ITEM 7.01. Regulation FD Disclosure

Beginning on June 11, 2014, and at certain other times thereafter, Rayonier Inc. (“Rayonier”) and Rayonier Advanced Materials Inc. (“Rayonier Advanced Materials”) intend to use or otherwise provide the presentation materials attached to this Current Report on Form 8-K as Exhibit 99.1 and Exhibit 99.2, respectively, which exhibits are incorporated herein by reference, in connection with webcasts, presentations or other communications with various investors or securities market professionals.

The information in Item 7.01 of this Current Report on Form 8-K, including Exhibit 99.1 and Exhibit 99.2, is being furnished and shall not be deemed “filed” for purposes of Section 18 of the U.S. Securities Exchange Act of 1934, as amended (the “Exchange Act”), or otherwise subject to the liabilities of that section, nor shall it be deemed to be incorporated by reference in any registration statement or other document filed under the U.S. Securities Exchange Act of 1933, as amended, or the Exchange Act, except as otherwise expressly stated in such filing.

Certain statements in the presentations attached to this Current Report on Form 8-K as Exhibit 99.1 and Exhibit 99.2 and incorporated herein by reference regarding anticipated financial, legal or other outcomes including business and market conditions, outlook and other similar statements relating to Rayonier's and Rayonier Advanced Materials' future events, developments or financial or operational performance or results, are "forward-looking statements" made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and other federal securities laws. These forward looking statements are identified by the use of words such as "may," "will," "should," "expect," "estimate," "believe," "intend," "anticipate" and other similar language. However, the absence of these or similar words or expressions does not mean that a statement is not forward-looking. While management believes that these forward-looking statements are reasonable when made, forward-looking statements are not guarantees of future performance or events and undue reliance should not be placed on these statements.

Although Rayonier believes that the expectations reflected in any forward-looking statements are based on reasonable assumptions, it can give no assurance that these expectations will be attained and it is possible that actual results may differ materially from those indicated by these forward-looking statements due to a variety of risks and uncertainties. Such risks and uncertainties include, but are not limited to: uncertainties as to the timing of the spin-off of Rayonier Advanced Materials and whether it will be completed, the possibility that various closing conditions for the spin-off may not be satisfied or waived, the expected tax treatment of the spin-off, the impact of the spin-off on the businesses of Rayonier and Rayonier Advanced Materials, the ability of both companies to meet debt service requirements, the availability and terms of financing and expectations of credit rating. Other important factors are described in Rayonier's most recent Form 10-K and 10-Q reports on file with the Securities and Exchange Commission and in Rayonier Advanced Materials' Registration Statement on Form 10 that could cause actual results or events to differ materially from those expressed in forward-looking statements that may have been made in this document. Neither Rayonier nor Rayonier Advanced Materials assumes any obligation to update these statements except as required by law.
