PART III

Item 10. Directors and Executive Officers of the Registrant

Information regarding executive officers and directors of the company is furnished in Part I of this Annual Report on Form 10-K under the heading "Executive Officers of the Registrant."

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires the Diacrin, Inc.'s (the "Company's") directors, executive officers and persons who own more than ten percent of a registered class of the Company's equity securities to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Officers, directors and greater than ten percent beneficial owners are required to furnish the Company with copies of all Section 16(a) forms that they file.

Based solely on its review of the copies of such reports received or written representations that no other reports were required, the Company believes that, during the fiscal year ended December 31, 2000, its officers, directors and ten-percent stockholders complied with all Section 16(a) filing requirements applicable to such individuals.

On June 19, 2000, all non-employee directors were granted an option to purchase 6,000 shares of Common Stock under the Company's 1997 Stock Option Plan at an exercise price of \$7.88 per share. The options may be exercised on a cumulative basis as to 25% of the shares on the first anniversary of the date of grant and an additional 25% at the end of each one-year period thereafter.

Employment Agreements

The Company has entered into a letter agreement with Dr. Fraser dated February 6, 1990, providing for an annual salary plus bonus as determined by the Board of Directors. The Company has agreed with Dr. Fraser to continue to pay his then current salary for a period of six months if it terminates his employment without cause. Dr. Fraser has also agreed not to compete with the Company for one year following termination of his employment. At the Company's election, this non-competition provision can be extended for an additional two-year period upon the payment of additional consideration.

Compensation Committee Interlocks and Insider Participation

Mr. Termeer serves on the Company's Compensation Committee. In September 1996, the Company formed a joint venture with Genzyme Corporation to develop and commercialize the Company's NeuroCell(TM)-PD and NeuroCell(TM)-HD products for transplantation into patients with advanced Parkinson's disease and Huntington's disease, respectively. Under the terms of the joint venture agreement which was effective October 1, 1996, Genzyme agreed to provide 100% of the first \$10 million in funding and 75% of the following \$40 million in funding for the development and commercialization of the two products. All costs incurred in excess of \$50 million are to be shared equally between the Company and Genzyme in accordance with the terms of the agreement. Any profits of the joint venture will be shared equally by the two parties. Mr. Termeer, a member of the Company's Board of Directors, is President, Chief Executive Officer and Chairman of the Board of Genzyme.
