September 27, 2001 (the "Record Date") and holders of record of our Series A Preferred Stock as of the close of business on October 10, 2001 (the "Preferred Stock Record Date") will be entitled to vote at the meeting and any adjournment. As of the Record Date, there were 40,836,547 shares of the Company's Common Stock issued and outstanding, and as of the Preferred Stock Record Date there were 1,300,000 shares of the Company's Series A Preferred Stock issued and outstanding. Stockholders may vote in person or by proxy. Each share of Common Stock issued and outstanding as of the Record Date shall have one vote on the matters presented herein. Each share of Series A Preferred Stock issued and outstanding as of the Preferred Stock Record Date shall have 20 votes on the matters presented herein. As of the Record Date, Sierra Ventures VI, L.P. and its affiliates ("Sierra"), the Goldman Sachs Group, Inc. and its affiliates and Vivant! Corporation held 18.8%, 6.3% and 5.4%, respectively, of our outstanding shares of Common Stock. As of the Preferred Stock Record Date, Warburg Pincus Private Equity VIII, L.P. ("Warburg"), Index Ventures I, L.P. and its affiliates and Sierra held 76.9%, 11.5% and 7.7%, respectively, of our outstanding shares of Series A Preferred Stock. We are not aware of any other holders of record of 5% or more of our outstanding Common Stock or Series A Preferred Stock. See "Stock Ownership of Certain Beneficial Owners." There is no cumulative voting in the election of our directors.

Warburg has entered into agreements with Sierra and certain other stockholders, including each of the directors and officers of the Company, whereby the parties to such agreements have committed to vote in favor of the matters set forth under "Proposal Two" below. The parties to such agreements

3

with Warburg held an aggregate of 10,770,132 shares of Common Stock, or approximately 26.4% of our total outstanding shares of Common Stock, as of the Record Date.

SOLICITATION OF PROXIES

We will pay the cost of soliciting proxies. In addition to soliciting stockholders by mail and through our regular employees, we will request banks and brokers, and other custodians, nominees and fiduciaries, to solicit their customers who have our stock registered in their names and will reimburse them for their reasonable, out-of-pocket costs. We may use our officers, directors and others to solicit proxies, personally or by telephone, facsimile or electronic mail, without additional compensation.

VOTING OF PROXIES

All valid proxies received prior to the Annual Meeting will be voted. All shares represented by a proxy will be voted, and where a stockholder specifies through the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with that specification. If you do not indicate a choice on the proxy, your shares will be voted "FOR" the nominees for election to the Board of Directors named in this Proxy Statement; "FOR" approval of the amendment and restatement of the Company's Amended and Restated Certificate of Incorporation (the "Certificate of Incorporation") increasing the authorized shares of Common Stock from 110,000,000 to 200,000,000 and adopting the Written Consent Amendment; "FOR" approval of the increase in the shares reserved under the Company's 2000 Stock Plan in the amount of 10,000,000 shares and the increase in the number of shares added to the Stock Plan on an annual basis; and "FOR" the ratification of independent public accountants. The shares will be voted as the proxy holders may determine in their discretion with respect to any other matters that properly come before the meeting. A stockholder giving a proxy has the power to revoke his or her proxy, at any time prior to the time it is voted, by (i) delivering to the Company's Assistant

Edgar Filing: EVOLVE SOFTWARE INC - Form PRE 14A

Secretary either a written instrument revoking the proxy or a valid proxy with a later date, or (ii) attending the Annual Meeting and voting in person.

QUORUM

The required quorum for the transaction of business at the Annual Meeting is a majority of the votes eligible to be cast by holders of shares of Common Stock issued and outstanding on the Record Date and the shares of Preferred Stock outstanding on the Preferred Stock Record Date. Shares that are voted "FOR," "AGAINST" or "WITHHELD FROM" a matter (the "Votes Cast") are treated as being present at the meeting for purposes of establishing a quorum and are also treated as shares entitled to vote at the Annual Meeting with respect to such matter.

ABSTENTIONS

While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, the Company believes that abstentions should be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the number of Votes Cast with respect to a proposal (other than the election of directors). In the absence of controlling precedent to the contrary, the Company intends to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote against the proposal.

BROKER NON-VOTES

Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but will not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which the broker has expressly not voted. Accordingly,

4

broker non-votes will not affect the outcome of the voting on a proposal that requires a majority of the Votes Cast (such as the proposed amendments to our 2000 Stock Plan). With respect to a proposal that requires a majority of the outstanding shares (such as the proposed amendments to our Certificate of Incorporation), however, a broker non-vote has the same effect as a vote against the proposal.

PROPOSAL TWO: APPROVAL OF AMENDMENTS TO THE COMPANY'S CERTIFICATE OF INCORPORATION TO INCREASE AUTHORIZED SHARES OF COMMON STOCK BY 90,000,000 AND TO PERMIT HOLDERS OF PREFERRED STOCK TO ACT BY WRITTEN CONSENT

In September 2001, our Board of Directors adopted amendments to the Company's Certificate of Incorporation ("Certificate"), subject to stockholder approval, to increase the authorized number of shares of Common Stock by 90,000,000, from 110,000,000 to 200,000,000 shares, and to permit the holders of Preferred Stock of the Company to act by written consent on matters for which the Series A Preferred Stock is entitled to a separate class vote (collectively, the "Certificate Amendments"). Currently, the Certificate prohibits stockholder action by written consent. A copy of the Certificate of Incorporation, as proposed to be amended, may be obtained free of charge from the Secretary of the Company.

At the meeting, stockholders of the Company are being asked to approve the Certificate Amendments described above. The proposed Certificate Amendments would give the Board of Directors the authority to issue additional shares of Common Stock without requiring future stockholder approval of such issuances, except as may otherwise be required by applicable law.

Of the 110,000,000 currently authorized shares of Common Stock, 40,166,616 shares were issued and outstanding as of August 31, 2001. In addition, as of such date:

- approximately 5,092,616 shares of Common Stock were reserved for issuance upon exercise of outstanding options under our 1995 Stock Plan and 2000 Stock Plan;
- approximately 2,533,725 shares were reserved for future grants under the 2000 Stock Plan;
- a total of 215,000 shares were reserved for issuance upon exercise of outstanding options granted outside any plan;
- approximately 1,885,340 shares were reserved for future issuances under our 2000 Employee Stock Purchase Plan;
- a total of 9,167 shares were reserved for issuances upon exercise of outstanding warrants; and
- additional shares were subject to potential issuance to Vivant! Corporation ("Vivant") pursuant to the terms of agreement between the Company and Vivant relating to the acquisition of assets of such corporation.

The sum of all shares of Common Stock issued and reserved for issuance as of August 31, 2001, was 55,346,812, and thus the shares of authorized but unissued and unreserved Common Stock available for issuance was 54,653,188.

Edgar Filing: EVOLVE SOFTWARE INC - Form PRE 14A

The number of shares remaining available for issuance is no longer sufficient to meet the Company's immediate requirements, as a result of the following factors:

- On September 23, 2001, the Company entered into a definitive agreement (the "Financing Agreement") to issue and sell to investors 1.3 million shares of its Series A Preferred Stock, which are convertible into 26 million shares of Common Stock, and warrants to purchase an additional 6.5 million shares of Common Stock. The Financing Agreement also provides for issuance of warrants to purchase an additional 1.3 million shares of Series A Preferred Stock, which are convertible into 26 million shares of Common Stock, and upon exercise of such warrants,

12

additional warrants to purchase 6.5 million shares of Common Stock. The Board of Directors believes that consummation of the transactions contemplated under the Financing Agreement is necessary in order to meet the Company's capital requirements, and has unanimously approved the Financing Agreement. An aggregate of 65 million shares of Common Stock is required to permit the issuance and conversion of all shares of Preferred Stock, and the exercise of all warrants, to be issued under the Financing Agreement.

- The Board of Directors has authorized an increase of 10 million shares in the number of shares reserved for issuance under the Company's 2000 Stock Plan, as well an increase in the maximum number of shares added to the reserve under the 2000 Stock Plan on an annual basis. The Company believes that making additional shares available for grant under the 2000 Stock Plan is necessary in order for the Company to continue to retain and provide incentives to its current employees and attract new employees, while conserving the Company's cash resources. See "Proposal Four" below for a further description of the proposed amendments to the 2000 Stock Plan.

As the number of shares needed for the foregoing purposes and to meet the Company's future needs exceeds the Company's available Common Stock, the Board of Directors has approved a 90,000,000 share increase in our authorized shares of Common Stock.

PURPOSE AND EFFECT OF THE AMENDMENTS

The principal purpose of this proposed amendment to the Certificate to increase the authorized shares of Common Stock is to make such shares available to effect the issuances described above and for future use by the Board of Directors as it deems appropriate or necessary. For example, in addition to the above-referenced issuances, such shares may be needed in connection with raising additional capital through the sale of the Company's securities, acquisition of other businesses or assets, and establishing strategic relationships with corporate partners.

Except for the issuances described above, the Board of Directors has no present agreement, understanding or plan with respect to the issuance of any such shares. If the stockholders approve the Certificate Amendments, the Board of Directors does not intend to solicit further stockholder approval prior to the issuance of any additional shares of Common Stock, except as may be required by applicable law. Holders of the Company's securities have no statutory preemptive rights with respect to issuances of Common Stock.

The increase in authorized Common Stock will not have any immediate effect on the rights of existing stockholders. To the extent that the additional

Edgar Filing: EVOLVE SOFTWARE INC - Form PRE 14A

authorized shares are issued in the future, they will decrease the existing stockholders' percentage equity ownership and, depending on the price at which they are issued, could be dilutive to the existing stockholders.

The principal purpose of the proposed amendment to the Certificate to enable the holders of the Company's Preferred Stock to act by written consent is to minimize the time and cost involved with obtaining stockholder approval to take corporate actions requiring prior approval of holders of the Preferred Stock. Currently, the Certificate provides that the Company's stockholders may not act by written consent, but must act at an annual or special meeting. Through this amendment, the Company will be able to obtain the approval of the holders of Preferred Stock without convening a meeting of stockholders. There are currently fewer than ten holders of record of shares of Preferred Stock. In the event that the prospective purchasers of Series A Preferred Stock exercise the warrants issued to them pursuant to the Financing Agreement, the holders of Series A Preferred Stock may hold a majority of the voting stock of the Company

13

and may be able to approve corporate actions requiring stockholder approval, including mergers or significant asset sales, without the separate approval of the holders of Common Stock.

POTENTIAL ANTI-TAKEOVER EFFECT

The increase in the authorized number of shares of Common Stock and the subsequent issuance of such shares could have the effect of delaying or preventing a change in control of the Company without further action by the stockholders. Shares of authorized and unissued Common Stock could be issued in one or more transactions that would make a change in control of the Company more difficult, and therefore less likely. Any such issuance of stock could have the effect of diluting the book value per share of outstanding shares of Common Stock, and such additional shares could be used to dilute the stock ownership or voting rights of a person seeking to obtain control of the Company.

The Company has previously adopted certain measures that may have the effect of helping to resist an unsolicited takeover attempt, including:

Election and Removal of Directors. Our Certificate of Incorporation provides for the division of our Board of Directors into three classes, as nearly equal in number as possible, with the directors in each class serving for a three-year term, and one class being elected each year by our stockholders. This system of electing and removing directors may tend to discourage a third party from making a tender offer or otherwise attempting to obtain control of us and may maintain the incumbency of the Board of Directors, as it generally makes it more difficult for stockholders to replace a majority of the directors.

Requirements for Advance Notification of Stockholder Nominations and Proposals. Our bylaws establish advance notice procedures with respect to stockholder proposals and the nomination of candidates for election as directors, other than nominations made by or at the direction of the Board of Directors or a committee thereof.

Stockholder Meetings. Under our Certificate of Incorporation and bylaws, only our Board of Directors, Chairman of the Board or Chief Executive Officer may call special meetings of stockholders.

Elimination of Cumulative Voting. Our Certificate of Incorporation and bylaws do not provide for cumulative voting in the election of directors. Cumulative voting provides for a minority stockholder to vote a portion or all of its shares for one or more candidates for seats on the Board of Directors.

Edgar Filing: EVOLVE SOFTWARE INC - Form PRE 14A

Without cumulative voting, a minority stockholder will not be able to gain as many seats on our Board of Directors based on the number of shares of our stock that such stockholder holds than if cumulative voting were permitted. The elimination of cumulative voting makes it more difficult for a minority stockholder to gain a seat on our Board of Directors and to influence the Board of Directors's decision regarding a takeover.

Undesignated Preferred Stock. The authorization of undesignated Preferred Stock makes it possible for the Board of Directors to issue Preferred Stock with voting or other rights or preferences that could impede the success of any attempt to change the control of the Company. These and other provisions may have the effect of deterring hostile takeovers or delaying changes in control or management of the Company.

Amendment of Charter Provisions. The amendment of any of the above provisions would require approval by holders of at least 66 2/3% of the outstanding Common Stock.

VOTE REQUIRED

Approval of the Certificate Amendments to increase the number of authorized shares of Common Stock and permit holders of Preferred Stock to act by written consent requires the affirmative vote of the holders of not less than a majority

14

of the shares of Common Stock outstanding on the Record Date and a majority of the shares of Series A Preferred Stock outstanding on the Preferred Stock Record Date.

PROPOSAL THREE: INCREASE OF THE SHARES RESERVED UNDER
THE 2000 STOCK PLAN BY 10,000,000 SHARES AND OF THE
MAXIMUM ANNUAL INCREASE TO 15,000,000 SHARES

OVERVIEW

At the Annual Meeting, the Company's stockholders are being asked to approve an amendment (the "Plan Amendment") of the Company's 2000 Stock Plan (the "Plan") to:

- increase the maximum number of shares of Common Stock authorized under the Plan by 10 million shares; and
- increase the maximum number of additional shares by which the Plan reserve may be increased on an annual basis to 15 million shares.

The plan was initially approved and adopted by the Board of Directors in July 2000 and approved by the stockholders of the Company in July 2000. The Plan initially authorized the issuance of up to 4 million shares of the Company's Common Stock, with annual increases on the first day of the Company's fiscal year equal to the least of (i) 2 million shares, (ii) the number of shares granted pursuant to the Plan during the preceding fiscal year, and (iii) an amount determined by the Board of Directors. On July 1, 2001, an additional 2

Edgar Filing: EVOLVE SOFTWARE INC - Form PRE 14A

million shares were authorized under the Plan pursuant to the first such annual increase. Under the Plan Amendment, the total number of shares reserved under the Plan is increased to a total of 16 million shares, and future annual increases will equal the least of (i) 15 million shares, (ii) the number of shares granted pursuant to the Plan during the preceding fiscal year, and (iii) an amount determined by the Board of Directors.

As of August 31, 2001, options to purchase 3,466,275 shares had been granted and were outstanding, and 2,533,725 shares remained available for future grant. All outstanding options under the Plan were granted at exercise prices in excess of the current market value of our Common Stock. Accordingly, the Board of Directors believes that these outstanding options do not provide adequate incentives for current employees. Moreover, the number of shares reserved under the Plan was determined immediately prior to the Company's initial public stock offering, when the Company's Common Stock was expected to trade at valuations substantially higher than the current market valuation of the Common Stock. The lower current market value of our Common Stock means that new and existing employees must receive substantially more shares than anticipated in order to have meaningful incentives to promote the success of the Company.

The Board of Directors has approved the Plan Amendment by unanimous vote of the directors. Increasing the shares available for grant under the Plan is considered necessary and in the best interests of the Company and the stockholders because significant additional option grants will be necessary in order to retain and provide incentives to its current employees, and align their interests with the interests of the stockholders, as well as to attract new employees.

GRANTS UNDER PLAN

The following table sets forth information with respect to the stock options that have been granted under the Plan as of August 31, 2001 to the Named Executive Officers, all current executive officers as a group, all current directors who are not executive officers as a group, and all employees who are not executive officers as a group. Because grants under the Plan are discretionary, these figures may not be indicative of future awards.

SUMMARY OF PROVISIONS OF THE 2000 STOCK PLAN

A summary of the Plan is included in this Proxy Statement under Compensation Plans-2000 Stock Plan. This summary is qualified in its entirety by the specific language of the Plan, as amended. Copies of the Plan are available to any stockholder upon request addressed to Chris Boas, Assistant Secretary, Evolve Software, Inc., 1400 65th Street, Suite 100, Emeryville, CA 94608. In addition, the 2000 Stock Plan has been filed as an exhibit to our Registration Statement on Form S-1 dated August 8, 2000 and may be obtained through the website of the Securities and Exchange Commission at www.sec.gov.

SUMMARY OF UNITED STATES FEDERAL INCOME TAX CONSEQUENCES OF THE PLAN

Incentive Stock Options. An optionee who is granted an incentive stock option does not recognize taxable income at the time the option is granted or upon its exercise, although the exercise is an adjustment item for alternative minimum tax purposes and may subject the optionee to the alternative minimum tax. Upon a disposition of the shares more than two years after grant of the option and one year after exercise of the option, any gain or loss is treated as long-term capital gain or loss. Net capital gains on shares held more than 12 months may be taxed at a maximum federal rate of 20%. Capital losses are allowed in full against capital gains and up to \$3,000 against other income. If these holding periods are not satisfied, the optionee recognizes ordinary income at the time of disposition equal to the difference between the exercise price and the lower of (i) the fair market value of the shares at the date of the option exercise or (ii) the sale price of the shares. Any gain or loss recognized on such a premature disposition of the shares in excess of the amount treated as ordinary income is treated as long-term or short-term capital gain or loss, depending on the holding period. A different rule for measuring ordinary income upon such a premature disposition may apply if the optionee is also an officer, director, or 10% shareholder of the Company. Unless limited by Section 162(m) of the Code, the Company is entitled to a deduction in the same amount as the ordinary income recognized by the optionee.

Nonstatutory Stock Options. An optionee does not recognize any taxable income at the time he or she is granted a nonstatutory stock option. Upon exercise, the optionee recognizes taxable income generally measured by the excess of the then fair market value of the shares over the exercise price. Any taxable income recognized in connection with an option exercise by an employee of the Company is subject to tax withholding by the Company. Unless limited by Section 162(m) of the Code, the Company is entitled to a deduction in the same amount as the ordinary income recognized by the optionee. Upon a disposition of such shares by the optionee, any difference between the sale price and the optionee's exercise price, to the extent not recognized as taxable income as provided above, is treated as long-term or short-term capital gain or loss, depending on the holding period. Net capital gains on shares held more than 12 months may be taxed at a maximum federal rate of 20%. Capital losses are allowed in full against capital gains and up to \$3,000 against other income. Different

rules may apply if the optionee is also an officer, director, or 10% shareholder of the Company.

Stock Purchase Rights. Stock purchase rights will generally be taxed in the

Edgar Filing: EVOLVE SOFTWARE INC - Form PRE 14A

same manner as nonstatutory stock options. However, restricted stock is subject to a "substantial risk of forfeiture" within the meaning of Section 83 of the Code, because the Company may repurchase the stock when the purchaser ceases to provide services to the Company. As a result of this substantial risk of forfeiture, the purchaser will not recognize ordinary income at the time of purchase. Instead, the purchaser will recognize ordinary income on the dates when the stock is no longer subject to a substantial risk of forfeiture (i.e., when the Company's right of repurchase lapses). The purchaser's ordinary income is measured as the difference between the purchase price and the fair market value of the stock on the date the stock is no longer subject to right of repurchase.

The purchaser may accelerate to the date of purchase his or her recognition of ordinary income, if any, and begin his or her capital gains holding period by timely filing (i.e., within thirty days of purchase), an election pursuant to Section 83(b) of the Code. In such event, the ordinary income recognized, if any, is measured as the difference between the purchase price and the fair market value of the stock on the date of purchase, and the capital gain holding period commences on such date. The ordinary income recognized by a purchaser who is an employee will be subject to tax withholding by the Company. Different rules may apply if the purchaser is also an officer, director, or 10% shareholder of the Company.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF FEDERAL INCOME TAXATION UPON OPTIONEES AND THE COMPANY WITH RESPECT TO THE GRANT AND EXERCISE OF OPTIONS UNDER THE PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF THE EMPLOYEE'S OR CONSULTANT'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE EMPLOYEE OR CONSULTANT MAY RESIDE.
