**ITEM 5. OTHER EVENTS AND REGULATION FD DISCLOSURE**

Roger C. Holstein, Chief Executive Officer of WebMD Corporation, made the following statement at the Company's Annual Meeting of Stockholders held earlier today:

As we announced last week, the United States Attorney for the District of South Carolina is conducting an investigation of certain operations of the Company, which the Company first learned about last week.

We want to assure you that we have been cooperating, and we will continue to cooperate, fully with the authorities in this matter. The Company has previously indicated that it believes the investigation relates principally to financial reporting issues at the Company's Medical Manager subsidiary. Of course, due to the nature of these types of investigations and at this early stage, we cannot be sure of its exact scope. I realize that many of you would like more information, but as I am sure you can appreciate, we are not in a position to comment further on the investigation at this time.

From the perspective of good corporate governance, this matter will be overseen at the WebMD board level by a special committee consisting solely of independent directors. The special committee will retain independent legal counsel to advise it. The Company has also retained counsel to represent it in the investigation. During this time we intend to operate our business, to the maximum extent possible, consistent with our business plan.
