PROXY STATEMENT

ABOUT THE 2018 ANNUAL MEETING OF SHAREHOLDERS

WHY HAVE I RECEIVED THESE MATERIALS?

This proxy statement and the accompanying proxy card are first being made available to you on the Internet on March 31, 2018 and written notice has been sent to our shareholders in a manner consistent with applicable law. If you receive notice of the materials and desire to request a physical copy of the materials be sent to you, those materials will be mailed to you upon receipt of your request. These materials are being furnished in connection with the solicitation of proxies by and on behalf of the Board of Supervisory Directors of Core Laboratories N.V. ("Core" or the "Company") for use at our 2018 annual meeting of shareholders to be held at the Hotel Sofitel Legend the Grand Amsterdam, Oudezijds Voorburgwal 197, 1012 EX, Amsterdam, the Netherlands, on Thursday, May 24, 2018 at 9:00 a.m. CEST for the purpose of voting on the proposals described in this proxy statement.

WHY DID I RECEIVE A ONE-PAGE NOTICE IN THE MAIL REGARDING THE INTERNET AVAILABILITY OF PROXY MATERIALS INSTEAD OF A FULL SET OF PROXY MATERIALS?

As permitted by rules adopted by the SEC, we are making this proxy statement and our Annual Report on Form 10-K (the "Annual Report") available on the Internet. On or before April 11, 2018, in order to be able to comply with applicable electronic notification deadlines, we mailed a notice to those who were shareholders as of the close of business Eastern Daylight Time on March 16, 2018 containing instructions on how to access the proxy statement and Annual Report and vote on-line or by phone. In addition, shareholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. The proxy materials will be posted on www.proxydocs.com/clb and on the Company's website, www.corelab.com. See the Section below on "WHO IS ENTITLED TO VOTE" for the important dates related to voting the shares.

Choosing to receive your future proxy materials by email will save us the cost of printing and mailing documents to you. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

Three years ;

9. To transact such other business as may properly come before the annual meeting or any adjournment thereof.

WHO IS ENTITLED TO VOTE?

We are sending notice of the 2018 annual meeting to those shareholders who hold common shares at the close of business Eastern Daylight Time on March 16, 2018 in order to be able to comply with applicable electronic notification deadlines. As of March 16, 2018, there were _____ common shares outstanding. Our common shares are the only class of our capital stock outstanding and entitled to notice of and to vote at the annual meeting. Each outstanding common share (issued shares excluding common shares held by the Company) is entitled to one vote.

The March 16, 2018 date only determines who receives the electronic notice and does not determine who has the right to vote at the annual meeting. In order to be able to vote at the annual shareholder meeting, you will have to be a record holder of shares (or otherwise a person with voting rights with respect to shares) at the close of business Eastern Daylight Time on April 26, 2018. This latter date is considered to be the "day of registration" ("dag van registratie") as referred to in the Dutch Civil Code and only holders of shares (or other persons with voting rights with respect to shares) on such date are entitled to vote. Under Dutch law, this latter date must occur exactly twenty-eight (28) days before the date of the annual meeting.

HOW DO I VOTE BEFORE THE MEETING?

If you are a registered shareholder, meaning that you hold your shares through an account with our transfer agent, Computershare, you can vote by mail, by completing, signing and returning the accompanying proxy card or you may vote online at www.proxyvote.com or by phone: +1-800-690-6903.

If you hold your shares through an account with a bank or broker, you must obtain a legal proxy from the bank or broker in order to vote at the meeting. Please follow the directions that your bank or broker provides.

Given the time of the meeting in the Netherlands, in order for your mailed or on-line vote or vote cast by phone to be counted, it must be received on or before 5:00 p.m. Eastern Daylight Time on Wednesday, May 23, 2018. The official electronic voting results will be those reported by our vote tabulator, Broadridge Financial Solutions, in its final report

upon the close of business Eastern Daylight Time on May 23, 2018. Any other proxies that are actually received in hand by our Secretary before the polls close at the conclusion of voting at the meeting will be voted as indicated.

MAY I VOTE AT THE MEETING?

You may vote your shares at the meeting if you attend in person. Even if you plan to attend the meeting, we encourage you to vote your shares by proxy.

IF YOU PLAN TO ATTEND IN PERSON:

Attendance at the meeting is limited to shareholders (and others with a statutory meeting right), Company management and Company advisors. Registration will begin at 8:00 a.m. CEST and the meeting will begin at 9:00 a.m. CEST on May 24, 2018. Each shareholder desiring to attend MUST bring proof of share ownership as of the "day of registration" ("dag van registratie") as referred to in the Dutch Civil Code (which is April 26, 2018) with him/her to the meeting along with a valid form of identification. Examples of proof of share ownership include voting instruction statements from a broker or bank. In addition, you should register with the Company beforehand to indicate your plan to attend. Such registration may be made by contacting the Company's Secretary as described further in the proxy statement. Failure to comply with these requirements may preclude you from being admitted to the meeting.

CAN I CHANGE MY MIND AFTER I VOTE?

You may change your vote at any time before the polls close at the conclusion of voting at the meeting. You may revoke your proxy (1) by giving written notice to Mark F. Elvig, Secretary, in care of Core Laboratories LP, 6316 Windfern Road, Houston, Texas 77040, at any time before the proxy is voted, (2) by submitting a properly signed proxy card with a later date, or (3) by voting in person at the annual meeting.

WHAT IF I RETURN MY PROXY CARD BUT DO NOT PROVIDE VOTING INSTRUCTIONS?

Proxies that are signed and returned but do not contain instructions will be voted "FOR" all proposals and in accordance with the best judgment of the named proxies on any other matters properly brought before the meeting.

WHAT VOTE IS REQUIRED?

Under Dutch law and our Articles of Association, there is no specific quorum requirement for our annual meeting and the affirmative vote of a majority of votes cast is required to approve each of the proposals proposed by the Supervisory Board, except that in relation to agenda item nos. 4 and 7, a two-thirds majority of the votes cast is required to approve these proposals in the event less than 50% of the issued share capital is present or represented at the meeting. Our Articles of Association prohibit shareholders from acting by written consent, unless such written consent is unanimous and Dutch law does not allow a written consent at a lesser percentage.

Dutch law and our Articles of Association provide that common shares abstaining from voting will count as shares present at the annual meeting but will not count for the purpose of determining the number of votes cast. Broker non-votes will not count as shares present at the annual meeting or for the purpose of determining the number of votes cast. A "broker non-vote" occurs if you do not provide the record holder of your shares (usually a bank, broker, or other nominee) with voting instructions on a matter and the holder is not permitted to vote on the matter without instructions from you under applicable rules of the New York Stock Exchange ("NYSE").

WHO WILL BEAR THE EXPENSE OF SOLICITING PROXIES?

We will bear the cost of preparing and mailing proxy materials as well as the cost of soliciting proxies and will reimburse banks, brokerage firms, custodians, nominees and fiduciaries for their expenses in sending proxy materials to the beneficial owners of our common shares. The solicitation of proxies by the Supervisory Board will be

conducted by mail and also through the Internet. In addition, certain members of the Supervisory Board, as well as our officers and regular employees may solicit proxies in person, by facsimile, by telephone or by other means of electronic communication. We have retained Okapi Partners LLC to assist in the solicitation of proxies for a fee of \$8,500 plus out-of-pocket expenses, which fee and expenses will be paid by the Company. In addition to solicitation of proxies, Okapi Partners LLC may provide advisory services as requested pertaining to the solicitation of proxies.

Section
16(a)
Beneficial
Ownership
Reporting
Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires Supervisory Directors, named executive officers and persons who own more than 10% of our common shares, among others, to file initial reports of ownership and reports of changes in ownership (Forms 3, 4 and 5) of our common shares with the SEC and the NYSE. Such filers are required by SEC regulations to furnish us with copies of all such forms that they file.

Based solely on its review of reports and written representations that the Company has received, the Company believes that all required Section 16 reports were timely filed during 2017, with the exception of certain late reports relating to the vesting and

grant of restricted stock on March 31, 2017 and April 1, 2017. Each of Christopher Hill, our Chief Accounting Officer, Messrs.

Dunlap, Kearney and Sodderland and Mmes. van Geuns and van Kempen filed one late report regarding four transactions. Mrs.

Carnes filed one late report regarding one transaction. This occurred when we electronically submitted for filing eight Form 4s, including seven reports with respect to the individuals listed above, on April 4, 2017, the date they were due. However, because of a technical malfunction, only one report was received by the SEC for filing on April 4, 2017 and the remaining seven of those submissions had to be re-filed with the SEC on April 5, 2017, which is technically one day late.

Equity Compensation Plan Information

We have two main incentive plans, our 2014 Long-Term Incentive Plan ("LTIP"), and our 2014 Nonemployee Director Stock Incentive Plan ("Director Plan"), both of which have been approved by our shareholders. The table below provides information regarding our equity compensation plans as of December 31, 2017.

Performance Graph

The following performance graph compares the performance of our common shares to the Standard & Poor's 500 Index and the compensation peer group selected for 2017 for the period beginning December 31, 2012 and ending December 31, 2017. The graph assumes that the value of the investment in our common shares and each index was \$100 at December 31, 2012 and that all dividends were reinvested. The shareholder return set forth below is not necessarily indicative of future performance. The following graph and related information shall not be deemed "soliciting material" or "filed" with the SEC, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that Core Laboratories specifically incorporates it by reference into such filing.

Outstanding awards granted to the current non-executive Supervisory Directors require the recipient's continued service as a director (other than termination of service due to death or disability) to the time of vesting for the recipient to receive the shares that would otherwise vest. In the event of an award recipient's death or disability prior to the last day of these vesting periods, his or her restricted shares would vest in accordance with the aforementioned vesting schedules. If an award recipient's service with us terminates (other than due to death or disability) prior to the last day of these vesting periods, his or her restricted shares would be immediately forfeited to the extent not then vested. In the event of a change in control (as defined in the 2014 Nonemployee Director Stock Incentive Plan (the "2014 Director Plan")) prior to the last day of the aforementioned vesting periods and while the award recipient is in our service (or in the event of a termination of the award recipient's service upon such change in control), all of the award recipient's restricted shares will vest as of the effective date of such change in control.

As previously disclosed in prior proxy statements, the Supervisory Board approved a Board Succession Plan in 2011 (the "Board Succession Plan"), that was filed on Form 8-K in March 7, 2011. Under the Board Succession Plan, the awards of restricted shares to the Supervisory Directors who retired from the Board in accordance with the terms of the Board Succession Plan, were not forfeited, but remained eligible to vest in accordance with the vesting schedule of each year's award. As of December 31, 2017, the only former Supervisory Directors who have restricted share awards still outstanding are Messrs. Ogren and Kearney.

Minimum Stock Ownership by Non-Executive Supervisory Directors

The Compensation Committee has established a requirement that non-executive Supervisory Directors must maintain equity ownership of Company stock, determined using the average price of the stock over the immediately preceding five years, in the minimum amount of five times the annual base retainer for the previous year. Non-executive Supervisory Directors will be allowed five years to achieve that minimum equity ownership level. All current Supervisory Directors are in compliance with the Compensation Committee's requirements.

Policy against Insider Trading

The Company has a written policy against insider trading that is applicable to all Supervisory Directors and other persons with access to material, non-public information about the Company. Such policy provides that entering into any derivative transaction which effectively shifts the economic risk of ownership to a third party (e.g., selling the stock short; entering into collars, floors, cap arrangements, or placing the stock on margin; etc.) is not allowed at any time.

2018 Non-Executive Supervisory Director Compensation

Each non-executive Supervisory Director serving in 2018 shall receive the same level of cash compensation in 2018 as received by Supervisory Board members in 2017 and described above under "Retainer/Fees" on page 13 of this proxy statement.

In addition, effective on April 1, 2018, we will award each of our non-executive Supervisory Directors serving in 2018, an amount of restricted shares equal to \$150,000 based on the closing price of the Company's stock on March 31, 2018, rounded upwards to the nearest whole share. The restricted shares will vest, without performance criteria, at the end of a one-year vesting period that will begin on April 1, 2018 and will end on April 1, 2019. This award will be subject to an agreement to be signed by each recipient.

Board Membership

The Company has a two-tier board structure consisting of a Management Board and a Supervisory Board, each of which must consist of at least one member under the Company's Articles of Association. Under Dutch law, the Supervisory Board's duties include supervising and advising the Management Board in performing its management tasks. The Supervisory Board currently

consists of eight Supervisory Directors in three classes. The Supervisory Directors are expected to exercise oversight of management with the Company's interests in mind.

The Management Board's sole member is Core Laboratories International B.V. ("CLIBV"). As a Managing Director, CLIBV's duties include overseeing the management of the Company, consulting with the Supervisory Board on important matters and submitting certain important decisions to the Supervisory Board for its prior approval.

Board Structure

Mr. Demshur currently serves as the Company's Chief Executive Officer and as Chairman of the Supervisory Board ("Chairman of the Board"). Given the size of the Company, we believe our shareholders are well served by having Mr. Demshur hold the Chief Executive Officer role along with being Chairman of the Board and that this is the most effective leadership structure for us at the present time. We also note that within our industry, the common practice is for the same person to hold both positions. We believe this structure has served us well for many years.

Mr. Sodderland has served as our Lead Director since the 2017 annual meeting. The Lead Director has leadership authority and responsibilities and sets the agenda for, and leads, all executive sessions of the independent directors, providing consolidated feedback, as appropriate, from those meetings to the Chairman of the Board. Mr. Sodderland has served on the Supervisory Board since 2011, and prior to that served as a non-employee managing director of the Company's sole managing director, Core Laboratories International B.V. He is deemed to be independent from the Company (according to applicable regulatory standards, as well as by shareholder advisory services such as ISS and Glass-Lewis), due to the fact that he has never been an employee of the Company or any affiliate and his service on the management board of the Company's sole management board, is the equivalent of serving as a Supervisory Director.

In its role in the risk oversight of the Company, the Supervisory Board oversees our shareholders' interest in the long-term health and overall success of the Company and its financial strength, as well as the interests of the other stakeholders of the Company. The Supervisory Board is actively involved in overseeing risk management for the Company, and each of our Supervisory Board committees considers the risks within its areas of responsibilities. The Supervisory Board and each of our Supervisory Board committees regularly discuss with management our major risk exposures, their potential financial impact on us and the steps we take to manage them.

Supervisory Director Independence

In connection with determining the independence of each Supervisory Director of the Company, the Supervisory Board inquired as to any transactions and relationships between each Supervisory Director and his or her immediate family and the Company and its subsidiaries, and reviewed and discussed the results of such inquiry. The purpose of this review was to determine whether any such relationships or transactions were material and, therefore, inconsistent with a determination that a Supervisory Director is independent, under the standards set forth by the NYSE and, to the extent consistent therewith, the Dutch Corporate Governance Code, as currently amended (the "Dutch Code"). Under the Dutch Code, the Supervisory Board is to be composed of members who are able to act critically and independently of each other and of the Management Board. With regard to Messrs. Dunlap and Straughen and Mmes. Carnes, van Geuns and van Kempen, none have ever held any position with the Company or any of its affiliates apart from their service on the Supervisory Board and its committees. With regard to Mr. Sodderland, he served as a non-employee managing director of CLIBV, an affiliate of the Company, until his election to the Supervisory Board of the Company in May 2011, at which time he resigned from that position with CLIBV and his position as a non-employee director of

other Dutch affiliates of the Company. He has qualified as independent under the NYSE Listed Company Manual section 303A.02 since 2014 and was deemed to be independent under the Dutch Code upon his re-appointment in 2017. Ms. Carnes qualifies as independent under the NYSE Listed Company Manual section 303A.02.

As a result of this review, after finding no material transactions or relationships among the following Supervisory Directors and the Company, the Supervisory Board affirmatively determined that each of Messrs. Dunlap, Sodderland and Straughen as well as Mmes. Carnes, van Geuns, and van Kempen are independent under the applicable standards described above.

Supervisory
Board
Meetings

The Supervisory Board held four meetings in 2017. All Supervisory Directors participated in 100% of the 2017 Supervisory Board meetings. All Supervisory Directors participated in 100% of the meetings in 2017 of all committees on which he or she serves. Under our Corporate Governance Guidelines, Supervisory Directors are expected to diligently fulfill their fiduciary duties to the Company, including preparing for, attending and participating in meetings of the Supervisory Board and the committees of which the Supervisory Director is a member. In 2017, all Supervisory Directors attended the annual shareholder meeting and we expect each of our Supervisory Directors to attend our 2018 annual meeting as our current policy and Articles of Association impose an obligation upon the Supervisory Directors to attend the annual meeting.

Our non-executive Supervisory Directors meet separately in executive session without any members of management present. The Lead Director is the presiding Supervisory Director at each such session. If any of our non-executive Supervisory Directors were to fail to meet the applicable criteria for independence, then our independent Supervisory Directors would meet separately at least once a year in accordance with the rules of the NYSE.

Committees
of the
Supervisory
Board

The Supervisory Board has three standing committees, the identities, memberships and functions of which are described below. Each Supervisory Director who is at the time "independent" and who has never served as a director of any affiliate of the Company may be considered for Committee assignment at any time during their term, as determined by the Supervisory Board. Any Supervisory Director who is at the time "independent", but who has previously served as a director of any affiliate of the Company, may be considered for Committee assignment, as determined by the Supervisory Board, at the earlier of: (a) five years after they last served as an affiliate director or (b) they are not classified as "non-independent" at the time of their nomination and election.

Audit Committee

The current members of the Audit Committee are Mrs. Carnes (Chairman), and Messrs. Sodderland and Straughen.

The Audit Committee's principal functions, which are discussed in detail in its charter, include making recommendations concerning the engagement of the independent registered public accountants, reviewing with the independent registered public accountants the plan and results of the engagement, approving professional services provided by the independent registered public accountants and reviewing the adequacy of our internal accounting controls. Each member of the Audit Committee is independent, as defined by Section 10A of the Exchange Act of 1934, as amended (the "Exchange Act") and by the corporate governance standards set forth by the NYSE and, to the extent consistent therewith, the Dutch Code. Each member of the Audit Committee is financially literate and Mrs. Carnes qualifies as an audit committee financial expert under the rules promulgated pursuant to the Exchange Act. The Audit Committee held six meetings in 2017. A copy of the Audit Committee's written charter may be found on the Company's website at <http://www.corelab.com/cr/governance>. See "Audit Committee Report" below.

Compensation Committee

The current members of the Compensation Committee are Mr. Straughen (Chairman) and Ms. van Kempen. The Supervisory Board has determined that each of the members of the Compensation Committee is (i) independent under the NYSE's rules governing Compensation Committee membership; (ii) a "non-employee director" under Rule 16b-3 of

the Exchange Act; and (iii) an “outside director” under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "IRS Code"). For 2018, the Supervisory Board is not expecting any additional changes to the membership of the Compensation Committee.

The Compensation Committee's principal functions, which are discussed in detail in its charter, include a general review of our compensation and benefit plans to ensure that they are properly designed to meet corporate objectives. The Compensation Committee reviews and approves the compensation of our Chief Executive Officer and our senior executive officers, granting of awards under our benefit plans and adopting and changing major compensation policies and practices. The Compensation Committee also regularly discusses a succession plan for the Chief Executive Officer and other senior executive management. In addition to establishing the compensation for the Chief Executive Officer, the Compensation Committee reports its recommendations to the Supervisory Board for approval to review and approve awards made pursuant to our LTIP. Pursuant to its charter, the Compensation Committee has the authority to delegate its responsibilities to other persons. The Compensation Committee held one meeting in 2017.

The Compensation Committee periodically retains a consultant to provide independent advice on executive compensation matters and to perform specific project-related work. The consultant reports directly to the committee, which pre-approves the

scope of the work and the fees charged. The Compensation Committee communicates to the consultant the role that management has in the analysis of executive compensation, such as the verification of executive and Company information that the consultant requires. In 2016, the Compensation Committee engaged Pearl Meyer & Partners, LLC ("Pearl Meyer") to perform a full executive compensation survey for 2017 executive and non-executive supervisory director compensation and such survey was also used for determining 2018 executive and non-executive supervisory director compensation, with input provided by Pearl Meyer. The Committee will engage Pearl Meyer in 2018 to perform a full executive compensation survey for 2019 executive and non-executive supervisory director compensation.

The Compensation Committee operates under a written charter. A copy of the Compensation Committee charter may be found on the Company's website at <http://www.corelab.com/cr/governance>. See "Compensation Committee Report" below.

Nominating, Governance and Corporate Responsibility Committee

The current members of the NGCR Committee are Mr. Dunlap (Chairman) and Ms. van Geuns. For 2018, the Supervisory Board plans to re-appoint Mr. Dunlap as chairman and Ms. van Geuns to serve on the NGCR Committee following the 2018 annual meeting.

The NGCR Committee's principal functions, which are discussed in detail in its charter, include:

- recommending candidates to the Supervisory Board for election as Supervisory Directors;
- recommending candidates to the Supervisory Board for appointment to the Supervisory Board's committees;
- reviewing and overseeing compliance with the Company's corporate governance and social responsibility policies; and
- leading the Supervisory Board in its annual review of the performance of the Supervisory Board, its committees and management.

Each member of the NGCR Committee is independent as defined by the corporate governance standards of the NYSE. The NGCR Committee held two meetings in 2017.

The NGCR Committee operates under a written charter, which was updated in February 2014. A copy of the NGCR Committee Charter may be found on the Company's website at <http://www.corelab.com/cr/governance>.

Qualifications of Supervisory Directors

The NGCR Committee has the responsibility to make recommendations to the Board of Supervisory Directors of candidates for the Supervisory Board that the NGCR Committee believes will perform well in that role and maximize shareholder and stakeholder value. In considering suitable candidates for that position, the NGCR Committee considers, among other factors, the person's reputation, knowledge, experience, integrity, independence, skills, expertise, business and governmental acumen and time commitments. In addition to considering these factors on an individual basis, the NGCR Committee considers how these factors contribute to the overall variety and mix of attributes of our Supervisory Board as a whole so that the members of our Supervisory Board collectively possess the diverse knowledge and complementary attributes necessary to oversee our business. Supervisory Directors should be excellent representatives of the Company and be able to provide a wide range of management and strategic advice and be someone that the Company can count on to devote the required time and attention needed from members of the Supervisory Board. In the case of current Supervisory Directors being considered for re-nomination, the NGCR

Committee will also take into account the Supervisory Director's tenure as a member of our Supervisory Board; the Supervisory Director's history of attendance at meetings of the Supervisory Board and committees thereof; the Supervisory Director's preparation for and participation in all meetings; and the Supervisory Director's contributions and performance as a member of the Supervisory Board.

Six of the eight members of the Supervisory Board who will serve following the 2018 annual meeting, assuming the re-election of Ms. van Kempen, are considered independent under applicable SEC, NYSE and Dutch Code standards. For this year's annual meeting and election, the NGCR Committee believes the candidates possess the characteristics outlined above and bring to the Supervisory Board valuable skills that enhance the Supervisory Board's ability to manage and guide the strategic affairs of the Company in the best interests of our shareholders and our other stakeholders.

A more complete description of the specific qualifications of each of our Supervisory Board members and of this year's nominees are contained in the biographical information section beginning on page 9 of this proxy statement.

Supervisory
Director
Nomination
Process

The NGCR Committee, the Chairman of the Board, the Chief Executive Officer, or a Supervisory Director identifies a need to add a new Supervisory Board member that meets specific criteria or to fill a vacancy on the Supervisory Board. The NGCR Committee also reviews the candidacy of existing members of the Supervisory Board whose terms are expiring and who may be eligible for reelection to the Supervisory Board. The NGCR Committee also considers recommendations for nominees for directorships submitted by shareholders as provided below:

- If a new Supervisory Board member is to be considered, the NGCR Committee initiates a search by seeking input from other Supervisory Directors and senior management, and hiring a search firm, if necessary. An initial slate of candidates that will satisfy specific criteria and otherwise qualify for membership on the Supervisory Board are identified by and/or presented to the NGCR Committee, which ranks the candidates. Members of the NGCR Committee review the qualifications of prospective candidate(s), and the Chairman of the Board, the Chief Executive Officer, and all other Supervisory Board members have the opportunity to review the qualifications of prospective candidate(s);
- Shareholders seeking to recommend Supervisory Director candidates for consideration by the NGCR Committee may do so by writing to the Company's Secretary at the address indicated on page 5 of this proxy statement, giving the recommended candidate's name, biographical data and qualifications. The NGCR Committee will consider all candidates submitted by shareholders within the time period specified under "Other Proxy Matters - Information About Our 2019 Annual Meeting; Shareholder Proposals and Shareholder Access" below;
- The NGCR Committee recommends to the Supervisory Board the nominee(s) from among the candidate(s), including existing members of the Supervisory Board whose terms are expiring and who may be eligible for reelection to the Supervisory Board, and new candidates, if any, identified as described above; and
- The nominee(s) are nominated by the Supervisory Board.

Related
Person
Transactions

Related person transactions have the potential to create actual or perceived conflicts of interest between the Company and its Supervisory Directors and named executive officers or their immediate family members. Under its charter, the Audit Committee is charged with the responsibility of reviewing with management and the independent registered public accountants (together and/or separately, as appropriate) insider and affiliated party transactions and potential conflicts of interest. The Audit Committee has delegated authority to review transactions involving employees, other than our named executive officers, to our general counsel. We identify such transactions by distributing questionnaires annually to each of our Supervisory Directors, officers and employees.

In deciding whether to approve a related person transaction, the following factors may be considered:

- information about the goods or services proposed to be or being provided by or to the related party or the nature of the transactions;
- the nature of the transactions and the costs to be incurred by the Company or payments to the Company;
- an analysis of the costs and benefits associated with the transaction and a comparison of comparable or alternative goods or services that are available to the Company from unrelated parties;
- the business advantage the Company would gain by engaging in the transaction; and
- an analysis of the significance of the transaction to the Company and to the related party.

To receive approval, the related person transaction must be on terms that are fair and reasonable to the Company, and which are on terms as favorable to the Company as would be available from non-related entities in comparable transactions. The Audit Committee requires that there is a Company business interest supporting the transaction and the transaction meets the same Company standards that apply to comparable transactions with unaffiliated entities. The Audit Committee has adopted a written policy that governs the approval of related person transactions.

There were no transactions that occurred during fiscal year 2017 in which, to our knowledge, the Company was or is a party, in which the amount involved exceeded \$120,000, and in which any director, director nominee, named executive officer, holder of more than 5% of our common shares or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This Compensation Discussion and Analysis ("CD&A") describes our executive compensation program as it relates to our Named Executive Officers ("NEOs") listed below. This CD&A also summarizes the Compensation Committee's process for making pay decisions, as well as its rationale for specific decisions related to the 2017 performance year.

NEO	Position
David M. Demshur	Chairman, President and Chief Executive Officer
Richard L. Bergmark	Executive Vice President and Chief Financial Officer
Monty L. Davis	Senior Vice President and Chief Operating Officer

As previously disclosed, effective at the conclusion of the 2018 annual meeting of shareholders, Richard Bergmark has elected to resign from his role as Chief Financial Officer; however, Mr. Bergmark will continue to serve as Executive Vice President until he retires from the Company on December 31, 2018. Effective February 1, 2018, the role of the Company's president, held by David Demshur, was separated from Mr. Demshur's other roles and filled by Lawrence Bruno, formerly Vice President, Reservoir Description. Mr. Demshur will continue to serve as the Chairman and Chief Executive Officer of the Company. The SEC's compensation disclosure rules require that we identify our named executive officers as of December 31, 2017, therefore Mr. Bergmark and Mr. Demshur are still deemed to be named executive officers for 2017.

Executive
Summary

2017 Business Achievements

During our over 22 years as a publicly traded company, we have posted an annualized compounded shareholder return of 3,715.2%, according to Bloomberg Financial, compared to the S&P 500, which was up 548.7% compounded annually over that period. See "Ownership of Securities - Performance Graph" on page 8 of this proxy statement for a graph that compares our five-year cumulative total return to the S&P 500 Index and the Philadelphia Oil Services Index ("OSX").

In addition, during 2017, we continued to produce strong relative and absolute results in several areas:

Based on Bloomberg's calculations using the latest comparable data available, our return on invested capital ("ROIC") was the highest of the Bloomberg Oil and Gas Services Comp Group ("Comp Group"). Moreover, our ROIC exceeded the Comp Group average ROIC by approximately 32.5 percentage points;

Revenue growth of 11% for the year was at 60th percentile of the Comp Group;

Operating margin of 17% was at the 70th percentile of the Comp Group;

EPS growth of 28% was at the 80th percentile of the Comp Group;

Safety performance was the highest to date with achieving the fewest total accidents and a record low TRIR of 0.45, an 8% improvement over 2016. From 2015 to 2017, safety gains have been driven by exceptional efforts recording the three best safety results in Company history while maintaining industry low TRIR's below 0.50;

We improved our ranking/score/standing on several key sustainability indexes and have been awarded inclusion in additional sustainability related indices in 2017. This reflects our emphasis on producing long-term profitable growth in a sustainable and responsible manner.

Compensation Actions

During 2017-2018, our executive compensation decisions included:

- Increasing base salaries of the NEOs by 3.0% for 2018;
- Awarding annual cash incentive compensation for 2017 performance at 77.5% of the maximum for each NEO; however, the decision whether the earned 2017 cash incentive bonuses will be paid shall be at the discretion of the Chairman of the Supervisory Board; and
- Continuing to grant NEOs equity exclusively in the form of performance share awards for 2017 and 2018.

2017 "Say-on-Pay" / Shareholder Engagement

Each year, we carefully consider the results of our shareholder say-on-pay vote from the preceding year. We also take into account the feedback we receive from our major shareholders, which we solicit in various ways to include face to face meetings during the year. At the 2017 annual meeting, 93.28% of the votes cast supported our executive compensation program. We believe that this strong level of shareholder support reinforces the Committee's view that our compensation program remains aligned with the best interests of our shareholders.

Best Compensation Governance Practices & Policies

Our executive compensation program is grounded in the following policies and practices, which promote sound compensation governance, enhance our pay-for-performance philosophy and further align our executives' interests with those of our shareholders:

WHAT WE DO

- Significant emphasis on performance-based, "at-risk" compensation
- Incentive awards that are based on both absolute and relative performance results
- Equity award grants subject to three-year performance periods to promote retention
- Retain independent compensation consultant
- Share ownership guidelines (for executives and directors)

WHAT WE DO NOT DO

- No non-performance based incentive awards
- No hedging transactions by executive officers or directors
- No significant perquisites
- No "single trigger" change in control cash severance benefits
- Core Lab stock may not be margined by executive officers or directors

What Guides

Our Executive Compensation Program

Compensation Philosophy and Objectives

Our executive compensation program is designed to create a strong financial incentive for our NEOs to maximize ROIC, as well as other financial and operational metrics, which we believe leads to long-term sustainable growth in shareholder value. Our compensation philosophy is driven by the following guiding principles and objectives:

Guiding Principle	Objective
Pay for Performance	Drive performance relative to our financial goals which are designed to achieve shareholder returns and long-term value for our owners
Competitiveness	Provide compensation at levels that will attract, motivate, and retain highly-qualified executives who are focused on the long-term best interests of our shareholders
Stakeholder Alignment	Reinforce a culture of ownership and long-term commitment to sustainable shareholder value creation through alignment of Corporate, Environmental and Social Governance

The Core Elements of Compensation

The core elements of executive compensation are summarized in the table below:

Element	Form	What It Does	How It Links to Performance
Base Salary	Cash (Fixed)	Provides a competitive rate relative to similar positions in the oilfield services industry and other service-based industries, and enables the Company to attract and retain critical executive talent	Based on job scope, level of responsibilities, experience, tenure and market levels Payouts: 0% to 200% of target, based on results against pre-established, relative and absolute goals
Annual Cash Incentive Plan	Cash (Variable)	Focuses executives on achieving annual financial and operational goals that drive long-term stockholder value	Financial Metrics: Growth in Revenue, Operating Margin and Earnings Per Share (EPS) Non-Financial Metrics: Combined Safety and Environmental, Social and Governance (ESG)
Long-Term Incentive Plan (LTIP)	Equity (Variable)	Provides incentives for executives to execute on longer-term financial/strategic growth goals that drive value creation and support the Company's retention strategy	Awards vest based on performance achievements relative to Comp Group for the performance period (see page 27) Financial Metric: Return on Invested Capital (ROIC)

Pay Mix

The charts below show the target compensation of our CEO and our two other NEOs for fiscal 2017. These charts illustrate that a majority of NEO compensation is performance-based and variable (86% for our CEO and an average of 81% for our other NEOs). We view each compensation element as a different means of encouraging and promoting performance. These elements are designed to work in tandem, not against each other. The weighting of these compensation components is consistent with the market and puts a material, significant portion of the executives' total direct compensation "at risk" if Company performance declines.

The Role of the Compensation Committee

Our Compensation Committee's principal functions include conducting periodic reviews of the compensation and benefits programs to ensure that they are properly designed to meet corporate objectives, overseeing of the administration of the cash incentive and equity-based plans and developing the compensation program for the Supervisory Directors.

The Compensation Committee generally focuses on compensation structures designed to reflect the normal market range (between the 25th to 75th percentiles), which gives the Compensation Committee the ability to set compensation that reflects Company and individual performance. We believe that maintaining compensation in the normal market range of our peer group minimizes competitive disadvantage while at the same time fairly compensating our NEOs for meeting our corporate goals. The Compensation Committee uses a range of compensation targets so as to respond better to changing business conditions, manage salaries and incentives more evenly over an individual's career, and minimize potential for automatic increases in salaries and incentives that could occur with inflexible and narrow competitive targets. The Compensation Committee links a significant portion of each executive's total compensation to accomplishing specific, measurable results based on both company and individual performance intended to create value for shareholders in both the short- and long-term. Only executives with performance exceeding established targets may significantly exceed the market median in total compensation due to incentive compensation.

The Role of Management

Our CEO provides recommendations to the Compensation Committee in its evaluation of our NEOs, including recommendations of individual cash and equity compensation levels for each of the NEOs. Mr. Demshur relies on his personal experience serving in the capacity of CEO with respect to evaluating the contribution of our other NEOs, as well as publicly- available information for comparable compensation guidance as the basis for his recommendations to the Compensation Committee. Mr. Demshur does not participate in discussions regarding his own pay.

The Role of the Independent Compensation Consultant

Our Compensation Committee periodically retains a consultant to provide independent advice on executive compensation matters and to perform specific project-related work. The Compensation Committee engaged Pearl Meyer & Partners, LLC ("Pearl Meyer") to provide information on pay levels and program design for 2017. Pearl Meyer has reported to and acted at the direction of the Compensation Committee. In connection with its engagement of Pearl Meyer, based on the information presented to it, the Compensation Committee assessed the independence of Pearl Meyer pursuant to applicable SEC and NYSE rules and concluded that the firm's work for the Compensation Committee did not raise any conflict of interest for 2017.

The Role of Market Compensation Analysis

The Compensation Committee reviews several sources as a reference for determining competitive total compensation packages. For 2017 executive compensation recommendations, the Compensation Committee reviewed and considered Pearl Meyer's evaluation and analysis of compensation survey data from multiple general industry and industry-specific sources.

In addition, the Compensation Committee reviewed proxy statement data from a peer group of companies (see below). These analyses were used to determine the NEOs' base salary, annual incentive targets and long-term equity awards (100% performance-based) for 2017.

Selecting the Peer Group

The Compensation Committee, with the assistance of Pearl Meyer, developed a peer group of companies to be used for compensation comparison purposes. The peer group consists of publicly traded oilfield services companies

comparable in size to our company in terms of annual revenues and the value of ongoing operations. The following companies comprise our compensation peer group for NEO compensation for 2017:

Atwood Oceanics, Inc.	Fugro NV - CVA	Superior Energy Services, Inc.
Baker Hughes Inc.	Helix Energy Solutions Group, Inc.	Technip FMC plc
CARBO Ceramics, Inc.	Nabors Industries Ltd	Weatherford International plc
Dril-Quip, Inc.	Oceaneering International, Inc.	Wood Group (John) plc
Forum Energy Technologies	Oil States International, Inc.	
Franks International N.V.	RPC, Inc.	

In addition, the Compensation Committee reviewed the incentive trends at the following company of interest: Schlumberger N.V.

The Compensation Committee also periodically reviews the composition of our compensation peer group, the compensation paid at these companies, as well as their corporate performance, and other factors in determining the appropriate compensation levels for our NEOs.

2017
Compensation
Program
Details

Base Salary

Base salary is the fixed annual compensation we pay to an executive for performing specific job responsibilities. It represents the minimum income an executive may receive in any given year. We target annual base salaries to result in annual salaries in the normal market range of our peer group for executives having similar responsibilities. The Compensation Committee may adjust salaries based on its annual review of the following factors:

- the individual's experience and background;
- the individual's performance during the prior year;
- the benchmark salary data;
- the general movement of salaries in the marketplace; and
- our financial and operating results.

As a result of these factors, a particular executive's base salary may be above or below the median of our peer group at any point in time. The table below shows base salaries for each of our NEOs for the years ending December 31, 2017 and 2016. It also shows their base salaries that were approved by the Compensation Committee for 2018.

Name of Executive	2018 (\$)	2017 (\$)	2016 (\$)
David Demshur	1,008,863	979,479	951,000
Richard Bergmark	539,600	523,881	508,600
Monty Davis	539,600	523,881	508,600

Annual Cash Incentives

All of our NEOs participate in our annual cash incentive plan. Under this plan, each NEO is assigned a target and a maximum bonus expressed as a percentage of his base salary. The target bonus percentage and maximum bonus percentage for each of our NEOs for 2017 and 2018 is set forth below:

Name of Executive	Title	Award Percentages	
		Target	Maximum
David M. Demshur	President and Chief Executive Officer	110%	-220%
Richard L. Bergmark	Executive Vice President and Chief Financial Officer	75%	-150%
Monty L. Davis	Senior Vice President and Chief Operating Officer	75%	-150%

The maximum award opportunity is established as a percentage of salary for each NEO based upon a review of the competitive data for that officer's position, level of responsibility and ability to impact our financial success. The Compensation Committee designs these awards so that cash incentive compensation will approximate the market range when individual and corporate strategic objectives are achieved and will exceed the market median when performance plans are exceeded. Annual incentive awards are designed to put a significant portion of total compensation at risk. NEOs are eligible for an incentive cash award to the extent that the Company achieves certain relative and absolute performance goals.

The Compensation Committee has set performance goals that are consistent with the Company's business strategy and focus on creating long-term shareholder value. Performance is assessed based on the achievement of specific financial

measures, safety metrics, operating objectives, and environmental, social and governance goals. The Compensation Committee also considers individual contributions to performance results.

Relative Performance

Relative performance accounts for 75% of the potential annual cash incentive award and is based on the achievement of three different financial performance metrics as compared to the Comp Group:

Metric	Description	Weighting
Revenue	Compare the change in the Company's annual revenue to the Comp Group's change in annual revenue over the same period	25%
Operating Margin	Compare the change in the Company's margins to the Comp Group's change in margins over the same period	25%
EPS	Compare the change in the Company's annual EPS to the Comp Group's change in annual EPS over the same period	25%

Relative performance is assessed after the end of the year. Bloomberg data is analyzed on a trailing four-quarter period for the Comp Group as published by Bloomberg for the period ending with the third quarter of the current year. This data is used to determine the Company's performance as a percentile of the Comp Group for each metric, which is then ranked. A ranking at the top of the list will be assigned a ranking of being in the 100th percentile.

For each metric, the NEOs can achieve a maximum score of 25 and a minimum score of 12.5 for a ranking between the 100th and the 50th percentiles, respectively. For example, if the Company's ranking for change in revenue compared to the Comp Group's change in revenue is at the 75th percentile level, then the revenue metric would receive a score of 18.75. Scores will be interpolated on a straight-line basis from the 50th percentile to the 100th percentile. A score of zero will be applied to any ranking below the 50th percentile.

Absolute Performance

Absolute performance accounts for 25% of the annual incentive award. The Compensation Committee evaluates the Company's progress in improving on a collective basis, year-over-year, in the areas of safety and ESG. The Compensation Committee will base its determination primarily on relevant objective third-party reports and may award up to 25% of the maximum bonus possible depending on the Company's overall improvement in these areas. If the Compensation Committee determines that overall the Company's performance at the end of a year, on a year-over-year basis, has declined, it may award as little as zero (0) bonus for this metric.

2017 Results

For 2017, our performance results were as follows:

Metric	Weighting	Ranking	Score
Revenue	25%	60 th percentile	15.00
Operating Margin	25%	70 th percentile	17.50
EPS	25%	80 th percentile	20.00
Sub-Total Relative Score			52.50
Absolute Performance	25%		25.00
Total Score			77.50

Based on the financial performance results and individual achievements, the Compensation Committee approved the annual incentive awards for 2017 as shown in the next table. The decision whether these earned 2017 cash incentive bonuses will be paid shall be at the discretion of the Chairman of the Supervisory Board.

Name of Executive	Award Percentages			Award Payouts (\$)		
	Target	Maximum	Actual (1)	Target	Maximum	Actual (1)
David M. Demshur	110%	220%	170%	1,077,427	2,154,854	1,670,011
Richard L. Bergmark	75%	150%	116%	392,911	785,822	609,011
Monty L. Davis	75%	150%	116%	392,911	785,822	609,011

(1) Award percentages are calculated as a percent of salary; payouts under the Company's annual cash incentive compensation for 2017 performance were awarded at 77.5% of the maximum. See the section entitled "--2017 Results"

below for additional details regarding 2017 performance. Thus, the numbers in this column reflect 77.5% of the award amount percentage between the Target and the Maximum.

Equity Incentive Compensation

We currently administer long-term incentive compensation awards through our LTIP. Under the LTIP, our NEOs are eligible for performance-based restricted shares.

Our Compensation Committee, based on recommendations from our CEO, determines the amount of each NEO's grant by periodically reviewing competitive market data and each NEO's long-term past performance, ability to contribute to our future success, and time in the current job. The Compensation Committee takes into account the risk of losing the executive to other employment opportunities and the value and potential for appreciation in our shares. The number of shares previously granted or vested pursuant to prior grants is not typically a factor in determining subsequent share grants to a NEO. The Compensation Committee considers the foregoing factors together and determines the appropriate magnitude of the award.

Performance Share Award Program ("PSAP")

PSAP shares vest if we achieve certain performance goals generally over a three-year period, which allow us to compensate our employees as we meet or exceed our business objectives. Starting with grants of restricted performance shares made in 2017, the restricted performance shares will vest only upon the Company's ROIC being in the top 50th percentile of ROIC among a Bloomberg Peer Group of comparably sized companies ("Bloomberg Peer Group"), which peer group we use in the current incentive plan, 100% of the award will vest if the Company is in the top 75th percentile of ROIC of the Bloomberg Peer Group and 150% percent of the award will vest if the Company is in the top 100th percentile (the top performing company) of ROIC of the Bloomberg Peer Group. The award will be interpolated on a straight line basis from the 50th percentile to the 100th percentile. If the minimum criterion is not met, then no shares shall vest and the award shall be forfeited.

Under the PSAP, our NEOs are awarded rights to receive a pre-determined number of common shares if certain performance targets are met over a three-year period and as specified in the applicable agreements. Awards vest at the end of each three-year Performance Period.

The following table outlines the total PSAP awards granted in 2017. The multiples of pay used to determine our annual grants have not changed since 2015 and will not change for 2018:

Date of Grant	Total Number of PSAP Awards Granted to NEOs	Annual Grant Guidelines	Performance Period
February 14, 2017	71,008	CEO: 5 x base salary Other NEOs: 3.75 x base salary	January 1, 2017 to December 31, 2019

These award guidelines reflect the market range for long-term incentive awards if the performance measures are met.

2015 PSAP Awards

On February 16, 2015, we made grants of 79,455 restricted performance shares to our NEOs for 2015. Assuming the recipient's continued employment (or death or disability while employed) and the satisfaction of certain performance goals, these awards vested at the end of a three-year Performance Period that began on January 1, 2015. In 2015, the total long-term incentive guideline used to make awards was five times the 2014 base salary for Mr. Demshur and three and three quarters times their 2014 base salary for both Messrs. Bergmark and Davis, with 80% of the shares vesting if the Company's ROIC was in the top decile of the Comp Group at the end of the Performance Period and the remaining 20% vesting only if the Company's ROIC was the highest among the Comp Group at the end of the Performance Period. Based upon the actual performance results, the 2015 PSAP awards fully vested on Friday,

December 29, 2017.

2016 PSAP Awards

On February 16, 2016, we made grants of 95,515 restricted performance shares to our NEOs for 2016. Subject to continued employment with us, rights conferred by an employment agreement or the award agreement, or upon death or disability, these awards vest at the end of a three-year Performance Period that began on January 1, 2016.

The amount of performance based equity incentive compensation awarded to Mr. Demshur was five times his 2015 base salary of \$951,000 (a total of \$4,755,000) divided by the closing price of the Company's stock on January 25, 2016, rounded upward to the nearest whole share that is divisible by five, for a total award of 52,995 restricted performance shares. The amount awarded to Messrs. Bergmark and Davis was three and three quarters times their 2015 base salary of \$508,600 (a total of \$1,907,250)

27

divided by the closing price of the Company's stock on January 25, 2016, rounded upward to the nearest whole share that is divisible by five, for a total award of 21,260 restricted performance shares to each. Subject to continued employment with us, rights conferred by an employment agreement or the award agreement, or upon death or disability, 80% of the award will vest only if the Company's ROIC is in the top decile of the Comp Group as shown by data published by Bloomberg upon the close of the market on the last day of the 2016 Performance Period. If that criterion is not met, then no shares shall vest and the award shall be forfeited. If, in addition to the Company being in the top decile of the Comp Group, the Company is the top performing company for ROIC among the Comp Group at the end of the Performance Period as shown by data published by Bloomberg, then the remaining 20% of the award shall fully vest. If this additional criterion is not met, then the 20% portion of the award shall be forfeited and none of those shares shall vest.

For clarity, the 2016 PSAP award to the named executive officers is as follows:

Name of Executive	Amount of Award Subject to Top Decile Vesting Requirement for 80% of the Award (in Shares)	Amount of Award Subject to Top Performer Vesting Requirement for 20% of the Award (in Shares)	Total Award of 100% (in Shares)
David Demshur	33,917	8,479	42,396
Richard Bergmark	13,606	3,402	17,008
Monty Davis	13,606	3,402	17,008

2017 PSAP Awards

On February 14, 2017, we made grants of 71,008 PSAP shares to our NEOs for 2017. The three-year Performance Period began on January 1, 2017.

The amount of performance based equity incentive compensation awarded to Mr. Demshur was five times his 2016 base salary of \$951,000 (a total of \$4,755,000) divided by the closing price of the Company's stock on January 23, 2017, rounded upward to the nearest whole share that is divisible by two, for a total award of 39,400 restricted performance shares. The amount awarded to Messrs. Bergmark and Davis was three and three quarters times their 2016 base salary of \$508,600 (a total of \$1,907,250) divided by the closing price of the Company's stock on January 23, 2017, rounded upward to the nearest whole share that is divisible by two, for a total award of 15,804 restricted performance shares each. Subject to continued employment with us, rights conferred by an employment agreement or the award agreement, or upon death or disability, 50% of the awards will vest at the end of the Performance Period, if at all, if the Company is in the top 50th ROIC percentile among a Bloomberg Peer Group, which is the peer group we use in the current incentive plan, 100% of the award will vest if the Company is in the top 75th ROIC percentile of the Bloomberg Peer Group and 150% percent of the award will vest if the Company finishes at the top 100th ROIC percentile (the top performing company) of the Bloomberg Peer Group. The award will be interpolated on a straight line basis from the 50th percentile to the 100th percentile. These award guidelines reflect the market range for long-term incentive awards if the performance measure is met. If the minimum criterion is not met, then no shares shall vest and the award shall be forfeited.

For clarity, the 2017 PSAP award to the named executive officers is as follows:

Name of Executive	Target Award (in Shares)	Amount to vest if CLB in Top 50th Percentile of ROIC at end of 2017 Performance Period (in Shares)	Additional amount to vest if CLB in Top 75th Percentile of ROIC at end of 2017 Performance Period (in Shares)	Additional amount to vest if CLB is Top Performer of ROIC at end of 2017 Performance Period (in Shares)	Maximum possible award of 150% (in shares)

The amount awarded to Messrs. Bergmark and Davis was three and three quarters times their 2017 base salary of \$523,881 (a total of \$1,964,553) divided by the closing price of the Company's stock on January 23, 2018, rounded upward to the nearest whole share that is divisible by two, for a total award of 16,864 restricted performance shares each. Subject to continued employment with us, rights conferred by an employment agreement or the award agreement, or upon death or disability, 50% of the awards will vest at the end of the 2018 Performance Period, if at all, if the Company is in the top 50th ROIC percentile among a Bloomberg Peer Group, which is the peer group we use in the current incentive plan, 100% of the award will vest if the Company is in the top 75th ROIC percentile of the Bloomberg Peer Group and 150% percent of the award will vest if the Company is in the top 100th ROIC percentile (the top performing company) of the Bloomberg Peer Group. The award will be interpolated on a straight line basis from the 50th percentile to the 100th percentile. These award guidelines reflect the market range for long-term incentive awards if the performance measure is met. If the minimum criterion is not met, then no shares shall vest and the award shall be forfeited.

For clarity, the 2018 PSAP award to the named executive officers is as follows:

Name of Executive	Target Award (in Shares)	Amount to vest if CLB in Top 50 th Percentile of ROIC at end of 2017 Performance Period (in Shares)	Additional amount to vest if CLB in Top 75 th Percentile of ROIC at end of 2017 Performance Period (in Shares)	Additional amount to vest if CLB is Top Performer of ROIC at end of 2017 Performance Period (in Shares)	Maximum possible award of 150% (in shares)
David Demshur	42,038	21,019	21,019	21,019	63,057
Richard Bergmark	16,864	8,432	8,432	8,432	25,296
Monty Davis	16,864	8,432	8,432	8,432	25,296

The PSAP shares are unvested and may not be sold, assigned, pledged, hedged, margined or otherwise transferred by an award recipient until such time as, and then only to the extent that, the restricted performance shares have vested. In the event of a change in control (as defined in the LTIP) prior to the last day of the Performance Period, all of the award recipient's restricted performance shares will vest as of the effective date of such change in control.

Executive Compensation Policies

Stock Ownership Requirements

In 2010, the Compensation Committee approved stock ownership requirements for our NEOs. Alignment with shareholder interests is reflected in current stock ownership among the NEOs. They reflect a significant personal investment in us by the same executives responsible for determining the future success of the organization and the return to shareholders.

Securities Trading Policy

We prohibit officers and certain other managers from trading our securities on the basis of material, non-public information or "tipping" others who may so trade on such information and from trading in our securities without obtaining prior approval from our General Counsel. If a manager or officer does not have inside information that is material to the business, such officer or manager may trade immediately following quarterly earnings press releases during an Allowed Trading Window. Any exceptions must be requested in writing and signed by our Chief Executive Officer, Chief Operating Officer, Chief Financial Officer or our General Counsel. Core Lab stock may not be margined and, further, any derivative transaction which effectively shifts the economic

risk of ownership to a third party is not allowed at any time by our NEOs and managers unless approved by the Compensation Committee.

Health and Welfare Benefits

We offer a standard range of health and welfare benefits to all employees, including our NEOs. These benefits include medical, prescription drug, and dental coverages, life insurance, accidental death and dismemberment, long-term disability insurance and flexible spending accounts. Our plans do not discriminate in favor of our NEOs.

401(k)

We offer a defined contribution 401(k) plan to substantially all of our employees in the United States. We provide this plan to assist our employees in saving some amount of their cash compensation for retirement in a tax efficient manner. Participants may contribute up to 60% of their base and cash incentive compensation, subject to the current limits under the IRS Code. We provide safe harbor matching contributions under this plan up to the first 4% of the participant's compensation and may make additional discretionary contributions. For plan year 2017, due to the oil and gas sector market conditions, we determined that we would not make a discretionary contribution to the 401(k) plan for any eligible employee, including our NEOs.

Deferred Compensation Plan

Through our subsidiary, Core Laboratories LP, we have adopted a nonqualified deferred compensation plan that permits certain employees, including our NEOs, to elect to defer all or a part of their cash compensation (base, annual incentives and/or commissions) from us until the termination of their status as an employee. Participating employees are eligible to receive a matching deferral under the nonqualified deferred compensation plan that compensates them for contributions they could not receive from us under the 401(k) plan due to the various limits imposed on 401(k) plans by the U.S. federal income tax laws.

Discretionary employer contributions may also be made on behalf of participants in the plan and are subject to discretionary vesting schedules determined at the time of such contributions. Vesting in employer contributions is accelerated upon the death of the participant or a change in control. Employer contributions under the plan are forfeited upon a participant's termination of employment to the extent they are not vested at that time.

Supplemental Executive Retirement Plans

In 1998, based on our review of post-retirement compensation provided by various companies in the oilfield services industry, we adopted the Core Laboratories Supplemental Executive Retirement Plan, as amended, referred to as the "Group SERP". This plan was established to provide additional retirement income for certain of our then-executive officers and death benefits to the officers' designated beneficiaries as a reward for the NEOs' prior contributions and future efforts to our success and growth. David Demshur and Richard Bergmark participate in the Group SERP. Please read "Information About Our Named Executive Officers and Executive Compensation - Post-employment Benefit Plans - Group SERP" for more information about the Group SERP.

In 1999, based on our review of post-retirement compensation provided by various companies in the oilfield services industry, we adopted a Supplemental Executive Retirement Plan, as amended, for Monty L. Davis, which is referred to as the "Individual SERP." The terms of the Individual SERP are similar to that of the Group SERP except that the amount of the retirement benefit is determined using a formula that takes into consideration the participant's compensation, years of employment, and a five-year vesting schedule. Please read "Information About Our Named Executive Officers and Executive Compensation - Post-employment Benefit Plans - Individual SERP" for more information about the Individual SERP.

Other Perquisites and Personal Benefits

We do not offer any perquisites or other personal benefits to any executive with a value over \$10,000 beyond those discussed within this proxy and specifically in the table "Summary Compensation for the Years Ended December 31, 2015, 2016 and 2017" and its footnote (3) on page 33 of this proxy statement.

We believe in the importance of providing attractive intangible benefits to all employees such as open and honest communications, ethical business practices, and a safe work environment.

Deductibility of Compensation Over \$1 Million

Section 162(m) of the Internal Revenue Code limits the amount of compensation that may be deducted per covered employee to \$1 million per taxable year. For 2017 and prior years, covered employees for this purpose included our Chief Executive Officer and the three next most highly compensated executive officers (other than the Chief Financial Officer) required to be reported as named executive officers, although any compensation that met the requirements of qualified performance-based compensation under Section 162(m) was not subject to this deduction limitation.

Following the enactment of the Tax Cuts and Jobs Act, beginning with the 2018 calendar year, the \$1 million annual deduction limitation applies to

compensation paid to any individual who is Chief Executive Officer, Chief Financial Officer or one of the other three most highly compensated executive officers for 2017 or any subsequent calendar year, and there is no longer any exception for qualified performance-based compensation. For periods after 2017, without the performance-based compensation exception, it is expected that any compensation deductions (other than grandfathered amounts) for any individual who is our Chief Executive Officer, Chief Financial Officer or one of our other three most highly compensated executive officers in 2017 or any later year will be subject to a \$1 million annual deduction limitation. The Committee views the tax deductibility of executive compensation as one factor to be considered in the context of its overall compensation philosophy, and will consider the tax law changes. The Committee reviews each material element of compensation on a continuing basis to determine whether deductibility can be accomplished without sacrificing flexibility and other important elements of the overall executive compensation program. Accordingly, the Compensation Committee will continue to retain the discretion to pay compensation that is not deductible.

Employment Agreements and Change in Control Agreements

We maintain employment agreements with our three NEOs to ensure they will perform their roles for an extended period of time. These agreements are described in greater detail in "Information About Our Named Executive Officers and Executive Compensation - Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table - Employment Agreements." These agreements provide for severance compensation to be paid if the employment of the NEOs is terminated under certain conditions, such as following a change in control, termination by our NEOs for any reason or termination by us for any reason other than upon their death or disability, for "cause" or upon a material breach of a material provision of his employment agreement (as defined in the employment agreements).

Change in Control

As part of our normal course of business, we engage in discussions with other companies about possible collaborations and/or other ways in which the companies may work together to further our respective long-term objectives. In addition, many larger, established companies consider companies at similar stages of development to ours as potential acquisition targets. In certain scenarios, the potential for a merger or being acquired may be in the best interests of our shareholders. We provide severance compensation if an executive's employment is terminated following a change in control transaction to promote the ability of our senior executives to act in the best interests of our shareholders even though their employment could be terminated as a result of the transaction.

Termination Without Cause

If we terminate the employment of an NEO without cause as defined in the applicable agreement, we are obligated to continue to pay him certain amounts as described in greater detail in "Potential Payments Upon Termination or Change in Control." We believe these payments are appropriate because the terminated executive is bound by confidentiality, non-solicitation and non-compete provisions covering the two year period immediately following termination of service and because the Company and each executive have mutually agreed to a severance package that is in place prior to any termination event. This provides us with more flexibility to make a change in senior management if such a change is in our best interests and the best interests of our shareholders.

INFORMATION ABOUT OUR NAMED EXECUTIVE OFFICERS AND EXECUTIVE COMPENSATION

Named
Executive
Officers

As of December 31, 2017, our NEOs consisted of Messrs. Demshur, Bergmark and Davis. Biographical information regarding Messrs. Demshur and Bergmark can be found in "Information About Our Supervisory Directors and Director Compensation - Board of Supervisory Directors." The following biography describes the business experience of Mr. Davis. Our NEOs are not Managing Directors of our Company for purposes of Dutch law.

Mr. Davis, who is 63 years of age, joined Western Atlas International in 1977, holding various management positions including Atlas Wireline Division Financial Controller for Europe, Africa and the Middle East from 1983 to 1987, Core Laboratories Division Vice President of Finance from 1987 to 1991, and Atlas Wireline Division Vice President of Finance and Administration from 1991 to 1993. In 1993, Mr. Davis left Western Atlas International and joined Bovar Inc. of Calgary, Canada, an environmental waste disposal company, as Chief Financial Officer. From 1994 to 1995 he served as Chief Operating Officer and from 1995 to 1998 he served as President and Chief Executive Officer of Bovar Inc. Mr. Davis rejoined our Company as Senior Vice President in 1998, and in 1999 was promoted to Chief Operating Officer, the position he currently holds.

In January 2018, we announced that Mr. Bergmark has elected to retire from his role as Chief Financial Officer following the conclusion of our 2018 annual shareholders' meeting. Mr. Bergmark will be replaced by Mr. Christopher Hill, who has served as our Chief Accounting Officer. Effective February 1, 2018 we separated the roles of President and Chief Executive Officer, and Mr. Lawrence Bruno was appointed to the role of President. Despite these executive officer changes during 2018, the identification of our NEOs is made as of December 31, 2017, therefore the information within the CD&A and the tables below will focus on the three individuals designated as our NEOs for the 2017 year.

Summary

The following table summarizes, with respect to our Chief Executive Officer and each of our other NEOs as of December 31, 2017, information relating to the compensation earned for services rendered to the Company in all capacities during fiscal years 2015, 2016, and 2017:

The amounts included in the "Stock Awards" column include the aggregate grant date fair value of the equity-based awards granted during 2015, 2016 and 2017, and have been computed in accordance with FASB ASC Topic 718, formerly FAS 123(R) disregarding any estimate for forfeitures. Assumptions used in the calculation of (1) these amounts are included in Note 13 to our audited financial statements for the fiscal years ended December 31, 2015, 2016 and 2017 and are included in our annual reports on Form 10-K. See "Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table" for a description of the material features of these awards. For accounting purposes, the probable outcome for the 2016 awards is also the maximum level.

(2) In 2016, all three NEOs declined the non-equity incentive plan compensation awards due to industry market conditions. The decision whether the earned 2017 cash incentive bonuses will be paid shall be at the discretion of

the Chairman of the Supervisory Board.

(3) The changes in post-employment benefit values for 2015, 2016 and 2017 were primarily the result of changes in the underlying actuarial assumptions. Specifically, the interest rate is based on a federal rate that changes annually and the mortality tables are pursuant to Section 417 of the IRS Code which is required for valuing payouts from qualified plans. These changes were not the result of additional contributions or benefits accruing to the NEOs.

(4) All Other Compensation is described in the following section.

(5) Total Compensation excluding Non-Equity Incentive Plan Compensation is the total compensation excluding the non-equity incentive compensation which has not been paid and which may not be paid (see footnote 2). The amounts including the Non-Equity Incentive Plan Compensation and excluding such compensation have been used for the two Pay Ratio disclosure calculations on page 42.

Performance Share Award Program

In 2015, 27,000 shares were granted to employees, other than the NEOs, under the PSAP. For the NEOs, we granted 79,455 shares under the PSAP. Subject to continued employment with us, rights conferred by an employment agreement or the award agreement, or upon death or disability, 80% of these shares would vest only upon our ROIC being in the top decile of the Comp Group and the final 20% would vest only upon our ROIC being at the top of the Comp Group as published by Bloomberg at the end of the three-year Performance Period on December 29, 2017. Vesting would occur to the extent the performance criteria were met at the end of a Performance Period. Based upon the actual performance results, the 2015 PSAP awards fully vested on December 29, 2017.

Post-Employment
Benefit Plans

The following table provides information on our NEOs' post-employment benefit plans as of December 31, 2017, including, with respect to each NEO, the number of years credited under the applicable plan, the actuarial present value of the accumulated post-employment benefit and the dollar amount of any payments received during the year ended December 31, 2017.

Post-Employment Benefit Plans
as of December 31, 2017

Name of Executive	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit (\$)	Payments During 2017 (\$)
David M. Demshur	Group SERP	N/A	4,228,000	—
Richard L. Bergmark	Group SERP	N/A	4,327,000	—
Monty L. Davis	Individual SERP	25	2,534,000	—

Group SERP

In 1998, we adopted the Group SERP for the benefit of certain key employees and outside directors. The Group SERP was last amended in 2007. It was established to provide additional retirement income to the participants and death benefits to the participants' designated beneficiaries as a reward for the participants' contributions to our success and growth. Messrs. Demshur and Bergmark participate in the Group SERP. Each participant is entitled to receive a retirement benefit of \$250,000 per year, which begins on the participant's retirement date (which is the later of the participant's termination of employment or attaining the age of 65 years) and is paid in annual installments until the participant's death. If a participant dies on or after his retirement date and prior to receiving 15 annual installments of his retirement benefit, then the participant's designated beneficiary is entitled to receive \$250,000 each year until such payments have been made for an aggregate of 15 years to both the participant and such designated beneficiary. If the participant dies before his retirement date, the designated beneficiary of the deceased participant is entitled to receive \$225,000 each year for 15 years. Each participant's benefit under the Group SERP is fully vested and fully accrued. Each participant has made an irrevocable election to receive a lump sum payment if a change in control occurs. The

lump sum amount will be equal to the actuarially equivalent value of the retirement benefits that would have been paid upon the participant's retirement. Benefits under the Group SERP may be forfeited only in the event of a participant's termination for cause (defined as the participant's conviction of a felony or a misdemeanor involving moral turpitude).

Individual SERP

In 1999, we adopted the Individual SERP for Mr. Davis. The Individual SERP was last amended in 2007. It provides the participant an annual retirement benefit, which begins on the participant's retirement date (which is the later of the participant's termination of employment or attaining the age of 65 years) and is paid in annual installments until the participant's death. The annual retirement benefit is equal to 2% of the participant's final average pay (defined below) for each year of credited service (not to exceed 25 years of credited service). In the event of a change in control while the executive is employed by us or the involuntary termination of the executive's employment without cause within six months prior to a change in control, Mr. Davis will receive an annual retirement benefit in the amount equal to the greater of the amount determined above or \$150,000. If a

participant dies on or after his retirement date and prior to receiving 15 annual installments of his retirement benefit, then the participant's designated beneficiary is entitled to the retirement benefit described above each year until such payments have been made for an aggregate of 15 years to both the participant and his designated beneficiary. In the event that a participant dies before his retirement date, his designated beneficiary will receive an annual retirement benefit in the amount equal to the greater of the amount determined above or \$150,000 for 15 years. Additionally, the participant has made an irrevocable election to receive a lump sum payment if a change in control occurs. The lump sum amount would be equal to the actuarially equivalent value of the retirement benefits that would have been paid upon the participant's retirement. A participant will forfeit his interest in the Individual SERP if he is terminated for cause (defined as the participant's conviction of a felony or a misdemeanor involving moral turpitude).

A participant's "final average pay" for purposes of calculating the annual retirement benefit under an Individual SERP is the average of the participant's annual base salary for the five consecutive calendar years immediately preceding the calendar year in which occurs the earlier of the participant's death or termination of employment. In the event a change in control occurs (as defined in the Individual SERP), "final average pay" is the greater of (x) the amount determined above, and (y) the participant's annual base salary for the five consecutive calendar years immediately preceding the calendar year in which the change in control occurs.

We have purchased insurance coverage on the lives of our NEOs to assist us in providing benefits under the Group SERP and the Individual SERP (collectively, the "SERPs"). We are the owner and beneficiary of the insurance coverage for which all of the SERPs' premiums are fully paid. Based on actuarial calculations, the benefits paid to us under the insurance policies should be sufficient to cover the costs of the SERPs' benefits for these individuals. However, to the extent the death benefits under the policies are insufficient to cover those costs, we are obligated to pay the remainder out of other general assets to absorb any shortfall.

- (1) Executive contributions have always been included in the Summary Compensation table in the Salary column
- (2) Registration contributions are included in the Summary Compensation table in the All Other Compensation column for 2017
- (3) Aggregate earnings are not at above-market interest rates for 2017
- (4) Prior to 2014, Registrant Contributions were not included but all Executive Contributions were included in Summary Compensation

Since 2006, the Company has made certain matching contributions on participant salary reduction deferrals to our nonqualified deferred compensation plan. The plan also provides for employer contributions equal in amount to certain forfeitures of, and/or reductions in, employer contributions that participants could have received under our 401(k) plan in the absence of certain limitations imposed by the IRS Code. Distributions of a participant's plan benefits can only be made under certain prescribed circumstances, such as termination of employment or upon a specified date as elected by the participant. In the event of a termination of employment (other than by death or disability) of a "key employee," distributions must be delayed for six months. A participant's plan benefits include the participant's deferrals, the vested portion of the employer's contributions, and deemed investment gains and losses on such amounts. In the case of a participant who dies while employed with the Company, an additional \$50,000 life insurance benefit will also be paid under the nonqualified deferred compensation plan to the participant's beneficiary. The plan was amended in 2008 to comply with the American Jobs Creation Act of 2004 to reflect certain statutorily mandated requirements applicable to the plan. For additional information, see "Components of Executive Compensation - Deferred Compensation Plan."

Potential
Payments
Upon
Termination
or Change in
Control

We have entered into certain agreements and maintain certain plans that will require us to provide compensation and/or benefits to our NEOs in the event of a termination of employment or a change in control of the Company. The terms described below are unique to the three NEOs and were first put into place in 1998 and are not terms that have been granted to any other executive since then or would be granted to any future executive with the Company. The compensation and benefits described below assume that any termination of employment was effective as of December 31, 2017, and thus includes amounts earned through that date. The tables below provide estimates of the compensation and benefits that would be provided to the executives upon their termination of employment; however, in the event of an executive's separation from the Company, any actual amounts will be determined based on the facts and circumstances in existence at that time.

Employment
Agreements

The Demshur, Bergmark and Davis Employment Agreements

Messrs. Demshur, Bergmark and Davis have employment agreements first entered into in 1998 which have included provisions governing the payment of severance benefits if employment is terminated by the executive for any reason or by the Company for any reason other than (1) due to death or disability, (2) for cause, or (3) the executive's material breach of a material provision of the employment agreement. In such event, our executive severance benefits will be comprised of:

- a. the payment of a lump-sum amount equal to the sum of:
200% of his base salary as in effect immediately prior to the termination; and
two times 45% of the maximum annual incentive bonus he could have earned pursuant to his employment agreement;
- b. provision of a benefits package for the executive and his spouse and dependent children consisting of medical, hospital, dental, disability and life insurance benefits at least as favorable as those benefits provided to the executive and his spouse and dependent children immediately prior to termination, for as long as the executive and his spouse or dependent children are living;
- c. the provision of outplacement services at a cost not to exceed 100% of the executive's annual base salary as in effect immediately prior to the termination; and
- d. the full and immediate vesting and exercisability of all of his outstanding equity awards, which awards shall remain exercisable for the greater of (1) three months following such termination, or (2) the period provided in the plan or plans pursuant to which such equity awards were granted.

For purposes of calculating the lifetime medical benefits, we assume the following:

- a discount rate of 3.5%;
- mortality table under section 417(e)(3)(A)(ii)(1), the 2017 Applicable Mortality Table for Lump Sums under the Pension Protection Act of 2006 (PPA);
- a current medical trend of 6.7% per annum, decreasing in accordance with a schedule over time to 6.3% in 2018 and 5.8% in 2019;
- that medical benefits are to be coordinated with Medicare such that premiums will be reduced by 70% for persons aged 65 and older; and

that the health plan is self-funded and will continue to be so in the future.

For purposes of calculating the welfare benefits, we assume the following:

- the basic life insurance benefit was valued as a whole life premium at discount rate of 3.25%;
- mortality table under section 417(e)(3)(A)(ii)(I), the 2017 Applicable Mortality Table for Lump Sums under PPA;
- the accidental death and disability coverage was valued as 10.8% of the value of basic life insurance benefit, per the current premium ratio and this benefit was assumed to continue beyond age 65; and
- the long-term disability premium was escalated to 4% until age 65, reflecting the age-related incidence of disability as well as increased administrative costs; no value is attributed to the benefit beyond age 65, as long-term disability coverage is rarely available once employment ends.

If the executive's employment is terminated as a result of death or disability, the executive (if living), his spouse, and his dependent children, as applicable, will be entitled to the benefits described under clause (b) and (d) above.

If the executive's employment is terminated for any reason within three years following a change in control, the executive will be entitled to the same benefits described above except that certain outstanding stock options shall remain exercisable for the greater of (i) one year following such termination, or (ii) the period provided in the plan or plans pursuant to which such stock options were granted, and the lump-sum payment described in clause (a) above shall be equal to three times the sum of:

his base salary as in effect immediately prior to his termination of employment; and the greater of (A) 45% of the maximum annual incentive bonus he could have earned pursuant to his employment contract for the year in which his employment terminates or (B) the highest annual bonus he received in the three fiscal years ending prior to the fiscal year in which occurred the change in control.

The employment agreements generally use the following terms:

"Cause" means the executive has been convicted of any felony or a misdemeanor involving moral turpitude.

"Change in Control" means a merger of the Company with another entity, a consolidation involving the Company, or the sale of all or substantially all of the assets of the Company if (i) the holders of equity securities of the Company immediately prior to the transaction do not beneficially own immediately after the transaction 50% or more of the common equity of the resulting entity, (ii) the holders of equity securities of the Company immediately prior to the transaction do not beneficially own immediately after the transaction 50% of the voting securities of the resulting entity, or (iii) the persons who were members of the Supervisory Board of Directors immediately prior to the transaction are not the majority of the board of the resulting entity immediately after the transaction. A Change in Control also occurs when (i) there is shareholder approval of a plan of dissolution or liquidation of the Company, (ii) any person or entity acquires or gains ownership of control of more than 30% of the combined voting power of outstanding securities of the Company or resulting entity, or (iii) a change in the composition of the Supervisory Board of Directors the results of which are that fewer than a majority of the supervisory directors are incumbent directors.

Each executive's employment agreement contains a standard confidentiality and nonsolicitation provision and requires that the executive not compete with the business conducted by the Company at any time during the period that he is employed by the Company and for the two-year period thereafter unless his employment with the Company is terminated by him for good reason, or by the Company for cause. Notwithstanding, the post-employment noncompetition and nonsolicitation restrictions terminate upon a change in control of the Company.

Upon a change in control, our NEOs may be subject to certain excise taxes pursuant to Section 4999 of the IRS Code (which imposes a 20% excise tax on certain excess parachute payments). In such case, we have agreed to pay each of our NEOs a gross-up payment such that, after the payment of any income, excise or other tax on the gross-up payment, the NEO retains an amount sufficient to pay all excise taxes pursuant to Section 4999 of the IRS Code.

The calculation of the Section 4999 gross-up amounts described above is based upon an excise tax rate under Section 4999 of 20%, a 35% federal income tax rate and a 1.45% Medicare tax rate. For purposes of the gross-up calculations, we have assumed that (1) no amounts will be discounted as attributable to reasonable compensation and (2) all cash severance payments are contingent on a change in control (although we believe there may be a viable position to the contrary with respect to at least a portion of the cash severance payments).

The tax gross-up payment described above will be payable to the executive for any excise tax incurred under Section 4999 of the IRS Code regardless of whether his employment is terminated. However, the amount of the

gross-up payment will change based upon whether the executive's employment with us is terminated because the amount of compensation subject to the Section 4999 excise tax will change. The provision of the tax gross-up payment was included in the named executive's employment contracts entered into in 1998, when the provision of tax gross-up payments was standard in our industry. The Company will not add tax gross-up provisions in any future employment contracts.

The tables below reflect the amount of compensation that would be payable to each of the named officers in various scenarios involving termination of the named officer's employment, including following a change in control. The amount of compensation payable to each named officer upon voluntary termination, involuntary not-for-cause termination (non-change in control), voluntary termination for good cause or involuntary termination following a change in control, involuntary for cause termination, and termination in the event of death or disability of each named officer is shown below. The amounts shown assume that the termination was effective on December 31, 2017 and thus includes amounts earned through that time and are estimates of the amounts which would be paid out to the officers upon their termination. The amounts payable upon termination following a change in control

assume that the change in control occurred on December 31, 2017 and the termination was effective the same day. The actual amounts to be paid out can only be determined at the time of the officer's separation from us. The officer would also have available the value of unvested shares reflected in the Outstanding Equity Awards at Fiscal Year End table, if any. Stock award amounts reflected below have been calculated using the closing price of our common stock on December 29, 2017 (the last trading day of 2017) of \$109.55.

(1) Each NEO could possibly vest in PSAP awards following termination if the performance criteria for vesting is met at the end of a Performance Period. See table of Outstanding Equity Awards at Fiscal Year End on page 36.

Nonqualified Deferred Compensation Plan

See the Nonqualified Deferred Compensation Table and subsequent narrative discussion for a description of the benefits payable to the NEOs under the Nonqualified Deferred Compensation Plan upon death or separation from service, and in connection with a change in control.

Supplemental Executive Retirement Plans

Please see the Post-Employment Benefit Plans table and narrative that follows the table for a discussion of the benefits payable to the NEOs under the Group SERP and the Individual SERP upon death or separation from service, and in connection with a change in control. As described in the sections "Group SERP" and "Individual SERP" on page 35 of this proxy statement, if a participant in the Group SERP or an Individual SERP made a timely election, he would be entitled to receive a lump sum payment upon a change in control of the Company equal to the actuarially equivalent value of the retirement benefits that would have been paid upon the participant's retirement.

Equity Award Program

Awards under our PSAP and RSAP will vest in full in the event a NEO's service is terminated by reason of his death or disability or upon the occurrence of a Change in Control. As of December 31, 2017, our NEOs do not have any outstanding RSAP awards that would be triggered by a Change of Control; however as of that date, following the vesting of the 2015 PSAP award, Mr. Demshur has two PSAP awards worth \$12.3 million, Mr. Bergmark has two PSAP awards worth \$4.9 million and Mr. Davis has two PSAP awards worth \$4.9 million. Please see table in "Information About Our Named Executive Officers - Outstanding Equity Awards at Fiscal Year End" on page 36.

Pay Ratio Disclosure

Pursuant to Item 402(u) of Regulation S-K, we are required to provide the following information with respect to fiscal 2017:

We determined that the annual total compensation of Mr. Demshur, our CEO, was \$8,973,204 and that the median of the annual total compensation of from the aggregate sampling of employees of our company (other than Mr. Demshur, our CEO) was \$57,546; therefore the ratio of these two amounts is 156 to 1. If the CEO does not actually receive any of the non-equity incentive compensation, his total compensation would be \$7,303,193 for 2017 and the ratio of our CEO's compensation to the that of the median employee would be 127 to 1. Please the Summary Compensation table on page 33 for our CEO's compensation.

Given the size, composition and global diversity of our workforce, we used statistical sampling to identify the “median employee.” Using the measure of total cash compensation consisting of base salary, allowance, bonus and pension paid as provided by our payroll records, we grouped countries based on similarity of median compensation levels and compensation standard variances and determined an appropriate sample size for each group of countries. The aggregate sample size covered more than two-thirds of our employee population.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described above. Because the SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

COMPENSATION COMMITTEE REPORT

In preparation for the filing of this proxy statement with the SEC, the Compensation Committee: reviewed and discussed the Company's disclosure set forth herein below the heading "Compensation Discussion and Analysis" with management; and based on the reviews and discussions referred to above, recommended to the Supervisory Board that the disclosure set forth herein below the heading "Compensation Discussion and Analysis" be included in this proxy statement and incorporated by reference into our annual report on Form 10-K for the year ended December 31, 2017.

A copy of the Audit Committee's written charter may be found on the Company's website at <http://www.corelab.com/cr/governance>.

Notwithstanding the foregoing actions and the responsibilities set forth in the Audit Committee's charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with generally accepted accounting principles. Management is responsible for the Company's financial reporting process including its system of internal controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. The independent registered public accountants are responsible for expressing an opinion on those financial statements. Audit Committee members are not employees of the Company or accountants or auditors by profession. Therefore, the Audit Committee has relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States and on the representations of the independent registered public accountants included in their report on the Company's financial statements.

The Audit Committee meets regularly with management and the independent and internal auditors, including private discussions with the independent registered public accountants and the Company's internal auditors and receives the communications described above. The Audit Committee has also established procedures for (a) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and (b) the confidential, anonymous submission by the Company's employees of concerns regarding questionable accounting or auditing matters. However, this oversight does not provide us with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, our considerations and discussions with management and the independent registered public accountants do not assure that the Company's financial statements are

presented in accordance with generally accepted accounting principles or that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards.

Audit fees consist primarily of the audit and quarterly reviews of the consolidated financial statements, assistance with and review of documents filed with the SEC in the United States and with the AFM in the Netherlands, work performed in connection with the audit and quarterly reviews, statutory audits and the audit of internal controls in order to comply with the Sarbanes-Oxley Act of 2002.

Audit-Related Fees

Audit-related fees consist primarily of attestation services required by statute or regulation; and certain agreed-upon procedures including accounting and research work necessary to comply with generally accepted auditing standards.

Tax Fees

Tax fees include professional services provided for preparation of federal and state tax returns, review of tax returns prepared by the Company, assistance in assembling data to respond to governmental reviews of past tax filings, and tax advice, exclusive of tax services rendered in connection with the audit.

All Other Fees

Other fees consist primarily of comfort letters, consents, research and consulting, and work performed related to other public filings.

AUDIT
COMMITTEE'S
PRE-APPROVAL
POLICIES AND
PROCEDURES

The Audit Committee pre-approves all audit and non-audit services to be performed by its independent auditors, and has established policies and procedures to ensure that the Company is in full compliance with the requirements for pre-approval set forth in the Sarbanes-Oxley Act of 2002 and the SEC rules regarding auditor independence. The policies and procedures are detailed as to the particular service and do not delegate the audit committee's responsibility to management.

In accordance with these policies and procedures, management submits for approval audit and non-audit services that management may wish to have the independent auditor perform during the fiscal year, accompanied by an estimated range of fees for each service to be performed. The Audit Committee pre-approves or rejects the service and an accompanying range of fees for each service desired to be performed. Management is required to seek additional audit committee pre-approval when management becomes aware that any pre-approved service will result in actual fees greater than the fees initially approved. During the course of the year, the chair of the Audit Committee has the authority to pre-approve requests for services. At each subsequent audit committee meeting, the chair of the Audit Committee reports any interim pre-approvals since the last meeting.

AGENDA ITEMS

Item 1. Election of Class III Supervisory Directors

Our Articles of Association provide for one or more Supervisory Directors. Our Board of Supervisory Directors currently has eight members who are divided into three classes. Each class is elected for a term such that the term of one class of Supervisory Directors expires at the annual meeting each year. In 2011, the Company initiated steps to bring new membership to the Board of Supervisory Directors, with a plan of replacing one existing non-executive Supervisory Director who will have served for longer than ten years each year over the next few years. The Succession Plan was completed as of the 2017 annual shareholder meeting, and at this time the longest tenure of any non-executive supervisory director is seven (7) years.

For the 2018 annual meeting, the Board of Supervisory Directors is proposing the re-election of one current Class III member and the election of a new Class III Supervisory Director, effective at the conclusion of the 2018 annual meeting. Specifically, the Board of Supervisory Directors is proposing the re-election of Ms. van Kempen and the election of Mr. Lawrence Bruno as the Class III Supervisory Directors. Both Class III candidates are being nominated for terms expiring at the annual meeting in 2021. Please see “Information About Our Supervisory Directors and Director Compensation - Board of Supervisory Directors” for biographical information of our Supervisory Directors.

Candidates for Supervisory Director are recommended by the NGCR Committee to our Supervisory Board. Our Supervisory Board then nominates selected candidates, who are elected at the annual meeting by the affirmative vote of a majority of the votes cast at the meeting. You may vote for both of these nominees, for one of these nominees or for none of these nominees. Under Dutch law and our Articles of Association, common shares abstaining from voting will not count as votes cast at the annual meeting but will count for the purpose of determining the number of shares represented at the meeting. Broker non-votes will not count as shares present at the annual meeting or for the purpose of determining the number of votes cast.

Unless otherwise instructed or unless the proxy is withdrawn, the accompanying proxy will be voted for the election of the two nominees listed above to serve under the terms and conditions described within this proxy statement. If at the time of, or prior to, the annual meeting any of the nominees should be unable or decline to serve, the discretionary authority provided in the proxy may be used to vote for a substitute or substitutes designated by our Supervisory Board. The Supervisory Board has no reason to believe that any substitute nominees will be required. No proxy will be voted for a greater number of persons than the number of nominees named herein. Shareholders may not cumulate their votes in the election of Supervisory Directors.

The election and re-elections set out above will be put to a vote separately and those votes shall be considered to constitute separate sub-items of agenda item no. 1.

The Supervisory Board recommends that shareholders vote “FOR” the two Class III nominees for Supervisory Director as set forth above, and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

Item 2. Appointment of KPMG as

our
Independent
Registered
Public
Accounting
Firm for 2018

The Audit Committee of the Supervisory Board has recommended and the Supervisory Board has approved the appointment of the firm of KPMG as our independent registered public accountants for the year ending December 31, 2018, subject to approval by our shareholders. We have invited representatives of KPMG to the annual meeting and we expect one such representative to attend. If such representative should attend, we expect that he or she will be available to respond to questions and will have the opportunity to make a statement if he or she desires to do so.

The affirmative vote of the majority of the votes cast at the annual meeting is required to appoint KPMG as our independent registered public accountants for 2018. Under Dutch law and our Articles of Association, common shares abstaining from voting will not count as votes cast at the annual meeting. Broker non-votes will not count as shares present at the annual meeting or for the purpose of determining the number of votes cast.

The Supervisory Board recommends that the shareholders vote “FOR” the appointment of KPMG as our independent registered public accountants for the year ending December 31, 2018 and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

Item 3.
Confirmation
and Adoption
of Annual
Accounts

At the annual meeting, as required under Dutch law and our Articles of Association, following a discussion of our Dutch Report of the Management Board, our shareholders will be asked to confirm and adopt our Dutch Statutory Annual Accounts (the “Annual Accounts”) for the fiscal year ended December 31, 2017, which are our audited consolidated financial statements that are prepared in accordance with International Financial Reporting Standards as adopted by the European Union. In accordance with Article 408, Book 2 of the Dutch Civil Code, the Annual Accounts are our annual accounts reported under IFRS standards. However, the Annual Accounts do not represent the consolidated accounts of our Company and subsidiaries as presented in our Consolidated Financial Statements contained in our Annual Report on Form 10-K for the year ended December 31, 2017. Companies domiciled in the United States are not generally required to obtain shareholder confirmation and adoption of annual accounts.

The affirmative vote of the majority of the votes cast at the annual meeting is required to confirm and adopt the Annual Accounts. Under Dutch law and our Articles of Association, common shares abstaining from voting will not count as votes cast at the annual meeting. Broker non-votes will not count as shares present at the annual meeting or for the purpose of determining the number of votes cast.

The Supervisory Board recommends that shareholders vote “FOR” the confirmation and adoption of the Annual Accounts, and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

Item 4.
Cancellation
of Our
Repurchased
Shares Held
at 12:01
A.M. CEST
On May 24,
2018

At the annual meeting, our shareholders will be asked to resolve to cancel all of the shares that have been repurchased and are being held by the Company, as opposed to any of its subsidiaries (collectively “we”), at 12:01 a.m. CEST on May 24, 2018.

According to the Dutch Civil Code, we and our subsidiaries may repurchase and can hold up to 50% of our issued share capital at one time, if such repurchase has been approved by the shareholders. At our most recent annual shareholder meeting on May 18, 2017, we received authority for the Management Board to repurchase up to 10% of our issued share capital for a period of eighteen (18) months, until November 18, 2018. Management believes it is in the best interest of our shareholders and stakeholders for shares held by the Company at 12:01 a.m. CEST on May 24, 2018 to be canceled. This authority is similar to that generally afforded under state law to public companies domiciled in the United States. Upon the affirmative vote of our shareholders, the shares held by the Company at 12:01 a.m. CEST on May 24, 2018 will be canceled in the manner described in Articles 2:99(2) and 2:100 of the Dutch Civil Code.

After the general meeting of shareholders, if this Item 4 is approved, we will file a copy of the extract of the minutes of the annual meeting of shareholders with the Dutch trade registry and will subsequently publish a notice of such deposit in a Dutch daily newspaper. If no creditors oppose the capital reduction within two months after the publication in a Dutch daily newspaper, then the cancellation of the shares will become effective after this two-month waiting period.

The affirmative vote of the majority of the votes cast at the annual meeting is required to cancel our repurchased shares if at least half of our issued share capital is represented at the annual meeting. If less than one-half of our issued share capital is represented at the annual meeting, then the affirmative vote of two-thirds of the votes cast at the annual meeting is required to approve the cancellation of our repurchased shares. Under Dutch law and our Articles of Association, common shares abstaining from voting and broker non-votes will not count as votes cast at the annual meeting.

The Supervisory Board recommends that shareholders vote "FOR" the cancellation of our repurchased shares held by the Company at 12:01 a.m. CEST on May 24, 2018, and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

Item 5.
Extension
and
Renewal of
Existing
Authority to
Repurchase
Shares

Pursuant to Dutch law and our Articles of Association, we and our subsidiaries are allowed to repurchase up to 50% of our issued share capital, if such repurchase has been approved by the shareholders. At our most recent annual shareholder meeting on May 18, 2017, we received authority for the Management Board to repurchase up to 10% of our issued share capital for a period of 18 months, until November 18, 2018.

For the 2018 annual meeting, it is proposed to extend and renew the existing authorization of our Management Board to repurchase up to 10% of the issued share capital, as described in more detail below, through one or more purchases at the stock exchanges where our shares are listed or otherwise, and to determine the price of shares at any price in the open market, such price not to exceed \$350.00 per share or its equivalent in other currencies. This authorization of our Management Board must be renewed every 18 months. In connection with our IPO in September 1995, our shareholders authorized repurchases for a period of 18 months. At each annual meeting from 1995 through 2017, our shareholders have renewed that authorization such that the current period is set to expire on November 18, 2018. In 2017, we repurchased approximately 158,569 of our common shares for an aggregate purchase price of approximately \$16,908,436. We believe that it is in the best interest of our Company and shareholders and other stakeholders to have the flexibility to repurchase shares in the future if the Management Board deems it advisable to do so. This authority is similar to that generally afforded under state law to public companies domiciled in the United States.

At the annual meeting, our shareholders will be asked to authorize the Management Board to repurchase up to 10% of our issued share capital from time to time through one or more purchases at the stock exchanges where our shares are listed or otherwise, for an 18-month period, until November 24, 2019, and such repurchased shares may be used for any legal purpose.

The affirmative vote of the majority of the votes cast at the annual meeting is required to authorize the Management Board to repurchase up to 10% of our issued share capital, as described herein, from time to time for the indicated periods from the date of the annual meeting. Under Dutch law and our Articles of Association, common shares abstaining from voting and broker non-votes will not count as votes cast at the annual meeting.

The Supervisory Board recommends that shareholders vote "FOR" the authorization of the Management Board to repurchase up to 10% of our issued share capital until November 24, 2019, through one or more purchases at the stock exchanges where our shares are listed or otherwise and to determine the price of shares at any price in the open market, such price not to exceed \$350.00 per share or its equivalent in other currencies and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

Item 6.
Extension of
Authority to
Issue Shares
of Core
Laboratories
N.V. until
November
24, 2019

Our current authorized share capital consists of 200 million common shares and 6 million preference shares, each share with a current par value of EUR 0.02. Under Dutch law and our Articles of Association, the Supervisory Board has the power to issue shares of our authorized share capital as long as the Supervisory Board has been designated and authorized by the shareholders to do so at the annual meeting. Previous authorizations of the Supervisory Board to issue shares were effective for a period of up to five years and were renewed on an annual rolling basis. In connection with our IPO in September 1995, our shareholders authorized the Supervisory Board to issue shares and/or rights with respect to our shares for a five-year period. At each annual meeting subsequent to 1995, our shareholders have extended the period such that the current period is set to expire on November 18, 2018. At the 2017 annual meeting, we obtained authorization to issue shares up to 10% of our outstanding shares per annum for an 18-month period. We are seeking this same authorization at the 2018 annual meeting. We currently do not have any specific plans, proposals or arrangements to issue any new shares of common stock for any purpose, with the exception of issuing

repurchased shares for equity compensation as outlined in the proxy statement. However, in the ordinary course of our business, we may determine from time to time that the issuance of additional shares of common stock is necessary and in the best interests of the Company, including in connection with acquisitions, financings or equity compensation.

At the annual meeting, our shareholders will be asked to approve a further extension of this authority to issue shares and/or to grant rights, including options to purchase, with respect to our unissued common and preference shares up to a maximum of 10% of outstanding shares per annum for an 18-month period from the date of the annual meeting until November 24, 2019. This authority to issue shares is similar to that generally afforded under state law to public companies domiciled in the United States. Management believes that retaining the flexibility to issue shares for acquisition, financing or other business purposes in a timely manner without first obtaining specific shareholder approval is important to our continued growth. Furthermore, since our common shares are listed on the NYSE in New York and the Euronext Amsterdam Stock Exchange in Amsterdam, the issuance of additional shares will remain subject to, inter alia, the rules of the NYSE and Euronext Amsterdam Stock Exchange.

The affirmative vote of the majority of the votes cast at the annual meeting is required to extend the authority of the Supervisory Board to issue shares and/or to grant rights (including options to purchase) with respect to our common and/or preference shares for an 18-month period from the date of the annual meeting. Under Dutch law and our Articles of Association, common shares abstaining from voting will not count as votes cast at the annual meeting. Broker non-votes will not count as shares present at the annual meeting or for the purpose of determining the number of votes cast.

The Supervisory Board recommends that shareholders vote “FOR” the extension of the authority of the Supervisory Board to issue shares and/or to grant rights (including options to purchase) with respect to our common and/or preference shares up to a maximum of 10% of outstanding shares per annum until November 24, 2019, and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

Item 7.

Extension of
Authority of
Supervisory
Board to
Limit or
Eliminate
Preemptive
Rights until
November
24, 2019

Holders of our common shares (other than our employees and employees of our subsidiaries who are issued common shares pursuant to stock awards granted under the LTIP and the 2014 Director Plan) have a pro rata preemptive right of subscription to any of our common shares issued for cash unless such right is limited or eliminated by our Supervisory Board. Holders of our common shares have no pro rata preemptive subscription right with respect to any common shares issued for consideration other than cash. If designated and authorized by our shareholders at the annual meeting, the Supervisory Board has the power to limit or eliminate such rights. Previous authorizations were effective for up to five years and were renewed for successive five-year periods. In connection with our IPO in September 1995, our shareholders authorized the Supervisory Board to limit or eliminate the preemptive rights of holders of our common shares for a five-year period. At each annual meeting subsequent to 1995, our shareholders have extended this period such that the current period is set to expire on November 18, 2018. At the 2017 annual meeting, we obtained authorization to limit or eliminate preemptive rights up to 10% of our common shares and/or preference shares per annum for an eighteen-month period. We are seeking this same authorization at the 2018 annual meeting.

At the annual meeting, our shareholders will be asked to approve an extension of this authority for an eighteen-month period from the date of the annual meeting until November 24, 2019 to limit or eliminate preemptive rights up to a maximum of 10% of outstanding shares per annum. Preemptive rights are uncommon for public companies domiciled in the United States. Management believes that if the Supervisory Board is not granted the authority to limit preemptive rights, the ability of our Company to engage in equity financing transactions would be significantly affected. Any limits or waivers of preemptive rights would apply equally to all holders of our common shares. Furthermore, since our common shares are listed on the NYSE in New York and the Euronext Amsterdam Stock Exchange in Amsterdam, the rights to limit or eliminate preemptive rights will remain subject to, inter alia, the rules of the NYSE and Euronext Amsterdam Stock Exchange.

The affirmative vote of the majority of the votes cast at the annual meeting is required to extend the authority of the Supervisory Board to limit or eliminate the preemptive rights of holders of our common shares for an eighteen-month period from the date of the annual meeting. However, if less than 50% of all issued shares are present or represented at the meeting, then two-thirds of the votes cast will be required to extend this authority. Under Dutch law and our Articles of Association, common shares abstaining from voting will not count as votes cast at the annual meeting. Broker non-votes will not count as shares present at the annual meeting or for the purpose of determining the number of votes cast.

The Supervisory Board recommends that shareholders vote “FOR” the extension of the authority of the Supervisory Board to limit or eliminate preemptive rights of holders of our common shares and/or preference shares up to a maximum of 10% of outstanding shares per annum until November 24, 2019, and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

Item 8. To
Approve, On
an Advisory
Basis, the
Compensation
of our Named
Executive
Officers as
Described in
the CD&A
Section of this
Proxy
Statement

We and our Supervisory Board recognize that executive compensation is an important matter for our shareholders. As described in detail in the Compensation Committee's report and the CD&A section of this proxy statement, the Compensation Committee is tasked with the implementation of our executive compensation philosophy and the core of that philosophy has been and continues to be to pay our executives based on our performance. In particular, the Compensation Committee strives to base awards of the substantial majority of executive compensation on performance metrics that are directly linked to the consequent long-term increase in the value of the Company for its owners - the shareholders. It is always the intention of the Compensation Committee that our NEOs be compensated competitively and consistent with our strategy, sound corporate governance principles, and shareholder interests and concerns. As described in the CD&A section, we believe our compensation program is strongly aligned with the long-term interests of our shareholders. As you consider this proposal, we urge you to read the CD&A section of this proxy statement for additional details on executive compensation, including the more detailed information about our compensation philosophy and objectives and the past compensation of the NEOs.

We believe that the shareholders, by voting for supervisory directors individually as described in Item No. 1, have had a clear ability to express their approval or disapproval of the performance of the Supervisory Board members and, specifically, any Supervisory Directors serving on the Compensation Committee; however, the United States Congress has enacted legislation requiring a non-binding advisory "Say on Pay" vote on executive compensation and we welcome the opportunity to give our shareholders an opportunity to provide us with such a vote on executive compensation at our 2018 Annual Meeting. Furthermore, in addition to an advisory Say on Pay vote, we are asking our shareholders whether they would prefer an advisory vote on executive compensation every year, every two years or every three years.

We are therefore asking shareholders to vote on the following two resolutions:

- A. the shareholders approve the compensation philosophy, policies and procedures described in the CD&A, and the compensation of Core Laboratories N.V.'s named executive officers as disclosed pursuant to the SEC's compensation disclosure rules, including the compensation tables;
- B. the shareholders of the Company be provided an opportunity to approve the compensation philosophy, policies and procedures described in the CD&A, and the compensation of Core Laboratories N.V.'s named executive officers as disclosed pursuant to the SEC's compensation disclosure rules, including the compensation tables every:

One year
Two years
Three years

Section 14A of the Exchange Act, as amended, requires that we provide our stockholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our NEOs as disclosed in this proxy statement according to the compensation disclosure rules of the SEC. The Company intends to hold this vote annually, unless the shareholders approve that vote be held every two or three years. At the 2017 annual meeting, the Company's shareholders were requested to conduct a non-binding advisory vote to approve the compensation of the Company's NEOs. The Supervisory Board proposal seeking approval of the compensation of the Company's NEOs for 2017 was approved with 93.28% of the votes cast in favor of such compensation at the 2017 annual meeting. Our continued focus on performance-based compensation has provided solid performance outcomes related to the Company's Total Shareholder Return and specifically compared to the S&P 500 Index and our peer group and we believe our shareholders should again approve our executive compensation program.

As an advisory vote, Items 8A and 8B are non-binding. Although the vote is non-binding, the Supervisory Board of Directors and the Compensation Committee value the opinions of our shareholders, and will carefully consider the outcome of the vote when making future compensation decisions for our named executive officers and the schedule on which future Say-on-Pay proposals like Item 8A are presented to shareholders. Even though our compensation structure does not materially change year-to-year and our equity awards are based upon a three-year Performance Period and/or vesting periods, management is agreeable to an annual review of our executive compensation so we recommend that the shareholders cast an advisory vote each year and therefore should select the "One year" option under item 8B.

The affirmative vote of a majority of the shares of Company common stock present or represented by proxy and voting at the annual meeting is required for approval of Item 8. If you own shares through a bank, broker or other holder of record, you must instruct your bank, broker or other holder of record how to vote in order for them to vote your shares so that your vote can be counted on this proposal.

Item 9.
Other
Matters
to Be
Voted
on

The Supervisory Board does not know of any other matters that are to be presented for action at the annual meeting. However, if any other matters properly come before the annual meeting or any adjournment thereof, it is intended that the accompanying proxy will be voted in accordance with the judgment of the persons voting the proxy.

OTHER PROXY MATTERS

Information
About Our
2019
Annual
Meeting:
Shareholder
Proposals
and
Shareholder
Access

Any shareholder who qualifies under applicable law to have the right to submit a matter for inclusion in the Company's proxy material for consideration at the 2019 annual meeting may submit such matter, including recommendations for nominees for supervisory directorships, to the Company. As a company registered in the Netherlands, we are governed by Dutch company law rules regarding the access rights of shareholders to submit a matter for inclusion in the Company's proxy material for consideration at an annual meeting. Effective July 1, 2013, Dutch company law rules were amended to increase the minimum threshold in order for shareholders to submit an item for the agenda of the annual meeting. Since that amendment, Dutch law requires that an agenda item may only be submitted by one or more shareholders representing at least three percent of the issued share capital of the Company. The Company's Articles of Association follow this law and are not more restrictive than this. In order for such matter to be included in the Company's proxy materials or presented at the 2019 annual meeting, the qualified shareholder(s) must submit the matter to the Company's Secretary at the address indicated on page 5 of this proxy statement not later than the 60th day before the date on which the 2019 annual meeting will be held. At this point, the Company anticipates conducting the 2019 annual meeting in mid-May, 2019.

The Right of
Shareholders
to Request a
Shareholder
Meeting

Just as with the right of shareholders to submit an item for the agenda, we also follow the full contours of Dutch law, without further restriction, on the rights of shareholders to request a shareholder meeting. Our Articles of Association (art. 18.3) specifically mandate that shareholder meetings can be convened by shareholders with due observance of article 2:110 of the Dutch Civil Code, which is the article that addresses this subject under Dutch law. That provision of Dutch law provides that only one or more shareholders representing at least ten percent (10%) of the issued share capital may make a request to the Management and Supervisory Boards to convene a meeting to be held within eight weeks and also provides a procedure to approach the Dutch Court, if those Boards fail to call such a meeting in a timely fashion.

Shareholders
Sharing the
Same
Address

The Company is sending only one copy of its proxy statement to shareholders who share the same address, unless they have notified the Company that they want to continue receiving multiple copies. This practice, known as

“householding,” is designed to reduce duplicate mailings and save significant printing and postage costs as well as natural resources.

If you received householded mailing this year and you would like to have additional copies of the Company's proxy statement mailed to you, or you would like to opt out of this practice for future mailings, please submit your request to Mark F. Elvig, Secretary, in care of Core Laboratories LP, 6316 Windfern Road, Houston, Texas 77040 or by phone at 713-328-2673. You may also contact the Company if you received multiple copies of the annual meeting materials and would prefer to receive a single copy in the future.

Incorporation
by Reference

The information contained in this proxy statement in the sections entitled “Compensation Committee Report” and “Report of the Audit Committee” shall not be deemed to be “soliciting material” or “filed” with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filings with the Securities and Exchange Commission, or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that the Company specifically incorporates it by reference into a document filed under the Securities Act of 1933, as amended, or the Exchange Act.
