EXPLANATORY NOTE

This Amendment No. 1 amends Item 2.02 of the Current Report on Form 8-K filed by Seacoast Banking Corporation of Florida with the Securities and Exchange Commission on August 4, 2009 in order to revise the second table presented under Item 2.02 to the Six Months Ended June 30 rather than the Three Months Ended June 30.

Item 2.02 Results of Operations and Financial Condition.

Seacoast Banking Corporation of Florida will reflect a \$49.8 million non-cash charge for impairment of goodwill, which is considered a non-recurring expense, in its second quarter 2009 results. Operating earnings for the Company are unaffected. The charge will eliminate the Company's goodwill asset.

The goodwill impairment charge is a non-cash accounting adjustment to the Company's balance sheet. It has no effect on our cash flow or liquidity. Risk-based regulatory capital ratios are unchanged with the total risk based capital ratio and tier 1 risk based ratio at 13.41 percent and 11.83 percent, respectively, and the Tier 1 leverage capital ratio declined slightly from 8.48% to 8.29%. Due to the decline in the price of our common stock and our net loss in the second quarter of 2009, we tested for impairment of goodwill in connection with the preparation of our quarterly financial report. The first step of this test indicated that our goodwill was impaired and we then were required to estimate the implied fair value of our goodwill, but were unable to complete this second step by the time we filed our quarterly report. Accordingly, we have preliminarily determined that the goodwill impairment is \$49.8 million. This is an estimate and we will disclose in the third quarter any adjustments to goodwill after completing the second step analysis.

The effect of this charge on net income and diluted earnings per share (DEPS) for the second quarter of 2009 is summarized below:
