POLITENO INDÚSTRIA E COMÉRCIO S.A.

RELEVANT FACT

BRASKEM S.A. (Braskem) and POLITENO INDÚSTRIA E COMÉRCIO S.A. (Politeno), in compliance with CVM Instructions No. 319/99 and 358/02, hereby notify their shareholders and the market of the following:

BACKGROUND

The transaction herein described is a part of Braskem's restructuring process, the steps of which have been widely disclosed to the market through relevant facts dated July 31, 2001; July 26, 2002; March 16, 2003; July 16, 2003; December 09, 2003; March 08, 2004 and May 15, 2006.

During this process, on August 16, 2002, Braskem was formed, followed by the following transactions, accomplished during 2003 and 2006: (i) the merger of OPP Química S.A., Nitrocarbano S.A., Economico S.A. Empreendimentos and Copene Monomeros Especiais S.A; (ii) the acquisition of common shares held by minority shareholders of Trikem S.A. and Politalden Petroquímica S.A. (Polialden); (iii) the migration of minority shareholders of Trikem to Braskem through public offer to acquire the common shares arising from an increase in ownership in Trikem, ending with the merger of Trikem into Braskem on January 15, 2004; (iv) the merger of Trikem into Braskem on January 15, 2004; (v) the acquisition of the totality shares held by SPQ Investimentos e Participações Ltda., Sumitomo Chemical Co. Ltd. and Itochu Corporation of the Politeno's capital stock on April 04, 2006; and (vi) the merger of Polialden on May 31, 2006.

The creation of Braskem and the steps of the corporate restructuring completed through the present date are designed to attain synergies, consolidate competitive advantages and align the interests of shareholders of first and second generation petrochemical companies, creating the conditions for the emergence of a world-class Brazilian petrochemical company.

CURRENT PHASE OF THE RESTRUCTURING PROCESS

Continuing the above-mentioned restructuring process, the current phase consists of the merger of Politeno into Braskem, the purpose of which is described below, through which all holders of outstanding shares of Politeno will have the right to receive Braskem class A preferred shares in exchange for their outstanding shares of Politeno to be cancelled as a result of the above-mentioned merger or exercise the withdrawal right pursuant to the terms described below and in accordance with the Merger Protocol and Justification (Protocolo e Justificacao de Incorporacao), in compliance with the provisions of Law no. 6,404/76.

In this regard, and taking into account the purposes and objectives of the transaction, as presented in this Relevant Fact, the members of the Board of Directors of Braskem and Politeno approved unanimously, on March 15, 2007, the proposal to have Politeno merged into Braskem, and the convocation of Extraordinary General Shareholders Meetings of Braskem and Politeno, to be held on April 02, 2007, for purposes of deliberating on the merger. Furthermore, the transaction benefits from the favorable opinions of the Fiscal Councils of Braskem, which met on March, 15, 2007.

In order to enable the attribution of Braskem's class A preferred shares to Politeño's shareholders in exchange for their outstanding shares of Politeño to be cancelled as a result of the merger, and in order to respect the limit on the issuance of non-voting shares or shares with restricted voting rights provided by paragraph 1, article 4 of Braskem's bylaws, will be subject of deliberation of Braskem's Extraordinary General Meeting, prior to deliberation related to the merger of Politeño, the conversion of 486.530 (four hundred and eighty-six thousand and five hundred and thirty) class A preferred shares for 486.530 (four hundred and eighty-six thousand and five hundred and thirty) common shares, in the proportion of 1 (one) class A preferred share to 1 (one) common share of holders of Braskem's class A preferred outstanding shares which, present at the Meeting, manifest interest in such manner, in proportion to the number of class A preferred shares owned in Braskem's total capital stock. If there are more class A preferred shares to be converted into common shares than the above-referenced limit, the additional class A preferred shares will be divided among the shareholders attending the Meeting that manifest interest in converting their shares, in the proportion of class A preferred shares converted by such shareholders or of the remaining preferred shares.

POLITENO MERGER PROCESS

The merger of Politeño into Braskem is consistent with Braskem's public commitment to offer all minority shareholders of its controlled companies the opportunity to migrate to the controlling company Braskem, thus having the statutory right to sell their interest jointly under the same conditions as Braskem's controlling shareholder in the event of a change in control of Braskem (100% tag along), and other advantages of shareholders of companies classified as a Level 1 corporation under the Corporate Governance Guidelines of the Sao Paulo Stock Exchange (Regulamento de Práticas de Governança Corporativa da Bolsa de Valores do Estado de São Paulo-BOVESPA), in light of the fact that Braskem has complied with such guidelines since February 2003.

The merger will also bring advantages to the companies involved, including (i) alignment of interests of all shareholders; (ii) creation of value through attaining additional synergies; (iii) an increase in the number of outstanding shares in the market; (iv) simplification of the corporate structure, allowing the market and investors to have a better understanding of the same; and (v) providing better opportunities for the use of capital markets to fund the growth program.

Through this process, Politeño will merge into Braskem, and Politeño's shareholders' equity, the value of which will be determined pursuant to its book value, will be transferred to Braskem, which will be Politeño's legal successor pursuant to Brazilian Law No. 6,404/76, such process thus resulting in Politeño's lawful dissolution.

On the date of the Extraordinary General Shareholders' Meeting to deliberate on the merger transaction of Politeño into Braskem, Braskem will hold 62,422,578,041 (sixty-two billions, four hundred and twenty-two millions, five hundred and seventy-eight thousand and forty-one) common shares and 907.315.963 (nine hundred and seven million, three hundred and fifteen thousand, nine hundred and sixty three) preferred shares class A and 282.819.502 (two hundred and eighty two millions, eight hundred and nineteen thousand and five hundred and two) preferred shares class B, representing 100% of the voting capital and 96.16% of total capital of the merger transaction.
