DEAR FELLOW SHAREHOLDERS,

I joined the Company as Vice Chairman in August 2018, and was elected Chairman of the refreshed Board in November. Like most of you, I watched many of the adverse developments which began to come to light in early 2018 from the outside.

In my forty-year career both in and out of gaming, I have never seen a company respond so quickly and decisively to adversity as this one. I joined a great Company in the process of transforming itself from a founder-led organization to a global enterprise, overseen by a refreshed, capable, independent and accountable Board of Directors. Despite the challenges we faced on numerous fronts, last year was a successful year for Wynn Resorts financially and, more importantly, culturally. I am confident we have found our way, and excited about the future of Wynn Resorts.

When I walked through the doors of Wynn Las Vegas that first day, I met our CEO Matt Maddox for the first time. I make that point to convey to you that there is no long-standing relationship between Matt and myself, or among any other board members. *We are fully independent directors*, without any personal connection to any Company executives which might impair our ability to hold management accountable. But I must tell you, I was impressed with what Matt, the refreshed Board and the remade executive team had done to address the cultural and governance challenges with which they were unexpectedly confronted.

Of the many goals for the new Wynn Resorts, two loom large:

Achieve stability. A critical step in achieving stability was to rebuild our relationship with regulators, beginning with fully supporting their investigations of the Company. *I believe that complete transparency and cooperation are essential to creating a relationship of trust with regulators.* We are now on the road to rebuilding that trust.

Listen. Listen to our employees. Listen to our regulators. Listen, extensively, to our shareholders. The Company began engaging with numerous shareholders immediately after the January news reports were published. We did not stop after the Annual Meeting concluded or after the Board had been fully refreshed or even as the calendar year came to a close. We heard your messages on executive compensation, on corporate governance, on board diversity and refreshment, and on sustainability. Then we took action. *As a Board we take seriously our accountability to our fellow shareholders.* Throughout this Proxy Statement, you will find steps we have taken in response to your input.

Although the Company has made tremendous progress, our mission is not completed. We will continue to listen, and we will continue to make headway on numerous fronts, including the issues our shareholders tell us are important to them.

One of our regulators recently praised us as innovators and spoke of his desire for Wynn Resorts to build, grow and prosper. I share that same desire, as I know do you. With a refreshed Board, engaged shareholders and a talented, experienced and focused management team, we are entering a new phase for Wynn Resorts even as we continue to draw on a legendary legacy of creativity and innovation. With your support, I am confident that Wynn Resorts will be an even greater company to work for, to partner with, and to invest in.

Sincerely,

Philip G. Satre

Non-executive Chairman of the Board

BOARD COMPOSITION AND REFRESHMENT

Beginning in February 2018, as part of our commitment to the refreshment and strengthening of our Board of Directors (Board), our Nominating and Corporate Governance Committee, assisted by an independent search firm, began a process of refreshing the Board with a broad spectrum of experience and expertise that will promote the presentation and consideration of different points of view, meet the Company's evolving needs (particularly by adding Board expertise in corporate governance, communications and public affairs, technology, strategic positioning, and hospitality and branding), and strengthen our diversity.

That process has now resulted in substantial changes to the diversity, experience, skill mix and tenure of our Board. Six of the nine current directors have joined the Board since the Nominating and Corporate Governance Committee began its renewal initiative. The average tenure of directors as of the 2019 Annual Meeting is under two years, with no director having served longer than four years. Four of the eight independent directors (including the Chairpersons of the Audit and Compensation Committees) are women.

The Nominating and Corporate Governance Committee continues to investigate other potential candidates as part of its ongoing commitment to enhance the diversity, experience, and strength of the entire Board.

At each regular meeting, the Audit Committee meets in executive session with the Company's independent auditors, General Counsel, Chief Audit Executive, Chief Financial Officer, and Chief Compliance Officer to discuss accounting principles, financial and accounting controls, the scope of the annual audit, internal controls, regulatory compliance, and other matters. The independent auditors have complete access to the Audit Committee without management present to discuss the results of their audits and their opinions on the adequacy of internal controls, quality of financial reporting, and other accounting and auditing matters.

COMPENSATION COMMITTEE

The Compensation Committee sets all elements of compensation for our named executive officers (NEOs) based upon consideration of our NEO's contributions to the development and operating performance of the Company, and is primarily responsible for monitoring risks relating to the Company's compensation policies and practices to determine whether they create risks that are reasonably likely to have a material adverse effect on the Company.

The Compensation Committee considers the recommendations of the CEO in establishing compensation for all NEOs, other than the CEO. The CEO is not present during the voting or deliberations regarding his compensation. In addition, the CEO performs annual reviews of all of our senior management and makes recommendations to the Compensation Committee concerning their compensation. The Compensation Committee reviews the recommendations and makes final decisions regarding compensation for members of our senior management.

The Compensation Committee has the authority to retain compensation consulting firms exclusively to assist it in the evaluation of executive officer and employee compensation and benefit programs. In 2018, the Compensation Committee retained Radford, a business unit of AON plc (Radford), a nationally recognized independent compensation consulting firm, to assist in performing its duties. Radford does not provide services to the Company other than the advice on director and executive compensation that it may provide the Compensation Committee when requested. In 2018, Radford provided the Compensation Committee with a peer group review and competitive compensation analysis, in connection with the Compensation Committee's review of compensation levels of our NEOs. The Compensation Committee retains sole responsibility for engaging advisors and meets with advisors, as needed, in the Compensation Committee's sole discretion. Each of the members of the Compensation Committee bring a wealth of experience from their public and private board experience and their respective executive roles, which enables the Committee to effectively oversee the design and practice of linking executive compensation to company performance.

No interlocking relationship exists between the Board or Compensation Committee and the board of directors or compensation committee of any other company, nor has any interlocking relationship existed in the past.

NOMINATING AND CORPORATE GOVERNANCE COMMITTEE

The Nominating and Corporate Governance Committee seeks to have the Board represent a diversity of backgrounds and experience and assesses potential nominees in light of the Board's current size and composition.

The Nominating and Corporate Governance Committee believes that the minimum qualifications for serving as a director of the Company are that a nominee demonstrate, by significant accomplishment in his or her field, an ability to make a meaningful contribution to the Board's oversight of the business and affairs of the Company and robust engagement in the strategic planning process, and have a reputation for honest and ethical conduct in both his or her professional and personal activities. The Nominating and Corporate Governance Committee may, from time to time, develop and recommend additional criteria for identifying and evaluating director candidates. In addition, the Nominating and Corporate Governance Committee examines a candidate's other commitments, potential conflicts of interest, and independence from management and the Company.

The Nominating and Corporate Governance Committee and Board believe that differences of viewpoint, professional experience, individual characteristics, personal background, qualities, skills, qualifications, gender, ethnicity, and race help generate varying perspectives and that those varying perspectives are important to the effectiveness of the Board's oversight of the Company. The Nominating and Corporate Governance Committee proactively considers diversity by annually reviewing with the Board the Board's composition as a whole and recommending, if appropriate, measures to be taken so that the Board reflects the appropriate balance of knowledge, depth, diversity of backgrounds and experience, and the skills and expertise required for the Board as a whole. The Nominating and Corporate Governance Committee assesses the effectiveness of this policy by periodically reviewing the Board membership criteria with the Board. This assessment enables the Board to update the skills and experience it seeks in the Board as a whole and in individual directors, as the Company's needs evolve and change over time.

Consideration of Candidates Recommended by Shareholders

Our Nominating and Corporate Governance Committee is pleased to consider director candidates recommended by shareholders. In considering such candidates, the Nominating and Corporate Governance Committee will take into consideration the Board's current size and composition; the needs of the Board, including the skills and experience of existing directors; and the qualifications of the candidate. To have a candidate considered by the Nominating and Corporate Governance Committee, a shareholder should submit the recommendation in writing and include the following information:

The name of the shareholder and evidence of the shareholder's ownership of Company stock, including the number of shares owned and the length of time of ownership; and

The name of the candidate, the candidate's resume or a listing of his or her qualifications to be a director of the Company, and the candidate's consent to being considered for nomination as a director if selected by the Nominating and Corporate Governance Committee.

The shareholder recommendation and information described above should be sent to Wynn Resorts, Limited, c/o Corporate Secretary at 3131 Las Vegas Boulevard South, Las Vegas, Nevada 89109.

If the Nominating and Corporate Governance Committee determines to pursue consideration of a person who has been identified as a potential candidate, the Nominating and Corporate Governance Committee may take any or all of the following steps: collect and review publicly available information regarding the person, contact the person and request information from the candidate, vet the candidate's credentials, conduct one or more interviews with the candidate and contact one or more references provided by the candidate or other persons that may have greater first-hand knowledge of the candidate's accomplishments. The Nominating and Corporate Governance Committee's evaluation process takes into account the person's accomplishments and qualifications, including in comparison to any other candidates that the Nominating and Corporate Governance Committee might be considering, and does not vary based on whether or not a candidate is recommended by a shareholder.

WHY OUR BOARD GOVERNANCE IS EFFECTIVE

Our board and corporate governance

BOARD ROLE IN RISK OVERSIGHT

The Board has an active role in overseeing the Company's areas of risk.

The Board and its Committees, in consultation with management and the Company's independent auditors, regularly review the Company's risk profile and have identified specific areas of risk including: regulatory compliance; legal and human resources; legislative and political conditions; capital availability and liquidity; gaming credit extension and collection; construction; catastrophic events; and succession planning.

The Board (as a whole and through its Committees) has reviewed and approved management's process for identifying, managing and mitigating these risks. While the full Board has overall responsibility for risk oversight, the Board has assigned certain areas of risk oversight to its Committees as well as to the Company's Compliance Committee.

Throughout the year, the Board, its Committees and the Company's Compliance Committee receive reports from management that include information regarding major risks and exposures facing the Company and the steps management has taken to monitor and control such risks and exposures. In 2018, the Board also implemented a process to allow for direct communication of risks and issues from employees to the Board of Directors.

In addition, throughout the year, the Board, its Committees and the Company's Compliance Committee dedicate a portion of their meetings to review and discuss specific risk topics in greater detail.

The Audit Committee is primarily responsible for the oversight of credit, related party, information security, construction and general financial risks.

The Company's Compliance Committee primarily oversees risks relating to regulatory, security, workplace conduct, and political compliance.

For the 2018 fiscal year, management completed a review of the Company's compensation policies and practices and presented its analysis to the Compensation Committee. The Compensation Committee concurred with management's conclusion that such policies and practices do not present risks that are reasonably likely to have a material adverse effect on the Company.

COMPLIANCE COMMITTEE

In August 2018, the Company adopted a new Compliance Program that features a completely-independent Compliance Committee comprised of individuals with extensive familiarity with law enforcement, regulated businesses, ethics, and/or gaming compliance who are not otherwise affiliated with the Company, to oversee and promote the Company's compliance and to ensure that the Company meets the Company's strict policy to conduct business at the highest levels of honesty and integrity: Michelle Chatigny, former Vice President, Global Regulatory and Product Compliance for International Game Technology; Thomas Peterman, former Senior Vice President and Chief Compliance Officer for MGM Resorts International (Chair); and Edward Davis, former Commissioner of the Boston Police Department. Chair Satre and Ms. Mulroy serve as *ex officio* members of the Committee and representatives of the Board.

BOARD MEETINGS/ANNUAL MEETING

The Board met 30 times during 2018. All of the current members of our Board attended at least 75% of the meetings held by the Board and the Committees on which they served during the periods in which they served. In accordance

with our Corporate Governance Guidelines, each of our directors is invited and encouraged to attend the Annual Meeting. All of our then-serving directors attended the 2018 Annual Meeting.

BOARD COMMUNICATION AND ENGAGEMENT

Our Board believes in listening to and communicating with shareholders. We believe our work should be informed by input from those who share a financial stake in our success.

We provide a number of ways for shareholders to communicate with the Board and management:

Shareholders may attend our annual meeting in person where our directors are in attendance.

Shareholders may speak with us when we reach out to engage both via governance communications and investor relations communications.

Table of Contents

Shareholders who wish to communicate in writing with the Board or any director, or with any Committee of the Board, including the chair of any Committee, may do so by writing to the following address: Wynn Resorts, Limited, c/o Corporate Secretary, 3131 Las Vegas Boulevard South, Las Vegas, Nevada 89109. All communications received will be opened by the office of our General Counsel for the purpose of assessing the nature of the communications. With the exception of advertising, promotions of a product or service, and patently offensive material, communications will be forwarded promptly to the addressee. In the case of communications addressed to more than one director, the General Counsel's office will make sufficient copies of the contents to send to each addressee.

SHAREHOLDER ENGAGEMENT IN 2018

In 2018, the Board of Directors and Company management sought to meaningfully improve the Company's shareholder engagement efforts, both in terms of frequency and quality of dialogue. In early 2018, subsequent to the publication of allegations against our former Chairman and CEO and associated volatility in our share price, we began a shareholder outreach program focused on transparency and direct requests for feedback.

In light of the on-going volatility in our share price and of the on-going media attention, we continued our extensive shareholder consultation through the 2018 Annual Meeting. Both before and after the 2018 Annual Meeting, the Board performed extensive analysis of shareholder feedback and shareholder voting results and made significant changes to governance and compensation practices. In the fourth quarter of 2018, we again solicited shareholder feedback on the Board and the Company's 2018 transformation efforts.

The Board and Company management remain committed to frequent and robust shareholder engagement. We have made important updates to our pay plans and corporate governance documents and policies based on our changing needs and the input we have received from engagements with our shareholders. Each change supports our business model and the aligning of our compensation with our performance goals. These changes include:

- Separating the positions of Chairman of the Board and CEO, and electing an independent director as Board Chair
- Commencing a significant Board refreshment process to meet our evolving needs and strengthen our Board's diversity, skills and experience

- Restructuring the Company's long-term incentive program to eliminate multi-year, cliff-vested mega grants, to implement performance-based awards for a portion of NEO compensation and to extend equity to line-level management

- Meaningfully reducing CEO compensation to align with peers and eliminating substantially all CEO perquisites (other than those generally available to management of the Company)

- Implementing a director retirement age policy

- Eliminating all excise tax-gross ups

The Compensation Discussion & Analysis (CD&A) outlines specific feedback received during our 2018 outreach which was directly related to executive compensation, and details specific steps taken in response to this shareholder input.

Simply put, excellence is the keystone of the Wynn Resorts business model. Many companies talk about it, some aspire to it, but at Wynn Resorts the drive for excellence, and the absolute unwillingness to accept anything short of that, is in our DNA. Wynn Resorts is the preeminent designer, developer, and operator of integrated resorts. Our resorts combine exquisite hotel rooms, high-end retail, meeting space, and an array of dining and entertainment options, including gaming.

The legendary design and quality of our resorts serve as a platform for the most important thing we do: create outstanding guest experiences. Guest experience is everything to us. It is so essential to us that we incorporate achievement of Forbes Five-Star distinctions in hotel, food and beverage, and spa categories into our compensation metrics. Our desire to be best-in-class extends beyond integrated resorts to the global hospitality industry.

And we have delivered: We have developed three of the world's most recognized integrated resorts, and collectively, Wynn Resorts has more Forbes Travel Guide Five-Star awards than any other independent hotel company in the world. Wynn Macau enjoys 8 Forbes Five Stars, making it one of the two highest rated resorts internationally. We were ranked as the highest casino resort on FORTUNE Magazine's list of 2019 World's Most Admired Companies, and ranked first overall for Quality of Products among all international hotel companies.

We are confident no company tries harder to show our more than 26,000 employees that each is essential to our reputation for excellence—our business is dependent on repeat visits from our guests and their experiences with our employees are a significant factor in their desire to return. Five-star service, in other words, depends on five-star employees feeling five-star valued by a company they can believe in.

Here are some of the things we do to be good stewards of human capital, good stewards of the environment, and good corporate citizens, beginning with changes to our corporate culture.

Our people and our stewardship

OUR CULTURAL TRANSFORMATION

Over the past 12 months, under the leadership of our newly organized Board of Directors and CEO Matt Maddox, Wynn Resorts has undergone a corporate transformation.

In the wake of allegations against and the departure of our founder, we embarked on a comprehensive self-examination of our Company, its management, and our workplace policies, procedures, and culture. We have examined each aspect of the way we work and made major changes at every level of key decision-making in the Company.

Any employee identified as having been aware of allegations of sexual assault against the Company's former chairman and who did not investigate or report it is no longer with the Company. We have made meaningful changes to policies, practices, and procedures to ensure the Company has a safe, healthy and supportive workplace culture. Chief among these actions are that the Board:

Immediately established a Special Committee to review who at the Company was aware of the allegations against Mr. Wynn as well as a sweeping review of the Company's workplace policies and procedures.

Changed the leadership of Wynn Resorts. The Company separated the roles of CEO and Chairman of the Board, consistent with best corporate practice. Matt Maddox was appointed CEO of Wynn Resorts and the Company fully separated from Mr. Wynn.

Commenced a robust Board refreshment process that has brought the median tenure of our independent directors down to less than two years, even as it increased the corporate governance expertise on the Board. Half of the independent directors are women, and the Board is now chaired by an independent director with extensive industry and boardroom experience, Philip G. Satre, who joined subsequent to the last Annual Meeting.

Appointed Ellen Whittemore, a recognized expert in gaming regulatory and gaming compliance matters, as General Counsel.

Appointed Rose Huddleston, a seasoned human resources executive, to the newly created corporate position of Senior Vice President of Human Resources- North America.

Appointed Marilyn Spiegel, an executive with significant hospitality and human resources experience, as President of Wynn Las Vegas.

Under the leadership of CEO Matt Maddox, the Company has taken additional steps to further transform its workplace environment, and reinforce in numerous ways that we value our employees, their diversity, and their contributions to the Company's success:

Refocused efforts on the Company's workplace culture by making it a priority for the Company's new Human Resources leadership.

Launched enhanced Workplace Compliance and Prevention of Sexual Harassment training for all employees, designed by a third-party expert and delivered in-person to all employees.

Launched a Women's Leadership Council to promote equality within the workplace. The group's first activity was to produce a speaker series, "Women Who Thrive," to educate and inspire employees through powerful female role

models.

Commissioned pay and promotion equity studies to measure pay equality among men and women in the workforce.

Launched a new Paid Parental Leave program that provides paid time off to new parents.

Implemented new Diversity, Inclusion and Unconscious Bias training for all employees, including senior executives, taught by third-party experts.

Launched the Great Places to Work survey and focus groups which measure employee engagement against the Fortune 100 Best Places to Work.

Launched a new Wynn Employee Foundation Scholarship Program, an annual grant each year to ten qualifying Wynn Las Vegas employees or family members of up to \$7,500 (renewable for up to four academic years) to be used towards earning a degree in any field of study at any Nevada university or college. Encore Boston Harbor employees will be eligible for similar grants for public higher education in Massachusetts.

By establishing new reporting requirements and investigation processes, increasing workplace oversight, and mandating updated training, including training around sexual harassment, we have reestablished a culture in which employees are encouraged to come forward and employees at all levels are held accountable. We are making clear, in both policy and action: every employee is entitled to a safe and respectful workplace and no employee, at any level of our Company, is above the rules.

Impact of Wynn Resorts Properties

Every new Wynn development has the potential to transform a local economy. When Wynn Las Vegas opened in 2005, it triggered the largest increase in non-gaming revenue in Las Vegas history. Encore Boston Harbor is also demonstrating how we develop shared goals with host cities to:

Stimulate economic growth and create local jobs

Fund local infrastructure improvements, including the transformation of unproductive and environmentally damaged local sites into productive city amenities

Provide a financial boost to existing cultural and entertainment assets, including via cross marketing opportunities and enhanced local customer traffic

Partner with national and local authorities to establish world-class regulatory frameworks

OUR PLANET

In 2018 Wynn Las Vegas was awarded Four Green Globes (equivalent to LEED Platinum) under the Green Globes for Existing Buildings criteria. Additionally, we

Made significant investments in solar. The combined output of Wynn Resorts' solar projects will offset approximately 34,000 metric tons of greenhouse gas emissions annually, which is equivalent to the annual energy use of approximately 4,113 residential homes. These projects include:

An agreement with Enel Green Power to purchase 20 megawatts of solar power from the 160-acre Wynn Solar Facility in Fallon, Nevada for the direct consumption at Wynn Las Vegas for a term of seven years. The output delivered from this facility is enough to offset 75% of the Wynn Las Vegas peak demand needs during the summer months, and greater during off-peak months.

Installed approximately 1 megawatt of behind-the-meter rooftop solar on Wynn Las Vegas to further offset the resort's demand on the electrical grid, and provide clean reliable power for our facilities use.

Installing approximately 1 megawatt of rooftop solar at Encore Boston Harbor, that will be utilized on-site and integrated into the resort's power supply.

Commissioning 4MW/8MWh of battery storage used for peak demand reduction, back-up power and ancillary services at Encore Boston Harbor. This creates a behind-the-meter micro-grid for our Boston resort – an industry first. Installed 3 megawatts of combined heat and power (CHP) co-generation for energy production and building heating requirements.

Established a full remediation program for the abandoned industrial site in Boston, that is now home to Encore Boston Harbor, including development of a living shoreline.

Established eco-efficiency programs throughout Wynn Las Vegas, which have offset over 100,000 metric tons of greenhouse gas emissions. This is the equivalent to saving 9.9 million gallons of gasoline.

Attributable to an ongoing investment in energy efficient measures, stabilization of energy demand, and equipment upgrades, reduced energy consumption per square meter at Wynn Macau by 27% from 2015 through 2017 (which is the last full year for which data is currently available), resulting in the reduction of Wynn Macau's greenhouse gas emissions by over 13,000 metric tons.

We believe Wynn Resorts is the world's preeminent designer, developer, and operator of integrated resorts. The Company's business model integrates luxury hotel rooms, high-end retail, an array of dining and entertainment options, meeting space, and gaming, all supported by superior levels of customer service provided by our more than 26,000 employees. Our operations in Las Vegas and Macau (and at Encore Boston Harbor, which is expected to open in June 2019) are designed to attract a wide range of domestic and international customers.

As we continue our transition from a founder-led company, the Compensation Committee aims to transform executive compensation to incorporate best-in-class practices that reward executives and all employees for actions that create long-term shareholder value.

In this compensation discussion and analysis, or CD&A, we describe our philosophy and renewed approach to executive compensation, and discuss the changes we have made to our compensation program based on engagement with our shareholders during 2018.

We understand the importance of executive compensation decisions to our shareholders and that the annual proposal to approve the compensation of our named executive officers gives shareholders the opportunity to evaluate our compensation approach.

For fiscal 2018, our NEOs were:

Matt Maddox	Chief Executive Officer (as of February 6, 2018) and President

Ellen Whitemore	Executive Vice President, General Counsel and Secretary (as of July 16, 2018)

HOW WE SOLICITED AND RESPONDED TO SHAREHOLDER FEEDBACK

In 2018, the Board and Company management sought to meaningfully improve our shareholder engagement efforts, both in terms of frequency and quality of dialogue. The Board remains deeply committed to frequent and robust shareholder engagement.

In early 2018, subsequent to the publication of allegations against our former Chairman and CEO and associated short-term volatility in our share price, we began a shareholder outreach program involving members of the Board and management that was focused on transparency and direct requests for feedback. We continued our extensive shareholder outreach through the 2018 Annual Meeting. Given the ongoing interest and substantive response from shareholders, we subsequently extended these engagement efforts through the remainder of 2018.

Over the course of the year, members of the Board and management engaged with holders of more than 50% of our outstanding shares. The Board performed extensive analysis of shareholder feedback and shareholder voting results,

made significant changes to governance and compensation practices in response, then re-engaged with shareholders to provide updates and solicit feedback on the Board and the Company's transformation efforts.

Prior to the 2018 Annual Meeting, as we noted in our 2018 Proxy Statement, the Board had already taken significant actions, including:

- eliminating excise tax gross-ups to NEOs,
- eliminating outsized change of control payments for the CEO, and
- adding pre-established financial performance conditions to previously-granted time-based equity awards.

Table of Contents*Compensation discussion and analysis*

Subsequent to the 2018 Annual Meeting, the Company continued to engage with shareholders. The following table highlights key compensation-related themes shareholders raised in those discussions, and actions taken by the Board in response:

FEEDBACK THEMES	ACTIONS TAKEN IN RESPONSE	IMPACT OF ACTION	WHEN EFFECTIVE
CEO Pay	Reduce CEO compensation	Right-size pay while strengthening performance linkage	
	Benchmark total compensation at median of peer group	Institutes linkage to peer group right-size pay	2018 and beyond
	Eliminate CEO perquisites	Increases performance-based compensation	
Use of Equity	Eliminate multi-year, cliff-vested mega grants	Eliminate potential windfalls and variability of pay across years	
	Institute regular performance-based awards	Continuously incentivize actions that create long-term shareholder value	2019 and beyond
	Extend equity to line-level management	Introduce broad-base ownership and accountability	
	Eliminate annual performance periods for equity	Ensure vesting of performance awards rewards long-term performance	
At Risk Compensation	Implement plans in which the majority of NEOs pay is at risk.	For 2018, approximately 85% of our CEO's total compensation was at risk and tied to the achievement of three performance goals	2018 and beyond

IMPACT ON 2018 CEO COMPENSATION

Certain of the changes outlined above occurred in 2018 and, as a direct result, CEO compensation decreased by 50% year-over-year when compared to 2017. However, certain of the changes outlined above were not implemented until early 2019 and thus we expect the impact of these changes on NEO compensation to become increasingly clear in future proxy statements when legacy practices and legacy executives are no longer included in our CD&A.

ADDITIONAL GOVERNANCE AND COMPENSATION UPDATES

We have made additional important updates to our pay plans and corporate governance documents and policies based on our changing needs and the input we have received from engagements with our shareholders. Each change supports our business model and better aligns our executives' compensation with our performance goals. These changes include:

EXECUTIVE COMPENSATION

Creating multiple metrics for our annual incentive programs, consistent with best practices

Increasing previously set Minimum Adjusted Property EBITDA targets by 55% for 2018 performance awards

Shifting payments of annual incentive bonuses from all cash to 50% stock

Eliminating all excise tax-gross ups

Exercising negative discretion to reduce compensation payouts when warranted

GOVERNANCE AND BOARD STRUCTURE

Separating the positions of Chairman of the Board and CEO, and electing an independent director as Chairman

Commencing a significant board refreshment process to meet our evolving needs and strengthen the Board's diversity, skills, and experience

Implementing a director retirement age policy

We believe in the value of shareholder engagement and will continue to reach out to our shareholders in 2019 and beyond, continuing our commitment to ongoing discussions and feedback from all shareholders.

HOW WE APPROACH EXECUTIVE COMPENSATION

Our executive compensation philosophy is to align the interests of executives with those of shareholders by designing incentives that are directly tied to actions which create sustainable long-term shareholder value.

We, the Compensation Committee, believe that our ability to oversee the delivery of operational excellence and sustainable long-term returns to shareholders is inexorably linked to attracting and retaining a high-performing management team.

Hence, the executive compensation program must be designed to attract, reward, and retain executive officers who create continual near- and long-term shareholder value by achieving the Company's strategic goals. We also believe that stability at the executive level is key to the strength of the Company, particularly given the relatively small pool of executives with gaming experience for whom we compete.

To achieve this, we rely on the following principles:

Pay-for-Sustainable Performance: The majority of our executives' total compensation is tied to achieving annual and long-term goals that enhance the value of our reputation and brand, sustain the performance and attractiveness of our resorts and drive long-term shareholder value. The Compensation Committee retains discretion to reduce amounts earned and payable when doing so will further these goals. Further, 50% of annual incentive is paid in equity (rather than all cash), and equity is subject to

EXECUTIVE COMPENSATION PROGRAM HIGHLIGHTS

Annual Incentives:

No guaranteed payouts

Aligned with critical operating and excellence goals

50% of earned annual incentive is paid in equity

Equity Incentives:

50% of NEO grants are performance-based

Minimum 3-year vesting

Robust holding requirements (10X for CEO)

Additional Best Practices:

our robust holding requirements.

No repricing

No dividends on option awards

No SERP or pension benefits to NEOs

No excise tax gross-ups

Change-in-control payments are double-trigger

Pay plans discourage inappropriate risk

Shareholder Alignment: Our long-term equity incentives align executives' interests with those of shareholders and stakeholders. In adopting regular equity grants that vest over 3 years, we believe that the alignment of interest is strengthened, especially when coupled with best-in-class stock holding requirements for executives (10X base salary for our CEO).

Focus on Compensation Totals and Parity: We evaluate the total amounts of executives' compensation for parity purposes and assess them relative to the pay practices of major gaming companies and other competitors for talent. The Committee reaffirmed its commitment to right-sized executive compensation by benchmarking total compensation at the median of our peer group and making adjustments for specific skills and experience.

Simplicity and Clarity: We value pay structures that are simple and clear. We believe pay simplicity promotes transparency, avoids incentivizing focus on pay goals at the expense of ongoing excellence and performance, and promotes teamwork.

Attract and Retain Top Talent: Our business spans continents, can be subject to meaningful volatility, requires tight coordination with regulators, depends on knowledge of numerous types of complex operations, requires diligent investment over many years and across business cycles, and is highly dependent on a reputation for excellence, so finding and retaining top talent is a critical element of our compensation.

Compensation discussion and analysis

HOW THE COMPANY HAS PERFORMED

While our year to year performance can be significantly impacted by market factors, geopolitical events and investor sentiment, we have delivered significant outperformance since our initial public offering in 2002. Over that 16-year period, the Company has averaged a 17% annual Total Shareholder Return (TSR), (including reinvestment of dividends), which is substantially above the TSR of both the S&P 500 (approximately 9% average annual TSR) and the S&P Consumer Discretionary Index (approximately 10% average annual TSR) over the same time period. We have also delivered an average annual TSR greater than five times our closest industry peers.⁽¹⁾ We believe these results are driven by our focused, long-term investment in our properties and by our relentless dedication to delivering the industry's best customer experience.

Our key accomplishments in 2018 include:

Generating \$467 million of Adjusted Property EBITDA at Wynn Las Vegas. Despite the challenges faced by the allegations against our founder and former CEO, Wynn Las Vegas performed well overall. The resort also achieved several property records, including our best year ever for hotel gross revenue and for restaurants revenue (excluding catering). Ongoing guest research and surveys indicate the strength of the Wynn brand and customer affinity for it, positioning Wynn Las Vegas well for the continued growth of the Las Vegas market.

Solidifying Market Share Gains in Macau with the Continued Ramp-up of Wynn Palace. Wynn Palace, which opened in August of 2016, generated \$844 million of Adjusted Property EBITDA and achieved 8.8% of gross gaming revenue market share in 2018, its second full fiscal year of operations. This contributed to very strong operating results from the Company's Macau operations during the year. *[See our Annual Report footnote Item 8, Note 16.]*

Making Substantial Progress at Encore Boston Harbor. Located on the Mystic River in Everett, Massachusetts, and adjacent to Boston, our newest resort will feature the premium amenities associated with all our resorts, including full casino amenities, hotel, fine and casual dining outlets, meeting and convention facilities, a spa, nightclub and a waterfront boardwalk and harbor for water transportation. We expect to open Encore Boston Harbor in June 2019, and as of December 2018 have incurred \$2.03 billion in total project costs of an estimated total project budget of approximately \$2.6 billion.

Maintaining a Robust Capital Investment Program at Existing Properties. We continually enhance the guest experience at our resorts in Las Vegas and Macau through strategic capital investments. This includes the fourth quarter 2018 opening of Wynn Plaza at Wynn Las Vegas, a 74,000 square-foot luxury retail esplanade. We are constructing an approximately 400,000 square-foot meeting and convention facility at Wynn Las Vegas, slated to open in the first quarter of 2020. In Macau, we announced several initiatives including a meaningful room refreshment program and a reconfiguration of a portion of the casino floor at Wynn Macau and a meaningful, multi-year expansion project adjacent to Wynn Palace called the Crystal Pavilion.

⁽¹⁾ Industry peers reflect Las Vegas Sands and MGM Resorts. Las Vegas Sands' TSR is measured from the market close on the day of their IPO on 12/15/2004 (average annual TSR of approximately 3%). MGM Resorts' TSR is measured from the close on the date of Wynn Resorts' IPO on 10/25/2002 (average annual TSR of approximately 3%).

Maintaining Healthy Liquidity and Financial Flexibility. As of December 31, 2018, the Company had approximately \$2.2 billion of cash and cash equivalents and approximately \$731 million of undrawn debt capacity to help fund its current and potential future development projects. During 2018, the Company continued to improve the maturity profile of its debt obligations by amending and extending the Wynn Macau Credit Facilities and continued to improve the Company's liquidity profile by retiring the Redemption Note and issuing approximately \$927.5 million of equity to a strategic investor.

Continuing to Return Significant Capital to our Shareholders. During 2018, we raised our recurring quarterly dividend to \$0.75 per share and returned approximately \$295 million of cash to shareholders through dividend payments. Through the end of 2018, we have returned approximately \$6.9 billion (\$63.50 per share) since our initial public offering in 2002.

Earned More Forbes Five-Star Awards than Any Independent Hotel Company In The World. Wynn Macau is the only resort in the world with eight Forbes Travel Guide Five-Star awards, and this year Wynn Palace won six Five Star awards. Collectively, the Company has 19 Five Star awards in its portfolio.

HOW WE DESIGNED INCENTIVES IN 2018

2018 HIGHLIGHTS:

In 2018, the Compensation Committee:

Established financial and strategic goals to evaluate performance for the annual incentives, 50% of which was paid as equity.

Overhauled the long-term incentive program to move from periodic grants to annual grants with three-year cliff vesting.

Implemented a policy that at least 50% of long-term incentive grants would be performance-based.

Implemented, on a going forward basis, performance-based stock awards that vest upon achievement of pre-established financial performance goals that are based on the Company's ability to achieve a premium revenue and Adjusted Property EBITDA fair share relative to its peers (see discussion of this metric below), on a three-year basis.

Reaffirmed its commitment to compensate executives at the median with regard to total compensation, and conducted an overall analysis of all NEO total compensation to confirm compliance.

Role of the Compensation Committee and Management in Setting Compensation: The Compensation Committee sets all elements of compensation for our NEOs based upon consideration of an NEO's contributions to the operating and strategic performance of the Company. The Compensation Committee considers the recommendations of the CEO in establishing compensation for all other NEOs. In addition, the CEO performs annual reviews of our senior executive officers and makes recommendations to the Compensation Committee. The Compensation Committee reviews the recommendations and makes final decisions regarding compensation for our senior executive officers.

ELEMENTS OF PAY

We take a multi-year investment approach to our business that focuses on rewarding strong near-term performance and the creation of long-term shareholder value. Because product quality and service excellence are at the core of our strategy, we use annually focused, operations-based pay to highlight the critical importance of performing well each year for each customer. We supplement that with a set of long-term incentives and holding requirements to support the sustainability of our reputation and our ongoing returns. The charts below highlight the focus on equity and at-risk mix of the total direct compensation for our current NEOs based on 2018 compensation outcomes:

(3) Ms. Whittemore joined the Company on July 16, 2018.

(4) Mr. Wynn left the Company effective February 6, 2018.

(5) Ms. Sinatra left the Company effective August 3, 2018.

Annual Incentives: For the 2018 annual incentive awards granted under our Omnibus Plan, the Compensation Committee selected three performance goals, one of which is comprised of our four strategic initiatives.

Goal 1 2018 Adjusted Property EBITDA (weighted 40%): This is used to measure the operating performance of our properties compared to those of our competitors. Adjusted Property EBITDA is an important measure of each property's performance within its respective market, a key driver of return on equity and an essential element to the valuation of our Company and our stock price.

The Committee, based on the current operating conditions in Las Vegas and Macau and the Company's operating and growth strategies, set a threshold performance level of at least \$1.8 billion, a target level of \$2.0 billion, and maximum performance level of \$2.2 billion.

No incentive payout will be earned with respect to this metric if the Company does not achieve the threshold performance level.

Goal 2 Maintain Forbes Five Star (weighted 20%): Our business requires superior customer experience and service. We believe such service allows us to attract customers with a higher spend per visit, increase the loyalty of those customers and meaningfully improve the likelihood of additional visits from those customers. Forbes 5-star status serves as external validation of this key aspect of our strategy. Achievement of this goal encourages long-term investment in our human capital and retention of talent because we believe human resources and staff training ensure our employees are prepared to provide the luxury service that our guests expect.

Goal 3 Key Strategic Initiatives (weighted 40%): This goal is comprised of four discrete strategic initiatives, the execution of which were critical to the success of the Company. Each of these initiatives was weighted at 10%, reflecting the equal importance of success on all fronts.

These awards were subject to (i) the limitations set forth in the Omnibus Plan, including the cash and stock grant limits and requirement of continued employment through the end of the calendar year performance period, and (ii) the Compensation Committee's right, in its discretion, to reduce actual bonus amounts paid, taking into account other performance considerations, including corporate, property level and individual performance, as well as general macroeconomic conditions.

Annual Incentive Payout: Actual Adjusted Property EBITDA for 2018 was \$2.04 billion, the Company maintained its Forbes Five-Star distinction in both Las Vegas and Macau, and the Company achieved all of the additional qualitative performance metrics during the year. Accordingly, all performance metrics for maximum funding were attained, and in January 2019, the Compensation Committee determined the actual award payouts as set forth below.

⁽¹⁾ Amounts in the Threshold column reflect potential awards for achievement of 2018 Adjusted Property EBITDA between \$1.8 billion to \$2.0 billion, achievement of goals 2 and 3. No awards would have been payable under goal 1 if the 2018 Adjusted Property EBITDA were below \$1.8 billion. Adjusted Property EBITDA is net income before interest, income taxes, depreciation and amortization, litigation settlement expense, pre-opening expenses, property charges and other, management and license fees, corporate expenses and other (including intercompany golf course and water rights leases), stock-based compensation, loss on extinguishment of debt, change in derivatives value, change in Redemption Note fair value, and other non-operating income and expenses. See our Annual Report on Form 10-K for the year ended December 31, 2018 (Item 8, Note 16 – Segment Information to our Consolidated Financial Statements) for the definition of Adjusted Property EBITDA, a reconciliation of Adjusted Property EBITDA to net income attributable to Wynn Resorts, and other information regarding this non-GAAP financial measure.

⁽²⁾ Amounts in the Target column reflect potential awards for achievement of 2018 Adjusted Property EBITDA between \$2.0 billion to \$2.2 billion and achievement of goals 2 and 3.

⁽³⁾ Amounts in the Maximum column reflect potential awards for achievement of 2018 Adjusted Property EBITDA of over \$2.2 billion and achievement of goals 2 and 3.

⁽⁴⁾ The amounts set forth in this column reflect the aggregate grant date fair value of stock awards granted. These stock awards are fully vested.

⁽⁵⁾ Mr. Wynn and Ms. Sinatra left the Company prior to the end of the fiscal year and were not eligible to receive any Annual Incentive payouts.

Long-Term Incentives: The Company historically made periodic not annual equity grants to executives, including our NEOs. Those periodic grants were typically made with long-term vesting dates of up to ten years and such awards were not subject to performance conditions.

In 2018, the Compensation Committee determined that moving from periodic grants to annual grants with three-year cliff vesting and implementing a policy of subjecting a portion (currently 50%) of grants made to NEOs to performance conditions would ensure a superior focus on operational excellence as well as better align executives interests with those of long-term shareholders.

These changes were implemented in two steps, with the inclusion of performance conditions implemented in April 2018 and the movement from periodic grants to annual grants implemented in January 2019. Accordingly, the information in this CD&A does not yet fully reflect the Compensation Committee's meaningful changes to the Company's long-term incentive structure. We expect our future proxies to fully reflect these shareholder-friendly structures as legacy compensation information and legacy executives are removed from future proxies.

Compensation discussion and analysis

In 2018, management proposed, and the Compensation Committee approved, the use of fair share metrics for performance conditions. The four fair share metrics selected by the Company are generally calculated as follows:

1. In Las Vegas, the Company's share of total revenue relative to selected peers divided by the Company's share of hotel rooms among such peers and the Company's share of Adjusted Property EBITDA relative to those selected peers divided by the Company's share of hotel rooms among such peers; and
2. In Macau, the Company's share of gaming revenue relative to selected peers divided by the Company's share of gaming tables among such peers and the Company's share of Adjusted Property EBITDA relative to those selected peers divided by the Company's share of gaming tables among such peers.

The decision to select these metrics was based on careful consideration of the following factors:

1. The Company's exposure to Macau provides sizeable opportunities over the mid and long-term, but can create meaningful volatility over short periods, significantly skewing short-term TSR and creating opportunities for management to benefit from outsized market growth, irrespective of their performance; and
2. The Company's strategy is to attract and retain premium consumers in each market in which the Company operates. We believe the results of this strategy provide outsized operating results, relative to peers, and create meaningful shareholder returns over the long-term. Consistently achieving such premium fair share requires diligent and consistent investment in facilities and people across the business cycle.

2018 Equity Grants: In connection with Mr. Maddox's promotion as the Company's Chief Executive Officer and prior to the transition from periodic grants to annual grants, he received a grant of 50,000 shares of restricted stock in April 2018. Executive Benefits: We provide our NEOs with benefits that we believe are reasonable, competitive and consistent with our overall executive compensation program. Our primary executive benefits are certain health insurance coverage, life insurance premiums, discounts and complimentary privileges with respect to the Company's resorts, which are described in the footnotes to the Summary Compensation Table. For 2018, we paid nonresident state income taxes imposed on our executives who were required by us to travel on Company business and perform services in states other than their states of employment. This primarily arose as a result of travel to and work in Massachusetts in connection with our Encore Boston Harbor resort. Our reimbursement covers the incremental cost of the nonresident taxes and puts the executives in the same economic position as though they had worked in their normal places of business. The Company does not gross-up or pay any state income taxes that the employees incur on account of work in their normal work locations.

In addition, prior to his resignation, Mr. Wynn had access to the Company's aircraft for personal use pursuant to a time-sharing agreement described in "Certain Relationships and Related Transactions" Aircraft Arrangements. Mr. Wynn was required to reimburse the Company for certain expenses for his personal use of Company aircraft, subject to a \$250,000 credit per calendar year as approved by the Compensation Committee. For security purposes, the Board required Mr. Wynn to travel on Company aircraft for both personal and business travel, and the Company provided cars and a driver in Las Vegas for his business and personal use. We maintain a comprehensive security program for the Company. As a component of that program, we provided Mr. Wynn with personal security services, which we viewed as a necessary and appropriate business expense. In determining the level and form of protection, we considered both security risks faced by multinational corporations generally and security risks specific to our Company and Mr. Wynn. Subsequent to the resignation of Mr. Wynn, the Company does not provide aircraft related perquisites to any Company executives.

Peer Group Benchmarking: The Compensation Committee believes that it is appropriate to offer competitive total compensation packages to senior executive officers in order to attract and retain top executive talent. The compensation peer group allows the Compensation Committee to monitor the compensation practices of our primary competitors for executive talent. The Compensation Committee targets the 50th percentile for the Company's senior executive officers' total compensation to ensure that executives are appropriately compensated as we operate in a highly competitive industry.

In 2018, as part of our regular review of our compensation programs, the Compensation Committee considered peer group data from gaming and other related industries that the Compensation Committee believes reflect the competitive market for executive talent similar to that required by the Company. Our peer group was last updated in 2018.

NON-DISCLOSURE OF CERTAIN METRICS AND TARGETS

The Company believes in transparency and strives to disclose as much information to shareholders as possible except in situations where we believe that providing full, or even limited, disclosure would be detrimental to the interests of shareholders. We believe certain disclosure could provide our competitors with insight regarding confidential business strategies without meaningfully adding to shareholders' understanding of the metric.

WHY YOU SHOULD VOTE FOR THE 2019 SAY ON PAY

Extensive shareholder outreach for feedback

The Board's response to 2018 Say-on-Pay, which included significant shareholder outreach and meaningful changes made in response to feedback

CEO pay level consistent with peers and increased pay-for-performance linkage

Re-set total compensation benchmark to median of peer group

85% of CEO compensation at risk; nearly two-thirds of incentives are long-term

CEO stock ownership requirement is 10x annual base salary

Annual incentive, based on pre-set goals, paid out 50% in equity

Half of long-term equity is granted as PSUs, with vesting contingent on three-year performance period

Prior to the 2018 Annual Meeting, and again following the Company's disappointing 2018 Say-on-Pay vote, members of the Board and management reached out to shareholders owning more than half of our outstanding shares to gather feedback. The Compensation Committee approved changes to the pay program that directly address the feedback received.

As a result of a reassessment of the executive compensation program, the Committee also confirmed its commitment to benchmark total compensation at median, and revamped the long-term incentive program to eliminate periodic grants and transition to annual grants, 50% of which will be granted as performance-based stock.

Table of Contents

As disclosed in the sections above, the executive compensation program is predicated on sound principles that clearly link compensation with performance. A significant percentage of CEO compensation is at risk, with nearly two-thirds of pay being long term. This coupled with robust stock ownership guidelines ensure that the interests of executives and long-term shareholders are aligned.

We believe the changes implemented this year represent significant strides toward designing a world-class compensation structure that rewards executives for actions that create sustainable returns and shareholder value. Our annual incentives are focused on operational excellence and initiatives that align with our long-term strategy; paying 50% of annual incentives earned in equity sharpen the alignment of interests of executives with long-term shareholders. Our long-term incentives 50% of which are granted as performance-based stock reward executives in tandem with the creation of long-term value. The annual grants coupled with robust stock ownership guidelines ensure that executives are invested in ensuring the long-term viability of shareholder value.

OTHER ASPECTS OF OUR EXECUTIVE COMPENSATION

Role of the Compensation Consultant: The Compensation Committee has the authority to retain compensation consulting firms exclusively to assist it in the evaluation of senior executive officer and employee compensation and benefit programs. In 2018, the Compensation Committee retained Radford a nationally recognized independent compensation consulting firm, to assist in performing its duties. Radford does not provide services to the Company other than the advice on director and executive compensation that it may provide the Compensation Committee when requested. In 2018, Radford provided the Compensation Committee with a peer group review and competitive compensation analysis, in connection with the Compensation Committee's review of compensation levels of our NEOs. The Compensation Committee retains sole responsibility for engaging its advisors.

Independence of the Compensation Consultant: The Compensation Committee has determined that Radford is independent and the services provided by Radford currently do not and during 2018 did not raise any conflict of interests. In reaching these conclusions, the Compensation Committee considered the factors set forth in Rule 10C-1 of the Exchange Act and applicable listing standards.

Employment Agreements: We have a longstanding practice of entering into multi-year employment agreements with our senior executive officers and senior management. We believe that employment agreements provide greater assurance of continuity and retention of critical creative and operating talent in a highly competitive industry. Employment agreements for our NEOs are approved by the Compensation Committee in consultation with the Compensation Committee's independent compensation advisors, as needed. The employment agreements for the NEOs currently employed by the Company specify their base salary and provide that if the executive's employment (i) terminates without cause at the Company's election, (ii) is terminated by the executive following the Company's material breach of the agreement or (iii) is terminated by the executive for good reason after a change in control, the executive will receive a separation payment as described in more detail under the heading Potential Payments Upon Termination or Change in Control. The employment agreements and the terms of equity awards also provide that vesting of some or all of an executive's equity awards will accelerate upon certain events. Current employment agreements do not provide for any excise tax gross ups. We believe that providing for these benefits in these situations enhances the value of the business by preserving the continuity of management during potential change in control situations and by focusing our senior executives on our long-term priorities. Additional information regarding payments under these provisions is provided under the heading Potential Payments Upon Termination or Change in Control.

COMPENSATION COMMITTEE REPORT

We have reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with the Company's management. Based on such review and discussion, we have recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Payments Made Upon Termination Due to Death, Complete Disability or License Revocation. The Company's employment agreements with its current NEOs provide that such agreements terminate automatically upon death or complete disability of the employee, as well as upon failure of the employee to obtain or maintain any required gaming licenses. Upon such termination, such NEO is entitled to a lump sum payment of accrued and unpaid base salary and vacation pay through the termination date. Pursuant to the terms of the applicable stock option agreements and restricted stock grant agreements, all of the unvested options and restricted stock held by such NEOs would vest upon termination as a result of such NEO's death or complete disability.

Payments Made Upon Termination Without Cause at Employer's Election or at Employee's Election Upon Material Breach During the Term. The Company's employment agreements with its current NEOs provide that such agreements are terminable by the Company without cause upon notice to the employee, so long as a separation payment is paid as provided in such contracts, or by the employee upon written notice to the Company of the Company's uncured material breach of the agreement. Cause is generally defined to include (i) inability or failure to secure and/or maintain any licenses or permits required by government agencies with jurisdiction over the business of the Company or its affiliates; (ii) willful destruction of property of the Company or an affiliate having a material value to the Company or such affiliate; (iii) fraud, embezzlement, theft, or comparable dishonest activity (excluding acts involving a de minimis dollar value and not related in any manner to the Company, its affiliates or their business); (iv) conviction of or entering a plea of guilty or nolo contendere to any crime constituting a felony; (v) material breach of employment agreement; (vi) neglect, refusal, or knowing failure to materially discharge duties (other than due to physical or mental illness) commensurate with title and function, or failure to comply with the lawful directions of the Company or its board; (vii) knowing material misrepresentation to the Company or its board of directors; (viii) failure to follow a material policy or procedure of the Company or an affiliate; or (ix) material breach of a statutory or common law duty of loyalty or fiduciary duty to the Company or an affiliate. Material breach is defined as (i) the Company's failure to pay the employee's base salary when due, (ii) the Company's material reduction in the scope in the employee's duties and responsibilities such that the employee's remaining duties and responsibilities are materially inconsistent with duties and responsibilities generally associated with the employee's position with the Company, or (iii) a material reduction in the employee's base salary.

The separation payment for all current NEOs equals the sum of (a) base salary for the remainder of the term of the employment agreement, but not less than 12 months (except for Mr. Maddox which is not less than 18 months); (b) bonus projected for all bonus periods through the end of the term of the employment agreement (based upon the last bonus paid pursuant to the employment agreement), but not less than the preceding bonus that was paid; and (c) any accrued but unpaid vacation pay.

If Mr. Maddox, Mr. Billings or Ms. Whittemore is terminated without cause or resigns following the Company's material breach of his or her employment agreement, then as a condition to receiving such separation payment, he/she must execute a written release-severance agreement that (1) releases the Company, its affiliates, and their officers, directors, agents and employees, from any claims or causes of action, and (2) provides that the terminated employee may not disclose either the terms of the release-severance agreement or the compensation paid. In addition, the NEOs are entitled to health benefits coverage under the same plan or arrangement as such NEO was covered immediately prior to termination. Health benefits are to be provided until the earlier of the remainder of the original term, or until the employee is covered by a plan of another employer. Pursuant to the terms of the applicable restricted stock grant

agreements, all of the unvested restricted stock held by such NEOs would vest pro rata for the number of months served since the grant date upon termination by the Company without cause or by the employee upon the Company's material breach.

Payments Made Upon Termination by Employee for Good Reason after Change in Control. The Company's employment agreements with its current NEOs provide that such agreements are terminable by the employee for good reason after a change of control. A change of control is defined as (a) any person or group becomes the beneficial owner of more than 50% of the Company's outstanding securities, (b) the existing directors of the Company (including those elected in the normal course and not including those elected as a result of an actual or threatened election contest) cease to constitute a majority of the Board of the Company, or (c) the consummation of a merger, consolidation or reorganization to which the Company is a party or the sale or disposition of substantially all of the assets of the Company. Good reason is defined as: (i) reduction of employee's base salary; (ii) discontinuation of employer's bonus plan without immediately replacing such bonus plan with a plan that is the substantial economic equivalent of such bonus plan, or amends such bonus plan so as to materially reduce employee's potential bonus at any given level of economic performance of employer or its successor entity; (iii) material reduction in the aggregate benefits and perquisites to employee; (iv) requirement that such employee change the location of his or her job or office by a distance of more than 25 miles; (v) reduction of responsibilities or required reporting to a person of lower rank or responsibilities; or (vi) a successor's failure to expressly assume in writing the employment agreement.

Table of Contents

Upon termination by the employee pursuant to this provision, the employee is entitled to the separation payment described under Payments Made Upon Termination Without Cause at Employer's Election During the Term above. Pursuant to the terms of the applicable stock option agreements, some or all of the unvested options held by the applicable current NEOs would immediately vest upon termination by the Company without cause or upon termination by the employee for good reason after a change of control. Pursuant to the terms of the applicable restricted stock grant agreements, all of the unvested restricted stock held by such NEOs would vest upon termination for good reason following a change of control.

Payments Made Upon Termination. The tables below reflect the amount of compensation that would become payable to each of our current NEOs under existing agreements and arrangements if the NEO's employment had terminated on December 31, 2018, given the NEO's compensation as of such date and, if applicable, based on the Company's closing stock price on that date. These benefits are in addition to benefits available prior to the occurrence of any termination of employment, including benefits generally available to all salaried employees, such as distributions under the Company's 401(k) plan. In addition, in connection with any actual termination of employment, the Compensation Committee may determine to enter into an agreement or to establish an arrangement providing additional benefits or amounts, or altering the terms of benefits described below, as the Compensation Committee determines appropriate. The actual amounts that would be paid upon an NEO's termination of employment can only be determined at the time of such executive's separation from the Company. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be higher or lower than reported below. Factors that could affect these amounts include the timing during the year of any such event and the Company's stock price.

Stephen A. Wynn

On February 6, 2018, Mr. Wynn resigned from his position as the Company's Chairman and Chief Executive Officer, effective immediately. Mr. Wynn did not receive any severance payment or other compensation in connection with his resignation. On February 15, 2018, the Company entered into a separation agreement among the Company, Mr. Wynn, and Wynn Resorts Holdings, LLC (the "Separation Agreement") specifying the terms of Mr. Wynn's termination of service with the Company and confirmed that Mr. Wynn was not entitled to any severance payment or other compensation from the Company. Under the Separation Agreement, Mr. Wynn agreed not to compete against

the Company for a period of two years and to provide reasonable cooperation and assistance to the Company in connection with any private litigation or arbitration and to the Board of Directors of the Company or any committee of the Board in connection with any investigation by the Company related to his service with the Company. The Separation Agreement provided that (i) Mr. Wynn's lease of his personal residence at Wynn Las Vegas would terminate not later than June 1, 2018 and until such date Mr. Wynn would continue to pay rent at the fair market value (Please refer to "Certain Relationships and Related Transactions"), unless Mr. Wynn elected to terminate the lease before such date, (ii) Mr. Wynn's healthcare coverage would terminate on December 31, 2018 (for the related amount, please refer to "All Other Compensation" in the "Summary Compensation Table"), and (iii) administrative support for Mr. Wynn will terminate on May 31, 2018. Additionally, in order to conduct any sales of Company shares in an orderly fashion, with Mr. Wynn to reimburse the Company for its reasonable expenses, the Company entered into a registration rights agreement with Mr. Wynn. For related amounts, please refer to the section titled "Summary Compensation Table."

Kimmarie Sinatra

Kimmarie Sinatra ceased to serve as the Company's Executive Vice President, General Counsel and Secretary, effective July 15, 2018. On August 3, 2018, the Company entered into an agreement with Ms. Sinatra (the "Agreement") to finalize the terms of her transition and departure. The Agreement provided to Ms. Sinatra: (1) a cash payment of \$1,814,000; (2) continued participation in the Company's senior executive health program through December 31, 2018 (for the related amount, please refer to "All Other Compensation" in the "Summary Compensation Table"); and (3) health care benefits coverage for Ms. Sinatra and her dependents which shall be paid for by the Company until the expiration of Ms. Sinatra's continuation coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985, which is estimated to be \$43,243. In addition, 39,286 unvested shares granted to Ms. Sinatra under a Restricted Stock Agreement with a total fair value of \$5,861,078 and 25,000 unvested stock options granted to Ms. Sinatra under a Stock Option Agreement with a total intrinsic value of \$2,551,750, respectively, vested on August 3, 2018; and the transfer restriction with respect to the vested shares granted to Ms. Sinatra in January 2016 was removed as of August 3, 2018. Pursuant to the Agreement, Ms. Sinatra granted a waiver and release of claims to the Company and agreed to certain non-competition and confidentiality provisions. For related amounts, please refer to the section titled "Summary Compensation Table."

Table of Contents**Certain relationships and transactions****BUILDING THE NEW WYNN**

Pursuant to written Company policy, the Audit Committee reviews for approval or ratification all transactions with any related person, which SEC rules define to include directors, director nominees, executive officers, beneficial owners of in excess of 5% of the outstanding shares of the Company's Common Stock, and their respective immediate family members. The policy classifies as pre-approved: (a) employment of executive officers and director compensation if the compensation is required to be reported under Item 402 of Regulation S-K; (b) transactions with another company or charitable contributions if the related person's only relationship is as an employee (other than executive officer), director or beneficial owner of less than 10% of that company's or donee's shares if the aggregate amount does not exceed the greater of \$200,000 or 5% of that company's or donee's total annual revenues; (c) transactions where the related person's interest arises solely from the ownership of the Company's stock and all shareholders benefit on a pro rata basis; (d) transactions involving competitive bids; (e) regulated transactions involving services as a common carrier or public utility at rates fixed in conformity with law or governmental authority; and (f) transactions with related parties involving a bank as depository of funds, transfer agent, registrar, trustee under a trust indenture or similar services. The Audit Committee receives notice of the occurrence of all pre-approved transactions. All other transactions with related persons are subject to approval or ratification by the Audit Committee. In determining whether to approve or ratify a transaction, the Audit Committee will take into account, among other factors it deems appropriate, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related person's interest in the transaction.

The following are the material transactions or agreements that occurred or were in effect at any time after January 1, 2018, between the Company and related persons. The Audit Committee has approved or ratified all of these transactions that occurred after the date of the adoption of the policy.

CURRENT

Cooperation Agreement. On August 3, 2018, the Company entered into a Cooperation Agreement (the "Cooperation Agreement") with Elaine P. Wynn ("Ms. Wynn") regarding the composition of the Company's Board and certain other matters, including, among other things, the appointment of Mr. Satre to the Board, standstill restrictions, releases, non-disparagement, reimbursement of expenses, and the grant of certain complimentary privileges. The term of the Cooperation Agreement expires on the day after the conclusion of the 2020 annual meeting of the Company's shareholders, unless earlier terminated pursuant to the circumstances described in the Cooperation Agreement.

Reimbursable Costs. The Company periodically provides services to certain executive officers, directors, or former directors of the Company, including the personal use of employees, construction work and other personal services, for which the officers, directors, or former directors reimburse the Company. The Company requires prepayment for any such services, which amounts are replenished on an ongoing basis as needed. As of December 31, 2018, these net deposit balances with the Company were immaterial, as were the services provided.

Other. In addition to the above, the Company (or its subsidiaries) employs Mary Ann Pascal, the sister-in-law of Ms. Wynn (who is a beneficial owner of in excess of 5% of the outstanding shares of the Company's Common Stock), as Vice President Player Development at Wynn Las Vegas. The Audit Committee of the Company approved the employment arrangement in advance and determined that compensation was at (or below) levels paid to non-family

members. Total compensation paid to Ms. Pascal for 2018 included the following amounts calculated in the same manner as the Summary Compensation Table values presented for NEOs: salary (includes retroactive pay related to her salary increase from \$200,000 to \$250,000 in May 2017 which was not paid until 2018) of \$281,731, bonus of \$100,575, and other compensation of \$7,609. Ms. Pascal's annual base salary for 2019 is \$250,000.

TERMINATED IN 2018

Shareholders Agreement. On January 6, 2010, Mr. Wynn, Ms. Wynn, and Aruze USA, Inc. ("Aruze"), each of whom were then greater than 5% shareholders of the Company, entered into an amended and restated shareholders agreement (the "Shareholders Agreement"), pursuant to which each of Mr. Wynn, Ms. Wynn and Aruze agreed to vote all shares of the Company held by them and subject to the terms of the Amended and Restated Stockholders Agreement in a manner so as to elect to the Company's Board of Directors each of the nominees contained on each and every slate of directors endorsed by Mr. Wynn, to include, subject to certain conditions, Ms. Wynn and, so long as such

Certain relationships and transactions

slate results in a majority of directors at all times being candidates endorsed by Mr. Wynn, nominees approved by Aruze. Pursuant to an agreement, dated March 8, 2018, settling certain litigation between the Company and Aruze, Aruze agreed not to claim that Aruze remains a party to the Shareholders Agreement. On March 14, 2018, Mr. Wynn and Ms. Wynn entered into a stipulation declaring the Shareholders Agreement invalid and unenforceable, and on April 16, 2018, the Company entered into a Settlement Agreement and Mutual Release by and between the Company, Mr. Wynn, Ms. Wynn and Ms. Sinatra, which, among other things, resolved and unconditionally released the parties from all claims and cross claims asserted among the parties in a legal proceeding involving the Shareholders Agreement.

As a result of Mr. Wynn's resignation and the Separation Agreement described under Potential Payments Upon Termination or Change of Control, above, an aircraft purchase option that gave Mr. Wynn the right to purchase any or all of the aircraft owned by the Company or its direct wholly owned subsidiaries terminated on February 6, 2018. Further, under the parties' Surname Rights Agreement, Mr. Wynn granted the Company an exclusive, fully paid-up, perpetual, worldwide license to use, and to own and register trademarks and service marks incorporating the Wynn surname for casino resorts and related businesses, together with the right to sublicense the name and marks to its affiliates. Pursuant to the Separation Agreement, if the Company ceases to use the Wynn surname and trademark, the Company will assign all of its right, title, and interest in the Wynn trademark to Mr. Wynn and terminate the Surname Rights Agreement. The lease of Mr. Wynn's residence was terminated by agreement of the parties on April 10, 2018.

On March 20, 2018, the Company entered into a registration rights agreement with Mr. Wynn, the Wynn Family Limited Partnership, a Delaware limited partnership (together with Mr. Wynn, the Selling Stockholder) and each holder from time to time a party thereto (the Registration Rights Agreement), pursuant to the Separation Agreement. The Selling Stockholder subsequently sold all of its holdings of the Company's common stock through open market transactions pursuant to Rule 144 under the Securities Act of 1933, as amended, and certain privately negotiated transactions. Pursuant to the Registration Rights Agreement, without the Company's prior written consent, the Selling Stockholder was not permitted to sell more than an aggregate of 4,043,903 shares of Common Stock in any quarter. The Company provided written consent permitting the Selling Stockholder to undertake the registered sales.

Table of Contents**Pay ratio disclosure****BUILDING THE NEW WYNN**

The SEC's rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices. As a result, the pay ratio reported by other companies may not be comparable to the pay ratio reported below, as other companies may have different employee populations and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

The pay ratio reported below is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll records and the methodology described below. For these purposes, in 2017, we determined the median compensated employee using taxable income for 2017, which we annualized for any employee who did not work for the entire year unless designated as a temporary employee. We determined that, as of December 31, 2017, our employee population consisted of approximately 25,200 employees, with approximately 52% working in Macau as an employee of Wynn Macau, Limited or one of its subsidiaries. In identifying the median employee, we made a cost-of-living adjustment using the International Monetary Fund's implied purchasing power conversion rate of 5.49 with respect to employees located in Macau. Using this methodology, we determined that the median employee in 2017 was a full-time, salaried employee located in Las Vegas. As permitted by the SEC rules, we are using the same median employee for our 2018 ratio because we did not believe that this employee's compensation had changed significantly or that our employee population had changed significantly in 2018.

The 2018 annual total compensation of our median compensated employee, other than our 2018 CEO, was \$44,492; the 2018 annual total compensation of our CEO serving as of December 31, 2018, Mr. Maddox, was \$17,227,260; and the ratio of these amounts was 1-to-387.

Because we had two non-concurrent CEOs serving during our fiscal year 2018, to calculate the annual total compensation of the CEO for the purposes of this disclosure, we looked to the CEO serving in that position as of December 31, 2018, Mr. Maddox, and annualized his compensation. To identify the median employee without a cost-of-living adjustment, we converted the compensation paid in Macau currency to U.S. dollars by applying a Macau patacas to U.S. dollars exchange rate using the noon buying rate of exchange of Macau patacas to U.S. dollars of 8.0664 on December 31, 2018. For 2018, we did not identify a new median employee for the reasons described above. The 2018 annual total compensation of our median compensated employee, other than our CEO serving as of December 31, 2018, without the cost-of-living adjustment was \$40,503; and the ratio of this amount to Mr. Maddox's 2018 annual total compensation was 1-to-425.

We believe the employee population for gaming and hospitality industries includes a large percentage of steady extra workers. These are permanent workers who are paid hourly and obtain hours based on business volumes (e.g., coverage during peak times such as when large conventions are in town) and personal needs of the employee. As of December 31, 2018, approximately 13% of our employee population of approximately 26,000 consisted of steady extra workers, most of whom are eligible for medical and other benefits. Based on SEC's rules, these permanent workers are included in the employee population used in calculating the median employee compensation and may impact comparability of our median employee compensation amount with that in other industries.

Our talented and dedicated employees play an integral role in our overall success and we place great emphasis on creating an environment for our employees to excel and advance. We are committed to the development, health and well-being of our workforce through various programs, benefits and amenities. Please refer to Our People and Our Stewardship for additional information.

PROPOSAL 1: ELECTION OF DIRECTORS

At the recommendation of the Company's Nominating and Corporate Governance Committee, the Board is nominating the following individuals for election as Class II directors:

Jay L. Johnson
Margaret J. Myers
Winifred M. Webb

The Board has nominated the three individuals listed above to serve as Class II directors for terms that commence upon election at the 2019 Annual Meeting. If elected at the 2019 Annual Meeting, each nominee would serve until the 2022 Annual Meeting and until his or her successor has been duly elected and qualified, or until his or her earlier death, resignation, removal or retirement. The persons designated as proxies will have discretion to cast votes for other persons in the event any nominee for director is unable to serve, or the Board may choose to reduce the size of the Board. At present, it is not anticipated that any nominee will be unable to serve. Biographical and other information for our nominees and our current directors is provided in the "Director Biographies" section.

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF THE NOMINEES LISTED ABOVE.

PROPOSAL 2: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee of the Board has selected Ernst & Young LLP, a registered public accounting firm, as our independent auditors to examine and report to our shareholders on the consolidated financial statements of our Company and its subsidiaries for the fiscal year ending December 31, 2019. Representatives of Ernst & Young LLP will be present at the Annual Meeting and will be given an opportunity to make a statement. They also will be available to respond to appropriate questions.

As a matter of good corporate governance, the Audit Committee has determined to seek shareholder ratification of its selection of Ernst & Young LLP as the Company's independent auditors, although this is not required under Nevada law the Company's Articles or Bylaws, SEC rules or applicable listing standards. If the shareholders do not ratify the selection of Ernst & Young LLP as the Company's independent auditors for 2019, the Audit Committee will evaluate what would be in the best interests of the Company and its shareholders and consider whether to select new independent auditors. Even if the shareholders ratify the selection of Ernst & Young LLP, the Audit Committee, in its discretion, may direct the appointment of a different independent public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its shareholders.

AUDIT AND OTHER FEES

The following table presents the aggregate fees billed (or expected to be billed) to the Company for audit and other services provided by Ernst & Young LLP, the Company's independent auditor for each of the fiscal years ended December 31, 2018, and December 31, 2017:

AGGREGATE FEES

CATEGORY	2018	2017
Audit fees	\$ 3,006,975	\$ 2,912,000
Audit-related fees	\$ 43,980	\$ 42,000
Tax fees	\$ 502,650	\$ 323,000
All other fees		

Audit fees includes the aggregate fees for professional services rendered for the reviews of our consolidated financial statements for the quarterly periods ended March 31, June 30 and September 30, for the audit of our consolidated financial statements and the consolidated financial statements of certain of our subsidiaries for the years ended December 31, 2018 and 2017, and for the audit of our internal controls over financial reporting as of December 31, 2018 and 2017. Audit fees also include fees for services provided in connection with securities

offerings, audit-related accounting consultations and statutory audits of certain subsidiaries of the Company.

Audit-related fees include the aggregate fees for the audit of the Company's defined contribution employee benefit plan. Tax fees include fees for domestic tax planning and other research.

PRE-APPROVAL POLICY

The Audit Committee's policy is to pre-approve all audit and non-audit services provided by the independent registered public accountants by pre-approving certain types of services at usual and customary rates. These services may include audit services, audit-related services, tax services and other permissible non-audit services. The pre-approval authority details the particular service or category of service that the independent registered public accountants will perform. Management reports to the Audit Committee on the actual fees charged by the independent registered public accountants for each category of service.

During the year, circumstances may arise when it becomes necessary to engage the independent registered public accountants for additional services not contemplated in the original pre-approval authority. In those instances, management submits a request to the Audit Committee describing a specific project at a specific fee or rate and, if deemed appropriate and necessary, the Audit Committee approves the services before we engage the independent registered public accountants.

The Audit Committee pre-approved all fees related to services provided by Ernst & Young LLP in 2018.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is comprised of the three members named below. As required by our committee charter, each member of the Audit Committee has been determined to be an independent director, as defined under the NASDAQ listing rules and the rules of SEC. In addition, the Board has determined that two of the three committee members (Mr. Byrne and Ms. Webb) are Audit Committee financial experts, as defined by SEC rules.

During 2018, we held nine full committee meetings.

Our purpose and responsibilities are set forth in our committee charter, which is approved and adopted by the Board and is available on the Company's website at <http://www.wynnresorts.com> under the heading "Corporate Governance" on the Company Information page. The Audit Committee charter is reviewed and updated, as appropriate, to address changes in regulatory requirements, authoritative guidance, evolving oversight practices and investor feedback.

Our role is to oversee, on behalf of the Board, the accounting and financial reporting processes of the Company and the audits of the Company's financial statements, including review of the Company's guidelines and policies with respect to risk assessment and risk management related to financial reporting and internal controls, major financial risk exposures of the Company and the steps the Company's management has taken to monitor and control such exposures. The Company's management is responsible for the preparation, presentation and integrity of our financial statements, and for maintaining appropriate accounting and financial reporting principles and policies, and internal controls and procedures that are reasonably designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing our financial statements and expressing an opinion as to their conformity with generally accepted accounting principles in the United States of America and for

auditing and providing an attestation report on the effectiveness of our internal control over financial reporting.

In fulfilling our oversight duties, at each regular quarterly meeting of the Audit Committee, we met separately in executive session with Ernst & Young LLP, our independent registered public accountants, as well with each of the Company's General Counsel, Chief Audit Executive (who heads internal audit), Chief Financial Officer, and Chief Compliance Officer. During these meetings, we discussed the quality of the Company's accounting and financial reporting processes and the adequacy and effectiveness of its internal controls and procedures; reviewed significant audit findings prepared by each of the independent registered public accountants and internal audit department, together with management's responses; reviewed the overall scope and plans for the audits by the internal audit department and the independent registered public accountants; reviewed critical accounting policies and the significant estimates and judgments management used in preparing the financial statements and their appropriateness for the Company's business and current circumstances; and reviewed each Company press release concerning Company earnings prior to its release.

Table of Contents

Ernst & Young LLP has served as the Company's independent registered public accountants since 2006. In evaluating and selecting the Company's independent registered public accounting firm, we consider, among other things, the historical and recent performance of our current firm, the firm's global reach, external data on audit quality and performance, including Public Company Accounting Oversight Board (PCAOB) reports, industry experience, audit fee revenues, firm capabilities and audit approach, and the independence and tenure of the accounting firm. As discussed above, we have engaged Ernst & Young LLP to serve as our independent registered public accountants for the year ending December 31, 2019.

In addition to the activities discussed above, prior to the Company's filing of its Annual Report on Form 10-K for the year ended December 31, 2018 with the SEC, we reviewed and discussed with management the Company's audited financial statements for the year ended December 31, 2018. We discussed with the independent registered public accounting firm the matters required to be discussed by the applicable standards of the PCAOB, including the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of the disclosures in the financial statements. We received the written disclosures and the letter from the independent auditors required by applicable requirements of the PCAOB regarding the independent auditors' communications with the audit committee concerning independence and have discussed with the independent auditors their firm's independence. Based on the review and discussions described in this report, we recommended to the Board that the audited financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2018, filed with the SEC.

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE YEAR 2019.

PROPOSAL 3: ADVISORY VOTE TO APPROVE THE COMPENSATION OF NAMED EXECUTIVE OFFICERS

In accordance with Section 14A of the Exchange Act (which was added by the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd Frank Act)) and the related rules of the SEC, the Company will present a resolution at the Annual Meeting to enable our shareholders to approve, on an advisory and non-binding basis, the compensation of our NEOs as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables and the related narrative disclosure in this Proxy Statement.

This proposal, commonly known as a "Say-on-Pay" proposal, allows our shareholders the opportunity to express their views on our NEOs' compensation. In considering this proposal, we urge shareholders to read the Compensation Discussion and Analysis, the accompanying compensation tables and the related narrative disclosure. Although this vote is advisory only, and therefore non-binding, the Board and the Compensation Committee will review and evaluate the voting result when considering future executive compensation decisions.

As the Company continues its transition from a compensation program oriented around a founder whose long-term focus was aligned with shareholders through his extensive stock ownership, to a more traditional compensation program, the Board determined to move from a triannual to an annual Say-on-Pay vote to provide for additional input from and further engagement with our shareholders. The Compensation Committee determined to right-size executive pay, to revamp our long-term incentive program to eliminate periodic grants and transition to annual grants, and to ensure that a majority of equity awards will be granted in performance-based stock to ensure a superior focus on operational excellence and better align executives' interests with those of long-term shareholders.

As described in detail in the Compensation Discussion and Analysis, the majority of our executives' total compensation is at-risk, tied to achieving annual and long-term goals that enhance the value of our reputation and brand, sustain the performance and attractiveness of our resorts and drive long-term shareholder value. In 2018, the Compensation Committee committed to right-sizing executive compensation by benchmarking total compensation at the median of our peer group. Because product quality and service excellence are at the core of our

strategy, we use annually focused, operations-based pay to reflect the critical importance of performing well each year for each customer. The design of our long-term incentives coupled with robust stock ownership guidelines ensure that our executives' interests are aligned with those of long-term shareholders.

Therefore, in accordance with Section 14A of the Exchange Act and as a matter of good corporate governance, we are asking shareholders to approve the following advisory resolution at the Annual Meeting:

RESOLVED, that the shareholders of Wynn Resorts, Limited (the Company) approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed in the Compensation Discussion and Analysis and the tabular disclosure regarding each named executive officer's compensation (together with the accompanying narrative disclosure) in the Proxy Statement for the 2019 Annual Meeting of Shareholders.

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE APPROVAL OF THE ADVISORY RESOLUTION ON OUR NAMED EXECUTIVE OFFICE COMPENSATION.

PROPOSAL 4: SHAREHOLDER PROPOSAL REQUESTING A POLITICAL CONTRIBUTIONS REPORT

The Company has been advised that the New York State Common Retirement Fund, 59 Maiden Lane, 30th Floor, New York, NY 10038, the beneficial owner of 210,500 shares as of October 30, 2018, intends to submit the following proposal for consideration at the Annual Meeting:

Resolved, that the shareholders of Wynn Resorts, Limited (the Company) hereby request that the Company provide a public report, updated semiannually, disclosing the Company's:

1. Policies and procedures for making, with corporate funds or assets, contributions and expenditures (direct or indirect) to (a) participate or intervene in any political campaign on behalf of (or in opposition to) any candidate for public office, or (b) influence the general public, or any segment thereof, with respect to an election or referendum.
 2. Monetary and non-monetary contributions and expenditures (direct and indirect) used in the manner described in section 1 above, including:
 - a. The identity of the recipient as well as the amount paid to each; and
 - b. The title(s) of the person(s) in the Company responsible for decision-making.
- The report shall be presented to the board of directors or relevant board committee and posted on the Company's website within 12 months from the date of the annual meeting. This proposal does not encompass lobbying spending.

SUPPORTING STATEMENT OF THE NEW YORK STATE COMMON RETIREMENT FUND

As long-term shareholders of Wynn Resorts, Limited, we support transparency and accountability in corporate spending on political activities. These include any activities considered intervention in any political campaign under the Internal Revenue Code, such as direct and indirect contributions to political candidates, parties, or organizations; independent expenditures; or electioneering communications on behalf of federal, state or local candidates.

Disclosure is in the best interest of the company and its shareholders. Moreover, the Supreme Court's Citizens United decision recognized the importance of political spending disclosure for shareholders when it said, "[D]isclosure permits citizens and shareholders to react to the speech of corporate entities in a proper way. This transparency enables the electorate to make informed decisions and give proper weight to different speakers and messages. Gaps in transparency and accountability may expose the company to reputational and business risks that could threaten long-term shareholder value.

Table of Contents

Relying on publicly available data does not provide a complete picture of the Company's political spending. For example, the Company's payments to trade associations used for political activities are undisclosed and unknown. In some cases, even management does not know how trade associations use their company's money politically. The proposal asks the Company to disclose all of its political spending, including payments to trade associations and other tax-exempt organizations used for political purposes. This would bring our Company in line with a growing number of leading companies that support political disclosure and accountability and present this information on their websites.

The Company's Board and its shareholders need comprehensive disclosure to be able to fully evaluate the political use of corporate assets. We urge your support for this critical governance reform.

THE BOARD OF DIRECTORS' STATEMENT IN OPPOSITION

After careful consideration, the Board of Directors recommends that shareholders vote AGAINST this proposal for the following reasons:

The very same proposal from the same proponent was defeated by the Company's shareholders at the 2014, 2015, 2016, 2017, and 2018 annual meetings of shareholders. Each time, the Company's shareholders rejected this proposal with 73.9%, 80.0%, 85.4%, 70.3% and 63.3%, respectively, of votes cast voting against the proposal.

The Company operates in a highly regulated industry, and the decisions of federal, state, and local governments can significantly impact the Company. Therefore, the Board believes that it is critical that the Company participate in the political process to protect its business interests and its shareholders' interests. The Company is committed to participating in the political process as a good corporate citizen, in full compliance with applicable laws. Accordingly, the Company has adopted the Political Contributions Policy (the "Policy"), which is available on our investor relations website at <https://wynnresortslimited.gcs-web.com/political-contributions-policy>. In addition to the Company's Code of Business Conduct and Ethics, the Policy governs the Company's consideration of political activities, including the Company's political contributions at the federal, state, and local levels, and the Company's membership in trade associations.

Under the Policy, the Company's political contributions at the federal, state, and local levels are subject to an extensive internal review process designed to confirm their compliance with applicable contribution limits and regulations, and that all political contributions are to promote the business interests of the Company. Recognizing that the Company likely will not agree with every position a candidate takes, the Company's government affairs team meets with a candidate prior to making significant contributions to determine whether supporting the candidate is in the best interests of the Company and its shareholders. In addition, the Company reports to the Audit Committee on its political contributions on a periodic basis.

The Company also believes that it provides sufficient transparency with respect to its political contributions. The Company's participation in political activities includes contributions to federal elections through Wynn Resorts, Limited Initiative for Public Policy, a separate, segregated fund for the purposes of soliciting and accepting political contributions ("Wynn PAC"). In compliance with federal law, Wynn PAC files regular reports with the Federal Election Commission (the "FEC") to disclose political contributions by Wynn PAC. These reports are publicly available on the FEC website. In addition, reports regarding the Company's specific political contributions in various jurisdictions are publicly available at each jurisdiction's official website.

From time to time, the Company pays annual membership dues to industry trade associations. The trade associations in which the Company participates may engage in political activities, but such decisions are governed by those

associations' respective bylaws. Thus, even when the Company participates in trade associations, the Company does not control how they use membership dues. The Company expects these trade associations to comply with applicable laws with respect to their political activities. As such, the Board believes that additional disclosures regarding the specific payments made to these trade associations would not benefit shareholders.

Moreover, the Company believes that the adoption of this proposal could put our company at a disadvantage relative to our competitors, who are not only not required to disclose this information, but may also be able to discern the Company's public policy and political strategies and implement strategies opposed to the Company's public policy goals if we made the disclosures requested by the proposal. We believe that any additional political contribution reporting requirements that go beyond those required under existing law should be applicable to all participants engaged in the political process, rather than to us alone, as the proposal requests.

Table of Contents

Items to be voted on

In sum, the Company already discloses sufficient information regarding its political contributions and already has an appropriate system of oversight in place, including the Policy, to confirm that the Company's political contributions comply with applicable law and are in the best, long-term interests of the Company and its shareholders. Accordingly, the Board believes that preparing an additional report as requested by the proposal would be an unnecessary and imprudent use of the Company's time and resources.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE AGAINST THE SHAREHOLDER PROPOSAL REQUESTING A POLITICAL CONTRIBUTIONS REPORT.

A plurality of the votes cast in person or by proxy at the Annual Meeting is required for the election of the director nominees. Shares as to which a shareholder withholds voting authority and broker non-votes, which are described below, will not affect the outcome of the election.

For each other item to be acted upon at the Annual Meeting (Proposals 2, 3 and 4), the item will be approved if the number of votes cast in favor of the item by the shareholders entitled to vote exceeds the number of votes cast in opposition to the item. Abstentions and broker non-votes will not be counted as votes cast on an item and, therefore, will not affect the outcome of these proposals. Shares represented by properly executed and unrevoked proxies will be voted at the Annual Meeting in accordance with the directions of shareholders indicated in their proxies. If no specification is made, shares represented by properly executed and unrevoked proxies will be voted in accordance with the specific recommendations of the Board set forth above. If any other matter properly comes before the Annual Meeting, the shares will be voted in the discretion of the persons voting pursuant to the respective proxies.

For a shareholder who holds his or her shares through an intermediary, such as a broker, bank or other nominee (referred to as *beneficial owners*), such intermediary will not be permitted to vote on Proposal 1 (the election of directors), Proposal 3 (approval of the compensation of our named executive officers (known as a *Say-on-Pay* vote)) or Proposal 4 (the shareholder proposal) if the shareholder does not provide the intermediary with applicable voting instructions (this situation is called a *broker non-vote*). **Accordingly, we encourage you to vote your shares on all matters being considered at the Annual Meeting.** Notwithstanding the occurrence of a broker non-vote, the intermediary may still vote the shareholder's shares on Proposal 2 (ratification of Ernst & Young LLP as our independent auditor).

Notice of Internet Availability of Proxy Materials. Under rules adopted by the U.S. Securities and Exchange Commission (the "SEC"), we are furnishing proxy materials to some shareholders via the Internet, instead of mailing printed copies of those materials to each shareholder. The Notice of Internet Availability also explains how to vote through the Internet or by telephone.

This electronic access process expedites shareholders' receipt of our Annual Meeting materials, lowers the cost of our Annual Meeting and conserves natural resources. However, if you would prefer to receive a printed copy of our Annual Meeting materials, a paper proxy card or voting instructions card, please follow the instructions included in the Notice of Internet Availability. If you have previously elected to receive our Annual Meeting materials electronically or by mail, you will continue to receive these materials in that format unless you elect otherwise.

PROXY PROCEDURE AND EXPENSES OF SOLICITATION

In addition, we have engaged Innisfree M&A Incorporated ("Innisfree"), a professional proxy solicitation firm, to assist in the solicitation of proxies for the Annual Meeting. The Company has agreed to pay Innisfree a fee of \$17,500, plus reimbursement for out of pocket expenses. The address of Innisfree is 501 Madison Avenue, 20th Floor, New York, New York 10022. Such proposals must comply with the requirements of Rule 14a-8 of the Exchange Act and must be received by the Company no later than November 28, 2019.

In addition, our Bylaws provide notice procedures for shareholders to nominate a person as a director and to propose business to be considered by shareholders at a meeting when nomination and/or the other business are not submitted for inclusion in the Company's proxy statement. Generally, notice of a nomination or proposal not submitted pursuant to Rule 14a-8 must be delivered to us not later than the close of business on the 90th day, nor earlier than the close of business on the 120th day, prior to the first anniversary of the preceding year's annual meeting. However, if the date of the annual meeting is more than 30 days before or more than 70 days after such anniversary date, notice must be delivered to us not earlier than the close of business on the 120th day prior to such annual meeting date and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made.

Accordingly, for our 2020 Annual Meeting, notice of a nomination or proposal must be delivered to us no later than February 7, 2020 and no earlier than January 8, 2020. Nominations and proposals also must satisfy other requirements set forth in the Bylaws. If a shareholder complies with the forgoing notice provisions and with certain additional procedural requirements in the Bylaws and SEC rules, the Company will have authority to vote shares under proxies we solicit when and if the nomination or proposal is raised at the Annual Meeting. The Chairman of the Board may refuse to acknowledge the introduction of any shareholder proposal not made in compliance with the foregoing procedures.
