In this case, the acquirer shall reimburse the shareholders from whom it purchased shares on stock exchange in the six (6) months prior to the date of the disposal of control and pay them the difference between the price paid to the controlling shareholder disposing of the shares and the amount paid on the stock exchange, as duly adjusted for inflation.

Sole Paragraph - The controlling shareholder, on the occasion of any disposal of the Company's control, shall not transfer the title to his shares while the purchaser has not executed the statement of consent from controlling shareholders referred to at the Bovespa's New Market Agreement executed by the Company, by means of which they shall commit to comply with the rules set forth therein. Likewise, the Company's management members shall not register any transfer of shares to the purchaser while such term is not signed. Additionally, the Company will not register any transfer of shares to the buyer or to whoever holds its control, until the latter signs the statement of consent from controlling shareholders referred to at the Bovespa's New Market Agreement. Likewise, the Company must not file any shareholders' agreements that provide for the exercise of control until the parties to the agreement have signed a statement of consent from controlling shareholders.

CHAPTER VII CANCELLATION OF REGISTRATION AS PUBLICLY-HELD COMPANY

Article 39 - Without prejudice to legal and regulation provisions, the cancellation of the Company's registration as a publicly-held company with the CVM shall be preceded by a public offering for the acquisition of shares and shall have as minimum price, mandatory, the value of the Company and of its shares that comes to be determined in the appraisal report by a specialized company using the Economic Value of the shares as the criterion to calculate the fair price of the outstanding shares of the Company, pursuant to Paragraph 4, Article 4, of Law No. 6,404/76, by using an acknowledged methodology or based on another criterion that comes to be defined by the CVM.

Paragraph 1 - With due regard to the other terms of the New Market Listing Regulation of the Bovespa, these Bylaws and the legislation in force, the public offering for the cancellation of registration may also contemplate the exchange for securities of other publicly-held companies, to be accepted at the discretion of the offered party.

Paragraph 2 - The cancellation shall be preceded by an Extraordinary Shareholders Meeting that shall resolve specifically on such cancellation.

Article 40 - In the event the appraisal report referred to in Article 39 is not ready by the time the Extraordinary Shareholders Meeting is called to resolve on the cancellation of the publicly-held company registration, the controlling shareholder, or shareholders group holding the control of the Company, shall inform such meeting of the maximum value per share or lot of one thousand shares at which the public offering shall be accomplished.

Paragraph 1 - The public offering shall be conditioned to the value calculated in the appraisal report referred to in Article 39 not being higher than the value disclosed by the controlling shareholder, or shareholders group that holds the Company's control, in the meeting referred to in the caption of this Article.

Paragraph 2 - In the event the value of the shares as determined in the appraisal report is higher than the value informed by the shareholder or shareholders group that holds the control, the resolution referred to in the caption hereof shall be automatically cancelled, and such fact shall be fully disclosed to the market, except if the shareholder who holds control expressly agrees to carry out a public offering at the value calculated in the appraisal report.

Article 41 - The appraisal report shall be prepared by a specialized company, with proved experience and independence as to the decision-making power of the Company, its management members and/or controlling shareholder, and shall further meet the other legal requirements. The party making the offer must pay all the costs of preparing the appraisal report.

Sole Paragraph - The General Meeting of Shareholders has exclusive responsibility for choosing the specialized company that will determine the Company's economic value, and will choose from among three (3) nominees submitted by the Board of Directors. The resolution must be passed by a majority of the votes of shareholders representing free float who are present at the General Meeting, not counting blank votes. If the General Meeting is instated on the first call, it must have a quorum of shareholders representing at least twenty per cent (20%) of the total free float. If the General Meeting is instated on the second call, it can have any number of shareholders representing free float. **CHAPTER VIII WITHDRAWAL FROM THE NEW MARKET Article 42** - The Company may delist from the New Market at any time, as long as the delisting has been approved at a General Meeting of Shareholders and has been reported in writing to Bovespa at least thirty (30) days in advance. The controlling shareholder, or shareholders group holding the control of the Company, must make a public offer to acquire the other shareholders shares either if the company's delisting from the New Market is because of registration of its securities for trades outside the New Market, or because of a corporate reorganization whereby the resulting company does not qualify for trading its securities on the New Market. In both cases, the minimum price of the public offer must be based in the Economic Value determined according to the appraisal report referred to in Article 41 herein. **Paragraph 1** - The public offering provided herein shall abide, as applicable, by the public offering rules for cancellation of the publicly-held company registration with the CVM, governed by Articles 39, 40 and 41 above. **Paragraph 2** - Whenever the Company's delisting from the New Market is due to cancellation of registration as a publicly-held company, a General Meeting of Shareholders, as described in the caption of this Article, is not required. **CHAPTER IX TRANSACTIONS WITH ASSOCIATED PARTIES Article 43** - The Company shall disclose to the market in general, according to the regulation in force, complete information about all and any agreement executed by the Company and its affiliated and subsidiary company(ies), its management members, its controlling shareholder, and further between the Company and affiliated or subsidiary company(ies) of the management members and the controlling shareholder, as well as with other companies that integrate the same group in fact or in law with any of these persons, whenever one sole agreement or successive agreements, with or without the same purpose, in any period of one year, reach an amount equal to or higher than two hundred thousand reais (R\$ 200,000.00) or an amount equal to or higher than one per cent (1%) over the Company's net worth, considering the one that is higher. **CHAPTER X ARBITRATION Article 44** - The Company, its controlling shareholders, senior managers and the Fiscal Council members agree to refer to arbitration any and all disputes and controversies arising out or related to, particularly regarding the enforcement, validity, effectiveness, construction, violation and related effects, of the legal provisions of Brazilian Corporation Law, these Bylaws, the rules issued by the Brazilian Monetary Council, the Central Bank of Brazil and the CVM, as well as all other rules governing capital markets in general besides those mentioned on the Bovespa's New Market Listing Regulation, the New Market Agreement, the arbitration rules and the Market Arbitration Panel Rules. The arbitration shall be conducted by the Market Arbitration Chamber established by the Bovespa. **C**

HAPTER XI FINAL PROVISIONS Article 45 - The Company shall abide by the shareholders agreements, filed at its registered office, which provide for restrictions to the outstanding shares, right of first refusal in the acquisition thereof, exercise of vote, or control power, in the Shareholders Meetings and in the meetings of the Board of Directors, and shall cause (i) the depositary financial institution to annotate them in the deposit account statement furnished to the shareholder; and (ii) the Chairman of the Meeting of the Board of Directors or the presiding officers of the Shareholders Meeting, as the case may be, to refuse the validity of vote against its provisions. **Article 46** - The monetary values referred to in Articles 18 and 23 of these Bylaws are those monetary values mentioned on the Shareholders Agreement and shall be adjusted for inflation, in the beginning of each fiscal year, based on the IGP-M variation announced by Getúlio Vargas Foundation (Fundação Getúlio Vargas - FGV) that occurred in the previous fiscal year; and in the absence thereof, by another index published by the same Foundation reflecting the same loss of purchase power of the national currency that occurred in the period.
