Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers

(e) Compensatory Arrangements of Certain Officers

On March 2, 2010, the 162(m) subcommittee of the Board of Directors of Avid Technology, Inc. (the “Company”) made modifications to the vesting terms of certain performance-based stock options previously granted to certain of the Company’s named executive officers.

Prior to the modifications, the options were to vest as follows:

50% of the underlying shares vest on a performance-based schedule tied to the Company’s stock price as follows:

50% of these shares vest at the end of the first 20 consecutive trading day period following the grant date during which the Company’s common stock trades at a price per share equal to or greater than \$50.84; and

50% of these shares vest at the end of the first 20 consecutive trading day period following the grant date during which the Company’s common stock trades at a price per share equal to or greater than \$76.26; and

50% of the underlying shares vest on a performance-based schedule tied to the Company’s annual return on equity (“ROE”), as measured by improvements against a baseline ROE. As the Company’s ROE improves from a minimum of 2% over the baseline, an increasing number of shares will vest. The shares vest in full when ROE improves 14% over the baseline. ROE is determined using non-GAAP pre-tax net income as published in the Company’s earnings releases, divided by the average common stockholder equity during the same period. Additionally, these shares vest in full at the end of the first 20 consecutive trading day period following the grant date during which the Company’s common stock trades at a price per share of at least \$101.68. Any shares that are not vested at the end of the seventh calendar year will be forfeited.

The modifications provide that the underlying shares that were to vest based on stock price will also be subject to vesting in accordance with the ROE-based vesting criteria described below, so that such shares could also vest on the achievement of annual ROE targets, as follows:

Annual ROE Targets for the Shares Vesting at	Percentage of Stock Option to Vest	Annual ROE Targets for the Shares Vesting at
\$50.84	20%	\$76.26
5%	35%	10%
6.25%	50%	11.25%
7.50%	75%	12.50%
8.75%	100%	13.75%
10%		15%

The following table sets forth the options held by the Company’s named executive officers that were affected by the modifications:

Executive	Award Grant Date	Number of Shares Underlying Modified Performance-Based Options that Vest at a Share Price of:
-----------	------------------	---
