State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

The Company had requested an interpretation by the staff of the Securities and Exchange Commission of its position regarding the prospective unlocking of assumptions employed in its policyholder benefit reserve liability and unamortized deferred acquisition cost asset and all of the Company's periodic reports were delayed while such request was pending. Although this matter has not yet been concluded, the Company filed its Annual Report on Form 10-K for the year ended December 31, 2005 on March 26, 2007 utilizing its most recent locked in factors in computing its results at December 31, 2005. In preparing its other periodic reports on the same basis, the Company's management became aware of three other issues which must be resolved prior to filing such reports. These issues could have a material effect on the Company's results of operations for one or more of the individual years 2002 through 2005 and require a restatement. Research and review of these issues has further delayed the filing of the Company's outstanding periodic reports.
