2 - PRINCIPLES AND QUALIFICATIONS

This report strictly complies with the fundamental principles described below.

The consultants and appraisers have no personal bias towards the subject matter involved in this report nor do they derive any advantages from it.

The professional fees of APSIS are not, in any way, subject to the conclusions of this report.

The report was prepared by APSIS and no one, other than the consultants themselves, prepared the analyses and respective conclusions.

In this report, one assumes that the information received from third parties is correct and that the sources thereof are contained in said report.

To the best knowledge and credit of the consultants, the analyses, opinions and conclusions presented in this report are based on data, diligence, research and surveys that are true and correct.

APSYS assumes full responsibility for the matter of Appraisal Engineering, including implicit appraisals, in the exercise its honorable duties, primarily established in the appropriate laws, codes or regulations.

This Report meets the specifications and criteria established by the standards of the Brazilian Association of Technical Standards (ABNT), the specifications and criteria established by USPAP (Uniform Standards of Professional Appraisal Practice), in addition to the requirements imposed by different bodies, such as: the Treasury Department, the Central Bank of Brazil, CVM (the Brazilian equivalent to the US Securities and Exchange Commission), SUSEP (Private Insurance Superintendence), etc.

The report presents all the restrictive conditions imposed by the methodologies adopted, which affect the analyses, opinions and conclusions contained in the report.

APSYS declares that it does not have any direct or indirect interests in the companies contemplated in this report, in their respective controllers, or in the transaction to which the "Protocol and Justification" refer, there being no relevant circumstances which may characterize conflict or communion of interests, whether potential or current, towards the issue of this Appraisal Report.

In the course of our work, controllers and managers of the companies contemplated in this report did not direct, limit, hinder or practice any acts, which have or may have compromised access, use or knowledge of information, property, documents or work methodologies relevant to the quality of our conclusions.

3 - RESPONSIBILITY LIMITS

To prepare this report, APSIS used historical data and information audited by third parties or not audited and projected non-audited data, supplied in writing or verbally by the company's management or obtained from other sources mentioned. Therefore, APSIS assumed as true the data and information obtained for this report and does not have any responsibility in connection with their truthfulness.

The scope of this work did not include an audit of the financial statements or revision of the works performed by its auditors.

Our work was developed for use by the applicants aiming at the already described objectives. Therefore, it may be disclosed as part of the documents related to the acquisition of the outstanding shares of TENDA by GAFISA, with mention of this work in related publications being authorized. It may also be filed with the Brazilian Securities and Exchange Commission - CVM and at the U.S. Securities and Exchange Commission - SEC, as well as made available to shareholders and third parties, including through the websites of the companies involved.

We highlight that understanding of the conclusion of this report will take place by reading it and its attachments in full. Therefore, conclusions should not be based on a partial reading of the report.

We are not responsible for occasional losses suffered by, its shareholders, directors, creditors or to other parties as a result of the use of data and information supplied by the company and set forth in this report.

The analyses and conclusions contained herein are based on several premises, held as of this date, of future operational projections, such as: macroeconomic factors, amounts practiced by the market, exchange rate variations, sale prices, volumes, market share, revenues, taxes, investments, operational margins, etc. Thus, future results may differ from any forecast or estimate contained in this report.

This appraisal does not reflect events and their respective impacts, occurring after the date of issue of this report.
