2002 ANNUAL MEETING OF SHAREHOLDERS**

PROXY STATEMENT

This proxy statement contains information related to our Annual Meeting of Shareholders to be held on Friday, January 24, 2003, beginning at 11:00 a.m., at the E Com Ventures, Inc. Corporate Office, 11701 N.W. 101st Road, Miami, Florida 33178, and at any adjournments or postponements thereof. The approximate date that this Proxy Statement, the accompanying Notice of Annual Meeting and the enclosed Form of Proxy are first being sent to shareholders is December 23, 2002. You should review this information in conjunction with our 2001 Annual Report to Shareholders which accompanies this proxy statement.

ABOUT THE MEETING

What is the purpose of the Annual Meeting?

At the Annual Meeting, shareholders will vote on the election of directors and ratification of the appointment of our independent public accountants. In addition, we will report on our performance and respond to questions from our shareholders.

Who is entitled to vote at the meeting?

Only shareholders of record at the close of business on the record date, November 25, 2002, are entitled to receive notice of the Annual Meeting and to vote shares of our common stock that they held on the record date, or any postponements or adjournments of the meeting. Each outstanding share of common stock entitles its holder to cast one vote on each matter to be voted upon.

Who can attend the meeting?

All shareholders as of the record date, or their duly appointed proxies, may attend. If your shares are held in the name of your broker or bank, you will need to bring evidence of your stock ownership, such as your most recent brokerage statement, and valid picture identification.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of all of the shares of common stock outstanding on the record date will constitute a quorum, permitting the meeting to conduct its business. As of the record date, 2,409,331 shares of our common stock were outstanding. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting but will not be counted as votes cast for or against any given matter.

If less than a majority of outstanding shares entitled to vote are represented at the meeting, a majority of the shares present at the meeting may adjourn the meeting to another date, time or place, and notice need not be given of the new date, time or place if the new date, time or place is announced at the meeting before an adjournment is taken.

Table of Contents

How do I vote?

If you complete and properly sign the accompanying proxy card and return it to us, it will be voted as you direct. If you are a registered shareholder and you attend the meeting, you may deliver your completed proxy card in person. Street name shareholders who wish to vote at the meeting will need to obtain a proxy from the institution that holds their shares.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with our Secretary either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

What are the Board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of our Board of Directors. The recommendation of the Board of Directors is set forth with the description of each proposal in this proxy statement. In summary, the Board of Directors recommends a vote:

for the election of the nominated slate of directors;

for the ratification of the appointment of Deloitte and Touche LLP as our independent public accountants.

The Board of Directors does not know of any other matters that may be brought before the meeting nor does it foresee or have reason to believe that the proxy holders will have to vote for substitute or alternate Board of Directors nominees. In the event that any other matter should properly come before the meeting or any Board of Directors nominee is not available for election, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in accordance with their best judgment.

What vote is required to approve each proposal?

Election of Directors. The affirmative vote (either in person or by proxy) of a plurality of the votes cast at the meeting is required for the election of directors. This means that candidates who receive the highest number of votes are elected. Abstentions and broker non-votes are not votes cast and are not counted in determining whether a nominee is elected. A properly executed proxy marked **WITHHOLD AUTHORITY** with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. Shareholders do not have the right to cumulate their votes for directors.

Other Proposals. For each other proposal, the affirmative vote of a majority of the votes cast at the meeting (either in person or by proxy) will be required for approval. Abstentions and broker non-votes are treated as shares present or represented and entitled to vote on such matters and thus have the same effect as negative votes. A properly marked **ABSTAIN** with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum.

Table of Contents

If you hold your shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such broker non-votes will, however, be counted in determining whether there is a quorum.

Who pays for the preparation of the proxy?

We will pay the cost of preparing, assembling and mailing the proxy statement, notice of meeting and enclosed proxy card. In addition to the use of mail, our employees may solicit proxies personally and by telephone. Our employees will receive no compensation for soliciting proxies other than their regular salaries. We may request banks, brokers and other custodians, nominees and fiduciaries to forward copies of the proxy material to the beneficial owners of our common stock and to request authority for the execution of proxies and we may reimburse such persons for their expenses incurred in connection with these activities.

Our principal executive offices are located at 11701 N.W. 101st Road, Miami, Florida 33178 and our telephone number is (305) 889-1600. A list of shareholders entitled to vote at the Annual Meeting will be available at our offices for a period of ten days prior to the meeting and at the meeting itself for examination by any shareholder.

Table of Contents**PROPOSAL 1 ELECTION OF DIRECTORS****Directors Standing for Election**

At the Annual Meeting, the shareholders will elect six directors, each of whom will serve for a term expiring at the 2003 Annual Meeting of Shareholders, or until his successor has been duly elected and qualified.

The Board of Directors has no reason to believe that any nominee will refuse or be unable to serve if elected. However, if any of them should become unavailable to serve as director, the Board of Directors may designate a substitute nominee or the number of directors may be reduced in accordance with our By-laws. If the Board of Directors designates a substitute nominee, the persons named as proxies will vote for the substitute nominee designated by the Board of Directors.

Employment Agreements and Severance Agreements

Effective February 1, 1999, we entered into a 3-year employment agreement with Ilia Lekach pursuant to which he received an annual salary of \$400,000, subject to cost-of-living increases, or 5% if higher. The employment agreement provided that Mr. Lekach would continue to receive his annual salary until the expiration of the term of the agreement if his employment was terminated by us for any reason other than death, disability or cause (as defined in the employment agreement). The agreement contained a performance bonus plan which provided for additional compensation and grant of stock options, if we met certain net income levels. The employment agreement prohibited Mr. Lekach from directly or indirectly competing with us during the term of his employment and for one year after termination of employment except in the case of our termination of employment without cause. Effective February 1, 2002, we entered into a new 3-year employment agreement with Ilia Lekach on substantially the same terms as the February 1, 1999 agreement. Pursuant to the terms of this agreement, Mr. Lekach received a signing bonus of \$250,000 and was granted 125,000 options to purchase our stock at an exercise price of \$4.00 per share (the closing market price of our common stock on January 31, 2002). The options will vest in increments of 41,666 per year over three years beginning February 1, 2003. The employment agreement provides that Mr. Lekach will continue to receive his salary until the expiration of the term of the employment agreement if his employment is terminated by us for any reason other than death, disability or cause (as defined in the employment agreement), as well as provisions for change in control.

Effective December 1999, we entered into 3-year employment agreements with Marc Finer and Donovan Chin pursuant to which they receive an annual salary of \$215,000 and \$160,000, respectively, subject to specified increases. The employment agreements provide that Mr. Finer and Mr. Chin will continue to receive their salary until the expiration of the term of the employment agreements if their employment is terminated by us for any reason other than death, disability or cause (as defined in the employment agreements), as well as provisions for change in control. Mr. Finer's employment with us was terminated in June 2000 and in accordance with his employment agreement, he continued to receive his salary until November 2002.

Effective January 2000 and March 2000, we entered into 3-year employment agreements with A. Mark Young and Jeffrey Geller pursuant to which they receive annual salaries of \$120,000 and \$155,000, respectively, subject to specified increases. Mr. Young's contract was amended during fiscal year 2001 to increase his salary to \$165,000. The employment agreements provide that Mr. Young and Mr. Geller will continue to receive their salary until the expiration of the term of the employment agreements if their employment is terminated by us for any reason other than death, disability or cause (as defined in the employment agreements), as well as provisions for change in control.

Director Compensation

We maintain a policy of compensating our outside directors with an annual retainer of \$10,000 and stock option grants pursuant to our Directors Stock Option Plan for serving as our directors. Our Directors Stock Option Plan provides for an automatic grant to purchase 500 shares of our common stock upon a person's election or appointment as a director and an automatic grant to purchase 1,000 shares of our common stock upon such person's re-election as a director. We do not pay fees to our directors for attendance at meetings.

REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee reviews and approves the compensation of our executive officers, including salaries, bonuses and benefit plans. The Compensation Committee met once during the fiscal year ended February 2, 2002.

The policy of the Board of Directors is to maintain executive compensation at levels that will permit us to attract, motivate and retain individuals with superior managerial abilities. The levels of compensation are intended to reward individual initiative and achievement, while motivating our executives to increase shareholder value by improving our performance and profitability.

The base salaries of our Chief Executive Officer and all Named Executive Officers have been fixed in accordance with the terms of their respective employment agreements which salaries have been reviewed by the Compensation Committee. In reviewing base salaries, the Compensation Committee considers factors such as the responsibilities of the position, corporate progress toward achieving objectives and individual performance, experience and expertise. In determining our executives' overall compensation, the Compensation Committee also reviews certain compensation levels at other companies because the Compensation Committee believes that we compete for executive talent with companies in addition to those in our peer group. Additional criteria reviewed by the Compensation Committee in determining appropriate compensation levels include subjective factors related to corporate and individual performance. Pursuant to the terms of his employment agreement which was effective February 1, 2002, Ilia Lekach received a signing bonus of \$250,000 and was granted 125,000 options to purchase our stock at an exercise price of \$4.00 per share (the closing price of our common stock on January 31, 2002). The options will vest in increments of 41,666 per year over three years beginning February 1, 2003.

Our Stock Option Committee reviews and approves the grant of options pursuant to our 2000 Stock Option Plan. In furtherance of our executive compensation policies, stock options are considered an integral part of our executives' overall compensation. The Compensation Committee believes that as an executive's level of responsibility increases, a greater portion of the total compensation opportunity should be based upon share ownership and other incentives and less upon base salary. Our executives' compensation pursuant to a stock option grant generally increases only to the extent the value of common stock underlying the stock options increases, therefore aligning the interest of our executive officers with our shareholders by tying long-term compensation with our growth and appreciation of shares. During the fiscal year ended February 2, 2002, we granted 12,500 stock options to A. Mark Young, 10,000 stock options to Jeffrey Geller and 12,500 stock options to Leon Geller.

REPORT OF THE AUDIT COMMITTEE

The following report concerns the Audit Committee's activities regarding oversight of our financial reporting and auditing process.

The Audit Committee is comprised of four independent directors, as defined in the Marketplace Rules of The Nasdaq Stock Market. It operates under a written charter adopted by the Board of Directors, a copy of which was attached to our last year's proxy statement. The composition of the Audit Committee, the qualifications of its members and the responsibilities of the Committee, as reflected in its charter, are intended to be in accordance with applicable requirements for corporate audit committees. The Committee reviews and assesses the adequacy of its charter on an annual basis.

As described more fully in its charter, the purpose of the Audit Committee is to assist the Board of Directors in its general oversight of our financial reporting, internal control and audit functions. Management is responsible for the preparation, presentation and integrity of our financial statements, accounting and financial reporting principles, internal controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. Deloitte and Touche LLP, our independent auditing firm, is responsible for performing an independent audit of the consolidated financial statements in accordance with generally accepted auditing standards.

The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent auditor, nor can the Committee certify that the independent auditor is independent under applicable rules. The Committee serves a board-level oversight role, in which it provides advice, counsel and direction to management and the auditors on the basis of the information it receives, discussions with management and the auditors and the experience of the Committee's members in business, financial and accounting matters.

Among other matters, the Audit Committee monitors the activities and performance of our external auditors, including the audit scope, external audit fees, auditor independence matters and the extent to which the independent auditor may be retained to perform non-audit services. The Audit Committee and the Board have ultimate authority and responsibility to select, evaluate and, when appropriate, replace our independent auditor. The Audit Committee also reviews the results of the external audit work with regard to the adequacy and appropriateness of our financial, accounting and internal controls. Management and independent auditor presentations to and discussions with the Audit Committee also cover various topics and events that may have significant financial impact or are the subject of discussions between management and the independent auditor. In addition, the Audit Committee generally oversees our internal compliance programs.

The Committee has reviewed and discussed the audited consolidated financial statements with management and the independent auditor. Management represented to the Committee that our consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the independent auditor represented that its presentations included the matters required to be discussed with the independent auditor by Statement on Auditing Standards No. 61, as amended, Communication with Audit Committees. Our independent auditor also provided the Committee with the written disclosures required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and the Committee discussed with the independent auditor that firm's independence.

Table of Contents

Following the Committee's discussions with management and the independent auditor, the Committee recommended that the Board of Directors include the audited consolidated financial statements in our annual report on Form 10-K for the fiscal year ended February 2, 2002.
