ITEM 1. DESCRIPTION OF BUSINESS

BAB, Inc (“the Company”) has two wholly owned subsidiaries: BAB Systems, Inc. (“Systems”) and BAB Operations, Inc. (“Operations”). Systems was incorporated on December 2, 1992, and was primarily established to franchise Big Apple Bagels® (“BAB”) specialty bagel retail stores. My Favorite Muffin Too, Inc., a New Jersey corporation, was acquired on May 13, 1997 and is included as a part of Systems. Brewster’s Franchise Corporations (“Brewster’s”) was established on February 15, 1996. Brewster’s® coffee is sold in BAB and My Favorite Muffin® (“MFM”) locations as well as through license agreements. SweetDuet Frozen Yogurt & Gourmet Muffins® (“SD”) was established to franchise frozen yogurt and gourmet muffin retail stores. Operations was formed on August 30, 1995, primarily to operate Company-owned stores of which there are currently none. The assets of Jacobs Bros. Bagels (“Jacobs Bros.”) were acquired on February 1, 1999, and any branded wholesale business uses this trademark.

The Company was incorporated under the laws of the State of Delaware on July 12, 2000. The Company currently franchises and licenses bagel and muffin retail units and frozen yogurt retail units under the BAB, MFM and SD trade names. At November 30, 2013, the Company had 97 franchise units and 5 licensed units in operation in 25 states. The Company additionally derives income from the sale of its trademark bagels, muffins and coffee through nontraditional channels of distribution including under licensing agreements with Kohr Bros. Frozen Custard, Kaleidoscoops, Green Beans Coffee, Sodexo and through direct home delivery of specialty muffin gift baskets and coffee. Also, included in licensing fees and other income is Operations Sign Shop results. For franchise consistency and convenience, the Sign Shop provides the majority of signage to franchisees, including but not limited to, posters, menu panels, build charts, outside window stickers and counter signs.

The BAB franchised brand consists of units operating as “Big Apple Bagels®,” featuring daily baked bagels, flavored cream cheeses, premium coffees, gourmet bagel sandwiches and other related products. Licensed BAB units serve the Company’s par-baked frozen bagel and related products baked daily. BAB units are primarily concentrated in the Midwest and Western United States. The MFM brand consists of units operating as “My Favorite Muffin®,” featuring a large variety of freshly baked muffins, coffees and related products, and units operating as “My Favorite Muffin and Bagel Cafe,” featuring these products as well as a variety of specialty bagel sandwiches and related products. The SweetDuet Frozen Yogurt & Gourmet Muffins® brand is a fusion concept, pairing self-serve frozen yogurt with MFM’s exclusive line of My Favorite Muffin gourmet muffins, broadening the shop’s offering and therefore differentiating itself from the numerous frozen yogurt outlets already populating the market. Although the Company doesn’t actively market Brewster’s stand-alone franchises, Brewster’s coffee products are sold in most franchised units.

The Company has grown significantly since its initial public offering through growth in franchise units and the development of alternative distribution channels for its branded products. The Company is leveraging on the natural

synergy of distributing muffin products in existing BAB units and, alternatively, bagel products and Brewster's Coffee in existing MFM units. The Company expects to continue to realize efficiencies in servicing the combined base of BAB and MFM franchisees.

Net Income

The Company reported net income of \$351,000 and \$419,000 for the years ended November 30, 2013 and 2012, respectively.

Food Service Industry

Food service businesses are often affected by changes in consumer tastes; national, regional, and local economic conditions; demographic trends; traffic patterns; and the type, number and location of competing restaurants. Multi-unit food service chains, such as the Company's, can also be substantially adversely affected by publicity resulting from problems with food quality, illness, injury or other health concerns or operating issues stemming from one store or a limited number of stores. The food service business is also subject to the risk that shortages or interruptions in supply caused by adverse weather or other conditions could negatively affect the availability, quality and cost of ingredients and other food products. In addition, factors such as inflation, increased food and labor costs, regional weather conditions, availability and cost of suitable sites and the availability of experienced management and hourly employees may also adversely affect the food service industry in general and the Company's results of operations and financial condition in particular.

CUSTOMERS

The Company's franchisees represent a varied geographic and demographic group. Among some of the primary services the Company provides to its franchisees are marketing assistance, training, time-tested successful recipes, bulk purchasing discounts, food service knowledgeable personnel and brand recognition.

SUPPLIERS

The Company's major suppliers are Coffee Bean International, Dawn Food Products, Inc., Schreiber Foods, Coca-Cola and U.S. Foods. The Company is not dependent on any of these suppliers for future growth and profitability since like products may be purchased from these suppliers are available from other sources.

LOCATIONS

The Company has 97 franchised locations and 5 licensed units in 25 states.

STORE OPERATIONS

BIG APPLE BAGELS®--BAB franchised stores daily bake a variety of fresh bagels and offer up to 11 varieties of cream cheese spreads. Stores also offer a variety of breakfast and lunch bagel sandwiches, salads, soups, various dessert items, fruit smoothies, gourmet coffees and other beverages. A typical BAB store is in an area with a mix of both residential and commercial properties and ranges from 1,500 to 2,000 square feet. The Company's current store design is approximately 1,800 square feet, with seating capacity for 20 to 30 persons, and includes approximately 750 square feet devoted to production and baking. A satellite store is typically smaller than a production store, averaging 800 to 1,200 square feet. Although franchise stores may vary in size from other franchise stores, store layout is generally consistent.

MY FAVORITE MUFFIN®--MFM franchised stores daily bake 20 to 25 varieties of muffins from over 250 recipes, plus a variety of bagels. They also serve gourmet coffees, beverages and, at My Favorite Muffin and Bagel Cafe locations, a variety of bagel sandwiches and related products. The typical MFM store design is approximately 1,800 square feet, with seating capacity for 20 to 30 persons.

SWEETDUET FROZEN YOGURT AND GOURMET MUFFINS®-- SweetDuet franchised stores daily offer 15 different flavors of frozen yogurt and 15 to 20 toppings from which customers prepare their own yogurt creations. They also serve My Favorite Muffin® gourmet muffins, Brewster's® Coffee and a breakfast day part comprised of breakfast sandwiches, a fresh oatmeal and yogurt bar. The typical SweetDuet is approximately 1600 square feet, with seating capacity for 16 to 20 people. The SweetDuet concept will be included as part of the Systems franchise operating and financial information.

BREWSTER'S® COFFEE--Although the Company doesn't have, or actively market, Brewster's stand-alone franchises, Brewster's coffee products are sold in most of the franchised units.

FRANCHISING

The Company requires payment of an initial franchise fee per store, plus an ongoing 5% royalty on net sales. Additionally, BAB, MFM and SD franchisees are members of a marketing fund requiring an ongoing 3% contribution, consisting of 1% for general system-wide marketing, and 2% for the local advertising and marketing. The Company currently requires a franchise fee of \$25,000 on a franchisee's first full production BAB or MFM store and \$20,000 for a SweetDuet. The fee for subsequent production stores for BAB and MFM is \$20,000 and \$12,500 for SweetDuet.

The Company's current Franchise Disclosure Documents ("FDD") provide for, among other things, the opportunity for prospective franchisees to enter into a Preliminary Agreement for their first production store. This agreement enables a prospective franchisee a period of 60 days in which to locate a site. The fee for this Preliminary Agreement is \$10,000. If a site is not located and approved by the Company within the 60 days, the prospective franchisee will receive a refund of \$7,000. If a site is approved, the entire \$10,000 will be applied toward the initial franchise fee. See also last paragraph under "Government Regulation" section in this 10-K. The Company's Franchise Agreement provides a franchisee with the right to develop one store at a specific location. Each Franchise Agreement is for a term of 10 years with the right to renew. Franchisees are expected to be in operation no later than 10 months following the signing of the Franchise Agreement.

The Company currently advertises its franchising opportunities in directories, newspapers and the internet. In addition, prospective franchisees contact the Company as a result of patronizing an existing store.

COMPETITION

The quick service restaurant industry is intensely competitive with respect to product quality, concept, location, service and price. There are a number of national, regional and local chains operating both owned and franchised stores which compete with the Company on a national level or solely in a specific market or region. The Company believes that because the industry is extremely fragmented, there is a significant opportunity for expansion in the bagel, muffin, frozen yogurt and coffee concept chains.

The Company believes the primary direct competitors of its bagel units are Panera Bread Company, Bruegger's Bagel Bakery and Einstein Noah Restaurant Group, which operate Einstein Bros. Bagels. There are several other regional bagel chains with fewer than 50 stores, as well as numerous small, independently owned bagel bakeries and national fast food restaurants such as Dunkin' Donuts and McDonald's, all of which may compete with the Company. There is no major national competitor in the muffin business, but there are a number of regional and local operators. The Company believes the primary direct competitors for its yogurt concept are Red Mango, Yogurtland and TCBY.

There are several regional and a number of local individual operators. Additionally, the Company competes directly with a number of national, regional and local coffee competitors.

Other competition includes supermarket bakery sections and prepackaged, fresh and frozen bagels, muffins and yogurt. Certain of these competitors may have greater product and name recognition and larger financial, marketing and distribution capabilities than the Company. The Company believes the startup costs associated with opening a retail food establishment offering similar products on a stand-alone basis are competitive with the startup costs associated with opening its stores and, accordingly, such startup costs are not an impediment to entry into the retail bagel, muffin, frozen yogurt or coffee businesses.

The Company believes that its stores compete favorably in terms of food quality, and taste, convenience and customer service and value, which the Company believes are important factors to its targeted customers. Competition in the food service industry is often affected by changes in consumer tastes, national, regional and local economic and real estate conditions, demographic trends, traffic patterns, the cost and availability of labor, consumer purchasing power, availability of product and local competitive factors. The Company attempts to manage or adapt to these factors, but not all such factors are within the Company's control. Such factors could cause the Company and some or all of its franchisees to be adversely affected.

The Company competes for qualified franchisees with a wide variety of investment opportunities in the restaurant business, as well as other industries. Investment opportunities in the bagel bakery cafe business include franchises offered by Einstein Noah Restaurant Group, Panera Bread Company and opportunities in the frozen yogurt business, including Red Mango, Yogurtland and TCBY. The Company's continued success is dependent on its reputation for providing high quality and value with respect to its service, products and franchises. This reputation is affected by the performance of its franchise stores and licensed units that sell branded products over which the Company has limited control.

TRADEMARKS AND SERVICE MARKS

The trademarks, trade names and service marks used by the Company contain common descriptive English words and thus may be subject to challenge by users of these words, alone or in combination with other words, to describe other services or products. Some persons or entities may have prior rights to these names or marks in their respective localities. Accordingly, there is no assurance that such names and marks are available in all locations. Any challenge, if successful, in whole or in part, could restrict the Company's use of the names and marks in areas in which the challenger is found to have used the name or mark prior to the Company's use. Any such restriction could limit the expansion of the Company's use of the names or marks into that region, and the Company and its franchisees may be materially and adversely affected.

The trademarks and service marks "Big Apple Bagels®," "My Favorite Muffin®," "SweetDuet Frozen Yogurt and Gourmet Muffin®" and "Brewster's® Coffee" are registered under applicable federal trademark law. These marks are licensed by the Company to its franchisees pursuant to Franchise Agreements. In February 1999, the Company acquired the trademark of "Jacobs Bros. Bagels®" upon purchasing certain assets of Jacobs Bros. The "Jacobs Bros. Bagels®" mark is also registered under applicable federal trademark law.

The Company is aware of the use by other persons and entities in certain geographic areas of names and marks which are the same as, or similar to, the Company's names and marks. Some of these persons or entities may have prior rights to those names or marks in their respective localities; therefore, there is no assurance that the names and marks are available in all locations. It is the Company's policy to pursue registration of its names and marks whenever possible and to vigorously oppose any infringement of its names and marks.

GOVERNMENT REGULATION

The Company is subject to the Trade Regulation Rule of the Federal Trade Commission (the "FTC") entitled "Disclosure Requirements and Prohibitions Concerning Franchising and Business Opportunity Ventures" (the "FTC Franchise Rule") and state and local laws and regulations that govern the offer, sale and termination of franchises and

the refusal to renew franchises. Continued compliance with these broad federal, state and local regulatory networks is essential and costly. The failure to comply with such regulations may have a material adverse effect on the Company and its franchisees. Violations of franchising laws and/or state laws and regulations regulating substantive aspects of doing business in a particular state could limit the Company's ability to sell franchises or subject the Company and its affiliates to rescission offers, monetary damages, penalties, imprisonment and/or injunctive proceedings. In addition, under court decisions in certain states, absolute vicarious liability may be imposed upon franchisors based upon claims made against franchisees. Even if the Company is able to obtain insurance coverage for such claims, there can be no assurance that such insurance will be sufficient to cover potential claims against the Company.

The Company and its franchisees are required to comply with federal, state and local government regulations applicable to consumer food service businesses, including those relating to the preparation and sale of food, minimum wage requirements, overtime, working and safety conditions, citizenship requirements, as well as regulations relating to zoning, construction, health and business licensing. Each store is subject to regulation by federal agencies and to licensing and regulation by state and local health, sanitation, safety, fire and other departments. Difficulties or failures in obtaining the required licenses or approvals could delay or prevent the opening of a new Company-owned or franchise store, and failure to remain in compliance with applicable regulations could cause the temporary or permanent closing of an existing store. The Company believes that it is in material compliance with these provisions. Continued compliance with these federal, state and local laws and regulations is costly but essential, and failure to comply may have an adverse effect on the Company and its franchisees.

The Company's franchising operations are subject to regulation by the FTC under the Uniform Franchise Act which requires, among other things, that the Company prepare and periodically update a comprehensive disclosure document known as a FDD in connection with the sale and operation of its franchises. In addition, some states require a franchisor to register its franchise with the state before it may offer a franchise to a prospective franchisee. The Company believes its FDD, together with any applicable state versions or supplements, comply with both the FTC guidelines and all applicable state laws regulating franchising in those states in which it has offered franchises.

The Company is also subject to a number of state laws, as well as foreign laws (to the extent it offers franchises outside of the United States), that regulate substantive aspects of the franchisor-franchisee relationship, including, but not limited to, those concerning termination and non-renewal of a franchise.

EMPLOYEES

As of November 30, 2013, the Company employed 17 persons in the Corporate headquarters, consisting of 12 full time and 5 part-time employees. The employees are responsible for corporate management and oversight, franchising, accounting, advertising and Sign Shop operations. None of the Company's employees are subject to any collective bargaining agreements and management considers its relations with its employees to be good.

ITEM 1A. RISK FACTORS

Not required for smaller reporting companies.

ITEM 1B. UNRESOLVED STAFF COMMENTS

Not required for smaller reporting companies.

ITEM 2. PROPERTIES

The Company's principal executive office, consisting of approximately 7,150 square feet, is located in Deerfield, Illinois and is leased. The Company elected to extend the lease term under the first amendment to the original lease and it expires September 30, 2018. There is an option to extend the lease for an additional five years.

7

ITEM 3. LEGAL PROCEEDINGS

On July 8, 2013, a judgment was entered in the Circuit Court of Cook County in the amount of \$84,000 against BAB Operations, Inc (“Operations”), a wholly owned subsidiary of the Company, and in favor of a former landlord of Operations, Alecta Real Estate USA, LLC. Operations, the subsidiary which owned Company stores, had been a tenant operating a Big Apple Bagels store in Glenview, Illinois from 1999 to 2001 when it sold the store and assigned the lease to a franchisee. The store was sold and the lease was assigned three more times over the next 10 years. In 2011, the final owner of the store closed it and defaulted on the lease. Operations, which no longer own any Company stores, was sued for a continuing guaranty in connection with the original assignment of the lease in 2001. Operations contended that it bore no liability because of language in one of the subsequent assignments releasing it from any further liability.

On August 15, 2013, an additional judgment of \$70,030 was entered in the Circuit Court of Cook County for this same matter for plaintiff’s attorney’s fees bringing the total judgment to \$154,030. In September 2013 the Company filed an appeal. A bond was required and BAB, Inc. transferred \$231,000 to UBS Financial Services for a pledged account equal to 150% of the judgment.

The Company and its trial and appellate counsel believe that we will prevail on appeal and that it is only reasonably possible that the Court’s ruling will be upheld as it is contrary to applicable Illinois precedent. The Company believes there will be zero damages assessed based on prior favorable rulings in similar cases; accordingly, no amounts have been accrued for any potential losses in this matter.

STOCK OPTIONS

In May 2001, the Company's Board of Directors approved a Long-Term Incentive and Stock Option Plan (Plan), with an amendment in May 2003 to increase the Plan from the reserve of 1,100,000 shares to 1,400,000 shares of Common Stock for grant. A total of 1,400,000 stock options have been granted to directors, officers and employees. In 2013 and 2012, no options were granted. As of November 30, 2013, there were 1,031,627 stock options exercised or forfeited under the Plan. (See Note 6 of the audited consolidated financial statements included herein.)

CASH DISTRIBUTION AND DIVIDEND POLICY

The Board of Directors declared a \$0.01 quarterly and \$0.04 special cash distribution/dividend per share on December 3, 2012 to be paid December 27, 2012. The Board of Directors declared a cash distribution/dividend on March 14, May 17 and September 9, 2013 of \$0.01 per share, paid April 11, July 2, and October 4, 2013, respectively.

On December 2, 2013 a \$0.01 quarterly and a \$0.02 special cash distribution/dividend per share paid on January 3, 2014.

The Board of Directors declared a \$0.01 quarterly cash distribution/dividend per share on February 27, May 25 and September 6, 2012, paid April 9, July 6, and October 4, 2012, respectively. On November 28, 2011 a \$0.01 quarterly and \$0.02 special cash distribution/dividend per share was declared and paid January 4, 2012.

On May 6, 2013, the Board of Directors ("Board") of BAB, Inc. authorized and declared a dividend distribution of one right for each outstanding share of the common stock of BAB, Inc. to stockholders of record at the close of business on May 13, 2013. Each right entitles the registered holder to purchase from the Company one one-thousandth of a share of the Series A Participating Preferred Stock of the Company at an exercise price of \$0.90 per one-thousandth of a Preferred Share, subject to adjustment. The complete terms of the Rights are set forth in a Preferred Shares Rights Agreement, dated May 6, 2013, between the Company and IST Shareholder Services, as rights agent.

The Board adopted the Rights Agreement to protect stockholders from coercive or otherwise unfair takeover tactics. In general terms, it works by imposing a significant penalty upon any person or group that acquires 15% (or 20% in the case of certain institutional investors who report their holdings on Schedule 13G) or more of the Common Shares without the approval of the Board. As a result, the overall effect of the Rights Agreement and the issuance of the

Rights may be to render more difficult a merger, tender or exchange offer or other business combination involving the Company that is not approved by the Board. However, neither the Rights Agreement nor the Rights should interfere with any merger, tender or exchange offer or other business combination approved by the Board.

Full details about the Rights Plan are contained in a Form 8-K filed by the Company with the U.S. Securities and Exchange Commission on May 7, 2013.

ITEM 6. SELECTED FINANCIAL DATA

Not required for smaller reporting companies.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The selected financial data contained herein has been derived from the consolidated financial statements of the Company included elsewhere in this Report on Form 10-K. The data should be read in conjunction with the consolidated financial statements and notes thereto. Certain statements contained in Management's Discussion and Analysis of Financial Condition and Results of Operations, including statements regarding the development of the Company's business, the markets for the Company's products, anticipated capital expenditures, and the effects of completed and proposed acquisitions, and other statements and disclosures contained herein and throughout this Annual Report regarding matters that are not historical facts, are forward-looking statements (as such term is defined in the Private Securities Litigation Reform Act of 1995). In such cases, we may use words such as "believe," "intend," "expect," "anticipate" and the like. Because such statements include risks and uncertainties, actual results may differ materially from those expressed or implied by such forward-looking statements. Certain risks and uncertainties are wholly or partially outside the control of the Company and its management, including its ability to attract new franchisees; the continued success of current franchisees; the effects of competition on franchisee store results; consumer acceptance of the Company's products in new and existing markets; fluctuation in development and operating costs; brand awareness; availability and terms of capital; adverse publicity; acceptance of new product offerings; availability of locations and terms of sites for store development; food, labor and employee benefit costs; changes in government regulation (including increases in the minimum wage); regional economic and weather conditions; the hiring, training, and retention of skilled corporate and restaurant management; and the integration and assimilation of acquired concepts. Accordingly, readers are cautioned not to place undue reliance on these forward-looking statements, which reflect management's analysis only as of the date hereof. The Company undertakes no obligation to publicly release the results of any revision to these forward-looking statements which may be made to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.

GENERAL

The Company has 97 franchised and 5 licensed units at the end of 2013. Units in operation at the end of 2012 included 100 franchised and 6 licensed units. System-wide revenues were \$36.4 million 2013 and \$38.0 million in 2012.

The Company's revenues are derived primarily from the ongoing royalties paid to the Company by its franchisees and from receipt of initial franchise fees. Additionally, the Company derives revenue from the sale of licensed products (My Favorite Muffin mix, Big Apple Bagels cream cheese and Brewster's coffee), and through licensing agreements (Kohr Bros., Kaleidoscoops, Green Beans Coffee and Sodexo). Also included in licensing fees and other income is Operation's Sign Shop results. For franchise consistency and convenience, the Sign Shop provides the majority of signage to franchisees, including but not limited to, posters, menu panels, build charts, outside window stickers and counter signs.

Total revenues from all sources decreased \$225,000, or 8.4%, to \$2,450,000 in 2013 from \$2,675,000 in the prior year primarily due to a decrease in licensing fees and other income of \$109,000, royalty revenue of \$73,000 and franchise fee revenue of \$43,000 versus 2012.

Royalty revenue from franchise stores decreased \$73,000, or 3.9%, to \$1,786,000 in 2013 as compared to \$1,859,000 in 2012. Franchise fee revenue decreased \$43,000, or 41.7%, to \$60,000 in 2013 versus \$103,000 in 2012. During fiscal 2013 there was 1 store opening and 7 transfers compared to 4 store openings and 5 transfers in 2012. At November 30, 2013 the Company had 3 units under development compared to 1 unit under development at fiscal year end 2012. Licensing fees and other income decreased \$109,000, or 15.3%, to \$604,000 in 2013 as compared to \$713,000 in 2012. The decrease in licensing and other income was primarily due to one settlement in 2012 of \$171,000, offset by \$50,000 of settlement fees in 2013, a decrease in defaulted revenue of \$11,000 and audit adjustment revenue of \$7,000, offset by an increase of \$8,000 in nontraditional fees and \$24,000 in Sign Shop revenue in 2013 compared to 2012.

Total operating expenses in 2013 were \$2,065,000, or 84.3% of revenues, compared to \$2,236,000, or 83.6% of revenues in 2012. Total operating expenses decreased \$171,000, or 7.6%, in 2013 compared to 2012, primarily due to lower payroll expenses.

Corporate office payroll and payroll related expenses decreased \$174,000, or 12.1%, in 2013, to \$1,259,000, from \$1,433,000 in 2012. Wages, taxes and bonuses decreased \$129,000 primarily due to a decrease in executive salaries and bonuses in the last half of 2013 and an increase in the Marketing Fund allocation of \$44,000 for additional Marketing Fund personnel hired during fiscal 2013. Professional fees decreased \$15,000, or 8.9%, in 2013, to \$153,000, from \$168,000 in 2012 due to a legal reimbursement of \$18,000 for an arbitration won in 2013 for legal fees associated with an arbitration expensed in 2012. In addition there was a \$2,000 decrease in depreciation and amortization, or 10.5% to \$17,000 in 2013 from \$19,000 in 2012. Bad debt recoveries, increased \$2,000 to \$11,000 in 2013 from \$9,000 in 2012. Occupancy expenses increased \$10,000 in 2013, \$167,000 from \$157,000 in 2012 primarily due to higher rent expense in 2013, a \$11,000, or 22.4%, increase in Travel expense in 2013 to \$60,000 from \$49,000 in 2012, primarily due to increased store visits during 2013.

Interest income decreased \$2,000 in 2013 to \$1,000 versus \$3,000 in 2012, as a result of no outside investments of cash balances in 2013 and lower note receivable balances in 2013.

Interest expense decreased \$1,000 to \$6,000 in 2013 versus \$7,000 in 2012, as a result of a decrease in outstanding debt.

Income tax expense increased \$15,000 in 2013 to \$30,000 compared to \$15,000 in 2012 due to Illinois state income taxes, as net operating loss carryforwards were capped at \$100,000 for 2013 and none were allowed in 2012 to offset taxable income.

Net income totaled \$351,000, or 14.3%, of revenue in 2013 as compared to \$419,000, or 15.7%, of revenue in the prior year. Earnings per share for basic and diluted outstanding shares is \$.05 for 2013 and \$.06 for 2012.

LIQUIDITY AND CAPITAL RESOURCES

At November 30, 2013, the Company had working capital of \$741,000 and unrestricted cash of \$684,000. At November 30, 2012, the Company had working capital of \$992,000 and unrestricted cash of \$1,256,000.

During fiscal 2013, the Company had net income of \$351,000 and operating activities provided cash of \$46,000. The principal adjustments to reconcile net income to cash provided by operating activities were depreciation and amortization of \$17,000, less the provision for uncollectible accounts of \$11,000. In addition changes in other operating assets and liabilities decreased a total of \$311,000. During fiscal 2012, the Company had net income of \$419,000 and operating activities provided cash of \$495,000. The principal adjustments to reconcile net income to cash provided by operating activities were depreciation and amortization of \$19,000, loss on assets held for sale of \$6,000, less the provision for uncollectible accounts of \$9,000. In addition changes in other operating assets and liabilities totaled \$61,000.

During fiscal 2013, the Company used \$8,000 for investing activities, comprised of \$4,000 for purchases of equipment and \$4,000 for trademark renewal. During fiscal 2012, the Company used \$11,000 for investing activities, comprised of \$6,000 for purchases of equipment and \$5,000 for trademark renewals.

For financing activities in fiscal 2013, \$29,000 was used for repayment of debt and \$581,000 for cash distributions/dividend payments to common stockholders. For financing activities in fiscal 2012, \$28,000 was used for repayment of debt and \$436,000 for cash distributions/dividend payments to common stockholders.

Although there can be no assurances that the Company will be able to pay cash distributions/dividends in the future, it is the Company's intent that future cash distributions/dividends will be considered based on profitability expectations and financing needs and will be declared at the discretion of the Board of Directors. It is the Company's intent going forward to declare and pay cash distributions/dividends on a quarterly basis if warranted.

On December 2, 2013 the Board of Directors declared a \$0.01 quarterly and a \$0.03 special cash distribution/dividend which was paid on January 3, 2014, totaling \$218,000.

The Company believes execution of its cash distribution/dividend policy will not have any material adverse effects on its ability to fund current operations or future capital investments.

The Company has no financial covenants on its outstanding debt.

OFF BALANCE SHEET ARRANGEMENTS

The Company has no off balance sheet arrangements, other than the lease commitments disclosed in Note 7 of the audited consolidated financial statements included herein.

CRITICAL ACCOUNTING POLICIES

The Company's significant accounting policies are presented in the Notes to the Consolidated Financial Statements (see Note 2 of the audited consolidated financial statements included herein). While all of the significant accounting policies impact the Company's Consolidated Financial Statements, some of the policies may be viewed to be more critical. The more critical policies are those that are most important to the portrayal of the Company's financial condition and results of operations and that require management's most difficult, subjective and/or complex judgments and estimates. Management bases its judgments and estimates on historical experience and various other factors that are believed to be reasonable under the circumstances. The results of judgments and estimates form the basis for making judgments about the Company's value of assets and liabilities that are not readily apparent from other sources. Actual results could differ from those estimates under different assumptions or conditions. Management believes the following are its most critical accounting policies because they require more significant judgments and estimates in preparation of its consolidated financial statements.

Revenue Recognition

Royalty fees from franchised stores represent a 5% fee on net retail and wholesale sales of franchised units. Royalty revenues are recognized on an accrual basis using actual franchise receipts. Generally, franchisees report and remit royalties on a weekly basis. The majority of month-end receipts are recorded on an accrual basis based on actual numbers from reports received from franchisees shortly after the month-end. Estimates are utilized in certain instances where actual numbers have not been received and such estimates are based on the average of the last 10 weeks' actual reported sales.

The Company recognizes franchise fee revenue on the store's opening. Direct costs associated with the sale of franchises are deferred until the franchise fee revenue is recognized. These costs include site approval, construction approval, commissions, blueprints and training costs.

The Company earns a licensing fee from the sale of BAB branded and nonbranded products, which includes coffee, cream cheese, muffin mix and par baked bagels from a third-party commercial bakery to the franchised and licensed units.

Long-Lived Assets

Property and equipment are recorded at cost. Improvements and replacements are capitalized, while expenditures for maintenance and routine repairs that don't extend the life of the asset are charged to expense as incurred. Depreciation is calculated on the straight-line basis over the estimated useful lives of the assets. Property, equipment and leasehold improvements are stated at cost, less accumulated depreciation. Estimated useful lives for the purpose of depreciation and amortization are 3 to 7 years for property and equipment and 10 years, or the term of the lease if less, for leasehold improvements.

Following the guidelines contained in ASC 350, the corporation tests goodwill and intangible assets that are not subject to amortization for impairment annually or more frequently if events or circumstances indicate that impairment is possible. Goodwill and intangible assets were tested at the end of the first fiscal quarter in 2013 and 2012 and it was found that the carrying value of goodwill and intangible assets were not impaired.

The impairment test performed February 28, 2013 was based on a discounted cash flow model using management's business plan projected for expected cash flows. Based on the computation it was determined that no impairment was identified. An impairment test was also performed in 2012 and based on the computations using discounted cash flows, it was also determined that no impairment occurred.

Management does not believe that any impairment exists at November 30, 2013.

Concentrations of Credit Risk

Certain financial instruments potentially subject the Company to concentrations of credit risk. These financial instruments consist primarily of royalty and wholesale accounts receivables. The Company believes it has maintained adequate reserves for doubtful accounts. The Company reviews the collectibility of receivables periodically taking into account payment history and industry conditions.

Valuation Allowance and Deferred Taxes

A valuation allowance is the portion of a deferred tax asset for which it is more likely than not that a tax benefit will not be realized.

As of November 30, 2013, the Company has cumulative net operating loss carryforwards expiring between 2014 and 2029 for U.S. federal income tax purposes of approximately \$4,421,000. A valuation allowance has been established for \$1,107,000 at November 30, 2013 for the deferred tax benefit related to those loss carryforwards and other net deferred tax assets for which it is considered more likely than not that the benefit will not be realized. (See Note 3 of the audited consolidated financial statements included herein.)

Recent Accounting Pronouncements

Management does not believe that there are any other recently issued and effective, or not yet effective, pronouncements as of November 30, 2013 that would have, or are expected to have, any significant effect on the Company's consolidated financial position, cash flows or results of operations.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

In regard to interest, foreign currency and commodity price risk the Company does not believe that these are significant risk factors.

November 30, 2013 and 2012

Note 1 - Nature of Operations

BAB, Inc (“the Company”) has two wholly owned subsidiaries: BAB Systems, Inc. (“Systems”) and BAB Operations, Inc. (“Operations”). Systems was incorporated on December 2, 1992, and was primarily established to franchise Big Apple Bagels® (“BAB”) specialty bagel retail stores. My Favorite Muffin Too, Inc., a New Jersey corporation, was acquired on May 13, 1997 and is included as a part of Systems. Brewster’s Franchise Corporations (“Brewster’s”) was established on February 15, 1996. Brewster’s® coffee is sold in BAB and My Favorite Muffin® (“MFM”) locations as well as through license agreements. SweetDuet Frozen Yogurt & Gourmet Muffins® (“SD”) was established to franchise frozen yogurt and gourmet muffin retail stores. Operations was formed on August 30, 1995, primarily to operate Company-owned stores of which there are currently none. The assets of Jacobs Bros. Bagels (“Jacobs Bros.”) were acquired on February 1, 1999, and any branded wholesale business uses this trademark.

The Company was incorporated under the laws of the State of Delaware on July 12, 2000. The Company currently franchises and licenses bagel and muffin retail units and frozen yogurt retail units under the BAB, MFM and SD trade names. At November 30, 2013, the Company had 97 franchise units and 5 licensed units in operation in 25 states. The Company additionally derives income from the sale of its trademark bagels, muffins and coffee through nontraditional channels of distribution including under licensing agreements with Kohr Bros. Frozen Custard, Kaleidoscoops, Green Beans Coffee, Sodexo and through direct home delivery of specialty muffin gift baskets and coffee. Also, included in licensing fees and other income is Operations Sign Shop results. For franchise consistency and convenience, the Sign Shop provides the majority of signage to franchisees, including but not limited to, posters, menu panels, build charts, outside window stickers and counter signs.

Note 2 - Summary of Significant Accounting Policies

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries. All intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

BAB, Inc

Notes to the Consolidated Financial Statements

November 30, 2013 and 2012

Revenue Recognition

Royalty fees from franchised stores represent a 5% fee on net retail and wholesale sales of franchised units. Royalty revenues are recognized on an accrual basis using actual franchise receipts. Generally, franchisees report and remit royalties on a weekly basis. The majority of month-end receipts are recorded on an accrual basis based on actual numbers from reports received from franchisees shortly after the month-end. Estimates are utilized in certain instances where actual numbers have not been received and such estimates are based on the average of the last 10 weeks' actual reported sales.

The Company recognizes franchise fee revenue on the store's opening. Direct costs associated with the sale of franchises are deferred until the franchise fee revenue is recognized. These costs include site approval, construction approval, commissions, blueprints and training costs.

The Company earns a licensing fee from the sale of BAB branded products, which includes coffee, cream cheese, muffin mix and par baked bagels from a third-party commercial bakery to the franchised and licensed units.

Big Apple Bagels®, SweetDuet Frozen Yogurt and Gourmet Muffins® and My Favorite Muffin® open, licensed units and unopened stores for which a Franchise Agreement has been executed, are as follows:

	2013	2012
Operating Units		
Franchise Owned	97	100

Licensed Units	5	6
	102	106
Unopened stores with Franchise Agreements:		
Total operating units and units with Franchise Agreements	3	1
	105	107

License fees and other income primarily consist of license fees, Sign Shop revenues and defaulted and terminated franchise contract revenues. Revenue is recorded on an accrual basis. Actual amounts are used to record the majority of license fees although at times it is necessary to use estimates. Revenues and expenses recorded for the Sign Shop, as well as defaulted and terminated franchise contract revenue, are actual amounts.

Segments

Accounting standards have established annual reporting standards for an enterprise’s operating segments and related disclosures about its products, services, geographic areas and major customers. The Company’s operations were confined to a single reportable segment operating in the United States in fiscal 2013.

Marketing Fund

A Marketing Fund has been established for BAB, MFM and SD. Franchised stores are required to contribute a fixed percentage of their net retail sales to the Marketing Fund. Liabilities for unexpended funds received from franchisees are included as a separate line item in accrued expenses and Marketing Fund cash accounts are included in restricted funds in the accompanying Balance Sheet. The Marketing Fund also derives revenues from rebates paid by certain vendors on the sale of BAB and MFM licensed products to franchisees.

BAB, Inc

Notes to the Consolidated Financial Statements

November 30, 2013 and 2012

Note 2 - Summary of Significant Accounting Policies (Continued)

Cash

As of November 30, 2013 and 2012, the Marketing Fund cash balances, which are restricted, were \$350,000 and \$377,000, respectively.

In September 2013 BAB, Inc. opened an interest bearing account with UBS Financial Services in the amount of \$231,000. The account is included in restricted cash and is pledge for a bond. The account balance is 150% of the judgment against BAB Operations which is \$154,030. An appeal is being filed in Appellate court because BAB management and their attorney believe that the Circuit Court of Cook County's ruling in favor of the landlord will be reversed.

Effective January 1, 2013 the FDIC maximum insurance on all interest and noninterest bearing checking accounts is \$250,000 for each entity. From January 1, 2013 the Company exceeded FDIC limits on its operating and marketing accounts.

Accounts and Notes Receivable

Receivables are carried at original invoice amount less estimates for doubtful accounts. Management determines the allowance for doubtful accounts by reviewing and identifying troubled accounts and by using historical collection experience. A receivable is considered to be past due if any portion of the receivable balance is outstanding 90 days past the due date. Receivables are written off when deemed uncollectible. Recoveries of receivables previously written off are recorded as income when received. Certain receivables have been converted to unsecured interest-bearing notes.

Inventories

Inventories are valued at the lower of cost or market under the first-in, first-out (FIFO) method.

Property, Plant and Equipment

Property and equipment and leasehold improvements are stated at cost less accumulated depreciation and amortization. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets. Estimated useful lives are 3 to 7 years for property and equipment and 10 years, or term of lease if less, for leasehold improvements. Maintenance and repairs are charged to expense as incurred. Expenditures that materially extend the useful lives of assets are capitalized.

Goodwill and Other Intangible Assets

Accounting Standard Codification (“ASC”) 350 “Goodwill and Other Intangible Assets” requires that assets with indefinite lives no longer be amortized, but instead be subject to annual impairment tests. The Company follows this guidance.

BAB, Inc**Notes to the Consolidated Financial Statements****November 30, 2013 and 2012****Note 2 - Summary of Significant Accounting Policies (Continued)**Goodwill and Other Intangible Assets (Continued)

The Company tests goodwill that is not subject to amortization for impairment annually or more frequently if events or circumstances indicate that impairment is possible. Goodwill was tested at the end of the first quarter, February 28, 2013 and it was found that the carrying value of goodwill and intangible assets were not impaired.

The impairment test performed February 28, 2013 was based on a discounted cash flow model using management's business plan projected for expected cash flows. Based on the computation it was determined that no impairment was needed. An impairment test was performed at February 29, 2012 and based on the computation using discounted cash flows, it was also determined that no impairment occurred.

Advertising and Promotion Costs

The Company expenses advertising and promotion costs as incurred. Advertising and promotion expense was \$61,000 and \$60,000 in 2013 and 2012, respectively. All advertising and promotion costs were related to the Company's franchise operations.

Income Taxes

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. The benefits from net operating losses carried forward may be impaired or limited in certain circumstances. In addition, a valuation allowance can be provided for deferred tax assets when it is more likely than not that all or some portion of the deferred tax asset will not be realized.

The Company files a consolidated U.S. income tax return and tax returns in various state jurisdictions. Review of the Company's possible tax uncertainties as of November 30, 2013 did not result in any positions requiring disclosure. Should the Company need to record interest and/or penalties related to uncertain tax positions or other tax authority assessments, it would classify such expenses as part of the income tax provision. The Company has not changed any of its tax policies or adopted any new tax positions during the fiscal year ended November 30, 2013 and believes it has filed appropriate tax returns in all jurisdictions for which it has nexus.

The Company's income tax returns for the years ending November 30, 2010, 2011 and 2012 are subject to examination by the IRS and corresponding states, generally for three years after they are filed. (See Note 3.)

Earnings Per Share

The Company computes earnings per share (“EPS”) under ASC 260 “Earnings per Share.” Basic net earnings are divided by the weighted average number of common shares outstanding during the year to calculate basic net earnings per common share. Diluted net earnings per common share are calculated to give effect to the potential dilution that could occur if options or other contracts to issue common stock were exercised and resulted in the issuance of additional common shares.

Note 2 - Summary of Significant Accounting Policies (Continued)

Earnings Per Share (Continued)

At November 30, 2013 and 2012 there are 350,000 of unexercised options that are not included in the computation of dilutive EPS because their impact would be antidilutive due to the market price of the common stock being lower than the option prices. In addition, the weighted average shares do not include any effects for potential shares related to the Preferred Shares Rights Agreement.

Stock-Based Compensation

The Company recognizes compensation cost using a fair-value based method for all share-based payments granted after November 30, 2006, plus any awards granted to employees up through November 30, 2006 that remain unvested at that time. The Company had no recorded compensation expense arising from share-based payment arrangements for the Company's stock option plan in 2013 or 2012.

Fair Value of Financial Instruments

The carrying amounts of financial instruments including cash, accounts receivable, notes receivable, accounts payable and short-term debt approximate their fair values because of the relatively short maturity of these instruments. The carrying value of long-term debt, including the current portion, approximate fair value based upon market prices for the same or similar instruments.

Recent Accounting Pronouncements

Management does not believe that there are any recently issued and effective, or not yet effective, pronouncements as of November 30, 2013 that would have, or are expected to have, any significant effect on the Company's consolidated financial position, cash flows or results of operations.

On May 6, 2013 BAB Inc. adopted a Preferred Shares Rights Agreement (“Rights Plan”) and declared a dividend distribution of one right (equivalent to one one-thousandth of a preferred share), for each outstanding share of common stock. The Rights Plan is intended to protect BAB and its stockholders from efforts to obtain control of BAB that the Board of Directors determines are not in the best interest of BAB and its stockholders. BAB issued one Right for each current share of stock outstanding at the close of business on May 13, 2013. The rights will not be exercisable unless a person or group acquires 15% (20% institutional investors) or more of BAB’s common stock (“trigger event”). Should a trigger event occur, each right entitles the registered holder to purchase from the Company one one-thousandth of a share of the Series A Participating Preferred Stock of the Company at an exercise price of \$0.90 per one-thousandth of a Preferred Share, subject to adjustment. The Rights will expire in three years from the date of declaration.

BAB, Inc**Notes to the Consolidated Financial Statements****November 30, 2013 and 2012****Note 6 - Stock Options**

In May 2001, the Company approved a Long-Term Incentive and Stock Option Plan (“Plan”). The Plan reserved 1,400,000 shares of common stock for grant, all of which have been granted as of November 30, 2009. The Plan terminated on May 25, 2011. The Plan permitted granting of awards to employees and non-employee Directors and agents of the Company in the form of stock appreciation rights, stock awards and stock options. The Plan was administered by a Committee of the Board of Directors appointed by the Board. The Plan gave broad powers to the Board and Committee to administer and interpret the Plan, including the authority to select the individuals to be granted options and rights and to prescribe the particular form and conditions of each option or right granted.

Under the Plan, the exercise price of each option equals the market price of the Company’s stock on the date of grant. The options granted vary in vesting from immediate to a vesting period over five years. The options granted are exercisable within a 10 year period from the date of grant. All stock issued from the granted options must be held for one year from date of exercise. Options issued and outstanding expire on various dates through November 28, 2016. Note 9 – Contingencies

On July 8, 2013, a judgment was entered in the Circuit Court of Cook County in the amount of \$84,000 against BAB Operations, Inc (“Operations”), a wholly owned subsidiary of the Company, and in favor of a former landlord of Operations, Alecta Real Estate USA, LLC. Operations, the subsidiary which owned Company stores, had been a tenant operating a Big Apple Bagels store in Glenview, Illinois from 1999 to 2001 when it sold the store and assigned the lease to a franchisee. The store was sold and the lease was assigned three more times over the next 10 years. In 2011, the final owner of the store closed it and defaulted on the lease. Operations, which no longer own any Company stores, was sued for a continuing guaranty in connection with the original assignment of the lease in 2001. Operations contended that it bore no liability because of language in one of the subsequent assignments releasing it from any further liability.

On August 15, 2013, an additional judgment of \$70,030 was entered in the Circuit Court of Cook County for this same matter for plaintiff’s attorney’s fees bringing the total judgment to \$154,030. In September 2013 the Company filed an appeal. A bond was required and BAB, Inc. transferred \$231,000 to UBS Financial Services for a pledged account equal to 150% of the judgment.

The Company and its trial and appellate counsel believe that we will prevail on appeal and that it is only reasonably possible that the Court’s ruling will be upheld as it is contrary to applicable Illinois precedent. The Company believes there will be zero damages assessed based on prior favorable rulings in similar cases; accordingly, no amounts have been accrued for any potential losses in this matter.

Item 9. changes in and disagreements with accountants on accounting and financial disclosure

Indemnification of Directors and Officers

The Company's Certificate of Incorporation limits personal liability for breach of fiduciary duty by its directors to the fullest extent permitted by the Delaware General Corporation Law (the "Delaware Law"). Such Certificate eliminates the personal liability of directors to the Company and its shareholders for damages occasioned by breach of fiduciary duty, except for liability based on breach of the director's duty of loyalty to the Company, liability for acts or omissions not made in good faith, liability for acts or omissions involving intentional misconduct, liability based on payments or improper dividends, liability based on violation of state securities laws, and liability for acts occurring prior to the date such provision was added. Any amendment to or repeal of such provisions in the Company's Certificate of Incorporation shall not adversely affect any right or protection of a director of the Company for with respect to any acts or omissions of such director occurring prior to such amendment or repeal.

In addition to the Delaware Law, the Company's Bylaws provide that officers and directors of the Company have the right to indemnification from the Company for liability arising out of certain actions to the fullest extent permissible by law. Insofar as indemnification for liabilities arising under the Securities Act of 1933 (the "Act") may be permitted to directors, officers or persons controlling the Company pursuant to such indemnification provisions, the Company

has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is therefore unenforceable.
