On February 24, 2006, the Board of Directors of Old National Bancorp (the Company), upon recommendation of the Compensation and Management Development Committee of the Board ( Compensation Committee ) took several actions with respect to incentive compensation for the Company's executive officers. The actions taken include the establishment of performance goals for fiscal year 2006 under the Company's Short-Term Incentive Compensation Plan and the grant of long-term incentive awards to the Company's executive officers in the form of performance-based restricted stock, service-based restricted stock and non-qualified stock options.

**Short-Term Incentive Compensation Plan**

On February 24, 2006, the Board of Directors of the Company, upon recommendation of the Compensation Committee, established the performance goals and potential awards for executive officers with respect to fiscal year 2006 under the Company's Short-Term Incentive Compensation Plan ( Plan ). For 2006, the incentive bonus paid under the Plan is based on the level of achievement of the Company's earnings per share. Target awards for executive officers range from 40% to 75% of base salary, and maximum awards range from 80% to 150% of base salary. The Plan was approved by the Company's shareholders on April 28, 2005 and is filed as Appendix II to the Company's Definitive Proxy Statement filed with the Securities and Exchange Commission on March 16, 2005.

On February 24, 2006, the Board of Directors of the Company, upon recommendation of the Compensation Committee, approved the grant of performance-based and service-based restricted stock awards and non-qualified stock options to each of the Company's Named Executive Officers. These awards are granted pursuant to the Company's 1999 Equity Incentive Plan, as amended.

The performance-based restricted stock awards are earned by each of the Company's Named Executive Officer based on the achievement of certain financial factors at the end of the three-year period ending December 31, 2008. The financial factors include earnings per share growth, net charge-off ratio and revenue growth.

The service-based restricted stock awards will vest annually in three approximately equal installments (33.3%, 33.3%, 33.4%) over a three-year period ending February 1, 2009, subject to the employees continued employment.

The non-qualified stock options were granted at an exercise price of \$21.65 (the closing price of the Company's common stock on the date of the grant) and will vest annually in three approximately equal installments (33.3%, 33.3%, 34.4%) over a three-year period ending February 1, 2009.
