**INDEPENDENT AUDITORS REPORT**

To the Administrator of  
Oriental Bank & Trust Cash or Deferred Arrangement Profit Sharing Plan:

We have audited the accompanying statement of net assets available for benefits of Oriental Bank & Trust Cash or Deferred Arrangement Profit Sharing Plan (the Plan ) as of December 31, 2001 and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audit. Other auditors were engaged to audit the financial statements of Oriental Bank & Trust Cash or Deferred Arrangement Profit Sharing Plan for the year ended December 31, 2000, and due to the scope limitation as permitted by 29 CFR 2520.103-8 of the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, their report, dated July 3, 2002, expressed a disclaimer of opinion on those statements. As permitted by 29 CFR 2520.103-8 of the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, investment assets held by Oriental Bank & Trust, the trustee of the Plan, and transactions in those assets were excluded from the scope of their audit of the Plan s 2000 financial statements, except for comparing the information provided by the trustee, which was summarized in the notes to the financial statements, with the related information included in the financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2001 and the changes in net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedules of (1) assets held for investment purposes as of December 31, 2001 and (2) reportable transactions for the year ended December 31, 2001, are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These schedules are the responsibility of the Plan s management. Such schedules have been subjected to the auditing procedures applied in our audit of the basic 2001 financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

ARRANGEMENT PROFIT SHARING PLAN**

**NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2001 AND 2000**

**1. DESCRIPTION OF THE PLAN**

The following description of Oriental Bank & Trust Cash or Deferred Arrangement Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- a. **General** - The Plan is a defined contribution plan covering all full-time employees of Oriental Bank & Trust and Oriental Financial Services Corporation (the Companies), who are residents of Puerto Rico, have completed six-months of service and are age twenty-one or older. The Plan was established effective January 1, 1992. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- b. **Contributions** - Each year, participants may contribute up to 10 percent of pretax annual compensation, as defined in the Plan, not exceeding the maximum deferral amount specified by Puerto Rico tax laws. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers four mutual funds, a fund which invests in Oriental Bank & Trust (the Bank) time deposits, and a fund which invests in common stock of Oriental Financial Group Inc., the parent company of the Companies, as investment options for participants. The Companies contribute 80 percent of the first \$1,040 of the participant's contributions. The Companies' matching contributions are invested directly in Oriental Financial Group Inc. common stock. Contributions are subject to certain limitations.
- c. **Participant Accounts** - Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contribution and, (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- d. **Vesting** - Participants are vested immediately in their contributions plus actual earnings thereon. The Companies' contribution portion of their accounts plus actual earnings thereon vest upon the occurrence of any of the following events: completion of three years of credited service; attaining age 65; total disability while employed by the Companies or death while employed by the Companies.
- e. **Payment of Benefits** - On termination of service due to death, disability or retirement, a participant may elect to receive the value of the vested interest in his or her account in either a lump-sum distribution or a fixed period that may not exceed the participant's life expectancy. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.
- f. **Loans to Participants** - Loans to participants are not permitted.
- g. **Forfeited Accounts** - At December 31, 2001, forfeited nonvested accounts totaled \$60,305. These accounts will be used to reduce future contributions to the Plan by the Companies.
- h. **Plan Termination** - Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

**2. SIGNIFICANT ACCOUNTING POLICIES**

- a. Basis of Accounting* The financial statements of the Plan are prepared under the accrual method of accounting.
- a. Use of Estimates* - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.
- b. Investments Valuation and Income Recognition* - The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.
- c. Payment of Benefits* - Benefits are recorded when paid.
- d. Plan Expenses* - All expenses incurred in administering the Plan may be paid out of the invested assets unless paid by the Companies.

**3. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)**

Oriental Bank & Trust, the Trustee of the Plan, has certified the completeness and accuracy of the following unaudited financial data included in the financial statements as of and for the year ended December 31, 2000: a) investments and corresponding fair values, b) depreciation in fair value of investments, c) dividend and interest income, and d) number of shares and cost of investments.

**Table of Contents**

**4. INVESTMENTS**

The following presents investments as of December 31, 2001 and 2000 that represent five percent or more of the Plan's net assets.

	<b>2001</b>	<b>2000</b>
Oriental Financial Group Inc. common stock; 152,377 and 143,738 shares, respectively	\$2,834,214	\$1,913,520
Fidelity Advisor Growth Opportunities Fund Class T; 25,625 and 23,499 units, respectively	736,973	802,477
Fidelity Advisor Equity Growth Fund Class T; 10,409 and 9,001 units, respectively	506,824	536,167

During 2001 and 2000, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$581,646 and (\$1,570,691), respectively, as follows:

	<b>2001</b>	<b>2000</b>
Oriental Financial Group Inc. common stock	\$ 820,728	\$(1,281,112)
Mutual funds	(239,082)	(289,579)
<b>Total</b>	<b>\$ 581,646</b>	<b>\$(1,570,691)</b>

Certain plan assets are invested in shares of mutual funds as directed by participants. The Trustee accumulates all investment income (interest and dividends) together with the appreciation (depreciation) in fair value of the fund investments and reports the accumulation in the single unit value of each share. Since the amount of investment income is not significant, separate disclosure of investment income and appreciation (depreciation) in fair value of the fund investments is not presented for the mutual funds.
