable Person giving rise to the indemnification claim resulted from such Indemnifiable Person's fraud or willful criminal act or omission or that such right of indemnification is otherwise prohibited by law or by the organizational documents of any member of the Company Group. The foregoing right of indemnification shall not be exclusive of or otherwise supersede any other rights of indemnification to which such Indemnifiable Persons may be entitled under the organizational documents of any member of the Company Group, as a matter of law, under an individual indemnification agreement or contract or otherwise, or any other power that the Company may have to indemnify such Indemnifiable Persons or hold such Indemnifiable Persons harmless.

(f) Notwithstanding anything to the contrary contained in the Plan, the Board may, in its sole discretion, at any time and from time to time, grant Awards and administer the Plan with respect to such Awards. Any such actions by the Board shall be subject to the applicable rules of the securities exchange or inter-dealer quotation system on which the Common Stock is listed or quoted. In any such case, the Board shall have all the authority granted to the Committee under the Plan.

5. Grant of Awards; Shares Subject to the Plan; Limitations.

(a) The Committee may, from time to time, grant Awards to one or more Eligible Persons.

(b) Awards granted under the Plan shall be subject to the following limitations: (i) subject to Section 13 of the Plan, no more than 15,000,000 shares of Common Stock plus the number of shares of Common Stock underlying any award granted under the Prior Plan that expires, terminates or is canceled or forfeited for any reason whatsoever under the terms of the Prior Plan (the Absolute Share Limit) shall be available for Awards under the Plan; (ii) subject to Section 13 of the Plan, grants of Options or SARs under the Plan in respect of no more than 2,000,000 shares of Common Stock may be made to any individual Participant during any single fiscal year of the Company (for this purpose, if a SAR is granted in tandem with an Option (such that the SAR expires with respect to the number of shares of Common Stock for which the Option is exercised), only the shares underlying the Option shall count against this limitation); (iii) subject to Section 13 of the Plan, no more than 15,000,000 shares of Common Stock may be issued in the aggregate pursuant to the exercise of Incentive Stock Options granted under the Plan; (iv) subject to Section 13 of the Plan, no more than 2,000,000 shares of Common Stock may be issued in respect of Performance Compensation Awards denominated in shares of Common Stock granted pursuant to Section 12 of the Plan to any individual Participant for a single fiscal year during a Performance Period (or in the event a Performance Period extends beyond a single fiscal year, no more than 2,000,000 shares multiplied by the number of full fiscal years in the applicable Performance Period), or in the event such share-denominated Performance Compensation Award is paid in cash, other securities, other Awards or other property, no more than the Fair Market Value of such shares of Common Stock on the last day of the Performance Period to which such Award relates; (v) the maximum number of shares of Common Stock subject to Awards granted during a single fiscal year to any Non-Employee Director, taken together with any

cash fees paid to such Non-Employee Director during the fiscal year, shall not exceed \$1,000,000 in total value (calculating the value of any such Awards based on the grant date fair value of such Awards for financial reporting purposes and excluding, for this purpose, the value of any dividend equivalent payments paid pursuant to any Award granted in a previous fiscal year); and (vi) the maximum amount that can be paid to any individual Participant pursuant to a Performance Compensation Award denominated in cash granted pursuant to Section 12 of the Plan shall be \$30,000,000 for a single fiscal year during a Performance Period (or, in the event a Performance Period extends beyond a single fiscal year, the maximum amount which may be paid shall be no more than \$30,000,000 multiplied by the number of full fiscal years in the applicable Performance Period).

(c) Other than with respect to Substitute Awards, to the extent that an Award expires or is canceled, forfeited, terminated, settled in cash, or is otherwise settled without issuance to the Participant of the full number of shares of Common Stock to which the Award related, the unissued shares will again be available for grant under the Plan. Shares of Common Stock withheld in payment of the Exercise Price, or for taxes relating to an Award and shares equal to the number of shares surrendered in payment of any Exercise Price, or taxes relating to an Award, shall be deemed to constitute shares not issued to the Participant and shall be deemed to again be available for Awards under the Plan; provided, however, that such shares shall not become available for issuance hereunder if either (i) the applicable shares are withheld or surrendered following the termination of the Plan; or (ii) at the time the applicable shares are withheld or surrendered, it would constitute a material revision of the Plan subject to stockholder approval under any then-applicable rules of the national securities exchange on which the Common Stock is listed.

(d) Shares of Common Stock issued by the Company in settlement of Awards may be authorized and unissued shares, shares held in the treasury of the Company, shares purchased on the open market or by private purchase or a combination of the foregoing. Following the Effective Date, no further awards shall be granted under the Prior Plan.

A-2 PROXY STATEMENT Hilton

Table of Contents

(e) Awards may, in the sole discretion of the Committee, be granted under the Plan in assumption of, or in substitution for, outstanding awards previously granted by an entity directly or indirectly acquired by the Company or with which the Company combines (Substitute Awards). Substitute Awards shall not be counted against the Absolute Share Limit and shall not be subject to the Minimum Vesting Condition; *provided*, that Substitute Awards issued in connection with the assumption of, or in substitution for, outstanding options intended to qualify as incentive stock options within the meaning of Section 422 of the Code shall be counted against the aggregate number of shares of Common Stock available for Awards of Incentive Stock Options under the Plan. Subject to applicable stock exchange requirements, available shares under a stockholder-approved plan of an entity directly or indirectly acquired by the Company or with which the Company combines (as appropriately adjusted to reflect the acquisition or combination transaction) may be used for Awards under the Plan and shall not reduce the number of shares of Common Stock available for issuance under the Plan.

6. Eligibility. Participation in the Plan shall be limited to Eligible Persons.

7. Options.

(a) General. Each Option granted under the Plan shall be evidenced by an Award Agreement, which agreement need not be the same for each Participant. Each Option so granted shall be subject to the conditions set forth in this Section 7, and to such other conditions not inconsistent with the Plan as may be reflected in the applicable Award Agreement. All Options granted under the Plan shall be Nonqualified Stock Options unless the applicable Award Agreement expressly states that the Option is intended to be an Incentive Stock Option. Incentive Stock Options shall be granted only to Eligible Persons who are employees of a member of the Company Group, and no Incentive Stock Option shall be granted to any Eligible Person who is ineligible to receive an Incentive Stock Option under the Code. No Option shall be treated as an Incentive Stock Option unless the Plan has been approved by the stockholders of the Company in a manner intended to comply with the stockholder approval requirements of Section 422(b)(1) of the Code, *provided* that any Option intended to be an Incentive Stock Option shall not fail to be effective solely on account of a failure to obtain such approval, but rather such Option shall be treated as a Nonqualified Stock Option unless and until such approval is obtained. In the case of an Incentive Stock Option, the terms and conditions of such grant shall be subject to, and comply with, such rules as may be prescribed by Section 422 of the Code. If for any reason an Option intended to be an Incentive Stock Option (or any portion thereof) shall not qualify as an Incentive Stock Option, then, to the extent of such nonqualification, such Option or portion thereof shall be regarded as a Nonqualified Stock Option appropriately granted under the Plan.

(b) Exercise Price. Except as otherwise provided by the Committee in the case of Substitute Awards, the exercise price (Exercise Price) per share of Common Stock for each Option shall not be less than 100% of the Fair Market Value of such share (determined as of the Date of Grant); *provided, however*, that in the case of an Incentive Stock Option granted to an employee who, at the time of the grant of such Option, owns stock representing more than 10% of the voting power of all classes of stock of any member of the Company Group, the Exercise Price per share shall be no less than 110% of the Fair Market Value per share on the Date of Grant.

(c) Vesting and Expiration. Subject to the Minimum Vesting Condition, Options shall vest and become exercisable in such manner and on such date or dates or upon such event or events as determined by the Committee. Options shall expire upon a date determined by the Committee, not to exceed ten (10) years from the Date of Grant (the Option Period); *provided*, that if the Option Period (other than in the case of an Incentive Stock Option) would expire at a time when trading in the shares of Common Stock is prohibited by the Company's insider trading policy (or Company-imposed blackout period), then the Option Period shall be automatically extended until the thirtieth (30) day following the expiration of such prohibition. Notwithstanding the foregoing, in no event shall the Option Period exceed five (5) years from the Date of Grant in the case of an Incentive Stock Option granted to a Participant who on

the Date of Grant owns stock representing more than 10% of the voting power of all classes of stock of any member of the Company Group.

(d) Method of Exercise and Form of Payment. No shares of Common Stock shall be issued pursuant to any exercise of an Option until payment in full of the Exercise Price therefor is received by the Company and the Participant has paid to the Company an amount equal to any Federal, state, local and non-U.S. income, employment and any other applicable taxes required to be withheld. Options which have become exercisable may be exercised by delivery of written or electronic notice of exercise to the Company (or telephonic instructions to the extent provided by the Committee) in accordance with the terms of the Option accompanied by payment of the Exercise Price. The Exercise Price shall be payable: (i) in cash, check, cash equivalent and/or shares of Common Stock valued at the Fair Market Value at the time the Option is exercised (including, pursuant to procedures approved by the Committee, by means of attestation of ownership of a sufficient number of shares of Common Stock in lieu of actual issuance of such shares to the Company); *provided*, that such shares of Common Stock are not subject to any pledge or other security interest and have been held by the Participant for any period of time as established from time to time by the Committee in order to avoid adverse accounting treatment applying generally accepted accounting principles (GAAP); or (ii) by such other method as the Committee may permit, in its sole discretion, including, without limitation (A) in other property having a fair market value on the date of exercise equal to the Exercise Price; (B) if there is a public market for the shares of Common Stock at such time, by means of a broker-assisted cashless exercise pursuant to which the Company is delivered (including telephonically to the extent permitted by the Committee) a copy of irrevocable instructions to a stockbroker to sell the shares of Common Stock otherwise issuable upon the exercise of the Option and to deliver promptly to the Company an amount equal to the Exercise Price; or (C) a net exercise procedure effected by withholding the minimum number of shares of Common Stock otherwise issuable in respect of an Option that are needed to pay the Exercise Price. Any fractional shares of Common Stock shall be settled in cash.

Table of Contents

(e) Notification upon Disqualifying Disposition of an Incentive Stock Option. Each Participant awarded an Incentive Stock Option under the Plan shall notify the Company in writing immediately after the date the Participant makes a disqualifying disposition of any Common Stock acquired pursuant to the exercise of such Incentive Stock Option. A disqualifying disposition is any disposition (including, without limitation, any sale) of such Common Stock before the later of (i) the date that is two (2) years after the Date of Grant of the Incentive Stock Option, or (ii) the date that is one (1) year after the date of exercise of the Incentive Stock Option. The Company may, if determined by the Committee and in accordance with procedures established by the Committee, retain possession, as agent for the applicable Participant, of any Common Stock acquired pursuant to the exercise of an Incentive Stock Option until the end of the period described in the preceding sentence, subject to complying with any instructions from such Participant as to the sale of such Common Stock.

(f) Compliance With Laws, etc. Notwithstanding the foregoing, in no event shall a Participant be permitted to exercise an Option in a manner which the Committee determines would violate the Sarbanes-Oxley Act of 2002, as it may be amended from time to time, or any other applicable law or the applicable rules and regulations of the Securities and Exchange Commission or the applicable rules and regulations of any securities exchange or inter-dealer quotation system on which the securities of the Company are listed or traded.

8. Stock Appreciation Rights.

(a) General. Each SAR granted under the Plan shall be evidenced by an Award Agreement. Each SAR so granted shall be subject to the conditions set forth in this Section 8, and to such other conditions not inconsistent with the Plan as may be reflected in the applicable Award Agreement. Any Option granted under the Plan may include tandem SARs. The Committee also may award SARs to Eligible Persons independent of any Option.

(b) Strike Price. Except as otherwise provided by the Committee in the case of Substitute Awards, the strike price (Strike Price) per share of Common Stock for each SAR shall not be less than 100% of the Fair Market Value of such share (determined as of the Date of Grant). Notwithstanding the foregoing, a SAR granted in tandem with (or in substitution for) an Option previously granted shall have a Strike Price equal to the Exercise Price of the corresponding Option.

(c) Vesting and Expiration. A SAR granted in connection with an Option shall become exercisable and shall expire according to the same vesting schedule and expiration provisions as the corresponding Option. Subject to the Minimum Vesting Condition, a SAR granted independent of an Option shall vest and become exercisable in such manner and on such date or dates or upon such event or events as determined by the Committee. SARs shall expire upon a date determined by the Committee, not to exceed ten (10) years from the Date of Grant (the SAR Period); *provided*, that if the SAR Period would expire at a time when trading in the shares of Common Stock is prohibited by the Company's insider trading policy (or Company-imposed blackout period), then the SAR Period shall be automatically extended until the 30th day following the expiration of such prohibition.

(d) Method of Exercise. SARs that have become exercisable may be exercised by delivery of written or electronic notice of exercise to the Company in accordance with the terms of the Award, specifying the number of SARs to be exercised and the date on which such SARs were awarded.

(e) Payment. Upon the exercise of a SAR, the Company shall pay to the Participant an amount equal to the number of shares subject to the SAR that is being exercised multiplied by the excess of the Fair Market Value of one (1) share of Common Stock on the exercise date over the Strike Price, less an amount equal to any Federal, state, local and non-U.S. income, employment and any other applicable taxes required to be withheld. The Company shall pay such amount in cash, in shares of Common Stock valued at Fair Market Value, or any combination thereof, as determined

by the Committee. Any fractional shares of Common Stock shall be settled in cash.

9. Restricted Stock and Restricted Stock Units.

(a) General. Each grant of Restricted Stock and Restricted Stock Units shall be evidenced by an Award Agreement. Each Restricted Stock and Restricted Stock Unit so granted shall be subject to the conditions set forth in this Section 9, and to such other conditions not inconsistent with the Plan as may be reflected in the applicable Award Agreement.

(b) Stock Certificates and Book-Entry; Escrow or Similar Arrangement. Upon the grant of Restricted Stock, the Committee shall cause a stock certificate registered in the name of the Participant to be issued or shall cause share(s) of Common Stock to be registered in the name of the Participant and held in book-entry form subject to the Company's directions and, if the Committee determines that the Restricted Stock shall be held by the Company or in escrow rather than issued to the Participant pending the release of the applicable restrictions, the Committee may require the Participant to additionally execute and deliver to the Company (i) an escrow agreement satisfactory to the Committee, if applicable; and (ii) the appropriate stock power (endorsed in blank) with respect to the Restricted Stock covered by such agreement. If a Participant shall fail to execute and deliver (in a manner permitted under Section 15(a) of the Plan or as otherwise determined by the Committee) an agreement evidencing an Award of Restricted Stock and, if applicable, an escrow agreement and blank stock power within the amount of time specified by the Committee, the Award shall be null and void. Subject to the restrictions set forth in this Section 9 and the applicable Award Agreement, a Participant generally shall have the rights and privileges of a stockholder as to shares of Restricted Stock, including, without limitation, the right to vote such Restricted Stock; *provided*, that no dividends shall be payable on any shares of Restricted Stock with respect to which the applicable restrictions have not lapsed, and any such dividends shall be held by the Company and delivered (without interest) to the Participant within fifteen (15) days following the date on which such restrictions on such

Table of Contents

Restricted Stock lapse (and the right to any such accumulated dividends shall be forfeited upon the forfeiture of the Restricted Stock to which such dividends relate). To the extent shares of Restricted Stock are forfeited, any stock certificates issued to the Participant evidencing such shares shall be returned to the Company, and all rights of the Participant to such shares and as a stockholder with respect thereto shall terminate without further obligation on the part of the Company. A Participant shall have no rights or privileges as a stockholder as to Restricted Stock Units.

(c) Vesting. Subject to the Minimum Vesting Condition, Restricted Stock and Restricted Stock Units shall vest, and any applicable Restricted Period shall lapse, in such manner and on such date or dates or upon such event or events as determined by the Committee.

(d) Issuance of Restricted Stock and Settlement of Restricted Stock Units.

(i) Upon the expiration of the Restricted Period with respect to any shares of Restricted Stock, the restrictions set forth in the applicable Award Agreement shall be of no further force or effect with respect to such shares, except as set forth in the applicable Award Agreement. If an escrow arrangement is used, upon such expiration, the Company shall issue to the Participant, or the Participant's beneficiary, without charge, the stock certificate (or, if applicable, a notice evidencing a book-entry notation) evidencing the shares of Restricted Stock which have not then been forfeited and with respect to which the Restricted Period has expired (rounded down to the nearest full share). Dividends, if any, that may have been withheld by the Committee and attributable to any particular share of Restricted Stock shall be distributed to the Participant in cash or, in the sole discretion of the Committee, in shares of Common Stock having a Fair Market Value (on the date of distribution) equal to the amount of such dividends (without interest), upon the release of restrictions on such share and, if such share is forfeited, the Participant shall have no right to such dividends.

(ii) Unless otherwise provided by the Committee in an Award Agreement or otherwise, upon the expiration of the Restricted Period with respect to any outstanding Restricted Stock Units, the Company shall issue to the Participant or the Participant's beneficiary, without charge, one (1) share of Common Stock (or other securities or other property, as applicable) for each such outstanding Restricted Stock Unit; *provided, however*, that the Committee may, in its sole discretion, elect to (A) pay cash or part cash and part shares of Common Stock in lieu of issuing only shares of Common Stock in respect of such Restricted Stock Units; or (B) defer the issuance of shares of Common Stock (or cash or part cash and part shares of Common Stock, as the case may be) beyond the expiration of the Restricted Period if such extension would not cause adverse tax consequences under Section 409A of the Code. If a cash payment is made in lieu of issuing shares of Common Stock in respect of such Restricted Stock Units, the amount of such payment shall be equal to the Fair Market Value per share of the Common Stock as of the date on which the Restricted Period lapsed with respect to such Restricted Stock Units. To the extent provided in an Award Agreement or otherwise, upon the payment by the Company of dividends on shares of Common Stock, the holder of outstanding Restricted Stock Units shall be entitled to be credited with dividend equivalent payments in cash (unless, the Committee, in its sole discretion, elects to credit such payments in shares of Common Stock or additional Restricted Stock Units having a Fair Market Value equal to the amount of such dividend), which amount shall be payable (without interest) at the same time as the underlying Restricted Stock Units are settled following the date on which the Restricted Period lapses with respect to such Restricted Stock Units, and in no event shall such dividend equivalents be payable on any date prior thereto, including if such Restricted Stock Units are forfeited. The Participant shall have no right to such dividend equivalent payments prior to such settlement date.

(e) Legends on Restricted Stock. Each certificate, if any, or book entry representing Restricted Stock awarded under the Plan, if any, shall bear a legend or book entry notation substantially in the form of the following, in addition to any other information the Company deems appropriate, until the lapse of all restrictions with respect to such shares of Common Stock:

TRANSFER OF THIS CERTIFICATE AND THE SHARES REPRESENTED HEREBY IS RESTRICTED PURSUANT TO THE TERMS OF THE HILTON 2017 OMNIBUS INCENTIVE PLAN AND A RESTRICTED STOCK AWARD AGREEMENT BETWEEN HILTON WORLDWIDE HOLDINGS INC. AND PARTICIPANT. A COPY OF SUCH PLAN AND AWARD AGREEMENT IS ON FILE AT THE PRINCIPAL EXECUTIVE OFFICES OF HILTON WORLDWIDE HOLDINGS INC.

10. Other Equity-Based Awards. Subject to the Minimum Vesting Condition, the Committee may grant Other Equity-Based Awards under the Plan to Eligible Persons, alone or in tandem with other Awards, in such amounts and dependent on such conditions as the Committee shall from time to time in its sole discretion determine. Each Other Equity-Based Award granted under the Plan shall be evidenced by an Award Agreement and shall be subject to such conditions not inconsistent with the Plan as may be reflected in the applicable Award Agreement, including, without limitation, those set forth in Section 15(a) of the Plan.

11. Cash-Based Performance Awards. The Committee may grant Cash-Based Performance Awards under the Plan to Eligible Persons who are or that the Committee reasonably believes could be a covered employee (within the meaning of Section 162(m) of the Code). All Cash-Based Performance Awards shall be designated Performance Compensation Awards, and shall be subject to the terms and conditions of Section 12 hereof. Each Cash-Based Performance Award granted under the Plan shall be evidenced in such form as the Committee may determine from time to time.

12. Performance Compensation Awards.

(a) General. The Committee shall have the authority, at or before the time of grant of any Award, to designate such Award as a Performance Compensation Award intended to qualify as performance-based compensation under Section 162(m) of the Code. Notwithstanding anything in the Plan to the contrary, if the Company determines that a Participant who has been granted an

Table of Contents

Award designated as a Performance Compensation Award is not (or is no longer) a covered employee, the terms and conditions of such Award may be modified without regard to any restrictions or limitations set forth in this Section 12 (but subject otherwise to the provisions of Section 14 of the Plan). Performance Compensation Awards (including, without limitation, Cash-Based Performance Awards) may be settled in cash, shares of Common Stock, Restricted Stock and/or Restricted Stock Units.

(b) Discretion of Committee with Respect to Performance Compensation Awards. With regard to a particular Performance Period, the Committee shall have sole discretion to select the length of such Performance Period, the type(s) of Performance Compensation Awards to be issued, the Performance Criteria that will be used to establish the Performance Goal(s), the kind(s) and/or level(s) of the Performance Goal(s) that is (are) to apply and the Performance Formula(e). Within the first ninety (90) days of a Performance Period (or, within any other maximum period allowed under Section 162(m) of the Code), the Committee shall, with regard to the Performance Compensation Awards to be issued for such Performance Period, exercise its discretion with respect to each of the matters enumerated in the immediately preceding sentence and record the same in writing.

(c) Performance Criteria. The Performance Criteria that will be used to establish the Performance Goal(s) may be based on the attainment of specific levels of performance of the Company (and/or one or more members of the Company Group, divisions or operational and/or business units, product lines, brands, business segments, administrative departments, or any combination of the foregoing) and shall be limited to the following, which may be determined in accordance with GAAP or on a non-GAAP basis: (i) net earnings or net income (before or after taxes); (ii) basic or diluted earnings per share (before or after taxes); (iii) net revenue or net revenue growth; (iv) gross revenue or gross revenue growth, gross profit or gross profit growth; (v) net operating profit (before or after taxes); (vi) return measures (including, but not limited to, return on investment, assets, capital, employed capital, invested capital, equity, or sales); (vii) cash flow and/or growth measures (including, but not limited to, gross or adjusted cash flow, operating cash flow, free cash flow, and cash flow return on capital), which may but are not required to be measured on a per share basis; (viii) earnings before or after interest, taxes, depreciation and/or amortization (including EBIT, EBITDA and adjusted EBITDA); (ix) gross or net operating margins; (x) productivity ratios; (xi) share price (including, but not limited to, growth measures and total stockholder return); (xii) expense targets or cost reduction goals, general and administrative expense savings; (xiii) operating efficiency; (xiv) objective measures of customer satisfaction; (xv) working capital targets; (xvi) measures of economic value added or other value creation metrics; (xvii) inventory control; (xviii) enterprise value; (xix) sales; (xx) stockholder return; (xxi) competitive market metrics; (xxii) employee retention; (xxiii) timely completion of new product rollouts; (xxiv) timely opening of new facilities; (xxv) objective measures of personal targets, goals or completion of projects (including but not limited to succession and hiring projects, completion of specific acquisitions, dispositions, reorganizations or other corporate transactions or capital-raising transactions, expansions of specific business operations and meeting divisional or project budgets); (xxvi) system-wide revenues; (xxvii) franchise and/or royalty income; (xxviii) comparisons of continuing operations to other operations; (xxix) market share; (xxx) cost of capital, debt leverage year-end cash position or book value; (xxxii) strategic objectives, development of new product lines and related revenue, sales and margin targets; (xxxiii) franchisee growth and retention, co-branding or international operations; (xxxiv) management fee or licensing fee growth; (xxxv) capital expenditures; (xxxvi) guest satisfaction; (xxxvii) RevPAR (revenue per available room); or (xxxviii) any combination of the foregoing. Any one or more of the Performance Criteria may be stated as a percentage of another Performance Criteria, or used on an absolute or relative basis to measure the performance of the Company and/or one or more members of the Company Group as a whole or any divisions or operational and/or business units, product lines, brands, business segments or administrative departments of the Company and/or one or more members of the Company Group or any combination thereof, as the Committee may deem appropriate, or any of the above Performance Criteria may be compared to the performance of a selected group of comparison companies, or a published or special index that the Committee, in its sole discretion, deems appropriate, or as compared to various stock market indices. To the extent required under Section 162(m) of the Code,

the Committee shall, within the first ninety (90) days of a Performance Period (or, within any other maximum period allowed under Section 162(m) of the Code), define in an objective fashion the manner of calculating the Performance Criteria it selects to use for such Performance Period.

(d) Modification of Performance Goal(s). In the event that applicable tax and/or securities laws change to permit Committee discretion to alter the governing Performance Criteria without obtaining stockholder approval of such alterations, the Committee shall have sole discretion to make such alterations without obtaining stockholder approval. Unless otherwise determined by the Committee at the time a Performance Compensation Award is granted, the Committee shall, during the first ninety (90) days of a Performance Period (or, within any other maximum period allowed under Section 162(m) of the Code), or at any time thereafter to the extent the exercise of such authority at such time would not cause the Performance Compensation Awards granted to any Participant for such Performance Period to fail to qualify as performance-based compensation under Section 162(m) of the Code, specify adjustments or modifications to be made to the calculation of a Performance Goal for such Performance Period, based on and in order to appropriately reflect the following events: (i) asset write-downs; (ii) litigation, claims, judgments or settlements; (iii) the effect of changes in tax laws, accounting principles, or other laws or regulatory rules affecting reported results; (iv) any reorganization and restructuring programs; (v) acquisitions or divestitures; (vi) any other specific, unusual or nonrecurring events, or objectively determinable category thereof; (vii) foreign exchange gains and losses or fluctuation in currency exchange rates; (viii) discontinued operations and nonrecurring charges; (ix) a change in the Company's fiscal year; (x) accruals for payments to be made in respect of the Plan or other specified compensation arrangements; and (xi) any other event described in Section 13.

(e) Payment of Performance Compensation Awards.

(i) Condition to Receipt of Payment. Unless otherwise provided in the applicable Award Agreement or otherwise determined by the Committee, a Participant must be employed by the Company on the last day of a Performance Period to be eligible for payment in respect of a Performance Compensation Award for such Performance Period.

(ii) **Limitation.** Unless otherwise provided in the applicable Award Agreement or otherwise determined by the Committee, a Participant shall be eligible to receive payment in respect of a Performance Compensation Award only to the extent that (A) the Performance Goals for such period are achieved, and (B) all or some portion of such Participant's Performance Compensation Award has been earned for the Performance Period based on the application of the Performance Formula to such achieved Performance Goals.

(iii) **Certification.** Following the completion of a Performance Period, the Committee shall review and certify in writing whether, and to what extent, the Performance Goals for the Performance Period have been achieved and, if so, calculate and certify in writing that amount of the Performance Compensation Awards earned for the period based upon the Performance Formula. The Committee shall then determine the amount of each Participant's Performance Compensation Award actually payable for the Performance Period and, in so doing, may apply Negative Discretion.

(iv) **Use of Negative Discretion.** In determining the actual amount of an individual Participant's Performance Compensation Award for a Performance Period, if such Performance Compensation Award is a Cash-Based Performance Award, the Committee may reduce or eliminate the amount of such Performance Compensation Award earned under the Performance Formula in the Performance Period through the use of Negative Discretion. Unless otherwise provided in the applicable Award Agreement or otherwise determined by the Committee, the Committee shall not have the discretion to (A) grant or provide payment in respect of Performance Compensation Awards for a Performance Period if the Performance Goals for such Performance Period have not been attained or (B) increase a Performance Compensation Award above the applicable limitations set forth in Section 5 of the Plan.

(f) **Timing of Award Payments.** Unless otherwise provided in the applicable Award Agreement or otherwise determined by the Committee, Performance Compensation Awards granted for a Performance Period shall be paid to Participants as soon as administratively practicable following completion of the certifications required by this Section 12. Any Performance Compensation Award that has been deferred shall not (between the date as of which the Award is deferred and the payment date) increase (i) with respect to a Performance Compensation Award that is payable all or part in cash, by a measuring factor for each fiscal year greater than a reasonable rate of interest set by the Committee; or (ii) with respect to a Performance Compensation Award that is payable in shares of Common Stock, by an amount greater than the appreciation of a share of Common Stock from the date such Award is deferred to the payment date. Any Performance Compensation Award that is deferred and is otherwise payable in shares of Common Stock shall be credited (during the period between the date as of which the Award is deferred and the payment date) with dividend equivalents (in a manner consistent with the methodology set forth in the last sentence of Section 9(d)(ii) of the Plan).

13. Changes in Capital Structure and Similar Events. Notwithstanding any other provision in this Plan to the contrary, the following provisions shall apply to all Awards granted hereunder:

(a) **General.** In the event of (i) any dividend (other than regular cash dividends) or other distribution (whether in the form of cash, shares of Common Stock, other securities or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, split-off, spin-off, combination, repurchase or exchange of shares of Common Stock or other securities of the Company, issuance of warrants or other rights to acquire shares of Common Stock or other securities of the Company, or other similar corporate transaction or event that affects the shares of Common Stock (including a Change in Control); or (ii) unusual or nonrecurring events affecting the Company, including changes in applicable rules, rulings, regulations or other requirements, that the Committee determines, in its sole discretion, could result in substantial dilution or enlargement of the rights intended to be granted to, or available for, Participants (any event in (i) or (ii), an **Adjustment Event**), the Committee shall, in respect of any such Adjustment Event, make such proportionate substitution or adjustment, if any, as it deems equitable, including, without limitation, to any or all of (A) the Absolute Share Limit, or any other limit applicable under the

Plan with respect to the number of Awards which may be granted hereunder; (B) the number of shares of Common Stock or other securities of the Company (or number and kind of other securities or other property) which may be issued in respect of Awards or with respect to which Awards may be granted under the Plan or any Sub-Plan; and (C) the terms of any outstanding Award, including, without limitation, (I) the number of shares of Common Stock or other securities of the Company (or number and kind of other securities or other property) subject to outstanding Awards or to which outstanding Awards relate; (II) the Exercise Price or Strike Price with respect to any Award; or (III) any applicable performance measures (including, without limitation, Performance Criteria and Performance Goals); *provided*, that in the case of any equity restructuring (within the meaning of the Financial Accounting Standards Board Accounting Standards Codification Topic 718 (or any successor pronouncement thereto)), the Committee shall make an equitable or proportionate adjustment to outstanding Awards to reflect such equity restructuring.

(b) Change in Control. Without limiting the foregoing, except as may otherwise be provided in an Award Agreement, in connection with any Change in Control, the Committee may, in its sole discretion, provide for any one or more of the following:

(i) substitution or assumption of Awards (or awards of an acquiring company), acceleration of the vesting of, exercisability of, lapse of restrictions on, or termination of, Awards, or, with respect to awards subject to exercise, establishment of a period of time (which shall not be required to be more than ten (10) days) for Participants to exercise outstanding Awards prior to the occurrence of such event (and any such Award not so exercised shall terminate upon the occurrence of such event);

(ii) cancellation of any one or more outstanding Awards and payment to the holders of such Awards that are vested as of such cancellation (including, without limitation, any Awards that would vest as a result of the occurrence of such event but for such cancellation or for which vesting is accelerated by the Committee in connection with such event pursuant to clause (i) above), the value of such Awards, if any, as determined by the Committee (which value, if applicable, may be based upon the price per share of Common Stock received or to be received by other stockholders of the Company in such event), including, without

Table of Contents

limitation, in the case of an outstanding Option or SAR, a cash payment in an amount equal to the excess, if any, of the Fair Market Value (as of a date specified by the Committee) of the shares of Common Stock subject to such Option or SAR over the aggregate Exercise Price or Strike Price of such Option or SAR (it being understood that, in such event, any Option or SAR having a per share Exercise Price or Strike Price equal to, or in excess of, the Fair Market Value of a share of Common Stock subject thereto may be canceled and terminated without any payment or consideration therefor), or, in the case of Restricted Stock, Restricted Stock Units or Other Equity-Based Awards that are not vested as of such cancellation, a cash payment or, subject to any limitations may be necessary to comply with Section 409A of the Code, equity subject to deferred vesting and delivery consistent with the vesting restrictions applicable to such Restricted Stock, Restricted Stock Units or Other Equity-Based Awards prior to cancellation, or the underlying shares in respect thereof; and

(iii) subject to any limitations or reductions as may be necessary to comply with Section 409A of the Code, conversion or replacement of any Award that is not vested as of the occurrence of such event into or with the right to receive a payment, based on the value of the Award (as determined consistent with clause (ii) above), which is subject to continued vesting on the same basis as the vesting requirements applicable to such converted or replaced Award.

Payments to holders pursuant to clause (ii) above shall be made in cash or, in the sole discretion of the Committee, in the form of such other consideration necessary for a Participant to receive property, cash, or securities (or combination thereof) as such Participant would have been entitled to receive upon the occurrence of the transaction if the Participant had been, immediately prior to such transaction, the holder of the number of shares of Common Stock covered by the Award at such time (less any applicable Exercise Price or Strike Price).

(c) **Other Requirements.** Prior to any payment or adjustment contemplated under this Section 13, the Committee may require a Participant to (i) represent and warrant as to the unencumbered title to the Participant's Awards; (ii) bear such Participant's pro rata share of any post-closing indemnity obligations, and be subject to the same post-closing purchase price adjustments, escrow terms, offset rights, holdback terms, and similar conditions as the other holders of Common Stock, subject to any limitations or reductions as may be necessary to comply with Section 409A of the Code; and (iii) deliver customary transfer documentation as reasonably determined by the Committee.

(d) **Fractional Shares.** Any adjustment provided under this Section 13 may provide for the elimination of any fractional share that might otherwise become subject to an Award.

(e) **Binding Effect.** Any adjustment, substitution, determination of value or other action taken by the Committee under this Section 13 shall be conclusive and binding for all purposes.

14. Amendments and Termination.

(a) **Amendment and Termination of the Plan.** The Board may amend, alter, suspend, discontinue, or terminate the Plan or any portion thereof at any time; *provided*, that no such amendment, alteration, suspension, discontinuance or termination shall be made without stockholder approval if (i) such approval is necessary to comply with any regulatory requirement applicable to the Plan (including, without limitation, as necessary to comply with any rules or regulations of any securities exchange or inter-dealer quotation system on which the securities of the Company may be listed or quoted) or for changes in GAAP to new accounting standards; (ii) it would materially increase the number of securities which may be issued under the Plan (except for increases pursuant to Section 5 or 13 of the Plan); or (iii) it would materially modify the requirements for participation in the Plan; *provided, further*, that any such amendment, alteration, suspension, discontinuance or termination that would materially and adversely affect the rights of any Participant or any holder or beneficiary of any Award theretofore granted shall not to that extent be effective without the consent of the affected Participant, holder or beneficiary. Notwithstanding the foregoing, no amendment

shall be made to the last proviso of Section 14(b) of the Plan without stockholder approval.

(b) Amendment of Award Agreements. The Committee may, to the extent consistent with the terms of the Plan and any applicable Award Agreement, waive any conditions or rights under, amend any terms of, or alter, suspend, discontinue, cancel or terminate, any Award theretofore granted or the associated Award Agreement, prospectively or retroactively (including after a Participant's Termination); *provided*, that, other than pursuant to Section 13, any such waiver, amendment, alteration, suspension, discontinuance, cancellation or termination that would materially and adversely affect the rights of any Participant with respect to any Award theretofore granted shall not to that extent be effective without the consent of the affected Participant; *provided, further*, that in no event shall any such amendment alter the Minimum Vesting Condition.

(c) No Repricing. Notwithstanding anything in the Plan to the contrary, without stockholder approval, except as otherwise permitted under Section 13 of the Plan, (i) no amendment or modification may reduce the Exercise Price of any Option or the Strike Price of any SAR; (ii) the Committee may not cancel any outstanding Option or SAR and replace it with a new Option or SAR (with a lower Exercise Price or Strike Price, as the case may be) or other Award or cash payment that is greater than the intrinsic value (if any) of the cancelled Option or SAR; and (iii) the Committee may not take any other action which is considered a repricing for purposes of the stockholder approval rules of any securities exchange or inter-dealer quotation system on which the securities of the Company are listed or quoted.

15. General.

(a) Award Agreements. Each Award (other than a Cash-Based Performance Award) under the Plan shall be evidenced by an Award Agreement, which shall be delivered to the Participant to whom such Award was granted and shall specify the terms and

Table of Contents

conditions of the Award and any rules applicable thereto, including, without limitation, the effect on such Award of the death, Disability or Termination of a Participant, or of such other events as may be determined by the Committee. For purposes of the Plan, an Award Agreement may be in any such form (written or electronic) as determined by the Committee (including, without limitation, a Board or Committee resolution, an employment agreement, a notice, a certificate or a letter) evidencing the Award. The Committee need not require an Award Agreement to be signed by the Participant or a duly authorized representative of any member of the Company Group.

(b) **Nontransferability.** Each Award shall be exercisable only by such Participant to whom such Award was granted during the Participant's lifetime, or, if permissible under applicable law, by the Participant's legal guardian or representative. No Award may be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by a Participant (unless such transfer is specifically required pursuant to a domestic relations order or by applicable law) other than by will or by the laws of descent and distribution and any such purported assignment, alienation, pledge, attachment, sale, transfer or encumbrance shall be void and unenforceable against any member of the Company Group; *provided*, that the designation of a beneficiary shall not constitute an assignment, alienation, pledge, attachment, sale, transfer or encumbrance.

(c) **Dividends and Dividend Equivalents.** The Committee may, in its sole discretion, provide a Participant as part of an Award with dividends, dividend equivalents, or similar payments in respect of Awards, payable in cash, shares of Common Stock, other securities, other Awards or other property (in each case, without interest), on a current or deferred basis, on such terms and conditions as may be determined by the Committee in its sole discretion, including, without limitation, payment directly to the Participant, withholding of such amounts by the Company subject to vesting of the Award or reinvestment in additional shares of Common Stock, Restricted Stock or other Awards; *provided, further*, that no dividends, dividend equivalents or other similar payments shall be payable in respect of outstanding (i) Options or SARs; or (ii) unvested Awards (although dividends, dividend equivalents or other similar payments may be accumulated in respect of such unvested Awards and paid within fifteen (15) days after such Awards are earned and become payable or distributable).

(d) **Tax Withholding.**

(i) A Participant shall be required to pay to the Company or one or more of its Subsidiaries, as applicable, an amount in cash (by check or wire transfer) equal to the aggregate amount of any income, employment and/or other applicable taxes that are statutorily required to be withheld in respect of an Award. Alternatively, the Company or any of its Subsidiaries may elect, in its sole discretion, in an Award Agreement or otherwise, to satisfy this requirement by withholding such amount from any cash compensation or other cash amounts owing to a Participant.

(ii) Without limiting the foregoing, the Committee may (but is not obligated to), in its sole discretion, in an Award Agreement or otherwise, permit or require, a Participant to satisfy, all or any portion of the minimum income, employment and/or other applicable taxes that are statutorily required to be withheld with respect to an Award by (A) the delivery of shares of Common Stock (which are not subject to any pledge or other security interest) that have been both held by the Participant and vested for any period of time as established from time to time by the Committee in order to avoid adverse accounting treatment under GAAP) having an aggregate Fair Market Value equal to such minimum statutorily required withholding liability (or portion thereof); or (B) having the Company withhold from the shares of Common Stock otherwise issuable or deliverable to, or that would otherwise be retained by, the Participant upon the grant, exercise, vesting or settlement of the Award, as applicable, a number of shares of Common Stock with an aggregate Fair Market Value equal to an amount, subject to clause (iii) below, not in excess of such minimum statutorily required withholding liability (or portion thereof).

(iii) The Committee, subject to its having considered the applicable accounting impact of any such determination, has full discretion, in an Award Agreement or otherwise, to allow Participants to satisfy, in whole or in part, any additional income, employment and/or other applicable taxes payable by them with respect to an Award by electing to have the Company withhold from the shares of Common Stock otherwise issuable or deliverable to, or that would otherwise be retained by, a Participant upon the grant, exercise, vesting or settlement of the Award, as applicable, shares of Common Stock having an aggregate Fair Market Value that is greater than the applicable minimum required statutory withholding liability (but such withholding may in no event be in excess of the maximum statutory withholding amount(s) in a Participant's relevant tax jurisdictions).

(e) Data Protection. By participating in the Plan or accepting any rights granted under it, each Participant consents to the collection and processing of personal data relating to the Participant so that any member(s) of the Company Group can fulfill their obligations and exercise their rights under the Plan and generally administer and manage the Plan. This data will include, but may not be limited to, data about participation in the Plan and shares offered or received, purchased, or sold under the Plan from time to time and other appropriate financial and other data (such as the date on which the Awards were granted) about the Participant and the Participant's participation in the Plan.

(f) No Claim to Awards; No Rights to Continued Employment; Waiver. No employee of any member of the Company Group, or other Person, shall have any claim or right to be granted an Award under the Plan or, having been selected for the grant of an Award, to be selected for a grant of any other Award. There is no obligation for uniformity of treatment of Participants or holders or beneficiaries of Awards. The terms and conditions of Awards and the Committee's determinations and interpretations with respect thereto need not be the same with respect to each Participant and may be made selectively among Participants, whether or not such Participants are similarly situated. Neither the Plan nor any action taken hereunder shall be construed as giving any Participant any right to be retained in the employ or service of the Service Recipient or any other member of the Company Group, nor shall it be construed as giving any Participant any rights to continued service on the Board. The Service Recipient or any other

member of the Company Group may at any time dismiss a Participant from employment or discontinue any consulting relationship, free from any liability or any claim under the Plan, unless otherwise expressly provided in the Plan or any Award Agreement. By accepting an Award under the Plan, a Participant shall thereby be deemed to have waived any claim to continued exercise or vesting of an Award or to damages or severance entitlement related to non-continuation of the Award beyond the period provided under the Plan or any Award Agreement, except to the extent of any provision to the contrary in any written employment contract or other agreement between the Service Recipient and/or any member of the Company Group and the Participant, whether any such agreement is executed before, on or after the Date of Grant.

(g) International Participants. With respect to Participants who reside or work outside of the United States of America and who are not (and who are not expected to be) covered employees within the meaning of Section 162(m) of the Code, the Committee may, in its sole discretion, amend the terms of the Plan and create or amend Sub-Plans or amend outstanding Awards with respect to such Participants in order to conform such terms with the requirements of local law or to obtain more favorable tax or other treatment for a Participant or any member of the Company Group.

(h) Designation and Change of Beneficiary. Each Participant may file with the Committee a written designation of one or more Persons as the beneficiary(ies) who shall be entitled to receive the amounts payable with respect to an Award, if any, due under the Plan upon the Participant's death. A Participant may, from time to time, revoke or change the Participant's beneficiary designation without the consent of any prior beneficiary by filing a new designation with the Committee. The last such designation received by the Committee shall be controlling; *provided, however*, that no designation, or change or revocation thereof, shall be effective unless received by the Committee prior to the Participant's death, and in no event shall it be effective as of a date prior to such receipt. If no beneficiary designation is filed by a Participant, the beneficiary shall be deemed to be the Participant's spouse or, if the Participant is unmarried at the time of death, the Participant's estate.

(i) Termination. Except as otherwise provided in an Award Agreement, unless determined otherwise by the Committee at any point following such event: (i) neither a temporary absence from employment or service due to illness, vacation or leave of absence (including, without limitation, a call to active duty for military service through a Reserve or National Guard unit) nor a transfer from employment or service with one Service Recipient to employment or service with another Service Recipient (or vice-versa) shall be considered a Termination; and (ii) if a Participant undergoes a Termination of employment, but such Participant continues to provide services to the Company Group in a non-employee capacity, such change in status shall not be considered a Termination for purposes of the Plan. Further, unless otherwise determined by the Committee, in the event that any Service Recipient ceases to be a member of the Company Group (by reason of sale, divestiture, spin-off or other similar transaction), unless a Participant's employment or service is transferred to another entity that would constitute a Service Recipient immediately following such transaction, such Participant shall be deemed to have suffered a Termination hereunder as of the date of the consummation of such transaction.

(j) No Rights as a Stockholder. Except as otherwise specifically provided in the Plan or any Award Agreement, no Person shall be entitled to the privileges of ownership in respect of shares of Common Stock that are subject to Awards hereunder until such shares have been issued or delivered to such Person.

(k) Government and Other Regulations.

(i) The obligation of the Company to settle Awards in shares of Common Stock or other consideration shall be subject to all applicable laws, rules, and regulations, and to such approvals by governmental agencies as may be required. Notwithstanding any terms or conditions of any Award to the contrary, the Company shall be under no obligation to offer to sell or to sell, and shall be prohibited from offering to sell or selling, any shares of Common Stock pursuant to

an Award unless such shares have been properly registered for sale pursuant to the Securities Act with the Securities and Exchange Commission or unless the Company has received an opinion of counsel (if the Company has requested such an opinion), satisfactory to the Company, that such shares may be offered or sold without such registration pursuant to an available exemption therefrom and the terms and conditions of such exemption have been fully complied with. The Company shall be under no obligation to register for sale under the Securities Act any of the shares of Common Stock to be offered or sold under the Plan. The Committee shall have the authority to provide that all shares of Common Stock or other securities of any member of the Company Group issued under the Plan shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the Plan, the applicable Award Agreement, the Federal securities laws, or the rules, regulations and other requirements of the Securities and Exchange Commission, any securities exchange or inter-dealer quotation system on which the securities of the Company are listed or quoted and any other applicable Federal, state, local or non-U.S. laws, rules, regulations and other requirements, and, without limiting the generality of Section 9 of the Plan, the Committee may cause a legend or legends to be put on certificates representing shares of Common Stock or other securities of any member of the Company Group issued under the Plan to make appropriate reference to such restrictions or may cause such Common Stock or other securities of any member of the Company Group issued under the Plan in book-entry form to be held subject to the Company's instructions or subject to appropriate stop-transfer orders. Notwithstanding any provision in the Plan to the contrary, the Committee reserves the right to add any additional terms or provisions to any Award granted under the Plan that the Committee, in its sole discretion, deems necessary or advisable in order that such Award complies with the legal requirements of any governmental entity to whose jurisdiction the Award is subject.

(ii) The Committee may cancel an Award or any portion thereof if it determines, in its sole discretion, that legal or contractual restrictions and/or blockage and/or other market considerations would make the Company's acquisition of shares of Common Stock from the public markets, the Company's issuance of Common Stock to the Participant, the Participant's acquisition of

Common Stock from the Company and/or the Participant's sale of Common Stock to the public markets, illegal, impracticable or inadvisable. If the Committee determines to cancel all or any portion of an Award in accordance with the foregoing, the Company shall, subject to any limitations or reductions as may be necessary to comply with Section 409A of the Code, (A) pay to the Participant an amount equal to the excess of (I) the aggregate Fair Market Value of the shares of Common Stock subject to such Award or portion thereof canceled (determined as of the applicable exercise date, or the date that the shares would have been vested or issued, as applicable); over (II) the aggregate Exercise Price or Strike Price (in the case of an Option or SAR, respectively) or any amount payable as a condition of issuance of shares of Common Stock (in the case of any other Award). Such amount shall be delivered to the Participant as soon as practicable following the cancellation of such Award or portion thereof, or (B) in the case of Restricted Stock, Restricted Stock Units or Other Equity-Based Awards, provide the Participant with a cash payment or equity subject to deferred vesting and delivery consistent with the vesting restrictions applicable to such Restricted Stock, Restricted Stock Units or Other Equity-Based Awards, or the underlying shares in respect thereof.

(l) No Section 83(b) Elections Without Consent of Company. No election under Section 83(b) of the Code or under a similar provision of law may be made unless expressly permitted by the terms of the applicable Award Agreement or by action of the Committee in writing prior to the making of such election. If a Participant, in connection with the acquisition of shares of Common Stock under the Plan or otherwise, is expressly permitted to make such election and the Participant makes the election, the Participant shall notify the Company of such election within ten (10) days of filing notice of the election with the Internal Revenue Service or other governmental authority, in addition to any filing and notification required pursuant to Section 83(b) of the Code or other applicable provision.

(m) Payments to Persons Other Than Participants. If the Committee shall find that any Person to whom any amount is payable under the Plan is unable to care for the Participant's affairs because of illness or accident, or is a minor, or has died, then any payment due to such Person or the Participant's estate (unless a prior claim therefor has been made by a duly appointed legal representative) may, if the Committee so directs the Company, be paid to the Participant's spouse, child, relative, an institution maintaining or having custody of such Person, or any other Person deemed by the Committee to be a proper recipient on behalf of such Person otherwise entitled to payment. Any such payment shall be a complete discharge of the liability of the Committee and the Company therefor.

(n) Nonexclusivity of the Plan. Neither the adoption of the Plan by the Board nor the submission of the Plan to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, including, without limitation, the granting of equity-based awards otherwise than under the Plan, and such arrangements may be either applicable generally or only in specific cases.

(o) No Trust or Fund Created. Neither the Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between any member of the Company Group, on the one hand, and a Participant or other Person, on the other hand. No provision of the Plan or any Award shall require the Company, for the purpose of satisfying any obligations under the Plan, to purchase assets or place any assets in a trust or other entity to which contributions are made or otherwise to segregate any assets, nor shall the Company be obligated to maintain separate bank accounts, books, records or other evidence of the existence of a segregated or separately maintained or administered fund for such purposes. Participants shall have no rights under the Plan other than as unsecured general creditors of the Company, except that insofar as they may have become entitled to payment of additional compensation by performance of services, they shall have the same rights as other service providers under general law.

(p) Reliance on Reports. Each member of the Committee and each member of the Board shall be fully justified in acting or failing to act, as the case may be, and shall not be liable for having so acted or failed to act in good faith, in

reliance upon any report made by the independent public accountant of any member of the Company Group and/or any other information furnished in connection with the Plan by any agent of the Company or the Committee or the Board, other than himself or herself.

(q) Relationship to Other Benefits. No payment under the Plan shall be taken into account in determining any benefits under any pension, retirement, profit sharing, group insurance or other benefit plan of the Company except as otherwise specifically provided in such other plan or as required by applicable law.

(r) Governing Law. The Plan shall be governed by and construed in accordance with the internal laws of the State of Delaware applicable to contracts made and performed wholly within the State of Delaware, without giving effect to the conflict of laws provisions thereof. EACH PARTICIPANT WHO ACCEPTS AN AWARD IRREVOCABLY WAIVES ALL RIGHT TO A TRIAL BY JURY IN ANY SUIT, ACTION, OR OTHER PROCEEDING INSTITUTED BY OR AGAINST SUCH PARTICIPANT IN RESPECT OF THE PARTICIPANT'S RIGHTS OR OBLIGATIONS HEREUNDER.

(s) Severability. If any provision of the Plan or any Award or Award Agreement is or becomes or is deemed to be invalid, illegal, or unenforceable in any jurisdiction or as to any Person or Award, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to the applicable laws, or if it cannot be construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan or the Award, such provision shall be construed or deemed stricken as to such jurisdiction, Person or Award and the remainder of the Plan and any such Award shall remain in full force and effect.

Table of Contents

(t) Obligations Binding on Successors. The obligations of the Company under the Plan shall be binding upon any successor corporation or organization resulting from the merger, consolidation or other reorganization of the Company, or upon any successor corporation or organization succeeding to substantially all of the assets and business of the Company.

(u) Section 409A of the Code.

(i) Notwithstanding any provision of the Plan to the contrary, it is intended that the provisions of the Plan comply with Section 409A of the Code, and all provisions of the Plan shall be construed and interpreted in a manner consistent with the requirements for avoiding taxes or penalties under Section 409A of the Code. Each Participant is solely responsible and liable for the satisfaction of all taxes and penalties that may be imposed on or in respect of such Participant in connection with the Plan (including any taxes and penalties under Section 409A of the Code), and neither the Service Recipient nor any other member of the Company Group shall have any obligation to indemnify or otherwise hold such Participant (or any beneficiary) harmless from any or all of such taxes or penalties. With respect to any Award that is considered deferred compensation subject to Section 409A of the Code, references in the Plan to termination of employment or termination of service (and substantially similar phrases) shall mean separation from service within the meaning of Section 409A of the Code. For purposes of Section 409A of the Code, each of the payments that may be made in respect of any Award granted under the Plan is designated as separate payments.

(ii) Notwithstanding anything in the Plan to the contrary, if a Participant is a specified employee within the meaning of Section 409A(a)(2)(B)(i) of the Code, no payments in respect of any Awards that are deferred compensation subject to Section 409A of the Code and which would otherwise be payable upon the Participant's separation from service (as defined in Section 409A of the Code) shall be made to such Participant prior to the date that is six (6) months after the date of such Participant's separation from service or, if earlier, the date of the Participant's death. Following any applicable six (6) month delay, all such delayed payments will be paid in a single lump sum on the earliest date permitted under Section 409A of the Code that is also a business day.

(iii) Unless otherwise provided by the Committee in an Award Agreement or otherwise, in the event that the timing of payments in respect of any Award (that would otherwise be considered deferred compensation subject to Section 409A of the Code) would be accelerated upon the occurrence of (A) a Change in Control, no such acceleration shall be permitted unless the event giving rise to the Change in Control satisfies the definition of a change in the ownership or effective control of a corporation, or a change in the ownership of a substantial portion of the assets of a corporation pursuant to Section 409A of the Code; or (B) a Disability, no such acceleration shall be permitted unless the Disability also satisfies the definition of Disability pursuant to Section 409A of the Code.

(v) Clawback/Repayment. All Awards shall be subject to reduction, cancellation, forfeiture or recoupment to the extent necessary to comply with (i) any clawback, forfeiture or other similar policy adopted by the Board or the Committee and as in effect from time to time; and (ii) applicable law. Further, to the extent that the Participant receives any amount in excess of the amount that the Participant should otherwise have received under the terms of the Award for any reason (including, without limitation, by reason of a financial restatement, mistake in calculations or other administrative error), the Participant shall be required to repay any such excess amount to the Company.

(w) Detrimental Activity. Notwithstanding anything to the contrary contained herein, if a Participant has engaged in any Detrimental Activity, as determined by the Committee, the Committee may, in its sole discretion, provide for one or more of the following:

(i) cancellation of any or all of such Participant's outstanding Awards; or

(ii) forfeiture by the Participant of any gain realized on the vesting or exercise of Awards, and to repay any such gain promptly to the Company.

(x) Right of Offset. The Company will have the right to offset against its obligation to deliver shares of Common Stock (or other property or cash) under the Plan or any Award Agreement any outstanding amounts (including, without limitation, travel and entertainment or advance account balances, loans, repayment obligations under any Awards, or amounts repayable to the Company pursuant to tax equalization, housing, automobile or other employee programs) that the Participant then owes to any member of the Company Group and any amounts the Committee otherwise deems appropriate pursuant to any tax equalization policy or agreement. Notwithstanding the foregoing, if an Award is deferred compensation subject to Section 409A of the Code, the Committee will have no right to offset against its obligation to deliver shares of Common Stock (or other property or cash) under the Plan or any Award Agreement if such offset could subject the Participant to the additional tax imposed under Section 409A of the Code in respect of an outstanding Award.

(y) Expenses: Titles and Headings. The expenses of administering the Plan shall be borne by the Company Group. The titles and headings of the sections in the Plan are for convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings, shall control.
