Item 3.01 Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard; Transfer of Listing

The Bancorp, Inc. (the “Company”) no longer expects to file its Annual Report on Form 10-K for the fiscal year ended December 31, 2014 (the “Form 10-K”) by the end of June, as previously stated in Item 3.01 of the Company’s Current Report on Form 8-K, filed May 11, 2015. The delay resulted because of ongoing work and analysis related to the previously reported errors, which was not completed within the time frame originally estimated. The Company currently expects to file the Form 10-K on or about July 15, 2015 and its Form 10-Q for the three months ended March 31, 2015 shortly thereafter.

Item 8.01 Other Events

While the additional loan valuation analysis has not been fully completed, in excess of 2,500 individual loans from the discontinued and continuing business lines were evaluated. Based upon the vast majority of the work performed to date, management identified approximately \$24 million of additional losses, related to discontinued operations, that were not previously reported and that will be recognized in our restated financial statements. Additionally, approximately \$15 million of losses related to discontinued loans that were resolved after the due date for that 10-K will be reflected in the 2014 income statement as a result of the delay in filing our Form 10-K for the fiscal year ended December 31, 2014. Both of these additional charges related to the Company’s discontinued commercial lending operations and will be reflected in the discontinued operations line item of the income statement.
