The rules of the Securities and Exchange Commission allow us to furnish our proxy materials over the internet. We are sending stockholders a notice with instructions for accessing the materials and voting via the internet, rather than mailing a full paper set of the materials. The notice of availability contains instructions on how to access our proxy materials on the internet, as well as instructions on obtaining a paper copy of the proxy materials. All stockholders who do not receive such a notice of availability will receive a full set of paper proxy materials by U.S. mail. This process will reduce our costs to print and distribute our proxy materials.

Information About the Annual Meeting and Voting

Why did I receive these Proxy Materials?

We are providing this notice of our annual meeting of stockholders, proxy statement, voting instructions and annual report to stockholders (the “Proxy Materials”) in connection with the solicitation by the board of directors (the “Board”) of Vitamin Shoppe, Inc. (“Vitamin Shoppe,” the “Company,” “we,” “us” or “our”), a Delaware corporation, of proxies to be voted at our 2019 annual meeting of stockholders and at any adjournment or postponement (the “2019 Annual Meeting”).

We anticipate that the notice of internet availability of Proxy Materials will first be sent to stockholders on or about April 25, 2019. The proxy statement and the form of proxy relating to the 2019 Annual Meeting are first being made available to stockholders on or about April 25, 2019.

You are invited to attend the 2019 Annual Meeting on June 5, 2019, beginning at 10:00 a.m., Eastern Daylight Time. The 2019 Annual Meeting will be held at our headquarters, 300 Harmon Meadow, Blvd., Secaucus, NJ 07094. Stockholders will be admitted to the 2019 Annual Meeting beginning at 9:30 a.m., Eastern Daylight Time. Seating will be limited.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with our transfer agent, Computershare Shareowner Services, you are considered the “stockholder of record” with respect to those shares. If you are a stockholder of record, we are sending the Proxy Materials directly to you.

If your shares are held in a stock brokerage account or by a bank or other holder of record, those shares are held in “street name.” You are considered the “beneficial owner” of shares held in street name. The Proxy Materials have been forwarded to you by your broker, bank or other holder of record who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by using the proxy or voting instructions included in the mailing or by following their instructions for voting by telephone or on the internet.

Why did I receive in the mail a Notice of Internet Availability of Proxy Materials?

Under rules adopted by the Securities and Exchange Commission (the “SEC”), we are providing access to our Proxy Materials over the internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials to many of our stockholders. If you received a notice by mail, you will not receive a printed copy of the Proxy Materials unless you request one. The notice tells you how to access and review the Proxy Materials over the internet at www.envisionreports.com/VSI. The notice also tells you how to access your proxy card to vote on the internet. If you received a notice by mail and would like to receive a printed or email copy of the Proxy Materials, please follow the instructions included in the notice.

What should I bring with me to attend the 2019 Annual Meeting?

Stockholders must present a form of personal identification to be admitted to the 2019 Annual Meeting.

If your shares are held beneficially in the name of a broker, bank or other holder of record and you plan to attend the 2019 Annual Meeting, you must also present proof of your ownership of Vitamin Shoppe common stock, such as a brokerage or bank account statement, to be admitted to the 2019 Annual Meeting.

No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the 2019 Annual Meeting.

Who is entitled to vote at the 2019 Annual Meeting?

Stockholders of record at the close of business on April 12, 2019, the record date for the 2019 Annual Meeting, are entitled to receive notice of and vote at the 2019 Annual Meeting. You are entitled to one vote on each matter presented at the 2019 Annual Meeting for each share of common stock you owned at that time. Stockholders have no right to cumulative voting as to any matter, including the election of directors. At the close of business on April 12, 2019, there were 23,995,670 shares of our common stock outstanding.

How do I vote?

You may vote using any of the following methods:

INTERNET

We encourage you to vote and submit your proxy over the internet at www.envisionreports.com/VSI.

BY TELEPHONE

You may vote by telephone by calling 1-800-652-8683.

BY MAIL

If you received paper copies of the Proxy Materials, you may vote by completing, signing and dating your proxy card and returning it in the enclosed envelope.

IN PERSON

All stockholders may vote in person at the 2019 Annual Meeting. You may also be represented by another person at the 2019 Annual Meeting by executing a proper proxy designating that person. If you are a beneficial owner of shares, you must obtain a legal proxy from your broker, bank or other holder of record and present it to the inspector of election with your ballot to be able to vote at the 2019 Annual Meeting.

What can I do if I change my mind after I vote my shares?

If you are a stockholder of record, you can revoke your proxy before it is exercised by:

• written notice of revocation to our Corporate Secretary at Vitamin Shoppe, Inc., 300 Harmon Meadow Blvd., Secaucus, New Jersey 07094;

• timely submission of a valid, later-dated proxy via mail, the internet or the telephone; or

• voting by ballot at the 2019 Annual Meeting.

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your broker, bank or other holder of record. You may also vote in person at the 2019 Annual Meeting if you obtain a legal proxy as described in the answer to the previous question.

Can I vote if my shares are held in “street name”?

If the shares you own are held in “street name” by a brokerage firm, your brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. To vote your shares, you will need to follow the directions your brokerage firm provides you. Many brokers also offer the option of voting over the internet or by telephone, instructions for which would be provided by your brokerage firm on your voting instruction form.

Under the current rules of the New York Stock Exchange (“NYSE”), if you do not give instructions to your brokerage firm, it will still be able to vote your shares with respect to certain “discretionary” items, but it will not be allowed to vote your shares with respect to certain “non-discretionary” items. The ratification of Deloitte & Touche LLP as our independent registered public accounting firm (Proposal Three) is considered to be a discretionary item under the NYSE rules, and your brokerage firm will thus be able to vote on that item even if it does not receive instructions from you, so long as it holds your shares in its name. The election of directors (Proposal One) and the “say-on-pay” proposal (Proposal Two) are “non-discretionary” items; therefore if you do not instruct your broker how to vote with respect to these proposals, your broker is not permitted to vote with respect to these proposals and those votes will thus be considered “broker non-votes.” “Broker non-votes” are shares that are held in “street name” by a bank or brokerage firm that indicates on its proxy that it does not have or did not exercise discretionary authority to vote on a particular matter.

If your shares are held in street name, you must bring an account statement or letter from your bank or brokerage firm showing that you are the beneficial owner of the shares as of the record date (April 12, 2019) to be admitted to the 2019 Annual Meeting on June 5, 2019. To be able to vote your shares held in street name at the 2019 Annual Meeting, you will need to obtain a proxy card from the holder of record.

How will votes be counted?

Each share of common stock will be counted as one vote according to the instructions contained on a proper proxy card, whether submitted in person, by mail, over the internet or by telephone, or on a ballot voted in person at the 2019 Annual Meeting.

What constitutes a quorum?

For business to be conducted at the 2019 Annual Meeting, a quorum must be present in person or represented by valid proxies. For each of the proposals to be presented at the 2019 Annual Meeting, a quorum consists of the holders of a majority of the shares of common stock issued and outstanding on April 12, 2019, the record date, or at least 11,997,836 shares. Shares of common stock present in person or represented by proxy (including “broker non-votes” and shares that abstain or do not vote with respect to a particular proposal) will be counted for purposes of determining whether a quorum exists at the 2019 Annual Meeting.

If a quorum is not present, the 2019 Annual Meeting will be adjourned until a quorum is obtained.

What vote is required for each item and how does the Board recommend that I vote?

Proposal One – Election of Directors

Under our bylaws, a nominee for director will be elected to the Board if the votes cast “for” the nominee’s election exceed the votes cast “against” the nominee’s election. Abstentions and broker non-votes are not considered votes cast for or against the nominee and will have no effect on the proposal. If you do not instruct your broker how to vote with respect to this proposal, your broker cannot vote your shares with respect to the election of directors.

Our bylaws provide further that if an incumbent director is not elected by a majority of votes cast, the incumbent director shall promptly tender his or her resignation to the Board for consideration. The Nomination and Governance Committee will make a recommendation to the Board on whether to accept or reject the director’s resignation, or whether other action should be taken. The Board will act on the Nomination and Governance Committee’s recommendation and publicly disclose its decision within 90 days from the date of the certification of the election results. An incumbent director who tenders his or her resignation for consideration will not participate in the Nomination and Governance Committee’s recommendation, the Board’s decision or any related deliberations.

THE BOARD RECOMMENDS THAT YOU **VOTE FOR** THE ELECTION OF THE NINE (9) NOMINEES NAMED IN THE ENCLOSED PROXY MATERIALS TO THE BOARD

Proposal Two – Say-on-Pay

The Board is seeking a non-binding advisory vote to approve the compensation paid to our named executive officers (“NEOs” or “Named Executive Officers”), as described in the Compensation Discussion and Analysis section (“CD&A”), executive compensation tables and accompanying narrative disclosures contained in this proxy statement. Under our bylaws, the affirmative vote of the holders of a majority of the total number of votes of our common stock present in person or represented by proxy and entitled to vote on the proposal is needed to approve this proposal. Abstentions count as votes against the proposal. Because shares treated as “broker non-votes” are not entitled to vote on the proposal, they will have no effect on the vote on the proposal. If you do not instruct your broker how to vote with respect to this proposal, your broker cannot vote with respect to this proposal.

The vote is advisory and non-binding in nature, but the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

THE BOARD RECOMMENDS THAT YOU **VOTE FOR** THE ADVISORY AND NON-BINDING VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

Proposal Three – Ratification of Independent Registered Public Accounting Firm

Under our bylaws, the affirmative vote of the holders of a majority of the total number of votes of our common stock present in person or represented by proxy and entitled to vote on the proposal is needed to ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm. Abstentions count as votes against the proposal. If you do not provide instructions to your brokerage firm regarding how to vote your shares on this proposal, your broker may (a) vote your shares on your behalf (because this proposal is a “discretionary” item) or (b) leave your shares unvoted. Our bylaws do not require that stockholders ratify the appointment of Deloitte & Touche LLP as our independent auditors. However, we are submitting the appointment of Deloitte & Touche LLP to the stockholders for ratification as a matter of

[Back to Contents](#)

good corporate governance. If our stockholders fail to ratify the selection, we will consider that failure as a direction to the Board and the Audit Committee to consider the selection of a different firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm, at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

THE BOARD RECOMMENDS THAT YOU VOTE FOR RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

Where can I find the voting results?

We will report the voting results in a Current Report on Form 8-K within four business days after the end of our 2019 Annual Meeting.

Could other matters be decided at the 2019 Annual Meeting?

At the date this proxy statement went to press, we did not know of any matters to be raised at the 2019 Annual Meeting other than those described in this proxy statement.

If other matters are properly presented at the 2019 Annual Meeting for consideration, the proxies appointed by the Board will have the discretion to vote on those matters for you.

Who will pay for the cost of this proxy solicitation?

We will pay for the cost of this proxy solicitation. We do not intend to solicit proxies other than by use of the mail or website posting, but certain of our directors, officers and other employees, without additional compensation, may solicit proxies personally or by telephone, facsimile or email on our behalf.

Who will count the vote?

Computershare Shareowner Services, the inspector of elections appointed for the 2019 Annual Meeting, will tabulate all votes.

What is “householding” and how does it affect me?

We have adopted a procedure approved by the SEC called “householding.” Under this procedure, stockholders of record who have the same address and last name will receive only one copy of the Proxy Materials, unless one or more of these stockholders notifies us that they wish to continue receiving individual copies. This procedure will reduce our printing costs and postage fees.

Stockholders who participate in householding will continue to receive separate proxy cards. Also, householding will not in any way affect dividend check mailings, if any.

If you are eligible for householding, but you and other stockholders of record with whom you share an address currently receive multiple copies of the Proxy Materials, or if you hold stock in more than one account, and in either case you wish to receive only a single copy of each of these documents for your household, please make a written request to the: Corporate Secretary, Vitamin Shoppe, Inc., 300 Harmon Meadow Blvd., Secaucus, New Jersey 07094 or call (201) 868-5959. If multiple stockholders of record who have the same address received only one copy of the Proxy Materials and would like to receive additional copies, or if they would like to receive a copy for each stockholder living at that address in the future, send a written request to the address above. Upon such written request, we will promptly deliver separate Proxy Materials to any stockholders who receive one paper copy at a shared address.

Beneficial owners can request information about householding from their brokers, banks or other holders of record.

Other information

Our annual report to stockholders, which includes our Annual Report on Form 10-K for the 52-week fiscal year ended December 29, 2018, accompanies this proxy statement. No material contained in the annual report to stockholders is to be considered a part of the Proxy Materials. “Fiscal 2018” refers to the 52-week fiscal year that ended December 29, 2018, “Fiscal 2017” refers to the 52-week fiscal year that ended on December 30, 2017 and “Fiscal 2016” refers to the 53-week fiscal year that ended on December 31, 2016. The contents of our corporate website (<http://www.vitaminshoppe.com>) are not incorporated by reference into this proxy statement.

Proposal One Election of Directors

The Board proposes that the nine (9) nominees described below, be elected for a new term of one year expiring at the Company's 2020 annual meeting of stockholders (the "2020 Annual Meeting") or until their successors are duly elected and qualified. All nominees currently serve as directors. Proxies cannot be voted for more than the number of nominees proposed for election.

Each of the nominees has consented to be named as a nominee. If any of them should become unavailable to serve as a director (which is not currently expected), the Board may designate a substitute nominee. In that case, the persons named as proxies will vote for the substitute nominee designated by the Board.

The Board believes that it is necessary for each of our directors to possess many qualities and skills. When searching for new candidates, the Nomination and Governance Committee considers the evolving needs of the Board and searches for candidates with the mix of skills, experience and diversity that the Board values that fill any current or anticipated future gap. The Board also believes that all directors must possess a considerable amount of business management experience (such as experience as a chief executive officer or chief financial officer). The Nomination and Governance Committee first considers a candidate's management experience and then considers issues of judgment, diversity, background, stature, conflicts of interest, integrity, ethics and commitment to the goal of maximizing stockholder value. The Board and the Nomination and Governance Committee believe that it is desirable to have a variety of viewpoints on the Board, which may be enhanced by a mix of different professional and personal backgrounds and experience. In considering candidates for the Board, the Nomination and Governance Committee considers the entirety of each candidate's credentials in the context of these standards. With respect to the nomination of continuing directors for re-election, the individual's contributions to the Board are also considered.

All of our directors bring to the Board extensive executive leadership and board experience derived from their service as executives and, in many cases, service as chief executive officers. We describe the process undertaken by the Nomination and Governance Committee in recommending qualified director candidates below under "Corporate Governance – Director Nomination Process." We also describe some of the individual qualifications and skills of our directors that contribute to the Board's effectiveness as a whole.

On March 9, 2018, Vintage Capital Management, LLC, Kahn Capital Management, LLC and Brian R. Kahn (together "Vintage Capital") delivered a director nomination notice to nominate a slate of ten nominees for election as directors at the 2018 Annual Meeting in opposition to director nominees recommended by the Board.

On April 20, 2018, the Company entered into a cooperation agreement with Shah Capital Management, Inc., Shah Capital Opportunity Fund LP and Himanshu H. Shah (together "Shah Capital" and such agreement the "Shah Capital Agreement") regarding, among other things, the membership and composition of the Board. On the same date, the Company also entered into a cooperation agreement with Vintage Capital (such agreement, the "Vintage Capital

Agreement,” and together with the Shah Capital Agreement, the “Cooperation Agreements”) regarding, among other things, the membership and composition of the Board.

Pursuant to the Vintage Capital Agreement, Mr. Kahn irrevocably withdrew his director nomination notice for the 2018 Annual Meeting.

Pursuant to the Cooperation Agreements, the Company appointed each of Himanshu H. Shah and Sing Wang (collectively, the “Shah Designees”) and Melvin L. Keating (the “Vintage Designee” and, together with the Shah Designees, the “Cooperation Directors”) to the Board, on April 24, 2018.

The Cooperation Agreements provide that the Board was required to be expanded by up to five members in order to appoint up to five new directors at the 2018 Annual Meeting and the 2019 Annual Meeting. Pursuant to the departure of the Company’s chief executive officer, Colin Watts, the size of the Board was reduced by one member; however, upon the appointment of Sharon M. Leite as Chief Executive Officer in August, 2018, the Company increased the size of the Board by one member. Pursuant to the Cooperation Agreements, prior to the completion of the 2019 Annual Meeting, the size of the Board will be no more than 11 directors. Before the completion of the 2019 Annual Meeting, Shah Capital and Vintage Capital will have customary replacement rights with respect to the Cooperation Directors, and Shah Capital, Vintage Capital and the Company must mutually agree on any replacements for any Company Designee or Independent Designee.

Shah Capital’s right to designate or replace one of the Shah Designees expires at the time that Shah Capital’s aggregate net long position in the Company’s common stock is less than 10%. Shah Capital’s right to designate or replace the second Shah Designee expires at the time that Shah Capital’s aggregate net long position in the Company’s common stock is less than 5%. Vintage Capital’s right to designate or replace the Vintage Designee expires at the time that Vintage Capital’s aggregate net long position in the Company’s common stock is less than 5%. At any time Shah Capital or Vintage Capital lose the right to designate a director as set forth above, the applicable Cooperation Director will immediately resign from the Board and all of its committees upon the Board’s request.

From the date of the Cooperation Agreements until the 15th day prior to the advance notice deadline for making director nominations at the Company’s 2020 annual meeting of stockholders (the “Standstill Period”), each of Shah Capital and Vintage Capital have agreed to abide by certain standstill provisions. The standstill provisions provide, among other things, that each of Shah Capital and Vintage Capital cannot: (1) solicit proxies of stockholders or participate in or assist any third party in any solicitation of proxies to vote any shares of the Company’s common stock; (2) join or

[Back to Contents](#)

form a group with respect to the Company's common stock; (3) present any proposal for consideration at any stockholders' meeting or propose any nominee for election to the Board; or (4) institute, solicit or join any litigation against the Company or its present or former directors, officers or employees (other than pursuant to customary exceptions, such as to enforce the applicable Cooperation Agreement).

Each of Shah Capital and Vintage Capital have agreed at the 2019 Annual Meeting to vote all shares the Company's common stock beneficially owned by them in favor of the Company's director nominees and otherwise in accordance with the Board's recommendation for any other matter. Shah Capital has further agreed to vote in favor of the Company's director nominees and otherwise in accordance with the Board's recommendation for any other matter at any meeting of stockholders held during the Standstill Period. Vintage Capital has further agreed to vote in favor of the Company's director nominees at any meeting of stockholders held during the Standstill Period.

Please see "Certain Relationships and Related Person Transactions."

During 2018, Mr. Keating reached retirement age. The Nomination and Governance Committee discussed this matter in February, 2019 and agreed that Mr. Keating's extensive experience in technology, his successes as an executive and his corporate governance experience developed while serving on the boards of other publicly traded companies is critical to the successful operations of the Company. As a result, upon the recommendation of the Nomination and Governance Committee, the Board of Directors approved Mr. Keating's continued service beyond age 72 and nominated him to continue serving as a director for a term expiring in 2020.

The names of the nine (9) nominees, along with their present positions, their principal occupations and directorships held with other public corporations during the past five years, their ages and the month and year first elected as a director, are provided below. No directors or executive officers have any family relationship to any other director, nominee for director or executive officer.

Corporate Governance

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines, which are available on the Investor Relations page of our website, *www.vitaminshoppe.com*. The Corporate Governance Guidelines describe our corporate governance practices and address corporate governance areas such as Board composition and responsibilities, compensation of directors and executive succession planning.

Director Independence

Based on the NYSE and SEC's director independence requirements, the Corporate Governance Guidelines provide certain guidelines to assist the Board in its determination of director independence. Our Corporate Governance Guidelines provide that a majority of the members of the Board, and each member of the Audit, Compensation and Nomination and Governance Committees, must meet certain criteria for independence.

The Nomination and Governance Committee reviews the independence of all members of the Board, based on the director independence listing standards of the NYSE and the Corporate Governance Guidelines, for purposes of determining which Board members are deemed independent. The Nomination and Governance Committee and the Board affirmatively determined that each of Ms. Derby, Mr. Edwab, Mr. Keating, Mr. Marmol, Mr. Shah, Mr. Smith (except for the time he served as Executive Chairman), Mr. Theriault and Mr. Wang is independent. In addition, the Nomination and Governance Committee and the Board affirmatively determined that each of B. Michael Becker, John D. Bowlin, Tracy Dolgin and Beth M. Pritchard who served on the Board in 2018, is independent. Mr. Becker, Mr. Bowlin, Mr. Dolgin and Ms. Pritchard did not stand for re-election at the 2018 Annual Meeting. None of the non-employee directors has any material relationship with us other than being a director and stockholder, or any transaction or arrangement that interferes with each director's independence.

Policies with Respect to Transactions with Related Persons

The Nomination and Governance Committee and the Board have adopted Standards of Business Conduct, which set forth various policies and procedures intended to promote the ethical behavior of all of our employees, officers and directors. The Standards of Business Conduct describe our policy on conflicts of interest. The Company distributes the Standards of Business Conduct to all of its employees, officers and directors. The conflicts of interest policy in the Standards of Business Conduct describes the types of relationships that may constitute a conflict of interest with us. All employees, officers and directors are required to annually complete a questionnaire about potential conflicts of interest and certify compliance with our policy.

The NEOs and the Board are also required to complete a questionnaire on an annual basis that requires them to disclose any related person transactions and potential conflicts of interest. The General Counsel reviews the responses to the questionnaires and, if a related person transaction or potential conflict of interest is reported by an independent director or Named Executive Officer, the questionnaire is submitted to the Chairman of the Audit Committee for review. If necessary, the Audit Committee will determine whether the relationship is material and will have any effect on the director's independence. After making that determination, the Audit Committee will report its recommendation on whether the entire Board should approve or ratify the transaction.

Director Nomination Process

The Nomination and Governance Committee is responsible for, among other things, screening potential director candidates and recommending qualified candidates to the Board for nomination.

When identifying and evaluating candidates, the Nomination and Governance Committee first determines whether there are any evolving needs of the Board that require an expert in a particular field. The Nomination and Governance Committee may retain a third-party search firm to assist the committee in locating qualified candidates that meet the needs of the Board at that time. The search firm provides information on a number of candidates, which the Nomination and Governance Committee considers. The Chairman of the Nomination and Governance Committee and

[Back to Contents](#)

some or all of the members of the Nomination and Governance Committee, as well as the Non-Executive Chairman and our Chief Executive Officer, will interview potential candidates that the Nomination and Governance Committee deems appropriate. If the Nomination and Governance Committee determines that a potential candidate meets the needs of the Board, has the qualifications, and meets the independence standards required by the NYSE and as set forth in the Corporate Governance Guidelines, it will recommend the nomination of the candidate to the Board.

The Nomination and Governance Committee's policy is to consider director candidates recommended by stockholders, if those recommendations are properly submitted to us. Stockholders wishing to recommend persons for consideration by the Nomination and Governance Committee as nominees for election to the Board can do so by writing to the Corporate Secretary at Vitamin Shoppe, Inc., 300 Harmon Meadow Blvd., Secaucus, New Jersey 07094.

Recommendations must include the proposed nominee's name, detailed biographical data outlining the candidate's relevant background, professional and business experience and other significant accomplishments, a statement outlining the reasons why the candidate's skills, experience and background would make a valuable contribution to the Board, a minimum of two references who have either worked with the candidate, served on a board of directors or board of trustees with the candidate (or can otherwise provide relevant perspective on the candidate's capabilities as a potential Board member), as well as a notarized letter from the candidate consenting to be named and, if nominated and elected, to serve as a director. Recommendations must also follow our procedures for nomination of directors by stockholders as provided in our charter and bylaws. The Nomination and Governance Committee will consider the candidate and the candidate's qualifications in the same manner in which it evaluates nominees identified by the Nomination and Governance Committee. The Nomination and Governance Committee may contact the stockholder making the nomination to discuss the qualifications of the candidate and the stockholder's reasons for making the nomination. The Nomination and Governance Committee may then interview the candidate if it deems the candidate to be appropriate. The Nomination and Governance Committee may use the services of a third-party search firm to provide additional information about the candidate before making a recommendation to the Board.

The Nomination and Governance Committee's nomination process is designed to ensure that the Nomination and Governance Committee fulfills its responsibility to recommend candidates who are properly qualified to serve us for the benefit of all of our stockholders, consistent with the standards established by the Nomination and Governance Committee under the Corporate Governance Guidelines.

Communication with the Board

The Board encourages communication from our stockholders. Any interested parties who wish to communicate with the non-management directors should send any such communication to the General Counsel in care of the Company's executive offices at 300 Harmon Meadow Blvd. Secaucus, New Jersey 07094. All such stockholder communication will be reviewed by the General Counsel who will determine the appropriate response or course of action.

Board Leadership Structure

Board Leadership

The Company appointed Alexander Smith as Executive Chairman on February 27, 2018. Prior to Mr. Smith's appointment as our Executive Chairman, he was serving as our Non-Executive Chairman since January 1, 2018. Our Chief Executive Officer, Colin Watts, departed the Company in May, 2018; thus, Mr. Smith continued to serve as our Executive Chairman until the appointment of Ms. Leite as Chief Executive Officer on August 27, 2018, after which, he resumed his role as Non-Executive Chairman.

The Chief Executive Officer is responsible for setting our strategic direction and our day-to-day leadership and performance, while our Non-Executive Chairman of the Board sets the agenda for Board meetings and presides over meetings of the full Board. In addition, the Non-Executive Chairman of the Board had the responsibility of consulting with our Chief Executive Officer on Board and committee meeting agendas, acting as a liaison between management and the non-management directors, including maintaining frequent contact with our Chief Executive Officer and advising her on the efficiency of the Board meetings, facilitating teamwork and communication between the non-management directors and management, as well as additional responsibilities that are more fully described in the Corporate Governance Guidelines.

Two of the key responsibilities of the Board are to develop and approve strategic direction and hold management accountable for the execution of strategy once it is developed. Independent directors and management have different perspectives and roles in strategy development. Our independent directors bring experience, oversight and expertise from outside the Company and industry, while our Chief Executive Officer brings company-specific experience and expertise.

[Back to Contents](#)

The Board believes that having separate roles of Non-Executive Chairman and our Chief Executive Officer promotes strategy development and execution, and facilitates information flow between management and the Board, which are essential to effective governance. The Board believes that this structure is in the best interests of stockholders because it provides the appropriate balance between strategy development and oversight of management.

Executive Sessions

Pursuant to the Corporate Governance Guidelines, non-management directors of the Board are required to meet on a regularly scheduled basis without the presence of management. The Board generally holds executive sessions at each regular Board meeting. Executive sessions are chaired by the Chairman of the Board.

Meeting Attendance

The Board met fifteen (15) times in 2018. Each director attended at least 75% of the total meetings of the Board and committees of the Board of which the director was a member. In addition to participation in Board and committee meetings, our directors discharge their responsibilities throughout the year through personal meetings and other communications, including telephone contact with our Non-Executive Chairman and Chief Executive Officer and others regarding matters of interest and concern to us.

We do not have a formal policy requiring members of the Board to attend the annual meeting, although all directors are strongly encouraged to attend. All of our directors attended the 2018 Annual Meeting.

Self-Evaluations

The Board and each committee of the Board conduct an annual self-evaluation, which considers a number of elements, such as the performance of the Chief Executive Officer and NEOs, each committee and the Board as a whole. The self-evaluation also provides a forum for the Board and committee members to address specific concerns regarding how the Board and/or committees function, the level of participation from its respective members, and actions to be taken to improve the Board and/or committee's effectiveness. The results of these evaluations are discussed with the Board and committee members once completed.

Risk Management

The Board has an active role, as a whole and at the committee level, in overseeing management of our risks. The Board regularly reviews information regarding our credit, liquidity, operations and cybersecurity, as well as the risks associated with each. The Compensation Committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements. The Audit Committee oversees management of financial risks. The Nomination and Governance Committee manages risks associated with the independence of the Board and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed through committee reports about those risks. The Board seeks to ensure that management has in place processes for dealing appropriately with risk. It is the responsibility of our senior management to develop and implement our short- and long-term objectives and to identify, evaluate, manage and mitigate the risks inherent in seeking to achieve those objectives. Management is responsible for identifying risks and risk controls related to significant business activities and Company objectives and developing programs to determine the sufficiency of risk identification, the balance of potential risk to potential reward and the appropriate manner in which to control risk.

Board Committees

The Board has established an Audit Committee, a Compensation Committee and a Nomination and Governance Committee. The Audit, Compensation and Nomination and Governance Committees are composed entirely of independent directors, as defined under applicable SEC rules, NYSE listing standards and the Corporate Governance Guidelines. The charters of each committee are available on the Investor Relations section of our website, www.vitaminshoppe.com.

In addition, members of our human resources department assist in providing historical information on compensation paid to executives. Management provides recommendations to the Compensation Committee regarding the level and type of compensation to provide to officers who hold the office of Vice President or higher. Members of our legal department provide the Compensation Committee with general advice on laws applicable to executive compensation and the directors' fiduciary duties in setting compensation, and the Compensation Committee may from time to time consult with outside legal counsel.

In accordance with its charter, the Compensation Committee has the authority to engage, retain and terminate a compensation consultant. In 2018, the Compensation Committee retained Frederic W. Cook & Co, Inc., ("FW Cook"), as an independent consultant with respect to executive and director compensation matters. FW Cook focuses on advising boards on executive compensation and provides executive compensation advisory services. The Compensation Committee assesses the independence of a consultant from management, taking into consideration all factors relevant to the advisor's independence, including the factors specified in the listing standards of the NYSE and Rule 10C-1 under the Exchange Act. The Compensation Committee believes that FW Cook has been independent throughout its service to the Compensation Committee and there is no conflict of interest between FW Cook and the Compensation Committee. Additional information regarding the Compensation Committee's engagement of FW Cook can be found in the section below entitled "Compensation Discussion and Analysis – Compensation Determinations and the Role of Consultants."

Our Chief Executive Officer, Executive Vice President, Chief Financial Officer, Senior Vice President, General Counsel/ Corporate Secretary, Senior Vice President, Human Resources and other officers have attended Compensation Committee meetings from time to time as the Compensation Committee

deems appropriate. Our Chief Executive Officer's feedback about each officer's performance is considered by the Compensation Committee in their determination of the officer's salary and incentive compensation.

The Compensation Committee may delegate all or any part of its authority and powers under the Vitamin Shoppe 2018 Long-Term Incentive Plan to one or more members of the Board and/or our officers, except that the Compensation Committee may not delegate its authority or power if prohibited by law, or if the delegation would cause the awards or other transactions under the plan to cease to be exempt from Section 16(b) of the Exchange Act or not qualify for, or, as applicable, cease to qualify for, a grandfathered exemption under Section 162(m).

Nomination and Governance Committee

The Nomination and Governance Committee met five (5) times in 2018. The Nomination and Governance Committee annually reviews and reassesses the adequacy of its charter. In December 2018, the Nomination and Governance Committee reviewed and approved an updated Nomination and Governance Committee Charter, which was submitted to, and approved by, the Board. The Nomination and Governance Committee's primary functions are to:

- identify, recruit and screen potential director nominees and recommend such nominees for election as members of the Board;
- review criteria and policies relating to director independence, service and tenure;
- review any director resignation letter tendered and evaluate and recommend to the Board whether such resignation shall be accepted;
- recommend directors for membership on the Audit, Compensation and Nomination and Governance Committees, including their Chairmen;
- recommend directors and executive officers for membership on other committees established by the Board;
- develop and recommend a set of corporate governance principles designed to foster an effective corporate governance environment;
- review the Company's charter, bylaws and charters of Board committees; and
- manage the performance review process of the Board, its committees and our Chief Executive Officer.

The Board has determined that each Nomination and Governance Committee member is independent under the listing standards of the NYSE and the Corporate Governance Guidelines.

[Back to Contents](#)**Director Compensation**

We had nine (9) directors on December 29, 2018, the last day of our 2018 fiscal year. During fiscal 2018, only non-management and independent directors received compensation for their services on the Board; provided, however, Mr. Shah, who joined the Board on April 24, 2018, waived his rights to receive the fiscal 2018 award of restricted stock units granted to other non-employee directors on July 2, 2018 and any cash compensation in fiscal 2018 for his services on the Board and the Nomination and Governance Committee. Mr. Watts who served as our Chief Executive Officer and also as director until May 31, 2018, did not receive any compensation for his services on the Board, and Ms. Leite who assumed the role of Chief Executive Officer and joined the Board on August 27, 2018, did not receive any compensation for her services on the Board. Mr. Smith, who served as our Non-Executive Chairman and Executive Chairman during fiscal 2018, did receive compensation for his services on the Board during the six months that he served as our Non-Executive Chairman, but was not compensated for his services on the Board during the six months he held the position of Executive Chairman. Because Mr. Smith qualified as our principal executive officer during his service as our Executive Chairman and was therefore a Named Executive Officer, all compensation earned by him for fiscal 2018 (including compensation for services on the Board) is included in the Summary Compensation Table on page 50 hereof.

In fiscal 2018, we paid each non-management and independent member of the Board (other than Mr. Shah) a \$60,000 annual cash retainer, paid quarterly, and no meeting attendance fees. Each independent committee chairperson and the committee members (other than Mr. Shah) received additional annual cash retainers, paid in quarterly installments, as follows:

Committee Chair Retainers	Amount (\$)
Audit	33,500
Compensation	25,000
Nomination and Governance	16,500
Committee Member Retainers	
Audit	16,500
Compensation	12,500
Nomination and Governance	8,500

In addition to the above fees, directors are compensated on an ad hoc basis for special committee or subcommittee meetings held or tasks performed by a committee or subcommittee designated by either the full Board or by a standing committee of the full Board, with such compensation determined upon completion of the tasks performed.

Each non-employee director, other than Messrs. Smith and Shah, was granted an award of restricted stock units on July 2, 2018, with a grant date fair value of approximately \$75,000 and with vesting in equal quarterly installments on October 1, 2018, January 2, 2019, April 1, 2019, and July 1, 2019, subject to the director's continued service as a Board member through the applicable vesting date. If the director's service is terminated because he or she is not

nominated or re-elected to serve on the Board after the 2019 Annual Meeting, the unvested final quarter of the award will be accelerated and will vest the day following the 2019 Annual Meeting. If the director's service is terminated by the Company other than for cause or by the director for good reason, in each case, within one year of a change in control, or due to the director's death or disability, then the unvested portion of the award will be accelerated and will vest upon such termination. Each of the Company's non-employee directors issued this form of restricted stock units will have the option to defer receiving our common stock upon the vesting of the restricted stock units to three or five years after the vesting date or until their resignation. Mr. Smith was granted an award of restricted stock units on the same day that our other non-employee directors were issued their awards, although the terms of Mr. Smith's July 2, 2018 award agreement vary from our other non-employee directors and are set forth in the Grants of Plan Based Awards for 2018 on page 52.

Edwab, Dolgin and Marmol each received \$35,000 in recognition for serving on the Strategy Committee; and Mr. Theriault received \$18,000 in recognition for serving on the Information Technology Committee.

Compensation expense resulting from the grant of restricted stock units is based on the grant date fair value of those awards and is recognized over a one-year vesting period for the restricted stock units granted to all independent directors on July 2, 2018 and is recognized over a 70-day period for the restricted stock units granted (2) to Messrs. Shah, Wang and Keating on April 24, 2018. The amounts reflected in this column were calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation – Stock Compensation (“FASB ASC Topic 718”).

(3) No options were awarded in fiscal 2018.

Messrs. Keating, Shah and Wang were each granted an award of 1,471 restricted stock units on April 24, 2018 upon their election to the Board, representing a pro-rata portion of the annual grant of restricted stock units to (4) directors for fiscal 2017. Each of the restricted stock unit awards granted on April 24, 2018 fully-vested on July 2, 2018.

Messrs. Becker, Bowlin and Dolgin and Ms. Pritchard decided not to stand for re-election to serve on the Board at (5) the 2018 Annual Meeting.

Messrs. Keating, Wang and Shah joined the Board effective April 24, 2018.

Stock Ownership Guidelines for Directors

The stock ownership guidelines for the non-management and independent members of the Board were designated to continue to encourage significant ownership of our common stock and to further align the personal interests of the directors with the interests of our stockholders. Each covered director is prohibited from selling any shares of our common stock unless at the time of such sale, and on a pro forma basis giving effect to such sale, such director holds an aggregate value of five (5) times such director's base retainer, or \$300,000, in our common stock and/ or deferred restricted stock units.

Executive Summary

Fiscal 2018 Year in Review

In 2018 we developed our new "Base Plan" that, when fully executed, will give The Vitamin Shoppe the capabilities, functionality and characteristics that are critical for modern retailers to be competitive. Once completed, we expect The Vitamin Shoppe to be positioned as a compelling health & wellness brand, with the Base Plan serving as the foundation for additional business growth. As part of our Base Plan, we launched a few new key initiatives, including new category innovation, deeper customer personalization and unique business partnerships. As discussed on the following page, we also made changes to our senior leadership team, which was an important and necessary step toward achieving our goals.

Overall, the implementation of our Base Plan is on schedule and we are seeing progress in our business recovery. Our 2018 results were generally in line with our expectations and showed some improvement when compared with the prior year, but nonetheless are not where we need them to be. In Fiscal 2018, the Company:

Accelerated a series of initiatives focused on price/value and increased spending on customer acquisition and retention, which resulted in a moderation in comparable sales decline and a 1.9% improvement in our profit margin as a percentage of net sales.

Increased the level of investment in digital marketing (paid search and performance marketing), and continued to refine our incentives and grassroots marketing programs in our stores, which resulted in new customer growth of 4%.

Introduced newly upgraded Healthy Rewards loyalty program nationwide in April, 2019.

Conducted a strategic review of our businesses and made the decision to sell Nutri-Force Nutrition, our contract manufacturing subsidiary. The sale of Nutri-Force Nutrition was consummated in May 2018.

Re-purchased \$83.3 million in face value of our convertible notes due December 2020 at a discount.

Reduced inventory by \$29 million from year-end 2017.

Compensation Actions

In light of the Company's performance in Fiscal 2017, the Compensation Committee took the following actions for Fiscal 2018 to recognize the continuing challenges that the Company expected to face in 2018, while providing incentives to execute the long-term plan and supporting the Company's attraction and retention objectives during the multi-year turnaround. To accomplish these goals, for Fiscal 2018, the Compensation Committee took the following actions:

- No base salary increase or changes to the Company's Management Incentive Plan ("MIP") targets for NEOs; Under the MIP, revised the financial metric goal setting approach to provide that achievement of the annual budget results in a 70% of target payout and require significant outperformance to generate a maximum payout and reduced the payout for achievement of threshold performance from 25% of target to 0%. Additionally, Key Performance Indicator ("KPI") metrics were aligned with the Company's strategic priorities;
- Reduced long-term incentive opportunities by 20% for the NEOs; Under the Company's Long-Term Incentive Plan ("LTIP"), increased weighting on Performance Share Units ("PSUs") from 50% to 75% of total long-term incentive for CEO and from 50% to 60% for NEOs and granted PSU awards based on cumulative Adjusted Operating Income and Return on Average Invested Capital ("ROIC") at the end of the 3-year performance period;
- MIP payout of 116% of target; and
- PSUs issued in Fiscal Year 2016 resulted in an 11% payout.

Executive Changes

The shopping landscape is continuously evolving, and brands and retailers are challenged with keeping pace with changing consumer behaviors and expectations. The Vitamin Shoppe is undergoing a period of significant change, with a substantial focus on an improved customer experience, a key strategic driver of the organization's future. As a result, many changes were made to The Vitamin Shoppe's leadership team across multiple channels and functions in order to ensure we are meeting the evolving needs of today's customer. The following timeline illustrates the dates of key changes to the executive team.

With this new team in place, we are confident that the organization will be able to quickly innovate and provide solutions to meet the rapidly changing expectations of today's customer.

Impact of CEO Transition on Compensation Program and Levels

Former CEO's Compensation

In connection with the CEO transition, our former CEO entered into a separation agreement with the Company. The separation agreement included the following benefits per the executive's employment agreement:

- 104 weeks of base salary
- COBRA reimbursement

In addition to these benefits, the Company also provided the executive with the following additional benefits so that he would help facilitate a smooth transition:

- Pro-rata bonus for 2018 performance

Upon the executive's departure from the Company, all of his unvested equity was forfeited.

New CEO's Compensation

In connection with her appointment as CEO, Ms. Leite was entitled to receive an ongoing compensation package of the following:

• Base salary of \$700,000 (which represents a 20% reduction from the prior CEO's base salary)

• Target bonus of 100% base salary

• Equity incentive grant of \$1,000,000

In addition to her ongoing compensation, Ms. Leite also received a cash signing bonus of \$425,000 and an initial equity grant of \$1,000,000 delivered 100% in performance stock units (see Summary Compensation Table on page 50). The cash signing bonus was intended to offset a portion of the executive's forfeited compensation from her prior employer and is subject to repayment if she voluntarily resigns or is terminated for cause within two years of her start date.

Executive Chairman / Non-Executive Chairman's Compensation

In connection with the former CEO's separation from the Company, Mr. Smith was appointed Executive Chairman of the Company and his compensation was set at the following levels:

• Base salary of \$500,000

• Equity grant of \$325,000

In connection with the appointment of our new CEO, Mr. Smith transitioned from Executive Chairman back to his prior role as Non-Executive Chairman. In his role as Non-Executive Chairman, Mr. Smith is entitled to the following levels of compensation:

• Cash compensation of \$350,000

• Equity grant of \$150,000

In determining his level of compensation as Non-Executive Chairman, the Board took into account the higher expected level of responsibilities and time requirements in his role given the challenges facing the Company and the fact that our CEO was a first-time CEO. For fiscal 2019, the compensation for Mr. Smith as Non-Executive Chairman was lowered to the following levels:

• Cash compensation of \$225,000

• Equity grant of \$75,000

Compensation Highlights

The following table summarizes the key elements of our executive compensation program for our NEOs, with the exception of Mr. Smith, for fiscal 2018. Stockholder Outreach

We believe that regular, transparent communication with our stockholders is essential to good corporate governance and we have a long-standing practice of engaging with our stockholders on a regular basis. We value their feedback and are committed to maintaining an active dialogue on a year-round basis through a proactive outreach program. Our engagement program involves the Chairman of the Board, the Chair of the Audit, Compensation and Nomination and Governance Committees, as well as senior executive officers including our investor relations officer.

We communicate regularly with our investors to ensure that both management and the Board understand and consider the issues that matter most to our stockholders. We particularly value opportunities to hear our stockholders' priorities and perspectives and to exchange views. We communicate with our stockholders through a variety of means, including in-person meetings, investor conferences and phone calls. Our Investor Relations department regularly responds to inquiries from our stockholders. Additionally, we offer stockholders a variety of other avenues to communicate with the Company, including through our investor relations website, quarterly earnings webcasts, and our annual stockholders meeting.

As part of our normal outreach, during fiscal year 2018, our management team met, either in person or by telephone, with institutional investors representing more than 75% of our outstanding shares to discuss our long-term business strategy, financial and operating performance, capital allocation, and other issues specific to our industry and the Company. We also conducted general "off-season" outreach to the governance teams of our top stockholders. In 2018, we requested governance and compensation targeted meetings with investors representing approximately 37% of our outstanding shares, excluding the top two stockholders which held approximately 33% of the issued and outstanding shares of the Company and also maintain representation on the Board. We had calls with holders of 27% of our outstanding shares, and were told by holders representing another 10% that meetings were unnecessary as they were content with our practices. In our discussions with these teams, we sought input on a variety of corporate governance topics as well as executive compensation practices. We highly value our dialogue with our stockholders and believe such communications help ensure that we understand the perspectives of our many stakeholders. At a minimum, the Board receives a report from management on stockholder engagement and investor feedback once a quarter.

The Board and management believe that the Company's relationships with our stockholders and other stakeholders are an important part of our corporate governance responsibility. Our engagement activities have resulted in receiving valuable feedback from our stockholders and other stakeholders who have provided important external viewpoints. Through these engagements, we seek to remain responsive to the priorities of our stockholders and other stakeholders and, indeed over the years, have implemented several changes as a result of feedback received from our stockholders engagement program.

As discussed in this CD&A under the heading "What Changed?" the Compensation Committee addressed these concerns by adjusting the executive compensation program for fiscal 2018.

Compensation Philosophy and Objectives

Goals of our Executive Compensation Program

We work to attract and retain proven and talented industry executives whom we believe will help to place us in the best position to resume growth and to meet our objectives. We seek to recruit executives with retail or other experience that we believe is transferable to our business with the expectation that they will share their knowledge to develop and manage a large and successful retail organization. In establishing executive compensation, we believe:

- Compensation packages for our NEOs should be competitive for their respective positions in our industry and our geographic region.

- Compensation and benefits should be competitive with compensation and benefits at peer companies that compete with us for business opportunities and executive talent.

- Annual cash incentive and long-term equity awards should reflect progress toward Company-wide financial and strategic objectives rather than personal achievements.

- Incentive compensation should be appropriately balanced to motivate and reward both short-term and long-term performance.

- Our policies should encourage executives to hold stock so that their interests will be aligned with those of our other stockholders.

We believe our compensation objectives are best pursued through a combination of base salary, annual bonus, long-term equity compensation, and other benefits. To that end:

- we offer market-competitive base salaries that recognize each executive's position, role, responsibility, and experience;

- we use an annual cash incentive and long-term equity incentives to directly tie our executives' realized compensation to achievement of pre-established financial and strategic goals;

- we use long-term awards that link realized compensation to changes in Company stock price and encourage our executives to stay committed to the Company; and

- we maintain minimum stock ownership guidelines and a general insider trading policy to align the mutual interests of our executives and our other stockholders.

Executive Compensation Practices

Summarized below are some of the key executive compensation practices that we incorporate, which we believe promote good governance and best serve the interests of our stockholders. We have also listed some of the poor compensation practices that we avoid.

WHAT WE DO

Pay for Performance: The majority of our NEOs' compensation is tied to our financial performance or stock price.

Double Trigger Equity Acceleration Upon a Change-in-Control: Our long-term equity awards provide for accelerated vesting upon a change in control only if the acquirer fails to assume the awards or the executive incurs a qualifying termination within two years of that change in control.

Independent Executive Compensation Consultant: The Compensation Committee is advised by an independent executive compensation consultant on matters surrounding executive and non-employee director pay and governance. The consultant provides no other services to the Company.

Stock Ownership Policy: NEOs are expected to hold Company stock worth two to four times their base salary. Until the guideline is met, NEOs must retain a significant percentage of the net after-tax shares realized upon the vesting or earn-out of awards or exercise of stock options received in 2017 or thereafter.

Clawback: All equity incentive awards to NEOs give the Board the discretion to seek recoupment of the incentive-based compensation paid or granted in the event of a material restatement of our financial statements.

Stockholder Outreach: We maintain an ongoing dialogue with our stockholders and incorporate their feedback as appropriate in our compensation programs.

WHAT WE DON'T DO

No Excise Tax Gross-Ups Upon Change-In-Control.

No granting of stock options below fair market value and do not reprice underwater stock options.

No Hedging or Pledging of Shares: NEOs may not pledge Company stock or engage in hedging strategies, short sales, or any derivative transaction involving Company stock.

No Guaranteed Salary Increases.

No Excessive Executive Perquisites.

Who Makes Executive Compensation Decisions

Role of the Compensation Committee

The Compensation Committee is solely responsible for reviewing the performance of our Chief Executive Officer, establishing our Chief Executive Officer's compensation for the coming year, and approving all compensation and awards for our NEOs.

At the beginning of each calendar year, the Compensation Committee determines the performance objectives for the Company and for each Named Executive Officer for that year. When performance results for the year are determined, the Compensation Committee reviews the Company's achievement of the predetermined financial and other strategic, non-financial, and corporate objectives. In addition, the Compensation Committee seeks input from our Chairman and our Chief Executive Officer and, when deemed appropriate, from other advisors, including, FW Cook, the Chief Financial Officer, General Counsel, Senior Vice President of Human Resources (but not with regard to their respective compensation) and other Board members. These performance results and advice form the basis of the Compensation Committee's decisions regarding compensation for our NEOs for the year to come.

Although compensation packages typically are established at the same time every year, the Compensation Committee may review and adjust compensation at other times as the result of new appointments or promotions.

[Back to Contents](#)

Role of the Chief Executive Officer

Our Chief Executive Officer does not participate in the Compensation Committee's deliberations with regard to his or her own compensation. However, our Chairman and our Chief Executive Officer review with the Compensation Committee the performance of the other NEOs. The Compensation Committee gives substantial weight to the evaluations and recommendations from these individuals because they are ideally situated to assess our other NEOs' performance and contributions. No other Named Executive Officer has any input in executive compensation decisions, though the Chief Financial Officer and Senior Vice President, Human Resources may provide information and context to the Compensation Committee about performance results.

Role of Compensation Consultants

The Compensation Committee has retained FW Cook as its independent compensation consultant since 2015. FW Cook reports directly to, and acts solely at the direction of, the Compensation Committee. The Compensation Committee may replace the compensation consultant or hire additional consultants at any time.

A representative from FW Cook attends meetings of the Compensation Committee, as requested, and communicates with the Compensation Committee Chair between meetings.

During fiscal 2018, FW Cook performed the following services for the Compensation Committee:

- (i) Assisted with the design of our annual MIP and LTIP for fiscal 2018 and 2019;
- (ii) Assisted with the determination of total compensation for the newly-hired CEO and for other newly-hired and promoted senior executives;
- (iii) Participated in discussions regarding strategies for retaining certain key executives;
- (iv) Reviewed drafts and commented on this CD&A and related compensation tables for the proxy statement;
- (v) Reviewed peer group composition and recommended changes;
- (vi) Advised the Compensation Committee about executive compensation trends and regulatory developments; Assisted with the determination of the total compensation for Mr. Smith, both in connection with his assumption
- (vii) of the principal executive officer position of Executive Chairman and in his later assumption of the role of Non-Executive Chairman;
- (viii) Assisted with the non-employee director compensation, and special committee compensation; and
- (ix) Assisted with the 2018 Long-Term Incentive Plan proposal that was approved by stockholders at the 2018 Annual Meeting.

How We Use Competitive Compensation Information

Peer Group for 2018

The Compensation Committee recognizes the value of using a peer group to further its understanding of the competitive market for executive and non-employee director compensation levels. However, we do not attempt to link any single element of compensation to specific peer company percentiles. The Compensation Committee generally strives for total compensation packages that are in the median range of our peer group.

For guidance in establishing senior executive and non-employee director compensation levels for fiscal 2018, FW Cook reviewed our peer group to ensure that it continues to serve as an appropriate benchmark. FW Cook specifically looked for prospective peers that generally met the following criteria:

1. revenue between 40% and 250% of the Company's revenue;
2. market capitalization between 20% and 500% of the Company's market capitalization; and
3. a similar business model to the Company's, including manufacturing and a presence in the health and wellness space.

FW Cook also considered companies that our 2017 peers used for competitive comparison and companies that consider the Company a peer.

[Back to Contents](#)

FW Cook determined the composition of our 2017 peer group was still appropriate and did not recommend any changes. Thus, the 2018 peer group consisted of the following fifteen companies:

(4) The percentage of scores that fall at or below the score of the Company.

Review of External Data

In addition to analyzing compensation paid by the companies in our peer group, the Compensation Committee also may consider other data, including trends and best practices in executive compensation and legal and regulatory changes, to assess our compensation practices compared to those in the businesses and markets in which we compete for executive talent. We have determined, and continue to believe, that our compensation levels should be competitive in our market so long as they remain aligned with our business goals and objectives. Moreover, we strongly believe in engaging the best talent in critical functions, and this can entail negotiating with individual executives who have significant compensation or retention packages with other employers. As a result, the Compensation Committee may decide to provide compensation outside of our normal practices to certain individuals to achieve recruiting and retention objectives. Our NEOs did not receive compensation outside of normal practice in fiscal 2018, provided, however, Ms. Leite and Mr. Mock received equity grants in connection with the commencement of their employment

(see page 45), and Mr. Wafford received an equity grant in connection with his promotion to Chief Financial Officer.

Compensation Mix

Weighting of Target Compensation

Compensation for our NEOs includes both fixed and performance-based components. Performance-based components are designed so that above-target performance is rewarded with above-target payouts, and vice versa. The fixed components of compensation are designed to be competitive and encourage retention.

The Compensation Committee believes a substantial portion of an executive's pay should consist of awards that are directly tied to the Company's performance. To that end, a large percentage of total target compensation for our NEOs—in the form of long-term equity awards and annual bonuses—is "at risk." These awards are linked to actual Company performance, the price of our stock, or both. The charts below illustrate the mix of base salary, annual incentive awards, and long-term equity awards at target for the CEO and the other NEOs during 2018. We believe this compensation mix demonstrates that the financial incentives for the CEO and the other NEOs are aligned with the Company's operational, financial, and stock price performance.

(1) *This chart represents only Ms. Leite's direct target total compensation as Mr. Watt was no longer employed with the Company at the end of fiscal 2018.*

(2) *This chart represents only the direct target total compensation of NEOs still employed with the Company at the end of fiscal 2018 (Ms. Renfro and Messrs. Wafford, Mock and Kastin).*

(3) *Mmes. Leite and Renfro and Mr. Mock all received a one-time cash incentive upon commencing employment with the Company, which are excluded from these charts.*

[Back to Contents](#)**Fiscal Year 2018 Compensation Decisions****What Changed?**

In response to stockholder feedback and in consultation with FW Cook, we made certain changes to our compensation program for fiscal 2018, as summarized below.

FISCAL YEAR 2018 CHANGES

Compensation Program Changes	Specific Change	Rationale
	Aligned KPI metrics with 2018 key initiatives that are part of the Company's new "Base Plan"	
Management Incentive Plan (MIP)	In light of the Company's lower anticipated Adjusted Operating Income for 2018 (when compared to 2017 actual performance), we modified the payout schedule under the Adjusted Operating Income metric so that achievement of budget resulted in a 70% payout and that a maximum payout would only occur if we met or exceeded 2017 actual performance. Additionally, performance achievement percentage for threshold level of performance was reduced to 0% (from 25%)	Motivate senior management to achieve objectives critical to the execution of our long-term plan
	Increased relative weighting of PSUs in relation to total equity awards as follows: from 50% to 75% for the CEO ⁽¹⁾ and from 50% to 60% for the rest of senior management	More closely align realized compensation with execution of our long-term plan
Long-Term Incentive Plan (LTIP)	PSU awards vest based on cumulative Adjusted Operating Income and ROIC at the end of the 3-year performance period	Takes into greater consideration the decline in our stock price
	Reduced long-term incentive grant values by 20%	

The increase was only applicable to the awards granted to Mr. Watts prior to his departure. Ms. Leite did not (1) participate in the 2018 LTIP, but rather received an inducement award of PSUs in connection with the commencement of her employment as CEO. See page 45

Base Salary

Base salaries for our NEOs are determined based on the executive’s specific level and responsibilities and certain peer group data and labor market factors. Generally, our goal is to provide a salary that is competitive with the salary for similar positions in similar industries both at the time of hire and over the course of employment. Salaries are reviewed annually to determine whether any change is appropriate. Except for Ms. Leite, who must consent to decreases in her base salary unless the decrease is prior to, or two years after, a change in control and part of an overall salary reduction program impacting the officers of the Company, the Compensation Committee may, in its discretion, adjust an executive’s base salary at any time to realign that salary with those prevailing in the market. The Compensation Committee must approve any increase in salary for a Named Executive Officer.

Since our fiscal year 2017 was challenging, we did not increase the base salaries of our NEOs for fiscal 2018 (excluding, for the avoidance of doubt, pay packages for our newly-hired or promoted NEOs). The following table shows the annual base salaries of our NEOs for fiscal 2018 without proration for partial years of service.

Name	2018 Salary (\$)
Sharon Leite	700,000
Colin Watts ⁽¹⁾	880,000
Bill Wafford	500,000
Brenda Galgano ⁽²⁾	515,000

(1) Mr. Watts' employment with the Company ended as of May 31, 2018.

Ms. Galgano's employment with the Company ended as of June 5, 2018. From June 6 through September 7 of fiscal (2) 2018, Ms. Galgano served as a consultant and earned \$175,000 during this time, which is not reflected in the chart above.

Mr. Smith served as Non-Executive Chairman for six months months of fiscal 2018 and Executive Chairman for the remaining six months of fiscal 2018. During the six months that Mr. Smith served as Non-Executive Chairman (including the period following his service as Executive Chairman), he was paid an annual cash retainer of \$60,000 for serving on the Board and an incremental cash retainer at an annual rate of \$290,000 for serving as (3) Non-Executive Chairman, in each case, payable in quarterly installments. During the six months that Mr. Smith served as Executive Chairman, his cash retainer was increased to an annual rate of \$500,000 for serving as Executive Chairman, and payable in monthly installments. Accordingly, the \$425,000 in "base salary" set forth in the chart above represents (i) \$250,000 of retainer compensation paid to Mr. Smith during the six months that he served as Executive Chairman and (ii) \$175,000 of retainer compensation paid to Mr. Smith while serving as Non-Executive Chairman.

Annual Cash Incentive – Management Incentive Plan

We use annual cash incentives to motivate achievement of prescribed short-term objectives. Our Management Incentive Plan, or MIP, is a cash-based, pay-for-performance annual incentive plan that allows for awards that generally vary based on the applicable Named Executive Officer's base salary and level of employment, with payouts determined based on the Company's operating results and achievement of particular KPI goals. The Compensation Committee approves the structure of the MIP, including the corporate financial targets and the KPI goals. The NEOs all pursue the same KPI goals under the MIP, which encourages cross-functional teamwork.

Target Bonuses Awarded under the MIP

Target bonuses awarded under the MIP are expressed as a percentage of base salary, and range from 45% to 100% of salary for our NEOs. The table to the right shows the 2018 target bonus for each Named Executive Officer:

Name	2018 Target Award % Salary	
Sharon Leite	100	%
Colin Watts	100	%
Bill Wafford ⁽¹⁾	45% - 50	%
Brenda Galgano	50	%
David Mock	50	%
David Kastin	45	%
Alexander Smith ⁽²⁾	—	
Stacy L. Renfro ⁽²⁾	—	

(1)

Effective June 6, 2018, in connection with Mr. Wafford's appointment as Executive Vice President and Chief Financial Officer, his target bonus as a percentage of base salary was increased from 45% to 50%. From the beginning of the fiscal year through June 5, 2018, Mr. Wafford participated at the 45% target level, and from June 6, 2018 through the end of the fiscal year, he participated at the 50% target level.

(2) Mr. Smith and Ms. Renfro did not participate in the MIP during fiscal 2018.

Metrics and Weightings

For fiscal 2018, the metrics for the MIP consisted of one financial objective (adjusted operating income) and six KPIs. The selected KPIs are directly linked to our long-term strategy.

The performance metrics and relative weightings for the fiscal 2018 MIP awards to the NEOs who participate in the MIP are shown below.

[Back to Contents](#)

Adjusted Operating Income (70%)

Adjusted Operating Income represents the Company's reported operating income, with adjustments for extraordinary, unusual, or non-recurring items during the year as determined by the Compensation Committee. We believe that focusing on adjusted operating income encourages disciplined capital investment to fuel profitable growth.

The Adjusted Operating Income goals and associated percentage payouts (referred to as the "Performance Achievement Percentage") for the 2018 MIP awards are shown below. As discussed above, the Compensation Committee designed the MIP so that achievement of budget would only result in a 70% payout and that a maximum payout would only occur if the Company met or exceeded 2017's actual performance (which was more than 350% higher than the Company's budgeted 2018 performance). Additionally, performance achievement percentage for threshold level of performance was reduced to 0% (from 25%). These actions were taken to demonstrate responsiveness to shareholders in light of our lower performance goals when compared to 2017 actual performance.

	Threshold (no payout)	Budget (70% payout)	Target (100% payout)	Maximum (200% payout)
Adjusted Operating Income	\$5.5 million or less	\$8.6 million	\$10.7 million	\$31.3 million or higher

Achievement of less than the threshold level of Adjusted Operating Income results in a multiplier of 0%, therefore, payment on 70% of an NEO's 2018 MIP award would be \$0. In addition, if the threshold Adjusted Operating Income is not achieved, NEOs will not be eligible for any payment associated with achievement of KPIs; however, the Compensation Committee, in its discretion, may award NEOs payouts on the remaining 30% of the MIP awards based on KPIs.

Key Performance Indicators (KPIs) (5% each for a total of 30%)

Since fiscal 2016, a portion of the MIP has been designed to focus our NEOs on achieving specific business goals, or KPIs, that directly support the Company's short and long-term goals. For fiscal 2018, the Compensation Committee selected six KPIs that will align our NEOs' compensation with the Company's short-term and long-term strategic goals. The Compensation Committee applies the same KPIs to each Named Executive Officer in order to foster strong cross-functional support.

The six KPIs for fiscal 2018 were:

Initiative	KPI
-------------------	------------

Customer Engagement & Retention	This metric represents the percentage of customers in fiscal year 2017 that made a purchase in fiscal year 2018. The goal for 2018 was to achieve a 2% increase in the retention rate.
Customer Acquisition / Traffic	This metric represents the number of new customers that enrolled and made a purchase in 2018. The goal for 2018 was to reverse the trend of declining new customer acquisition and hold flat to 2017.
Auto Delivery	This metric represents the dollars remaining from our auto delivery program (“ADP”) sales after deducting variable expenses. Our ADP was launched in 2017 and the goal for 2018 was to achieve a 590 basis point improvement over 2017.
Average Basket Size	This metric represents the total sales across various channels by the total number of transactions across those channels. The goal for 2018 was to reverse the negative trend in recent years and hold flat to 2017.
Private Brands	This metric represents the increased percentage of US sales of our private branded products. The goal for 2018 was to achieve a positive sales growth in our private brands as compared to a year -over -year loss from 2016 to 2017.
Inventory Reduction	This metric represents our reduction in inventory. The goal for 2018 was to achieve an \$11.5 million reduction in inventory.

The Compensation Committee established specific performance goals for each of these metrics. Like the Adjusted Operating Income metric, the KPI component of the MIP awards is subject to a multiplier that varies with Company’s performance—in this case from 0% to 150%.

MIP Calculation

The formula below shows how annual cash incentive awards under the MIP are calculated.

For each Named Executive Officer, the actual MIP award typically paid is equal to the MIP payout percentage (calculated as shown above) multiplied by the executive's target award. However, the Compensation Committee retains the discretion to award greater or lesser amounts under the MIP to any particular individual based upon Company or individual performance. In deciding to adjust an actual MIP award, the Compensation Committee will consider the recommendation of our Chief Executive Officer or such other factors as the Compensation Committee deems appropriate.

Actual MIP Payouts

The Compensation Committee Chair, the Audit Committee Chair and our outside auditors generally discuss our audited financial results in connection with the determination of MIP payouts.

In fiscal 2018, the Company achieved a full year Adjusted Operating Income of \$16.2M, which significantly exceeded the Company's target of \$10.7M. Accordingly, the result for this metric fell between the target of \$10.7M (100%) and the maximum of \$31.3M (200%) and resulted in an actual payout of 126.7%. The Company also achieved many of the KPI goals, resulting in a total KPI performance multiplier of 27.3%. As reflected in the chart below, the combination of these two achievements resulted in a MIP payout percentage for our NEOs of 115.9% of target.

Performance Metric	Min	Target	Max	Actual	Payout % of Target	Weight	Actual Payout
Adjusted Operating Income					126.7%	70.0%	88.69%
KPIs:					90.9%	30.0%	27.27%
<i>Customer Retention</i>	54%	56%	58%	54.7%	35.0%	5.0%	1.75%

<i>Auto Delivery</i>	\$13.6m	\$14.3m	\$15m	\$14.4m	109.3%	5.0%	5.47%
<i>Average Basket Size</i>	\$35.25	\$35.75	\$36.25	\$35.76	101.0%	5.0%	5.05%
<i>Private Brands</i>	0.0%	3.2%	5.4%	(3.0%)	0.0%	5.0%	0.00%

TOTAL						100.0%	115.96%

Equity Awards

We believe granting equity that vests over an extended period of time and/or based on Company performance encourages our NEOs to focus on the Company's future success and aligns their interests with the interests of our stockholders. We generally grant two forms of incentive equity awards to accomplish two distinct objectives:

• Time-vested restricted stock awards ("RSAs") or restricted stock units ("RSUs") that vest over time to encourage talented executives to remain with the Company.

• PSUs that vest based on the Company's achievement of predetermined performance targets to motivate executives to pursue and accomplish specific Company goals.

We believe this mix of time- and performance-based incentive equity increases accountability for results and total upside earnings potential.

We also may use time-based and/or performance-based awards to induce potential employees to join the Company, or to reward current employees who assume new responsibilities or get promoted. All such equity awards are granted either under the 2018 Long-Term Incentive Plan or in reliance on the employment inducement exemption under NYSE 303A.08 ("Inducement Exemption"). For fiscal year 2018, the Company granted equity awards under the Inducement Exemption to Ms. Leite and Mr. Mock. All grants to NEOs require Board approval.

The following table shows the RSAs, RSUs, Stock Options and PSUs granted to the NEOs in 2018. For additional detail on the terms and conditions of the following awards, please see page 44.

Name	RSAs	RSUs	PSUs(Target)	Stock Options	Value at Grant Date \$(1)
Sharon Leite	—	—	73,260	(2) —	999,999
Colin Watts ⁽³⁾	55,913	—	167,741	—	1,039,991

Bill Wafford ⁽⁷⁾	25,201	—	37,803	—	309,987
Brenda Galgano ⁽⁴⁾	21,505	—	32,258	—	249,998
David Mock	—	31,250 ⁽²⁾	31,250	⁽²⁾ 141,777	⁽⁶⁾ 750,000
David Kastin	13,763	—	20,645	—	159,997
Alexander Smith	—	59,209 ⁽⁵⁾	—	—	474,989
Stacy L. Renfro	14,836	—	—	—	99,995

The value at grant date is determined by multiplying the closing price of the Company's stock on that date by the total number of RSAs, RSUs and target number of PSUs awarded. The fair value of each stock option grant was (1) estimated on the date of grant using the Monte Carlo Option Pricing Model because these awards contain a market condition based on the achievement of predetermined targets related to the share price of the Company's common stock.

(2) Granted in reliance on the employment inducement exemption under NYSE 303A.08.

(3) All RSAs and PSUs granted to Mr. Watts in fiscal 2018 were unvested as of his separation from the Company on May 31, 2018 and were thus forfeited and cancelled.

(4) All RSAs and PSUs granted to Ms. Galgano in fiscal 2018 were unvested as of her separation from the Company on June 5, 2018 and were thus forfeited and cancelled.

(5) Consists of (i) 47,445 restricted stock units granted to Mr. Smith on July 2, 2018 after he assumed the position of Executive Chairman, with one-third vesting immediately on the grant date and the remaining two-thirds of the award vesting in eight equal monthly installments on the first day of each month following the grant date, subject to his continued service as Executive Chairman and (ii) 11,764 restricted stock units granted to Mr. Smith on September 1, 2018 upon his transition to the role of Non-Executive Chairman, which vest in twelve monthly installments beginning on October 1, 2018. Concurrent with the granting of restricted stock units on September 1, 2018, all 23,723 unvested restricted stock units granted to Mr. Smith on July 2, 2018 were forfeited and cancelled in connection with his transition to Non-Executive Chairman.

(6) Mr. Mock received a special inducement grant (Time and Performance Vesting Stock Options) granted under the Company's Amended and Restated 2009 Equity Incentive Plan. These options vest in equal installments on January 16, 2019, January 16, 2020 and January 16, 2021, subject to the Company's achievement of predetermined 20-day consecutive average closing prices prior to the applicable vesting dates; provided, that in the event that any portion of the award does not vest on the applicable vesting date, such unvested portion of the award shall remain eligible to vest on a subsequent vesting date if the applicable 20-day consecutive average closing price is achieved prior to such subsequent vesting date. The Company exceeded all predetermined 20-day consecutive average closing prices prior to the first anniversary of the grant date. See page 45.

(7) Upon Mr. Wafford's departure from the Company on April 5, 2019, all of his unvested equity was forfeited.

Time Vesting Restricted Stock Awards (RSAs) and Restricted Stock Units (RSUs)

RSAs generally vest and become unrestricted in two equal tranches—on the second and third anniversaries of the grant date—for any Named Executive Officer who remains employed by the Company on the applicable vesting date.

If a Named Executive Officer’s employment is terminated due to death or disability, all outstanding RSAs previously granted to that executive will become unrestricted and vested as of the date of any such termination. If a Named Executive Officer leaves the Company’s employ for any other reason before that executive’s RSAs have vested in full, any unvested RSAs will immediately be cancelled and the Named Executive Officer will forfeit any rights in such shares.

Performance Share Unit Awards

PSUs have a three-year performance period (“Performance Period”). The number of PSUs that will vest at the end of the Performance Period is generally based on the Company’s achievement of two equally-weighted performance metrics in relation to predetermined targets:

1. cumulative adjusted operating income over the Performance Period, and
2. return on invested capital in the final year of the Performance Period.

Performance goals for these two metrics were established at the beginning of the Performance Period.

The table below shows the performance goals and associated vesting percentages for the PSUs granted in fiscal 2018 (other than Ms. Leite, whose awards are described in more detail in the section titled “Special / Off-Cycle Equity Grants”).

	Threshold goal (Cumulative Adjusted Operating Income: 0% payout; Return on Invested Capital: 25% payout)	Target goal (100% payout)	Maximum goal (150% payout)
Cumulative Adjusted Operating Income (50% of total PSUs)	\$60 million	\$70 million	\$95 million
Return on Invested Capital in Year Three (50% of total PSUs)	9.4%	9.9%	11.4%

If the performance level for either metric falls between the indicated goals, the payout percentage for the corresponding PSUs will be determined based on straight-line interpolation. If the performance level for either metric falls below the respective threshold goals, the payout percentage for the corresponding PSUs will be 0%.

If a Named Executive Officer's employment with the Company is terminated before the end of the Performance Period due to the executive's death, disability, or retirement, the executive will be entitled to receive a pro-rata portion of the shares underlying his or her PSUs equal to (x) the percentage of the Performance Period that the executive was employed by the Company, multiplied by (y) the number of PSUs that would have vested if the executive had remained with the Company until the end of the Performance Period. If a Named Executive Officer leaves the Company's employ for any other reason before the end of the Performance Period, that executive's unvested PSUs will immediately be cancelled and the Named Executive Officer will forfeit any rights in such shares underlying the PSUs. If permitted by the Company, the executive may elect to defer the distribution of all or any portion of the shares underlying such PSUs in accordance with such written plans or procedures adopted by the Company from time to time.

Settlement of FY 2016 Performance Share Units (PSUs)

The FY 2016 PSUs vested at the end of FY 2018 based on the Company's performance against pre-established goals for Adjusted Operating Income Growth (weighted 50%) and ROIC (weighted 50%). The Company's performance under the plan resulted in an 11% payout (0% payout for the Adjusted Operating Income Growth portion and 22% payout for the ROIC portion). The tables below illustrate the Company's performance against the relevant metrics.

Off-Cycle Equity Grants / Cash Bonuses**Ms. Leite**

In connection with her appointment as CEO, Ms. Leite received a one-time cash bonus of \$425,000 and an initial equity award with a grant date fair value of \$1,000,000. The initial equity grant was delivered 100% in the form of PSUs and vests 50% based on the Company's achievement of cumulative revenue targets and 50% based on the Company's achievement of cumulative adjusted EBITDA targets over 2019, 2020, and 2021.

Mr. Smith

In connection with his appointment as Executive Chairman in February 2018, Mr. Smith was granted an award of RSUs with a grant date fair value of \$350,000 (note: the actual award was reduced to \$325,000 to offset portion of his onboarding RSU grant intended to cover February to June of 2018). One-third of the Executive Chairman's RSU award vested immediately on the grant date and the remaining two-thirds of the award was scheduled to vest in eight equal monthly installments on the first day of each month following the grant date, subject to Mr. Smith's continued service as Executive Chairman through the applicable vesting date ("First RSU Issuance"). In connection with his transition back to Non-Executive Chairman, Mr. Smith was granted an award of RSUs with a grant date fair value of \$150,000, which vests in twelve equal monthly installments beginning on October 1, 2018. Concurrent with the latter issuance, Mr. Smith's unvested restricted stock units (23,723 units) from the First RSU Issuance were forfeited and cancelled.

Mr. Wafford

In connection with his appointment as CFO in June 2018, Mr. Wafford received an equity award with a grant date fair value of \$40,000 delivered 50% in RSAs and 50% in PSUs. The RSAs vest in two equal tranches on the second and third anniversaries of the grant date, subject to continued employment. The PSUs granted to Mr. Wafford vest based on the Company's achievement of cumulative operating income and ROIC as outlined above in the section titled "Performance Share Unit Awards (PSUs)." Due to Mr. Wafford's departure from the Company on April 5, 2019, this equity grant was forfeited.

Mr. Mock

In connection with his appointment as Executive Vice President, Chief Merchandise & Marketing Officer Mr. Mock received a one-time cash bonus of \$500,000 and an equity award with a grant date fair value of \$500,000 delivered 50% in RSUs and 50% in PSUs. The RSUs vest in two equal tranches on the second and third anniversaries of the grant date, subject to continued employment. The PSUs granted to Mr. Mock vest based on the Company's achievement of cumulative operating income and ROIC as outlined above in the section titled "Performance Share Unit Awards (PSUs)." In addition to the RSU and PSU grant, Mr. Mock also received a grant of \$250,000 in stock options. The options vest one-third on each of January 16, 2019, January 16, 2020 and January 16, 2021, subject to the Company's achievement of predetermined 20-day consecutive average closing prices prior to the applicable vesting dates; provided, that in the event that any portion of the award does not vest on the applicable vesting date, such unvested portion of the award shall remain eligible to vest on a subsequent vesting date if the applicable 20-day consecutive average closing price is achieved prior to such subsequent vesting date. As of the date of this proxy statement, the Company achieved the predetermined 20-day consecutive average closing price for all three (3) vesting dates; therefore, a third of the stock options vested on January 16, 2019, one-third will vest on January 16, 2020 and the remaining one-third will vest on January 16, 2021.

Equity Award Grant Date Policy

We do not time or select the grant dates of any stock-based awards in coordination with our release of material non-public information, nor do we have any program, plan or practice to do so.

[Back to Contents](#)**Fiscal 2019 Compensation Summary****Changes to the Compensation Program**

In response to stockholders feedback and in consultation with FW Cook, we made some changes to our compensation program for fiscal 2019, as summarized below.

FISCAL YEAR 2019 CHANGES

Compensation Program Changes	Specific Change	Rationale
	<ul style="list-style-type: none"> • No increases to MIP targets for NEOs 	
MIP	<ul style="list-style-type: none"> • Maintained the 70% weighting on Adjusted Operating Income and 30% KPIs; the KPIs for 2019 are (1) private brand sales, (2) active customer count, (3) new business development, and (4) inventory • Maintained the 75% weighting on performance-based LTI for the CEO (60% for NEOs) and 25% weighting on time-based LTI for the CEO (40% for NEOs) 	<ul style="list-style-type: none"> • The KPIs were adjusted to reflect our key priorities for 2019
LTIP	<ul style="list-style-type: none"> • Elected to deliver a portion of the CEO's and NEO's LTI awards in performance cash (rather than PSUs) • PSU performance criteria is based upon one (1) performance metric - cumulative adjusted EBITDA • Payout for achieving budget was reduced from 100% to 75% 	<ul style="list-style-type: none"> • Maintained heavy weighting on performance-based LTI to create alignment with the shareholder experience and reward for the execution of our long-term strategic plan • Introduced performance cash to help manage equity dilution • Align NEO's long-term goals with the profitability metric that is used to communicate with investors and analysts

Other Benefits and Perquisites

Our NEOs are provided with basic health and welfare insurance coverage and life insurance and are eligible to participate in our 401(k) plan, all on the same terms as our other employees. Perquisites may be awarded to the NEOs on a limited case-by-case basis, subject to Board or Compensation Committee approval. We do not have a nonqualified deferred compensation plan or program for our employees, officers or directors.

Executive Severance Pay Policy; Change in Control Benefits

Our current NEOs are generally provided severance protection under our Executive Severance Pay Policy. We believe the Executive Severance Pay Policy and the severance protection provided in our employment agreements with certain NEOs (described below under “Employment Agreements”) serve two important goals. First, they provide a reasonable level of protection in the event of change in control-related terminations. Second, they help ensure continuity of management under circumstances that reduce or eliminate job security and might otherwise cause our executives to focus more on their future employment prospects rather than the immediate needs of the Company.

The Compensation Committee believes that the aggregate value of benefits, covenants and other terms and conditions under the severance arrangements covering our executive management are market-competitive for a company of our size. In the Compensation Committee’s view, the assurance of severance benefits, including in the event of a change in control, operate as a form of insurance rather than as a principal component of our compensation strategy. Therefore, the Compensation Committee does not take severance benefits into account when setting the other elements of compensation.

The table in the section headed “Potential Payments Upon Termination or Change in Control” and the accompanying narrative provide the estimated values and details of the termination benefits under various scenarios for each of our NEOs as of December 29, 2018.

Stock Ownership Guidelines for NEOs

Our stock ownership guidelines encourage the NEOs to own a meaningful amount of our common stock to further align their personal interests with the interests of our stockholders. Under these guidelines, our NEOs are required to accumulate and hold an aggregate market value of our common stock equal to a multiple of their respective annual base salaries. Applicable multiples are:

● Chief Executive Officer – 4x

● Other NEOs and senior vice presidents – 2x

Under our stock ownership guidelines, NEOs must retain a portion of the shares they receive pursuant to equity grants made in or after 2017 until they achieve the required level of ownership. Specifically, the CEO and other NEOs must retain 75% and 50%, respectively, of the net after-tax shares realized upon the vesting and earn-out of awards or exercise of options granted in 2017 and beyond. Ownership includes shares owned, deferred stock units and unvested restricted stock. The Compensation Committee will evaluate compliance with this policy on an annual basis.

Compensation Recovery (“Clawback”) Policies

Since 2010, the Compensation Committee has included clawback language in equity grants, giving the Board the discretion to seek recoupment of the incentive-based compensation paid or granted to certain executive officers in the event of a material restatement of our financial statements (other than to comply with changes in applicable accounting principles). Provisions for recoupment of incentive-based compensation are included in the employment agreement for our CEO and equity award agreements with our CEO and each of our other NEOs. The Compensation Committee will re-evaluate and, if necessary, revise our clawback policy to comply with the Dodd-Frank Wall Street Reform and Consumer Protection Act once the SEC adopts final rules implementing the clawback requirements.

Under the 2018 Long-Term Incentive Plan, which was approved by our stockholders at the 2018 Annual Meeting, if a participant receives an amount pursuant to an incentive award under the Plan, and a subsequent material financial restatement reveals that such award was larger than it should have been, such participant must promptly repay to the Company the excess amount as determined by the Compensation Committee.

Insider Trading Policy

For certain employees (including our NEOs), directors and service providers, our insider trading policy:

- prohibits trading or “tipping” while aware of material, non-public information;
- restricts the disclosure of certain non-public information;
- prescribes certain periods that are subject to black-out and other limitations regarding trading of our stock;
- prohibits certain aggressive and speculative trading in our stock, such as the trading of options or engaging in short sales or hedging transactions (including the use of financial instruments such as prepaid variable forwards, equity swaps, collars, and exchange funds); and
- prohibits pledging shares of the Company’s common stock as collateral for a loan or other financial arrangement.

Tax and Accounting Treatment

Until recently, Section 162(m) of the Internal Revenue Code limited the tax deductibility of compensation paid by a public company to certain of its highly compensated executive officers to \$1 million annually. Amounts paid above that limit were deductible only if they represented performance-based compensation paid under an incentive plan approved by the company's stockholders.

The recently enacted Tax Cuts and Jobs Act ("Tax Act") eliminates the "performance-based compensation" exception to the limit on deductibility. In addition, the Tax Act expands the list of executives whose compensation is subject to the limit. With some exceptions for pre-existing employment contracts, these changes are in effect for any compensation paid after December 2017.

The Compensation Committee considers the impact of Section 162(m) generally when developing and implementing our executive compensation program, and will continue to do so. However, the Compensation Committee believes it is important to preserve flexibility in administering compensation programs in a manner designed to promote varying corporate goals, so it has never adopted a policy requiring all compensation to qualify as deductible under Section 162(m). Going forward, we will continue to monitor IRS guidance on the Tax Act in developing an executive compensation program that incentivizes our officers while considering the potential loss of tax benefits available to the Company.

The 2018 Long-Term Incentive Plan is not the exclusive means by which annual or long-term incentive payments may be made to covered employees. The Compensation Committee may make such awards, at its discretion, and within the NYSE rules.

We follow FASB ASC Topic 718 for our stock-based compensation awards. FASB ASC Topic 718 requires companies to measure the compensation expense for all share-based payment awards made to employees and directors, including stock options, based on the grant date "fair value" of these awards. This calculation is performed for accounting purposes and reported in the compensation tables below, even though our executive officers may never realize any value from their awards. FASB ASC Topic 718 also requires companies to recognize the compensation cost of their stock-based compensation awards in their income statements over the period that an executive officer is required to render service in exchange for the option or other award.

Compensation Risks

The Compensation Committee has conducted a risk assessment of our compensation policies and practices, and believes that the mix and design of our compensation program do not encourage management or employees to assume

excessive risks. All aspects of our compensation programs, including the compensation components, incentive structure, and benefits, have been reviewed in terms of the long-term best interests of stockholders. The value of short-term incentives is counterbalanced by long-term incentives and stock ownership guidelines, which the Compensation Committee believes reward sustained performance that is aligned with stockholder interests. In addition, the Compensation Committee believes that our executive pay practices provide adequate financial security and incentives for executive officers to achieve the optimal short-term and long-term objectives of the Company. The Compensation Committee has concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on us.

Stock Award and Option amounts were calculated in accordance with FASB ASC Topic 718. The values for the Performance Stock Units in the table assume 100% of the target performance goals will be achieved. If we (2) assumed the maximum 150% of the target performance goals that could be achieved, the value of the Performance Stock Units granted to our NEOs would be as reported in the below chart. The amounts may not correspond to the actual value that may be realized by such persons with respect to these awards:

Brenda Galgano

Ms. Galgano's offer letter, originally dated March 29, 2012, as amended March 27, 2015, provided that Ms. Galgano would serve as our Executive Vice President, Chief Financial Officer, and her annual base salary would be \$470,000. The agreement sets forth a term ending March 31, 2016 (prior to amendment in 2015, the term of the employment agreement was to end March 31, 2015). Upon expiration of Ms. Galgano's employment agreement on March 31, 2016, we entered into a letter agreement pursuant to which the Company would continue to provide her with substantially similar benefits and compensation, provided that her termination rights will be governed by the Executive Severance Pay Policy, unless she was terminated due to death or disability.

On May 17, 2018, Ms. Galgano resigned from her position with the Company, effective June 5, 2018, and she continued to serve the Company as a consultant until September 7, 2018. Ms. Galgano's resignation did not involve any disagreement with the Company with regards to its operations, policies or practices. Ms. Galgano did not receive separation pay in connection with her resignation.

David Mock

Mr. Mock became our Executive Vice President, Chief Merchandising and Marketing Officer on July 30, 2018. Prior to that, Mr. Mock served as a consultant to the Company since January 2018. Mr. Mock's offer letter, dated January 12, 2018, provided that Mr. Mock would serve as Executive Vice President, Chief Merchandising and Marketing Officer and his annual base salary would be \$500,000. The offer letter provided a sign-on bonus of \$500,000 and an annual target bonus of 50% of his then current base salary, based upon the Company's satisfaction of operating objectives specified by the Board each year at its sole discretion.

The offer letter also provided that Mr. Mock's sign-on bonus is subject to partial repayment should his employment be terminated prior to July, 12, 2020 as a result of his resignation or termination by the Company for cause.

If we terminate Mr. Mock's employment "without cause," or upon or within two years following a "change in control," or Mr. Mock terminates his employment due to an "adverse change in status," as defined under our Executive Severance Pay Policy, then he is entitled to payments under the Executive Severance Pay Policy, as described below.

David M. Kastin

Mr. Kastin became our Senior Vice President, General Counsel and Corporate Secretary on August 17, 2015. Mr. Kastin's offer letter, dated July 14, 2015, provided that Mr. Kastin would serve as Senior Vice President, General Counsel and Corporate Secretary and his annual base salary would be \$350,000. The offer letter provided a sign-on bonus of \$50,000 and an annual target bonus of 45% of his then current base salary, based upon the Company's satisfaction of operating objectives specified by the Board each year at its sole discretion.

If we terminate Mr. Kastin's employment "without cause," or upon or within two years following a "change in control," or Mr. Kastin terminates his employment due to an "adverse change in status," as defined under our Executive Severance Pay Policy, then he is entitled to payments under the Executive Severance Pay Policy, as described below.

Stacy L. Renfro

Ms. Renfro became our Executive Vice President, Chief Customer and Digital Experience Officer on November 5, 2018. Ms. Renfro's offer letter, dated October 12, 2018, provides for an annual base salary of \$450,000, the right to participate in the MIP with a target bonus opportunity of 50% of her eligible earnings, a \$65,000 sign-on bonus, repayment of any amount of the retention award Ms. Renfro received from her prior employer and was subsequently required to repay when she resigned (including a corresponding tax gross-up), and relocation benefits. If Ms. Renfro's employment with the Company is terminated due to her resignation or by the Company for cause within 12 months after she commences employment, then she is required to repay the entire amount of the foregoing sign-on bonus, retention bonus make-whole payment, and relocation benefits, and if her employment is terminated in such a manner within 24 months after she commences employment then she is required to repay one-half of such amount.

If we terminate Ms. Renfro's employment "without cause," or upon or within two years following a "change in control," or Ms. Renfro terminates her employment due to an "adverse change in status," as defined under our Executive Severance Pay Policy, then she is entitled to payments under the Executive Severance Pay Policy, as described below.

Potential Payments Upon Termination or Change in Control

Except as described herein, our NEOs are generally entitled to severance and change in control protection under our Executive Severance Pay Policy, which provides severance if a change in control occurs and a Named Executive Officer's employment is terminated within 24 months thereafter, either by the Company without "cause" or by the executive due to "an adverse change in status," both as defined in the Executive Severance Pay Policy. This "double trigger" benefit generally consists of (i) a cash severance benefit of two times the NEO's base salary plus two times the NEO's target annual cash incentive and (ii) continued benefits for a two-year period. In addition, each of our NEOs is entitled to receive a pro rata target bonus for the year of termination of employment if the Company's performance for the year equals or exceeds its business plan, based on the number of full months employed. Our NEOs are also entitled to certain outplacement services for a one-year period following termination.

Severance is also payable under our Executive Severance Pay Policy to our NEOs in the event of a termination without cause prior to a change in control. This severance generally consists of either (i) a cash severance benefit in an amount equal to 26 weeks of the executive's annual base salary if the termination occurs within the first year of employment (excluding Ms. Leite, who would receive no less than 52 weeks in the event of such termination pursuant to her employment agreement), or (ii) a cash severance benefit in an amount equal to 52 weeks of the executive's annual base salary if the termination occurs after the first year of employment. In addition, if the Named Executive Officer is terminated after June 30th in any year (excluding Ms. Leite, who would receive a bonus based on Company performance even if the termination occurs prior to June 30th of any year), he or she will receive a bonus based on Company performance, if and to the extent earned that fiscal year under any bonus plan of the Company, prorated to the date of termination.

If any payment under our Executive Severance Pay Policy would cause a participant to become subject to the excise tax imposed under Section 4999 of the Code, then such participant's payments and benefits will be reduced to the amount that would not cause the participant to be subject to the excise tax, but only if such a reduction would put the participant in a better after tax position than if the participant were to pay the excise tax. No tax gross ups are provided under our Executive Severance Pay Policy or under any other Company plan.

Payment of severance benefits under the Executive Severance Pay Policy requires acceptance of, and adherence to, restrictive covenants protective of our interests, including (unless the participant is otherwise bound by separate restrictive covenant agreements with us) non-compete and non-solicitation obligations lasting for 12 months following the termination of the participant (or 24 months in the event the termination occurs within two years after a change in control), and a perpetual confidentiality provision as well as the execution of a release of claims against the Company.

In connection with Mr. Watts resignation from the Company, and following his execution of a general release in favor of the Company, the Watts Transition Agreement entitled Mr. Watts to (i) two years' base salary paid according to the Company's normal payroll schedule, (ii) his unpaid annual bonus for fiscal 2017, (iii) subject to his timely election of continuation coverage under COBRA, continued participation in all life, health, disability, and similar insurance plans and programs of the Company for up to 12 months, (iv) a pro-rata portion of his annual cash bonus for fiscal 2018,

paid on or before March 15, 2019 and (v) in the event Mr. Watts made a timely election under COBRA, reimbursement for the amount of his COBRA premium that is in excess over the rate paid by similarly situated employees for non-COBRA coverage.

In the event of a termination for cause or in the event of a voluntary termination, stock awards will cease to vest. In addition, all options (including vested options) will be forfeited immediately. In the event of termination other than for cause or due to death or disability, the right to exercise any then exercisable portion of the stock options shall terminate ninety (90) days after the date of termination, but in no event after the tenth anniversary of the grant date. In the event of termination due to death or disability, the right to exercise the stock options shall terminate on the one (1) year anniversary of the date of termination, but in no event after the tenth anniversary of the grant date.

In the event of termination due to retirement, the right to exercise the stock options, to the extent exercisable (1) immediate prior to such termination or as to when the stock option becomes exercisable following any such termination, shall expire three years after the date of termination, but in no event after the tenth anniversary of the grant date. In the event of a termination without cause or for good reason, in each case, within two years of a change in control or in the event of a termination due to death or disability, in each case, all Stock Options and Time Vesting Restricted Stock awards would become fully vested. In addition, Performance Share Units would be converted into common stock which would also become fully vested. The amounts assume all Performance Share Units were converted to common stock at 100% and reflect the value of all unvested stock awards as of December 29, 2018.

Per the severance terms of each executive's employment agreement and the terms of our Executive Severance Pay Policy, in each case as in effect December 29, 2018, the "Qualifying Termination Before Change in Control" column reflects one year of annual base salary (except for with respect to Mr. Mock and Ms. Renfro, both of whom were (2) eligible for 26 weeks of severance based on their tenure with the Company as of December 29, 2018) and the "Qualifying Termination within 24 Months after Change in Control" column reflects: two times the sum of the executive's base salary plus the executive's target bonus; (except with respect to Ms. Renfro, who had no target bonus for fiscal 2018 and therefore the column reflects only 24 months of her base salary).

If the Named Executive Officer elects COBRA coverage, we will pay the same amount for each applicable sub-category of coverage as we paid for such sub-category for the Named Executive Officer before the executive's (3) termination for the duration of the executive's severance pay stated above in footnote (2). Our payment obligations include the payment of dependent coverage if the Named Executive Officer maintained dependent coverage before termination.

(4) NEOs are entitled to pro rata bonus payments under their respective employment agreements or our Executive Severance Pay Policy, in each case as in effect December 29, 2018.

(5) Under our Executive Severance Pay Policy, our NEOs may be eligible to receive reasonable, executive-level outplacement services for a period of up to one year in the event of termination without cause or for good reason after a change in control. The cost to the Company for such outplacement services is expected to vary depending on the facts and circumstances of the termination.

(6)

Mr. Smith was not eligible for benefits pursuant to the Executive Severance Pay Policy during his tenure as Executive Chairman.

(7) "Retirement" is defined in the applicable agreements to include an executive being at least 62 years old. None of our NEOs was 62 as of December 29, 2018 and therefore none was eligible for retirement.

CEO to Median Employee Pay Ratio

Under Section 953(b) of the Dodd Frank Wall Street Reform and Consumer Protection Act and Item 4002(u) of Regulation S-K, the Company is required to provide the ratio of the annual total compensation of our CEO to the total annual compensation of the median employee of the Company.

For 2018, our last completed fiscal year:

the median employee total annual compensation was estimated to be \$21,528.30 for purposes of calculating the CEO Pay Ratio, we adjusted the amount reported in “Total” column of the 2018 Summary Compensation Table by annualizing Ms. Leite’s base salary, MIP and the amount of “all other compensation,” which consists of company-paid life insurance premiums and 401k contributions, to account for the fact that she commenced employment with us on August 27, 2018, resulting in an adjusted total amount of \$2,947,649

Ratio of CEO to Median
Employee Compensation: **137:1**

We selected December 1, 2018 as the measurement date for determining the median employee. As of the measurement date, our employee population consisted of approximately 5,071 individuals, which included our full-time and part-time employees, excluding our CEO. To identify the “median employee,” we examined the amount of taxable wages of our employees as reflected in our payroll records as reported to the Internal Revenue Service on Form W-2 as of December 1, 2018. After identifying the median employee, we calculated the annual total compensation for such employee in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$21,528.30.

The Pay Ratio Disclosure presented above is a reasonable estimate. Because the SEC rules for identifying the median employee and calculating the pay ratio allow companies to use different methodologies, estimates, and assumption, the Pay Ratio Disclosure may not be comparable to the pay ratio reported by other companies.

Audit Committee Report

The Company's Audit Committee acting with respect to the financial statements for the 2018 Fiscal Year (the "2018 Audit Committee") is composed entirely of non-management directors. The members of the 2018 Audit Committee meet the independence and financial literacy and experience requirements contained in the corporate governance listing standards of the NYSE and additional, heightened independence criteria applicable to members of the 2018 Audit Committee under SEC and NYSE rules. The Board of Directors has determined that David H. Edwab qualifies as an "audit committee financial expert" as defined by the SEC. In 2018, the 2018 Audit Committee held five meetings. The 2018 Audit Committee has adopted, and annually reviews, a charter, which describes the 2018 Audit Committee's responsibilities and the practices it follows. The charter, which complies with all current regulatory requirements, can be viewed on the Company's website on the Investor Relations page, <http://vitaminshoppe.investorroom.com/>.

The role of the 2018 Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities with respect to the accounting and financial reporting processes of the Company, including its internal control over financial reporting. The 2018 Audit Committee also oversees (a) the integrity of our financial statements; (b) compliance with legal and regulatory requirements, and our ethical standards; (c) the performance of our independent registered public accounting firm and our internal auditors; (d) the qualifications and independence of the independent registered public accounting firm and our internal auditors; (e) the risk management process; and (f) procedures to receive, retain, and address complaints regarding accounting, internal controls, and auditing matters. In fulfilling its role, the 2018 Audit Committee relies on the work and assurances of the Company's management, internal audit and the independent registered public accounting firm. Management is responsible for the financial statements and the reporting process, the system of internal controls, including internal control over financial reporting, risk management, and procedures designed to ensure compliance with accounting standards and applicable laws and regulations. The Company's independent registered public accounting firm, Deloitte & Touche LLP, is responsible for auditing the consolidated financial statements and expressing an opinion on the fair presentation of those financial statements in conformity with accounting principles generally accepted in the United States, performing reviews of the unaudited quarterly financial statements and auditing and expressing an opinion on the effectiveness of the Company's internal control over financial reporting.

During fiscal year 2018, the 2018 Audit Committee met and held discussions with management, internal audit and the independent registered public accounting firm and independently as a committee. The 2018 Audit Committee discussed with the Company's independent registered public accounting firm and internal audit the overall audit strategy, scope, timing and plans for their respective audits, the nature and extent of specialized skills used in their audits, periodic updates on the status of their respective audits, issues encountered in their audits, and the expected impact of new accounting guidance. In addition, the 2018 Audit Committee met with the independent registered public accounting firm and internal audit with and without management present to discuss the results of their examinations. The 2018 Audit Committee also reviewed with management and the independent registered public accounting firm significant accounting policies, managements' judgments and significant estimates, and significant risks and exposures identified by management, the overall adequacy of the Company's legal, regulatory and ethical compliance programs, including the Company's Standards of Business Conduct and Code of Ethics for our Senior Financial Employees, and the Company's information technology security programs. In addition, throughout the year, the 2018 Audit Committee Chair met one on one with the lead engagement partner to promote candid and thorough dialogue.

Management represented to the 2018 Audit Committee that the Company's consolidated financial statements included in the Company's 2018 Quarterly Reports on Form 10-Q and Annual Report on Form 10-K for the fiscal year ended December 29, 2018, were prepared in accordance with accounting principles generally accepted in the United States and prior to their issuance the 2018 Audit Committee reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm, including a discussion of the quality, not just the acceptability, of the accounting principles, significant financial reporting risks, the reasonableness of significant accounting judgments and critical accounting policies and estimates, the clarity of disclosures in the financial statements, and the overall quality of the Company's financial reporting. Prior to their issuance, the 2018 Audit Committee also reviewed and discussed the quarterly and annual earnings press releases, including the presentation of non-GAAP financial information, and disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations" with management, the Company's internal auditors and the independent registered public accounting firm. The 2018 Audit Committee also reviewed the Company's policies and practices with respect to financial risk assessment, as well as its processes and practices with respect to enterprise risk assessment.

In addition, the 2018 Audit Committee reviewed and discussed with management and the independent registered public accounting firm their evaluation of the adequacy and effectiveness of the Company's financial reporting procedures, disclosure controls and procedures, and internal control over financial reporting, including the respective reports of management and the independent registered public accounting firm on the effectiveness of the Company's internal control over financial reporting. The 2018 Audit Committee also discussed with our Chief Executive Officer and our Chief Financial Officer their respective certifications with respect to the Company's Quarterly Reports on Form 10-Q and Annual Report on Form 10-K for the

fiscal year ended December 29, 2018. The 2018 Audit Committee discussed with the independent registered public accounting firm all matters required to be discussed under the standards of the Public Company Accounting Oversight Board (“PCAOB”), including those matters required to be discussed by Auditing Standard No. 16 Communication with Audit Committees and Rule 2-07 of Regulation S-X.

In addition, the 2018 Audit Committee has discussed with the independent registered public accounting firm the auditor’s independence from the Company and its management, including the matters in the written disclosures required by applicable requirements of the PCAOB regarding the firm’s communications with the 2018 Audit Committee concerning independence. The 2018 Audit Committee pre-approved the audit and non-audit services provided by the independent registered public accounting firm and reviewed and approved the independent registered public accounting firm’s fees for services rendered for the year ended December 29, 2018. The Company considered with the independent registered public accounting firm whether the provision of non-audit services to the Company by them and the related fees was compatible with the auditor’s independence. The 2018 Audit Committee has concluded that the independent registered public accounting firm, Deloitte & Touche LLP, is independent from the Company and its management.

The 2018 Audit Committee is directly responsible for the appointment, compensation, retention and oversight of our independent registered public accounting firm, Deloitte & Touche LLP. The 2018 Audit Committee evaluates the qualifications and historical and recent performance of the Company’s independent registered public accounting firm, including the lead engagement partner and the engagement team, each year and determines whether to reengage the current independent registered public accounting firm or consider other audit firms. In doing so, the 2018 Audit Committee considers the quality and efficiency of the services provided by the auditors, including input from management and how effectively Deloitte & Touche LLP demonstrated its independent judgment, objectivity, and professional skepticism, and the auditors’ resources, capabilities, technical expertise and knowledge of the Company’s operations, personnel, culture, accounting policies and practices, and internal control over financial reporting. The 2018 Audit Committee also considers the quality and candor of communications and the working relationship with the 2018 Audit Committee and our management and internal auditors, the ability of the auditors to remain independent, the auditors industry and sector specific experience, external data relating to audit quality and performance, including recent PCAOB reports on Deloitte & Touche LLP and its peer firms, the results of internal surveys of Deloitte & Touche LLP’s service and quality by our management and internal auditors, the appropriateness of fees charged for audit and non-audit services, the relative benefits, challenges, overall advisability and potential impact of selecting a different independent registered public accounting firm, and the length of time that Deloitte & Touche LLP has served in the role, including the benefits of having a longer tenure, and the controls and processes in place (such as mandatory rotation of key partners) that help Deloitte & Touche LLP to maintain its independence in the face of such tenure. Deloitte & Touche LLP has been the Company’s independent registered public accounting firm since 1997. Considered together, these factors enable the 2018 Audit Committee to evaluate whether the selection of Deloitte & Touche LLP as the Company’s independent registered public accounting firm and the retention of Deloitte & Touche LLP to perform other services will contribute to and enhance audit quality. Based on this evaluation, the 2018 Audit Committee decided that it was in the best interests of the Company and its stockholders to continue the retention of Deloitte & Touche LLP as our independent registered public accounting firm for the year ended December 29, 2018. Although the 2018 Audit Committee has the sole authority to appoint the independent registered public accounting firm, the 2018 Audit Committee will continue its practice of recommending that the Board ask our stockholders, at their annual meeting, to ratify the appointment of the independent registered public accounting firm.

The lead engagement partner from Deloitte & Touche LLP is required to be rotated every five years. The process for selection of a new lead engagement partner includes meetings between the candidates for that role and senior management and then with the Chair of the 2018 Audit Committee, as well as discussion with the full 2018 Audit Committee.

In reliance on the reviews and discussions referred to above, and the receipt of the unqualified opinions from Deloitte & Touche LLP dated February 26, 2019, with respect to the consolidated financial statements of the Company as of and for the year ended December 29, 2018, and with respect to the effectiveness of the Company's internal control over financial reporting, the 2018 Audit Committee recommended to the Board, and the Board has approved, that the audited consolidated financial statements and management's assessment of the effectiveness of the Company's internal control over financial reporting be included in the Company's Annual Report on Form 10-K for the year ended December 29, 2018, for filing with the Securities and Exchange Commission.

Proposal Three Ratification of Independent Registered Public Accounting Firm

The Board, upon the recommendation of its Audit Committee, has appointed Deloitte & Touche LLP to serve as our independent registered public accounting firm for fiscal year 2019.

Representatives of Deloitte & Touche LLP are expected to be present at the 2019 Annual Meeting and are expected to be available to respond to appropriate questions. They also will have the opportunity to make a statement if they desire to do so.

We are asking our stockholders to ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm. Although ratification is not required by our bylaws or otherwise, the Board is submitting the selection of Deloitte & Touche LLP to our stockholders for ratification as our Audit Committee has recommended because we value our stockholders' views on our independent registered public accounting firm and as a matter of good corporate practice. If our stockholders fail to ratify the selection, we will consider that failure as a direction to the Board and the Audit Committee to consider the selection of a different firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm, at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

THE BOARD UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE **"FOR"** THE RATIFICATION OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2019.

Certain Relationships and Related Person Transactions

Although the Board has not adopted a written policy or procedure for the review, approval and ratification of related person transactions, the Audit Committee charter requires the Audit Committee to review all relationships and transactions in which we and our employees, directors, officers and beneficial owners of more than 5% of our common stock or their immediate family members are participants to determine whether those persons have a direct or indirect material interest. Based on all the relevant facts and circumstances, the Audit Committee will decide whether the related-person transaction is appropriate and will approve only those transactions that are in our best interests.

We require our directors and executive officers to complete annually a directors' and officers' questionnaire that requires disclosure of any related-person transactions. As required under SEC rules, transactions that are determined to be directly or indirectly material to us or a related person are disclosed in our periodic filings, as appropriate. In 2018, we did not participate in any transactions involving an amount in excess of \$120,000 in which any related person (as defined in Instruction 1 to Item 404(a) of Regulation S-K) has or will have a direct or indirect material interest.

On March 9, 2018, Vintage Capital Management, LLC, Kahn Capital Management, LLC and Brian R. Kahn (together “Vintage Capital”) delivered a director nomination notice to nominate a slate of ten nominees for election as directors at the 2018 Annual Meeting in opposition to director nominees recommended by the Board.

On April 20, 2018, the Company entered into a cooperation agreement with Shah Capital Management, Inc., Shah Capital Opportunity Fund LP and Himanshu H. Shah (together “Shah Capital” and such agreement the “Shah Capital Agreement”) regarding, among other things, the membership and composition of the Board. On the same date, the Company also entered into a cooperation agreement with Vintage Capital (such agreement, the “Vintage Capital Agreement,” and together with the Shah Capital Agreement, the “Cooperation Agreements”) regarding, among other things, the membership and composition of the Board.

Pursuant to the Vintage Capital Agreement, Mr. Kahn irrevocably withdrew his director nomination notice for the 2018 Annual Meeting.

Pursuant to the Cooperation Agreements, the Company appointed each of Himanshu H. Shah and Sing Wang and Melvin L. Keating to the Board, on April 24, 2018.

The Cooperation Agreements provide that the Board was required to be expanded by up to five members in order to appoint up to five new directors at the 2018 Annual Meeting and the 2019 Annual Meeting. Pursuant to the resignation of the Company's chief executive officer, Colin Watts, the size of the Board was reduced by one member; however, upon the appointment of Sharon M. Leite as Chief Executive Officer in August, 2018, the Company increased the size of the Board by one member. Pursuant to the Cooperation Agreements, prior to the completion of the 2019 Annual Meeting, the size of the Board will be no more than 11 directors. Before the completion of the 2019 Annual Meeting, Shah Capital and Vintage Capital will have customary replacement rights with respect to the Cooperation Directors, and Shah Capital, Vintage Capital and the Company must mutually agree on any replacements for any Company Designee or Independent Designee.

Shah Capital's right to designate or replace one of the Shah Designees expires at the time that Shah Capital's aggregate net long position in the Company's common stock is less than 10%. Shah Capital's right to designate or replace the second Shah Designee expires at the time that Shah Capital's aggregate net long position in the Company's common stock is less than 5%. Vintage Capital's right to designate or replace the Vintage Designee expires at the time that Vintage Capital's aggregate net long position in the Company's common stock is less than 5%. At any time Shah Capital or Vintage Capital lose the right to designate a director as set forth above, the applicable Cooperation Director will immediately resign from the Board and all of its committees upon the Board's request.

During the Standstill Period, each of Shah Capital and Vintage Capital have agreed to abide by certain standstill provisions. The standstill provisions provide, among other things, that each of Shah Capital and Vintage Capital cannot: (1) solicit proxies of stockholders or participate in or assist any third party in any solicitation of proxies to vote any shares of the Company's common stock; (2) join or form a group with respect to the Company's common stock; (3) present any proposal for consideration at any stockholders' meeting or propose any nominee for election to the Board; or (4) institute, solicit or join any litigation against the Company or its present or former directors, officers or employees (other than pursuant to customary exceptions, such as to enforce the applicable Cooperation Agreement).

Each of Shah Capital and Vintage Capital have agreed at the 2019 Annual Meeting to vote all shares the Company's common stock beneficially owned by them in favor of the Company's director nominees and otherwise in accordance with the Board's recommendation for any other matter. Shah Capital has further agreed to vote in favor of the Company's director nominees and otherwise in accordance with the Board's recommendation for any other matter at any meeting of stockholders held during the Standstill Period. Vintage Capital has further agreed to vote in favor of the Company's director nominees at any meeting of stockholders held during the Standstill Period.

The foregoing summary of the Cooperation Agreements does not purport to be complete and is qualified in its entirety by the full text of the Cooperation Agreements, copies of which are attached as Exhibits 10.1 and 10.2 to our Form 8-K filed with the SEC on April 23, 2018.

Section 16(a) Beneficial Ownership Reporting Compliance

We believe that all reports for our executive officers, directors and owners of more than 10% of our common stock that were required to be filed under Section 16 of the Exchange Act during 2018 were timely filed, except that one transaction by Shah Capital Management for the purchase of 156,142 shares of common stock on April 2, 2018, was not timely reported on Form 4.
