**Report of Independent Registered Public Accounting Firm**

To the Participants and Plan Administrator of the  
EMC Corporation 401(k) Savings Plan

In our opinion, the accompanying statements of assets available for plan benefits and the related statements of changes in assets available for plan benefits present fairly, in all material respects, the assets available for plan benefits of the EMC Corporation 401(k) Savings Plan (the Plan ) at December 31, 2003 and 2002, and the changes in assets available for plan benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**EMC CORPORATION 401(k) SAVINGS PLAN  
NOTES TO FINANCIAL STATEMENTS**

**1. Description of the Plan**

The following description of the EMC Corporation 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General**

The Plan is a contributory defined contribution plan established January 1, 1983 for the purpose of providing an opportunity for retirement income and increased savings to the employees of EMC Corporation (the Company). Plan assets acquired under this Plan as a result of contributions, investment income, and other additions to the Plan are administered for the exclusive benefit of the participants and their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Fidelity Management Trust Company serves as the trustee for the Plan (the Trustee).

**Merger into the Plan**

In October 2003, the Company acquired LEGATO Systems, Inc. In connection with the acquisition, the LEGATO Systems, Inc. 401(k) Plan (the LEGATO Plan) merged into the Plan effective as of the close of business on December 31, 2003 resulting in the transfer of assets of \$33,637,998 and the transfer of participant loans of \$514,337 into the Plan. Former participants of the LEGATO Plan became eligible to participate in the Plan effective January 1, 2004.

**Eligibility**

All U.S. employees of the Company who are regularly scheduled to work at least 20 hours per week are, in general, eligible to participate in the Plan, and may begin participation on the first payroll date after enrollment.

**Contributions**

During 2003 and 2002, participants could elect to contribute an amount not to exceed, in the aggregate, between 1% and 50% and 1% and 25%, respectively, of their compensation on a pretax basis while participating in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. In any Plan year, the Company may contribute to participants' accounts a quarterly matching contribution equal to a percentage of the participant's compensation contributed to the Plan as determined by the Company's Board of Directors up to a maximum quarterly matching contribution of \$750. In addition, discretionary Company profit sharing contributions based on different discretionary goals established for separate business units within the Company may be made as determined by the Company's Board of Directors. To be eligible for an allocation of Company quarterly matching contributions, a participant must be employed by the Company on the last business day of the calendar quarter. To be eligible for an allocation of discretionary Company profit sharing contributions, a participant must have completed at least 1,000 hours of service during the Plan year and be employed by the Company on the last day of the Plan year. Contributions are subject to certain limitations under the Internal Revenue Code of 1986, as amended (the Code). During 2003 and 2002, the Company did not make any discretionary profit sharing contribution. Effective May 1, 2002, participants age 50 or over or who attain age 50 by the close of the applicable Plan year, are eligible to contribute to the Plan, in addition to the Internal Revenue Service (IRS) maximum contribution, up to \$1,000 in 2002, \$2,000 in 2003, \$3,000 in 2004, \$4,000 in 2005 and \$5,000 in 2006.

**Participant Accounts**

Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution and an allocation of the profit sharing contributions and Plan earnings and debited with applicable expenses. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant accounts are invested in the various investment options made available from time to time by the Company for such purpose. Participants have the opportunity from time to time to give instructions to the Company as to the investment of contributions among the available investment options, subject to allocation rules which may be prescribed by the Company. No more than 30% of a participant's contributions may be invested in the Company Common Stock Fund.

**EMC CORPORATION 401(k) SAVINGS PLAN**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

**Vesting and Forfeiture**

Participants are immediately vested 100% in their voluntary contributions, rollover contributions, Company discretionary matching contributions plus the investment earnings arising from these contributions. Company discretionary profit sharing contributions are subject to a vesting schedule based on the number of years of continuous service as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year but less than 2	25%
2 years but less than 3	50%
3 years but less than 4	75%
4 years or more	100%

Participants' interest in their accounts shall become 100% vested and nonforfeitable without regard to their credited years of service if they are employed by the Company on or after age 65, incur a permanent and total disability or die while employed by the Company.

If a participant who is not fully vested terminates employment with the Company, the participant shall be entitled to the vested portion of his or her account. The nonvested portion is forfeited and will be applied to the payment of Plan expenses. As of December 31, 2003, the participant forfeiture balance was \$422,067, of which \$419,807 was received in connection with the merger of the LEGATO plan.

**Payment of Benefits**

Benefits are payable upon normal retirement age (65), death, separation from service or proven hardship. A participant who was a Plan member as of December 31, 1988 may elect to receive the value of the vested interest in his or her account in the form of an installment or in a lump-sum distribution. A Plan member after such date will receive the vested interest in his or her account in a lump-sum distribution. In any event, payment of benefits must commence not later than the April 1 following the calendar year during which the participant's employment terminates or the participant reaches age 70½, whichever is later. However, a 5% owner of the Company will be required to begin receiving minimum distributions from his or her account by the April 1 following attainment of age 70½ regardless of whether he or she has terminated employment at that time.

**Participant Notes Receivable**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of the participant's vested account balance. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company, as Plan administrator. Interest rates ranged from 5.0% - 10.5% for 2003 and 8.0% - 10.5% for 2002. Principal and interest are paid ratably through payroll deductions.

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan are prepared using the accrual method of accounting.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**EMC CORPORATION 401(k) SAVINGS PLAN  
NOTES TO FINANCIAL STATEMENTS (Continued)**

**Reclassifications**

Certain prior year amounts have been reclassified to conform to the 2003 presentation.

**Investment Valuation and Income Recognition**

Investments are valued at fair value. Investments in shares of mutual funds and the common collective trust fund are valued at their net value and unit value, respectively, which represents the value at which shares/units may be purchased or redeemed. The Company's common stock, par value \$.01 per share ( Common Stock ), is valued at the quoted market price on the last business day of the Plan year. Loans to participants are valued at cost plus accrued interest, which approximates fair value.

The Plan presents in the statements of changes in assets available for plan benefits net appreciation (depreciation) in the fair value of its investments which consists of realized gains or losses and unrealized appreciation (depreciation) of investments. The cost of investments is determined on the average cost basis in calculating realized gains or losses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**Expenses of the Plan**

Administrative expenses, including legal and participant accounting, and other costs of administering the Plan, and certain expenses directly relating to the investments are charged to and paid by the Company.

**Termination of the Plan**

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan. The Plan administrator, upon termination, shall cause the assets of the Plan to be allocated as described in the Plan agreement. In the event of Plan termination, participants will become 100% vested in their accounts.

**Payment of Benefits**

Benefits are recorded when paid.

**3. Tax Status of the Plan**

The IRS has determined by a letter dated July 2, 2002 that the Plan and related trust are designed in accordance with applicable sections of the Code. Therefore, no provisions for income taxes are required.

**4. Related Party Transactions**

The Plan invests in Common Stock of the Company and transactions in this Common Stock are related party transactions. During the years ended December 31, 2003 and 2002, the Plan purchased shares of the Common Stock having values of \$9,293,324 and \$11,781,393 respectively, and sold shares of the Common Stock having values of \$2,648,673 and \$2,269,841, respectively.

Certain Plan investments are shares of mutual funds managed by FMR Corp. FMR Corp. is a related party to the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment management and recordkeeping services amounted to \$9,629 and \$8,363 for the years ended December 31, 2003 and 2002, respectively. Loans to participants also qualify as party-in-interest transactions.
