**REPORT OF INDEPENDENT AUDITORS**

To the Investment Committee of BP Corporation North America Inc.

We have audited the accompanying statements of assets available for benefits of the BP Capital Accumulation Plan as of December 31, 2002 and 2001, and the related statement of changes in assets available for benefits for the year ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our

responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for benefits of the Plan at December 31, 2002 and 2001, and the changes in its assets available for benefits for the year ended December 31, 2002, in conformity with accounting principles generally accepted in the United States.

**NOTES TO FINANCIAL STATEMENTS**

**1. DESCRIPTION OF PLAN**

Atlantic Richfield Company (the “Company”) established the Atlantic Richfield Capital Accumulation Plan (the “Plan”) effective July 1, 1988. The Company is an indirect wholly owned subsidiary of BP p.l.c. (“BP”). As of the close of business on December 31, 2001, the Plan was amended and renamed the BP Capital Accumulation Plan. Effective with this amendment, only the represented employees at the Los Angeles, California refinery are eligible to participate in the Plan. Net assets applicable to employees not part of this employee group were transferred to the BP Employee

Savings Plan. Effective January 1, 2002, the Plan was amended and restated to conform to changes in the Internal Revenue Code (“IRC”).

The following brief description of the Plan is provided for general information only. Unless otherwise indicated, all descriptions in these notes relate to the Plan as it existed in 2002. Participants should refer to the Plan document for more complete information. The Plan is a defined contribution plan, which is subject to and complies with the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Company reserves the right to amend or terminate the Plan at any time.

The purpose of the Plan is to encourage eligible employees to regularly save part of their earnings and to assist them in accumulating additional security for their retirement. The Plan provides that participant contributions and Company matching contributions be held in a trust by an independent trustee for the benefit of participating employees. Plan assets are held in the BP Master Trust for Employee Savings Plans (the “Master Trust”). The trustee of the Master Trust is State Street Bank and Trust Company.

Fidelity Investments Institutional Services Company, Inc. is the Plan’s recordkeeper. BP Corporation North America Inc. (an indirect wholly owned subsidiary of BP) is the Plan sponsor and its Senior Vice President, Human Resources is the Plan administrator.

Under the Plan, participants may contribute up to a certain percentage of their base pay. Participants may elect to invest in numerous investment fund options offered under the Plan. The Company makes matching contributions to the participant’s account at 160% of the participant’s contribution, up to a maximum Company contribution of 8% of the participant’s base salary. Company contributions are initially invested in the BP Stock Fund. Participants may also rollover amounts representing distributions from other qualified plans. Participants may elect to sell any portion of their investment fund(s) and reinvest the proceeds in one or more of the other available investment alternatives. There are no restrictions on the number of transactions a participant may authorize during the year.

## **BP CAPITAL ACCUMULATION PLAN**

---

### **NOTES TO FINANCIAL STATEMENTS (continued)**

#### **1. DESCRIPTION OF PLAN (continued)**

All contributions and earnings are fully and immediately vested and nonforfeitable. The benefit to which a participant is entitled is the benefit which can be provided by the participant’s account balance.

All reasonable and necessary Plan administrative expenses are paid out of the Master Trust or paid by the Company. Generally, fees and expenses related to investment management of each investment option are paid out of the respective funds. As a result, the returns on those investments are net of the fees and expenses of the managers of those investment options and certain other brokerage commissions and other fees and expenses incurred in connection with those investment options.

#### **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Method of Accounting.** The financial statements of the Plan are prepared under the accrual method of accounting.

**Estimates.** The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires estimates and assumptions that affect certain reported amounts. Actual results may differ in

some cases from the estimates.

**Investment Valuation.** All investments of the Master Trust, except as noted below, are stated at fair value generally as determined by quoted closing market prices, if available. Investments in guaranteed investment contracts and synthetic guaranteed investment contracts are valued at contract value because they are fully benefit responsive. The Master Trust's interest in the guaranteed investment contracts and synthetic guaranteed investment contracts with managed portfolio companies and insurance companies represents the maximum potential credit loss from concentrations of credit risk associated with its investment in these contracts. Money market investments and loans to participants are valued at cost which approximates fair value. Other investments for which no quoted closing market prices are available are valued at fair value as determined by the trustee based on the advice of its investment consultants.

### **3. PARTICIPANT LOANS**

Participants are eligible to borrow from their account balances in the Plan. Loans are made in the form of cash and the amount may not exceed the lesser of 50 percent of the market value of the participant's accounts or \$50,000 less the highest loan balance outstanding during the preceding twelve months. The interest rate charged is a fixed rate equal to the average prime rate reported in The Wall Street Journal as of the last business day of the month preceding the

#### **3. PARTICIPANT LOANS (continued)**

date the loan application is received. A processing fee of \$35 is charged for each new loan. Repayment of loan principal and interest is generally made by payroll deductions and credited to the participant's account.

#### **4. INCOME TAX STATUS**

The Plan has received a determination letter from the Internal Revenue Service dated May 14, 1998, with respect to its qualified status under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended and restated since receiving the determination letter. However, the Plan administrator and the Company's tax counsel believe the Plan continues to meet the applicable tax qualification requirements of the IRC. The Plan sponsor reserves the right to make any amendments necessary to maintain the qualification of the Plan and trust.

#### **5. MASTER TRUST**

All investment assets of the Plan are held in the Master Trust with the assets of other BP sponsored savings plans.

The beneficial interest of the plans in the Master Trust is adjusted daily to reflect the effect of income collected and accrued, realized and unrealized gains and losses, contributions and withdrawals, and all other transactions. The Master Trust constitutes a single investment account as defined in the master trust reporting and disclosure rules and regulations of the Department of Labor.

**BP CAPITAL ACCUMULATION PLAN**

---

**NOTES TO FINANCIAL STATEMENTS (continued)**

**MASTER TRUST (continued)**

As of December 31, 2002 and December 31, 2001 the Plan's percentage interest in the Master Trust was 1.02% and 0.93%, respectively. The net assets of the Master Trust as of December 31, 2002 and December 31, 2001, and changes in net assets of the Master Trust for the year ended December 31, 2002 are as follows:

**NET ASSETS**

(thousands of dollars)

	December 31,
