NEWS RELEASE

AMCON DISTRIBUTING REPORTS SECOND QUARTER RESULTS

Omaha, Nebraska - May 10, 2004 - AMCON Distributing Company (AMEX:DIT), an

Edgar Filing: AMCON DISTRIBUTING CO - Form 8-K

Omaha, Nebraska based consumer products company, today reported sales of \$193.4 million for the second quarter ended March 2004. This compares with sales of \$177.0 million for the prior second quarter. Sales for the six months ended March 2004, were \$386.5 million compared to \$374.7 million for the prior six month period ended March 2003. The Company reported a net loss for the current second quarter of \$1.1 million (\$0.35 per diluted share) compared to a net loss of \$0.3 million (\$0.09 per diluted share) for the prior second quarter. Net loss for the six month period ended March 2004 was \$0.6 million (\$0.19 per diluted share) compared to a profit of approximately \$1,000 (\$0.00 per diluted share) for the prior comparable six month period ended March 2003.

William F. Wright, Chairman of AMCON Distributing Company, stated that "We are usually happy to put the second quarter behind us. This was particularly true this year with the late winter storms and the southern California grocery strikes occurring in addition to the normal winter factors. In the last thirty-four quarters, we have lost money in five quarters and four of those quarters have been second quarters. Part of that reason is that the months of January, February and March (our second quarter) are the primary winter months in our principal operating areas. And now, with our increased emphasis on beverages, those same months are historically the poorest months of the year for most beverage businesses.

The good things we saw in the second quarter were a significant increase in sales (primarily in the wholesale distribution segment) and the continued improvement in profitability year to date in the retail health food segment. Our new retail health food store which opened in April 2004 has, in a matter of weeks, achieved preliminary results which we were not expecting to see until much later. In addition, in spite of the operating results, we generated approximately \$5.4 million in cash flow for the six month period ended March, 2004 and saw our debt to equity ratio further reduced to 3.35."

Wright added, "Even though our beverage segment is still in the build-up stage, we do not expect to see past levels of investment spending continued in the future and expect the expenditures to move more in line with actual revenues. This will relieve pressure on our income figures as all start-up expenditures in the beverage segment are expensed as incurred, rather than being capitalized, as would be the case were we to buy an existing company."

AMCON is a leading wholesale distributor of consumer products including beverages, candy, tobacco, groceries, food service, frozen and chilled foods, and health and beauty care products with distribution centers in Illinois, Missouri, Nebraska, North Dakota, South Dakota and Wyoming. Chamberlin's Natural Foods, Inc. and Health Food Associates, Inc., both wholly-owned subsidiaries of The Healthy Edge, Inc. (formerly Food For Health Co., Inc.), operate health and natural product retail stores in central Florida (7), Kansas, Missouri, Nebraska and Oklahoma (3). The retail stores operate under

the names Chamberlin's Market & Cafe and Akin's Natural Foods Market. Hawaiian Natural Water Company, Inc., which was acquired in December of 2001, produces and sells natural spring water under the Hawaiian Springs label. The water is bottled at the source on the Big Island of Hawaii. The Beverage Group, Inc. markets and distributes Hawaiian Springs and other premium beverage products, including HYPE Energy Drink, Royal Kona Iced Coffee, Bottle Green Presse and Fruit Sodas, Bahia drinks and Xterra, a line of sports beverages and energy bars, in the United States, Canada and Mexico.
