The Audit Committee operates under a written Audit Committee Charter, which was updated early in 2006, which meets the requirements of the Securities and Exchange Commission (SEC) and the New York Stock Exchange (NYSE), and which is attached hereto as Appendix I.

Independence of Audit Committee Members

The Audit Committee is comprised of five members of the Board of Directors of the Company. All of the members of the Audit Committee are independent from management and the Company (as independence is currently defined in the NYSE's listing requirements).

Scope of Responsibilities

The Audit Committee's responsibilities are primarily derived from its role in the general oversight of the financial reporting process. That role includes the creation and maintenance of a strong internal control environment and a process of assessing the risk of fraud in the reporting process. The committee's responsibilities include the authority and the responsibility of selecting, evaluating and, where appropriate, replacing the independent accountants; reviewing the scope, conduct and results of audits performed; making inquiries as to the differences of views, if any, between such independent accountants and officers and employees of the Company and subsidiaries with respect to the financial statements and records and accounting policies, principles, methods and systems; considering whether the provision by the independent accountants of services for the Company, in addition to the annual audit examination, is compatible with maintaining the independent accountants' independence; reviewing the policies and guidelines of the Company and subsidiaries designed to ensure the proper use and accounting for corporate assets, and the activities of the Company's internal audit department; pre-approving all auditing services and permissible non-audit services provided to the Company by the independent accountants; reviewing any significant disagreements between management and the independent accountants in connection with the preparation of the financial statements; and discussing

the quality and adequacy of the Company's internal controls with management, the internal auditors and the independent accountants.

While the primary responsibility for compliance activities is with the Risk and Credit Policy Committee, the Audit Committee has responsibility for the general oversight of the Company's compliance with banking laws and regulations.

2005 Work of the Audit Committee

In November of 2005, the Audit Committee engaged Crowe Chizek and Company LLC, an Indiana-based accounting firm, as the Company's independent registered public accounting firm as of and for the period ending December 31, 2006, subject to ratification by the shareholders of the Company at the 2006 Annual Meeting. The engagement of an Indiana-based firm aligns with the Company's strategic direction of being a community bank focused on its footprint.

In fulfilling its oversight responsibilities in 2005, the Audit Committee continued to be actively involved in working with the Chief Credit Officer and the Chief Financial Officer of the Company in ensuring that the Company has established appropriate levels for its loan loss reserve. The Audit Committee continues to monitor management's progress in implementation of the modifications undertaken by the Company to its credit approval processes in 2003, 2004 and 2005 in order to address the high level of loan losses incurred during those years.

During the year, the Audit Committee monitored the efforts undertaken by the Company to comply with the internal control certification and attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002. These efforts included the formation of a new department within the Company's accounting function to monitor and assess the effectiveness of the Company's internal controls over financial reporting.

The Audit Committee, in its designated role as the committee assigned the responsibility for general oversight of the Company's compliance with banking laws and regulations, met regularly with the Company's Chief Risk Officer and other management personnel to review the Company's compliance with banking laws and regulations and receive updates regarding regulatory matters. In addition, the Chairman of the Audit Committee is a member of the Company's Risk and Credit Policy Committee, which has primary oversight of the credit administration and compliance activities of the Company.

Throughout the year, the Audit Committee was involved in monitoring the Ethicspoint® reporting system which was acquired and implemented in 2003 to assist the Audit Committee in administering the anonymous complaint procedures outlined in the Code of Business Conduct and Ethics*. The Sarbanes-Oxley Act of 2002 required that the Audit Committee establish procedures for the confidential submission of employee concerns regarding questionable accounting, internal controls or auditing matters. The Audit Committee will continue to ensure that the Company is in compliance with all applicable rules and regulations with respect to the submission to the Audit Committee of anonymous complaints from employees of the Company.

Review with Management and Independent Accountants

The Audit Committee has reviewed and discussed the audited financial statements for the year ended December 31, 2005, and the footnotes thereto, with management and the independent accountants, PricewaterhouseCoopers LLP. The Audit Committee also received from management drafts of the Company's Quarterly Reports on Form 10-Q and reviewed drafts of the Company's earnings releases prior to public dissemination.

The Audit Committee periodically reviewed with the independent accountants their assessment of the progress being made by the Company and by the independent accountants in achieving the challenging schedule necessary to comply with the internal control certification and attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, by the compliance and reporting date of December 31, 2005.

* The Company's Code of Business Conduct and Ethics is available under the Corporate Governance link on the Company's website at www.oldnational.com and is also available in print to any shareholder upon request.

Table of Contents

The Audit Committee reviewed with the Company's internal auditors and independent accountants the overall scope and plans for their respective audit activities. The Audit Committee also met with its internal auditors and the independent accountants, with and without management present, to discuss the results of their examination and their evaluations of internal controls. Additionally, the Audit Committee reviewed and discussed with the independent accountants, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality and acceptability of the Company's financial reporting and such other matters as are required to be discussed with the Audit Committee pursuant to Statement of Auditing Standards No. 61, as amended.

The Audit Committee discussed with PricewaterhouseCoopers LLP their independence from management and the Company, and received the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1. The Audit Committee also administered the Company's policy regarding engagement of independent accountants to provide non-audit services. In addition, the Audit Committee has discussed with the independent accountants the accountants' independence from management and the Company, including the matters in the accountants' written disclosures required by the Independence Standards Board.

Audit Committee Financial Expert

In accordance with Section 407 of the Sarbanes-Oxley Act of 2002, the Board of Directors of the Company determined that Andrew E. Goebel is an Audit Committee Financial Expert. Mr. Goebel is independent as that term is used in Schedule 14A under the Securities Exchange Act of 1934.

Appointment of Crowe Chizek and Company LLC

The Audit Committee has appointed Crowe Chizek and Company LLC as the Company's independent registered public accounting firm as of and for the period ending December 31, 2006, subject to ratification by the shareholders of the Company at the 2006 Annual Meeting.

Annual Committee Review of Charter and Performance Evaluation

As required by the Audit Committee's Charter, in early 2006 the Audit Committee reviewed the Charter and determined that several modifications were advisable at that time. Also, as required by the Audit Committee's Charter, the Audit Committee conducted an annual performance evaluation, the results of which have been discussed with the Audit Committee members and shared with the Corporate Governance Committee.

Conclusion

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005, filed with the SEC.

**REPORT OF THE CORPORATE GOVERNANCE
AND NOMINATING COMMITTEE**

The Corporate Governance and Nominating Committee (the Corporate Governance Committee) is primarily responsible for corporate governance matters affecting the Company and its subsidiaries. The Corporate Governance Committee operates under a written charter which conforms to the requirements of the SEC and the NYSE.

Independence of Corporate Governance and Nominating Committee Members

The Corporate Governance Committee is comprised of four members of the Board of Directors of the Company. All of the members of the Corporate Governance Committee are independent from management and the Company (as independence is currently defined in the NYSE's listing requirements and in the Company's Corporate Governance Guidelines).*

Scope of Responsibilities

The Corporate Governance Committee has responsibility for recruiting and nominating new Directors, assessing the independence of non-management Directors, leading the Board in its annual performance evaluation, reviewing and assessing the adequacy of the Corporate Governance Guidelines and retaining outside advisors as needed to assist and advise the Board with respect to legal and other accounting matters. The Corporate Governance Committee is also responsible for reviewing with the full Board, on an annual basis, the requisite skills and characteristics of Board members as well as the composition of the Board as a whole.

Director Nomination Procedures

The Company's nomination procedures for Directors are governed by its By-Laws. Each year the Corporate Governance Committee makes a recommendation to the entire Board of Directors of nominees for election as Directors. The Corporate Governance Committee will review suggestions from shareholders regarding nominees for election as Directors. All such suggestions from shareholders must be submitted in writing to the Corporate Governance Committee at the Company's principal executive office not less than 120 days in advance of the date of the annual or special meeting of shareholders at which Directors are to be elected. All written suggestions of shareholders must set forth (i) the name and address of the shareholder making the suggestion, (ii) the number and class of shares owned by such shareholder, (iii) the name, address and age of the suggested nominee for election as Director, (iv) the nominee's principal occupation during the five years preceding the date of suggestion, (v) all other information concerning the nominee as would be required to be included in the proxy statement used to solicit proxies for the election of the suggested nominee, and (vi) such other information as the Corporate Governance Committee may reasonably request. Consent of the suggested nominee to serve as a Director of the Company, if elected, must also be included with the written suggestion.

In seeking individuals to serve as Directors, the Corporate Governance Committee seeks members from diverse professional backgrounds who combine a broad spectrum of experience and expertise. Directors should have an active interest in the business of the Company, possess a willingness to represent the best interests of all shareholders, be able to objectively appraise management performance, possess the highest personal and professional ethics, integrity and values, and be able to comprehend and advise management on complicated issues that face the Company and Board.

Directors should also demonstrate achievement in one or more fields of business, professional, governmental, communal scientific or educational endeavor. Directors are expected to have sound judgment, born of management or policy making experience that demonstrates an ability to function effectively in an oversight role. In addition, directors should have a general appreciation regarding major issues facing public companies

of a size and operational scope similar to that of the Company. These issues include contemporary governance concerns, regulatory obligations of an SEC reporting financial holding company, strategic business planning and basic concepts of corporate finance.

2005 Work of the Corporate Governance Committee

The Corporate Governance Committee achieved several accomplishments in 2005. In January 2005, the Committee reviewed information submitted by shareholders of the Company recommending candidates for the board of directors. The Committee determined, after careful deliberation, that Mr. Barnette, recommended to the Committee by a director of the Company, would be a valuable board member because of his many years of banking experience as CEO of Bank One in Indianapolis and his relationships within the Indianapolis market. As a result, the Committee recommended to the board that Mr. Barnette fill the board vacancy that existed. The full board appointed Mr. Barnette to fill the board vacancy at its January 27, 2005, meeting.

In April 2005, the Committee created two new committees of the board in order to enhance the board's ability to provide governance oversight. The Community and Social Responsibility Committee is responsible for reviewing the Company's policies and programs that relate to public issues of significance to the Company and the public at large. This Committee reviews and considers how the Company meets its community and social responsibility with particular interest in charitable contributions, community development and reinvestment, government relations and legislation impacting the Company. The Risk and Credit Policy Committee was also created by the board at its April 2005 meeting. This Committee assists the board in overseeing and receiving information regarding the Company's policies, procedures and practices relating to credit and operational risk.

In addition to fulfilling the requirements of the Committee as outlined in its charter, in 2005 the Committee reviewed and approved a succession plan for the CEO, reviewed and confirmed the appropriateness of director fees and led the board and its committees in the annual self-evaluation process.

Contacting the Board of Directors

Any shareholder or other interested party who desires to contact Old National's Chairman or the other members of the Board of Directors may do so by writing to: Board of Directors, c/o Corporate Secretary, Old National Bancorp, P.O. Box 718, Evansville, IN 47705-0718. Communications received are distributed to the Chairman of the Board or other members of the Board, as appropriate, depending on the facts and circumstances outlined in the communication received. For example, if any complaints regarding accounting, internal accounting controls and auditing matters are received, then they will be forwarded by the Corporate Secretary to the Chairman of the Audit Committee for review.

Director Independence Standards

In 2003, the Corporate Governance Committee developed and adopted Independence Standards for Board Members within the Company's Corporate Governance Guidelines which were approved by the full Board. Except for the President and CEO, Robert G. Jones, and one non-management Board member, Alan W. Braun, the Board has determined that all of its members are independent as currently defined in the Company's Independence Standards.

Annual Committee Review of Charter and Performance Evaluation

As required by the Corporate Governance Committee's Charter, in early 2006 the Corporate Governance Committee reviewed its Charter and elected not to make any modifications. Also, as required by the Corporate Governance Committee's Charter, the Corporate Governance Committee conducted an annual performance evaluation.

**REPORT OF THE COMPENSATION AND MANAGEMENT
DEVELOPMENT COMMITTEE ON EXECUTIVE COMPENSATION**

The Compensation and Management Development Committee of the Board of Directors (the Compensation Committee) is currently composed of four non-employee Directors who are not eligible to participate in any management compensation programs. The Compensation Committee operates under a written charter which conforms to the requirements of the SEC and NYSE. An independent compensation consulting firm, Mercer Human Resource Consulting, has been retained by the Compensation Committee to advise the Compensation Committee and the Company on executive compensation matters.

Independence of the Compensation Committee Members

All four members of the Compensation Committee are independent from management and the Company (as independence is currently defined in the NYSE s listing requirements and in the Company s Corporate Governance Guidelines).

Scope of Responsibilities

The Compensation Committee is appointed by the Board to approve and evaluate the Company s compensation and benefit programs and to ensure the competitiveness of these programs. The Compensation Committee is responsible for annually reviewing and approving corporate goals and objectives relevant to CEO compensation, coordinating the evaluation of the CEO s performance with the non-executive Chairman in light of those goals and objectives, and approving the CEO s compensation level based on this evaluation. The Compensation Committee is responsible for reviewing on an annual basis and recommending to the Board of Directors for its approval, for the CEO and the next four highest paid officers of the Company, (a) the annual base salary level, (b) the annual incentive opportunity level, (c) the long-term incentive opportunity level, (d) employment agreements, severance agreements and change in control agreements or provisions, in each case as, when and if appropriate, and (e) any special or supplemental benefits. The Compensation Committee is responsible for fixing and determining awards to employees of stock or stock options pursuant to the Company s Equity Incentive Plan(s) now or from time to time in effect and exercising such power and authority as may be permitted or required by such plans. The Compensation Committee is responsible for advising the Board on the development of management and the executive succession planning process within the Company.

Annual Committee Review of Charter and Performance Evaluation

As required by the Compensation Committee s Charter, in early 2006 the Compensation Committee reviewed the Charter and conducted an annual performance evaluation, the results of which have been discussed with the Compensation Committee members and shared with the Company s Corporate Governance Committee.

Compensation Principles

The Company s executive compensation program is structured to help the Company achieve its business objectives by:

setting compensation levels designed to attract and retain superior executives in a highly competitive environment;

providing incentive compensation that ties directly with both Company financial performance and individual contribution to that performance; and

linking compensation to elements that affect short and long-term stock performance.

The Compensation Committee believes the most effective executive compensation program is one that provides incentives to achieve both current and long-term strategic management goals of the Company, with the ultimate objective of enhancing shareholder value. In this regard, the Compensation Committee believes

Table of Contents

executive compensation should be comprised of cash and equity-based programs which reward performance not only as measured against the Company's specific annual and long-term goals, but also which recognize that the Company operates in a competitive environment and that performance should be evaluated as compared to industry peers. The equity-based compensation plans assure that key officers have a meaningful stake in the Company, the ultimate value of which is dependent on the Company's continued long-term success, and that the interests of executive officers are thereby aligned with those of the shareholders.

Components of Executive Compensation

The compensation program for Executive Officers consists of the following three components:

base salary;

the Short-Term Incentive Plan; and

the 1999 Equity Incentive Plan.

Base Salary

The Compensation Committee recommends the base salary of the Chief Executive Officer (hereinafter, the CEO) and the base salaries of the Company's next four highest paid executive officers to the Company's Board of Directors. The same compensation principles are applied in setting the salaries of all other executive officers to assure that salaries are fairly and competitively established. Salary ranges are determined for each executive position based upon survey data that is compiled by Mercer Human Resource Consulting on the Company's peer group. The Company's peer group consists of reasonably comparable regional bank holding companies and other Indiana-based banks. Relevant peer group data is used rather than the NYSE Financial Index because the peer group companies resemble more closely the asset size and operations of the Company.

From survey data, salary ranges are established each year for the CEO and other executive positions within the organization. These ranges are designed so that the mid-point of the salary range is approximately the 50th percentile of base salaries paid to comparable positions across a broad spectrum of comparable regional bank holding companies. Within these established ranges, actual base salary adjustments are made periodically in accordance with the guidelines of the Company's salary administration program and performance review system. Continuous outstanding performance over an extended period of time could result in a salary at the top end of the established range whereas undistinguished performance could result in compensation at the lower end of the range. In 2005, the base salaries for the executive officers as a group and the CEO were within the established salary ranges.

Short Term Incentive Plan

The Company's shareholders adopted the Old National Bancorp Short-Term Incentive Compensation Plan (the STIP) for selected salaried employees effective January, 2005. The STIP provides for an annual incentive bonus to be paid to certain employees of the Company based on the achievement of pre-established quantitative goals. The STIP is a performance-based compensation plan as defined in Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), and payments under the STIP are intended to qualify for tax deductibility under Section 162(m) of the Code.

In 2005, the incentive bonus under the STIP was based on the level of achievement of certain performance goals that were established by the Compensation Committee. The performance criteria for 2005 included the Company's earnings per share, business unit operating income, where applicable, and total risk adjusted revenue. For 2005, earnings per share thresholds established by the Compensation Committee were not achieved, and no STIP payouts were made.

The minimum incentive award that an employee can earn under the STIP is 5% of the participant's base salary. The award level is based upon the Company's and the individual participant's performance. The Company limits the amount of the award an employee or the CEO may earn under the STIP to 200% of the

Table of Contents

employee's incentive opportunity, which ranges from 10% to 75% of base salary, for achieving targeted performance. The CEO's minimum award opportunity was 37.5% of base salary for 2005.

1999 Equity Incentive Plan

The Company maintains the 1999 Equity Incentive Plan (the Plan). The Board and the Compensation Committee believe that this long-term, stock-based incentive plan enhances the Company's ability to attract, retain and reward management and provides the Company with the ability to develop incentive programs which are responsive to the demands of the marketplace. The Compensation Committee also believes that performance-based restricted stock afford a desirable long-term compensation method because it closely aligns the interests of management with those of shareholders. One Hundred Fifty (150) key officers, including those listed in the Summary Compensation Table, participate in the Plan. During 2005, the Compensation Committee granted 207,100 performance-based restricted stock grants to certain key officers. In determining the equity grants to the CEO, as well as other named officers in the Summary Compensation Table, the Compensation Committee took into account the respective scope of responsibility, performance requirements and recent and expected contributions of the Plan participants to the Company's achievement of its long-term performance objectives.

Discussion of 2005 Compensation for the CEO

Mr. Robert G. Jones has served as Chief Executive Officer of the Company since September 7, 2004. In establishing the cash-based and equity-based elements of Mr. Jones' compensation for 2005, the Compensation Committee made an overall assessment of Mr. Jones' leadership in establishing the Company's long-term and short-term strategic, operational and business goals. Mr. Jones' total compensation reflects a consideration of these competitive issues and the Company's performance.

The Compensation Committee analyzed compensation levels of other chief executive officers of comparable regional bank holding companies. Based on this information, the Compensation Committee determined a median around which the Compensation Committee built a competitive range for cash-based and equity-based elements of the compensation package. As a result of this review, the Compensation Committee determined a mix of base salary and bonus opportunity, along with an equity position to align Mr. Jones' compensation with the performance of the Company. The resulting total compensation package was within a competitive range for CEOs in companies comparable in size and complexity to the Company.

Additionally, as part of the review process, the Compensation Committee assessed the Company's financial and business results compared to other companies within the banking industry and the Company's financial performance relative to its financial performance in prior periods and to its financial goals.

For the fiscal year 2005, the specific recommendation for Mr. Jones positioned his target total cash compensation at \$1,050,032: his annual base salary was set at \$600,018 with a \$450,014 bonus opportunity under the STIP. The performance objectives for Mr. Jones' bonus opportunity under the STIP were based on the Company's earnings per share. For 2005, Mr. Jones did not receive a payout under the STIP since the performance objectives were not achieved.

In determining the equity grant for Mr. Jones, the Compensation Committee evaluated his total direct compensation compared to CEO's of comparable companies and determined that an award of performance-based restricted stock of 25,000 shares of Company common stock was appropriate.

Compensation Committee Interlocks and Insider Participation

As noted above, the Compensation Committee is comprised of four non-employee directors: Messrs. Ellerbrook, Dunigan, Barnette and Ms. Soyugenc. No member of the Compensation Committee is or was formerly an officer or employee of the Company. No executive officer of the Company currently serves or in the past year has served as a member of the compensation committee or board of directors of another company of which an executive officer serves on the Compensation Committee of the Company. Nor does any executive

Table of Contents

officer of the Company serve and in the past year no executive officer has served as a member of the compensation committee of another company of which an executive officer serves as a director of the Company.

2005 Work of the Compensation Committee

The Compensation Committee expanded its charter in 2005 to include the oversight of the development and success of key executives of the Company. In fulfilling this role, the Compensation Committee reviewed the talent development and executive succession planning process within the Company to ensure it is effectively managed and that there is a sufficient pool of qualified candidates within the Company to fill senior leadership positions as part of the Company's executive succession planning and development process.

During 2005, the Compensation Committee established stock ownership guidelines for Board members and the nine members of the Company's Executive Leadership Group. These guidelines are designed to align the executive management and shareholder interests and encourage long term stock ownership in the Company. The guidelines provide that, by the end of 2010, the Company's Executive Leadership Group must attain an investment position in Company stock equal to a multiple of three to five times of their base salary and the non-employee members of the Company's Board of Director's must attain an investment position in Company stock of at least \$100,000.

Summary

The Compensation Committee is made up of non-employee Directors who do not participate in any of the compensation plans they administer. The Compensation Committee approves or endorses all the programs that involve compensation paid or awarded to senior executives.

The Compensation Committee is responsible for seeing that the Company's compensation program serves the best interest of its shareholders. To help meet this responsibility, the Compensation Committee is guided by an independent analysis of the competitiveness of the Company's executive compensation. The Compensation Committee also considers the results of the salary surveys described above.

In the opinion of the Compensation Committee, the Company has an appropriate and competitive compensation program. The combination of sound base salary, competitive short term bonuses, and emphasis on long term incentives provides a balanced and stable foundation for effective executive leadership.

- (1) This column represents performance-based restricted stock grants awarded under the Company's 1999 Equity Incentive Plan by the Compensation and Management Development Committee on January 27, 2005 (the 2005 Grants). The 2005 Grants could be earned on December 31, 2007 based on Old National's results for three performance factors to a comparator financial peer group. The performance factors include (1) Relative Total Shareholder Return (stock price appreciation plus dividends paid) of the Common Stock measured, (2) Earnings Per Share (EPS) Growth, and (3) Book Value Per Share (BVPS) Growth. The market value of the shares on the date of grant is determined by the market price on the date of grant. The Company's practice is to pay dividends on restricted shares directly to the officers awarded the shares.
- (2) The measurement period for the 2005 Grants commenced on January 1, 2005 and will conclude on December 31, 2007.
- (3) As discussed in footnote one, the amount of the 2005 Grants will be determined by the Company's performance relative to its peer group. Performance below the 35th percentile in the peer group will result

in a complete forfeiture of the 2005 Grant. Performance at the 35th percentile will result in the threshold payment, shown in column (d), equal to 25% of the initial 2005 Grant, which is shown in column (b), and also shown in column (e). Performance at the 50th percentile within its peer group will result in the target payment equal to the initial 2005 Grant in column (b) and column (e). Performance at the 75th percentile or greater within its peer group will result in the maximum payment equal to 200% of the initial 2005 Grant, shown in column (f).

Retirement Plan

The Old National Bancorp Employees Retirement Plan (the Retirement Plan) is a qualified, defined benefit, non-contributory pension plan. The Retirement Plan was frozen as of December 31, 2001, except for employees who were at least age 50 or who had 20 years of credited service as of December 31, 2001. As of December 31, 2005, the Retirement Plan was frozen for all remaining employees in the Retirement Plan. Prior to December 31, 2001, the Retirement Plan covered substantially all employees of the Company and its subsidiaries and affiliates with one or more years of service with the Company or its subsidiaries and affiliates, and with credited service accruing from the date of employment, provided that the employee did not have less than 1,000 hours of service (as defined in the plan) during such period.

The amount of annual contribution attributable to specific individuals cannot be determined in a meaningful manner. The following table shows the estimated annual pensions payable to eligible employees upon retirement at age 65. The amounts shown do not reflect any reduction related to Social Security earnings or for the survivor benefit features of the Retirement Plan, the application of which would reduce the amount of pension payable.

(1) The law in effect at December 31, 2005 prohibited the distribution of benefits from the Retirement Plan in excess of \$170,000 per year expressed as a straight life annuity. It also prohibited compensation in excess of \$210,000 to be used in the computation of the retirement benefit. Both amounts are indexed for inflation.

The Retirement Plan provides for the payment of monthly benefits in a fixed amount upon attainment of age 65. As a normal form of benefit, each eligible participant is entitled to receive a monthly pension for his or her life based on years of service and average monthly compensation (which excludes bonuses). In general, the formula for determining the amount of a participant's monthly pension is average monthly compensation multiplied by 1.45% for the first 10 years of service, 1.65% for the next 10 years of service, and 1.95% for the next 15 years of service, less any amount related to Social Security earnings. In general, the amount of the reduction is .59% of average monthly compensation (up to a maximum of 125% of covered compensation) multiplied by all years of service up to 35 years of service. The standard retirement benefit for married participants is payable in the form of a joint and survivor

annuity in an amount which is actuarially equivalent to the normal form of benefit. Instead of an annuity, participants may elect to receive a single sum cash settlement upon retirement in an amount that is actuarially equivalent to the participant's normal form of benefit.

2005 base salary figures for the CEO and the other Names Executive Officers of the Company are set forth in the Summary Compensation Table on page 20. As of December 31, 2005, Mr. Hinton had 25 years of credited service; Mr. Moore, 26 years; and Ms. Hudgions, 16 years. Messrs. Jones and Wolking are not accruing benefits under this Plan.

For certain employees, in addition to the persons listed in the Summary Compensation Table, whose annual retirement income benefits under the Retirement Plan exceed the limitations imposed by the Internal Revenue Code of 1986, as amended, and the regulations thereunder (including, among others, the limitation that annual benefits paid under qualified defined benefit pension plans may not exceed \$170,000), such excess benefits will be paid from the Retirement Plan.

Agreements with Certain Officers

During the first quarter of 2005, the Company entered into new Change of Control and Severance Agreements with Robert G. Jones, Michael R. Hinton, Annette W. Hudgions, Daryl D. Moore and Christopher A. Wolking. Pursuant to the Severance Agreements, the Company shall provide the Named Executive Officers with the Benefits, as defined below, upon any termination of employment for any reason except termination for Cause (as defined in the Severance Agreement), disability, voluntary retirement, resignation, in connection with or following a Change of Control, as defined in the Change of Control Agreements, or the death of the Named Executive Officer. In addition, the Company should provide the Benefits, if during the term of the Severance Agreement the Named Executive Officer terminates the agreement no later than 90 days after the happening of one or more of the following events: (i) without the Named Executive Officer's express written consent, the assignment of the Named Executive Officer to any duties materially inconsistent with his positions, duties, responsibilities, or status with the Company as of the date of the Severance Agreement, or any removal from, or any failure to re-elect the Named Executive Officer to any position held by the Named Executive Officer as of the date of the Severance Agreement; (ii) a reduction by the Company in the compensation or benefits of the Named Executive Officer in effect as of the date of the Severance Agreements, or any failure to include the Named Executive Officer in any incentive, bonus or benefit plans as may be offered by the Company from time to time to other similarly-situated employees; or (iii) a requirement the Named Executive Officer be based anywhere other than within 50 miles from his personal residence.

The Benefits mentioned above include a lump sum single payment equal to the Named Executive Officer's Week of Pay, as defined below, multiplied by the greater of 52 or two times his number of years of service (Mr. Jones Severance Agreement defines Benefits as a lump sum single payment equal to his Week of Pay multiplied by 104). Week of Pay is the annual base salary then in effect, plus the targeted cash incentive the Named Executive Officer would have been eligible to receive in the year in which the termination occurs divided by 52.

The Change of Control Agreements provide the Named Executive Officers with a single lump sum payment equal to the Named Executive Officer's base salary and benefits accrued through the last day of employment plus a lump sum single cash payment equal to 2.999 times the Base Amount (Mr. Moore's and Ms. Hudgion's Change of Control Agreement provides for 2.0 times the Base Amount), as defined in Section 280G of the Internal Revenue Code of 1986 (the Code), upon any termination of the Named Executive Officer's employment by the Company during the two year period following the first Change of Control, unless the termination is for Cause (as defined in the Change of Control Agreements), disability of the Named Executive Officer, voluntary retirement or death of the Named Executive Officer. In the event the amount of payment to be received by the Named Executive Officer constitutes a payment greater than or equal to 110 percent of an excess parachute payment, as such term is defined by Section 280G(b) of the Code, then any excise tax or surtax that the Named Executive Officer incurs will be grossed up in full for such excise tax or surtax so that the Named Executive Officer will retain the same amount the Named Executive Officer would have retained if Section 280G of the Code did not apply. In the event the amount of payment to be received by the Named Executive Officer is greater than 100 percent, but less than 110% of the excess parachute payment, then the amount of payment to the Named Executive Officer is \$1.00 less than three times the base amount, as defined in Section 280G of the Code and regulations promulgated thereunder.

Table of Contents

The lump sum payments described above are also provided to the Named Executive Officer if he terminates his employment during the two-year period following a Change of Control after one of the following events: (i) the assignment of the Named Executive Officer to any duties materially inconsistent with his positions, duties, responsibilities, or status with the Company immediately prior to the Change of Control, substantial reduction of the Named Executive Officers duties or responsibilities or any failure to re-elect the Named Executive Officer to any position held by the Named Executive Officer prior to the Change of Control; (ii) a reduction by the Company in the compensation or benefits of the Named Executive Officer in effect immediately prior to the Change of Control, or any failure to include the Named Executive Officer in any incentive, bonus or benefit plan as may be offered by the Company from time to time to other similarly-situated employees; (iii) a requirement the Named Executive Officer be based anywhere other than within 50 miles of the location at which the Named Executive Officer was based immediately prior to the Change of Control; (iv) any purported termination of the Named Executive Officer's employment for cause or for disability without grounds; (v) any failure of the Company to obtain the assumption of the obligation to perform under the Change of Control Agreement by any successor; or (vi) any material breach by the Company of the Change of Control Agreement or any other material written agreement between the Company and the Named Executive Officer, any failure by the Company to carry out any of its obligations under the Change of Control Agreement or any other material written agreement between the Company and the Named Executive Officer.

TRANSACTIONS WITH MANAGEMENT AND OTHERS

The Executive Officers and Directors of the Company are at present, as in the past, customers of one or more of the Company's subsidiaries and have had and expect in the future to have similar transactions with the subsidiaries in the ordinary course of business. In addition, some of the Executive Officers and Directors of the Company are at present, as in the past, officers, Directors or principal shareholders of corporations which are customers of these subsidiaries and which have had and expect to have transactions with the subsidiaries in the ordinary course of business. **ITEM 2. RATIFICATION OF THE APPOINTMENT OF
INDEPENDENT ACCOUNTANTS**

The Board of Directors proposes the ratification by the shareholders at the Annual Meeting of the Audit Committee's appointment of Crowe Chizek and Company LLC, Indianapolis, Indiana, as independent auditors for the Company and its subsidiaries for the fiscal year ending December 31, 2006. Although ratification by the shareholders of the Company's independent accountants is not required, the Company deems it desirable to continue its established practice of submitting such selection to the shareholders. In the event the appointment of Crowe Chizek and Company LLC is not ratified by the shareholders, the Audit Committee of the Board of Directors will consider appointment of other independent accountants for the fiscal year ending December 31, 2006. A representative of Crowe Chizek and Company LLC will be present at the Annual Meeting and will have the opportunity to make a statement or respond to any appropriate questions that shareholders may have.

On November 7, 2005, the Audit Committee of the Board of Directors of the Company approved the dismissal of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm, effective upon the completion of services related to the audit of the December 31, 2005 financial statements and the engagement of Crowe Chizek and Company LLC as independent registered public accounting firm for the fiscal year ending December 31, 2006. A representative of PricewaterhouseCoopers LLP will not be present at the Annual Meeting.

The audit reports of PricewaterhouseCoopers LLP on the financial statements of the Company for the years ended December 31, 2005 and 2004 did not contain an adverse opinion or disclaimer of opinion, nor were the reports qualified or modified as to uncertainty, audit scope or accounting principle, except that the report on the consolidated financial statements of the Company for the years ended December 31, 2005 and 2004 contained an explanatory paragraph stating that the 2004 and 2003 consolidated financial statements have been restated.

In connection with the audits of the Company's financial statements as of December 31, 2005 and 2004 and for the years then ended and through the date of this filing, there were no disagreements between the Company and PricewaterhouseCoopers LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of PricewaterhouseCoopers LLP would have caused it to make reference to the subject matter of the disagreements in connection with its reports on the financial statements for such years.

Based upon their evaluation, management of the Company concluded that as of the end date for each of the fiscal years ended 2004, 2003, 2002, a material weakness in the Company's internal control over financial reporting relating to the accounting for certain derivative transactions existed. PricewaterhouseCoopers LLP also advised the Company of the material weakness in the Company's internal control over financial reporting relating to the accounting for certain derivative transactions.

During the Company's last two fiscal years ended December 31, 2005 and 2004 and through the date of this filing, there were no reportable events, as defined in Item 304(a)(1)(v) of Regulation S-K, except that PricewaterhouseCoopers LLC advised the Company of the material weakness described above and discussed the matter with the Audit Committee of the Board of Directors. The Company has authorized PricewaterhouseCoopers LLP to respond fully to the inquiries of a successor auditor concerning the subject matter of the reportable event described above.

On the basis of reports and representations submitted by the Company's Directors, Executive Officers, and greater-than-10% owners, the Company believes that all required Section 16(a) filings for fiscal year 2005 were timely made except for one late report on Form 3 for Christopher A. Wolking, Chief Financial Officer of the Company. The report was filed on January 27, 2006 relating to 1,733,917 shares of the Company acquired by Mr. Wolking prior to January 21, 2005, when he became subject to the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934.

Table of Contents

The cost of soliciting proxies in the accompanying form will be borne by the Company. In addition to solicitations by mail, Directors and Officers of the Company and its subsidiaries may solicit proxies personally, by telephone or in person, but such persons will not be specially compensated for their services. No solicitations will be made by specially engaged employees of the Company or other paid solicitors.

It is important that proxies be returned promptly. **Whether or not you expect to attend the Annual Meeting in person, shareholders are requested to complete, sign and return their proxies in order that a quorum for the Annual Meeting may be assured.** You may also vote your proxy by Internet. If you do not vote your proxy by Internet, then it may be mailed in the enclosed envelope, to which no postage need be affixed.

In an effort to reduce printing costs and postage fees, the Company has adopted a practice whereby shareholders who have the same address and last name and who do not participate in electronic delivery of proxy materials will receive only one copy of this proxy statement and the 2005 annual report unless one or more of these shareholders notifies the Company that they wish to receive individual copies of these materials. The Company will deliver promptly upon written or oral request a separate copy of this proxy statement and its 2005 annual report to any shareholder at a shared address to which a single copy of those materials was sent. If a shareholder shares an address with another shareholder and received only one copy of this proxy statement and the annual report this year but would like to receive a separate copy of these materials in the future, or if a shareholder received multiple copies of this proxy statement and the 2005 annual report but would like to receive a single copy of the Company's proxy statement and annual report in the future, please contact the Company's Shareholder Services Department by phone at 812-464-1296 or 1-800-677-1749, by mail at P.O.
