#### BASIS OF PRESENTATION

On February 9, 2004, Stonepath Group, Inc. (the "Company"), through its wholly owned subsidiary, Stonepath Holdings (Hong Kong) Limited, acquired a 55% interest in Shaanxi Sunshine Cargo Services International Co., Ltd. ("Shaanxi"). Shaanxi is a Class A licensed freight forwarder headquartered in Shanghai, PRC, that provides its clients with a wide range of customized transportation and logistics services and supply chain solutions, including global freight forwarding, warehousing and distribution, shipping services and special freight handling.

## Edgar Filing: STONEPATH GROUP INC - Form 8-K/A

Shaanxi is the successor, by way of asset acquisition, to the freight forwarding business formerly operated by Andy Tsai since 1993 as the Shanghai branch of Shaanxi Sunshine Express International Co., Ltd. (the "Business"). The substance of the transaction resulted in the contribution by Andy Tsai of the Business to Shaanxi, in exchange for a 45% interest in Shaanxi (of which 5% ultimately was retained by a third party), concurrent with an acquisition of a 55% interest in Shaanxi by the Company for the purchase consideration identified below.

The assets acquired consist primarily of the goodwill and other intangibles such as intellectual property, employee base, operating methods, systems and customer relationships associated with the operations of the Business. Personal property consisting primarily of office equipment, cash and eligible accounts receivable were also acquired. In addition, accounts payable and certain leases were assumed as part of the acquisition.

In consideration for its interest in the acquired Business, the Company paid \$5.5 million at closing through a combination of \$3.5 million cash and \$2.0 million in value of the Company's stock, consisting of 630,915 shares of the Company's common stock valued at \$3.17 per share. The shares are subject to a one year restriction upon resale, and are subject to pro rata forfeiture based upon a formula that measures the actual pre-tax net income of the Business through December 31, 2004, versus the targeted level of income of \$4 million (on an annualized basis). The Company has agreed to issue additional shares of its common stock to Mr. Tsai if at the end of the one year restrictive period, the Company's common shares are trading at a price of less than \$3.17 per share. The Company also agreed to an earn-out arrangement over a period of five (5) years of up to \$5.5 million (\$1.1 million per year) contingent upon Shaanxi realizing pre-tax net income of at least \$4 million per year during the earn-out period. As additional purchase price, on a post-closing basis, the Company has also agreed to pay for excess closing date working capital estimated at between \$1 and \$2 million.

The contingent payments will be accounted for as additional cost of Shaanxi when the earnings contingency is resolved and the consideration is issued or becomes issuable. Accordingly, the purchase price allocation presented herein is preliminary and includes only the \$5.5 million paid at closing plus approximately \$220 thousand of capitalized closing costs.

To facilitate a smooth transition, the transaction took effect March 1, 2004. Additionally, because the Company reports its offshore operations on a one month lag, the earnings impact of the acquisition will first be reflected in the Company's consolidated second quarter.

The following unaudited pro forma condensed consolidated balance sheet at December 31, 2003 presents the Company's acquisition of Shaanxi as if it had occurred on November 30, 2003. The unaudited pro forma condensed consolidated statement of operations for the year ended December 31, 2003 presents the Company's acquisition of Shaanxi as if it had occurred on December 1, 2002. The detailed assumptions used to prepare the unaudited pro forma condensed consolidated financial information are contained in the accompanying explanatory notes.

The unaudited pro forma condensed consolidated financial information is presented for illustrative purposes only and is not necessarily indicative of the financial position or results of operations which would have actually been reported had the transaction been consummated at the dates mentioned above or which may be reported in the future. This unaudited pro forma condensed consolidated financial information is based upon the respective historical financial statements of the Company and Shaanxi and should be read in conjunction with those statements and the related notes.
