Notes to Consolidated Financial Statements

(unaudited)

1. Basis of Presentation

The accompanying unaudited, consolidated financial statements of SPAR Group, Inc., a Delaware corporation ("SGRP"), and its subsidiaries (together with SGRP, collectively, the "Company" or the "SPAR Group") have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X.

Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been included in these interim financial statements. However, these interim financial statements should be read in conjunction with the annual consolidated financial statements and notes thereto for the Company as contained in the Company's Annual Report for 2008 on Form 10-K for the year ended December 31, 2008, as filed with the Securities and Exchange Commission (the "SEC") on April 15, 2009, (the "Company's Annual Report for 2008 on Form 10-K"). The Company's results of operations for the interim periods are not necessarily indicative of its operating results for the entire year.

2. Business and Organization

SPAR Group is a diversified international merchandising and marketing services company that provides a broad array of services worldwide to help companies improve their sales, operating efficiency and profits at retail locations. The Company provides merchandising and other marketing services to manufacturers, distributors and retailers worldwide, primarily in mass merchandisers, electronic and drug store chains, convenience and grocery stores, as well as providing related technology services and marketing research. The Company has supplied these products and services in the United States since certain of its predecessors were formed in 1979 and internationally since the Company acquired its first international subsidiary in Japan in May of 2001. Today the Company operates in 12 countries whose populations represent approximately 48% of the total world population, through operations in the United States, Canada, Japan, Turkey, South Africa, India, Romania, China, Lithuania, Latvia, Australia and New Zealand.

Merchandising services primarily consist of regularly scheduled, special project and other product services provided at the store level, and the Company may be engaged by either the retailer or the manufacturer. Those services may include restocking and adding new products, removing spoiled products and resetting categories "on the shelf" in accordance with client or store schematics, confirming and replacing shelf tags, and setting new sale or promotional product displays and advertising and providing in-store event staffing. Other merchandising services include whole store or departmental product sets or resets, including new store openings, new product launches, special seasonal or promotional merchandising, focused product support and product recalls. The Company continues to seek to expand its merchandising and marketing services business throughout the world.

In order to cultivate foreign markets and expand the Company's merchandising and marketing services business outside of the United States, modify the necessary systems and implement the Company's business model worldwide, and insure a consistent approach to the Company's merchandising and marketing efforts worldwide, the Company has divided its world focus into two geographic areas, the United States, which is the sales territory for the Company's Domestic Merchandising Services Division, and International (i.e. all locations outside the United States), which are the sales territories for the Company's International Merchandising Services Division. (See Note 11 – Geographic Data, below.) To that end, the Company also (1) provides and requires all of its locations to use its Internet based operating, scheduling and reporting systems (including language translations, ongoing client and financial reports and ongoing IT support), (2) provides and requires all of its locations to comply with its financial reporting and disclosure controls and procedures, (3) provides accounting and auditing support and tracks and reports certain financial and other information separately for those two divisions, and (4) has management teams in its corporate offices responsible for supporting and monitoring the management, sales, marketing and operations of each of the Company's International subsidiaries and maintaining consistency with the Company's other subsidiaries worldwide.

4. Lines of Credit

In January 2003, the Company (other than SGRP's foreign subsidiaries) and Webster Business Credit Corporation, then known as Whitehall Business Credit Corporation ("Webster"), entered into the Third Amended and Restated Revolving Credit and Security Agreement (as amended, collectively, the "Credit Facility"). The Credit Facility provides for a \$7.0 million revolving line of credit. In March 2007, the credit facility was amended to, among other things, delay the Minimum Fixed Coverage ratio until the fourth quarter 2007, establish an EBITDA covenant and increase the interest rate by 0.25% beginning March 28, 2007. In May 2007, the credit facility was amended to provide for an availability reserve of \$500,000. In August 2007, the credit facility was further amended to reduce the availability reserve to \$250,000 until November 30, 2007. On November 16, 2007, Webster amended the credit facility to extend the availability reserve of \$250,000 indefinitely and to reduce the revolving line of credit from \$7.0 to \$5.0 million. In February 2008, the Credit Facility was amended to establish monthly EBITDA covenants until September 30, 2008, and to set a Fixed Charge Coverage Ratio covenant for the year ended December 31, 2008. In January 2009, the Credit Facility was amended to extend the agreement until March 15, 2009, adjust the interest rate to the greater of 5%, the Alternative Base Rate plus 1% or the 30 day LIBOR plus 2.75% and to increase the limit on the capital expenditures to \$1.3 million. In March 2009, the Credit Facility was further amended to extend the maturity until March 15, 2010, extend the monthly Fixed Charge Coverage Ratio covenant until March 15, 2010, and reset the limit on capital expenditures to \$800,000.

Borrowings are based upon a borrowing base formula as defined in the agreement (principally 85% of "eligible" domestic accounts receivable less certain reserves). The Credit Facility is secured by all of the assets of the Company's domestic subsidiaries. The Credit Facility also limits certain expenditures, including, but not limited to, capital expenditures and other investments.

SPAR Group, Inc. and Subsidiaries

Notes to Consolidated Financial Statements

(unaudited)

In addition, Mr. Robert G. Brown, a Director, the Chairman and a major stockholder of SGRP, and Mr. William H. Bartels, a Director, the Vice Chairman and a major stockholder of SGRP, have provided personal guarantees of the Credit Facility totaling \$1.0 million.

The basic interest rate under the Credit Facility is the greater of i) Webster's "Alternative Base Rate" plus 1.0% per annum, which automatically changes with each change made by Webster in such Alternative Base Rate, ii) LIBOR plus 2.75% per annum, or iii) the minimum rate imposed by Webster of 5% per annum. The actual average interest rate under the Credit Facility was 5% per annum for the nine months ended September 30, 2009. The Credit Facility is secured by substantially all of the assets of the Company (other than SGRP's foreign subsidiaries and their assets).

The domestic revolving loan balances outstanding under the Credit Facility were approximately \$3.3 million and \$4.0 million at September 30, 2009, and December 31, 2008, respectively. As of September 30, 2009, the Company had unused availability under the Credit Facility of \$47,000 out of the remaining maximum \$1.7 million unused revolving line of credit.

Because of the requirement to maintain a lock box arrangement with Webster and Webster's ability to invoke a subjective acceleration clause at its discretion, borrowings under the Credit Facility are classified as current at September 30, 2009, and December 31, 2008.

The Webster Credit Facility contains certain restrictive covenants. At September 30, 2009, the Company was in compliance with the covenants and does not expect to be in violation at future measurement dates. However, there can be no assurances that the Company will not be in violation of certain covenants in the future and should the Company be in violation; there can be no assurances that Webster will issue waivers for any future violations.

The Japanese subsidiary SPAR FM Japan, Inc. has a line of credit agreement totaling 100 million Yen or approximately \$1.1 million (based upon the exchange rate at September 30, 2009). At September 30, 2009, SPAR FM Japan, Inc. had 27 million Yen or \$300,000 outstanding under the line of credit and there was no outstanding balance at December 31, 2008 (based upon the exchange rate at that date). The average interest rate was 1.48% per annum for the nine months ended September 30, 2009.

In 2008, the Australian subsidiary, SPARFACTS Australia Pty. Ltd., entered into a revolving line of credit arrangement with Commonwealth Bank of Australia (CBA) for \$2.0 million (Australian), or approximately \$1.7 million (based upon the exchange rate at September 30, 2009). At September 30, 2009, SPARFACTS Australia Pty. Ltd. had \$476,000 (Australian) or \$416,000 outstanding under the line of credit and at December 31, 2008, SPARFACTS Australia Pty. Ltd. had \$1.4 million (Australian), or approximately \$1.0 million, outstanding under the line of credit (based upon the exchange rate at those dates). The average interest rate was 8.49% per annum for the nine months ended September 30, 2009.

On October 20, 2006, SPAR Canada Company, a wholly owned subsidiary, entered into a secured credit agreement with Royal Bank of Canada providing for a Demand Operating Loan for a maximum borrowing of \$750,000 (Canadian) or approximately \$691,000 (based upon the exchange rate at September 30, 2009). The Demand Operating Loan provides for borrowing based upon a formula as defined in the agreement (principally 75% of eligible accounts receivable less certain deductions) and a minimum total debt to tangible net worth covenant. On March 28, 2008, Royal Bank of Canada amended the secured credit agreement to reduce the maximum borrowing of \$500,000 (Canadian) however, in October 2008; Royal Bank of Canada reinstated the loan limit to \$750,000 (Canadian). The outstanding balances under the line of credit agreement were \$415,000 (Canadian) or \$383,000 and \$691,000 (Canadian) or \$565,000 at September 30, 2009, and December 31, 2008, respectively (based upon the exchange rate at those dates). The average interest rate was 3.25% per annum for the nine months ended September 30, 2009.

SPAR Group, Inc. and Subsidiaries**Notes to Consolidated Financial Statements****(unaudited)****5. Capital Lease Obligations**

In 2007, the Company capitalized certain equipment leases. The economic substance of the leases is such that the Company is financing the acquisition of the assets through the leases. The equipment has a cost of \$582,000, accumulated depreciation of \$476,000 and a net book value of \$106,000 at September 30, 2009. The accumulated depreciation and net book value as of December 31, 2008, was \$330,000 and \$252,000, respectively.

Annual future minimum lease payments required under the leases, together with their present value as of September 30, 2009, are as follows (in thousands):

<u>Year Ending</u> <u>December 31:</u>	<u>Amount</u>
2009	\$ 56
2010	102
	158
Less amount representing interest	24
Present value of net minimum lease payments	134
Less current portion included with other current liabilities	129
Long-term portion included with other long-term liabilities	\$ 5

6. Related-Party Transactions

Mr. Robert G. Brown, a Director, the Chairman and a major stockholder of SGRP, and Mr. William H. Bartels, a Director, the Vice Chairman and a major stockholder of SGRP, are executive officers and the sole stockholders and directors of SPAR Marketing Services, Inc. ("SMS"), SPAR Management Services, Inc. ("SMSI"), and SPAR InfoTech, Inc. ("SIT").

SMS and SMSI provided 99% of the Company's domestic merchandising specialists field force for both the nine months ended September 30, 2009 and 2008, respectively, and they also provided 84% and 86% of the Company's domestic field management, at a total cost to the Company of approximately \$10.4 million and \$13.0 million for the nine months ended September 30, 2009, and 2008, respectively. Pursuant to the terms of the Amended and Restated Field Service Agreement dated as of January 1, 2004, as amended on September 24, 2008 (the "Field Services Agreement"), SMS provides merchandising services to the Company through the use of approximately 4,500 of its field force of merchandising specialists. Pursuant to the terms of the Amended and Restated Field Management Agreement dated as of January 1, 2004, SMSI provides 60 full-time national, regional and district managers to the Company. For those services, the Company has agreed to reimburse SMS and SMSI for all of their costs of providing those services and to pay SMS and SMSI each a premium equal to 4% of their respective costs (the "Plus Compensation"). SMS and the Company agreed to provide a temporary price concession by lowering the Plus Compensation rate by one percentage point, from 4% to 3%, effective January 1, 2009, continuing through December 31, 2009, at which time the Plus Compensation rate will be re-instated to 4%. The total Plus Compensation (3% of the costs of SMS and SMSI for 2009 and 4% for 2008) earned by SMS and SMSI for services rendered was approximately \$296,000 and \$515,000 for the nine months ended September 30, 2009, and 2008, respectively.

The Company has continued to purchase those services because it believes the terms it receives from them are at least as favorable to the Company than it could obtain from non-affiliated providers of similar services. The Company periodically engages an outside firm to conduct a survey of fees and rates charged by comparable national labor sourcing firms to serve as a comparison to the rates charged by such affiliates. The most recent such survey showed that the rates negotiated with the Affiliates are in fact slightly less than those charged by unrelated vendors providing similar services. For the three months ended September 30, 2009 and 2008, the Company's cost of revenue would have increased by \$123,000 and \$112,000 respectively, and for the nine months ended September 30, 2009 and 2008, the Company's cost of revenue would have increased by \$363,000 and \$456,000 respectively, if the Company would have instead used an unaffiliated entity to provide comparable services at the surveyed rates. All affiliate contracts are reviewed and approved by SGRP's Audit Committee, as described below.

Notes to Consolidated Financial Statements

(unaudited)

The Company has been advised that Messrs. Brown and Bartels are not paid any salaries as officers of SMS or SMSI so there were no salary reimbursements for them included in such costs or premium. However, since SMS and SMSI are "Subchapter S" corporations and are owned by Messrs. Brown and Bartels, all income from SMS and SMSI is allocated to them.

SIT provided substantially all of the Internet computer programming services purchased by the Company at a total cost of \$446,000 and \$536,000 for the nine months ended September 30, 2009 and 2008, respectively. SIT provided approximately 17,000 and 18,000 hours of Internet computer programming services to the Company for the nine months ended September 30, 2009 and 2008, respectively. Pursuant to the Amended and Restated Programming and Support Agreement dated as of September 15, 2007, SIT continues to provide programming services to the Company for which the Company has agreed to pay SIT competitive hourly wage rates for time spent on Company matters and to reimburse the related out-of-pocket expenses of SIT and its personnel. The average hourly billing rate was \$26.44 and \$29.42 for the nine months ended September 30, 2009 and 2008, respectively. The Company has been advised that no hourly charges or business expenses for Messrs. Brown and Bartels were charged to the Company by SIT for the nine months ended September 30, 2009 and 2008, respectively. However, since SIT is a "Subchapter S" corporation and is owned by Messrs. Brown and Bartels, all income of SIT is allocated to them.

In November 2004 and January 2005 and as amended in May 2005, the Company entered into separate operating lease agreements between SMS and the Company's wholly-owned subsidiaries, SPAR Marketing Force, Inc. ("SMF") and SPAR Canada Company ("SPAR Canada").

By March 31, 2008, all of the operating leases noted above had expired. Both SMF and SPAR Canada elected to notify SMS of their intention to continue to lease the equipment for an additional twelve month period. On September 24, 2008, SMS entered into a Bill of Sale and Lease Termination agreement with SMF and SPAR Canada, pursuant to which the parties terminated those leases and SMF purchased from SMS the equipment SMF leased under its existing equipment lease pursuant to its option thereunder and the equipment SPAR Canada leased under its existing equipment lease (with SPAR Canada's consent), for a total purchase price of \$500,000 (the fair market value of the hand held computer units so purchased). SGRP's Audit Committee and Board of Directors each reviewed and approved this affiliated transaction, including (without limitation) the terms of the Bill of Sale and the affiliated relationship of the parties.

In July 2008, the Company (through SMF) entered into a new Master Lease Agreement with SMS, and in July and September of 2008 entered into new separate operating leases with SMS pursuant to Equipment Leasing Schedules under that Master Lease Agreement. Each operating lease has a 36 month term and representations, covenants and defaults customary for the leasing industry and substantially the same as those in the SMS leases in 2004 and 2005. The leases are for a total of 240 handheld computers to be used by field merchandisers in the performance of various merchandising and marketing services in the United States and have a total monthly payment of \$11,067. These handheld computers had an original purchase price of \$401,188. The monthly payments are based upon a lease factor of 3.1%.

In July 1999, SMF, SMS and SIT entered into a software ownership agreement providing that each party independently owned an undivided share of and had the right to unilaterally license and exploit their “Business Manager” Internet job scheduling software (which had been jointly developed by such parties), and all related improvements, revisions, developments and documentation from time to time made or procured by any of them. In addition, SPAR Trademarks, Inc. (“STM”), SMS and SIT entered into separate trademark licensing agreements whereby STM has granted non-exclusive royalty-free licenses to SIT and SMS (and through them to their commonly controlled subsidiaries and affiliates by sublicenses, including SMSI through SMS) for their continued use of the name “SPAR” and certain other trademarks and related rights transferred to STM, a wholly owned subsidiary of SGRP.

On March 31, 2008, and September 24, 2008, the pension plans of Mr. Brown and Mr. Bartels purchased an aggregate of 554,402 shares of SGRP’s Series A Preferred Stock (which are convertible without further consideration into shares of SGRP’s common stock on a one-for-one basis at the request of the holders) from SGRP at the market prices for SGRP’s common stock at such purchase times (see Note 16 - Preferred Stock).

On August 6, 2009, the Board of Directors and its Audit Committee approved, in principal, the purchase of 51% ownership in S.C. SPAR City S.R.L., a Romanian marketing services company, from SPAR InfoTech, Inc., an affiliated company (“SIT”), for a cost of \$61,876, which was the fair market value of SIT’s interest in the company as of June 30, 2009. The purchase by the Company of SIT’s 51% ownership in such new Romanian subsidiary was effective as of July 1, 2009, for purposes of the consolidation of the new Romanian subsidiary into the Company’s financial statements.

Edgar Filing: SPAR GROUP INC - Form 10-Q

The Company, SMS, SMSI and SIT participate in various benefit plans, insurance policies and similar group purchases by the Company, for which the Company charges them their allocable shares of the costs of those group items and the actual costs of all items paid specifically for them. All transactions between the Company and the above affiliates are paid and/or collected by the Company in the normal course of business.

In addition to the above, through the services of Affinity Insurance, Ltd. ("Affinity"), the Company purchases insurance coverage for its casualty and property insurance risk. The Company's Chairman and Vice Chairman own, through SMSI, a minority (less than 1 %) equity interest in Affinity.

SGRP's Audit Committee periodically reviews and has approved all of the related party relationships and transactions described above. As required by and in accordance with its Charter and the Company's Code of Ethical Conduct, NASDAQ rules and applicable law, the Audit Committee reviews each material related party transaction for its overall fairness to the Company, both initially and periodically (often annually), which review includes (without limitation) the costs and benefits to the Company, the other terms of the transactions, the affiliated relationship of the parties, and whether the overall economic and other terms are (or continue to be) no less favorable to the Company than would be the case with an unrelated provider of substantially similar services.

7. Stock-Based Compensation

SGRP grants options to purchase shares of common stock issued by SGRP to its directors, officers, employees and certain employees of its affiliates pursuant to its 2008 Stock Compensation Plan, as amended (the "2008 Plan"), and has granted stock options under various predecessor plans that continue to be outstanding. SGRP has the authority to issue other types of stock-based awards under the 2008 Plan, but to date has not done so. The Company accounts for its employee and affiliate employee stock option expense as compensation expense in the Company's financial statements when the stock options are granted. Share-based compensation cost is measured on the grant date, based on the fair value of the award calculated at that date, and is recognized over the requisite service period, which generally is the options' vesting period. Fair value is calculated using the Black-Scholes option pricing model. The options granted have a ten (10) year life and vest over four-year periods at a rate of 25% per year, beginning on the first anniversary of the date of grant.

On August 6, 2009, 330,000 new stock option grants were issued to employees, officers, and certain employees of its affiliate at an exercise price of \$0.40, which represents the fair market value of a share of the Corporation's common stock on August 6, 2009, as determined in accordance with the Corporation's 2008 Stock Compensation Plan. The estimated stock compensation expense is \$93,000 and \$42,000 for employees and non-employees, respectively, which will be recognized ratably over the four-year vesting period.

At the 2009 annual meeting on May 28, 2009, the stockholders of SGRP approved an amendment (the "Repricing Amendment") to the 2008 Plan that gives the Compensation Committee of SGRP's Board of Directors (the "Compensation Committee") the full authority and complete flexibility from time to time to designate and modify (in its discretion) one or more of the outstanding stock options or other awards (including their exercise prices and other terms) to (among other things) restore their intended values and incentives to their holders. No further consent of SGRP's stockholders is required for any repricing or other modification of any award pursuant to the Repricing Amendment. The Repricing Amendment permits changes in all outstanding stock options and other awards, including those previously issued under predecessor plans. However, no modification can adversely affect an awardee's rights or obligations under an award without the awardee's consent.

On August 6, 2009, in order to restore the intended value and incentives under SGRP's outstanding stock options as permitted by the Repricing Amendment, the Compensation Committee and Board approved a plan to offer to its employees, officers, directors, consultants and retirees the opportunity to surrender options on approximately 2.1 million shares of the Corporation's common stock in exchange for repriced replacement options ("New Option Contracts") in the same amount as the surrendered option shares except for those surrendered by outside directors, who will receive fewer replacement shares.

The Corporation detailed such plan in its Offer to Exchange Certain Outstanding Stock Options for New Stock Options dated August 24, 2009 (including its exhibits and incorporated documents, the "Exchange Offer"), as filed with the SEC in its Schedule TO on August 25, 2009.

On September 24, 2009, pursuant to the Company's Exchange Offer: eighty-one of the Corporation's eligible officers, employees and consultants voluntarily surrendered for exchange and cancellation their existing option contracts to purchase an aggregate of 1,257,740 shares of the Corporation's common stock, representing approximately 82.5% of the total option shares under all existing option contracts eligible for exchange. Those existing option contracts were accepted for exchange by the Corporation; and in exchange for those surrendered option contracts, the Corporation issued new stock option contracts to them to purchase an aggregate of 1,257,740 shares of the Corporation's common stock ("New Option Contracts"). These New Option Contracts have an exercise price of \$0.40 per share, which represents the fair market value of a share of the Corporation's common stock on August 6, 2009 (their grant date), as determined in accordance with the Corporation's 2008 Stock Compensation Plan and will vest over four (4) years. The incremental compensation expense to the Company is approximately \$92,000 (based on current Black-Scholes computation factors), which will be recognized ratably over the vesting period from August 7, 2009, to August 6, 2013.

Also on September 24, 2009, pursuant to the Company's Exchange Offer: all five of the Corporation's eligible current and retired outside directors voluntarily surrendered for exchange and cancellation their existing option contracts to purchase an aggregate of 530,564 shares of the Corporation's common stock, representing 98.2% of the total option shares under all existing option contracts eligible for exchange by such directors; those existing option contracts were accepted for exchange by the Corporation; and in exchange for those surrendered option contracts, the Corporation issued new stock option contracts to them to purchase an aggregate of 446,000 shares of the Corporation's common stock for exchange and cancellation of their existing option contracts. These new contracts have an exercise price of \$0.40 per share, which represents the fair market value of a share of the Corporation's common stock on August 6, 2009 (their grant date), as determined in accordance with the Corporation's 2008 Stock Compensation Plan, vest immediately, and have no incremental compensation expense to the Company. The number of shares covered by the new stock options received by the outside directors averaged 0.83 new option shares for each surrendered and cancelled option share, which they required to avoid any such incremental compensation expense to the Company from their participation in the repricing exchange.

Based upon the Black-Scholes calculation, share-based compensation expense related to employee stock option grants totaled \$120,000 and \$219,000 for the nine months ended September 30, 2009 and 2008, respectively. Compensation expense related to non-employee stock option grants awarded to the employees of the Company's affiliates was \$27,000 and \$60,000 for the nine months ended September 30, 2009 and 2008, respectively. The unamortized expense as of September 30, 2009, was approximately \$429,000 and \$80,000 for employee and non-employee outstanding stock option grants, respectively. The impact of the total share-based compensation expense on basic/diluted earnings per share was \$0.01 and \$0.01 for both the nine months ended September 30, 2009 and 2008, respectively.

8. Customer Deposits

Customer deposits at September 30, 2009, were \$672,000 (\$49,000 from domestic operations and \$623,000 from international operations) compared to \$582,000 at December 31, 2008 (\$156,000 from domestic operations and \$426,000 from international operations).

9. Commitments and Contingencies

International Commitments

Certain of the Company's international subsidiaries are profitable, while others are operating at a loss. In the event certain subsidiaries have continued losses, the Company may be required (by contract or to preserve its investment) to make additional cash infusions into those subsidiaries.

Legal Matters

Safeway Inc. ("Safeway") filed a Complaint against PIA Merchandising Co., Inc. ("PIA Co."), a wholly owned subsidiary of SPAR Group, Inc. ("SGRP"), Pivotal Sales Company ("Pivotal"), a wholly-owned subsidiary of PIA Co., and SGRP in Alameda County Superior Court, case no. 2001028498 on October 24, 2001. Safeway's claims, as subsequently amended, alleged causes of action for breach of contract and breach of implied contract. PIA Co. and Pivotal filed cross-claims against Safeway on or about March 21, 2002, and amended them on or about October 15, 2002, alleging causes of action by PIA Co. and Pivotal against Safeway for breach of contract, interference with economic relationship, unfair trade practices and unjust enrichment. Trial commenced in March 2006.

On May 26, 2006, the jury in this case returned a verdict resulting in a net award of \$1,307,700 to Pivotal, a SGRP subsidiary. This net award is to be paid by Safeway and resulted from separate jury findings that awarded damages to those SGRP subsidiaries on certain claims and damages to Safeway on other claims. In particular, the jury awarded damages to Pivotal of \$5,760,879 for Safeway's interference with Pivotal's contractual relationships with third party manufacturers and also awarded \$782,400 to Pivotal and PIA Co. for Safeway's breach of contract with those SGRP subsidiaries. The jury awarded damages to Safeway of \$5,235,579 for breach of contract by SGRP and those SGRP subsidiaries. Judgment was entered in favor of Pivotal on August 14, 2006 for \$1,307,700. Both sides filed post trial motions but all post trial motions were denied. Notices of Appeal were thereafter filed by both Safeway and Pivotal/PIA/SGRP. Pivotal/PIA/SGRP is seeking to have Safeway's award overturned, thereby increasing the award to Pivotal by over \$5 million. Safeway is seeking to have overturned the \$5,760,879 award against it for interference with contractual relationships. With the appeals pending, the parties participated in a mediation of the dispute, but it was not successful in resolving the matter. Accordingly, the appeals are proceeding.

Briefing on the appeals commenced in the second quarter of 2008, and the case was fully briefed by April 2009. An oral argument hearing date will be assigned by the California Court of Appeal. The appellate process in the Court of Appeal is expected to last until late 2009. The Company has recorded the net \$1.3 million judgment award in other assets.

In addition to the above, the Company is a party to various other legal actions and administrative proceedings arising in the normal course of business. In the opinion of the Company's management, disposition of these other matters are not anticipated to have a material adverse effect on the financial position, results of operations or cash flows of the Company.

10. Purchase of Interest in Subsidiaries

In July 2009, the Company purchased the remaining 49% ownership in the Company's existing Romanian subsidiary, which currently has minimal operations. As consideration for purchase, the Company forgave \$34,344 of debt owed by the former partner. The Company is currently assessing ongoing business opportunities for this subsidiary.

On August 6, 2009, the Board of Directors and its Audit Committee approved the purchase of the 51% ownership in S.C. SPAR City S.R.L., a Romanian marketing services company, held by SPAR InfoTech, Inc., an affiliated company ("SIT") (see Note 6, Related-Party Transactions), for a cost of \$61,876, which was the fair market value of SIT's interest in the company as of June 30, 2009. The purchase by the Company of SIT's entire 51% ownership in such new Romanian subsidiary was effective as of July 1, 2009, for purposes of the consolidation of the new Romanian subsidiary into the Company's financial statements. The remaining 49% ownership in the new Romanian subsidiary is held by a Romanian party not affiliated with the Company.

SPAR Group, Inc. and Subsidiaries**Notes to Consolidated Financial Statements****(unaudited)**

Effective August 31, 2009, the Company purchased the remaining 50% ownership in the Company's subsidiary in China, SPAR China Limited, at a cost of \$1.00 and its assumption of a working capital loan payable to the previous partner for approximately \$191,000 USD payable in eight monthly installments beginning September 2009. The Company is actively pursuing a new local partner in the merchandising business to purchase a 49% interest in its subsidiary in China.

The effects of the above transactions on the net income attributed to the Company and transfers to the non-controlling interest are as follows (in thousands):

	Three Months Ended September 30, 2009	Nine Months Ended September 30, 2009

11. Geographic Data

The Company operates in the same single business segment (e.g., merchandising and marketing services) in both its Domestic Merchandising Services Division and its International Merchandising Services Division, uses those divisions to improve its operational and strategic focuses, and tracks and reports certain financial information separately for each of those divisions, as described above. (See Note 2 - Business and Organization, above). The Company measures the performance of its Domestic and International divisions and subsidiaries using the same metrics. The primary measurement utilized by management is operating profits, historically the key indicator of long-term growth and profitability, as the Company is focused on reinvesting the operating profits of each of its international subsidiaries back into its local markets in an effort to improve market share and continued expansion efforts. Set forth below are summaries (in thousands) of the Company's net revenues from its United States subsidiaries (*i.e.*, the Domestic Merchandising Services Division) and from its International (non-U.S.) subsidiaries (*i.e.*, the International Merchandising Services Division), net revenue from certain International subsidiaries as a percent of consolidated net revenue, operating income (loss) and long lived assets by geographic area for the three and nine months ended September 30, 2009, and 2008, respectively, and at September 30, 2009, and December 31, 2008, respectively :

13. Foreign Currency Rate Fluctuations

The Company has foreign currency exposure with its international subsidiaries. In both 2009 and 2008, these exposures are primarily concentrated in the Japanese Yen, Australian Dollar and Canadian Dollar. International revenues for the nine months ended September 30, 2009 and 2008 were \$24.5 million and \$30.9 million, respectively. The international division reported a net (loss) income of approximately (\$377,000) and \$394,000 for the nine months ended September 30, 2009 and 2008, respectively.

In those countries where the Company had risk for foreign currency exposure, the total assets were \$6.4 million and total liabilities were \$5.4 million based on exchange rates at September 30, 2009.

14. Interest Rate Fluctuations

The Company is exposed to market risk related to the variable interest rate on its lines of credit, both in its United States subsidiaries (*i.e.*, the Domestic Merchandising Services Division) and in its International (non-U.S.) subsidiaries (*i.e.*, the International Merchandising Services Division). At September 30, 2009, the Company's outstanding lines of credit totaled approximately \$4.4 million, as noted in the table below (in thousands):

Location	Variable Interest Rate ⁽¹⁾	US Dollars ⁽²⁾
United States	5.0%	\$ 3,271
International	1.48% -8.49%	1,098

- (2) Based on exchange rate at September 30, 2009.

SPAR Group, Inc. and Subsidiaries

Notes to Consolidated Financial Statements

(unaudited)

Based on the 2009 average outstanding borrowings under variable-rate debt, a one-percentage point increase in interest rates would negatively impact pre-tax earnings and cash flows for the nine months ended September 30, 2009 by approximately \$30,000.

15. Recently Issued Accounting Standards

In June 2009, the FASB issued Codification and the Hierarchy of Generally Accepted Accounting Principles and establishes the FASB Accounting Standards Codification ("Codification") as the source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with GAAP. Rules and interpretive releases of the Securities and Exchange Commission ("SEC") under authority of federal securities laws are also sources of authoritative GAAP for SEC registrants. The FASB will no longer issue new standards in the form of Statements, FASB Staff Positions, or Emerging Issues Task Force Abstracts; instead the FASB will issue Accounting Standards Updates. Accounting Standards Updates will not be authoritative in their own right as they will only serve to update the Codification. Management has determined that the adoption of these changes will not have an impact on the consolidated financial statements.

In June 2009, the FASB issued Amendments to Consolidation of Variable Interest Entities to require an enterprise to perform an analysis to determine whether the enterprise's variable interest or interests give it a controlling financial interest in a variable interest entity; to require ongoing reassessments of whether an enterprise is the primary beneficiary of a variable interest entity; to eliminate the quantitative approach previously required for determining the primary beneficiary of a variable interest entity; to add an additional reconsideration event for determining whether an entity is a variable interest entity when any changes in facts and circumstances occur such that holders of the equity investment are at risk, as a group, lose the power from voting rights or similar rights of those investments to direct the activities of the entity that most significantly impact the entity's economic performance; and to require enhanced disclosures that will provide users of financial statements with more transparent information about an enterprise's involvement in a variable interest entity. Management has determined that the adoption of these changes will not have an impact on the consolidated financial statements.

In May 2009, the FASB issued Subsequent Events, which establishes general standards of accounting for and disclosure of events that occur after the balance sheet date, but before the financial statements are issued or available to be issued ("subsequent events"). This requires disclosure of the date through which the entity has evaluated subsequent events and the basis for that date. For public entities, this is the date the financial statements are issued. This does not apply to subsequent events or transactions that are within the scope of other GAAP and will not result in significant changes in the subsequent events reported by the Company. The Company evaluated subsequent events through November 13, 2009; the issuance date of the Company's consolidated financial statements.

Other recent accounting pronouncements issued by FASB (including EITF), the AICPA and the SEC did not or are not believed by management to have a material impact on the Company's present or future financial statements.

16. Taxes

In July 2006, the FASB issued an interpretation, *Accounting for Uncertainty in Income Taxes*, now codified as ASC Topic 740, which detailed guidance for the financial statement recognition, measurement and disclosure of uncertain tax positions recognized in an enterprise's financial statements. Tax positions must meet a more-likely-than-not recognition threshold and requires that interest and penalties that the tax law requires to be paid on the underpayment of taxes should be accrued on the difference between the amount claimed or expected to be claimed on the return and the tax benefit recognized in the financial statements. The Company's policy is to record this interest and penalties as additional tax expense. The Company's tax reserves at September 30, 2009 total \$115,000 for potential domestic state tax and federal tax liabilities.

Notes to Consolidated Financial Statements

(unaudited)

SPAR and its subsidiaries file numerous consolidated, combined and separate company income tax returns in the U.S. Federal jurisdiction and in many U.S. state and foreign jurisdictions. With few exceptions, SPAR is subject to U.S. Federal, state and local income tax examinations for the years 2004 through the present. However, tax authorities have the ability to review years prior to the position taken by the Company to the extent that SPAR utilized tax attributes carried forward from those prior years.

17. Preferred Stock

On March 28, 2008, SGRP filed a "Certificate of Designation of Series "A" Preferred Stock of SPAR Group, Inc." (the "Preferred Designation"), creating a series of 3,000,000 shares of Preferred Stock designated as "Series A Preferred Stock" with a par value of \$0.01 per share (the "Preferred Stock"), which designation had been approved by SGRP's Board of Directors (the "Board") on March 27, 2008.

The Preferred Designation provides that each share of Preferred Stock is to be issued at a value equal to the closing bid price of SGRP's common stock (the "Common Stock") immediately preceding the day SGRP and the purchaser(s) entered into a binding commitment to issue and acquire Preferred Stock. The Preferred Stock will accrue a 10% dividend payable in either cash (when permitted by law and Nasdaq and authorized by the Board) or common stock when authorized by the Board (valued at the current market price of a share of common stock at the time paid but not less than the initial purchase price of a share of such preferred). All accrued and unpaid dividends and potential dividends must be paid to the holders of the Preferred Stock before any dividends can be paid to the holders of the Common Stock. The face value (purchase price) of the Preferred Stock and all accrued and unpaid dividends and potential dividends must be paid to the holders of the Preferred Stock before any liquidating distributions can be made to the holders of the Common Stock. The consent of all of the holders of the Preferred Stock is required for SGRP to make any changes in the Preferred Designation or issue any other class of preferred stock senior to or pari passu with the Preferred Stock.

The Preferred Stock is redeemable, at the discretion of SGRP only, for a cash redemption price equal to its face value (purchase price) plus all accrued and unpaid dividends and potential dividends. Each share of Preferred Stock is convertible into one share of Common Stock at the rate of one to one at the option of the holder, which option would be exercisable for so long as the Preferred Stock is outstanding (even if SGRP has elected to redeem). Such a conversion also requires that SGRP satisfy all accrued and unpaid dividends and potential dividends at the same time. The Preferred Stock votes with the Common Stock (no class voting) and have voting rights equal to one vote per share of Preferred Stock.

On March 31, 2008, SGRP, Mr. Brown, Mr. Bartels and SPAR Management Services, Inc. ("SMSI"), an affiliate of SGRP wholly-owned by Mr. Brown and Mr. Bartels (who are officers, directors and significant shareholders of SGRP), entered into a Subscription Agreement to issue and purchase 89,286 shares of Preferred Stock at \$1.12 per share (the closing bid price of SGRP's Common Stock for the most recent trading day available immediately preceding such agreement date) at a cost of \$100,000, in return for (among other things) cash or the reduction of an equivalent debt owed by the Company to SMSI. That agreement listed Mr. Brown and Mr. Bartels as the purchasers of such Preferred Stock rather than listing SMSI as the record purchaser of such Preferred Stock and Mr. Brown and Mr. Bartels as prospective indirect (i.e., beneficial) owners for the benefit of certain non-Company benefit plans in which either Mr. Brown or Mr. Bartels are the trustee and principal beneficiary. On September 30, 2008, SGRP, Mr. Brown, Mr. Bartels and SMSI entered into an Amended and Restated Series A Preferred Stock Subscription Agreement effective as of March 31, 2008 (the "Restated Subscription Agreement"), to more accurately reflect the parties' intentions that SMSI would pay for and acquire record ownership of those shares. SGRP's Audit Committee and Board of Directors each reviewed and approved this affiliated transaction, including (without limitation) the terms of the Restated Subscription Agreement and the affiliated relationship of the parties. The offer and sale of such Preferred Stock have not been registered under the Securities Act or other securities laws, as they were a non-public offer and sale made in reliance upon (among other things) Section 4 (2) of the Securities Act.

Effective September 24, 2008, SGRP and the pension plans of Mr. Brown and Mr. Bartels, SP/R Inc. Defined Benefit Pension Plan, acting through Robert G. Brown, its Trustee, WHB Services, Inc. Defined Benefit Trust, acting through William H. Bartels, its Trustee, and WHB Services, Inc. Investment Savings Trust, acting through William H. Mr. Brown's pension plan acquired 284,237 preferred shares at cost of \$244,444 and Mr. Bartels' pension plans acquired 180,879 preferred shares at a cost of \$155,556. SGRP's Audit Committee and Board of Directors each reviewed and unanimously approved this transaction, including the terms of the Preferred Stock and the affiliated relationship of the parties. The offer and sale of such Preferred Stock have not been registered under the Securities Act or other securities laws, as they were a non-public offer and sale made in reliance upon (among other things) Section 4 (2) of the Securities Act.

Forward-Looking Statements**

Statements contained in this Quarterly Report on Form 10-Q for the nine months ended September 30, 2009 (this "Quarterly Report"), of SPAR Group, Inc. ("SGRP", and together with its subsidiaries, the "SPAR Group" or the "Company"), include "forward-looking statements" (within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act") and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act", and together with the Securities Act, the "Securities Laws")) that are based on the Company's best estimates. In particular and without limitation, this "Management's Discussion and Analysis of Financial Condition, Results of Operations, Liquidity and Capital Resources" contains such forward-looking statements, which are included in (among other places) the discussions respecting net revenues from significant clients, significant chain work and international joint ventures, federal taxes and net operating loss carry forwards, commencement of operations and future funding of international joint ventures, credit facilities and covenant compliance, cost savings initiatives, liquidity and sources of cash availability. Forward-looking statements involve known and unknown risks, uncertainties and other factors that could cause the Company's actual results, performance and achievements, whether expressed or implied by such forward-looking statements, to not occur, to not be realized or to be less than expected. Such forward-looking statements generally are based upon the Company's best estimates of future results, performance or achievement, current conditions and the most recent results of operations. Forward-looking statements may be identified by the use of forward-looking terminology such as "may", "will", "likely", "expect", "intend", "believe", "estimate", "anticipate", "continue" or similar terms, variations of those terms or the negative of those terms. You should carefully consider such risks, uncertainties and other information, disclosures and discussions (including the risk factors described below) containing cautionary statements or identifying important factors that could cause actual results to differ materially from those provided in the forward-looking statements.

You should carefully review this management discussion and analysis together with the risk factors and other cautionary statements contained in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2008, as filed with the Securities and Exchange Commission (the "SEC") on April 15, 2009 (the "Company's Annual Report for 2008 on Form 10-K"), including the risk factors described in Item 1A of that annual report under the caption "Certain Risk Factors" and the changes (if any) in such risk factors described in Item 1A of Part II of this Quarterly Report (collectively, "Risk Factors"), as well as the cautionary statements contained in this Quarterly Report. All forward-looking statements attributable to the Company or persons acting on its behalf are expressly qualified by the Risk Factors and other cautionary statements in this Quarterly Report and in the Company's Annual Report for 2008 on Form 10-K, which are incorporated by reference into this Quarterly Report. Although the Company believes that its plans, intentions and expectations reflected in or suggested by such forward-looking statements are reasonable, the Company cannot assure that such plans, intentions or expectations will be achieved in whole or in part, that it has identified all potential risks or that it can successfully avoid or mitigate such risks in whole or in part. The Company undertakes no obligation to publicly update or revise any forward-looking statements, or any Risk Factors or other cautionary statements, whether as a result of new information, future events or otherwise, except as required by law.

SPAR Group, Inc. and Subsidiaries

Overview

According to industry estimates over two billion dollars is spent annually in the United States alone on retail merchandising and marketing services. The merchandising and marketing services industry includes manufacturers, retailers, food brokers, and professional service merchandising companies. The Company believes that merchandising and marketing services add value to retailers, manufacturers and other businesses and enhance sales by making a product more visible and available to consumers. These services primarily involve placing orders, shelf maintenance, display placement, reconfiguring products on store shelves and replenishing product inventory.

Manufacturers and retailers have been, and SPAR Group believes, will continue to outsource their merchandising and marketing service needs to third parties capable of operating at a lower cost by (among other things) serving multiple manufacturers simultaneously. The Company also believes that it is well positioned, as a domestic and international merchandising and marketing services company, to more effectively provide these services to retailers, manufacturers and other businesses around the world.

In addition, the consolidation of many retailers has created opportunities for third party merchandisers when an acquired retailer's stores are converted to the format of the acquiring retailer. In many cases, stores are completely remodeled and re-merchandised after a consolidation.

SPAR Group believes the current trend in business toward globalization fits well with its expansion model. As companies expand into foreign markets they will need assistance in merchandising or marketing their products. As evidenced in the United States, retailer and manufacturer sponsored merchandising and marketing programs are both expensive and inefficient. The Company also believes that the difficulties encountered by these programs are only exacerbated by the logistics of operating in foreign markets. This environment has created an opportunity for the Company to exploit its Internet-based technology and business model worldwide.

Domestic and International Geographic Divisions:

In order to cultivate foreign markets and expand SPAR Group Inc.'s merchandising and marketing services business outside of the United States, modify the necessary systems and implement its business model worldwide, and insure a consistent approach to its merchandising and marketing efforts worldwide, the Company has divided its world focus into two geographic areas, the United States, which is the sales territory for its Domestic Merchandising Services Division, and International (*i.e.*, all locations outside the United States), which are the sales territories for its International Merchandising Services Division. To that end, the Company also (1) provides and requires all of its locations to use its Internet based operating, scheduling and reporting systems (including language translations, ongoing client and financial reports and ongoing IT support), (2) provides and requires all of its locations to comply with its financial reporting and disclosure controls and procedures, (3) provides accounting and auditing support and tracks and reports certain financial and other information separately for those two divisions, and (4) has management teams in its corporate offices responsible for supporting and monitoring the management, sales, marketing and operations of each of the Company's International subsidiaries and maintaining consistency with the Company's other subsidiaries worldwide.

Each of these divisions provides merchandising and other marketing services primarily on behalf of consumer product manufacturers and retailers at mass merchandisers, drug store chains, convenience and grocery stores in their respective territories. SPAR Group Inc.'s clients include the makers and distributors of home entertainment, general merchandise, health and beauty care, consumer goods and food products in their respective territories.

SPAR Group has provided merchandising and other marketing services in the United States since the formation of its predecessor in 1979 and outside the United States since it acquired its first international subsidiary in Japan in May of 2001. Today the Company conducts its business through its domestic and international divisions in 12 territories around the world whose populations represent approximately 48% of the total world population.

Lithuania (+ Latvia)	September 2005	51%	Siauliai, Lithuania
Australia (+ New Zealand)	April 2006	51%	Melbourne, Australia

* Currently inactive and exploring a change in market focus.

** Currently the Company owns two subsidiaries in Romania. One Subsidiary is 100% owned and currently inactive. The second subsidiary, acquired in July 2009, is 51% owned and is active.

*** Temporarily 100% is owned by the Company which is currently negotiating with a local merchandising and services company to purchase 49% of this subsidiary.

One key to the Company's international expansion strategy is its internally developed capability to translate all of its current and future proprietary Internet-based logistical, communications and reporting software applications into any language for any market in which it operates or would like to enter. Through the Company's IT operations currently located in the facilities in Auburn Hills, Michigan, it provides worldwide access to the proprietary logistical, communications and reporting software to its entire operations worldwide on a 24/7/365 basis.

Another key to the Company's international strategy is its policy of seeking a material investor in a new subsidiary in an international location who is an experienced person or company in the local country who is not otherwise affiliated with SPAR Group (each a "Local Owner"). The Company generally seeks to own at least 51% of a foreign subsidiary, although the Company currently owns 50% of the equity interest in its subsidiary in Japan and has agreed to acquire the other 50% (see Note 19 – Subsequent Events). Canada, Romania and China are the only international subsidiaries wholly-owned by SPAR Group at the present time. The Company is actively seeking another Local Owner in China and likely will do so in Japan. A Local Owner provides equity, credit support and certain services to each international subsidiary not wholly owned by the Company, as well as the useful local attention, perspective and relationships of an equity owner with a strong financial stake in such subsidiary's success. The Company provides executive management and support to each foreign subsidiary as well its operational backbone (and procedures and controls) through its proprietary Internet-based logistical, communications, reporting and accounting programs.

Critical Accounting Policies

There were no material changes during the nine months ended September 30, 2009, to the Company's critical accounting policies as reported in the Company's Annual Report for 2008 on Form 10-K.

Net Revenues

Net revenues for the three months ended September 30, 2009, were \$14.7 million, compared to \$17.3 million for the three months ended September 30, 2008, a decrease of \$2.6 million or 14.8%.

International net revenues totaled \$8.2 million for the three months ended September 30, 2009, compared to \$10.8 million for the same period in 2008, a decrease of \$2.6 million or 24.4%. The decrease in 2009 international net revenues as compared to 2008 was primarily due to the loss of a key client in each of the following markets, Australia, China and Canada and a decision by management to suspend services in the Turkish market as it evaluates more profitable alternatives.

Domestic net revenues totaled \$6.52 million in the three months ended September 30, 2009, compared to \$6.44 million for the same period in 2008. Domestic net revenues increased by \$80,000, even as the economy continued to show weakness, based on new client relationships which replaced service work at a large electronic retail chain that ceased to exist early in 2009.

Cost of Revenues

Cost of revenues consists of in-store labor and field management wages, related benefits, travel and other direct labor-related expenses. Cost of revenues was 70.5% of net revenues for the three months ended September 30, 2009 and 70.8% for the three months ended September 30, 2008.

Internationally, the cost of revenues decreased to 73.4% of net revenues for the three months ended September 30, 2009, compared to 75.2% of net revenues for the three months ended September 30, 2008. The cost of revenue percentage decrease of 1.8% was primarily due to a profitable mix of product services in the key markets of Japan, India and Canada, partially offset by higher cost margin business in Australia.

Edgar Filing: SPAR GROUP INC - Form 10-Q

Domestic cost of revenues was 66.9% of net revenues for the three months ended September 30, 2009, and 63.5% of net revenues for the three months ended September 30, 2008. The increase in cost of revenues as a percentage of net revenues of 3.4% was directly attributable to the loss of business services provided to the electronic retailer that ceased doing business in early 2009 that was replaced with a mix of higher cost margin products and services provided to the balance of customers.

SPAR Group, Inc. and Subsidiaries

Approximately 80% and 78% of the Company's domestic cost of revenues in the three months ended September 30, 2009 and 2008, respectively, resulted from in-store merchandiser specialist and field management services purchased from certain of the Company's affiliates, SPAR Marketing Services, Inc. ("SMS"), and SPAR Management Services, Inc. ("SMSI"), respectively (see Note 6 - Related-Party Transactions).

Selling, General and Administrative Expenses

Selling, general and administrative expenses include corporate overhead, project management, information technology, executive compensation, human resources, and legal and accounting expenses. As a result of continuing efforts to reduce such expenses, selling, general and administrative expenses decreased by \$632,000, or 14.4%, for the three months ended September 30, 2009, to \$3.7 million compared to \$4.4 million for the same period in 2008.

International selling, general and administrative expenses totaled \$2.0 million for the three months ended September 30, 2009, compared to \$2.1 million for the same period in 2008. The decrease of approximately \$100,000 in international selling, general and administrative expenses was primarily due to expense reductions in Canada of \$137,000 and Australia of \$95,000 primarily driven by lower salary and other employee related expenses and consulting fees. These favorabilities were partially offset by expenses in the new Romanian joint venture that was not part of the Company in 2008.

Domestic selling, general and administrative expenses totaled \$1.7 million for the three months ended September 30, 2009, compared to \$2.2 million for the same period in 2008. The decrease in domestic selling, general and administrative expenses of approximately \$500,000 was primarily due to a reduction in salary and related expenses, and a reduction in marketing, legal and accounting expenses.

Depreciation and Amortization

Depreciation and amortization charges for the three months ended September 30, 2009, totaled \$271,000 and \$239,000 for the same period in 2008. The increase was primarily driven by increased capitalization of internally developed software.

Interest Expense

Interest expense decreased 47% to \$49,000 from \$92,000 for the three months ended September 30, 2009 and 2008, respectively. The decrease was primarily due to decreases in borrowings in the domestic division as well as decreases in interest rates in both the domestic and international divisions.

Other (Income) Expense

Other income totaled \$101,000 compared with other expense of \$301,000 for the three months ended September 30, 2009 and 2008, respectively. Included in the 2009 third quarter results was approximately \$94,000 of cost concessions provided by the joint venture partner in China. Included in other expense for the three months ended September 30, 2008, was primarily non-recurring legal cost.

Income Taxes

The income tax provision for the three months ended September 30, 2009 was \$24,000 resulting primarily from domestic state taxes of \$15,000 and \$9,000 for tax provisions related to international profits for the three months ended September 30, 2009. There were no tax provisions for federal tax as the Company provides a valuation allowance against any deferred benefits arising from operating loss carry forwards. Income tax provision for the three months ended September 30, 2008, was \$25,000 resulting primarily from international operations.

SPAR Group, Inc. and Subsidiaries

Non-controlling Interest

Non-controlling interest in income of subsidiaries of approximately \$190,000 and approximately \$117,000 resulted from the net operating profits of the Company's 51% and 50% owned subsidiaries for the three months ended September 30, 2009 and 2008, respectively.

Net Income (Loss)

The Company reported a net income of \$157,000 for the three months ended September 30, 2009, or \$0.01 per share, compared to a net loss of \$117,000, or \$0.01 per share, for the corresponding period last year.

Net Revenues

Net revenues for the nine months ended September 30, 2009, were \$43.4 million, compared to \$53.6 million for the nine months ended September 30, 2008, a decrease of \$10.2 million or 19.2%.

International net revenues totaled \$24.5 million for the nine months ended September 30, 2009, compared to \$30.8 million for the same period in 2008, a decrease of \$6.3 million or 20.8%. The decrease in 2009 international net revenues as compared to 2008 was primarily due to the loss of a key client in each of the following markets: Australia, China and Canada and a decision by management to suspend services in the Turkish market as it evaluates more profitable alternatives.

Domestic net revenues totaled \$18.9 million in the nine months ended September 30, 2009, compared to \$22.8 million for the same period in 2008. Domestic net revenues decreased \$3.9 million due to the reported bankruptcy and eventual liquidations of a major electronics retailer, and reduction in revenue from a significant retail customer and some non-recurring project work, partially offset by increased project revenue from existing and new client business.

Approximately 5.4% of the Company's net revenues for the nine months ended September 30, 2008, resulted from merchandising services performed for manufacturers and other clients at Circuit City Stores, Inc. ("Circuit City"). Circuit City filed for protection under the U.S. Bankruptcy Code in November 2008 and in early 2009, closed its stores and liquidated its assets. The receivables related to Circuit City have been appropriately reserved in the allowance for doubtful accounts.

Cost of Revenues

Cost of revenues consists of in-store labor and field management wages, related benefits, travel and other direct labor-related expenses. Cost of revenues was 70.9% of net revenues for the nine months ended September 30, 2009, and 71.7% for the nine months ended September 30, 2008.

SPAR Group, Inc. and Subsidiaries

Internationally, the cost of revenues increased to 75.6% of net revenues for the nine months ended September 30, 2009, compared to 74.6% of net revenues for the nine months ended September 30, 2008. The international cost of revenues percentage increase of 1% was primarily attributed to a mix of higher cost margin products and services offered in Canada and Australia, partially offset by a favorable mix of products and services offered in Japan, India and China.

Domestic cost of revenues was 64.9% of net revenues for the nine months ended September 30, 2009, and 67.7% of net revenues for the nine months ended September 30, 2008. The decrease in cost of revenues as a percentage of net revenues of 2.8% was due to a favorable mix of product and services.

Approximately 84.4% and 84.0% of the Company's domestic cost of revenues in the nine months ended September 30, 2009 and 2008, resulted from in-store merchandiser specialist and field management services purchased from certain of the Company's affiliates, SPAR Marketing Services, Inc. ("SMS"), and SPAR Management Services, Inc. ("SMSI"), respectively (see Note 6 - Related-Party Transactions).

Selling, General and Administrative Expenses

Selling, general and administrative expenses include corporate overhead, project management, information technology, executive compensation, human resources, and legal and accounting expenses. As a result of continuing efforts to reduce such expenses, selling, general and administrative expenses decreased by \$1.9 million, or 14.4%, for the nine months ended September 30, 2009, to \$11.6 million compared to \$13.5 million for the same period in 2008.

International selling, general and administrative expenses totaled \$6.0 million for the nine months ended September 30, 2009, compared to \$6.8 million for the same period in 2008. The \$800,000 decrease in international selling, general and administrative expenses was primarily due to expense reductions to offset lost project revenue in Australia of \$429,000 and Canada \$409,000. The expense reductions in both subsidiaries were primarily attributable to reductions in salary and other employee related expenses, marketing, legal and accounting and other office expenses.

Domestic selling, general and administrative expenses totaled \$5.6 million for the nine months ended September 30, 2009, compared to \$6.7 million for the same period in 2008. The decrease in domestic selling, general and administrative expenses of \$1.1 million was primarily due to a reduction in salary and related expenses, and lower legal and accounting fees.

Depreciation and Amortization

Depreciation and amortization charges for the nine months ended September 30, 2009, totaled \$800,000 compared to \$668,000 for the same period in 2008. The increase was primarily driven by increased capitalization of internally developed software.

Interest Expense

Interest expense decreased 38.8% to \$155,000 from \$254,000 for the nine months ended September 30, 2009 and 2008, respectively. The decrease was primarily due to decreases in borrowings in the domestic division as well as decreases in interest rates in both the domestic and international divisions.

Other (Income) Expense

Other income totaled \$542,000 compared with other expense of \$865,000 for the nine months ended September 30, 2009 and 2008, respectively. Included in other income for the nine months ended September 30, 2009, was approximately \$265,000 resulting from a favorable judgment in a legal action and \$285,000 for a credit from prior legal expenses. Included in other expense for the nine months ended September 30, 2008, was approximately \$740,000 for non-recurring legal cost.

SPAR Group, Inc. and Subsidiaries

Income Taxes

Income tax provision for the nine months ended September 30, 2009, was \$246,000 resulting primarily from tax provisions related to international profits. Domestic income taxes for the nine months ended September 30, 2009, were approximately \$45,000 for domestic state taxes. There were no tax provisions for federal tax as the Company provides a valuation allowance against any deferred benefits arising from operating loss carry forwards. Income tax benefit for the nine months ended September 30, 2008 was approximately \$4,000 resulting from minimum domestic state taxes due.

Non-controlling Interest

Non-controlling interest income of approximately \$143,000 and \$223,000 resulted from the net operating profits of the Company's 51% and 50% owned subsidiaries for the nine months ended September 30, 2009 and 2008, respectively.

Net Income (Loss)

The Company reported a net income of \$198,000 for the nine months ended September 30, 2009, or \$0.01 per share, compared to a net loss of \$364,000, or \$0.02 per share, for the corresponding period last year.

Liquidity and Capital Resources

In the nine months ended September 30, 2009, the Company had net income of \$198,000.

Net cash provided by operating activities was \$2.0 million and \$3.3 million for the nine months ended September 30, 2009 and 2008, respectively.

Net cash used in investing activities for the nine months ended September 30, 2009, and September 30, 2008, was approximately \$602,000 and \$1.1 million, respectively. The decrease in net cash used in investing activities was a result of decreased investment in software development costs offset by the acquisition of a new business in Romania.

Net cash used in financing activities for the nine months ended September 30, 2009 and September 30, 2008, was approximately \$1.1 million in both years. Net cash used in financing activities was primarily payments on lines of credit.

The above activity resulted in an increase in cash and cash equivalents for the nine months ended September 30, 2009, of \$355,000.

At September 30, 2009, the Company had working capital of \$16,000, as compared to a negative working capital of \$635,000 at December 31, 2008. The Company's current ratio was 1.0 to 1 at September 30, 2009, and 0.96 at December 31, 2008.

In January 2003, the Company (other than SGRP's foreign subsidiaries) and Webster Business Credit Corporation, then known as Whitehall Business Credit Corporation ("Webster"), entered into the Third Amended and Restated Revolving Credit and Security Agreement (as amended, collectively, the "Credit Facility"). The Credit Facility provides for a \$7.0 million revolving line of credit. In March 2007, the credit facility was amended to, among other things, delay the Minimum Fixed Coverage ratio until the fourth quarter 2007, establish an EBITDA covenant and increase the interest rate by 0.25% beginning March 28, 2007. In May 2007, the credit facility was amended to provide for an availability reserve of \$500,000. In August 2007, the credit facility was further amended to reduce the availability reserve to \$250,000 until November 30, 2007. On November 16, 2007, Webster amended the credit facility to extend the availability reserve of \$250,000 indefinitely and to reduce the revolving line of credit from \$7.0 to \$5.0 million. In February 2008, the Credit Facility was amended to establish monthly EBITDA covenants until September 30, 2008, and to set a Fixed Charge Coverage Ratio covenant for the year ended December 31, 2008. In January 2009, the Credit Facility was amended to extend the agreement until March 15,

SPAR Group, Inc. and Subsidiaries

2009, adjust the interest rate to the greater of 5%, the Alternative Base Rate plus 1% or the 30 day LIBOR plus 2.75% and to increase the limit on the capital expenditures to \$1.3 million. In March 2009, the Credit Facility was further amended to extend the maturity until March 15, 2010, extend the monthly Fixed Charge Coverage Ratio covenant until March 15, 2010, and reset the limit on capital expenditures to \$800,000.

Borrowings are based upon a borrowing base formula as defined in the agreement (principally 85% of “eligible” domestic accounts receivable less certain reserves). The Credit Facility is secured by all of the assets of the Company’s domestic subsidiaries. The Credit Facility also limits certain expenditures, including, but not limited to, capital expenditures and other investments.

In addition, Mr. Robert G. Brown, a Director, the Chairman and a major stockholder of SGRP, and Mr. William H. Bartels, a Director, the Vice Chairman and a major stockholder of SGRP, have provided personal guarantees of the Credit Facility totaling \$1.0 million.

The basic interest rate under the Credit Facility is the greater of i) Webster’s “Alternative Base Rate” plus 1.0% per annum, which automatically changes with each change made by Webster in such Alternative Base Rate, ii) LIBOR plus 2.75% per annum, or iii) the minimum rate imposed by Webster of 5% per annum. The actual average interest rate under the Credit Facility was 5% per annum for the nine months ended September 30, 2009. The Credit Facility is secured by substantially all of the assets of the Company (other than SGRP’s foreign subsidiaries and their assets).

The domestic revolving loan balances outstanding under the Credit Facility were approximately \$3.3 million and \$4.0 million at September 30, 2009, and December 31, 2008, respectively. As of September 30, 2009, the Company had unused availability under the Credit Facility of \$47,000 out of the remaining maximum \$1.7 million unused revolving line of credit.

Because of the requirement to maintain a lock box arrangement with Webster and Webster’s ability to invoke a subjective acceleration clause at its discretion, borrowings under the Credit Facility are classified as current at September 30, 2009, and December 31, 2008.

The Webster credit facility contains certain restrictive covenants. At September 30, 2009, the Company was in compliance with these covenants and does not expect to be in violation at future measurement dates. However, there can be no assurances that the Company will not be in violation of certain covenants in the future and should the Company be in violation; there can be no assurances that Webster will issue waivers for any future violations.

The Japanese subsidiary SPAR FM Japan, Inc. has a line of credit agreement totaling 100 million Yen or approximately \$1.1 million (based upon the exchange rate at September 30, 2009). At September 30, 2009, SPAR FM Japan, Inc. had 27 million Yen or \$300,000 outstanding under the line of credit and there was no outstanding balance at December 31, 2008 (based upon the exchange rate at that date). The average interest rate was 1.48% per annum for the nine months ended September 30, 2009.

In 2008, the Australian subsidiary, SPARFACTS Australia Pty. Ltd., entered into a revolving line of credit arrangement with Commonwealth Bank of Australia (CBA) for \$2.0 million (Australian), or approximately \$1.7 million (based upon the exchange rate at September 30, 2009). At September 30, 2009, SPARFACTS Australia Pty. Ltd. had \$476,000 (Australian) or \$416,000 outstanding under the line of credit and at December 31, 2008, SPARFACTS Australia Pty. Ltd. had \$1.4 million (Australian), or approximately \$1.0 million, outstanding under the line of credit (based upon the exchange rate at those dates). The average interest rate was 8.49% per annum for the nine months ended September 30, 2009.

On October 20, 2006, SPAR Canada Company, a wholly-owned subsidiary, entered into a secured credit agreement with Royal Bank of Canada providing for a Demand Operating Loan for a maximum borrowing of \$750,000 (Canadian) or approximately \$691,000 (based upon the exchange rate at September 30, 2009). The

SPAR Group, Inc. and Subsidiaries

Demand Operating Loan provides for borrowing based upon a formula as defined in the agreement (principally 75% of eligible accounts receivable less certain deductions) and a minimum total debt to tangible net worth covenant. On March 28, 2008, Royal Bank of Canada amended the secured credit agreement to reduce the maximum borrowing to \$500,000 (Canadian) however, in October 2008; Royal Bank of Canada reinstated the loan limit to \$750,000 (Canadian). The outstanding balances under the line of credit agreement were \$415,000 (Canadian) or \$383,000 and \$691,000 (Canadian) or \$565,000 at September 30, 2009, and December 31, 2008, respectively (based upon the exchange rate at those dates). The average interest rate was 3.25% per annum for the nine months ended September 30, 2009.

The Company's international business model is to partner with local merchandising companies and combine the Company's proprietary software and expertise in the merchandising and marketing services business with their partner's knowledge of the local market. In 2001, the Company established its first subsidiary in Japan and has continued this strategy. As of this filing, the Company is currently operating in 12 countries and has 9 international subsidiaries. Certain of these international subsidiaries are profitable, while others are operating at a loss. In the event of continued losses, the Company may be required to provide additional cash infusions into those subsidiaries with losses.

While the Company's borrowing capacity has been limited in recent months, management believes that based upon the continuation of the Company's existing credit facilities (or a comparable replacement), projected results of operations, vendor payment requirements and other financing available to the Company (including amounts due to affiliates), sources of cash availability should be manageable and sufficient to support ongoing operations over the next twelve months. However, continued losses, delays in collection of receivables due from any of the Company's major clients, or a significant reduction in business from such clients could have a material adverse effect on the Company's cash resources and its ongoing ability to fund operations.

The Company's Credit Facility with Webster is scheduled for renewal in March 2010.

Certain Contractual Obligations

The following table contains a summary of certain of the Company's contractual obligations by category as of September 30, 2009 (in thousands):

Contractual Obligations	Total	Period in which payments are due			
		Less than 1 year	1-3 years	3-5 years	More than 5 years
Credit Facilities	\$ 4,369	\$ 4,369	\$ —	\$ —	\$ —
Capital Lease Obligations	134	129	5	—	—
Operating Lease Obligations	1,912	187	1,222	503	—
Total	\$ 6,415	\$ 4,685	\$ 1,227	\$ 503	\$ —

Item 3. Quantitative and Qualitative Disclosures about Market Risk

The Company's accounting policies for financial instruments and disclosures relating to financial instruments require that the Company's consolidated balance sheets include the following financial instruments: cash and cash equivalents, accounts receivable, accounts payable and lines of credit. The Company carries current assets and liabilities at their stated or face amounts in its consolidated financial statements, as the Company believes those amounts approximate the fair value for these items because of the relatively short period of time between origination of the asset or liability and their expected realization or payment. The Company monitors the risks associated with asset and liability positions, as well as interest rates. The Company's investment policy objectives require the preservation and safety of the principal, and the maximization of the return on investment based upon its safety and liquidity objectives.

SPAR Group, Inc. and Subsidiaries

The Company is exposed to market risk related to the variable interest rate on its lines of credit, both in its United States subsidiaries (*i.e.*, the Domestic Merchandising Services Division) and in its International (non-U.S.) subsidiaries (*i.e.*, the International Merchandising Services Division). At September 30, 2009, the Company's outstanding lines of credit totaled approximately \$4.4 million, as noted in the table below (in thousands):

Location	Variable Interest Rate (1)	US Dollars (2)
United States	5.0%	\$ 3,271
International	1.48% - 8.49%	1,098
		\$ 4,369

(1) Based on interest rate at September 30, 2009.

(2) Based on exchange rate at September 30, 2009.

Based on the 2009 average outstanding borrowings under variable-rate debt, a one-percentage point increase in interest rates would negatively impact pre-tax earnings and cash flows for the nine months ended September 30, 2009, by approximately \$30,000.

The Company has foreign currency exposure with its international subsidiaries. In both 2009 and 2008, these exposures are primarily concentrated in the Japanese Yen, Australian Dollar and Canadian Dollar. International revenues for the nine months ended September 30, 2009 and 2008 were \$24.5 million and \$30.9 million, respectively. The international division reported a net (loss) income of approximately (\$377,000) and \$394,000 for the nine months ended September 30, 2009 and 2008, respectively.

In those countries where the Company had risk for foreign currency exposure, the total assets were \$6.4 million and total liabilities were \$5.4 million based on exchange rates at September 30, 2009.

Item 4. Controls and Procedures

The Company's Chief Executive Officer and Chief Financial Officer evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) as of the end of the period covering this report. Based on this evaluation, the Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective to provide reasonable assurance that information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by the Securities and Exchange Commission's rules and forms.

The Company has internally documented and tested its internal controls over financial reporting as required by Section 404 of the Sarbanes-Oxley Act of 2002 and the Company believes it is in compliance.

There were no significant changes in the Company's internal controls or in other factors that could significantly affect these controls during the three months covered by this report or from the end of the reporting period to the date of this Form 10-Q.

PART II: OTHER INFORMATION

Item 1. Legal Proceedings

Safeway Inc. ("Safeway") filed a Complaint against PIA Merchandising Co., Inc. ("PIA Co."), a wholly owned subsidiary of SPAR Group, Inc. ("SGRP"), Pivotal Sales Company ("Pivotal"), a wholly-owned subsidiary of PIA Co., and SGRP in Alameda County Superior Court, case no. 2001028498 on October 24, 2001. Safeway claims, as subsequently amended, alleged causes of action for breach of contract and breach of implied contract. PIA Co. and Pivotal filed cross-claims against Safeway on or about March 21, 2002, and amended them on or about October 15, 2002, alleging causes of action by PIA Co. and Pivotal against Safeway for breach of contract, interference with economic relationship, unfair trade practices and unjust enrichment. Trial commenced in March 2006.

On May 26, 2006, the jury in this case returned a verdict resulting in a net award of \$1,307,700 to Pivotal, a SGRP subsidiary. This net award is to be paid by Safeway and resulted from separate jury findings that awarded damages to those SGRP subsidiaries on certain claims and damages to Safeway on other claims. In particular, the jury awarded damages to Pivotal of \$5,760,879 for Safeway's interference with Pivotal's contractual relationships with third party manufacturers and also awarded \$782,400 to Pivotal and PIA Co. for Safeway's breach of contract with those SGRP subsidiaries. The jury awarded damages to Safeway of \$5,235,579 for breach of contract by SGRP and those SGRP subsidiaries. Judgment was entered in favor of Pivotal on August 14, 2006 for \$1,307,700. Both sides filed post trial motions but all post trial motions were denied. Notices of Appeal were thereafter filed by both Safeway and Pivotal/PIA/SGRP. Pivotal/PIA/SGRP is seeking to have Safeway's award overturned, thereby increasing the award to Pivotal by over \$5 million. Safeway is seeking to have overturned the \$5,760,879 award against it for interference with contractual relationships. With the appeals pending, the parties participated in a mediation of the dispute, but it was not successful in resolving the matter. Accordingly, the appeals are proceeding.

Briefing on the appeals commenced in the second quarter of 2008, and the case was fully briefed by April 2009. An oral argument hearing date will be assigned by the California Court of Appeal. The appellate process in the Court of Appeal is expected to last until late 2009. The Company has recorded the net \$1.3 million judgment award in other assets.

In addition to the above, the Company is a party to various other legal actions and administrative proceedings arising in the normal course of business. In the opinion of the Company's management, disposition of these other matters are not anticipated to have a material adverse effect on the financial position, results of operations or cash flows of the Company.

Item 1A. Risk Factors

Risk of a NASDAQ Delisting

On September 16, 2009, the Company received a notification letter from NASDAQ that the Company is no longer in compliance with certain requirements for continued listing on The NASDAQ Capital Market. The letter from the NASDAQ stated the Company has failed to maintain a minimum closing bid price of \$1.00 per share for its shares of Class A Common Stock for the prior 30 consecutive business days as required by NASDAQ Stock Market Listing Rule 5550(a)(2) (the "Bid Price Rule"). The letter provides that SPAR Group has until March 15, 2010 as a grace period to regain compliance with the Bid Price Rule by maintaining a closing bid price of \$1.00 per share for a minimum of ten consecutive business days. If at any time during the grace period the bid price of the SPAR Group's security closes at \$1.00 per share or more for *aminimum* of ten consecutive business days, NASDAQ will provide the Company with written confirmation of compliance and the matter will be closed.

In the event the Company does not regain compliance with the Rule prior to the expiration of the grace period, it will receive written notification that its securities are subject to delisting. Alternatively, the Company may be eligible for an additional grace period if it meets the initial listing standards, with the exception of bid price, for The NASDAQ Capital Market. If it meets the initial listing criteria, Staff will notify the Company that it has been granted an additional 180 calendar day compliance period.

SPAR Group, Inc. and Subsidiaries

The NASDAQ letter does not affect the listing of the Company's securities at this time, and SPAR Group shares will continue to trade on The NASDAQ Capital Market under the symbol, SGRP.

Existing Risk Factors

The Company's Annual Report for 2008 on Form 10-K describes various risk factors applicable to the Company and its businesses in Item 1A under the caption "Risk Factors", which risk factors are incorporated by reference into this Quarterly Report. Except for the addition of the new Risk of a Nasdaq Delisting in this Quarterly Report, above, there have been no material changes in the Company's risk factors since the Company's Annual Report for 2008 on Form 10-K.
