FOR IMMEDIATE RELEASE

GRAND ANNOUNCES PROFIT: FOR FOURTH QUARTER AND FISCAL 2003

MONTREAL, CANADA March 30, 2004 -- Grand Toys International, Inc. (NASDAQ - GRIN) announced its results for its fourth quarter and full year ending December 31, 2003. For 2003, the Company reported net earnings for the first time since 1997, as well as increased gross profit, and decreased expenses on lower net sales from 2002.

For fiscal 2003, Grand's gross profit increased by 10.12% from 32.55% in 2002 to 42.67% in 2003, despite a 10.24% decrease in 2003 net sales due to changes in customer and retailer demands. The Company's focus on tighter inventory controls and the addition of higher margin product lines offset the net sales decrease.

For the year ended December 31, 2003, sales were \$11.1 million compared to \$12.3 million in 2002. Net earnings for 2003 were \$1,113,000, or \$0.36 per basic share as compared to a loss of (\$827,000), or (\$0.40) per basic share in 2002. Net earnings improved by \$1,940,000, or over 200% compared with 2002. Grand recorded a gain on discontinued operations of \$498,000 for 2003. Without this gain, net earnings would have been \$615,000, or \$0.20 per basic share. In 2002, Grand recorded a gain on discontinued operations of \$197,000. Without this gain, the net loss would have been (\$1,024,140) or (\$0.50) per basic share

For the year ended December 31, 2003, Grand reported \$704,000 in EBITDA, compared to a negative EBITDA of (\$911,000) in fiscal 2002. Grand reduced operating expenses to \$4,023,000 in 2003 as compared to operating expenses of \$4,927,000 in fiscal 2002. This is an improvement of \$904,000. Operating expenses, as a percentage of sales, decreased from 39.93% for fiscal 2002 to 36.52% for 2003, despite the lower net sales base in 2003.

Grand reported net sales of \$2.3 million in the fourth quarter of 2003 compared to sales of \$3.4 million in the same quarter of 2002. Grand posted net earnings for the fourth quarter were \$0.1 million compared to a loss of (\$0.4) million in 2002, an improvement of \$0.5 million, or over 100% from the comparable quarter of 2002. Basic earnings per share were \$0.03 for the fourth quarter compared to a basic per share loss of (\$0.14) for the comparable period in 2002. Grand recorded a gain on discontinued operations of \$56,000 for the last quarter of 2003 as compared to a gain of \$114,000 in the fourth quarter 2002. Without this gain, net earnings, for 2003, would have been \$81,000, or \$0.02 per basic share. For 2002, Grand's loss before gain recognition would have been (\$501,000) or (\$0.19) per basic share.

Edgar Filing: GRAND TOYS INTERNATIONAL INC - Form 8-K

For the fourth quarter of 2003, Grand reported \$92,000 in EBITDA, compared to a negative EBITDA of (\$475,000) in the same quarter of 2002. Grand reduced operating expenses to \$806,000 in the fourth quarter 2003 as compared to \$1,167,000 in the same quarter of 2002. This is an improvement of \$361,000.

Elliot Bier, Chairman of Grand Toys, commented, "We are pleased that Grand's restructuring efforts have proven successful as evidenced by the Company's 2003 results. We anticipate that the February 2004 re-launch of Lord of the Rings coupled with the June 2004 Spider-Man 2 movie release will lead to profitable sales for the Company. In addition, Grand is looking forward to consummating the Playwell acquisition in the next couple of months which we believe will further strengthen Grand's position in the marketplace.

Founded in 1960, Grand Toys International, Inc. is a premier licensee and distributor of a wide variety of toys and ancillary items in Canada and since January 1999, a supplier of proprietary products in the United States.

In this Press Release, Grand discusses financial measures in accordance with GAAP and also on a non-GAAP basis. Grand's definition of EBITDA is earnings before interest, income taxes, depreciation and amortization. EBITDA does not include gains or losses from the sale of subsidiaries. All references in this press release to EBITDA are to a non-GAAP financial measure. EBITDA, a measure widely used among toy related businesses, is used because management believes that it is an effective way of monitoring the operating performance of our company relative to the industry. Additionally, Grand believes that the use of non-GAAP financial measures enables it and investors to evaluate, and compare from period to period, the results from ongoing operations in a more meaningful and consistent manner.

Reconciliations of GAAP to Non-GAAP financial measures are provided below.
