PROSPECTUS SUPPLEMENT SUMMARY

This summary highlights the information contained elsewhere in or incorporated by reference into this prospectus supplement. Because this is only a summary, it does not contain all of the information that you should consider before investing in our common stock. You should carefully read this entire prospectus supplement and the accompanying prospectus, including the information contained under the heading “Risk Factors” in this prospectus supplement beginning on page S-6, and all other information included or incorporated by reference into this prospectus supplement and accompany prospectus, and the information included in any free writing prospectus we have authorized for use in connection with this offering, in their entirety before you invest in our securities.

Unless otherwise indicated or the context requires otherwise, references: (a) to “the Company,” “Buzztime,” “NTN,” “we,” “us” and “our” refer to NTN Buzztime, Inc. and its consolidated subsidiaries; (b) to “network subscribers” or “customers” refer to hospitality venues that subscribe to our network service; (c) to “consumers” or “players” refer to the individuals that engage in our games, events, and entertainment experiences available at our customers’ venues and (d) to “hospitality locations,” “venues” or “sites” refer to locations (such as a bar or restaurant) of our customers at which our games, events, and entertainment experiences are available to consumers.

Business Overview

We deliver interactive entertainment and innovative dining technology to bars and restaurants in North America. Our customers license our customizable solution to differentiate themselves via competitive fun by offering guests trivia, card, sports and single player games, nationwide competitions, and by offering self-service dining features including dynamic menus, touchscreen ordering and secure payment. Our platform can improve operating efficiencies, create connections among the players and venues and amplify guests’ positive experiences. Built on an extended network platform, our interactive entertainment system has historically allowed multiple players to interact at the venue, and now also enables competition between venues, referred to as massively multiplayer gaming. Our current tablet platform, which we refer to as Buzztime Entertainment On Demand, or BEOND, was first introduced as a pilot program in December 2012, was expanded commercially during 2013, and the expansion was scaled during 2014. We continue to enhance our network architecture and the BEOND tablet platform and player engagement paradigms. We also continue to support our legacy network product line, which we refer to as Classic.

We currently generate revenue by charging subscription fees for our service to our network subscribers, by leasing equipment (including tablets used in our BEOND tablet platform and the cases and charging trays for the tablets) to certain network subscribers, by hosting live trivia events, and by selling advertising aired on in-venue screens and as part of customized games. In 2014, we began offering pay-to-play single player games to certain customers. During the second quarter of 2015, we made a strategic change in our premium content model by making single player games available on both a free-to-consumer (in exchange for an increased subscription fee) and pay-to-play basis. This change required us to delay the general availability of pay-to-play games as we retooled its content, workflow and

positioning. As a result, during 2015, we generated additional subscription fee revenue from those venues offering free-to-consumer single player games. We began rolling out the new pay-to-play single player games during the second quarter of 2016.

Over 136 million games were played on our network during 2016, and as of December 31, 2016, approximately 54% of our network subscriber venues are affiliated with national and regional restaurant brands, including Buffalo Wild Wings, Buffalo Wings & Rings, Old Chicago, Native Grill & Wings, Houlihans, Beef O'Brady's, Boston Pizza, and Arooga's.

Recent Developments

Amendments to East West Bank Credit Facility

In April 2015, we entered into a loan and security agreement with East West Bank, pursuant to which, we could request advances in an aggregate outstanding amount at any time up to the lesser of \$7,500,000, which we refer to as the revolving line, or an amount equal to our borrowing base, in each case, less the aggregate outstanding principal amount of prior advances. In March 2016, we entered into a first amendment to the loan and security agreement to allow us the ability to request advances in an aggregate outstanding amount at any time up to the lesser of (a) \$7,500,000, which we refer to as the revolving line, or (b) the sum of \$2,000,000 (which we refer to as the "sublimit") plus the amount equal to our borrowing base, in each case, less the aggregate outstanding principal amount of prior advances. The first amendment also amended certain financial covenants. In December 2016, we entered into a second amendment to the loan and security agreement to extend the due date of all advances under the revolving line from December 31, 2017 to January 15, 2018. In February 2017, we entered into a third amendment to the loan and security agreement to extend the maturity date of the \$2,000,000 sublimit from March 31, 2017 to June 15, 2017, to establish the minimum adjusted earnings before interest, taxes, depreciation and amortization, or adjusted EBITDA, targets for each of our 2017 fiscal quarters, to remove the monthly compliance check of churn rate targets and to amend when compliance with minimum deposit amounts is measured.

Registered Direct Offering

As previously reported, in a registered direct offering that closed on November 4, 2016, we sold 412,071 shares of our common stock and received net proceeds of approximately \$2.7 million, after deducting estimated offering expenses. We are using and will continue to use the net proceeds of the offering for general corporate purposes, which may include working capital, general and administrative expenses, capital expenditures and implementation of our strategic priorities.

Reverse/forward split of our common stock

At our 2016 annual meeting of stockholders, our stockholders approved an amendment to our restated certificate of incorporation to give effect to, first, a reverse split of our outstanding common stock at an exchange ratio of 1-for-100 and, then, immediately following such reverse split, a forward split of our outstanding common stock at a ratio that is not less than 2-for-1 nor greater than 4-for-1, with the final ratio to be selected by our board of directors in its sole discretion. Our board of directors set the final ratio of the forward split at 2-for-1. We refer to the reverse split and to the forward split, together, as the “reverse/forward split.”

The effective date of the reverse/forward split was June 16, 2016. As of immediately prior to the reverse/forward split, we had 92,439,174 of common stock outstanding, and subsequent to the reverse/forward split, we had 1,848,597 shares of common stock outstanding. Approximately \$3,000 was paid to cashed-out stockholders who owned less than 100 shares immediately prior to the reverse split.

Notice of non-compliance with NYSE MKT continued listing standard

As previously reported, in November 2015, we received a letter from the NYSE Regulation Inc. stating that we are not in compliance with Section 1003(a)(iii) of the NYSE MKT Company Guide because we reported stockholders’ equity of less than \$6 million as of September 30, 2015 and had net losses in five of our most recent fiscal years ended December 31, 2014. In December 2015, we submitted a plan to NYSE Regulation advising of actions we have taken or will take to regain compliance with Section 1003(a)(iii) by May 13, 2017. In January 2016, NYSE Regulation notified us that it has accepted our plan and granted us a plan period that extends through May 13, 2017 to regain compliance with Section 1003(a)(iii).

In April 2016, as previously reported, we received a second letter from NYSE Regulation stating that we are not in compliance with Section 1003(a)(ii) of the Company Guide because we reported stockholders’ equity of less than \$4 million as of December 31, 2015 and had net losses in three of our four most recent fiscal years ended December 31, 2015. As a result, we continue to be subject to the procedures and requirements of Section 1009 of the Company Guide. Because this instance of noncompliance is in addition to our noncompliance with Section 1003(a)(iii) of the Company Guide discussed above, we were not required to submit a new compliance plan.

Under Section 1003(a)(i) of the Company Guide, the NYSE MKT will normally consider suspending dealings in, or removing from the list, securities of an issuer which has stockholders’ equity of less than \$2 million if such issuer has sustained losses from continuing operations and/or net losses in two of its three most recent fiscal years. We had net losses in two of our three most recent fiscal years ended December 31, 2015. Our stockholders’ equity at September 30, 2016 was \$1.8 million, and accordingly, we were below compliance with Section 1003(a)(i), as well. However, in

our November 2016 offering we raised approximately \$2.7 million, and our stockholders' equity at December 31, 2016 was approximately \$4.1 million.

The listing of our common stock on the NYSE MKT is being continued during the plan period pursuant to an extension. The NYSE Regulation staff reviews us periodically for compliance with initiatives outlined in our plan. If we are not in compliance with the listing requirements with which we are currently not in compliance by May 13, 2017 or if we do not make progress consistent with our plan during the plan period, NYSE Regulation staff will initiate delisting proceedings as appropriate. We have continued to make progress consistent with our plan during the plan period. Raising capital in this offering is consistent with the initiatives outlined in our plan to regain compliance, however, the amount raised in this offering will not increase our stockholders' equity to the amount required to regain compliance with all of the listing requirements in Section 1003(a). We are continuing to explore options to address our non-compliance, including by raising additional capital through additional equity financings.

Our Strategy

Below is a discussion of our strategy and highlights of current accomplishments and milestones achieved during 2016 and year to date in 2017:

Scale digital menu and payment functionality. We are heavily focused on delivering digital menu and payment functionality on the tablet platform, which we believe will improve the operational and marketing value of our product offering. This expanded functionality will help us deliver an enhanced guest experience. After ensuring our tablet met the Payment Card Industry, or PCI, compliance standards applicable to our platform, we launched a digital menu and payment functionality pilot test at Buffalo Wild Wings at 15 sites, which was completed in October 2016. Subsequent to the pilot test, we received certification on our EMV functionality, which enables additional payment security and fraud protection for our restaurant partners. In March 2017, we announced that Buffalo Wild Wings chose us to be its provider of digital menu, order, and payment functionality. Rolling out this functionality will be a key focus for us in 2017.

Improve value and price for our "independent" customers. During 2016, we continued to focus on, and we are continuing to focus on, entertainment, which is a key source of value to our independent customers. We entered into several partnerships during the year, which centered on driving guest traffic at our customer's venues, increasing the guest community and improving loyalty. Such partnerships included the Washington Redskins, FanDuel, and Fandango.

With respect to price, we continued to make progress on our hardware design and quality in order to reduce expense and to give us the ability to offer flexibility in our pricing for quality independent customers. During the fourth quarter of 2016, we began deploying our own proprietary tablet. Building our own tablet gives us control over the product specifications and allows us to gain control over the supply chain, which should help ensure stability, all of which has resulted in reduced hardware expenses and allowed us to offer multiple pricing options for our independent customers. Our proprietary tablet also gives us more flexibility to expand our product offering and enter adjacent markets. During the fourth quarter of 2016, Harbor Retirement Associates, LLC, which manages the HarborChase senior care communities, agreed to install our BEOND platform offering in all of its new communities. During 2017, we will continue working on hardware design and costs and enhancing our product offering on our new tablet platform, such as expanding the capabilities of our digital signage package and continuing to explore new adjacent markets.

Refine our commercial execution. We are focused on increasing our site count of both independent customers and chain customers. Receiving a reference from a national chain account, such as Buffalo Wild Wings, is critical to our chain efforts, and our ability to demonstrate Buffalo Wild Wings as a strategic user of the menu, order and pay functionality is critical to receiving that reference. For our independent customers, we continue to model and test our go-to-market efforts by improving our sales processes, technology and people. During 2016, we have made progress on ramping up our outbound sales team. We continue to make improvements in our demand generation programs and expect to see results from these programs in 2017. Additionally, we continue to work with our distribution partner Heartland Digital Dining. Through a dealer network, Digital Dining offers its own integrated restaurant management system as well as third-party offerings, such as our BEOND platform, to hospitality venues. During 2016, we became the only tableside menu, order, pay and entertainment platform that Digital Dining's dealer network could offer to hospitality venues. During the fourth quarter of 2016, we sold our BEOND platform to a few hospitality venues through this channel.

Monetize the network. We intend to grow the consumer audience by engaging them more with improved entertainment experiences and providing premium content that we can monetize through direct payment. In addition to the free-to-consumer games we provide to certain customers, we launched a pay-to-play premium games lobby during the second quarter of 2016 and are in approximately 500 sites as of March 7, 2017. We expect to continue rolling out the games lobby at additional sites throughout 2017, which we expect to result in accretive revenue from the consumers who play on a pay-to-play basis.

Additionally, we continued to leverage our network with on-tablet local and national advertising campaigns. Most recently, we completed a four-month Anheuser-Busch program called Let's Go. This program was built around the NFL season, and our BEOND tablet platform was used to provide a companion to the NFL season with scores and stats available for a consumer's favorite team. Let's Go also added an interactive bobble head feature, where consumers could build and customize their own bobble head, complete with NFL licensed jerseys and gear. We believe this program demonstrated the power of brands connecting with target consumers and delivering great experiences for the consumers within the restaurant venues.

Risk Factors

An investment in our common stock is subject to a number of risks and uncertainties. Before investing in our common stock, you should carefully consider the following, as well as the more detailed discussion of risk factors and other information included in this prospectus supplement.

Our success depends on our ability to compete effectively within the highly competitive interactive games, entertainment and marketing services industries.

New products and technological change, especially in the mobile and wireless markets, may impact our operations and competitiveness.

We receive a significant portion of our revenues from a single customer—Buffalo Wild Wings and its franchisees—and any decrease in the amount of their business could materially and adversely affect our cash flow and revenue.

Our cash flow may not cover our capital needs and we may need to raise additional funds in the future. Such funds may not be available on favorable terms or at all and, if available, may dilute current stockholders. We have borrowed substantially all amounts available to us under existing credit facilities and, subject to limited exceptions, our loan and security agreement with East West Bank prohibits us from borrowing additional amounts from other lenders.

Our ability to maintain an adequate supply of the tablet and related equipment used in our BEOND product line may affect our business and operating results.

Our growth depends in part on our ability to significantly grow our subscription revenue and implement our other business strategies.

Our common stock could be delisted or suspended from trading on the NYSE MKT if we do not regain compliance with continued listing criteria with which we are currently not compliant or if we fail to meet any other continued listing criteria.

The market price of our common stock historically has been and likely will continue to be highly volatile and our common stock is thinly traded.

RISK FACTORS

An investment in our common stock involves a high degree of risk. In addition to the other information in this prospectus supplement, the accompanying prospectus, the information and documents incorporated by reference herein and therein, and in any free writing prospectus that we have authorized for use in connection with this offering, you should carefully consider the risks described below and in the “Risk Factors” section of our Annual Report on Form 10-K for the year ended December 31, 2016, which is incorporated by reference herein, before making an investment decision with respect to our common stock. We expect to update these Risk Factors from time to time in the periodic and current reports that we file with the SEC after the date of this prospectus supplement. These updated Risk Factors will be incorporated by reference in this prospectus supplement and the accompanying prospectus. Please refer to these subsequent reports for additional information relating to the risks associated with investing in our common stock. If any of these risks actually occurs, our business, financial condition, results of operations or cash flow could be seriously harmed. This could cause the trading price of our common stock to decline, resulting in a loss of all or part of your investment. The risks and uncertainties described below and incorporated by reference herein are not the only ones facing us. Additional risks and uncertainties not presently known to us, or that we currently see as immaterial, may also harm our business.

Risks Related to This Offering

We will have broad discretion as to the use of the net proceeds from this offering, and we may not use the proceeds effectively.

Our management will have broad discretion in the application of the net proceeds from this offering and could spend the proceeds in ways that do not improve our results of operations or enhance the value of our common stock. Our failure to apply these funds effectively could have a material adverse effect on our business, delay or hinder our growth and cause the price of our common stock to decline.

You will experience immediate and substantial dilution in the net tangible book value per share of the common stock you purchase.

The public offering price of the securities offered hereby is likely to be substantially higher than the book value per share of our common stock. Investors purchasing securities in this offering may, therefore, incur immediate dilution in net tangible book value per share of the common stock issued in this offering. See “Dilution” below for a more detailed discussion of the dilution you will incur if you purchase common stock in this offering.

If securities and/or industry analysts fail to continue publishing research about our business, if they change their recommendations adversely or if our results of operations do not meet their expectations, our stock price and trading volume could decline.

The trading market for our common stock will be influenced by the research and reports that industry or securities analysts publish about us or our business. If one or more of these analysts cease coverage of our company or fail to publish reports on us regularly, we could lose visibility in the financial markets, which in turn could cause our stock price or trading volume to decline. In addition, it is likely that in some future period our operating results will be below the expectations of securities analysts or investors. If one or more of the analysts who cover us downgrade our stock, or if our results of operations do not meet their expectations, our stock price could decline.

Our stockholders may be diluted by the exercise of outstanding warrants or options to purchase common stock, the settlement of outstanding restricted stock units and the payment of dividends on the outstanding shares of our preferred stock.

As of December 31, 2016, there were outstanding warrants to purchase an aggregate of 132,000 shares of common stock at exercise prices ranging from \$20.00 to \$75.00 per share (with a weighted average exercise price of \$33.64 per share) and approximately 167,000 shares of common stock reserved for issuance upon the exercise of outstanding stock options at exercise prices ranging from \$6.50 to \$35.00 per share (with a weighted average exercise price of \$17.78 per share). We have also historically paid the dividends that accrue with respect to our Series A Convertible Preferred Stock primarily in shares of our common stock. You may incur dilution upon the issuance of shares upon exercise of outstanding warrants and options and upon the payment of the dividends with respect to our Series A Convertible Preferred Stock.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus supplement and the accompanying prospectus and the documents incorporated herein and therein by reference contain, or will contain, “forward-looking statements” within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act – that is statements related to future events, results, performance, prospects and opportunities, including statements related to our strategic plans and targets, revenue generation, product availability and offerings, capital needs, capital expenditures, industry trends and our financial position. Forward-looking statements are based on information currently available to us, on our current expectations, estimates, forecasts, and projections about the industries in which we operate and on the beliefs and assumptions of management. Forward looking statements often contain words such as “expects,” “anticipates,” “could,” “targets,” “projects,” “intends,” “plans,” “believes,” “seeks,” “estimates,” “may,” “will,” “would,” and similar expressions. In addition, any statements that refer to projections of our future financial performance, our anticipated growth and trends in our business, and other characterizations of future events or circumstances, are forward-looking statements. Forward-looking statements by their nature address matters that are, to different degrees, subject to risks and uncertainties that could cause actual results to differ materially and adversely from those expressed in any forward-looking statements. For us, particular factors that might cause or contribute to such differences include (1) our ability to compete effectively within the highly competitive interactive games, entertainment and marketing services industries, (2) the impact of new products and technological change, especially in the mobile and wireless markets, on our operations and competitiveness, (3) our ability to maintain or improve our relationship with Buffalo Wild Wings, who together with its franchisees accounted for a significant portion of our revenues, (4) our ability to maintain an adequate supply of the tablet and related equipment used in our BEOND product line, (5) our ability to adequately protect our proprietary rights and intellectual property, (6) our ability to raise additional funds in the future on favorable terms; we have borrowed substantially all amounts available to us under existing credit facilities and, subject to limited exceptions, our loan and security agreement with East West Bank prohibits us from borrowing additional amounts from other lenders, (7) our ability to significantly grow our subscription revenue and implement our other business strategies, (8) our ability to successfully and efficiently manage the design, manufacturing and assembly process of our BEOND tablet platform and (9) the other risks and uncertainties described in Part I, Item 1A “Risk Factors” of our Annual Report on Form 10-K for the fiscal year ended December 31, 2016, and described in other documents we file from time to time with the Securities and Exchange Commission (SEC), including our Quarterly Reports on Form 10-Q. Readers are urged not to place undue reliance on the forward-looking statements contained in this report or incorporated by reference herein, which speak only as of the date of this report. Except as required by law, we do not undertake any obligation to revise or update any such forward-looking statement to reflect future events or circumstances.

USE OF PROCEEDS

We estimate that the net proceeds to us from the sale of the securities offered under this prospectus supplement, after deducting our estimated offering expenses, will be approximately \$1,546,000.

We intend to use the net proceeds from this offering for general corporate purposes, which may include working capital, general and administrative expenses, capital expenditures and implementation of our strategic priorities. We

may also use a portion of the net proceeds to acquire or invest in businesses, products and technologies that are complementary to our current business, although we have no present commitments or agreements for any such transactions. Pending the application of the net proceeds, we may invest the proceeds in short-term, interest bearing, investment-grade marketable securities or money market obligations.

As of the date of this prospectus supplement, we cannot specify with certainty all of the particular uses of the proceeds from this offering. Accordingly, we will retain broad discretion over the use of such proceeds.

DIVIDEND POLICY

We have never declared or paid any dividends on our common stock and do not anticipate paying any in the foreseeable future. We currently intend to retain all of our future earnings, if any, to finance the operation and growth of our business. Any future determination relating to our dividend policy will be made at the discretion of our board of directors and will depend on a number of factors, including future earnings, capital requirements, financial conditions, future prospects, contractual restrictions and covenants and other factors that our board of directors may deem relevant. In addition, pursuant to the terms of our loan and security agreement with East West Bank, as amended, we may not pay or declare any cash dividends so long as any credit under that loan and security agreement is available and until all outstanding obligations thereunder are paid in full or for so long as East West Bank may have any commitment to make any credit extension thereunder.

DILUTION

If you purchase shares of our common stock in this offering, your interest will be diluted to the extent of the difference between the offering price per share and the net tangible book value per share of our common stock after this offering. Our net tangible book value as of December 31, 2016 was approximately \$2.1 million, or \$0.94 per share. Net tangible book value per share is determined by dividing our total tangible assets, less total liabilities, by the number of shares of our common stock outstanding as of December 31, 2016. Dilution in net tangible book value per share represents the difference between the amount per share paid by purchasers of shares of common stock in this offering and the net tangible book value per share of our common stock immediately after this offering.

After giving effect to the sale in this offering of 200,000 shares of common stock at the purchase price of \$7.85 per share, less the estimated offering expenses we expect to pay, our pro forma net tangible book value (unaudited) as of December 31, 2016, would have been approximately \$3.7 million, or approximately \$1.49 per share. This represents an immediate increase of approximately \$0.55 in net tangible book value per share to our existing stockholders and an immediate dilution of approximately \$6.36 per share to investors in this offering. The following table illustrates this per share dilution.

Public offering price per share	\$7.85
Net tangible book value per share as of December 31, 2016	\$0.94
Increase in net tangible book value per share attributable to this offering	\$0.55
Pro forma net tangible book value per share as of December 31, 2016, after giving effect to this offering	\$1.49
Dilution in net tangible book value per share to investors in this offering	\$6.36

The above is based on 2,260,668 shares of our common stock outstanding as of December 31, 2016 (as adjusted for 200,000 shares of common stock to be issued in this offering), and excludes, as of that date:

165,087 shares of common stock issuable upon the exercise of outstanding stock options, having a weighted average exercise price of \$17.78 per share;

132,000 shares of our common stock issuable upon the exercise of outstanding warrants with a weighted-average exercise price of \$33.64 per share;

11,058 shares of our common stock issuable upon conversion of the outstanding shares of our Series A Convertible Preferred Stock as of that date, assuming such shares were converted at the conversion price in effect as of that date, and

129,166 shares of our common stock available for future grants under our equity award plans.

To the extent that any options or warrants are exercised, new options or other equity awards are issued under our equity incentive plans, or we otherwise issue additional shares of common stock in the future, there will be further dilution to new investors.

PLAN OF DISTRIBUTION

We are offering up to 200,000 shares of our common stock at an offering price of \$7.85 per share, which was the closing price of our common stock on March 24, 2017. The shares of common stock offered hereby are being sold directly to the Purchasers and not through a placement agent, underwriter or securities broker or dealer, and we are

therefore not paying any underwriting discounts, commissions, concessions or similar compensation for the sale and distribution of the common stock being offered hereby. We entered into a subscription agreement directly with the Purchasers in connection with this offering. The per share offering price was the closing price of our common stock immediately before entering into that subscription agreement. We may distribute this prospectus supplement and the accompanying prospectus electronically.

A copy of the form of subscription agreement between us and the Purchasers will be included as an exhibit to a Current Report on Form 8-K that will be filed with the SEC in connection with this offering and which is incorporated by reference into the registration statement of which this prospectus supplement forms a part. For the complete terms of the subscription agreement, you should refer to that copy of the subscription agreement.

We currently anticipate that closing of the sale of all shares of common stock offered hereby will take place on or about March 31, 2017. The total proceeds to us, before expenses, will be approximately \$1.6 million, assuming that all of the shares offered hereby are purchased by the Purchasers. However, there is no minimum offering amount required as a condition to closing in this offering, and therefore the actual total offering proceeds to us, before expenses, may be substantially less. On the closing date, we will issue the shares of common stock to the Purchasers and we will receive funds in the amount of the aggregate purchase price of the common stock being sold hereby. The estimated offering expenses payable by us for this offering are approximately \$24,000, which include our legal and accounting fees, printing expenses, transfer agent fees and miscellaneous fees.

Our obligation to issue and sell shares to the Purchasers, and the Purchasers' obligation to purchase the shares is subject to customary conditions, including (x) our receipt of approval from the NYSE MKT for listing of the shares; (y) no objection shall have been raised by the NYSE MKT with respect to the consummation of the purchase and sale of the shares in the absence of approval by our stockholders of such transaction; and (z) no stop order suspending the effectiveness of the registration statement of which this prospectus supplement is a part or any part thereof, or preventing or suspending the use of the prospectus (as defined below) or any part thereof, shall have been issued and no proceedings for that purpose or pursuant to Section 8A under the Securities Act of 1933, as amended, shall have been initiated or threatened by the SEC.

Our common stock is traded on the NYSE MKT under the symbol "NTN." The transfer agent for our common stock is American Stock Transfer & Trust Company.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission, or the SEC, under the Securities Act of 1933, as amended, or the Securities Act, using a “shelf” registration process. Under this shelf registration process, we may from time to time sell common stock, preferred stock, debt securities or warrants to purchase common stock, preferred stock or debt securities, or any combination of the foregoing, either individually or as units comprised of one or more of the other securities, in one or more offerings up to a total dollar amount of \$25,000,000. We have provided to you in this prospectus a general description of the securities we may offer. Each time we sell securities under this shelf registration, we will, to the extent required by law, provide a prospectus supplement that will contain specific information about the terms of that offering. We may also authorize one or more free writing prospectuses to be provided to you that may contain material information relating to these offerings. The prospectus supplement and any applicable free writing prospectus that we may authorize to be provided to you may also add, update or change information contained in this prospectus or in any documents that we have incorporated by reference into this prospectus. To the extent there is a conflict between the information contained in this prospectus and the prospectus supplement or any applicable free writing prospectus, you should rely on the information in the prospectus supplement or the applicable free writing prospectus; provided that if any statement in one of these documents is inconsistent with a statement in another document having a later date — for example, a document filed after the date of this prospectus and incorporated by reference into this prospectus or any prospectus supplement or any applicable free writing prospectus — the statement in the document having the later date modifies or supersedes the earlier statement.

We have not authorized any dealer, agent or other person to give any information or to make any representation other than those contained or incorporated by reference in this prospectus and any accompanying prospectus supplement, or any applicable free writing prospectus that we may authorize to be provided to you. You must not rely upon any information or representation not contained or incorporated by reference in this prospectus or an accompanying prospectus supplement. This prospectus and the accompanying prospectus supplement, if any, do not constitute an offer to sell or the solicitation of an offer to buy any securities other than the registered securities to which they relate, nor do this prospectus and the accompanying prospectus supplement constitute an offer to sell or the solicitation of an offer to buy securities in any jurisdiction to any person to whom it is unlawful to make such offer or solicitation in such jurisdiction. You should not assume that the information contained in this prospectus, any applicable prospectus supplement or any applicable free writing prospectus is accurate on any date subsequent to the date set forth on the front of the document or that any information we have incorporated by reference is correct on any date subsequent to the date of the document incorporated by reference (as our business, financial condition, results of operations and prospects may have changed since that date), even though this prospectus, any applicable prospectus supplement or any applicable free writing prospectus is delivered or securities are sold on a later date.

As permitted by SEC rules, the registration statement of which this prospectus forms a part includes additional information not contained in this prospectus. You may read that registration statement and the other reports we file with the SEC at its web site or at its offices described below under “Where You Can Find Additional Information.”

Company Overview

We deliver interactive entertainment and innovative dining technology to bars and restaurants in North America. Customers license our customizable solution to differentiate themselves via competitive fun by offering guests trivia, card, sports and arcade games, nationwide competitions, and by offering self-service dining features including dynamic menus, touchscreen ordering and secure payment. Our platform can improve operating efficiencies, create connections among the players and venues and amplify guests’ positive experiences. Built on an extended network platform, our interactive entertainment system has historically allowed multiple players to interact at the venue, and now also enables competition between venues, referred to as massively multiplayer gaming. Our current platform, which we refer to as Buzztime Entertainment On Demand, or BEOND, was first introduced as a pilot program in December 2012, was expanded commercially during 2013, and the expansion was scaled during 2014. We continue to enhance its network architecture and the BEOND tablet platform and player engagement paradigms. We also continue to support its legacy network product line, which it refers to as Classic.

We currently generate revenue by charging subscription fees for our service to our network subscribers, by leasing equipment (including tablets used in its BEOND tablet platform and the cases and charging trays for the tablets) to certain network subscribers, by hosting live trivia events, and by selling advertising aired on in-venue screens and as part of customized games. In 2014, we began offering pay-to-play premium content to certain customers, such as paid arcade. During the second quarter of 2015, we made a strategic change in our premium content model by making arcade available on both a free-to-consumer (in exchange for an increased subscription fee) and pay-to-play basis. This change required us to delay the general availability of pay-to-play arcade as we retooled its content, workflow and positioning. As a result, during 2015, we generated additional subscription fee revenue from those venues offering free-to-consumer arcade. We began rolling out the new pay-to-play arcade during the second quarter of 2016. At September 30, 2016, 2,848 venues in the U.S. and Canada subscribed to our interactive entertainment network, of which approximately 69% were using the BEOND tablet platform.

Our principal office is located at 2231 Rutherford Road, Carlsbad, California 92008, and the telephone number at that address is (760) 438-7400. Our website address is www.buzztime.com. Except for those filings we make with the Securities and Exchange Commission, or the SEC, that are incorporated by reference in this prospectus, none of the information contained on, or that may be accessed through, our website is a prospectus or constitutes part of, or is otherwise incorporated into, this prospectus.

The Securities We May Offer

We may offer shares of our common stock and preferred stock, various series of debt securities and warrants to purchase any of such securities, either individually or in units, with a total value of up to \$25,000,000 from time to time under this prospectus, together with any applicable prospectus supplement and applicable free writing prospectus, at prices and on terms to be determined by market conditions at the time of offering. If we issue any debt securities at a discount from their original stated principal amount, then, for purposes of calculating the total dollar amount of all securities issued under this prospectus, we will treat the initial offering price of the debt securities as the total original principal amount of the debt securities. Each time we offer securities under this prospectus, we will provide offerees with a prospectus supplement that will describe the specific amounts, prices and other important terms of the securities being offered, including, to the extent applicable:

- designation or classification;
- aggregate principal amount or aggregate offering price;
- maturity, if applicable;
- original issue discount, if any;
- rates and times of payment of interest or dividends, if any;
- redemption, conversion, exchange or sinking fund terms, if any;
- conversion or exchange prices or rates, if any, and, if applicable, any provisions for changes to or adjustments in the conversion or exchange prices or rates and in the securities or other property receivable upon conversion or exchange;
- ranking;
- restrictive covenants, if any;
- voting or other rights, if any; and
- important United States federal income tax considerations.

The prospectus supplement and any applicable free writing prospectus that we may authorize to be provided to you may also add, update or change information contained in this prospectus or in documents we have incorporated by reference. However, no prospectus supplement or free writing prospectus will offer a security that is not registered and described in this prospectus at the time of the effectiveness of the registration statement of which this prospectus is a part.

We may sell the securities to or through underwriters, dealers or agents or directly to purchasers. We, as well as any agents acting on our behalf, reserve the sole right to accept and to reject in whole or in part any proposed purchase of securities. Each prospectus supplement will set forth the names of any underwriters, dealers or agents involved in the sale of securities described in that prospectus supplement and any applicable fee, commission or discount arrangements with them, details regarding any over-allotment option granted to them, and net proceeds to us. The following is a summary of the securities we may offer with this prospectus.

Common Stock

We currently have authorized 168,000,000 shares of common stock, par value \$0.005 per share, of which 2,260,668 shares were issued and outstanding as of December 16, 2016. We may offer shares of our common stock either alone or underlying other registered securities convertible into or exercisable for our common stock. Holders of our common stock are entitled to such dividends as our board of directors may declare from time to time out of legally available funds, subject to the preferential rights of the holders of any shares of our preferred stock that are outstanding or that we may issue in the future. Currently, we do not pay any dividends on our common stock. Each holder of our common stock is entitled to one vote per share. In this prospectus, we provide a general description of, among other things, the rights and restrictions that apply to holders of our common stock.

Preferred Stock

We currently have authorized 10,000,000 shares of preferred stock, par value \$0.005 per share, 5,000,000 of which have been designated as Series A Convertible Preferred Stock, of which 156,112 are outstanding as of December 16, 2016.

Any authorized and undesignated shares of preferred stock may be issued with such rights and powers as the board of directors may designate. Under our restated certificate of incorporation, our board of directors has the authority to issue shares of our preferred stock in one or more series and to fix or alter the rights, preferences, privileges and restrictions granted to or imposed upon any series of preferred stock. The particular terms of each class or series of preferred stock, including redemption privileges, liquidation preferences, voting rights, dividend rights and/or

conversion rights, will be more fully described in the applicable prospectus supplement relating to the preferred stock offered thereby.

The rights, preferences, privileges and restrictions granted to or imposed upon any series of preferred stock that we offer and sell under this prospectus and applicable prospectus supplements will be set forth in a certificate of designation relating to the series. We file as an exhibit to the registration statement of which this prospectus is a part, or will incorporate by reference from another report that we file with the SEC, the form of any certificate of designation that describes the terms of any series of preferred stock we offer under this prospectus before the issuance of shares of that series of preferred stock. You should read any prospectus supplement and any free writing prospectus that we may authorize to be provided to you related to the series of preferred stock being offered, as well as the complete certificate of designation that contains the terms of the applicable series of preferred stock.

Debt Securities

We may offer general debt obligations, which may be secured or unsecured, senior or subordinated and convertible into shares of our common stock. In this prospectus, we refer to the senior debt securities and the subordinated debt securities together as the “debt securities.” We may issue debt securities under a note purchase agreement or under an indenture to be entered between us and a trustee; forms of the senior and subordinated indentures are included as an exhibit to the registration statement of which this prospectus is a part. The indentures do not limit the amount of securities that may be issued under it and provides that debt securities may be issued in one or more series. The senior debt securities will have the same rank as all of our other indebtedness that is not subordinated. The subordinated debt securities will be subordinated to our senior debt on terms set forth in the applicable prospectus supplement. In addition, the subordinated debt securities will be effectively subordinated to creditors and preferred stockholders of our subsidiaries. Our board of directors will determine the terms of each series of debt securities being offered. This prospectus contains only general terms and provisions of the debt securities. The applicable prospectus supplement will describe the particular terms of the debt securities offered thereby. You should read any prospectus supplement and any free writing prospectus that we may authorize to be provided to you related to the series of debt securities being offered, as well as the complete note agreements and/or indentures that contain the terms of the debt securities. Forms of indentures have been filed as exhibits to the registration statement of which this prospectus is a part, and supplemental indentures and forms of debt securities we offer under this prospectus will be filed as exhibits to the registration statement of which this prospectus is a part, or will be incorporated by reference from another report we file with the SEC.

Warrants

We may offer warrants for the purchase of shares of our common stock or preferred stock or of debt securities. We may issue the warrants by themselves or together with common stock, preferred stock or debt securities, and the warrants may be attached to or separate from any offered securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and the investors or a warrant agent. Our board of directors will determine the terms of the warrants. This prospectus contains only general terms and provisions of the warrants. The applicable prospectus supplement will describe the particular terms of the warrants being offered thereby. You should read any prospectus supplement and any free writing prospectus that we may authorize to be provided to you related to the series of warrants being offered, as well as the complete warrant agreements that contain the terms of the warrants. Specific warrant agreements will contain additional important terms and provisions and we will file as an exhibit to the registration statement of which this prospectus is a part, or will incorporate by reference from another report we file with the SEC, the form of each warrant agreement relating to the warrants offered under this prospectus.

Units

We may offer units consisting of our common stock or preferred stock, debt securities and/or warrants to purchase any of these securities in one or more series. We may evidence each series of units by unit certificates that we will issue under a separate agreement. We may enter into unit agreements with a unit agent. Each unit agent will be a bank or trust company that we select. We will indicate the name and address of the unit agent in the applicable prospectus supplement relating to a particular series of units. This prospectus contains only a summary of certain general features of the units. The applicable prospectus supplement will describe the particular features of the units being offered thereby. You should read any prospectus supplement and any free writing prospectus that we may authorize to be provided to you related to the series of units being offered, as well as the complete unit agreements that contain the terms of the units. Specific unit agreements will contain additional important terms and provisions and we will file as an exhibit to the registration statement of which this prospectus is a part, or will incorporate by reference from another report we file with the SEC, the form of each unit agreement relating to the units offered under this prospectus.

We may offer shares of common stock, shares of preferred stock, debt securities or warrants to purchase common stock, preferred stock or debt securities, or any combination of the foregoing, either individually or as units comprised of one or more of the other securities. We may offer up to \$25,000,000 of securities under this prospectus. If securities are offered as units, we will describe the terms of the units in a prospectus supplement.

USE OF PROCEEDS

Except as described in any prospectus supplement and any free writing prospectus in connection with a specific offering, we currently intend to use the net proceeds from the sale of the securities for working capital and other general corporate purposes. We may also use the net proceeds to repay any debts and/or invest in or acquire complementary businesses, products or technologies, although we have no current commitments or agreements with respect to any such investments or acquisitions as of the date of this prospectus. We have not determined the amount of net proceeds to be used specifically for the foregoing purposes. If a material part of the net proceeds is to be used to repay indebtedness, we will set forth the interest rate and maturity of such indebtedness in a prospectus supplement. As a result, our management will have broad discretion in the allocation of the net proceeds and investors will be relying on the judgment of our management regarding the application of the proceeds of any sale of the securities. Pending use of the net proceeds, we intend to invest the proceeds in short-term, investment-grade, interest-bearing instruments.

We may set forth additional information on the use of net proceeds from the sale of securities we offer under this prospectus in a prospectus supplement relating to the specific offering.

DESCRIPTION OF COMMON STOCK AND PREFERRED STOCK

The following description of our common stock and preferred stock, together with any additional information we include in any applicable prospectus supplement or any applicable free writing prospectus, summarizes the material terms and provisions of our common stock and the preferred stock that we may offer under this prospectus. While the terms we have summarized below will apply generally to any future common stock or preferred stock that we may offer, we will describe the particular terms of any class or series of these securities in more detail in the applicable prospectus supplement. For the complete terms of our common stock and preferred stock, please refer to our restated certificate of incorporation and our bylaws that are incorporated by reference into the registration statement of which this prospectus is a part or may be incorporated by reference in this prospectus or any applicable prospectus supplement. The terms of these securities may also be affected by the Delaware General Corporation Law, or the DGCL. The summary below and that contained in any applicable prospectus supplement or any applicable free writing prospectus are qualified in their entirety by reference to our restated certificate of incorporation and our bylaws.

Common Stock

We are authorized to issue 168,000,000 shares of common stock, par value \$0.005 per share, of which 2,260,668 shares were issued and outstanding as of December 16, 2016. Additional shares of authorized common stock may be issued, as authorized by our board of directors from time to time, without stockholder approval, except as may be required by applicable securities exchange requirements. The holders of common stock possess exclusive voting rights in us, except to the extent our board of directors specifies voting power with respect to any other class of securities issued in the future. Each holder of our common stock is entitled to one vote for each share held of record on each matter submitted to a vote of stockholders, including the election of directors. Stockholders do not have any right to cumulate votes in the election of directors.

Subject to preferences that may be granted to the holders of preferred stock, each holder of our common stock is entitled to share ratably in distributions to stockholders and to receive ratably such dividends as may be declared by our board of directors out of funds legally available therefor. In the event of our liquidation, dissolution or winding up, the holders of our common stock will be entitled to receive, after payment of all of our debts and liabilities and of all sums to which holders of any preferred stock may be entitled, the distribution of any of our remaining assets. Holders of our common stock have no conversion, exchange, sinking fund or redemption rights and have no preemptive rights to subscribe for any of our securities.

All of the outstanding shares of our common stock are fully paid and non-assessable. The shares of common stock offered by this prospectus or upon the conversion of any preferred stock or debt securities or exercise of any warrants offered pursuant to this prospectus, when issued and paid for, will also be, fully paid and non-assessable.

Securities Exchange Listing

Our common stock is listed on the NYSE MKT under the symbol “NTN.”

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is American Stock Transfer & Trust Company.

Preferred Stock

We currently have authorized 10,000,000 shares of preferred stock, par value \$0.005 per share, 5,000,000 of which have been designated as Series A Convertible Preferred Stock, of which 156,112 are outstanding as of December 16, 2016.

Pursuant to our restated certificate of incorporation, our board of directors has the authority to provide for the issuance, in one or more series, of our authorized preferred stock and to fix or alter the rights, preferences, privileges and restrictions granted to or imposed upon any series of our preferred stock. The rights, privileges, preferences and restrictions of any such series of our preferred stock may be subordinated to, pari passu with (including, without limitation, inclusion in provisions with respect to liquidation and acquisition preferences, redemption or approval of matters by vote or written consent), or senior to any of those of any present or future class or series of preferred stock or common stock. Our board of directors is also expressly authorized to increase or decrease the number of shares of any series prior or subsequent to the issue of that series, but not below the number of shares of such series then outstanding. The issuance of preferred stock may have the effect of decreasing the market price of our common stock and may adversely affect the voting power of holders of our common stock and reduce the likelihood that holders of our common stock will receive dividend payments and payments upon liquidation.

The particular terms of each class or series of preferred stock that we may offer under this prospectus, including redemption privileges, liquidation preferences, voting rights, dividend rights and/or conversion rights, will be more fully described in the applicable prospectus supplement relating to the preferred stock offered thereby. The rights, preferences, privileges and restrictions of the preferred stock of each series will be fixed by the certificate of designation relating to each series. We will incorporate by reference into the registration statement of which this prospectus is a part the form of any certificate of designation that describes the terms of the series of preferred stock we are offering before the issuance of the related series of preferred stock. The applicable prospectus supplement will specify the terms of the series of preferred stock we may offer, including, but not limited to:

- the distinctive designation and the maximum number of shares in the series;
- the number of shares we are offering and purchase price per share;
- the liquidation preference, if any;
- the terms on which dividends, if any, will be paid;
- the voting rights, if any, on the shares of the series;

the terms and conditions, if any, on which the shares of the series shall be convertible into, or exchangeable for, shares of any other class or classes of capital stock;
the terms on which the shares may be redeemed, if at all;
any listing of the preferred stock on any securities exchange or market;
a discussion of any material or special United States federal income tax considerations applicable to the preferred stock; and
any or all other preferences, rights, restrictions, including restrictions on transferability, and qualifications of shares of the series.

The issuance of preferred stock may delay, deter or prevent a change in control.

The description of preferred stock above and the description of the terms of a particular series of preferred stock in any applicable prospectus supplement are not complete. You should refer to the applicable certificate of designation for complete information.

The DGCL provides that the holders of preferred stock will have the right to vote separately as a class on any proposal involving fundamental changes in the rights of holders of that preferred stock. This right is in addition to any voting rights that may be provided for in the applicable certificate of designation.

Anti-Takeover Effects of Provisions of our Charter Documents and Delaware Law

Provisions of the DGCL, our restated certificate of incorporation and our bylaws could make it more difficult to acquire us by means of a tender offer, a proxy contest or otherwise, or to remove incumbent officers and directors. These provisions, summarized below, are expected to discourage certain types of coercive takeover practices and takeover bids that our board of directors may consider inadequate and to encourage persons seeking to acquire control of us to first negotiate with our board of directors. We believe that the benefits of increased protection of our ability to negotiate with the proponent of an unfriendly or unsolicited proposal to acquire or restructure us outweigh the disadvantages of discouraging takeover or acquisition proposals because, among other things, negotiation of these proposals could result in an improvement of their terms. This summary does not purport to be complete and is qualified in its entirety by reference to the DGCL and our restated certificate of incorporation and bylaws.

Certificate of Incorporation and Bylaws

Preferred Stock. Under our restated certificate of incorporation, our board of directors has the power to authorize the issuance of up to 10,000,000 shares of preferred stock, and to determine the price, rights, preferences, privileges and restrictions, including voting rights, of those shares without further vote or action by our stockholders. As of December 16, 2016, 5,000,000 shares of our authorized preferred stock have been designated as Series A Convertible Preferred Stock, of which 156,112 are outstanding.

The issuance of preferred stock may:

delay, defer or prevent a change in control;
discourage bids for our common stock at a premium over the market price of our common stock;
adversely affect the voting and other rights of the holders of our common stock; and
discourage acquisition proposals or tender offers for our shares and, as a consequence, inhibit fluctuations in the market price of our shares that could result from actual or rumored takeover attempts.

Advance Notice Requirement. Stockholder nominations of individuals for election to our board of directors and stockholder proposals of other matters to be brought before an annual meeting of our stockholders must comply with the advance notice procedures set forth in our bylaws. Our bylaws provide that advance notice of a stockholder's proposal must be delivered to our secretary at our principal executive offices not less than 90 calendar days or more than 120 calendar days in advance of the anniversary of the date the proxy statement for the previous year's annual meeting of stockholders was released to our stockholders. However, our bylaws also provide that in the event that no annual meeting was held in the previous year or the date of the annual meeting is advanced by more than 30 days or delayed by more than 30 days after the anniversary of the previous year's annual meeting, this advance notice must be received no later than the close of business on the later of the 90th day before such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made.

Special Meeting Requirements. Our restated certificate of incorporation provides that except as required by law, special meetings of stockholders may be called only by our board of directors acting pursuant to a resolution adopted by a majority of the entire board of directors.

Stockholder Action by Written Consent. Our restated certificate of incorporation provides that stockholder action must be effected at a duly called annual or special meeting of stockholders and may not be effected by written consent of stockholders.

No Cumulative Voting. Our restated certificate of incorporation does not include a provision for cumulative voting for directors.

Indemnification. Our restated certificate of incorporation and our bylaws provide that we will indemnify our officers and directors against losses as they incur in investigations and legal proceedings resulting from their services to us, which may include service in connection with takeover defense measures.

Removal of Directors; Vacancies. Our bylaws provide that directors may be removed from office, with or without cause, only by the affirmative vote of the holders of at least 80% of our common stock, and that vacancies on our board of directors shall be filled solely by the affirmative vote of the majority of the remaining directors then in office, even though less than a quorum of our board of directors.

Amending our Bylaws and Certain Provisions of our Restated Certificate of Incorporation. The stockholder vote required to amend or repeal the provisions in our bylaws is at least 66.6% of the voting power of our common stock. The stockholder vote required to alter, amend or repeal the provisions in our restated certificate of incorporation requiring that special meetings of stockholders be called only by our board of directors and prohibiting stockholder action by written consent or to adopt any provision inconsistent with such provisions is at least 80% of the voting power of our common stock.

Delaware Anti-Takeover Statute

We are subject to Section 203 of the DGCL, an anti-takeover law. In general, Section 203 prohibits, with some exceptions, a publicly held Delaware corporation from engaging in a “business combination” with any “interested stockholder” for a period of three years following the date that stockholder became an interested stockholder, unless:

prior to that date, the board of directors of the corporation approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;

upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the number of shares of voting stock outstanding (but not the voting stock owned by the interested stockholder) those shares owned by persons who are directors and officers and by excluding employee stock plans in which employee participants do not have the right to determine whether shares held subject to the plan will be tendered in a tender or exchange offer; or

on or subsequent to that date, the business combination is approved by the board of directors of the corporation and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66-2/3% of the outstanding voting stock that is not owned by the interested stockholder.

Section 203 defines “business combination” to include any of the following:

- any merger or consolidation involving the corporation and the interested stockholder;
- any sale, transfer, pledge or other disposition of 10% or more of the assets of the corporation involving the interested stockholder;
- subject to certain exceptions, any transaction that results in the issuance or transfer by the corporation of any stock of the corporation to the interested stockholder;
- any transaction involving the corporation that has the effect of increasing the proportionate share of the stock of any class or series of the corporation beneficially owned by the interested stockholder; or
- the receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through the corporation.

In general, Section 203 defines an “interested stockholder” as any person who, together with the person’s affiliates and associates, beneficially owns, or within three years prior to the determination of interested stockholder status did beneficially own, 15% or more of the outstanding voting stock of the corporation.

The above provisions may deter a hostile takeover or delay a change in control of management or us.

DESCRIPTION OF DEBT SECURITIES

General

The debt securities that we may issue may constitute debentures, notes, bonds or other evidences of indebtedness of our company, and may be issued in one or more series, which may include senior debt securities, subordinated debt securities and senior subordinated debt securities. The particular terms of any series of debt securities we may offer, including the extent to which the general terms set forth below may be applicable to a particular series, will be described in a prospectus supplement relating to such series.

Debt securities that we may issue may be issued under a senior indenture between us and a trustee, or a subordinated indenture between us and a trustee (collectively, the “indentures”). We have filed forms of the indentures as exhibits to the registration statement of which this prospectus is a part. Supplemental indentures and forms of debt securities containing the terms of the debt securities being offered will be filed as exhibits to the registration statement of which this prospectus is a part or will be incorporated by reference from reports that we file with the SEC.

THE FOLLOWING DESCRIPTION IS A SUMMARY OF THE MATERIAL PROVISIONS OF THE INDENTURES. IT DOES NOT RESTATE THE INDENTURES IN THEIR ENTIRETY. THE INDENTURES ARE GOVERNED BY THE TRUST INDENTURE ACT OF 1939. THE TERMS OF THE DEBT SECURITIES INCLUDE THOSE STATED IN THE INDENTURES AND THOSE MADE PART OF THE INDENTURES BY REFERENCE TO THE TRUST INDENTURE ACT. WE URGE YOU TO READ THE INDENTURES BECAUSE THEY, AND NOT THIS DESCRIPTION, DEFINE YOUR RIGHTS AS A HOLDER OF THE DEBT SECURITIES. EXCEPT AS WE MAY OTHERWISE INDICATE, THE TERMS OF THE SENIOR INDENTURE AND THE SUBORDINATED INDENTURE ARE IDENTICAL.

The indentures contain no covenant or provision which affords debt holders protection in the event of a highly leveraged transaction.

Information You Will Find in the Prospectus Supplement

The indentures provide that we may issue debt securities from time to time in one or more series by resolution of our board of directors or by means of a supplemental indenture, and that we may denominate the debt securities and make them payable in foreign currencies. The indentures do not limit the aggregate principal amount of debt securities that can be issued thereunder. We may specify a maximum aggregate principal amount for the debt securities of any series. We will describe in the applicable prospectus supplement the terms of the series of debt securities being offered, including:

- the title;
- the principal amount being offered, and if a series, the total amount authorized and the total amount outstanding;
- any limit on the amount that may be issued;
- whether or not we will issue the series of debt securities in global form, and, if so, the terms and who the depository will be;
- the maturity date;
- whether and under what circumstances, if any, we will pay additional amounts on any debt securities held by a person who is not a United States person for tax purposes, and whether we can redeem the debt securities if we have to pay such additional amounts;

the annual interest rate, which may be fixed or variable, or the method for determining the rate and the date interest will begin to accrue, the dates interest will be payable and the regular record dates for interest payment dates or the method for determining such dates;

whether or not the debt securities will be secured or unsecured, and the terms of any secured debt;

the terms of the subordination of any series of subordinated debt;

the place where payments will be payable;

restrictions on transfer, sale or other assignment, if any;

our right, if any, to defer payment of interest and the maximum length of any such deferral period;

the date, if any, after which, and the price at which, we may, at our option, redeem the series of debt securities pursuant to any optional or provisional redemption provisions and the terms of those redemption provisions;

the date, if any, on which, and the price at which we are obligated, pursuant to any mandatory sinking fund or analogous fund provisions or otherwise, to redeem, or at the holder's option, to purchase, the series of debt securities and the currency or currency unit in which the debt securities are payable;

whether the indenture will restrict our ability or the ability of our subsidiaries to:

- incur additional indebtedness;
- issue additional securities;
- create liens;
- pay dividends or make distributions in respect of our capital stock or the capital stock of our subsidiaries, or redeem capital stock;
- place restrictions on our subsidiaries' ability to pay dividends, make distributions or transfer assets;
- make investments or other restricted payments;
- sell or otherwise dispose of assets;
- enter into sale-leaseback transactions;
- engage in transactions with stockholders or affiliates;

issue or sell stock of our subsidiaries;
effect a consolidation or merger;
whether the indenture will require us to maintain any interest coverage, fixed charge, cash flow-based, asset-based or other financial ratios;
a discussion of certain material or special United States federal income tax considerations applicable to the debt securities;
information describing any book-entry features;
provisions for a sinking fund purchase or other analogous fund, if any;
the applicability of the provisions in the indenture on discharge;
whether the debt securities are to be offered at a price such that they will be deemed to be offered at an “original issue discount” as defined in paragraph (a) of Section 1273 of the Internal Revenue Code of 1986, as amended;
the denominations in which we will issue the series of debt securities, if other than denominations of \$1,000 and any integral multiple thereof;
the currency of payment of debt securities if other than U.S. dollars and the manner of determining the equivalent amount in U.S. dollars; and
any other specific terms, preferences, rights or limitations of, or restrictions on, the debt securities, including any additional events of default or covenants provided with respect to the debt securities, and any terms that may be required by us or advisable under applicable laws or regulations.

Conversion or Exchange Rights

We will set forth in the applicable prospectus supplement the terms on which a series of debt securities may be convertible into or exchangeable for our common stock, our preferred stock or other securities (including securities of a third-party). We will include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at our option. We may include provisions pursuant to which the number of shares of our common stock, our preferred stock or other securities (including securities of a third-party) that the holders of the series of debt securities receive would be subject to adjustment.

Consolidation, Merger or Sale

Unless we provide otherwise in the prospectus supplement applicable to a particular series of debt securities, the indentures will not contain any covenant that restricts our ability to merge or consolidate, or sell, convey, transfer or otherwise dispose of all or substantially all of our assets. However, any successor to or acquirer of such assets must assume all of our obligations under the indentures or the debt securities, as appropriate. If the debt securities are convertible into or exchangeable for our other securities or securities of other entities, the person with whom we consolidate or merge or to whom we sell all of our property must make provisions for the conversion of the debt securities into securities that the holders of the debt securities would have received if they had converted the debt securities before the consolidation, merger or sale.

Events of Default under the Indentures

Unless otherwise indicated in the applicable prospectus supplement, the following will be events of default under the indentures with respect to each series of debt securities issued under the indenture:

- if we fail to pay interest when due and payable and our failure continues for 90 days and the time for payment has not been extended;
- if we fail to pay the principal, premium or sinking fund payment, if any, when due and payable at maturity, upon redemption or repurchase or otherwise, and the time for payment has not been extended;
- if we fail to observe or perform any other covenant contained in the debt securities or the indentures, other than a covenant specifically relating to another series of debt securities, and our failure continues for 90 days after we receive notice from the trustee or we and the trustee receive notice from the holders of at least 25% in aggregate principal amount of the outstanding debt securities of the applicable series; and
- if specified events of bankruptcy, insolvency or reorganization occur.

We will describe in each applicable prospectus supplement any additional events of default relating to the relevant series of debt securities.

If an event of default with respect to debt securities of any series occurs and is continuing, other than an event of default specified in the last bullet point above, the trustee or the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series, by notice to us in writing, and to the trustee if notice is given by such holders, may declare the unpaid principal, premium, if any, and accrued interest, if any, due and payable immediately. If an event of default specified in the last bullet point above occurs with respect to us, the unpaid principal, premium, if any, and accrued interest, if any, of each issue of debt securities then outstanding shall be due and payable without any notice or other action on the part of the trustee or any holder.

The holders of a majority in principal amount of the outstanding debt securities of an affected series may waive any default or event of default with respect to the series and its consequences, except defaults or events of default regarding payment of principal, premium, if any, or interest, unless we have cured the default or event of default in accordance with the indenture. Any waiver shall cure the default or event of default.

Subject to the terms of the indentures, if an event of default under an indenture shall occur and be continuing, the trustee will be under no obligation to exercise any of its rights or powers under such indenture at the request or direction of any of the holders of the applicable series of debt securities, unless such holders have offered the trustee reasonable indemnity or security satisfactory to it against any loss, liability or expense. The holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the debt securities of that series, provided that:

the direction so given by the holder is not in conflict with any law or the applicable indenture; and subject to its duties under the Trust Indenture Act, the trustee need not take any action that might involve it in personal liability or might be unduly prejudicial to the holders not involved in the proceeding.

The indentures provide that if an event of default has occurred and is continuing, the trustee will be required in the exercise of its powers to use the degree of care that a prudent person would use in the conduct of its own affairs. The trustee, however, may refuse to follow any direction that conflicts with law or the indenture, or that the trustee determines is unduly prejudicial to the rights of any other holder of the relevant series of debt securities, or that would involve the trustee in personal liability. Prior to taking any action under the indentures, the trustee will be entitled to indemnification against all costs, expenses and liabilities that would be incurred by taking or not taking such action.

A holder of the debt securities of any series will have the right to institute a proceeding under the indentures or to appoint a receiver or trustee, or to seek other remedies only if:

the holder has given written notice to the trustee of a continuing event of default with respect to that series; the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series have made written request, and such holders have offered reasonable indemnity to the trustee or security satisfactory to it against any loss, liability or expense or to be incurred in compliance with instituting the proceeding as trustee; and the trustee does not institute the proceeding, and does not receive from the holders of a majority in aggregate principal amount of the outstanding debt securities of that series other conflicting directions within 90 days after the notice, request and offer.

These limitations do not apply to a suit instituted by a holder of debt securities if we default in the payment of the principal, premium, if any, or interest on, the debt securities, or other defaults that may be specified in the applicable prospectus supplement.

We will periodically file statements with the trustee regarding our compliance with specified covenants in the indentures.

The indentures provide that if a default occurs and is continuing and is actually known to a responsible officer of the trustee, the trustee must mail to each holder notice of the default within the earlier of 90 days after it occurs and 30 days after it is known by a responsible officer of the trustee or written notice of it is received by the trustee, unless such default has been cured or waived. Except in the case of a default in the payment of principal or premium of or interest on any debt security or certain other defaults specified in an indenture, the trustee shall be protected in withholding such notice if and so long as the board of directors, the executive committee or a trust committee of directors, or responsible officers of the trustee, in good faith determine that withholding notice is in the best interests of holders of the relevant series of debt securities.

Modification of Indenture; Waiver

Subject to the terms of the indenture for any series of debt securities that we may issue, we and the trustee may change an indenture without the consent of any holders with respect to the following specific matters:

- to fix any ambiguity, defect or inconsistency in the indenture;
- to comply with the provisions described above under “—Consolidation, Merger or Sale”;
- to comply with any requirements of the SEC in connection with the qualification of any indenture under the Trust Indenture Act;
- to add to, delete from or revise the conditions, limitations, and restrictions on the authorized amount, terms, or purposes of issue, authentication and delivery of debt securities, as set forth in the indenture;
- to provide for the issuance of and establish the form and terms and conditions of the debt securities of any series as provided under “Description of Debt Securities — General,” to establish the form of any certifications required to be furnished pursuant to the terms of the indenture or any series of debt securities, or to add to the rights of the holders of any series of debt securities;
- to evidence and provide for the acceptance of appointment hereunder by a successor trustee;
- to provide for uncertificated debt securities and to make all appropriate changes for such purpose;
- to add to our covenants such new covenants, restrictions, conditions or provisions for the benefit of the holders, to make the occurrence, or the occurrence and the continuance, of a default in any such additional covenants, restrictions, conditions or provisions an event of default or to surrender any right or power conferred to us in the indenture; or
- to change anything that does not adversely affect the interests of any holder of debt securities of any series in any material respect.

In addition, under the indentures, the rights of holders of a series of debt securities may be changed by us and the trustee with the written consent of the holders of at least a majority in aggregate principal amount of the outstanding debt securities of each series that is affected. However, subject to the terms of the indenture for any series of debt securities that we may issue or otherwise provided in the prospectus supplement applicable to a particular series of debt securities, we and the trustee may only make the following changes with the consent of each holder of any outstanding debt securities affected:

- extending the stated maturity of the series of debt securities;
- reducing the principal amount, reducing the rate of or extending the time of payment of interest, or reducing any premium payable upon the redemption or repurchase of any debt securities; or
- reducing the percentage of debt securities, the holders of which are required to consent to any amendment, supplement, modification or waiver.

Discharge

Each indenture provides that, subject to the terms of the indenture and any limitation otherwise provided in the prospectus supplement applicable to a particular series of debt securities, we can elect to be discharged from our obligations with respect to one or more series of debt securities, except for specified obligations, including obligations to:

- register the transfer or exchange of debt securities of the series;
- replace stolen, lost or mutilated debt securities of the series;
- maintain paying agencies;
- hold monies for payment in trust;
- recover excess money held by the trustee;
- compensate and indemnify the trustee; and
- appoint any successor trustee.

In order to exercise our rights to be discharged, we must deposit with the trustee money or government obligations sufficient to pay all the principal of, any premium and interest on, the debt securities of the series on the dates payments are due.

Form, Exchange and Transfer

We will issue the debt securities of each series only in fully registered form without coupons and, unless we otherwise specify in the applicable prospectus supplement, in denominations of \$1,000 and any integral multiple thereof. The indentures provide that we may issue debt securities of a series in temporary or permanent global form and as book-entry securities that will be deposited with, or on behalf of, The Depository Trust Company or another depository named by us and identified in a prospectus supplement with respect to that series. See “Legal Ownership of Securities” below for a further description of the terms relating to any book-entry securities.

At the option of the holder, subject to the terms of the indentures and the limitations applicable to global securities described in the applicable prospectus supplement, the holder of the debt securities of any series can exchange the debt securities for other debt securities of the same series, in any authorized denomination and of like tenor and aggregate principal amount.

Subject to the terms of the indentures and the limitations applicable to global securities set forth in the applicable prospectus supplement, holders of the debt securities may present the debt securities for exchange or for registration of transfer, duly endorsed or with the form of transfer endorsed thereon duly executed if so required by us or the security registrar, at the office of the security registrar or at the office of any transfer agent designated by us for this purpose. Unless otherwise provided in the debt securities that the holder presents for transfer or exchange, we will make no service charge for any registration of transfer or exchange, but we may require payment of any taxes or other governmental charges.

We will name in the applicable prospectus supplement the security registrar, and any transfer agent in addition to the security registrar, that we initially designate for any debt securities. We may at any time designate additional transfer agents or rescind the designation of any transfer agent or approve a change in the office through which any transfer agent acts, except that we will be required to maintain a transfer agent in each place of payment for the debt securities of each series.

If we elect to redeem the debt securities of any series, we will not be required to:

issue, register the transfer of, or exchange any debt securities of that series during a period beginning at the opening of business 15 days before the day of mailing of a notice of redemption of any debt securities that may be selected for redemption and ending at the close of business on the day of the mailing; or
register the transfer of or exchange any debt securities so selected for redemption, in whole or in part, except the unredeemed portion of any debt securities we are redeeming in part.

Information Concerning the Trustee

The trustee, other than during the occurrence and continuance of an event of default under an indenture, undertakes to perform only those duties as are specifically set forth in the applicable indenture and is under no obligation to exercise

any of the powers given it by the indentures at the request of any holder of debt securities unless it is offered reasonable security and indemnity against the costs, expenses and liabilities that it might incur. However, upon an event of default under an indenture, the trustee must use the same degree of care as a prudent person would exercise or use in the conduct of his or her own affairs.

Payment and Paying Agents

Unless we otherwise indicate in the applicable prospectus supplement, we will make payment of the interest on any debt securities on any interest payment date to the person in whose name the debt securities, or one or more predecessor securities, are registered at the close of business on the regular record date for the interest.

We will pay principal of and any premium and interest on the debt securities of a particular series at the office of the paying agents designated by us, except that unless we otherwise indicate in the applicable prospectus supplement, we will make interest payments by check that we will mail to the holder or by wire transfer to certain holders. Unless we otherwise indicate in the applicable prospectus supplement, we will designate the corporate trust office of the trustee as our sole paying agent for payments with respect to debt securities of each series. We will name in the applicable prospectus supplement any other paying agents that we initially designate for the debt securities of a particular series. We will maintain a paying agent in each place of payment for the debt securities of a particular series.

All money we pay to a paying agent or the trustee for the payment of the principal of or any premium or interest on any debt securities that remains unclaimed at the end of two years after such principal, premium or interest has become due and payable will be repaid to us, and the holder of the debt security thereafter may look only to us for payment thereof.

Governing Law

The indentures and the debt securities will be governed by and construed in accordance with the laws of the State of New York, except to the extent that the Trust Indenture Act is applicable.

Ranking Debt Securities

The subordinated debt securities will be unsecured and will be subordinate and junior in priority of payment to certain other indebtedness to the extent described in a prospectus supplement. The subordinated indenture does not limit the amount of subordinated debt securities that we may issue. It also does not limit us from issuing any other secured or unsecured debt.

The senior debt securities will be unsecured and will rank equally in right of payment to all our other senior unsecured debt. The senior indenture does not limit the amount of senior debt securities that we may issue. It also does not limit us from issuing any other secured or unsecured debt.

Existing Debt

As of December 16, 2016, we had approximately \$1.6 million existing subordinated debt and approximately \$6.5 million secured debt.

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of common stock, preferred stock or debt securities. Warrants may be offered independently or together with common stock, preferred stock or debt securities offered by any prospectus supplement and may be attached to or separate from those securities. While the terms we have summarized below will apply generally to any warrants that we may offer under this prospectus, we will describe in particular the terms of any series of warrants that we may offer in more detail in the applicable prospectus supplement and any applicable free writing prospectus. The terms of any warrants offered under a prospectus supplement may differ from the terms described below.

We will file as an exhibit to the registration statement of which this prospectus is a part, or will incorporate by reference from another report that we file with the SEC, the form of warrant agreement, which may include a form of warrant certificate, that describes the terms of the particular series of warrants we may offer before the issuance of the related series of warrants. We may issue the warrants under a warrant agreement that we will enter into with a warrant agent to be selected by us. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with any registered holders of warrants or beneficial owners of warrants. The following summary of material provisions of the warrants and warrant agreements are subject to, and qualified in their entirety by reference to, all the provisions of the warrant agreement and warrant certificate applicable to a particular series of warrants. We urge you to read the applicable prospectus supplement and any applicable free writing prospectus, as well as the complete warrant agreements and warrant certificates that contain the terms of the warrants.

The particular terms of any issue of warrants will be described in the prospectus supplement relating to the issue. Those terms may include:

- the title of such warrants;
- the aggregate number of such warrants;
- the price or prices at which such warrants will be issued;
- the currency or currencies (including composite currencies) in which the price of such warrants may be payable;
- the terms of the securities purchasable upon exercise of such warrants and the procedures and conditions relating to the exercise of such warrants;
- the price at which the securities purchasable upon exercise of such warrants may be purchased;
- the date on which the right to exercise such warrants will commence and the date on which such right shall expire;
- any provisions for adjustment of the number or amount of securities receivable upon exercise of the warrants or the exercise price of the warrants;
- if applicable, the minimum or maximum amount of such warrants that may be exercised at any one time;
- if applicable, the designation and terms of the securities with which such warrants are issued and the number of such warrants issued with each such security;
- if applicable, the date on and after which such warrants and the related securities will be separately transferable;
- information with respect to book-entry procedures, if any;
- the terms of any rights to redeem or call the warrants;
- United States federal income tax consequences of holding or exercising the warrants, if material; and
- any other terms of such warrants, including terms, procedures and limitations relating to the exchange or exercise of such warrants.

Each warrant will entitle its holder to purchase the principal amount of debt securities or the number of shares of preferred stock or common stock at the exercise price set forth in, or calculable as set forth in, the applicable prospectus supplement. Unless we otherwise specify in the applicable prospectus supplement, holders of the warrants may exercise the warrants at any time up to the specified time on the expiration date that we set forth in the applicable prospectus supplement. After the close of business on the expiration date, unexercised warrants will become void.

We will specify the place or places where, and the manner in which, warrants may be exercised in the warrant agreement or warrant certificate and applicable prospectus supplement. Upon receipt of payment and the warrant certificate properly completed and duly executed at the corporate trust office of the warrant agent or any other office indicated in the applicable prospectus supplement, we will, as soon as practicable, issue and deliver the purchased securities. If less than all of the warrants represented by the warrant certificate are exercised, a new warrant certificate will be issued for the remaining amount of warrants. If we so indicate in the applicable prospectus supplement, holders of the warrants may surrender securities as all or part of the exercise price for warrants.

Prior to the exercise of any warrants to purchase common stock, preferred stock or debt securities, holders of the warrants will not have any of the rights of holders of the common stock, preferred stock or debt securities purchasable upon exercise, including (i) in the case of warrants for the purchase of common stock or preferred stock, the right to

vote or to receive any payments of dividends or payments upon our liquidation, dissolution or winding up on the common stock or preferred stock purchasable upon exercise, if any; or (ii) in the case of warrants for the purchase of debt securities, the right to receive payments of principal of, any premium or interest on the debt securities purchasable upon exercise or to enforce covenants in the applicable indenture.

As of December 16, 2016, there were outstanding warrants to purchase 132,000 shares of our common stock.

DESCRIPTION OF UNITS

The following description, together with the additional information we may include in any applicable prospectus supplement, summarizes the material terms and provisions of the units that we may offer under this prospectus. While the terms we have summarized below will apply generally to any units that we may offer under this prospectus, we will describe the particular terms of any series of units in more detail in the applicable prospectus supplement and any applicable free writing prospectus. The terms of any units offered under a prospectus supplement may differ from the terms described below. However, no prospectus supplement will fundamentally change the terms that are set forth in this prospectus or offer a security that is not registered and described in this prospectus at the time of its effectiveness.

We will file as an exhibit to the registration statement of which this prospectus is a part, or will incorporate by reference from another report we file with the SEC, the form of unit agreement that describes the terms of the series of units we may offer under this prospectus, and any supplemental agreements, before the issuance of the related series of units. The following summaries of material terms and provisions of the units are subject to, and qualified in their entirety by reference to, all the provisions of the unit agreement and any supplemental agreements applicable to a particular series of units. We urge you to read the applicable prospectus supplement and any applicable free writing prospectus, as well as the complete unit agreement and any supplemental agreements that contain the terms of the units.

General

We may issue units comprised of one or more debt securities, shares of common stock, shares of preferred stock and warrants in any combination. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately, at any time or at any time before a specified date.

We will describe in the applicable prospectus supplement the terms of the series of units, including, but not limited to:

the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances those securities may be held or transferred separately;
any provisions of the governing unit agreement that differ from those described below; and
any provisions for the issuance, payment, settlement, transfer or exchange of the units or of the securities comprising the units.

The provisions described in this section, as well as those described under “Description of Common Stock and Preferred Stock,” “Description of Debt Securities” and “Description of Warrants” will apply to each unit and to any common stock, preferred stock, debt security or warrant included in each unit, respectively.

Issuance in Series

We may issue units in such amounts and in numerous distinct series as we determine.

Enforceability of Rights by Holders of Units

Each unit agent will act solely as our agent under the applicable unit agreement and will not assume any obligation or relationship of agency or trust with any holder of any unit. A single bank or trust company may act as unit agent for more than one series of units. A unit agent will have no duty or responsibility in case of any default by us under the applicable unit agreement or unit, including any duty or responsibility to initiate any proceedings at law or otherwise, or to make any demand upon us. Any holder of a unit may, without the consent of the related unit agent or the holder of any other unit, enforce by appropriate legal action its rights as holder under any security included in the unit.

We, the unit agents and any of their agents may treat the registered holder of any unit certificate as an absolute owner of the units evidenced by that certificate for any purpose and as the person entitled to exercise the rights attaching to the units so requested, despite any notice to the contrary.

LEGAL OWNERSHIP OF SECURITIES

We can issue securities in registered form or in the form of one or more global securities. We describe global securities in greater detail below. We refer to those persons who have securities registered in their own names on the books that we or any applicable trustee or depository or warrant agent maintain for this purpose as the “holders” of those securities. These persons are the legal holders of the securities. We refer to those persons who, indirectly through others, own beneficial interests in securities that are not registered in their own names, as “indirect holders” of those securities. As we discuss below, indirect holders are not legal holders, and investors in securities issued in book-entry form or in “street name” will be indirect holders.

Book-Entry Holders

We may issue securities in book-entry form only, as we will specify in the applicable prospectus supplement. This means securities may be represented by one or more global securities registered in the name of a financial institution that holds them as depository on behalf of other financial institutions that participate in the depository’s book-entry system. These participating institutions, which are referred to as participants, in turn, hold beneficial interests in the securities on behalf of themselves or their customers.

Only the person in whose name a security is registered is recognized as the holder of that security. Global securities will be registered in the name of the depository. Consequently, for global securities, we will recognize only the depository as the holder of the securities, and we will make all payments on the securities to the depository. The depository passes along the payments it receives to its participants, which in turn pass the payments along to their customers who are the beneficial owners. The depository and its participants do so under agreements they have made with one another or with their customers; they are not obligated to do so under the terms of the securities.

As a result, investors in a global security will not own securities directly. Instead, they will own beneficial interests in a global security, through a bank, broker or other financial institution that participates in the depository’s book-entry system or holds an interest through a participant. As long as the securities are issued in global form, investors will be indirect holders, and not legal holders, of the securities.

Street Name Holders

We may terminate a global security or issue securities that are not issued in global form. In these cases, investors may choose to hold their securities in their own names or in “street name.” Securities held by an investor in street name would be registered in the name of a bank, broker or other financial institution that the investor chooses, and the investor would hold only a beneficial interest in those securities through an account he or she maintains at that institution.

For securities held in street name, we or any applicable trustee or depository will recognize only the intermediary banks, brokers and other financial institutions in whose names the securities are registered as the holders of those securities, and we or any such trustee or depository will make all payments on those securities to them. These institutions pass along the payments they receive to their customers who are the beneficial owners, but only because they agree to do so in their customer agreements or because they are legally required to do so. Investors who hold securities in street name will be indirect holders, not legal holders, of those securities.

Legal Holders

Our obligations, as well as the obligations of any applicable trustee or third party employed by us or a trustee, run only to the legal holders of the securities. We do not have obligations to investors who hold beneficial interests in global securities, in street name or by any other indirect means. This will be the case whether an investor chooses to be an indirect holder of a security or has no choice because we are issuing the securities only in global form.

For example, once we make a payment or give a notice to the legal holder, we have no further responsibility for the payment or notice even if that holder is required, under agreements with its participants or customers or by law, to pass it along to the indirect holders but does not do so. Similarly, we may want to obtain the approval of the legal holders to amend an indenture, to relieve us of the consequences of a default or of our obligation to comply with a particular provision of an indenture, or for other purposes. In such an event, we would seek approval only from the legal holders, and not the indirect holders, of the securities. Whether and how the legal holders contact the indirect holders is up to the legal holders.

Special Considerations for Indirect Holders

If you hold securities through a bank, broker or other financial institution, either in book-entry form because the securities are represented by one or more global securities or in street name, you should check with your own institution to find out:

- how it handles securities payments and notices;
- whether it imposes fees or charges;
- how it would handle a request for the legal holders' consent, if ever required;
- whether and how you can instruct it to send you securities registered in your own name so you can be a legal holder, if that is permitted in the future;
- how it would exercise rights under the securities if there were a default or other event triggering the need for legal holders to act to protect their interests; and
- if the securities are in book-entry form, how the depository's rules and procedures will affect these matters.

Global Securities

A global security is a security that represents one or any other number of individual securities held by a depository. Generally, all securities represented by the same global securities will have the same terms.

Each security issued in book-entry form will be represented by a global security that we issue to, deposit with and register in the name of a financial institution or its nominee that we select. The financial institution that we select for this purpose is called the depository. Unless we specify otherwise in the applicable prospectus supplement, The Depository Trust Company, New York, New York, known as DTC, will be the depository for all securities issued in book-entry form.

A global security may not be transferred to or registered in the name of anyone other than the depository, its nominee or a successor depository, unless special termination situations arise. We describe those situations below under “—Special Situations When A Global Security Will Be Terminated.” As a result of these arrangements, the depository, or its nominee, will be the sole registered owner and legal holder of all securities represented by a global security, and investors will be permitted to own only beneficial interests in a global security. Beneficial interests must be held by means of an account with a broker, bank or other financial institution that in turn has an account with the depository or with another institution that does. Thus, an investor whose security is represented by a global security will not be a legal holder of the security, but only an indirect holder of a beneficial interest in the global security.

If the prospectus supplement for a particular security indicates that the security will be issued as a global security, then the security will be represented by a global security at all times unless and until the global security is terminated. If termination occurs, we may issue the securities through another book-entry clearing system or decide that the securities may no longer be held through any book-entry clearing system.

Special Considerations For Global Securities

As an indirect holder, an investor's rights relating to a global security will be governed by the account rules of the investor's financial institution and of the depository, as well as general laws relating to securities transfers. We do not recognize an indirect holder as a holder of securities and instead deal only with the depository that holds the global security.

If securities are issued only as global securities, an investor should be aware of the following:

an investor cannot cause the securities to be registered in his or her name, and cannot obtain non-global certificates for his or her interest in the securities, except in the special situations we describe below;

an investor will be an indirect holder and must look to his or her own bank or broker for payments on the securities and protection of his or her legal rights relating to the securities, as we describe above;

an investor may not be able to sell interests in the securities to some insurance companies and to other institutions that are required by law to own their securities in non-book-entry form;

an investor may not be able to pledge his or her interest in the global security in circumstances where certificates representing the securities must be delivered to the lender or other beneficiary of the pledge in order for the pledge to be effective;

the depository's policies, which may change from time to time, will govern payments, transfers, exchanges and other matters relating to an investor's interest in the global security. We and any applicable trustee have no responsibility for any aspect of the depository's actions or for its records of ownership interests in the global security. We and the trustee also do not supervise the depository in any way;

the depository may, and we understand that DTC will, require that those who purchase and sell interests in the global security within its book-entry system use immediately available funds, and your broker or bank may require you to do so as well; and

financial institutions that participate in the depository's book-entry system, and through which an investor holds its interest in the global security, may also have their own policies affecting payments, notices and other matters relating to the securities. There may be more than one financial intermediary in the chain of ownership for an investor. We do not monitor and are not responsible for the actions of any of those intermediaries.

Special Situations When a Global Security Will Be Terminated

In a few special situations described below, a global security will terminate and interests in it will be exchanged for physical certificates representing those interests. After that exchange, the choice of whether to hold securities directly or in street name will be up to the investor. Investors must consult their own banks or brokers to find out how to have their interests in securities transferred to their own names, so that they will be direct holders. We have described the rights of holders and street name investors above.

A global security will terminate when the following special situations occur:

if the depositary notifies us that it is unwilling, unable or no longer qualified to continue as depositary for that global security and we do not appoint another institution to act as depositary within 90 days;
if we notify any applicable trustee that we wish to terminate that global security; or
if an event of default has occurred with regard to securities represented by that global security and has not been cured or waived.

The applicable prospectus supplement may also list additional situations for terminating a global security that would apply only to the particular series of securities covered by the prospectus supplement. When a global security terminates, the depositary, and neither we nor any applicable trustee, is responsible for deciding the names of the institutions that will be the initial direct holders.

PLAN OF DISTRIBUTION

We may sell the securities to or through underwriters or dealers, through agents, or directly to one or more purchasers. A prospectus supplement or supplements (and any applicable free writing prospectus that we may authorize to be provided to you) will describe the terms of the offering of the securities, including, to the extent applicable:

the name or names of any agents or underwriters;
the purchase price of the securities being offered and the proceeds we will receive from the sale;
any over-allotment options under which underwriters may purchase additional securities from us;
any agency fees or underwriting discounts and other items constituting agents' or underwriters' compensation;
any public offering price;
any discounts or concessions allowed or reallocated or paid to dealers; and
any securities exchanges or markets on which such securities may be listed.

We may distribute the securities from time to time in one or more transactions at:

fixed price or prices, which may be changed from time to time;
market prices prevailing at the time of sale;
prices related to such prevailing market prices; or
negotiated prices.

Agents

We may designate agents who agree to use their reasonable efforts to solicit purchases of our securities for the period of their appointment or to sell our securities on a continuing basis. We will name any agent involved in the offering and sale of securities and we will describe any commissions we will pay the agent in the applicable prospectus supplement.

Underwriters

If we use underwriters for a sale of securities, the underwriters will acquire the securities for their own account. The underwriters may resell the securities in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The obligations of the underwriters to purchase the securities will be subject to the conditions set forth in the applicable underwriting agreement. Subject to certain conditions, the underwriters will be obligated to purchase all the securities of the series offered if they purchase any of the securities of that series. We may change from time to time any public offering price and any discounts or concessions the underwriters allow or reallow or pay to dealers. We may use underwriters with whom we have a material relationship. We will describe the nature of any such relationship in any applicable prospectus supplement naming any such underwriter. Only underwriters we name in the prospectus supplement are underwriters of the securities offered by the prospectus supplement.

We may provide agents and underwriters with indemnification against civil liabilities related to offerings under this prospectus, including liabilities under the Securities Act, or contribution with respect to payments that the agents or underwriters may make with respect to these liabilities.

Direct Sales

We may also sell securities directly to one or more purchasers without using underwriters or agents. Underwriters, dealers and agents that participate in the distribution of the securities may be underwriters as defined in the Securities Act, and any discounts or commissions they receive from us and any profit on their resale of the securities may be treated as underwriting discounts and commissions under the Securities Act. We will identify in the applicable prospectus supplement any underwriters, dealers or agents and will describe their compensation. We may have agreements with the underwriters, dealers and agents to indemnify them against specified civil liabilities, including liabilities under the Securities Act. Underwriters, dealers and agents may engage in transactions with or perform services for us in the ordinary course of their businesses.

Trading Markets and Listing of Securities

Unless otherwise specified in the applicable prospectus supplement, each class or series of securities will be a new issue with no established trading market, other than our common stock, which is currently listed on the NYSE MKT. We may elect to list any other class or series of securities on any exchange or market, but we are not obligated to do so. It is possible that one or more underwriters may make a market in a class or series of securities, but the underwriters will not be obligated to do so and may discontinue any market making at any time without notice. We cannot give any assurance as to the liquidity of the trading market for any of the securities.

Stabilization Activities

Any underwriter may engage in overallotment, stabilizing transactions, short covering transactions and penalty bids in accordance with Regulation M under the Exchange Act. Overallotment involves sales in excess of the offering size, which create a short position. Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. Short covering transactions involve purchases of the securities in the open market after the distribution is completed to cover short positions. Penalty bids permit the underwriters to reclaim a selling concession from a dealer when the securities originally sold by the dealer are purchased in a covering transaction to cover short positions. Those activities may cause the price of the securities to be higher than it would otherwise be. If commenced, the underwriters may discontinue any of these activities at any time.

Passive Market Making

Any underwriters who are qualified market makers on the NYSE MKT may engage in passive market making transactions in the securities on the NYSE MKT in accordance with Rule 103 of Regulation M, during the business day prior to the pricing of the offering, before the commencement of offers or sales of the securities. Passive market makers must comply with applicable volume and price limitations and must be identified as passive market makers. In general, a passive market maker must display its bid at a price not in excess of the highest independent bid for such security. If all independent bids are lowered below the passive market maker's bid, however, the passive market maker's bid must then be lowered when certain purchase limits are exceeded.

FINRA Matters

In compliance with the guidelines of the Financial Regulatory Authority, or FINRA, the maximum aggregate value of all compensation to be received by any FINRA member or independent broker-dealer will not exceed 8% of the gross proceeds from the sale of securities pursuant to this prospectus and any applicable prospectus supplement.

If more than 10% of the net proceeds of any offering of securities made under this prospectus will be received by FINRA members participating in the offering or affiliates or associated persons of such FINRA members, the offering will be conducted in accordance with FINRA Conduct Rule 5110(h).

LEGAL MATTERS

The validity of the securities being offered by this prospectus will be passed upon for us by Breakwater Law Group, LLP, Del Mar, California. If the validity of any securities is also passed upon by counsel any underwriters, dealers or agents, that counsel will be named in the prospectus supplement relating to that specific offering.
