## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Plan Participants and the Associate Benefits Committee of Big Lots Savings Plan:

### Opinion on the Financial Statements

We have audited the accompanying statements of net assets available for benefits of the Big Lots Savings Plan (the “Plan”) as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes and schedules (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2017 and 2016, and the changes in its net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

### Basis for Opinion

These financial statements are the responsibility of the Plan’s management. Our responsibility is to express an opinion on the Plan’s financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures, included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

### Supplemental Information

The accompanying supplemental information contained in Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2017, have been subjected to audit procedures performed in conjunction with the audit of the Plan’s financial statements. The information in the supplemental schedules is the responsibility of the Plan’s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental schedules. In forming our opinion on the information, we evaluated whether such information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement

Income Security Act of 1974. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

/s/ Ary Roepcke Mulchaey, P.C.

We have served as the Plan's auditor since 2007.

Big Lots Savings Plan  
NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2017 AND 2016

---

## A. PLAN DESCRIPTION

The following description of the Big Lots Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

**General** - The Plan is a defined contribution plan covering all U.S. employees of Big Lots, Inc. and its subsidiaries (the “Company”) who have completed six months of consecutive service. Eligible employees may begin participation on the first day following satisfaction of eligibility requirements. Prior to January 1, 2017, employees must have completed a year of employment with 1,000 or more hours of service and be at least 21 years of age to be eligible.

The purpose of the Plan is to encourage employee savings and to provide benefits to participants in the Plan upon retirement, death, disability, or termination of employment. The Plan is intended to be qualified under Section 401(a) of the Internal Revenue Code of 1986, as amended (the “Code”), and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

**Amendment** - The Plan was amended effective January 1, 2017, to among other things; 1) change eligibility as noted under “General” above, and 2) change the matching contribution as noted under “Contributions” below.

**Trustee** - Fidelity Management Trust Company (the “Trustee”) became the Trustee and Plan Administrator of the Plan on January 13, 2016. Prior to January 13, 2016, the trustee of the Plan was Wells Fargo, NA.

**Administration** - The Company has established the Associate Benefits Committee that is responsible for the general operation and administration of the Plan. The Company is the Plan sponsor and a fiduciary of the Plan as defined by ERISA. The Trustee provides recordkeeping services to the Plan.

### Contributions

**Company Matching Contributions** - Effective January 1, 2017, the Company will provide a safe harbor matching contribution of 100% on the first three percent and 50% on the next two percent of the participant’s voluntary tax-deferred, after-tax Roth, and catch up contributions based on the participant’s annual eligible compensation. A participant must complete twelve months of consecutive service to participate in the safe harbor matching contribution. Prior to January 1, 2017, the Company provided a discretionary contribution of 100% of the first two percent and 50% of the next four percent of participant’s voluntary contributions who (a) was an active participant and employed by the Company on December 31 of the Plan year (including a participant who was on approved leave of absence or layoff), or (b) who retired, became disabled, or died during the Plan year.

**Company Profit Sharing Contributions** - The Company may contribute a profit sharing contribution at the option of the Company’s Board of Directors. No profit sharing contributions were made in 2017 or 2016.

**Participant Voluntary Contributions** - Participants may elect to make a voluntary tax-deferred or after-tax Roth contribution up to 75% of their annual eligible compensation, as defined in the Plan. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Voluntary tax-deferred or after-tax Roth contributions are limited by section 402(g) of the Code to an annual maximum of \$18,000 in 2017 and 2016. Additional contributions of up to \$6,000 in 2017 and 2016 are allowed under the Code for all eligible participants at least age 50 by the end of the respective Plan years.

Participant Accounts - Each participant account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The amount of the benefit to which a participant is entitled is the amount of the participant's vested account.

Big Lots Savings Plan  
 NOTES TO FINANCIAL STATEMENTS  
 YEARS ENDED DECEMBER 31, 2017 AND 2016

---

Fee Income - Revenue sharing and sub transfer agent fees are credited to those participants who have invested in the funds that generate the fee revenue. As of December 31, 2017 and 2016, there were \$41,111 and \$38,811 of unallocated fee income, respectively.

Administrative Expenses and Fees - Expenses are charged to participant's accounts, excluding those paid directly by the Employer and have been reported in the financial statements as administrative expenses. Brokerage fees, transfer taxes and other expenses incurred in connection with the investments of the Plan's assets increases the cost of investments purchased or deducted from the proceeds of investments sold.

Investments - Participants may direct the investment of their account balance in 1 percent increments into various investment options offered by the Plan. Effective September 1, 2006, the Plan no longer offers shares of the Company's common stock as an investment option. Participants were not required to sell existing shares; however, they can no longer purchase additional shares of the Company's common stock within the Plan. If a participant makes no investment election, all contributions made into such participant's account are invested in the Plan's qualified default investment alternative ("QDIA"). The Plan's QDIA is the age-appropriate American Funds Target Date Retirement Fund, which is selected based on the participant's date of birth. Prior to January 12, 2016 the QDIA was Target Retirement portfolio, which is an investment strategy holding the appropriate Plan underlying funds based on the participant's date of birth.

Vesting - Participants are immediately vested in participant voluntary and rollover contributions, Company safe harbor matching contribution, the Special 2015 Transition contribution, plus actual earnings thereon. Company discretionary matching and profit sharing contributions vest based on years of service, which is a calendar year with 1,000 or more hours of service. A participant is 100 percent vested after five years of credited service as follows:

| Years of Service           | Vested percentage |
|----------------------------|-------------------|
| Less than 2                | —                 |
| At least 2 but less than 3 | 25                |
| At least 3 but less than 4 | 50                |
| At least 4 but less than 5 | 75                |
| 5 or more                  | 100               |

The portion of the Company's matching contribution that is not fully vested will be forfeited.

Benefit Payments - The full value of a participant's account becomes payable upon retirement, disability, or death. Upon termination of employment for any other reason, each participant's account, to the extent vested, becomes payable. Payments are made in the form of a lump-sum payment. Terminated participants whose vested account balances are greater than \$1,000 are permitted to keep their accounts invested in the Plan. Terminated participants aged 70½ or older are required to take minimum annual distributions, in accordance with Section 401(a)(9) of the Code.

Participants whose benefit payments include amounts invested in Employer stock may elect to receive such amounts in cash or in whole shares of Employer securities and cash for any fractional shares.

A participant, upon reaching age 59 ½, may withdraw up to 100% of the participant's vested account balance. A participant may also request a hardship distribution due to an immediate and heavy financial need based on the terms of the Plan.

The Company has the right to terminate or amend the Plan at any time. If the Plan is terminated, participants will become fully vested in their accounts and the Plan assets will be distributed to the participants, after payment of any expenses properly chargeable thereto, in proportion to their respective account balances.

Big Lots Savings Plan  
NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2017 AND 2016

---

**Participant Loans** - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50 percent of their vested account balance. One loan per participant may be outstanding at any time, and the loan term may not exceed five years. Loans are secured by the balance in the participant's account. Loans bear interest at the Prime rate plus one percent using the rate stated in The Wall Street Journal on the first business day of the month in which the loan was taken. Loan repayments, including interest, are typically processed through regular payroll deductions. The loan balance may be paid off by the participant at any time without penalty.

**Forfeited Accounts** - Forfeited nonvested contributions are used to reduce Company matching contributions and pay certain Plan expenses. Employer contributions were reduced by \$205,000 and \$95,000 in 2017 and 2016, respectively, from forfeited nonvested accounts. There were \$35,577 and \$75,267 of unused forfeitures at December 31, 2017 and 2016, respectively.

#### B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting** - The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

**Use of Estimates** - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ materially from those estimates.

**Investments** - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

See "Note C. Fair Value Measurements" below for discussion of fair value measurements.

**Income Recognition** - Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of Benefits** - Benefit payments are recorded when paid.

**Notes from Participants** - Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income from participants is recorded when it is earned. Related loan fees are paid to the Trustee by the fee being deducted from the proceeds of the original loan amount. An allowance for defaulted loans of \$247,180 and \$306,106 has been recorded for December 31, 2017 and 2016, respectively, within benefits paid.

**Subsequent Events** - Management has evaluated events and transactions subsequent to the financial statement date. Based on this evaluation, management is not aware of any events or transactions (other than those disclosed elsewhere) that occurred subsequent to the financial statement date but prior to filing that would require recognition or disclosure in these financial statements.

### C. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (“ASC”) 820, Fair Value Measurement, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to Level 1 and the lowest priority to Level 3.

Level 1, defined as observable inputs such as unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2, defined as observable inputs other than Level 1 inputs. These include quoted prices for similar assets or liabilities in an active market, quoted prices for identical assets and liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each class of assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Common shares: Valued at the closing price reported on the New York Stock Exchange (Level 1).

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded (Level 1).

Common collective trust: Valued at their respective net asset value (“NAV”) as reported by such trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV. Participant transaction (purchases and sales) may occur daily. The Plan does not have any contractual obligations to further invest in this trust. The investment seeks to maintain principle value, protect against market price volatility, obtain consistent income return, and provide liquidity for benefit payments and withdrawals. The common collective trust invests primarily in investment contracts issued by insurance companies, banks, and other financial institutions. This investment is not classified within the valuation hierarchy, but presented for reconciliation purposes only.

These methods may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

#### D. TAX STATUS

The Plan obtained its latest determination letter on April 15, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan was designed in accordance with the applicable requirements of the Code. As qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since the version that the determination letter applies to, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### E. RISKS AND UNCERTAINTIES

The Plan provides for the various investment options. Any investment is exposed to various risks, such as interest rate, credit and overall market volatility risk. These risks could result in a material effect on participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2017 AND 2016

---

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Company terminates or partially terminates the Plan, affected participants would become 100 percent vested in their accounts.

G. PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by the Trustee, its subsidiaries or affiliates. In addition, the Plan holds common shares of the Company and makes loans to participants. These transactions qualify as exempt party-in-interest transactions.
