REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors and Shareholders of

All Temp Engineering, Inc.

Fresno, California

We have audited the accompanying balance sheet of All Temp Engineering, Inc. as of December 31, 2006, and the related statements of operations, shareholder's equity and cash flows for the years ended December 31, 2006 and 2005. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting

principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of All Temp Engineering, Inc. as of December 31, 2006, and the results of its operations and its cash flows for the years ended December 31, 2006 and 2005 in conformity with accounting principles generally accepted in the United States of America.

**ALL TEMP ENGINEERING, INC.**

Notes to the Financial Statements

December 31, 2006 and 2005

**NOTE 1 - ORGANIZATION AND DESCRIPTION OF BUSINESS**

All Temp Engineering established in 1984 is incorporated in the State of California. The Company is located in San Jose, California and has been providing engineered solutions and services to the cryogenics industry for over 23 years.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

a. Accounting Method

The Company's financial statements are prepared using the accrual method of accounting. The Company has elected a December 31 year-end.

b. Revenue Recognition

The Company recognizes revenues as required by Staff Accounting Bulletin No. 101 Revenue Recognition in Financial Statements . Revenue is only recognized on product sales once the product has been shipped to the customers (FOB Origin). When installation of a part is required by the Company, revenue is recognized with installation is complete.

c. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

d. Accounts Receivable

The Company writes off trade receivables when deemed uncollectible. The Company expensed \$18,000 and \$0 to bad debt expense for the years ended December 31, 2006 and 2005, respectively. The allowance for doubtful accounts balance at December 31, 2006, was \$18,000.

e. Inventory

Inventories are stated at the lower of cost or market value based upon the First-In First-Out (FIFO) inventory method. The Company's inventory primarily consists of refrigeration gases, compressors and repair parts.

f. Advertising Expense

The Company follows the policy of charging the costs of advertising to expense as incurred. The Company recognized \$1,056 and \$6,100 of advertising expense during the years ended December 31, 2006, and 2005, respectively.

**ALL TEMP ENGINEERING, INC.**

Notes to the Financial Statements

December 31, 2006 and 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

g. Newly Issued Accounting Pronouncements

In April 2006, the FASB issued FASB Staff Position FIN 46I-6, *Determining the Variability to be Considered in Applying FASB Interpretation No. 46I* ( Fin 46I ) that became effective for the third quarter of 2006. FSP FIN No. 46I-6 clarifies that the variability to be considered in applying Interpretation 46I shall be based on an analysis of the design of the variable interest entity. The adoption of this standard did not materially impact the Company's financial statements.

In March 2005, the FASB issued FASB Interpretation No. 47, *Accounting for Conditional Asset Retirement Obligations* ( FIN 47 ). FIN 47 provides guidance relating to the identification of and financial reporting for legal obligations to perform an asset retirement activity. The Interpretation requires recognition of a liability for the fair value of a conditional asset retirement obligation when incurred if the liability's fair value can be reasonably estimated. FIN 47 also defines when an entity would have sufficient information to reasonably estimate the fair value of an asset retirement obligation. The provision is effective no later than the end of fiscal years ending after December 15, 2005. The Company will adopt FIN 47 beginning the first quarter of fiscal year 2006 and does not believe the adoption will have a material impact on its financial position or results of operations or cash flows.

In June 2006, the Financial Accounting Standards Board ( FASB ) issued FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* ( FIN 48 ). FIN 48 clarifies the accounting for uncertainty in income taxes recognized in the Company's financial statements in accordance with FASB Statement No. 109 *Accounting for Income Taxes*. FIN 48 also prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a return, as well as guidance on derecognition, classification, interest and penalties and financial statement reporting disclosures. FIN 48 is effective for the Company on January 1, 2007. Based on the Company's evaluation and analysis, FIN 48 is not expected to have a material impact on the Company's financial statements.

In February of 2006, the FASB issued SFAS No. 155, *Accounting for Certain Hybrid Financial Instruments*, which is intended to simplify the accounting and improve the financial reporting of certain hybrid financial instruments (i.e., derivatives embedded in other financial instruments). The statement amends SFAS No. 133, *Accounting for*

*Derivative Instruments and Hedging Activities*, and SFAS No. 140, *Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities* a replacement of FASB Statement No. 125. SFAS No. 155 is effective for all financial instruments issued or acquired after the beginning of an entity's first fiscal year that begins after September 15, 2006. The Company does not expect the adoption of SFAS No. 155 to have an impact on its financial statements.

**ALL TEMP ENGINEERING, INC.**

Notes to the Financial Statements

December 31, 2006 and 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

g. Newly Issued Accounting Pronouncements (Continued)

In September 2006, the FASB issued FASB Statement No. 157, *Fair Value Measurements* ( FAS 157 ), which addresses how companies should measure fair value when they are required to use a fair value measure for recognition or disclosure purposes under generally accepted accounting principles. The FASB believes that the new standard will make the measurement of fair value more consistent and comparable and improve disclosures about those measures. FAS 157 is effective for fiscal years beginning after November 15, 2007. The Company is currently evaluating the requirements and impact of FAS 157 on the Company's financial statements, and will adopt the provisions on January 1, 2008. FAS 157 is not expected to have a material impact on the Company's financial statements.

Also in September 2006, the FASB issued FASB Statement No. 158, *Employers Accounting for Defined Benefit Pension and other Postretirement Plans, an amendment of FASB Statements No. 87, 88, 106 and 132- R* ( FAS 158 ). FAS 158 requires an employer to recognize the overfunded or underfunded status of a defined benefit postretirement plan as an asset or liability in its statement of financial position and to recognize changes in that funded status in the year in which the changes occur through comprehensive income of a business entity. FAS 158 also requires an employer to measure the funded status of a plan as of the date of its year-end statement of financial position. This statement is effective for the Company as of December 31, 2006, but did not have an impact on the Company's financial statements as the Company does not sponsor a defined benefit pension or postretirement plan.

In September 2006, the Securities and Exchange Commission issued Staff Accounting Bulletin No. 108, *Considering the Effects of Prior Year Misstatements When Quantifying Misstatements in Current Year Financial Statements* ( SAB 108 ), which provides interpretive guidance on how the effects of the carryover or reversal of prior year misstatements should be considered in quantifying a current year misstatement. The adoption of this standard did not materially impact the Company's financial statements.

h. Basic Earnings Per Share

Edgar Filing: REFLECT SCIENTIFIC INC - Form 8-K/A

The computation of earnings per share of common stock are based on the weighted average number of shares outstanding during the period of the financial statements as follows:

	For the Years Ended	
	December 31,	
	2006	2005
Net Income (loss)		
	\$ (607,627)	\$ 65,248
(Numerator)		
Shares (denominator)	10,000	10,000
Per share amount	(60.76)	6.52

**ALL TEMP ENGINEERING, INC.**

Notes to the Financial Statements

December 31, 2006 and 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

h. Basic Earnings Per Share (continued)

As of December 31, 2006 the Company had no shares of outstanding common stock equivalents, as such the diluted earnings per share and basic earnings per share are the same.

i. Shipping and Handling Fees and Costs

The Company records all shipping and handling cost in cost of goods sold.

j. Income Taxes

Deferred taxes are provided on a liability method whereby deferred tax assets are recognized for deductible temporary differences and operating loss and tax credit carryforwards and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

The provision (benefit) for income taxes for the year ended December 31, 2006 and 2005 consist of the following:

Edgar Filing: REFLECT SCIENTIFIC INC - Form 8-K/A

	2006	2005
Federal:		
Current	\$ -	\$ 5,000
State:		
Current	\$ -	\$ 2,200
	\$ -	\$ 7,200

Net deferred tax assets consist of the following components as of December 31, 2006 and 2005:

	2006	2005
Deferred tax assets:		
NOL Carryover	\$ 268,814	\$ -
Valuation allowance	(268,814)	-
Net deferred tax asset	\$ -	\$ -

**ALL TEMP ENGINEERING, INC.**

## Notes to the Financial Statements

December 31, 2006 and 2005

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## j. Income Taxes

The income tax provision differs from the amount of income tax determined by applying the U.S. federal and state income tax rates of 34% to pretax income from continuing operations for the year ended December 31, 2006 and 2005 due to the following:

	2006	2005
Book Income (Loss)	\$ (204,966)	\$ 11,092
Meals & Entertainment	473	880
Depreciation	(390)	(4,772)
Valuation Allowance	(204,883)	-
	\$ -	\$ 7,200

Due to the change in ownership provisions of the Tax Reform Act of 1986, net operating loss carryforwards for Federal income tax reporting purposes are subject to annual limitations. Should a change in ownership occur, net operating loss carryforwards may be limited as to use in future years. Due to the change in ownership, see note 9, the NOL will be limited. At December 31, 2006, the Company had net operating loss carryforwards of approximately \$790,000 that may be offset against future taxable income from the year 2006 through 2026.

## k. Research and development expense

The Company accounts for research and development costs in accordance with the Financial Accounting Standards Board's Statement of Financial Accounting Standards No. 2 ( SFAS 2 ), *Accounting for Research and Development Costs* . Under SFAS 2, all research and development costs must be charged to expense as incurred. Accordingly, internal research and development costs are expensed as incurred. Third-party research and development costs are expensed when the contracted work has been performed or as milestone results have been achieved. Company-sponsored research and development costs related to both present and future products are expensed in the period incurred. The Company had \$37,748 and \$37,748 in research and product development for the years ended December 31, 2006, and 2005, respectively.

**ALL TEMP ENGINEERING, INC.**

Notes to the Financial Statements

December 31, 2006 and 2005

NOTE 3 - FIXED ASSETS

Fixed assets are stated at cost. Expenditure for minor repairs, maintenance, and replacement parts which do not increase the useful lives of the assets are charged to expense as incurred. All major additions and improvements are capitalized. Depreciation is computed using the straight-line method. The lives over which the fixed assets are depreciated range from 5 to 7 years. Fixed assets and related depreciation for the period are as follows:

	December 31, 2006	
Computer equipment and software	\$	22,189
Furniture and fixtures		31,336
Tools and equipment		186,349
Vehicles		209,930
Accumulated depreciation		(445,209)
 Total Fixed Assets	 \$	 4,595

Depreciation expense for the years ended December 31, 2006, and 2005, was \$7,189 and \$9,999, respectively.

NOTE 4 - INVENTORIES

Inventory consisted of the following at December 31, 2006:

Raw Materials	\$	42,032
Total Inventory	\$	42,032

NOTE 5 - CONCENTRATIONS OF RISK

Cash in Excess of Federally Insured Amount

The Company currently maintains a cash balance at a single financial institution in excess of the federally insured maximum of \$100,000.

**ALL TEMP ENGINEERING, INC.**

Notes to the Financial Statements

December 31, 2006 and 2005

NOTE 6- COMMITMENTS AND CONTINGENCIES

Operating Lease Obligations

The Company shares lease space with one of its sister companies. The Company is not signed on the lease, but is allocated half of the lease expense on a monthly basis. Rent expense was \$57,569 and \$52,632 for the years ended December 31, 2006, and 2005, respectively.

NOTE 7- NOTES PAYABLE

The Company has two notes payable to shareholders of the Company. The balances on those notes are \$300,000 and \$300,054 at December 31, 2006. The notes are due on demand and have an interest rate of 7.5%.

NOTE 8 - RELATED PARTY TRANSACTIONS

As noted in note 7 above, the Company has two notes payable to shareholders of the Company. The balances on those notes are \$300,000 and \$300,054 at December 31, 2006. The notes are due on demand and have an interest rate of 7.5%.

**ALL TEMP ENGINEERING, INC.**

## Notes to the Financial Statements

December 31, 2006 and 2005

## NOTE 9 - SUBSEQUENT EVENT

Subsequent to year end, the shareholders of All Temp Engineering, Inc., voted upon, and approved an Agreement and Plan of Merger (the Merger Agreement) by and among Reflect Scientific, Inc. ( Reflect ) and All Temp Engineering, Inc. ( All Temp ). The Merger Agreement provided for the merger of the Company with and into Cryometrix, Inc., a California corporation and wholly-owned subsidiary of Reflect Scientific, Inc. As a result of the merger, the shareholders of the Company were issued 2,000,000 shares of Reflect's common stock that are restricted securities, as well as pay a 5% running royalty.

An unaudited pro forma balance sheet as of December 31, 2006, and a pro forma income statement for the year ended December 31, 2006, for the combined (post merger) entity, is presented below:
